PRICE TWO CENTS

SECOND DAY IN LOAN DRIVE NETS \$500,000,000; QUARTER-BILLION-DOLLAR-A-DAY PACE NOW SET

48 Cities and Towns in New England Have Gone "Over Top" Already — Middle West and West Increases Pace—Soldiers and Sailors Make Successful Salesmen in Many Cities.

Washington, April 23.—Unofficial estimates by Treasury Department officials today placed total subscriptions to the victory loan at the end of the second day's drive at nearly \$500,000,000. Reports were slow in coming in, they stated, but from those in hand they roughly estimated that subscriptions so far indicate a quarter of a billion dollars a day.

Chicago today wired the Treasury Department that the loan activities of the second day were at the same high pitch of enthusiasm that featured the drive on the opening day. Fifty foreign language meetings, attended by 50,000 persons were held together with band concerts and a monster chorus at the victory forum. Drills and firing of giant coast defense guns added to the enthusiasm. Reports from the entire district were highly encouraging. The district has adopted a new slogan "let's finish the job in a week."

New England's "Bit."
From Boston came the message that 48 cities and towns in New England had subscribed their quotas up to last night.

Estimated sales of \$60,000,000 at the closing of business last night were reported from the Cleveland district. Sixty one honor flags have been awarded against 31 at the end of the second day of the Fourth Liberty loan drive. Soldiers are proving to be successful salesmen. The city of Cleveland reports sales of \$5,630,000.

Minneapolis O. K.
Minneapolis reported conditions throughout the district as entirely satisfactory. The bad state of the roads is delaying reports of the work of the various loan organizations, it was said.

More than \$5,500,000 has been subscribed in the two days in the Kansas City district, it was reported. Fifteen counties in Oklahoma already have gone over.

From Pacific Coast.
From San Francisco came the report that 16 of the 35 counties in the state of Oregon has over-subscribed at the end of the first day.

Only two counties in the Dallas district have gone over. Rallies are being held throughout the district and an intensified sales campaign will be started by the end of the week.

CLEVELAND'S PROGRESS.

Cleveland, O., April 23.—The Cleveland Federal Reserve district swings into the third day of the Fifth Victory Loan campaign this morning with \$60,100,000 of its \$65,000,000 quota subscribed, according to Victory Loan headquarters for the district here.

NEW ENGLAND REPORT.

Boston, April 23.—Fifty-four New England cities and towns have gone "over the top" in the victory loan drive, according to an announcement made this afternoon at New England loan headquarters. The largest Massachusetts community to over-subscribe its quota of notes was Canton.

It was estimated that total subscriptions for the entire district have reached more than \$45,000,000. With reports from 173 of the 584 banks meeting the total today stood at \$45,200,000.

Massachusetts subscribed \$7,255,000 of this total. Connecticut followed with \$3,211,000; Vermont \$2,500,000; New Hampshire \$255,000; Rhode Island \$150,000 and Maine \$27,000.

HUNGARY INVADED BY CZECH TROOPS

Copenhagen, April 23.—Czechoslovak troops invading Hungary are moving swiftly upon the capital and at latest advices from Vienna were but one hour distant from Budapest.

Geneva, April 23.—Czechoslovak and Servian troops have begun to advance into Hungary, it was reported from Vienna today.

Troops of four nationalities are now fighting the Hungarian Reds, Roumanians, Poles, Servians and Czechoslovaks.

TOWN BUYS \$73,000 WORTH OF BONDS; OUR GRAND TOTAL NOW IS \$287,500

Victory Loan Drive is Forging Steadily Ahead—Quarters at War Bureau—May Avert House Canvas.

Several thousand letters were sent out to Manchester citizens today by the Victory Liberty Loan committee, under the direction of Chairman R. LaMotte Russell. The letters were the committee's direct appeal to prospective buyers of bonds to act immediately. It is desired that everybody notify the general committee at once as to the amount of bonds they will buy. The expectation is that the town's full quota will be subscribed for in this way, and that the house-to-house canvass can be dispensed with.

Up to 3.30 o'clock this afternoon, the sales of Victory Liberty Loan bonds for the day amounted to \$73,000. While this is a good third-day showing, the total really should have been larger. Apparently, many citizens are taking it for granted that there is plenty of time, and have not notified the committee of their intentions. As stated above, they will greatly assist the Manchester campaign if they demonstrate that they realize the reasons why a prompt report is wanted. They can aid materially in simplifying the work of the Victory Loan drive. The total subscriptions to date now amount to \$287,500.

New Headquarters.
The decorators are at work today on the new quarters for the general committee. The war bureau will be utilized for this purpose as soon as the committee completes arrangements. Posters, banners, and tons of literature are being pressed into service.

Tenting Today.
The jaunty tent on the park at Depot Square was thrown open for Victory Bond business bright and early this forenoon. Mrs. James M. Shearer was in charge, assisted by Mrs. William S. Hyde. Posters and printed matter were displayed and the booth attendants supplied information to a large number of subscribers.

Two automobile parties touring from Philadelphia to Boston for the military celebration were made the victims of the salesmanship of Mrs. Shearer and Mrs. Hyde this noon. In a misguided moment the parties stopped at the tent to inquire about the highways to Boston. The information was promptly supplied by Mrs. Shearer and Mrs. Hyde, who then immediately descended upon the tourists with such a volley of facts about gilt-edged investments paying 4-5 per cent and backed by the strongest government in the world that the automobilists capitulated and pledged their subscriptions for substantial amounts in Victory bonds.

The attendants at the tent this afternoon were Mrs. J. M. Williams, Miss Elizabeth Dean, Miss Ivy Clark and Miss Gertrude Carney. A large amount of Victory Loan literature is being distributed in the schools of the town today, and in this way will enter thousands of homes.

BOSTON ABLAZE WITH GLORY, READY FOR 26TH'S PARADE

Vanguard of Relatives and Friends of Yankee Division Arrives.

TREMONT ST. IS TRULY AN AVENUE VICTORIOUS

Crooks Already Appearing On Scene to Prey Upon the Unwary—20,000 Soldiers to be in Line—Drum Which Went Through Two Wars to Be Played.

Boston, April 23.—The vanguard of the host of relatives and friends of soldiers of the Yankee Division who are coming here from all sections of New England to view the great victory parade on Friday reached Boston today. Chairmen of reception committees estimated that more than a million New Englanders will be here to see their boys in full war regalia as they march through the city streets in their last public appearance before being mustered out and returning to civilian life.

Ablaze With Color.
The main business streets of the city are ablaze with color. With its thousands of flags, streamers and bunting, Tremont street is truly an "Avenue Victorious."

Washington street, from Boylston to Adams Square has green festoons strung across the thoroughfare from almost every building. Swinging at the end of each festoon is a sign bearing the names of the gallant commanders of the Yankee troops and the battles won by the New England fighters. Flags are flying from business houses in other streets. Flying from business places and homes in the Back Bay district, along the route of the parade are 1,500 flags. From third story windows the star spangled banner floats, and flags of allied countries appear on the second story levels.

American and state flags are massed in front of the various grandstands erected along the route of march.

All Details Completed.
Details of the parade Friday afternoon have been completed and the gigantic task now facing the hospital committee is the housing of this immense influx of people. Churches, societies and private families have hospitably thrown open their doors that none may find themselves at night without shelter.

Crooks Appearing.
Theater men have also lent their aid by offering the use of their theaters. Not only has the city become the mecca for these visitors but it has attracted a host of others who have come to mingle with the crowds and prey upon the unwary. Already many of the unwelcome transients have started reaping the harvest.

20,000 in Line.
It is estimated by officials at the Northeastern department that 20,000 men will be in line in the parade. Of this number 15,000 men are active members of the 26th, the remainder consisting of wounded and discharged men.

Assistant Secretary of War Crowell arrived Friday morning and will review the parade with Governor Coolidge at the State House grandstand as the representative of Secretary Baker.

Historic Drum.
The Yankee division is to be brought from Camp Devens in two sections and the first will reach Boston tomorrow, returning to Camp Devens as soon as the parade is finished. The second section will reach Boston on the morning of the parade and return to Camp Devens on Saturday. A drum, upon which Roy Wiggett, of the 102nd Field Artillery Band will play in the Yankee division parade has been through both the civil war and the battlefields of France, where the Y. D. boys made themselves famous. It was made by Elias Howies, of Boston, in 1855.

NO FLIGHT TODAY.
St. John, N. F., April 23.—Weather again held up the start of the Trans-Atlantic airplane flight today. The air was thick with fog.

REVOLUTION TO SWEEP O'ER ITALY IF FIUME GOES TO THE JUGO-SLAVS

DISPUTE OVER FIUME IS GETTING GRAVER

Paris, April 23.—The Italian Jugo-Slav dispute over Fiume is constantly getting graver, the Matin stated today in discussing this momentous problem.

The French press is unanimous in pointing out the seriousness of this matter and its possibilities.

"It is impossible to exaggerate the importance of Premier Orlando's withdrawal from the sessions of the Big Four," said the Journal.

BERLIN WON'T SIGN DICTATED PEACE; BLOCKADE WILL BRING HER TO TIME

FRENCH WANT MILLION LABORERS FROM ITALY

Paris, April 23.—The French government has appealed to Italy to furnish one million workmen, mostly laborers, to assist in rebuilding northern France, it was learned today. Italy replied that she was disposed to grant the request but at the same time desired assurances that France would not object to the building of Italian schools.

ITALY WILL GET FIUME TO AVOID CONFUSION

That is Washington's View of Situation if Italy Desists Conference She Will Upset Peace of Europe.

Washington, April 23.—Italy will be given Fiume by the Allies rather than see her desert the peace conference, your correspondent learned from an authoritative source today.

Advices received here made it plain that Italy will not be allowed to withdraw from the conference because her action would again upset the peace of Europe. Her threats to quit have been taken seriously by President Wilson and the Allied statesmen, according to well-informed circles here and she will get Fiume. Even if her claims to the port city were less substantially founded, it was stated, the conference would submit to her demands rather than allow her to withdraw.

Although President Wilson has openly espoused the Jugo-Slav claims, it was learned here today that the President, as he has become more thoroughly acquainted with the Adriatic situation, has gradually been experiencing a change of views. He has been quoted as saying that when he first went to Paris he was comparatively ignorant of the Adriatic situation and it is known here that his attitude is less unyielding than it is generally reported.

GENERAL ORDERS ISSUED FOR ODD FELLOWS' PARADE.

King David Lodge to March in Hartford County Division.

Orders have been issued for the parade of state Odd Fellows in Hartford Saturday in observance of the one hundredth anniversary of the order. King David lodge, which is planning to make a fine appearance, will be located in the Hartford county division, with Crescent lodge of East Hartford in front of it and Portland lodge of Portland behind it.

The Hartford county division is second in line, being preceded by New Haven county. The line of march will be from the South Green through Main street north to the tunnel, with a possible counter march to Church, to Trumbull, to Pearl, to Trinity street to Capitol Avenue to the State Armory. Units must be in their appointed position by 2.15 as the parade starts promptly at 2.30.

FIRE IS DISCOVERED IN HOUSE OF COMMONS.

London, April 23.—Considerable excitement was caused in the House of Commons last night by a fire set by defective wiring. The damage was found today to be slight.

This is Prediction of Noted Italian Editor — Public Opinion Against It—Clemenceau Says Problem is Serious One — Japanese Tangle Also Threatens to Start Trouble.

Paris, April 23.—Revolution will sweep Italy, accompanied by Bolshevism and the collapse of the present ministry at Rome, if the Italian delegates are forced to return to Rome with the decision that Fiume is going to Jugo-Slavia instead of Italy, according to a prediction made today by Dr. Scartoligo, editor of the newspaper Mattino, of Naples.

Mostly Italians.

"Fiume has a total population of 32,000, of whom 27,000 are Italians," said the editor. "The other 5,000 are mostly Croats. We must flatly decline to leave the fate of the Italians to the Jugo-Slavs." We were prepared to make the port free, giving the Jugo-Slavs equal shipping rights but we cannot agree that either the city or the ports be placed under Jugo-Slav rule. The splendid harbor works were built by the Italians and the secret of the whole fighting is the Jugo-Slav desire to seize a ready made harbor and save themselves the trouble of improving one. There are 14 Adriatic ports we are willing to leave in the possession of the Jugo-Slavs.

Italian Public Opinion.
"Italian public opinion is emphatically hostile to any arrangement which would leave the Servians and Croats the slightest vestige of authority at Fiume. If the delegates do not agree to any decision, this week our delegates will probably go home and explain to the people there were unable to obtain satisfaction regarding their aspirations. If Premier Orlando and Baron Sonnino return to Rome with this answer of authority at Fiume, the country very likely will be plunged into revolution. Unless the conference promptly recognizes the force of public opinion this question will force Bolshevism into Italy. Hitherto we were confident that this would not happen, but if it does the movement may spread rapidly and increase the danger of threatening the whole of Europe."

Clemenceau's Opinion.
Premier Clemenceau regards the Fiume problem as one of the most acute the conference has yet taken up. Discussing it after a conference with Premier Lloyd George and Premier Orlando, he said: "Fiume is a worse question to settle than the Saar valley. Maybe the people will now recognize that we French are not so unreasonable after all."

The Japanese Tangle.
Japan's territorial demands in China are proving nearly as vexing as the Italian demand for Fiume. The Chinese have sent a long petition to the peace conference asking that the Japanese be forced to turn back Kiao-Chau and the railroads occupied after the Germans were driven from the region.

DEATH OF GIRL

Sighted, the fourteen year old daughter of Mrs. John Skogland of Apple place, died at the Hartford hospital early this morning after a brief illness from typhoid pneumonia. The girl was taken sick some ten days ago and was removed to the hospital all night and said that Mr. Bell was resting as comfortably as could be expected this morning. The doctors were to hold a consultation today to decide whether an operation would be necessary.

POLICEMAN KILLED

Chicago, April 23.—Policeman Henry Manders was shot and instantly killed by one of two auto thieves he caught trying to steal an automobile early today. The thieves escaped and are being sought by the "rifle squad."

H. M. NORTON ILL.

H. M. Norton, of the Norton Electrical Instrument Company, is ill at his home on Chestnut street with pneumonia. He was able to be at the shop on Monday of this week but was taken sick that night. The pneumonia developed his morning and he is now under the care of a trained nurse.

O'Leary's

EVERYTHING IS READY FOR OUR TOWN'S PART IN BOSTON'S WELCOME

Manchester Will Be for Once Well Advertised.

HISTORIC PARKER HOUSE TO RING WITH WELCOME

Supper, Music and Speeches for All the YD Boys from Manchester—Conspicuous Greeting from Reviewing Stand.

Arrangements are complete for the excursion of Manchester people to Boston tomorrow to attend the welcome home party to be given at the Parker House tomorrow evening by the Manchester boys from overseas and to witness the great parade of the Twenty-sixth Division on Friday. From start to finish of the celebration the Manchester delegation will make its presence felt. The special train itself will be noticeable because in every car window will be a placard inscribed:

Manchester
Y. D. 26th Div.
Connecticut.

Reservations at various hotels have been secured for all who are going with the Manchester party and will have time to get comfortably settled in their rooms before the reunion at the Parker House at seven o'clock in the evening. This will open with an informal buffet supper at which over 150 are expected to be present, including 60 YD men from Devens and 26 from Manchester. The supper menu includes: Chicken Croquettes and Peas, Fruit Salad and Rolls, Escalloped Oysters, Sandwiches

Ice Cream and Cake Coffee.

After supper the evening will be given over to social intercourse, interspersed with songs and short speeches. F. A. Verplanck will be master of ceremonies and some of Manchester's well known fun makers will add merriment to the occasion. The festivities at the Parker House will be over at an early hour so that all may retire in good season and be ready for the strenuous day to follow.

The Manchester party are expected to be in their places on the reviewing stand at ten o'clock Friday morning, equipped with lunch and prepared to spend the day. It will not be hard to identify the Manchester section for across the top of it will be stretched a huge sign 50 feet long and bearing in letters three feet high the words:

MANCHESTER, CONNECTICUT WELCOMES YOU.

When the marching boys, whatever regiment they may be, with, pass this section they cannot fail to recognize their home friends. On the other hand the spectators on the stand will keep posted on the progress of the parade through the aid of an announcer who, standing in front of them with a megaphone, will tell them the name of each unit as it approaches.

The special train to bring the Manchester party home will leave the South Station at nine o'clock and Back Bay Station at 9:05 and will be due in Manchester at 11:30. Special trolley cars will meet the train to convey passengers to the south end.

Following is a list of those who have already signed up for the Manchester party:

Names of Party.

Mrs. C. S. Anderson, Mr. and Mrs. F. H. Anderson, V. Anderson, Mr. and Mrs. F. J. Bendall, Harold Balch, Merrill Balch, William Balch, H. Bellucci, J. Bensola, J. Bartz, Frank Blanchard, F. Blanchard, H. M. Burke, J. D. Burke, Estey Brown, H. O. Bowers, Mrs. A. E. Bissell and Mrs. C. E. Bissell, A. E. Bowers, H. Barlow, Mrs. Barlow, Joel Best, Mr.

and Mrs. B. Bidwell, Mr. and Mrs. E. Benson and Miss Alice M. Benson, Aaron Johnson, Mildred Johnson, Maud Johnson, George Johnson, Mr. and Mrs. B. L. Knight, Mrs. A. Kofflink, Mrs. J. H. SIoux CITY "WOBBLES" ARE TO BE DRIVEN OUT

To "Eternally Get Rid of Mayor and the I. W. W." is Slogan of Movement.

Sioux City, Ia., April 23.—A movement is under way here today to "eternally get rid of the I. W. W. and Mayor W. M. Short" after the breaking up by Sheriff Jones and more than 100 deputies, federal agents and railroad detectives, of the session of the agriculture section of the I. W. W. national convention here late yesterday.

The sheriff leading the deputies and other officers entered the hall where the I. W. W. were meeting and ordered the place closed. The convention "permanently closed" and after ordering the delegates to "get out of the city in a hurry" confiscated some of the records of the I. W. W.

The sheriff broke up the "wobblers" meeting when he was told a mass meeting of citizens was being arranged to drive the I. W. W. out of the city.

A. M. Jackson, leader of the opposition to the Mayor said today: "We are going to take action by which Sioux City society will eternally get rid of the I. W. W. and Mayor W. M. Short."

Opposition to the mayor grew out of the mayor's action in permitting the I. W. W.'s to meet in this city.

BASEBALL'S "COME BACK" IS BEING STAGED TODAY

Few Players Missing in Major League—Schedule of Games On For Today.

Baseball came back to its own today with all indications pointing toward a prosperous and successful season—the first since 1916.

The curtailing of the season gave baseball players and fans the longest between seasons vacation they have had in the history of the major leagues, and as the teams lined up today in eight big cities the fan was more than ready to accord them a hearty welcome.

Most Teams Started.
Most of the sixteen major league teams started the season today with lineups which will need but few alterations as the pennant races get under way.

There are still a few players missing here and there, but a majority of those who were in the service have returned to their clubs and the remainder will be out of the army or navy within the next few weeks.

The Opening Games.
The opening games today were scheduled as follows:

American League—Boston at New York; Philadelphia at Washington; Chicago at St. Louis; Cleveland at Detroit.

National League—New York at Philadelphia; Brooklyn at Boston; Pittsburg at Chicago; St. Louis at Cincinnati.

The world's champion Red Sox who are also the American League champions, opened the season today at the Polo Grounds. The Cubs, champions of the senior league, opened at home against the rejuvenated Pirates.

With favorable weather reported from a majority of cities where opening games were scheduled it appeared that baseball was in for a remarkable come back in the way of attendance at the opening games.

WALKING FROM LYNN TO NEW YORK.

Novel Way of Advertising the Loan and Incidentally, Lynn, Mass.

Hartford, April 22.—A courier, walking from Lynn, Mass., to Washington, D. C., with a pledge to Secretary Glass from the city of Lynn to subscribe for its full quota to the Victory Loan will walk through several Connecticut cities and towns on Wednesday and Thursday, April 23 and 24, according to a schedule received at Connecticut Liberty Loan headquarters today from the Lynn Liberty Loan committee. The courier, Michael Doyle was due to leave Springfield this morning and was scheduled to arrive in Hartford early in the afternoon.

Leaving Hartford, Lynn's courier continues on through Meriden, New Haven, Bridgeport and Stamford, and he plans to arrive in New York City Friday afternoon. Courier Doyle will walk the entire distance and expects to reach Washington, carrying with him the names of the first hundred subscribers in Lynn and the city's pledge to Secretary Glass to go over-the-top in the loan. This pedestrian has volunteered his services to promote the loan in this manner. He will receive the daily report of Lynn's progress in the loan, and if unable to report to the Treasury department that Lynn has subscribed to its quota, he will turn about and walk back.

TO GET THAT GUN.

Connecticut Wants Giant Howitzer Captured by Our Boys.

Camp Devens, April 23.—Connecticut soldiers at this cantonment received word today that the citizens of that state are massing their fighting strength to gain possession of the 22 millimetre gun now on Boston common. The giant howitzer was captured from the Germans at Trugny Wood by E company, 102nd Regiment, all Hartford soldiers, supported by the battalion, composed almost the entire of Connecticut men, and people of the Nutmeg state believe the gun should be placed on capitol hill, Hartford.

NEW JERSEY DUE.

Boston, April 23.—The battleship New Jersey with 1,187 overseas soldiers aboard was due here today. Aboard the battleship was five companies of the 101st ammunition train, horse battalion headquarters, medical and ordnance detachments—all members of the 26th (Yankee) division—and 146 sick men whose homes are in western states.

TENTS FOR YANKS.

Washington, April 23.—Fifty canvas buildings which served last summer as hospital wards for American soldiers who went down in the immortal drive at Chateau Thierry have been obtained by the American Red Cross and transplanted to the site of the Paris exposition where they are now being used for sheltering and feeding 1,600 of the American fighting men who swarm in Paris every day on leave.

PLAN FOR JOBLESS.

Washington, April 23.—A legislative program looking to the creation of a state and federal employment system to secure jobs for discharged soldiers, was being formulated here today at a conference of state representatives with the Secretary of State Wilson and John B. Dismore, director general of the United States Employment service. The conference will last three days.

MEN'S FRIENDSHIP CLUB.

Reds Win Three Out of Four Games From Blacks.

At the weekly session of the Men's Friendship club's bowling teams, the Reds won three straight games from the Blacks and then lost the last string. The victory for the Blacks in the fourth string came largely through the bowling of Rev. Scribner and John Winterbottom, the latter coming through with 83 and the former with 87. John Mawhinney of the Blacks made the high single of the evening, hitting the wood for 107 in the first game. The summary follows:

Blacks:	70	70	70	70
Reds:	83	82	86	75
Taylor:	72	77	77	80
Mawhinney:	107	70	80	83
W. McKinney:	77	82	74	54
Winterbottom:	64	82	77	88
Carter:	74	76	80	81
Scribner:	79	72	79	87
Total:	473	489	467	478

THIEF TAKES COP'S "BILLY."

Atlanta, Ga., April 23.—A burglar entered the home of Policeman H. C. Newton recently and among other things stole his "billy." The family was absent at the time.

FUTURE OF THE BREWERIES

New York brewers, approaching as near the limit of the law as they dare, are manufacturing a beer containing 2.34 per cent alcohol and will put it on the market in the hope that the government authorities will not interfere with its sale. They have placed on deposit, subject to the order of the internal revenue department, a sufficient amount to pay the tax.

Whether the government tolerates the distribution of this near beer or not, the brewers are not likely to profit to any great extent from its manufacture. In the first place the distribution of the liquid will be difficult as soon as the saloons are closed July 1. It is safe to assume that the saloons will close on that date because none of them could afford to pay rent and other running expenses merely for the distribution of near beer. With their profits from the sale of spirituous liquors and wines cut off, the overhead expenses would soon eat up whatever profit they might make on 2.34 per cent beer. There might be a limited demand for this kind of beer if its manufacture is tolerated by the government, but this demand will have to be supplied through the dealers in temperance drinks, who will find a larger market for the more palatable liquors than for beer which is bitter but has no kick.

In casting about for ways to make their property profitable without too great an expense for alterations, some of the brewers are going into the manufacture of ice cream. They believe that with the closing of the saloons and bar rooms there will be an increased demand for sweets. Strange as it may seem ice cream fits into the appliances of a brewery almost perfectly. The manufacture of beer calls for chemical skill, perfect cleanliness, the suppression of all forms of injurious bacteria and elaborate facilities for refrigeration. All these are available in a well equipped brewery. By the use of powdered milk, ice cream of superior quality may be manufactured a long distance from dairy centers.

In instances where breweries have been converted to the manufacture of ice cream it has been proven that they turn out a superior product by the sterilizing and refrigerating methods which they have, and the ice cream may be preserved in excellent condition for an indefinite period, even as long as a year. The manufacture of ice cream not only utilizes the facilities of a brewery but gives employment to all its full force of workers and its outside distributing force. In fact, in instances where it has been tried, the number of employees has more than doubled.

Ice cream is only one of many commodities which can be produced profitably at brewery plants and there is therefore no reason for apprehension of a great financial loss to brewers and their employees as a result of prohibition. Probably more of them will turn to these various substitutes than to near beer.

In time of war neither armies nor navies pay much attention to Sundays. Soldiers and sailors at such times lose all track of the days of the week and work just as hard Sundays as any other day. Now that the war is over, Josephus Daniels, Secretary of the Navy, has come out with an order "to insure a proper observance of the Lord's day in the United States" and instructing commanding officers to prohibit work of any character at sea of ashore on Sundays, except such work as may absolutely be necessary. Divine services must be held whenever practicable.

If this weather is not good enough for the transatlantic fliers they must be indeed hard to suit.

What has become of the Rockyville ballroom school which started so promisingly a year ago and was going to use the Windermere mill for a factory?

The legislature will be with us but two weeks more. In fact the work sessions will come to an end

Friday of next week when a recess will be taken until May 6.

Rockville is to plant 13 trees in memory of its 13 dead in the war. It will be strange if some of the trees are not themselves numbered among the dead in a few years.

New York city is actually training "fly cops." They are to hover over the city in airplanes to direct airplane traffic and protect the inhabitants of the city from the careless dropping of articles from aircraft.

It is hard to kill a cat. The bill which was introduced into the legislature providing that cats be licensed, which was passed by the Senate, has been finally rejected by both houses so that cats have another lease of life for two years.

The state highway department uses automobile trucks, exclusively for its work upon the highways of the state. In order to do the work expeditiously a large fleet of trucks is employed. If the state profits by the use of trucks instead of horses, why not the town?

BOOZE AGAIN CAUSES POLICE COURT SESSION

Two Men Admit That Liquor Was the Source of Their Misbehavior.

Warren Clark admitted in police court this morning that booze was his greatest enemy and caused most of the trouble between him and his wife and family. He was arrested yesterday on complaint of his wife and in court was charged with intoxication, assault and non-support. The story told by his wife and the facts given by prosecuting attorney Hathaway were convincing and Clark was found guilty on both assault and intoxication charges. His wife said that her husband had been drinking for the last month and she had been forced to go to work to support herself and her three children. He had beaten her repeatedly and forced her to give him money that she had earned to buy booze. The family lives on Stockwood Road and Clark's mother-in-law lives with them. Clark insinuated that his mother-in-law was the cause of the trouble but prosecuting attorney Hathaway forced him to admit that his booze was the trouble. Clark is a good worker and can earn good money on the tobacco farms and in the tobacco warehouses. He is 35 years old.

Judge Carney was on the bench and imposed a sentence of 30 days in jail for intoxication and 30 days for assault. The non-support charge was nolleed. The judge also suspended execution of the jail sentence on condition that Clark pay his wife \$3 a week for the support of his children and this he agreed to do. He was placed on probation for six months.

James Cassidy, who came here from Hartford a few weeks ago to work with the outdoor force of Cheney Brothers, decided he would change his boarding place from the Edgewood Inn to a place on Main street that was more central and nearer to the saloons. Last night he was in an Oak street restaurant to get something to eat but he was so drunk that he did not know what he wanted and stirred up a row. He and the proprietor got into trouble and Cassidy scratched the proprietor's face badly.

He admitted in court that he was very drunk and Judge Carney imposed a fine of \$3 and costs for intoxication and \$10 for assault. Cassidy had no money but he had some coming to him and was given time to pay the bill.

RECREATION CENTER NOTES.

The teams of the Mixed bowling league, which were to have bowled Good Friday night, will bowl this week Friday night. Teams 1 and 4 will bowl at 7:30 o'clock; Teams 2 and 3 at 8:45 o'clock. All members of the Recreation Center who are interested in soccer football are invited to attend a meeting at the "Rec" at 7:30 o'clock Friday evening.

ONE-EYED PETE AND CROSS-EYED SUSAN DIE.

Cambridge, Mass., April 23.—It will soon be an open season on worms in Harvard psychological laboratories for successors to One Eyed Pete and Cross Eyed Susan, the famous educated worms, must be obtained.

Pete curled up his toes a short time before the war, while Susan passed away beyond the great worm divide a few months ago. Both were considered marrows in their line, especially in discussing spots of safety in the electrical charge sawways prepared for their benefit.

POINTS OF FRICTION BETWEEN ENGLAND AND AMERICA DUE, TO A GREAT EXTENT, TO LACK OF UNDERSTANDING SAYS BRITISH EXPERT

London (By mail)—Relative to the points of friction between the English and Americans and the things which have prevented or interfered with English-speaking friendships in the past, Mr. John Buchan, director of information under the Prime Minister, gives out the following interview prepared exclusively for the International News Service:

"Like most people, I believe that the surest safeguard of peace and civilization for the future is a real understanding between the two great branches of the English-speaking race. That is a platitude, but it is none the less true.

"Various things—all small things—have kept Britain and America apart in the past. A jaundiced view of recent history was taught in our respective schools; there was in America a steady propaganda carried on by people anxious to prevent an understanding; the wrong type of Englishman too often went to the States and the wrong type of American came here.

"Most of these causes either have been or are being removed. But there still remains the fact that the two peoples have different ways of looking at things; have different tastes in humor, and in the past have had widely different political interests. The Briton finds his humor in understating the American in overstatement. Each is a genuine form of humor and each is a national pose.

"But behind all the surface differences there is a great intellectual and moral community between us. We believe in the same root principles in conduct, public and private; we have the same literature, and, except for the last two hundred years, we have the same history.

"You ask me what can be done to eliminate possible points of friction between Britain and America. The main thing is to get the two peoples to understand each other by seeing more of each other. I believe that the British and American qualities, so far as being antagonistic, are complementary and that the sum of the two is political wisdom.

"During the war we have had the privilege of entertaining many American visitors and they have been a revelation to the ordinary Englishman. For the first time he has learned how much the average American shares his views of things and what a loyal and warm-hearted colleague he makes.

"There is no point of difference so real between peoples as the difference of idealisms, but the idealisms of Britain and America are at bottom the same. We want to continue and extend this personal intercourse, so that any Englishman going to America or any American coming to England will be welcomed by a host of friends.

"We want a closer understanding between the great professions in both countries. We want a constant interchange of teachers and preachers. I should like to see the system of Rhodes scholarships enormously extended here and a reciprocal system at work in America, under which Englishmen could go for post-graduate courses to great American technical institutions. This great work cannot be completed in a day, but the foundations have been well laid, and it is for all who believe in the ideal on both sides of the Atlantic to work hard at the building.

"One other point seems to me of great importance. In the past the two nations have had quite different political interests. America has been mainly engaged in developing her great internal wealth; Britain for some centuries had had the difficult task of administering backward countries and playing a big part in world politics. One result of this preoccupation in widely different matters has been that much of Britain's work has been misunderstood in America. Misrepresentations about imperial policy were difficult to rebut among a people who had little experience of interest in the same class of problem.

"Today America is being asked to take a direct share in the resettlement of the world outside her borders. I know it is a great deal to ask, but I do not think it is too much to ask from a nation which has played so gallant and unselfish a part in the war.

"America is a business nation, and she will never consent to leave a job half done. She did not draw the sword lightly, and she is not going to go back to the farm and hammer it into a plowshare until she is sure that her work is complete.

"If America accepts this charge

I believe it will be the beginning of a far closer political sympathy between the two nations. For in that case she would be doing the same work that Britain has been doing for centuries, and sympathy will develop for the old country, which has had so long and severe an apprenticeship to the job. To be partners in the same problems and to be partners in the same understandings is the best highway to an enduring sympathy.

TWO DYNAMITE BOMBS EXPLODE IN LAWRENCE

Set in Different Parts of City—Property Damaged But No One Seriously Injured.

Lawrence, Mass., April 23.—Police today were searching for the persons who placed two dynamite bombs which exploded within one hour of each other in different parts of the city last night, wrecking the homes of mill workers.

The first bomb, blowing off the corner of a house and ripping away a stair-casing which ran up the side of the house. Many of the families inside had retired and women ran out of the building screaming.

In the second explosion dynamite was placed against a granite block in a small court yard which forms the center of a thickly settled district.

The side of the house was blown in and windows for more than a mile around were shattered.

INDEPENDENT LEAGUE.

German Newspaper Says Plan Will Soon Be Given Out.

London, April 23.—The German peace delegates have been informed that they may come to Versailles on April 25, said an news Agency dispatch from Paris this afternoon. The German national assembly will be convened to deal with the peace developments, said a Central News dispatch from Copenhagen, quoting the Berlin newspaper "Tageblatt." The dispatch added that the German government is preparing for an independent league of Nations, the plan of which will be published in a few days.

BY HIS EXCELLENCY MARCUS H. HOLCOMB GOVERNOR.

A PROCLAMATION

Section 863 of our general statutes reads as follows: "The Governor shall annually, in the spring, designate by official proclamation a day to be known as Arbor and Bird Day, to be observed in the schools, and in such other way as shall be indicated in such proclamation."

THIS is a recognition of the value of our trees and song birds which should be impressed upon the children of the State.

In compliance with this statute I designate Friday the second day of May, 1918, as

ARBOR AND BIRD DAY

and direct that on said day the teachers in our schools read this proclamation to their scholars and instruct them that the wanton destruction of song birds and of their eggs is a crime, and that the planting and cultivation of shade trees will materially add to the beauty of our State and will be their patriotic contribution to the pleasure and welfare of future generations. Given under my hand and seal of the State at the Capitol, in Hartford, this second day of April, in the year of our Lord, one thousand, nine hundred and nineteen, and of the independence of the United States the one hundred and forty-third.

By His Excellency's Command: M. H. Holcomb, Frederick L. Perry, Secretary.

HEARS 3 REPORTS AS TO HER SOLDIER SON.

Akron, Ohio, April 23.—Mrs. Hattie Ruse would like to know something about her son, who has been in France and in the thick of the fighting, and concerning whom she has had three different reports. In February she received a message from the War Department that her son had been severely wounded. Three days later she had a report that he had died overseas in October. Now the casualty list announces that she has been severely wounded.

"OH, BOY" IS COMING. "Oh, Boy", the most charming musical comedy hit of many seasons and the fourth of the series of New York Princess Theater musical comedies will come to the Park Theater for one night only, April 23 and will be presented by F. Ray Comstock and William Elliott. The charm of the score, the clear-

ness of the book and the beauty of the production, made "Oh, Boy" the most pronounced musical comedy success of recent years in New York. F. Ray Comstock and William Elliott will send here a special cast of favorites including Zella Rameau, Francis Roeder, Emily Fitts Roy, Mattie Edwards, Daniel McNeill.

Frank Lambert, Phil Brandon, Henry Cooper and a chorus of exceptional charm and beauty. "Oh, Boy" was a year and three months in New York at the Princess Theater, and then continued its successful run at the New York Casino.

UNIQUE DEMONSTRATION OF FIRE ALARM METHODS

L. N. Heebner's Display Attracts Out-of-Town Experts, Who Commend It Highly.

Those who attended the demonstration of Manchester's fire alarm system which was held at Assembly Hall last evening, were well repaid for their efforts. The demonstration which was given by Louis N. Heebner, the head of the local fire alarm system, was decidedly unique, interesting and instructive.

Arranged on a specially built switchboard and platform, in full view of the audience, were all the instruments, which set in motion Mr. Heebner's pride, our fire alarm signal system. Each of these instruments has a certain amount of important work to do before the circuit which controls the system is "closed" and last evening under the master hand they performed their duties accurately and promptly.

In his demonstration Mr. Heebner started with the storage batteries which furnish the "juice" for the system, and explained their nature. The town's electrical system is what is known as alternating current, whereas direct current is required for the fire system.

Mr. Heebner gave an actual demonstration of the charging of the batteries. He then explained the nature of the delicately balanced instrument which controls the repeating end of the system. The instrument used last evening was a two box system controller.

At the latter box he paused and called his hearers' attention to the fact that it was such a box that saved the lives of our school children at the big fire some years ago. He also went into detail regarding the operation of fire boxes and demonstrated how these alarm boxes should be operated.

He showed the audience the entire workings of the boxes and explained the part each section played. He then announced that the system was open for public operation and invited any of the persons in the audience to try it out.

In the event of the master indicator failing to register the correct number on the first call, another machine that resembles a broker's ticker registers the correct number, thus eliminating any possible chance for a mistake.

In conjunction with Mr. Heebner's demonstration, Deputy Fire Chief R. H. Ramsden gave some very interesting pointers on the prevention of fires. Both the lecture and the demonstration were highly interesting.

insurance companies were present at the demonstration which was given to the school children yesterday afternoon. These men are as familiar with the needs of fire protection and prevention as any class of men in the country. They were very much impressed with Mr. Heebner's layout and expressed the opinion that the demonstration would have a great effect on the school children of Manchester if not at the present time, then in the future.

EGOCENTRISM' NEW KIND OF SOLDIERS' SICKNESS

Makes Returned Men Imagine They Have Done Thrilling Stunts in War—Many Fake Heroes.

New York, April 23.—"Egocentrism," a state of mind resulting from strained nerves and thrilling experiences, is affecting many soldiers returning from France, a psychopathic expert at Bellevue hospital declared today. It is "egocentrism," he said, that led many returning soldiers to wear decorations to which they are not entitled and to tell tales of alleged heroism in battles in which they did not participate.

Major General John F. O'Ryan, who commanded the 27th Division in France, warned the public against being deceived by "fake heroes." Lieutenant John M. Finnerty, of the provost marshal's office, declared that an investigation of 1,200 cases showed that three of every five men wearing decorations were doing so without authority some of the "heroes" having never seen service abroad and others being civilians, masquerading in uniform.

DR. WELDON'S ONLY SON CRITICALLY ILL

Father Suspends Practice to Remain in Sick Room.

Thomas Weldon Jr., who has been critically ill at his home on Porter street since Good Friday, seemed to be a little better this morning. He had a fairly comfortable day yesterday and last evening was more cheerful. He told his mother if he had another day like yesterday he would pull through.

Mr. Weldon is suffering from rheumatism of the heart. He had a severe attack some eight or nine years ago and since then every little sickness he has brings on another attack of the old trouble. He came down with a cold about two weeks ago and last Friday his condition became serious. His father, Dr. T. H. Weldon, who was taking a rest at his summer home at Crescent Beach, was called home and he has not left his son's bedside since returning. A trained nurse is in attendance. The doctor has given up his practice and will not resume it until his son is better.

ARKANSAN LIVES IN CAVE.

Says He Pays No Rent and Gets His Fuel Free.

Rush, Ark., April 23.—In Charles Cole, who lives in a deserted tunnel on Clabber Creek, Rush has, as far as the people of this place know, the only cave dweller in the State. Cole has lived in caves over this section of the State for the last twenty years, preferring them to any other kind of habitation.

For several years he lived in a cave in a big sandstone bluff at Calico Rock. Later he moved into a cave east of this place on Buffalo River, and last fall moved to his present subterranean mansion.

Cole is past 60 years of age. When he lived at Calico Rock he cut wood, fished and hunted pearis for a livelihood, and he lives the same nomadic life at this place. He is not a hermit in the strict sense of the word, because he does not shun company, but rather enjoys it.

The life has some advantages, he says. He has no rent to pay; there is free wood and water at his door and plenty of work for him in the camp to keep him in funds. That he is amply able to take care of himself in any situation can be seen from the fact that he survived an attack of influenza last winter, when the disease was at its worst in this section.

He lay for eight days in his cave with a high fever, no nurse and no medical attendance and came through all right. He subsisted entirely on water while he was sick, leaving his sick bed several times a day and crawling to the creek. No one in the camp knew he was sick until he had recovered. He seems no worse off for the sickness.

GRAND OPERA BARITONE TO SING AT H.S. HALL

Brief Sketch of the Life of Arthur Middleton, Great Vocalist—Proceeds Over Expenses to Go to Welcome Home Fund.

Arthur Middleton, the eminent bass-baritone of the Metropolitan Opera company, was born at Logan, Iowa, and is an alumnus of Simpson College at Indianola. He began his career as a church singer at fourteen while attending college, and made his first appearance as an oratorio singer at nineteen. So pronounced was Mr. Middleton's success as a singer of oratorio that he was called to the Third Presbyterian Church of Chicago as soloist. After a number of years at this church he was retained by the Oak Park Presbyterian Church—the highest paid church position in Chicago which place he held until he came to New York to join the Metropolitan Opera company.

Mr. Middleton enjoys the distinction of being the only singer ever re-engaged for twelve consecutive performances with the Apollo Club of Chicago. He was soloist on two tours with the New York Symphony Orchestra, Walter Damrosch, conductor; three tours with the Minneapolis Symphony Orchestra, Emil Oberhofer, conductor, and appeared with unqualified success as soloist with the Chicago Symphony, the St. Paul Symphony, the Pittsburgh Symphony, and the New York Philharmonic, Josef Stransky, conductor. The popularity of this excellent singer is indicated by the fact that he has appeared over 200 times in the Messiah and 150 times in the Elijah. His concert itineraries have carried him over 100,000 miles, into every state of the Union. Mr. Middleton is purely an American product having never been abroad, the late Alexander Emslie, master voice builder and coach, being his only teacher. During his first year at the Metropolitan, Mr. Middleton appeared thirty-five times which in itself shows the high record the authorities of the world's greatest opera house have for this unusual artist.

Mr. Middleton will sing at the South Manchester High school hall, Monday, May 6, at 8 o'clock. Proceeds beyond expenses go to the Welcome Home Fund to entertain our returning soldiers and sailors.

Park Theater

J. Stuart Blackton, master producer, scored another decided triumph when his latest stupendous production, "Life's Greatest Problem," was presented before an enthusiastic audience at the Park theater yesterday.

This unusual photodrama introduces Mitchell Lewis, one of the greatest character actors of the screen, who appears to excellent advantage in this production, and gives one of the finest portrayals of his entire career.

What is "Life's Greatest Problem?" Nearly all of us have different ideas concerning our individual problems, each thinking his or hers the greatest, but Anthony Paul Kelly, the author of this remarkable story and numerous other successes, believes he has discovered the problem which is the greatest of all, and one that confronts everyone most seriously at this time.

Upon this problem is based a story of fascinating variety and tremendous strength, delightfully balanced with an abundance of comedy of a novel and refreshing nature.

The tense drama and the pleasing comedy are so wonderfully blended that at times the play could truthfully be called a super-comedy, and again, when the tense situations dominate, there is no other term for it than super-drama. It contains exactly the elements that "make for human appeal, and undoubtedly will win any audience.

This play made a big sensation last night. It will be repeated again this evening.

For tomorrow The Merry Wizard Company will hold down the boards at the Popular Playhouse. There will be no pictures, just two and one half hours of vaudeville. These acts come direct from Boston. There will be mind reading and conjuring and songs and dances and juggling and ten different acts. Come around and see this great vaudeville offering.

"YOUR ANTER" DRAWS COPS. Dayton, Ohio, April 23.—Peeping through the window of the grocery store the police could see nothing, but they could hear expressions of miller to all poker players coming from among the soap boxes, barrels and chairs. They rushed the grocery and found six men in the game.

Circle Theater

"In For Thirty Days," a story with a refreshingly new plot in which the beautiful Metro star, May Allison will be seen, is the feature at the Circle theater today.

Both star and story are of the greatest charm and the combination provides an entertainment which cannot be surpassed.

The imagination of the beholder is called upon to follow the young heroine, Helen Corning, to a little village in the sunny south, which is many years behind the times and which still practices the almost obsolete law of hiring out prisoners, to those who need help, for the sum of twenty cents a day.

Touring through the country in her speedy car the beautiful society girl finds that the people of this party have no objections to fast driving, and not knowing their little idiosyncrasies, Helen flashes brightly through the town.

The village constable, however, has his own views on the subject and she is quickly awakened to the rude fact that he intends to make her pay the full penalty of the law. "Thirty days, is the term imposed and no bail will be accepted. Tears and prayers are of no avail and Helen finds herself in a hard, cold cell. Fate, however, sorry for the young beauty, sends a handsome author in search of a handsome maiden. The adventures from now on move with a surprising rapidity which rivals her racing car and satisfies even her craving for speed—how she takes her unusual and humiliating position, and how she contrives to get a lot of fun and later, happiness, out of the incident, is cleverly shown and most charmingly acted by this lovable star.

On the same bill will be the Sunshine comedy which, delighted so many last night in which Tom Mix is the star.

Tomorrow and Friday William S. Hart comes here in his latest Artcraft "Breed of Men."

AUTOMOBILE BACKS THROUGH PLATE GLASS WINDOW.

Pedestrians on Main street yesterday afternoon were treated to a real movie thriller. Mrs. E. C. Stanley of Highland Park in attempting to back her Chevrolet runabout up to the curb in front of the Park building, lost control of the car which mounted the curb and sidewalk and crashed into the big plate glass window of the Rogers shoe store. The massive pane was shattered to bits and the crash attracted many people to the scene. Fortunately Mrs. Stanley was not hit by the flying fragments. The rear fenders of her car were badly bent.

ABERTHAW COMPANY TO BUILD NEW STOCKHOUSE

Work Already Started on Cheney Brothers' Enlargement.

The Abertshaw Construction Co. of Boston has been awarded the contract for Cheney Brothers' new stockhouse and already have men at work unloading their equipment and lumber for the job. Ground was broken for the new building Good Friday morning and men are still working on the excavation.

The new stockhouse is being built just north of the one where the Jersey gunmen attempted their robbery on January 30. The excavation for the lower floor runs back into Elm Terrace, and a driveway of about nine feet wide will be left leading around between the present stockhouse and the old "iron house" to Pine street.

As reported, the new stockhouse will be so constructed as to permit hauling freight cars into it. Then when a shipment of silk is received it can be run into the building and locked in there until such time as the Federal inspector can come and break the government seal.

The Abertshaw Construction company is the same firm that built the velvet dyehouse and weave shed on Pine street and also the Recreation Center, Barnard and Franklin school buildings.

FROM JAIL TO PULPIT IS THE STEP HE PLANS.

Chicago, April 23.—From bride-well to pulpit. That is the step planned by Alexander Patterson, twenty-two, who recently served a term in the bridewell on a charge of non-support filed by his wife.

Patterson was recently released and then arrested on a second charge filed by his wife. He is now waiting trial on May 10 on the second charge.

"The 115 days I served in the bridewell decided me on this course," Patterson explained. "I resolved that when released I would study for the ministry and specialize in prison reform work. My heart and soul goes out to the man or woman who must linger in a jail cell. I shall begin my studies at the Moody Institute as soon as possible and when I graduate I shall ask to be assigned to prison work."

TURKS IN HOME.

Delegates Awaiting Permission to Proceed to Paris.

Paris, April 23.—A Turkish delegation has arrived in Rome and is awaiting permission from the peace conference to proceed to Paris and

present Thracian claims, and

Bome dispatch to the Paris Journal today. The Paris will recommend the establishment of an autonomous state in western Thrace, basing their claims upon the contention that of the two million persons in western Thrace, three fourths of them are Mohammedans.

PENNANT PROSPECTS, 1919

NO. 16—THE SENATORS.
 Clark Griffith put his ball players in a box and shook them up during the winter. Result, the coming season will find a number of new faces in the lineup of the Senators, for Griffith has rebuilt his catching staff, his infield and his outfield, and also has a number of new pitchers.

The Washington fling staff will be headed, as usual, by Walter Johnson, the mighty speed merchant. Harry Harper, brilliant southpaw, and Doc Shaw will be Johnson's chief mates, while Ayres, Yingling, Harry Thompson, formerly of Toronto, Hovlik, Matteson, Craft and Gardiner, from the Virginia League, were depended on to fight it out for the extra jobs on the pitching corps when the Nationals hit the trail for their training camp.

With Ainsmith and Henry both wearing strange uniforms this year Griffith's catching department will consist of Val Picinich, Sam Agnew and Gharrity, who can also play first base, or even the outfield, if necessary.

The Washington infield, with Judge at first base, Janvrin at second or short, Leonard and Davis capable of being switched about in prac-

tically the same way, and Foster to play third will be a pretty swift combination on defense, but not a whiz with the bludgeons.

Griff's outfield talent includes Clyde Milan, Howard Shanks, Sam Rice, Bert Shotton and Frank Schulte. Shanks is rated as one of the most versatile all-around players in the American League and can be played in either infield or outfield positions. The needs of the club with Shanks and Gharrity, Schulte and Foster to figure as players who can be shifted when the occasion arises, should be pretty well taken care of.

Menosky is another outfielder who will probably report to Griff in due time, and should he do so Shanks will probably be played on the infield, which would greatly strengthen the combination because of his ability to hit as well as field.

Summed up, the virtues of the Senators do not entitle them to much backing as possible pennant winners, but, under the capable management and handling of Clark Griffith, the rejuvenated Capital pastimers should be able to show a lot of fight against all comers. That they will have a battle to win a first division berth is almost a certainty.

SOLDIER'S DIRE WORDS OF WARNING SENT TO MANCHESTER BOND BUYERS

Chairman R. LaMotte Russell Gets Remarkable Appeal from Hero of the Argonne—"Germany Cowed and Crushed, But Venomous Still"—What Brigade Sergeant Major Rankin Found in Germany—Prussians Watch Victory Loan, Hoping It Will Fail—"Fire Down Under Ashes, Which May Blaze Again Some Day."

Chairman R. LaMotte Russell, head of the Victory Liberty Loan campaign, has received a remarkable message intended for prospective bond buyers in Manchester. It is an appeal directed to all local citizens who are thinking of buying Victory bonds, and it is the words of a soldier and officer who went through the first great action of Chateau Thierry, Soissons and Argonne—Brigade Sergeant-Major Allen C. Rankin, of Washington.

The sergeant-major, who has just returned from Germany, tells what he saw and heard there since the armistice was signed. Live coals smoldering under the ashes, just the same as when Bonaparte conquered her, he finds.

"If the Loan Fails. Glad to be back, am I?" writes the sergeant-major. "Am I? There's no place in the wide world like these United States. War will be nothing but a memory to me all the rest of my life unless—unless the Victory Liberty Loan falls down." Continuing, he made the following intensely interesting statement:

For, if it fails, there'll come a time when I'll be lifting my right hand again and saying "I do" voluntarily and all the rest of it, and swinging kitpack and saddlebags, and blinking at the Jersey shore line, and facing forward once more on the western front. If it fails, Germany is going to war again before I'm too old to get back in the line. She's cowed, and crushed, and conquered now, but there's fire down under her ashes, and some day it's going to blaze unless we keep the fire hose right in front of her eyes; and that fire hose is nothing else but her fear of the American people.

The people of Germany are figuring today that they can beat Belgium and France and Italy and England, all together. They know, though, that they can never bully the world if the American people stand against them, but they are planning and scheming and hoping to shift the American people. In that hope they are watching the Victory Liberty Loan. By its failure or its success the German people will judge if we, the American people, want to hold the victory we have won. If the Victory Loan doesn't go across with a whiz and a bang that will prove that our country backs the righteousness of the war now just as it backed us while we fought at the front, Germany is going to take heart.

What Germany Thinks. Germany is going to say, "Oh, yes, the Americans came into the war, and while they were in it, they fought to win; but now they are sorry that they went in, and they will not fight us again. The time is with us when we must pay through the nose, but the time will come when we will have ended the payment. And then—Then will come another war, and its time will not be so far off that the crowd of us can't get in again. For it will be the same kind of war all over again, and we can't, before God, keep out of that kind and hold our nation's honor."

How do I know? Since December I've been in the Rhine Valley, in the districts that the pacifists, ante-war and post-war, love to call "the Germany of the Christmas tree, the Germany of Heine and Goethe, the Germany of Bach and Beethoven, the Germany of legend and folk song, the Germany of peace and beauty." I've been quartered in German homes. Because I'd come from Milwaukee I understand German, and I came to know what these Germans thought of us and of the rest of the world. They weren't Prussians, these men and women of Neuweid and Trier and Coblenz and of the little villages along the Rhine. They are the people whom we had half-believed to be victims of Prussianism. But are they glad that the Kaiser had been overthrown and his system dismantled? They are not!

With somber eyes they watched us. With furtive queries they pried us. The men who'd fought in the German Army had nothing to say, but the old men would come sneaking around, always with some tri-

Germany. For the sake of the men who died, for the sake of other boys who will die if we fail, will you do your part in the Victory Loan that the Watch on the Rhine may know that we are united in triumph as we were united in war?

POLISH BOYS WITH ARMY TO HELP SETTLE EUROPE

They Have Experienced Freedom in United States and Can Talk to Their Countrymen.

Washington, April 23.—The Polish boys from the West, Pennsylvania and New England who are members of the Polish army are now moving across Germany into Poland, will in the opinion of John F. Smulski, the Polish representative in the United States, have an extraordinary part in the restoring of order in central Europe.

"These boys," said Mr. Smulski today, "know liberty and the distinction between liberty and license. While it is true any of them are not fluent in the speaking of the English language they have had experience in the United States and they have a wonderful appreciation of the beauties of a government of and by the people. Even though they never fired a shot, I am satisfied they will rout the propaganda agents at first hand."

DEAD COUNTED.

To Prove That Fiume is a Strictly Italian City.

Paris, April 22.—The first suggestion of humor in the critical Italian situation came when a census report was filed with the Big Four to show that Fiume is an Italian city. Italian dead who have lain in their graves at Fiume for three quarters of a century were counted to prove that Fiume is a strictly Italian city and should not be given to Jugoslavia. One of the Italian contentions is that the 27,000 Italian residents in Fiume have voted for annexation to Italy.

PRIVATE'S LETTER AS TO JOB GETS FINE RESULTS.

Cincinnati, Ohio, April 22.—Private John R. Ballou wrote his sister from Germany that he was anxious to get home and get into overalls so that he might enter another sort of campaign, with a pay envelope in sight every Saturday night. The letter was published in a Cincinnati newspaper. Bertrand B. Kahn, stove manufacturer at Hamilton, saw the letter and he wrote the sister: "Tell your brother to communicate with me as soon as he arrives home. He has the right idea and I will give him a job where the pay envelope will be forthcoming every Saturday night."

A Perfect Piston Seal Makes Climbing Easy
 There's no waste of power or fuel when piston rings fit properly and the oil keeps a gas-tight seal between them and the cylinder walls. Your car is spry and powerful. You get every usable ounce of power out of your fuel, whether bucking steep grades, speeding or loafing.
 That's the kind of power insurance and fuel economy you always get from

POLARINE

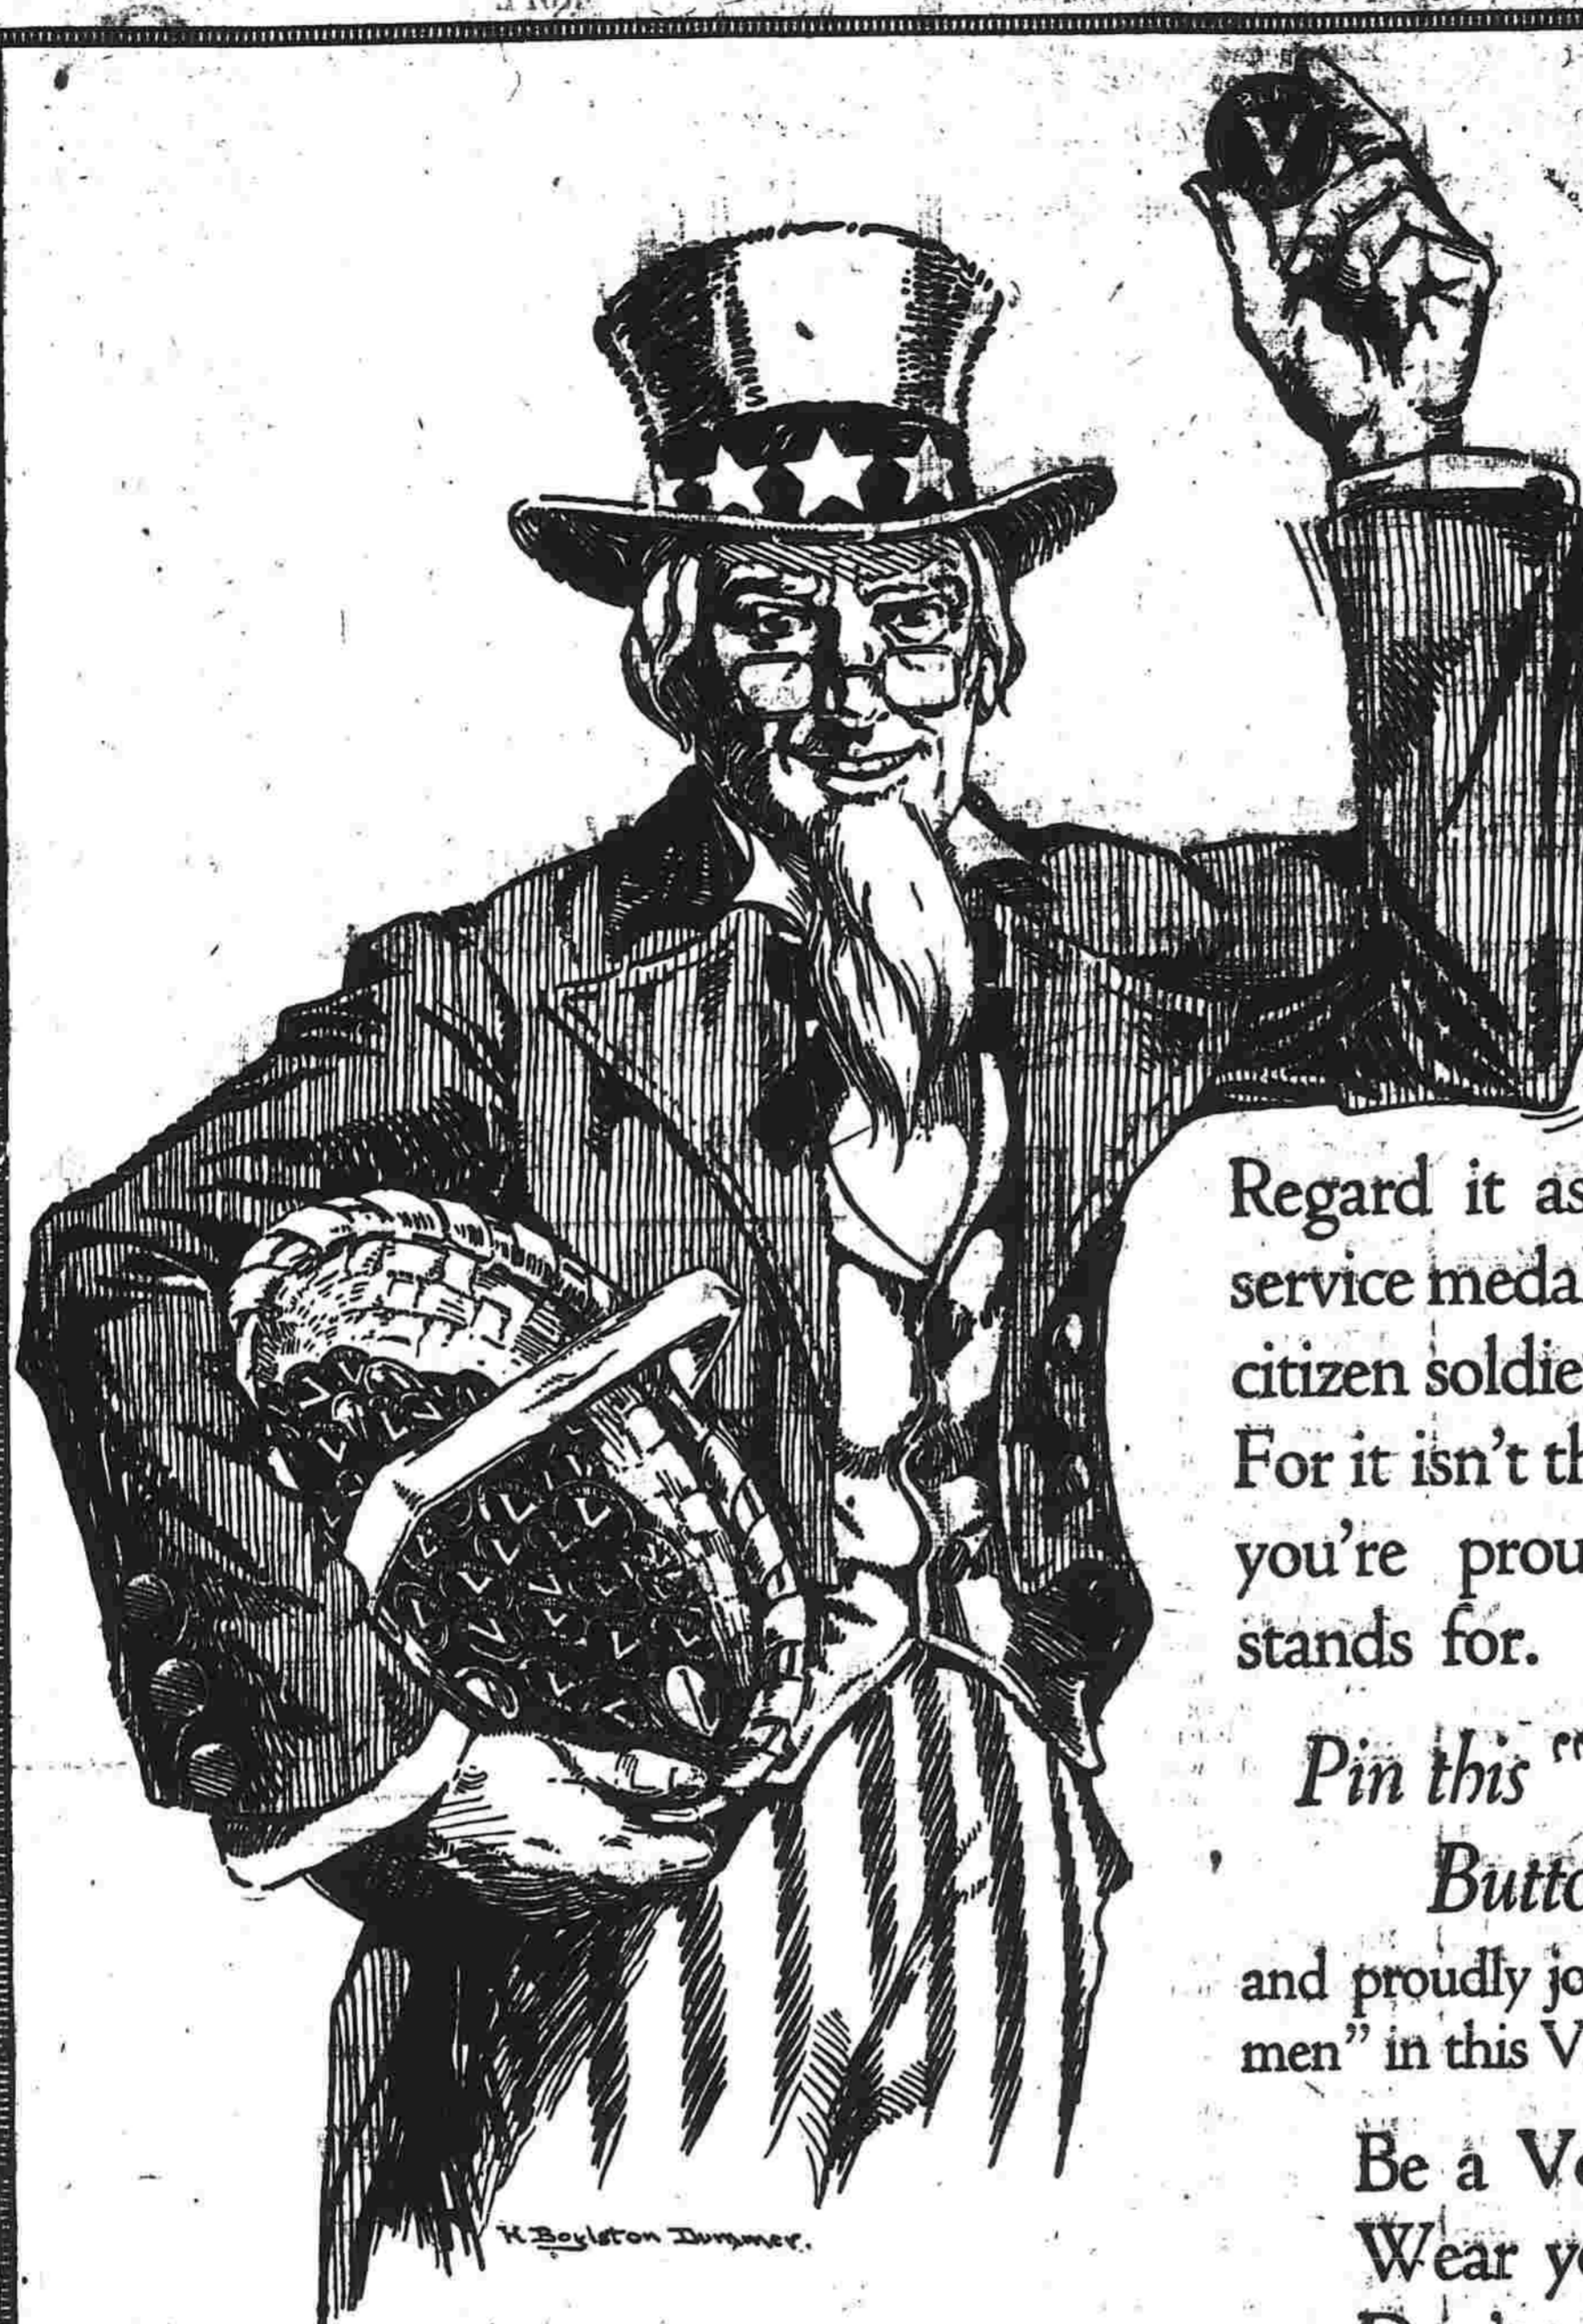

Polarine perfectly meets the requirements of every type of automobile engine. Keeps bearings and engaging parts cool, friction-free, and running quietly the year round. Assures freedom from rapid carbon accumulations. Keeps overhauling and repair bills small.

Polarine Gear Oil keeps transmission and differential gears properly lubricated and operating quietly with a minimum of wear.

Sold under the red, white and blue So-Co-ny Sign and by garages and dealers everywhere.

STANDARD OIL COMPANY OF NEW YORK

POLARINE

Glorify this little Button

Regard it as your insignia of office, like the Major's gold oakleaf or the Colonel's eagle.

Regard it as your distinguished service medal in the great army of citizen soldiers.

For it isn't the little metal Button you're proud of, but what it stands for.

Pin this "Victorious Fifth" Button on Today

and proudly join the ranks of "minute men" in this Victory Liberty Loan drive.

Be a Volunteer!

Wear your button *First!*

Don't wait to be coaxed!

The war is not over yet. Our boys are still in the field and will stay there to the finish. Let's finish our part and make short shift of this "Victorious Fifth."

Make the man without a Button unhappy till he gets one.

So Subscribe and get that Button before the sun goes down tonight

ABOUT TOWN

TONIGHT IN MANCHESTER.
Band Concert, High School Hall. Memorial Lodge, K. of P., Orange hall.
Manchester Lodge of Moose, Foresters hall.
Earl Roberts Lodge, Sons of St. George, Tinker hall.
Park Theater, "Life's Greatest Problem."
Circle Theater, "In for Thirty Days."

Lighting Up Time.
Auto lamps should be lighted tonight at 8.09 p. m.
The sun rose at 4.59 a. m.
The sun sets at 6.39 p. m.

The local stores were closed yesterday afternoon in honor of J. W. Hale, whose funeral was held in the afternoon.

The members of the F. T. D. club held a formal social and dance in the auditorium at the Recreation Center last evening.

There was a large attendance at the Acme A. C. dance which was held in the Eighth district school hall last evening. Music was furnished by the Victor orchestra.

John F. Sullivan of the Park theater announced last evening that the advance sale of tickets for "Oh Boy", the big musical comedy which plays at the local theater on Monday evening, is going over big.

The streets fakirs are beginning to invade Manchester. Rattlesnake Pete, a well known medicine man, paid the town his annual visit last night. His stand was situated at the corner of Oak and Main streets.

Tonight will occur the debut of the newly American Band of Manchester. This organization will give a dance and concert at High school hall. There has been an enormous advance sale of tickets and a record breaking attendance is expected.

The amusement committee in charge of the Firemen's Fair have booked the vaudeville act of Thomas Quish and Joseph Durkin for their big event of next week. The local comedians have a new sketch and are busily rehearsing.

The following members of the Hudson's baseball team are requested to appear for practice this evening: Wilkinson, Lang, McCann, F. Vittner, Jim Benny, Russell, J. Vittner, Leggett, Jack Benny, A. Gustafson, Fraher and Custer. The new diamond has been leveled and is in good condition for Sunday's game.

A special meeting of all the members and ex-members of Co. F State Guard, will be held in the company room in the Barnard school on Friday evening at 7.30. At this meeting action will be taken on the parade which will be held in Hartford on April 30 when the 26th Division boys will be the guests of the city.

Joseph Madden and Alexis Tournaud of Oak street left town yesterday for the West. They will stop off at Dillon and Butte, Montana for a visit with Madden's relatives who are situated in the above places. From there they will go to Seattle, Wash., where they are to be employed on a big electrical system which is being installed by one of the Northern railroads.

A Salvation Army officer who has just returned from overseas paid the local Army corps a visit yesterday and was the principal speaker at the open air meeting which was held at the corner of Main and Birch streets last evening. The appearance of the officer attracted a large crowd and his remarks were listened to by hundreds of local residents. Later the visitor addressed the members of the army at the citadel.

Musical organizations of Manchester have evidently acquired a reputation throughout the state. Practically all of the local bands are booked for out of town engagements next Saturday. St. Patrick's Flute Band, the Kilts band and the Buckingham Five and Drum Corps will go to Willimantic Saturday to take part in the state championship dance and celebration which will be held in the Thread City on that day. The Silk City band will take part in a gala event in Rockville on the same day and the Center Flute Band will parade in Hartford.

Manager Dowd of the Athletics announced this afternoon that he had arranged a game with the Fisk Red Taps to be played in Springfield on Saturday afternoon.

Andrew Maneggia has bought the Fred Barnett place, formerly a saloon, at Bolton Notch, and will rebuild it and use it for some kind of a store. The building has long been empty and is in bad condition.

Bolton's quota for the Victory loan is \$10,500. J. White Sumner is chairman of the loan committee and is confident that the town will go over the top during the first week. A house to house canvass is in progress.

P. H. Dougherty is having his barber shop and pool room in the Orford building renovated and refinished throughout. A new electric lighting system has been installed and the walls and ceilings are being painted and enameled white. The entire color scheme is white with cherry trim. Men in the employ of Contractor Arthur C. Lehman are doing the work. Mr. Dougherty plans to have his establishment second to no place of its kind in this state.

Representatives of the twelve teams, forming the new bowling league at the Recreational Center, will meet with Recreation Director Whiting at the "Rec", at eight o'clock Friday evening. At this time the schedule and also the rules and regulations governing the league will be mapped out. The question of whether or not a trophy shall be put up for the winning team will also be discussed.

Installation of officers will take place at the meeting of the south end lodge of the Loyal Order of Moose, which will be held in Foresters Hall this evening. Past Dictator Frank A. Montie will preside at the installation ceremonies. A smoker will follow. The officers who are to be installed this evening are: Dictator, Henry W. Perkins; Vice Dictator, Robert B. Martin; prelate, Otto Wiganowski; treasurer, Robert R. Keeney; trustee, Grover Scheidde.

UNCLAIMED LETTERS.
Unclaimed letters are held at the South Manchester postoffice for the following persons:

- Mrs. F. J. Agnew, Johnson block
- Mr. Anderson, 98 Glenwood street.
- Miss A. Flynn, Forest House.
- Wallace Hayden, 371 Hartford Road.
- Miss Katherine Jones.
- Miss Letitia Kelley, 160 Cooper street.
- Miss Florence McDonald, Pearl street.
- Miss Marie Petoquin, 38 Edgerton street.
- Mrs. B. W. Smith.
- Miss Mabel Wallace, 140 Cooper street.
- Mrs. Margaret Wilkinson.

WHIST PARTY POSTPONED.
The whist party which was to have been held at St. Bridget's church April 24, tomorrow evening has been postponed until next week. The new date will be announced in these columns later.

READ—IT'S FOR YOU

Yes, we appreciate your business, and that is why we are giving you the special low prices on all glasses fitted in our South Manchester office. Some people wonder how we can do it. It is simple. We do not depend on this office alone. As we fit more glasses in our Hartford office in one week than is sold in the entire town of Manchester in a month. But we want to increase our business in Manchester, and we are doing it. Are you with us? Do you want to save money on your glasses and at the same time get the best at a reasonable price? If so see us any night.

Office Open Every Night Except Saturday from 6:30 to 8:30 P. M.

At Optical Dept. G. Fox & Co. during the day.
