PRICE TWO CENTS

WILL WILSON SEEK 3RD. TERM? QUESTION BROUGHT UP AGAIN

What President Said at White House Dinner Shrouded in Mystery But Rumors Say He Does Not Want to be Candidate Again—May Be Forced to Run.

Washington, May 16.—Revival of the report that President Wilson at the White House dinner at which he explained the league of nations covenant to the Senate and House Foreign Relations Committee, declared that upon his second return to America he would announce that under no circumstances would he be a candidate for 3rd term, was interesting official circles again today. The report was published in the New York World.

Shrouded in Mystery. Just what President Wilson said upon that occasion always has been shrouded in mystery. It is understood that any reference he made to a third term was in the strictest confidence, and for that reason Senators have been reticent about commenting upon his remarks. Following the dinner there were various reports of what the President had said.

Some Rumors. One was that he had made it plain that he would not accept a third term, and another was that he had been non-committal. The result was that the White House officials diplomatically denied that there had been any formal discussions of a third term.

For some time there has been an impression on certain capital circles that the President would be forced to run again. And the fact that at this late date the demands apparently are growing, has not served to discount this impression. It was pointed out that even though the President had made his position plain at the White House dinner, there have been many developments since that time which would furnish him with ample opportunity to withdraw from any such stand if he "deemed it for the best interests of the country."

One of these developments, it was pointed out, was the opposition of Republican Senators to the League of Nations covenant. This, it was indicated, easily can be construed by the President as an invitation to remain in the fight.

PROTESTS PILE UP.

Italy is Against Proposed Anglo-American Alliance.

Milan, May 16.—Protests against the isolation of Italy by the proposed Anglo-American alliance for the protection of France are still deluging the press. Complaint is made that the solid front from the North Sea to the Adriatic has been broken. At the same time it is pointed out that it is a mistake to assume that Germany is the only enemy and the contention is made that defensive guarantees for Italy are essential also.

RAPS WILSON.

Prince Hohenlohe Refers to Treaty As a Tragedy.

Zurich, May 16.—President Wilson is bitterly attacked by Prince Alexander Hohenlohe, in an article printed by the Gazette. He refers to the treaty as "the tragedy of Versailles."

Whether the Germans sign or not Prince Hohenlohe expresses fears of a tragedy. "It will not be the chiefs of the government merely, but the entire people who will rise and terminate this tragedy," says the writer.

The man who makes money too easily takes his turn at the hard work when it comes to explaining how he got it.

WIND HAMPERS START OF TRANS-OCEAN TRIP

Weather Against Big Hop Today—May Start Tonight.

BLIMP BEING TOWED BACK

Dirigible Broke Loose Last Night and Took Joy Ride Over Ocean Alone—Will Take Some Days to Repair Her.

MAY START TONIGHT. Trepassey, N. F., May 16.—All three American seaplanes probably will "hop off" for the Azores at 6 o'clock New York time today on the attempt to cross the Atlantic. Weather conditions early this afternoon were favorable for the attempt.

Trepassey Bay, N. F., May 16.—A moderately strong wind was blowing here early today, threatening to make difficult the departure of the three American seaplanes for the Azores. Commander John H. Towers expressed hope that the wind would abate this forenoon so that the squadron might start across the Atlantic before night.

He fears that further delay will exhaust the supply of fuel carried by the destroyers strung across the ocean from here to the Azores and force them to leave their stations. If a stiff wind is blowing late this afternoon the seaplanes probably will encounter the same trouble that prevented the N. C-1 and N. C-3 from taking off last evening.

Struck Rough Water. "We taxied down the bay in good shape and our engines were working fine," said Commander Towers, "but we struck rough water at the entrance to the harbor and would have smashed up had we attempted to take off into the wind." The crew of the N. C-4, which arrived from Halifax last night just as her two sister ships were returning from the false start, were examining their plane this morning to determine whether she was in shape to attempt the start to the Azores this afternoon.

BLIMP IS FOUND.

St. Johns, N. F., May 16.—The prospect that the United States dirigible C-5 would be the first balloon, and possibly the first airship to cross the Atlantic, has received a severe blow and American naval aeronauts were plunged into gloom today.

The American destroyer Edwards, which pursued the "blimp" after she broke from her moorings and drifted out over the ocean last night, reached the dirigible's side early today and is towing her back to this port, according to reports reaching here. But the aeronautical experts feel certain that the balloon sustained considerable damage when she fell into the sea and that it may be some time before she can be made ready to start the trans-Atlantic flight.

Sighted by Steamer. A British steamer is reported to have first sighted the "blimp" in the darkness last night, 85 miles off shore. Lieutenant Little, who was aboard the balloon when a strong wind tore her from her moorings, had partly ripped open the safety valve permitting the gas to escape when the "blimp" started off and he jumped to safety.

Apparently the dirigible was gradually deflated as she swept eastward in the wind and settled upon the water before darkness.

The steamer came upon the drifting gas bag quite unexpectedly, it was reported, and narrowly escaped piercing the bag with her bow. The vessel's officers knew nothing of the dirigible's presence in the vicinity and were astonished when the big

(Continued on Page 2.)

HUNDREDS WORKING IN PREPARATION FOR TOMORROW'S WELCOME

Only Pleasant Weather Needed to Make Celebration Great Success.

LINE-OF PARADE ABLAZE WITH BUNTING

Program of Events Beginning at Two p. m. and Lasting Until Eleven at Night.

Hundreds of men are hard at work today preparing for tomorrow's Welcome Home to the men from the service. Decorators are spreading bunting and flags over business blocks and residences. Cooks are preparing the feast which is to be served to 800 soldiers and sailors on the tennis courts overlooking the old golf grounds on East Center street. Scores of carpenters and electricians are completing the Court of Honor in the ravine below, where 45 white pillars will commemorate the 45 Manchester lives lost in the war. Others are building a long line of refreshment booths near by and still others are moving to a velvety surface the broad lawn where under the soft glow of many-colored electric lights the young people will dance on the green.

The busiest place of all is the Army and Navy club house where half a hundred workmen are putting the finishing touches on a building which was not started until a week ago last Monday morning. The work has been interrupted by three days of rainy weather but even at that the structure will be practically finished by tomorrow noon. The exterior is already finished and painted, and carpenters are now laying the finishing floor. They will work until eleven o'clock tonight.

The Day's Program. Only pleasant weather is needed tomorrow to make the day one long to be remembered. The festivities will begin with the dedication of the Army and Navy club house at 2.15 p. m. The presentation will be made by Frank Cheney, Jr., and the acceptance will be by officers of the club. At 2.30 the parade will form on Main street. The line will include a first division of escorts—Company F, Connecticut State Guard, Spanish War Veterans, and Drake Post, G. A. R., in automobiles.

The second division will include the army and navy veterans, the wounded men on foot and the wounded in automobiles; a platoon of yeowomen of the U. S. navy and a platoon of overseas Y. M. C. A. and Red Cross workers. The third division will comprise floats bearing war relics, artillery, etc., and an army Whippet tank running by its own power. The procession will move north on Main street past the reviewing stand at the Center to Depot Square, then countermarch to the Center and east on East Center street to the golf grounds.

Memorial Service.

A five o'clock memorial service will be held at the Court of Honor, conducted by Rev. Dr. Heselgrave. This will be followed by the ceremony of decorating the colors; the presentation of the colors to the town by Lieut. Albert Dewey, and their acceptance by Aaron Johnson, chairman of the Board of Selectmen.

At 6.30 an address of welcome will be given by Rev. W. J. McGurk.

(Continued on page 2.)

WHO WILL WILSON NAME AS LEAGUE'S U. S. DELEGATES?

Taft, House, Lowell, White, Fosdick and Walsh Are Mentioned.

JANE ADDAMS' NAME IS ALSO SUGGESTED

Speculation Rife in Official and Congressional Circles Today—Great Responsibility Would Rest in Apportion.

Washington, May 16.—Speculation is rife in official and Congressional circles today as to whom President Wilson would designate to officially represent the United States in the higher councils of the proposed League of Nations.

In the event of the Senate ratifying the League covenant, which it is expected to do eventually in a much-amended form, despite strong opposition from both Republican and Democratic Senators, upon the President would devolve the appointment, subject to confirmation by the Senate, of those who would personally look after the interests of the United States in the League just as upon him, under the constitution, rested the responsibility of selecting American diplomats personally to care for American interests in those foreign countries in which they were the accredited representatives. It was stated.

Can't Take Away Rights. For any move to be made in the Senate to limit or to take away the President's right to appoint representatives in the directing or governing bodies of the league would be to run counter to the appointive power vested in the President by the constitution, was the view taken by Senator Hitchcock, Democratic leader, of Nebraska, retiring chairman of the Senate Foreign Relations Committee and other senators irrespective of whether they favored the proposed league, or not.

Designation of Raymond B. Fosdick, as an American official representative in the League, served to focus interest on the probable who's who of American representation in the contemplated world peace schedule.

Taft Mentioned. The names of President Taft and Colonel House were naturally on many lips, but the belief was expressed that possible political exigencies of 1920 might deter Taft from accepting an appointment from President Wilson as an American representative in the League, while it was reported that Colonel House desired to retire from public life for a period of protracted rest after the completion of his duties at the peace conference.

Others Talked About. Henry White, as a veteran diplomat; President Lowell, of Harvard, as an ardent league champion; Francis P. Walsh, as one who would be highly acceptable to the country's labor interests as representative of them in the League and Jane Adams, noted Chicago settlement worker as one of several prominent women who could fittingly represent American womanhood in the league, were all talked about today as not unlikely to be among those considered by the President.

White House Silent. In White House circles, however, blind ignorance was professed as to whom the President really had in mind, although it was not con-

(Continued on Page 2.)

GERMAN BISHOP APPEALS TO POPE TO HAVE PEACE TERMS MITIGATED

Teutons Want to Discuss Treaty with the Austrians

Paris, May 16.—The German peace delegates today received a number of messages from Berlin, directing them to insist on the right to confer freely with the Austrians and also on the right to carry on oral discussions with the Allies.

The Allies are now framing a reply to the German demand for oral discussions. The text of the German note and the allied reply probably will be made public next week.

To Put It To Vote.

Copenhagen, May 16.—The German government will arrange for a ballot by the people on the question of peace terms if the Allies refuse to make any concessions, said a dispatch from Berlin today quoting the newspaper Mittag Zeitung.

TEXTILE WORKERS ASK FOR 15 P. C. INCREASE

600,000 Operatives in U. S. Interested—15 Per Cent Raise Was Granted Last Year.

Fall River, Mass., May 16.—A demand for an increase of 15 per cent in wages was made today on all textile manufacturers in the country by the 600,000 operatives in the ranks of the Textile Workers of America.

Announcement of the demand was made by President John Golden. Textile workers demand, he said, that the increase take effect May 26 and that it be binding until April 1, 1920.

Orders for the demand, Golden added, were received by mail today by all local unions affiliated with the United Textile Workers Organization.

The National Association of Cotton Manufacturers was notified. Last Raise Last Year.

The last general increase in wages for textile operatives was on July 5, 1918, when 15 per cent was added to the pay envelopes of many workers. Since that time there has been a reduction in the hours of labor.

This was brought about by the United Textile Workers when, in February of this year they demanded and were granted the 48 hour week.

The operatives had been working 54 hours a week. Several thousand textile workers in Lawrence went out on strike demanding the pay for 54 hours work with the 48 hour week. Many are still on strike in that city. Labor leaders here today said that the increase now asked would more than make good the loss in wages sustained by the textile workers under the 48 hour schedule.

Mill agents had no announcement to make today but it was reported from several Massachusetts textile centers that an advance in wages on May 26 was under consideration by the manufacturers.

ANOTHER ARCHDUKE FLEES FROM AUSTRIA.

Geneva, May 16.—Archduke Maximilian, a brother of former Emperor Charles, of Austria, is the latest member of European royalty to arrive in Switzerland. Four more archdukes are expected to arrive here this month.

Aristocratic families continue to arrive from the former dual monarchy, where, they report, living conditions are intolerable.

WILSON'S BUSY DAY.

Paris, May 16.—President Wilson spent today receiving various delegations, among them the Albanians, who protested against "the surrender of the oldest independence in the world."

Other visitors included Prince Charon, of Siam and Dr. Buezo, brother-in-law to the president of Uruguay.

There were a number of complimentary calls.

URGE SIGNING OF PACT.

Copenhagen, May 16.—German merchants and other Germans of practical affairs are urging the Berlin government to sign the treaty as the only way to end the present stagnation, said a dispatch from Berlin today.

BIG MAIN STREET SITE BOUGHT BY G. E. WILLIS

Takes Over Loomis Property in North End—Is 300x500 Feet—Largest Deal in Years.

Gilbert E. Willis, the well known north end coal dealer, this morning bought the Charles B. Loomis property at the corner of Main and Hilliard streets. This property has about 300 feet frontage on Main street and about 500 feet on Hilliard street, and is considered one of the most valuable business sites at the north end of the town.

There are two houses on the tract as well as two large barns and the sheds of the Harry F. Hill Lumber Company. One of the houses is the old Loomis homestead. The property was well known as the Norman Loomis property and has been held by the Loomis family for over 50 years. When the late Norman Loomis came to Manchester over half a century ago he bought the farm that extended from Main street all the way to the Hockanum river. From time to time the property has been disposed of and this last sale practically finishes up the entire tract.

Mr. Willis told a Herald man this noon that he had bought the property with the idea of developing it. He will doubtless cut it up and offer it for sale. At present he has no definite plans but he is sure that the property will be put to a good use. It is one of the largest real estate deals that has taken place at the north end in a long time.

LOYD GEORGE'S VISIT TO GERMANY IMPORTANT

Is to Collect Data in Occupied Area For the Big Four—Conferring With Foch.

Paris, May 16.—The deepest interest is displayed here in Premier Lloyd George's visit to the occupied area of Germany today.

Ostensibly, the British prime minister went into Germany to bid farewell to the Welch troops, returning to their homes. But his trip has a larger and more important bearing. While he is in the zone of occupation Lloyd George will obtain for the Big Four compact data from Marshal Foch, General Plumer, commanding the British army of occupation and Lieutenant General Liggett, commanding the American Army of Occupation, regarding their military preparations to enforce the blockade and push on to Germany in case Germany eventually refuses to sign the terms.

Because of Lloyd George's absence, the Big Four did not meet today. President Wilson received a number of small delegations; the Italian and Jugo-Slav leaders held conferences on the Adriatic problem, committees worked on the Austrian treaty, which is nearing completion and sub-committees prepared replies to the German counter-proposals handed to the allies two days ago.

The latest advices from Germany declare that the former junkers are now dominating in discussions of the peace treaty.

Teuton Ministers of the Gospel to Offer Special Prayers on Sunday—Socialists Want to Submit Treaty to Referendum Vote—President Ebert's Views on Subject.

Berlin, via London, May 16.—Bishop Schulte, of Paderborn, has appealed to Pope Benedict XV through Monsignor Pacelli, the papal nuncio to Munich to intervene with the Entente in an effort to have the peace terms mitigated, it was learned today.

Special Prayers Offered. The Supreme Evangelical Church council has instructed ministers of the gospel to deliver special prayers on Sunday "to strengthen the German people under God's leadership and, if necessary, to make sacrifices unto death."

Demonstrations against acceptance of the terms have continued in Berlin and the papers are printing hostile comment.

The Socialists' Plan. The Socialist organ Vorwaerts has attempted to open the way to save the government from the onus of signing by declaring that Germany is unable to accept the conditions nor can she refuse them. Under the present situation the Vorwaerts says, the Germans are obliged to negotiate with President Wilson, and, if necessary, submit the treaty to a referendum vote.

Ebert's View. The same newspaper quoted President Frederick Ebert as saying that "it is impossible to restore the repose of Europe by forcing the conditions on Germany," to assent, according to Herr Ebert, would be nothing but a lie forced by Germany's desperate plight.

Herr Landsberg, a member of the German peace delegation, who returned to Berlin from Versailles to confer with the ministers, is returning to the seat of the conference tomorrow. He and Herr Geisbert have attended two cabinet meetings since their arrival here.

"Up to Government." "The decisions on the peace terms rest entirely with the government," said Herr Landsberg. "The sole purpose of my visit was to hold conferences."

Herr Bernstein, writing in the Vorwaerts comes to the defense of the treaty, saying that it must be signed and that anyhow the most of the terms are reasonable.

OFF ON HONEYMOON.

Chicago, May 16.—Governor General Francis Burjon Harrison, 45, of the Philippines, and his 18 year old school girl bride, formerly Miss Elizabeth Wrentmore, daughter of Dean Clarence E. Wrentmore, of the University of Manila, who were married at the Blackstone Hotel here last night, will probably start today on a motor honeymoon to Washington, D. C., and the New England states.

CROWDER DENIES REPORT.

Washington, May 16.—Major General Crowder, Judge Advocate General, in a cablegram, to Secretary Baker today emphatically denied a published report that he would retire from the Army, and take a position with the Cuban government in order to avoid being implicated in the controversy over military justice.

BOLSHEVIK UPRISING.

Geneva, May 1.—A serious Bolsheviki uprising has broken out at Kustentzi, in Bulgaria, according to information received here today from Usku.

BUNDED SHADERS WHEELS.

St. Paul, Minn., May 16.—Johnny Dundee, of New York, started Bill Whelan, of St. Paul, on the road last night here last night.

TO GIVE EX-SERVICE MEN in the Employ of the Evening Herald an Opportunity to Participate in the Celebration in Their Honor Tomorrow the publication of the paper will be omitted. A complete illustrated account of the celebration will appear in Monday's Herald.

ELMAN'S

Johnson Block Main and Bissell Streets

IT PAYS TO ADVERTISE IN THE EVENING HERALD

WHO WILL WILSON NAME AS LEAGUE'S U. S. DELEGATES?

(Continued from Page 1.) sidered improbable that he might ask both President Taft and Colonel House to help represent the United States in the League.

At the capitol Senators bent on amending the league covenant in its present form, which Senator Knox, Republican, of Pennsylvania, described as "suicidal" declared that if the President is to exercise the executive power in designating whom the American representatives in the league are to be, the Senate should determine what functions those representatives are to have when it was called upon to confirm their appointment.

It is suggested by the same Senators that each American representative should be appointed for a specific term of years, instead of for an indefinite period and should be more subject to the Senate than the customary American diplomatic representative is.

Would Senate O. K. House? Another point raised was would the appointment of Colonel House and other close adherents of the President be acceptable to the Senate and would not the President and the Republican majority in the Senate be unable to agree upon both personnel and the status of American representation in the league?

When the attention of Democratic senators was called to this possible phase of the situation they once more recalled, with renewed emphasis, the possibilities of the President's power if pitted against the Republican Senatorial majority of two, a veto power which was regarded as more than likely to determine the result of the repeated friction already anticipated by the White House and the 66th, Republican, controlled, congress after the latter gets down to business.

WIND HAMPERS START OF TRANS-OCEAN TRIP

(Continued from Page 1.) gray mass suddenly loomed up before them. They turned searchlights upon her side and upon discovering her identity, sent wireless messages broadcast, reporting the find. The United States cruiser Chicago, in St. John's Harbor, asked the steamer to stand by until the destroyer Edwards could reach the spot.

BIG BRITISH DIRIGIBLE MAY START VERY SOON.

Atlantic City, N. J., May 16.—The accident to the American dirigible C-5, at Newfoundland last night, makes it appear possible that the giant British dirigible, R-34, may win the honor of being first to cross the Atlantic. Reports reached the Pan-American Aeronautics Congress, in session here, that the R-34, which is nearly three times the size of the C-5, probably will advance her scheduled time of departure and start very soon.

MESSAGE TO BE BRIEF.

Paris, May 16.—President Wilson's message to Congress will be brief and formal and will not discuss the peace situation, it was learned today.

The President is putting the finishing touches upon the document. When it is completed it will be cabled to Secretary Joseph P. Tumulty, in Washington, who will make arrangements for its presentation.

The message, it is understood, simply recites the necessity for Congress to carry on the work of the nation, rectifying the failure of the last Congress to enact appropriation bills.

CAN'T WASH ON SUNDAY.

Meriden, May 16.—It's against the law to do laundry business in Meriden on Sunday, according to Police Judge Thomas P. Dunne, who this morning fined Thomas W. Flanagan and Thomas A. Shanley \$5 and costs each on complaint of other laundrymen that they were washing on the Sabbath. Their counsel was informed that no appeal was allowed under the city charter.

PREMIER HUGHES SAFE.

London, May 16.—An aeroplane carrying Premier Hughes of Australia from Paris to Croydon, which failed to arrive last night, is unofficially reported to have made a landing at Abbeyville, France, on the morning. The air ministry had watchers out along the coast all night.

HUNDREDS WORKING IN PREPARATION FOR TOMORROW'S WELCOME

(Continued from Page 1.) At 6.30 supper will be served to the marchers at long tables set on the tennis courts.

Following the supper there will be band concerts, dancing on the green, moving pictures, signal bombs and fireworks. The festivities will come to an end at nine o'clock with the singing of "Auld Lang Syne."

NOTES.

All of the stores in town will be open this evening and also tomorrow morning. Housewives should bear this in mind. It will be almost impossible to obtain week end supplies after tomorrow noon.

Main street has not as yet, assumed a full military appearance. The decorations seem to be going up very slowly, but it is expected that before Saturday noon, practically every business establishment and residence along the line of march will be gaily attired in various colors.

A photographer of an out-of-town paper staff was in town yesterday and also today, taking pictures of some of our decorated buildings.

A replica of the famous Salvation Army doughnut kettle will be stationed at the Golf grounds tomorrow. The proceeds derived from the doughnut sale will go towards the quota which the local corps is to raise in town very shortly.

What is perhaps one of the most effective decorations along the line of march is the display at the Park theater building. Much favorable comment was heard on its appearance last evening.

One of the biggest surprises of tomorrow's celebration will appear in the movie program which is to be presented. The title of this feature and its nature are being kept secret but suffice to say it will receive a tremendous hand when presented on the screen.

It's a safe bet that the Welcome Home celebration general committee would be greatly relieved if Manchester possessed a second Horace Johnson.

MARINE CHANGES HIS MIND AS TO "CALL" FOR FRENCHMAN.

Bar-le-duc, France, May 15.—A certain Major of Marines hurried into the office of the A. P. M. here the other day, had his orders checked, then looked at the clock.

"Just got time to go up and give that Frenchman a piece of my mind!" he announced. "Sent my watch in here a year ago to get it fixed and it never came back. He never even answered any of my letters. Haven't been able to get leave until now and, believe me, here's where I tell him a few things!"

Out he hurried. Ten minutes later he was back, smiling sheepishly. "Guess I'll keep my remarks to myself," he announced. "That Frenchman's got an apology coming from a United States Marine. There isn't any more jewelry shop."

It had been destroyed in a German air raid.

BLIND GIVES THREE PLAYS.

Jacksonville, Ill., May 16.—Blind students at the State School for the Blind here participated in a recent entertainment at which three plays were given. They staged the old one-act plays entitled "The Silver Lining," "Gretna Green" and "Ashes of Roses." Part of the audience was blind. Witnesses who could see said the general interpretation of the persons portrayed was excellent. The ease with which the various entrances and exits and stage movements were accomplished was particularly commented on.

WANT NEW CLOTHES.

Paris, May 16.—A feature of the German note on the release of war prisoners was a request the allies equip the German captives with new shoes and clothing. In French semi official circles the comment was made today that the new clothes which the Germans wore last year when they boasted they would capture Paris "have evidently worn out by overpressing."

BLOODY BATTLE AT AGRAM.

Genova, May 16.—Scores have been killed in a sanguinary battle between Servians and Croatsians at Agram, in Croatia, according to information from Vienna today.

STOLE FOR "HER MAN."

Indianapolis, Ind., May 16.—Sallie Beard explained her action in visiting several downtown stores and taking silk shirts and other goods by saying she "had a man in France and he'd be home soon and need them."

ASKS FOR NIP AND SMOKE

WHILE IN INFIRMARY—119 Chicago, May 16.—Squire James, negro, was being admitted to the Oak Forest Infirmary.

"My goodness!" said James. "Here I have been saving my money for a long long time and thought I had enough to see me through until my time come to die; but who'd a thought I would live to be 118 years old."

James was much worried regarding regulations at the institution.

"Kin I get a little drink once in a while? And boss, do I gets to keep my pipe and tobacco sack? I know both 'o dem is bad habits, but I been doing 'em so long I jes can't stop all of a sudden."

THREE VOLUNTEER FOR SPANKING.

Elyria, Ohio, May 16.—"We are going to have a public spanking and I want volunteers," said Judge Duffy in open court. "Who will volunteer?"

Every husky in the employ of the city shot up his hand. The victims were three small boys who had hurled stones at a troop train and had hit a railroad fireman. Their parents agreed to the spanking ordered by the court. The "spankers" are to be drafted.

PROVES SNAKE STORY.

New Castle, Pa., May 16.—Dick Cook, a local character, has been sending to the papers each spring hair-raising snake stories. This year he took a different course. He appeared in the editorial room of one of the papers with a live black snake coiled around his neck and shoulders.

"I've been in here before with snake stories and I don't think that you believed me. But you will this time. I'm bringing the evidence. The snake was five feet four inches long.

ZINC COMPANY FORMS.

Knoxville, Tenn., May 16.—The Community Zinc Company has filed application for a charter here, capitalized at \$1,000,000. The company, which holds options on more than 1,700 acres of zinc land lying between Mascot and Strawberry Plains, Tenn., is planning to begin prospecting work within the next few weeks.

COPS ORDERED TO "SPRUCE UP."

Columbus, Ohio, May 16.—"Spruce up!" That is the order that has been given to Columbus patrolmen by the Director of Public Safety. Sergeants have been instructed to have an inspection at each roll call, watching for untidy clothing and unshined shoes. Since the order has gone forth it is to be noticed that the old family sad iron has been busy and the creases more numerous than in the old days.

DANCES JIG AT 88.

Columbus, Ind., May 16.—Hekiah Griffith, president of the First National Bank of Columbus, danced a jig, a sort of buck and wing exhibition of pioneer days on his eighty-eighth birthday, to show that the hand of age had not rested heavily upon him.

LODGE ASKED TO HELP ITALY'S FIUME CLAIM.

Rome, May 16.—One behalf of the American colony in Rome, Elizabeth King Crowford today sent a cablegram to Henry Cabot Lodge, urging him to support Italy's claim for Fiume in the American Senate.

FOR SALE—Choice Barred Plymouth Rocks; eggs for hatching.

\$1.25 per 12; \$9 per 100. J. F. Bowen, 27 Middle Turnpike East, School St.

FOR SALE—Dining room table, side board and refrigerator.

Call at 163 Main street.

FOR SALE—Indian twin cylinder motorcycle in fine condition, used but little.

Frank Edgar at Quinn's Drug store.

FOR SALE—Three Fox Terriers; Inquire John Hanson, 35 Locust St.

FOR SALE—Open delivery wagon in good order. Inquire Phillip Lewis, 11 School St., Tel. 633-4.

K. OF C. TO SWARM TO MANCHESTER SUNDAY

Over 400 Knights of Columbus from Connecticut and Rhode Island coming to Third Degree—Four Halls Hired.

Sunday will be a notable day in the history of Campbell Council, Knights of Columbus. On that day Manchester will be the gathering point of one of the greatest assemblies of Knights ever held in town. The occasion will be the exemplification of the third degree on a class of forty candidates.

Representatives and delegations from all the leading councils of Knights of Columbus of Connecticut and Rhode Island will attend this degree working. It has been necessary for the local Knights to hire four halls to meet the requirements; they have engaged both halls in the Tinker block, the Foresters' hall and the Ferris hall.

The degree work will begin at 2.30. The candidates have been notified to meet at Knights of Columbus headquarters at 9.45 a. m. Sunday and at 2 p. m. The committee, in charge of the arrangements for the degree work consists of Grand Knight Fred H. Wall, P. J. Hutchinson, P. J. O'Leary, Frank G. Balkner, John F. Tynan and John H. Gill.

The Manchester Knights find their council progressing at a surprising rate. Remarkable increases in membership are being made, due in large measure to the record of the Knights of Columbus in war work and to the attractions offered to members. Over one third of the entire membership were in the military and naval service of the United States; many of the soldiers and sailors have returned home, and are again active in the affairs of the council.

BRIDAL SURPRISE PARTY.
About 25 of Mrs. Mark Holmes' former fellow workers in the ribbon mill gave her a surprise party at her home on North Main street last night. The gentlemen appeared in costume, William Frazier making a decided hit as a minister. During the evening, Albin Gustafson entertained with songs and dancing and the Misses Alice and Madeline were favored with vocal and piano selections. On behalf of those present, Oscar Anderson presented to Mrs. Holmes a cut glass dish and berry spoon. Games, music and dancing helped to pass a most enjoyable evening. Before the party broke up about midnight, refreshments were served.

Mrs. Holmes, before her marriage, was Miss Mabel Keeney of North Main street. She was married a week ago last Wednesday to Mark Holmes, head bookkeeper for The Herald Printing Company.

ATLAS VS. INDIAN A. C.
The Atlas will lineup against the Indian A. C. of Hartford, Sunday at the Main street field. The visitors have a fast lineup and the Atlas boys will have to travel at top speed to come out victorious. The Indians are composed of Morse Business College stars and other players of note. The game will start at 2.30. The Atlas will lineup and bat in the following order: Stowe 3b., Anderson r.f., Robb 1b., Henry c.f., Barrett ss., Richmond lf., Walleit 2b., Noble c., Cervino p.

BUSY DAYS FOR S. A. BAND.
The local Salvation Army band has a busy week end ahead of it. Tonight, the band will provide a concert at the rally in the interest of the Memorial hospital, Saturday it will participate in the Welcome Home celebration and Sunday it will play in the afternoon and evening at meetings in Holyoke, where Brigadier Mrs. Shepherd, recently returned from France, will speak in the interest of the Salvation Army Home Service Fund.

Throwing Mill Girls Defeat Main Office Girls at the "Rec."
In a special bowling match at the Recreation Center last evening, a team of five girls from the throwing mill defeated the main office girls' team in two out of three games. Mildred Morrison of the throwing mill team bowled a single of 91, and a three-string score of 265. The main office girls have rolled several matches this season and were considerably disappointed at being trimmed by the throwing mill girls.

ORLANDO VISITS WILSON.
Paris, May 16.—Premier Orlando, of Italy, and Baron Sonnino, the Italian foreign minister, held a lengthy conference with President Wilson, following an interview with Premier Clemenceau. It is understood that the Flume situation was discussed.

Circle Theater

The author of "A Woman's Experience", the play that has set the whole town talking, and which will be shown again at the Circle tonight, is Paul M. Potter, one of the most successful authors of strange fiction the world has ever known.

Some years ago Mr. Potter created his famous "Trilby", which was printed in every known language and read by millions in every quarter of the globe. It remained a sensation for years, and there is hardly a man or woman alive today who does not recall the famous Svengali and his hypnotic subject, Trilby.

But "A Woman's Experience", the latest work from the pen of this gifted author, is by far most thrilling and is the crowning achievement of Mr. Potter's career. Like other of Mr. Potter's successful stories, "A Woman's Experience" found its way to stage and screen, and in the screen version, which will be offered here next week, the director has taken fullest advantage of every scene and action to develop the play up to a terrific climax.

A Pathe comedy will be on the same bill and as an added attraction Acting Manager "Doc" Sullivan will present Joe Durkin, Manchester's Al Jolson, in popular selections. Joe is well known and his singing has made a hit wherever he appeared. He has the latest songs and tonight he will be heard at his best. This attraction alone ought to pack the Circle.

For tomorrow the Circle has arranged for a special Welcome Home holiday bill. The matinee performance will start at 3 o'clock, after the parade. The feature will be Earl Williams in "The Highest Trump". There will also be shown another chapter of "The Lightning Raiders", the Pathe News and a two reel Big V comedy.

Park Theater

Vaudeville and movies are on the bill at the Popular Playhouse this evening. Earl Roberts Lodge, Sons of St. George are having a benefit performance. Tickets have been on sale for several weeks so a capacity audience is assured. The movie feature will be a Goldwyn with Will Rogers, the larial expert, playing the star part. The name of the feature is "Laughing Bill Hyde".

No one could rightfully accuse Will Rogers of being a Lothario. But the famous larial-throwing wit proves an ardent lover in the name role of "Laughing Bill Hyde". When Bill Hyde (Will Rogers) finds a burly rowdy making insulting remarks to Ponotah, a half-breed girl in an Alaska settlement, he gives him a sound thrashing and receives Ponotah's thanks. Then she tells Bill that she is half owner in the Aurora Borealis mine, but that Slayforth, the man in charge, is trying to cheat her out of her share. Bill's an escaped convict, but he vows that no man can rob a friendless girl if he can prevent it. So he sets about to get for the girl what rightfully belongs to her. He finds it hard plugging, but finally makes Slayforth settle in full with Ponotah.

His efforts in her behalf cause Ponotah to love him and one day she asks Bill: "When are you going to ask me to marry you? I love you and you love me—I feel sure you do."

"Might be somethin' in that—but I'd make a bum husband", Bill replies, thinking of his past.—But Bill is really hard hit, and it isn't long before he asks Ponotah to share his lot with him.

For tomorrow John F. Sullivan has arranged a special triple feature Welcome Home bill. The matinee will start after the parade, around 3 o'clock.

'STOLE BRIDE ON WEDDING NIGHT; HUBBY IS MAD.
Bridgewater, Mass., May 16.—Charles Brownell, of this town, was the victim of an "unpractical" joke in his opinion, when friends of the young man kidnapped his bride following the ceremony, took her to the home of one of the young women conspirators, and held her a prisoner until the following morning.

Shortly after the wedding cake had been cut an auto drew up in front of the door and the appearance of the bride was the signal for action by the kidnappers. She was hurried into the machine, which sped away at full speed. Not until next morning was she returned to the disgruntled husband, who admits he failed to see the joke.

It is noted that neither soft soap nor whiterash is placed by Congress among the taxed luxuries.

"GEORGIA CYCLONE" SOLON TO PREACH AT CAPRIAM

Knoxville, Tenn., May 15.—Congressman Will D. Spaway, of the Atlanta district, often called the "Georgia Cyclone", will conduct night revival services at the Fourth Baptist Church in Washington during the time that he is attending Congress in the day. He made this announcement in an interview while visiting here. "It will not take any time away from my official duties", he says. "The time which other Congressmen spend attending movies, and vaudeville, I shall spend in preaching the Gospel. So I shall preach at night and work in the daytime for the same things. I preach at night—that is, for the assistance of humanity in its upward struggle."

COTTON NIGHTIES BANNED, YET SILK IS TOO COSTLY.

New York, May 16.—Broadway theatrical producers complain they are being hard hit by the new luxury tax on nightgowns costing more than \$5 apiece. Most of the faroes now entertaining tired New Yorkers carry-boudoir scenes, wherein beauty appears in costly silk nighties adorned with ribbons, side pockets, collarettes, lace and what-nots that cost a mint of money. They fear the audiences would kick at cotton nighties.

STINGY MAN MAKES WIFE USE WASH WATER TWICE.

Columbus Grove, Ohio, May 16.—That her husband is so stingy that he made her save the water in which she did the family washing until the next week's washing, in order to save soap, is the main argument advanced by Mrs. Martha A. Botkins, who wants a divorce from Edward M. Botkins. She says her husband is worth \$40,000.

SERGEANT SHINES SHOES OF CORPORAL AFTER BET.

Columbus, O., May 16.—Military courtesy and tradition have been violated in Columbus. Top Sergeant L. N. Jones shined the shoes of Corporal Charles J. Riegger at McKinley monument, in front of the Ohio Capitol, while hundreds of interested spectators looked on. Jones bet Riegger that the Thirty-seventh Division would land in New York by April 1. It landed April 3. And Jones did a good job at shoe shining.

POLICE CHIEF 48 YEARS.

Lexington, Mass., May 16.—Chief Charles H. Franks, of the Lexington Police Department, recently rounded out forty-three years in police service in this town, the longest term of years in active police service of any police chief in the state. Even though the chief is seventy-two, he is "on the job" every day and is in good health. He has built the local police force into one of wide reputation for efficiency, and he is greatly esteemed by his men.

AIRPLANE TRIPS AT \$10.

Knoxville, Tenn., May 16.—An airplane passenger route will be established between this city and Maryville, a growing town about sixteen miles distant. An enterprising Maryville aviator will go to Toledo within a few days to get his plane. The trip between Knoxville and Maryville, will cost \$10.

CORSETS ARE LUXURIES.

New York, May 16.—Corsets are luxuries in the meaning of the new Government luxury tax, the National Retail Dry Goods Association was informed today by the Internal Revenue authorities, and all the mysterious be-ribboned things that women wear under their outer dresses must pay the luxury tax, the revenue men ruled.

After hastily reading the headlines on the peace treaty, many people are convinced that it is all wrong.

READ—IT'S FOR YOU

Yes, we appreciate your business, and that is why we are giving you the special low prices on all glasses fitted in our South Manchester office. Some people wonder how we can do it. It is simple. We do not depend on this office alone. As we fit more glasses in our Hartford office in one week than is sold in the entire town of Manchester in a month. But we want to increase our business in Manchester, and we are doing it! Are you with us? Do you want to save money on your glasses and at the same time get the best at a reasonable price? If so see us any night.

LOCAL MAN DISCHARGED FROM BRITISH SERVICE

Major Charles Hall of Royal Flying Corps Coming Home With English Bride.

Mr. and Mrs. Robert Hall of Summit street have received word that their son, Major Charles Hall of the British Royal Flying Corps, has been discharged and probably will reach home some time next month. Major Hall enlisted in the British service in 1915. After completing his training in England he flew across the English Channel to active service in France. He was wounded in one of his flying engagements, but recovered and returned to active service again.

For some time past, Major Hall has been engaged as a demobilization officer in England. When he returns to town, he will be accompanied by his English bride, to whom he was married during the winter.

COB KICKS UP GEMS FROM EARTH WHILE SHE WAS MAD

Lincoln, Neb., May 16.—George S. Christy, representative from Richardson County in the State Legislature, has a cow that will go down in history—at least in local history—as rivaling the heavy toothed mule that is said to have discovered the first valuable diamond mine in South Africa. Christy was driving the cow home one evening when she became unruly and tore up the turf with her hoofs. Christy noticed a bright looking object in the torn up turf beside the cow path, and investigated. He found a pure white tourmaline stone.

Investigating further he found more stones, including moonstones and a topaz. From the largest tourmaline he had six stones cut valued at \$15 each. Geologists say the big glacier which centuries ago covered this part of the country may have brought the broken bits of stones from the North.

MAKES WILL UNDER FIRE TWO DAYS BEFORE DEATH.

Pittsfield, Mass., May 16.—While under artillery fire in France in April, 1918, Private Michael Mierzowski, of Company F, 104th Infantry, made his will on two sheets of Y. M. C. A. paper, which he mailed to his mother two days before he was killed.

Beginning the will, Mierzowski wrote: "We are in such a place that my head is nearly split with bombardment."

He enclosed an insurance card and cautioned his mother to keep it, writing, "If I do not come back then you will get \$5,000."

The court disallowed the will because of technicality. The mother, Mary Mierzowski, will, however, receive the insurance by regular payments.

DRY GOODS, NOT WET, NOW.

Akron, Ohio, May 16.—From a rothseller to a dry goods store in two months, Akron's most famous dispensing place of liquors, which since the Civil War had been known as the V. B. & B. Cafe, anticipating statewide prohibition, closed its doors.

Every Man is a Wise Man

Because every man has something to teach; the thing life through experience has taught him to do.

Nature but reproduces: man's experience taking the world where Nature stops builds it better; whether he makes an iron plow to improve the crooked stick—

Or turns mere rubber and cotton into pneumatic tires.

Experience is that unseen thing in tires, the quality of which turns them out good or bad.

It vouches for Goodrich experience that Goodrich made the first American pneumatic tire, and ever since has fathered the improvement of automobile tires.

It shows in bulky, full-rounded bodies, and thicker BLACK SAFETY TREADS, extra wide, fortifying the sidewall against rut-scraping.

It returns value for your money in service value on your car on the road.

A DAY OF DAYS.

The next twenty-four hours in Manchester will be given over to honoring those of our boys who gave their lives in the great war and those who, having offered their lives, were mercifully spared to return to their homes.

Tonight the High School rally at the High School gymnasium will be the first step in the memorial tribute to our dead and wounded.

Tomorrow's initial demonstration will be the dedication of the "hut" which has been built as a club house for the returned soldiers and sailors.

Then will come the parade of discharged service men. Fresh from army training and discipline, they will be counted on to make a brave showing, and as they march between crowded lines of cheering well-wishers they cannot fail to realize that Manchester is proud of them.

This sacred duty performed, the rest of the day will be given over to festivity. A bountiful supper will be served to the marchers and then diversions of many kinds will be provided.

It will be distinctively the soldiers' and sailors' day. But the Herald cannot forget at this time the work of the loyal stay-at-homes who have backed the men in the service with money, with supplies and with labor.

Manchester can well be proud of its service men and satisfied with the indefatigable efforts of its War Bureau and its Red Cross chapter.

THE HARVARD PRODIGY.

Young Sidis, the prodigy who was graduated from Harvard when he was fifteen and whose brain had developed a lesion of some kind because of the hothouse education he was given, has been sent to prison for a year and a half for taking part in the May day riots and assaulting a policeman.

The trouble with him is that his brain was developed and that his heart and body were not cared for at the same time. If he had been watched to see that he had a proper physical development and if his interest in the humanities had also been looked after, we would not now have the pitiable sight presented of this youth, with such wonderful possibilities, becoming a fanatic.

HOSPITAL RALLY TONIGHT AT HIGH SCHOOL HALL.

Everybody Invited—Noted Speakers—Music and Singing—Purpose of the Meeting.

No more fitting way to show real appreciation of the sacrifices made by our soldiers and sailors in the World War can be imagined than to attend the Memorial Hospital rally which will be held this evening at our High School hall.

Every ex-service man in town should attend, and everybody else. Coming as it does on the eve of Manchester's great celebration, the rally is most timely.

The purpose of the rally is to have Manchester know the need for a hospital and to talk over the plans.

Dr. W. G. Crump

There will be no admission charged and no collections taken.

Dr. W. G. Crump, an eminent physician, who has made hospitals a life study, will tell what sort of a hospital this town should erect and how it should be managed.

The next speaker will be Capt. C. E. Lockhart, a famous soldier speaker who fought as well as he can speak. Co. G boys know him as he belonged to the 102nd Infantry and many will be at the rally tonight to shake his hand.

The other speaker of the evening will be our own Dr. C. E. Hesselgrave who will tell what he knows of hospitals on the battlefields.

The Salvation Army band will give a concert and the Liberty chorus led by Miss Marion Washburn will sing.

Let every son and daughter of Manchester who wishes to see a monument erected to perpetuate the memory of our brave boys who died for their country and whose wish is to show that he or she appreciates what our boys did for us in the war, attend the rally tonight.

ALL OVER COCOANUT.

Sailors and Policemen Battle in Brooklyn, N. Y.

New York, May 16.—One coconut caused a pitched battle between 100 sailors and dozens of policemen which resulted in the arrest of three sailors and many broken heads at Brooklyn police headquarters early today.

The police say a sailor took a coconut from a fruit stand and when the proprietor objected the sailors began wrecking his store.

The police say a sailor took a coconut from a fruit stand and when the proprietor objected the sailors began wrecking his store. Patrolmen marched three "gobs" to the headquarters station. Their comrades rallied 100 sailors who fought their way into the building and demanded that the trio be released.

YANKS PLANS HIS GARDEN.

Washington, May 16.—From France comes a call to the victory gardeners of the United States. It was in the form of a request from Captain Herman C. Pitts, M. C., U. S. Army, asking the National War Garden Commission to send one of its garden manuals to his wife in Providence, R. I. "The boys who fought," says the commission, "know how important are their home soldiers of the soil."

N. J. TOWN IS FIRST IN AIDING REFOREST WORK.

Washington, May 16.—To Cranford, N. J., goes the honor of being the first village to contribute as a unit to the fund of the American Forestry Association for helping to reforest the battle areas of France and Belgium. A check has been received from Mrs. Lee Lemon, secretary of the Cranford Village Improvement Association, contributing \$50 to the fund.

NEW GRAND OPERA STAR IS AN AMERICAN GIRL.

May Be Greatest Soprano—Is But 19 Years of Age and Was Trained in America.

Paris, May 16.—The discovery of a soprano, Geraldine Farrar, destined to achieve world renown as perhaps the greatest lyrical soprano in America, was announced by Cleofonte Campanini, noted opera director, today.

The new opera star is a 19 year old American girl, Evelyn Herbert, of New York. She has been trained at the expense of Enrico Caruso for three years and the Italian singer has directed her instruction.

"I signed Miss Herbert to a contract on the eve of my departure for Europe," said Campanini. "She will make her debut in Reginald DeKoven's new opera, 'Rip Van Winkle', in which she will have a leading part, appearing first in Chicago and later in the Metropolitan Opera House, in New York.

"This will be the first time in the history of opera that an American girl, untrained in Europe, has appeared in a great role in opera in America."

MOTHER'S BODY FOUND.

Salisbury Beach, Mass., May 16.—The body of Mrs. Cecelia Gray, of Perth Amboy, N. J., who perished with her four young children when the tug Nanticoke foundered off the Isles of Shoals in Wednesday night's northeast gale, was found floating off shore here today by men of the coast guard station No. 19. Watch was being kept all along the shore for the bodies of the children, also for the body of Albert Lent, of Taunton, engineer of the Nanticoke, who was carried down with the barge.

Mrs. Gray's body was sent to a Newburyport undertaker. Her sister, Miss Mary Kelly, of No. 55 Henry street, Staten Island, was notified.

86 WAR BRIDES ABOARD.

New York, May 16.—Eighty-six "war brides" were aboard the transport Plattsburgh, which docked in Hoboken today with 2,593 persons aboard, the majority of them being men of the 332nd Field Artillery Regiment, largely draft-men from Ohio.

Among the brides were 60 wives of soldiers, 13 sailors' wives and three naval officers' wives. There were also ten soldiers' and three sailors' children.

LIEUTENANT DUFFY BACK.

Lieutenant Ward E. Duffy, of the 303rd Field Artillery, who left the Evening Herald editorial staff two years ago to enlist, and who returned from overseas two weeks ago, has resumed his place on this paper. He will move his family here from West Hartford where they have been living with his parents, as soon as he can find a suitable house. Lieutenant Duffy found his family increased by a little daughter, born after he went to France.

CAVEMAN HELD FOR TRIAL.

New York, May 16.—John E. Carey, wealthy surgical manufacturer, accused of invading the apartment of pretty Mrs. Helen C. Waterman and carrying her off to his room in her night gown, was today held for trial in \$3,500 bail, charged with burglary, abduction and felonious assault. Magistrate Steers said he had no doubt that the cave man episode was an aftermath of too many bathing beach and tango-tea parties attended by Carey and the young widow.

BANDITS ROUTED.

Washington, May 16.—Following the publication of dispatches from Douglas and Naco, Arizona, stating that a number of bandits on May 9 entered and raided the town of Cananea, Sonora, the Mexican Embassy today received a telegram from General Miguel Pina, Governor of the state of Sonora, reporting that on Wednesday troops under Major Meza completely routed the Cananea bandits, who left several dead and wounded and a number of horses.

OLDEST MAN DEAD.

Shelton, Conn., May 16.—Daniel O. Johnson, 102, believed to be the oldest man in Connecticut, was found dead in bed by his daughter, near New London, early today. Johnson became the father of a girl baby when he was 85 years old.

27,000 ON STRIKE.

Winnipeg, May 16.—Twenty-seven thousand workers, including department store employees, waitresses, postal employees, engineers and municipal clerks quit work in a general strike here today. The bakers also walked out and there is no bread on sale.

BOLTON

Bolton's quota in the Victory Liberty Loan was \$10,500, and \$25,000 was raised.

Mrs. Charles F. Sumner and Theodore Reichard won the helmets. Mrs. Sumner alone raised the quota.

School Supervisor Leon C. Staples of Ellington conducted a teacher's meeting in the the South school Tuesday afternoon. Wednesday afternoon Mr. Tucker of the State Trade School addressed the older people at the Center school.

Mrs. James Connors and Frederick S. Doane have received word of the serious illness of their brother, Frank Doane of Colchester, and were there the middle of the week to see him.

Miss Mary Mathew, who has been ill with an abscess of the eye is improved.

Miss Annie M. Alvord has been spending a few days with Mrs. Benjamin Tryon at Manchester Green. At a town meeting held Wednesday evening it was voted to purchase medals and a bronze tablet with the Bolton soldiers' and sailors' names and to place the latter in the Bolton hall temporarily.

The next meeting of the East Central Pomona Grange, No. 3, is to be held in Coventry, Wednesday the 21st.

Elmer J. Finley of New York is with his mother, Mrs. E. J. Finley, for a few days.

WITH EACH PAYMENT OF LEGACY HE BUYS BONDS.

Chicago, May 16.—The other morning Albert Stenberg bought \$5,000 worth of Victory bonds. That afternoon he received a draft for \$5,000, the first payment of a legacy from Sweden. He bought another \$5,000 lot of bonds.

A week later he received another \$5,000 draft from the estate in Sweden. Same bond salesman got the second \$5,000—Stenberg's bond holding jumped to \$15,000.

Recently another draft of \$5,000 arrived—the last of the legacy. Uncle Sam got this \$5,000 also. "I'd like to have more of both bonds and drafts," commented Stenberg.

Store Open Until Nine O'clock Tonight Closed at Noon Tomorrow Anniversary Celebration Opening day was a day of buying crowds. Your needs are here too at the season's lowest prices.

This Great Event features timely bargain offerings of new Spring goods—just the things you need now and will want for early summer. Many fresh bargains go on sale tonight—bargains we couldn't display until room was made for them by the sale of some two-day offerings.

A Talk to Housewives

This is the season of the year when the wants of the home so far as beds and bedding is concerned come to the front in urgent form.

This talk to housewives is to give the facts that this establishment has never been so well prepared to meet every demand in brass beds, iron beds and the very latest wood bedsteads, also springs, mattresses and pillows.

Here you select from the products of the very best factories in America. There is no mistake about this statement. The goods are here, and we tell you the names of the manufacturers, so that you have the double guarantee of the manufacturer and ourselves behind every article. Watkins Brothers.

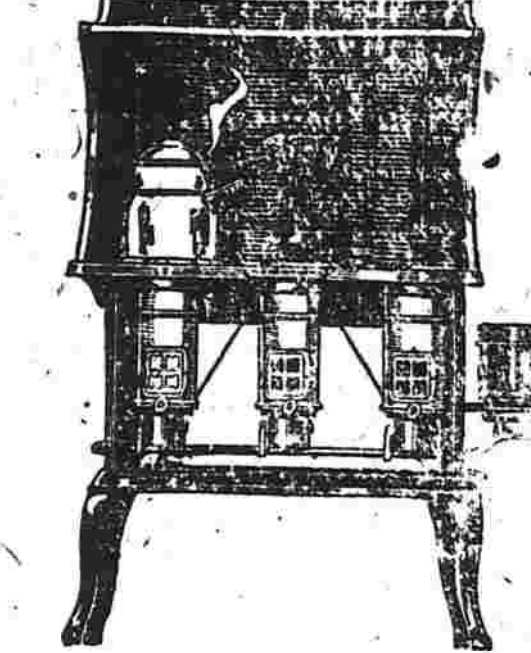

A Most Appropriate Gift

It would be difficult to select a more suitable wedding gift than the Cheney. The extraordinary beauty of Cheney cabinet design lends added charm to the new home.

The Cheney Phonograph

With your gift goes the key to the treasures of all record libraries. No other gift, however costly, can bring more real joy to the home. The Cheney is shown in a variety of beautiful models. Prices will be advanced on Cheney Phonographs June 1.

Do You Want a Comfortable Kitchen This Summer

Are you really interested in keeping your kitchen cool and comfortable? The New Perfection Oil Cook Stove is the most satisfactory hot weather cook stove a person can buy. The Long Blue Chimney Burners turn every drop of oil into clean, intense heat and drive it full force directly against the utensil. None wasted—no smoke or odor. At Last Year's Prices Although prices have advanced we are selling the New Perfection Cook stoves at last year's prices. \$18 for a three burner.

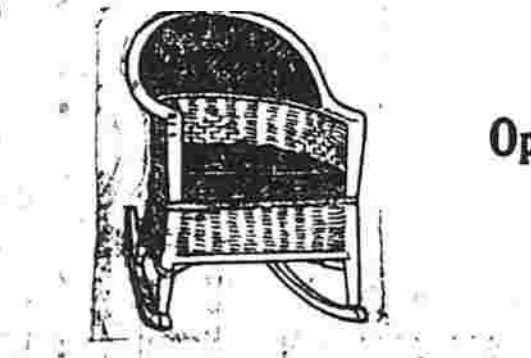

SUMMER FURNITURE

A Display Beautiful

Why not try an interesting experiment? Furnish a room in wicker, reed or fibre rush furniture. If hot a room try two or three pieces with the more conventional furniture in the living room. Wicker is year-round furniture, but especially is it spring furniture.

We have an exceptional display of this popular furniture—for the sun parlor, porch and living room.

- Arm chairs \$6 to \$28 Chaise Lounges \$29.75. Rockers \$8 to \$28. Tables \$6 to \$29.75.

METHODISTS TO BE OUT IN FORCE NEXT SUNDAY

Town to Be Combed by Canvassers in Interest of Great Centenary Movement.

Manchester will be combed by two sets of canvassers Sunday, when teams from both the Methodist churches will be out on their every-member canvass in connection with the Methodist Centenary Movement. There will be about 40 workers from the South Methodist church and another contingent of workers from the North Methodist church. A supper was served at the South Methodist church Wednesday evening when final instructions were given the canvassers and the necessary equipment distributed.

Centennial Celebration. As is well known by most people, the Methodists are planning a world-wide program of mission and war reconstruction work in celebration of the one hundredth anniversary of the organization in 1819 of the "Missionary Society of the Methodist Episcopal Church". The centennial celebration will be held in Columbus, O., next month and, while it is to commemorate the past, greater attention will be given to the future. The Centenary Movement calls for the raising of \$105,000,000 and the enlisting of about 50,000 young people for christian service. Of the \$105,000,000, it is planned to devote \$40,000,000 to Home work and a like amount to Foreign work, while \$25,000,000 will go for war reconstruction work.

All this is to be done in a period of five years and the canvassers are to go out to get pledges for that period. When a pledge is made for the centenary, this pledge will cancel the pledge made in the spring for the benevolences of the church and the new pledge will take care of all the benevolences of the church for the next five years.

Foreign Work. Under the program for foreign work, it is planned to provide 1174 village churches and chapels, 164 missionary residences, 657 native workers' houses, 647 village schools, 25 high schools and colleges, 1055 teachers' houses, 45 hospitals, 11 medical workers' homes, 486 missionaries, 1997 native pastors, 2802 teachers, 59 doctors, 32 nurses and 166 native helpers.

Home Work. Under the program for home work, it is planned to provide 3564 pastors in mission territories, 250 language pastors, 1239 other workers, deaconesses, evangelists, directors, superintendents and helpers; 2506 new church buildings, 1035 remodeled churches and 1188 parsonages.

The surveys for the Foreign and Home plans have been worked out to the last dollar. They have been so intelligently made that the same experts, leaders in Methodism, have been asked to make Home and Foreign surveys for the Inter-Church Movement.

Reconstruction Work. The reconstruction program of the Methodist Episcopal church calls for reconstruction work in both Europe and America.

In Europe. The task of the church in Europe is to do all in its power toward rebuilding homes and towns and cities. A great deal must be done in the way of pure relief. Evangelistic and social centers must be established with the sole aim of planting a simple, democratic, dynamic gospel in the midst of European civilization. A certain type of education has menaced and nearly destroyed Europe. Co-operating with other evangelical forces, the Methodists must help in a large way to establish another type of education, which will destroy war and rebuild the moral and spiritual life of the nations.

In America. The task of the church in the United States is to furnish community centers in country districts and in the midst of industrial populations; to furnish scholarships by which Methodist young men and women may be trained for leadership; to provide church buildings and community centers in new towns on reclamation projects; to take up its responsibility in the work of Americanization; to continue war emergency work at camps and ports of debarkation; to care for the orphans caused by war and influenza; and to meet other conditions such as the Negro exodus suddenly created by war changes.

Have four building lots on the south side of Henry street that can be bought for \$350.00 each. These are the last four lots that remain unsold on the street and are well worth the money. If interested, call on Thomas Ferguson, 175 Main street, who will be glad to show them—adv.

FINDS STILL IN TREE.

Knoxville, Tenn., May 16.—It is nothing unusual to find distilleries hidden in caves, cellars or in dense undergrowth of mountain laurel, states T. B. Ivins, veteran moonshine raider of the Internal Revenue Department. But to find one perched in the top of a towering oak tree is quite a novelty, he adds.

Mr. Ivins located a large copper still in such a place when conducting a raid in the famous old Tenth District of Sevier County, Tenn. The outfit was dislodged and destroyed.

Out door plants, geraniums, evergreens, fancy trimmed boxwoods in pyramids, balls and cones, rosebushes, etc. Park Hill Flower Shops, at East Cemetery Entrance and 589 Main street.

Fourth District's Welcome. Everything is ready for the Welcome Home reception and chicken supper for the 17 returned soldiers of the Fourth school district in the schoolhouse tonight. Forty-one boys of this small district answered the call of their country and the residents of this district mean to give

them a good time tonight. The seats have been removed from one of the rooms in the schoolhouse, electric lights have been strung and special decorations arranged. Dr. C. E. Hesselgrave, who served as a Y. M. C. A. worker with the 26th Division, will be among the speakers at the reception tonight.

STREAM OF GOLDEN MAIL FLOWS TOWARD TOLEDO, O

Tex Rickard Busy Receiving Orders For Seats For the Big Willard-Dempsey Fight.

Toledo, Ohio, May 16.—With the permit for the Willard-Dempsey championship battle July 4, properly signed, counter-signed and stowed safely away in the safe of A. J. Thacher, of the Toledo A. C., work on the arena under way and word from both fighters that "all's well", Tex Rickard, promoter of the fight today turned his attention to the stream of "golden mail" that has been flowing into his office here for the past few days, mail containing certified checks, cash and requests for seats.

The advance demand for seats gives the coming battle all the earmarks of a record breaker as far as to cash receipts.

Checks from several middle western sporting clubs, ranging from \$1,000 to \$5,000 for blocks of seats for "club members" have been received.

Rickard said he refused one check for \$20,000 because he feared the tickets were intended for scalpers.

Simultaneously with the issuing of the permit for the fight yesterday the Toledo ministerial union, an organization of 300 churches, filed a formal protest against the fight. Copies of the protest were mailed to Governor Cox and John Mathias, sheriff of Lucas County. The ministers, in their protest, declare the fight will attract "gamblers, thieves and thugs," to Toledo.

RETRAINING DISABLED SAILORS

Representatives of Navy Boards and Naval Hospitals Work With the Federal Board For Vocational Education.

Washington, May 16.—The Federal Board for Vocational Education has prepared a plan establishing a system combining curative workshops and subsequent vocational training, which has been adopted by the Navy department as a standard to be used by all navy yards in formulating their schemes for the retraining of men in the Navy and Marine Corps who are entitled to the advantages under the law governing this practice. The variety of occupations to be found in a navy yard provide sufficient means for the vocational training of the men, and the flexibility of the plan permits them to be trained for short or long periods during the day in any kind of work suitable to their physical strength. Vocational training is continued after therapeutic training is no longer needed, the Federal Board bearing all expense. Navy authorities are in hearty sympathy with the plan, which is already in operation at the Norfolk navy yard. Commandants and Medical Officers are cooperating with the representatives of the Federal Board. Besides the Norfolk navy yard, others which are working with the Board in the retraining of disabled sailors and marines are those at Charleston, S. C., and Portsmouth, N. H. Arrangements have also been made for this work to be done at the Philadelphia yard. Men in the navy yards are now receiving training in the following vocations: machine shop work, electrical, joinery, drafting, type-writing and stenography, arc welding, ship fitting, dental mechanics, barbering, and gyro compass test work.

DOUGHNUT SALE BEGINS.

First Sinker in Salvation Army Sale Brings \$10.

The Salvation Army corps has started to receive orders for its doughnuts, which are to be sold during the Welcome Home celebration tomorrow for the purpose of raising money toward the Salvation Army Home Service Fund. Miss Mary Cheney last evening placed her order for the first doughnut, paying \$10 for the privilege. Her sister, Mrs. Katherine Farley, bought the second sinker for \$5.

Orders may be sent in on Telephone 534. All the money from the sale of the doughnuts will go to the Home Service Fund and a large portion of it will be for the local work.

GAMES WANTED.

The Cub A. C. baseball nine of the West side, desire to arrange games with any 16 year old teams in the town or state. The Cubs are capable of putting a fast team on the field this year. For games address Matthew Moriarty, 74 Lyness street.

Each man he sees brain flood, but the wise trout doesn't "catch on."

WHITE SOX STRENGTHEN TEAM BY NEW PLAYERS

Rennie for Catcher and Glenney for Second Base—The New Lineup.

Prospects are beginning to assume a brighter appearance for the local White Sox baseball team, which has been pursued at the start of the season by the hard luck jinx which disabled the Yankee-American league outfit for two years. After starting the present season with a patched up team, the White Sox are at last being whipped into shape and the signing up of two local stars will materially aid them and it is hoped, break up the jinx.

At the start of the season the White Sox were fortunate in securing a first string catcher, but the jinx appeared again during last Sunday's game, when the premier backstop was injured to such an extent that he will be put out of the running for the rest of the season. This burden however has been lifted by the signing up of Jimmie Rennie who needs no introduction to local baseball fans. Rennie is acknowledged one of the best backstops in this vicinity and has appeared in this position with some of the fastest semi-professional teams in this state. Another player secured is Glenney, former High school star and last year's White Sox second baseman. Glenney, because of his connection with the school team, could not start this season, but arrangements have been made and he will be seen in the line-up on Sunday. The personnel of the White Sox is now as follows: Dowd, c.; McAdams, 1.; White, rf.; Pitt 3b.; Glenney, 2b.; Kornsa, 1b.; and P. Rennie, c.; P. Douast, p.; with Warren and Ritchie in reserve.

In order that the team may not conflict with the Welcome Home celebration of Saturday, the management has canceled this day's engagement. On Sunday they will have for their opponents on the Adams street grounds, the newly reorganized Victory A. C. of Hartford. This team is composed of some of the speediest stars in the Capitol city. Sunday's game will start at 3.15 p. m.

ATHLETICS TO PLAY

ELM CITY GIANTS. It is expected that there will be a big turnout at the Mt. Nebo ball grounds Sunday afternoon, when the local Athletic team will stack up against the crack Elm City Colored Giants of New Haven. This team is considered one of the best negro teams in New England and Manager Dowd was fortunate indeed to secure an engagement, as the colored wonders are usually booked solid far in advance. Aside from being wizards with the sphere, the dusky aggregation are also high class comedians, consequently Manager Dowd guarantees a baseball game and circus combined. The Athletic management has booked for local appearance some of the best semi-professional teams in this state and urges the support of the local fans as the signing up of these teams necessitates a heavy guarantee. Sunday's game will start promptly at 3.15. Warnock or Sipples will appear on the mound with Crockett in the backstop position.

Diamond Notes.

The Hudson A. C. will meet the fast Corinthian A. C. of Hartford at the West side grounds on Sunday afternoon. This is also a colored team and Sunday's game is its second appearance in town this season. It defeated the White Sox a few weeks ago by a score of 5 to 4 in a twelve inning game.

It appears that Frank Fay—Jerry—former Athletic first baseman, is making a hit with Manager Myers of the New Haven team of the new state league. According to out-of-town reports Jerry is playing a fast game and has evidently superseded the famous New Haven first sacker, "Moose" Miller, a seasoned veteran of many state league campaigns. Local fans will no doubt be pleased to learn that Fay has been virtually accorded a regular berth on the New Haven team.

We may see things come to somebody else if we wait long enough.

AT A COURT OF PROBATE HELD

at Manchester, within and for the district of Manchester, on the 15th day of May A. D. 1919.

Present, OLIN R. WOOD, Esq., Judge.

Estate of GOTTLIEB LEHMANN, late of Manchester, in said district, deceased.

On motion of Emma Lehmann executrix.

ORDERED—That six months from the 11th day of May A. D. 1919 be and the same are limited and allowed for the creditors within which to bring in their claims against said estate, and the said executrix is directed to give public notice to the creditors to bring in their claims within said time allowed by posting a copy of this order on the public signpost nearest to the place where the deceased last dwelt within said town and by publishing the same in some newspaper having a circulation in said probate district, and return make to this court of the notice given.

OLIN R. WOOD, Judge.

IMPRESSIVE AFFAIR

Army and Navy Veterans to the Number of 450 in Line—Presentation of Medals Postponed Until Tonight.

Battalion attention! This command came in a sharp, authoritative tone from the lips of a local ex-army officer and was addressed to a group of about 450 army and navy veterans of Manchester in front of the Recreation Center on School street last evening. Almost instantaneously this body of men who were chatting and joking became silent, and in the brief space of a few seconds, there was a double row of immovable tan-faced figures that stretched from the corner of Main and School streets, past the "Rec" to the Barnard school.

Right dress! Again the command was obeyed instantaneously. Count off! The men in line shouted out the numbers, 1-2-3-4. This was repeated until the last man in the company was reached. Squads right! Another automatic movement beautifully executed. March! And then the new veterans who are to participate in the big military parade of Saturday, marched in the direction of the new Army and Navy club for instructions. The men were in military marching order and as they passed up the street, it was very evident that they had not forgotten the life they had left behind.

Much trench atmosphere and military language was injected into the Recreation building last evening and although the sharp commands of the officers present were about as unintelligible to the civilian as the staccato bark of a Chicago train dispatcher, they were understood by the men. The civilians watched the scene with open admiration and it was plainly evident that last night's rehearsal and drill created a decided impression and made a hit with Manchester's residents.

The feature of the occasion was the enthusiasm shown by local veterans and it appeared that each man present was more than willing to do his bit toward making the parade a big success. The men were assigned to the various companies and accepted their positions cheerfully. Some of the officers picked for commanding positions were not present last evening. It will probably not be known until Saturday just who these men are to be.

The men were given a few instructions by Captain Philip Cheney on the East lawn of the Army and Navy hut. They then retired to the Recreation center for preliminary maneuvers. There will be four companies of army men and one of navy men. Although the number present last evening totalled about 450 it is expected that this will be easily increased to at least 650 on Saturday.

Medal Presentation Postponed. The presentation of the Victory medals last evening was postponed until this evening. Chairman Anderson of the local War Bureau left for New York yesterday morning to get the medals and was expected back at nine o'clock last evening. Unfortunately he was delayed, consequently the presentation was postponed until this evening. The medals can be obtained this evening at the Recreation Center any time after seven o'clock.

TAGGING THE BASES

Cecil Algernon Causey, the crimson-haired gent from Florida, held the Cubs to four hits and—the Giants beat the Cubs again.

Bush, Hillman and Jones booted everything in sight in the ninth and the Yankee walked off with an unearned victory.

The Athletics, including yesterday's defeat at the hands of the Browns, have not crossed the plate in twenty-seven innings.

Everything was lovely between the Reds and Dodgers yesterday until the thirteenth. Two triples, a double, five singles, three errors, a walk and two stolen bases gave the Reds ten runs.

Wambach collected four hits in as many times up while the Indians were scalping the Senators.

Babe Adams held the Phillies to five singles, but they were so scattered that only in one inning a sleepy town athlete received the base.

The Giants, in celebrating Father Duffy day, not only trimmed the Cubs but went into a tie for first place with the Dodgers.

Eller, who pitched a no-hit game against the Cubs last Sunday, chalked up twenty-two innings of scoreless ball at the finish of the Reds defeat of the Dodgers.

S. S. INSTITUTE TO MEET

IN LOCAL CHURCH MONDAY

Delegates From Surrounding Towns to Hear Discussions on Various Religious Educational Problems.

The Sunday School Institute for District No. IV of the Hartford County Sunday School association will be held in the South Methodist church next Monday, May 19th. There will be afternoon and evening sessions, with a supper at 6:30 o'clock. Rev. Frederick W. Raymond of Glastonbury will preside. Delegates are expected from the Sunday schools of the surrounding towns.

The afternoon session will open at 3:30 o'clock with a devotional period, in charge of Rev. G. G. Scribner of the South Methodist church. At 3:45 there will be an address by Rev. Fred W. Raymond, who will have for his subject, "A New Enrollment."

Beginning at 4:15 o'clock, three conferences will be held. For the Children's Division, there will be talks by Mrs. Lucy Stock Chapin, state superintendent; Mrs. George Ingraham county superintendent and Mrs. H. R. Hayden, district superintendent. The topics to be discussed will be: 1, Reading Courses; 2, Plans for Children's Week; 3, District Statistics. These will be followed by a general discussion.

For the Young People's Division, there will be a talk by Mrs. Cora Stevens, state superintendent, her topics to be "A Call to Leadership" and "Class Organization."

Then will come a general conference, addressed by Wallace I. Woodin of Hartford. He will speak on "The Value of the Workers' Conference" and "General Problems."

At 5:30, the delegates will reassemble in the auditorium. Miss Rose B. Wilson, county secretary, will speak on "Requirements and Recognition" and Mrs. Matze B. Clarke of Hartford on "Summer School of Religious Education."

The supper, which will be served at 6:30, will be followed by table talks and at evening session, beginning at 7:45, there will be a "Demonstration of a Sunday School Session", led by Wallace I. Woodin of Hartford. The institute will close with a general discussion.

HIGH SCHOOL SENIORS

DISCUSS CURRENT TOPICS.

Senior Assembly was held yesterday afternoon. The speakers were Miss Alfreda Wennerstrom, Miss Ethel Weldon and Miss Edith Weldon.

Miss Wennerstrom spoke on the "Olympic Games". She told of the arrangements that are being made in France and the different prizes that are offered. Only soldiers are allowed to complete in these games this year.

Miss Edith Weldon chose the great violent, Fritz Kreisler, for her subject. She gave a fine account of this artist's record.

Miss Ethel Weldon took for a subject "How Cuba mourned Roosevelt's death. She gave a vivid account of the love the Cubans had for the noted American, and told of the sorrow of the little island when the news of Roosevelt's death reached there.

These were the last Senior talks scheduled for the year. Mr. Knapp remarked that there would probably be two extra Senior talks and these would be given by volunteers. The rest of the Thursday afternoons will be taken up with the commencement music.

Ball Game Today.

Manager Finnegan arranged to play Torrington this afternoon. The game was supposed to be played Saturday but on account of the celebration in town, it was thought best to play today. The team used the same line-up as in the other games this season with the exception of Sandine, who will play left field.

USE MUSIC IN JAIL TO COVER "DELIVERY" NOISE.

Springfield, Ill., May 15.—Prisoners in the county jail felt indolent. The confinement was becoming more than incongruous. Suddenly jail attendants heard the plunking of a guitar from within. A mouth harp also blared forth. To this was added vocal selections by musically inclined recreants. The prisoners sought to break the terrible monotony of jail life by this diversification. But after the music developed into a racket and continued so it began to grate on the tender nerves of the sheriff, he made an investigation and found the husband was designed to cover the hubbub of fellow inmates who were assiduously occupied in prying loose several boards, preparatory to jail delivery.

"You are lying so clumsily," said the judge to a litigant, "that I would advise you to get a lawyer."

MAIN STREET BUSINESS SITES AT AUCTION

On account of change in plans I have decided to offer at Public Auction, (unless previously disposed of) the whole of the so-called Dougan Property located on Main Street and lying between property of the Salvation Army and Pearl streets. Said property will be sold in frontages of twenty (20) feet or more with a depth of about one hundred fourteen (114) feet.

Never before have the investing or speculative public of Manchester had an opportunity such as this to purchase property in the heart of the business section at Public Auction.

Business men with an eye to the future will do well to be prepared for this sale.

Very easy terms can be arranged.

SALE RAIN OR SHINE WEDNESDAY, MAY 21ST AT 12 O'CLOCK

For further information as to terms, size of lots, etc., can be obtained at the office of

FERRIS BROTHERS' FIRE SALE!

"EFFICIENCY IS FATAL," SAYS OHIO CORONER.

Cincinnati, O., May 15.—Coroner A. C. Bauer, who has gone to his country place on the Chesapeake Bay for a rest, gives this parting shot: "Efficiency is killing as many people as automobiles are, but not in so spectacular a manner. Efficiency properly carried out should be a life-saver. It is designed to secure the maximum of wasted effort. But as the crase has it now it produces the maximum amount of result, with a corresponding amount of wear and tear on the nervous systems of its victims."

BRIDEGROOM 70, BRIDE 71.

Jerseyville, Ill., May 14.—Singing "It's Never Too Late to Be Married," Newton Trajff, aged seventy years, and Mrs. Elizabeth Kinsley, aged seventy-one, were married here. They were sweethearts of childhood days.

but fate intervened and both married another. With their first partners in life gone they again met and the minister said the words. Our films are developed and printed by the best man in New England at this business. Send your films to us. Magnall Drug Company.

ABOUT TOWN

NO PAPER TOMORROW

In order to give ex-service men, five of whom hold important places on the force of the Evening Herald, an opportunity to enjoy the holiday in their honor tomorrow the publication of the paper will be omitted tomorrow. A complete illustrated account of the celebration will appear in Monday's Herald.

George Birge has sold his single house on Grove street to Mrs. Cora Strong of South Windsor. Mrs. Strong expects to occupy it in the near future. The sale was made by Wallace D. Robb.

James Kelley, who recently disposed of his place on Griswold street has bought a two family house at the corner of Roosevelt and Lincoln streets from John Albiston. The sale was made through the agency of Wallace D. Robb.

Charles Trebbe of the United States Aviation Service arrived at his home on West Center street last evening from Camp Devens where he was honorably discharged. Trebbe arrived from overseas a few days ago and was sent to Devens to await further orders.

William Barren of Main street was appointed a supernumerary at the adjourned meeting of the Police commissioners last evening. Barren appeared before the board and was sworn in. This was the only matter brought up at last evening's meeting of the commissioners which was postponed from Wednesday evening because of the non-appearance of Barren.

Take pictures of the Soldier and Sailor Boys, parading, Saturday. Fresh film at Balch & Brown Pharmacy.—adv.

Get us develop your picture of the parade, Saturday. Film and Kodaks at Balch & Brown Pharmacy.—adv.

The Ladies of Charity announce today that the May dance scheduled to be held on May 19 has been postponed until Thursday, May 29.

The Misses Olive Duguid, Madeline Wood and Helen Fenin of Concord, N. H., are spending the week end with Mr. and Mrs. Robert Weir of Summit street.

The Recreation Center will be open all day tomorrow. There will be no swimming in the pool, but the shower baths may be used and also the lobby and reading and social rooms.

Those who have been looking for a drop in the price of coal are doomed to disappointment. Wise ones are filling their bins now. The price of coal is scheduled for a raise June first.

The Elmer Automobile Co. are moving their repair parts store-rooms to two rooms, adjoining their salesroom, leaving the garage in the rear, which has been used for a storehouse for parts, to be joined to the new building now under construction, which will be used as a Ford Service station.

Tuesday, May 27, is the date set for the entertainment to be held by the Young People of the Second Congregational church. "Betsy Ross, or the Origin of Our Flag," a historic operetta, will be one of the numbers on the program. Little Katherine Peck, of Hartford, in fancy dancing, will be another feature of the entertainment.

The Rev. John S. Porter will preach at the North Congregational church Sunday on the theme Czechoslovakia and America. Mr. Porter is missionary of this church to Czechoslovakia and is to return there next week. The changes having been brought about by the great war will be brought out clearly as Mr. Porter is thoroughly acquainted with the conditions as they now stand, and as this is his farewell address to this parish there will be great interest in the service.

The King's Daughters of Center church will have all kinds of homemade sandwiches on sale at their booth at the Golf Links Saturday.—adv.

Store will be closed from 1:00 to 5:00 o'clock tomorrow afternoon. Open in the evening. Campbell's Meat and Grocery, Depot Square.—adv.
