ST. MARY'S LEAGUE.

No. 6 Continues to Win, With Capt. Rogers's Help.

No. 6 team, leader of St. Mary's bowling league, continued its winning streak last night by taking two out of three games from No. 7. No. 6 seems to depend on Captain Tom Rogers to pull it through, for he was high man in the first two games and had he kept up his pace his team would have won the last string easily. But he fell down and the game resulted in a tie and, in the roll-off, No. 7 won by five pins. Rogers had high single of 117 and high three string of 286.

In the other match No. 5 took two out of three from No. 8. Captain John Hyde of No. 5 was the high roller of this match, with a single of 104 and a three string of 275. R. Kissman of No. 8 was a close second, with a single of 100 and a three string of 273.

KILLS CHIMP OF FIVE.

New York, Jan. 8.—The police of Greater New York are searching for Torres Tyzien today. Tyzien, who is 18 years old, is wanted for the murder of five years old Pauline Sennick, who was shot and killed in the Sennick home in Brooklyn. Daniel Czopejdo, a neighbor, was a witness to the shooting. He told the police that Tyzien was playing with the child and became angered when she called him "big head."

ERSEY GOVERNOR WOULD CORRECT ELECTION EVILS.

Trenton, N. J., Jan. 8.—With marked war-time simplicity the 142nd session of the New Jersey legislature opened at noon today. In a special message Governor Edge reviewed the recent election frauds in Hudson county for which several election officials were indicted and proposed the enactment of a measure designed to correct existing election evils.

TITLE & RICH'S BANNER STROKE

They Buy Out the B. F. Green Store, Stock and Lease, No. 250 Asylum Street.

Title & Rich, the aggressive Asylum street clothiers, hatters and outfitters have cause for congratulation in their acquiring of the Barney F. Green store, stock, lease and fixtures at No. 250 Asylum street near the corner of Ann street. As recently announced they were forced by an expiration of their lease and a doubling of their rent, to vacate their store at No. 149 Asylum street where for 14 years they have enjoyed wide popularity as distributors of extreme values in the clothing and furnishing lines for men and boys. The outlook for securing a store and location adequate to their rapidly increasing business looked rather dubious for a while until negotiations were begun for taking over the Green establishment, the inventory of which meant in round figures a \$32,000 purchase, but the future of their business warranted the undertaking and they closed the deal.

This vast transfer means a most timely opportunity to the clothing buyers of Hartford and surrounding places as the entire stock will be offered to the public at the purchase price of 62 cents on the dollar which in these days of a rising tendency in prices of all commodities, is sure to be taken advantage of by thousands of men and young men for miles around.

Those who know the class of merchandise handled at Green's will be quick to respond to this great offer. The assortment of overcoats, fur coats, suits, Odd trousers, furnishings and hats includes every good thing that this season has brought out in the clothing trade.

A large force of help has for the past two weeks been rearranging and marking down the stock, everything is arranged for the handling of the great crowd, by experienced salespeople and every customer is assured careful individual attention. The sale opens Thursday morning, January 10th, at 9 o'clock and the Title & Rich organization bids welcome to all their old and new friends to their new, finely appointed store at No. 250 Asylum street.—Adv

GIANTS STILL HOLD HERZOG.

AMUSEMENTS

WHAT'S WHAT AND WHO'S WHO IN MANCHESTER MOVIE HOUSES BY THEIR OWN PRESS AGENTS.

AT THE PARK.

The famous little West will be the star at the double feature, no advance bill. Popular Playhouse tonight. The feature of movie literature well known, Billie West is Charlie Chaplin's rival for the comedy crown. Big city managers report that Chaplin has lost his prestige there and that Billie West has taken his place. How true that is cannot be told until the Manchester fans have an opportunity to see the much talked of comedian. Last week Billie West was to have been shown at the Park but a mixup on the railroad switched the film to Manchester, N. H. To make certain of the film reaching here a messenger brought it from New York last night so there will be no disappointment among the fans. Billie West has the distinction of being probably the only movie star living who never saw a Chaplin picture. He started out with the ambition to be original so he made up his mind never to see a Chaplin picture so that he would not unconsciously copy any of Chaplin's business.

Besides this real comedy feature there will be a Triangle five part masterpiece called "Cassidy." This is a story of the white slavers. It tells of a New York crook who unconsciously butts into a white slavers' den and the thrills that follow will long be remembered by those who see the picture tonight.

There is little use of telling about tomorrow's big picture at the profit sharing playhouse. "The Warrior" is as well known by this time in Manchester as the name of Main street. The strongest man in the world, the hero of the only \$2,000 moving picture "Cabiria," plays the leading part. It is in seven reels. Maciste, the strong man, is now fighting with the Italian army. Local Italians will turn out en masse to see their national hero tomorrow evening. To get an idea of his size it is only necessary to state that all around he will make two of Jess Willard, the champion pugilist. He can lift two ordinary men about with one hand with an ease that is remarkable and in the picture he does stunts that "outfairbanks Fairbanks," as one of the New York critics put it. "The Warrior" played a week in Hartford and is now playing the Globe, Boston, at advanced prices.

AT THE CIRCLE.

Those who did not see George Walsh last evening missed one of the pictures in filmdom. At 7.30 the theater was packed to capacity and only breathing room prevailed. The proof of the pudding is in eating and the general public realizing that when they want to see a picture worth seeing they attend this popular little theater.

Today the management is offering one of the greatest stars in filmdom. The little lady is 'May Marsh, star of the world's famous "The Birth of a Nation." This, her latest "Sunshine Alley," introduces to the screen a story that will make you hold your breath and grab onto your seats in wonderment from the flash of the title to the fade away and "The End." This massive production has been presented in the larger cities at an advance price of admission as high as one dollar, but you can see this supreme achievement of the camera at the Circle this afternoon and again tomorrow evening and afternoon. The comedy portion of the bill will be capably taken care of by the famous Black Diamond Comedy Company, producers of the latest in trick photography. The Paramount Picturegraph will entertain you with views from all parts of the world and ends with one of these laughs producing cartoons of Bobby Bumps.

Those who saw the pictures last night noticed how clear the picture showed. This is explained by the installation of the Alverno System, the latest thing in projection, which assures a clear, steady nonflicker picture at all times. This is the system used in all of the big houses in the country who are fortunate enough to secure the franchise for its use, as only one house in each town or city is allowed to use it as the franchise carries with it a charge for the footage run, as Thomas Edison, the inventor, has seen to it that the proper coverage has been given to his patent.

While an exceptional big attraction is arranged for today and tomorrow the fact that "Doug" Fairbanks will be at the Circle Thursday and Friday should not be overlooked or forgotten.

AVIATOR, WHO WANTED TO BOMB BERLIN, DEAD

Sergeant George Houdek Lies Somewhere in France—Killed in Accident on Jan. 4.

Chicago, Jan. 8.—Sergeant George Houdek, of the Thirteenth Aerial Squadron, is dead today "somewhere in France" without having realized his ambition to "drop about 9,000,000 bombs on the Imperial German Government."

Houdek's relatives here have received word that he was killed in an airplane accident in France on January 4. A few days previous they had received a letter from him, in which he told of plans for his first flight.

"When I do that," wrote Houdek, "I'll be the happiest little 'soldat' in the army. I'd like to drop about 9,000,000 bombs on the Imperial German Government, and, by the Gods, we'll do it."

The penalty imposed upon the Camp Devens men who went home for Christmas without permission ought to be sufficient to prevent any other excursions of the kind.

COLLEGE LEAGUE.

Girls Make Good Bowling Scores for Beginners.

The newly organized ladies' bowling league, to be known as the College league, got under way at the Recreation Center last night and some good scores were made for a starter. Of course, the girls expect to do much better after they have been bowling a few weeks. In the first match, Columbia defeated Yale two out of three games. Miss Frances Ferrell of Columbia carried off the honors, with a high single of 78 and high three string of 214. In the other match, Harvard won two out of three from Princeton. Miss Clara Juul made high single of 85 and Miss Grace Pascol high three string of 210.

The summary follows:

Table with columns for College, Player Name, and Scores. Includes Columbia, Harvard, Princeton, Yale, and The Standing.

Next Monday night Columbia will line up against Princeton and Yale will play Harvard.

GERMAN ARTILLERY BUSY NEAR CAMBRAI

London, Jan. 8.—Heavy bombardments by German guns occurred during the night in the sectors of Bullecourt and Passchendaele, the War office reported today. Near Flequeres, on the Cambrai front, a German raiding party attacked a British outpost.

STOCK MARKET

New York, Jan. 8.—Stocks were in brisk demand at the opening of the stock market today as a result of the bullish incentives yesterday, and during the first half hour numerous issues made gains, ranging from one to over five points.

Steel Common was heavily traded in opening with sales at 95 1/4 and 95 1/2, and quickly advanced to 96, against 94 1/4 at the close yesterday, and Bethlehem Steel B advanced 1 1/2 to 81 1/2.

The greatest gains were in specialties, American Tobacco and Texas Company both moving up over five points and General Motors 2 1/2 to 119 1/2.

Industrial Alcohol advanced 2 1/4 to 120 1/4. Mexican Petroleum was another strong feature, moving up 4 1/2 to 84.

Cotton. New York, Jan. 8.—Further advances were recorded at the opening of the cotton market today, January selling at 31.80. The tone was firm and prices rose from one to fourteen points. At the end of the first 15 minutes of business, quotations were about at the initial levels.

Table of Stock Quotations including Cotton, Kennecott, Lehigh Valley, Mexican Pet, Mer M Pfd, etc.

NARROW ESCAPE. Henry Lorensen Pinned Under Load of Potatoes.

Pinned under a heavy load of potatoes, Henry Lorensen, of Foster street, narrowly escaped death today on Oakland street opposite the J. A. Fitch place, when his sled overturned.

Lorensen had a load of potatoes which he was bringing to Manchester. The runners slid to one side of the road and struck the curb. This overturned the load and the driver fell underneath. Some men nearby extricated him.

POPE PROTESTS TO EMPERORS. Washington, Jan. 8.—The Pope has sent autograph letters to the Emperors of Austria and Germany, insisting on the cessation of massacres of defenseless women and children and protesting against the destruction of art treasures in air raids over Padua, according to official dispatches received from Rome today.

SOUTH METHODIST NOTES. The Woman's Home Missionary society will meet at three o'clock tomorrow afternoon at the home of Mrs. Emma Hagenow, 21 Church street. A program on Portuguese work will be given under the direction of Mrs. Paul G. Ferris.

VILJA MASSACRES. El Paso, Texas, Jan. 8.—Francisco Villa and a band said to number 400 men captured the town of Guana Covi, in Durango, Sunday and annihilated the garrison of 140 men, according to information received here by mining men today.

TRYING DAYS FOR BUSINESS.

These are trying days for men who have to conduct a business. All winter long they have had to contend with one thing after another.

The fortunate ones are the wage earners and the munitions manufacturers who are working for the government on percentage.

\$20,000,000 IN RED CROSS. Sixteen million new names added to the rolls of the American Red Cross during its Christmas campaign.

In Manchester, one has only to walk up and down Main and Center streets to see for himself how many families there are represented by two or more members.

Henry P. Davison, chairman of the national war council, says "the Red Cross is the mobilized heart and spirit of the whole American people."

The organization is now, presumably, at the height of its power. With the ending of the war the real work of the Red Cross will begin.

The Red Cross is bound to displease certain sects and classes, for its platform, broad as it is, is not so broad as to conform strictly with those of all factions.

SAVE THOSE THRIFT STAMPS.

Hold on to your thrift stamps, Manchester. If you lose them, it will be the same as losing a postage stamp.

WHAT'S A BAZOOKA?

Port Royal, S. C., Jan. 8.—U. S. Marines at this station have a new invention. It's called a "bazooka."

Q. Is an unattached War-Savings Stamp of value to anyone who finds it?

A. Yé! For this reason you should attach it to your War-Savings Certificate at the time of purchase.

face of the stamp your name and the number of your certificate.

Q. If a registered War-Savings Certificate is lost or destroyed, what should I do?

A. If it is not returned to you within a reasonable time, report it to your Postmaster where you had the certificate registered.

Q. How do I get my money back if my registered War-Savings Certificate is lost?

A. By applying at the post office where you registered it.

CAMPS AS HEALTH-BUILDERS.

A good deal of prominence has been given to the greater or less prevalence of pneumonia and measles in the army training camps.

The camps serve, indeed, as huge outdoor gymnasiums, in which Uncle Sam's youths are getting a compulsory training that will last them for years to come.

If the men in camp should never go abroad, the higher value of the nation's man power alone would make the camps worth their while.

But besides the health improvement, there is the socializing process and the instilling of patriotism, expressed in a tangible and real way.

The lack of suitable clothing, considering the much higher resistive power of the men, is only an incident.

NEW ENGLAND GETS COAL. Twelve hundred tons of coal arrived at Boston by train and 7,041 tons of soft coal and 2,725 of hard coal by ocean tugs.

In Manchester, one has only to walk up and down Main and Center streets to see for himself how many families there are represented by two or more members.

The following figures on death rates in the army, just issued by the government, are interesting: Regular army, number of deaths per 1,000, 1898, 17.45; 1899, 6.56; 1900, 4.83; 1910, 2.80.

As every tourist knows, everything which Chicago does is done on the biggest scale possible. Every Chicago barker knows it and says so.

Chicago, Jan. 8.—A. L. Jacobs, stage manager of the Majestic Theater, who has had only one day's vacation in 39 years, was bequeathed \$50,000 by George Castle.

NEGOTIATIONS TO CONTINUE?

Paris, Jan. 8.—The break between the Bolsheviks and German peace envoys at Brest-Litovsk was only a farce and the negotiations for a separate peace will be renewed.

SUITS FOR \$17,500 START AS RESULT OF ACCIDENT

Superior Court to Hear Details of Auto Smash up at Hilliardville Last September.

The fatal accident that occurred at Hilliardville last September when an automobile plunged into a trolley car is brought back to mind by the announcement that a suit for damages is to be brought against the owner of the automobile.

John P. Begley, administrator of the estate of James R. Kennedy, the man who was killed in the accident, has also brought suit against Byrnes for \$10,000 damages.

Describing the accident Missett says he was invited by Byrnes to ride with him and another person from Hartford to Rockville, September 17, and he alleges that Byrnes was driving recklessly near Cooper's switch in the village of Hilliardville.

B. M. Holden is attorney for Administrator Begley. It is alleged Kennedy received his fatal injury by being thrown against the trolley car. Frank E. Healy is attorney for Byrnes.

100 MILLION BUSHELS OF WHEAT REQUIRED

Allies Must Have That Amount This Year, Food Administrator Hoover Says.

Washington, Jan. 8.—The United States must supply her allies with 100,000,000 bushels of wheat this year. This is the latest estimate of Herbert C. Hoover, based upon a new survey, showing the food situation in Europe to be far more serious than first reports indicated.

Mr. Hoover declared that it means Americans must save that amount, if the bread requirements are met. The harvests of the Allies prove far less than was expected, and they are prevented from access to the more remote markets through the submarine curtailment of shipping.

WAR SAVINGS STAMPS.

Every Store in Connecticut to Be a Sales Station.

Hartford, Jan. 8.—Federal directors of the national war savings committee have decided to inaugurate immediately a campaign for the establishment throughout the country of 1,000,000 sales stations for thrift stamps and war savings certificates.

If this proportion is followed in Connecticut, it will result in the placing of one sales station for each 100 inhabitants. This will mean that practically every store, large and small, in this state, will be asked to take an agency for the stamps and certificates.

STAGE MANAGER GETS \$50,000 FROM SUPERIOR.

TRADES CHIEF TOPIC AT MEETING TODAY IN CINCINNATI OF BASE-BALL COMMISSION

Cincinnati, Ohio, Jan. 8.—Trade talk overshadowed all other matters up for consideration today, when magnates of the National and American Leagues gathered here for the annual meeting of the National Base-Ball Commission.

The arrival from snowbound Chicago of Charles Weeghman, owner of the Cubs, and Charley's bank roll was the signal for an upward turn in the price of all players scheduled for sale or trade. Weeghman and his manager, Fred Mitchell, went into early conference with President Branch Rickey and Manager Jack Hendricks, of the St. Louis Cardinals. Weeghman wants Roger Hornsby, the St. Louis star, but Rickey has been quoted as refusing point blank to consider any deal in-

volving a transfer of his shortstop. Whether the jingle of money in Weeghman's pocket can woo the St. Louis boss away from his determination not to dispose of Hornsby is problematical.

The schedule committees of both leagues were in session and it is expected that the completed cards will be ready for presentation to the club owners by tomorrow night at the latest.

Tax on Tickets.

One of the questions troubling magnates is the matter of collecting the war tax on admission tickets next season. The war tax on passes also will come up for consideration. A committee probably will be sent to Washington to ask permission of government officials to charge a straight tax of 10 cents on all admissions.

It was announced at the opening of the session that the teams would co-operate with railroads next by having each player carry his own uniform. This will abolish the uniform trunks and cut down the amount of baggage.

REVOLUTION STILL THREATENING SPAIN

Army Officers, Members of Infantry Defense Committee, Sponsored Plot—Socialists Out of It.

Paris, Jan. 8.—Revolutionary sentiment is still simmering in Spain and the government is taking steps to meet an outbreak, according to a special dispatch to the Matin today.

Premier Alhucemas announced at Madrid that the government may suspend the constitutional guarantees, which is equivalent to a national declaration of martial law.

Documents found at Madrid, Barcelona and elsewhere show that the revolutionary plot was sponsored by army officers, most of them being members of the Infantry defense committee, and that radical Socialists had no hand in it although they were in sympathy with it.

CHICAGO STILL LARGELY SNOWBOUND.

Chicago, Jan. 8.—Chicago is still digging itself out of the drifts today. Despite the activities of thousands of snow shovellers, working under direction of city authorities, scarcely a dent has been made in the deep covering of snow that blankets the city, and large areas are still entirely snow bound.

The official weather forecast for today and Wednesday is not encouraging, for more snow is predicted.

Although milk trains are being given right of way on most railroads the city is on half rations so far as its milk supply is concerned. It is expected, however, that a normal supply of milk will be available before today is over.

SIFT YOUR ASHES.

Hartford, January 8.—The chore-boy or housewife who sifts ashes painstakingly can be as true a patriot, in the opinion of the committee on fuel conservation of the Connecticut State Council of Defense, as the man who buys an extra Liberty Bond or the gourmet who eats eggs instead of steaks on Tuesdays.

Charles G. Bill, chairman of the committee, says he has learned that some people in Connecticut are throwing away ashes which contain a considerable quantity of unburned or "partly burned" coal. The presence of such coal in ashes indicates two faults, for it shows that the ashes have not been carefully sifted and there would be no unburned coal in the ashes if the furnace from which they came were properly run.

Any coal thus recovered, however, should be mixed with fresh coal and used over again or can be used without mixing when a slow fire is desired, Mr. Bill says. He considers it almost criminal for any one to throw away coal with ashes under present conditions, no matter how easily they can afford such extravagance.

It was a most commendable thing for the miners to work on New Year's day, but New England would feel more enthusiastic about it if it could get some of the results.

CO. G SMOKE FUND NOW HAS \$50 IN TREASURY

Postmaster Quish Explains Object of Movement—Tobacco Is Already on Way.

COMPANY G SMOKE FUND.

Total	\$50.00

Through arrangements made with Rev. Charles Hesselgrave, there is now on the way to France under his care a large shipment of smokes for the Company G boys overseas as well as other Manchester boys who may be in various other outfits.

There are enough smokes going over with Dr. Hesselgrave to stave off any immediate famine and with the other shipments this week, that will go to Captain Bissell direct, there is no doubt but that the G boys will be well supplied for a little while.

The shipment taken over by Dr. Hesselgrave, even though it is to be devoted to Manchester boys in other companies, such as the old Troop B, now Company B of the 101st Machine Gun Battalion and Manchester boys wherever they can be located in France, will be paid for directly from the Company G Smoke Fund.

Mr. Quish Speaks.

Speaking of the progress of the Fund last night, to a Herald reporter, Postmaster Thomas J. Quish said, "There has been some confusion in the minds of the townspeople as to the ultimate object of this Smoke Fund. Some people think that one shipment is to be made to Company G and the campaign stopped then. Others think that Company G alone is to be the unit of Manchester boys supplied by this smoke fund. Both ideas are far from correct. A quick shipment will be sent to Company G this week to help out the boys of the 101st American Tobacco Battalion of all kinds in Captain Bissell's outfit.

"The shipment will consist of two cartons of Veteran tobacco, twelve cartons of different kinds of cigarettes, six rolls of snuff (most of it for Sam Ford) six cartons of Prince Albert smoking tobacco and one hundred corn cob pipes. This list it is felt will fill the bill."

Smokes on Way.

"Now, as has been said before, Dr. Hesselgrave has with him a carton of smokes for every Manchester boy in France. Those for Company G will be mailed by him to Captain Bissell, as soon as the former reaches France, thus saving us two or three weeks. The smokes for the balance of the Manchester boys will be mailed direct to them as soon as Dr. Hesselgrave reaches France and thus all the Manchester boys will be supplied, and two birds killed with one stone.

"I fully realize that once the Smoke Fund is started we cannot afford to send one or two shipments to Company G and expect that the matter is ended there. In a short time the drafted men will be overseas and they will have to be furnished with tobacco. That means that the affair will have to be systematized and a plan is being worked out now that will take care of all such future contingencies."

For All Our Boys.

"The primary object of the money collected was to supply Company G with smokes. Hence the name, "Company G Smoke Fund." The ultimate object is to supply Manchester boys in France, whether they be with Company G, the Machine Gun battalions or men from the National Army with smokes. But that is a matter that will be taken care of just as soon as the primary object is attained, which will be within a very short while. We need the money to pull this work through and we are out to get it."

Dance Tonight.

Through the generosity of Manager Oldfield, of the Oldfield Dancing Academy, there will be held in Tinker hall this evening a dance, the entire receipts of which will be donated to the Company G Smoke Fund. Several feature dances are on the program and quite a sum, it is expected will be realized.

Plans are under way for a good snappy vaudeville bill to be presented at the Park Theater, in conjunction with a fine moving picture program on the evening of Friday, January 18, next. As has been announced Manager John F. Sullivan has turned over his theatre to the men in charge of the Smoke Fund

MULE MISSED HER TOBACCO.

Temperamental Mountain Canary Not Blamed for Planting Hoofs in Back of Her Only Friend.

Thinking the animal made a mistake in not knowing whom she was kicking or it was his fault because he forgot to give her the usual chew of tobacco, Fred Wales of Grass Valley, Cal., who carried his arm in a sling for some time as the result of a kick from Bessie, excuses his partner of fourteen years for injuring him.

The mule is known to every employee of the mine, 450 in all, and while there is no affection for her among 449 of them, they all have a wholesome respect for her in spite of her contrary disposition. It is a mine classic that she kicks the air-pipe two feet above her for exercise.

With Fred Wales, however, it is different. He has worked with Bessie for fourteen years and has become attached to the animal. He excuses her vagaries as an indulgent mother condones the actions of a spoiled child.

It is merely a matter of temperament, he says, and the other men do not understand her. His faith was shaken temporarily, but not for long.

In the physician's office he took offense at a suggestion that the mule should be killed on account of her

viciousness and rushed to her defense.

"It was perhaps my fault; it certainly was not hers. Bessie either did not know who it was when she kicked or I had forgotten to give her the usual chew of tobacco. I am willing to take all the blame."
