53 AMERICANS
LOST ON TROOP
SHIP MOLDAVIA

List Announced by War De-
partment--Some of Miss-
ing May Yet Be Saved, But
This is Thought Doubtful
--All were of Company B,
58th Infantry, Fourth Di-
vision

Washington, May 25.--Fifty-three
American soldiers were lost on the
Moldavia, the British troopship sunk
by a German submarine, the War
Department announced this after-
noon. All were members of Com-
pany B, 58th Infantry, Fourth Di-
vision.

The armed Brit-
ish troopship Moldavia which was
sunk by a German submarine while
carrying American troops, remained
about fifteen minutes after being
struck by the torpedo.

Fifty-four Americans are still
missing including two corporals.
Captain Johnson of the American
forces, in an interview given to the
Daily Telegraph today praised the
courage of the young American sol-
diers.

"The wake of the torpedo was seen
by a midshipman when it was about
20 yards away from the ship," said
Captain Johnson. "It struck the
port side just forward of the engines.
All of the soldiers were asleep at the
time, but there was splendid disci-
pline among them when they were
aroused. Fifty-four men were miss-
ing, including two corporals. All
the rest are privates. It is believed
they were killed by the explo-
sion."

The ship listed heavily to the port
side, but righted herself and ran on
for 15 minutes before going down.

At that time she made about five
miles. The soldiers were taken off
by a single mishap. Half a
dozen of them got a wetting when
they slipped from a life raft.

General Biddle, at London head-
quarters of the American forces, con-
gratulated the American officers and
men for their soldierly and daring at
the time of the attack.

The Moldavia was formerly owned
by the Peninsular and Oriental Line.

bers of the U-boat crew were taken

British port, the Chronicle's dis-
patch said.

\$52,000 FOR RED CROSS
FROM BOXING CARNIVAL

Event at Madison Square Garden
Successful--Gold Cup, Gift from
Kaiser, Auctioned Off.

New York, May 25.--The boxing
fraternity has today delivered a war
time punch at the Kaiser of which it
is justly proud, for the monster box-
ing carnival staged at Madison
Square Garden for the benefit of the
Red Cross has added more than \$52,-
000 to the war chest of the organiza-
tion.

Among the 20-odd boxers who do-
nated their services were some of the
country's best performers and the
bouts were filled with action. A
bloody nose was looked upon as a
badge of honor. A feature of the
carnival was the auctioning off of a
gold cup, presented by the Kaiser to
Wilson Marshall, well known yacht-
man in 1905. The cup brought
\$18,000, after having been bought
in a number of times and then turned
back by the successful bidders.

U. S. Flyers More Than Hold Up
End in France--Columbus, O.,
Man Downs Third Boche Plane

With the American Army in
France, May 24.--(9 a. m.)--"There
are no new developments to report,"
says General Pershing's latest com-
munique. "It is established our
aviators shot down two hostile ma-
chines May 21."

Rickenbacker Scores.
With the American Army in
France, May 24.--Lieutenant Eddie
Rickenbacker, of Columbus, Ohio,
has shot down his third enemy ma-
chine. He achieved his latest vic-
tory last Wednesday near Thiacourt.
The shooting down of a German
plane, after he had been attacked by
four machines, by Lieutenant Ed-
ward Buford, Jr., of Nashville,
Tenn., was officially confirmed this
afternoon. Lieutenant Buford was
flying over the enemy lines near St.
Mihel on Wednesday when he ran
into a quartet of German flyers. He
dove for one of them. The German
maneuvered and attempted to get
Buford in between the other German
machines. The American avoided the
German and swung homewards.

He was confronted by one Boche and
he shot him down just as two others
came up. Buford's gun jammed
and he turned toward the others. He
dived beneath both of them and es-
caped, returning to his own lines.
Boche Praises Patrols.
It is now permitted to publish for
the first time that one of our squad-
rons is operating behind the Toul
front, and their daily patrolling has
been making life miserable for the
Huns for several weeks. The best
tribute paid to their work was by a
sausage balloonist.

"It is seldom that any Boche has
ventured to cross our lines since
these fighters arrived," he said.
The group has more than four vic-
tories for every one achieved by the
Boche. Their only losses so far
are Lufberry, Chapman and Hall.
Today the American patrolers were
unable to discover a single German
machine.
The majority of the Americans in
the pursuit squadron were trained in
America. They are all keen flyers.

IRISH REVOLT

Von Papen, Too, Mixed Up in
Plot, Says Government, in
Official Statement Today--
For Three Years and One
Half Sinn Feiners Kept Up
Dickering with Germany

London, May 25.--Count von
Bernstorff, former German ambas-
sador to the United States, and Captain
von Papen, arch German plotter in
America, were involved in the con-
spiracy to start a revolution in Ire-
land in which German troops were to
participate. This became known to-
day from a statement on the Sinn
Fein situation by the government.

This month a German submarine
cruised off the west coast of Ireland
ready to unload (word missing) for
a new revolution, it was revealed. It
was planned that the German-Irish
plot was to come to a head at the
same time as the launching of the
offensive on the western front, which
would be draining England of her
armed forces.

The arrest of a man who had been
landed on the Irish coast from a Ger-
man submarine and the arrest of the
Sinn Feiners nipped the conspiracy
in the bud.

The Conspirators.
Fomenters of the contemplated
uprising were an Irish committee
and an "Irish revolution director in
America," whose identity has not
been revealed. John Devoy, oper-
ator of a successful Irish-American
line of communication, is involved,
as well as the Rev. Father John T.
Nicholson, an American citizen of
Irish birth, Papen and Bernstorff.
Bernstorff, it was learned, started
reorganizing an Irish rebellion
shortly after the Dublin uprising.

Plot All Through War.
"Thus it is seen that negotiations
between the Sinn Feiners and Ger-
many were virtually continuous for
three and a half years," says the
statement. "At first the second re-
bellion was planned for last year,

the windows of a compartment, land-
ing on solid ground and hastily
scrambled away. The train halted
with a jerk a few moments later and
military police stepped from the
train and started in hot pursuit of
the deserter, but up to a late hour
last night he had not been appre-
hended. Military police in automob-
iles raced through the streets of
Bridgeport and were soon reinforced
by the police department which sent
a number of patrolmen to comb all
sections of the city.

LIST IS SHAKY AND IRREGULAR

Steels Not So Strong—Ralls Lower, Including Favorites—Coppers Weak—Market Hardens Later—Quotations.

New York, May 25.—The disturbed market conditions which resulted after the announcement of the White House conference yesterday was intensified at the opening of the stock market today, when offerings from many sources caused declines all through the list.

There was another wide opening in the market today, and prices advanced in the next few minutes the price advanced to 106 3/4. Crucible Steel dropped 2 1/2 points to 65, with a rally to 66.

Bethlehem Steel B opened down one point at 83 1/2 and Baldwin Locomotive dropped 1 1/2 to 90.

Railroad stocks were fractionally lower at the start with Union Pacific yielding 1/4 to 120 1/4 and Reading 1/4 to 85 1/2. Fractional losses were sustained in the copper stocks generally.

The specialties, including Distillers' Securities, yielded from fractions to over one point, but the supply of these issues was small.

After the initial trading, the market developed a strong tone, with good recoveries in order in all the important issues.

Distillers' Securities, after selling at 60 1/2 rose to 61 1/2, and nearly all the Steel Industrials had a quick upturn of one point or more before the end of the first fifteen minutes.

The buying on that advance was that of an impressive character and large enough in volume to absorb all offerings, even at advancing prices.

AMUSEMENTS

REAL STARS IN REEL PLAYS AT THE MOVIE THEATERS

Park Theater Circle Theater

A Brady Made special production has been selected by John P. Sullivan to head the program of stellar attractions which are to be presented at the Popular Playhouse this evening.

The title of this screen play is, "Wanted—A Mother." Madge Evans is the star and this charming little lady never had a more delightful role than the one she plays in this most exceptionally pleasing photodrama.

Madge assumes the part of a little girl who has lost her mother through death and who is extremely anxious to find another mother.

When her father inserts a want ad. in a newspaper for a nurse for the little girl, she changes the ad. to read, "Wanted—A Mother," and this advertisement is the start of many remarkable adventures brilliantly played by Madge.

George MacQuarrie plays opposite little Miss Evans and both stars are well supported by an exceptional Brady cast.

In addition to the feature, a new surprise comedy will be shown. This is a brand new print direct from a new studio and it's a sure scream.

Then there is a chapter of that Universal thriller, "The Bull's Eye," with daring Eddie Polo and the usual extra comedies and cartoons.

Few announcements will prove of more interest to motion picture lovers than this one from the Popular Playhouse that Triangle's big melodrama, "The Sea Panther," will be presented here tomorrow evening.

This thrilling and colorful romance has made a tremendous hit and promises to be one of the sensations of the season.

When you know that it is one of Kenneth Clarke's best stories, and that it appeared in the Saturday Evening Post, you can't forget Charlie Chaplin's "A Dog's Life" here on Tuesday and Wednesday in his first three reel million dollar screen, "A Dog's Life."

Mr. Sullivan announces that a big feature will also be shown with the Chaplin comedy and there will be no advance in prices.

The first episode of the patriotic serial marvel, "The Eagle's Eye," will be shown on Thursday and Friday.

BOLTON.

Mr. and Mrs. Harry Dildine and F. J. Mathew motored from Johnston City to Bolton for a week's stay.

Through a mistake Mr. Dildine's name was omitted in the item printed in this paper last Tuesday.

Arthur Blair who enlisted in the United States service last summer and who was in France is now visiting his sister Mrs. Frank Reig.

Miss Anna Schwab of Newark, N. J., is visiting at her uncle's Frank Reig's.

TWO FLYERS DIE.

Paris, May 25.—Paul Kurty, of Philadelphia, an aviator attached to the American flying corps, was killed in action Thursday over the German lines, according to advices reaching here.

His machine fell in flames inside the German lines.

Roger Balbian, another pilot in the American flying corps, also has been killed in action. He formerly was chief of one section of the American field service in Belgium.

Place orders now for flowers for Memorial Day. We will fill urns and boxes or place wreaths or bouquets in the cemetery to your order.

A party will be held at the home of Miss Mildred Polsten this evening.

WHY MARINES WRITE. The reason is a French stenographer, a pretty one, too, who has volunteered to write letters home for her incapacitated American brothers.

The petite Parisienne makes a daily visit to the Marine hospitals for dictation—and the wounded devil dogs have suddenly become literary giants.

They anxiously await her visits and fairly swamp her with mail.

"Gee, if I only had about three more aunts and six more cousins to write to," sighed one husky sea-soldier, as the pretty little "steno" moved on to the next cot.

DR. HESSELGRAVE WRITES OF SERVICE IN DUGOUT

Some of These Holes in Ground Will Accommodate 5,000 Men, He Says.

The following letter from Rev. Dr. C. E. Hesselgrave in France, has been received by Mrs. George Lyman:

I have been at _____ for five or six weeks. It is on the western front and we are stationed in the midst of a wild, desolated district where for miles there stretches a great belt of hills and valleys, where the orchards have all been cut down, the trees almost entirely destroyed, the fields are of a brownish color, and the soil is very hard.

We have a splendid group of boys to work with—from Hartford, Manchester and surrounding towns—and our life has been one of sympathy and mutual understanding, as well as happy friendships.

Every Sunday morning in our cave we held church worship, sometimes by the dim light of candles, and sometimes practically no light at all. Part of the time we have hymn-books to assist in our worship and part of the time only such hymns and Scripture as the boys could recall, under the leadership of the Y. M. C. A. Secretary (Dr. Hesselgrave), were used.

Catholics and Protestants alike have attended these services, which are of a religious rather than a sectarian character. I have taken special pains to help the Catholics by securing...

...securing robes for those who had lost their prayer chains, and attending to such other matters as especially concerned the Catholic boys.

This paper has enlisted with the government in the cause of America for the period of the war.

GOING TO ITALY.

Secretary Baker says that American troops will soon be fighting in Italy. This will be good news to Italy and also to the expeditionary forces which are sent there. The actual arrival of American forces in Italy will have the same heartening effect upon the Italians that their arrival in France had upon the French.

PROCLAMATION GOVERNMENT.

The centralization and concentration of power in the hands of the President, who has divided it not only, as usual, among the members of his cabinet, but among various special law administrations and boards, has been an inevitable result of the effort to promote efficiency in the executive machinery.

The number of well-informed is always small, and the avenues of information are still smaller. That is the reason why criticism even of the Secretary of War by Chairman Chamberlain of the Senate military affairs committee should be specific, definite and restrained.

clamation for the tedious process of grinding out a new law, is an excellent reform. State public service and conservation commissions have enjoyed the privilege, many of them, for a long time, and the plan decidedly works.

A LEGISLATOR'S JOB.

It is an interesting distinction that, whereas United States Senators by reason in part of the larger dimensions of the territory they represent are inclined to spend more time with legislation of national concern, Representatives as a rule are interested in what immediately affects their own constituencies.

Heaven forbid anybody suggesting that the number of Congressmen who take a real part as well as interest in the shaping of national legislation should be less than it is. We have few enough statesmen now. But Senators as well as Representatives are supposed to represent, and represent their constituencies as well as the state or country in general.

For instance, a Washington dispatch of yesterday said that the Flood bill, providing for the leasing of water power sites by the government, was in danger of being killed. Secretary of the Interior Lane has repeatedly urged the necessity of the government's acquiring and developing its vast water power.

WAUKESHA, WIS.

One of the results of the abundance of important news about or connected with the war, has been the subordination or elimination of court-room sensations of the domestic tragedy type. Waukesha, Wisconsin, which is the scene of the trial of one Grace Lusk, charged with the murder of a doctor's wife, has not been conspicuous even by its absence, for it was never conspicuous by its presence in the public prints.

Miss Lusk is a teacher of psychology, which gives the story a little different flavor than it might have otherwise, but the human nature exhibited in the events leading up to and accompanying the slaying seem to have been not unusual.

ITALIANS PARADE.

It was a brave showing that the Italian-Americans—too bad, that hyphen—made yesterday in their parade. The Stars and Stripes and Red, White and Green floated together, a symbol of the double, but not divided allegiance of those who carried them. The new Italian band made a fine impression and kept the procession together most capably.

Italy Day should occupy a distinctive place on the American calendar of holidays hereafter, the day when Italy joined Britain and France, as America did later, in the fight for democracy.

Hartford's round up of about 400 slackers, loafers, etc. isn't the first one of the sort it has made, but it is the most thorough. Why a town of 18,000 or 20,000 should have few idlers, while a city of 140,000 has hundreds or more is a queer state

JUST TUNK A STAB AT Highbrow Stuff BY A ROUGHNECK PHILOSOPHER

When an unattached moll wearin' a Buster Brown hair cut will tell you in a mixed ale whisper that she feels a mysterious somethin' that electrifies her cosmic self, nine chances out o' ten her corset lace is busted an' she don't know it.

Manchester Twenty-Five Years Ago Culled from The Herald Files.

J. P. Cheney had discarded his old mount for a new Columbia. William Foulds and his daughter, Edith, were in the Adirondack mountains for a short stay. The remonstrants against the granting of a license for the Orford hotel had engaged John W. Coogan to represent them.

The Red Cross fund is going to pass its quota by a comfortable margin, the way things look. The more comfortable the margin, the more comfortable our boys abroad, as well as Allied civilians.

Manchester will never look prettier nor greener than it does now. Snap those pictures while the snapping is good.

No more graceful compliment could be paid to Italy than the naming of two American ships, launched on Italy Day, after two great Italians—Vittorio Emanuele III. and Giuseppe Garibaldi.—The World.

Patten pitched for Torrington last year. Lincoln is a New Haven "semi-pro." and Staples is from the Keene, N. H., Twin State League. Dugan is of the famous Dugan brothers, his brother, Joe, being with the Athletics and another brother is with St. Anselm College. McGowan played with Branford last year and Jackson is conceded to be the best semi-pro. infielder around New Haven. To Raise Service Flag. In connection with the game Sunday afternoon, a service flag with 14 stars will be unfurled. This flag will mark the foul line on one side of the field and the Stars and Stripes will be unfurled on the opposite side of the field. Bedding Plants of all kinds and cut flowers for Memorial Day. - Has warehouse capacity for 100,000 tons.
- Has 400 motor cars and operates 7 garages, making all repairs.
- Had shipped 46 freight car loads of assorted supplies to Italy from France within two weeks after it began operating in the former country.
- Had a battery of motor ambulances at the Piave front four days after the United States declared war on Austria.
- Started a thousand different activities in Italy at the time that nation was in its most critical condition.
- Has established 5 hospitals in England and operates a workshop for hospital supplies employing 2,000 women.
- And the 100,000 cases of supplies have been received at the Paris headquarters of the American Red Cross. Various chapters are active throughout the United States.

What does all this mean to you? And that is but a fraction of the work your Red Cross has done and is doing. It means that without this ceaseless, heroic work of the American Red Cross we could never win this war.

Without your Red Cross quick, vital help to keep Italy in the fight for Liberty would not have been possible.

Without your Red Cross thousands of French soldiers now gallantly fighting for you at the front would have died of wounds, exposure and lack of food.

And great and wonderful as has been the work of the American Red Cross in the past, still greater and more wonderful must it be in the future—for now *your* boy is in the fight.

Your Red Cross cannot neglect France, England, Italy, Serbia, Roumania and little Belgium. It must give them all constantly increasing help, for the men of these countries have been fighting our battles.

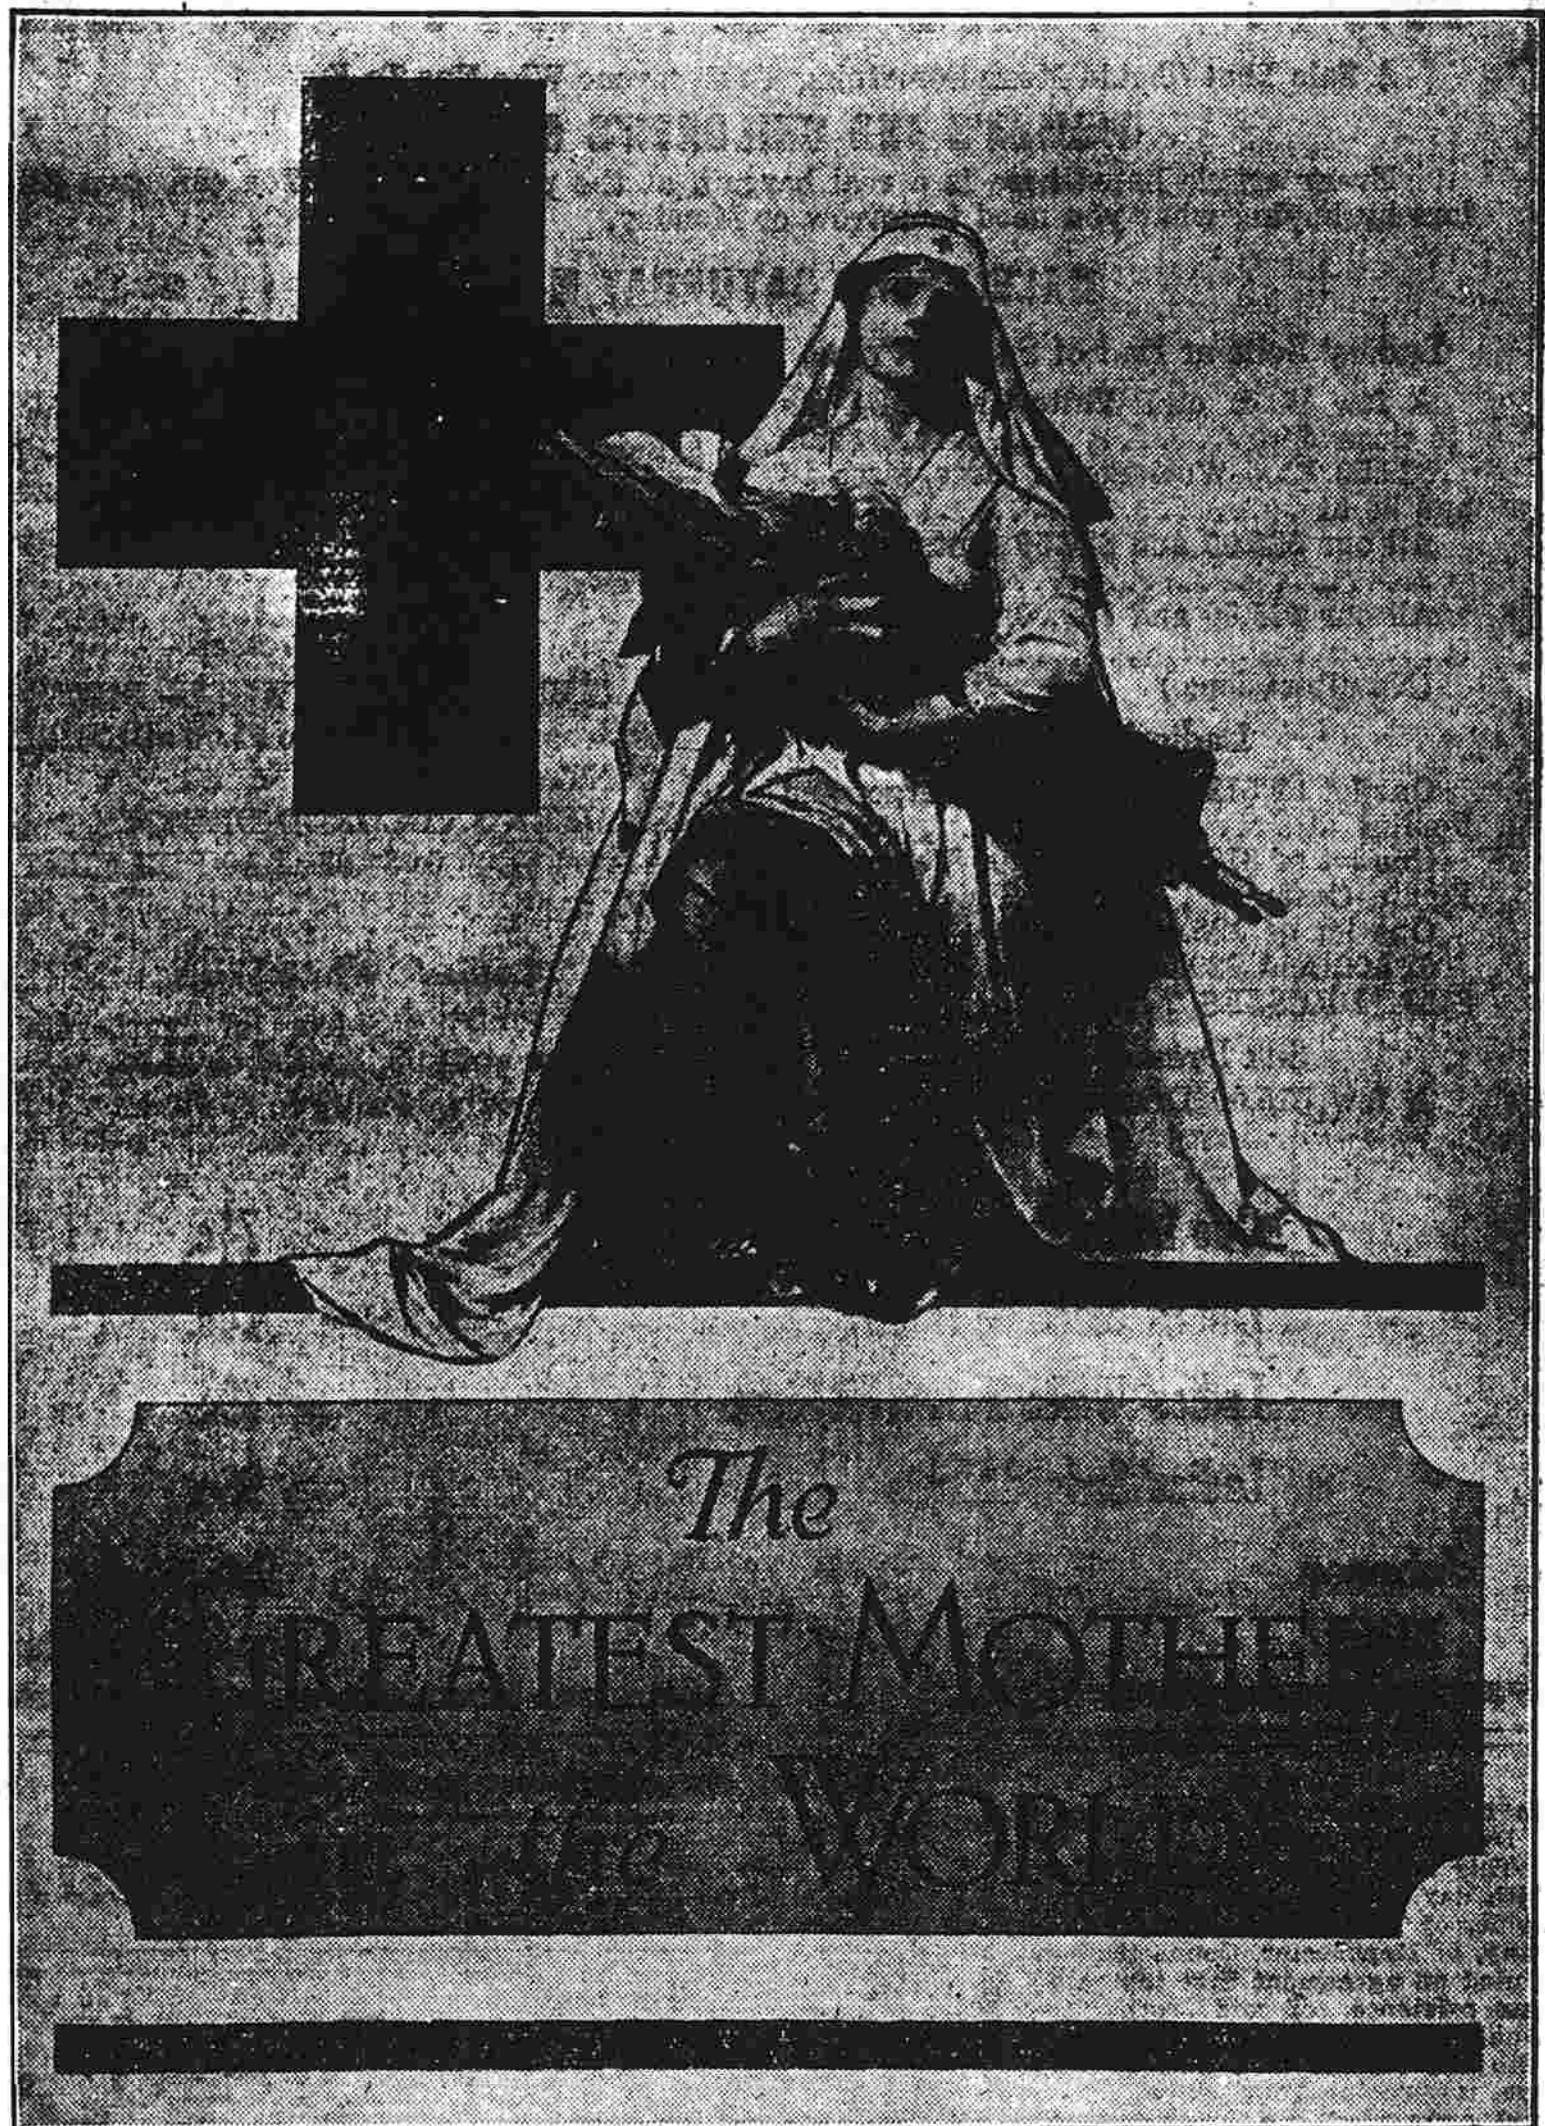

But now we must all redouble our efforts and sacrifices for our Red Cross because a million mothers' sons are going to carry the stars and stripes to the greatest victory God has ever given to men fighting for honor and liberty.

With the help of your Red Cross your boy will win.

OUT of the bleeding heart of Europe there comes
a cry heard above the moan of the broken body
racked with pain. The Soul of Freedom, at bay
with Death, cries out to save Liberty for the race of
men.

It is *your* Liberty, your nation's freedom, your
children's birthright, that is fighting for its life.

All that life holds for you as an American is at
stake in this war, and you *must* fight for it to the
utmost limits of your power.

We cannot all be in the trenches, but every one
of us can—and *must*—sustain those who are.

Not as an act of mercy, but as an act of war—
as a Soldier of the Nation—help the Red Cross heal,
support, cheer our Soldiers and Sailors of Liberty
that they may fight the sooner, the harder, the longer
in this Holy War.

Give to the Red Cross every dollar, every cent
that you possibly can—give till your heart says stop.

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most
efficient organization for the relief of suffering that the
World has ever seen.

It is made up almost entirely of volunteer workers,
the highest executives being without exception men ac-
customed to large affairs, who are in almost all cases
giving their services without pay.

It is supported entirely by its membership fees and
by voluntary contributions.

It is doing—bringing relief to suffering humanity,
both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restora-
tion throughout the world.

It feeds and clothes entire populations in times of
great calamity.

It is there to help your soldier boy in his time of
need.

With its thousands of workers, its tremendous
stores and smooth running transportation facilities
it is serving as America's advance guard—and thus
helping to win the war.

Congress authorizes it.
President Wilson heads it.

The War Department audits its accounts.
Your Army, your Navy and your Allies enthu-
sastically endorse it.

Twenty-two million Americans have joined it.

ITALY DAY IS OBSERVED FITTINGLY IN THIS TOWN

Manchester's Italian Residents Turn Out En Masse in Great Patriotic Demonstration.

"Italy Day" in Manchester will go down in the history of the Italian people in this town as one of their biggest days. Enthused by their excellent showing in the big Red Cross parade the Italians banded together and the biggest turnout of Italian people the town has ever witnessed resulted.

Not all the Italian people in town marched in the parade which was late in starting but no one ever dreamed there were as many of that nationality in town.

Bosco as Grand Marshal. Angelo Bosco led the parade as Grand Marshal. Following him were the honor flags of the day, the Italian flag and the Stars and Stripes. There were the marshal's aides and the Italian band which has made such a good impression upon the townspeople in the last few months. Then came Sergeant Richard's squad of State Guardsmen bearing aloft the flags of the Allied nations.

Italian Children. A large representation of school children were in the parade carrying flags and flowers of the Italian colors. The Americanization committee headed by its chairman, Mrs. Florence Hillsburg marched twenty five strong. Then followed one hundred and fifty Italian women dressed for the most part in white and carrying red, white and green flowers and American flags. The Italian men brought up the end of the parade. There were two hundred of them. They bore the American and Italian colors.

At the Center Park.

The parade made its way to the Center park. Here a stand had been erected for the speaking. Supt. F. A. Verplanck of the Ninth School district addressed the gathering first. He spoke in English and paid tribute to Italy and her work in the war. E. Pagan and G. Borello addressed the gathering in Italian. The Italian band played patriotic airs. The parade formed again after the speechmaking was finished and marched to the War Bureau where it disbanded while the band was playing the Star Spangled Banner.

MOODY-CRAWFORD.

Miss Effie Catherine, daughter of John Crawford, of 329 East Center street and George Warren Moody, of Springfield, Mass., were married Thursday evening at St. Mary's Episcopal church by the rector, Rev. J. S. Neill. Mrs. Walter D. Marsh, sister of the bride, was matron of honor and Walter D. Marsh attended the groom. The Misses Altie M. Worthington and Edna D. Marsh, nieces of the bride, were the flower girls.

The bride's dress was white silk voile. She wore a white hat and carried a bouquet of sweet peas. Mrs. Marsh wore pink crepe de chine with a black hat. The flower girls were dressed in white, one wearing pink ribbons and the other blue. Each carried a basket of sweet peas.

After a short wedding trip the couple will return tomorrow when their friends and relatives will hold a farewell party as Mr. Moody leaves Monday morning to enter the service.

ATLAS VS. ECHOES.

Booze or Bread?

We spend in one year:

For intoxicating liquor \$2,000,000,000

For bread and clothing \$493,855,000

We can get along without booze. We ALL need bread and clothing.

But let's compare the two groups of industries in question in terms of labor, wages and raw materials required by each, the figures given having to do only with the manufacture of products.

I. Wage Earners Employed

Intoxicating liquor 62,920
Bread and clothing 493,855

Consumers paid two billion dollars to EACH industry—but the bread and clothing interests employed almost eight times as many wage-earners as the liquor interests.

II. Wages Paid

Intoxicating liquor \$45,252,000
Bread and clothing \$244,196,000

Consumers paid two billion dollars to EACH industry—but the bread and clothing interests paid five and one-half times as much wages as the liquor interests.

III. Cost of Raw Materials

Intoxicating liquor \$139,199,000
Bread and clothing \$744,337,000

Consumers paid two billion dollars to EACH industry—but the bread and clothing interests required five times as much raw materials as the liquor interests.

Do you think that the liquor industry—whose product we DON'T need—is so important as an employer of labor, a payer of wages, or a purchaser of raw materials, that it should be maintained in preference to other industries whose output we actually DO need?

If you believe that the traffic in Alcohol does more harm than good—help stop it!

ELMAN'S MAY REDUCTION SALE.

Elman's May reduction sale, which opened this morning and continues for a few days, offers to you the chance to save money on reasonable garments needed by the women and children of the household.

With goods of every description constantly rising in price it is a difficult matter to make sale prices look attractive these days, for every time a merchant sells stock at prices slightly under the normal he must

pay more to replace the stock than he got for it.

The prices at which the garments are marked in this sale in most cases are less than cost and considerably under what they could be replaced for today, but the object is to turn the stock into cash. Elman's loss means your gain.

Gas meters will be read May 25. Consumers are requested to insert an opportunity to approach the meter on that date. The Manchester Gas Co. 20013
