## HARMONY AMONG REPUBLICANS FOOT THICK, SAYS SEN. MOSES

Hiram Johnson, of California  
Choice for President Pro  
Tem; Penrose for Finance;  
Smoot for Appropriations  
and Warren for Military  
Affairs — Progressives  
Satisfied With Slates.

Washington, May 13.—Committee chairmanships and assignments, as selected at tomorrow's Republican Senatorial conference, will be reported to the Senate en bloc, or collectively instead of individually, it was indicated by Republican leaders today.

This would permit the Progressives gracefully to accept the result of the conference, it was stated, without their being compelled to oppose Senator Penrose, of Pennsylvania, for chairman of the Senate Finance Committee, individually, while, at the same time, being able to record themselves as abiding by the action of the majority of their party conference without jeopardizing its majority of two in the Senate itself.

**Borah Will Oppose.**  
While Senator Borah, of Idaho, Senator Penrose's chief opponent in the Senate, declared he would always continue his opposition to Penrose, in conference, and on the Senate floor, most of his progressive associates stated they were not at all inclined to extend their opposition to the senior senator from Pennsylvania beyond the conference.

**President Pro Tem.**  
Old guard leaders were agreed to support any one for President pro tem of the Senate, the Progressives may agree on. Senator Hiram Johnson, of California, and Senator Lenroot, of Wisconsin, were the latest ones tentatively "slated" for that post. Johnson was reported to be unwilling to accept it.

**Johnson the Choice.**  
It was still believed today that Johnson would probably be the choice of tomorrow's caucus; Penrose for finance committee; Smoot, for appropriations and Warren, for Military Affairs.

It was said that the desire of Smoot to be president pro tem of the Senate, which he expressed upon his recent return to Washington, was the chief cause for the renewal by Borah and some of his progressive associates of their opposition to Penrose and other old guard Senators. Until Smoot's candidacy became known to them, Borah and his friends were absorbed with their opposition to the proposed league of nations, it was explained.

Senator Moses, of New Hampshire, an old guard senator, created widespread comment at the capitol by appearing at one of the conferences of Borah and other progressive Republicans until it became known that he was one of the first to oppose Smoot for President pro tem of the Senate.

**Was For Curtis.**  
"I was for Senator Curtis, of Kansas, for the office," Senator Moses said. "As a result of the talk I have had—since Senator Smoot's withdrawal of his candidacy—I would say that harmony is a foot thick. That is all I have to say."

Although opposed to Smoot for President pro tem, the Progressives were agreed on the Utah Senator for chairman of the Appropriation Committee, on the grounds of "efficiency", it being predicted by several that, with his experience with national finances he would be in that position to save the country two or three hundred million dollars in the next session.

It was also predicted today by both old guard and progressive leaders on the Republican side in the Senate, irrespective of their differences, would succeed in organizing the Senate, as well as the house without providing the demands "with any advantages which a real split in Republican ranks would be bound to develop."

**BROCKDORFF-RANTZAU  
HAS COUNTER CLAIMS**  
Berlin, (Via Copenhagen and London), May 13.—Count von Brockdorff-Rantzau, head of the German peace delegation at Versailles, is presenting counter proposals regarding territorial cessions to the Allies today, said advices from the seat of the parley.

**STORMY WEATHER  
PREVENTS HOP-OFF  
ACROSS ATLANTIC**

**If N C-4 is Able to Start by  
Night They Will Await  
Her.**

**OTHERWISE TRIP WILL BE  
MADE SOON AS POSSIBLE**

**If Reports are Favorable Start Will  
Be Made Tonight—Warships and  
Destroyers Ready Along Propose-  
d Route.**

Washington, May 13.—If the naval hydroplane, N. C. 4, now at Chatham, is able to start before tonight for Trepassey, N. F., the N. C. 1 and N. C. 3 now there awaiting a hop-off on the third leg of their trans-Atlantic flight, will wait for her, Commander J. H. Towers informed the Navy Department today. However, if the N. C. 4 is delayed, the other two planes will start for the Azores with the first favorable weather conditions, Towers stated.

**Bad Weather.**  
Weather conditions are such that it is highly improbable that the two planes now at Trepassey will be able to start within 24 hours, it was stated. There have been high west winds, and a moderate storm is reported to be approaching.

**Start Tomorrow.**  
This disturbance was expected to make a start impossible until late tomorrow at the earliest but the planes are in excellent condition and could hop off at once, were conditions favorable, Towers reported.

**NO START TODAY.**  
Trepassey, N. F., May 13.—Receipt of reports of unsettled weather over the Atlantic made it appear probable this forenoon that the two American naval seaplanes would not jump off in the transoceanic flight today.

Both planes were provided with fuel and in readiness for the start when the adverse weather reports came in today. Local weather conditions were ideal at the time the airmen retired last night and they were much disappointed this morning over the probability that they would have to wait at least another day.

**May Start Tonight.**  
If the noon reports show an improvement in the mid-Atlantic the planes may "hop off" this afternoon or just before sunset this evening, taking advantage of the full moon due to appear at midnight.

Only one man in the group of American flyers confessed that he was not eager to make the start today because the date is the thirtieth.

**Destroyers Ready.**  
The American warships and destroyers which will help mark the route for the seaplanes enroute to the Azores have taken up their stations and are now sending in weather reports. This information from all the way across the ocean is being augmented by local reports and information gained by sending up test balloons several thousand feet.

**WARSHIPS READY.**  
London, May 23.—Twenty British warships have arrived at Heligoland and it is believed that the Allies are contemplating action against Petrograd.

## BIG FOUR MEETING CANCELLED TODAY

Paris, May 13.—The meeting of the Big Four, which was scheduled for this morning, was called off just as some of the secretaries began arriving.

The German delegation sent word that further communications which it will address to the Allies were not yet ready. The committee which is drafting the Austrian treaty was not ready with its documents and there was therefore no business on the slate for the Big Four.

The members then turned their individual attention to a multitude of matters with the Italian question uppermost in the minds of the American delegates.

President Wilson heard a lengthy report from Ambassador Thomas Nelson Page, who recently arrived from Rome and called at the White House this afternoon. There were informal conferences between other members of the American delegation and Italian representatives.

## TOWN'S BIGGEST CELEBRATION TO WELCOME SOLDIERS HOME

**Veterans in Khaki to Have Imposing Escort—To March Between Waving Flags and Cheering Crowds—Beautiful Court of Honor for Dead Heroes—Supper for 800 Followed by Gala Night.**

Distinguished guests; a parade of military pomp and splendor; elaborate decorations; impressive military exercises and spectacles; aeroplanes, flights and thrills; baby tanks; giant howitzers; a profusion of war relics; a display of Allied colors by day and electrical replicas of the same by night; multi-colored electrical novelties by night; a profusion of modernized fireworks; martial music by seven bands; dedication and memorial ceremonies; brilliant speakers, cheering crowds and vaudeville and movies.

No this is not a description of Boston's reception to the victorious 26th Division. It is just what Manchester residents are going to see, feel, hear and enjoy on Saturday, May 17th, the date of the glorious Welcome Home celebration and reception which the one hundred per cent plus town is to accord to her returning warriors, both domestic and overseas. The plans are practically completed and the committees appointed are now and will be up to the date of the grand event, working overtime. It is now up to local residents to co-operate in every manner possible.

According to the plans which were laid out at a meeting of the Welcome Home Celebration general committee and its sub-ordinate committees at the High school last evening, which was presided over by Frank H. Anderson will work out something like this:

Local manufacturing plants will operate Saturday morning. At nine o'clock the general and subordinate committee heads of the day will meet at the superintendent's office in the High school rain or shine, and decide whether or not weather conditions permit for the celebration. In the event of a postponement because of adverse conditions, residents will be notified of the postponement by three blasts of the fire alarm, shortly after the sounding of the noon hour signal.

Should the day be fair, all of Manchester's ex-service men will assemble for the big parade on the School street side of the Recreation building. The formation of the parade will start at about 1.30 p. m. The G. A. R. and Spanish War Veterans, together with the State Guards will form an escort division on Forest street. The floats, tank and war relic wagons will form on Eldridge street. At about 2 p. m., the ex-service men will parade to the new Army and Navy Club where dedication exercises will be held. The principal speaker at these exercises will be Frank Cheney Jr. It is expected that the dedication will be over at 2.30 and then the impressive procession will begin to move.

**The Procession.**  
The escorts will head the parade as a guard of honor. The various divisions of Manchester's ex-soldiers and sailors will follow in regulation military and naval attire. Interspersed between the divisions and sections will be the seven brass bands and drum corps.

Lumbering in the rear will be seen the six ton tank followed by machine guns, field pieces, and two

## LAWRENCE MEN CHARGED WITH INCITING RIOTS

**Strikers Say Men Promoted Violence and Then Revealed the Plots to the Police.**

Lawrence, Mass., May 13.—Two men, accused by textile strikers of having come here to promote violence and then reveal it to the authorities, were arrested by the Lawrence police today, charged with inciting to riot.

The men are John Deltuca and John Mach, members of the general strike committee, until a few days ago, when they were expelled. Deltuca was arrested at Salisbury Beach, and Mach was apprehended in Boston.

The arrest of the men caused a sensation, as there had been no previous indication that the police took seriously the allegations of the real strike leaders regarding them.

The evidence on which they were arrested was furnished by A. J. Muste, of Boston.

## PREDICT A REVOLUTION IN JUGO-SLAVIA NEXT

**Croatian Leaders Say Bolshevism Will Soon Reign—Deny Responsibility for Trouble.**

Milan, May 13.—Predictions of a revolution, accompanied by Bolshevism in Jugo-Slavia are being made by Croatian leaders, said a dispatch from Laibach today.

This anti-Serbian propaganda by the Croats and Slovenes followed the unsuccessful attacks by the Serbian troops in Corinthia, (German Austria).

The Croats disavow responsibility for the trouble, pointing out that the forty prisoners and the arms and ammunition captured by the German Austrians belonged to the regular Serbian army.

## UNABLE TO CHANGE PACT CLAUSES GERMAN ENVOYS WILL SIGN TREATY

**Lloyd George Will Meet  
Irish-American Delegates**

Paris, May 13.—The campaign of British newspapers against the visit to Ireland of the Irish American delegates—Frank P. Walsh, Michael J. Ryan, and Edward Dunne—will not prevent Premier Lloyd George from receiving them when they return to Paris, according to belief expressed here today.

The report that the Irish Americans boasted that the Premier sought the interview is regarded as too ridiculous to warrant comment. This

report, it was said, probably was inspired in anti-Irish circles. The facts are that the Irish Americans requested Colonel E. M. House to ask Premier Lloyd George for an interview. The Premier agreed to meet them when he had time and in the meanwhile he readily consented to allow the Irish Americans to go into Ireland.

In view of the circumstances it is considered unthinkable that the Irish American delegates would attempt to stir up any discord.

## PROGRESSIVES TO TRY TO CONTROL REPUBLICAN NAT. CONVENTION IN '20

**Gen. Leonard Wood, Senator  
Lenroot and Senator Hiram  
Johnson, Acceptable Presi-  
dential Timber, They Say.**

Chicago, May 13.—A movement is under way today to muster the full strength of the Progressive party and put up a fight for control of the Republican National convention next year.

Former Progressive leaders from a dozen states met here yesterday under the leadership of Governor Henry J. Allen, of Kansas, and Gifford Pinchot, of Pennsylvania, and after outlining a general program for the delegate fight in the primaries and state conventions, returned to their various states to "stir up things" for a second meeting scheduled for the latter part of this month.

**Those Present.**  
Among those at yesterday's conference were:

Governor R. P. Bass, New Hampshire;  
Clarence P. Dodge, Colorado Springs, Colo.;  
Alexander C. Moore, Pittsburgh, Pa.;  
Major Edward B. Clark, Washington, D. C.;  
Henry C. Wallace, Des Moines, Iowa;

Frank P. Corrick, Nebraska;  
William H. Dye, Indiana;  
Harold Ickes and Donald Richberg, of Chicago.

**Johnson O. K.'s Plan.**  
It was declared that Senator Hiram Johnson, of California is not only in sympathy with the movement, but will "come out in the open and fight" for the new order of things.

**Presidential Timber.**  
The following were mentioned as "acceptable presidential timber" from the Progressive viewpoint:  
Major General Leonard Wood;  
United States Senator Lenroot, of Wisconsin;  
United States Senator Hiram Johnson, of California and Governor Lowden, of Illinois.

## TO BALK-BERGEE.

**Plans Made to Keep Socialist Out of Congress.**

Washington, May 13.—Plans to prevent Victor Berger, Socialist, convicted in the federal courts of Wisconsin for violation of the espionage act, from taking his seat in Congress were put under way by House leaders today. It is expected he will appear Monday, when Congress goes into extraordinary session, and attempt to qualify.

His case will be referred to a special committee, which was expected to report against Berger as soon as they secure the court records.

These, House leaders said, would make out a prima facie case against Berger's fitness to take his seat. Berger is now on the payroll of the House, drawing his \$625 a month.

## DOUBLE ELOPEMENT CAUSES SENSATION

**Girls Were Students at Cheshire Boys, Sons of Wealthy Parents.**

Now Haven, May 13.—John H. Sessions, 3rd, son of Albert L. Sessions, a wealthy manufacturer of Bristol, Conn., and George S. W. Keach, son of Frank B. Keach, of New York City, who were married in Portchester, N. Y., last Saturday after an elopement respectively with Miss Dorothy Dow Munsell of Cheshire and Miss Phyllis Howell, of Wethersfield, are not students at Yale as reported but at the Roxbury School, in Cheshire, a preparatory school, which numbers among its graduates many wealthy men.

Miss Munsell is the daughter of the matron of the School and a well known dramatic reader and Miss Howell is a friend of Miss Munsell and has frequently visited her at the school.

At the Roxbury school today it was stated that both the young men and Miss Munsell were there but that the matter had just come to the knowledge of the school authorities and had not been investigated.

An attempt to reach the parents of young Sessions was unavailing as they are absent from Bristol.

Later it was stated at the Cheshire Institution that the elopement story had been investigated and had been admitted by both Sessions, Keach and Miss Munsell.

It was stated that both the young men and young women had been engaged to be married and that the engagement had the approval of the parents. The young people met in Cheshire Saturday and decided to wed at once, acting on the impulse.

Miss Howell, it was stated, is now at her home in Wethersfield. At the school it was stated that no disciplinary action was contemplated with the young folks.

Mrs. Keach is a grand daughter of former Judge Edwin C. Dow, of the New Haven City Court.

## SINN FEINERS HAD GERMAN REVOLVER.

London, May 13.—A German revolver and a number of German made cartridges were unearthed when the military authorities made a search for arms and munitions among the Sinn Feiners at Cork today, said a Central News dispatch from that city.

## FINNISH MINISTER HERE.

New York, May 13.—Armas Sasstamoinen, new Finnish minister to Washington, arrived here today from Copenhagen.

## TWO DELEGATES GO TO BERLIN

**Leave Versailles to Inform  
Their Government of De-  
cisions Reached—Germans  
Wanted to Substitute Para-  
graphs in Treaty But Allies  
Stand Firm for Original  
Document.**

Paris, May 13.—The German peace envoys, having agreed among themselves that they cannot secure a modification of terms, will sign the peace treaty, according to confidential information reaching President Wilson today.

**Two Envoys Leave.**  
Herr Lensberg and Herr Gelsberg, two members of the Teutonic peace mission have left Versailles for Berlin to inform the government of the decisions reached by the plenipotentiaries.

The final conclusions and a definite course of action will be decided upon by the Germans before Sunday.

The Big Four met again this morning and continued their consideration of Austrian questions.

**Austrians Expected.**  
The Austrian peace delegation is scheduled to arrive at St. Germaine tonight and from indications, will assume a passive attitude when the terms are presented.

Signor Crespi, of the Italian delegation, is quoted as saying, that, aside from her territorial demands, Italy will expect all peoples who were members of the Dual Monarchy in 1914 to contribute to the indemnity Austria-Hungary must pay.

**Servian Demands.**  
The Servians, (now a part of Jugo-Slavia), are demanding complete reparation, in addition to Bosnia and Herzegovina. Jugo-Slavia is ready, however, to accord the Austrians and Magyars access to the Adriatic through Omewiki.

Poland is claiming the eastern part of Galicia and an outlet to the Black Sea by way of Kramarcz.

**Want Sea Outlet.**  
In addition to their claim for the Teschen Basin the Czechoslovaks want a sea outlet to the Baltic. The Czechoslovaks furthermore are seeking the internationalization of the Elbe river, facilities to use the Hamburg and Stettin-Harbors and also an outlet to the Adriatic via Pressburg and Jugo-Slav territory.

**Provided Substitutes.**  
It was reliably reported that the Germans have completed a substitute for every paragraph of the peace treaty and that this document would be delivered to the allies today.

However, as the entente envoys have taken a definite stand, there is no reason to believe that much time will be taken for a decision by the Germans on the terms that were handed them at Versailles.

It is believed, however, should the Germans seek to go to Weimar, time will be given them to allow the German government to set forth its official position.

Should the Teutonic envoys leave, it is believed that a solemn warning will be imposed upon them that delays for propaganda purposes would be dangerous.

The present week is a critical one. Well paid agents of the Russian Bolshevik regime are in Paris and are making one final, desperate effort to secure recognition of the Lenin-Trotsky combination at Moscow.

Most of these agents are posing under the guise of writers. They are taking the fullest advantage of the German suggestion, that if the Teutonic envoys fail to sign, Germany may make an alliance with the Bolsheviks.

VICTIM OF AUTO SMASH BROUGHT HERE LAST NIGHT.

Jack Greenberg of 7 Otto Place, Hartford, was badly bruised and shaken up early last evening, when he was thrown out of his wagon, after being in collision with a Kissel car, driven by George C. Barnard of Hartford. The accident happened just the other side of Talcottville, where the road turns toward Vernon. Mr. Barnard, accompanied by T. B. Gary, also of Hartford, was driving toward Hartford. Greenberg was jostling along in the same direction. Just before the Kissel car came alongside of Greenberg's outfit, another automobile passed them. Barnard turned out for the other car and Greenberg's horse shied to one side. Then the horse jumped back into the road just in time to have the Kissel car strike the wagon. The horse bolted and dragged Greenberg out of the wagon.

Messrs. Barnard and Gary took the injured man to Dr. W. R. Tinker's office, where it was found he had some bad bruises on the legs. He also acted as though his back was badly hurt, although he did not complain about his back. The doctor could discover no broken bones. After his injuries had been dressed, he was taken home in the Kissel car and a search was started for the horse.

NORTH METHODIST NOTES. There will be a men's rally in the vestry of the church tomorrow evening at eight o'clock. The committee on constitution is ready to report, and the officers necessary to a men's club will be chosen and a name selected. All those who desire to become charter members should be present at this meeting.

The members of the Ladies' Aid Society are requested to come prepared to sew at the meeting to be held tomorrow afternoon from two to five at the home of Mrs. LeVerne Holmes.

Friday at 6.30 the Ladies' Aid will serve a supper to those who have been chosen to be canvassers in the Centenary Drive. Rev. J. D. Roberts, of the North Methodist church of Hartford, will be present and make an address. The drive will begin next Sunday afternoon. The apportionment of \$1,631 will be raised if each giver will put as much in the benevolent side of the duplex envelope as he pledged this year to the current expenses of the church, this to continue for five years.

SOME MORE PROTESTS. Zurich, May 12.—(Delayed.)—Social Democrat leaders speaking in the German National Assembly protested against the severity of the peace terms, but declared they would oppose a movement to reject them, said a Berlin dispatch today.

Premier Philip Scheidemann told the assembly that the treaty was one of violence to the German people.

The German national assembly met yesterday to consider the peace treaty.

BASEBALL SCHEDULE. National. Chicago at New York, clear. Cincinnati at Brooklyn, clear. Pittsburg at Philadelphia, clear. St. Louis at Boston, clear. American. Cleveland at Detroit, clear. St. Louis at Chicago, clear. (Only games today.) International. Baltimore at Rochester, clear. Reading at Binghamton, clear.

The largest pineapple canneries in the world are located in Honolulu.

ABOUT TOWN

Next month the special drive will be on roses and school meetings. Manchester Lodge of Masons will confer the Master Mason degree this evening.

Mr. and Mrs. Samuel Smith of Ford street are receiving congratulations on the birth of a daughter born early this morning.

The Ladies' Guild of St. Mary's Episcopal church will meet with Mrs. John Robb, 23 Summit street, Thursday afternoon at two o'clock.

A daughter, Ruth Phyllis, has been born to Mr. and Mrs. Philip Johnson of Wallingford. Mrs. Johnson is a daughter of Mr. and Mrs. P. A. Brink of 91 Chestnut street.

The sunshine today was most welcome after three or four days of almost continuous rain. Everybody is now hoping that the pleasant weather will continue until after Saturday.

Some day a live wire at the north end is going to open up a moving picture house and he is going to take a good living at his job. It is only necessary to watch the trolley cars that leave the north end every evening to prove this statement.

The W. M. Mrs. Jennie Stratton and D. M. Miss Georgina Forbes of Daughters of Liberty, L. L. O. L., No. 125 gave the members a surprise May basket party at their meeting last night. Each member was given a fancy May basket, filled with choice candy, and a social hour was held. The members who are ill were also remembered.

Memorial Lodge Knights of Pythias will give a public whist in the Brown hall tomorrow evening. Play will start at 8.30 and continue until 10.30 after which refreshments will be served. To the two ladies and gentlemen holding the highest scores a prize will be given also for the one holding the lowest scores. Memorial lodge has recently moved to the north end of the town and is trying to create an interest in the lodge as well as to hold social times for its members and friends.

GLASS CONGRATULATED. Washington, May 12.—President Wilson, through Secretary Tumulty, today eulogized the success of the Victory Loan.

MARTHA WASHINGTON IN. Washington, May 13.—The transport Martha Washington, which sailed from Pauliac May 7 for New York has changed her course and will dock at Newport News, May 17, the Navy Department announced today.

THE KICKLESS SKIRT. New York, May 13.—No matter how tight a woman's skirt is, she can kick a man if she wants to. Magistrate Douras so ruled and he put under bond to keep the peace Miss Jennie Berger, 33. Miss Berger denied that she had kicked Joseph Goldmütz and told the judge it could not be done without splitting the skirt she was wearing.

IMPERATOR COMING. New York, May 12.—The 62,000 ton transport Emperor, largest of the German liners recently turned over to the allies, left Brest, France, on Friday, and will arrive in Hoboken next Saturday with 12,000 troops, according to word received by port of debarkation officials today.

ANDERSON & CARTER announce that they are equipped to do tree surgery, pruning and spraying of fruit trees, planting of trees and shrubs, renovating and regrading of lawns and walks, concrete driveways and walks, planting plans, and the general supervision of estates. Copper street, South Manchester, Conn. Phone 353-18.

Why is it that all the rogues manage to get into the other political party?

AT A COURT OF PROBATE HELD AT MANCHESTER, WITHIN AND FOR THE DISTRICT OF MANCHESTER, ON THE 14TH DAY OF MAY 1919.

Present, WILLIAM S. HYDE, Esq., Judge. Estate of JUSTUS W. HALE late of Manchester, in said district deceased. On motion of The Manchester Trust Co., executor.

## TOWN'S BIGGEST CELEBRATION TO WELCOME SOLDIERS

(Continued from Page 1.)

floats. Possibly the hum of a giant military plane's engine will be heard overhead.

Such is the procession which will pass up Main street amid flags and decorations and surrounded on both sides by cheering multitudes. At the reviewing stand at the Center, our military heroes will be viewed by such distinguished guests as His Excellency, Governor Marcus H. Holcomb, Adjutant General Cole, Colonel Schulze, Admiral Cowles, and many other men of high military rank. It may be well to state that the appearance of Governor Holcomb is not guaranteed owing to indisposition and physician's orders. There will however be an announcement in regard to the Governor's visit before the end of the week.

From the Center the parade will go to the north end, countermarching to the Center and thence to the Golf grounds. Along the line of march, the school children will be assembled on each side of the street. Cheering squads will be stationed along the line of march and at the Lincoln school green will be assembled our Red Cross workers in their official attire.

It is estimated that it will require about two hours and a half for the parade to complete its line of march. This will mean that the entrance to the East Center street golf grounds will be reached at about five o'clock. Passing through the decorated arch our heroes will confront a masterpiece of architectural ingenuity—a court of honor, surrounded by 45 wreathed memorial columns in honor of the men who died in the service.

**Memorial Service.**  
A short memorial service will be held here which will be presided over by Dr. Hesselgrave. Touching tributes will be paid to the memory of the dead. Flowers will be placed around the memorial columns and the decoration of honor will be attached to the silk service flag which will be carried by comrades. The Welcome Home Address by Rev. William J. McGurk will follow these impressive services and it is possible that the regimental colors of Company G will be decorated at this time.

The service flag to be carried in the parade will then be presented to Chairman Aaron Johnson of the board of selectmen who will formally accept it in behalf of the town. This flag is to be of silk, measuring 39-48 inches in dimensions, with a white field surrounded by a red border. In the center will be 45 gold stars, each star for a dead hero. This, with the other colors will be

turned over to the town for safe keeping.

**The Evening Festivities.**  
Then will start an evening of jollity—unrestrained. A supper will be served to the soldiers and sailors and their guests which will consist of roast lamb, mashed potatoes, green peas, beets, rolls and buns, ice cream, cake and coffee, lemonade, cigars and cigarettes. It is estimated that about eight hundred plates will be laid. A ladies' committee will solicit eighty chocolate cakes this week. The general public is urged to carry box lunches, or refreshments may be obtained from the various booths on the grounds.

From then on until dark will be tank and military maneuvers, dancing on a large decorated platform, band concerts and other novel events. Shortly after nine o'clock a vaudeville and motion picture performance will start and will continue for about two and one half hours. The finale of the perfect day will come in the form of a brilliant display of fireworks, bombs, and massive powder pieces. And after this Manchester residents should return to their homes satisfied that the one hundred per cent plus town has lived up to its reputation.

**Get-Ready Announcements.**  
Letters have been mailed to all ex-soldiers and sailors requesting them to appear at the drill and rehearsal on Thursday evening, which will take place on the School street side of the Recreation building. This is very important as directly after this rehearsal and drill, the local War Bureau will distribute the medals of honor. Instructions will also be issued at this time regarding dress, formation and other details.

Merchants and other residents along the line of march are requested to decorate their establishments and dwellings in an appropriate manner. Decorators will be here for this purpose this week and estimates in addition to other data may be secured at the local War Bureau. Flags of all sizes and nations may be rented at a reasonable rate and it is trusted that those along the line of march will strive to outdo each other in decorating.

The reception committee has invited 75 local men in the camps within a reasonable distance, to attend and participate in the celebration. Traveling expenses will be paid by the committee. Waterbury and Thompsonville bunks of Company G are included. Everything has been arranged for the convenience and comfort of the invited guests.

Persons desiring stands should communicate at once with the refreshment committee as applications will be considered in the order of their receipt. Ground space may be obtained for about \$1.00 per running foot. This includes the booth, lights, etc.

There will be special police and detective service during the day and

evening. The local police commissioners will engage the services of out-of-town police and service men to co-operate with the local force. State Guards will also be detailed on special work.

Auto traffic will be suspended during the hours of the parade. Traffic rules will be announced some time this week from police headquarters. An officer will arrive in town tomorrow from Mineola, L. I. to look over a landing and maneuvering site. If the general committee finds it feasible, plans will be arranged to add welcome celebration for the appearance of one of the government birds.

All of the local bands and drum corps have donated their services. There will be an augmented band for dance music at the Golf grounds. Governor Holcomb's appearance as the guest of honor depends on the condition of his health which is not of the best at the present time. He told a prominent citizen that although his physicians advised a long period of rest and avoidance of all public appearances, if he followed the dictates of his heart he would come to Manchester if he broke a leg in the attempt.

A few other matters now pending will be announced some time this week by the general committee. Financial co-operation is needed and those who have not contributed as yet are urged to do so. Surely the project is worthy of local support.

## BOLTON

Prof. Samuel M. Alvord, Mrs. Alvord and son Morgan Alvord of Hartford have come to their Bolton home for the summer. Mr. Alvord and son Morgan are to go to and from Hartford daily to continue their duties as teacher and pupil in the High school.

Mr. and Mrs. William E. Stetson of Cromwell were recent guests of Mrs. Stetson's parents, Mr. and Mrs. Charles N. Loomis.

Mrs. Walter E. Howe is able to be up after having been ill with the gripe.

Mr. and Mrs. Joseph Ponticelli's small daughter Virginia is ill with bronchitis.

## PARIS "U" WINS.

Paris, May 13.—"The University of Paris," defeated the "University of Lyons," in the opening of the French University Baseball League, the teams being composed of American army men studying in Europe.

The score was 4 to 3. Wilmet Whitney, former Harvard pitcher; Hugh Kelliber, catcher for Princeton and later of the New York Giants and George Abbott, second baseman and captain of Harvard's 1917 nine, starred for Paris.

## Who's Going To Take Care Of It?

(By Morris)

## UNABLE TO CHANGE PACT CLAUSES GERMAN ENVOYS WILL SIGN THE TREATY

(Continued from Page 1.)

As a matter of fact such an alliance is welcomed in some quarters, the argument being that Bolshevism in both Russia and Germany would be wiped out at the same time. "Sign or Take Consequences," is the Allied attitude towards the Germans right now. There is no sympathy for the Germans among the Allies in view of the misery that the Teutons brought upon the whole civilized world. The Germans have not made any progress towards securing good feelings for their demands for concessions, intermingled with threats and whines of pity.

**Same Old Bernstorff.**  
Officials conversant with the true inwardness of the situation pointed out today:

"Remember, Bernstorff is in Berlin trying to shape public opinion and he is the same Bernstorff who was paymaster of the spies and propagandists in the United States. He is the same Bernstorff who printed the warning against sailing on the Lusitania. His endeavors to centralize feeling against the treaty is shameful. Remember, also, that Germany had positive opportunity to accept real peace based on mercy, but disdainfully refused, and now demands justice. Should the demand for justice be granted there would not be any Germany left. The present peace terms are merciful inasmuch as they allow the German empire to continue. Should Germany refuse to sign-up in the hope of Bolshevism, it is only necessary to point out that the end of Bolshevism is already in sight. Germany is finished as a military power. Her navy has been surrendered and the land power is barely hanging on."

**Austria's Problems.**  
Following the arrival of the Austrians the Allies will formulate agreements as to the ability of the former dual empire to pay for their share of the responsibility.

While certain serious difficulties are in the way it is certain that Austria will secure better concessions from the United States than Germany, because Austria is no longer a military power and is evidently hoping to avert Bolshevism.

The Italian situation is clearing up. As the Italians defied the Allies they must now accept economic pressure unless they agree to any compromise the Entente impose.

**TROOPS LEAVE FOR HOME.**  
Camp Devens, Mass., May 12.—A troop train carrying Wisconsin soldiers of the 120th Field Artillery and 150th Machine Gun Battalion (Rainbow Division) left here this afternoon for Camp Grant, Rockford, Ill., where the men will be demobilized.

A stop will be made at Milwaukee for a farewell parade and review of the troops. A northeastern rain-storm swept across this cantonment as the Wisconsin men entrained. There were several hundred men in the two outfits.

**ANOTHER PROTEST.**  
London, May 12.—The German government has handed a protest to the allied armistice envoys at Spa against the transportation of war materials to Poland, said a Central News dispatch from Spa today. Further representations will be made by the German plenipotentiaries.

**CALLS FOR REFERENDUM.**  
New York, May 12.—Representative Reuben L. Haskell, of Brooklyn, announced today he will offer in Congress a resolution calling for a referendum on the national prohibition question. If this resolution is defeated, he will offer another, calling for repeal of the prohibition amendment.

**TO FIGHT TO DEATH.**  
Geneva, May 12.—Bela Kun, the Red Dictator of Hungary, has resolved to fight to the death and has appointed General Bohn supreme generalissimo of the communist forces, according to a report from Vienna today.

The production of copper in the United States has increased more than 25 fold since 1880.

## BURKE MAKES ANOTHER REAL ESTATE DEAL

Saloon Property on Oak Street Changes Hands.

Harry M. Burke, who purchased the Purnell estate a year or more ago, sold the third parcel of the estate this morning to Alfred Johnson, who bought the one-story building on Oak street known as Katz's Cafe. This is the building formerly occupied by Brink's saloon and a double bowling alley. Mr. Katz has been conducting the saloon for some time past, but the bowling alleys have not been in use. Mr. Johnson, who bought the property this morning, conducts a saloon in the Gorman block across the street. He does not contemplate any change at present and says he has made no plans as to the future use of the building.

The other parcels of the Purnell estate sold by Mr. Burke during the past week included the two family house and land on Oak street adjoining the Ferris property to The J. W. Hale Company and the Orford Annex and one story structure adjoining the Orford hotel on Main street to P. J. O'Leary.

STREET CAR SERVICE.

The Connecticut Company from all appearances is in sore straits because some of its lines do not pay, and many suggestions have been offered by laymen for its relief.

The advance to a six cent fare has not provided the income that was expected and now the company is considering cutting out some of its lines.

In a printed statement in one of the Hartford papers it was said that the cross-town line in Manchester did not pay and was likely to be discontinued.

Undoubtedly the Connecticut Company has many lines which are less profitable than those which serve Manchester and these should be the first to be discontinued or curtailed.

But to deprive a busy and populous community like Manchester of street car service would be economic folly for a company which looks to the future for profits.

If we were compelled to make the trip across the Atlantic by air we must confess we should rather take a dirigible than an airplane.

The Y. M. C. A. leaders are wasting much time in explaining. Their work overseas will speak for itself.

England will consider itself fortunate in the recovery of the body of Edith Cavell, the murdered nurse.

U. S. IN SCRAP BUSINESS.

St. Louis, Mo., May 13.—The reports from Washington of the number of millionaire scrap dealers has caused the Reclamation Service of the Department of Commerce to devise ways and means of saving scrap iron, rags and bottles, with the result that a campaign is now on foot to save these "treasures" and convert them into Thrift Stamps and War Savings Stamps.

SPEDDY AUTOIST DEPRIVED OF CAR FOR SIXTY DAYS.

Cincinnati, Ohio, May 13.—Dominick Bamanto pleaded guilty to running his automobile fifty-two miles an hour within the city limits. He paid \$50 and costs and in addition the court dryly remarked: "You'll not run that automobile 52 miles an hour for sixty days at least." And the bailiff took the license tags from the machine and deposited them with the judge, who will keep them until the two months have elapsed.

MAJOR KEEPS WORD AND BROTHERS SEE EACH OTHER AFTER 3 LONG YEARS.

Verdun, France, May 13.—This is the story of a hot meal and a cold major. And because of the combination, two brothers are happy in being reunited after three years.

It was during the sweep of a cold, slanting rain that there came a knock on the door of the officers' messroom of the Glorieux Hospital here the other day. When the mess sergeant opened the door he faced a major of the United States Marine Corps, wet from hours in the rain, shivering from the cold that had pierced his very bones.

"The O. D. said I could get something hot here," he announced. "I need it."

"Right away, sir," said the mess sergeant. Then, a few moments later as the major drank the steaming coffee that had been hurried to him, the mess sergeant found the courage to ask a question.

"Sir," he began hesitatingly, "I wonder if the major possibly could know Private E. A. George, in the Headquarters Company of the Fifth Marines?"

The major shook his head. "No," he answered. "Why?"

"He's my brother, sir, and we haven't seen each other in three years, and"—

"You'll see each other in three weeks," answered the major. And he kept his word, with the result that Private E. A. George has just finished a trip from the Army of Occupation in Germany to see his brother in Verdun.

SALVATION ARMY WILL TURN SALOONS INTO BACHELORS' CLUBS, MINUS BOOZE.

New York, May 13.—The ancient, if not honorable, institution—the corner saloon, with its mahogany bar and brass rail—will not be relegated to desuetude on July 1, but will be taken over by the Salvation Army and run as an innocuous club for bachelors.

This announcement is made by Commander Evangeline Booth. The movement to bring as many of the bars as possible under the flag of the Salvation Army, it is announced, will extend from ocean to ocean and from Canada to Mexico.

There will be a whitejacketed barkeep, as now, and the counter across from the mahogany will become a self-service restaurant instead of a "free lunch" counter. Only soft drinks will be dispensed. The official motto under which the "alcoholless" bar will be run is:

"Married men to their homes and families on time—bachelors welcome to stick indefinitely."

Commander Booth in an interview said:

"The saloon, as it exists today, is not wholly bad. I say this deliberately, although I believe strong drink is a mocker, and that the excessive use of alcohol destroys both body and soul. Probably half the men who go to saloons are led by a craving for companionship."

"The Salvation Army has, within the last few weeks, demonstrated the psychology of the brass rail. There is something about the shining bar which brings all men to a common footing. The easy and relaxed attitude of those who lean against the mahogany or cherry suggests comfort. Because wine and beer are to go, shall not a man take his ease in his own inn?"

"Therefore, at our newly-opened hotel in West Forty-seventh street we have kept the bar and brass rail and the bartender back of them. Although soft drinks are served instead of hard ones, this barroom of the new era glows with good cheer. There are many bartenders of genial personality and good character who could just as well remain behind the soft drink bar as not."

The first step of the Salvation Army will be to acquire, in New York, the leases of saloons which have been closed at much frequented street corners and to convert them to new uses. The fixtures will be kept, and, in many cases, employees retained.

FIND BOOZE IN MACARONI.

Bangor, Me., May 13.—Fifty quarts of liquor of high "degree" were seized at the Maine Central freight shed in this city by Deputy Sheriff Mann. They were concealed in packages of macaroni and to the average man the package did not look in the least suspicious, but the deputy gave it a shake, nevertheless, and his ears being attuned to liquid sounds he recognized the "gurgie."

TAKE SAFE AND CONTENTS.

St. Louis, Mo., May 13.—Exit the safe blower. Enter the safe taker. Robbers didn't take the time to "crack" a safe in the Kreger Grocery Company office, but instead carried a 400-pound safe, containing \$86.85 out of the store and put it in a machine and drove away.

SELECTMEN POSTPONE ACTION ON STREET LINE

Holl Block Controversy Still Hangs Fire.

WILL PROBABLY END IN COURT DECISION

St. James Church to Start on Parochial School—Taxes Received Wipe Out Floating Debt.

The board of selectmen met at the Hall of Records yesterday, both afternoon and evening to transact routine and special business, and also to discuss and act upon several important public matters. Bills against the town for the previous month amounting to \$16,531.41, were also O. K'd.

The feature of the afternoon session was the reading of a communication from Rev. Wm. J. McGurk of St. James R. C. church in regard to the present existing building line on Park and Church streets. The Rev. McGurk's letter, which is self explanatory follows:

Hon. Board of Selectmen of the Town of Manchester, Dear Sirs:—

St. James Church contemplates the erection of an assembly hall on its lot situated at the corner of Park and Church streets, the same to be the first unit in the school building to be subsequently built on this site.

When the building line was established in 1914 we were promised that the "board would be willing and will so advocate any reasonable re-adjustment of the building line to meet the needs of your church and corporation as shall seem equitable and just."

As the assembly hall will be located in the rear of the north side of the lot we are anxious to save as much of this portion as possible for the future use of the children as a playground and would therefore petition your Honorable Board to plan to permit us to carry the front of our future building somewhat nearer to the street, say ten feet nearer than the present building line.

Will be pleased to explain our plans to your Honorable Board if you so wish, at any time convenient to you.

Respectfully yours, St. James Church, William J. McGurk, Treasurer.

South Manchester, May 12, 1919. As the building line cannot be changed without a public hearing it was voted to give such hearing at an early date.

The Price of Rabbits. A communication was also read from State Commissioner of Domestic Animals J. M. Whittlesey, in reply to letter sent to him recently by the town fathers, asking the commissioner to give an opinion in regard to the levying of damages claimed by the owners of rabbits, hares, etc., which have been killed by dogs. In his communication Commissioner Whittlesey stated that there were no set prices for damages to rabbits, Belgian hares, geese, ducks or chickens. He was of the belief that the law leaves it to the selectmen to pay just and equitable claims in accordance with their judgment.

A permit was issued to Charles W. Holman, representing the G. A. R., to hold a parade on Memorial Day, the line of march to be from Cheney Hall to the East cemetery, via Hartford road, Main and Center street.

Harry England was given permission to erect a gasoline tank on his premises.

Main Street Damages. The payment of claims of Main street residents, which would release the town from any further responsibility for damages in raising the sidewalk grade fronting the property of the respective residents involved, was ordered by the selectmen. The amounts are as follows: Jennie Smith, \$500; Jane Rolston, \$500; William S. Hyde, \$500; Margaret Hyde, \$500; William J. Trotter, \$500; Gertrude B. Purnell and Clinton T. Bissell, \$1,000; H. B. Grace and Charles E. House, \$1,500.

Clinjon B. Macomber, William D. Sheekey and William J. Shields were appointed special constables under the provisions of Chapter 300 of the State statutes. This appointment will give them the power to exercise their authority on and off private property, whereas before they were confined to the latter, their jurisdiction being confined to private property. It was also suggested that the mill police come under the direction of the local Chief of Police.

Evening Session. The evening session was brief, the selectmen adjourning early that they might attend a meeting of the Wel-

come Home committee at the High School building.

The renewal of the Main street encroachment controversy was expected at the evening session, but the selectmen decided to await the decision of the town counsel as to which was legal, the map in the question or the written description. The board in addition voted to oppose the granting of a permit to Mr. Holl for the enlargement of his building, prior to the return of the town counsel's decision. Should Mr. Holl disregard the selectmen's view of the question and, through his attorney's advice, proceed with building operations without the necessary permit, the town will restrain him by serving an injunction. It is very probable that this matter will have to be settled in the courts.

The selectmen approved the Memorial Day finance committee's suggestion that a budget be prepared of the day's expenses by the various heads of the committee and be turned over to the board for their approval and payment. It will be remembered that at a recent meeting the town voted to appropriate a sum not exceeding \$500 for the purposes of defraying the expenses of the various ceremonies of the day.

Permits were granted to August Sankbell and John Hannon for the erection of gas tanks providing they come in under the provisions regulating such cases.

Town Treasurer's Report.

The report of the town treasurer to the selectmen for the month ending April 30 was as follows:

Table with 2 columns: Item, Amount. Balance on hand Aug 15th, 1918, \$11,165.09; Taxes Collected, 164,385.41; Court Orders, 842.18; Miscellaneous, 190,146.45; Selectmen, 4,822.71; Total, \$374,761.84.

Expenditures.

Table with 2 columns: Item, Amount. Selectmen's Orders, \$179,771.94; Court Orders, 1,829.12; Miscellaneous, 36,421.84; Loans & Interest, 141,003.10; Balance on Hand, 15,735.84; Total, \$374,761.84.

Memorandum.

Outstanding Notes, Loans, etc. 60 Bonds at \$1,000.00 each 60,000.00 Temporary Notes, 90,000.00 Total, \$150,000.00

The temporary notes in the amount of \$90,000.00 will be paid May 6th, 1919.

Stenberg, rent, 8.00; Fred Shippee, salary and helpers, 146.00.

EDITORIAL

Fair Dealing

In buying furniture you are at the mercy of the dealer. Few people know enough about it to judge the actual value. It may be made of the cheapest material and yet appear to be the genuine article. How are you going to protect yourself when making a selection for the home? By purchasing from a reliable dealer who through a consistent policy of fair dealing, has built up a constantly growing business and continues to hold the confidence of his patrons. Watkins Brothers.

You can wash the Burners right with Your Dishes

They are all steel enameled inside and out. This will come as a surprise to many familiar with the old style heavy cast iron burner, rough and rusty. New Method Gas Ranges are to be found in our store in many different styles, in low oven, elevated oven and cabinet ranges, prices from \$15.

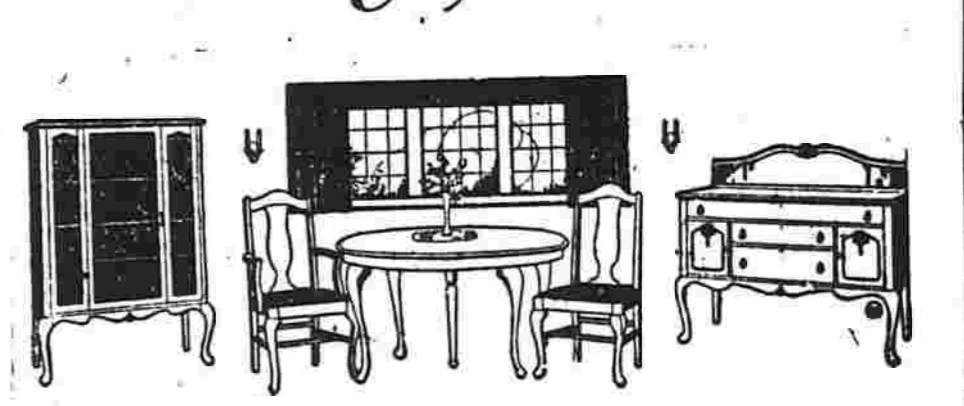

Steinway Pianos, Steinway Pianolas, Victor Victrolas

Period Furniture gives added pleasure as the years roll by

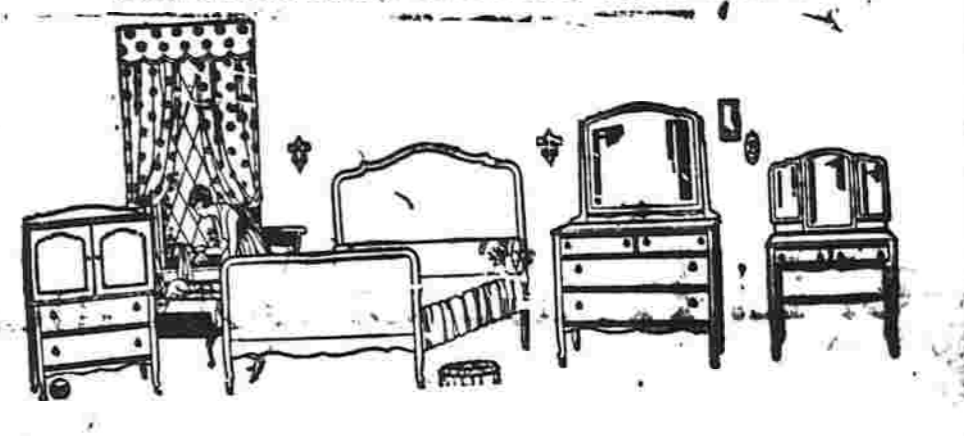

CHOOSE THE GROOM and then let us help you CHOOSE THE OUTFIT

You have saved some money and are figuring out how to make it go farthest in furnishing your home. You are seeking appearance, comfort and dependability in your purchase. Don't you feel that you would be wise in not paying too much attention to price? Remember you are making a purchase that means more to you than any you have ever made—and if you buy dependable merchandise such as you find here it will last a lifetime.

Four Room Outfit \$519.80

THE LIVING ROOM—An attractive four piece suite with a comfortable arm chair, rocker, settee and library table. Well finished fumed oak frames making a pleasing combination. GREAT SALE OF WALL PAPERS.

Manchester people seldom have an opportunity to purchase wall papers like that offered by The Manchester Wall Paper Co., at their fire sale. Thousands of rolls of new papers, not damaged in any way, are offered at a fraction of their original cost. The store has been crowded with purchasers the past two days but the stock is so large that apparently but little impression has been made upon it. The papers are done up in room lots for ease in handling and customers may easily make their selections. Paints, Varnishes, Brushes, Window Glass and in fact the entire stock of the store is included in the sale.—adv.

The more you stir up a plate of soup, the cooler it becomes—and you find it the same way with some friends.

BASEBALL RESULTS

NATIONAL LEAGUE. New York 3, Brooklyn 2. R. H. E. 3 9 6. Batteries—Barnes and McCarthy; Grimes, Marquard and Krueger. Pittsburgh 3, Chicago 2. R. H. E. 3 11 1. Batteries—Cooper and Schmidt; Hendrix and Daly.

AMERICAN LEAGUE. Chicago 4, St. Louis 3. R. H. E. 4 7 1. St. Louis 2, 2 9 2. Batteries—Schellenbach and Schalk; Gallia and Billings. Cleveland 6, Detroit 4. R. H. E. 6 8 1. Detroit 4 8 2. New York-Washington game called on account of darkness at end of fifteenth inning.

DAY-OLD TWINS BAPTIZED. East Youngstown, Ohio, May 13.—Twin boys were born to Mr. and Mrs. John Dsidoczy, and, to prove their vitality, Stephen, eleven pounds, and Emery, twelve pounds, were taken the next morning to church, where they were baptized. The mother now has six boys and two girls and says she never "felt better or happier" in her life.

Muffs were first used by doctors in order to keep their fingers soft.

## TAGGING THE BASES

Larry Doyle beat the Dodgers. He broke up a perfectly tied game in the tenth with a circuit clout and prevented a Dodger score in the latter half of the same inning by backing up Chase when McCarty threw wild.

Not content with a 12-inning scoreless tie Sunday the Yankees and Senators hooked up in a 15 stanza no-decision bout. Score, 4 to 4.

Huggins was chased to the showers after telling Brick Owens what he thought of him when Brick called GHarry out at the plate and then reversed his decision.

Claude Hendrix lost his initial game of the season when the Pirates walloped the Cubs three to two in 11 innings.

Boiland's seven walks, combined with two Tiger errors permitted Cleveland to win, 6 to 4.

While the White Sox were defeating the Browns, Eddie Collins strained a tendon in his right leg.

He will be idle for several days. With the Reds ready for the clash with the Dodgers something is liable to crack at the top of the National League percentage column.

The Cubs make their initial bow at the Polo Grounds today.

## MIDDLE WEST FIGHTERS TO GET GREAT WELCOME.

St. Louis, Mo., May 13.—Approximately \$100,000 has been raised to defray the expenses of the reception to be given the Thirty-fifth Division, composed of Missouri and Kansas National Guardsmen, when they arrive from France.

Work has already been started on the grand stand to be used by the relatives of the fighters when the boys pass by in parade. The stand, which will cost about \$30,000, will accommodate 12,000 persons and will be erected on both sides of Twelfth street.

The stand will not be taken down until all St. Louis fighters have returned.

## \$75,000 WORTH OF SEATS BOUGHT FOR BIG FIGHT

Everything Ready for Willard-Dempsey Bout at Toledo, O., on July 4th—Dempsey Expected Tonight.

Toledo, Ohio, May 13.—With the very ozone about him laden with dollar signs, Tex Rickard, the "gambling promoter" of the Willard-Dempsey fourth of July battle here, refuses to be worried as to the selection of the third man in the ring.

Approximately \$75,000 has already arrived for choice seats.

Tex would consider Georges Carpentier, the French heavyweight, also he might consider "Bat" Nelson, former lightweight champion who has wired "services gratis;" further, Tex would consider Matt Hinkel—but Rickard is looking after the dollars and saying "let George do it," (meaning Willard and Dempsey.)

Tex has 2,500 ringside seats which he plans to dispose of at \$60 per, that is, those not occupied by press, officials and a few friends. The other seats are offered at \$50, \$40, \$30, \$25, \$15 and \$10. The \$10 seats are approximately 260 feet from the ring.

Dempsey is expected to arrive here late tonight or tomorrow from Excelsior Springs, Missouri, by auto. Jack will lose no time in selecting training quarters and Toledo fistic fans will then be permitted to exchange jitneys, dimes, or two-bit pieces to get a line on the championship aspirant.

## NEW SUSPECT.

Insane Convict Being Sought By Vermont Authorities.

Barre, Vt., May 13.—An entirely new aspect may be given in the case of Mrs. Harry E. Broadwell, mother of three children, whose naked body was found in the center of the city's business district, if an insane convict who is reported as having escaped from the State Insane Hospital on the day before can be placed in Barre on that night.

A statewide search was being made today for the convict.

Irrespective of this new angle, two men and a woman are being held in their rooms, taking their meals there and having no opportunity to talk with one another. All three are persons who heretofore occupied positions in the spotlight of the investigation.

## ICE CREAM AS A FOOD.

The first food furnished the human animal is mother's milk, and now, owing to extensive research work on the part of scientists, we are given to know the reason why.

The scientists have discovered the fact that any young growing animal will eventually starve to death without some of the vitamins found so abundantly in natural fat which comes in milk.

Ice cream is made of cream from milk, sugar, either cane corn sugar or glucose, or all three as the case may be, a flavor and some other ingredients. Those mentioned are the principal ones.

Cream is composed of butter fat, having present the necessary vitamins essential to growth, some mineral substances, protein and water.

There is some unknown principle or quality, whatever you choose to term it, in milk fat that makes the child grow and thrive. In ice cream the normal milk fat content which averages, possibly 8 to 15 percent, makes a rich, wholesome, concentrated food, containing not only butter fat but also protein, carbohydrates and mineral. The proteins of milk are worth three times as much for growth, pound for pound as the proteins of cereal grains and nearly six times as much as the proteins of the pea or navy bean. The product averages six ounces of protein to each gallon.

We are informed that the necessary calcium or lime is really supplied in milk, whereas sodium and chlorine are supplied by common salt.

The normal blood sugar is dextrose. All sugars, other than corn sugar, have to be converted into dextrose or glucose before they can be assimilated. Without glucose in the blood, life would cease. The corn sugar, which is in ice cream is ready for assimilation without using up energy in the conversion thereof.

Ice cream thus made is an unusually wholesome product and a very refreshing confection for adults and all should recognize this value and consume more ice cream. Ice cream and products of it were put in the essentials by the food administration. It must at all times be remembered that ice cream is a food and not a "non-essential."—H. A. Holbrook, Dairy Department, Connecticut Agricultural College, Storrs.

## AMERICAN ARMY CREWS TO ROW ON THE THAMES

To Enter Henley Regatta on July 4 and 5—No Grand Challenge Cup This Year.

Paris, May 13.—American army crews will enter the Henley regatta on the river Thames July 4 and 5 with eight oar, (minus coxswain), four oar and single sculls.

There will be no grand challenge cup this year. The Henley stewards have voted to substitute a service race with flying corps from every British army, Canada, Australia, New Zealand represented. The climax of the season's service rowing will be an inter-allied regatta two weeks after Henley. The entries, including the strong Henley contestants, will include France, Belgium and Czechoslovakia.

Major Paul Withington, former Harvard oarsman and football player and coach of the University of Wisconsin crew, is conditioning the American oarsmen. Major Herman Rogers, of Yale, later of the Union Boat Club, of Boston, has been elected captain of the American eight. Aniers, near Paris, but will move to the Americans are training at the Thames early in June.

## TO SHIP ATHLETES.

War Department to Send Soldiers to France to Compete in Games.

Paris, May 13.—The War Department has cabled authorization from Washington for the appearance of famous athletes, now in the United States but who were in the Army, in the inter-allied games to be staged in France within a few weeks.

"There is no legal authority for the transportation to France of civilian soldiers," cabled General March, chief of staff. "The War Department is in entire sympathy with the idea, however, and is writing to obtain the necessary funds from the various welfare organizations to pay the way of selected athletes to France."

The American Army University at Beane won the inter-University track meet at Beane Sunday over teams representing the Universities of Toulouse, Montpellier, Dijon, Grenoble, Poitiers and Nancy.

## CUPID IS BARRED FROM MILWAUKEE.

Milwaukee's building inspector is reported to have recently said that the acute shortage of dwellings in that city is keeping to a minimum the number of marriages, and that the old adage, "Love will find a way," is being daily contradicted when it comes to the question of finding a home.

A field agent of the United States Homes Registration Service of the Department of Labor, who was recently in Milwaukee to assist in enlarging the work of the local organization, reports that during his stay in the office as many as 20 applications a day were received for houses, flats, and cottages, but that none of these could be filled.

The field agent reports having communicated with 12 of the largest real estate offices in the city, not one of which was able to offer a house at a rental under \$65 per month. The average rental which the applicant to the United States Homes Registration Service at the present time feels able to pay is \$23 per month, though the range is fairly wide, extending from \$12 to \$60 per month.

The last weekly report submitted to Washington by the manager of the Milwaukee office indicates that during the preceding 6 days 24 applications were received for houses, of which not a single one could be filled; and 57 applications for apartments or flats, of which only 3 could be provided.

## ORIENT TO GET 5,000 MILES OF SMILES AND TEARS.

Los Angeles, Cal., May 13.—With the ending of the war a drive is being conducted from this city by motion picture producers with the idea of opening a market for American-made films in the Orient and the Antipodes. It is estimated that 5,000 miles of smiles and tears in film form will leave Los Angeles during the latter part of 1920 for Oriental markets as well as markets south of the equator.

A recent film survey made for the benefit of picture magnates showed that the pictures of Mary Pickford are in especial demand in Australia, New Zealand and Japan. The antics of Douglas Fairbanks and the capers of Charlie Chaplin are of great interest to the Chinese, who in the interior view the pictures in open-air theaters after dark. In New Zealand, where the native Maoris are partial to Mary Pickford, the audience watch the little star by standing on their chairs as men frequently do at prize fights in this country and

## Twenty-Fourth Anniversary Sale

### Notions and Household Supplies

We Celebrate This Event for Four Days  
Beginning Wednesday Morning

Our Twenty-fourth Anniversary Sale of Notions and Household supplies is scheduled for Wednesday, Thursday, Friday and Saturday of this week. It will be on an even greater scale than ever. The stock of high grade household necessities is larger than ever and the reductions in prices are extremely liberal.

As usual, Manager Eliot has arranged to give free to 500 customers, GIFT BOXES, each containing twelve useful articles. These boxes will be given to the first 500 customers who buy one dollar's worth or more at the sale. They will be given out by Mr. Eliot personally. Save your duplicate sales check and hand it to Mr. Eliot. The articles in this box sell regularly for more than \$1. Be sure to get one before they are all gone.

Careful attention given to mail and phone orders during this sale. Extra sales-clerks in attendance.

**PLAN TO SHOP EARLY IN THE DAY AND AVOID THE AFTERNOON CROWDS.**

## Special Feature--Guessing Contest

During this sale we shall have a window demonstration of the process of making Alliance Hairpins. A machine will make these pins during the four days of the sale. It will be operated by the oldest hairpin machine worker in the country. Two prizes, one \$10 in gold, one \$5 in gold, will be given to the persons guessing nearest to the number of hairpins that will be in our window Saturday night when the machine stops working. All hairpins made here will be packed and left in the window. Guessing coupons can be obtained at counter where the pins are sold. DURING THIS SALE ONE PACKAGE OF ALLIANCE HAIRPINS FOR 5c AND GIVE ONE PACKAGE FREE TO EACH PURCHASER. This guessing contest is open to women only.

when little Mary appears to be in danger they shout advice to her. Because of the many dialects of the natives it is impossible to translate the sub-titles and the natives are able to interpret the plays through the language of the eye only.

## HUN DEFEAT FORECASTED IN WILL OF JULY, 1918.

Santa Ana, Cal., May 13.—When Ernest Schroeder, a German, drew up his will July 23, 1918, he predicted the defeat of Germany and ordered that \$1,300 worth of Liberty Bonds be had purchased be divided among three nephews in the German Army. The major portion of the estate, valued at \$32,704, went to other German relatives. The forecast read: "The reason for leaving most of my property to people now fighting for the German Army is not that I espouse their cause, but because I know the misery that will be suffered by destitute soldiers returning to civil life from a vanquished army and I wish to see them properly provided for."

IT PAYS TO ADVERTISE IN THE EVENING HERALD

# BASEBALL STORIES

Harry Hooper will be captain of the Red Sox this year.

The San Antonio club has secured infielder Clyde Defate from St. Paul.

Like Ebert, the president of new Germany, Bob Shawkey wears a pearl stickpin.

Capt. Ed Lafitte, the former big league pitcher, arrived home the other day from France.

The management of the St. Louis Browns announces that the club will be without a scout this year.

And in another six months the big news items will be the world series, just as if there never had been a war.

President and Manager Branch Rickey of the St. Louis Nationals expects much from Outfielder Shotten this summer.

Charley Schmidt, for nine years a member of the Detroit catching staff, is the new manager of the Slou City Western league team.

Mr. McGillicuddy has signed a ball player who went over the top eight times. It's a stupid umpire who won't ponder that information.

Ward Miller, veteran outfielder, will play with the Kansas City club next season. He was obtained by the Kaws from the Salt Lake City club.

Among those who would just as soon see Grover Alexander remain indefinitely along the Rhine are the seven other National league clubs.

St. Louis war correspondents have nominated Josh Billings for the job of first-string catcher with the Browns. That will last until Hank Severid gets moving.

Lee Meadows, the spectacular twirler of the St. Louis Cardinals, has had his tonsils removed since last season and expects to have better health as a result.

Two young catchers are to receive big league trials this year because of what they did on army teams last summer. Benny Kauff has got a trial for Frank Polyp, who caught for his team at Camp Sherman, and Bill James has done the same for Murphy, his army backstop.

## WHO KNOWS THIS HERO?

Boston, May 13.—Wanted by the Department of the Northeast, which desires to publicly decorate him with a Distinguished Service Cross, Lieutenant Colonel James L. Flint, of No. 320 Temple street, New Haven, Conn., cannot be found. Department officials said this afternoon that they have hunted far and wide for the New Haven war hero but have been unable to locate him.

## BERLIN COUNCIL DECIDES TO MOVE WILHELM'S PICTURE

Berlin, May 13.—After a stormy session the town council has adopted a resolution for the removal of Hohenzollern busts and pictures from the municipal buildings and schools.

## ESCAPES FROM JAIL

New Haven, May 13.—Frank Juliano, alias Ross, held for trial in the superior court for burglary in this city escaped from the county jail here today by climbing through a grating over his cell and dropping to the ground outside the jail. A general alarm was sent out for his capture.

## DISARMAMENT IMPOSSIBLE

Rome, May 13.—The Popular Party, which is controlled from the Vatican, went on record today with the assertion that compulsory arbitration and disarmament are impossible.

## MAY REACH MILLION

Tabulation of Victory loan subscriptions has not yet been completed, but the figures are expected to reach the million dollar mark, said Chairman R. LaMotte Russell, today.

## Paderewski is going to give up piano playing

How forcibly it is brought home to the apartment dweller at about 11 p. m. that it is only the great piano players who retire!—Detroit News.

# STOCK MARKET

New York, May 13.—All the stocks of properties which have been concerned in the production of silver metal and which are now devoting energy to increase that production were features of the trading on the stock market at the opening today. American Smelting, which turned out the greatest amount of silver in this country advanced 1% to 79% and U. S. Refining moved up 1% to 68. Butte Copper and Zinc, which was a good producer of silver last year, advanced over two points to 133%.

Stock Quotations.

Reported for The Evening Herald by Richter & Co., 6 Central Row, Hartford, 2:30 p. m. prices.

## SMUGGLERS FOLLOW MARK TWAIN'S SUGGESTION

San Francisco, May 12.—Mark Twain's statement in the "Double Barreled Detective" that "the best way to throw a detective off the track is to go along with him" was put into practice recently by an unidentified would-be smuggler on the Standard Oil tanker Royal Arrow, on her arrival here from Hong Kong.

## "BABY FARM" MANAGER HELD FOR HIGHER COURT

Newark, N. J., May 13.—Mrs. Coña Hanglin, young "Baby Farm" proprietor, was today held in \$2,500 bail after her arraignment on the charge of manslaughter in connection with the death of Paul Esdorn, three months old baby, whose burned body was found in the cellar of her home a few days ago. She was charged with "wilfully causing the death" of the infant.

## POSTER WINS HIM BRIDE

Newark, N. J., May 13.—"For home and country," the Victory Loan poster painted by Alfred Everitt Orr, won him a bride. The bride was Ruth Wyckoff, beautiful Los Angeles girl, who posed as the wife in the poster. Miss Wyckoff was visiting in the east shortly before the last loan campaign began. Friendship ripened into love while Orr was painting and they were married last Saturday. They will live in Los Angeles.

## SAYS HE WAS DRUGGED

Bridgeton, May 13.—Robert J. Clair, an electrician, of 31 Center street, Northampton, Mass., woke up in police headquarters here today, unable to move. He had applied for shelter there late last night. He declared that he was drugged and robbed in New York yesterday and that he had walked from New York to this city yesterday afternoon in the rain.

## CAN'T WRITE MUSH NOTES

New York, May 13.—Even if a man is an actor and a matinee idol, girls have no right to write passionate love letters to him when they know he is married, a supreme court jury decided today. The jury awarded Mrs. Annie H. Spears \$25,000 against Mrs. Francis Goldstein, music teacher, for alienation of Frederick Harry Spear's affections, after reading letters in which Mrs. Goldstein sent the actor "one billion kisses" and other loving expressions.

# HAD YOUNG IDEAS, THO' 73, BUT THE GIRL WAS MARRIED; SEEKS ANOTHER

Chicago, May 13.—Just because "Kernel" Clark Balcom, "just seventy-two but with young ideas," failed in his latest effort to woo and win the Goddess of Love, he's not going to sell the wedding outfit, but declares "somebody's daughter is going to be my bride darn soon."

"Kernel" Balcom, as he insists on being called, says he is the only "living member of the old Tammany ring in New York," and that he is making money "dribbling around in stocks and sech."

The "Kernel" is very frank about his latest love affair, and while he says "an old fool is the worst of the whole darn pack," he is willing and does tell all about it as a warning to the "younger ones." But let the "Kernel" tell about it. "She is the cashier where I eat. I fell for her at first sight and I fell hard. Oh, so hard. "In her I saw my idea of a soul-mate exemplified. No, I will not tell you her name. I had been on the right side of the market for some time and was pretty flush. "I bought her roses and diamonds. I told her I wanted someone to darn my socks for the rest of my life. She gave assent. I felt as kittenish as a schoolboy. Everything was fixed. We were to be married in the Little Church Around the Corner. It was to be a case of 'fifty-fifty.' Each was to furnish one-half of the income. Of course I was to give her \$500 to get her wedding thing-ama-dubs. "And then came the crash. I went to the restaurant. She was talking to another man. It wasn't love talk, either. 'Where do you get that stuff?' she was saying to him. Then this fellow looked at me. I didn't like that look a bit nor the way he put his hand to his hip pocket. "I remembered I had not sent her roses that day and left hurriedly on this daily mission of love. With the roses I bought myself a gin rickey—then another and then several more. I needed something like that. "I started out to find out things for myself. Inquiry revealed that she was married and that the 'other fellow' was her husband. My secretary recovered my gifts for me. "I tell this story to safeguard the young men of Chicago and the world, for that matter. Take care, boys, take care."

## 16 MORE TRANSPORTS OFF FOR THE STATES

Bringing Home 28,000 Officers and Men from the Battlefields.

## VARIOUS UNITS ABOARD

Washington, May 13.—Sixteen more transports, carrying a total of 28,000 officers and men of the A. E. F., have cleared from French ports the War Department announced this afternoon.

They are: the Martha Washington, with 3,100, from Pauillac, due at New York, May 17, the Walter A. Luckenbach, with 2,495, from Bordeaux, due at New York, May 19, the Mt. Vernon, with 5,834, from Brest, due at New York, May 17; the Valcia, with 1,067 from Brest, due at New York, May 21; the West Gotsmska, with one casual, from St. Nazaire, due at Newport News, May 25; the Polar Sea, with one casual, from St. Nazaire, due at New York, May 21; the Sierra, with 1,551, from Bordeaux, due at New York, May 20.

Martha Washington. The Martha Washington is bringing the 321st Machine Gun Battalion complete, to Camp Dix and scattered; headquarters and medical detachments, fourth and 30th companies of second battalion, 20th Engineers and Fourth Engineers Service Company, Camp Grant, and scattered; medical and supply detachments and companies A, B and C, 307th Field Battalion Signal Corps, mostly to Camp Sherman; Casual Companies from Kentucky, Mississippi, Ohio and Illinois; Detachments, 327th and 328th Infantry, and scattered casuels.

Luckenbach. The Luckenbach has aboard field and staff headquarters, supply and machine gun companies, Sanitary detachment, headquarters, first and second battalions, medical detachments of same battalions and Companies A to H, inclusive, of the 327th Infantry, the bulk to Camp Devens and Camp Upton.

Mt. Vernon. The Mt. Vernon: 302nd Infantry, less 43 officers, to Camp Grant and scattered; 122nd Machine Gun Battalion, complete, Camp Grant and scattered; 124th Machine Gun Battalion complete, Camp Grant and scattered; headquarters and headquarters troop, 33rd Division, mostly to Camp Grant; Railroad detachment, 33rd Division, Camp Grant, 108 Mobile Ordnance repair shop, Camp Grant and scattered; Brest Convalescent Detachments 239 to 243, inclusive.

Among the passengers are Major General George Bell, Jr., commanding the 33rd Division, and Major General Clarence C. Williams, traveling as a casual.

The Valcia. The Valcia: 119th Machine Gun Battalion, complete, scattered, Companies K and M, medical detachment, 126th Infantry, scattered, casual companies.

The Matsonia: 1164th Infantry, complete, mostly to Camp Lee. The Scranton: headquarters and medical detachments, first battalion, and Companies A to D, of the 328th Infantry, Camp Upton; headquarters and medical detachments, second battalion, and Companies E, F and H, of the 328th Infantry, mostly to Camp Dix, and scattered casuels.

The Sierra. The Sierra: Ordnance Casual Company 22, Camp Devens, Bordeaux Convalescent detachments Nos. 208 and 321; Casual Companies from New York, Iowa, New Jersey; Ordnance Casual Company 975, Camp Kearney; 157th and 639th aero squadrons; headquarters second battalion, 82nd Division, Camp Upton; headquarters detachment and headquarters troop, 82nd Division scattered; Postal Detachment, 82nd Division, Camp Upton; Military Police Company, 82nd Division, Camp Devens and scattered; detachment machine gun battalion of 327th Infantry, mostly to Camp Devens; detachments 327th Infantry, Camp Upton; Field and staff, medical detachment and headquarters company, 328 Infantry, Camp Devens, Upton, and scattered; 162nd and 164th Infantry.

Major General George B. Dunean, commanding the 82nd Division, Colonel Robert D. Walsh, commanding the 16th Infantry Brigade, and Brig-

# The FORDSON is more than a Tractor

IT HAS proven to be such an economical, efficient, durable tractor that it pays for itself within a few months' time if used only for plowing, discing, harrowing and other field work.

But the Fordson is more than a tractor. It is an economical, powerful, portable power plant that will drive any kind of belt-driven farm implement.

With this power plant you don't have to spend valuable time dragging around a heavy cumbersome gas engine.

Down in the wood lot, sawing up the winter's fuel—up in the barn yard, filling the silo—baling hay—grinding feed—everywhere on the farm, every day in the year, there are jobs for this wonderful, portable power plant.

The Fordson is provided with a belt pulley placed at the right side of the transmission housing. It is driven thru a beveled gear.

With a pulley at the right-hand side, and the belt running forward, it is easy for the driver to line up the pulley properly without leaving his seat.

The powerful Fordson engine is 22 horse power at the pulley at 1000 R. P. M. This is ample power to do any work on the farm. The pulley is 9 inches in diameter, and is designed for a six-inch belt.

Don't think of the Fordson merely as a tractor—think of it as one durable, efficient power unit that not only replaces the horses on field work, but also replaces the stationary gasoline engine, besides doing scores of jobs that have formerly been done by hand.

Come in and let us show you just why this tractor has proven such a remarkable success—why farmers are buying them by thousands every month. You will be interested in learning how we handle the service also.

## CALLS MAN HUN SPY AND GETS FINE OF \$50

Cleveland, O., May 12.—To be called a "Hun spy" unjustly brings a reward of \$50.

So ruled Judge William P. Henderson in the case of Aaron H. Weinstein, who sued Harry Spitzer for \$25,000 damages, because the latter applied the epithet to him a year ago during a heated argument.

Spitzer told the Court his remark came after Weinstein scoffed at Liberty Bonds and War Savings Stamps as investments.

"I really didn't mean he was a spy," Spitzer explained. "I meant to call him a German propagandist."

"Fifty dollars damages," was the verdict of the Court.

## THIEF LAYS OUT CLOTHES OF DETECTIVE ON BED

Philadelphia, Pa., May 12.—Acting Detective Joseph Miller's home on Greenwich street was entered by thieves who ransacked the house and stole jewelry and other valuables worth \$250. After taking everything they wanted the accommodating

## THE MEN IN CLASS A1

A sound, healthy man is never a weak number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and care-less living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL HARLEM OIL Capsules periodically and your system will always be in working order. Your spirits will be enhanced, your muscles supple, your mind active, and your body capable of hard work. Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist or order. Get a trial box of GOLD MEDAL HARLEM OIL Capsules. They are made of the pure, original, imported Harlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up, and feeling like money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand and the three sealed packages.

thieves carefully laid out Miller's uniform and cap on his bed and left. All Miller had to do when he returned home was to slip his uniform and go hunt his valuables.

## FEMININITY DOES NOT COUNT, BUT PERSONALITY DOES," SAYS WOMAN WHO KNOWS SALESMANSHIP FROM GROUND UP

Chicago, May 13.—"Femininity alone doesn't count, but personality does. Let your personality show in a feminine way.

"Make your theme the central factor in your life, and let your personality work through your theme. Personality must be used in an impersonal way.

"The mannish woman has no more place in business than the womanish man. Neither fits anywhere.

"Feminine charms, if you are fortunate to possess it, is an asset to a business woman, but it is not her capital. If she thinks it is she will fail.

"Woman's vision has broadened with the events of the last few years, and today the field of foreign trade is a soil particularly suited to woman's cultivation.

"Foreign trade has been the basis of great wars; it can be made the basis for a great and lasting peace." Miss Lucy A. Goldsmith, who maps out new fields and keeps the salesmen in old fields on their toes for a music company, feminine in charm, costume, manner and vision, laid down these precepts to the interviewers suggestion "it must help a lot to be a real woman". Of Miss Goldsmith no less a person than James Farrell, of the United States Steel Corporation, has said: "She is one of the wonder workers in foreign trade."

"Just being a woman may get you an audience and an invitation to dinner, but it won't help the concern you are trying to help," Miss Goldsmith said.

"It isn't femininity but personality that helps, but if your personality is so projected that it casts your theme (the business you are boosting) into the shadow, it doesn't do any good, either. It is a hindrance. "A woman, just like a man, has to get herself so merged with her theme that her personality shows through the theme and helps register it. If she is worrying too much how she looks she doesn't get by. If she is too careless regarding her looks she doesn't get by, either, and if she tries to look like a man she is hopeless.

"Women in the last few years have learned to think internationally," continued Miss Goldsmith. "They have thought of those women of other lands with their great burden of sorrow and sacrifice and of their own boys so far away. They have made the world their field, and so I believe that the mind of woman today is particularly capable of grasping the psychology of foreign trade and can be successful in that field."

### MCGRAW INSISTS EARLY OPENING IS BETTER PLAN.

New York, May 13.—Late-in-the-season baseball openings are all right if you win. Then, again, early-in-the-season baseball openings are all right—if you win.

In other words, according to Manager John McGraw, of the Giants, the opening of a baseball season is merely a gamble on the weather. If Miss Spring arrives in time you are off to a good start and with a lot of well-conditioned ball players. But if the old boy with the hoarse beard and icy fingers continues to linger around—well, you lose.

This season's experience has given additional weight to McGraw's earlier contention that the early opening is the better plan of the two. The late opening availed little or nothing as nearly all teams were held back by the cold and rain. So where was the advantage?

McGraw can point out ideal baseball weather preceding the opening dates and hastens to argue that at least a part of the schedule could have been played during those ideal days. Then, again, McGraw says the early opening gives a better opportunity to play off a schedule of 140 games without getting into a lot of double headers.

If there is one feature of the baseball game these managers and owners do not like it is the double header. A bargain day bill rarely, if ever, brings in the money that would be forthcoming from two games played on different dates. And the player is not nearly as fresh at the tag end of a double header as he is

at the near-end of a regular nine-inning contest.

Taking it all in all, McGraw would much prefer taking a gamble on the weather and opening the season along about April 20. Should cold weather prevent the early games, McGraw would keep his athletes around the trusty stove. But should dandelions and johnny-jump-ups smile at dawn—well, he wins the gamble, that's all.

### TO WED, YOUTH FREED.

Bellefontaine, Ohio, May 12.—A young man who owns a good farm near this city came to Bellefontaine and parked his automobile on the wrong side of the street and went into the courthouse. The "cop" put a yellow ticket on the steering wheel and he appeared before Mayor Kennedy.

"What were you doing in the courthouse?" asked the Mayor.

"Getting a marriage license," was the reply.

"Not accountable for parking machine on wrong side of street. Excused," said Mayor Kennedy.

### BALLOON RACE.

Akron, Ohio, May 12.—The balloon "Chamber of Commerce," the first one heard from in the big balloon race that started here yesterday afternoon, passed over Lancaster, Pa., at seven o'clock this morning. It had traveled 300 miles in 15 hours.

Pilot H. W. Ross wired that he expected to reach the Atlantic coast by noon. He had only 90 miles to go.

There were seven entries in the race, which is the first event of its kind held in America since 1914. C. W. Seiberling, millionaire rubber manufacturer, was a passenger in the balloon "Goodyear."

### PALLBEARERS USE PIPES WHILE CARRYING COFFIN.

Boothsville, W. Va., May 12.—The spectacle of pallbearers escorting a corpse to the grave while smoking corncobs was presented here recently when the body of W. S. Goodwin was buried. Goodwin's dying request was that smoking be permitted at the funeral. Goodwin had smoked a pipe for sixty-eight of his seventy-three years. He preferred homespun tobacco and was an adept at cutting off the exact amount to make a pipeful.

## Circle Theater

Because of the rain yesterday many who wanted to see Tom Mix in "Treat 'Em Rough" did not get around to the Circle so acting Manager "Doc" Sullivan keeps him for another day and will present the same program tonight with the addition of the Pathe-News, a Sunshine comedy and another chapter of "The Man of Might" with William Duncan playing the star part.

"Treat 'Em Rough" is the most sensational, daring, thrilling, vivid picture ever produced by Tom Mix. It is one long procession of thrills. It's so full of pep, punch and live romance that it makes one gasp for breath.

No other actor on the screen or stage ever even attempted the death-defying stunts which Tom Mix performs in this production. He's the champion "stunt" artist of the world and the champion "Romeo" as well. He's the man who never fakes.

His Western cowboy plays are different from all others. What he did in "Cupid's Round-up" and "Ace High" was considered the zenith of dare-devilism. Then came "Mr. Logan, U. S. A.," which, it was declared, had exhausted the "stunt" possibilities. But in "Treat 'Em Rough" he makes his previous most daring feats appear easy. He performs for the first time for the screen, what many a plainsman has attempted and lost his life in doing, the bullhogging of a wild steer, to split a stampeded herd.

That means this—he jumps from a swiftly running horse onto the back of a mad steer, leading a stampede; throws the animal and splits the herd to save the life of a girl who lies in the path of the mad onrushing herd.

There are twenty reels of action crowded into this five-reel play. It's the sort of picture that will take away the breath of anybody who watches it.

## Park Theater

One of the most thrilling scenes ever photographed in a motion picture is the battle fought by Henry, Earl of Kerhill, with a great lion in which the Englishman is slain, and which is graphically pictured in Cecil B. De Mille's superb picturization of Edwin Milton Royle's "The Squaw Man." This photoplay, which is said to be one of the best ever produced by this sterling director, will be shown at the Park theater tonight and tomorrow.

The battle scene is laid in an African jungle. The Earl of Kerhill is an embezzler whose crime has been shouldered by his cousin Jim Wynnegate, to spare Henry's wife Diana, whom Jim loves, disgrace and suffering. After her husband's death in the jungle, Diana traces Jim to Wyoming where he is living on a ranch with his squaw, and after some exceptionally tragic scenes, they are reunited in their mutual love.

The lion used in the picture is perfectly harmless except in a film scene. Assistant director Sam Wood played hide and seek with the big cat at rehearsals, but Thurston Hall, who plays the part of Sir Henry, who battles with the lion, entered into the contest with no little misgivings. The lion was lazy and preferred dozing to acting. But when the camera clicked, the animal was there with both feet as it were, and Hall was realistically mauled by the king of beasts.

The various roles are in the hands of stars including Elliott Dexter, Ann Little, Theodore Roberts, Jack Holt, Tully Marshall and others.

This play is so well known that it is hardly worth while to praise it. There is little doubt that the Park will be jammed to capacity this evening so be around early to get the best seats.

### STEAL COFFIN PLATES.

Philadelphia, Pa., May 12.—A package of bronze and silver coffin plates, all bearing the date 1915, was found in Haverford township and the police are endeavoring to locate the cemetery from which they were stolen. The package contained eight plates. All plates bore engraved inscriptions and by these inscriptions the police hope to find the cemetery.

### QUIET AT SEAFORD.

London, May 12.—Quiet has been restored at Seaford, where the Canadian troops wrecked another military camp, according to the Star today.

The riot is reported to have been due to travel restrictions. A colored soldier was rescued from the guard house and carried away on the shoulders of his rescuers. The canteen was wrecked and shots were fired at railway coaches.

### VON STEUBEN ARRIVES.

Brings to New York 2,940 Men From Overseas.

New York, May 13.—The transport Von Steuben, bringing 2,940 men from Brest, was the first of eight troopships with 12,430 soldiers who are scheduled to arrive today, to reach Ambrose Lightship this morning.

Other transports were due to arrive later in the day and dock before nightfall.

The von Steuben brought the 120th Machine Gun Battalion, complete, the 323rd Field Artillery, complete, the 158th Field Artillery Brigade Headquarters and scattered casual companies and convalescent units.

### YORK, PISTOL CHAMP.

Le Mans, France, May 13.—Private Oliver B. York, Fifth Marines, of Franklin, O., is leading in the competition for the pistol championship of the A. E. E., being eleven points ahead of his nearest rival, Chief Mechanic Lloyd E. Wilson, Eleventh Field Artillery, Pelham, Wash. York stored 685 out of a possible 800 shots.

Honorary first place goes to Color Sergeant James W. Bell, 15th Field Artillery, a distinguished pistol shot and not a regular contestant. His score was 692.

### WOMEN WHO BUY BONDS GET DOUGHBOY'S KISSES.

Philadelphia, Pa., May 12.—"Any lady who will buy a bond I'll kiss," said a bashful, good-looking Doughboy, who stood on a stand at a Victory Loan rally on a recent afternoon at a busy corner. Promptly a young miss stepped forward and said: "I'll take fifty—I mean \$50 worth."

She got the kiss and the next quarter of an hour was kept humming for the bashful Doughboy. The Doughboy is Private McKiverick. His street address is withheld, but when last seen he was twitching somewhat, as though from shell-shock.

### FEDERAL CORD TIRES

To know what Federal Cord Tires really are you should see the samples. M. MERZ, DEPOT SQUARE, Phone 561.

### MARRIAGE CERTIFICATES PRINTED IN GERMANY GO TO DISCARD.

Canton, Ohio, May 13.—Stark County (Ohio) is an unwitting victim of Teuton flendishness and has reaped the bitter fruit in the shape of certain ornate marriage certificates which until the other day were innocently sold to unsuspecting happy couples by an unknown marriage clerk in the courthouse here.

When Canton newspaper men called the Court's attention to an inconspicuous "Printed in Germany" at the bottom of two beflowered certificates that august gentleman was aghast.

The certificates had been purchased by the court from a dealer in Chillicothe, Ross County, Ohio, long before America entered the war. When the discovery was made it was also noted that there were sixty of the objectionable certificates still in stock.

Next day when the reporter went in search of the sixty they had vanished. The court, nor the court clerk, nor the sheriff knew of their whereabouts.

Now everything is peaceful and the court has a new supply of "Made in America" certificates.

### ONE POUND OF DOG, FOUR INCHES TALL, ARRIVES IN PORT IN SILK HANDBAG.

San Francisco, Cal., May 13.—Sheltered in a woman's ordinary silk handbag, Fujiyama, the tiniest Japanese Chin dog ever brought here from the Orient, and one of the smallest of its species in existence, arrived recently on the Shinyo, Maru, having been brought here from Japan by Mrs. H. Rosenthal.

Mrs. Rosenthal had taken precautions to have Fujiyama's credentials properly made out before the Chin was booked for passage and on the usual inspection at the pier there was no hitch in this particular resident of Nippon being allowed to land.

The dog, fully grown, weighs but one pound and one-half ounce, and is four inches high, when standing. His food is two tablespoonfuls of cooked rice twice a day and some dried fish that must be imported from Japan.

To the small boy there can be no more flagrant injustice than a tax on soda water and wreck on castor oil.

### ILLINOIS BEGINS WEEK OF HEALTH PROMOTION, AND FLY MUST GO.

Chicago, May 12.—This is Health Promotion Week throughout Illinois. In practically every city, village and hamlet in the state special programmes of study and planning have been arranged, all with the view of improving the health of Illinoisans.

The work really started yesterday, when in churches throughout the State "Health Promotion in Churches" was discussed.

Today is given over to community clean-up work. Efforts are being put forth in all cities to "clean-up" and remove anything and everything considered a menace to the health of the public.

Tuesday the flies get theirs. Tuesday is "Swat the Fly Day", and the slam-bang of fly swatters will be heard throughout the state—another step towards improving the health.

Wednesday the babies of the state receive special attention, as that will be "Better Babies Day". Some argue there can be no such thing as a "better baby", as all babies are "best". True, but the babies' health can and must be improved, say those in charge. They are entitled to the very best health and will have it if all the steps planned along these lines are carried out.

Thursday, Medical Examination Day.

Friday will be America's Future Citizens' Day, the Health Promotion Week winding up with Pageant Day Saturday.

### NOTCHES ON GUN WERE FROM CRACKING WALNUTS.

Cleveland, O., May 12.—A battered automatic pistol that was presumed by court attaches to have helped make the world safe for democracy and the male people in Germany fewer was the chief exhibit at a larceny trial before Judge Cull. It was the property of Corporal John Strick, on whose testimony John Jones was indicted for stealing the world war weapon from Strick.

"Those notches on the butt," interrupted the prosecutor, "were they for so many German dishes of in No Man's Land?"

"Those notches?" Strick smiled. "Those are from cracking nuts—walnuts, etc.—in No Man's Land," he replied. Then Jones pleaded guilty.

## ABOUT TOWN

A son was born yesterday to Mr. and Mrs. William J. Boyle of 137 Birch street.

The Recreation Center officials are planning for a May social, the date to be announced later.

The Manchester Radio association will meet in the trade school building at eight o'clock tomorrow evening.

The Swedish boys' gymnastic club will hold a meeting at the Recreation Center at seven o'clock tomorrow evening.

There will be a May social and dance given by the Ladies of Charity in the assembly hall of the Eighth district Monday evening, May 15.

The mid-week dance at the Recreation Center will be omitted tomorrow night, as the Chamber of Commerce is to meet in the auditorium.

Robert J. Smith sold for M. F. Hutchinson, a building lot on Bigelow street, to Herman E. Montie. Mr. Montie plans to build a residence on the lot.

The musical comedy, "The Tale of a Hat," is to be given in the Eighth District assembly hall this evening under the auspices of Ever Ready Circle of King's Daughters. The solos and choruses are bright and catchy and the dialogue is spirited. There is not a dull minute in it from start to finish.

Word has been received from Corporal William Senkbeil, who went overseas with Company G, stating that he has arrived at Philadelphia. He probably will receive his discharge within a few days. Corporal Senkbeil was wounded in the ankle some time ago but has fully recovered. A bullet had become lodged in his revolver and while working on it the revolver was accidentally discharged, the bullet going through his ankle.

### E. L. G. HOHENTHAL TALKS ON SALOON SUBSTITUTES

E. L. G. Hohenthal addressed the Men's Friendship club last night on the timely subject, "Do We Need a Substitute for the Saloon?" While not opposed to substitutes being provided, Mr. Hohenthal argued that it was not necessary, in his opinion, for municipalities to spend large sums of money to erect substitutes for the saloon. He believed the saloon men themselves would help solve the problem to a large degree, by keeping their places open and selling soft drinks. He also said he believed the churches should keep open house all the time, giving people a chance to go there and worship any time they chose and also to have rooms where games and amusements could be enjoyed.

In connection with his talk, Mr. Hohenthal spoke of the need of public houses of comfort. It is well known that had it not been for saloons, no such convenience for the public could have been found in most places, until recent years, and in most towns and cities there are no such places now. That is one thing Manchester is badly in need of.

Mr. Hohenthal's talk was followed by questions and a general discussion by the club members.

Last night's meeting was the last meeting before the annual election of officers. During the business session, a nominating committee, composed of William McKinney, Levi Carr and George E. Ferris, was appointed to bring in nominations at the meeting in June.

### VELVET TEAM CHALLENGES

The velvet department is to be represented by a baseball team this year and as in former years is out to uphold its reputation, as being the best team in the mill circuit. In former years rival managers have suggested that a few of the members of the Velvet team should seek admission to a Home for the Aged. But later developments on the diamond have proven that those gentlemen were mistaken, as the Velvet team went out and cleaned up all opposition.

Games are wanted with any team in the mills, the machine shop preferred. Arrangements can be made by communicating with the manager at the velvet mill.

### SHOCKER SEEKS DIVORCE

Detroit, Mich., May 13.—Pitcher Urban Shocker, of the St. Louis Browns, has filed suit for divorce against his wife, Minerva. He charges his wife tried to ruin his professional career by telling false stories about him to managers of baseball clubs,

## TOWN OF SOUTH WINDSOR AND WAPPING CHURCH C. H. BISSELL'S HEIRS

Small Bequests to Relatives—Provided for Payment of Minister and Bearers at His Funeral.

The funeral of Charles H. Bissell, who died at his home on Main street Sunday night, was attended at his house this afternoon at two o'clock. Rev. E. F. Studley of the North Methodist church officiated. The bearers were J. J. Strickland, J. E. Collins, Judson Grant, George W. Kuhney, James Tedford and Walter Foster. The body was taken to Wapping for burial.

This forenoon, John M. Williams, as executor of Mr. Bissell's estate, offered his will for probate. The will was made and executed on May 10, 1916. It includes several interesting provisions. It bequeaths to his several nephews and nieces small bequests in sums ranging from \$50 to \$100. To the town of South Windsor he gives \$500 to be held and invested, the income of which is to be expended in the care of the Bissell family plot in the Wapping cemetery.

All the rest of the property is to be divided in two equal parts and one of the parts is given to the Town of South Windsor in trust, the principal to be safely invested and the income and that only used for the care of the Wapping cemetery in South Windsor and for the care and repair of the monuments and grave-stones therein.

The other part of the estate is given to the Wapping Methodist Episcopal church for the uses and expenses of the church.

The will names John M. Williams as executor.

Some few months ago Mr. Bissell gave James Tedford, the man who has been caring for him for the last year and a half, a deed of the four building lots that extend through from Hollister street to Washington street.

Mr. Bissell also provided that the minister who officiated at his funeral be paid for his services and he left two new crisp ten dollar bills for that purpose. He also made sure that the men who acted as bearers be paid also and left the sum of \$2.50 for each man. Mr. Bissell also requested that Whitney of East Hartford be the undertaker at his funeral.

Mr. Bissell's property consists of the two houses on Main street, several plots of ground in and about Manchester, as well as stocks and bonds. The exact value of the estate is not yet known. At one time he was said to be worth \$100,000, but he has lost some of this through the shrinkage of railroad securities.

### THE SILK INDUSTRY DURING THE WAR

Horace B. Cheney to Tell the Part Silk Mills Took in Making Munitions.

If Horace B. Cheney was scheduled to speak in a far western city on "The Silk Industry During the War," people would flock for miles around to hear him because they know the famous Cheney silks and they know that what Mr. Cheney would have to say on the subject would not only be authoritative but most interesting.

Here in Manchester where the silk industry plays the most important part in the life of the community, silk is an old subject and yet it should never be old. There is hardly a day when something new is not discovered and Cheney mills are always in the forefront on new discoveries.

Tomorrow evening in the main auditorium at the Recreation building H. B. Cheney will be the speaker. The meeting is under the auspices of the local Chamber of Commerce and all members are invited. They may also bring their wives and friends.

The ladies of the Cosmopolitan and Educational clubs are to attend in a body.

### WELCOME HOME CELEBRATION FOR FOURTH DISTRICT MEN

The Fourth District is planning for a welcome home celebration for the men who went from the district into National service. There are 41 on the honor roll and it is planned to give a dinner to the service men and friends in the schoolhouse next Friday evening. The idea originated with the Lakeview Tennis club which is composed of residents of this district and with a membership of thirty-five has an honor roll of twelve in the army, and navy.

As it comes on the second anniversary of the club it was decided to make it a district affair. The suggestion was eagerly grasped by the

### POLICE COURT

Peter Hubert, an entire stranger in these parts, was in the police court this morning charged with vagrancy. He was found by Constable Bissell wandering about the Cheney silk mills just before three o'clock this morning and as he could give no good account of himself he was placed under arrest. He told the court that he was a Russian and that he was out of work and that he had been informed that he could get work in this town. He talked very poor English. He said that he had been in Bridgeport and Hartford. He said that he was going to get back to Hartford as soon as possible. The judge suspended judgment and told him to get out of town.

John Clifford, another transient, who has been working for Manning & Kahn, became drunk yesterday and was arrested by Officer Fitzgerald. He pleaded guilty to intoxication and was fined \$5 and costs which he paid.

Rev. C. T. McCann, rector of St. Bridget's church became a priest thirty years ago yesterday. He is receiving the congratulations of his many friends in and out of the parish.

### READ—IT'S FOR YOU

Yes, we appreciate your business, and that is why we are giving you the special low prices on all glasses fitted in our South Manchester office. Some people wonder how we can do it. It is simple. We do not depend on this office alone. As we fit more glasses in our Hartford office in one week than is sold in the entire town of Manchester in a month. But we want to increase our business in Manchester, and we are doing it. Are you with us? Do you want to save money on your glasses and at the same time get the best at a reasonable price? If so see us any night.

Office Open Every Night Except Saturday from 8:30 to 9:30 P. M.

At Optical Dept. G. Fox & Co. during the day.
