## HOUSE VOTES FOR WAR 373 TO 50; WILSON CALLS FOR VOLUNTEERS; SEIZE ALL GERMAN VESSELS HERE

### 3,000 German Sailors Are Interned at Ellis Island Today.

### \$7,500,000 VATERLAND IS ONE OF SHIPS SEIZED

### Vessels in New York, Philadelphia, Baltimore, Boston and New London Now in Control of Government.

New York, April 6.—Germany's \$7,500,000 mercantile fleet, which had been interned here since the outbreak of the war, was seized by the United States today.

There were 27 passenger liners, freighters and sailing ships in the fleet, among them the Vaterland, one of the largest and finest passenger liners in the world.

The German officers and crews, numbering more than 3,000 men, were taken to Ellis Island for internment.

This was the first decisive war measure against Germany in the metropolis following the passage by Congress of the state of war resolution.

It was learned that the machinery on some of the ships was smashed. United States naval men will make a thorough examination of the vessels to determine the exact extent of the damage.

Vaterland Cost \$7,500,000.  
The ships seized aggregated 304,000 tons. Eleven of them displaced more than 10,000 tons. The mighty Vaterland is a leviathan of 52,254 tons and it cost \$7,500,000 to build her.

The German officers and sailors on the ships made no resistance when the United States officials went on board. Nor did they murmur when told to prepare to go to the immigration station at Ellis Island. A whole fleet of customs boats swarmed in the Hudson collecting the Germans.

The seizures were carried out quickly and simultaneously in the port of New York at Hoboken and at Stapleton.

Dudley Field Malone, collector of the port of New York, superintended the confining of 19 vessels tied up along the Hoboken water front.

The customs men on the New York city side of the Hudson were in charge of George F. Lamb, assistant collector. Four seized ships were anchored at 135th street and four others were in port at Stapleton.

Infantry on Guard.  
In fear of possible resistance a squad of infantry from the United States regular barracks at Governors Island accompanied the customs officials, but their services were not needed.

The German ships at 135th street were towed to Hoboken during the morning. Heavy guards are patrolling the entire fleet.

The ships taken over are: President Grant, President Lincoln, Vaterland, Nassau, Prinz Eitel Friedrich, Armenia, Bohemia, Pisa, Pennsylvania, Hamburg, Magdeburg, Adenstern, Metador, sailing ship, Maia, Clara Menzig, Indra, sailing ship, Portonia, Prinz Joachim, Aljeanman, Koenig Wilhem II, Harburg, George Washington, Kaiser Wilhelm II, Friederich der Grosse, Prinzess Irene, Barbarossa and Grosser Kurfuerst.

All Ordered to Vaterland.  
The captains of all the ships interned at Hoboken were summoned to the Vaterland, which might be termed the flagship of the German mercantile fleet. On the deck of the night liner, in the presence of her captain, Hans Ruser, and the master

### It Will Cost \$3,502,517,000 to Finance War for One Year

### Taxes Will Be Increased on Estates, Incomes, Whiskey, Beer and Tobacco—Country in Splendid Financial Shape, Says McAdoo.

Washington, April 6.—Congress was asked yesterday to provide immediately \$3,502,517,000, to finance the war for one year, approximately as follows:

For the War Department	\$2,952,517,000
For increasing the authorized strength of the Navy to 130,000 men, and the Marine Corps to 30,000 men	175,853,700
For other necessary expenditures for the naval establishment, at the direction and discretion of the President	292,538,700
For the Coast Guard, so that it may perform and bring to a high state of efficiency its telephone system of coastal communication	600,000

Including higher taxes on estates, large incomes, whiskey, beer, tobacco and new methods of taxation probably will be resorted to to raise the huge amount.

Unofficial estimates to the federal reserve board are to the effect that the banks of the federal reserve system are in a position to absorb up to \$2,000,000,000 of war bonds at once at a rate of interest not exceeding 2 1/2 per cent.

Secretary McAdoo authorized the statement that he thought the government would have no difficulty in raising the necessary finances, but declined to indicate the probable methods that will be adopted.

Treasury department experts are assembling a mass of data for consideration of the President and congressional committees in drafting the war revenue measure. Leaders in the House and Senate conferred with Secretary McAdoo during the day with reference to proposed increases and new taxation and a call was issued for a meeting tomorrow of the House appropriations committee to consider the entire situation.

The estimates calling for the appropriation for money for carrying on the war were couched in general terms and lacking in details. The great total does not include possible loans to the Allies, part of the administration's program as outlined in the President's address to Congress.

and demands upon the country's finances will be increased by what ever amount it is decided to put at the disposal of the Entente governments.

Would Not Leave Big Debt.  
Secretary McAdoo, into whose hands will be put the task of suggesting methods for raising loans by increased taxation, so that the war may be paid for as far as possible, during its lifetime, said tonight he had received many suggestions from bankers and others and was investigating every phase of the situation. John Skaggon Williams, comptroller of the currency, is understood, with bankers regarding the proposed bond issue.

Mr. McAdoo expects to have frequent conferences during the next few days with leaders of the House and Senate, during which an attempt will be made to place proposals in concrete shape so that they may be considered by Congress.

Chairman Fitzgerald of the appropriations committee said tonight that so soon as action would be formulated until the committee could consider the estimates and reasons for making the appropriations.

Chairman Simmons of the Senate finance committee intimated that a limited extent to make immediately available a part of the sum desired. He said he was waiting on Secretary McAdoo for suggestions and thought a plan of action would be framed shortly.

Representative Rainey of Illinois, ranking majority member of the Ways and Means committee, which

is authorized to report on the bill, said that the bill would provide for the raising of \$3,500,000,000 in the form of a new fighting force of 500,000 men, to be chosen by selective conscription.

The Administration leaders foresee the light which will be raised first in committees and later on the floor of Congress over adoption of the principle of draft and conscription. A bitter fight by pacifists in and out

of the House is expected. The bill provides for the raising of \$3,500,000,000 in the form of a new fighting force of 500,000 men, to be chosen by selective conscription.

### CONGRESSWOMAN VOTES IN OPPOSITION TO WAR

### JEANETTE HANKIN OF MONTANA SEARLY BREAKS DOWN AS SHE CRIES BALLOT.

Washington, April 6.—The first vote ever cast by a woman representative in an American Congress was against this nation's going to war.

Wary and haggard from hours of unaccustomed excitement and for much in her voice and she weaved slightly. Every eye was on her.

"I want to stand by my country, but I cannot vote for war," she said brokenly.

She was led, half sobbing, from the room by two of her colleagues.

### CARDINAL GIBBONS URGES LOYALTY TO THE NATION

### ALTHOUGH AN ardent Advocate of Peace He Now Believes All Should Serve the Country.

Baltimore, April 6.—Cardinal Gibbons, who has been an ardent advocate of peace today declared he is ready to support his country in any way possible.

"In this great emergency," he said, "I believe every American should do his duty, and the primary duty of a citizen is loyalty to country."

Loyalty is manifested by acts, not words, by solemn service, rather than empty declamation. It is exhibited by absolute obedience by the citizen to his country's call."

### BROOKTON HAS BIG FIRE.

Brookton, Mass., April 6.—Fire that threatened the business and tenement part of the city, totally destroyed the Bates Leather Company plant early today.

The loss was \$100,000. Six tanks of naptha exploded, throwing burning liquid over the buildings. A high wind added to the danger and gave the fire a hard battle.

A fireman has obtained a patent for a process of bleaching and drying sea weeds for packing purposes.

### PRESIDENT SIGNS WAR DECLARATION; ISSUES WARNING TO ENEMY ALIENS

### President Issues a Statement Declaring Military Policy of Nation—Active Co-operation With Allies Assured— Enlistment Campaign Begins at Once.

(Special to The Evening Herald.)  
Washington, April 6.—The United States plunged into the world war against Germany this afternoon in a series of rapid strides.

President Wilson signed the war resolution passed by the Congress at 1:13. Within a few minutes he issued a call for volunteers for the army and navy and issued a proclamation to the nation.

Immediately wireless messages were sent to every American warship and merchantman on the high seas and to every field army station in the United States and its possessions. The messages were also placed on the cables and sent to every nation in the world.

The word to Germany will be sent through the Spanish Ambassador, who represents this country in Berlin.

The military policy of the government, "for the present, to be the volunteer plan that has been followed since the National birth, but the President makes it clear in his appeal that a call of selective draft, such as is contained in the General Staff bill now before Congress, will be resorted to when the volunteering seems to slacken.

President Wilson gives a strong warning in his proclamation to alien enemies living within our borders. Under the power vested in him he decrees in his proclamation that any unnaturalized citizen of a nation at war with the United States shall be drastically dealt with if he attempts to set afoot any conspiracy against the government.

Unnaturalized Germans are forbidden to carry arms of any kind within the borders of the United States. They are forbidden to make threats against the government or its officers, and are cautioned against approaching within one-half mile of any fortification or military establishment.

### PRESIDENT'S STATEMENT.

Washington, April 6.—President Wilson this afternoon issued a call for volunteers to bring the army and navy up to war strength, and gave his endorsement to the General Staff army bill designed to obtain men by selective conscription.

"The necessary men," said the President, in a statement, "will be secured for the regular army and the national guard by volunteering, and the balance will be obtained by the selective draft."

The following statement was issued at the White House:

"The principles embodied in the resolution presented by the War Department to the Military Committee of the Senate and House have met entire approval and the specific recommendations embody the best judgment of the officers of the War Department. It proposes to raise the necessary force to meet the present emergency by forming the regular army and the national guard to war strength and by adding the national forces which will not be needed."

That the national army will comprise three elements, the regular army, the National Guard and the conscripted national forces, of which a first conscription are to be authorized immediately and later increment of the same force will be raised in accordance with the call of the country's need."

The principles embodied in the resolution presented by the War Department to the Military Committee of the Senate and House have met entire approval and the specific recommendations embody the best judgment of the officers of the War Department. It proposes to raise the necessary force to meet the present emergency by forming the regular army and the national guard to war strength and by adding the national forces which will not be needed."

### ANTI-GERMAN FEELING GROWS IN BUENOS AYRES

sinking of Steamer Adds to Hostility Already Strongly Felt Towards Germans.

Buenos Ayres, April 6.—Anti-German manifestations are occurring in Rio Janeiro and the people are demanding war against Germany, said a dispatch from the Brazilian capital today.

The feeling against Germany has been intensified by the official announcement that the Brazilian steamship *Parana* has been sunk by a German submarine.

Foreign Secretary Muller, of Brazil is reported in Rio Janeiro to view as saying:

"The situation is full of gravity." Asked whether there would be a declaration of war against Germany, the Foreign Minister is reported to have answered:

"It may be necessary."

Ever since Germany declared her unrestricted submarine war there has been a growing feeling of hostility in Brazil against Germany. It is said the action of the United States in entering the war has wide influence throughout Brazil.

PARANAN SHIP SUNK.

Paris, April 6.—The Brazilian steamer *Parana* has been sunk by a German submarine and three men are missing, says a dispatch from St. Paul today.

The *Parana* was a vessel of 4,461 tons, and hailed from Rio Janeiro. She was last reported at Havre.

### HOUSE PASSES RESOLUTION.

Washington, April 6.—The United States is at war with the imperial German government.

Amid scenes that long will be remembered, the House this morning passed the Flood-Martin resolution declaring that a state of war exists between the United States and Germany. Three hundred and seventy-three yeas were cast for the measure; fifty were cast against it; nine members were absent and Speaker Champ Clark did not vote.

Experts Aid Government.

Working hand in hand with the administration heads of the government are the members of the War Council of national defense—food experts, munition experts, transportation experts, experts in all of the vast necessities of war.

A campaign of recruiting for the army and navy such as the nation has never seen, will begin in earnest from coast to coast today.

### SENDING AID TO FRANCE ADVOCATED IN SENATE

Action Would Show Germany That All Her Foes Were United Against Her.

Washington, April 6.—Sentiment for sending an expedition into France at an early date is growing in the Senate. No legislation will be necessary to give the administration such authority, but it is probable that resolution will be introduced to express the Senate's endorsement of dispatching troops to the Western front.

Senator Simmons, chairman of the finance committee, joined today with Senator Lodge, ranking Republican member of the Foreign Relations Committee, in urging the sending of at least a small expeditionary force to France.

"The first to do this would have an important psychological effect. It would encourage the Allies in showing them that we really were with them, and demonstrate to Germany the unity of its enemies."

"The second is that it would give an opportunity for some of our troops to learn the modern war methods as worked out in France and would make them invaluable as instructors in this country upon their return."

The Senate went to work today with feverish energy to enact measures to make the war against Germany effective.

The sub-committee of the Judiciary Committee resumed work today on drafting the espionage and conspiracy bills, which passed the Senate but died in the House at the last session. These measures have been put forward by the administration to make the country spy-proof during the period of the war.

### HORSE TRANSPORT SUNK; 56 AMERICANS ON BOARD

All are Saved After Spending Several Hours in Open Boats.

Washington, April 6.—Outrage was added to outrage in the sinking of the Leyland transport *Canadian*, upon which there were 56 American citizens, a cable from Consul Frost at Queenstown, revealed today. More than one U-boat participated in the attack, it became known, four torpedoes striking the ship in entirely different places. The Consul described this act as "flagrant contempt of the safety of the boats" as the survivors rowed away.

The *Canadian*, which carried 500 horses and a crew of 157, was attacked by at least two submarines, several of the Americans seeing that many perished. The first torpedo struck aft to starboard, the second aft to port, the third forward to port and the fourth amidships.

After several hours in the boat the crew was landed without casualties.

A Michigan contractor is the inventor of a motor-driven riddle which quickly separates gravel or sand into six different sizes.

### CHINA ASKS THE RECALL OF FRENCH MINISTER

Uses Diplomatic Method, But Accuses French Official of "Offensive Actions."

Peking, April 6.—The French government has been informed that the Chinese minister to China is persona non grata "because of many offensive actions." It was learned today from an authentic source.

Further protest against China's entry into the war has been received from Chinese merchants.

Parsons to orders of the government of the United States I have come here to take control of your ships and to order you explain to assemble the crews of your ships here."

Seven women, all wives of German officers, were removed from the German vessels at Hoboken. They accompanied their husbands to Ellis Island.

### 3,000 GERMAN INTERNED AT ELLIS ISLAND TODAY

(Continued from Page 1.)

of the other German vessels, Collectors Malone declared:

"Parsons to orders of the government of the United States I have come here to take control of your ships and to order you explain to assemble the crews of your ships here."

Seven women, all wives of German officers, were removed from the German vessels at Hoboken. They accompanied their husbands to Ellis Island.

### WOULD ASK U. S. TO SIGN THE COMPACT OF LONDON

(Continued from Page 1.)

Bulgarians or Turks. We want not merely to win the war, but to win it quickly, lest more precious lives be lost and the agony of Belgium, France and Russia and the wretched inhabitants of the Central Empires and Kingdoms be still further increased; but nothing will tend so greatly to destroy the moral cohesion of the Central Alliance as this war of attrition which is being waged against us.

WEEKLY MACHINERY ON THREE.

Baltimore, April 6.—The German liners Rhein, Neckar and Danzig, interned here, were set out today by United States Marshal W. P. Stockham, supported by 100 deputies and two companies of the Fourth Maryland Infantry. The machinery of the three ships was found to have been entirely disabled. The crews were turned over to United States Marine forces. The officers were permitted to register at a local hotel.

### SENATE PASSES TODAY MILLION DOLLAR BILL

(Continued from Page 1.)

of Congress is bound to be made upon the conservation principle, as contrary to the basic spirit of American ideals. But the Administration has made up its mind. The United States has entered the war after full deliberation. Having taken the sword, President Wilson and his advisers are fully determined that no half-way measure will be adopted. It is an army of hundreds of thousands of men must be raised if America is to play a fighting part. Mr. Wilson's advisers do not believe that these men can be obtained through the volunteer system.

Provide for 100,000 Officers.

First of all the general staff provides for the training of some 100,000 officers and non-commissioned officers who in turn will be the instructors of the youthful recruits. This will require the formation of a factory school and office, and who have yet to receive their first lessons in the rudiments of handling a rifle.

To reach war strength the present regular army must be expanded to 257,000 men and about 12,000 officers. The National Guard is capable of increasing to 275,000 men and about 10,000 officers. Under the National Defense Act, the Guard would immediately be taken into the Federal service as an army when called to Mexican patrol duty.

### WILHELM TAKEN.

New London, April 6.—The German steamship *Wilhelm*, which acted as "mother ship" to the *Deutschland*, was seized by the United States today. Fifty men of the crew were arrested. The *Wilhelm* was owned by the North German-Lloyd Line. She was formerly interned at Boston but came here last August.

### THROW PAINTS OVERBOARD.

Jacksonville, Fla., April 6.—The United States customs authorities boarded the interned German steamer today. Fifty men of the crew were arrested. The *Wilhelm* was owned by the North German-Lloyd Line. She was formerly interned at Boston but came here last August.

### TARE 25 SEAMEN.

Wilmington, N. C., April 6.—Twenty-five seamen from the United States Coast Guard schooner, under command of Lieutenants Ryan and Smith today seized two German merchant ships, *Kiel* and *Nearca*, which have been here since the war in Europe commenced and the twenty members of the crews, including the captain, were taken prisoners to the United States Marine Hospital at 6 o'clock. There was no resistance. Later in the day the United States Marshal is expected to take charge of the prisoners.

### AT SAN FRANCISCO.

San Francisco, April 6.—United States customs officials seized the interned German vessel *Seraph*, at San Francisco here today. The crew were interned at the Angel Island immigration station.

### WENT 'ENEMY ALIENS.'

Washington, April 6.—Co-incident with the seizure by customs officials of German merchantmen in ports all along the United States coast line today were the United States Marshal's agents at San Francisco who seized the *Seraph* and other vessels.

**MISCELLANEOUS.**

OPPORTUNITY for a man of good character and industry. Will be work and earn good money. Write for particulars. 121 W. Main street. 1514

### Bolton

Mrs. Anne Hohenstet of East Hartford was a recent guest of Mrs. Annabel Post.

Mrs. Margaret Daly is home from Canterbury where she is teaching for the Easter vacation.

Carlos Ruggles and family of Springfield came to town for a short stay recently in their new automobile. They found the road in such poor condition that they said they would postpone visiting Bolton again until the highways were less muddy.

Mrs. Frances E. Ruggles, who has spent the winter in Springfield and Rockville, is to return to her Bolton home Friday for the summer. Mrs. May Carpenter of Naugatuck is to spend some time with her aunt, Mrs. Ruggles.

Mrs. Louise A. Carpenter of Naugatuck, who frequently visits in town, is going to Washington as a delegate to a D. A. R. meeting.

Mr. and Mrs. Charles N. Loomis, Jr., and son, of Manchester, have come to their Bolton home for the summer.

**FLOWERS FOR EASTER.**

The lover of flowers will find a beautiful assortment of plants at the Bon Ton Flower Shop just now for the Easter display is at its best. The list of potted plants in bloom includes Easter lilies, gladioli, dianthus, tulips, baby ramblers roses, azaleas, hyacinths. One asalea in particular has the place of honor in the show window. It came from Philadelphia in Cromwell. It is 12 inches across the top and is a mass of buds and blooms. There are hundreds of them. The plant is about 20 years old and has been exhibited at many flower shows in recent years where it has been greatly admired for its size and beauty. Take \$35 with you if you want to carry it home. There will be plenty of stock in cut flowers for Easter buyers at the Bon Ton—roses, orchids, sweet peas, violets, carnations, lilacs-of-the-valley, freesias and gardenias.

**HERALD LOSES CORRESPONDENT.**

The removal of Rev. W. D. Woodward from Bolton this week deprives the Herald of one of its most valued contributors. Who has not read with interest the items appearing under the Belknap heading? Belknap is a small country hamlet in the town of Bolton, one of the smallest towns in the state. Yet from that quiet neighborhood the village pastor sent an interesting news letter three or four times a week. There was not much of raw news in those letters. They were the simple chronicles, written in a friendly, sympathetic way, of the social and family life of a small community. Yet they appealed to the interest of the reader by their graphic detailing of the little things of life that fall upon the homes in city and in country.

Parson Woodward has done more to put Bolton on the map than any man who has lived in that town in half a century. But he has not neglected his parish duties. He leaves the little church and parsonage in a first class condition. We are sorry to have him go and the best wishes of all the Herald staff will follow him to his new pastorate.

**COLLEGE APPRENTICES.**

**FOR SOUTHERN RAILWAY**

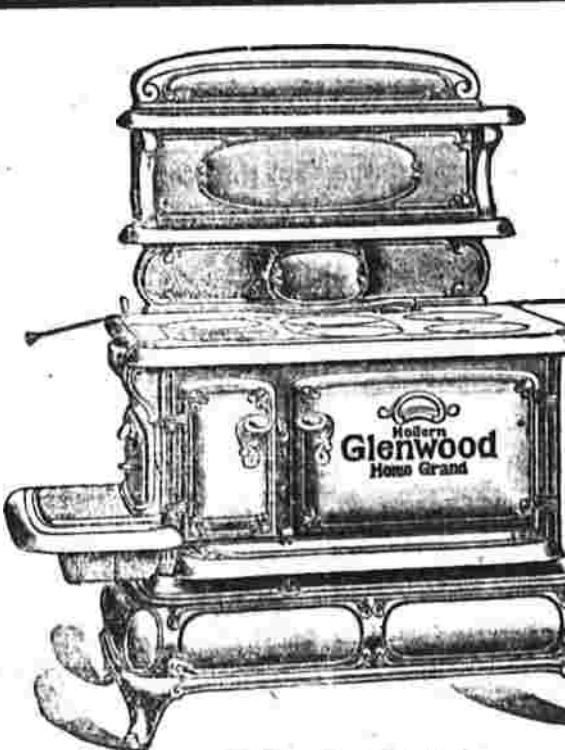

Atlanta, Ga., April 6.—Opportunity for ambitious young men, university graduates preferred, to secure responsible positions in the freight department of the Southern Railway system. It offered through the apprentice squad which that railway office in Atlanta.

Authorities of leading southern universities have been asked to recommend deserving young graduates squad, but applications of young men who have only completed high school courses, but are otherwise acceptable, will also be given consideration. The squad members are stationed at \$40 per month and advanced to \$50 after six months if their progress has been satisfactory. After that promotion will come to them as they make themselves capable.

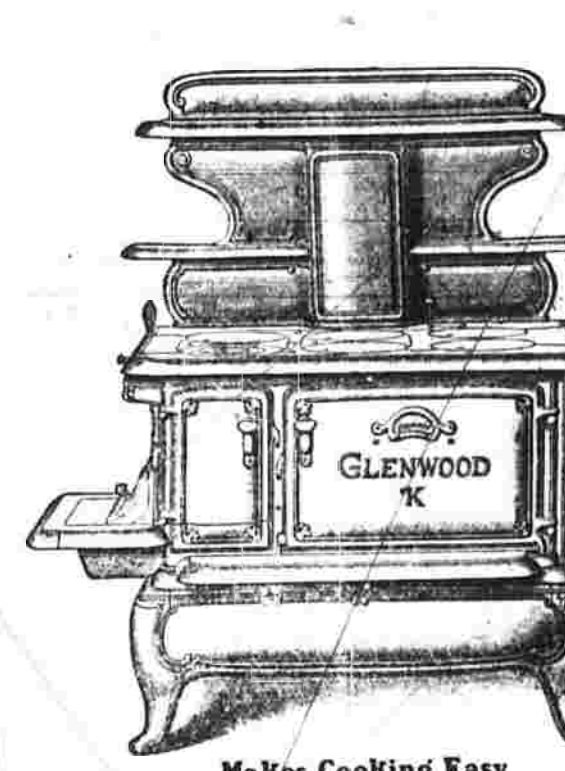

**BIG BLOCK FOR WILLIMANTIC.**

The Jordan brothers building in Willimantic, which was destroyed by fire a few months ago, is to be replaced by a concrete structure fronting 100 feet on Main street and 114 feet on Elm street and four stories high. The work will be done by the Torrington Building Company of Torrington.

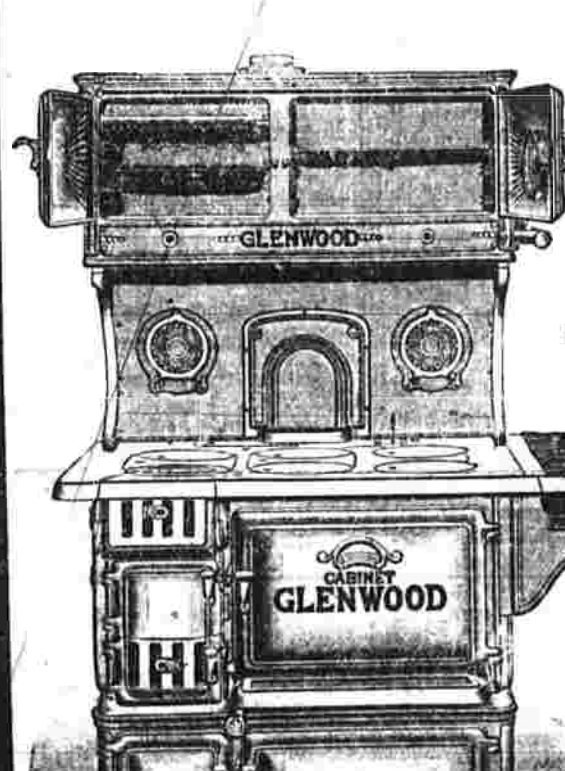

# Opening Display Of Glenwood Ranges

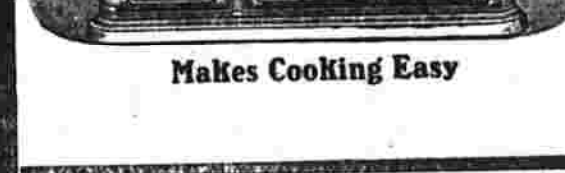

Makes Cooking Easy

ABOUT TOWN

TONIGHT IN MANCHESTER. South Manchester Division S. of T. Cheney hall. Star of the East, R. E. P., Orange hall.

Frederick Woodhall of Rockville, the well known druggist, died yesterday afternoon after a long illness.

Isiah Symington has traded his single house on Oakland street with Carl Nystrom for a two-family house on Clinton street.

John Mellett of Hilliardville has the cedar built for a new house on Hilliard street, just east of Thomas Moriarty's place.

A minstrel show has been arranged by the young women of St. James parish which will be given on April 18.

Flags are springing up everywhere in Manchester. Almost all of the business places along Main street in the south end have their buildings decorated with the national colors.

Rev. and Mrs. P. C. Thatcher of Wolcott, Vt., who are to leave May 15 as missionaries to Japan, will speak in the Pentecostal church at 10:30 o'clock Sunday morning.

John Dwyer who is employed on the Reading farm at Lyndville fell from the roof of a tobacco shed he was working on yesterday.

The highway department has bought a pair of young draft horses to replace a worn-out team in road work.

Thomas and Elizabeth Tedford of Knox Street bought of E. J. Hall, yesterday a two-family house on Spruce street.

In the probate court in Hartford yesterday, the Manchester Trust Company was appointed administrator for the estate of Frank B. Hill, late of Glastonbury.

The big fill in the gully on Cambridge street which has been made during the winter in the Pinhurst tract, has now been completed.

Although holiday hours were observed at the South Manchester post-office, with only one delivery by the city carriers and the windows closed at one o'clock, the mails were received and dispatched as usual.

It is expected that Miss Esther Thurston, who formerly lived in South Manchester with her uncle, the late Rev. S. E. Ellis, and is now attending Boston University, will have charge of the Epworth League services meeting to be held in the South Methodist church at seven o'clock Sunday morning.

C. W. Groves of Hartford has moved to town. He has bought the Ryan grocery store on the west side.

Abraham Walker is moving from Main street to F. Byron Adam's house on North Main street.

The Manchester post office was closed at noon today, but for the benefit of the patrons of the office, it will open up at six o'clock in order to give the people an opportunity to get their evening mail.

The president and directors of the Eighth School and Utilities district will give a hearing to the property owners on Washington street, who are desirous of extending the sewer.

The hearing will take place in the fire department home house next Tuesday, April 10.

Walter S. Allen of Willington has moved his family to Manchester. Foley's express moved the household goods in their big truck.

Manchester Tent of Maccabees has voted to pay the dues of all members who enlist for the war.

The members of the Manchester City Club met in their new quarters in the Gorman block on Oak street last night.

The custom of singing Stainer's graphic cantata, The Crucifixion, at the Center church Good Friday evening, which was started two years ago, will be continued this year.

The full chorus and quartet choir will be heard this evening and will be assisted in the solos by H. P. Stedman, tenor, and E. L. Brown, baritone, of Hartford.

All lovers of good music will find this service a rare treat, as the singers are thoroughly familiar with the work and will give it an impressive rendition.

The cantata portrays the events of the last hours of Christ on the cross, and is a fitting introduction to the Easter services. The service tonight will begin at 7:45.

Pauline Frederick Will Be Seen in "The Spider."

"The Spider," an extraordinary Paramount Picture produced by Famous Players Film Co. gives Pauline Frederick an unusual opportunity for the display of her amazing talents.

And here are the kinds you'll want. Certain types of garments seem to require a distinctive kind of neckwear.

But no matter what apparel styles you may have, you can find the most appropriate bit of neckwear for each model.

Silk novelties for sport wear, rolling collars, large flat collars and sets and flat lace and hand embroidered novelties—but there are scores more that you MUST see.

Prices, 25c, 33c, 50c, \$1.25, \$1.49

OTHER SIDE OF STORY OF VELVET MILL FIGHT Prospero Bonino, Who Struck Camille Valder, Gives an Account of the Quarrel.

Yesterday there was published an account of the fight at the velvet mills when Camille Valder was struck in the face and later taken to the Hartford hospital, where he now is, suffering from serious injuries, as a result of the blow which rendered him unconscious.

Now Prospero Bonino, of Oak street, who struck Valder, has his side of the story to tell.

Bonino has lived in Manchester many years and is considered one of the most respected of the local Italian residents of the town.

Years ago he was a noted athlete and was famous as a bicycle rider.

It appears, from Bonino's story, that a week ago Valder was fighting with a Poleander. Bonino acted as the peace-maker and prevented Valder from inflicting further punishment on the Poleander.

Three or four days ago Valder, with four other men, attacked Bonino at the corner of Main and Russell street and beat him up. His eyes were blackened

and he was injured so that he was unable to work for several days.

On the day when Valder was struck in the silk mills, Bonino was standing by his loom when Valder approached him.

"How did you like your beating?" he asked.

Bonino struck him once with his fist and laid him out unconscious. Bonino broke several small bones in his hand and he says that he did not use a sandbag as it was at first believed.

SMALL BOYS GRIEVE. About one hundred of the smaller boys in the Ninth School District have signed a petition addressed to the officers of the Ninth School District asking them to request R. S. Wambold to reconsider his resignation as recreation director.
