What kind of Clothes are YOU going to wear?

Maybe you haven't decided what style you'll pick out; but one thing you've undoubtedly made up your mind to—the clothes you buy this spring are going to be the kind that will give unusually good service.

In these days when war taxes, and high cost of everything are affecting all of us, there's a special reason for being particular about the quality you get. There's more economy in buying right than in buying cheap.

It was an original and interesting talk and, one person remarked that he learned more about the South than he had ever known before. Following the address, W. C. Cheney made a few remarks, telling of some of his experiences on a trip he took through the South some time ago. The club orchestra also favored with several selections and all joined in singing a number of popular songs. The meeting adjourned about nine o'clock.

We wish to take this opportunity of thanking our many friends and neighbors for the many expressions of kindness extended to us in our bereavement in the death of our beloved husband and father, Charlotte E. Stacy, Winnie A. Reid, Effie L. Pinney, Lottie E. Ogden.

**Send for
Swift & Company's 1918 Year Book**

It shows that Swift & Company sells the meat from a steer for less money than the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of \$1.29 per steer as shown by Swift & Company's 1917 figures as follows:

Average price paid for live cattle per steer	\$84.45	
Average price received for meat	68.97	
Average price received for by-products	24.09	
Total received	93.06	
This leaves for expenses and profit	8.61	
Of which the profit per steer was	1.29	

There are many other interesting and instructive facts and figures in the Year Book.

We want to send our 1918 Year Book, to anyone, anywhere — free for the asking. Address Swift & Company, Union Stock Yards, Chicago.

Then Ross put on speed and finished the 300 yards in 3:16 3-5, shattering the former record of 3:26 1-5. The Chicago A. C. team is leading the meet with 32 points; the Great Lakes team is second with 16 and the Illinois A. C. third with 14. LANDIS TREATS I. W. W.'S WELL.

Chicago, April 4.—Judge K. M. Landis, who is presiding at the trial of 112 members of the I. W. W. charged with violating the espionage law, is determined that the defendants get plenty of good food and also enjoy the comforts of home as much as possible. Following his order to have plenty of cuspidors installed in the courtroom so that the men could enjoy the privilege of chewing tobacco he next made a trip to the special dining-room where the men are fed in a body.

He wanted to see if the food was up to standard. He tasted the coffee and said: "The coffee will have to be stronger." He also took nibbles of food and passed judgment on its quality.
