EUROPE'S "INVISIBLE" BORDERS GREATEST OBSTACLE TO LEAGUE

Representative Madden of Illinois, Says U. S. Will Get Into Trouble If It Joins—Failure to Agree on Terms of Peace Raises Doubts.

Washington, May 26.—"America should stand aloof from entangling alliances abroad. It cannot be possible for our people to mingle with the people there on equal terms—they do not think like we do. If seems a pity that the peace terms have not been agreed upon earlier. The failure to agree upon the terms of peace leaves a measure of doubt in the minds of all the people abroad," declared Representative Madden, of Illinois, during a speech in the House this afternoon. "Invisible Border Lines." Mr. Madden had reviewed the story of America's participation in the war and concluded with a reference to the peace terms. "Invisible border lines make it necessary for the peoples to be watchful of each other. They are suspicious, one nation of another. Peace cannot make them otherwise. Their international political hatreds are unchangeable," he commented. League Will Start Trouble. "The League of Nations which provides, if it should be approved here, for the defense of the political integrity and geographical boundaries of foreign nations, is likely to lead us into trouble. The nations that are being created are now at war with each other. They are likely to continue at war. They are fighting every day. It seems impossible to reconcile the conditions between them. "Nobody could maintain their political integrity or geographical boundaries. My judgment is that America should not send her boys to foreign territory for the purpose of maintaining foreign political integrity."

Pskoff is a city of high strategic importance from a military standpoint, being the junction of a number of railways. It is about 160 miles southwest of Petrograd.

TRIUMPHANT WORKERS HOLD VICTORY SUPPER

Final Results of Canvass Will Be Announced at That Time. STILL TIME TO GIVE

Donations Received Up to Six o'clock Will Receive Cheney Addition of Fifty Per Cent. The successful drive for the Manchester Memorial Hospital ends tonight and at 6.30 the tired but jubilant canvassers will meet for a victory supper. Reports will be made at this time and the latest results of the drive will be announced to the public from the headquarters of the War Bureau. In order that the Cheney addition of fifty per cent may apply to as large an amount as possible it will be necessary for all who have not yet contributed to make their donations known before six o'clock this evening. The Cheney bonus will not apply to any gifts received after that time. Pledges may be made to a hospital fund worker at the headquarters of the War Bureau. A thrilling race for high honors was the feature of Saturday's drive for Memorial Hospital funds. When the reports of the various teams competing for the daily prize of \$1,000, which is credited to the winning team were checked, it was found that the North Side team which is captained by Dr. Edward G. Dolan had Saturday's prize by the narrow margin of 2 cents. The West Side team captained by Senator Arthur Bowers was second and was awarded a prize of \$50 which was credited to the team. Captain Dolan's team averaged \$14.66 per subscriber while Captain Bowers' team averaged \$14.64. E. E. Hilliard \$2,500.00 A. As Rich Austrians Feast The Poor Cry for Bread

Vienna, (Via London, May 26.)—While the fate of Austria is being decided at Paris, Vienna is the scene of the wildest orgies of drinking, gambling and dancing. The wealthy class is showing the utmost spathy over the outcome of the peace negotiations. The restaurants are crowded at night with fashionably dressed women. After drinking and dancing the restaurant crowds gather in private gambling halls to spend the rest

of the night playing games of chance. These gambling places are frequently raided by soldiers and large sums of money are confiscated. While this gaiety is current upon the surface there are 150,000 unemployed who spend the days wandering through the streets seeking work and bread. All eyes are turned on Berlin anxiously waiting to see whether the Germans sign the treaty or throw the country into Bolshevism.

"ARMED RESISTANCE TO THE ALLIES SENSELESS SACRIFICE," SAYS NOSKE

Foolhardy Germans May Take Up Arms But Government Will Not Support Them, He Declares.

Berlin, May 26.—(Via London, May 26.)—"Armed resistance to the Allies over the peace terms would be a senseless sacrifice of human life. Some foolhardy Germans may doubtless take up arms but the government will not support them." This declaration was made to me today by Gustave Noske, minister of Public Defense and known as the "strong man of the German cabinet." Herr Noske's statement was made in reply to my question: "Could Germany resist in a military way if the peace negotiations should fail?" "Germany has no army in the field," continued the minister. "We have only a police force, having already disbanded our military forces. Also we have surrendered our military materials in compliance with the armistice terms. "With the Entente forces marching into Germany it would be a continuation of the whole 'war murder policy.' Looks to America. Herr Noske said he was pinning his hope to the American people, adding: "I am convinced that the United States did not enter the war imbued with the egotism of conquest, but to bring about peace which would lead to a growing understanding of nations and the fraternity of peoples; a peace which would avoid the existing differences and hatreds, giving humanity hope that war will be done away with in the future as barbarism, enabling all peoples to pursue their cultural pursuits."

AUSTRIANS TO ACCEPT TERMS UNDER PROTEST

Big Four Discussing Reparation Clause at Conference Today. COMPLETED WEDNESDAY

Paris, May 26.—With representatives of Romania, Poland, Czechoslovakia, and Yugo-Slavia present the Big Four today discussed at length the reparation clause to be inserted in the Austrian treaty. General J. C. Smutz, Andre Tardieu, L. P. Locheur and Dr. Keynes sat in with the Big Four. Arrangements for the presentation of the Austrian treaty are expected to be completed by Wednesday. The greatest question is whether the Austrian population of the states created from former Austrian territory shall make good a proportionate share of the reparation demanded. However despite its complexity the Austrian situation is not causing any serious worry. To Accept Under Protest. The Austrian envoys at St. Germain understand that everything possible is being arranged for their benefit and they will undoubtedly accept the terms, but under protest. The problem of Asia Minor has now resolved itself into a question of agreement between the British and French. An American commission is leaving for Asia Minor to make an independent investigation. The concession made by the Big Four regarding the Saar Basin will be of benefit to Germany, but it was pointed out today by American experts that it would not be proper to interpret the concession as a pro-German one. The actual facts are that the modification was made along the lines of the original American view point which provided that the question of redemption should be decided by the economic experts and the League of Nations. Germany's Privilege. If Germany becomes a member of the League of Nations within five years she will be in a position to argue her own rights. That the concession was a material one was recognized by Count von Brockdorff-Rantzau, head of the Teutonic delegation and others. President Wilson will deliver a speech on Memorial Day, (Friday) when he is expected to make sharp criticism of the Socialists for their propaganda here. It was said to be the Socialists who started the rumor of wholesale resignations from the American peace delegation because of dissatisfaction over the treaty terms.

BERNHARDI SAYS WAR WAS STARTED TOO LATE

Geneva, May 26.—General von Bernhardi, one of the most foremost of the German Junkers, writing in the newspaper "Der Tag" blames the former Kaiser "for not holding the war soon enough when Germany's enemies were less prepared." Another movement has been started by certain German political circles to restore the Hohenzollerns. According to reports reaching here, a meeting of the royalists was recently held at Jena in the Grand Duchy of Saxe-Weimar-Eisenach at which 200 persons were present.

LONDON FOLKS ARRANGE RECEPTION FOR HAWKER

All England Goes Wild With Joy at Word That He is Safe. WIFE NEVER LOST HOPE

Daring Aviators Who Were Picked Up in Mid-Ocean by "Tramp" Hurrying Homeward.

London, May 26.—A reception like that accorded visiting monarchs awaits Harry G. Hawker, intrepid Australian aviator and his navigator, McKenzie Grieve, when they reach London tomorrow night, after their dramatic rescue from mid-ocean. The two airmen touched land this morning for the first time since they started from St. Johns, N. F., on the evening of May 18 on their ill-fated attempt to fly across the Atlantic. They came ashore at the Scotch seaport of Thurso, after spending the night aboard the British warship Revenge, and then boarded a train for London. "It seems good to stand on some-thing, said again," Hawker was quoted as saying. "For just a few minutes after we were forced down on the water I wondered if we would ever be on land again." First Thoughts of Family. Neither Hawker nor Grieve would say whether or not they would make another attempt to fly across the ocean. Hawker's first thoughts were of his wife and baby, who will greet him at the station here tomorrow evening. After that he will talk over plans with the Sopwith Airplane Company officials. Theatrical managers and cinema producers telegraphed dozens of offers to both Hawker and Grieve today, asking them to sign fat contracts for appearances in London, but have received no reply. At the Hawker Home. The Hawker home was crowded with neighbors who stopped in this morning to kiss Mrs. Hawker and the baby and congratulate them upon the almost unbelievable news. The aviator's wife, who had clung to the hope that her husband might be rescued long after admiralty officials had given him up as lost, hoisted a Union Jack above the doorway and welcomed all comers. "I had faith in my man," she said, "I felt he would come back." Picked Up by Tramp. The little tramp Mary, which picked up Hawker and Grieve an hour and a half after they fell in the ocean about 900 miles off the Irish coast, on the afternoon after they started from Newfoundland, was proceeding on her way to Denmark today. The two aviators were taken off the Mary by a British destroyer which dashed to sea to intercept her after she signalled a land station that she had rescued the Sopwith crew. The Mary carried no wireless and was unable to send news of the rescue until she arrived off the coast. Both Hawker and Grieve said their mother was working in due shape and they had every prospect of reaching the Irish coast Monday evening, when the water filter became blocked with refuse, forcing a landing.

Seventeen Other Villages Partially Destroyed by Flood of Lava on Island of Java—Only Meager Details Available—

London Reports Indicate Catastrophe May Rival Mt. Pelee Eruption—Island Most Densely Populated in World. London, May 26.—Fifteen thousand persons were killed and twenty villages were completely wiped out by an eruption of the volcano Kioct on the island of Java in the Dutch East Indies, said a Central News dispatch from Amsterdam today. Seventeen other villages were partially destroyed.

NORTH END WAREHOUSE BURNS—LOSS OF \$6000

Lydall and Foulds Co. Structure Filled With Paper Stock is Total Loss. ENGINE SPARK THE CAUSE

Firemen Only Succeed in Saving Nearby Buildings—Flames Start from Rubbish Pile. Sparks from a passing locomotive set fire to a warehouse belonging to the Lydall & Foulds Paper Co., east of Parker street shortly before one o'clock today. Despite the efforts of the firemen, the building and its contents were totally destroyed. It is thought that the loss will total about \$6,000. Both the stock and structure were covered by insurance. Alarm Sent In. A groceryman driving down Parker street saw the flames and turned in the alarm. Employees of the Colonial and Lydall & Foulds mills came hurrying to the scene with their own hose while the north end department arrived shortly afterwards. However, the building, packed with paper, burned so fiercely that little could be done to save it and soon it had been entirely destroyed. The men protected the buildings in the neighborhood with streams of water and an engine from the yard pulled out the freight cars on nearby tracks. Fire Starts in Rubbish. The building burned was 110 by 32 feet, of wood sheathed with metal. It was filled with paper stock and contained a carload of newspaper for box linings which had just been unloaded. The fire started in a pile of rubbish under the platform at the northeast corner of the building. ANOTHER BLAZE. Shortly after three o'clock this afternoon, Box 54 was turned in for a fire in the south end. The firemen located the blaze at the extreme eastern end of Biswell street in some small outbuildings near the East Cemetery. A pig and some chickens were burned. The loss will be small. At the time of going to press the firemen were using chemicals to extinguish the blaze. LEAP FOR LIFE. Eleven Men Have to Jump From Window at Fire. Setaute, Mass., May 26.—Seven constabularymen at the Fourth City Station and four wirelesmen were forced to leap for their lives from the upper windows when fire destroyed the station today. The origin of the fire was unknown. As a result of the fire all telegraph and telephone communications were cut off and the radio compass station nearby was put temporarily out of commission. The act seriously hampers the experimental work in radio compass navigation which is being carried on by the coast guard station and the U. S. Coast Guard.

U. S. SHALL NOT ASSIST ON K. A. MY IN RUSSIA

Paris, May 26.—The Big Four has decided that the United States shall not give military aid to Admiral Kolchak's Omsk, (anti-Bolshevik) government in Siberia, but that the Allies will recognize the government providing the troops supporting it, capture Moscow, it was learned today. This decision is a victory for President Wilson and Senator Lloyd George. President Wilson is planning a trip to Brussels before leaving for home. MEDAL DIES CONFISCATED. Berlin, May 26.—(Via London, May 26.)—The German government today confiscated the entire stock of medals with which the German military medal was made, claiming that the circulation of the medals would hurt Germany in the peace countries. A few of the medals were sent out of the country and the remainder were printed in American and other lands. Officers coming home sought copies of the medals to wear in honor of their service. This caused anxiety in the government and culture of the medals was decided.

THREE KILLED

Geneva, May 26.—Three men were killed near St. Petersburg today when the engine of a freight train was derailed to allow a troop train bearing soldiers of the Thirty-third Division en route to Chicago to pass clear with a terrific explosion. The men killed were the engineer, driver and conductor of the freight train. Although the exact number of men killed in the troop train was not known, it is believed that no one was injured.

HOUSEWIVES MAKE DEMANDS

Newport, R. I., May 26.—Household servants in the cottage colony here today agreed to not only demand more wages and less hours but also demand better treatment. The servants said they were not content with the wages they were receiving and would demand a 10 per cent increase. The demand was met by the employers.

DOG BITES HUNT CHILD, ANIMAL WAS GREAT PET

Boys' Cheek Gashed and Lip Ripped Open—Dog Killed by Owner.

Alvin Hunt, three year old son of Mr. and Mrs. George E. Hunt of Foster street, is today suffering from a badly lacerated face as the result of having been attacked on Saturday by a bulldog owned by Howard Murphy who lives in the same locality.

The Hunt child was standing on the sidewalk directly opposite his home watching a man plowing a garden. Suddenly the youngster screamed with pain and the dog was seen running up the street. The child was taken to his home and Dr. W. R. Tinker who was summoned found that the boy's right cheek had been gashed. The under lip was also ripped open and marks of the dog's teeth were disclosed on the chin.

The popular method of punishing people for complaining about high prices is to shove the prices up another notch or two.

COBB DECIDES TO WEAR KHAKI FOR YEAR MORE

Former Co. G Man Reenlists—Corp. Senkbell Also Home From Overseas Service.

Two former Company G heroes, Corporals William Senkbell and Edward Cobb, have returned from overseas duty. Senkbell has received his discharge, but Cobb is on a month's furlough, as he re-enlisted for another year's service, after first being discharged.

Senkbell was a member of Company G at the time of the Mexican trouble and served with the company at the border. He later went overseas with the outfit. He received a self-inflicted wound some months ago. He was tinkering with a revolver, which wasn't working right, when it discharged accidentally and the bullet went through his ankle. After recovering from the wound, Senkbell was transferred to Company B, 110th Infantry and served in that outfit during the remainder of his stay overseas.

Cobb enlisted in Company G on the first registration day, June 5, 1917. He was wounded in the leg last September and after his recovery was transferred to the 28th Division, serving in that division during the remainder of the war. As told above, he has re-enlisted for another year. He is now enjoying a month's furlough, which counts as part of his year's enlistment. He does not know just where he will be sent when he reports back for duty.

BEER AND WINE.

Whatever may be the outcome of the President's request to Congress to repeal the war time prohibition of beer and wines, the saloon is doomed.

The question now is whether liquors called wine and beer shall be prohibited even though their content of alcohol is so small as not to be intoxicating.

We can see no reason why non-intoxicating wines and beers should not be sold as freely as ginger ale or soda water.

The sale of spirituous liquor as a beverage is so generally conceded to be an evil that its prohibition is meeting with comparatively little opposition.

There were but three possible issues to which they looked forward. They would succeed and win everlasting renown for themselves and their country; they would fail and with one rocket like plunge go hissing to an unmarked grave; or they would be saved by some marvelous stroke of circumstance.

RECALLED FROM DEATH.

A week ago two brave men seated themselves behind the roaring propeller of an airplane, tilted its nose upward and launched themselves into space to undertake the most spectacular voyage since the days of Christopher Columbus.

There were but three possible issues to which they looked forward. They would succeed and win everlasting renown for themselves and their country; they would fail and with one rocket like plunge go hissing to an unmarked grave; or they would be saved by some marvelous stroke of circumstance.

This last is what happened and for six days the world has thought of the daring flyer, and his companion Grieve, as two most conspicuous martyrs in the appalling list of those who have been ship wrecked on the invisible shoals of cloudland.

But for several days previous to the ill fated attempt of the aviators a little Danish steamer had been plodding along her humdrum course from Norfolk to Aarhus.

But for several days previous to the ill fated attempt of the aviators a little Danish steamer had been plodding along her humdrum course from Norfolk to Aarhus.

Out there on the ocean the impossible had come to pass and at the very moment the world was mourning two brave men as lost they were being lifted to safety by friendly hands and borne to their grieving friends.

There is universal rejoicing today and the fact that the trans-Atlantic flight was a failure is forgotten in the relief that the intrepid navigators have been spared to try again, as they surely will.

PERSHING'S FAITH IN YANKEES NEVER WAVERED; SURE HUN WOULD BE BEATEN

New York, May 26.—General Pershing was one of the Allied commanders who never lost confidence in the ultimate success of the Allied cause.

"Are we going to break the German line?" he replied, in a tone of irritation one day to a correspondent who put that question to him in a conference at general headquarters.

That statement the American censors would not permit to be cabled. We had only a small force in Europe at the time and the American commander-in-chief felt that he should not be quoted on the general military situation when he had but a few thousand men in the trenches.

Many of the best informed commanders in the Allied armies believed that Germany would win the war after her successful smash against the British in March of 1918.

Before the summer is over the Germans will smash the British again, he said. "They will drive through to the sea, splitting the French and British armies apart and cutting off the British and Belgian armies in the north."

He was not alone in his belief. Big French financial interests received word that the situation was very critical and when the Crown Prince, late in May, burst over the Chemin des Dames with his armies and started for Paris, some of the big

French banks began removing their securities to the south. Crowds jammed the stations of railways leading to southern France, and many civilians made their exodus in haste.

"The situation is very bad," admitted one staff officer, "but Germany isn't going to win the war this summer or any other summer. If the Germans drive through to the sea and cut off the Belgian and British armies in the north, the Allies will maintain communication with these armies by the sea. It will be difficult and something new in this war, but it can be done."

Again, last October, when American divisions were fighting almost ceaselessly in the Argonne, coming out of the line for a few days' rest and to receive replacements for the men who had been cut to pieces and then going back into one of the most desperate struggles in history, it was questioned some quarters if the Allied leaders were not making a mistake in not halting their great drive and giving their men a rest.

"General, the men are awfully tired," a correspondent told Pershing at his advanced headquarters in the little town hall at Souilly one morning. "One division that was all cut up is going back into line tonight after only a few days' rest."

"I know they are tired," replied Pershing, and there was deep feeling in his voice. "I know they are tired, but we are playing a great game here to save possibly a million more American boys from death or wounds in next year's fighting. We have the Boche on the run now. We believe if we can keep him on the run a few weeks longer we will break his line and make him quit. If we don't make him quit now we will have to beat him next spring and summer after he has taken up a short line and prepared his defense, and that will mean many thousand American lives. It's a game, and we may lose. But I believe we're going to win—I know we're going to win!"

It was only three weeks later that the Germans asked for peace.

MISSOURI SHARPSHOOTER GOT 260 HUNS—REPORT

Madison, Mo., May 26.—Roy Farrell, son of Taylor Farrell of this city, who had the reputation in that part of Missouri as the best shot, is said to have maintained his reputation while with the A. E. F. in France. It reports received here are true, he accounted for some 260 Huns, and his friends are willing to put this record up against any other A. E. F. soldier.

Farrell, while at Funston, won sharpshooting honors. When he arrived in France, soldier friends say, he cut a notch in his rifle butt for every Hun he got. They numbered 260 before he was wounded in an engagement. He was sent to a hospital, and it is not yet known here if he has recovered. Farrell himself has never written of his sharpshooting record.

Following is an extract from the Government Bulletin, "Infant Care" by Mrs. Max West: "Some of the Go-Carts of the present day are so small, so stiff, and so ill adapted to the baby's anatomy that they can hardly be recommended even for temporary use. Also, they are so close to the ground that the child is propelled through only the lower and colder air currents, which fling an unending stream of germ-laden dust of the streets into his face. They frequently have no cover with which to shield the baby from heat or cold, or sun or wind." Let us supply you with one of the many new models of carriages and strollers. Watkins Brothers Inc. "Blushing Violet" Benny Kauff only collected three triples and a double during the Giant-Card series, yet says he is dissatisfied. He longs for circuit swats. Circuit swats mean new socks for the Giants at the Polo Grounds. Heinie Zim is due to dress up today. Walter Johnson's defeat was enhanced, from a White Sox viewpoint, by a nifty triple play. Even Craft could not pull the Senator phenom out of the hole. A walk, a wild pitch, a sacrifice and a single helped the Tigers in their victory. Such is baseball. Sherrod Smith, the "cannon ball kid", made an auspicious debut before the Brooklyn fans, the Pirates walking the plank to the tune of 5 to 0. Big eats denote generosity. That may explain the three errors made by the Yanks and their defeat at the hands of the Browns. Third baseman Gardner, the former Red Sox, entertained his former team mates by batting in all the runs in the Indian victory. The Cards and the Pirates passed each other on the Brooklyn bridge today. TURN DOWN FRANCE. Eight Enlist in Army But Only Two Select Service Across Water. Colonel E. P. Nicklin, commanding this recruiting district, states that eight men were accepted for enlistment at the army recruiting stations in the district Saturday. Only two of this number, however, chose service in France. They were James Lindsay, Watertown, Conn., for Infantry and Guy F. Wilson, Middletown, Conn., for Engineers. Helge E. Peterson, Worcester, was accepted for cavalry for service on the Mexican border. Edward L. Fenwick, Cos. Cob, Conn., signed up for quartermaster corps. Martin V. Moore, Hartford, Conn., a former member of 9th Co., Coast artillery detachment of Narragansett Bay, remained three years in the medical department. CARD OF THANKS. We wish to express our gratitude to our friends and neighbors for their kind words of sympathy and the beautiful floral contributions on the occasion of the death of our wife and mother. HUDSONS CAPTURE SCALP OF NEW BRITAIN VIKINGS

Run Up Score of 2-3 Against Visitors—McCann a Feature—Well Supported in Errorless Game.

While the Athletics were trimming the Annex of New Britain at the Mt. Nebo grounds yesterday afternoon, the Hudsons were accomplishing a similar feat at the west side, by busily and industriously handing out a defeat to the Vikings, another team from the Hardware City. A large crowd saw the local team come out to the fray at the winning end of the 2 score. The locals played a superior game and were materially aided by the twirling of McCann, who allowed the visitors but four hits. They attacked Schuster of the team for thirteen hits which were all runs. The score and line-up of the game follows:

ANNEXES ANNEX NEXT TO NOTHING—EH, WHAT!

Perhaps It Was the Rain and Perhaps the Athletics Had Something on the Ball.

Smarting under the defeat of Saturday at the hands of the New Departure team of Bristol, the local Athletic team attacked the crack Annex aggregation of New Britain with a vengeance at the Mt. Nebo grounds yesterday afternoon, trimming the visitors by a 4 to 0 score. The Annex club arrived in town during the heavy rainstorm and were notified by Manager Dowd of the Athletics that he had decided to call off the game. While the visitors were chatting with local fans "Old Soft" smiling countenance burst through a cloud bank causing the local manager to change his mind. The players were quickly rounded up and the umpire called play at the Nebo grounds at four o'clock. Despite the late hour there was a large attendance and the fans were rewarded for their patience by one of the best baseball exhibitions that has ever been seen on the grounds. Warnock started on the mound for the locals and pitched almost airtight ball for five innings, retiring in favor of Sipples who twirled the rest of the game. Schmidt occupied the mound for the visitors and allowed the local team enough hits in the opening stanza to garner two runs. He again slowed up in the sixth and seventh innings when two more runs were checked up to the credit of the Athletics.

The feature of the game was the work of Sammy Kotsch, the Athletics' second-sacker. Sammy shown at this position and out of three chances at the plate, he poked out two hits and was given a free pass to first. These netted him three runs. Brennan and Sipples also featured. The score and the line-up of the game follow:

Table with columns AB R H PO A E for Athletics and Annex New Britain. Includes player names like Maney, Peterson, Warnock, Kotsch, Sipples, etc.

WHITE SOX HUMBLE PRIDE OF HARTFORD COLUMBIAS

Win by One—Big Crowd Sees Daoust and White at Their Best.

The Columbias of Hartford returned to the Capitol City yesterday afternoon after having met with a defeat at the hands of the White Sox. The game was played at the Adams street grounds, the locals winning by a 4 to 5 score. The game was hotly contested and the big crowd was brought to its feet at various stages by grand stand exhibitions. L. Daoust, the White Sox shortstop, started the sensational features with a wonderful backhand catch and doubled a runner at second unassisted.

White Shows Pep. White of the home team played a perfect game both in the field and at the plate. In the fifth inning he was hit in the face by a pitched ball and knocked out. He came back however with a vengeance and his next change with the willow resulted in a drive over McDermott's head thereby scoring the winning run and putting the game on ice.

Next Sunday afternoon the White Sox will line-up against the Annex of New Britain. The scores and line-up of yesterday's game follows:

Table with columns ab r h po a e for White Sox and Columbia's. Includes player names like Dowd, Daoust, Buckley, Kornsa, etc.

PITY THE MEXICAN.

New York, May 26.—No matter how hot it gets you have to wear them in Mexico. A copy of El Universal, leading newspaper of Mexico City received today, contains the proclamation of Senor Idelecito Contreras, Mayor of Moralia, who warns the male residents that they must wear pants while passing through the streets. Those gentlemen not accustomed to wear pants must equip themselves not later than May 5, the order said. Underwear doesn't go. All offenders will be locked up until they provide themselves with pants.

SELECTMEN TO CONSIDER BUILDING LINE CHANGE

Rev. William McGurk Asks That Park Street Line Be Changed—Established in 1914.

The Board of Selectmen will meet in special session at the Hall of Records on Wednesday evening of this week for the purpose of establishing the building line on Park street between Church and Chestnut streets. The original line as established in 1914 is twenty-nine feet. The Rev. William McGurk of St. James church who has charge of the fund for the erection of a parochial school on the property owned by this parish on the corner of Church and Park street, has asked the board for a reconsideration of the line and that it be changed to nineteen feet. Having been informed that this this request would meet with opposition Rev. McGurk called the board's attention to a communication received by him from the board of 1914 which clearly states that the executive body of five years ago looked favorably upon a readjustment of the original line if developments of the property were proposed. Other matters of minor importance will also be transacted at Wednesday evening's meeting.

SWEDISH SOCIETY BAZAAR TO AID BUILDING FUND

Society Will Sell Refreshments Memorial Day—Dancing on Each of Three Evenings.

The Swedish Society will give a bazaar in Tinker Hall, Thursday, Friday and Saturday of this week for the purpose of raising money toward its building fund. There will be dancing each evening, with music by the Victor Orchestra. On Friday afternoon, Memorial Day, the society will sell ice cream and cake, coffee and sandwiches.

Circle Theater

She has no wedding ring. That is enough to condemn any woman who is a mother. The anguish which such a woman suffers is portrayed by Gladys Brockwell in "The Call of the Soul," the William Fox production which opens tomorrow at the Circle theater. The play reveals some of the problems that women must face under the conditions of sex inequality. It is a woman's play that bears a great message for men and women alike. Miss Brockwell is known for her remarkable portrayal of intensely dramatic roles, and here is a theme after her own heart. As the mother who loves her little child of sin, yet dares not tell the world of its existence, she appears in one of the most significant parts ever created for her. Motherlove triumphs in the end; but before the hour of triumph the woman who has been stung against has much to suffer. On the same bill will be a brand new comedy and another episode of "The Man of Might" with William Duncan playing the star part. Tomorrow the same bill will be shown with the addition of the Pathe News and a two reel Sunshine comedy.

Park Theater

The Park theater takes pleasure in announcing that it has secured "The Hand Invisible" for showing tonight and it takes further pleasure in unqualifiedly recommending this production to all those people who are seeking for the best in photoplay presentations. Mr. Love's role is that of Rodney Graham, a veritable Napoleon of finance, who has one great unsatisfied ambition—to have a son and heir. Because his first wife does not present him with a son he divorces her and marries another woman. His second wife dies when he is a boy. The son grows to manhood and is the apple of his father's eye. And then, when the boy is about to get married, Graham discovers that the boy is not his son. The discovery kills him, but the boy does not know that Graham is not his real father and reveres the memory of Graham as being that of the very best father in the world. "The Hand Invisible" has been staged in the big manner that the strength and unusual character of the play call for. You'll enjoy "The Hand Invisible" and you'll enjoy it immensely. It has everything that goes to make for enjoyment in a picture play. On the same bill will be a new release comedy and another episode of "The Lure of the Circus" with Eddie Polo playing the lead. For tomorrow there is little more need than to say that William Faversham is the star and the name of the play is "The Silver King." It is a Paramount Artcraft Special. It can be called a 100 per cent perfect picture, star, story director and company being the best in the country. Having been conquered by the Bolsheviks, Bessarabia will now change its name to Mesarabia. New York Evening Post.

FAKE POMPADOUR WILL

French Expert So Brands Document in Famous Collection. Paris, May 26.—The discovery that the will of Madame Pompadour in the J. P. Morgan collection in New York is a fake, was made by Paul Reynaud, French lawyer, while on an official mission to the United States, according to the Weekly News Cri De Paris. A New York newspaper owner recommended that Reynaud look at the Morgan collection, says the Cri. The lawyer, who is also a Connoisseur draws the attention of Miss Green, conservatrix of the collection to the fact that the supposed Pompadour will was dated 1770, whereas Madame Pompadour died in 1764. The Pompadour will was one of the choicest in the Morgan collection of historic documents. The New Zealand Government has restricted the exportation of hides with a view to controlling the prices in the interest of fixing the cost of standardized shoes to be manufactured.

The regular quarterly meeting of the Manchester Christian Endeavor Union will be held with the Manchester Society, Wednesday evening at 7.30 o'clock. Dr. C. E. Hesselgrave will be the speaker of the evening, his subject being, "Youth at its Best: Lessons from War Experiences."

Joseph Desire of Main street, who takes care of the heating apparatus of the various business blocks along Main street during the winter months, has purchased the Ludke farm which is situated on John Tom hill in Glastonbury and will begin farming operations immediately. The farm which comprises about twelve acres is about seven miles from town.

E. J. Holl disposed of 25 of his 40 lots in the Pinehurst section at auction Saturday afternoon. Pinehurst is one of the few sections in town where land is available for home sites. The auction sale will continue through today, tomorrow and Wednesday, or until all the vacant lots are sold as Mr. Holl has decided to sell all the land regardless of value to the highest bidder. Presents are given away each day to those who present their tickets before two o'clock.

Dr. Rice at the present time is taking care of his practice here in addition to his work with the American Mutual Compensation Insurance Company of Hartford. After June 4th, Dr. Rice will devote his entire time to his Hartford duties and will be succeeded here by Dr. Trombly.

It is expected that the work on the new Army and Navy clubhouses will be entirely completed by Saturday of this week. In all probability there will be a "house warming", but no arrangements have as yet been made in regard to this.

Wallace D. Robb has sold Thos. Peckinham's two family house on Cambridge street, Pinehurst section to E. P. Jilison of Hartford. Mr. Jilison is state representative of the Brackett, Shaw & Lunt Co., for Conn. and Western Mass. Mr. Jilison expects to be in his new home around the first of the month.

St. Mary's Episcopal church was well filled yesterday morning when Drake Post, G. A. R., attended service in a body in observance of their annual Memorial Sunday. Rev. J. S. Neill preached an appropriate memorial sermon to the old soldiers. The United Spanish War Veterans, the Sons of Veterans and the World War Veterans also attended the service.

The local Salvation Army Band gave a concert in front of the Liberty Cottage in Hartford Saturday evening. The concert was given to aid the drive for funds which the Hartford corps has been conducting during the past week. A large number of the local corps assisted in the Capitol City drive which was but part of the nation wide campaign. Manchester's drive for funds will start Thursday, June 19th, and will continue for one week.

It is apparent that many are unaware of the fact that the headquarters of the War Bureau is situated in the rear of the J. W. Hale Company's department store. The Bureau was removed to the Main street store immediately after the Ferris fire. Despite the publicity given to this change the Herald office, and Hospital Fund headquarters which are temporarily situated in the Ferris building, have been besieged with inquiries as to the location of the War Bureau.

A large number of local fans journeyed to Hartford on Saturday to the New Haven-Hartford league game at the Wethersfield avenue grounds. The fans went to the game mostly to see "Jerry" Fay the former Athletic star who is playing first base with the New Haven team. They were disappointed for Manager Chief Meyers of the Elm City club had decided to use the veteran infielder "Moose" Miller for Saturday's game, consequently "Jerry" was not given an opportunity to play.

There has been some talk of starting an Elk's Club here. Several of the young men who are behind this movement have broached the subject to a number of their friends and it is thought that very little difficulty would be experienced in obtaining a good sized charter membership. It is pointed out that towns of less size and population than Manchester are supporting an Elk's Club and in many cases, the clubs own their own buildings. Manchester has at the present time a large number of Elks, who belong to the Hartford order and are forced to go there for organization meetings.

Memorial Day, May 30 Old "Vets" and Young "Vets"

"It was just before the Battle of Gettysburg when—"

"That's like my experience with a couple of Fritzies. We were—"

Veterans of '61, '98 and our new "vets" of 1918-19 will all get together May 30. Many an interesting incident in the battle-scarred experiences of these sturdy fighters will be recalled.

Those who fought and those who backed the fighters will want to look their best on this national holiday. It will be a great mingling of the old blue and khaki and civies.

That's where we come in—in supplying smart civies for the occasion. We have a lot of them; new ones direct from those famous good-clothes makers.

The House Of Kuppenheimer

expressed in a well-bred way. Lively single and double-breasted with many new variations of the waist-line idea. More conservative patterns expressing grace and dignity, with slight touches of well-chosen style, distinctively correct and fashionable.

SAYS SEND DRUNKS HOME INSTEAD OF TO LOCKUP

W. H. Cowles Would Have Police Take Intoxicated Once Home—Charge Mantell With Assault.

Alexander Leggett was in police court this morning on the charge of intoxication. He was arrested by Officer Fitzgerald Saturday night. Leggett is employed by W. H. Cowles on a farm on Woodbridge street. Mr. Cowles appeared in court and told the judge that he was of the opinion that the officer ought to send a man who is intoxicated to his home rather than take him to the lock-up. The Presenting Attorney was of the opinion that Cowles did not know Leggett very well or he would not come to court to ensure the police. Judge Arnott made the fine five dollars and costs, which were paid.

John B. Howell, a stranger who recently came to Manchester to work for Cheney Brothers drank a little too much Saturday night and was arrested for intoxication. He pleaded guilty and paid a fine of five dollars and costs. Charged With Assault. Frank Mantell of the South End appeared before Judge Arnott charged with assault on his wife and abduction. FITZGERALD TO PROTECT AGAINST SPEED FIENDS

Will Act as Manchester Motorcycle Cop—Will Make Highways Safe Through Summer Months.

Michael Fitzgerald of Birch street will be Manchester's motorcycle cop this summer. He began his new duties yesterday and will devote each day to apprehending violators of traffic rules and speed regulations. The idea of having a local motorcycle cop was originated a few summers ago by Chief Gordon and proved a success at the outset. One of town auto enthusiasts who invariably passed through the town at break neck speed thinking it a "hick village" were soon reminded that Manchester was far from being in the "Big Top Winkie" class.
