About Town

Mr. and Mrs. Truman Witherell, [illegible] street, have returned from a few days' vacation spent at West Swanzey, N. H., where they were the guests of Mr. and Mrs. Carl Parker. The local couple also visited at the cottage of Mr. and Mrs. Alden Clark at [illegible] Lake, N. H.

Members of King David Lodge No. 31, I.O.O.F., will meet at the lodge rooms at 6:45 tonight and proceed to Watkins Funeral home where a service will be conducted for brother Fred Dart.

Miss Frances Litvinchyk of Vernon will appear on the Kit Doodle program with her dog King tonight at six o'clock over WNHC-TV. Frances is the daughter of Mr. and Mrs. Zigmund Litvinchyk, R. F. D. No. 1, Rockville, formerly of North Coventry.

Pvt. Newton R. Emerson, son of Mr. and Mrs. Albin Emerson, who reside at Bolton Lake, Route 1, Rockville, has recently been assigned to the Southwest Army installation at Fort Huachuca, Arizona. Pvt. Emerson attended Manchester High school, and entered active service in January of this year.

Eddison's Return From Gaspe Trip

Mr. and Mrs. P. Howard Eddison of Porter street have returned after a two weeks' tour of the Gaspe peninsula, and are most enthusiastic over the scenic beauty on every side.

They spent several days at Perce which has perhaps more English speaking habitants than any other settlement along the route. They were particularly impressed with the size and grandeur of the churches, even in small villages, and the primitive methods of the people, particularly with outdoor baking and fish curing. Wagons and carts are horse drawn, and very few oxen were noticed as compared with Nova Scotia.

The highway is narrow and begins to show the effects of much tourist travel. They encountered few trucks along the trip, occasionally a small one loaded with pulp wood. They were inclined to think that people of the United States who have contemplated a tour of the Gaspe better not postpone it too long.

Wins Promotion

Corp. W. B. Huddleston, Jr.

Corporal William Bradlee Huddleston, Jr., of 39 Haynes street, was graduated July 23, at Sheppard Air Base and promoted to corporal. A letter received from him yesterday by his parents, Mr. and Mrs. W. B. Huddleston, states that he expects to be transferred to Georgia.

Following his graduation from Manchester High school in June 1948, he was employed as a statistician in Hartford. He enlisted in the Air Force and left Manchester December 26 last for basic training at Lackland Air Base, San Antonio, Texas. He transferred to Sheppard Air Base, Wichita Falls, Texas, where he studied aircraft and engine mechanics.

Paper Salvage Funds Added

Amount Given to Purchase Hospital Equipment Is Over $28,000

A check of $649.61 has been turned over by the Manchester Paper Salvage Committee to William P. Slover, superintendent of Manchester Memorial hospital, to be used for furnishings or equipment at the hospital.

The Salvage Paper Committee of Raymond Cooper, chairman, Robert Hawley, Harold Norton, William Slover and Leon Thorp, wishes to thank the residents of Manchester for saving their old papers and turning them over to the paper drives of the committee. Since the paper salvage program was started in Manchester equipment totaling more than $28,000 has been purchased for use in the hospital.

Weddings

Arendt-Hatfield

Miss Mabel Fern Hatfield, daughter of Mr. and Mrs. Harry Hatfield of 301 Hilliard street and Ernest Walter Arendt, son of Mr. and Mrs. Robert Arendt of Newman street were united in marriage July 14 at the North Methodist church. The double-ring ceremony was performed at two o'clock by Rev. Fred R. Edgar of the South Methodist church, in the absence on vacation of Pastor Willard McLaughlin. White regal lilies, gladiolus and palms composed the decorations.

Presented in marriage by her father, the bride was attended by Miss Charlene Herrmann as maid of honor. Bridesmaids were Mrs. Conrad Rioux and Miss Edith Hotchkiss. Miss Barbara Adams of Long Island, N. Y., was junior bridesmaid. Robert Arendt, Jr., was best man for his brother and the ushers were William Arendt of Long Island; Larry Hatfield, brother of the bride and Donald Sadrozinski of the U. S. Navy.

The bride wore a gown of white satin and Chantilly lace. The fitted bodice had long sleeves tapering to a point at the hands and the full skirt terminated in a train of the lace. Her veil of illusion was draped from a crown of pearls and she carried an old-fashioned bouquet of white roses.

The honor attendant wore a ballerina length dress of pink taffeta and lace, with cap sleeves and carried an arm bouquet of pink and yellow roses. The dresses of the bridesmaids were similar in style to that of the maid of honor. The colors were yellow and aqua and they carried yellow and pink roses. The junior bridesmaid wore light blue taffeta trimmed with lace. She wore a crown of yellow rosebuds and carried an old-fashioned bouquet of mixed flowers.

The mother of the bride was attired in a navy blue sheer dress, with large navy hat and white accessories and the mother of the bridegroom wore aqua sheer. Both mothers wore corsages of pink sweet peas and assisted the bridal party at a reception for 125 guests at the Garden Grove at three o'clock. The hall was decorated with regal lilies and gladiolus.

After a motor trip to New York City, Niagara Falls and Canada, the couple are now receiving their friends at their home in Providence, R. I. The bride was graduated from Manchester High school with the Class of 1950, since which time she has been employed by the Phoenix Mutual Life Insurance Company of Hartford. The bridegroom, a graduate of the 1948 class of Manchester High school, is with the Navy at the Airbase at Quonset Point, R. I.

The bride gave to the bridegroom a cigaret lighter and his gift to the bride was a sterling silver dresser set. He gave to his best man a cigaret lighter and to his ushers bill folds. The bride's gift to her maid of honor was a gold cigaret case; to the bridesmaids she gave compacts and to the junior bridesmaid a gold cross.

Arrives in U. S.

Cpl. Alfred Davis

Corporal Alfred Davis, United States Marine Corps, is due to arrive home today after serving in Korea. Cpl. Davis left Korea on July 10 and sailed on the U. S. S. Mountrail which arrives in New York today.

The Manchester man was wounded in action. A graduate of Manchester High, he played baseball and football while in school. He is the son of Mr. and Mrs. Edward Davis of 15 Proctor road. Cpl. Davis will spend a 30-day leave at his home.

Also arriving on the same ship is Sgt. Conrad H. Pelletier of 27 Tyler circle. No photo of Sergeant Pelletier was available today.

New Official At Pioneer

Providence Man Named In Charge of Manufacturing Tasks Here

The board of directors of Pioneer Parachute Company announces the election of C. Foster Harry as vice president in charge of manufacturing operations. Mr. Harry comes to Pioneer from the Universal Winding Company of Providence, Rhode Island, where he served in the same capacity.

Because of Pioneer Parachute Company's vast expansion of production and large backlog of orders, this new position has been created to facilitate manufacturing operations and handle the complex problems inherent in such expansion. Speaking of Mr. Harry's election to the post, Lyman Ford, president of Pioneer, said: "We are very fortunate in being able to have a man of Mr. Harry's broad background and wealth of experience in manufacturing operations affiliated with this company. We feel certain that he will do much to coordinate and expedite Pioneer's tremendous production schedules which constitute the largest volume in parachute history."

A specialist in management techniques, production problems, and industrial relations, Mr. Harry has been associated with New England industry since 1934. For nine years he served as a management consultant with Rath and Strong, Inc., of Boston, and has been affiliated with such companies as Whitney Chain Mfg. Co. and Pratt-Whitney Division Niles Bement Pond.

Mr. Harry is a graduate of Thiel College, Greenville, Pa., and began his business career with the Savannah River Lumber Co., Savannah, Georgia. He is married to the former Florence Grove of Greenville.

LIFE'S GREATEST BLESSINGS
Good health and good sense are often referred to as life's greatest blessings. The degree of health and sense enjoyed is largely dependent upon the individual. The mind can be improved through application. Health is influenced by habits such as adequate sleep, balanced diet, and regular exercise. Only with good health and good sense can the fullness of life be enjoyed. A vigilant guardian of health is your physician. He stands ready to serve day or night. We stand ready to compound your prescriptions whenever medicine is prescribed.

Acheson Bars Red Bid for Buffer on 38th

Zone Issue Still Balks Truce Talk

U. N. Advance Headquarters, Korea, Aug. 1—(AP)—United Nations and Communist truce teams again today refused to budge from their opposing stands on where to establish a buffer zone across Korea.

Vice Adm. C. Turner Joy, chief U.N. delegate, talked for an hour and 13 minutes telling the Reds what was wrong with their demand. It was the longest speech that has been made in the 16 Kaesong cease-fire talks.

The Communists want a buffer zone back along the 38th parallel, the old political terrain for military defenses.

Only Military Matter

"Since this is a military Armistice," Joy told the five Red generals, "we are interested only in military realities."

The U. N. insists that the cease-fire zone be established along present battle lines, where both armies would be in good defensive positions.

Brig. Gen. William P. Nuckols, deputy U. N. Public Information officer, told a news conference:

"Lieut. Gen. Nam Il, chief Red delegate, seemed to understand the United Nations position but couldn't appreciate the logic that we used to arrive at that position."

Nuckols said the U. N. delegates were patient.

He reported Joy gave a "patient, logical, detailed analysis and refutation" of the Red position.

Quotes Hague Treaty

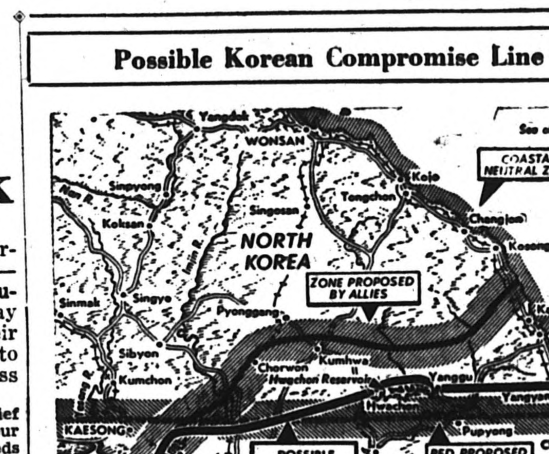
Joy quoted a definition from the Hague Convention to emphasize the logic of the U. N. position. The Hague agreement says:

"A military armistice is a suspension of military operation by mutual agreement between the belligerent parties."

Nuckols noted that General Nam's statements frequently contained quasi-political overtones in-

(Continued on Page Nine)

Possible Korean Compromise Line



Despite the present deadlock, an eventual compromise on a Korean demarcation line is considered likely by some military observers. Some American military men speculate that a good line could be laid out from the west coast along the Imjin river, which is about 10 miles south of the 38th parallel and winds up a mile or two south of the 38th parallel across country north of Uijongbu; north northeastward to western end of the Hwachon Reservoir; along the reservoir eastward over the heights to Yanggu and thence eastward to the east coast.

Full 20% Rent Boost To Hit Few Tenants

Washington, Aug. 1—(AP)—Few tenants will be hit by the full 20 per cent rent increase over 1947 ceilings which is allowed under the new Defense Production act, Office of Rent Stabilization (ORS) officials said today.

Increases already granted, under earlier laws or local rent adjustments, will have absorbed all but 5 or 6 per cent of the permitted increase in most cases, a spokesman said.

He indicated that ORS—formerly the Office of Housing Expediter, now transferred to the Economic Stabilization agency as a unit— will give top priority to the restoration of rent ceilings in jammed defense areas.

Critical Areas

This can be done only after Secretary of Defense Marshall and Mobilization Director Charles E. Wilson by joint action, certify each such community as a "critical housing area."

Forty-odd centers of defense production and military activity have been designated "critical" for the purpose of relaxing real estate credit controls, to stimulate new housing construction, but this will not be sufficient for the reimposition of rent ceilings.

New certifications must be made. The list, however, is expected to duplicate in large part the designations already made for eased credit control by the De-

New York district attorney's office says it is still after alleged masterminds of $2,000,000-a-year fire department extortion ring—including James J. Moran, political crony of former Mayor William O'Dwyer.

Manchester Man In Bristol Crash

Bristol, Aug. 1—(AP)— A spot on Terryville avenue was the scene of three accidents which occurred within five minutes of each other early this morning.

A car traveling downhill skidded attempting to negotiate a curve and overturned. The operator, James A. McFadden, 28, of 200 East Center street, Manchester, escaped injury but the car was badly damaged and towed away.

A motorcycle traveling behind the McFadden car met the same fate and its operator, Gerard Cusson, 24, of 5 Arch court, was

October Draft Quota 41,000

Increase of 6,820 Over September Call; High Mark Since March

Washington, Aug. 1—(AP)—The Defense department today called for the drafting of 41,000 men in October—5,000 for the Marine Corps and 36,000 for the Army.

The total for the month is an increase of 6,820 over that previously asked for September, when the Army is to get 28,000 and the Marines 6,180.

The Marine Corps resorted to the draft in August for the first time since the start of the Korean campaign.

Under the call, October will be

12 Reds in Jail On Bail Failure

Los Angeles, Aug. 1—(AP)— A matter of $925,000 in bail keeps 12 indicted California Communists in jail today.

Their attorneys are figuring out ways and means to get the prescribed bail reduced so they can be free pending trial but haven't announced what steps they propose to take.

Four are held here, seven in San Francisco, all under $75,000 bond each, and one in New York under $100,000 bail. They are charged under the Smith Act with conspiring to teach and advocate violent overthrow of the U. S. government.

The 12 were rounded up by the FBI on complaints last Thursday. Before their lawyers had well begun efforts to get them released on bail, the Los Angeles Federal Grand Jury indicted them yesterday and recommended the bail amounts. This put them before

(Continued on Page Nine)

MacArthur Senators See Election Support

Washington, Aug. 1—(AP)—Gen. Douglas MacArthur may find a kind word to say during the 1952 campaign about some of the Republican senators who have supported his views on Korea.

Senator Cain (R-Wash), who has been in the forefront of MacArthur's congressional supporters, told a reporter he has heard indirectly the five-star general may visit Washington state next year while Cain is running for re-election.

He would not be surprised, Cain said, if the deposed Pacific commander finds time to praise Cain's record and his views, particularly on far eastern questions.

No Political Talk

Cain said he saw the general recently but did not discuss politics in any way. He said he received what he regards as cheering news of the General's intentions from another source.

MacArthur said recently he intends to raise his voice "as loud and often as I believe it to be in the interest of the American people." His spokesman, retired Maj. Gen. Courtney Whitney, said MacArthur is going to accept some invitations but hasn't decided exactly where he will go.

Seven Republican senators now are working on a proposed report on the MacArthur ouster inquiry which would denounce the General's dismissal by President Truman as unwarranted. Some of

(Continued on Page Two)

Try Three More In Selassie Plot

Addis Ababa, Ethiopia, Aug. 1—(AP)—A secret trial of three persons charged with plotting to assassinate Emperor Haile Selassie and overthrow the government was reported underway today in the Ethiopian Parliament building.

Seven others were convicted and sentenced to death last week in a secret trial on similar charges. It was understood that evidence in the trial of the seven led to the trial of the three additional defendants.

Navy Asks 4.5 Billions For Planes

Washington, Aug. 1—(AP)—The Navy wants $4,497,869,000 for the next big phase of its aviation buildup. Of the total, $3,572,476,000 would go for new planes.

But even if Congress votes every cent asked, the Navy doesn't expect to have a "completely modern" air force.

The head of the Naval Air Force, Vice Adm. John H. Cassady, explained why in testimony, made public today, before a House appropriations subcommittee:

1. The aviation industry can't produce all the new planes the Navy would like by the end of 1953. It could turn them all out if it went on a full-shift basis, but the Navy doesn't feel the extra cost of this expansion is warranted.

Want More Tests

2. Before ordering large numbers of some kinds of planes, the Navy wants to make much more complete tests.

Cassady told the committee this country is in no position to rest on its oars in the matter of aircraft development.

"Our air-to-air fighting success (in Korea)," he said, "has been due to the fact that our pilots—their training and their tactics—are better than the enemy's. Our success has not been due to performance advantages in our aircraft.

"The Russian MIG-15 has better performance in some respects than do the best fighters we now have in service. We must push our research and development to get fighters that will better Russia's best aircraft."

Guided Missiles Important

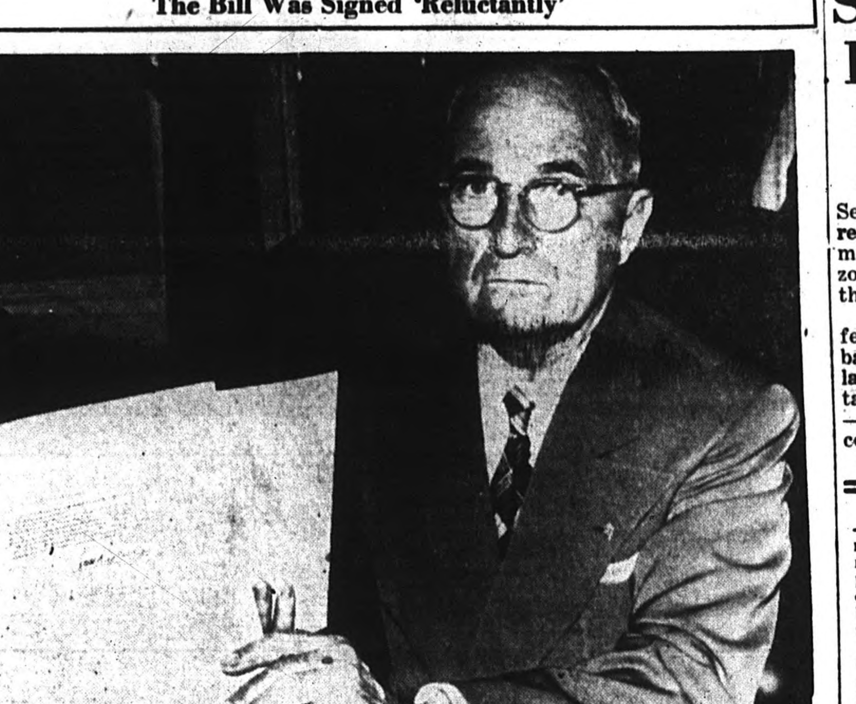
Cassady reported that guided missiles, down for 16,500,000 in the Navy's program, are "gaining steadily in importance," although none are ready for combat use.

As for the cost of a modern Navy plane, Cassady told the committee: "It will amaze you."

Then he gave the average figures: $800,000 to $900,000 today, compared with $160,000 in World War II.

Cassady said some of the larger new models will cost nearly $7,000,000 apiece at first, because of the special tools that must be made to produce it. As production increases, using the same tools, he said the cost will drop to around $1,500,000 per plane.

The Bill Was Signed 'Reluctantly'



A dour-looking President Truman holds the new economic control bill after he signed it "reluctantly" last night and condemned it as "gravely deficient." The President blasted the measure for wiping out slaughter quotas on beef and "encouraging the return of black markets." (AP Wirephoto).

Truman Deplores New Controls Law

Washington, Aug. 1—(AP)—President Truman prepared today to hammer again on Congress' door for a "good, strong price control law" to replace what he called the "deficient" act he signed last night.

The new act became effective last midnight and will run through next June.

Mr. Truman emphasized that the new one-year defense production act—"the worst I ever had to sign"—only because he could not risk the lapse of it's rent ceiling and strong priority control clauses.

Defends Measure

But the bitterly disputed law was on the books, and its Republican and Democratic backers defended it against the angry White House blasts. Their views were summed up by the veteran GOP leader, Rep. Halleck (Ind), who said:

"It's a bill which, properly applied and administered, will effect control despite Mr. Truman's statements."

At the center of the storm, Michael V. DiSalle's Office of Price Stabilization (OPS) hastily explored techniques for lifting price ceiling to the levels now required.

DiSalle ordered thousands of price roll-backs—and a goodly number of roll-forwards—into effect last night in the final hours before Mr. Truman signed the new measure.

New ceilings, held back for a month during the Congressional debate, were applied to consumer items like radios, television sets, refrigerator and other home appliances, shoes, apparel, cotton textiles, wool yarns and fabrics, machinery, chemicals and many building materials.

By rushing the orders out last night, OPS avoided the immediate necessity of rewriting the ceilings to conform to the new act, which entitles each manufacturer to pass on to buyers his full business cost increases up to July 26.

Individual price adjustments

(Continued on Page Nine)

Pravda Raps Morrison On Friendship Appeal

London, Aug. 1—(AP)— Russia opened the Iron Curtain a crack today to let the Communist faithful read a "Let's Be Friends" appeal from British Foreign Secretary Herbert Morrison.

The party newspaper, Pravda, published the Morrison statement and, in the same issue, lashed back with a bitter reply denouncing all he said as lies or distortions.

A British Foreign Office spokesman said Pravda's reply was "disappointing" and contained nothing "to suggest any effort had been made to use the occasion for a fruitful exchange of views or to improve relations between the two countries."

Result of Challenge

The unprecedented East-West exchange resulted from a challenge by Morrison last June daring Pravda to print his views. Pravda agreed, provided the British Press would give equal prominence to its reply. Six London newspapers printed the full text of the exchange today.

"We are a peaceful people who want to feel secure" but can't while Russia maintains "vast armed forces and military establishments."

Why not, he asked, topple the barriers set up by Russia across Europe and allow a free exchange of news, broadcasts and even tourists?

Oh, no, Pravda answered the British and Americans are warmongers who threaten the Soviet Union and we cannot allow free-

(Continued on Page Nine)

Ben-Gurion Sees New Israel Vote

The leader of the Mapai (Labor) party, which won 46 of the 120 seats in the Knesset (Parliament) in Monday's election, reiterated his belief that an absolute Labor party majority is necessary for Isarel.

(Continued on Page Two)

Two Nations Drop Marshall Plan Aid

Paris, Aug. 1—(AP)—European Economic Aid Administrator William C. Foster says Sweden and Portugal have decided to get along without further Marshall dollar plan aid.

Foster said the two nations have joined Britain and Ireland in renouncing aid, because they are now able to function independently as a result of their recovery efforts during the past three years with Marshall plan support.

Both Sweden and Portugal will stay on as members of the Organization of European Economic Cooperation and will continue to take part in the ECA technical assistance program.

Portugal's Marshall plan aid has amounted to $50,470,000 of which $5,500,000 was in the form of grants, $36,714,000 in loans and $8,256,000 in conditional aid.

Sweden's dollar aid was $118,452,000 of which $20,400,000 was in loans and $98,052,000 in conditional aid.

Bulletins

from the AP Wires

SYRIA CABINET QUITS

Damascus, Syria, Aug. 1—(AP)—Premier Khaled El Azem and his cabinet handed their resignations to President Hachem Bey El Attassi today.

HOLD WOULD-BE KILLER

Ridgefield, Aug. 1—(AP)—A 37-year-old Ridgefield man accused of the attempted drill press murder last year of his four and a half year old son was bound over to the next term of Superior Court today by the Ridgefield Justice Court.

Released from the Fairfield State hospital at Newtown this morning, Joseph Korczynski pleaded not guilty to the attempted murder charge and was bound over by Associate Trial Justice Allen Haines.

OUST BULGARIAN OFFICIAL

London, Aug. 1—(AP) — Diplomatic sources here said today the Bulgarian Communist government — reportedly in the throes of a massive purge—has relieved Agriculture Minister Titko Chernokolev of his post. Two other Communist leaders were rumored in disgrace.

DROP RULE, KILL MINORS

Washington, Aug. 1 — (AP)— George C. Trautman, boss of the minor leagues, said today the minors will die if baseball drops the rule that now makes it impossible for one club to move into another team's territory.

ARGENTINE RAIL BLAST

Buenos Aires, Argentina, Aug. 1—(AP)—An explosion ripped up railroad tracks near a suburban station today, paralyzing commuter and trunk line rail traffic into the city. The explosion followed reports that a railway workers' sitdown strike was under way.

80,079 CASUALTIES

Washington, Aug. 1—(AP)—Announced U. S. battle casualties in Korea reached 80,079 today, an increase of 356 since last week. It was the smallest weekly rise since the first summary last August.

Says Truce Line to Be Defensible

Washington, Aug. 1—(AP)—Secretary of State Acheson rejected flatly today the Communist proposal that a buffer zone be set up in Korea along the 38th parallel.

Acheson told a news conference the Reds wish to go back to a line over which they launched an unprovoked attack—to start the Korean war—and he said that is not acceptable.

He added that Secretary of Defense Marshall has made it entirely clear that any demarcation line must be a defensible line.

Events have shown, Acheson said, that this is not true of the 38th parallel.

Sees Red Plan

He declared that the talks now under way at Kaesong are essentially military talks, but that the Communists have been trying to use them for a political purpose.

By this he apparently meant that instead of being willing to stop the fighting where the Armies now are and where both sides

(Continued on Page Four)

Tokyo, Thursday, Aug. 2—(AP)—The Pyongyang radio last night said North Korea would never accept the United Nations proposed buffer zone and declared if the cease-fire talks break up it is America's responsibility.

The broadcast said the U. N. truce team had "orders from above" to set a cease-fire line in North Korea "but we Koreans would never accede to such an attempt."

Air Mystery Heads East

Silver Balloon, 150 Feet In Diameter, Seen by Airline, Army Pilots

Youngstown, O., Aug. 1—(AP)—A mysterious silver balloon, 150 to 200 feet in diameter, was drifting high over the earth today towards the eastern coast of the United States.

Where it came from, what it was, no one could immediately explain. But airline pilots — two United and one Capital—and two Army fighter plane pilots agreed after looking at it that:

It was soaring with the wind, at a speed of about 50 miles an hour, and at an altitude of 30,000 to 50,000 feet.

The balloon was first spotted over Cleveland, shortly after daybreak, and hundreds of people there could see it plainly, despite its high altitude. The balloon had no basket for occupants, observers said.

An hour or so later it was over

Navy Down to Last 3,252 Oyster Forks

Washington, Aug. 1—(AP)— The mystery of the Navy's secret hoard of oyster forks was cleared up today.

It turns out the Navy doesn't have 11,000,000 dozen oyster forks, as Columnist Fulton Lewis, Jr., once reported. It has a mere 10,693 dozen. And of these, 10,422 dozen are so poorly made that the Navy wouldn't dream of using them—except in an emergency.

So the fact is that the Navy is down to its last 3,252 presentable oyster forks and doesn't plan to order any more.

A House appropriations subcommittee pried the story loose from its shell in secret testimony made public today.

Why Oyster Forks?

Representative Taber (R-NY) wanted to know why the Navy stocked any silver-plated oyster forks in the first place.

"How does it happen," he demanded, "that when you go into the House restaurant you get nothing but ordinary steel? We evidently are not as 'classy'."

Rear Adm. Charles W. Fox, chief of the Navy's Bureau of Supplies, said the oyster folks weren't as tony as they sounded. They cost only 18.5 cents apiece, he went on, and besides the silver flaked off most of them.

In fact, the Admiral said, the Navy got stuck with a lot of not-much-good silverware during the war—$731,189 worth. Including 151,572 emergency-only oyster forks.

Navy Got Stuck

Chairman Mahon (D-Texas) said the Navy should have looked before it bought. Admiral Fox agreed: "If we had to do over again, we certainly would not buy them."

"How essential is an oyster fork to the Navy" Mahon inquired. "Usually when I eat with the Navy I do not see an oyster fork, or oysters, either."

"They are in the officers' messes," the Admiral replied. "Unfortunately they have the name 'oyster fork,' but they are used for other purposes ... Sea food cocktails ... it is a common item of table ware."

Far from putting on dog, he said, the Navy has ruthlessly slashed its tableware buying—from 94 different items to 20.

"To an old infantryman like me," commented Representative

(Continued on Page Eleven)

Munitions Stockpile One-Third Complete

Washington, Aug. 1—(AP)—The Munitions board reported today the nation's stockpile of strategic materials which would be needed if war closed off imports has been built up to more than one-third of the planned today.

In a semi-annual report to Congress, the board said the value of material now on hand is $3,000,000,000, while the total objective is $8,300,000,000. It noted, however, that the objective may be revised from time to time to fit strategic and mobilization plans.

It added, without explanation, that the current objective compares with a figure of $8,590,000,000 six months previously.

Value Climbs

The report covered stockpiling activity from last January through last June. During that time, the value of the stockpile on hand increased from $2,540,000,000 to $3,000,000,000.

The "rate of stockpiling continued to increase" and an appropriation last January allowed "vast acceleration" of contracts for materials, the board said.

(Congressional committees have twice issued highly critical reports of the stockpiling program under past Munition board administration. Present chairman of the board is John D. Small.)

The board commented that its buying program is curtailed by two factors, shortages of material

(Continued on Page Two)

Ties New Yorker To Plainville Theft

Hartford, Aug. 1—(AP)—State Police Captain Leo J. Mulcahy said today that a warrant charging robbery with violence and assault with intent to kill is being sent to New York City for service on Kenneth Kemp, a suspect in a Plainville liquor store holdup.

Kemp, a New Yorker, was arrested there yesterday and quickly accused of participation in the Plainville crime when his picture

Penny Turn-In Here Is Large

Over $1,000 Deposited After Appeal for Return Made Last Week

George Frost, head teller at The Manchester Trust Company reported this morning that the public is cooperating in the drive for pennies. In the week since the appeal first appeared in The Herald, pennies deposited at the Trust Company and The Savings Bank of Manchester in excess of the weekly average, amounted to over One Thousand Dollars.

In spite of the response, there is still a shortage because of sales taxes and change required for vending machines.

Mr. Frost again stated that it is not necessary to wrap the pennies, regardless of amount. Just take the pennies to the bank to be counted on the automatic machine.

General's Backers To Enjoy Support

(Continued from Page One)

these might receive MacArthur's praise later.

May Back Taft

There have been some reports that the General might speak out in favor of Senator Robert A. Taft (R., Ohio) if the latter makes his expected leap into the race for the 1952 Republican presidential nomination.

However, some of Taft's friends apparently have been cautioning him against linking himself too closely with the MacArthur far eastern policies, which the Ohioan has endorsed in general.

These Taft followers evidently believe a settlement of the Korean war would go a long way toward minimizing Korea and the Far East as a political issue next year.

Europe Most Important

To this group, what happens in Europe in the next nine months is expected to become of more political importance— unless the Communists pick a definite spot elsewhere to renew their aggression.

In dealing with the European issues, Taft is reported to be somewhat restrained by the fact that Gen. Dwight D. Eisenhower has been mentioned so widely as a possible GOP presidential candidate.

Friends say Taft may go slow in advocating cuts in military funds under the $8,500,000,000 foreign aid program because he does not want to be put in the light of attempting to undermine Eisenhower in his job as North Atlantic pact commander.

Significantly, perhaps, Taft has urged deep cuts—or even abolition—of the $2,200,000,000 proposed economic aid program. But he says he hasn't made up his mind about any reduction in the military assistance total.

Personal Notices

In Memoriam

In loving memory of our mother and grandmother, Mrs. Alice Marcenuk, who passed away August 1, 1948.

Dearer still as years depart.
Her memory lives within our hearts.
With tender love and deep regret.
We who loved her will never forget.

Mr. and Mrs. Joseph Kubasek and grandchildren.

Strategic Material Stockpile Growing

(Continued from Page One)

and competition in the market.

"It should be realized by everyone concerned with our stockpile of strategic and critical materials," the report said, "that there are serious national and worldwide shortages of most of them. As a result, the Munitions board, due to circumstances beyond its control, is unable to acquire these materials at its target rates. . . .

"With the steadily increasing need for materials for current military production, plus the urgent needs of the stockpile and the need for maintaining a healthy industrial economy, competition for limited supplies of materials has become keen. It is the dual function of the new civilian agencies to promote increased production and imports of scarce materials and to distribute the available supplies among claimants. Thus the present rate of stockpiling acquisition, although in most cases below the targets set by the Munitions board, is governed by the determinations of the civilian agencies. This is the most significant change in the field of stockpiling programs and policies in recent months."

Ben-Gurion Sees New Israel Vote

(Continued from Page One)

main the pillar of the Israeli government "until elections for the third Israel parliament."

The Mapai will have to form a coalition with some other party in order to get the parliamentary majority needed for support of a new cabinet.

Ben-Gurion's dilemma is where to find the needed support without compromising his party's program of strong government direction of the country's economy. Failure to obtain it could make new elections necessary.

The conservative General Zionists won 20 seats making it Israel's second strongest party. It is doubtful if the General Zionists and the Mapai could cooperate amiably for long.

The Mapai's announced aim of a left-to-center coalition could only be accomplished by inclusion of four Arabs elected to parliament on three separate Arab tickets.

Latest official percentage returns from the election:

Mapai, 37.1; General Zionists, 16.4; Mapam (left-wing Labor), 12.3; Religious Workers, 6.8; Freedom Party, 6.6; Communists, 3.9; Liberal Progressives, 3.3; Arabs Allied with Mapai, 3.7; Agudath Israel (Ultra Orthodox), 2; Sephardic Jews, 1.7; Workers Group of Agudath Israel, 1.6; Misrachi (Religious), 1.5; Yemenite Jews, 1.2; Arab-Druze, 1.2.

About Town

Miss Helen Moosian, who recently returned from a world tour of mission fields of the Church of the Nazarene, will be the guest speaker at the meeting of the local Nazarene church this evening at 7:45, to which all are invited.

Mrs. Rennie Beck of St. Johnsbury, Vermont, is spending a week in town visiting her daughter and son in law, Mr. and Mrs. Milton Wilson of 9 Silas road.

Legion Women Are Rewarded

Given High Honors at Convention in Bridgeport on Sunday

Miss Barbara Wallett, president of the American Legion unit, served on the resolutions committee at the Department convention which closed Sunday in Bridgeport. Other delegates who represented the local auxiliary included Secretary Mrs. Ruth Wilcox, Treasurer Mrs. Theodore Fairbanks and First Vice President Mrs. Raymond Gosselin. Mrs. Wilbur Little, Department Poppy-making chairman, attended as a delegate-at-large.

For the second year the local unit was awarded the Mary Thiesen plaque for giving the greatest number of hours of volunteer service to the Newington Veterans Hospital, and Citations are also to be given to Mrs. Wilber Little, Mrs. Harry Sweet and Mrs. Harold Belcher, individually, for service at the hospital. The unit was awarded a Citation for 76 points under the new honor point merit system, for work accomplished.

Members of the delegation marched in the big parade on Sunday.

Ties New Yorker To Plainville Theft

(Continued From Page One)

was transmitted to State Police headquarters here by wire.

State Police said it was Robert M. Beers, 21, of Hollis, N. Y., who "put the finger" on Kemp, identifying his picture after it had been received from New York and shown to Beers along with several others.

Beers and Joseph A. Taschner, 20, of Farmington, captured by State Police in Cheshire Saturday after a nine-hour hunt through rain drenched woods, also are accused of the Plainville holdup, which occurred July 20, as well as the holdup and shooting of the woman proprietor of an Avon lunchroom early Saturday and several automobile thefts.

The victim of the $90 Plainville holdup, slugged on the head with a whiskey bottle by one of three men who invaded her store, was Mrs. Luigi Piergrossi.

Before slugging her, one of the holdup men fired a pistol bullet into the store counter, police said.

Mrs. Idella Brown, 48, of Avon, shot in the left side after giving up $25 to two bandits in Avon about 2:15 a. m. Saturday, was reported in good condition today and soon to be discharged from St. Francis' hospital here.

Driving Academy Sale Recorded

The Manchester Driving Academy has been sold from Gerard Chapdelaine to Gerard Miclette, according to a bill of sale recorded at the town clerk's office. Sale price was not indicated.

Included in the equipment is a 1941 two-door sedan with dual controls. Chapdelaine agrees not to engage directly or indirectly in the auto driving school business in Manchester for a two-year period.

Claims may be presented to Attorney Philip Bayer, 829 Main street.

A second bill of sale conveys shoemaking equipment from Anthony Sala to Samuel Yules. Included is an American shoe finishing machine, dust collector, two-horsepower motor and shoe skate sharpener.

Country Fairs Month Feature

August Has Many Interesting Activities Listed In the State

Hartford, Aug. 1—The month of August marks the opening of the country fair season in Connecticut and rings down the curtain on the "pop" concerts at the Yale Bowl in New Haven which drew larger crowds this year than ever before. The following list of events was compiled by the Connecticut Development Commission, 475 State Office Building, Hartford 15, which can furnish information also on resort accommodations and things to see and do in the state.

The fairs and horse shows scheduled during August are: Aug. 4, Old Lyme Fair and Horse Show; Aug. 11, Litchfield Horse Show; Aug. 17-18, Hamburg Fair and Horse Show; Aug. 19, Terryville Lions Club Horse Show; Aug. 25-26, Chester Fair; Aug. 26, Bethlehem Horse Show; and Aug. 31-Sept. 2, Woodstock Fair.

The two "pop" concerts at the Yale Bowl at New Haven which will conclude the New Haven Junior Chamber of Commerce's seventh season will be held on August 14 and 28. At the first concert, Muriel Rohn, soprano, and Edward Matthews, baritone, will be the soloists and the Saulsbury Choir and Rock-Hortas Chorus will be heard. Arrangements for the final concert have not yet been completed.

Concerts will be held at Music Mountain near Falls Village at 4 p. m. each Sunday during August with the Berkshire Quartet and guest soloists. The fourth annual American School of the Dance festival will be held at the Palmer Auditorium, Connecticut College, New London, during the week of Aug. 13-19. This festival brings to a conclusion the summer school program of dancing which has drawn students from all parts of the country.

The Clinton Art Society has an exhibition of paintings scheduled from August 4 through September 1, featuring the work of local artists.

The University of Connecticut at Storrs will be host to the annual farm and home day and square dance festival on August 8, and from Aug. 19-24 the UAW-CIO summer school for locals of the state will be held at the University. The Connecticut Agricultural Experiment Station field day will be held at Mt. Carmel on August 22.

Three rifle matches are scheduled at Blue Trail Range, East Wallingford, during the month. The big bore team championships will be held on August 5, with a rain date for a week later; the Mid-Nite Moon-Lite small bore team championships will be held Aug. 19; and the small bore state championship will be held Aug. 26. Archery tournaments are scheduled at East Rock Park in New Haven on August 12, and all clubs will hold their own championship matches on August 26.

Two golf tournaments sponsored by the Connecticut State Golf Association will be held—one at Patterson Club, Wilton, on August 14; and the other at New Haven Country Club on August 21.

There will be a dog show at Danbury High School on August 25, and each weekend during the summer one may watch boat races at a number of the shore towns as well as to Candlewood, Bantam and other Connecticut lakes.

Ask Law Change For Rapid Action

United Nations, N. Y., Aug. 1—(AP)—Member countries of the United Nations were called on today to change their domestic laws to allow them to act quickly in any U. N. collective action against future aggression.

The proposal is one of a number made by a five-nation subcommittee which has been studying how to strengthen the U. N. program of collective security by economic sanctions.

The proposals must be approved by a 12-nation collective security committee and by the General Assembly meeting next November in Paris before they have any force.

Another proposal is that the U. N. should have a permanent security committee to map a general program of military, economic and political sanctions. In the case of actual aggression, a special committee would take over and apply specific parts of the general program.

Salvadore P. Lopez, Philippines, was chairman of the sub-committee. Other nations on it are Australia, Egypt, Venezuela and the U. S.

Kitten Rescued After 46 Hours

New York, Aug. 1—(AP)—It took a full-fledged, 46-hour rescue operation, but a gray and white tiger-striped kitten was free today—and probably wiser.

Kitty tumbled down a five-inch crevice between two Manhattan buildings while chasing pigeons on the roof.

A police emergency squad and the American Society for the Prevention of Cruelty to Animals tried various rescue operations, including a hole through one of the walls. But to no avail.

An ASPCA agent finally hauled the kitten out yesterday with a long, hooked pole after she ventured out from under a pile of debris.

The unclaimed kitten was taken to an ASPCA shelter, where she could ponder the wisdom of future roof-top pigeon hunts.

REPORT BATTLE CASUALTIES

Washington, Aug. 1—(AP)—The Defense department today identified 171 additional U. S. battle casualties in Korea.

List No. 367 reported 44 killed, 96 wounded, 13 missing in action and 18 injured in battle zone accidents.

'Rabbit Fever' Case in State

Putnam Youth Recovers From Tularemia Contracted in No. Carolina

Putnam, Aug. 1—(AP)—Scratched by a cat when he went south to claim his bride last June, a 'teenaged Connecticut youth contracted tularemia or "rabbit fever," the State Department of Health has reported.

The victim, whose name the department refused to disclose, was reported to be out of danger at the Day-Kimball hospital here. Attending physicians, the Health commission stated, credit the youth's recovery from the often fatal disease to the effectiveness of new antibiotics.

The Health department reported that the youth contracted the disease when he made a trip to North Carolina to be married. On June 23 he was scratched on both index fingers by a cat. Shortly afterwards following the wedding on June 27, he developed symptons of tularemia.

Returning to Connecticut the disease was diagnosed as "rabbit fever" and he was taken to the hospital. Today it was said his recovery is nearly complete.

The case is the sixth ever reported in Connecticut. Two of the five previous victims died. One of these was a hunter and the other a woman who had been bitten by a cat. The Health department said the disease is developed most often in wild rabbits and is transferred to humans through contacts with the rabbits by ticks or by animals such as cats which have hunted the rabbits.

About 30 per cent of all nonfarm home owners in the United States in 1950 estimated their homes would sell for $10,000 or more.

State Guards Picnic Sunday

Get Acquainted Gathering to Be Held at Rockville for Families

A Get Acquainted Picnic is to be held in Rockville next Sunday, August 5th at 2:00 p. m. by local residents who are members of the Connecticut State Guard, 2nd Battalion Headquarters Company of Manchester.

The fine picnic area located in the rear of The Benson Television Co. on Longview street has been placed at their disposal by Lt. Denson, Headquarters Company Communications Officer. Fireplaces and an abundant supply of wood are on hand for the convenience of the outdoor chefs.

The officers and enlisted men of Headquarters Company had their opportunity to become better acquainted during the recent encampment held at Camp Lodge in Niantic, Conn. Now they feel that a picnic will provide a suitable setting in which the wives of the married men and girl friends of the less fortunate single fellows can also get to know each other. It is universally agreed that nothing cements friendship quite like mustard or catsup spilled over a new skirt or a tinyager tramping through a plate of sandwiches belonging to a newly made acquaintance.

An invitation has been extended to the 2nd Battalion Commander, Lt. Col. F. E. Johnson and his staff to be on hand for the occasion. Several of the officers have indicated that they can attend.

So fellows, if you missed the announcement at the Armory last Monday night, make plans now to be on hand. Take your chow and drinks, your wives, kids, girl friends and anything else that you can have fun with.

Louisiana Shifts Probe of Slaying

New Orleans, Aug. 1—(AP)— The swamp murder mystery today shifted back to New Orleans; where it started more than two years ago.

Involved are an unidentified corpse which cannot be found in Potter's field, and two prisoners.

Sheriff Frank J. Clancy of Jefferson Parish, across the Mississippi river from New Orleans, said murder charges have been dropped there and the two prisoners will be released today to New Orleans Parish authorities.

They are John C. Harper, 40, alias Sam Jones, and Donald Easterwood, 26. They were service station attendants in New Orleans when a man was killed at the station and his body dumped into the swamps near Gretna, in Jefferson Parish.

Since the killing took place in Orleans Parish, Sheriff Clancy said, the disposition of the case is up to New Orleans Parish authorities.

An Orchid For Jessie

Miss Jessie M. Reynolds, social service worker of the town, who completed thirty years of continuous service today, was presented with an orchid and a number of beautiful bouquets, in recognition of the event, by her associates at the Municipal building. She also received congratulatory messages and good wishes for health and happiness and many more years of service for the town.

Obituary

Deaths

Axel A. Osberg

Axel A. Osberg, 59, of North Coventry, custodian at the Mansfield Training school, died at the Manchester Memorial hospital yesterday, following a short illness.

Formerly connected with the New London Branch of the University of Connecticut, he was a member of Union Lodge, A. F. and A.M. of New London, Sphinx Temple of Hartford, the Bedouin Shrine club of New London, the Omar Shrine club of Manchester and the Central Presbyterian church of Buffalo, N. Y.

He leaves his wife, Mrs. Marguerite Smith Osberg; a son, Frederick T. Osberg of Buffalo; four brothers, Anders Osberg, Alf Osberg, Morgan Osberg and Kurt Osberg, also of Buffalo, and two sisters in Sweden.

The funeral will be held Saturday afternoon at the Potts Funeral Home, Hertel avenue, Buffalo, and burial will be in Elmtown cemetery, Tonawanda, N. Y.

Friends may call at the Watkins Funeral Home, 142 East Center street, this evening from 7 to 10. Members of the Omar Shrine club in Manchester are requested to pay their respects to Mr. Osberg during these calling hours.

Funerals

Fred R. Dart

The funeral of Fred R. Dart, of 66 Baldwin road, who died at his home Monday morning following an extended illness, was held at 2:30 this afternoon at the Watkins Funeral Home. Rev. Leland O. Hunt, pastor of the Second Congregational church, officiated and Frederic E. Werner presided at the organ. Burial was in the East cemetery.

Bearers were Benjamin Housel, Herman Behrend, Albert C. Miller, Jesse R. Davis, Thomas Maxwell and Fred Robinson.

Last evening a delegation from Sunset Rebekah Lodge, of which Mr. Dart was a member, paid last respects, and King David Lodge, I. O. O. F., of which the deceased was also a member, conducted a service at the funeral home, in charge of Noble Grand Ernest Cox with Gordon Calkins, chaplain.

Miss Margaret Hyde

Largely attended funeral services were held in St. Mary's Episcopal church yesterday afternoon at two o'clock for Miss Margaret Hyde, for many years a Naval nurse. Rev. Richard B. Kalter officiated and Organist John Cockerham presided at the organ. There was a profusion of beautiful floral tributes.

The bearers, all nephews of Miss Hyde, were Wilfred and Norman Crossen, Robert Hyde Smith, Harold Harrison, John M. Hyde, Stewart C. Hyde. Burial was in the family plot in the East cemetery.

Mrs. Josephine Johnson

Funeral services for Mrs. Josephine M. Johnson of School street, widow of John Johnson, who died Saturday, were held yesterday afternoon at the Holmes Funeral Home, 400 Main street, at two o'clock. Rev. Earl V. Sakinson, a student pastor at the Hartford Theological Seminary, officiated.

Bearers were James Hattin, John Smith, Francis Curry and William Curry, all grandsons of the deceased, and Carl Hilding and Gustaf Anderson.

Burial was in the family plot in the Buckland cemetery.

James Dailey

The funeral of James Dailey of 28 High street, Rockville, was held this morning at 8:15 from the T. P. Holloran Funeral Home and at nine o'clock at St. Bernard's church, Rockville. Rev. Thomas W. Shea celebrated the mass and read the committal service at the grave in St. James's cemetery. Mrs. Anna Pfunder was the organist and soloist.

Bearers were Frank Zira, Joseph Wandzy, Charles Carnes, Thomas Gessay, Joseph Tracy and Charles Dailey.

Public Records

Warrantee Deeds

Hazel J. Trotter to Peter Monaco and Constance Monaco, property at 71-73 School street.

Robert J. Smith to Maurice O. Ripley and Virginia B. Ripley, property on Westfield street.

Athur Boudreau and M. Alice Boudreau to Raymond Hills and Dorothy Hills, property on Bell street.

Certificate of Trade Name

Salvatore Filloramo, 66 Foley street, and John Filloramo, 113 Bretton road, doing business as Empire Builders and General Contractors, 66 Foley street.

Quit Claim Deeds

The Sterling Construction Co. to The Sterling Corp., two pieces of property on Tolland turnpike.

Separate deeds convey various properties on Tolland turnpike to The Sterling Construction Co. from the following: The Allen Realty Co.; Ellen B. Price; John McNeill; and The Manchester Trust Co.

Building Permit

Alterations and additions: Henry J. Fay, 707 Middle turnpike, east, $850.

Says Truce Line to Be Defensible

(Continued from Page One)

would have strong defense positions, the Reds have tried to get all of North Korea again in Communist control while leaving the south to Allied forces. This would be a return to the situation which existed before the Communist assault last summer.

At the moment, Acheson said, truck talks seem to be stalled. The negotiators have had several fruitless meetings

Acheson also said that Gen. Matthew B. Ridgway and his delegation to the Kaesong meetings have handled their share of the negotiations forcefully and soundly.

Not Deadlocked

Acheson did not express either optimism or pessimism on the progress of the talks but neither would say that they were deadlocked.

He declined to state precisely what the U. N. negotiators were seeking in the way of a buffer zone location. Other officials have made clear that the U. N. proposal for an armistice line is based on the present battle line.

The Pyongyang (North Korean) Radio said the U. N. seeks a line running from Kosong, 27 miles north of the 38th parallel on the east coast, to the Ongjin peninsula on the west coast. The broadcast added:

"Thus the Americans try to rob a large territory inside North Korea. The Americans are making every effort to avert the arrival of peace to Korea."

Raps Hungary Moves

Acheson also accused Hungary's Communist government today of Nazi-like deportations of its own citizens.

He said the United States is noting "the identity of individual Hungarian officials, including the highest authorities" who have any responsibility for such "wholesale persecution."

And, as President Truman did last Friday, Acheson said this country will present to the United Nations evidence bearing on this "grossest brutality." Mr. Truman described the Hungarian government's conduct "infamous."

On other matters Acheson told his news conference:

1. The Czechoslovak Communist government has rejected an American appeal for one of its embassy officials to visit Associated Press Correspondent William N. Oatis in prison. Acheson said the United States, in fact, has heard nothing satisfactory on the Oatis case from the Czechs and it has in mind taking actions in addition to those already taken against Czechoslovakia.

2. The United States intends to go ahead with plans for a meeting in San Francisco September 4 to sign a Japanese peace treaty despite proposals from various governments for changes in the treaty. The latest such proposals came from India.

3. Plans for a meeting of the North Atlantic Treaty council are now being considered by the council's deputies at London. Actually, it is known that arrangements for a session in Ottawa in September are well advanced.

4. If the Russians are willing to print anything from United States official sources in their Moscow press, they should print the Congressional resolution forwarded to the Soviet government by President Truman which sets forth American friendship with the Soviet people. That was Acheson's response to inquiries about whether he, like Foreign Minister Herbert Morrison of Britain, would write an article for Pravda. Acheson said Morrison was to be congratulated, that his article had obviously worried Soviet leaders because they had to make such a long answer to it.

Local Auto Dealer at Parley in Lansing

Robert J. Schaller (left), of Manchester Motor Sales, Inc., Manchester, and J. J. Phelan (right), of Fresno Motor Sales, Fresno, Calif., go into a huddle with G. R. Jones, Oldsmobile general sales manager, at the quarterly meeting of the Oldsmobile Dealer Council in Lansing, Mich.

Oldsmobile's quarterly Dealer Council concluded a two-day session at the plant in Lansing recently with discussion of the production and sales outlook for the remainder of 1951. Twenty-four dealers from 24 Oldsmobile sales zones throughout the country met with J. F. Wolfram, vice president of General Motors and Oldsmobile's general manager; G. R. Jones, general sales manager; and other top executives to discuss subjects of mutual factory-dealer interest.

"We have found these Dealer Council meetings to be very beneficial both to the Oldsmobile Division and to the participating dealers," said Wolfram. "The dealers are given an insight into the problems that can be solved at the factory level and considerable profit is derived from getting dealer viewpoints about various phases of the Oldsmobile program."

During the meeting the dealers were conducted on tours of the Oldsmobile "Rocket" engine, final assembly and forge plants. Other Oldsmobile executives participating in the round table besides Wolfram and Jones included H. N. Metzel, chief engineer; D. C. Burnham, manufacturing manager; and S. C. Starnaman, chief inspector.

About Town

First Lt. Samuel J. Turkington, Jr., USAF, left this morning by plane from Bradley Field for Camp Stoneman, Calif. Lieutenant Turkington spent several days leave at his home. He is the son of Town Clerk Samuel J. Turkington.

Rogers Outing Plans All Set

Local and Goodyear Plant Employees to Go To Middlefield

All preliminary plans for the 14th Annual Rogers Corporation Outing at Happy Acres in Middlefield, August 11, have been completed, it was announced here today.

Buses have been chartered for the outing and will leave from Goodyear and Manchester at 8:30 a. m. on the outing day. An extra bus has been scheduled to leave from Davis Park in Danielson at 8:45 a. m.

Three softball games will highlight the sports program of the day. The first will be staged at 11:30 a. m. between the Manchester employees and the Goodyear Staff team. The winners will play the Goodyear Oak Lodge team for the Corporation title at 2 p. m. At 1 p. m., the Goodyear Girls will play the Manchester Girls.

In addition to softball, the sports program will include several running races and novelty events, swimming pool activities, tennis matches, horseshoe pitching contests, a boat race, badminton, ping-pong and shuffle board.

Dancing has been scheduled at the Happy Acres Lodge rooms for 2 p. m., following a chowder party.

A full course barbecued steak dinner will start at 4 p. m. to be followed by presentation of major awards at the grove for the final major event of the day.

Dog Bite Brings Owner's Arrest

A dog owned by Norman L. Marchand, 26, of 97 Harlan road, bit a young girl Monday night and resulted in the arrest of Marchand for keeping an unlicensed dog.

Marilyn McLoughlin of 437 Summit street was bitten by the dog while riding a bicycle. Dog Warden Lee Fracchia was notified by hospital authorities of the accident and upon investigation, Fracchia found the dog was not wearing a license. The girl was treated for a bite on the knee and discharged. Fracchia made the arrest this morning.

Patrolman Henry Gauruder arrested Daniel Smith, 62, of 95 Center street for intoxication in Center park today also.

Both cases will be presented in Town Court Friday morning.

TUNE IN WESTINGHOUSE SUMMER THEATER EVERY MONDAY, 10-11 P. M., WNHC-TV—IT'S GOOD!

Long Trail Hike Prepares Girls for Europe Trip

As another part of the preparations necessary for their trip to Europe in the summer of 1952 twelve members of Senior Girl Scout Troop One are planning a two weeks hiking trip the latter part of this month on the Long Trail in Vermont. Inasmuch as the Girl Scouts will camp and hike with Girl Guides in Europe next summer it is felt that a similar expedition in their own country is of the utmost importance before attempting such experiences overseas.

260 Miles Long

The Long Trail is a hiking trail over the summits of the Green Mountains of Vermont, extending 260 miles from the Massachusetts state line to the Canadian border. Maintained by the Green Mountain club of Vermont as a branch of the Appalachian Trail, which runs from Maine to Georgia, the Long Trail is available for any hikers, with shelters, also available to anyone who wishes to use them, from four to seven miles apart along the trail. There are several approaches to the trail and the local girls expect to start their hike at Waterbury, Vermont, leaving by train from Hartford on Friday night, August 17.

The local Girl Scouts are busy now assembling the necessary equipment and food. Inasmuch as they will carry all their belongings in packs on their backs it is important that these items be light in weight and be kept down to the minimum necessities. This takes careful planning, so the girls are finding out. Besides carrying her own sleeping bag and personal belongings each girl will carry a share of the food and group equipment such as first aid, cooking utensils and films. At night the girls will sleep in rude open-front shelters or in more luxurious closed-in cabins, or at times, when the weather is fine, out under the stars. They will cook all their meals, sometimes on stoves in the lodges but more often over outdoor fireplaces.

Good Preparation

After this two weeks experience of hiking over the Long Trail, sometimes called "a footpath through the wilderness," the local Senior Scouts will certainly be prepared to undertake the rougher camping which Europeans do. Because the local girls will be representatives of all the Girl Scouts in the United States, not only of their own community, they felt that it was essential that all have this camping and hiking experience, hence all the members of the troop are taking the trip and considering it as a prerequisite for the more exciting European venture.

Insulted Editors Pass Dewey Talk

Singapore, Aug. 1—(AP)—Singapore editors, miffed because they weren't invited to a luncheon honoring Gov. Thomas E. Dewey, refused today to publish his speech in which he appealed for better understanding of America.

Dewey's speech criticized the Singapore press for overemphasizing stories of racial troubles in the United States, but editors said that wasn't why they wouldn't publish it.

They said the reason was because they had not been invited to the luncheon and that their reporters and photographers covering the event were rudely treated.

Dewey made the speech before the Commonwealth Parliamentary association. Top Malaya and Singapore leaders, including Gov. Sir Franklin Gimson and Commissioner General McLaolm MacDonald, attended.

Before taking off for Jakarta, Indonesia, this morning, Dewey said he was sorry to be mixed up in a press disupte with which he had no direct connection.

Jobless Claims Total at 21,515

Hartford Aug. 1—(AP)—Unemployment compensation claims in Connecticut totaled 21,515 for the week ending July 28, the State Labor department reported today. For the last previous week the total was 22,554 and for the corresponding week a year ago the total was 28,554.

Women filing claims totaled 13,858 or 64.4 per cent of the total claimants.

The department recorded 4,498 initial claims denoting new unemployment as compared with 6,270 for the previous week and 3,997 for the same period a year ago.

Italians Favor Jailing Luciano

Rome, Aug. 1—(AP)—A suggestion that Charles (Lucky) Luciano, former New York vice lord, be returned to the United States to finish his jail sentence brought nods of approval today from fed-up Italian police.

One top police source said "the American government sent him to us. We didn't want him. They had him in Sing Sing once and he was supposed to remain there for many years. Why did they let him out?"

The suggestion that Luciano be returned to jail was made to a U. S. Senate crime investigation committee this week by former Congressman W. Kingsland Macy (R-NY).

The former New York vice lord, who recently was said to be the mastermind of an international narcotics ring, was paroled and deported to Italy in 1946 after serving nine and a half years of a 50-years sentence for pandering.

A reliable source here said some 50 men deported from the United States to Italy on narcotics charges form the core of a far-flung narcotics smuggling network.

Luciano who lives in a second rate Naples hotel when he is not sunning himself at Capri, has labelled the dope accusations "a lot of baloney."

To Truman We Are Morons

Acheson at Detroit, Truman at Detroit, and Defense Secretary Marshall at Washington have all now warned us that, in effect, the danger of world war is increasing, not receding.

They may know what they are talking about. President Truman said he was basing his warning on reports of which the American people themselves know nothing—only what he chooses to tell them.

But the suspicion is strong that they are actually doing just what everyone expected them to—putting on an exaggerated alarm because they fear that current talk and signs of peace will make the American people—those innocent, gullible, childlike morons who can't think anything out for themselves—relax and lower their guard in the world.

Secretary Marshall almost said as much. For, after he got through saying that the danger of all-out war is "increasing," he added that he was "deeply concerned" that Russia had apparently trapped the American people into developing an attitude of letdown.

"It is tragic," he said, "that we should be so susceptible to propaganda, that a single speech would create a state of mind that can very seriously react to our disadvantage in the world picture."

President Truman, in his alarm, used two concrete statements. One was to the effect that Soviet Russia now has "more than four million men under arms in Europe and the Far East."

Is this a new or startling fact? If the President's figure is accurate, should we be alarmed by it? Or reassured? How does it tie in with another favorite American charge—to the effect that Russia never demobilized after the War?

Russia's armed forces, at the end of the war, were estimated at 20,000,000 men.

In 1948, after three years of demobilization, the World Almanac estimates the strength of Russia's army at from 3,500,000 to 4,100,000.

Now, three years later, with the world situation much hotter than in 1948, President Truman warns us that Russia has "more than four million" under arms. Actually, the very figure which he uses in an effort to alarm about Russia could be used as evidence that Russia has not increased the size of her army at all in the past three years, which, if true, would be the exact opposite of alarming.

The second definite statement the President made was to the effect that "we know also that Rumania recently ordered the inhabitants moved out of a stretch of land thirty miles wide, along the Yugoslav border. Bulgaria and Hungary have done the same thing. Military preparations have been going on in those zones along the border. Actions like these are certainly no indication of peaceful intentions."

Assessed with more intelligence than Mr. Truman has brought to bear on them, they might indeed be an indication of peaceful intentions. Normally, a nation which is planning aggression across a border does not begin by making ostentatious preparations for it of this nature. Rather than create any such disturbance, it would exercise every last ingenuity to keep its strategy secret, and to make its military preparations in the area without molesting civilian life.

Furthermore, such a clearing of a border zone is a traditional Russian preparation for defense, not for offense. Before the last war, fearing the attack from Hitler which eventually did come, the Russians had such a zone created along sections of their border. Its object was to create a fortified wasteland in which there would be no assets to the invader, and no civilian handicaps to the defenders.

The Russians may be reversing their tactic in the instance the President cited, and creating such a zone for purposes of offense, although that would seem to make little sense. And there are even occasions when preparations for defense have an ominous significance. But the possibility remains that the news of this border zone can be taken two ways—and that the interpretation Mr. Truman makes of it may be the less likely.

One way to state Mr. Truman's alarming case is to say that the Russians now have an army no bigger than they had in 1948, and to say that they are installing their favorite and traditional defense device along the Yugoslav border.

We have no instinct to take Mr. Truman's facts and turn them completely around into factors of reassurance. We would like to have this country follow a middle course of strong and watchful waiting for developments, avoiding either undue optimism or rash pessimism about the future. We believe that is the instinct of most Americans in the present world situation. We do mean to point out how artificial and contrived are the arguments of those who presume to lead the American people, but who do not trust the American people to have any common sense or intelligence at all. And we repeat, that the first mark of any true leadership in a democracy is the ability to trust the people themselves. Without that, leaders themselves are not worthy of the people's trust.

Poland Is Warned

Molotov's assertion in Warsaw that "Tito can't last" is now being followed up by the trial of nine Polish officers who, if they are guilty as charged, apparently made the mistake of thinking that Tito can last, and the even more grievous mistake of thinking that Poland might imitate Tito.

Both developments—Molotov's warning and the approaching trial—represent the Soviet's way of warning the Polish people not to be getting any ideas of throwing off the Russian yoke. Both represent, as well, an admission from the Soviet that all is not well in Poland.

So, by every means at Russian disposal, the Russian grip on Poland is being clamped tighter. But the one technique which might really hold Poland so close that no one could ever take it away, so close that it would have no instinct to follow Tito, that technique Russia does not know how to use. That would be the technique of giving the Polish nation freedom and respect and neighborly cooperation in the direction of prosperity and peace. That would be the unbeatable foreign policy for Russia. Unfortunately for the individuals who get crushed, but fortunately for the world, the Russians play not the partners, but the masters.

Dewey At Singapore

Governor Thomas Dewey, in Singapore, encountered the "Cicero race incident." Americans are likely to encounter that incident, for some time to come, whenever they travel in sections of the world where the white race itself is not predominant.

Governor Dewey, to his credit, met it head on.

He said he was "shocked to find that an incident of racial prejudice involving a few hundred people out of a nation of 150,000,000 people is front-page news in Singapore and elsewhere, and is considered worthy of a four-column photograph on the front page.

"There is no excuse," Governor Dewey continued, "for an incident of racial or religious or national abuse by one group or another. But to present the occurrence of such an incident as the major news from the United States on any day is shocking and grossly misleading.

"What is wholly ignored is that the incident shocked the public conscience and was abhorrent to all our people, and was both vigorously suppressed and prosecuted by public authorities. This is the true reflection of the American point of view which I find entirely omitted."

We are not perfect. Furthermore, perhaps we ourselves need to develop some understanding of just how closely the rest of the world watches us for our imperfections. We need to recognize just how sensitive an actual majority of the whole world's population is to the color issue. But if our imperfections are news, so is the struggle we are continually making against them. We have a problem, and we are trying to solve it. Our effort, and its successes, deserve attention along with our failures.

Rockville

Wheels Parade Being Planned

Another Activity on Program Announced For Friday, Aug. 3

Rockville, August 1—The Rockville Municipal Playground will hold a Parade on Wheels on Friday, August 3rd. There will be prizes awarded to the prettiest and the most originally decorated vehicle on wheels. Boys and girls from the age of 5 to 15 may enter the contest. Mrs. Claire Albom, playground director will announce the judges shortly.

Checker and bowling tournaments are underway in the groups at the playground supervised by Joan Konarski and Lillian Mazewski. The bowlers are bowling five strings each week and the child with the highest average at the end of five weeks will be the bowling champion. The checker tournament will be an elimination contest.

Releasing Workers

An increasing number of employes of the Hockanum Mills of the M. T. Stevens & Sons Company are being released each week as the work in their particular department is finished. Unofficial rumors have it that the work will all be completed about the middle of August.

Band Concert

The Rockville Goodfellowship Band will give a concert this evening at eight o'clock at the band stand in the center of the city. This is the second municipal concert of the season.

Giving Talk

Home Demonstration Agent Cora H. Webb of Rockville will go to Somers this evening to discuss freezing of vegetables and fruit at the session of the Somers Grange.

Mrs. Raymond H. Fahey

Mrs. Mary (Mott) Fahey, wife of Raymond H. Fahey of 2316 North Carlisle street, Philadelphia, died Monday in Philadelphia. She was a former resident of Rockville. Besides her husband she leaves two brothers, Louis Mott of Mystic and Andrew Mott of West Hartford; two sisters, Mrs. Helena Fahey of Glastonbury and Mrs. Emma Tennert of Rockville, several nieces and nephews. The funeral will be held Friday at 8:15 a.m. at the Burke Funeral Home and 9 a.m. at St. Bernard's church. Burial will be in St. Bernard's cemetery. The funeral home will be open Thursday from 3 to 10 p.m. for the convenience of friends.

Baseball

The American Dye nine will play the Pagani Brothers team this evening at 6:15 p.m. in the Rotary Club baseball league game at Henry Park.

Funeral

The funeral of James Dailey, 67, of 28 High street, Rockville was held this morning at the Holloran Funeral Home in Manchester and at St. Bernard's church in Rockville. Burial was in St. James's cemetery in Manchester.

Interviewer Here

An interviewer for the Hamilton-Standard Company is at the Council rooms in Rockville today and tomorrow for the purpose of conferring with anyone who wishes employment with that company.

Chewing Wrigley's Spearmint Helps You On Your Job

Many people find that chewing on a good, smooth piece of Wrigley's Spearmint Gum is a real help during working hours. The pleasant chewing keeps the mouth moist, refreshes you, and so helps your work go smoother and easier. And the cost is so small you can chew this healthful, delicious gum often every day.

Wrigley's Spearmint Chewing Gum has been a favorite in New England for generations. Its fine quality is the result of time-tested methods developed and perfected by a concern that makes only chewing gum. Be sure to get the original Wrigley's Spearmint Chewing Gum. Look for the green spear on the package.

Town Budget Adopted; Only Two Cuts Made

No Salary Adjustments To Be Made Until Report of Wages Committee of Directors Given

Manchester will operate on a $3,118,337 budget for the 1951-52 fiscal year. At a special session last night, the Board of Directors approved the budget as recommended by General Manager George H. Waddell but with two cuts totaling $2,088. Waddell's original budget was $3,120,425.

The directors also approved a $321,437 appropriation for the town-owned Water department. This amount is not part of the taxable budget since the department operates on its own income.

The school budget of $1,381,305 had already been approved by the directors at a previous meeting. The total appropriation was passed subject to an amendment that the general manager make no salary adjustments until a report is made by the Board's Wage committee consisting of Directors Walter Mahoney, Ray S. Warren and John Lappen.

Speed-Limit Signs

Another amendment provides that part of the Greenhaven housing project appropriation be ear-marked for 10 miles per hour speed-limit signs there. The veterans' housing project is located off Middle turnpike, east.

Cuts were made in the police and town clerk's budgets. A $1,248 cost of living item was deleted in the police appropriation, and an $840 item in the town clerk's budget.

The question of a salary boost for some town employes stems from a suggestion by Director T. J. Crockett that several engineers in the Highway department receive increases. Some directors feel that a wage boost in one department will require a "down the line" increase for all town employes at resulting high cost.

Chairman Harold A. Turkington remarked that some employes think a raise for certain town employes would be unfair.

Tax Not Definite

In discussing a possible tax rate increase, Waddell pointed out that he has not predicted a definite four-mill boost to 31 mills. The 31-mill estimate contained in his budget message is based on several factors that will undoubtedly vary before next March when the tax rate is set, he said.

The estimated Grand List, for example, is $82,500,000 and this may change. Another factor that would influence the tax rate is the amount of money remaining in the budget at the close of the current fiscal year August 14.

The Development Commission was the subject of some discussion last night with Director Mahoney objecting to a $2,750 item for the printing of brochures. He questioned Manchester's need for such a commission at the present time. General Manager Waddell and a majority of the directors felt that the commission is needed and should be continued.

Many Conferences

Last night's session brought to a close a series of budget talks unusual in that several department heads were called in to answer queries concerning their requests. In the past, Waddell has answered all questions since he spends several hours in conference with the heads each year before presenting his recommended budget to the directors. These sessions resulted this year in the departmental requests being reduced $126,519.

A political undercurrent has marked the sessions. The great bulk of the questioning has been done by Democratic Directors Katherine Bourn and Melvin Hathaway. Some of the Republican directors have stated that the talks have been mostly a waste of time since any changes have been minor, and that the calling in of department heads was a duplication of the effort of the general manager.

22 Work Hour To Save Kitten

Buffalo, N. Y., Aug. 1—(AP)—A motherless 10-day-old kitten about the size of a fat cigar is safe today, thanks to the efforts of 22 men.

The men worked an hour yesterday to free the kitten from a wall where it was born.

The kitten's mother died Monday, apparently after being hit by a car.

Employes of an electrical supply company called the Society for the Prevention of Cruelty to Animals when they heard the kitten crying.

An SPCA agent and 21 other men worked with hammers, saws and chisels to free the kitten, which was turned over to the SPCA.

The mother had crawled about 15 feet through the wall to give birth to the kitten.

Denies Common Use of Strike

Waterbury, Aug. 1—(AP)—President Mitchell Sviridoff of the State CIO council took exception today to a State Supreme Court observation that the strike is "the common method of enforcing recognition and collective bargaining."

The statement, he said, "could give people a wrong impression as to how unions achieve their goals."

The court made it this week in the Norwalk Teachers association case in ruling that while public employes may organize, they do not have the right to strike against the public welfare. Sviridoff, a member of the State Board of Mediation and Arbitration did not comment on the servation on the use of the strike, he said:

"Unions obtain recognition in the great majority of instances through the peaceful procedures of representation elections, conducted either by the National Labor Relations Board, by state labor relations boards or other impartial agencies.

Jenner made the first inoculation for smallpox in 1796.

OLDER FOLKS OFTEN HAVE "TIRED" BLOOD
As you get older, when your color is bad and you feel tired, "all in," the chances are as high as 8 in 10 your blood is below par. Then it's time to try Geritol—the scientific blood tonic made especially for people over 35. Pale, weak blood leaves you "logy," tired and "blue." Red, healthy blood goes with dynamic energy—invites that "million dollar" feeling. Geritol's action is amazing—within 24 hours Geritol iron appears in your blood. Geritol also contains remarkable Vitamin B12, the wonders of which were described by Reader's Digest. If your doctor says you need an iron-blood tonic—get Geritol at your drugstore today. See how much better you feel as your color improves and tiredness goes.

Hot August Seen By Weather Men

By THE ASSOCIATED PRESS

August got off to a hot start today and the U. S. Weather bureau expects the whole month to be even warmer than usual.

It continued hot and humid from Texas and the Gulf States northeastward into southern New England. The hot spell in the western states showed no signs of an immediate breakup. Temperatures yesterday hit 103 at Boise, Ida., and 101 at Miles City, Mont.

There was a little cooler weather in parts of the Midwest and in northern New England. Thundershowers were reported from the eastern Great Lakes region and Appalachians southwestward to the upper Ohio valley.

The U. S. Weather bureau in Washington in a long-range forecast, said the outlook for August indicates temperatures above the seasonal levels for most in the country. However, below normal marks are indicated along the West Coast and in the Southeast and near normal readings in the North Atlantic states and Ohio valley.

South Coventry

Mrs. Pauline Little
Coventry 7-6281

Eight students of Coventry Day School in South Coventry with Don Glenn Churchill, Sr., headmaster, and Don Glenn Churchill, Jr., will leave Friday for a four-weeks 8,000-mile tour of the southern states to Mexico City, Mexico. Upon completion of this twelfth "New Horizons" school trip planned by the pupils, two of the school's girls will have been in 45 of the 48 states in the union. The only three states the girls missed out on are Washington, Oregon and North Dakota. They will have also visited in Canada, and Mexico before entering high school. The girls are Jeanette Constantine daughter of Mr. and Mrs. Fred Constantine of Route 44A in North Coventry, and Alice Carter daughter of Professor W. Harrison Carter, Jr., head of the University of Connecticut economics department, and Mrs. Carter of Storrs. Taking the four also will be Judith Crowe of Storrs, Barbara Kune of Manchester, Margaret Carter of Windham Center, William Conlin of Manchester, Blair Prentice of Manchester and Margaret McKinney of Bolton. Some of the places of interest to be visited on the way to Mexico City will be Washington, D. C., the first night, Blue Ridge Mountain highway through the mountains to Great Smoky Mountains and on to the TVA project in Chattanooga, Tenn., Memphis, Tenn., crossing the Mississippi to Little Rock, Ark., Austin and San Antonio, Texas. On the Pan American highway in Texas the group will go to Laredo on the border and to Monterey, N. Mex., and on to Mexico City where they will spend a week. The return trip beginning about August 16 will be by way of Brownsville on the border to Houston, Texas and New Orleans, La., where they will spend two nights. From there they will go to Mobile, Ala., Tallahassee, Fla., St. Augustine to visit the Marine Museum and on to Jacksonville, Fla. From here they tour up the coast to Savannah, Ga., Charleston, South Carolina, Raleigh, N. C., and up to Norfolk, Va., to visit the Naval base. Here they cross the Chesapeake Bay and continue through Maryland and stop at Dover, Del., up through Philadelphia, Pa., New York City, N. Y., and home. In Mexico City, Mexico, Mr. Churchill states the average temperature at the 7500 ft. high level is about 62 degrees in August.

The Booth-Dimock Memorial Library benefit performance tonight will be in the auditorium of the George Hersey Robertson School on Cross Street. Richard Partridge of Manchester will be master of ceremonies of the eight acts of professional vaudeville. The talent is from Hartford, Manchester, Saybrook, Windsor. C. Davis Calkins is in charge of arrangements. Mrs. Thomas W. Rider is in charge of tickets.

Jane El Tyler of Morland Farm and Kay Bissell of Cross street South Coventry have just returned from two weeks' vacation at Camp Aya-Po in Somers.

Marguerite "Gretel" Tyler of Morland Farm is spending a month at the Vineyard Sailing Camp at Martha's Vineyard, Mass. Also at this camp for a month is Kendall Passmore, son of Lt. Col. and Mrs. G. H. Passmore of Mansfield Four Corners.

John "Hans" Tyler, also of Morland Farm is spending August at the National Boy Scouts of America ranch, Philmont at Cimarron, New Mexico. Hans made the trip with a troop from the Narragansett, R. I., Council, BSA.

The Boy Scout Troop 57 Committee will meet tonight in the Boy Scouts clubroom in the Nathan Hale Community Center. Upon adjournment of the meeting the group will attend the Booth-Dimock Memorial Library benefit at the Robertson School auditorium.

Gerald Carpenter of Pasadena, Calif., is spending a few weeks' vacation at the home of his mother Mrs. Annie Carpenter on Wall street.

The League of Women Voters of Mansfield will have an annual picnic Saturday at 6 p. m. at the Morland Farm on Pucker street, South Coventry. The group will hear a report from Horace-Seeley Brown, representaive of the Second District. Mrs. W. H. Pasfield of Hillside road, Mansfield Center, is in charge of the picnic.

Members of the Frisky Needles 4-H Club plan to enter their sewing projects in the twentieth annual 4-H town fair August 16 at the Church Community house in North Coventry. Miss Naomi Griffith is club leader.

Visiting with friends and relatives in Coventry this week has been Private Edward Breen, son of Mr. and Mrs. Louis Breen of Spring Hill, Mansfield, formerly of South Coventry. Pvt. Breen flew back to Camp Rucker, Ala., where he is stationed with an artillery division, after a two-weeks' furlough with his parents.

A Well-Child Conference will be conducted August 16 from 10:30 to noon at the Nathan Hale Community Center in South Coventry. Dr. James T. Anderson, , pediatrician, of Windham and Willimantic, will be in charge. Mrs. Henrietta Christensen, RN, of the State Department of Health will be assisted by Mrs. Lawrence C. Latimer and Mrs. Eugene Rychling of the Young Mothers Club of South Coventry, project sponsors. Appointments are to be made with Mrs. Rychling at Coventry 7-6416. About 13 of 14 appointments are available to date.

Walter VanArsdale will resume his Saturday morning art classes beginning Saturday at his studio on Ripley Hill in South Coventry. Instructions will be given in landscape painting and still-life for beginners and advance students. The series of eight sessions will be conducted from 10 a. m. until noon. At the close of the session there will be an exhibition at the studio of the work. Further information may be obtained by telephoning Mr. VanArsdale.

Indiana to Fight Ruling by Ewing

Indianapolis, Aug. 1—(AP)—Indiana planned speedy court action today in an attempt to continue receiving about $18,500,000 in federal funds to help carry out its welfare program.

Court action was mapped yesterday after Oscar R. Ewing, federal social security administrator, announced Indiana was cut off from federal welfare funds.

Two court suits will be filed, probably in Indianapolis and Washington, J. Emmett McManamon, Indiana attorney general, announced. He said he will ask for a declaratory judgment in the case in southern Indiana Federal court at Indianapolis. The second suit, he said, will ask for a writ of manadmus to force Ewing to continue the federal grants.

McManamon said: "It seems very strange to me that an appointed administrator would rule on a question which means so much without a review by the courts."

Ewing said he acted because he had no choice under a new Indiana law opening the names of welfare rolls to public inspection. A federal law requires that names of recipients of federal welfare funds—the aged, blind, and dependent children—be withheld from the public.

The law was passed at the 1951 Republican-controlled Indiana legislature. Gov. Henry F. Schricker vetoed the law but his veto was overriden.

Zone Issue Still Balks Truce Talk

(Continued from Page One)

stead of being confined strictly to military questions.

An official communique said delegates "failed to make progress toward an agreement" in their two-hour and 25-minute session Wednesday. Nuckols said he wouldn't call the talks stalemated.

To Meet Thursday

Negotiators agreed to meet again Thursday. That will be their 17th session and the seventh at which creation of a buffer zone was the paramount issue. The meeting was set to start at 11 a. m. (8 p. m. Wednesday, EST).

A possibility the Red negotiators might then propose a recess of several days was suggested by Communist propagandists outside the meeting hall. Such recesses have broken two previous deadlocks.

U. N. spokesmen say that the old political boundary between North and South Korea is militarily indefensible. The Allies want, in the words of Wednesday's U. N. communique, "a realistic demilitarized zone, equitable to both belligerents."

At Tuesday's session, Joy had explained how the Communists would benefit from the Allied plan of creating a buffer zone along present lines.

Present Battleline

The battlefront now extends across Korea from a point in the west just south of the 38th parallel, northeasterly along the Imjin river between Kaesong and this U. N. advance camp into North Korea and thence eastward across mountain ridges to the east coast about 25 miles north of the parallel.

At the end of Wednesday's session, the U. N. communique announced: "The basic views of both the United Nations command and the Communist delegation remained unchanged."

Communist propagandists outside the conference hall told U. N. newsmen they thought a two or three-day recess might be proposed to break the deadlock.

An American spokesman at Kaesong said he had heard nothing of such a possibility.

Twice before, when negotiators reached an impasse, a solution was found in a three-day recess.

The first such break came July 12 when the U. N. demanded the Reds withdraw their armed guards and permit newsmen to come in with the Allied party. Talks resumed when the Reds capitulated.

The second break was suggested by the Reds. On July 21 they asked for a recess to consult their governments on the Communist demand that the armistice provide for withdrawal of foreign troops from Korea. At the end of the recess they agreed to subsequent negotiation of this point at a higher level.

Full 20 P.C. Rent Hike to Hit Few

(Continued from Page One)

fense Production administration (DPA).

Also, wherever a new rent designation is made, some degree of relexation of credit controls is mandatory. DPA and housing officials will decide how much.

Weigh New Problems

Rent Stabilizer Tighe Woods, who heads the new ORS with authority in his field parallel to that of Michael V. DiSalle over prices, gathered his staff today to go over its new problems and responsibilities.

One obstacle to a swift restoration of ceilings in defense areas, he indicated, is a money shortage. Congress has not supplied new, fiscal 1952 appropriations, so the agency is working on a stop-gap extension of its appropriations for the year ended June 30.

The new law does not affect states, cities or towns which have decontrolled themselves, nor does it change the "local option" power of cities, counties and states to decontrol themselves.

However, if a community does vote for decontrol, Wilson and Secretary Marshall may, after 30 days, restore federal ceilings by re-certifying it.

Has Rent Powers

And any community which has already decontrolled may, by its own action, ask for reimposition of federal control. This would apply to states, like control-free Texas, as well as local governments.

States which have their own rent control laws, like New York, will continue to operate under them instead of the federal statute.

Stabilizer Woods has the authority to recontrol rents in non-critical areas, but only to the extent previously allowed. This forbids ceilings on rental homes built since February, 1947, on rented spare rooms, on hotels and tourist courts. Woods may reestablish ceilings wherever he decontrolled them voluntarily.

Woods may also, for the first time, put rent ceilings on federally-subsidized public housing. The new law does not, however, apply the 20 per cent increase formula to apartments built under Federal Housing administration (FHA) mortgage insurance, in which rents are fixed by contract between FHA and the apartment management.

October Draft Quota 41,000

(Continued from Page One)

the third month of drafting for the Marines.

In the August-October period the Marines expect to draft 18,180 men in addition to obtaining recruits through a continuing volunteer program.

The October call for 41,000 is the highest monthly draft quota since March when 80,000 men were requested, all for the Army.

Drafting dropped to a low for the Korean war period in July when only 15,000 men were inducted by the Army.

The total number drafted or called for induction since September 19, 1950, is 675,180. September was the first draft call after the Korean fighting began.

Fallot Studio's Drawings Made

Fallot's Studio, 70 East Center street, today held drawings for the month of July. Winner of first prize of a camera with case was Mr. Lloyd of 17 Spruce street. Second prize of an 8 x 10 enlargement was won by Donald Kuehl of 51 Walnut street. The winning stubs were drawn by Mrs. Edna Schueta of the Clarence H. Anderson insurance agency. Each month, May through September, the Fallot Studio awards these same prizes. Persons bringing in snapshot films for developing and printing are which enables them to participate given a ticket with each order in the drawing held at the end of each month.

Truman Lashes New Curbs Law

(Continued from Page One)

must now be made. A month ago OPS said the orders would bring consumers more rollbacks than increases. Today it said the impact on family budgets is "uncertain."

Major Developments

Yesterday brought five other major developments in the controls field:

1. The Wage Stabilization board extended indefinitely its allowance of cost-of-living wage increases which are tied to the government's price index.

President Truman, predicting the new law will mean bigger prices for manufacturers, wholesalers and retailers, said it will be necessary also to "allow reasonable adjustments in wages."

"We cannot ask the working people of this country to reduce their standards of living just to pay for the higher profits this act provides for business," he said.

2. OPS formally abolished its slaughtering quotas, intended to prevent a flow of meat into black markets, in conformity with the new law.

It also cancelled two scheduled 4½ per cent rollbacks on live cattle prices—which it has said would have cut nine or 10 cents a pound from butcher-shop beef prices. Cattle prices have been rolled back as far as the new law allows for farm products.

3. OPS clamped ceilings on prices of goods exported from the U. S., to conserve home supplies and help the nation's Allies combat inflation. Exporters may not add more than the pre-Korea percentage mark-up to current domestic prices.

4. The Office of Housing Expediter (OHE), now armed with stronger rent control powers, disappeared as such. Mr. Truman ordered its main portions transferred to Eric Johnston's Economic Stabilization agency.

Reborn as the "Office of Rent Stabilization," OHE will function under ESA as an office parallel to OPS and the wage board. There was no sign Mr. Truman would displaced its head, Tighe Woods.

5. OPS poured out a dozen additional orders, many containing rollbacks but having small impact on living costs. They affected such materials as rubber products, reclaimed rubber, brass and copper scrap, lubricating oils and greases.

Price officials insisted they were not trying to "beat" the new law or "contravene the intent of Congress." But they admitted many of the orders couldn't have been issued if they had waited until today.

Asks Law Changes

CVS Director DiSalle reportedly has urged Mr. Truman to call for immediate revision of at least two sections of the law:

First, the ban on livestock slaughtering quotas. Bills already have been introduced to revive this authority.

Second, the so-called "Capehart amendment" which—while allowing rollbacks on non-farm items to pre-Korea levels—requires OPS to recognize increases in costs of labor, materials and business "overhead" up to July 26. Senator Capehart (R-Ind) backed the amendment.

Truman Angry

The scorching statement with which Mr. Truman accompanied his "reluctant" signature ticked off, clause by clause, the portions he did not like.

It bans rollbacks deeper than the 10 per cent already ordered on beef, he said, and makes "effective rollbacks on other cost-of-living commodities practically impossible."

It will roll price ceilings to "heights we cannot yet foresee," because even after the specified levels are reached "we may not be able to keep them from going still higher."

Mr. Truman said the Butler-Hope amendment, wiping out controls on the number of cattle each slaughterer may kill, will encourage "the return of black markets."

The Capehart amendment, letting prices reflect cost increases not previously recognized, he said, "is like a bull-dozer, crashing aimlessly through existing pricing formulas, leaving havoc in its wake."

"If we are to prevent the weakening of our economy, we must change these provisions and others just as bad," the President said, adding:

"As soon as the executive agencies can complete their study, I intend to urge the Congress to revise and strengthen this law, point by point, to give us the tools we need to fight inflation."

Picard Won Five

Cleveland—(AP)—Henry Picard, home pro at Cleveland's Canterbury course, has won three of the five major American golf tournaments. He copped the North and South Open twice, the PGA and the Masters.

Pravda Assails Morrison Appeal

(Continued from Page One)

dom to "thieves, subversive agents, terrorists and assassins."

Morrison pegged his appeal to the Russian people on the argument that ignorance breeds fear and fear leads to violence. He said the possibility of a third world war would be lessened if Russia lifted restrictions and permitted western views and visitors to circulate freely.

Meanwhile, Russia's new English language propaganda magazine, News, offered to open its columns to American writers for the purpose of promoting "friendly relations." The offer was directed specifically to The New York Times.

(In New York, The Times said it had no comment on the offer.)

In his 1,500 word statement, Morrison called untrue the Soviet propaganda line that Britain, in alliance with other European countries and the United States, is "arming to the teeth to attack the Soviet Union."

He said the main purpose of the Atlantic pact is to avoid war and preserve the peace.

The Foreign Secretary said his government had intended to devote its energies to the economic recovery of England, but was forced to switch to rearming when it realized that Soviet Russia had adopted a postwar policy "whose only purpose seems to be to stir up trouble and international hatred."

If the Russian people were allowed to leave their country and travel about more, Morrison said, they could learn a lot about the West's friendly intentions.

No Free Speech for Foes

Pravda, which has a circulation of more than two million, rejected Morrison's charge that there is no freedom in Russia.

"In no country is there such freedom of speech, and freedom of organization for workers, farmers, and intellectuals as in the Soviet Union" it said in a 2,600 word rebuttal. But, the paper added:

"In the U.S.S.R. freedom of speech, freedom of the press and freedom of organization does not exist for the enemies of the people, for the landlords and capitalists overthrown by the revolution. Nor does it exist for incorrigible thieves, for subversive agents, terrorists and assassins sent in by foreign secret services."

It said the prisons and labor camps of Russia exist "for all these criminals."

As for allowing BBC (British Broadcasting corporation) broadcasts to reach Russian ears untortured by jamming Pravda argued:

"They are known to be aimed primarily at encouraging the enemies of the Soviet people in their efforts to restore capitalistic exploitation."

Much of Pravda's reply harped on the theme that present British and American political leaders are "instigators of a new world war" and have proved that in Korea. It asserted that no Russian soldier has "discharged his gun at any peaceful people."

Most London newspapers ran editorials welcoming the Morrison-Pravda exchange as perhaps opening a chink in Russia's propaganda armor.

But the Daily Express which devoted only half a column to the story, commented editorially:

"Only the cable companies benefited from the exchange."

12 Reds in Jail On Bail Failure

(Continued from Page One)

the Federal court for arraignment and pleas.

Charges Prejudice

But Ben Margolis, attorney for the four held here, at once launched a fight to prevent Federal Judge James A. Carter, before whom the indictment was returned, from hearing any part of the case. Margolis contended the judge must be prejudiced because formerly as U. S. attorney here he prosecuted cases involving some of the defendants.

The lawyer also said that in public speeches and remarks, Judge Carter had declared he would like to "wipe out" the Communist party on the West Coast. The judge, however, said he didn't believe that his expressed opposition to Communism disqualified him and, further, that he holds no animosity or personal feeling against any of the defendants. He said he would hear the arraignment phase, at least, although the case might later be set for trial before some other judge.

Margolis switched tactics then and said he did not wish to enter a formal motion for reduction of bail at this time. Judge Carter continued the arraignment and plea to Aug. 13.

Manchester Man In Bristol Crash

(Continued from Page One)

treated at the scene for minor bruises.

A third vehicle, traveling in the same direction, swerved into a hedge causing damage to the hedge in an attempt to avoid the auto and motorcycle. This car was driven by Silas Harmon, 21, of 120 Laurel street.

One arrest was made by Sgt. William Thompson, Patrolmen Adam Klimek, John Benvenuto and Lawrence Ragotte. Harmon was arrested for operating without a license. It was raining at the time of the accident. On July 5, two accidents occurred at the same spot, also within five minutes of each other.

Mystery Ball Heads Eastward

(Continued from Page One)

Warren, then Youngstown, then about 15 miles south of Mercer, Pa., and heading in the direction of Harrisburg, Pa.

Fred Branden, meteorologist at Youngstown Municipal airport, examined the balloon through a high powered telescope and said he detected seams on its surface.

Selfridge Field reported two F-86s intercepted the balloon at 45,000 feet between Cleveland and Akron and reported it "still going up." Selfridge Field fliers said they believed it was a weather balloon, but were not absolutely certain. They said it probably will keep rising until it bursts. The F-86s returned because of fuel shortage. A flight from greater pittsburgh air base now is looking for the balloon.

Chester Watson, senior air control officer at the Cleveland Hopkins airport, said the balloon, as reported by three airlines pilots is between 150 to 200 feet in diameter.

Bargains Listed by The Inquirer

JANTZEN-KNIT SKIRTS, SWEATERS, AND SOCKS come in the most heavenly colors to match or mix in the new line shown at BLAIR'S, 757 Main Street. Made of "Kharafleece," an exclusive Jantzen yarn that combines wool, nylon, and vicara, the sweaters and skirts defy wrinkles and wash beautifully — as do the spun nylon socks. Eight deep tones in the skirts, at $11.95, can be matched in a variety of styles in pull-over or coat sweaters or harmonized with nine lighter shades at $7.95 to $11.95. Socks, at $1.15 a pair, match the seventeen sweater colors.

Tuna-Noodle Casserole

Ingredients: 1 tablespoon salt, 3 quarts boiling water, 8 ounces egg noodles, 1 seven-ounce can tuna (drained), 1-2 cup sliced ripe olives, 1 cup milk, 2 cups grated cheddar cheese, 1 teaspoon salt, freshly ground pepper.

Method: Add salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. In a large bowl, mix remaining ingredients with cooked noodles lightly but well. Pour mixture into a 1 1-2 quart casserole; cover. Bake in moderate (350F.) oven 30 minutes.

ANKLETS ARE BARGAIN-PRICED because of slight irregularities and because not all types and colors are available in every size at Cheney's. But practically every wearer of anklets for sports or school can find wearable colors, in sizes 9 to 11, in a regularly $.59 quality at three pairs for $1.25, or $.45 a single pair, at the CHENEY BROTHERS REMNANT SALESROOM.

If you are redoing your kitchen consider the advantage of having one wooden counter top suitable for cutting. This saves getting out and putting away a separate cutting and chopping board.

A tablespoon of mayonnaise mixed with a tablespoon of prepared mustard makes a good dressing for a salad of canned tuna and celery. Add a little chopped sweet pickle, too, for zesty flavor.

MARCASITE JEWELRY glitters with becoming high-style in the varied pieces shown at MATHER'S AT THE CENTER. A delicate flower design is exquisite in a necklace at $12.81, including tax. A good-sized "sunburst" broach would add distinction to any costume. Also nice for evening or afternoon wear is a set of RHINESTONES at $8.05 and up, with smartly dangling necklace and triangular earrings. Rhinestone bracelets may be priced as low as $1.36 for the touch of glamor.

If there's a handyman in your house, prevail upon him to make this convenient rack for your shoes. A slanting shelf attached to the lower part of your inside closet door, the rack is simple and inexpensive to construct. Needed are a piece of board 26 by 12 inches; enough one-inch lumber to cut a couple of triangles 12 by 12 by 14, and a strip of half-round molding. The last is nailed on as a heel-catcher, to prevent your shoes from sliding down into the trough of the rack.

DISTINGUISHED TOWLE STERLING SILVER FLATWARE HAS BEEN REDUCED IN PRICE. The elegant designs, from classically simple to lavishly ornate patterns, are now priced at only $27.50 per place setting at the DEWEY-RICHMAN COMPANY, 767 Main Street. Towle, like other fine silver by International, Wallace, and Gorham, may be procured on the Silver Club Plan of $1.00 weekly for each place setting.

Strips of liver may be rolled in flour seasoned with salt and pepper and then fried in deep fat until they are done. A pound of liver cooked this way will make six servings. Have the liver cut about one-half inch thick.

Pretty Pineapple Perk-Up

2680

By Mrs. Anne Cabot

Bring a new look and freshness to your upholstered chair with this handsome set. Pretty pineapple motifs form a stunning fan-like back and arm rest pieces which are quickly and easily crocheted, even for a beginner.

Pattern No. 2680 contains complete crocheting instructions, material requirements, stitch illustrations and finishing directions.

Send 25c in coins, your name, address and the pattern number to Anne Cabot, The Manchester Evening Herald, 1150 Ave. Americas, New York 19, N. Y.

Needlework Fans—Anne Cabot's Big Album is here. Dozens of fascinating designs, gifts, decorations and special features . . Plus 4 gift patterns and directions. 25 cents.

When choosing a mattress, make certain the ticking is strong enough to resist stretching with use. Drills, sateens, damasks and print cloths weighing eight ounces to the yard, are considered best by bedding experts.

A THREE-CENT SALE OF NOTIONS AND SCHOOL SUPPLIES has appeal for the thrifty at the Notion Department of the J. W. HALE CORP. All sorts of small necessities and conveniences for sewing, house-keeping and school work are priced at "next-to-nothing." Since quantities are limited, one should investigate at once.

Deviled Crab

Ingredients: 2 cans crabmeat, 1 small onion (minced), 3 tablespoons butter or margarine, 2 tablespoons flour, 1 teaspoon dry mustard, 1 cup milk, 1-2 teaspoon salt, 1-4 teaspoon pepper, 2 sprigs parsley (minced), 1-2 teaspoon nutmeg, 1 egg (beaten), 1 cup grated Italian cheese.

Method: Pick over crabmeat and remove fibrous membranes. Set aside. Saute onion in butter until tender but not brown. Remove pan from heat and stir in flour and dry mustard until well blended. Gradually add milk and stir until smooth. Return pan to heat and cook sauce, stirring constantly until thick. Add salt, pepper, parsley and nutmeg. Stir a little of the sauce into the beaten egg and then add egg mixture to hot sauce. Return to low heat and stir constantly; remove from heat before sauce boils and stir in grated cheese and crabmeat. Turn into 6 or 8 individual ramekins or shells. Brown in a hot (400 deg. F.) oven about 10 minutes or until top is brown.

Hyde's ROTO-ROLLER FOR HOME PAINTERS is a new device that simplifies painting. The light-weight roller of plastic is perforated to give an even flow of paint through an easily cleaned cover, eliminating lapping or dripping. The roller takes all sorts of paint—enamel, flat wall paint, ceiling paint, rubber-based paints. You'll find it at the JOHNSON PAINT COMPANY, 699 Main Street.

For best reflection of light, choose a lampshade that's lined in white or near-white. Dark linings tend to absorb light rather than bouncing it out into the room.

How do you store matches? Do you put them in a metal container away from the stove? Overheated matches may ignite and cause a fire.

PLAYTEX SUPER-FOAM PILLOWS are a tremendous asset to sleeping comfort. The "foam" content gives just the right support without needing to be punched up from sagging. Best of all these pillows are allergy-free—a boon to sufferers from ordinary pillows. They are $9.95 at KEPM'S, INC., 763 Main Street.

Electric coffeemakers come in varied sizes, ranging from six-cup to 24-cup capacity. Some of these coffeemakers work automatically so that when the coffee is ready the electricity shuts off; some models maintain a low temperature so that the coffe stays warm until it is served.

Drop biscuits, made by adding a little more liquid to strandard baking powder biscuit dough, are excellent to use for shortcake.

A COMPLETE LINE OF BIGELOW RUGS is conveniently available at the MANCHESTER CARPET CENTER, 308 Main Street, with Bigelow-trained servicemen to install wall-to-wall carpeting. All sizes and a full color range of these nationally known rugs makes a satisfactory choice easy.

A small head of green cabbage may be cut in wedges and cooked in a little milk in a covered heavy saucepan just until tender. Season with salt, freshly-ground pepper, and a little Worcestershire sauce, and serve in sauce dishes with the pan liquid.

Most children like chilled milk whipped with mashed vanilla ice cream as a drink; flavor with a drop of vanilla.

CUSTOM-BUILT TABLE AND CHAIR SETS of gleaming chrome and beautiful colors in quality plastic are superior values at the MANCHESTER FLOOR COVERING COMPANY, 721 Main Street. Styled for harmony with antique or stream-lined furnishings, the beauty of the sets is matched by the simplicity of keeping them in pristine condition. There are breakfast sets and bridge sets with folding table and chairs—so handy for use in various places indoors and out, and expansion-type dinette sets. Look over the display at the store to see what elegance and convenience is available.

When your children want a mid-meal snack try offering them carrot sticks and a handful of raisins.

A breakfast which includes fruit, cereal, milk, bread and butter will supply from one-fourth to one-third of the day's food needs.

LODGE EMBLEMS for men and ladies, as well as for Rainbow Girls, come in a variety of charming forms at MATHER'S AT THE CENTER. There are lapel pins in metal or colored enamel for practically every fraternal organization. Rings are available for many organizations in styles for "him" and "her." Tie slides and tie chains add to the possibilities of gifts to satisfy a special interest.

If steady traffic over a certain area of your rug has crushed the pile, or if small pressed-down spots show where you've shifted furniture, try this method for fluffing the wool again: Cover the crushed sections with a damp cloth, and then go over the cloth with a hot iron. Be certain not to apply too much pressure to the iron. The next step is a brisk whisking with a stiff-bristled brush. Repeat the process if the first treatment doesn't yield satisfactory results.

Newest in Campus Styles

8751 11-20

By Sue Burnett

Certain to rate an A with every junior is this clever campus frock that's so versatile. And note the smart details for a new season—pleated skirt, button down collar, narrow tied belt.

Pattern No. 8751 is a sew-rite perforated pattern in sizes 11, 12, 13, 14, 16, 18, 20. Size 12, short sleeve, 4½ yards of 35 or 39-inch.

For this pattern, send 30c in coins, your name, address, size desired, and the pattern number to Sue Burnett, The Manchester Evening Herald, 1150 Ave. Americas, New York 19, N. Y.

The Fall and Winter issue of Fashion is just what you've been waiting for—a complete guide in planning a wearable wardrobe for a new season! Gift patterns printed inside. 25 cents.

NYLON PARACHUTE CLOTH, containing easily-avoided slight irregularities, is a superb buy in Cheney quality at $.50 a yard. Available in white only, there's a plain weave and a faint check, either delightful for curtains or blouses, at the CHENEY BROTHERS REMNANT SALESROOM.

Raspberry sauce, although traditionally served with peaches and vanilla ice cream as in Peach Melba, is equally delicious on pears.

For a luncheon or supper dish serve poached eggs over creamed spinach and top with crisply-cooked bacon.

OUTSIDE WHITE PAINT, mixed to their own specifications for local use, is confidently supported by the McGILL-CONVERSE COMPANY, 645 Main Street, and the NORTH END PAINT AND WALLPAPER COMPANY, 249 North Main Street. A brilliant, non-yellowing white that is "self-cleaning," the paint still contains the valuable ingredient of white lead. A very special price at either store is $5.55 a gallon or $4.95 for a house lot. Their experience is your assurance of satisfaction.

Season a veal stew with salt and freshly-ground pepper and plenty of paprika, and be sure to add a clove of garlic.

FISHING OR BOATING NEEDS to round out the summer's fun-schedule are readily found at the McINTOSH BOAT COMPANY at the north end of the Purnell Parking Lot. From inexpensive "tackle" to the most professional, from life-saver cushions to motors and new boats, they are well stocked. (If an old boat has given out, you can trade it in, too).

Heed warning signs that tinned foods have spoiled. Be suspicious of bulging cans, leaking cans or cans with split seams. It's best not to risk even a tiny taste, since very small amounts of ruined foods can cause dire results. Make certain, when you discard such a can, that you make permanent disposal. Casual throwing out might result in accidental eating by pets or small children.

BARGAINS IN CHILDREN'S CLOTHES are budgeteer's delights at the MONTGOMERY WARD COMPANY. A group of children's shorts, formerly $.98, are now $.77 in solid cottons, striped seersucker, or amusing scenic designs, while another group of trim boxer shorts for boys are repriced from $.79 to $.57, all in the 3 to 6x sizes. Gay shirts, in the same size range are reduced from $.98 to $.77 in cotton plaids or prints or Hawaiian-type rayons. Cotton sweaters for the small fry are only $.97 in bright stripes or western-scene popularity. In the 7 to 14 sizes, a nice choice of fine-combed yarn sweatshirts with broad horizontal bands or color or gay stripes is reduced from $1.29 to $.97.

It's easier to wash socks than to clean the upholstery of your car, so try this trick next time you take the children traveling. Pull on a pair of clean socks over their shoes. Their feet will stay warm and the seat covers will remain unsoiled.

The PINE PHARMACY at 664 Center Street offers in air-conditioned comfort an innumerable variety of necessities for beauty, personal care, and home-making convenience. The FAVORITE COSMETICS for men or girls include a refreshing hot-weather cologne and creams to combat summer suns' effects. A useful mirror for shaving or make-up, at a trifling $.79, may be hung or stood on a bureau. New Playtex mitts are splendid for protecting both skin and nail-polish "jobs" for work in house or garden. They have Glass Wax and floor polishes, as well as a new "Plasticote" car polish that protects as well as cleans. Stopping at the Pine Pharmacy pays dividends.

If you spill grease on the floor, do you wash the whole area thoroughly? Just a little grease on the floor may cause a nasty fall.

SOLID STICK COLOGNE IN PURSE SIZE is a most appealing aid to comfort and personal freshness during the hot weather. At QUINN'S PHARMACY, one finds the popular Old Spice lines in "Old Spice," "Desert Flower" and "Friendship Garden" fragrances in this handy stick at $1.00, plus tax.

Next time you're invited to a smorgasbord begin with the herring and anchovy dishes. Then take a clean plate and go on to the other cold fish and salad combinations and the cold cuts. End with a tasting of some of the hot dishes such as meat balls and egg concoctions.

NAME TAPES for young people going away to school, for servicemen, and for items of family laundry are worth having in the colorfast variety shown at the SINGER SEWING CENTER, 832 Main Street. Full names in print or script are $1.25 for 6 dozen or $1.00 for 3 dozen. Two-line tapes for name and address or rank are $1.75 for 6 dozen. Small tapes with just initials are $1.25 for 12 dozen.

To clean the plastic upholstery often found on fine metal furniture use a mild solution of soap flakes and water, followed by a good polishing with a soft rag. A coat of clear leather polish also will help the gloss.

HELENA RUBENSTEIN'S BEAUTY PAIRS are now special bargain offers at the WELDON DRUG COMPANY. The famous cosmetician's delightful products are "two for the price of one," just now. Among the various combinations are Silk Screen Powder and Silk Tone Make-up for $1.50; a bottle of choice cologne and a cologne stick for $.75; double treatment for either dry or oily skin at $1.25; waterproof mascara and eye pencil for $1.00.

Easy way to prepare prunes is to fill a quart jar with tenderized prunes, add boiling water to cover, and put on the jar lid. Keep in the refrigerator for a few days and then serve.

SILVER HOLLOW WARE includes many pieces that make a special bow to summer hospitality in the handsome display at MATHER'S AT THE CENTER. There's a Chippendale bowl, for example, to glorify fruits or salads, a distinguished pitcher for summer beverages, and a huge and ornamental dish for aspics or a one-dish supper serving. These are lovely to own and beautiful to use as gifts.

For Blueberry Muffins, there's an easy way. Just add the little blueberries to an eight-and-one-half-ounce package of muffin mix and you'll have eight to 16 muffins, depending on the size of your pans.

CHENEY'S "ORLON" is a superb new curtain fabric, forty-eight inches wide, which combines the best features of mid-century technique—ease in making up, speed and simplicity of laundering, durability, and beautiful, light-admitting sheerness. Silky-soft in texture, Orlon is selling at the very special price of $.75 a yard at the CHENEY BROTHERS REMNANT SALESROOM.

CAT DIES AT 21

Long Beach, Calif., Aug. 1—(AP)—Fatima, a Persian cat, died at the good old age of 21 yesterday.

Her owners—Mrs. Fred Williams and her daughter, Mrs. Fred King—believe Fatima was one of the oldest cats in the United States.

The cat could be compared to a human being 147 years old.

Church Drops Italian Priest

Negrini States He Will Marry Chicago Girl As Soon as Allowed

Milan, Italy, Aug. 1—(AP)—Luciano Negrini said today he had been expelled from priesthood in the Roman Catholic church and that he was racing with time to get legal permission to marry American-born Claire Young.

Miss Young, 21, is held in jail here awaiting deportation Aug. 6.

From her jail cell she asked the U. S. Consulate for clearance to marry the former missionary she followed here from Chicago after they fell in love.

A police official said Mrs. Eileen Young, the girl's mother, has asked American authorities to refuse clearance for the marriage—which is required by Italian law—on the grounds she is not rational.

Officially Expelled

A terse official notice from his church superiors said he was "expelled." Negrini said.

He said "this means now I can freely do what I want" and added his first act would be to marry the young girl who loved him so much she tried to throw herself from a police station window on July 28 when she was refused permission to remain in Italy any longer.

"If possible we will go back to the United States but that is not important now," Negrini told a reporter.

"This is a race against time," the 43-year-old Negrini told reporters after he had visited the daughter of a Loyola University professor in Chicago at her prison.

To Ask Permission

Negrini, former Catholic missionary to China who met Claire during a fund-raising visit to the United States, said he will apply today for the official papers required for marriage in Italy. One of the papers required of foreigners is clearance from their consulate saying there is no objection to the marriage.

Italian authorities have announced they will ship Claire home aboard the U. S. liner Independence Aug. 6. She was jailed Saturday after she tangled with police authorities who refused to renew her expired permit to stay in Italy.

But the new marriage plans may put off the deportation order.

See Miss Young

Negrini was allowed to see Miss Young yesterday after announcing his willingness to marry her. Claire came to Italy last month, despite the strong opposition of her family, with the avowed intention not to leave until she had wed the priest she loves.

Miss Young sent a request to the Consulate for clearance for the marriage, and said if it was refused she no longer wants to be considered an American citizen.

Negrini said that, at the suggestion of Deputy Police Chief Gabriele Mundo—who was taken on the peculiar role of cupid-jailer— he will see Miss Young in the prison again this afternoon and ask her to write a letter to Italian authorities begging forgiveness for the hysterical action which got her imprisoned.

"If Claire agrees to write the letter," said Negrini, "I hope that she will be able to regain her freedom tomorrow."

Navy Hits Bottom On Oyster Forks

(Continued from Page One)

Scrivner (R-Kans), "20 pieces of silver for a mess looks like quite a few in an emergency mobilization." He aded: "I'm sure that if an emergency arose, the Navy would be able to do its usual good job without them (oyster forks)."

Make Ships Homelike

Fox said the Navy likes to make its ships homelike for officers who live in them for months or years at a time, frequently entertaining foreign dignitaries.

"I have personally been embarrassed aboard ship," he said, "when we entertained distinguished members of Congress and had chipped chinaware and chinaware that was of different design."

"Do not ever be embarrassed to serve Congressmen with chipped china," Chairman Mahon advised him. "I think that would impress them favorably."

Jobless Here Are Decreased

Unemployment Down By 9.5 Per Cent Last Week Figures Reveal

Rehiring of 40 employes of a local textile plant resulted in local unemployment figures decreasing by 9.5 per cent here last week. There were 419 claims filed of which 311 were filed by females. Initial claims numbered 92 while continued claims amounted to 327.

For the third successive week the number of claims filed in the state declined. The relatively high number of 21,515 was due to vacation plant shutdowns since many persons were not entitled to full vacation pay during shutdowns.

Women claimants made up 64.4 per cent of the total. Initial claims took up most of the decline in unemployment claims.

Lack of work layoffs were reported in textiles, hats, needle-trades, clocks, rubber products and plastics. Vacation shutdowns were noted in typewriters, ordnance, rubber, products, zippers, sewing machine parts, chucks, electrical equipment, valves, gold leaf, nails, plastics, ball bearings and steam turbines. Hirings were reported in textile and bearings.

Hong Kong has been a British possession since 1842.

Disgusted Eddie Sawyer Lays the Law Down to Phillies

Church League All Stars Defeat Rec Rivals, 4 to 3

Lloyd Jarvis hurled the Church Softball League All Stars to a 4 to 3 win over the Rec League All Stars last night in the rubber game of their series at Robertson Park.

Jarvis allowed but four hits. Frank Johnson went the distance for the losers. Hewas tagged for seven hits.

Three runs in the first inning gave the Church Stars a lead they never relinquished. The winners added one run in the fifth. The Recs scored once in the fourth and twice in a last ditch rally in the seventh.

Al Cowles led the batters with three hits while Dan Sullivan had two. Jimmy Gleason hit safely twice for the losers.

Summary:

Pro To Conduct Golf Clinic at Local Range

Dick Hopkins, professional at the Laurel Park Golf Range, reports he will stage a three session clinic for golfers the next three Saturday mornings. The first session will be on Saturday morning from 10 to 11 o'clock. Registration may be made at the shack.

The youthful pro will teach the proper swing, stance and grip. Dick is the assistant pro at the Hartford Golf Club.

Sports in Brief

Harry Stein, head basketball coach at Brandeis University, is studying for a doctor's degree at New York University.

Twenty-five of the nation's top pacers are staked in the second renewal of the $25,000 Yonkers Derby, at a mile and a half, Aug. 16.

Gallant Fox, Triple Crown winner of 1930, retired with earnings of $328,165.

Whirlaway, Triple Crown winner who retired in the spring of 1945, is now doing stud duty in France.

Southpaw Chet Nichols, rookie hurler for the Boston Braves, is the son of a former major league pitcher.

Monte Irvin of the New York Giants led the Negro National League in batting with a mark of .422 in 1941.

Alfonso (Chico) Carrasquel, shortstop for the Chicago White Sox, is a cousin of Alex Carrasquel, one-time hurler for the the Washington Senators and the White Sox.

Orestes Minosa, Chicago White Sox slugger, played his first game in the major leagues in 1949 with the Cleveland Indians. He appeared in nine games that year and hit a homer in his first game.

In the early days of baseball the umpire wore a Prince Albert coat, silk hat, and carried a cane.

Plays Tonight

Mike Escavich

Mike Escavich, home run king in the Little League last summer, will be seen in action tonight with Brown and Beaupre against the East Hartford PAL at 6:15 at the Charter Oak Lots. It will be a Little League Alumni game.

Local Sport Chatter

Secretary Tommy Brown of the Little League managing personnel passes along the information that the members will meet Friday night at 8 o'clock at the East Side Rec. Several important business matters will be discussed at this time.

Frankie's Drive-In is anxious to book softball games with local teams. Teams interested may contact Frankie at the Drive-In.

Bobby Knight is playing summer basketball in Hartford. Knight plans to return to Manchester in the fall to perform with the local cagers.

Billy Thornton scored a 41-37—78 in the qualifying round of the New England amateur golf championship yesterday at the Brookline, aMss., Country club.

Dick Hopkins, professional at the Laurel Park Golf Range, is a former baseball scout for the Cleveland Indians.

First two games in the second half of the Little League baseball season at Memorial Field produced some good baseball. President Sher Robb was on deck last night to view the proceedings. A late afternoon shower nearly caused postponement of the game.

Tam Starts Tomorrow

Chicago, Aug. 1—(AP)—The first lap of the world's richest golf meet—the complex $75,000 Tam O'Shanter extravaganza—starts tomorrow with a mixed field of nearly 175 players. The first section of George S. May's package deal is tabbed the "All-American" Tournament. It's a 72-hole medal affair runing through Sunday.

The Queen Retires

West bury, N. Y.—(AP)—Proximity, 1950 Harness Horse of the Year, went into retirement this year the holder of nine world's records. The Queen also holds track records at seven different tracks and had won 16 stakes. Her total earnings for six years of competition were $252,929.67.

Sutton's Double Provides Edge in Little League

Bobby Sutton's sizzling liner to left centerfield in the last inning with the bases loaded and one out drove in two runs which enabled the Cardinals to post an exciting 8 to 7 win over the Dodgers last night at Memorial Field. It was the second game in the second round of the Little League.

The Dodgers, last place finishers in the first round, appeared to have the game sewed up in the early innings after leading 2 to 0, 4 to 1 and 6 to 1. However, the Cards kept pecking away and tallied twice in the fourth, once in the fifth and unloaded with five markers in the sixth to clinch the verdict.

Sutton collected three of the winners nine hits while Dom Squatrito hit safely twice. Quent Hagedorn, Mark Solomon and Del Reynolds each collected two bingles for the Dodgers.

Plan to Organize Town Pin League

Plans for the formation of a bowling league to be the fastest in Manchester, will be held Friday night at 8 o'clock at the Charter Oak Alleys.

Some of the top bowlers in Manchester have expressed their desire to compete including Jerry Smith, Chet Nowicki, Jazz Fuller, Hippo Correnti and Vic Taggart.

The following teams have signified their intentions of participating this fall and winter: Ollie's, Rec League powerhouse of recent years; Center Service, led by Pop Gleason; Walnut Street Tavern, Billy Pagani's West Side Barbers, and Deci's Drive-In. Any other team wishing to enter is asked to have a representative at Friday night's meeting.

Tuesday Night's Fights

Brooklyn (Fort Hamilton) — Vic Cardell, 146 1-4, Hartford, outpointed Joey Carkido, 144, Youngstown, 8.

Utica, N. Y.— Johnny Cesario-Glen Hendershot bout postponed to Wednesday, rain.

LaFrancis Regains Club Golf Championship Title

Bobby LaFrancis has been awarded the 1951 club championship title by default at the Manchester Country Club. LaFrancis was awarded the crown when the other finalist, Billy Thornton refused to play because of a disagreement over club regulations.

LaFrancis won the title in 1949 but was defeated in the finals last night by Doc McKee.

Paris Curtains Tie For Lead

Standings

	W	L
Silk City	8	6
Paris Curtain	8	6
Army & Navy	7	7
Garden Grove	6	6
Green Manor	5	9

Lloyd Jarvis pitched Paris Curtain into a first place tie in the Rec Softball League Monday night with a neat four hit 11 to 1 win over Green Manor. The victory put the Curtain nine neck and neck with Silk City with an eight and four record.

Jarvis was in top form against the Estaters, giving up but four singles while striking out five and walking none. The classy right hander put down the first twelve men to face him before Ben Metivier led off with a single in the last of the fifth.

The winners collected all of their runs in two big innings, scoring five times in the second frame and six in the third. Frank Johnson, Manor hurler, had trouble finding the plate and issued nine free passes which added in the Curtains scoring attack.

Hippo Correnti and Butch Buccino led the Curtains offensive game with two hits apiece. Hippo collected the only extra base hit of the game, a double in the second frame.

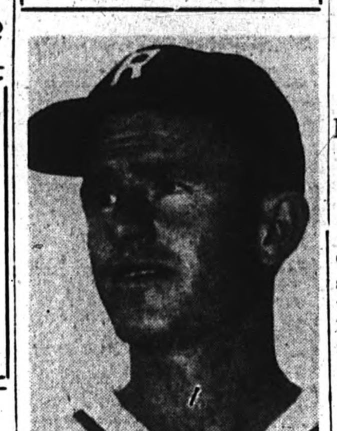
Tuesday's Stars

Batting — Bobby Thompson, Giants—Drove in all Giants' runs with a pair of home runs as New York nipped Chicago's Cubs, 4-3.

Pitching—Chet Nichols, Braves —Limited the Cards to four singles as the Braves shut out St. Louis, 6-0.

Ridges' Vet



Jerry Dunnack

Airmen Oppose Ridges Tonight

Pratt & Whitney provides the opposition for the Ridges tonight at the Oval. Johnny Rosar's men have already captured first place honors while the Ridges are battling for one of the remaining playoff berths. A win tonight for the Ridges will send them into a tie for third place with the BA's while a loss leaves them in fourth, just a half game ahead of Hamilton.

There are some good battles in store during these last five games of the schedule since every club has a chance to gain the playoffs. Silk City has secured a spot but can drop out of second place should they falter in their remaining games.

Bobby Dunnack will hurl for the Thread City nine tonight with brother Del behind the plate. Rosar will select his starter from a corps that includes Charlie Wrinn, Bob Ericson, Iggy Miller and Bob Andrews. Tom Bergamini will don mitt and mask for the Aircraft. Supplying the hitting power will be Jerry and Ray Dunnack and Ken Williams for the Ridges and Lefty Jadziniak, Jackie May and Nick DeNuzzo for P&W.

Yankee Share to Charity

New York—(AP)—Ten organizations sponsoring the development of sandlot baseball in and around New York City received checks totaling $45,649.16. These checks, presented by Mayor Vincent Impellitteri, were the Yankees' half of the Yankees-Dodgers charity game held recently.

This Filly is Ready

Goshen, N. Y.—(AP)—Although only eight fillies have won the rich Hambletonian stake in the past quarter century, Betsy Volo, daughter of Volstadt, will be one of the favorites to win the $90,000 classic here Aug. 8. The last filly to win the Hambletonian was Miss Tilly in 1949. Del Miller, who won last year with Lusty Song, is tutoring Betsy Volo for the upcoming stake.

Lashes Out at Poor Showing of Players

Manager Denies There Is Any Dissention On Club; New Rules Must Be Followed

Cincinnati, Aug. 1—(AP)—Manager Eddie Sawyer has laid down the law to his lagging Philadelphia Phillies—and it all adds up to a new and uncompromising austerity program for last year's National League champions.

To say the 1951 Phils have been a disappointment to their fans is to put it charitably. The team simply hasn't had the same old spark and hustle and "we-can't-miss spirit. At times the players have seemed to be at cross purposes. Rumors persisted that there were bickering and bad feeling within, perhaps worse.

Sawyer, fed up, called a 20-minute clubhouse session last night, just before the Phils-Reds game, and told the boys in plain talk exactly what's expected of them henceforth.

Nine of Edide's athletes jogged onto the field in mixed mood. For eight innings one might have said the tongue-lashing had served only to depress the Phillies, if not actually to give them an inferiority complex. Howie Fox, the Cincinnati pitcher, was breezing along with a 5 to 1 lead, probably thinking of cool relaxation after the victory. Then, as if suddenly remembering the boss had his dander up, the Phils splurged with six runs in the ninth and took the game from the stunned Reds 7 to 5.

But one such spectacular win doesn't make up the 15½-game chasm between the third place Phils and the headlong Brooklyn Dodgers. So Skipper Sawyer expects his Whiz Kids of yesteryear to meet the challenge of that clubhouse lecture right down to the wire.

New Curfew Hour

Sawyer told his men a new curfew hour will be enforced at home and on the road. He ordered every player to report to trainer Frank Wiechec within 30 minutes after the morning wake-up call, or forfeit meal money for the day. He forbade all card playing and insisted upon earlier reporting before day games and all-around improvement of team spirit. "Bonehead" plays will mean fines.

He asserted also the club now is starting a "new season," and that the future performances of each player will determine whether that player remains with the club next season.

At the same time Sawyer denied rumors of feuding among the Phils. Commenting particularly on a reported fist fight between Granny Hammer and Del Ennis, and on tales of squabbling generally, he said:

"There is not an iota of truth in any such report. Such reports came from persons who are dissatisfied with life and have to vent their ill humor on baseball players.

The way Sawyer figures it, the Phillies' 1951 slump is due in large part to:

Failure of the club as a whole to hit when men are on base.

The form reversal of Jim Konstanty as a relief pitcher.

The ineffectiveness of Bob Miller as a starting hurler.

It is recalled that another of Sawyer's showdown sessions came in August of the 1949 session when the Phils were on the downgrade in the second division. The skipper introduced austerity then. He put a stop to overeating, which was slowing down some of the players, fixed a curfew, banned wives on road trips. It worked. The Phils wound up the season in third place, having won 20 of their last 28 games.

Garza Returns to Yanks

New York—(AP)—The New York Football Yanks have regained the services of Dan Garza, one of the prize rookies of 1949. Garza, a pass-catching end, spent the year 1950 studying dentistry at the U. of Oregon. Garza was originally a member of the Yanks in the now defunct All-America Conference. When the AAC broke up, the Giants got Garza along with five other Yanks but Garza never joined the Giants. He decided to continue his dental studies. For giving up Garza the Giants will receive one of the Yakns top draft choices at next winter's meeting.

Indians Now Loom as Chief Threat to New York Yankees

Fruit Peddler Vital Link In New York Cage Scandal

New York, Aug. 1—(AP)— Jack Rubenstein, the Brooklyn fruit peddler accused of trying to fix last year's NCAA championship basketball game between City College of New York and Bradley, is a "vital link," in a fix mob, according to Assistant District Attorney Vincent A. G. O'Connor.

"This charge is but a part of the total criminal activity in the furtherance of corrupting basketball players in which this defendant engaged in New York and other states," O'Connor said at his arraignment yesterday.

"He is a vital link to a fix mob containing underworld characters operating in a group of states with various college basketball teams," O'Connor added. "But he is not the top figure of this underworld clique."

O'Connor said, further, that information has been turned up that will make Rubenstetin wanted in other states.

Rubenstein, a friend of Jack (Zip) West, who is being hunted in five states on charges of bribing Bradley and Toledo players to shave points in games, is accused of being a member of the syndicate which tried to "do business" with All-America Gene Melchiorre of Bradley in the playoff game.

Melchiorre, who has admitted taking other bribes, denied accepting this, O'Connor said. Bradley lost the game, 71-68.

District Attorney Frank Hogan also ordered Marvin Mansberg, a Brooklyn truck driver, arrested for trying to fix the score of a Bradley-Bowling Green game in 1949. The game, a consolation in the National Invitation Tournament, was to be fixed so that Bradley would lose by more than seven points, Hogan said. It lost by only five, 82-77, and Mansberg and his accomplices lost $8,400 in bets.

The highest batting average ever compiled by a member of the New York Giants was .401 hit by Terry in 1930.

Ned Garver Lost With Leg Injury

Boston, Aug. 1—(AP)—Ned Garver, one of baseball's top competitors is lost to the St. Louis Browns for an indefinite period because of a pulled muscle in the back of his left thigh.

The young pitcher, who started the All Star game for the American League a few weeks ago, suffered a similar injury earlier in the season and was lost to the Browns for two weeks.

He belted a run-scoring single in the fifth inning last night and slipped rounding first base. He refused to leave the game and hobbled to second base on another single.

Again Brownie Manager Zack Taylor, a kindly veteran, talked with Ned and wanted to take him out. Again Garver refused.

On grit alone he sped home from second on another single.

After he yielded a single to Vern Stephens in the last of the fifth Taylor replaced him with Satchel Paige who was credited with his second victory as the Browns knocked the Sox out of second place with an 8-6 triumph.

Garver's loss would be a severe one for the Browns who need all the help they can get, even with magician Bill Veeck in the driver's seat.

Garver has won 13 of his team's 30 games and would have won more with a better team in back of him. He has been charged with five losses.

Spartans on Ice

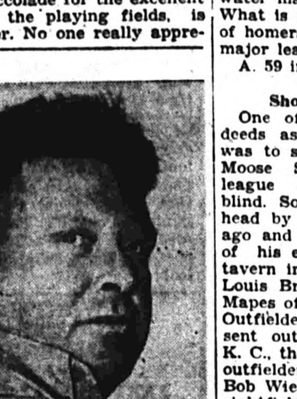
East Lansing, Mich.—(AP)— Michigan State's hockey team is looking ahead to better times. At least past performances indicate as much. The Spartans renewed intercollegiate hockey after a lapse of 20 years with the 1949-50 season. They played 14 contests and lost them all. Last year they won six and lost 11. This year they will play a 16-game schedule, nine of which will be at home.

THE Herald Angle

By EARL W. YOST
Sports Editor

Manchester boasts two excellent baseball diamonds — West Side Oval and Mt. Nebo, a Grade A Little League diamond at Memorial Field, an equally top grade field at the Charter Oak Lots for Little League Alumni play, two good softball fields at Charter Oak and Robertson Park, and a fair softball diamond at Memorial Field. The playing fields are all a credit to the Town Recreation Department maintenance crew.

Head man in the maintenance department, and the man who rates an accolade for the excellent upkeep of the playing fields, is Pete Server. No one really appreciates the baseball and softball areas in Manchester until they invade other towns and view the facilities. The softball and baseball areas in Manchester, maintained by the Rec Department, are a credit not only to the department but also to the Town of Manchester.



Pete Server

This writer has had occasion to view baseball fields in East Hartford, Thompsonville, Windsor Locks, Suffield and Rockville, to name a few towns, and not one town can boast a baseball playing field the likes of Mt. Nebo. Rival teams of Manchester in the American Legion League have nothing but praise for the local field at Nebo. It is by far the best field in the circuit.

The playing fields in Manchester improved to an inmeasurable degree during the past three years. Rec Director Johnny Falkowski and Server worked very close and one of their major aims was to recondition all baseball and softball fields. This job was accomplished. This spring when Falkowski resigned as Rec director and John Hedlund took over, the policy of keeping the playing areas in tip-top shape was continued.

Keeping all the fields, plus playground equipment and swimming pool equipment, in good condition during the summer months is a big project for Server and his capable maintenance crewmen. However, it's a job that must be done to maintain the areas and it is a job that is well done.

Questions and Answers

Q. What was the standing of the first division in the American League on August 1, 1950.

A. 1. Detroit 59-34 .634; 2. New York 60-35 .632; 3. Cleveland 59-38 .608; 4. Boston 54-43 .557. The Tigers were two percentage points in the lead. The Indians were two games out of first place and the Red Sox seven games behind the Tigers.

Q. What was the most home runs in one season by a player on the road.

A. Babe Ruth of the Yankees hit 32 homers in 1927—the year he hit a record breaking total of 60—in road games.

Q. Babe Ruth hit 60 home runs in one season, 1927, for the high-water mark in the major leagues. What is the second greatest total of homers hit in one season by a major leaguer.

A. 59 in 1921 by Babe Ruth.

Shots Here and There

One of Happy Chandler's last deeds as baseball commissioner was to send a check for $250 to Moose Solters, former major league outfielder, who is now blind. Solters was struck in the head by a thrown ball ten years ago and eventually lost the sight of his eyes. He now operates a tavern in Pittsburgh . . . The St. Louis Browns have claimed Cliff Mapes of the Yankees on waivers. Outfielder Jackie Jensen has been sent out to Kansas City. From K. C., the Yanks have brought up outfielder Bob Cerv and pitcher Bob Wiesler . . . Hartford Chiefs' rightfielder Dave Bass suffered a broken ankle last night in Albany and will be lost for the season . . . Smokey Ed Samolyk, Hartford youngster who played in the recent State semi-pro tourney with the Hartford St. Cyrils, has signed a contract with the St. Louis Cardinals.

Ten Years Ago—Bobby Riggs and Frankie Kovacs advanced into the finals of the Meadow Club tennis championships at Southampton, N. Y.

Twenty Years Ago—Helen Wills Moody beat Helen Jacobs in the finals of the Women's Invitation tennis tourney at Seabright, N. J.

Joe Louis 4 to 1 Choice Tonight

San Francisco, Aug. 1—(AP)— Aging Joe Louis, whose great ambition is to become the first ever to win back the heavyweight championship, battles it out tonight with Argentina's best prospect of 25 years— Cesar Brion.

Their 10-round fight at the Cow Palace, expected to return better than $50,000 in gate receipts, is highly important to both.

Louis will be at the end of the road if defeated. The ex-champ must win this one or else his chances of getting a crack at the crown will be gone, probably forever.

At 37, Joe hasn't many years left for the ring. Father time is trodding on the Bomber's heels. Louis beat Brion for a 10-round decision last November in Chicago but the 24-year-old contender from the Argentine has improved greatly since then. After slugging it out with the old ex-champ in the last two rounds of their Chicago scramble, Cesar decided Louis' former K. O. punch either has diminished or he is of the hardy stuff from which future champions are built.

Louis has been established a 4-1 favorite to defeat the South American champion in their second meeting. Brion, in his last four fights this year, lost a decision to bulldog Rex Layne and then defeated three other rivals including the British champion, Jack Gardner.

Louis is expected to weigh in around his favorite fighting weight of 212 pounds. Brown is a 195-pounder.

Just before their meeting, Brion confided to friends that he would pursue a different course this time. He said he intended to start slugging with Louis from the first round.

Former heavyweight champion Gene Tunney, who retired undefeated, already has gone on record as predicting a win for Brion. After watching Cesar fight Louis in Chicago, Tunney said "The lad stands a good chance to win. He is a good puncher in his own right and stands up under heavy blows. Joe is not as fast as he was and it takes a fast man to beat a fellow like Brion."

Louis gave a cold reception to Tunney's prediction. Showing no expression, Joe said "I beat him (Brion) last November and I'm in better condition this time. I figure I can beat him again."

Lowly Browns Upset Red Sox at Fenway

Feller Posts 16th Win At Washington; Bums Continue to Win As Newcombe Wins 15th

By Joe Reichler
Associated Press Sports Writer

Cleveland's onrushing Indians loomed today as the chief threat to New York's hopes of retaining the American League crown now that Boston's Red Sox are showing signs of losing their magic touch at Fenway Park.

Continuing to rebound from two straight lickings at Yankee Stadium, the Indians last night made it four victories in their last five games by conquering the Senators in Washington, 5-3.

The triumph gave the Tribe undisputed possesion of second place, two games behind the Yankees and one in front of the third paice Red Sox.

The Red Sox, in absorbing a shocking 8-6 setback at the hands of the lowly St. Louis Browns, now have lost four out of seven since returning to Fenway Park where they were believed to be well-nigh invincible.

Chicago's first half season flashes continued to plunge downward, dropping a 4-2 decision to the Philadelphia Athletics. The defeat, the 10th in their last 11 games, dropped the fourth place White Sox a discouraging seven and a half games behind the idle Yankees.

The arrival of August finds the Brooklyn Dodgers sailing along serenely with a nine and a half game advantage in what is laughingly called the National League pennant race. The runaway Dodgers ran their victory skein to 10 in a row with an 8-3 win in Pittsburgh.

New York's runner-up Giants kept pace with a 4-3 victory in Chicago. Philadelphia's defending champion Phillies swept past St. Louis into third place with a 7-5 triumph in Cincinnati while the Boston Braves were shutting out the Cardinals, 6-0.

Bob Feller, baseball's biggest winner, notched his 16th triumph as the Indians rallied for three runs in the top of the ninth to overcome a 3-2 Washington lead. Righthander Don Johnson retired the first batter in the ninth but never got another man out.

Winning Rally

Jim Hegan doubled, Barney McCosky walked and Dale Mitchell tied the score with a single to center. Bobby Avila then drove in McCosky and Mitchell with another single to finish off Johnson. Avila also drove in Cleveland's first two runs with a fifth inning one-baser.

Two big innings—a three-run fifth and a four-run seventh — helped the Browns to victory over the Red Sox. Third baseman Fred Marsh was the big gun in each inning. He singled to spark the fifth inning uprising and singled again to drive in two mates in the seventh.

Ned Garver, Brownie ace, appeared on the way to his 14th victory but was forced to leave in the fifth inning after pulling a muscle in his left leg. Satchell Paige, who took over, picked up the victory although he was shelled in a three-run eighth.

Hank Majeski, obtained from Chicago in a mid-season deal, paced the athletics to their win over the White Sox. The slugging third baseman made three of Philadelphia's eight hits, scored three runs and homered against his former mates.

Don Newcombe hurled his 15th win for Brooklyn as the Dodgers hammered Howie Pollet and three successors for 16 hits. Newcombe starred at bat, too, with three hits. Duke Snider and Pee Wee Reese homered for the league leaders.

Bobby Thomson drove in all New York's runs with a pair of homers in the Giants' victory over the Cubs. Jim Hearn was credited with his 10th victory although he needed help from Sheldon Jones and Sal Maglie.

The Phils, still smarting from Manager Eddie Sawyer's tongue-lashing on slacking, rallied for six runs in the ninth to overcome a 5-1 deficit and whip the Reds, 7-5. Del Ennis' three-run homer off Howie Fox highlighted the assault.

Rookie Chet Nichols hurled the shutout for the Braves, limiting the Cards to four singles for his fifth victory.

Pitching Way Back to Majors

Fort Worth, Tex.—(AP)—Bill McCahan is doing his utmost to get another crack at the major leagues. Back in 1947 McGahan hurled a 3-0 no-hit for the Philadelphia A's game against the Washington Senators. But soon afterwards he developed arm trouble and moved back to the minors. Now with the Fort Worth Cats, a Dodger farm in the Texas League, Bill is the team's most consistent winner. He had a 10-4 record after the first week in July.

Sense and Nonsense

Production Reduction

Extensive gardens planned
With catalog in hand
Were somewhat smaller made
At sight of hoe and spade.
—Louise Darcy

We were sleeping one night in a place where an earthquake occurred. There was a preacher stopping at the place also. All at once the house began to shake, the windows began to rattle, and the plastering fell. The old farmer got excited and began to swear.

Minister—Be calm, the Lord made this old world and he can shake it if he likes.

Farmer—Yes, but he didn't make this old house, and he'd better let it alone.

Hustler—I don't know what Bill does with his money. He was short yesterday and he's short again today.

Rustler—Is he trying to borrow from you?

Hustler—No, hang it! I'm trying to borrow from him.

In South Houston, Tex., a stray cat wandered into the post office and gave birth to four kittens under the special delivery table.
—Mrs. June Spurlock, Canton, Ill.

The art of living rightly is like all arts; it must be learned and practiced with incessant care.
—Goethe.

Come more warm Sunday afternoons and autos will be thicker on the highways—and some drivers even thicker.

What To Do

If you're feeling tired and blue, and you don't know what to do, do nothin'. If your appetite's not right, your waistband's getting tight, stop stuffin'. If your plans are all awry, and you feel you want to cry, go fishin'. If you can't see far ahead, and wish that you were dead, stop wishin'. If you can't see far ahead, and wish that you were dead, stop wishin'. If you know you talk too much, and your neighbors feelin's touch, stop talkin'. If your nerves are all askew, there is one good thing to do—go walkin'. If you're runnin' into debt, and can't pay for what you get, stop buyin'. If you'd like to reach the top, and are just about to stop, keep tryin'.
—Kleiser, via Scandal Sheet.

Two married men were discussing their joys and sorrows.

First—My wife is very poetic. She gets up at sunrise, wakens me and says, "Lo, the morn'.

Second—Huh! My wife wakens me and says, "Mow the lawn."

In Southern Idaho there are volcanic holes too hot to touch, but ice-cold water comes out of them.
—Kathryn Kaye, Hutchinson, Kan..

First Baseball Player — You didn't get on so well with that millionaire's daughter, eh?

Second Baseball Player— Terrible—no hits, no runs, no heiress.

According to a feminine writer, all men are trash. That may be what keeps women in the dumps.

About Town

Richard J. Duffy, fire controlman, seaman, USN, son of Mr. and Mrs. James F. Duffy, Jr., of 90 Cambridge street, visited Constantinople on July 23 aboard his ship, the destroyer USS Gainard when it put in to the Turkish port for a five day call.

Lt. (jg) Carl A. Dalland, USN, son of Mr. and Mrs. S. A. Dalland of Minneapolis, Minn., and husband of the former Miss Sophie Peperitis of this town, recently reported for duty as an instructor at the Naval Auxiliary Air Station, Cabaniss Field, Corpus Christi, Texas.

Thomas Gilbert, son of Sgt. and Mrs. Harry N. Gilbert of 542 Woodbridge street, returned home Saturday after spending two weeks at Camp Woodstock. Sgt. Gilbert is a member of the military staff at the University of Connecticut.

Edward A. Ingraham of Grand Prairie, a suburb of Dallas, Texas, is visiting his mother, Mrs. Iva Ingraham and other relatives and friends in this town and Milford. At present he is with his brother and sister-in-law, Mr. and Mrs. Vincent W. Ingraham of 71 Bridge street. Formerly employed by the Chance Vought Company who transferred from Bridgeport to Dallas some years ago, Mr. and Mrs. Ingraham and their four children, who at the time were living in Milford, moved to Dallas.

Tells Rotary Wills Angles

Atty. House Explains Many Legal Involvements in Testaments

The importance of wills and the many legal angles attached to them were explained to Rotarians last night by their guest speaker Attorney Charles S. House.

Attorney House cited several interesting cases in illustrating his points, and pointed out that wills affect everyone whether they realize it or not. He explained the conditions that must surround a will to make it legally acceptable.

Attorney House's father, Herbert B. House, was a Rotary guest. Visiting Rotarians included several members from outlying districts.

Miss Claughsey Shower Guest

Miss June A. Claughsey of West Center street, whose marriage to Stanley J. Jezyk of Wilson, Conn., will be solemnized Saturday at ten o'clock in St. James's church, has been honored by several pre-nuptial social affairs by her school sorority, relatives and friends, in this and other towns.

Mrs. Myra Fitzgerald and daughter Carolyn entertained for her recently with a kitchen shower. The bride-elect unwrapped her many useful gifts while seated beneath a canopy of yellow and green balloons and streamers, suspended from a watering can. Guests were present from East Hartford and this town.

The hostesses served a delicious luncheon of hot rolls, salads, coffee, punch and cake. The buffet table was centered with a beautifully decorated shower cake, with flowers and lighted tapers on each side.

Court Cases

Arthur Hershey, 28, of Sheridan Apartments, was found not guilty of embezzlement in Town Court this morning by Judge John S. G. Rottner.

Joseph S. Rafala, 25, of 1454 Broad street, Hartford, forfeited a $5 bond for parking within 25 feet of a corner stop sign.

Continued until Monday, August 20, were charges of operating a motor vehicle while under the influence of liquors or drugs and operating motor vehicle without a license against Joseph Sasiela of 170 Birch street. A charge of operating a motor vehicle while under the influences of liquors or drugs against Victor Fitzgerald, 156 Bissell street, was also continued until August 20. Both men were released under $200 bond each.

Engagement

Raimondo-Tedford

Mr. and Mrs. Salvatore Raimondo of 52 Maple street announce the engagement and coming marriage of their daughter, Miss Tina Margaret Raimondo, to Walter F. Tedford, son of Mrs. Mildred P. Tedford of 170 Hilliard street and the late George Tedford.

The wedding date is set for Saturday, September 29.

Begin Building Within Week

Telephone Addition on East Center Street to Start Immediately

Manchester, Aug. 1—Work will be started within a week on the construction of a two-story addition to the telephone company's building at 52 East Center street. The contract for the work has been awarded to the Industrial Construction Company of Hartford.

The addition will extend the present building to the rear and west and will measure about 58 feet deep and will be about 92 feet wide. The company recently purchased the property west of the building which has been used by the First National Store for parking.

The new addition will be of fire resistive construction with a steel frame, brick exterior and will have a flat roof. The basement also will be extended.

The first floor of the new addition will be used to house local dial and long distance switching equipment. On the second floor will be located new long distance switchboard equipment, a cafeteria, training room, lounge and lockers for telephone operators.

Because of the great increase in telephone traffic to and from Hartford, the company plans to handle all out-of-town calls from East Hartford and Glastonbury at the enlarged Manchester toll center.

The building addition is scheduled to be completed by next spring and the new equipment will be ready for operation in about a year. Prior to that time the number of telephone operators on duty here will be more than doubled. The company hopes to be able to recruit as many local people as possible to fill these positions.

Reds May Concede UN Demand on Buffer

Ike Can Run, Truman Says

Washington, Aug. 2—(AP)—President Truman said today he doesn't think Gen. Dwight D. Eisenhower's Army job in Europe will interfere with anything in 1952 if the General is interested in politics.

But he told a news conference that in any event he is sure the General will put duty to his country first.

Two Senators recently returned from Europe indicated Eisenhower's duties as Supreme Commander of western Europe defense forces would keep him out of the field of possible residential candidates next year.

Asked today how long he thought it would be necessary for the General to remain in Europe, the President said the reporter's guess was as good as his own.

Mr. Truman went on to say that if the newsman was referring to 1952 (a Presidential election year) he did not believe those duties would interfere with anything that might happen in 1952 if Eisenhower happened to be in that frame of mind.

The news conference was devoted largely to political fencing. Mr. Truman refused to be drawn out on implications that Eisenhower might return from his North Atlantic military command to run for the Presidency. Eisenhower has refused to discuss politics with overseas newsmen.

Let Ike Alone, Baruch Says

Elder Statesman Claims Too Many People Call On General's Service

New York, Aug. 2—(AP)—Bernard M. Baruch said today it would be "a great disservice to General Eisenhower to put him into the political arena."

The financier returned on the liner Queen Mary from a 22-day tour of U. S. Army installations in France, Germany and England.

He said he spent several hours with General Eisenhower, supreme commander of Atlantic Pact forces in Europe, on July 7. Baruch said he felt "too many people talk too much of General Eisenhower's strength," that there were too many calls on him for autographs and social obligations.

Devoted to Peace

"I never saw a man so thoroughly imbued with the idea of preserving the peace of the world," Baruch said. He said the General's "was probably the most

Nominated

Adm. W. M. Fechteler

Fleet Sailor Heads Navy

Truman Picks Fechteler For Command Post as Not in Air Squabble

Washington, Aug. 2—(AP)—Adm. William M. Fechteler, who steered clear of the "admirals' revolt" against administration policy, is President Truman's choice for the top Navy command.

The President sent to the Senate yesterday the nomination of Fechteler, now commander of the Atlantic fleet, to be chief of Naval operations, succeeding the late Adm. Forrest P. Sherman who died July 22 while on a military-diplomatic mission to Europe.

Wide Experience

Fechteler, 55 years old and with 35 years of Navy service, has had wide experience in virtually every type of warship—except submarines and aircraft carriers.

That appeared to be one of the reasons why Mr. Truman chose him, because he was not an airman and thus not touched by the zeal with which Navy airmen plunged into the controversy with the Defense department and the Air Force three years ago. There have been strong indications in recent weeks that the feud between the Air Force and Navy—long-range land based bombers vs. car-

(Continued on Page Eight)

Naval Air Units Quit War Games

New York, Aug. 2—(AP)—The New York Times said today that Navy-Marine air units have withdrawn from the big war games at Fort Bragg, N. C., because of differences with the Air Force over the system of air control to be used.

The story, by Hanson W. Baldwin, the Times' military expert, says the cancellation represents, "according to informed sources, an indirect by-product of far broader service differences about the control of aviation assigned to the front-line support of ground troops."

The "Exercise Southern Pine" maneuvers, termed the largest joint training exercise in this country since the end of World War II, is scheduled for the Fort Bragg-Camp Mackall area from Aug. 13 to 28.

Taking part will be three Army divisions and other ground troops totaling 85,000 men, 400 Air Force

Claims Field, Hiss In Red Spy Grasp

Washington, Aug. 2—(AP)—Hede Massing testified today she worked here in 1934 as a Soviet espionage agent and recuited Noel Field, then a State department official, into her "apparatus."

She also said she and Alger Hiss, another former State department official since convicted of perjury, competed for Field's services

Field has disappeared behind the Iron Curtain. Mrs. Massing said that at the time she recruited him she believed he was employed in the State department's western European division.

Mrs. Massing, the ex-wife of Communist bail-jumper Gerhardt Eisler, appeared before the Senate's Internal Security subcommittee which is looking into any subversive influences on U. S. foreign policies.

Recruited Duggan

Detailing her activities in Washington before the outbreak of World War II, Mrs. Massing said she also recruited the late Lawrence Duggan for her apparatus. She did not immediately give the year.

Duggan plunged to his death from a New York hotel room several years ago. She said at the time she knew him he was with the State Department's Latin American division.

The Vienna-born witness testified she became a Communist in 1918, the year after she married Eisler, and remained one until 1938. She said she came to this country as an agent for the party in 1933.

Bespectacled and wearing a sailor straw hat, she said that after training abroad she was assigned to the United States. First she acted briefly as a courier, she said, and then was sent to the nation's capital as a "recruiter."

Field First Task

Her first "case" here, she testified, was Field. Mrs. Massing said she was introduced to him by Margaret Young, who she identified as then a Washington correspondent for the New York Daily Worker, a Communist newspaper.

"Did you succeed in recruiting Noel Field into your apparatus?" asked Robert Morris, the subcommittee counsel.

"Yes, I did," Mrs. Massing replied. She said it took her about three quarters of a year.

Mrs. Massing said she told Field

Aid Bill Faces Hostile Group

House Foreign Affairs Chief Notifies Committee to Slash Total

Washington, Aug. 2—(AP)—The House Foreign Affairs committee today begins writing a foreign aid bill under notice from its chairman that he wants $700,000,000 trimmed out of the $8,500,000,000 program proposed by President Truman.

The Senate Foreign Relations and Armed Services Committees, meanwhile, continued their joint closed hearings on military and economic aid to friendly nations.

Called to testify today were:

Gen. A. Franklin Kibler, one of the U. S. advisers on the Mutual Defense Military Assistance program; Ambassador Charles M. Spofford, representing this country to the North Atlantic Treaty organization (NATO); Ambassador Milton Katz, special ECA representative in Europe; and William S. Batt, representing defense production by NATO.

Encouraged by the proposal made yesterday by Chairman Richards (D., S. C.) of the House group for an eight per cent cut, some Republican Senators talked today of other major changes in the big aid program.

Aside from possible cutbacks,

Cancel Stokes Flight to Iran

Spokesman Refuses to Say If Hitch in Negotiations Is Reason

London, Aug. 2—(AP)—The British government today ordered a special plane to stand by to carry a cabinet mission to Iran for oil talks—and then postponed the flight.

A spokesman for Richard R. Stokes, Lord Privy Seal and head of the mission, refused to say whether there had been a hitch in the projected negotiations.

"Mr. Stokes is not leaving today. Arrangements for his departure will be announced when they are known," the spokesman said. He added:

"We have been explaining all along that today's arrangements were subject to last-minute alteration."

No Explanation

The four-engined BOAC (British Overseas Airways corporation) plane was taxied back to its hangar. BOAC officials said they had received no explanation for the postponement.

The Foreign Office evidently was awaiting clarification from Iran on one or two points concerning the proposed talks.

Tehran dispatches said bitter Iranian resentment at the arrival of four British destroyers at Abadan this week threatened to break down an agreement for renewal of the talks at the eleventh hour.

President Truman's special envoy in the oil crisis, W. Averell Harriman, was reported concerned over the possible adverse effect of

(Continued on Page Three)

Police Seek Link In Dock Slayings

New York, Aug. 2—(AP)—Police today investigated a possible link between recent New Jersey waterfront killings and the blood-spattered body of a dock worker found in a ship's washroom 10 minutes after the vessel sailed from Hoboken.

The dead longshoreman, identified as Ebro Charles Zustra, 58, of West New York, N. J., was discovered last night by a crewman aboard the outbound freighter Alphacca as it passed the Statue of Liberty in the harbor.

A baling hook lay beside the victim, but it bore no bloodstains.

He's Her Hero, Too

Little Sassandra Commiskey, 3½, watches in wonder as President Truman (left) makes a national hero of her daddy, Lieut. Henry Alfred Commiskey, 24, of Rockaway, N. J., by bestowing the Congressional Medal of Honor for his killing of seven Communists in a hand-to-hand combat after a Marine charge on a Korean hilltop... Lieut. Commiskey's wife smiles at center. Watching the little girl with amusement are Deputy Defense Secretary Robert Lovett (upper left) and Gen. Clifton B. Cates, Marine Corps commandant (right). Lieut. Commiskey's parents, Mr. and Mrs. Hugh W. Commiskey, live at Hattiesburg, Miss.

Orders Rearrest Of 39 Red Aliens

Washington, Aug. 2—(AP)—The government today ordered the rearrest of 39 aliens who are fighting deportation and are now free on bonds furnished by the Civil Rights congress.

In a statement, Attorney General McGrath made it clear the Justice department no longer regards bonds offered by the Congress as acceptable.

He said he had directed that the immigration service call for the delivery into custody of the 39 prospective deportees for whom the Congress has furnished bonds amounting to $111,000.

The Attorney General said the aliens may be released again if they can supply acceptable bonds to replace those originally posted by the Civil Rights congress.

Alleged Subversives

The deportation proceedings against all of the aliens in question were brought on charges relating to alleged subversive activity or membership in the Communist party.

Under McGrath's order, the Congress is required to surrender the aliens by 2:00 p.m. (est) today in immigration districts of New York, Boston, Philadelphia and Detroit.

The Civil Rights congress has

(Continued on Page Two)

U. S. Push May Speed Agreement

U. N. Advance Headquarters, Korea, Friday, Aug. 3—(AP)—Beneath the surface deadlock on where to draw a cease-fire line in Korea, a high United Nations source today saw a hint that the Reds might be preparing the way for conceding the Allied demand.

The Allies want the fighting to stop on the present line, generally north of the 38th parallel. The Reds have been holding out for a buffer zone centered on the parallel.

Possibly nudging the Communists towards a more conciliatory attitude, the U. S. Eighth Army reported its attacking troops gained more than two miles on the central Korean front Thursday against only small groups of the enemy.

The Peiping Radio Thursday night quoted Lt. Gen. Nam Il, North Korean chief of the Red armistice delegation at Kaesong, as saying he "repudiated the buffer zone" proposed by the Allies "deep across the 38th parallel."

"Deep" Not Explained

What Nam meant by "deep" was not explained, but the North Korean radio at Pyongyang declared the Allies were demanding a "top-shooting line" approximately halfway between the 38th and 39th parallels.

This, said a high U. N. source,

(Continued on Page Two)

3 Atom Spies Get More Time

Have Until Oct. 15 to File Appeal Briefs on Death, Jail Sentences

New Haven, Conn., Aug. 2—(AP)—Three convicted atom spies today received an extension of time in which to file amended briefs and records in connection with their appeals.

Judge Charles E. Clark of the U. S. Circuit Court of Appeals granted the extension at a chambers hearing to Ethel and Julius Rosenberg, sentenced to death, and Martin Sobel, sentenced to 30 years in prison.

They did not attend the hearing, but were represented by counsel.

Judge Clark's decision gave them until October 15 in which to file briefs. Government attorneys will have until October 17 to file answers.

Rosenberg and his wife were sentenced to death in New York April 5 by Federal Judge Irving R. Kaufman for delivering atomic secrets to Russia. Sobel received a less severe sentence because his betrayal of secrets involved radar and not the atom bomb.

The death sentence was imposed on the Rosenbergs because they committed the offense during wartime.

Treasury Balance

Washington, Aug. 2—(AP)—The position of the Treasury July 31.

Net budget receipts, $146,046,-321.82; budget expenditures, $567,-961,746.89; cash balance, $5,619,-924,281.53.

MEDAL FOR SIKORSKY

New York, Aug. 2—(AP)—The Daniel Guggenheim medal and certificate for 1951 for notable achievements in the advancement of aeronautics has been awarded to Igor Ivan Sikorsky.

The medal board of award said Sikorsky was selected for his "lifetime of outstanding contributions to aeronautics, including pioneering with multi-engine airplanes, flying boats, amphibians and helicopters."

Alien Force Blamed In Argentine Strike

Buenos Aires, Argentina, Aug. 2—(AP)—The government called in emergency crews today to run Argentina's strikebound railways, crippled earlier by a series of blasts which President Juan D. Peron's regime blamed on "alien" forces.

The anti-Peron Brotherhood of Engineers and Firemen refused for the second day to report for work.

Mounted police were sent to provincial railway stations to keep order.

Two Lines Operate

Although section gangs, heavily guarded by police, repaired yesterday's bomb damage to four main lines, only two of them are operating. The others— main lines to the south and west—were closed tight by the refusal of engineers and firemen to work.

The government charged the explosions which ripped tracks and damaged railroad shops early yesterday were set off by criminals inspired by "Forces alien to the country."

Private reports reaching here said the strike had paralyzed the

(Continued on Page Eight)

Norwich Approves Manager-Council

Norwich, Aug. 2—(AP)— Voters of this city gave both major political parties a rebuke yesterday when they chose the manager-council plan for their new form of government.

A rival mayor-council charter backed by both Democratic and Republican town committees was rejected by a landslide.

The vote:

For manager-council charter, 3,143; for mayor-council, 1995.

The two major parties had fought the manager-council plan vigorously, and worked for adoption of the mayor-council charter. They got out less than 10 per cent of the eligible voters.

Yesterday's referendum followed one held two weeks ago when the voters decided by a 1,335 vote margin to consolidate the city and town governments.

The first election for the manager-council government will be held November 6, with the offi-

McCarthy Denies Old Debt to Dice

Columbus, O., Aug. 2—(AP)—Sen. Joseph McCarthy (R., Wis.) last night denied testimony at a bankruptcy hearing here that he dropped $5,500 to a Columbus man in a dice game two years ago, and failed to pay up.

"I don't recall when I have ever played craps and I wouldn't have had that much money anyway," McCarthy said, when reached by telephone at his Washington residence.

Bob Byers, Sr., an Ohio real estate operator and builder, testified yesterday at his $500,000 bankruptcy hearing that the Wisconsin senator lost $5,500 to his

(Continued on Page Six)

Bulgarian Premier Rumored Removed

Belgrade, Yugoslavia, Aug. 2—(AP)—The Yugoslav newspaper Politika reported today news rumors are circulating in Sofia that Bulgarian Premier Vulko Chervenkov will be removed from office.

Politika said the 50-year-old professional Communist, who made his base in Moscow for 19 years, is supposed to have balked at some demands from the Kremlin. It added that he has not been seen in public places about Sofia since July 16 and it is suspected he has been summoned to the Soviet capital.

Chervenkov, a brother-in-law of the late Bulgarian premier Georgi Dimitrov, succeeded to the premiership in Feb. 1950 on the death of Vassil Kolarov.

Rumors concerning his status have been circulating since March when a report from Turkey said

(Continued on Page Eight)

Rich Ex-Boss of Tammany Believes He Is Destitute

New York, Aug. 2—(AP)—A one-time power in Tammany Hall was disclosed today to be living as a virtual recluse in a mansion just off Fifth avenue, brooding that he is broke, although he has a fortune of between $8,000,000 and $9,000,-000.

The plight of John A. "Fishhooks" McCarthy, 83, was disclosed in a Supreme Court suit charging that his spinster sister, Miss Anna V. McCarthy, 73, wrongfully withdrew $1,000,000 from his assets.

McCarthy, crony of the late Tammany boss Charles F. Murphy, carried on his most flourishing operations in the 20s and early 30s. He was, primarily, a building materials dealer, but also carried on real estate and busline operations.

Found Incompetent

The suit filed yesterday by four prominent lawyers as a committee in charge of McCarthy's affairs, disclosed that he had been declared mentally incompetent last April when a cousin, Margaret Loonie, testified he was unable to take care of his vast business interests. She said he fell from a ladder in the basement of his four-story home in 1945 and struck his head against a furnace.

The cousin said the accident reduced McCarthy to a morose old man who answers questions in monosyllables, although he had been a brilliant conversationalist.

She said he objects to the pur-

(Continued on Page Eight)

Food Price Probe Blasts Middlemen

Washington, Aug. 2— (AP)— A Senate report on food prices said today that for most products there is too big a spread between the farmer's price and the grocery bill.

The report indicated that middlemen may be taking too big a cut.

Senator Aiken (R-Vt), member of a five-man subcommittee which investigated food prices, said a complete investigation should be

Three more Soviet newspapers—Izvestia, Red Star and Trud—publish Pravda's full text of British Foreign Secretary Herbert Morrison's statement telling Russian people that if they were free they would know west wants peace.

Britain's attorney-general, **Sir Frank Soskice**, strongly opposes creation of **international criminal court** .... Anticipating sharp gains in traffic caused by new Hamilton Standard plant at Bradley Field, State Highway department will extend North Meadows Expressway another five miles.

Israeli Reds Ask Labor Coalition

Tel Aviv, Israel, Aug. 2—(AP)—Israel's Communist party today demanded a popular Front government made up of all labor parties.

It said such a coalition would include the 46 deputies representing Prime Minister David Ben-Gurion's Mapai (Labor) party, the 15 from the left wing Mapam, eight from the Religious Workers party—Hapoel Mamisrachi, five Arab deputies close to Ben Gurion and five Communists. This would give it 79 deputies for a majority in the 120-seat Knesset (Parliament).

Predicts West Europe To Double Production

Washington, Aug. 2—(AP)—The Economic Cooperation Administration said today that Western Europe is expected to double its production of military goods in the year ahead.

It's already been doubled once "in the two years since the North Atlantic treaty was signed," ECA added in its quarterly report for the January-March 1951 period. President Truman sent the report to Congress today.

ECA said most Western European countries are now spending far more for national defense and far less for non-military purposes than before the Korean outbreak.

Raw Materials Short

But it warned that raw material shortages and rising prices threaten both military output and the area's economy.

Declaring that the Marshall plan program has brought about a "remarkable recovery" in Western Europe and has provided a "sound economic base for the new defense commitments which the North Atlantic countries . . . are undertaking," the report added:

"It is important, however, that
