TWO NC PLANES START AGAIN ON SECOND LEG OF "BIG HOP"

Expect to Cover 500 Mile
Trip to Trepassy, N. F., in
Eight Hours — Weather
Fair—Big Crowd Cheers
Them Off—N. C-4 Starts
for Halifax Tomorrow.

Halifax, N. S., May 10.—The American naval seaplanes N.C.-1 and N.C.-3 began the second leg of their trans-Atlantic flight this morning when they left Halifax for Trepassy. The N.C.-1 was the first to get away, leaving at 8:48 o'clock. It was followed at 9:05 by the N.C.-3. The airmen expected to make the long flight in about eight hours. The seaplanes began their voyage from Rockaway Point, N. Y.

Weather Fair.
The weather was fair and cool. The airmen rose at 6 o'clock, and after breakfast began tuning up the engines of their powerful planes. Shortly after seven o'clock Commander John T. Towers, in command of the expedition, made a final overhauling of the machines to test the motors and the struts.

Crowd Gathers.
A crowd gathered and when the signal to start was given and the mighty seaplanes began spinning along the surface of the harbor preparatory to rising in the air those on shore set up a cheer.

There was a light breeze from the north but it was not strong enough to affect the planes. As the two craft arose like two mighty and graceful birds they headed to sea from the eastern passage. Sailors Cheer.

The deck of the United States cruiser Baltimore in the harbor was lined with sailors, who cheered and threw their hats in the air as the two planes took the air and roared northward.

500 Mile Trip.
The distance to Trepassy is about 500 miles and Commander Towers said he expected the airmen to cover it in about eight hours, unless hard head winds blow up.

When the American naval fliers reach Trepassy they will be on even terms with the British fliers, Harry G. Hawker and Captain Raynham, who have been waiting near St. Johns for weeks for a start on their trans-Atlantic attempt.

N.C-4 STARTS TOMORROW.
Chatham, Mass., May 10.—United States naval seaplane N.C.-4, which was forced to abandon the first leg of the trans-Atlantic flight—Rockaway Beach, L. I., to Halifax, N. S.—was ready to resume the air voyage to Nova Scotia today. Fog banks off the coast, indications of rain and other unfavorable weather reports, however, caused Lieutenant Commander A. C. Read, of the N.C.-4 to decide not to attempt to start for Halifax until tomorrow.

The N.C.-4 was forced to come down because of a disabled motor. Work of installing a new motor in the N.C.-4 was completed this morning and if the weather had been favorable the N.C.-4 would have taken the air. The trip to Halifax will take approximately six hours, according to naval officials.

First plans were to fly back to Rockaway Beach and begin the trans-Atlantic flight all over. But today Commander Read decided that it would be just as well to continue on to Halifax from this point.

Aviators on the N.C.-4 hope to catch up with the N.C.-1 and N.C.-3, the other two trans-continental fliers, at Trepassy, N. F., the end of the second leg of the overseas flight.

PASSES CANO.
Halifax, N. S., May 10.—The American naval seaplane N. C-1 passed Canoe, at the extreme north-eastern end of Nova Scotia, at 9:30 this morning.

MARTIAL LAW DECLARED IN BOSNIA'S CAPITAL

Geneva, May 10.—Martial law has been declared at Sarajevo, capital of Bosnia, (now part of Yugo-Slavia, as a result of food riots, said a dispatch from Vienna today.) The shortage of flour has caused grave disorders in Bosnia, leading the Servians to expel all foreigners on the ground they were fomenting riots.

WILSON TO ADDRESS CONGRESS ON RETURN

To Explain International Situation at a Joint Session.

ITALIAN REPORT FALSE

Italy Will Not Get Flume After Lapse of Five Years, President Cables.

Washington, May 10.—President Wilson will address a joint session of Congress on the international situation as soon as he returns to Washington.

This was officially announced at the White House today, following the receipt of advices from Paris.

No Date For Return.
The President did not state when he expected to return, but it is known that he has been planning to sail as soon after June 1 as possible, and so far as was known here, there have been no developments that would be likely to force a change in his plans.

Italian Report False.
President Wilson also informed the White House that the report that Italy is to get Flume after a lapse of five years "is pure fiction as far as he personally is concerned," is announced.

Atmosphere Clearing.
Other advices from members of the President's party stated that "the atmosphere was clearing" as far as opposition to any of the President's stands is concerned and this is attributed to the strong terms that were revealed with the publication of the peace treaty.

The fact that the President will address Congress in person on the international situation led to the conclusion here that his cabled message to the congress when it convenes in extraordinary session on May 19, will deal only with routine matters, such as the supply and appropriation bills, that the members will be required to take up.

The White House was still without confirmation of the report that the President was planning to make a speaking tour shortly after his return to America.

JIM EUROPE KILLED.
Leader of Famous "Hell Fighters" Band Murdered.

Boston, May 10.—With the murder of Lieutenant James Reese Europe, colored leader of the famous "Hell Fighters", (369th U. S. Infantry), band of negroes, Herbert Wright, a trap drummer of the organization, who wielded a knife with fatal effect, was arraigned in police court today.

Europe's criticism of the conduct of the drummer is said to have been the cause of the stabbing, which took place during an intermission in the concert which the famous "jazz band" was giving to thousands of persons at Mechanics Hall.

BELA KUN STILL MASTER.
Berne, May 10.—Bela Kun, the Bolshevik dictator of Hungary, is still master at Budapest, according to information from that city today.

The Roumanian army, contrary to previous reports, has not yet entered Budapest, it is said, but is at the threshold of the city.

WASHINGTON SURE THE LOAN WILL BE OVERSUBSCRIBED

Treasury Officials Confident
That Last Day Figures
Will Put it Over Top.

LESS THAN A BILLION NEEDED BEFORE NIGHT

New England Ninety Million Short of Its Quota—Yesterday's Subscriptions Not Yet Tabulated—Western Districts Hitting Up Furious Pace on Last Day.

Washington, May 10.—The Victory Loan will be oversubscribed. This prediction was confidentially made by Treasury officials today when partial returns showed that the drive had entered the last day with close to \$3,500,000,000 actually subscribed and recorded.

One Billion Needed.
Unrecorded subscriptions from the 12 federal reserve districts would bring the total far above this figure, it was stated, so that it would be necessary to raise less than \$1,000,000,000 on the final day of the campaign. That this would be accomplished easily was indicated by the re-assuring reports that started to reach the Treasury early in the day. Even Dallas, the district that had been giving the loan officials the most concern, sent word that its quota would be reached before nightfall.

Up to New England.
Boston, May 10.—Today is the last day of the Victory Loan.

In a few hours the story of New England's achievement of success or failure to measure up to Uncle Sam's hopes for a \$375,000,000 subscription will be told.

Every effort is being made to round out the total subscriptions to the quota sought.

Public Against It.
Extreme concern is expressed in administration circles over the avalanche of public criticism in the United States condemning the proposal for a defensive alliance. Officials today considered the matter sufficiently grave to warrant their pointing out that the President had not made any alliance, but had simply promised Premier Clemenceau that he would put the suggestion up to the Senate for a decision.

Will Be Turned Down.
Regardless of the merits of the proposal the opinion was expressed in American circles that it would be turned down. One member of the American commission familiar with sentiment in the Senate, said:

"I do not believe that a score of votes could be mustered in favor of such a proposal. This is not because there is any unfriendly feeling toward France; it is rather because America is convinced that she should not allow any further entangling alliances.

Against League Principle.
"The League of Nations was created expressly to avoid future wars. Its purpose would seemingly be defeated should the Senate adopt the resolution."

Military officials hold similar views although they refuse to be quoted, inasmuch as any expression on such a delicate matter might lead to a court martial.

TO DEBATE CLAUSE.
British Conservatives to Argue on Indemnities.

London, May 10.—The British conservatives are planning to debate the indemnity clause of the peace treaty when the terms are presented for ratification, it was learned this afternoon.

A canvass of parliamentarians shows that the treaty is generally satisfactory to all political factions. The Right Hon. John R. Clynes, laborite, expressed fears, however, that there might be trouble over apportionment of territory.

Joseph Devlin, Irish Nationalist leader, said he thought "there could not be any real peace treaty unless the claims of Ireland are satisfied."

CHICAGO'S PACE.
Chicago, May 10.—Two million dollars an hour is the pace Chicago must maintain today to subscribe its quota of the Victory Loan. The city must raise \$29,125,000 by midnight tonight or fall in its loan campaign. With a record of \$20,000,000 in subscriptions yesterday, however, campaign leaders were confident of success today.

CLEVELAND OVER TOP.
Cleveland, Ohio, May 10.—The Fourth Federal Reserve District went over the top in the Victory Loan at noon today. Cleveland came through with a few million to spare putting the districts entire subscription at \$452,207,000 or more than \$2,000,000 beyond the quota.

THIEVES ROB PEST HOUSE.
Fairmont, W. Va., May 10.—When the pest house was about to be prepared for a smallpox case it was found that the place had been ransacked by thieves who had carried away all the furniture.

AUSTRIA'S TREATY BEING WHIPPED INTO SHAPE; EX-DUAL MONARCHY'S FUNDS WILL GO TO SERBIA

GERMANS DEMAND PRISONERS HELD BY ALLIES BE RELEASED

Berlin, (Via London, May 10.)—The German government has sent a note to the allies insisting upon the release of German prisoners of war, now that the peace negotiations between Germany and the Entente are under way.

The clause in the peace terms regarding the extradition and trial of the former Kaiser continues to excite much anger. At Potsdam a "league has been formed for the former Emperor's protection.

The idea of a union between Germany and Russia is becoming stronger. The frontier has been opened and a large number of commodities are being exchanged.

Boundary Lines, Notably the Eastern Sections, Causing Most Trouble at Conference—Germans to Send New Economic Schedule But It Will Be Rejected.

Paris, May 10.—The treaty of peace which Austria must sign is rapidly being whipped into shape. The drafting committee commenced work upon it this morning, following the receipt of material which had already been approved by the Big Four—President Wilson, Premier Lloyd George, Premier Clemenceau and Premier Orlando.

The matter in hand deals with the boundaries, notably the eastern sections of both Austria and Hungary.

Question of Reparations.
The question of reparations has not yet been settled. Economic experts are undecided as to whether it would be possible to exact indemnity from Austria-Hungary. It is understood, however, that if the allies are able to get any money in bulk from the former dual monarchy it will go to Serbia.

Navy Wiped Out.
The entire Austrian merchant fleet is to be turned over to the allies.

The allied plenipotentiaries are leaving the Adriatic territorial claims to the "very last." This involves the rival claims of Italy and Yugo-Slavia for Fiume.

German's New Plan.
The German peace delegates have prepared a new economic schedule which will be sent to the Big Four within the next few days, but it will be rejected, it was understood in official American circles today.

The counter proposals of the Germans are intended to mitigate the economic conditions imposed by the peace treaty terms.

American experts refused to pass any opinion upon the proposed changes in advance, but indicated strongly that they were not willing to depart from their original attitude.

Their position has been taken after a close and careful scrutiny of conditions in Germany and Europe generally.

German Delegates Waiting.
The German delegates are awaiting word from Welmar before proposing any changes, other than a demand that the League of Nations covenant be joined to allow enemy countries to join immediately after the treaty is signed.

It is understood in authoritative quarters that the Big Four have already decided to reject the League of Nations demand.

GERMANS STUNNED BY TERMS.
London, May 10.—Germans have been stunned by the severity of the peace terms but the general opinion is that the German envoys will also, said a Berlin dispatch to the Daily Express today.

The Germans seek a modification of the decisions relative to the Saar Valley and West Prussia and there is talk of passive resistance.

There does not seem to be much worry over the fate of the ex-Kaiser among the masses.

PRUSSIAN PROTEST.
Berlin, May 9.—(Via London, May 10.)—The Prussian Assembly today adopted a resolution protesting against the peace treaty terms.

Konstantin Fehrenbach, president of the national assembly, declared he had made a canvass and found the terms "unbearable" to all political parties.

Even the Independent Socialists (radicals), agreed that the terms could not be ratified, said the Fehrenbach.

U. S.-BRITAIN ALLIANCE WILL NOT BE UPHELD

Public Opinion Against It—Senate Will Turn it Down.

WOULD MEAN MORE WAR

Would Defeat League of Nations Plan is One Opinion—Military Officials Hold Similar View.

Paris, May 10.—Belief was expressed in authoritative circles today that the proposed union between the United States and Great Britain for the protection of France in the event of another attack by Germany "will not see the light of day" after it is presented to the American Senate.

Public Against It.
Extreme concern is expressed in administration circles over the avalanche of public criticism in the United States condemning the proposal for a defensive alliance. Officials today considered the matter sufficiently grave to warrant their pointing out that the President had not made any alliance, but had simply promised Premier Clemenceau that he would put the suggestion up to the Senate for a decision.

Will Be Turned Down.
Regardless of the merits of the proposal the opinion was expressed in American circles that it would be turned down. One member of the American commission familiar with sentiment in the Senate, said:

"I do not believe that a score of votes could be mustered in favor of such a proposal. This is not because there is any unfriendly feeling toward France; it is rather because America is convinced that she should not allow any further entangling alliances.

Military officials hold similar views although they refuse to be quoted, inasmuch as any expression on such a delicate matter might lead to a court martial.

WRECKAGE OF AIRPLANE
FOUND IN BOSTON WATER

Had Disappeared During Yankee Division Parade—Three Men Lost Their Lives.

Boston, May 10.—The naval seaplane which disappeared while on its way to Chatham naval air station from Boston the day of the Yankee Division parade, was sighted today floating on the water off Peaked Hill bar near Provincetown.

The coast guard cutter Ossipee was sent from Boston to search for the bodies of the three men lost in the plane. The wreck was seen by the crew of the destroyer McDermott and an unsuccessful effort was made to search it.

The plane's crew consisted of Lieutenant J. S. Buchanan, Ensign John G. Howard, of Rochester, N. Y., and Electrician Bernard Torres. The plane was forced down by engine trouble.

STRIKE SPREADING.
Express Company Workers in Other Cities Also to Quit.

New York, May 10.—The strike of the employees of the American Railway Express Company in the New York district, which so far has called out 7,500 workers, is expected to spread to Philadelphia, Stamford, Conn.; Buffalo and other cities within a few days.

Delegations from the New York local of the international brotherhood of teamsters and chauffeurs left for those cities today to agitate strikes.

As the situation is now the activities of the American railway express are tied up completely in New York, Newark and Elizabeth. Before night the strikers expect to have their fellow workers in Yorkers, Mt. Vernon and throughout Westchester to strike also.

DALMATIANS FORM UNION.
London, May 10.—Ninety six per cent of the population of Dalmatia favors a union with Greater Serbia—Yugo Slavia, said an Exchange Telegraph dispatch from Geneva today.

(Italy made a demand for Dalmatia at the peace conference and it has been generally understood that the allies would consent.)

EX-KAISER CANNOT BE PLACED ON TRIAL INTERNATIONAL LAW EXPERTS' OPINION

Wilhelm Was Not Absolute Monarch When War Was Declared, is the Reason Given.

Paris, May 10.—Despite the treaty arrangements it is unlikely that the ex-Kaiser will ever be brought to trial. This was the consensus of opinion of a majority of the peace delegates today.

Not Absolute Monarch.
The reasons given are peculiar. When the proposal was made that the former emperor be made to answer for his war crimes leading international authorities pointed out that, as the head of the confederation of German states, the Kaiser was not an absolute monarch.

At the same time it was pointed out that the decision to make war was reported at a cabinet council in Berlin and was simply approved by the Hohenzollern regime.

Then the suggestion was considered by the Big Four to compel the ex-Kaiser's trial under the Belgian laws for the violation of Belgium's neutrality.

This was opposed by American delegates who pointed out that the matter was outside the jurisdiction of the law.

The question was then discussed separately by the various delegations.

Other Similar Cases.
It was pointed out by the South African representatives that the efforts of Great Britain to hold Oom Paul Kruger, General Botha, General Smuts and others responsible for the Boer war prolonged the struggle unnecessarily and cost millions of pounds in money and many lives.

Finally a compromise was agreed upon to allow Premier Lloyd George to carry out his campaign promises and it was decided that the ex-Kaiser should be arraigned for "a supreme offense against international morality and the sanctity of treaties."

Even that form was objected to by the South Africans, but an agreement was reached just on the eve of the presentation of the terms to the Germans at Versailles.

Germans to Oppose.
It is understood that the German envoys are planning to oppose; this provision strongly. It is even possible that the proposal may be dropped from the final document.

Cannot Be Done.
However, should it remain, leading international lawyers declare, it will be found impossible to carry it into effect. Any tribunal that is set up would consist of the representatives of five powers, United States, Great Britain, France, Italy and Japan—a notable exception being Belgium. The court would be composed of the foremost international lawyers in those countries and opinion is expressed that they would almost certainly decide that no such offense as

Sunday Services AT THE CHURCHES

St. Mary's to Launch Movement for New Church—Mothers' Day Observances.

Several features of special interest will characterize the local church services tomorrow. In both congregational services the morning service will be in observance of Mothers' Day. At the center church tomorrow evening at seven o'clock, Dr. Hesselgrave will speak on the work of the Y. M. C. A. in France. At the North Congregational church at 7.45 a "Victory Service" will be held.

At St. Mary's the pastor at the morning service will set forth the need for a new church edifice.

CENTER CONGREGATIONAL.

Tomorrow morning at 10.30 at Center church there will be an observance of Mothers' Sunday. The pastor will preach a sermon on "The Glory of Motherhood". The music under the direction of Miss Dickerson will be as follows: Berceuse.....Spinney What Are These That Are Arayed.....Stainer Mother O'Mine.....Tours Festal March.....Calkin The Sunday school will convene at 12 o'clock sharp.

The Devotional service of the Young People's Society will be held at 6 o'clock.

At seven o'clock in the church auditorium Dr. Hesselgrave will speak on the work of the Y. M. C. A. among our soldiers abroad. He will note the criticisms that have been made, and show "How the Y. M. C. A. Made Good in France". The speaker's experience in more than a year's service in Y. M. C. A. work with the A. E. F. has given him peculiar opportunities for learning the real situation. Dr. Hesselgrave was on all the fronts with the 26th Division. He had charge of various units in the different sectors, ran an "Officers' Club" for some time, was in charge of the religious and educational work of the area, and finally, Divisional Secretary. His familiarity with the various aspects of the work will give weight to his judgments upon the success or failure of the organization. Questions will be welcomed.

SOUTH METHODIST.

Rev. G. G. Scrivener, Pastor.

"Opportunity" will be the subject of Rev. G. G. Scrivener's sermon at 10.45 tomorrow morning. At seven in the evening, he will speak on "Obedience to Visions".

The Sunday school will convene as usual at 12.15 o'clock.

The musical program for tomorrow morning's service follows: Prelude—Spring Song, Mendelssohn Anthem—Hark, Hark My Soul.....Shelley Anthem—O, Master let me walk with Thee.....Stebbins Postlude—Allegro.....Volckmar

NORTH METHODIST.

Rev. Elliott F. Studley, Pastor.

Morning worship beginning at 10.45. Sermon by pastor on "The Courage that Conquers Canaan." Sunday School and Bible classes at 12.15. Inauguration of the Centenary program in the school.

Address by Rev. J. I. Bartholomew, Ph. D., at 6.30. Dr. Bartholomew was formerly District Superintendent of the Norwich District and is now Executive Secretary of the Boston Area. He will speak upon the Centenary. He is a clear and powerful speaker and should draw a large audience.

The Epworth League anniversary will be celebrated next Sunday.

ZION'S LUTHERAN.

Rev. W. C. Schmidt, Pastor.

"Joy and Sorrow" will be the theme of Rev. W. C. Schmidt's sermon tomorrow morning. The service will be in English and will begin at 10.15 o'clock. The Sunday school will convene at 9.15.

SWEDISH LUTHERAN.

Rev. P. J. O. Cornell, Pastor.

The Sunday school will convene as usual at 9 o'clock tomorrow morning. Preaching service will be held at 10.45 in the morning and 7.30 in the evening, with sermon by the pastor.

ST. MARY'S EPISCOPAL.

Rev. A. S. Neill, Rector.

"Launch Out Into the Deep" will be the topic of Rev. J. S. Neill's sermon at 10.45 tomorrow morning. Under this head, Mr. Neill will present to the parish the matter of the erection of a new church building. The building fund, started some years ago, is not large enough to warrant building at once, but is believed by the rector that the time has come when the matter should be considered seriously. When special services, such as confirmation, etc., are held, it generally is necessary to place chairs in the aisles to accommodate the people.

At seven o'clock tomorrow evening, Mr. Neill will speak on "Paul Before Felix".

All departments of the Sunday school will convene at 9.30 tomorrow morning.

Organist John Cockerham has arranged the following musical programs for the morning and evening services:

- Morning 10.45.
 - Prelude, (a) Madrigal.....Lemare
 - (b) Pastorale.....Stainer

PENTECOSTAL.

Rev. A. C. Goldberg, Pastor.

Gustave Beckman of Hartford, the well known temperance worker, will speak in this church at seven o'clock tomorrow evening in the interest of the Anti-Saloon League. Rev. A. C. Goldberg will preach at 10.30 o'clock. The Sunday school will convene at 12.05 o'clock.

FIRES AT STRIKERS.

Toledo, Ohio, May 9.—Labor troubles here approached a crisis this afternoon when first shots were fired by deputy sheriffs guarding the Ford Plate Glass company plant. The guards opened fire when Ignatz Bager, at the head of a company of fifty strikers attempted to approach the timekeepers' office near the plant.

The strikers fled when fired upon. Bager was later arrested, charged with carrying concealed weapons.

Miss Edna Crockett of Main street is spending the week end with her sister Irene who is a student at Brown University, Providence.

MILLIONTH YANK SAILED FOR AMERICA ON MAY 7

Number of Men to Remain in France Will Be 299,250 General March Reports.

Washington, May 10.—The millionth Yank sailed for home on May seventh, General Peyton C. March, chief of staff announced at his weekly conference with representatives today.

The number of men to remain in the army of occupation and in scattered units in France, General March said, was 299,254. He was unable to state how long the Army of Occupation would be required to remain on German soil, as that was a matter for Versailles to determine, he said.

Since the signing of the armistice 106,476 officers and 1,904,195 enlisted men, making a total of 2,010,671 have been discharged, the general announced, contrasting these figures with those of the Spanish American war, when it required a year to demobilize an army of 309,000.

The general, who has just returned from an inspection of the demobilization camps, stated that he is doing everything possible to speed up the discharge of the men, and that it is not unusual now for a man to be released from the service the same day he enters camp.

STOCK MARKET

New York, May 10.—Many stocks were pressed for sale at the opening of the stock market today with pronounced weakness shown in nearly all the oil issues, large blocks being thrown back on the market causing substantial losses. Texas Company dropped 6 1/2 points to 290 and Pan American yielded over 5 points to 89.

Sinclair Oil fell over two points to 65 1/2, while Royal Dutch New York dropped three points to 114. Losses of from one to three points were sustained in nearly all the active issues in the first 15 minutes. There were many unsettling rumors in circulation and the market showed a decidedly weak undertone.

The market closed steady today; government bonds unchanged; railway and other bonds steady.

The market closed today. Marked improvement was shown in the tone of the market during the final dealings when the pressure was abruptly ended and vigorous buying started not only in the leading industrial but also in the oil issue.

Texas Company, after falling to 277 rose to 286 and similar rallies occurred in all the other oil issues. Studebaker, after moving up nearly six points to 83 1/4, reacted to 81 1/2. Steel Common sold down to 99 1/2, closing at 99 3/4. Marine Preferred closed at 117 3/4.

LEAPS TO DEATH.

New Britain, May 10.—Joseph Petrollo, thirty-three, of 285 Myrtle street, threw himself from the third floor veranda of his home early today and was found dead on the sidewalk. He had been suffering from tuberculosis and was sleeping on the veranda. He was attacked with a severe coughing spell just before ending his life. A wife and two children survive him.

"TERMS UNBEARABLE."

Copenhagen, May 10.—An "imperial" manifesto has been issued in Germany branding the peace terms as "unbearable impracticable and productive of fresh hatreds and killings", said a dispatch from Berlin today.

The manifesto pleads for the nation and government to stand together "in view of the danger of destruction."

MAKES ILLUSORY PROMISES.

Paris, May 10.—Count Brockdorff-Rantzau, German foreign minister and head of the peace delegation declared today that the allies had abandoned the program of a peace upon right. The treaty he declared, makes illusory promises given to the German nation and declares that these promises cannot be carried out under its terms. He declared that the German delegation would submit proof of this.

ARCH DUKE ARRESTED.

Geneva, May 10.—Arch Duke Eugene, of Austria, who came into Switzerland to join former Emperor Charles, was arrested today charged with political plotting. Although the Archduke was penniless when he crossed the border 670,000 crowns were found in his possession and also a number of pamphlets attacking the monarchist spring.

MACARTHUR HEADS WEST POINT

Washington, May 10.—The appointment of Brigadier General Douglas MacArthur as superintendent of the United States Military Academy at West Point was announced today by General Peyton C. March, chief of staff.

General MacArthur will take charge of the academy June 12, the day following the graduation of the present class.

General MacArthur, as a colonel, went overseas as chief of staff of the 42nd (Rainbow) Division, and was in command of the division at the time the armistice was signed.

It has since been revealed that the cessation of hostilities prevented the carrying out of a daring plan of the division to pierce the heart of Germany by an invasion through Bavaria.

4,000 ON STRIKE.

Salem, Mass., May 10.—Every shoe factory in Salem, Peabody, Danvers, Marblehead and Beverly was closed today and nearly 4,000 persons were out of work because of the refusal of 21 heel makers employed in various shops to arbitrate their wage differences with the manufacturers.

The manufacturers claim that the heel makers have been making from \$46 to \$80 a week. The heel makers say that the manufacturers are trying to force the arbitration upon them.

2,009 EGGS IN EIGHTEEN YEARS

Toronto, Ohio, May 10.—"Granny", champion egg layer of Jefferson County, is dead at the age of eighteen years. "Granny", though unpedigreed and never entered as a contestant for blue ribbons at poultry shows, laid 2,009 eggs during her career.

HUNGARY'S PROBLEM.

Zurich, May 10.—"The only solution for Hungary is for the allies to occupy Budapest until a democratic government has been set up," said Prince Windisch-Gratz in an interview today. The Prince is a personal friend of former Emperor Charles.

CASH FROM TRASH

What One Careful Housewife Discovers.

Quite as thrilling a story as any Luther Burbank has to tell was told by Mrs. Edmund M. Parker at a recent meeting of the Cambridge, Mass., branch of the Special Aid Society for American Preparedness. Besides being chairman of the Speakers' Bureau of the Special Aid, Mrs. Parker holds the same office in the Savings Division of New England. It was in this latter capacity that she had secured Mrs. F. L. Higginson, director of the division, and Mrs. H. Parker Whitington, director of the Salvage Bureau which had been organized for the meeting of the Special Aid.

Now Mrs. Parker is a good housekeeper, but after she listened to those two speakers she went home and set to work. Old newspapers and a lot of pasteboard boxes, in one of which was a collection of old calling cards saved from the days before there was a Social Register, and magazines too old to be given to anybody, were her first "finds." In the basement were boxes of rusty nails, several padlocks, old bicycle chains, padlocks and keys that fitted nothing.

Everything was gathered together and then a "Salvage" card was put in the window. Soon there was a call from an excited junkman, who said the Salvage Bureau told him he was to pay for junk with Thrift Stamps whenever he saw that sign. He offered thirty cents for sixty old bottles; the zinc in an old ice box brought ten cents. In all he left \$1 worth of Thrift Stamps behind him.

Encouraged Mrs. Parker searched her bookcases, and harvested \$1.75 from them. A box of discarded and broken silver brought \$10.68, and the additional investment of Liberty Bond coupons Mrs. Parker secured in one month \$44 in Thrift and War Savings Stamps.

Because of associations an old watch had been kept, but now the country needs the gold, and what would not be given over for personal gain is to be offered upon the altar of a country's need. When the youth of the nation gave freely of their lives, it is a small thing, Mrs. Parker says, to give to that same cause articles which have outlived their usefulness and are mere reminders of days that are past.

Chestnuts are made into bread by the mountain peasantry in Italy and France. After the nuts have been blanched they are dried and ground. From this flour a sweet heavy cake is made, not unlike the meal cakes so popular in Scotland.

Bolivia is very generous to her members of congress. Each gets \$15 a day during the time that the legislative chamber is sitting. But if, for any reason, a member fails to turn up, then there is no money for him. In the forty-eight states of the union there are 2,989 counties.

EX-KAISER CANNOT BE PLACED ON TRIAL

(Continued from Page 1.)

The ex-Kaiser is accused of being known to the law, therefore they could not adjudicate it.

Furthermore, it is pointed out that only the ex-Kaiser is mentioned and that no suggestion is made that proceedings be instituted against the Crown Prince.

Unprecedented Case.

In any event the arraignment would be an unprecedented proceeding. Should a decision be reached to carry out the trial the only punishment that could be inflicted is banishment, it is said.

At the same time it is evident that the Dutch government does not look with a friendly eye upon the proposal to compel the country to give up a former monarch who sought protection under the sanity of her laws.

KOHL-SCHUETZ.

Miss Amanda Schuetz, daughter of Mr. and Mrs. Charles Schuetz of 38 Cooper street and Hugo Kohls of 46 Cooper street were married in the Lutheran Concordia church on Winter street at three o'clock this afternoon by Rev. Herman Stippich, pastor of the church. They were attended by Miss Margaret Kohls, a sister of the bridegroom, and Hugo Schuetz, a brother of the bride. The bride wore a gown of crepe de chine and carried a shower bouquet of bridal roses. The bridesmaid wore pink crepe de chine and carried a sweet peas.

The ceremony was followed by a reception at the bride's home, with about 35 guests in attendance. Late this afternoon, the couple left on a trip to New York. They will make their home for the present with the bride's parents. Mr. Kohls has been employed as a carpenter in New London and will continue to work there for some time yet.

BRITISH FLYERS HELD UP.

St. Johns, N. F., May 10.—Unsettled weather again prevented a start in the trans-Atlantic airplane flight today.

There was also inactivity at Trempany, where the attaches of the American naval relay station are awaiting the arrival of the United States seaplanes from Halifax.

The sterner Digby has arrived at St. Johns with the Handley-Page machine, which is to attempt the trans-Atlantic flight.

DUNDEE WINS.

Milwaukee, Wis., May 10.—Dundee, by a shade, is the verdict today of a majority of experts who witnessed the ten round battle here last night, between Johnny Dundee and Ritchie Mitchell. On the few occasions when the men stood toe to toe and slugged, Mitchell had the better of the going, but Dundee elected to box most of the time and in this department of the game he outclassed Mitchell by a wide margin.

B. AND L. CONVENTION.

New Britain, May 10.—The Connecticut League of Local Building and Loan Associations held their annual session today, President John H. Standish, of Bridgeport, presiding. There are 22 associations in the state. About sixty delegates attended.

DEATH OF CHILD.

The infant son of Mr. and Mrs. R. B. Muller of Hartford died this noon. Mrs. Muller is the daughter of J. J. Strickland of this town. The child's funeral will be held Monday and burial will be in the East Cemetery in this town.

"LIQUOR CORSET" APPEARS.

Atlanta, Ga., May 10.—"Liquor corset", popular in some parts of the North, has just made its appearance here on the person of Frank Age, who had just returned from a pilgrimage to Cincinnati. Suspecting the negro's over-robust appearance, a detective slapped him on the back and the whiskey, fifteen pints bottles fastened around the negro's body, gurgingly announced their presence. Frank's outlook is gloomy.

KING GETS MESSAGE.

Rome, May 10.—King Victor Emmanuel, of Italy, today received a message from the council of Fiume, urging him to "heed the desires of the people for a union with Italy."

YALE JUNIOR SLAYS SELF VICTIM OF OVERSTUDY

One Time Manager of College Football Team—Kills Himself With Revolver.

New Haven, May 10.—Apparently a victim of overwork, Richard Hartwell Mather, a Yale junior, was found dead late last night in his room on the Yale campus, having shot himself through the brain. Fellow students who had missed him broke open the door of his room and found him lying dead on the floor, with a bullet through his brain and a 30-calibre revolver nearby.

His coroner's physician was notified and this morning gave it as his opinion that the young man had shot himself in a fit of melancholia. Mather had recently suffered a nervous breakdown and had been confined at the infirmary for some time. He had been attending classes for about two weeks, however, and apparently was all right again. Although he had been morose of late he had never spoken to his friends of suicide.

Mather's father, from Toledo, Ohio, Parents Dead.

The Yale authorities say his parents are not living and they are attempting to locate his relatives. He was a member of the R. O. T. C. and received a commission at Camp Jackson, afterward going to the artillery training school at Camp Taylor. In his sophomore year he was elected Yale football manager.

His companions say he always had plenty of money and had never spoken of any love affair.

FIRST TO CROSS RHINE IN ARMY OF OCCUPATION DIES

Paris, May 10.—The first man in the Army of Occupation to cross the Rhine died the following day. He was an engineer who, two weeks before, was struck and injured by a train in the newly established river head at Coblenz. Across the river was a Red Cross hospital, packed with German wounded, and there he was carried. When he died, the next day, he was buried in the little village churchyard. The wounded enemy soldiers in the hospital chipped together and bought the wreath that now lies on his grave.

GETS LOAN QUOTA IN HOUR.

Boston May 10.—Bishop Hughes paid high tribute to the character of the boys of the United States Army who were overseas at the mothers' and sons' night of the Woman's Baptist Social Union. He said that the boys coming back were far more instilled with religious thoughts than before.

ENGLISH FATHER OF 25 HAS EXCEPTIONAL WAR RECORD

London, May 10.—Here's a thumbnail sketch of a man who deserves some kind of decoration.

John Lane, fifty-three years old, Loyal North Lancashire Regiment; father of twenty-five children; called up as a reservist at the outbreak of the war, served on five battlefronts—France, Palestine, Saloniki, Bulgaria and Italy; witnessed the fall of Jerusalem; served in Constantinople following the armistice; engaged throughout the war; two sons, William and Thomas, both of the Loyal North Lancashire Regiment, were killed early in the war; another son, Peter, in the Scots Guards was wounded; another son, James, a sergeant in the Loyal North Lancashire Regiment, is still serving.

EGG TRAVELS FROM OHIO ALL THE WAY TO ENGLAND.

Bellefontaine, Ohio, May 10.—Mrs. C. F. Schumacher, living near this city, sold a crate of eggs last spring and on one of the eggs she wrote her name and address. She has received a letter from Miss Bertha Ramsden, twenty-two years of age, of Bellevue, Wakefield, England. The English girl said she was working in a munitions factory at the time she purchased the auto-graphed egg.

FIREMEN BUILD MOTOR TRUCK AT \$500 COST.

Medford, Mass., May 10.—Members of the Fire Department at the Central Fire Station have built and equipped a combination motor-truck which is now in commission.

The new truck was constructed completely by the firemen and represents a cost to the city of but \$500 for materials used.

The engine in the truck was rebuilt from an engine in one of the discarded pieces of apparatus.

BANDITS ABROAD IN MEXICO.

Douglas, Ariz., May 10.—Cananea, in the state of Sonora, Mexico, is under heavy military guard today in anticipation of further raids by bandits who early Friday swept down upon the town and looted stores and homes, killing five persons during the raid.

In addition to the home guards which have been formed, two trainloads of soldiers from Nogales and other points have arrived. No trace of the bandits has been found since they rode away after the raid.

PLESTINA WINS.

New York, May 10.—Marin Plestina today is seeking more worlds to conquer. He thrice Jack Taylor, reputed heavyweight champion of Canada, in consecutive fights at Madison Square Garden last night. Plestina now claims he is entitled to matches with Lewis, Zbyszko, Stecher and Caddock.

TO EXTRADITE CONN. MAN WHO KIDNAPPED CHILD

Edward W. Curtiss of Winsted Also Slandered Judge Burpee of the Superior Court.

Winsted, May 10.—Word has been received here that the Supreme Court of New York, appellate division, has ordered the extradition from Brooklyn of Edward W. Curtiss, formerly of Torrington, Conn., wanted here for alleged kidnapping of his 11-year-old daughter Helen, and slandering Judge Lucian Burpee, of the state superior court, who had ordered him to return his daughter to his wife's custody or go to jail. Curtiss sued his wife for divorce and she brought a counter suit. Judge Burpee decreed that the wife should have custody of the daughter and when Curtiss took the child away he was ordered to bring her back.

He is alleged to have mailed printed circulars from Brooklyn to Litchfield County folk, referring to Judge Burpee as "lawless Burpee." He was traced to Brooklyn and arrested by the state police but fought extradition. The daughter's whereabouts are not known.

TAGGING THE BASES

With the exception of one game in the National League, rain registered a clean sweep in the two major leagues and the International league.

Alexander, in his first appearance since returning from France, was batted in a pitcher's battle with Ray Fisher, the Reds beating the Cubs one to nothing.

Tomorrow, weather permitting, marks the first Sunday American League game in Manhattan under the new Sabbath baseball law.

Walter Smallwood, Yankee pitcher, and Clarence Mitchell, Dodger pitcher-outfielder, are back today from the war.

As the week closes, the Dodgers are batting at a .300 clip.

Ross Young, of the Giants, is virtually leading the National League with a batting average of .490.

Gedeon, of the Browns, also has the same average.

FIFTEEN-CENT SALE COST \$81.

Hawatha, Kan., May 10.—It cost F. A. Greene, a restaurant owner here, \$81 to sell a fifteen-cent tin of tobacco to a boy under twenty-one. A youth whom Greene thought of age appeared in the restaurant and asked for a can of tobacco. City Marshal Hardy saw the sale and after taking the tobacco away from the boy, had a warrant issued for Greene.

Circle Theater

How a young girl, by quick wit and bravery, saved valuable contract secrets from enemies of the government, after they had kidnapped her in a tugboat, is vividly pictured in "The Enchanted Barn", the Vitagraph Blue Ribbon Feature, which will be the attraction in the Circle Theater tonight. Bessie Love is the star in the feature, and is supported by a strong cast, including:

Shirley Hollister (Miss Love) is a private secretary, who rents a barn in the country for her invalid mother. Her landlord is Sidney Graham, a young millionaire, whom she loves, but despairs of winning because she believes him engaged to a society girl. Sidney, however, does love Shirley, because of her pluck in making a home in a barn, and he has in every possible way tried to help them along.

Shirley is called to Washington by her employer and entrusted with the papers, and while in a taxi cab is overpowered. She manages to scribble an appeal for help on the fly leaf of a book and hurries this into a passing automobile. She also secretes the papers in her slippers. Then she is taken to a deserted house. On the same bill will be the tenth episode of "The Lightning Raiders", a two reel, Big V comedy and the Pathe News.

Tomorrow evening the feature will be a Metro Special called "Satan Junior" starring Viola Dana. This is a comedy and tells the story of a society Tomboy.

On Monday Tom Mix will be seen in a great comedy called "Treat 'Em Rough."

Park Theater

A double feature bill has been provided by John F. Sullivan for this evening at the Popular Playhouse. No less a star than Mary Miles Minter will play the leading part and the name of the play is "The Amazing Imposter". Miss Minter is said by many movie stars to be the prettiest star now playing the movies. Her acting is always good. The picture tonight is a clever one and should be seen. This is just the sort of an evening to spend at the theater.

On the same bill tonight will be another chapter of the "Brass Bullet" and a comedy.

For tomorrow a big picture is coming to the Park. It is a Pathe special with Frank Keenan playing the leading part. "Todd of the Times" is the title and as the name suggests it is a story of newspaper life. Here is the story:

Theobald Todd, a plodding, but keen-witted old man, is city editor of the Evening Times, in the small town of Springfield. The dream of his life is to become managing editor, but his retiring disposition keeps him from asserting his claim even when that chair is vacated by Lee Martin. At home, his second wife henpecks him, lavishing most of her affection upon her gawky son.

The town is in the throes of an anti-betting crusade, and Todd gets on the track of a gang of race-horse sharps who are conducting a pool room under the camouflage of a stock brokerage office. This gives Todd his big chance, and he goes after it with a will. The owner of the Times having been called away for a few days, Todd is left in charge.

The "big news" breaks right at that time, so Todd avails himself of his temporary guardianship and gets out a smashing special edition, giving a complete expose of the bookmaking-brokerage firm—which had established its offices in the disused bar room of the Hotel Plummer, owned and managed by Rodney Plummer, the self-appointed Poobah of Reform in Springfield.

Todd not only obtains the coveted Managing Editorship of the Times; but, buoyed up with this success, he goes home with a firm determination to become the managing editor of Mrs. Todd's boarding-house—and succeeds admirably in a real smashing climax.

GOE HATED HUNTS? NO, SIR!

THEY HELPED MAKE A "REP" Coblenz, Germany (with the Army of Occupation, by mail).—He was a United States Marine and he was hurrying for parade. On his chest were enough medals to sink a battleship, following the sight of which the inevitable tourist hurried forward.

"Of course, you got those for bravery?"

The Marine stammered. "Darned if I know," he answered. "I think I got 'em for killing Boches."

"And how you must have hated those Germans?"

"Not The Marines! Hated the Germans!" The Devil Dan grinned. "Nothing of the kind. We were grateful to 'em. Didn't they give us the chance to make a rep?"

HONORING OUR FIGHTERS.

This is the Welcome Home season in Manchester. Hardly a day passes without a reception of one kind or another to the men who left home ready to face death in the country's service, and have returned safely after having done their duty.

To those who will never come back, who were killed on the field of battle or died in hospitals, we can extend no welcome. But we can honor them with a perpetual monument in our Memorial Hospital, dedicated to the relief of human suffering and commemorating the splendid work of the physicians, surgeons and nurses through which the lives of many of our boys were saved and the sufferings of those who died were eased.

KIPLING'S COARSENESS.

A current writer in reviewing a new book by Kipling commends his sentiments but asks "Why the vulgarity?" We venture the opinion that Kipling would never have become so popular or so widely read but for the vulgarity with which he clothes his sentiments.

The past four years have done much toward sending a good many men back toward savagery. War strips from soldiers the refinements which peace has bestowed upon them. Our returned soldiers tell of going weeks without bathing or even undressing; of sleeping in the mud, of eating coarse food with the most primitive utensils.

Naturally Germany doesn't take kindly to the terms of peace. No naughty child likes being spanked. Germany's crime was great and she must pay a heavy penalty. But her territory has not been devastated, her implements of industry and husbandry have not been destroyed, her forests, her orchards and vineyards have not been ruined.

MAYOR BALKS AT JOB OF SPEAKING SIX LANGUAGES.

Columbus, Ohio, May 10.—When Marshal Joffre and Premier Viviani paid a visit to Columbus some time ago Mayor George J. Karb created a stir among his friends and associates by introducing the distinguished Frenchman in their own language. The Mayor "got by" nicely with his presentation and received many congratulations, but when the "Fighting Six", representing six different nations and languages, came to Columbus Mayor Karb announced he would have to "reign."

YALE AND HARVARD SHIPS COMING BACK TO SOUND

Twin Prides of Boston Line Did Mine Laying Work During the World War.

New York, May 10.—Having done their war bits as mine layers and channel troop carriers, the Yale and the Harvard—the twin prides of Long Island Sound—which used to ply between here and Boston in the Metropolitan Line service, are coming back to this side of the Atlantic to resume operation as peaceful passenger craft.

The Yale will arrive on Monday with 298 army casual officers from the A. E. F. on board. The Harvard is expected to get in a few days later. Both are returning as American transports.

It has been nearly five years since these steamers graced the waters of the East river and the Sound and history has been made by both of them in the meantime.

Shortly before the war the steamers were sent to the Pacific coast by way of the Strait of Magellan and operated for a while between San Francisco and Los Angeles. When the United States entered the war they were taken over by the government and because of their superior speed were fitted up as mine sweepers and sent across the Atlantic.

After the North Sea had been bottled up they were pressed into service transporting troops across the English channel.

TWO MORE TROOPSHIPS START FOR THE STATES

Roanoke and Iowan, Bringing Home 3,175 Officers and Men of the A. E. F.

Washington, May 10.—The sailing of two troopships bringing home a total of 3,175 officers and men of the A. E. F., was announced by the War Department this afternoon. They are the Minesweeper Roanoke, with 1,388, from Bordeaux, due at Newport News, May 19, and the Iowan, with 1,787, from St. Nazaire, due at New York, May 22.

The Roanoke is bringing casual companies from North and South Carolina, Massachusetts, Ohio, Illinois, Wisconsin, and a detachment of 313th Infantry.

On the Iowan are headquarters, sanitary and ordnance detachments and Headquarters Company, of the 111th Machine Gun Battalion, mostly to Camp Dix, Headquarters Company and Companies A, and B, 110th Machine Gun Battalion, to Camp Meade, and scattered; Headquarters, Sanitary and supply detachments and Companies A, B, and C, of the 104th Field Signal Battalion, Camp Dix and scattered; supply and veterinary detachments and Company H, 113th Infantry, Camp Dix and scattered casals.

FEW OHIO BARKEEPERS HAVE TRADES; CLUB REMAINS INTACT

Cleveland, Ohio, May 10.—When the last obsequies are held over the remains of John Barleycorn (May 27 officially in Ohio), there will still be the Bartenders' Club, although the Bartenders' Union will have passed into the beyond with the schooner and the tall, cold bottle.

There are more than 1,500 members in the Cleveland Bartenders' Club, according to Max Baden, secretary of the club, who says that fraternizing is to be continued on into the drought and past it.

As for the bartenders, they will have renounced allegiance to the white apron and "fizz" bottle and will become knights of the hod, the auto accessories' departments, or the blue sky game.

Baden says 10 per cent of the union bartenders in Cleveland have trades to turn to for bread. The only worry, he says, is whether there'll be the chance to ply their skill at such trades.

The other 90 per cent will spend their time wondering what they should do.

SOUTH METHODISTS TAKE TURN AT WELCOMING RETURNING SOLDIERS

Fine Supper Followed by Songs and Talkfest—Civil War Vets Mingle With Young Comrades.

It was a happy idea the South Methodists had when they decided to combine the Welcome Home celebration for the returned soldiers of the present war with the annual reception to the veterans of the G. A. R. The event was held in the church last evening and it was hard to tell whether the old veterans or the young veterans enjoyed it the more. Both the old and the young soldiers certainly knew they were welcome from the elaborate plans made for their entertainment, and the people of the church were happy in being able to render such service to the heroes of the Civil and World wars.

The large vestry and church parlor were thrown into one large room and the whole beautifully decorated with numerous flags, bunting and red, white and blue streamers, with here and there a palm and other greenery. On the walls were large "Welcome Home" signs. Never has the church looked prettier. The decorating was done by Simons & Fox of Hartford.

There were about 25 members of the church Honor Roll present and each had the privilege of bringing a friend. About a dozen of the G. A. R. veterans and their wives were in attendance, bringing the total number of guests up to 89. District Superintendent and Mrs. W. H. Bath and Rev. and Mrs. G. G. Scrivener were among the honored guests, who sat down to the banquet, which was served in the parlor at 6:30 o'clock. The Ladies' Aid society catered and a corps of young women, dressed in white and wearing colored paper caps, acted as waiters. During the banquet, music was provided by the Victor orchestra, which kindly gave its services for the occasion.

Each of the returned soldiers received a souvenir book, containing the Honor Roll and a number of blank pages on which they could write the names of other guests at the banquet, or take notes, if they desired. Members of the Honor Roll who have not returned, also will receive one of these souvenirs.

Following the banquet, the guests assembled in the larger room, where a most interesting program was carried out. George E. Keith, chairman of the general committee from the Men's Friendship club, which made all the arrangements for the reception, acted as master of ceremonies.

The program opened with a selection by a girls' string orchestra from Mt. Holyoke college and was followed by a song by the South Methodist church quartet. Mr. Keith then called on Rev. G. G. Scrivener, who gave a short address of welcome. Then John Conlon favored with a vocal solo and the string orchestra gave another selection.

At this time, Mr. Keith spoke of the South Methodist church being represented in the different branches of service and called on Battalion Sergeant Major John A. Benson, representing the infantry, who gave a description of the 102nd Regiment's part in the St. Mihiel drive. He was followed by a solo, with ukelele accompaniment, by Miss Parker of the girls' orchestra.

Sergeant Fred Hughes, representing the Marines, told of his experiences in the Chateau Thierry fighting, where the Marines were credited with stopping the Huns last July. Sergeant Hughes said he had never made a speech and that he felt somewhat like he did the morning the Marines crossed the Marne. The river's waters were cold and he hated to plunge in but he had to do it. He expressed his gratitude for the heart-felt welcome that had been accorded him and his fellow soldiers and then told one incident at Chateau Thierry that made him want to fight.

When the Marines reached one of the villages, all the inhabitants except an old man and his wife had left the place. The Marines had been meeting the refugees all along the roads, but these old people had refused to leave their home. That night, a German shell killed the old man and he was laid beside some of the dead soldiers. In the morning, the poor old lady was found, hanging in the room she had been seen to enter the night before. The Marines dug her body down and buried it with the soldiers. After that, Sergeant Hughes said he didn't fight because he was thinking of democracy or any ideal, but because he wanted to put a stop to such scenes and keep the Huns from making a suicide of the whole French nation.

Here Miss Victoria Selin, soprano of the church quartet, sang a solo after which the audience, led by the quartet and string orchestra, sang America. Mr. Keith then called on Superintendent W. H. Bath, who told how glad everybody was to welcome "the boys" home. He said he felt very much as though he were being welcomed home with them, for Manchester seemed more like home to him than any other place, as he had lived here longer than in any place in his life, since he was 15 years of age.

The church quartet sang another selection and Miss Miner of the girls' orchestra recited, to piano accompaniment, a comic selection entitled "Foolish Questions".

Private Hugh Torrance, who served through practically the whole war with the Canadian Watch, next was introduced and gave a short talk on his experience in the Northern part of France in the vicinity of Lens. He provoked a roar of laughter when he announced that he had never made a speech and if he had known he was going to be called upon to make one he didn't believe he would have gone to war at all. Instead of telling about his fighting experiences, he told with what joy the inhabitants of the liberated towns welcomed the Allied soldiers and anything the soldiers wanted was theirs for the asking.

Following Private Torrance's talk, Miss Parker sang another solo, with ukelele accompaniment and then Mr. Keith called on Commander Marston H. Keeney of G. A. R. to tell some of his experiences in the Civil war. Commander Keeney said he didn't do very much but to show the difference in the training the boys received in the present war and the way the boys were rushed off to the front in Civil war days he told of his own experience. He enlisted in Manchester on August 12, went to Hartford August 15 and by the latter part of September he had taken part in the Battle of Antietam and been put out of action because of a wound in the arm. He also told how there was a mixup in his name and how he went home on a turlough under the name of M. H. Kellner and how a little later, he died under the name of M. H. Kellner and afterwards drew four months' pay in the same name. He hadn't received any pay for four months, so when the name M. H. Kellner, under which he had been going for some time was called, he accepted the money as his. Afterwards, his name was straightened out and he was mustered out of service.

John Conlon favored with another solo and Lieutenant Warren Keith followed with a talk on the aviation service. Lieutenant Keith, like many another ambitious and patriotic young American, put in several months of intensive training, but failed to get across. He received his commission the first of November, 1918 and on the 11th the armistice was signed. He was greatly disappointed but said he didn't know but he was just as well off after all, when he heard of some of the experiences the men, who had been over there, had gone through.

Rev. G. G. Scrivener was called on again and this time he said he was going to make a speech. He made an announcement about the Men's Friendship club meeting next Monday night and then said his speech was, "Good Night, God Bless You, Come Again."

The program closed with the string orchestra playing the French national anthem, "The Marseillaise", the audience all standing and then all joined in singing the Star Spangled Banner.

RUINED HIS SUIT.

Bridgeport, May 10.—Joe Booth, state Soccer expert, hit the Bridgeport common council claims committee for the price of a new suit of clothes last night. Joe fell on a dark street without a sidewalk in Bridgeport April 1 and spoiled one perfectly good pair of trousers. There was no April Fool joke—for Joe. The committee reserved decision.

Endless Variety in Spring Blouses

There is no such thing as a dull moment among the new spring blouses, now entering in gay companies, the shops and stores. There is so great a variety of styles in them that it is not easy to pick out features that are characteristic of the season. But there is one item that is so universal in them that it passes without notice—is taken as a matter of course. That is the sheerness of the materials used. Except for the plain and regulation shirtwaists of silk or linen, or cotton, there are only diaphanous stuffs in blouses, with georgette crepe far in the lead of all others.

Besides this feature of the styles, there is a preponderance of round-neck models, and many of these fasten on the shoulder. The narrow shoulder yoke remains a great favorite. Small, round crochet and small pearl buttons are favored for fastening and trimming; hemstitching, tucks and very narrow Val lace, for ornamentation on the light blouses.

Dark colors, and black, in georgette are shown made up over white net georgette, and the reverse of this, black chantilly lace appears, made up over flesh or white georgette. A good example of the smart blouse of dark georgette over cream-colored net appears in the picture. Its sleeves and trimming are novel, both being characteristic of the new season. Besides these long flowing sleeves, there are elbow-length sleeves cut in much the same way. The trimming is a couching, in which very heavy silk in dark shade is fastened down with another shade of silk in the same color. This couching is used in many ways and patterns, and is very easily and quickly done. On light-colored blouses, a dark couching in harmonious color is used, as brown or light tan, or blue on tan or white.

A striking novelty appears in a blouse of georgette in flesh color with high collar, cuffs and a square inset at the front made of a Japanese silk handkerchief with border in light blue, showing a hand and large dots.

THE WOMAN WITH THE HOE

Mrs. Lorence M. Woodside in her home garden at Winchester, Mass.

"Gardening for women," says Mrs. Lorence M. Woodside of Winchester, Mass., "originated in the First Garden when Eve was given to Adam as a helper. While the record of her work is rather incomplete, it is reasonable to believe that she did more than help to gather the fruit."

As an exponent of what women may do for gardening and gardening for women, Mrs. Woodside is an example to her sex. A talented reader and forceful speaker, the message she is giving to women's clubs and other organizations must be productive of good.

That she is not a mere theorizer, her garden at Winchester proves. Her interest dates back to the time when, as a child, she pattered down the long furrows with her father, behind the plow, and through intimate companionship with him learned the secrets of mother earth.

When buying the home at Winchester she looked for a "small house and a big piece of land." She was not wholly successful, but did secure a good-sized back yard, which was spaded up for a garden while the furniture was being moved into the house. For some time a "For Sale" sign on an adjoining lot disturbed her, because she wanted the land to add to her garden. Her husband, always a city dweller, tried to discourage her in the purchase of the lot, but she finally convinced him that, if cultivated, the land would pay interest on the investment, and taxes, and would increase in value. It was rough and poor, but applying her knowledge of soil management, and

237 MUNICIPAL MARKETS IN THE UNITED STATES

Department of Commerce To Issue Interesting Report—New Orleans Has 19.

Washington, D. C., May 10.—According to a report about to be issued by Director General Sam. L. Rogers, of the Bureau of the Census, Department of Commerce, municipal markets were maintained during the fiscal year 1918 by 128 of the 227 cities having more than 30,000 inhabitants. These 128 cities reported a total of 237 markets, 174 of which did a retail business, 14 a wholesale business, and 49 conducted both retail and wholesale business. The market employees numbered 540. The largest number of markets shown for any one city is 19, for New Orleans; Baltimore reported 11; New York 9; Wilmington, Del., 8; Pittsburg 6; and Los Angeles, Milwaukee, Washington, D. C., and Columbus, Ohio, 5 each. No other city maintained more than 4, and the majority operated 1 each.

This report was prepared under the supervision of Mr. Starke M. Grogan, chief statistician for statistics of states and cities. Since the Bureau of the Census is authorized by law to collect statistics only from those cities which have populations of more than 30,000, it was impossible to extend the inquiry to the many smaller municipalities which also maintain markets. The subject is a timely one, in view of the abnormally high prices now charged for most foodstuffs; and the information presented in the report will be of great value to cities which have not yet established municipal markets but are contemplating doing so.

Not a New Institution.

The movement toward the maintenance of markets by municipalities has received a great impetus in recent years. In fact, no fewer than 107 of the 237 markets covered by the report have been established since the beginning of the present century and 67 have commenced operations since January 1, 1914. Nevertheless, the municipal market as an institution is by no means a new one in America, having been in existence since 1658 or 1659, when the city of Boston erected a market and town house from the proceeds of a legacy and a subscription. This building was destroyed by fire in 1711. Market buildings were also erected in Boston during the early part of the eighteenth century, but were later burned, torn down, or converted to other uses. The oldest existing municipal market in the United States is the Faneuil Hall Market, in Boston, which was established in 1742; and eighteen others over a century old.

CONNECTICUT CLUB GIRLS TO HOLD A CONVENTION

Are Meeting Today in Waterbury to Organize State League of Women Workers.

Today delegates from all the Girls' clubs in the state which are affiliated in the National League of Women Workers are meeting in Waterbury to organize a Connecticut League of Women Workers.

Great enthusiasm for a State League has been shown by all the Connecticut clubs. Among the most vigorous supporters are the strong old clubs which have high standing in their communities—the Lakeville Friendly Club, the New Haven Girls' Club, the Windham Girls' Club of Willimantic, the Winsted Girls' Club, the Community Club of Derby and the Waterbury Girls' Club. New clubs just organized will be present but will not vote.

LEONARD-BRITTON SCRAP IS MORSEL WE ALL WILL LIKE

New York, May 10.—"Gentlemen (quiet, please), the next and concluding bout of the evening will be between Jack Britton, the re-crowned king of the welterweights, and Benny Leonard, challenger and undisputed king of the lightweights."

Fans may well prepare to hear this announcement ere many moons and for several reasons. Leonard's Avoudrupois is trying to keep pace with his purse—growing heavier. Further, the lightweight crop is somewhat depleted, as far as championship calibre is concerned. And Benny, never blushing when it comes to making an honest dollar, will seek more worlds to conquer.

Britton, with the scalp of Ted ("Kid") Lewis hanging to his belt, looks in vain for reasonable welterweight opposition. Of course it is possible that Lewis will seek another fling at the title and, should he do so, it is reasonably certain Britton will accommodate him. But that is about all when it comes to the welter.

With Leonard's inevitable increasing weight and Jack Britton's ability to toe the mark at the welter limit, a meeting between the two seems practically certain.

Britton, though he does not carry a kick and despite his advanced years for a fighter, his stamina, cunning and a fighting heart. Pitted against him would be one of the brainiest lightweight boxers of the age and a boy who can also hit, and hit hard, from any angle. There is just one morsel of food thought to be held on the fork before permitted to disappear.

And that is, how will Leonard stand up with a man who is willing to give and take and who can assimilate as well as box? There are those who believe that Leonard would not stand the gaff. We saw

UNREGISTERED LETTERS NOW GO TO JUGO-SLAVIA

Mail Will Also Be Accepted For German Austria Under New Post Office Regulations.

According to the recent bulletins received from Washington at the local post office, unregistered letters and post cards will be accepted for German-Austria and Jugo-Slavia. While letters, post cards, samples and printed matter, ordinary and registered, will be accepted for Czechoslovakia and Poland. There is no parcel post service as yet provided for these countries and hence all articles and merchandise will not be accepted.

Articles conforming to the Postal Union rates, conditions, and classifications will be accepted for onward transmission to Bulgaria through France or England, as opportunity offers. Parcel post packages will be accepted for Denmark, the Netherlands and Sweden via New York on any direct steamer available. Packages for the Netherlands cannot be registered but will be accepted at postage rates of 12 cents a pound or fraction thereof, up to a weight limit of eleven pounds when accompanied with individual export license issued by the War Trade Board, according to a bulletin issued recently by E. R. White, acting second assistant post-master general.

In regard to communications as to the status of men in the military and naval service working for compensation in post offices, Postmaster General A. S. Burleson has issued a bulletin which says that such men are still under orders from the military authorities and hence their status is incompatible with civil employment. The services of any such men, according to the notice, who are working in either regular positions in post offices or as substitutes, must be discontinued at once.

Order No. 2,060 has been issued by Postmaster Burleson against R. H. Fitzgerald, Box 432, London, Ontario, Canada, for fraudulent business through the mails.

Postage stamps have been issued to the United States Postal Agency at Shanghai, China, in denominations of 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 20, 25, 30-cent and \$1; also 10-cent.

cent special delivery stamps surcharged "Shanghai, China," at double their face value. The surcharge is printed in black type on all denominations except 7-cent and \$1 stamps which are surcharged with red ink. For example, a 1-cent stamp is surcharged as follows:

Shanghai 2-cent China 1-cent

These stamps are intended for sale by the postal agency at Shanghai at their surcharged value in local currency. Shanghai surcharged stamps are not issued to postmasters in the United States.

OLE-TIME COP SAYS CRIME WAVE LIKE DAYS OF '65

St. Louis, Mo., May 10.—Thomas W. Purcell, a policeman, who has served continuously in the St. Louis police department since 1866, after being discharged from the Union forces, declares that the present crime wave in cities is no worse than the one which followed the reconstruction period after the Civil War.

"There was lots of crime at that time, just as there is now," Purcell says, in speaking about the reconstruction period following the Civil War, "but the perpetrators had nothing faster than horses and they didn't get away. Automobiles seem to make it easier for them to escape."

Purcell is the only surviving member of the first detachment of mounted police.

He was a member of the posse that tried to capture the James and Younger boys, who terrorized the Middle West.

IRONY, WIT OR BOTH?

New York, May 10.—During the recent return voyage of a regiment of doughboys one of the daily features of the transport was a "newspaper" to which all were invited to contribute. A gob, after reading the "paper" one day, wrote of the bottom of it: "Join the navy and see the world." A doughboy who was not overly pleased at the grub dish-ed out to the boys in khaki during the trip chanced to see the gob's reportorial effort and hastened to make the following "ad."

"Join the army and see the difference."

reasonable amount of fertilizers, she produced 35 bushels of potatoes and over 900 pounds of tomatoes the first year. This experiment stimulated her interest, as well as her husband's, and another lot was purchased at the rear of her home, making nearly two acres now under cultivation.

In addition to potatoes and tomatoes she has added all the staple table vegetables, of which 1000 quarts were canned in her own kitchen last year. She also devotes a part of the land to flowers, specializing in gladioli, which finds a ready sale. For two seasons a small patch of wheat and oats has furnished food for 75 chickens.

That the land has been made to pay, she says, is due to the cultivation of a variety of things. This year she is setting out peach, pear and apple trees, and small fruits.

Naturally, a woman of Mrs. Woodside's type is thrifty and business-like, and her savings have, to the limit of her ability, been invested in Liberty Bonds and War Savings Stamps, for which, she says, not much credit is due, because "while you are helping the government a little you are helping yourself a lot." She says however, that the value of a garden should not be estimated wholly from a monetary standpoint. The open-air exercise gives health, strength and endurance which cannot be got by merely riding in an automobile. "Exercise," she says further, "is like courting; you must do it yourself. So long as we live near to Mother Earth we are strong and prosperous. When we have too much of luxury and leisure we become weak."

Rates to Producers.

The charges for standing spaces are imposed in most cities without reference to the commercial status of the dealer; but in a few cases the producer is charged a lower rental than that exacted from the non-producer, and in three cities the markets are free to the producer while the non-producer must pay rental.

Refrigeration Facilities.

Ammonia refrigeration systems were reported as operated by nine municipal markets, in as many cities, namely, New York, Cleveland, Baltimore, Pittsburg, Buffalo, New Orleans, Des Moines, Iowa, Evansville, Ind., and Lynchburg, Va. In all these markets brine is circulated to refrigerated counters, and in four of them to refrigerated rooms.

Value of Properties.

The total value of market properties reported by the 128 cities was \$28,149,489. The greatest valuation of such property, \$5,182,522, appears for New York, and the next greatest, \$3,095,457, for Pittsburg.

Compensation.

The highest-salaried market official is the commissioner of markets in New York City, who receives \$7,500 per annum. One deputy commissioner at \$6,000 and three at \$5,000, one secretary at \$3,500 and one at \$2,500, and one inspector at \$3,000 are also reported for that city. The superintendent of markets in Boston receives \$3,000 per annum; the market clerk in Newark, N. J., \$2,700; the superintendent of markets in Baltimore, \$2,500; and the superintendent of weights and measures and markets in Washington, D. C., \$2,500. All the other cities

REPORTED LOWER SALARIES THAN \$2,500 FOR THEIR MARKET OFFICIALS

Emergency Distribution.

During the year to which the report relates, a number of cities purchased quantities of foodstuffs for sale to consumers, approximately at cost. This unusual venture was due principally to the abnormally high cost of living and to the difficulty experienced in obtaining necessary supplies by reason of the great demand caused by the war. The cities reported to have taken this action were 16 in number, namely: New Britain, Conn.; Des Moines, Iowa; Quincy, Mass.; Jackson, Kalamazoo and Saginaw, Mich.; Duluth, Minn.; Canton, Cleveland and Lima, Ohio; Portland, Ore., and Green Bay, Madison, Milwaukee, Oskosh and Racine, Wis. Potatoes and fish were handled in the largest quantities, but pork, eggs, rice, cabbage, beans, apples onions and rutabagas were also marketed.

ARE MEETING TODAY IN WATERBURY TO ORGANIZE STATE LEAGUE OF WOMEN WORKERS

The delegates from all the Girls' clubs in the state which are affiliated in the National League of Women Workers are meeting in Waterbury to organize a Connecticut League of Women Workers.

Great enthusiasm for a State League has been shown by all the Connecticut clubs. Among the most vigorous supporters are the strong old clubs which have high standing in their communities—the Lakeville Friendly Club, the New Haven Girls' Club, the Windham Girls' Club of Willimantic, the Winsted Girls' Club, the Community Club of Derby and the Waterbury Girls' Club. New clubs just organized will be present but will not vote.

The delegates will meet at luncheon at one o'clock at the Waterbury Girls' Club which is entertaining the visitors for the week end. The organizing meeting and annual council will take place immediately after luncheon in Leavenworth Hall.

Mrs. Bernard E. Pollak of New York, President of the National League of Women Workers, will preside and Miss Jean Hamilton, general secretary of the National League, will address the meeting. Delegates will come instructed so as to represent their club membership in voting. The convention program includes consideration of a State Constitution, annual budget for the State League and plans for the vacation house at Madison.

After the organization meeting on Saturday an automobile ride for all visitors to the convention is planned. Mrs. Archer Smith, Miss Edith Chase, Miss Alice Kingsbury as well as the Scoville Manufacturing Company and the Chase Metal Company are providing cars for the ride.

On Sunday, William H. Sandland, Mayor of Waterbury, will speak to the girls.

The Connecticut League will be federated in the National League of Women Workers with the six State Leagues already included. The State Leagues maintain vacation houses at which girls may spend their summer holidays at small expense. They plan hikes and entertainments, and maintain a bureau of advice and information on all club activities. The State Leagues also employ a staff of secretaries to start clubs in new communities.

The National League of Women Workers holds a biennial convention in different cities. It publishes a monthly magazine, the Club Worker, and employs a national staff of organizing secretaries to form clubs in additional states. The National League is one of four important organizations working for recreation for girls in America. It has a membership of 15,000. The National President is Mrs. Bernard E. Pollak of New York. Headquarters are at 6 East 45th Street, New York.

SHE'S NO SUFFRAGETTE, AS THEY THROW BRICKS

Knoxville, Tenn., May 10.—The first woman in Tennessee to pay poll tax in order to qualify to vote under the suffrage act passed by the Legislature is Mrs. George Templeton, of Knoxville. Mrs. Templeton is an original local "suffragette." She disclaims that she is a "suffragette," as there exists in the feminine mind a fine distinction. "Suffragettes" are for equal rights for men and women," Mrs. Templeton explains, but "suffragettes" sometimes indulge in the pastime of brickbat throwing, picketing and other diversions that are frowned upon by less militant would-be voters.

Compare Goodrich 375's with other Ford Car Tires

If you have not used these husky, de luxe tires for the Ford car, go at once to a Goodrich dealer and say to him, "Give me a Goodrich Three-Seventy-Five."

Compare it with an ordinary Ford-size tire, and you will find it bigger and burlier in every way.

As a matter of figures and measurements, it is an inch bigger on the circumference, and much thicker in the cross section—that is, a 31 x 3 3/4 inch tire.

That extra size means a finer looking, easier riding Ford car to begin, and a longer lived car and tires in the end.

Though "Three-Seventy-Fives" cost a little more at the outset, built to meet the special needs of the Ford car and bring out its known virtues, they soon reveal a greater dollar economy, which makes it the better buy in the long run.

GOODRICH TIRES 375 SIZE "BEST IN THE LONG RUN"

We are experienced, and know how to give service to the owners of Ford cars. We have the same methods, machinery and skill that they have in the Ford factory, and we use the same Parts made by the Ford Motor Company. Ford owners are doubly guaranteed by us as to the reliability of our service on Ford cars. Don't try to do it yourself, bring your car here. Incidentally we are getting a few Ford cars and are able to make fairly good deliveries.

Instructor Walter Olson is also attending the Boston conference.

Now that the Eighth School and Utilities district has acquired the title of the building lot on Main street at the corner of Hilliard street for a site for a new hose house, the firemen are interested in what the voters will do at the annual meeting which will take place next month, in the way of appropriating money for a building and apparatus for the firemen.

Because of the embargo on express matter going into New York city of account of the strike of the express handlers, Cheney Brothers are sending a large quantity of their silk to New York by mail. Last evening the shipment was unusually large and Mail Carrier McCann had a record breaking load from the south end post office. The train for Hartford shortly before nine o'clock was held at the station for five minutes while the mail pouches were being loaded on the train.

The Manchester Soccer Club will hold a prize dance in Cheney Hall, Wednesday evening, May 15th. Tickets are now on sale and to judge from the way they are selling the affair will be a wonderful success. Local dancing instructors have been secured to act as judges for the prize one step, fox trot and waltz. The prizes are two silver loving cups.

Ever Ready Circle of King's Daughters are hoping for a large attendance at the entertainment they will give in the Eighth District school hall next Tuesday evening. The comedy "A Tale of a Hat" will be given by a very competent cast. Rehearsals have been progressing favorably under the efficient direction of Miss Harriet Treat for the last few weeks and all who attend will be assured of a very pleasant evening. Miss Ada Porter, the well known singer, will take a prominent part.

COMMENCEMENT ISSUE OF HIGH SCHOOL PAPER

Pictures and Reading Matter Will Make Up a Bright Publication.

The Somanhis Events' staff held a meeting Thursday to discuss the commencement issue of this High school paper. It was decided to retain the cover as it was last year. All the departments will be spread across the page, and not in columns, with the exception of the jokes which will be in columns.

Individual pictures of '19 the graduating class and also a picture of the class in the group will be printed in this issue. Other illustrations will be the staff picture, the baseball team, basketball team and also the picture of the Somanhis Events basketball team. The faculty has not yet decided whether or not it will have its picture in this issue.

The reading matter will include the valedictory and ivy oration and one or two of the senior essays. The other essays will be published in condensed form.

This will make an exceptionally fine issue and a large sale is expected.

High School Notes.

Social hour was held yesterday afternoon. Fred Rogers presided at the Ivories.

The girls who are taking "gym" will hold their exhibition May 21. Last year this exhibition attracted much attention and it was a great success. It is thought that this year's exhibition will surpass last year's. There has been some talk of a swimming meet among the boys of the high school. This would arouse much interest among the classes as there has never been any meet of this sort.

The seniors yesterday received invitations to visit Storrs college May 24-25 to inspect the college and grounds. All their expenses will be paid except their transportation. There will be a baseball game Saturday afternoon between Storrs and Trinity, Saturday evening there will be a social and dance. Sunday will be spent in inspecting the buildings and in getting an idea of college life. They will return Sunday afternoon.

Manager Finnegan is endeavoring to get a game with Waterbury high. Manchester has always been a close rival of Waterbury and a good game is expected.

CAST OF CHARACTERS IN TALE OF A HAT.

Those who plan to witness the presentation of the musical comedy, "A Tale of a Hat" Tuesday evening in Assembly Hall of the Eighth District will acknowledge it to be worth all that has been said for it. There has been a good advance sale of tickets and the King's Daughters hope to realize a considerable sum for extending their relief work. Following is the dramatic personnel:

Miss Style-Eater, of expensive tastes, soprano, Mrs. Florence Paul.

Miss Croakenboss, of soured disposition, contralto, Miss Ada Porter.

Miss Smiler, who is young and charming, soprano, Miss Irene Lydall.

Miss Loffer, who is lively and conversationally inclined, contralto, Mrs. George Borst.

Prof. Hightons, with a broken heart and exclusive turn of mind, tenor, Will Taylor.

Mr. Legh J. Sleeper, with a penchant for rest, tenor, H. H. Crosby.

Mr. S. Low, whose vocal chords are affected, bass, Fayette B. Clarke.

Dr. A. Long Hike, of a genial turn, bass, E. H. Seger.

Mrs. Addiepat, a lady of excitable tendencies, leader, Mrs. C. J. Strickland.

HONORS AWARDED TO TRADE SCHOOL PUPILS

Graduates, Apprentices and Athletes Receive Recognition.

Robert Schubert and Charles Griffith have completed their courses as machinist apprentices at the South Manchester State Trade School and received their diplomas yesterday afternoon. Following the usual custom, which has prevailed since the first graduates went out of the Trade School, boys of the machine department gave a little party with refreshments to Schubert and Griffith, after which the whole school was assembled and they were given their State certificate and pocket certificate, also their chest of machine tools. Both of these boys were among the first to take up the machinist course in the local Trade School and have completed it within the prescribed time.

Diplomas were also given out to the following persons, who have graduated within the last few months from the Textile Department: Samuel Duncan, Elmo Genovese, Philip Hall, Herbert Kameh, Lillian Tack, Gertrude Stone, Antoinette Sartor. All of these are employed or have worked at some time since their graduation at the local silk mills and are doing well.

Harry Crocker, drafting apprentice, Lester Ames and Herman Wein-gartner, machinist apprentices, who have completed one year or more of their course, were presented with tool chests. These young men will now begin to make or purchase their tools to fill these chests. The custom of giving tool chests to machinist apprentices who have completed one year of their course has proved to be a great incentive and encouragement to apply themselves more vigorously to their training.

After presenting the diplomas and tool chests, Mr. Warren, who has coached so efficiently the athletics for the past two years, especially the basketball work, presented athletic insignia to the following boys who have participated in the majority of the scheduled games during the past two seasons: Herbert Angell, William Couch, William Barrett, Fred Robinson, George Proctor, Camilla Vendrilla. The insignia is the monogram of the Trade School in grey felt on a background of maroon, representing the adopted Trade School colors.

David Fuller, who has recently returned from overseas service, was a guest at the exercises. Fuller has accepted a splendid position as draftsman at the Underwood Computing Company, Inc., of Hartford. Fuller graduated from the local Trade School in February, 1918.

EIGHTH DISTRICT TEACHERS GET \$100 INCREASE.

Every one of the thirty or more teachers in the Eighth district school will receive an increase of an even hundred dollars next year. This was decided at the recent meeting of the school board and announced yesterday to the teachers. This is the same increase as given the teachers in the Ninth district. All over the state, and in fact throughout New England, the school teachers have been granted an increase for their services.

The end of the spring term will come to a close the second week in June and announcing the increase at this time will prevent many of the teachers from looking elsewhere for positions. It is understood that the teachers are well satisfied with the increase and most of them intend to return to the school for another year. The teachers in the outlying districts will receive an increase but the amount has not yet been decided upon. It will vary in amount according to the standing of the teachers in the several districts.

Concessions for the Celebration.

Local persons desiring concessions which are to laid out at the Golf grounds for the Welcome Home Celebration, should communicate with or notify the Refreshment committee in order that reservations may be made. The renting of the various booths and concessions at the grounds will be confined to local parties and the number will be limited. The construction work will be started sometime next week, consequently applications should be made immediately. P. J. O'Leary and Robert V. Treat are the members of the committee. It was decided at a recent meeting to bar from the grounds street peddlers and transient men and also to confine the rental of stands to local persons.

GIRLS' BOWLING LEAGUE.

At the Hose House alleys last evening the Main Office Girls defeated the Ribbon Mill Girls in a four string bowling contest by 110 pins. Several weeks ago the Ribbon Mill Girls were defeated by the Main Office Girls by 116 pins and last night's contests were supposed to be a comeback effort on the part of "Hammie" Metcalf's "Little Rays of Sunshine." The score evidences their utter failure and now as a last resort, Metcalf is endeavoring to communicate with a correspondence school offering a bowling course.

In last evening's games Jane McConigal scored high single of 84 and also high four string which was an even 300. The summary follows:

Table with 2 columns: Name, Score. Miss Hyde 39 47 86 39, Miss Dalton 46 63 68 54, Mrs. Wade 64 64 82 69, Miss Dietz 61 71 75 78, Miss Rosenberg 19, Miss Anderson 50 53 66.

GLINTS FROM THE DIAMOND.

Practically all of Manchester's baseball teams will play at home tomorrow afternoon. The White Sox will play the Pratt and Whitney team of Hartford at the Adams street grounds. The Athletics will meet the Eagles of Hartford at the Mt. Nebo grounds. The Hudsons will also play an out-of-town team at the West Side play grounds.

The Rovers of Manchester issue a deft to any baseball team in the state averaging 18 years. Communications should be addressed to Manager James Finnegan, 105 Birch street, town.

The Blue Ribbons, a local juvenile team, has re-organized and will play a team from Hartford at the Golf grounds Sunday afternoon.

The Hudsons will play the Columbia A. C. of Hartford at the West Side grounds tomorrow afternoon.

Juniors Looking For Games. The Echo Juniors' baseball team challenged the following teams for games: Acme Juniors, Victors, Height Juniors and White Sox Juniors. The Echo Juniors claim the junior championship of Manchester. Their lineup and batting order follow:

Flavel, second base; Lerch, catch; O. Wright, pitch; Zwick, third base; Crockett, left field; Roe, center field; H. Wright, shortstop; Mantillo, right field; Ogden, first base.
