## DEMOCRATS TO TAKE ADVANTAGE OF DISCORD IN G. O. P. RANKS

Administration Forces De-  
clare They Propose to Sub-  
ject It to Pitiless Publicity  
—Republicans Say Their  
Entire Program Will be  
Swiftly and Successfully  
Carried Out.

Washington, May 28.—Open war-  
fare on the Republican majority was  
to be begun in the Senate today by  
the Administration forces, leaders of  
the Democratic minority announced  
before that body reconvened.

They declared they proposed to  
subject to "pitiless publicity" that  
"discord among Republican Senators  
which had demonstrated by the fre-  
quent clashes between Progressives  
like Borah, of Idaho, and Johnson, of  
California, and those of the Old  
Guard, like Lodge, of Massachusetts  
and Penrose, of Pennsylvania.

Not in Agreement.  
That the Republicans are not only  
far from being in agreement as to  
the public policy they should pursue  
with regard to the proposed League  
of Nations, but as to the tariff, the  
income and other revenue-raising or  
taxation measures, the Democratic  
leaders insisted they would demon-  
strate before many sessions of the  
Senate, were held.

Democrats to Take Advantage.  
The Democratic leaders said they  
naturally intended to take full ad-  
vantage of the differences of opinion  
they asserted were sure to persist  
between the Progressive and Old  
Guard Republicans with respect to  
legislative and other policies not  
only in the Senate but in the House.  
They were in a better position to  
"reap the benefit of any whirlwind  
of discord the Republicans might  
sow in the Senate" because of the  
slim majority of two the Republi-  
cans possessed in that body, they con-  
tinued, "with the inability of the  
Republican majority to over-ride the  
President's veto, the Democratic  
minority would not be lacking in  
sirews of war," they declared.

Watchful Waiting Policy.  
On the House side, the Democratic  
minority would have to be more ac-  
quiescent before the more substan-  
tial majority the Republicans pos-  
sessed there, but Champ Clark, vet-  
eran of many a parliamentary and  
legislative battle, was well equipped,  
the Democratic leaders maintained,  
to guide the House Democrats in the  
policy of "watchful waiting" they  
had adopted.

Republicans Not Worried.  
To the Democratic claims leading  
Republican Senators declared they  
were not giving much heed. They  
planned today to organize the Sen-  
ate under Republican control and  
there was no move their Democratic  
opponents could make which could  
prevent them from so doing, they  
said. Their program, was, they ex-  
plained, to report the Republican  
"slate" of committee chairmen and  
other assignments "en bloc" to the  
Senate. If the Democrats sought to  
force a vote on Penrose or any other  
committee chairman individually a  
motion made for that purpose would  
be tabled by a solid Republican ma-  
jority.

The entire Republican program  
will be "swiftly and successfully  
carried out," the Republican leaders  
concluded.

### INDEPENDENT STATE.

Rhineland May Separate Itself From  
Prussia, Says Report.

Berlin, via London, May 28.—The  
Rhineland may separate from Prussia  
and establish itself into an inde-  
pendent state. One newspaper, Aix  
la Chapelle, says the situation may  
take place within a few days as  
50,000 persons have signed a peti-  
tion in favor of the movement. The  
German press generally is condemn-  
ing the efforts of certain leaders in  
the Rhineland district to bring about  
the change.

## BOLSHEVIKS TO BLAME FOR RIOTING AT YALE

So Says Mayor Fitzgerald in  
Speaking of Last Night's  
Disturbance.

## TWO CIVILIANS ARE SHOT

Many Others Injured More or Less  
Slightly—Soldiers Lead Mob  
Against College Students.

New Haven, May 28.—Bolshevik  
influence is blamed by Mayor Fitz-  
gerald in part for the revival, after  
a lapse of many years of the "town  
and gown" rioting, which broke  
loose in this city last night, when a  
mob made up of a small proportion  
of soldiers and a much larger prop-  
ortion of town boys, and number-  
ing several thousand, mobbed a  
number of Yale students causing  
serious injury to at least a dozen,  
attended unsuccessfully to storm  
the Yale campus, broke hundreds of  
windows in the Yale buildings and  
damaged much private property.

Two Civilians Shot.  
Two civilians who were shot were  
resting comfortably in the hospital  
today, neither wounded seriously.  
The Yale Daily News today laid the  
blame at the door of the newspapers  
which had yesterday printed stories  
to the effect that trouble was brew-  
ing as a result of insults alleged to  
have been passed by Yale students  
upon men of the 102nd regiment  
who paraded by the campus last  
Saturday.

Police Investigating.  
The police today continued their  
probe of the shooting of Stephen  
Calanitz and Ernest Fusco, who  
claimed to have been fired upon from  
a Sheff-Vanderbilt dormitory win-  
dow. The cases of John Sperry of  
Covington, Ohio, John D. Hough of  
Oak Park Ill., and Eug. O. Clement  
of Rutland, Vt., Yale students, who  
were arrested on charges of carry-  
ing concealed weapons and breach  
of the peace, following the shooting  
and of three other local men arrested  
during the disturbance were contin-  
ued in the police court today for  
further investigation.

Among the Injured.  
Several Yale students were suffer-  
ing from broken heads or damaged  
faces, were reported as comfortable  
today. Among them were Harvey  
Childs of Pittsburgh, Captain Jim  
Braden of the Yale track team, Wil-  
liam T. Montgomery and George W.  
Drayton whose home addresses are  
not known. Drayton may have a  
fracture of the skull. Numerous  
civilians, mistaken by the mobs for  
students and ruthlessly assaulted  
were nursing cuts and bruises to-  
day.

Cool Heads in Mob.  
It was the consensus of opinion  
today that only the fact that the  
Yale men were held in check by  
such leaders as Coach Abbott of the  
Yale crew, Dean Frederick Jones  
and prominent graduates and kept  
within the campus confines preven-  
ted a bloody battle with the mobs  
that surged through the central  
streets. Just before midnight last  
night several hundred Sheff stu-  
dents, angered by the breaking of  
many fine windows in Sheff build-  
ings and insults hurled at them by  
the mob marched down toward the  
center to give battle to the mob of  
townies and soldiers. They were  
restrained with difficulty and sent  
back to their rooms before a clash  
occurred.

Police Rushed to Scene.  
Police from every quarter of the  
city were rushed into action in the  
center and it was nearly 2 o'clock  
this morning before a semblance of  
quiet was restored in the city  
streets. The rioting began when a  
mob in which were a number of men  
in uniform gathered on the central  
green and marched toward the  
campus, beating up on their way  
students, who were out alone.

(Continued on Page 2.)

## PLANE CREW THAT FLEW ACROSS OCEAN IS RESTING TODAY

Will Not Resume Trip to Eng-  
land Today's Bulletin  
State.

## NC-4 TOOK LESS THAN 27 HOURS TO DO TRICK

Actual Flying Time Was 26 Hours  
and 41 Minutes—Whole World  
Thrilled by Performance.

Lisbon, May 28.—The first men to  
cross the Atlantic by air were sleep-  
ing soundly aboard the cruiser Ro-  
chester in Lisbon harbor early to-  
day after receiving a tremendous  
ovation; and it was understood that  
they would not resume their flight  
to England today.

Worked All Night.  
Mechanicians from the Rochester  
worked over the NC-4 practically all  
night and it was believed she was  
fit for the 775 mile flight to Ply-  
mouth. But reports from the cruise-  
r before dawn said that Lieutenant  
Commander Read and the seaplane's  
crew were not astr and that they  
probably would rest today and test  
the plane's engines before taking off  
on the last leg.

If the weather permits they will  
hop for Plymouth early tomorrow,  
reaching the English coast in less  
than ten hours.

No Trouble on Trip.  
The NC-4's crew reported that the  
final leg of the trans-Atlantic flight,  
from Ponta Delgada to Lisbon yester-  
day, was practically without in-  
cident and they expected little trou-  
ble in making the extra hop to Ply-  
mouth. The seaplane met with ideal  
weather nearly all the way and not  
once did she stray off the course  
routed for her by American destroy-  
ers.

Great Ovation.  
Guns were booming, bells ringing  
and steamer whistles blowing, when  
the NC-4, with Lieutenant Comman-  
der Read seated in front of the cock-  
pit, dipped to the water at the  
mouth of the Aguz river at 4:02  
p. m., New York time.

An instant later the flying boat  
had swung her nose to the left and  
was dashing up the harbor, through  
the lane of ships formed on either  
side. She headed straight for the  
Rochester, drew up alongside the  
cruiser and the history-making flight  
across the Atlantic was ended.

The last of the American destroy-  
ers which are to mark the route  
from Lisbon to Plymouth, took up  
their stations last night, according  
to reports received here today and  
everything is in readiness for the  
flight.

### WITHOUT INFORMATION.

Washington, May 28.—The Navy  
Department early today was with-  
out any advices to indicate when  
Lieutenant Commander A. C. Read,  
who yesterday made history by com-  
pleting the first trans-Atlantic flight,  
would continue from Lisbon to Ply-  
mouth, England. Read's overseas  
flight officially ended at the Portu-  
guese city, but he was scheduled to  
continue to Plymouth, a distance of  
775 miles, as soon as conditions were  
favorable.

Not even some of the big develop-  
ments of the war stirred the national  
capital more than the news of the  
successful termination of Read's  
flight. His remarkable performance  
of crossing the Atlantic in 26 hours  
and 41 minutes, actual flying time,  
thrilled alike both official and civil  
Washington.

It was confidently expected he  
would be able to reach Plymouth in  
record time, once the start was  
made.

### CRUISER IS READY.

Plymouth, England, May 28.—  
The United States Cruiser Stockton  
rode at anchor in the harbor today  
ready to dash out on a minute's no-  
tice to take her station half way be-  
tween this port and Brest when Lieut-  
enant Commander Read begins the  
last leg of his brilliant trans-Atlan-  
tic flight from Lisbon to this port  
today.

(Continued on Page 3.)

## CHARGES PARTISANSHIP IS BEHIND OPPOSITION TO LEAGUE OF NATIONS

Robinson of Arkansas Bitter-  
ly Arraigns Anti-  
Leaguers.

## PACT OF PEACE TREATY; MUST BE PUT THROUGH

Declares Soldiers Are in Favor of  
League—World's Only Protection  
Against War.

Washington, May 28.—Charging  
partisanship on the part of those op-  
posing the League of Nations, Sen-  
ator Robinson of Arkansas today  
opened the administration's defense  
of the League of Nations in the Sen-  
ate. Senator Robinson, chairman of  
the foreign relations committee of  
the Senate, will be one of the mem-  
bers of that committee who will fight  
for the League and present a minor-  
ity report in the event that the com-  
mittee reports unfavorably on the  
League.

Opposition to the League of Na-  
tions was likened to the caveman's  
opposition to social order by Sen-  
ator Robinson, who bitterly arraigned  
those who are opposing the League.

Part of Peace Treaty.  
"The League of Nations is a part  
of the peace treaty," said Senator  
Robinson in arguing that it could  
not be separated from the treaty.  
"Its agencies are made the principal  
factor in effectuating many of the  
important and complicated details of  
the proposed peace treaty proper. In  
notable instances discussion of this  
subject has been characterized by  
unaccountable misconception of the  
purposes of the instrument. It is re-  
grettable that a spirit of partisan-  
ship exemplified in notable instances  
by members of this body, and dis-  
played in editorials in many news-  
papers and periodicals should have  
hampered and embarrassed the Pres-  
ident and his associates in their la-  
bors at Paris. Notwithstanding the  
considerations which require unity  
among our people the President has  
been the object of repeated unfair  
and bitter attacks."

Would Prevent Bolshevism.  
"The spirit of discontent and the  
forces of lawlessness, will endure,"  
Senator Robinson declared, but he  
asserted, "the League of Nations  
will give encouragement to the  
growth of Democratic ideas and at  
the same time repel the threatened  
assaults of the hideous foe to all  
governments advancing in the name  
of Bolshevism."

The League of Nations will make  
wars improbable and will end secret  
diplomacy, the Arkansas Senator  
said.

"The objection that League of Na-  
tions treaties creates a super gov-  
ernment which will dominate the  
United States is without foundation,"  
Senator Robinson said. "It can  
take no action in any important con-  
troversy without the consent of the  
United States. Its powers are ad-  
visory. It can compel no action on  
the part of this government."

Soldiers For League.  
"American soldiers almost unan-  
imously support the League of Na-  
tions. They are entitled to be con-  
sulted, entitled to be heard. Their  
sacrifices have impressed them with  
the meaning of war and its absurd-  
ity as a factor in Christian civiliza-  
tion.

"How disappointing it will be if  
the nations which won this war shall  
part company at its end and each  
pursue its separate way in selfish dis-  
regard of the interests of its form-  
er allies and in ignorance of their  
true necessities and motives. Then  
will the souls of all who mourn know  
how they have suffered and struggled  
to realize their efforts and their sac-  
rifices have come to naught.

"Surely Senators who oppose this  
agreement will feel constrained by  
the prayers and tears of the living  
and by the blood and ashes of the  
fallen, to devise some other bet-  
ter plan to save humanity from the  
woes of war."

(Continued on Page 3.)

## BIG FOUR TO RECOGNIZE OMSK GOVERNMENT IF IT MAKES GOOD

### Bernstorff Favors Signing The Peace Terms at Once

Paris, May 28.—Count von Bern-  
storff, former German ambassador to  
the United States and now head of  
the peace intelligence bureau in Ber-  
lin, has recommended the re-organi-  
zation of the German cabinet with  
a view to signing the treaty at once,  
it was learned from confidential

sources today. President Ebert and  
Premier Philipp Scheidemann would  
retain control, but Independent So-  
cialists would be admitted to office.  
The Independent Socialists are in  
favor of accepting the peace terms  
as presented to the German envoys  
at Versailles.

## SIZE OF FUTURE U. S. ARMY AND NAVY TO BE DECIDED BY CONGRESS TODAY

### HAWKER AND GRIEVE DECORATED BY KING

Thousands Cheer as Air  
Force Cross is Presented  
to Brave Fliers.

### GET CONSOLATION PRIZE

Congratulatory Messages Received  
From All Parts of World—Vande-  
ville, Officers Galore.

London, May 28.—While a great  
cheering crowd stood outside Buck-  
ingham Palace, King George today  
decorated Harry G. Hawker and  
Mackenzie Grieve, his navigator,  
with the air force cross, thus inau-  
gurating the new insignia, which is  
to be awarded only to airmen spe-  
cially distinguishing themselves for  
bravery.

Streets Lined By Thousands.  
From the Palace Hawker and  
Grieve rode through streets lined  
with cheering thousands enroute to  
a luncheon given in their honor by  
the Daily Mail, which promoted the  
trans-Atlantic flight.

Major General Seeley, on behalf  
of the newspaper, bestowed a \$25,000  
consolation prize on the two men,  
who were rescued from mid-ocean on  
an unsuccessful attempt to fly to  
Ireland.

Attends Luncheon.  
The luncheon was attended by of-  
ficers of the air ministry and promi-  
nent government officials, who gave  
Hawker and Grieve a warm welcome  
when they entered the room. Haw-  
ker responded in a few words to lau-  
datory speeches. He referred to the  
success of the American flyers in  
crossing the Atlantic and said that  
a little more luck his Sopwith  
plane would have put the British  
flag across first.

A series of receptions and celebra-  
tions, including one at the Sopwith  
Aeroplane Company plant, followed  
the luncheon. Crowds gathered  
about the automobiles conveying the  
aviators and at some places the police  
had to make way for them.

In all the demonstrations Aus-  
tralian soldiers played a big part.  
Hawker has declined several of-  
fers to appear on the variety stage  
and probably also will reject bids  
from Cinema Companies, it was said  
today. He will confer with officials  
of the Sopwith Company and visit  
the Brooklands Aerodrome to-  
morrow before making a definite an-  
nouncement as to whether or not he  
will make another attempt to cross  
the Atlantic.

May Not Try Again.  
His friends said today they had  
gained the impression that the Aus-  
tralian pilot would not again at-  
tempt the flight. They said he ex-  
pressed confidence that he would  
succeed on a second attempt but the  
fact that the Americans already had  
crossed the Atlantic made him less  
eager to make the try.

A big basket full of congratula-  
tory messages were awaiting Haw-  
ker last night after he finally eluded  
the huge crowds that acclaimed him.

### Secretary Daniels' Statement That Warship Building is Not Needed Now, Causing Much Speculation.

Washington, May 28.—Decision as  
to the size of the future military and  
naval establishment to be main-  
tained by the United States govern-  
ment was before Congress today, with  
demands for speedy passage of pend-  
ing appropriation bills to provide  
for expenditures during the year  
1919-20.

In the final decision to be reach-  
ed, Republican leaders who are now  
directing national legislation de-  
clared they would shape the policy—it  
was said Republicans in House and  
Senate will soon get away from the  
recommendations made by represen-  
tatives of the Democratic adminis-  
tration, wherever it is possible to do  
so.

Secretary of the Navy Daniels,  
who was to continue his recommen-  
dations for the navy before the  
House Naval Affairs committee to-  
day has already advised the commit-  
tee that future capital battleship  
authorization should wait on devel-  
opments following ratification of the  
League of Nations covenant and the  
treaty of peace with Germany; that  
the American navy should concen-  
trate on aircraft development and  
production; that a navy base and a  
training school should be located at  
San Diego, Cal.

To Go Ahead With Program.  
Members of the committee in-  
dicated their purpose of going ahead  
with the normal naval construction  
program, irrespective of possible ac-  
tion to be taken by the Senate in the  
matter of ratification of the League  
of Nations covenant, of which they  
did not feel so certain, and have  
closely interrogated Secretary Dan-  
iels on his request for a lump ap-  
propriation of \$45,000,000 for navy  
aeronautics and naval base im-  
provements.

Secretary of War Baker was ex-  
pected, probably tomorrow, before  
the House Military Affairs Commit-  
tee to make his recommendations  
for appropriations for the army for  
1919-20. He has announced he  
will ask for a standing army of 500,  
000, an increase of about 420,000  
over the pre-war army.

Standing Army of 100,000.  
Chairman Kahn of the Military  
Affairs Committee, has stated he  
will urge a standing army of 100,  
000 and universal military training  
to provide a vast army of "partly  
trained" soldiers for future wars.  
Like members of the Naval Affairs  
Committee, and unlike Secretary  
Daniels, Kahn says he is of the op-  
inion that the League of Nations cov-  
enant if ratified will prevent war.

While support for universal mili-  
tary training has not come from  
Secretary Baker, it was receiving fa-  
vorable consideration by members  
of Congress who find it popular when  
suggested in connection with schol-  
astic courses in the high schools,  
colleges and universities.

Kodaks and films, developing and  
printing, at Balch & Brown Phar-  
macy.—adv.

### Note Dispatched to Siberia to See What Guarantees Will be Given Regarding Crea- tion of National Assembly and Universal Suffrage— Admiral Kolchak Heads New Government.

Paris, May 28.—Although it is  
believed the Big Powers will soon  
recognize the Omsk government in  
Siberia headed by Admiral Kolchak,  
President Wilson is maintaining an  
attitude of watchful waiting to as-  
certain what guarantees the Omsk  
regime will give regarding the crea-  
tion of a National Assembly, and  
universal suffrage.

No Decision Yet.  
The Big Four has not taken any  
decisive action towards extending  
recognition to the Omsk government,  
but it is understood that a note has  
been dispatched to Admiral Kolchak  
inquiring what purposes he has plan-  
ned for the future.

The President has been influenced  
in his attitude by the insistence of  
Great Britain, France and Japan  
that former treaty promises be car-  
ried out.

Want to Be Sure.  
President Wilson is understood to  
have told his associates that he could  
not commit the United States to any  
fixed policy until further develop-  
ments showed exactly what Admiral  
Kolchak and his anti-Bolshevik col-  
leagues plan to do. It is believed  
the President has become convinced  
that recognition of the soviet re-  
gime at Moscow is out of the ques-  
tion, but he refuses to act blindly  
in recognizing the Omsk government.

### NOTE SENT TO OMSK GOVT.

Paris, May 28.—The peace con-  
ference has sent a note to the Omsk  
government in Siberia inquiring  
after the aims and plans of Admiral  
Kolchak, but has not recognized the  
government, it was learned today.  
President Wilson has not made any  
promises, but will determine the  
attitude of the United States when  
it is found what guarantees Admiral  
Kolchak is prepared to give regard-  
ing the creation of a constituent as-  
sembly and universal suffrage.

### TINY BELGIAN MUSICIAN ARRIVES IN U. S. AGAIN

Comes Here Three Times As Stow-  
away—His Name is Michael Gil-  
hooley—(Yes, That's Right.)

New York, May 28.—For the third  
time since the armistice was signed  
Michael Gilhooley, diminutive Bel-  
gian musician and soldier of fortune,  
arrived here as a stowaway today.

Last November he came in on the  
transport Agamemnon, having been  
smuggled aboard in a cast off uni-  
form by American soldiers. The im-  
migration authorities sent him back  
to France. Six weeks later he ar-  
rived on the transport Black Arrow,  
with the same result.

Today Michael came in aboard  
the Santa Paula, disguised as a sol-  
dor. He protested that he wanted to  
become an American citizen and  
would keep making the trip across  
the Atlantic until he was allowed to  
land, but the immigration authorities  
trusted him off to Ellis Island again  
to await deportation.

Michael's father was a Cork Irish-  
man and his mother a Belgian girl.  
His father died before the war and  
his mother was killed by a German  
air bomb.

Friends of the Boy, who will be  
welcome at the home of Mr. J. B.  
House, where Mr. Lindbergh was  
while here for the Memorial Day  
services.

Wilson Martin one of the home-  
siders at the Cheney silk mill, yester-  
day broke a small bone in his left  
arm while at work. He will be re-  
spected to give an active week or  
time because of the accident.

887 Main St.

"Loaf of Bread Please"

How many times a day our salesgirls are greeted with those words. That's a tribute to the excellence of our bread. The demand for it is growing week by week. Why?—Because it is good bread. If you haven't tried it you don't know how good.

BISCUITS, ROLLS, BUNS, RUSKS.

Cooked Food Department

Always ready to serve you with freshly cooked meats, sliced to your order, ready for your table.

Butter Milk and Cream

DANCING AFTERNOON AND EVENING

BAND CONCERT AND PICTURES SUNDAY

STOCK MARKET

New York, May 23.—There were narrow movements in nearly all the leading issues at the opening of the stock market today, with the changes in the first 15 minutes about evenly divided between gains and losses. The statements made in authoritative quarters in International Mercantile Marine yesterday in regard to liquidation of the company and the necessity of calling the six percent bonds at 103 were responded to with an advance of 2 1/2 points, the preferred, which sold at 126 1/2.

FAMILY DOCTOR MUST GO ASSERTS DR. SLOAN

Retiring President of Medical Association Foresees Health Insurance.

PRAISES HOSPITAL IDEA

Declares Memorial Will Be of Great Benefit to Town and Physicians—Recalls "Flu" Epidemic.

At the recent meeting of the Manchester Medical Association the retiring president, Dr. T. J. Sloan declared that the family doctor was apparently doomed. Industrial medicine was taking his place and group treatment with compulsory health insurance in the near future, would make a back number of the old time physician.

Doctors must get together at frequent intervals to talk over medical problems and exchange professional ideas, said the speaker, and it was in this connection that he looked to the Memorial Hospital for one of its greatest benefits.

Night Work. In discussing the question of a doctor's night work the ex-president went on to say:

"Four of our members have been and still are in the service—one has practically left town. Those who are left have carried on the work of all in general I may say satisfactorily. The public may be inclined to criticize what they consider our lack of desire to attend to night calls but I think have appreciated the conditions and have been considerate in the main.

We must see this matter of night work from the patient or rather the patients' families' viewpoint. Everything seems worse at night. One has a greater sense of helplessness and symptoms that in daylight do not seem alarming become so at night. I do not think we can fully appreciate this unless we have had serious illness in our own immediate families. Therefore we should try to be patient and considerate, bearing in mind however our own physical limitations.

Praise of Nurses. "The great outstanding event of the year was of course the epidemic of influenza which taxed our energies to the limit. While Manchester was hard hit we had very few cases if any of absolute neglect. People had to wait and wait a long time for visits, but with the help so ably given by nurses and voluntary nurses, the town was pretty well taken care of.

I think it should be appreciated how hard the nurses worked, and particularly how faithful the three nurses employed by Cheney Brothers labored during the height of the epidemic, each working one night out of three, besides working every day. The amount of ground they and the other visiting nurses covered was enormous. The work of The Emergency Hospital you all are familiar with. It saved many here and lessened our work to some extent.

The Memorial Hospital. The most important and far reaching event of the last year is of course the successful inception and launching of the Memorial Hospital. The effect of this hospital on the medical profession—on the town at large will be far reaching and the advantages to depend on ourselves alone.

It will give us great advantages if we are wise enough to see them and may be made the means of great improvement in our diagnostic ability. It will enable us to keep under our care many patients who now go to Hartford Hospitals and make the treatment of many cases much more satisfactory."

"SHIMMY" DOOMED.

Bridgeport Bars That and All Jazz Dances.

Bridgeport, May 23.—The jazz dance and the shimmy are doomed and are barred from the programs of community service meetings, which are held weekly in twelve public school buildings here, because of the action of a board of censors that effect. The fox trot is under consideration and may also go, though no decision on this dance has been announced. The censors, composed of officers of the community organizations, had a dancing teacher and two of his star pupils, male and female, before them to illustrate the various dances, and quickly gave their edict on the jazz and the shimmy.

BOSTON HOUSE MEMBERS VOTE \$100 BONUS TO YANKS.

Boston, May 23.—The Republican members of the House, meeting in a star-chamber caucus, voted to favor a bill providing a \$100 bonus to every soldier, sailor and marine from Massachusetts, the money to be raised by taxation on a fifty-fifty basis; one-half of the amount from property taxation and the other half from a head tax. A number of bills, providing a bonus or a weekly bounty are pending before the House Ways and Means Committee and the committee will now draw up a new bill embodying the new features.

BOLSHEVIKS TO BLAME FOR RIOTING AT YALE

(Continued from Page 1.)

In Court Today. Two of the six men arrested in connection with last night's riotous attempt to storm the Yale campus were tried and their cases disposed of by Judge Hoyt in the police court today.

John Fredericks, a service man, caught by Chief of Police Smith in throwing a stone through a window of Osborne Hall, pleaded guilty to a charge of injury to property and was fined \$50 and costs.

Albert Macri of 77 Monroe street, pleaded guilty to a breach of the peace and assault on an unknown student, who was one of those beaten up in the center of the city and was sentenced to 15 days in jail. He is not a service man.

The cases of John Perry, John D. Hough and Hugh D. Clement, Yale students, arrested on charge of having concealed weapons in their possession following the shooting of two men near the campus, were continued until June third.

The case of Gennaro Giangrande, alias Grant, who was arrested as a result of an incendiary speech which he made on the steps of Osborne Hall, was also continued for investigation.

Mayor Fitzgerald said today that he was convinced that men of the 102d Regiment had little to do with the rioting and that the trouble was largely due to a rowdy element of town boys.

Both the Mayor and the Yale authorities conferred today to consider steps to prevent further outbreaks.

DR. MOORE'S AUTO GOES ON FATAL RAMPAGE

Car Turns Out for Father Carrigan but Refuses to Alter Course for Post.

As Father Carrigan of Broad Brook was driving his car up the hill by Lilley street near Lincoln school this afternoon he was surprised to see a large new Chandler car, which had been standing empty by the curb, suddenly start toward him. The machine bore down upon him threateningly for a few yards and then, exactly as though there had been an experienced driver at the wheel, it turned out and passed him safely.

A passenger in Father Carrigan's car leaped out and tried to reach the wheel of the wild Chandler but so great was the speed of the vacant machine by this time that it was impossible for him to climb onto the running board.

The automobile zig-zagged down the street for about a block and finally plunged into a post where it halted with water streaming from the shattered radiator and a fender hanging limply.

The wrecked machine belonged to Dr. D. C. Y. Moore who was in a nearby house making a call.

SOCCER CLUB DANCE.

The Manchester Soccer Club dance which is to be held this evening in Cheney Hall promises to be the scene of some "classic dancing". Both local and out-of-town couples will compete for the loving cups which will be awarded the winners. The committee has secured a judge on local dancing instructor and two out-of-town men in order that the decision may be fairly made.

MISS JOHNSON'S WORK.

Among the many beautiful exhibits to be seen at the display of the Hartford Arts and Crafts Club which opened yesterday in the Y. W. C. A. building of that city is some exquisite work of Miss Mildred A. Johnson, daughter of Mr. and Mrs. Aaron Johnson. Miss Johnson shows there an attractive tea set done in bright yellow with delicate blue border. This is on a luncheon cloth also of yellow, blue bordered and with daintily embroidered initials.

KING ALBERT INVITED.

Toledo, May 23.—King Albert of Belgium and the Prince of Wales will be invited to be the guests of Tex Rickard, fight promoter, on the occasion of the Willard-Demsey fight here July 4. Both the Belgian King and the heir to the British throne are to be in Canada late in June attending victory festivities at Ottawa. Rickard today cabled invitations and upon their arrival in Canada will extend personal invitations.

Jess Willard today wired Rickard that he will not arrive here until June 4.

AMERICANIZATION PLANS TO COVER WIDER FIELD

Will Have to Learn More About Foreign Lands and People Says Mrs. Hillsburg.

Manchester's Americanization committee held a meeting in Superintendent F. A. Verplanck's office last evening where reports were received and plans for the future discussed. Mrs. Florence E. Hillsburg, the director, gave a detailed account of the work thus far accomplished and also a tabulated report on the census taken during the winter.

It was voted to have Mrs. Florence Hillsburg prepare a report on what the Manchester Americanization committee has been doing during its first year of work and to have the report published in The Evening Herald and state papers.

E. L. G. Hohenthal, treasurer of the committee, was empowered to secure an office for the committee in the business section of the South End. The director formerly had headquarters in the same room with the War Bureau in the Ferris block, but since the fire the office has been located in the Red Cross rooms at the Recreation Center. The room there is needed for other purposes.

Just what the committee can do in the future and how far it can go with its work is uncertain because of the lack of proper legislation in the matter. The Legislature turned the whole matter over to the State Board of Education. Only \$25,000 was appropriated and with 77 committees in the state, no one will receive very much. Last year, the local committee was backed by the Chamber of Commerce.

After discussing the question from all angles, it was decided to give Mrs. Hillsburg authority to plan out some scheme for the local work. It is her plan to have an institute for the training of the night teachers. She will work out a course and present it to the teachers about the first of September. The classes will start about the middle of September and by that time the teachers will have their work well in hand.

One thing that is necessary is that the American people become better informed as to just what Americanization means. They also have got to know more about the people whom they wish to Americanize.

Mrs. Hillsburg is to suggest to the different women's clubs that they prepare an intensive course of study, that their members may learn the history and traditions of the foreign people and then help put what they learn into practice. The geography of other countries must be known, also.

It is the plan of the Americanization committee to have the various organizations engaged in public work, cooperate with the committee. There has been some talk of having the associated charities linked up with the Red Cross. In the same way the organizations engaged in civic work would be linked up with the Americanization committee. Then, when any particular case comes up, the Americanization Director will know to what society to look for assistance. Mrs. Hillsburg has done a good share of her work along this line during the past year. Americanization propaganda is to be distributed and the different societies will be asked to help. In fact, everyone will be expected to do his part in this great work of Americanization.

WILSON AND COL. HOUSE POLAND'S BEST FRIENDS

Premier Paderewski So Refers to President and His Adviser in Warsaw Speech.

Warsaw, Via London, May 23.—President Wilson and Colonel House were referred to as "Poland's best friends" in a speech made by Premier Paderewski just before leaving for Paris. The Premier expressed deep gratitude for all the United States had done for his country. M. Paderewski said he and his colleagues were not wholly satisfied with the western frontier of Poland as fixed by the allies but he was satisfied that the entente desired to be just in their decisions. At the request of the Premier, parliament passed a resolution in favor of autonomy in East Galicia.

### SENDS CONGRATULATIONS.

President Wilson Sends Message to Commander Read.

Paris, May 28.—President Wilson is sending a personal message of congratulations to Lieutenant Commander Read and the crew of the NC-4. It was stated today, expressing the thanks of the nation for the exploit that put the American flag first across the ocean by the air route.

News of the NC-4's arrival at Lisbon reached here late last night and confirmation came afterward in official dispatches from Washington. The success of the flight was made the subject of leading comment in most of the French papers.

Brighten up your cemetery plots with blooming potted plants. We have them in full variety at the East Cemetery entrance. Park Hill Flower Shop.—adv.

### CRESCENT A. C. VS. WILTONS.

The Crescent A. C. will line up against the fast Wiltons of Hartford at the Main street diamond Friday afternoon. A fast game is expected as this team has been playing good ball this season. Sunday the Crescents will journey to Rockville to play the Federals of Rockville. The following players are requested to report at the main street diamond at 5:45 Thursday evening: Captain C. Thornton, G. Wright, C. Wright, W. Stevenson, H. Stevenson, R. McKinney, R. Armstrong, F. Tedford, C. Wilkie, S. Beecher, J. Thornton, G. Peterson, A. Knoxa, F. Knoxa. For games address Manager W. Turkington, 'phone 165-2.

### 40 KILLED BY FIRE.

Amsterdam, May 28.—Forty German soldiers were killed and 100 injured when a large building at Ludwigshafen, in Bavaria, was destroyed by fire, according to advices from Munich today.

## HIGH SCHOOL A. A. VOTES TO HAVE TENNIS TEAM

Players Have Already Been on Courts—Material Looks Good.

### PLANS FOR CLASS DAY

Seniors Busy With Preparations for Big Event—Quartet Under Leadership of Ballester.

At a recent meeting of the A. A. it was voted to have a tennis team to represent the school.

Leonard Johnson was elected manager of the team and is already arranging some interesting matches for the high school racket invaders. The team has already been out on the courts under the supervision of Mr. W. H. Whiting who is physical director and also coach of the tennis team. It will be a five man team and as there are signs of talent in several of the high school fellows a good team should be developed.

### Class Day Plans.

The class day plans are under full steam and the Seniors have good prospects of making it a day to be remembered.

A quartet has been formed which is guaranteed to send agony into the hearts of all. With Paul Ballester, who has already won his laurels as a singer, as leader any quartet should be able to live up to this guarantee.

### Class Picture.

The picture of the Senior class in a group was taken yesterday and also the picture of the Somanis staff. All the individual pictures of the Seniors have been taken.

### Play St. Thomas.

The baseball team will play St. Thomas, Memorial Day morning in Hartford. This game being on a holiday will allow a large number of the team's followers to attend.

Smarting under Hartford's victory over them last week the team is getting down to business and no doubt will give St. Thomas players a run for their money.

### Good Time at Storrs.

The Seniors had a wonderful time at Conn. Agricultural College last Saturday and Sunday and one still hears in the halls "When we were at Storrs."

## Economy Corner

To wash all wool flannels, sweaters and blankets, by a method that will prevent them from shrinking, is the ambition of every careful housewife. It is said that this may be accomplished by washing them in cold water in which borax and white soap have been dissolved. The proportion seems to be about a level tablespoonful of borax and one-fourth of a cake of soap to two or three gallons of water, depending upon the degree of hardness of the water. To wash a sweater, use enough water to cover it generously. Let the sweater soak an hour, then squeeze it out, but do not wring it. If necessary put through a second water which has been softened with borax and white soap. Afterward rinse very thoroughly in several cold waters and put through a wringer. Then pull it into shape and dry it. Blankets and flannels may be successfully washed in this way.

It is said fluffy, knitted garments of wool should not be hung up to dry. This process for washing them and then drying them so that they will look like new, is given by some authorities. Make a warm suds of water and white soap; wash the garment and rinse thoroughly. Run through a wringer and place in a pan in which a towel has been laid. Take the garment out occasionally and shake it, thus allowing it to dry gradually and with many shakings.

**To Wash White China Silk.**  
White china silk, so much used for waists and underclothing, is apt to turn yellow in the wash. To prevent this, one must take precautions. Soap must not be rubbed on china silk garments nor ammonia used to soften the water in which they are washed. Cut up any white soap and mix it with hot water until a jelly is formed. With this make a strong suds with hot water. Put the silk garment in

this suds and squeeze, through the hands, lifting it up and down in the suds. Rub the soiled spots with the hands, but do not put soap on them. Rinse, when clean, in clear lukewarm water, and finally in cold water. Lay in a towel and pat, to take up the moisture, and then roll in a second dry towel. After a short while, shake out the garment and spread over a rack, in the house, until almost dry. Finally press with a warm iron on the wrong side. It is said that a teaspoonful of methylated spirits, added to the last rinsing water, will give a gloss to the silk, such as it has when new.

*Julius Bottomley*

### Sounding the Quaint Note.

There is a note of quaintness in the simpler summery frocks this year; chintzes in small patterned designs are developed in many alluringly demure styles, one with tiny bright red flowers having a little white dotted swiss bibbed apron appliqued with red wool embroidery. Hats are made of fabric to match, and one model with a poke bonnet trend is equipped with long green earrings. Peasant frocks in natural or dark colored linens have applique border designs of two color crepes. Simple morning frocks of gingham are ruffled in white and embroidered in wool, and chemise frocks of handkerchief linen also have rather elaborate embroideries in worsted.

### Now the Hemless Skirt.

The fads and fancies of fashion are sponsors for the hemless skirt which appears in increasing numbers as the spring season advances. In the beginning of the season the hemless skirt was confined exclusively to separate skirts made in bordered fabrics.

### FLEEING GERMANY.

Hundreds Go to Switzerland Fearing Bombardment by Allies.

Geneva, May 28.—Hundreds of terrorized German families are seeking admission into Switzerland fearing bombardment of German cities by Allied airmen in the event the German envoys refuse to sign the peace treaty. It is reported the Allies are building aerodromes at many points.

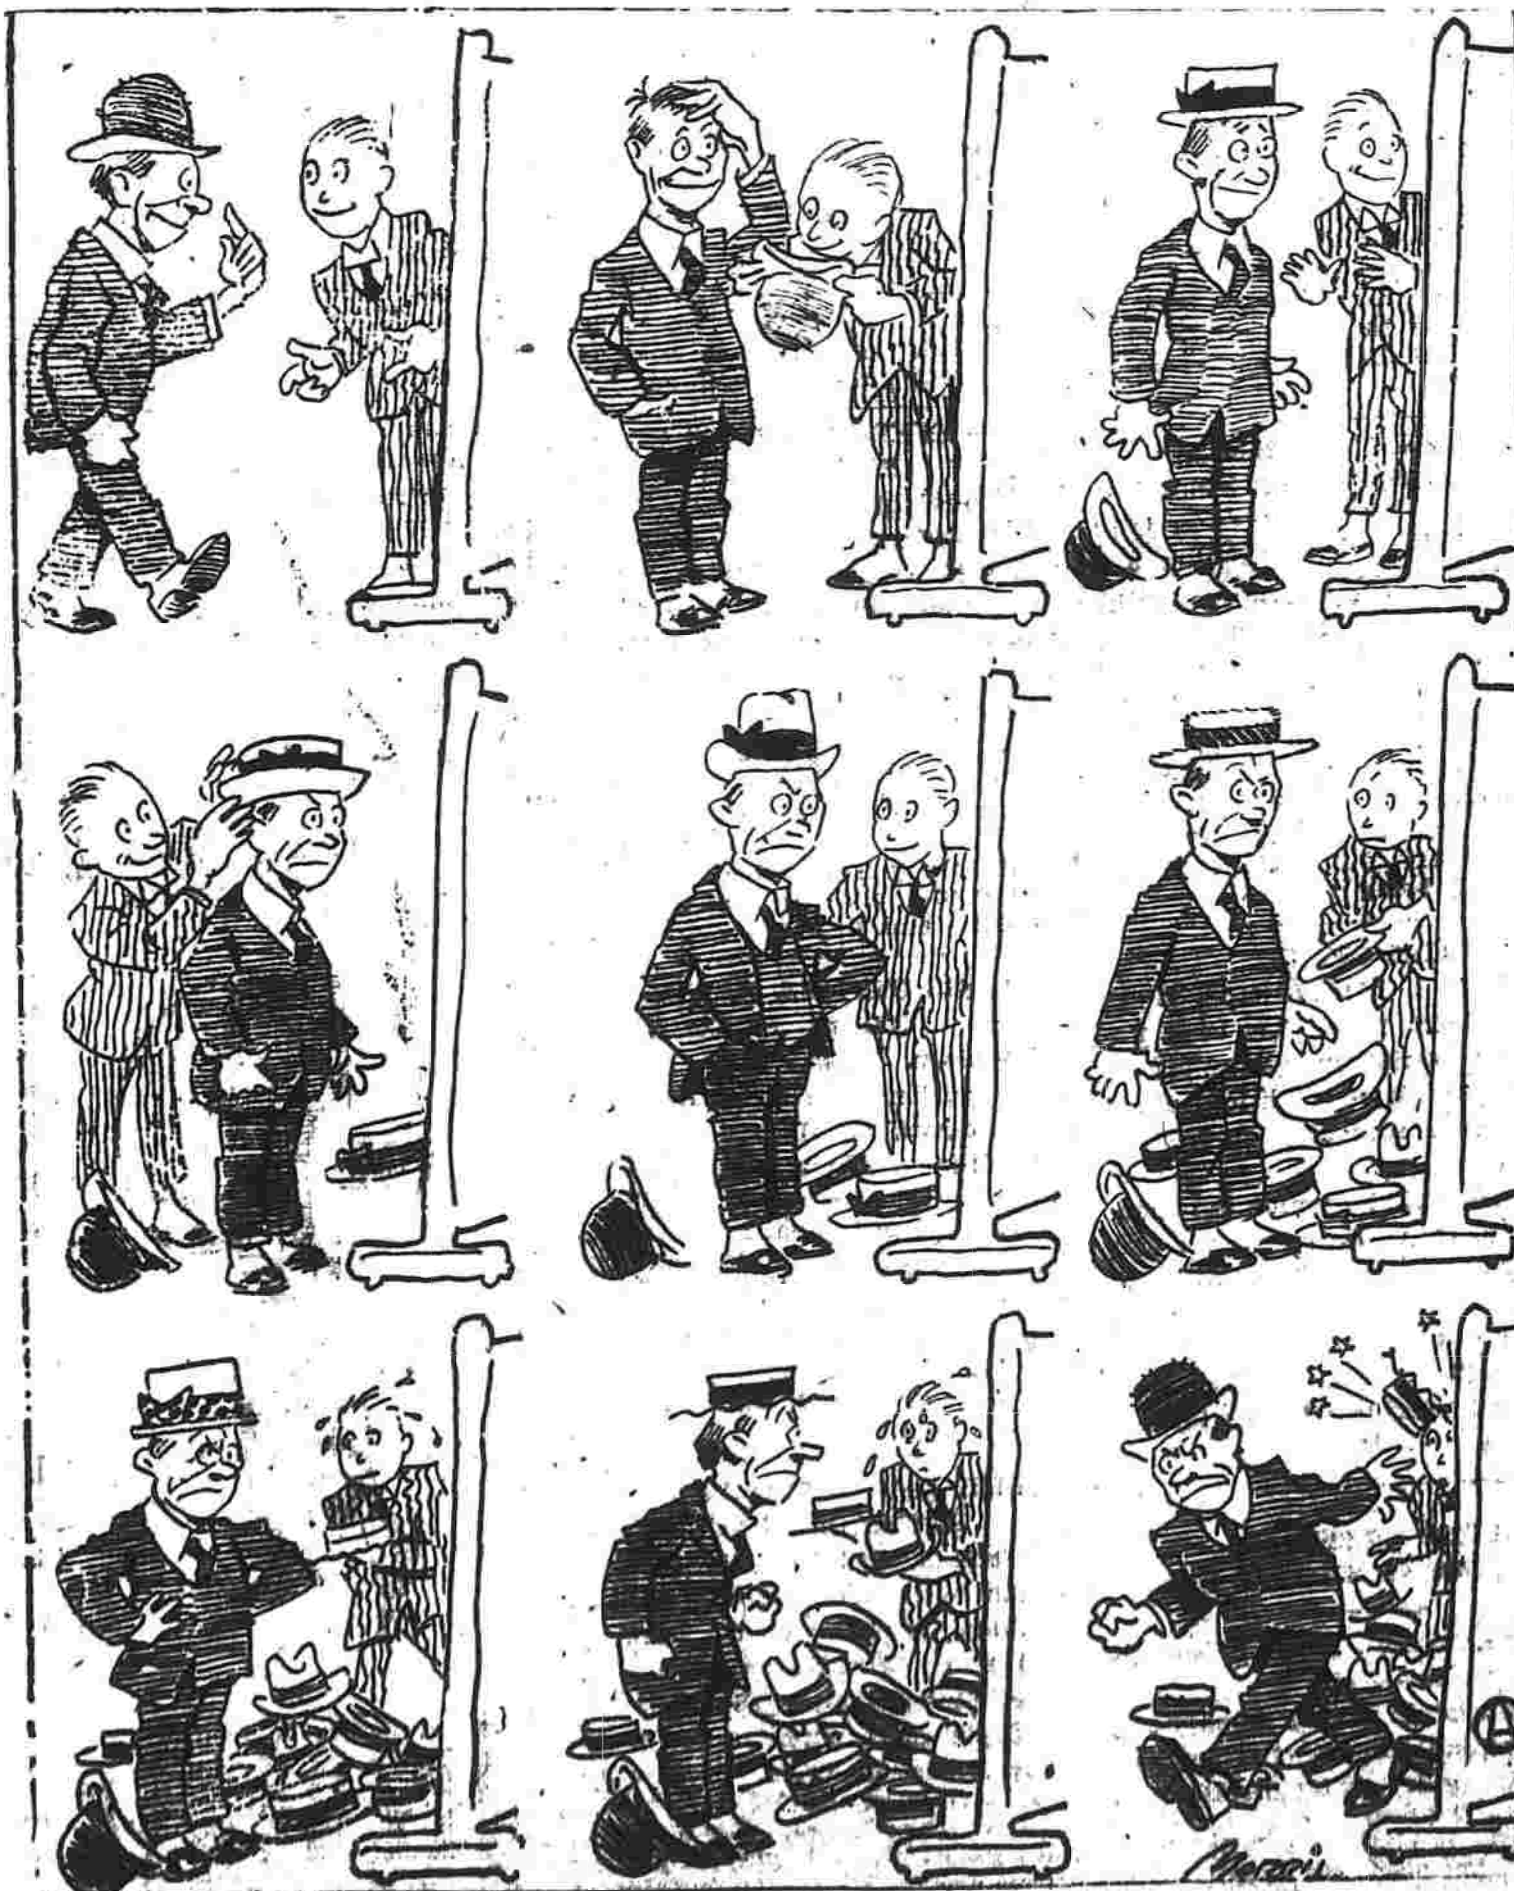

These refugees are bitter against Berlin. They declare they have suffered enough from war and all they want now is peace.

### AIRPLANE MAIL SERVICE TRAVELS OVER THE ALPS.

Geneva, May 28.—Airplane mail service has been established between Paris and Geneva. A Swiss aviator made the journey in five and one half hours, crossing the Jaura Alps at an altitude of 9,000 feet.

## BOTH SIDES DEADLOCKED IN BIG WINNIPEG STRIKE

Union and Citizens' Committees Preparing for Protracted Lockout—Maybe for Months.

Winnipeg, Man., May 28.—With both sides to the general strike controversy apparently dead-locked, union and citizens' committees are today preparing for a protracted strike. The citizens' committee announced that they are prepared for a "strike siege" of months' duration if necessary. Union leaders replied that they are equally prepared for a strike of long duration, adding, "we are prepared to call other cities out to support us if necessary," provided the present general strike is not "settled speedily."

Government officials today are busily engaged in filling positions vacated by striking postal employees. Union leaders say two hundred and twenty-five of the 300 postal employees are on strike. Applicants for positions in the post office are being conducted to the post office by mounted police.

Mounted members of the Red Coats are constantly on guard at the post office but to date there has been no disorders.

By action of the city council yesterday all city employees who went on strike were removed from the payroll of the city.

Mail deliveries yesterday were confined to the business section of the city, but postal authorities promise resident deliveries today.

## PLANE CREW THAT FLEW ACROSS OCEAN IS RESTING TODAY

(Continued from Page 1.)

in the American naval seaplane NC-4. The Stockton came from the Azores by way of Lisbon. Her commander reported that the NC-4 is in excellent condition and that her crew were extremely confident of winding up the epoch making air voyage in a blaze of glory.

Keen interest is felt here over the final outcome of the flight and Lieutenant Commander Read will get a rousing greeting when he puts into the harbor.

### ORVILLE WRIGHT'S COMMENT.

Dayton, Ohio, May 28.—"This is a great achievement," said Orville Wright today, in commenting upon the NC-4's flight across the ocean. "It shows," he said, "that there is nothing better in the world of aviation than the Liberty motor."

The NC-4 is equipped with four Liberty motors.

Nowhere else in town will you find such an assortment of blooming plants, roses, evergreens, and cut flowers as at the Park Hill Flower Shop and at entrance to East Cemetery.—adv.

## A CHURCH WITHOUT CREED.

Rev. Dr. John Haynes Holmes, a well known Unitarian minister in New York, finds even the elastic restrictions of that denomination too confining for him and has resigned from all connection with it. But the more remarkable thing is that he has led with him out of the fold, the long-established church of which he was pastor, known as the Church of the Messiah, at the corner of Park avenue and Thirty-fourth street. The church has now adopted a new name, "The Community Church of New York."

Dr. Holmes, in explaining the change says he believes the war has shown that denominationalism is no longer to be tolerated and adds: "We have done away with assessments pew rents, etc., and thus placed the support of the church on the absolutely democratic basis of free voluntary subscriptions. We have rewritten our covenant, eliminating every last vestige of theology, thus relegating all matters of belief to private individual opinion and putting membership in the institution on an out-and-out citizenship basis."

"Any person who is a part of our great American community is welcome to our church, whether he be rich or poor, black or white, Christian, Jew, Hindu or Parsee. By adopting this new name we put the social, democratic stamp indelibly upon our work. We now belong to the community, to take rank with the school, the library, the community centre as a public institution for public service. Our work of reorganization complete we now turn to the greater task of making our church effective in the democratic life of America."

It remains to be seen how long the reorganized church will hold together without denominational ties and affiliations. Other churches have been organized on that basis but have been short-lived. But this church has a well established organization and a valuable property. Probably Dr. Holmes can keep it together by the power of his personality and leadership. But when his days are over there will be danger of a collapse.

## THE FLIGHT AND ITS LESSONS.

The remarkable rescue of Hawker and Grieve after their daring but unsuccessful effort to fly across the ocean and their welcome in England this week take away the glamour from the arrival of the American crew of the NC 4 which completed its transatlantic flight yesterday. Hawker's dash was spectacular and attended by great peril. It failed. Commander Read in the American plane made his flight after careful preparation, over an ocean lane charted and guarded by United States war vessels. He succeeded, and now holds the record of having piloted the first airplane to cross the Atlantic under its own power. Although his achievement is now blanketed by Hawker's daredevil escapade, his name will live in history long after Hawker's is forgotten.

As to the practical value of the flight of either Hawker or Read little can be said. Hawker's trip was so hazardous that only an adventurer who is ready to take his life in his hands will care to repeat it. Read, on the other hand, was one of a group of three pilots who essayed the voyage simultaneously in three different planes. In spite of the elaborate preparations for their flight and the marking of their course by a naval destroyer every fifty miles, only two of the three got through; the others were forced to descend with their machines so damaged that further flight was impossible.

Weather and lack of fuel-carrying capacity now seem to be the greatest obstacles to transatlantic flight. The latter may be overcome but the former will always exist. It may be possible by a system of wireless transmission to keep tabs on the weather on the Atlantic and, taking advantage of a period of calm, make the flight in comparative safety. But to make the voyage with regularity and without regard to weather conditions, as ocean steamships now do, will be impossible for a long time to come.

## THE LIFE OF THE FARMER SEEMS VERY

appealing just now to those whose work is mainly indoors. It is a rare pleasure to be in the open air such days as these, and to plant in the sweet brown earth, the various seeds, is a fascinating occupation, cheered by the thought of the fall harvests. But the real farmer has to think of other days than these, when the work is harder than that of planting seeds, and the summer heat makes work in the open air anything but pleasant. We have nothing to say against the life of the farmer, but the young man back from the war who is lured by this weather to give up his pre-war occupation to take up farming must look ahead to conditions not so pleasing before the year is over.

## DR. J. A. HIGGINS BACK; OVERSEAS 22 MONTHS

Reached Newport News This Morning—Expects to Arrive Here Next Week.

Dr. J. A. Higgins, one of Manchester's popular physicians, who has been in the service for the last two years, arrived at Newport News this morning. The Misses Maloney of Main street, where he made his home, received a telegram from him this morning. Dr. Higgins joined the Medical Corps and after a few months service in this country was sent across to England and then to France. He went overseas a year ago last August. The doctor, it is understood, has been right in the thick of the fighting and he has had a wonderful experience. He expects to be in Manchester next week.

## MARSHAL JENSEN HAS PARADE PLANS COMPLETE

Clergy Invited to Seats on Cheney Hall Stage—How Various Organizations Will Form.

Marshal John Jensen announced last evening that his plans for the formation of the Memorial Day parade, which will start directly after the exercises at Cheney hall, had been completed. Mr. Jensen extends an invitation to the local clergy to occupy seats on the stage at the hall and requests that they notify him of their intentions in order that accommodations may be arranged.

The various companies, societies, and other divisions which are to participate in the parade are notified that the formation will begin immediately after the exercises. Marshal Jensen's formation instructions are as follows: Marshal Jensen and his aides together with Company F, First Regiment, Connecticut State Guard will form on Hartford Road to the east of the railroad tracks. The Spanish and World War veterans will form on Hartford Road to the west of the tracks. The various societies will form on Pine street and the Boy Scouts will form on the west lawn of the hall.

The school children will form on the Elm street side of the hall, while further above will be stationed the Sons of Veterans and Grand Army men in autos. The citizens, speakers and other committees will form between Pine and Elm streets to the north of Cheney hall. The various musical organizations will be placed between the different marching divisions.

The parade will march up Hartford Road to Main street, to the Center, thence easterly up Center to Huntington street, countermarching to the entrance of the park. Here Company F of the State Guard will line up on each side and the entire procession will come to a halt while the Sons of Veterans and Grand Army men will leave their autos and enter the roped enclosure within the grounds.

The State Guard will then surround the men who are to be honored and the entire procession will pass in review.

## ALLIES TO FEED PETROGRAD.

Paris, May 28.—The allies are planning to revictual Petrograd as soon as the city is captured from the Bolsheviks.

Herbert Hoover, chairman of the inter-allied food relief commission, will have charge of the work.

Estonian and Finnish troops are still advancing from the city on two sides and it is reported on reliable authority that they expect to enter in triumph before the end of this month.

## COUPLES TOGETHER LESS THAN YEAR SUPPLY 50 PER CENT OF DIVORCES.

Los Angeles, Cal., May 28.—Fifty per cent of the divorces are filed in cases where husband and wife live together less than a year. Motherhood has no part in one-half the divorce cases. Motherhood preserves this home by protecting it from selfish and petty quarrels.

These observations were expressed by Superior Judge Fred H. Taft from actual experience in the divorce court. Children whose parents have separated are likely to grow up with an unnatural attitude toward the parent with whom they have not lived, he said.

## FLYING CRAFT BEING BUILT FOR RECREATION.

Philadelphia, Pa., May 28.—The war being over, flying craft are being made for recreation purposes, many of these sports airplanes being on exhibition at the Victory naval aircraft show in the Connecticut Museum, this city. The machine, especially built for hunting, exploring or taking photographs, has exceptional speed and climbing power, and was built at the naval aircraft factory at the Navy Yard here. If appearances count for anything the little plane will prove a winner with sport lovers, who see in it all sorts of recreative and scientific possibilities.

## WON'T SHUT OUT S. A. IF DRIVES ARE HALTED

Selectmen May Prohibit Fund Campaigns for Short Time.

O. K. SALVATION ARMY

Canvass of Manchester Corps Will Not be Placed Under Ban Declares Board Member.

It has been reported that at the special meeting of the board of selectmen which will be held at the Hall of Records this evening a motion will be introduced to prohibit for a certain length of time all local drives for money and also the selling of bazaar tickets. It is claimed that this motion will be introduced in order to give Manchester residents a chance to "rest up" from the financial strain of the numerous appeals for money.

Last evening the rumor was the main topic of conversation along the streets and there was a great deal of speculation as to whether or not the proposed motion, should it become effective, would prove detrimental to the drive for funds which the local Salvation Army corps will conduct in town from June 19th to 26th, inclusive.

A prominent man about town, who is also a member of the board, stated last evening that the motion would not in any way affect the drive for funds scheduled by the Salvation Army corps. He said that the town fathers would be requested to go on record as stating that they disapproved of any more campaigns for the securing of funds after the drive of the local S. A. corps.

Approves S. A. Drive. He stated, in addition, that the Salvationists' drive was worthy of support and was entirely commendable. The motion would in no way affect them, nor was it meant at the time of its conception, to be directed against them. The motion, should it be carried, would give the local people a chance to rest up after having so generously contributed to the many recent drives.

Several other matters will be discussed in addition to the above including, a petition for the re-establishing of the present building line on Church street.

## HORSE-DRAWN HEARSE RAPIDLY DISAPPEARING.

Boston, May 28.—Scores of horse-drawn hearses are being shipped from here to New Brunswick. The advent of motor vehicles for funerals has thrown a large number of the old style hearses on the market.

It is said that the purchasers in the provinces are putting the hearses to other uses. Instead of being used for conveying the dead, they are employed in some places in Nova Scotia to collect poultry. The rear doors are removed and the opening covered with slats and the chickens and fowls are carried alive to market. Other hearses have been converted into peddlers' wagons.

## "SAL" TAMBOURNE TO GO IF DRIVE IS SUCCESS.

Philadelphia, May 28.—Passing the Salvation Army tambourine for coin will be a thing of the past if the \$1,000,000 drive now being waged here and in four surrounding counties goes over the top. No longer will the street corners, dance halls and other public places be the magnet to draw the Salvation Army lassie's solicitation, according to Colonel Richard E. Holz, who said that if the money is raised all effort will be directed toward ministering to the poor and afflicted.

## WITH \$85 CAPITAL MAKES \$25,000 IN SIX YEARS.

Aberdeen, Wash., May 28.—Six years ago Harry Drexman came here with a capital of \$85.

By diligent efforts he acquired two general furnishing stores. Today he has \$25,000 in the bank, having sold the stores, live in a fine home on a hillside, and is devoting his time to building a new temple for the Moose Lodge, in which he is active.

A fair return on money say local bankers, who have watched Drexman's efforts.

## SIX SHIPS ALLOTTED FOR SOUTH AFRICAN TRADE.

Savannah, Ga., May 28.—The Savannah office of the South Atlantic Maritime Corporation has been advised from Washington that the United States Shipping Board has allotted six more ships to it for the South American trade. Three other ships have been allotted here before, so the corporation now has a fleet of nine vessels for this shipping. More vessels are promised by the Shipping Board as business develops. Savannah is the chief basis of operations of the corporation, with offices in Charleston, Wilmington, Brunswick and Jacksonville.

## Period Furniture

Period styles are the classics of furniture. The styles created by English and French masters of the seventeenth and eighteenth centuries combine grace, beauty and simplicity, on account of their pleasing elegance they have stood the test of time and have been handed down to succeeding generations and are today regarded as the finest in furniture art. Like good music and good books they are styles that never grow old.

In times gone by only the rich could afford Period furniture, but modern methods of manufacture have placed these goods at prices within your reach. We specialize on Period furniture.

EIGHT-WORD WILL DISPOSES OF \$100,000. Los Angeles, Cal., May 28.—"I will all I have to my wife."

With these eight words written on the back of a blank check, Clyde A. Stevens disposed of his \$100,000 estate. Stevens was owner of the Strand cafe at Venice, near here.

## MATRIMONIAL ADVISERS USED BY WEALTHY WOMEN

Fact Becomes Known When Adviser Sues His Client in New York City.

New York, May 28.—The fact that some wealthy women hire "matrimonial advisers" to steer their course along the marital shoals, was revealed today by Philip Rosenberg, who says he held that job under Mrs. Margaret M. Carrere Reid, former actress, and wife of Daniel G. Reid, tin plate magnate and railroad financier.

Rosenberg is suing Mrs. Reid for \$3,000. He says he not only gave her good advice, but often loaned her money and that she still owes him \$60 for cigarettes he bought for her.

The former actress is being sued for divorce, alleging intimacy with Captain Sampson Toherneff, a Serbian army officer.

## HIDES HIS WAD IN OLD SHOE; GOES A-FISHING.

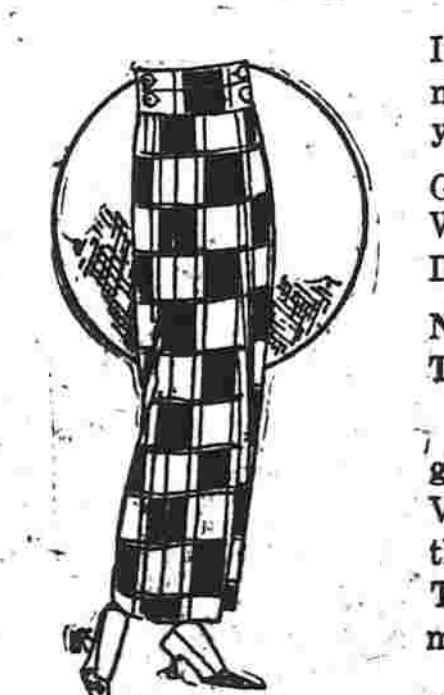

Los Angeles, Cal., May 28.—Harry Osborne claims he is one of the original hard luck men. He wanted to go fishing, but he had \$215 and he looked all over the house for a safe place to hide it. Finally he decided upon an old pair of shoes. He hid the money in them and went forth happily, but on his return found his money had sent the shoes to a repair shop. Osborne dropped his string of fish and rushed to the shoemaker, but the latter informed him he had seen nothing of the \$215.

## The Hanyang Iron Works, China, under Japanese supervision, are to be enlarged so that the output of the two melting furnaces will total \$30,000 tons a year.

The output of the Shibetsuan mines has also been increased to double the original quantity by the installation of new machines.

## HOSPITAL MONEY STILL COMING IN

Cheney Brothers' Offer of Fifty Per Cent Continues Until July 1—Payments Should Be Made to Trust Company.

Although the drive for the hospital fund formally closed Monday night, additional contributions are coming in daily. Cheney Brothers have informed the hospital committee that their offer of 50 percent additional to all contributions will hold good until July 1st. It is now believed that the fund will reach and perhaps pass \$200,000 before that date. The Manchester Trust Company is treasurer of the fund and subscribers may make their payments at the bank.

The next step in the organization of the hospital will be the assembling of the members of the corporation for the election of a board of trustees. Every contributor of \$5 or more will be entitled to a vote. The trustees in turn will name a building committee who will have charge of the construction work.

As soon as the names of more than 5,000 contributors have been classified so that those entitled to a vote may be listed, the meeting for organization will be held.

List of Contributions.  
Ward and Marion Cheney in memory of Mary Brainard Cheney ..... \$1,000.00  
Edwitt Coburn, Jr. .... 100.00  
Merion Electrical Inst. Co. .... 100.00  
Charles E. Norton ..... 100.00

Frank G. Barry ..... 100.00  
Louis S. Carter ..... 100.00  
Prudence Glenney ..... 50.00  
Mr. & Mrs. W. W. Harris ..... 50.00  
C. E. Bissell & Family ..... 50.00  
Mr. & Mrs. Arthur Cook ..... 50.00  
William Platt ..... 25.00  
Miss Harriet T. Whitman ..... 25.00  
A. W. Bendall ..... 25.00  
H. I. Taylor ..... 25.00  
Ralph F. Newton ..... 25.00  
Knights of Columbus ..... 25.00  
Mr. and Mrs. L. P. Knapp ..... 25.00

\$15 Each.  
R. A. Peabody, Robert Weir.  
\$10 Each.

## OPPOSITION TO BATTLE HALF CENTURY TOO LATE

That's the answer of Boxing Board to Protests Against Willard-Dempsey Bout.  
Toledo, May 28.—"Your opposi-tion is a half century behind the times."  
This was the answer of the Army, Navy and Civilian board of boxing control to the protests of the Feder-ated Churches of Ohio against the Willard-Dempsey bout here July 4. It was contained in a letter to the secretary of the churchmen. The boxing board numbers among its members Major General Leonard Wood, several governors and other prominent army and navy officials.

"We consider that those who are opposing this match are incurring graver responsibility," the letter as-erted, "as such opposition can only react to the detriment of religion in the minds of millions of men who can see no harm in two opponents of highest skill in a given sport en-gaging in a contest for supremacy."

Jack Dempsey's training quar-ters at the Overland Club are get-ting livelier every day. The challeng-er now has several rounds of boxing every day in addition to strenuous road and gymnasium work. Big Bill Tate, the colored heavyweight, works out daily with Dempsey and from now on Dempsey will box al-most daily with one of the light-weights in his camp to improve his speed.

The referee question is still excit-ing the greatest interest. The lat-est suggestion comes from Jack Kearns, Dempsey's manager. Kearns would leave the selection of the third man in the ring to a commit-tee of newspapermen. Walter Kelley, the Buffalo referee, is here as a pos-sible candidate for honors in that capacity.

## HOSELESS LEG HAS COME; PARIS SETS THE FASHION

"Nothing Below the Knee" Is New Edict—Low Shoes, Short Skirts and Bells on Ankles.  
Paris, May 28.—The Hoseless Leg has come. "Nothing below the knee" is the newest edict of fashion, so the Paris Mannequins are appearing in the paddock of the fashionable Longchamps race track without stockings.

For the ultra-chic the shadow stocking is no more, at least during the coming summer, and all of the smart women of Paris are welcome to the change.  
Milk white calves were displayed beneath the knees, very short dresses which are still in vogue for the spring season as if to insure that the bare legs will get the proper amount of attention—they did.

The shoes are worn low cut, with leather thongs criss-crossed about the ankles. About 50 per cent of the women wore bracelets of silver of gold about the ankle. They are ex-tremely light and some of them have bells attached which tinkle when the wearer walks.

## CHILD ASLEEP FOUR AND A HALF DAYS, RECOVERS.

Dallas, Ore., May 28.—After a four and one-half days' sleep the little child of Mrs. Viola Williams, of Portland, being cared for by Mrs. Addie Coon, of this city, is awake today and on the road to recovery from a mysterious illness. Local physi-cians believed the child suffered an attack of sleeping sickness. Weakened condition, marked the effects of the long sleep. Doctors say the child will thoroughly recover within sixty days.

## WILSON PLAN OPPOSED BY MISSIONARY SOCIETY

Protest Against Removal of Ban On Wine and Beer as Urged by Pres-ident.  
A successful meeting of the Nor-wich District, West Section, Foreign Missionary society was held in the North Methodist church, on Tuesday morning and afternoon. Delegates in varied numbers came from nearly all the churches in the District. Hazardville furnishing the largest. The reports showed a good degree of prosperity. Miss Clementine But-ler was the principal speaker.

The organization felt called upon to protest against the action of President Wilson in recommending the repeal of war-time prohibition by Congress before the time set by the Congressional resolution. The following resolution was unanimou-sly adopted, copies to be sent to Rep-resentative Lonsorgan of this district and to one of our State Senators.

"The Woman's Foreign Misson-ary Society of the Methodist Episco-pal Church, of the Norwich District, West Section, in session at Man-chester, Conn., May 27, 1919, wish to go on record in earnest protest against the action of President Woodrow Wilson in urging Congress to permit the manufacture and sale of beer and wine before the demobil-ization of our armies as provided by Congress.

"This suggested destruction of food values resulting in a high cost of living and in the disappointment of thousands upon thousands of peo-ple who have hopefully and prayer-fully looked to July 1st, as a time of deliverance, should be earnestly op-posed by all true citizens, and we urge Congress to stand by its origi-nal action, and furthermore to add such amendment or amendments as shall make war prohibition effective until the beginning of federal prop-hibition on Jan. 16, 1920."

## LIEUT. McLEAN SAILS FROM BREST FOR U. S. A.

Former Co. G Man Has Been Serv-ing With Regiment of Texas Men.  
Mr. and Mrs. Joseph McLean of Church street have received a cable-gram announcing that their son, Lieutenant Allen McLean sailed from Brest, France, on May 20 and that he would arrive in Boston. On what ship he sailed and what date he would arrive was not stated.

Lieutenant McLean enlisted in Company G at the time of the Mexi-can trouble. He served through that campaign and went out with the company the following spring when relations were broken with Germany. When the old First and Second Regiments were merged in to the 102nd Infantry, McLean was transferred to Company A. Later he attended an officers' training school in France and after receiving his commission was assigned to Com-pany B, 143rd Infantry, composed of Texas men.

During the past few months, Lieutenant McLean has been acting as director of a minstrel troupe, com-posed of men from his command.

## CREPE STREAMERS EATEN, MEDITATIVE GOAT BLAMED.

Chicago, May 28.—They just can't believe it of that goat.  
He seems like such a thoughtful, meditative goat, wagging his gray beard and rolling his innocent eyes. He doesn't look at all like the hardened character that would be standing at the front door of the house of a dead man and eating off the crepe streamers and the green wreath—wines and all.  
Yet the family of the late Joseph Novak, of South Chicago, say that the said goat, the property of Thom-as Delaney, did stand and eat and munch the crepe as charged.  
They reported the matter to Lieut-enant Michael Morrissey and Lieut-enant Mike agrees with the owner that no well-brought-up goat, es-pecially an Irish goat, would do such a thing: It must have been some, other goat—probably a Bolshevik goat.

## PATIENT POLICE SEARCH FOR SPHYGMOMETER.

Long Beach, Cal., May 28.—The police here are searching diligently for a sphygmomanometer. The only one they have found so far is in the dictionary at headquarters. A physi-cian reported his office had been broken into and a Pillingefurth sphygmomanometer taken. It is used, he says, to relieve hardening of the arteries.

## LAWYERS RAISE DIVORCE FEE BECAUSE OF H. C. OF L.

Macon, Ga., May 28.—Fifty dol-lars is now the agreed fee among Macon lawyers for taking a divorce case. This was decreed at a recent meeting of the Macon Bar Associa-tion "because of the high cost of liv-ing." It is asserted there will be no bargain days.

EXPECTED THAT ED KONETCHY AND LEE MAGEE WILL ADD STRENGTH TO DODGERS

It begins to look as if Lee Magee and Ed Konetchy have made a real ball club out of Wilbert Robinson's Dodgers of Brooklyn. When the Dodgers were playing the Yankees in the spring exhibition series it was feared that Robinson would have nothing this year but a fair outfield and a pitching staff.

ing. But he is a player who never lets himself get in poor condition during the winter. So he is fit now, with a few games under his belt, and is playing great ball afield and at the bat. Konetchy, too, reported after the season started. But he, too, rounds to form quickly. Magee and Konetchy were the two best bats the Cardinals had years ago when Miller Huggins was in St. Louis. They appear to be Brooklyn's two best bats, outside of Zack Wheat and the pitching staff in this year of 1919.

**BOSTON UNIVERSITY TO DROP BASEBALL**  
Boston university will not be represented on the baseball diamond this season, owing to the unsettled condition of the athletic policy at that institution. It is considered possible that the sport may be permanently dropped. Dr. Allan Rowe, formerly of Technology, spoke for the university athletic council and stated that track athletics as a major sport, and wrestling, fencing and swimming as minor sports were approved by that body.

**BASEBALL IS HELPED BY LONG DISTANCE**

Adoption of Rule Was Life Saver to Many Noted Players.

When Ten Feet Was Tacked Onto Distance of Pitcher From Plate Many Veterans Took on New Lease of Life in Game.

The lengthening of the pitching distance in 1893 was a life saver to many players who are now famous in the annals of baseball history. To the veteran players it meant a new lease, for many of the famous hitters were getting lamentably weak with the sick. To the youngsters just breaking in it meant another trial. Hugh Jennings would have never been known to the game today but for the squelching of the growing dominance of the hurler. Possibly the familiar "E-Yah" of this scarlet-plumed son of Erin would never have been heard throughout the land, for Higby was about ready to quit, so discouraged was he with the way he was hitting and Jennings was not the only one who stood on the ragged edge of nothing. Billy Keeler, Jesse Burkett, John McGraw, Jake Beckley were helped along by the handicap placed upon the festive hurler and stepped into the 300 class when the additional 10 feet was tacked on the distance between these two plates. Eighteen hundred and ninety-two was the last season the hurler had the 50-foot distance to work from and it was the first season of the amalgamation of the National league and the American association, which was formed into one 12-club circuit so all the best batsmen were bunched under one head. When the batting averages were totaled up at the end of that season the names of only 12 batsmen were found in the 300 list. Such star batsmen and formerly consistent 300 hitters as Anson, Jim O'Rourke, Pete Browning, Roger Connor, Jimmy Ryan and George Van Haltren slipped below the 300 mark. The foxy hurler surely held the whip hand over the lusty slugger and kept getting better. Such classy pitchers as Rube, Cy Young, Frank Killen, "Dumplings" McMahon, Edward Stein, "Kid" Gleason, Charles (K.) Nichols, Frank Dwyer, Gus Weyhing and the great Breitenstein were in their glory and going like wildfire. Imagine Walter Johnson or Grover Alexander shooting them over from a 50-foot distance. Under those conditions today the 300-hitter would become extinct, would wither from the land, the 200 class would be the select circle. If the 50-foot distance were again the proper thing it would take years for the batsmen to get used to it, just as it took the pitchers years to master the lengthened distance, but it took a new generation of hurlers to do it.

**BASEBALL RESULTS**

NATIONAL LEAGUE. New York 10, Philadelphia 2. R. H. E. New York 10 11 3 Pittsburgh 2 4 2 Batteries—Barnes and Gonzalez; Evans, Miller and Sweeney. Philadelphia 4, Cincinnati 1. R. H. E. Philadelphia 4 7 0 Cincinnati 1 5 1 Batteries—Woodward and Cady; Luque and Wingo. Chicago 8, Boston 0. R. H. E. Chicago 8 13 0 Boston 0 6 2 Batteries—Headrix and Daly; Keating, Demaree, Fillingim and Triggsasser. St. Louis 4, Brooklyn 1. R. H. E. St. Louis 4 9 0 Brooklyn 1 4 1 Batteries—Doak and Snyder; Cheney, Marquard, Mameaux and Krueger.

St. Louis 5 8 3 New York 3 8 1 Batteries—Bohannon and Mayer; Russell, Thormahlen and Shawkey. Cleveland 6, Boston 4. R. H. E. Cleveland 6 10 0 Boston 4 12 0 Batteries—Phillips and O'Neill; James, Jones and Walters.

**MEN'S FRIENDSHIP CLUB**

Reds Take All Four Games From Blacks in Last Contest.

At the last session of the Men's Friendship club's bowlers at No. 1's alleys Monday night, the Reds had everything their own way, taking all four games from the Blacks. Even the Blacks were seeing red, because of their disappointment. These two teams have been playing for the past two months for total pinfall for the season. Up to last night, the Reds were leading by about 200 pins, and they added 150 more last night for good measure. The first game went to the Reds by 49 pins and the second by 45. The third game was a little more even, the Reds winning by only seven pins, but they came back again in the last string, winning by the same margin as in the first two games.

**DIAMOND NOTES**

Ray Morgan is playing second base for Baltimore. Val Piench has made a good start with the Griffins. Manager Griffith declines to claim the pennant this season. George Uhle, fresh from Cleveland sandlot baseball, is said to be a comer. This is Hughie Jennings' thirteenth year as leader of the Detroit Tigers. Donie Bush played his fifteen hundredth game for the Tigers on April 27. It was against the White Sox. A San Francisco woman has sued for divorce, alleging cruelty because her husband won't let her attend ball games. Earl Baldwin failed to shine with the Yankees largely because he lacked "pop." So he has gone back to San Francisco. If Earl Keiser makes good on the White Sox Kid Gleason may have an overseas battery in a game before long—Keiser and Jenkins. The Chicago White Sox look pretty good this spring and many believe they will give the Red Sox a hot fight all the way for the final honors. Baseball enthusiasm in the East has been duplicated in the West, and the games played so far in the Pacific Coast league have packed the parks. Ray Fisher of the Cincinnati Reds, formerly with the New York Americans has the honor of pitching the first three-hit game in the major leagues this season. Pitcher Frank Graham seems to have caught on to good shape with Kansas City and John Ganzel will deliver several players to Oklahoma City in exchange for him. Bobby Roth, who was dissatisfied in Cleveland, has been made to feel at home in Philadelphia, and Connie Mack believes that he will be one of the bulwarks of the Athletics. Luther Boone, formerly a member of the New York American league club but for the last three years under contract with Toledo in the American association, has been sold to St. Paul.

**TRIP AROUND WORLD**

Baseball magnates, headed by Ban Johnson, president of the American league, are planning a trip around the world. It will be started next fall, if conditions warrant, and if not it will be postponed until the fall of 1920. The last trip netted a profit of \$28,000.

**BASEBALL STORIES**

The Browns have released Catcher Fallentme to Portland. Dode Paskert is not displaying any spring form in hitting. Josh Devore has hooked up with Jack Hendricks at Indianapolis. George Whitman, star of the 1918 world's series, is killing the ball for the Toronto Leafs. Toledo's team is called the Mud Hens, and maybe that's one reason it rains every day in Toledo. Earl Moseley, who fought in Italy with an Ohio regiment, wants another trial with the Reds' pitching corps. Bill Carrigan, former Red Sox leader, has returned to baseball. He will back the club in his home town, Lewiston, Me. The fans will miss Silk O'Loughlin, the most picturesque of all the umpires who have worked in recent years in the major leagues. Stewart, the new hurler obtained by the Louisville club from the Chicago White Sox, is a right-hander and is considered a find. Tommy Connolly, dean of the American league umpires, has been officiating 28 years, of which 19 have been in the junior major organization. Samuel Crews, Birmingham pitcher, twirled the first no-hit game of the season in the Southern league, pitching against Mobile. Birmingham won, 14 to 0. Dutch Ruether, who formerly south-pawed for the Pirates, has taken on a new lease of life this season. Pat Moran rates him as one of his best hurlers. Gardner looks like a splendid addition to the Cleveland club. Besides fielding his position faultlessly, his work with the bat has been both hard and timely. Your Uncle Robbie is singing the praises of Hi Myers, Tom Griffith and Lee Magee these days. All are hitting and fielding great games. Lew Malone's timely batting and three-basing also come in for a nice pat from the robust person.

**MAHAN DIRECTING IN FRANCE**

Former Harvard Athlete Assisting Director Hart Teach Art of Baseball at Toul.

**TAGGING THE BASES**

Of the eleven hits collected by the Giants while cleaning up the Pirates, two were circuit drives poled by Kauff and Chase. The Braves, after being blanked by the Cubs, announced the sales of Al Wickland to St. Paul and Joe Kelly to Toledo. Both were formerly outfielders with Indianapolis. George Sisler drove in three of the Browns' runs during the defeat of the Yankees. And Home Run Baker did it again. Willie Doak, who is to Uncle Wilbert Robinson what Brutus was to Caesar, allowed the Dodgers but four scattered hits while the Cards were sounding out a victory of Mamaux. Babe Ruth's triple, during the Red Sox defeat, was the longest hit ever seen on the Cleveland grounds. Cravath's drive over the right field garden wall, with two on, gave the Phillies the second game of the series with the Reds.

**PRIZE LAYING LEAGHORN LAYS THREE-OUNCE EGGS**

Lexington, Mass., May 23.—Domine Morilla, East Lexington, is the proud possessor of a prize-laying Leghorn hen. This hen never lays an egg weighing under three ounces, except on rare occasions.

**CLEVELAND CLUB HAS OUTFIELD MADE UP OF FORMER TWIRLERS, INCLUDING SPEAKER**

The Cleveland club has what one might call a "pitching outfit." The fly chasers for the Indians this season will be Tristan Speaker, Joe Wood, J. Gladstone Graney, Elmer Smith and Charles Jamieson.

**Ended Graney's Career.**

As every baseball fan knows, Wood was for several years the premier pitcher of the Red Sox. Both Graney and Jamieson broke into the American league as pitchers. Graney became a member of the Indians in 1908. On the Cleveland team's first visit to New York that season J. Gladstone stuck his hurling hand in front of a liner batted by Neal Ball, the former member of the Yankees. That ended Graney's pitching career.

Jamieson was pitching in the Metropolitan league when signed by Clark Griffith three years ago. The recruit, however, failed to impress the manager of the Senators with his line of goods, and Griffith converted him into an outfielder.

**Speaker as a Pitcher.**

The redoubtable Speaker has pitched a game in the American league. Near the tag end of the 1915 season, and with the pennant won, Bill Carrigan nominated the great outfielder to pitch against the Washington team. Elmer Smith was never a pitcher in the American league, but he did a lot of hurling, both at the Huns and for his company's baseball team in France.

**SOLDIER-SON RETURNS ON FATHER'S ANNIVERSARY.**  
Cleveland, Ohio, May 23.—By a curious coincidence F. J. Srutek celebrated the homecoming of his son, Ladimir Srutek, member of the fighting Rainbow Division, on the twenty-fifth anniversary of his arrival in Cleveland from Bohemia. The son on his return from "wilderness" fighting in France was exactly the same age as the father when he first came to America.  
**VOTE AGAINST WOMEN.**  
Portland, Me., May 23.—For the third consecutive year the delegates to the convention of the Episcopal diocese of Maine voted not to open the convention to women members. The motion to amend the constitution was made by Robert E. Gardner, a member of the diocese, and was voted down, 46 to 17.

Rollie Zeider.

successor to Roger Bresnahan, Rollie will have more trouble than a party afflicted with corns, bunions, insomnia and the St. Vitus dance, all working together. He will have Bresnahan to boss him as president, which is trouble enough without the rest. Zeider's progress will be watched with some interest by fans.

**NEW STAR APPEARS IN SOUTH**

Moon Ducote, Collegian Now Playing With Mobile, Looks Like Another George Sisler.

If there is any ball club that has an option on Mobile players it had better be closing on Moon Ducote. This collegian, breaking into the professional game, looks like another George Sisler all over. He has been playing the outfield, but he can play first or pitcher, and he sure can hit and run bases. The St. Louis Cardinals have been working with Mobile and presumably have first choice, but you never can tell.

Hi Myers. It for our early victories," said Wilbert Robinson. "He surely has been stinging the ball. He is playing a grand fielding game."

**HIGH PRAISE FOR BASEBALL**

Admiral Plunkett Says Players Brought Splendid Fighting Spirit and Helped Athletics.

Baseball players in the navy made a hit with Rear Admiral C. P. Plunkett, according to a letter which he sent to Colonel Ruppert of the Yankees. The admiral says: "Aside from being an ardent fan and a former player myself we were blessed in this war with some of your fraternity. They brought us a splendid fighting spirit, and I believe imbibed some of the navy spirit. They helped us in every possible way, especially with our athletics, which, as you know, is a very essential part in fitting a man physically to exert his utmost at all times. I hope that the future holds much in store for our great national sport and that you and your club will have the success which you so richly deserve."

**SCOTT PERRY SHY AS HITTER**

In Recent Game With Yankees Athletic Pitcher Struck Out Five Times—Good as Hurler.

Scott Perry may be a great pitcher, but as a batter, oh my! In the game of April 28 he struck out five times. Jack Quinn fanned him in the second, fifth and seventh innings and Bob Shawkey made him cut the air in the ninth and twelfth, though his effort in the final inning did nip the ball, resulting in a foul tip that was caught by Ruel.

E. W. Mahan.

letic director for the United States army at Toul, France. E. J. Hart, the former Princeton varsity football captain and star, is the director. They are now busy directing and playing baseball.

### NEW BROOKLYN CAPTAIN IS OF OPINION NOTHING IS WON BY LOT OF ARGUMENTS

Zach Wheat, new captain of the Brooklyn club and champion batter of the National league, says his head is all swelled up over the many titles he is forced to carry, but he is going out there to do his bit to the best of his ability and to lay off the umpires.

"It's a long trip from the outfield to the plate," quoth Zach, "and a fellow is liable to cool off or forget what it's all about by the time he gets within halting distance of the umps.

"I sometimes wish I were more aggressive, but you can't teach an old dog new tricks. I was never put out of a game or fined since I broke into baseball. I came mighty near it last season when I got warmed up over some sort of a decision, but cooled down in time. Just as good results can be obtained without unnecessary kicking, providing, of course, the umpires give us a 50-50 deal."

### BASEBALL STORIES

Gene Packard, the little southpaw, is going great for the Phillies.

"Dixie" Davis will be a strong asset to the Colonels this season.

Walter Johnson is reported to be in his usual excellent condition.

Benny Kauff hasn't been hitting much for the Giants this spring.

Jay Klirk will again play the first sack for the Colonels this season.

Any manager can lead a batter to the plate, but he can not make him hit.

Johnny McCarty, last year with the Columbus club, will play with Toledo this season.

Pitcher Stewart of the Chicago White Sox has been purchased by the Bloomington club.

Fred Mitchell is said to be far from happy at the showing of the National league champions this spring.

Babe Ruth began making records early this year. He has a long way to go, American league pitchers regret.

Joe McCarthy of the Colonels is in better condition this spring than he has been in the last half dozen seasons.

The St. Louis Browns won the major league city championship this spring by defeating the St. Louis Cardinals 4 games to 2.

George Russell, formerly a left-handed pitcher for the Brooklyn Nationals, is with the Jersey City Internationals this spring.

Claude (Lefty) Thomas, pitcher for the Minneapolis American association club, has been released to the Wichita team of the Western league.

"Chick" Brandon, who used to pitch in the association several years ago, has been signed to hurl for the Dallas club of the Texas league.

Hubert Perdue, the former Boston and St. Louis National league pitcher, is now pitching for the New Orleans club of the Southern association.

Owing to an inability to secure passports, the University of Havana baseball team will be unable to play its scheduled games in the United States.

Charley Herzog, who holds a \$10,000 contract with the Boston Braves, would like to play with the New York Yankees, if it was a matter of choice.

Among ball players arriving from France recently was Ray Bates, the third baseman of the Athletics. He was in the artillery and saw some real service.

Bolle Zelder, finally realizing his ambition to become a minor-league manager, sure has picked out a tough assignment when he takes the job at Toledo.

### POST WORLD'S SERIES PLANNED FOR CANADA

Joe Page, the Montreal promoter, declares that a post-world's series will be held in Canada. At least eight big league managers have agreed that there will be exhibition games played by the world's series winners in Europe. Page has secured the promise of all eight that there will be contests in Toronto, Ottawa and Montreal before the teams embark.

Page reports that the increase of interest in baseball in Canada since the war will draw something like \$75,000 for the exhibition games as they have been planned tentatively.

### EUROPE STARTS ITS BASEBALL SCHEDULE

University of Paris Team to Make Trip to England.

American Aggregations Are Playing Exhibition Games in Southeastern France—Immense Crowds Witness Various Contests.

The European baseball season has opened, the University of Paris having scheduled games with the University of Lyons, Nice, Dijon, Nancy and Toulouse, with a trip to England in June to play Oxford, Cambridge and Edinburgh.

The University of Toulouse has four baseball teams and American aggregations are playing exhibition games in southeastern France. Ten thousand persons witnessed a game at Toulouse recently, while at Pau there were 5,000 present. At Tarbes there was an attendance of 7,000, or a quarter of the population of the city.

John T. Powers, now a Y. M. C. A. worker at Toulouse, said:

"I think the French are the coming people in baseball. They have the best baseball eye of any people, next to the Americans, so far as my observation goes. Leaders feel the game is suited to the French temperament, although time will be necessary to introduce the game. The scientific attitude of baseball appeals to the French, but other features are interesting to them, for instance, the speed necessary in playing the game and the necessity of making quick judgment. French youngsters are very keen in picking up the niceties of baseball. Several hundred boys at Toulouse are now playing scrub games just like American youngsters.

In a track meet held by men engaged in the service of supply department of the American army, held at Le Mans, Pat Ryan, the Olympic champion, threw the hammer 160 feet 8 inches. Lieut. F. D. Baker, of the University of California, made a high jump of 6 feet. These athletes will represent America in the intercollegiate track meet which has been planned.

### BALL PLAYERS FOR ENGLAND

Arle Latham, Old-Time St. Louis Favorite, Comes to This Country for Talent.

Arle Latham, formerly of the St. Louis Browns, and for several years member of the Cincinnati Reds, now master of all English baseball fields, is coming to America to get talent.

Latham is very optimistic over the game's progress in the British kingdom. He predicts that before many years have elapsed merry old England will be engaged in an international tournament with clubs of America for the championship of the world.

And he goes further and says that when those games are played the crowds in England will be bigger than the crowds in America.

Latham, almost unaided, has established

### TEARNEY IS BUSY MAN

They can't pile too much work on Al Tearney. He is president of the Western league, president of the Three-I league, head of the minors committee on relations with the majors, and now has been re-elected president of the Chicago Amateur Baseball Managers' association. This is the twentieth year he has held that office.

### WHEN WALLY SCHANG BUNTED

Slim Love Knows How It Feels to Expect a Bunt and Have Batter Hit Out Home Run.

"Slim" Love knows the embarrassment that seizes a pitcher who is expecting a bunt and then has the batter cross him with a home run.

It happened in a game he was twirling two seasons ago against Boston. The score was close, where one run was much to be desired, and Wally Schang was up with a man on second and none out.

"Put it over there; let him bunt and get out," the infielders were shouting at "Slim."

"Slim" says he did just as he was instructed and came in with the pitch,

Wally Schang.

ready to jump on the bunt with hopes of getting the runner going to third. "The trouble was," Love explained, "that Schang did not do as I had calculated he would. He hit a liner to my left, barely missing me. The ball kept mounting and never stopped until it reached the fence. Before it was returned, Schang had scored."

### EXHIBITION GAMES PAY WELL

Final Contest in San Francisco Between Cubs and Seals Drew 10,000 Paid Admissions.

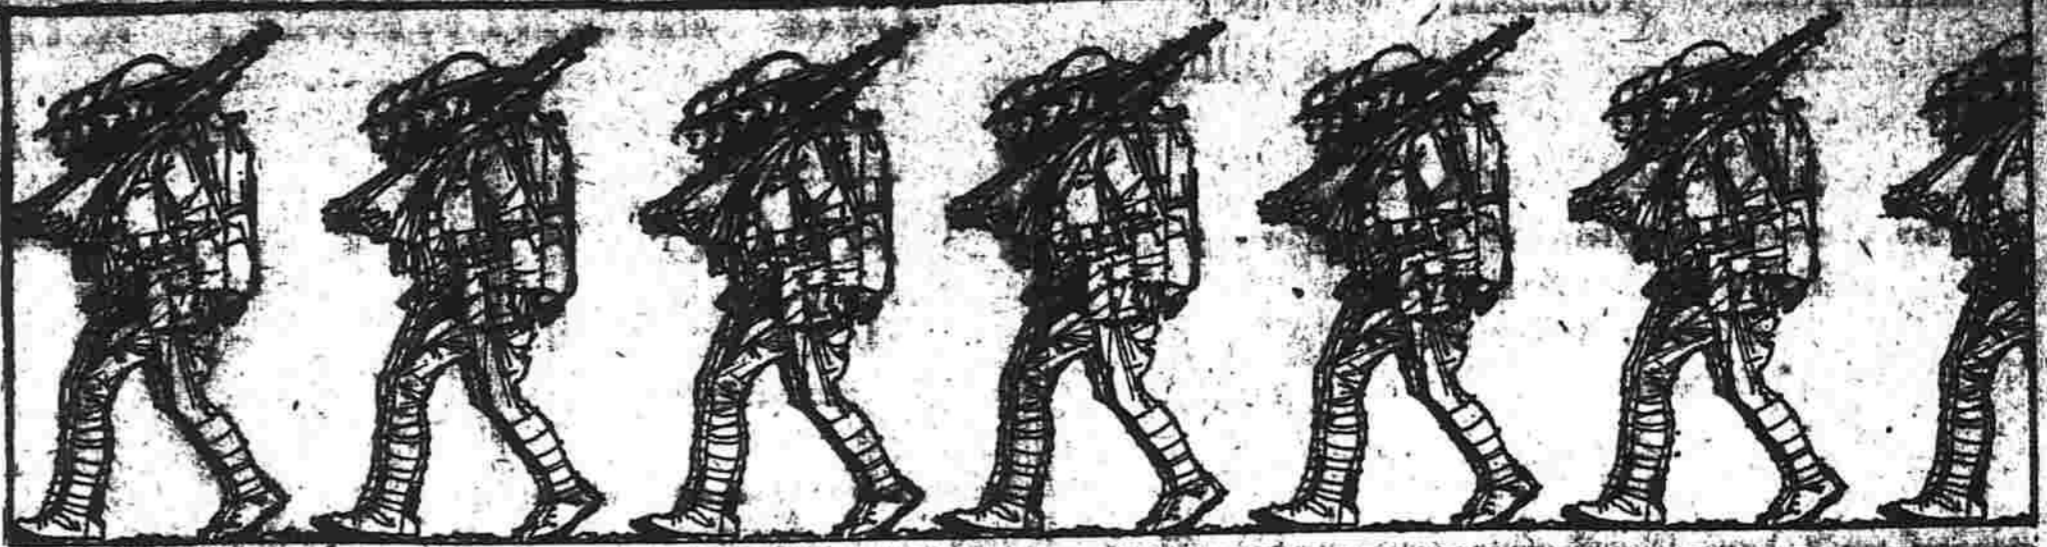

The Chicago Cubs in their exhibition games in California with Coast league clubs drew better attendance than for three years past. They take it to mean revival in baseball interest—but maybe it was because the Coast league teams generally were swatting the Cubs hip and thigh. The final exhibition game in San Francisco between Cubs and Seals drew nearly 10,000 paid admissions.

Arle Latham.

lished the professional baseball leagues in England on a firm and substantial basis.

It was his wonderful personality that enlisted British capital in the equipment of first class baseball grounds, and it was under his direction that a regular series of games and regular schedules were made out.

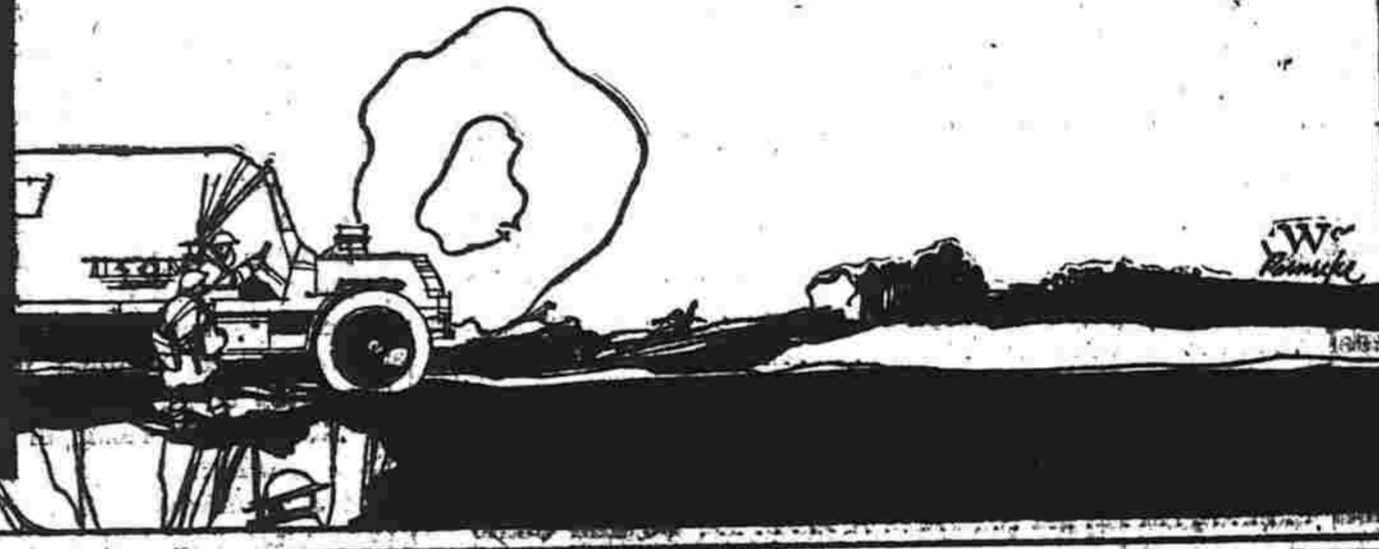

## UNIFORMITY

Every gallon and drop of So-CO-ny Gasoline is uniform. The motor equals today's satisfactory performance every day. No "ups and downs"—but continuous unvarying, top-notch power.

So-CO-ny requires but one carburetor adjustment because it is uniform. It burns clean and doesn't carbonize cylinders. Inferior, low-grade mixtures burn fast, produce less power, and more carbon. Know what goes into the tank. Use So-CO-ny and be safe. You can get it wherever the Red, White and Blue So-CO-ny Sign appears.

STANDARD OIL CO. OF NEW YORK

### Park Theater Circle Theater

"The Silva King" shown last night at the Popular Playhouse for the first time made so great an impression on the audience that it is certain that the house will be packed tonight because of the reputation the picture has made.

Just read this story of the play and see how interesting it is:

Wilfred Denver, an English country squire, is prevailed upon by Geoffrey Ware, to bet his all upon a losing horse at the Derby with the result that he is ruined. Ware has accomplished this in revenge, because Denver successfully wooed the girl he (Ware) loved. After the race, Ware plies Denver with liquor until he is intoxicated and then conveys him home to his wife and two children. He boasts to Mrs. Denver that he had worked zealously to accomplish his husband's ruin and that his success afforded him intense satisfaction. Denver catches the remark and when its significance sinks into his brain, he gets a revolver and goes to Ware's lodgings with the design of shooting the man. Burglars meanwhile are seeking to rob Ware's safe and when Denver appears, they chloroform him. Ware enters the place a moment later and in a battle with the thugs, is shot and killed by their leader, Herbert Skinner, who is known as the "spider." When Denver regains consciousness he finds Ware's body and, convinced that he has murdered the man, he returns to his home just as Baxter, of Scotland Yard, begins his search for the assassin. Denver bids farewell to his wife and takes a train for the seaboard. He disguises himself in the clothing of a seaman, and jumps from the train, which is wrecked a few minutes later. Denver's apparent death is thus established and he goes to the United States where he amasses a fortune in the mines. He returns to England under an assumed name, finds his family in extreme want, trails the "Spider" to his den and is exonerated by Corbett, a former clerk of Ware's who witnessed the murder of his master. Denver is reunited with his family and all are happy.

Tomorrow "Modern Marriage" will be the feature with Henry Watthal as the star.

If opinions of experts are worth anything, then "The Man From Funeral Range", Wallace Reid's latest Paramount starring vehicle which will be displayed at the Circle theater tonight, is certain to become one of his most popular pictures. Mr. Reid says he is delighted with the photoplay and that it gives him a characterization of which any screen player may well feel proud.

The story is a picturization by Monte Katterjohn of Ernest Wilker's play "Broken Threads" which was produced at the Fulton theater, New York, October 30, 1917. Mr. Katterjohn, who is extremely critical of his own work, says he had no idea that the story would be as entertaining as it is, and that, as it stands, "there doesn't seem to be a dull moment anywhere."

Mr. Reid is seen as Harry Webb, a prospector, in this picture. Webb makes powerful enemies because he refuses to sell his mining claims to a couple of crooks. They involve him in serious trouble when he goes to the rescue of Janice, a cabaret singer whom he loves, who has been enticed to a room in a hotel on a forged note. A jealous woman shoots the man who is responsible for this and Webb is convicted of the crime, after Janice whose testimony might have saved him has been abducted and held prisoner on a tramp steamship to prevent her from testifying in court. Webb escapes to the Funeral Range Mountains and later, when the truth is revealed, he is pardoned and finds happiness in Janice's love.

On the same bill will be a two reel Sunshine comedy.

Tomorrow a special production will be shown and on Saturday, Baby Osborne, the Lee Kids' only rival comes to the Circle in a riot of merriment called "The Old Maid's Baby."

### "GOSPEL SINGING" TABOO IN COVENEY JAIL

Savannah, Ga., May 28—A stringent rule forbidding "gospel singing" in the Chatham County jail followed the recently attempted jail delivery. Officers declare that while the prisoners were sawing their way out they were loudly singing hymns, and drawing out the noise of the saws.

### TENNIS TOURNAMENT.

All the Allies Represented in Big Paris Meet.

Paris, May 28.—In a setting made brilliant by the uniforms of the various allied nations the tennis singles opened up on the courts of the Racing Club of France, marking the beginning of the great inter-allied athletic tournament. Watson Washburn of the United States beat Frank Burianek of Czecho-Slovakia, the score being 7-6, 5-7, 6-2, 6-7, 6-2, 5-7, 6-3.

Arthur Sweetzer, of America, was beaten by G. L. Patterson of Australia by the score of 6-2, 7-5, 6-2, 7-5. O'Harra Wood, of America, defeated Neil C. Adams, of America, 2-6, 6-4, 6-2, 6-1.

The main events of the athletic tourney will not begin until late next month.

### TWO MORE TROOPSHIPS.

Edward Luckenbach and Santa Paula Bringing 16,540 Soldiers.

New York, May 28.—The transports Edward Luckenbach and Santa Paula docked early today with troops from France and five other troopships were due to arrive before night with a total of 16,540 returning soldiers.

On the Luckenbach were the 311th Field Artillery, minus a detachment of officers, the 314th Machine Gun Battalion, minus a detachment of officers, a casual company from Ohio and two special casual companies.

The Santa Paula brought the 321st Field Artillery detachments of Battery C, 20th Engineer Headquarters and Medical Detachments, 155th Infantry Brigade Headquarters and Medical Detachments and other units.

### COAST BASEBALL STARS MUST ALSO BE ACTORS.

Los Angeles, Cal., May 28.—Every baseball player an actor doing funny gyrations before the movie camera with the possibility of some of them developing into high-class humorists is the scheme to be tried out on the Vernon Club of the Pacific Coast Baseball League. At least Fatty Arbuckle, film star and recent purchaser of the Vernon club, is making a move in that direction. Arbuckle is working on a baseball picture and the Vernon players will be assigned to places in the cast.

### INDUSTRIAL B. B. LEAGUE ORGANIZED AT THE "REC"

Six Team Organization to Start Season Next Monday—"Hamme" Metcalf Elected President.

Through the efforts of Recreation Director W. H. Whiting, the Manchester Industrial Baseball League was organized last evening at the Recreation Center. There are six teams in the new organization, representing the weaving, ribbon, velvet, and spinning mills, Cheney Brothers' main office and the machine shop.

At the meeting last evening, a constitution and by-laws were adopted and the following officers were elected: President, Hamilton Metcalf; Secretary and Treasurer, W. H. Whiting.

Each team is to turn in ten dollars to the treasurer, the money to be used for buying balls. A cup will be put up for the winning team.

### Games Start Monday.

The league will start its season next Monday, when the weaving mill and ribbon mill teams will line up against each other. Wednesday night, the velvet mill and spinning mill teams will play and Thursday night, the main office and machine shop teams will oppose each other. The games will be played after five o'clock on the west side playground diamond.

### BIG "BOMB" IN STREET GIVEN WIDE BERTH.

Long Beach, Cal., May 28.—Pedestrians walked around a big "bomb" in the street here for more than an hour. It was tightly wrapped in a newspaper and showed red through a torn place. The report quickly spread that the object was dangerous and might explode if disturbed. The police were summoned and discovered that the "bomb" was nothing more than a harmless red brick done up in package form.

**ANNOUNCEMENT.**

I wish to announce to the public that because of the fire in the Ferris Block (my old location) and because the building has been sold, I have removed my DENTAL PARLORS TO THE JOHNSON BLOCK, FORMERLY OCCUPIED BY DR. PARKER.

Here I will endeavor to receive all my old patients and new ones with the same service that has characterized my business at the old stand.

DR. J. L. RENAHAN.

**CAPT. BUTLER DISCHARGED.** Through an error it was announced that Corp. G. Calvin Butler had been honorably discharged. The item should have read Capt. G. Calvin Butler.

Get your flags for Memorial Day at Dowsy-Richman Co.—adv.

**ABOUT TOWN**

Charles Cervini of Oak street was a visitor in Broadbrook yesterday. John D. Henderson, of this town, has been drawn for the jury, now sitting in the United States court in Hartford.

Although it has been rumored to the contrary, Laurel Park, Manchester's nearest summer resort, will re-open on Memorial Day.

Mrs. Florence Reardon and son Thomas of Cambridge street, left today for a stay of two weeks with relatives in Pittsfield, Mass.

It is expected that a number of the convertible trolley cars which passed through Manchester loaded on a flat car a few days ago, will soon appear on the local lines.

Persons at the north end who wish to contribute flowers for the Memorial Day exercises are urged to leave them at the home Charles B. Loomis not later than Thursday evening. They can be left there any time during Thursday.

The public auction of building lots which Edward J. Holl has been conducting for the past three days at his Pinehurst tract, came to an end yesterday. All of the tracts with the exception of six, which are being reserved, were disposed of.

The regular quarterly meeting of the Manchester Christian Endeavor Union will be held with the Manchester Society this evening at seven-thirty o'clock. Dr. C. E. Hesselgrave will be the speaker of the evening, his subject being, "Youth at its Best: Lessons from war experiences."

Samuel C. Bradley of Rockville, a former resident of Manchester who is a reader of the Evening Herald, says that he has been following the campaign for the Manchester Memorial Hospital with a great deal of interest and wishes to contribute his mite toward building it. He will send ten dollars to the fund.

Rev. Eric I. Lindh of Cambridge, Mass., who is to deliver the Memorial day address in Cheney hall Friday afternoon, will be the guest of Mr. and Mrs. H. B. House of Main street while he is in town. He will be accompanied by Mrs. Lindh and their daughter Mary who will remain here over the week end. Mr. Lindh will return to Cambridge Saturday.

Rev. E. I. Lindh has recently declined an offer of the pastorate of the First Presbyterian church in Thompsonville and is now supplying the pulpit of the Union Congregational church at Winthrop, Mass., during the illness of its pastor. He is temporarily residing at his old family home in Cambridge and continuing his philosophical studies at Harvard.

The household furniture and farming implements belonging to the estate of Charles H. Bissell were today sold at public auction by Robert M. Reid. The auction was attended by people from all the neighborhood about Manchester. Mr. Bissell left most of his property to the town of South Windsor and to the Wapping Methodist church. Mr. Bissell knew that his belongings would be sold at public auction and several weeks before he died he told the man who cared for him to be sure and clean up the plows and harrows and in fact all the farming implements and wagons so that they would bring more money at the auction.

Louis Androlot, Jr., son of Mr. and Mrs. Louis Androlot of Buckland, is now on his way to Russia where he expects to remain for a year. Mr. Androlot is chief petty officer on the U. S. S. Eagle No. 3. His wedding took place a short time ago in New London and his wife has returned to his home in Buckland where she will make her home until her husband's return. The bride was Miss Edith Barton of Sherman. The house was beautifully decorated with American flags and Taft roses. The couple was attended by Miss Mildred Smith and Francis Roberts of Yakimo, Wash. Rev. Welcome E. Bates of the Montauk Baptist church officiated.

**Picture Framing**

Have your Pictures Framed as they should be. Have an Expert Framer to do the work. All work guaranteed.

Prices very reasonable.

**Decoration Day**

STORE OPEN THURSDAY UNTIL 9 P. M.  
CLOSED ALL DAY FRIDAY  
DECORATION DAY

BEGINNING TUESDAY, JUNE 5 THIS STORE WILL  
CLOSE EVERY THURSDAY AT 12 O'CLOCK

In as few words as possible this store wishes to make it known that it is prepared for Decoration Day. The things most prominent in our displays are now things you will want for the holiday—and many that perhaps have not been given a thought, but which nevertheless serve very useful purposes. Sport garments, and all such attire as is required for more formal wear, as well as the incidentals of dress are offered in styles of unquestioned correctness, and are most reasonably priced.

**Women's Dainty Neckwear**

Regardless of how much care is given to the planning of the new Summer costume, no woman can hope to achieve fullest charm and distinction without the aid of dainty neckwear. Our assortments, however, contain the daintiest creations and as they are widely varied there is no woman but that is sure to find among them many which she would love to see adorn her person. They evidence these low prices.

Separate Collars ..... 35c to \$1.98  
Sets ..... 50c to \$1.98  
Vestees ..... 75c to \$4.98

**The Most Popular Styles in Gloves**

Can be seen here in a wonderful collection of all the new styles for this season. Silk, kid and chamoisette gloves. Some are shirred at the wrist, others are stitched in self-color or contrasting shade. But a particular interest are those which show stitching to match the costume. We urge early purchasing, as these gloves were bought early in many instances their price is lower than their market value today.

Kayser Silk Gloves ..... 85c, 99c, \$1.25, \$1.50  
Fownes' Silk Gloves ..... 85c, 99c  
Fownes' Filolette Gloves ..... 99c and \$1.25  
Fownes' Real Kid Gloves ..... \$2.75  
Washable Chamoisette Gloves ..... 59c pair

**Exquisite Wash Skirts**

We selected them from the lines of the leading manufacturers in the metropolis. They just got here, and we hasten to put them on display. They are the most recent styles, and supplement our already complete assortments.

To see these lovely garments is to desire them; so we are naturally eager to have you inspect them. However, we do not want you to think that you will be urged to purchase. You will be just as welcome if you come merely to see as if you come with the express intention of buying.

Prices \$3.85 to \$12.50

**Fashion Dictates the Dolmans**

Of course you must have one of the new Dolmans. That is settled. So it merely remains to decide which particular one you deem just suited to your requirements. Our varieties offer you a broad field of choice.

You should see the lovely ones we are offering at

**\$12.50**

SOUTH MANCHESTER, CONN.

**SOME FELLOWS ARE BORN LUCKY, THEY ALWAYS WIN**

But This Was A Case of Heads I Win, Tails You Get the Hat.

It happened yesterday while the Rockville car was making a trip to Hartford. The conductor was chatting with a man apparently from Rockville. The stranger informed him that he was going in to the city to purchase a new straw hat.

"Well, I need a new lid too," said the conductor. "I'll tell you what we'll do. Let's match coifs. If I win you buy me a hat. If I lose I'll buy you a hat."

"Agreed," said the stranger and they matched. The conductor won. The stranger was instructed to have the hat ready for the winner on the next trip to the city. True to the instructions that stranger met the conductor on the next trip and handed him a large size hat bag.

"No hard feelings, I hope?" said the conductor as the car started. "Not a bit!" said the stranger, with a grip and the car left the city.

**Cheap at Half the Money.**

The conductor without inspecting his prize placed it under a seat and thought no more about the matter until later in the afternoon when a party of friends boarded the car and told him they were going shopping. "That's reminds me" said the conductor. And he told the story of his luck. "And its some hat too" he continued, "we agreed that \$7 should be the purchase price. Let me show it to you", and he reached under the seat. The bag was opened and there in the corner of the huge package rested a tiny straw hat, about the size of a silver dollar. And on the tag was the information, "marked down from seven dollars."

Good assortment of shrubs for planting at half price. John H. Cheney.—adv.

Flowers for Memorial Day, every seasonable blooming plant; also cut flowers in full assortment. Park Hill Flower Shop, 539 Main street and at East Cemetery entrance.—adv.

All kinds of plants for bedding, boxes and vases. John H. Cheney.
