STRINGENT ENFORCEMENT LAWS IF "DRY" ADVOCATES WIN OUT

Want Three Million Dollar Appropriation and Many Agents—Can't Carry Intoxicating Liquor on Planes If the Act Should Go Into Effect.

Washington, May 24.—An American as dry as the Sahara. That is what prohibition advocates in the Senate were striving for as they began work today attempting to round up a sufficient number of votes to pass the prohibition enforcement acts which were introduced yesterday by Senators Sheppard of Texas, Democrat, and Jones of Washington, Republican, the two leading prohibition legislators of the Senate side.

Strict Enforcement Measures. The stringency of the two prohibition enforcement measures which were introduced yesterday has rather surprised a number of members of Congress. Already there is opposition to an appropriation of \$3,500,000 for the enforcement of the prohibition laws by a proposed prohibition commissioner.

Can't Use Plants. Evasions of the prohibition law, which have been given some publicity, are aimed at in the enforcement acts now before the Senate.

These provisions are aimed to prevent any aerial or marine trafficking in liquor beyond the jurisdiction of the United States. To make the law watertight a clause has been added which would make unlawful and "shift, by means of which the law might be evaded."

Former Premier of France Favors Woman Suffrage

By RENE VIVIANI, Former Premier of France. Paris, May 24.—Now that the Chamber of Deputies has voted in favor of woman suffrage the Senate is about to take up the measure. France lags far behind on this question and it will be a disgrace to the Republic if we wait until Ecuador or some other such small nation grants votes to women before we step into line.

The standing of the teams remains unchanged. Dr. Dolan's team being still in the lead. North Side, Dr. Dolan, captain—Day's total, \$5,932.29.

Paris, May 24.—Final settlement of the rival Italian and Jugo-Slav territorial claims on the Adriatic will not be reached before the middle of next week, it was learned from an authoritative source today.

PREMIER ORLANDO MAKING FINAL EFFORTS TO HAVE ITALIAN DIPLOMATS LOOK AFTER CITY'S INTERESTS EVEN IF IT BECOMES "FREE"—MATTER MAY BE CLEARED UP BY MIDDLE OF NEXT WEEK.

Progress is being made towards a solution that will satisfy all parties, but it is not yet known whether the conferees will make Fiume a free city under the League of Nations or confer upon Fiume the same regime as applied to the Saar Valley.

PREMIER ORLANDO MAKING FINAL EFFORTS TO HAVE ITALIAN DIPLOMATS LOOK AFTER CITY'S INTERESTS EVEN IF IT BECOMES "FREE"—MATTER MAY BE CLEARED UP BY MIDDLE OF NEXT WEEK.

Premier Orlando is making a final effort to retain, in some measure, Italy's preponderance at Fiume by having Italian diplomatic and consular representatives abroad look after the interests of Fiume even though it is made a free city.

PREMIER ORLANDO MAKING FINAL EFFORTS TO HAVE ITALIAN DIPLOMATS LOOK AFTER CITY'S INTERESTS EVEN IF IT BECOMES "FREE"—MATTER MAY BE CLEARED UP BY MIDDLE OF NEXT WEEK.

A canvass of the peace delegates leads to the belief that the plan for a free city will eventually be adopted, but Signor Orlando has expressed his disapproval of the proposal to have the League of Nations supervise the administration of Fiume's affairs. He desires the city and port to have full sovereignty in themselves.

In connection with this same suggestion was the demand that the whole of the Istrian Peninsula be granted to Italy.

PREMIER ORLANDO MAKING FINAL EFFORTS TO HAVE ITALIAN DIPLOMATS LOOK AFTER CITY'S INTERESTS EVEN IF IT BECOMES "FREE"—MATTER MAY BE CLEARED UP BY MIDDLE OF NEXT WEEK.

In the earlier stages of the negotiations President Wilson drew a frontier line between Italy and Jugo-Slavia immediately northward from the Arsa river. When Premier Orlando returned from Rome he objected that such a frontier would leave Fiume isolated in Jugo-Slavia. He therefore proposed that the border follow a line laid down in the Pact of London running northward from Volosca which is only a few kilometers from Fiume.

Colonel E. M. House has been representing the United States in these negotiations. When the proposals are crystallized and the situation clears the plan will be presented to President Wilson for his approval.

In the northern part of Anatolia, however, the Italian demands are in conflict with French claims. It is likely that Premier Clemenceau will win out in the negotiations over this territory.

Connecticut and Bay State Will Fight for Duckpin Championship in New York City.

New York, N. Y., May 24.—Among the late entries received for the Interstate Duckpin Championships, which will open on June 16th, at "Uncle Joe" Thum's White Elephant Academy, New York City, is one from Paul J. Poehler and Red Miller of Revere, Mass. Poehler is the champion of Massachusetts and his partner is equally well known in the tournament world. These Bay State bowlers will have the battle of their lives to beat Connie Lewis of Bridgeport, Conn., and the bowlers he will bring with him to the tournament.

Aside from the New England bowlers, the very best duckpin shooters of New York, New Jersey, Pennsylvania, Washington, Maryland, Ohio, Virginia and Delaware will be seen in this competition.

Entries for the tournament will close with Joseph Thum, 1241 Broadway, New York City, on June 7th. Indications are that the entry will exceed that of any other tournament ever held in Greater New York.

U. S. ECONOMIC EXPERT

PLANS TREATY CHANGES

Bernard Baruch Suggests Methods of Payments Rather Than Reductions.

Paris, May 24.—Additional suggestions for changes in the economic demands on Germany were handed to President Wilson today by Bernard N. Baruch, one of the leading economic experts on the American peace mission. These are additional to the suggestions made earlier in the week and it is believed they will go a long way in meeting the objections of the Germans. However, in this connection, it is made plain that the concessions deal with the methods of payment rather than reductions.

Members of the economic commission said that the concessions in question simply restore the plan to the original conditions which the Americans proposed at the outset. At that time the Americans were hopelessly in the minority. Since the Germans began their discussions the French economic experts have completely changed their viewpoint and now believe the American view necessary.

GERMAN COUNTERPROPOSALS TO BE IN TOMORROW. London, May 24.—The German counterproposals to the peace treaty terms probably will be handed to the allies tomorrow, said an Exchange Telegraph dispatch from Copenhagen this afternoon.

The German press in detailing the allied military activity notably the preparations for transportation of fully equipped troops expresses the conviction that it is not an empty demonstration.

GIVE WAY TO THE RIGHT.

It is a rare thing nowadays to meet that once common highway pest, the road-hog.

However there is still a type of driver who is almost as pernicious. One does not meet him on the highway; one overtakes him.

Aside from thoughtless drivers of trucks, this habit is indulged in chiefly by the occupants of broughams and limousines and coupes.

PROMPT ACTION. The Republican pilots in Washington do well to select from the mass of legislation which the last Congress failed to pass the appropriation bill carrying over \$40,000,000 for the Bureau of War Risk Insurance.

The neglect of the former Congress in this matter will cause anxiety, and in many cases downright suffering, throughout the land.

The War Risk bureau made few friends in the military forces of the country while the war was on. Checks were often delayed for months, errors in amounts were frequent and the enlisted men received the impression that this department of the government was a clumsy, slow working, inaccurate machine badly clogged with red tape.

He is entering his eleventh complete season with Detroit and has a part of another to his credit, having joined the team late in 1908. Detroit also has in Eddie Ainsmith the catcher who has been in the American league the second longest. Eddie began the 1910 season with Washington and was with the Nationals continuously until the trade last winter which made him a Tiger. Stanage's closest rival for length of duty in the majors was Jimmy Archer, the former Cub star. Stanage and Archer became big leaguers at the same time, as the 1909 campaign was nearing its end. Both came from the same league, the Eastern, Stanage from the Newark club and Archer from Buffalo. Oscar has seen a lot of catching

stars bob up in the major league firmament, sparkle a while and then fade out of sight. In fact, he was a veteran when most of the present major league catching greats reached the top. For Ten Long Years. The most remarkable feature of Stanage's long career is the fact that he has been Detroit's first catcher for ten seasons. During that time he has taken all the bumps that a catcher is expected to take, and, except for injuries due to injuries, has been in the lineup almost constantly. He was particularly unfortunate with injuries last season. And yet Jennings and Tigers to a man insist that the veteran receiver is as good as ever. They believe he is due for a great year, his best for some time. Unless his foot trouble which developed recently becomes serious, he will probably catch most of the games again this season.

WEARS INSIGNIA OF THE REVERSED RIVET

Joe Jackson, with the insignia of the reversed rivet on his shoulder, seems to be dominating the ball in old-time style for the White Sox. If he could play all his games on the road he would have a clinch battling with Ty Cobb for the championship. As it is, he will have to listen to caustic remarks in Chicago for half the season.

RED DOOLIN IS MADE MANAGER AT READING

He Piloted Philadelphia National League Team Through Four Campaigns—Has Lost None of His Old-Time "Pep."

Red Doolin.

CLEVELAND INDIANS PROUD OF CATCHERS STEVE O'NEILL, NUNAMAKER AND THOMAS

The Cleveland Indians believe they have the best backstopping lineup in either of the major leagues. The trio are Les Nunnaker, who was obtained from St. Louis for Josh Billings; Steve O'Neill and Chet Thomas. Nunnaker is regarded as a steady player, good behind the bat and still better with the bat. O'Neill is regarded as the most dependable catcher in the game today, always on the steady grid, never slumping into an "off day." Chet Thomas, who came to the Indians about the middle of last season overweight and chunky, is showing off in fine style and his mates are betting on big things from him this season.

JOHNNY LAVAN WILL RETURN

Former Shortstop of St. Louis Browns May Change Mind About Retiring From Game.

Lieut. Johnny Lavan, surgeon on board the U. S. S. Mississippi and formerly shortstop of the St. Louis Browns and Washington Senators, may change his mind about retiring from baseball. The ever-popular little infielder saw the opening game at the Polo grounds and became so enthusiastic he informed his friends he probably would return to the diamond when his injured ankle heals. Johnny was all prepared to go to the St. Louis Cardinals in a big trade, by which the Giants were to get one of the Mound City catchers, but he

Johnny Lavan.

"COMEBACK" OF OLLIE CHILL

Was One Mighty Good Boxer, So He Won't Have to Stand Much Impudence of Players.

Ollie Chill, one of Ban Johnson's new American league umpires, or rather a comeback in the junior major league, for he umpired there several years back, was once a mighty good boxer. So he doesn't have to stand much sass from the players. Chill did his ring performances under the name of Jack Ryan and hailed from Indianapolis. He was tall and exceptionally clever, weighing about 128 pounds when at his best. He had three encounters with the late Clarence Forbes, and all of them were lively combats. He also campaigned in the East and through Ohio, and generally was regarded as a high class ringster.

SHOTTON IS SUNDAY MANAGER

Outfielder Obtained by Cardinals From Washington Club Supplants Rickey on Sabbath.

Bert Shotton, the outfielder obtained from the Washington Senators, has been appointed Sunday manager of the Cardinals by the president and manager, Branch Rickey. Rickey is one of the few players who never played ball on Sunday. Matty was another, but "Big Six" led his team from the bench when he was manager of the Cincinnati Reds.

HARD HITTING COMBINATION

Former Six Batemen of New York Giants Look to Be Most Efficacious Batters in League.

Burns, Young, Chase, Doyle, Kauff, and Zimmerman. This is the order of the first six batemen of the New York Giants and, on paper at least, it looks to be about the strongest batting combination in either of the two major leagues.

BONEHEAD CLASSIC FOR YEAR OF 1913

All the blackboard stuff in the world can't help when such a play is pulled as came off in the Cardinals-Reds game on April 24. In the third inning with one down Heathcote on first, Hornsby hit as clean a smash as ever was poked. It was good for three bases at least. Heathcote ran as far as second, listened to Morris Rath a moment and then raced back for first. He met Hornsby on the way. Rogers poked him and was called out. And there stood Heathcote back on first base, well satisfied with himself.

BASEBALL STORIES

Cy Williams continues to pound the ball vigorously for the Phillies. The Washington Americans are trying out a new shortstop named Davis. The Giants certainly have a very impressive outfield as regards batting. Joe Leonard puts plenty of pep in a game when he is working on the coaching lines. If Johnny Lavan comes back the Washington infield should do some regular clubbing. Outfielder Farrell of the Columbus Senators has been turned over to the Terre Haute team. Butch Henline, Indianapolis catcher, has been sold to the Bloomington club of the Three-I league. The Boston Red Sox have turned young Pat Shea over to Newark, but he expects to be back. George Tyler, one of the star left-handed pitchers of the Chicago Cubs, appears to be in top form. Patsy Flaherty of the Colonels has sent Catcher Diegen to the Birmingham club of the Southern league. The national commission has reinstated Norm Platt, pitcher, who quit baseball last summer "to go into business." Early season clotting makes many spring buds, but as the pitchers round into form, the baseball totals will shrink. Harry Harper of the Washington Americans gets the credit of being the first pitcher to win a game from the Boston Red Sox. May of the St. Louis Cardinals was the first National league pitcher to secure a shutout in a championship game this spring. Pat Moran's fine start in Cincinnati threatens to bring trouble to the wise old manager, for Redland bugs turn over night when defeat comes. Honus Wagner, former Pirate star, who was offered a berth with the Louisville club in the American Association, says he will stick to his job as athletic director at Carnegie Tech, Pittsburgh.

RUBE WADDELL'S ODD STUNT IS IMITATED

Rube Waddell's famous stunt of calling in all of his infielders and outfielders and striking out the other fellows was duplicated by George Uhle recently in putting the finishing touches to a 14 to 1 victory, for the Indians over the Tulane varsity ball nine at New Orleans. The outfielders left the field and the infielders clustered around second base while George struck them out in one-two-three order in the ninth. Waddell, while with the Athletics some years ago, made the Albany team furious by chasing every member of his team from the field except the catcher. And when it came to the final strike for the third man, Rube even made his catcher sit down on the ground to receive it. This Uhle stunt was planned more by the Tribesmen than it was by Uhle himself, the Indians doing it to show their belief in the rookie's prowess.

the lines. Gowdy says he played in only three games during his year and a half in France, and in each one he was the pitcher. He won the last one, he said, 17 to 14. It must have been a merry brawl.

FILM TEACHES CUB PLAYERS

Some Things Shown on Screen That Prove How Easy It Is for an Athlete to Err.

Jack Root, former professional scrapper of note, has a cinema palace of class in Pasadena, and he invited the Cubs, when they were training in California, to inspect the films, which show plays being made eight times as slowly as they really happen. The result is weird. When the pitcher hurls the ball it seems to go at a snail's pace, and the break in the curve is shown, amazingly clear. The whole film is a scream. When the batter hits at the incoming agate he brings his hickory around so deliberately that the spectators shout with the humor of it all. All of these Cubs are supposed to know about everything there is to learn regarding the actual playing end of the game, but they learned a lot from the film. The decision at second base, for example, shows how a play that may seem close can be—when filmed by the movie man—just the reverse. An especially good bit was when the pitcher threw the ball and then turned slowly and watched it go past him for a hit. The expression on his face was immense.

DIAMOND NOTES

Joe Jackson's work in the shipyards didn't dim his batting eye. Earl Mack, son of Connie, will manage the Merchants' team of Baltimore. Outfielder Lewis of the Indians has been sold to the Memphis club of the Southern league. Pitcher Bernhardt of Arthur Irwin's Rochester club was with the Yanks for a time last season. The St. Louis Cardinals have shipped Gil Meyers, the young college catcher, to St. Joseph. Lafayette has a fine pitcher in Moyer. He recently shut out Syracuse without a run or hit. Kansas City announces the release of Catcher Baycroft to Joplin and the outright release of Pitcher Jaynes. Ford Schupp is not expected to be of much use to the New York Giants this season. His arm does not get any better. Pitcher Roy Sanders, who has refused to join the Pittsburgh Pirates, is a ticket seller at the Union station in Kansas City. The more errors Irv Olson makes the oftener he comes back with sensational plays. There are shortstops with better reputations than Oie, but they do not play harder than the Superia veteran.

AT SEVENTY-TWO CLIMBS MT. WILSON; REGULAR BIRTHDAY STUNT.

Los Angeles, Cal., May 24.—"Live right and think right" and when you celebrate your seventy-second birthday you also can climb a mountain a mile high for a little jaunt." Dr. Edward B. Warman, seventy-two, and his wife, sixty, came down from the top of Mt. Wilson, near the jaunt. It was their usual way of celebrating Dr. Warman's birthday and their eleventh trip on such an occasion. "We feel fine today," said Dr. Warman, the "day after" when many a younger man would have been in bed or left the journey unaccomplished from sheer exhaustion. Mt. Wilson is about 6,000 feet high and it is an eight-mile hike to the summit. Dr. Warman is author of "How to Live One Hundred Years." He and his wife regulate their health by regulating their diet, putting on fish in the winter and taking it off in summer simply by changing diet. Week-end Chocolate Special.
