## Knox Resolution Would Bar U. S. From Place in League of Nations

### Penn. Senator Would Separate League Idea from Rest of Peace Treaty—Say Conference Draws "Undesirable Covenants"—Borah Finds Something New in Treaty.

Washington, June 10.—A resolution which would, in effect, keep the United States out of the League of Nations except by diplomatic negotiations was presented in the Senate today by Senator Knox, of Pennsylvania. The resolution would notify the peace conference that the United States reserve the right to take action on the League of Nations and would effectually separate the league from the signing of the peace treaty.

The resolution describes the peace conference as drawing "undesirable and far-reaching covenants" and notifies the world that the peace conference cannot amend the constitution of the United States. Under the terms of the present treaty the resolution declares "we shall continue in a state of war while our co-belligerents enjoy peace."

The resolution further warns that future warfare in Europe will be considered "a menace to the United States."

### IMPORTANT DISCOVERIES.

Washington, June 10.—Their first examination of the copy of the peace treaty which Senator Borah, of Idaho, succeeded in having the Senate make public, was described by Republican Senators today as highly profitable and enlightening.

While not yet able to muster sufficient time to thoroughly digest the bulky document, Borah said he had already made two important discoveries:

1. That all German rights and interests in Chinese Shantung had been absolutely and unconditionally surrendered to the Japanese and to a far greater degree than the American people had been led to believe.

2. That the valuable and extensive Saar Valley mines had been handed over to the French under conditions which virtually deprived Germany of any voice in the matter—or regardless of the principle of self-determination.

### Wants More Time.

Borah added that he hoped to be able to further inform himself as to the text of the treaty before the end of the day, especially with regard to the addendum affecting the internationalization of labor upon which stress was laid by Senator Lodge, of Massachusetts, after his declaration in the Senate that he had held a copy of the treaty in his hands in New York City.

That phase of the treaty involving immigration, Senator Johnson, of California, said he was naturally particularly interested in because of the Japanese-Chinese situation on the Pacific coast. Other Republican Senators stated that they were studying the many worded document with all the expedition possible in view of its staggering bulk.

## J. P. Morgan And F. A. Vanderlip Know Nothing of Treaty "Leak"

New York, June 10.—J. P. Morgan and F. A. Vanderlip, two of the six N. Y. bankers supposed to appear before the Senate Foreign Relations Committee, declared today they knew nothing of the treaty "leak."

Jacob H. Schiff refused to make any statement until he knows what the investigation "is all about". Both Paul Warburg and Thomas W. Lamont are out of town. H. P. Davison recently declared he had no copy of the treaty and had seen none.

## BATTLE LINES BEING DRAWN TODAY FOR BIG NATION WIDE WIRE STRIKE

### Keymen to Quit Tomorrow According to Present Plans—Both Sides Preparing for Fight.

New York, June 10.—The lines were being drawn today for the opening of the battle tomorrow between telegraph operators and the companies controlling the wire systems in the United States—the first nation-wide wire strike since 1907.

With no prospect for immediate government intervention, both sides were preparing for the cessation of work by the union men at 8 o'clock tomorrow morning. Big business concerns, apt to be affected by the strike, were also making preparations.

### Officials Preparing.

Series of conferences between union officials were in progress both here and at National Headquarters of the Commercial Telegraphers' Union in Chicago. It was understood that other conferences were being held at Atlantic City, where the American Federation of Labor is holding its annual convention, with a view to enlisting further support.

### Western Union Not Worrying.

The Western Union Telegraph Company, against whom the strike is principally directed, was making arrangements to meet the strike situation tomorrow. President Newcomb Carlton would not say what these arrangements were but he declared they would be sufficient to enable the company to carry on its business without hindrance. He reiterated his previous statements that only a small percentage of the Western Union employees are members of the union and that the places of the strikers will be filled without trouble.

### APPEAL TO MACKAY.

Chicago, June 10.—S. J. Konenkamp, president of the Commercial Telegraphers' Union, is awaiting word today of the result of an appeal made by several local chapters of the union to Clarence Mackay, president of the Postal Telegraph Company, asking him to sign the union agreement before the general strike of the telegraphers and telephone operators becomes effective tomorrow.

"Mr. Mackay has always been fair to us," Konenkamp said, "and we hope he continues to be. It is not at all unlikely that through his efforts we may not have to call out the Postal telegraphers."

So far as the Western Union is concerned, however, the Union officials believe there is little chance of averting the strike.

### CHINAMAN WAR HERO.

Pittsburg, Pa., June 10.—The members of the 107th Field Artillery, just returned home, are unanimous in declaring Wong B. Young, a Chinaman, one of the bravest of men. Wong was setting up ranges at Fismette when he spied a German machine-gun crew trying to pick off the Americans. Crawling up on the machine-gun nest Wong, in true American style, whipped out a hand grenade and hurled it into the midst of the Hun gunners, wiping out the entire crew.

### ILLINOIS HOUSE PASSES SUFFRAGE AMENDMENT

Springfield, Ill., June 10.—The Illinois House of Representatives, the first state legislative body to act since the woman suffrage amendment passed Congress, today voted to ratify the amendment. The vote was unanimous.

## LABOR DELEGATES FROM THE PACIFIC THREATEN TO BOLT

### Federation Faces Crisis on the Second Day of Convention.

### WANT TO AMALGAMATE ALL KINDS OF UNIONS

### No Demonstration Strike on July 4—Gompers Will Probably Be Elected Again.

Atlantic City, N. J., June 10.—The American Federation of Labor faced a crisis at the second day's session of its annual convention today when a large number of delegates from the Pacific Coast threatened to bolt unless the convention heeds their demands for the amalgamation of all national and international unions, with the elimination of trade developments. Organization heads were at work among the coast delegates in an effort to convince them of the rashness of their threats.

### No "Show" Strike.

The suggestion that a nationwide strike be called on July 4 to show the power of organized labor probably will be shelved. The California delegates favor such a course but the majority of the convention is clearly against it. Final decision will be made when the Chicago delegation arrives late this afternoon.

### Few Against Gompers.

Efforts to prevent the re-election of Samuel Gompers as president of the Federation may also be abandoned. The Gompers opposition, thus far, has developed no great strength. Gompers presided at today's session and despite his recent injury in an automobile accident in New York, hopes to be able to hold the chair at every session.

This was the last day on which resolutions could be introduced, though none of the resolutions will be acted upon until tomorrow.

### FLEEING JUAREZ.

Residents Fear That Villa Will Attack City.

El Paso, Texas, June 10.—Scores of residents of Juarez, Mexico, are fleeing from that city today in anticipation of an attack by Villa forces which are reported at Villa Ahumada, about eighty miles south of here. Refugees are crowding the international bridge in an attempt to cross to the United States side of the line.

The Villa force, said to be under command of General Felipe Angeles, is declared to be a formidable one and it is predicted that the federal garrison at Juarez will prove inadequate to resist it.

### LENINE TO KUN.

### Premier of Russia Tells Hungarian Red to Keep on Fighting.

Vienna, June 9.—(Via London, June 10.)—Nicolai Lenine, the Bolshevik premier of Russia, has sent a message to Bela Kun, the Red dictator of Hungary, urging him to hold out against the Allied ultimatum, said a dispatch from Budapest today.

### McGOORTY WINS.

London, June 10.—Eddie McGoorty defeated Bandsman Rice in exactly one minute and nine seconds here last night. Two short jabs to the jaw sent the veteran Britisher to dreamland.

## ITALY WILL STAND FIRM FOR OLD LONDON PACT

### Would Accept Either London Pact Or Territorial Compromise—Orlando

Paris, June 10.—Premier Orlando, of Italy, confirms the report that Italy has proposed to President Wilson that she accept either the Pact of London, (the secret agreement made just before Italy entered the war) or the territorial compromise proposed by Andre Tardieu, said a

dispatch from Rome today. The peace delegates appear to be aging rapidly under the tremendous strain, with the exception of Premier Lloyd George, of England, who is unchanged. President Wilson is showing the effects of his vast responsibility in an unmistakable way.

## GREAT BRITAIN WILL NOT GO "DRY" IF EXPERIMENT FAILS IN THE U. S.

### U. S. PLANNING TO HAVE SEPARATE AIR BRANCH

### Will Have No Connection With Either Our Army or Navy It Is Reported.

London, June 10.—As a result of the NC-4's successful trans-Atlantic flight, President Wilson has appointed a commission to visit England and make an investigation with a view to establishing an American air force, separate from the army or navy, it was learned here today.

Commander John H. Towers, who had charge of the Navy's trans-Atlantic flight, left for Paris last night, after the ceremony of the air ministry last night, when he and the officers of the NC-4 were decorated with the officers' royal air force cross.

Upon his return to Paris he will meet aircraft manufacturers and members of the commission coming from America to make a survey of the advisability of establishing a separate air branch of the United States forces.

## 60 FURNACE MEN JOIN STRIKERS IN ANSONIA

### Men Who Quit Draw Up Unique Demand—\$100,000 For Loss of Life; \$1,000 for Scratch.

Ansonia, June 10.—Sixty furnace men and helpers at the Farrell Foundry and Machine Company joined the striking employees of the American Brass Company shops here today. The strikers met and drew up demands for an increase of 25 cents per day, an eight hour day and double time for overtime and with the help of an outsider who was called in made the unique demand for compensation as follows:

For loss of life, \$100,000; loss of both legs, arms or eyes, \$50,000; loss of one eye, \$10,000; loss of a leg or arm, \$2,000; loss of one finger \$700 and two fingers, \$1,400. For a scratch the strikers would have the company pay them \$1,000.

While this portion of the demands is regarded largely in the light of a joke, the men appeared to be serious.

There was no conference today between the striking employees of the American Brass Company and the company officials, the company stating that they were not ready to answer the employees.

### BLOWS OFF TOP OF HEAD.

Morris, Ill., June 10.—Kneeling before a shotgun placed in a vise, Jacob Super, forty-three-year-old bachelor, touched the hammer of the gun with the ramrod. The explosion blew the top of his head off. Financial worries are believed the cause of the suicide.

### BONUS FOR EMPLOYEES.

Los Angeles, Cal., June 9.—As an incentive to employees the Los Angeles Paper Box Company has announced that all workers who stay with the concern during 1919 will receive a 5 per cent bonus on all wages earned during the year as a Christmas present. Some of the higher salaried employees will receive as much as \$125 by this arrangement.

### Premier Orlando Causes Another Breach in Peace Negotiations—Wilson Washes His Hands of Whole Affair—Officials Think Pro-German Agents Are Trying to Create Discord.

Paris, June 10.—Premier Orlando, of Italy, caused another breach in the peace negotiations today when he again informed the Big Four at this morning's meeting that Italy would refuse any suggestions for a compromise on the counter territorial claims affecting the Adriatic littoral. He declared that Italy would "stand pat" on the Pact of London, (the agreement entered into by England, France and Italy promising territorial concessions which induced Italy to enter the war.)

### Wilson Out of It.

President Wilson has washed his hands of the whole affair, leaving the problem up to Premier Lloyd George and Premier Clemenceau. The president's attitude is that the United States should not become a party to the "infamous" Pact of London.

### Pro-Germans at Work.

There are strong intimations in conference circles that pro-German influences are at work in Italy to create discord and that they are seeking the retirement of Premier Orlando and his associates in favor of a mission headed by former Premier Giolitti.

As a result of the Italian attitude the President is demanding that every effort be made to hurry up the German reply. He insisted that all the commission which have not yet reported should turn in their recommendations not later than this afternoon.

Premier Clemenceau is very firm in his opposition to the acceptance of any report by the League of Nations commission recommending the early entrance of Germany into the League of Nations. However, it is expected that a satisfactory compromise will be reached on this point.

French objections to modifications along economic lines have been overcome to a great extent and the Big Four are confident that the reply and the ultimatum will be in the Germans' hands later than Thursday.

### Blockade Won't Sign.

Advices from Scandinavian sources report Count von Brockdorff-Rantzau as insisting that he will not sign the treaty unless more radical modifications are made. Whether he is bluffing or not is not known. Secret advices from Germany to the French and American delegations indicate that, should the Germans "bluff" be called the government is ready to resign immediately in favor of an independent Socialist ministry. In any event the American delegation sums the situation up this way:

### Blockade Ready.

"Plans for a blockade and military action are perfected to such an extent that no government which could be devised in Germany could possibly resist the pressure for more than a week. That the Germans will eventually sign up regardless of the position of Count von Brockdorff-Rantzau is regarded as certain."

## GERMANY MAY CHANGE HER COUNTER PROPOSALS

### Teutons Say Terms Place Their Nation in the Second Class.

Berlin, June 9.—(Via London, June 10.)—Germany is prepared to change some of the counter proposals made in the answer to the original peace terms of the Entente, according to a high official in Count von Bernstorff's office today.

But this change is said to be contingent upon the Allied reply. The Germans interpret the original terms as placing Germany in the category of a second class nation.

On the other hand some German officials believe that the essential modifications are unacceptable in case the underlying principles of the treaty are unchanged.

### HARTFORD MAN DROWNED.

New Brunswick, N. J., June 10.—Private John J. Booth, of Needham Heights, Mass., a member of the Marine Corps, and seaman F. E. Powers, of Hartford, Conn., a navy man, were drowned yesterday in the Delaware and Raritan Canal 100 yards from the naval radio station, which is one mile north of here.

Private Edward McLaughlin, of the Marine Corps, barely escaped death.

(Continued on Page 2.)

**McADOO SAYS SCOUT WEEK OPENS NEW ERA**

Writes Letter Giving Directions for Conduct of Campaign During Boy Scout Week.

L. P. Knapp, who is directing the Manchester Boy Scout campaign for associate members has received the following letter from ex-Secretary McAdoo who says "In the name of America's best boyhood, I beg America's manhood and womanhood to help".

**The Letter.**

The reports which I have from all parts of the country indicate that June 8th will mark the beginning of a new era for the boyhood of our nation.

I wish it was possible for me to personally thank and congratulate each one of the splendid group of men who have, pursuant to proclamation of the President, under the leadership of District and State Chairmen, consented to serve as chairmen and members of the local committees in a large proportion of the towns, cities and counties of the United States. Over five thousand local chairmen have been appointed upon recommendation of state chairmen, and at this moment judging from the enthusiastic reports the complete success of Boy Scout Week seems to be assured.

**Practical Service.**

No such organization has ever been perfected, or even attempted in so short a space of time, and certainly no nation-wide effort surpasses the importance of the objectives of Boy Scout Week. All those who serve, and all those who respond in this effort for boyhood are serving their country in the most practical fashion.

Those who definitely register their interest in boyhood by becoming Associate Members of the National Council will give us a roll of honor for the nation.

I wish to urge upon each local chairman the importance of keeping in mind the following points:

1. It is of fundamental importance that in every community wherever possible all six objectives of Boy Scout Week be achieved.

2. That, because of the impracticability of reaching all towns and villages as completely as in the Liberty Loan campaigns, it is necessary for each community to voluntarily accept a quota in excess of that suggested in the manual. Some communities have already reported their determination to secure a much larger membership than their quota called for.

3. Exercise special care to demonstrate to the splendid men who serve as scout officials, as well as to the scouts themselves, the appreciation of the entire community and of the whole country for the services they have rendered.

4. Do everything within your power to secure recruits as leaders so as to make possible the organization of new troops of scouts. Remember the Boy Scouts of America hope to have their Tenth Anniversary, February 1920, one million enrolled Boy Scouts.

5. The entire proceeds from Associate Memberships are to be transmitted to George D. Pratt, Treasurer, Boy Scouts of America, Fifth Avenue Building, New York City. (This does not apply to contributions specifically made for local scout work, in accordance with the instructions in the Organization Manual.) Certificates of membership will be sent Associate Members upon receipt of the money by the Treasurer.

6. Keep your State Chairman informed daily of the results in your community in order that he may inform me daily by telegram. On Flag Day, June 14, telegraph me personally a summary report of the number of members and the amount of money secured in your community. It has been a pleasure for me to work with you in preparing for Boy Scout Week. The plans that have been made will now be put to a real test. The success of Boy Scout Week is dependent upon what you do between now and June 14.

I am sure that every one will do his best.

Yours for the boyhood of the nation through the Boy Scout program,

(Signed) L. P. McADOO,

Chairman, Citizens' National Committee.

**"NATURE" VACATIONS.**

Los Angeles, Cal., June 10.—There will be more "back to nature" vacations this year than ever before in Southern California. More than 1,300 persons already have applied for permits to spend a part of the summer in the Los Angeles forest reserve, according to Supervisor R. H. Carlton. Ten years ago the average was about forty applications annual.

**SIXTH DISTRICT MEETS BUT NO ONE IS INJURED**

It Was Not So in the Good Old Days No, It Was Very Different Then.

The Buncce, or Sixth school district is losing its reputation as "The Fighting Sixth." Not so many years ago, the newspaper reporters used to flock to the meetings in the little Sixth district schoolhouse, for there was sure to be some real excitement before the meeting closed. But for the past few years, everything has been most harmonious, the meetings have been transacted in a brisk, business-like way and the fireworks have all disappeared.

Last night's annual meeting was such a one. About 30 voters attended the meeting and everything passed off quietly. Reports were read, it was voted to borrow money for current expenses and all the old officers were re-elected without protest from anyone.

L. S. Burr was chosen moderator and Gustave Schreiber officiated as clerk. Following the choice of a moderator, the old officers were re-elected as follows:

Committeeman, Charles F. Trebbe, sr.

Clerk and Treasurer, Gustave Schreiber.

Auditors, Clarence L. Taylor and Hugh McCall.

Collector, L. S. Burr.

It was voted to authorize the treasurer to borrow a sum not to exceed \$350 for current expenses and to give the district's note or notes for the same and it was also voted to have a special meeting for the purpose of laying a tax to clear the district's indebtedness, which amounts to about \$2,500. This meeting will be called after the tax lists have been prepared.

The property of the Sixth district is in good condition at present and only minor repairs will be necessary during the coming year. New desks have been installed recently and the interior repainted.

**BORROW SAILOR OUTFITS TO MAKE LOVE TO GIRLS.**

Aurora, Ill., June 10.—Aurora is a "girls, girls" town.

Gus Rosene, nineteen, and George Haylett, eighteen, both of De Kalb, found it out. But it brought them to grief.

When the two youths learned Aurora girls made "eyes" only at boys in Uncle Sam's uniform they borrowed a couple of sailor outfits at De Kalb and hurried to Aurora.

Immediately they were surrounded by a bevy of gay debutantes. And, listen! They borrowed money from them, too.

But here is what one of the girls told the police after the two Lotharios had been arrested, for wrongfully impersonating Uncle Sam's sailors:

"I had a date with one of the boys. He said he would pay me money he had borrowed. After I had waited for an hour or more along he comes with another girl on his arm. That was enough for me! I do not care about the other girl part of it, but I want my money back."

She got it.

**MASSACRES RECALLED IN BIG CHURCH CELEBRATION.**

Knoxville, Tenn., June 10.—An incident of the days when Indians terrorized this section is recalled in connection with the celebration here of the Lebanon Presbyterian Church, 128 years old, the oldest church in East Tennessee and one of the oldest in the United States. It was the first Christian burial in the church's cemetery, that of the wife of Rev. Samuel Carrick, which was conducted by women, the men being at that time in the fort at Knoxville awaiting an expected Indian attack. The Lebanon Church included in its membership in the early days of Tennessee John Sevier, Governor Blount and Alexander Campbell, of Revolutionary fame.

**CITY HAS OIL WELL.**

Pasadena, Cal., June 9.—Oil found on fifty-four acres of land goes a long way in helping taxpayers bear the burden of the cost of city government. One well has already been drilled and is turning out 300 barrels of oil a day. The land is in the Narrows of the Rio Hondo, below El Monte. The Pan-American Petroleum Company has a royalty lease on the land, the city receiving one-sixth of the flow. Other wells will be sunk.

**POSTS LETTER IN FIREBOX.**

St. Louis, Mo., June 10.—Mrs. Cynthia Sullivan, sixty, went out to mail a letter. She found a box with broken glass in it and a sign: "Pull down the hook." She pulled down the hook through the aperture caused by the broken glass, stuck the letter in the box, and went on her way.

Hardly had she left when there was a clang of gongs and fire-fighting apparatus filled the streets. The letter was found in the fire box.

**LEONARD DEFEATS PITTS.**

Montreal, June 10.—Lightweight Champion Benny Leonard has another scalp dangling from his belt today. His latest victim is Charley Pitts, to whom Benny was very kind in permitting him to stay the full ten rounds here last night.

You pipe smokers; mix a little "BULL" DURHAM with your favorite tobacco. It's like sugar in your coffee.

**GENUINE "BULL" DURHAM TOBACCO**

Good old reliable "Bull"—without a rival. Genuine "Bull" Durham—for rolling your own. Cigarettes that cost you least, cigarettes that please you most: machines can't even duplicate them. 50 cigarettes from one bag of genuine "Bull" Durham Tobacco.

With **W.M.T.** paper you can roll the best "Bull Durham" cigarettes.

Take particular notice that every piece of Madeira Worked Linen in our immense stock will be reduced in price for this big June sale. Do not let this opportunity get by you.

### ABOUT TOWN

The Manchester Dairy Ice Cream Co. has just put into commission a new one ton Ford truck.

Mrs. James Sheldon of Pearl street has returned home from a visit of a month at East Lee, Mass.

Yesterday's rain did an amazing amount of good to gardens, which were beginning to suffer from lack of moisture.

The Busy Bee Dramatic Club, an organization of High School girls, will give a dance at Tinker Hall tomorrow evening.

Local strawberries are beginning to appear in the markets this week and they promise to be plenty from now on. Prices, which have hovered around 40 cents a quart, are due for a drop.

The rifle teams of Company F, Connecticut Guard, will hold a shoot at the company's target range in the Barnard school building Thursday evening. Some of the men will shoot at eight o'clock and others at 9.30.

The annual meeting of the voters of the First School District will be held at the school house tomorrow evening, June 1, at eight o'clock. The call for the meeting will be found in another column of today's Herald.

Dr. W. R. Tinker of Main street is out of town for three weeks. During his absence his practice will be taken care of by Dr. Thomas W. Weldon, who will also act as "Moose" examiner until Dr. Tinker returns.

The big whistle at the Cheney silk mills will be blown at 7.15 each morning. This is the new starting time. Heretofore the whistle has been blown at noon only. It is blown at exactly the right time and people hearing it can set their watches by it.

The annual meeting of the voters of the Eighth School and Utilities District should be well attended on Thursday evening. Besides the regular routine business there are several matters of importance to come up for discussion. The reports of the officers will be printed in tomorrow's Herald.

The Ladies of Charity will meet this evening at the home of Mrs. M. J. Moriarty, 155 Oak street. As this is the last meeting until October, anyone who has money from tickets for the recent dance given by the society is asked to make returns at tonight's meeting.

At the meeting of the Royal Neighbors last evening, arrangements were made for the annual outing, which will be held at Savin Rock, Thursday, June 26. The trip will be made by auto truck, leaving the Center at seven o'clock sharp. Mrs. Rachel Munsie is chairman of the committee and tickets for the trip may be secured from her. Friends of the Neighbors may go if they desire.

The funeral of Willis A. Braley was held from his late home on Oakland street yesterday afternoon at two o'clock. The services at the house were in charge of Manchester Lodge of Masons. Past Master J. D. Henderson presided. The floral offerings included a beautiful set piece from the Masons and there were numerous other set pieces from the family and immediate relatives. The bearers were all Masons and included J. W. Goslee, Frank P. Spencer, Fred H. Norton, F. H. Jones, E. T. Ferris and Millard Park. The body was placed in the vault at the Buckland cemetery.

### TRADE SCHOOL DIRECTOR TO MAKE MANY SPEECHES

J. C. Tucker in Great Demand—Tells Advantages of Trade School Education.

Director James C. Tucker of the State Trade School is scheduled to speak at the Eighth grade commencement exercises in Hanover Friday evening, at the graduation banquet of the continuation factory class in Waterbury next Monday evening and at the Eighth grade commencement in Baltic June 19. In giving these addresses, Mr. Tucker is working in conjunction with the State Board of Education and he will bring to the attention of his hearers the advantages of a state trade school education.

Many additional sugar mills are being erected in the Philippines, especially in Negros, where the milling capacity will be practically doubled.

# SPECIAL OFFER OF Wear-Ever Aluminum

## To JUNE BRIDES

During the month of June we shall offer to the brides and brides to be, of Manchester and vicinity, a special discount of 10 per cent on this special Wear Ever Aluminum bridal set or on any set of your own composition, amounting to the same total. We guarantee this ware to be of the genuine Wear Ever quality and also advise the ladies of Manchester that if for any reason you wish to exchange any piece a week or month after you have purchased it we will gladly do so and that if any piece should not prove absolutely satisfactory The J. W. Hale Co. will be right here in the town of Manchester, tomorrow or ten years from tomorrow, to make it right with you.

This set consists of 45 pieces and we guarantee these pieces to be 15 per cent cheaper than the line sold by the house to house canvasser.

We would appreciate your giving us an opportunity to help you compose a set

### SOUTH METHODIST NOTES.

The Ladies' Aid society will meet in the church for sewing at 2.30 Wednesday afternoon. Supper will be served at five o'clock.

The mid-week service will be held as usual at 7.45 Thursday evening.

The latest report for the South Methodist church Centenary subscription is \$4,739.10; for the entire church, \$104,346.948. All pledges should be in by June 15.

Pledges for conference claimants may be paid to the pastor.

The first quarterly conference will be held Friday evening, June 20.

### KING'S DAUGHTERS.

The Ever Ready Circle of King's Daughters will meet this evening at the home of Mrs. W. J. Taylor on Edward street. This will be the last meeting of the summer and County President, Miss Annie Waters, will be present. All members are urged to attend.

Thirty days hath September, April, June and November but every day in June is a wedding day and every wedding day is the day when the Park Hill Flower Shops can give you beautiful decorations for home or church.

### Typical Comfort

A rocking-chair is a symbol of comfort. A "Rockinchair" is the personification of comfort! You never knew such freedom as you get in a suit of Rockinchair. If you don't wear it, better look into it--see the visible Reason that make it the perfect union suit.

ROCKINCHAIR  
Let us show you  
GLENNEY & HULTMAN

NEVER WAS ANGRY, 98, Clarksburg, W. Va., June 10. Marshall Pepper, ninety-three, the oldest resident of Harrison County, died the other day with a reputation of never having been angry.

### READ-- IT'S FOR YOU

Yes, we appreciate your business, and that is why we are giving you the special low prices on all glasses fitted in our South Manchester office. Some people wonder how we can do it. It is simple. We do not depend on this office alone. As we fit more glasses in our Hartford office in one week than is sold in the entire town of Manchester in a month. But we want to increase our business in Manchester, and we are doing it. Are you with us? Do you want to save money on your glasses and at the same time get the best at a reasonable price? If so see us any night.

Office Open Every Night Except Saturday from 6:30 to 8:30 P. M.

At Optical Dept. G. Fox & Co. during the day.

LEWIS A. HINES, Refractor, Eyesight Specialist, House & Hale Block.

# George W. Smith

engaged as life saver and instructor at the Globe Hollow swimming pool, arrived in town yesterday afternoon. Mr. Ward is an ex-service man, having trained with the Tank Corps at Camp Colt, Gettysburg. For three years he has been engaged as life saver and swimming instructor at the Life Saving Station at Norwood, Mass. The new life saver went over to the pool with Recreation Director Whiting yesterday afternoon, and

began his duties there this morning. Frank D'Amico, a local ex-service man, has been substituting as life saver at the swimming pool since last Thursday afternoon.

BRANNAN, BRADLEY ELECTRIC CO., house wiring and fixtures. Damage and motor repairing. Storage batteries repaired and recharged. 9 Ridgewood street, South Manchester, Conn.
