SPECIAL TOWN MEETING OVER, BUILDING LINE

Main Street Controversy Will Be Laid Before the Voters.

FOR DEFINITE DECISION

Special Meeting to be Held Thursday Evening, Aug. 7th—An Exciting Discussion Expected.

"To see if the town will vote to discontinue a portion of Main street between the southwest corner of Pearl street and the Northwest corner of Bissell street." This is the vital feature of the call issued by the Selectmen of the Town of Manchester for a Special Town Meeting to be held in the Town Hall on Thursday evening, August 7th, at eight o'clock.

The above clause, which is the first in the call, relates to controversy which has existed for nearly ten years, namely; whether or not the buildings owned by Messrs. E. J. Holl and John F. Sheridan, situated on the East side of Main street, between Pearl street and Brainard Place, encroach on the Town's highway.

A Mooted Question. This question needs no introduction. A summary of the events and discussions pertaining to this building line issue is unnecessary. It has been a thorn in the side of every town board for the past ten years. It has been brought up by the respective boards, discussed, and laid away for future reference. Taking into consideration past performances it appeared as if the town officials of the years of 1910 to 1913, seemed to drop the question.

Question Re-surrected. This year the question was again aroused from its slumbers, given a thorough shaking, and dissected even to the most minute particle. It has been the subject of many discussions, both official and unofficial. It has been intimidated by a number of prominent citizens—not Town officials—that the question at last assumed the semblance of a personal feud. Through a series of technical movements it was decided to let the matter go to court.

A storm of protest in the shape of a petition for a special town meeting from voters of the town, asking that a special meeting be called to allow the voters an opportunity to discuss the issue, was received by the selectmen. This petition was refused. Higher authorities were appealed to. "We command you to perform this specified duty, or show sufficient reasons why it should not be performed," was the order of a superior tribunal to the selectmen.

Verbal Battle Expected. A hearing was held in the superior court chambers before Judge Edward L. Smith. Arguments from both sides were weighed. The opinion of the judge, a few days later, was that no sufficient reasons were shown why a special town meeting should not be held, consequently the selectmen were ordered to issue a call for a meeting. The date has been set for Thursday evening. It is very probable that an intensive verbal battle will be fought; "to decide if the town will vote to discontinue a portion of Main street between the southwest corner of Pearl street and the northwest corner of Bissell street."

In the event of an employee being tardy or showing irregularity in attendance during the week the five per cent bonus will not be granted.
