

LODGE FOR LEAGUE IN 1915, SEN. OWEN OF OKLAHOMA, SAYS

"Nations Must Unite as Men Unite to Preserve Peace and Order."

SO DECLARED BAY STATE SENATOR IN A SPEECH

Owen Also Takes Up the Holy Alliance—Says Opponents to League Are Waging War Against All Mankind.

Washington, Aug. 30.—Quoting from a speech of Senator Lodge, delivered in 1915, in which he favored a League of Nations, Senator Owen, Democrat, of Oklahoma, in an address to the Senate today replied to the most recent attack of the chairman of the Foreign Relations Committee upon the peace treaty and League of Nations covenant.

"The galleries always applaud," said Senator Owen, "when a senator strikes an oratorical pose and thunders forth his sturdy Americanism and the Senator from Massachusetts did not fail to strike this popular chord. The senator gloriously said:

Senator Lodge's Words. "Call me selfish if you will, conservative, or reactionary; but an American I have remained all my life. I can never be anything else but an American and I must think of the United States first."

"Fine. This is magnificent. The galleries burst with applause, but in June, 1915, at Union College, the senator was still an American and he said the words then in language clear and plain."

"Nations must unite as men unite to preserve peace and order." "He stated that nations must be so united as to be able to say to any single country:

"You must not go to war." "Fine. This is splendid but a flat contradiction of his present attitude that nations must not unite to preserve peace and order; that they must not be so united as to say to any single country 'you must not go to war.'"

"Mr. President, am I going too far when I appeal from Philip drunk to Philip sober?"

The Holy Alliance. Referring to Senator Lodge's assertion that the preamble of the League of Nations covenant do not differ essentially from that of the Treaty of Paris from which sprang the Holy Alliance and its wars and that "mankind is constantly repeating itself," Senator Owen said:

"In other words the promises made by the Treaty of the Holy Alliance having led to war these promises will also lead to war, because 'mankind repeats itself.'"

War Did Not Result. "The obvious fallacy of this argument is that the alleged 'purposes' of the Holy Alliance had nothing to do with the consequences which ensued from that alliance. War did not result from the virtuous promises made to the people by the Holy Alliance. The Holy Alliance made wilfully deceitful and false promises of brotherly love and peace in order to deceive the people of Russia, Prussia and Austria and thus prevent them from going into a revolution as the people had done in France under the conditions of tyranny and brutal military power."

Secret Ambitions the Cause. "Does the Senator from Massachusetts really believe that it was the virtuous promises of the Holy Alliance that led to war, or the secret purposes and ambitions of these military monarchial despots who were secretly plotting to rule the world by brute force? There is a vast difference between the promises of an honest man or an honest government of sincere well-meaning Democrats, and the promises of trained liars, murderers, and self-seeking despots. And I feel fully justified in describing the Hohenzollerns and the Hapsburgs and the Romanoffs as these villain traitors."

5,000 Jews Massacred In Ukrania, is Report

London, Aug. 30.—Five thousand Jews have been massacred in the Podolia District of Ukrania, according to a Warsaw dispatch received by the Foreign Office, quoting the Bolshevik newspaper Ivestia. The same newspaper reported the Jewish population of the Russian town of Ploisknow had been exterminated.

In the district of Kiev, capital of Ukrania, said the Ivestia, 122,000 miserable Jews, whose belongings had been plundered, are fugitives seeking refuge wherever they may find it. The Bolsheviks charge that General Petlura's Ukrainian army, (White Guard forces) have again commenced to massacre Jews in the Podolia region.

Germany Waits For America Before Sending Ambassador

Berlin, Aug. 30.—The status of Germany's next diplomatic representative in Washington will depend entirely upon the rank given to the successor of James W. Gerard in Berlin, it was learned today from an attache of the Foreign Office.

"We shall wait for the United States to make the first move," said this official. "It is customary for countries that have been at war to initiate the resumption of diplomatic intercourse through charges d'affaires. Thus, if America sends a charge d'affaires to Berlin we shall do likewise in the case of Washington."

May Send Ambassador. "The United States, however, has the privilege of sending a full ambassador to Germany at once, if this course is taken we shall follow suit and send a representative of corresponding rank."

"Some government executives think we ought to send a business man. Others favor a trained diplomat. I think the latter will be of greatest advantage as a business man might put financial matters above all other interests."

Can't Pick Out Man. Efforts to learn the name of Germany's choice for the Washington post have been futile although several persons have been mentioned in unofficial reports. It seems that there is some doubt as to the type of man that ought to represent this country in America.

It is stated that the consular department is mapping out a new course of representation, but that the actual appointment of consuls will be held in abeyance until the diplomatic posts have been filled.

Bandit Chief Was in United States While Troops Searched in Mexico

El Paso, Tex., Aug. 30.—While American troops were scouring part of Mexico for him, Jesus Rentario, leader of the bandit gangs, which captured and held for ransom the army aviators, Peterson and Davis, was leisurely making his way about in United States territory, according to a letter purporting to come from the bandit chief, printed in the Douglas (Arizona) Daily Dispatch. Civil and military authorities, to whom the letter was shown after it had been received through the mails, declared it to be a fake.

The Letter. "It caused me great surprise when I read your paper of Tuesday, the 26th, instant, saying that I had been killed and that the notice had been confirmed, and, seeing that such notice is absurd, I wish therefore that you would let me relate some facts about it to convince you that I am still alive."

But Fire in Party. "I crossed to Mexico a few days in

company of four friends of mine. One day we were wandering in the Ojajana district, when we discovered three men a mile ahead of us. At first we thought they were Mexican government patrols, but when we approached I realized that they were travelers.

"Then an idea struck me that were two Americans in the bunch and they were officers of the United States government and decided to hold them for ransom."

Came Over to U. S. "When we got the money we knew perfectly well somebody would try to capture us and I told my friends to come to the United States again and we re-crossed to the United States. Next day United States troops came into Mexico. We went to El Paso and then we came to Douglas, and about the time you will be reading this letter we will be in Bisbee, as we have got plenty United States money left."

The letter was dated August 31.

FIRE DESTROYS AUTOS; 32 HORSES ARE SAVED

Barn, Garage and Two Horses Also Burned—Loss is Estimated at \$10,000.

New Haven, Aug. 30.—Fire, which started in the barn and garage of Mrs. Caroline Payne, in the rear of 187 Hamilton street early today spread to the stables of Sisk Brothers, destroying two automobiles, two horses, some hay and a quantity of other property, with a loss, estimated at \$10,000. Thirty two horses and a dozen large autos were taken from the Sisk Brothers' stables.

Many families in adjoining tenement blocks fled to the street in flight. Several explosions of gasoline tanks endangered property and made risky work for the firemen. One explosion wrecked a fire escape on an adjoining tenement. Columbus Hall in Hamilton street was badly damaged. The cause of the fire is unknown.

HOLIDAY FOR RAILROADERS

Washington, Aug. 30.—So far as possible railroad men will have a holiday on Labor Day. Railway Director Hines today notified regional directors to allow men whose services are not needed to have the day off.

RECKLESS AUTOIST HITS ANOTHER; BABY INJURED

College Man Had Neither Car Registration Number or a Driver's License With Him.

New Haven, Aug. 30.—Robert H. Davis, 19, of 225 West 83rd Street, New York, who is rooming in the Yale Theta Phi fraternity house, is held by order of Deputy Coroner Wynne, charged with reckless driving. It is alleged that he drove his high powered automobile into a Ford car, which Jacob Koolin, his wife, Rose, daughter, Estie, and an 18 months old baby and his sister in law were driving, smashing the smaller machine and perhaps fatally injuring the baby.

Davis had neither a car registration or an operator's license. He was placed under \$5,000 bonds to await the results of the child's injuries. The accident occurred on Middletown Avenue late yesterday. At the hospital today it was stated that the condition of the child was still serious.

REVOLUTION IN BUDAPEST

London, Aug. 30.—A Central News dispatch from Amsterdam says a revolution has broken out in Budapest but that no details have been received.

HERE IS THE LIST OF STRIKES IN N. E.

NEW YORK.—A large strike has practically all theaters closed. Eight thousand drug clerks in stores and hospitals call strike for Monday for more pay and shorter hours. Cable operators of Connecticut, Telephone Company strike for more pay. Eight thousand paper boys strike for higher wages. Parcel stalks of cigar store clerks on strike.

BOSTON.—Two hundred actors vote to strike for higher wages. Three thousand shoe workers out at Thomas G. Plant factory. Industrial statistics show approximately 100 other strikes in New England, many of them small.

PITTSFIELD, MASS.—Trolley men on Berkshire street railway lines on strike for higher wages.

WORCESTER, MASS.—Strike breakers imported to take place of striking gas house workers and gas supply back almost to normal.

MANCHESTER, N. H.—Eight hundred clearmakers on strike for higher wages.

SEAFIELD, MASS.—Five hundred machinists on strike here for more pay.

EYES OF STEEL WORLD TURN TOWARD WILSON

Tieup of Industry Main Topic Discussed by the Labor Leaders.

Ten Days' Grace Given Steel Corporation by Sen. Wilson's Vote is Taken.

TONIGHT THE TIME IS UP

Washington, Aug. 30.—The eyes of the steel world were turned toward President Wilson today.

The possibility of the President taking action to prevent the threatened tie up of the industry was the one topic of discussion among labor leaders gathered in the national capital. The President had before him the request of Samuel Gompers, president of the American Federation of Labor and of the committee representing the steel workers, that he urge Judge E. H. Gary, chairman of the Board of Directors of the United States Steel Corporation to give the men a hearing. But up to the present time there has been no intimation of what his action would be.

Tonight Ends Truce. Tonight will mark the end of the ten days given the steel committee to get the demands of the men before Judge Gary. In its reply to the refusal of the steel corporation head to receive the demands of the men, the committee stated positively that the strike vote would be put into effect unless Judge Gary reconsidered his decision before tonight.

In the meanwhile the committee was "sitting tight" with some of the members confidently expecting that the white house would intervene in their behalf.

A. F. of L. in Session. The executive council of the American Federation of Labor continued its sessions today and, at adjournment, it was planned to issue a statement covering the activities of the past three days.

Railroad Working. At the Railroad Administration an official report on the situation at the Pacific coast was being awaited. Advice during the night indicated that the strikers all would have returned today and that it would be unnecessary for the administration to take over the direct operation of the lines. However, in the event that the situation warranted drastic action, Director Hines was fully prepared to take it, officials of the Administration stated.

WOMAN HAS UNIQUE INVENTION. Because the inventor's name has not been mentioned in an English newspaper from inventing and patenting banks for ships. These banks are supported from the bottom, so that the vessel rolls, the banks remain level.

PERSHING REFUSES TO BE QUESTIONED BY CONGRESSMEN

Meeting Arranged by Committee But General Was Found Absent.

ONLY SOCIAL CALL, HE SAYS; NOT TRUE, THEY SAY

Pershing Says Congressional Committee Has No Right to Ask Him About War Expenditures or Prisoners.

Paris, Aug. 30.—General John J. Pershing, commander of the American Expeditionary Force in France today declined to recognize the right of the Congressional Committee on war expenditures and treatment of prisoners to question him for information. The "interview" between General Pershing and the Congressmen lasted only four minutes.

Pershing Absent. The meeting was arranged for 10 o'clock this morning at the general's headquarters, but when the committee arrived they found General Pershing absent.

General Pershing had gone to say good bye to Premier Clemenceau and it was 10.30 before he reached his headquarters and confronted the impatient investigators.

The committee was headed by Representative Royal C. Johnson, of South Dakota.

Only Social Call. General Pershing, who is busy preparing for his departure for home next week, said he regarded the interview as purely a "social call" but the members of the committee took another view of it. The American commander explained that he was very busy and, in any event, the records of army transactions had all been shipped to Washington.

Members Make Demands. After the conference members of the committee denied that it had been a "social affair." It was plain business they said. The committee explained that they felt they had the right to go to the highest possible authority in their search for information on military matters.

"I found conditions in the administration of the American Expeditionary Force, most satisfactory, particularly in the work of the Liquidation commission," said Representative Henry D. Flood, of Virginia.

Rep. Johnson Talks. "Technically Paris may not have jurisdictional jurisdiction over American citizens outside of the United States but I know that it is unprecedented for an American citizen to refuse to recognize that jurisdiction," Representative Johnson declared.

General Pershing declined to testify on the ground that the records were unavailable. He was informed that most of the questions would be pronounced so that they would not require printed data. He then declined to testify at all before the committee.

Representative Bland, another member of the committee, was very bitter.

"General Pershing and his army are bigger than our deputy sergeant at arms and can evade giving us information," he said. "It is apparent that the War Department through out the war showed its indifference and contempt of the wishes of the people and their representatives. This is a clear cut example of that sentiment."

PERSHING'S FAREWELL SPEECH. Paris, Aug. 30.—"None of us will ever forget the period of the war when the American forces were assembled and trained for battle under the protection of the armies of France and England while these armies were holding the enemy at bay," said General Pershing in his farewell message to the French press today.

"Now will we ever forget when we joined with you in the second battle of the Marne. Upon this great foundation our future victories must rest. We will regard these days of courtesies and strict and struggle as our most precious memories and our most precious memories."

GENERAL STRIKE OF STEEL WORKERS UNLESS PRESIDENT CAN AVERT IT

DRY ENFORCEMENT BILL WILL BE LAID ON TABLE

Senators Believe Food Problems Should be Taken Care of First of All.

Washington, Aug. 30.—Senators interested in the prosecution of food profiteers made efforts today to get the amendments to the food control act, requested by Attorney General Palmer, before the Senate for a vote. Senator Harrison, of Mississippi conferred with Senator Sterling of South Dakota, in an attempt to have the prohibition enforcement law laid aside when it comes up and have the Senate take up the consideration of the amendments, which would give the attorney general the power to punish those who make unjust and unreasonable prices. Senator Sterling has been given the right of way with the prohibition bill after the oil leasing bill is disposed of.

"I am hopeful that I will be able to reach an agreement with Senator Sterling so that amendments may be taken up by the Senate next week," Senator Harrison said today. "I don't believe that it will take up very much time of the Senate and will not delay action on the prohibition enforcement bill for long. I do not believe the fight against these amendments will be a long one."

Wilson Thanks Strikers For Going Back to Work

An Example of Patriotic Cooperation He Tells Secretary of Painters' Union.

Washington, Aug. 30.—The labor situation in one which "must be dealt with with as much wisdom as energy," President Wilson today asserted in a telegram expressing his pleasure at the return of striking painters and paper hangers in Hoboken following his appeal for a truce between capital and labor.

The telegram, addressed to the secretary of the union, follows: "May I not express to you and through you to your fellow members of Local 78 my admiration of the public spirited action they have taken, an action which I am sure is in the interests of the whole country as an example of patriotic co-operation in relieving, not complicating, a situation which must be dealt with with as much wisdom as energy."

"Cordially and sincerely yours, Woodrow Wilson."

The telegram was in reply to one from the union, notifying the President of the action it had taken.

R. R. STRIKE ON PACIFIC OFF; MEN BACK TO WORK

Superintendent of Employees Was Unconditional—Trains Running on Schedule.

Los Angeles, Cal., Aug. 30.—The railroad strike, which has tied up southern California and parts of Arizona and Nevada for the past eight days, is breaking.

Treatment of all crafts began to report for work early this morning after getting last night that they would return to their jobs at 1 a. m. today, in accordance with the order of Director General Hines of the Railway Administration.

The agreement of the railroad men was unconditional. Santa Fe and Salt Lake lines made preparations to move trains practically on schedule today.

NEW CORPORATION. Hartford, Aug. 30.—F. Peterson incorporated of New London, Conn. organized a \$25,000 corporation in the office of the secretary of the state today. A confidential business is to be carried on and the following are the incorporators: Charles W. Peterson, Joseph E. Flouffe, George H. Groot and George F. Hinkle, all of New London.

There are 125,000,000 people in the world.

Matter Left Entirely in Hands of Wilson—Time Limit for Judge Gary's Reply to Employees Expires Tonight—President May Ask Men to Keep Working Until End of Month.

Washington, Aug. 30.—A general strike of the organized workers in the iron and steel industry is inevitable unless President Wilson can find some means to avert it.

Up to President. Leaders of the Metal Trades Department of the American Federation of Labor so declared today. They said that so far as they personally are concerned there is nothing more that they can do. The representatives of the steel workers presented the details of their side of the situation to the President in the White House yesterday, leaving the matter temporarily in his hands.

Nothing the President said at that time has changed the situation, it was stated.

Today the committeemen were scattering to various quarters of the United States to make speeches at Labor Day celebrations on Monday. The only one left this afternoon was John Fitzpatrick, who was to leave this evening. All are to return Tuesday when definite action regarding any strike proposed, including the date, is expected.

Anna Linnis Explains. The time limit in the notification to the United States Steel Corporation expires today and the committee has notified Judge Gary, chairman of the Board of Directors of the Steel Corporation that they would remain in Washington until last night to receive any reply he desired to make.

"So far as Judge Gary is concerned," said Mr. Fitzpatrick today, "we are through. The incident connecting him with our plans are closed."

President Included. At the White House the President was secluded for the best portion of the day. He was said to be "speeding up" preparations for his departure for the West next Wednesday. A circumstantial report that already he had communicated with Judge Gary asking for a re-consideration of the refusal to meet the union committee was in circulation here. The White House declined to discuss it. However it was generally credited in administration circles. In the event that Judge Gary stood firm in his refusal there was a growing belief that when the steel men returned to Washington next week the President might ask them to refrain from ordering a walkout pending his return from the West.

WITNESSES CO-ERSED

So Charges Californians Talking About the Packers' Probe.

Washington, Aug. 30.—Condemn by the members of witnesses appearing before the Senate Agriculture Committee was charged today by the American Live Stock Exchange.

N. A. Jester, chairman of the market committee of the association, sent to the committee a telegram from Delmont, California, containing the charges. Senator Gronna, chairman, had the telegram inserted in the record.

"Public witnesses are in such a shaky state being coerced," Jester's telegram declared, "and their answers are not to be taken as honest testimony in opposition to the Kennon and Kendrick Bills to regulate the packers."

ABCHURKE HAS INFLUENCE. Manchester, England, Aug. 30.—A valuable witness, who was drawn by the Peace Conference to advise the government of England, is being dominating influence behind the scenes in the government here, according to a report from London.

There are 125,000,000 people in the world.

Sunday Services AT THE CHURCHES

NORTH METHODIST.

Rev. Elliott F. Studley, Pastor.
Morning service at 10.45. The pastor will preach on "The Marrow of Wisdom."

The Sunday School session will be resumed tomorrow, August 31. A missionary address will be given by Mark Holmes. There will be at the close of the session a meeting of the Sunday School Board.

At 6.30, evening service. Topic, led by Walter Shipman, "Milestones and Monuments of Human Freedom." (Temperance Sunday). Josh. 4:1-8, 19-24.
The monthly meeting of the Official Board will be held at the parsonage on Tuesday evening, Sept. 2, at 8 o'clock.

Thursday evening prayer-meeting at 7.30 each week.

The first fall meeting of the Women's Foreign Missionary Society will be held at the home of the president, Mrs. E. E. Coiver, on Friday afternoon next, at 3 o'clock.

ZION'S LUTHERAN.

Rev. William C. Schmidt, Pastor.

"Pride and Modesty" will be the theme of the Rev. Schmidt's sermon at this church tomorrow afternoon. Sunday school will start at 1.15 p. m. The regular church services will follow at 2.15 p. m. The Ladies' Aid Society will meet at the parsonage on Wednesday afternoon at 2.30 o'clock. On Wednesday evening at 8 o'clock, there will be a meeting of the Young People's Society. There will be a convention of the Hartford District of Young People's Societies at Christ Church, Hartford on Sunday, Monday and Tuesday. It is thought that many of the young people of this church will attend.

SOUTH METHODIST.

Rev. G. G. Scrivener, Pastor.

Rev. E. A. Legg of Norwich will occupy the pulpit at this church tomorrow, both morning and evening. Sunday school will convene at 10 o'clock followed by preaching service at 11 o'clock. The evening service begins at 7 o'clock. The pastor of the church will return from his vacation next week and will occupy the pulpit one week from tomorrow.

SWEDISH LUTHERAN.

Rev. P. J. O. Cornell, Pastor.

There will be but two services at this church tomorrow, the evening services having been discontinued during the summer months. Sunday school will begin at 9.30 a. m. The morning service follows at 10.45 a. m. It is expected that a large number of the church members will attend the conference of the Hartford District Luther League which opens in Hartford tomorrow.

CENTER CONGREGATIONAL.

Rev. Dr. C. E. Hessegrave, Pastor.

Rev. George W. Reynolds, D. D., of Hartford, will conduct the morning services at this church tomorrow. The Wednesday evening service will be in charge of L. J. Robertson and Miss Elsie Benson will have charge of the music.

ST. MARY'S EPISCOPAL.

Rev. J. B. Neill, Rector.

There will be but one service at this church tomorrow. The Sunday school sessions and evening services will be resumed next Sunday. Rev. Neill's theme for tomorrow's service will be: "Shall the prayer book be revised?"

ST. JAMES E. C. CHURCH.

Rev. William T. McGurk, Pastor.

Services at 7 a. m., 8.30 a. m., 10.30 a. m.

ST. BRIDGET'S E. C. CHURCH.

Rev. Christopher T. McCann, Rector.

Services at 8.30 a. m., and 10.30 a. m.

Don't make the mistake of going away Sunday and Labor day without one of Whitman's delicious chocolate. Quinn's Pharmacy—adv.

Moore's Fountain Pens, the original fountain pen. Always ready. Moore's Pharmacy—adv.

SWEDISH CONGREGATIONAL.

Rev. Oscar Erik, Pastor.

The usual services will be held at this church tomorrow. The morning service at 10.45 a. m. and the evening service at 7.30 p. m. The pastor will preside at both services.

PENTECOSTAL.

Rev. A. C. Goldberg, Pastor.

Morning services will be held as usual at 10.30. Mr. F. B. Adams will conduct the services in the absence of Rev. A. C. Goldberg who is on his vacation.
Sunday school will be held at 12.05 and the evening service will begin at 7 o'clock.

SALVATION ARMY.

Fred Bartlett, Commander.

Lt. Col. and Mrs. Joseph Atkinson will be in charge of the Salvation Army services at the usual hours and will be on duty all day. Commander Bartlett is in New York at present.

LIEUT. MAYNARD WINS NEW YORK-TORONTO RACE

Great Victory for Liberty Motor—Man Who Came in Second Also Used Liberty.

New York, Aug. 30.—Lieutenant B. W. Maynard, piloting a de Havilland Four, equipped with a Liberty motor, won the New York-Toronto Derby and Lieutenant Dan B. Gish, using the same type of machine took second honors.

Although the complete list has not been fully checked, officials of the American Flying Club authorized this statement this afternoon. Maynard's flying time was 467 7-4 minutes, while Gish took 503 1-4 minutes for the trip.

"It appears to be a great victory for the Liberty Motor," one official of the American Aero Club declared. "There is no doubt that Maynard and Gish took first and second honors respectively, and both of their machines were equipped with the latest model Liberty motor." The fight put the motor to a severe test, but it came out on top twice.

Maynard and Gish are both American aviators and were arrayed against a field of expert Canadian flyers using the latest type of speedy British motors. The English SE-5-A type of which there were five in the race, fared badly.

The Americans will not be permitted under army regulations to accept cash prizes so they will probably be presented trophies instead. Cash prizes total \$10,000.

COPS HIT BY SAFE.

New York, Aug. 30.—A policeman's life isn't safe here anymore. Three of them were standing in front of a store in the Bronx early this morning when a loud explosion occurred and a big safe came hurtling through a window and almost knocked them down. Burglars had used too much dynamite. The burglars left by a back door before the police had recovered from their fright.

SEARCHING FOR AVIATORS.

San Diego, Cal., Aug. 30.—Search for Lieutenants Frederick Waterhouse and Cecil Connelly, American army aviators, who have been missing since August 20 will be redoubled today.

Fear that the men had not been found as at first announced by Colonel Barranco, of the Mexican forces has grown in the minds of officials here, when reports received here indicated that no word had been received from the men. American border patrols are still searching for the men.

GUARDS NOT GUILTY.

New Haven, Aug. 30.—Deputy Coroner Whyne, in a finding issued today absolves the guards of the State Reformatory at Cheshire of any criminal responsibility for the death of Patrick Maloney, of New York city, an inmate, who was shot and killed by the guards while attempting to escape from the institution with three other members of a work gang on August 24. He says the guards acted within their rights and duties.

Coffee prices gone sky high. Try our special Office Coffee, 40¢ pound can. Quinn's Pharmacy—adv.

N. H. CANOE MYSTERY IS STILL UNSOLVED

Woman Who Was Found Clinging to Paddle Tells Story Which Does Not Fit Facts.

New Haven, Aug. 30.—The mystery concerning the disappearance of John Knight, a railroad shop foreman, of this city, while on a canoe trip with Mrs. Gustave Gogbel, wife of a cigarmaker of this city, who was picked up in the Sound off Woodmont, Thursday afternoon, clinging to a canoe paddle, deepened today when it became known that the canoe was picked up at Woody Crest, near Woodmont, by cottagers about 3.30 in the afternoon. This was an hour and a half after Knight left the cottage, where his family are staying at Woodmont, saying he was going canoeing. The canoe when found was floating right side up in the water with the contents, including a sandwich, dry and undisturbed.

A Mrs. Ferguson, whose son brought the canoe ashore, says that about this time she noticed considerable excitement aboard a passing barge. This leads to the belief that Knight may have been picked up by this craft. Mrs. Gogbel was found unconscious about an hour and three-quarters after the finding of the canoe. She is understood to cling to her story that two other women were in the canoe with herself and Knight and that the canoe tipped over. However, there is no word of any missing women and her story in this respect is not credited.

JUDGE COHALAN PLEADS FOR IRELAND'S FREEDOM

New York Jurist Appears Before the Senate Foreign Relations Committee Today.

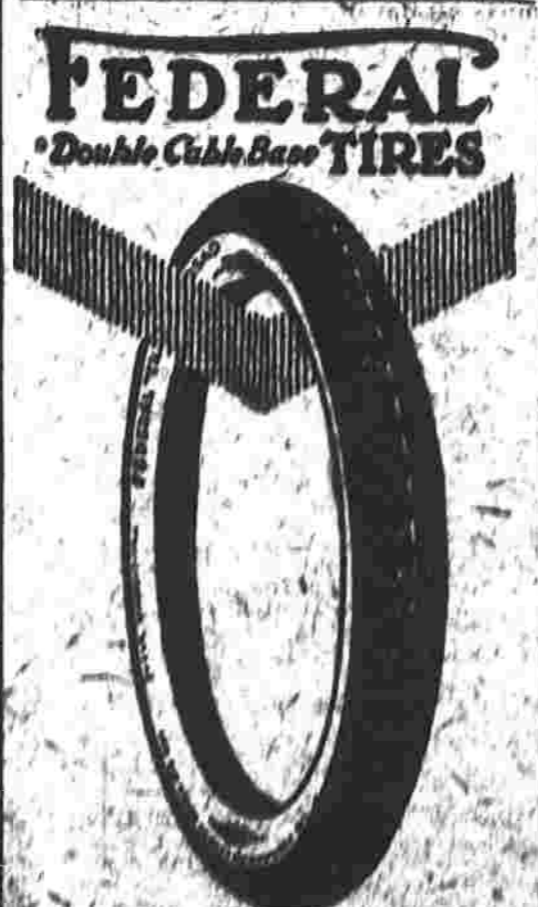

Washington, Aug. 30.—Freedom and self-determination for Ireland were urged before the Senate Foreign Relations Committee today by Justice Daniel F. Cohalan, of the New York supreme court and former Governor Edward Dunne, of Illinois, of Philadelphia, the three members of the Irish Independence Committee.

"We insist that this is in no sense a league of nations but is simply a cover for Anglo-America, under which the freedom of America would be abridged and the power of the governing classes in England secured," declared Judge Cohalan.

Judge Cohalan urged the rejection of the League of Nations covenant by the Senate. He insisted it was "un-American" and would "perpetuate British oppression and tyranny."

"Speaking on behalf of the great bulk of American citizens of Irish blood who number more than 20,000,000 of our population we are opposed to the proposed League of Nations for many reasons, all of which we believe vitally affect the interests of our country," Judge Cohalan said. "We are opposed to the creation of any super-state, or combination of nations that will interfere with the independence of or with the sovereignty of the United States."

EIGHTH DISTRICT BOYS AND GIRLS HAVE GOOD TIME AT PLAYGROUNDS

Old Folks Were There Too and Helped in the Merry-making.

MANY STUNT RACES ARE RUN BY THE KIDDIES

Miss Taylor Conducts Successful Outing With Assistance of Teachers from Eighth District School.

About three hundred persons visited the north end playground on Thursday afternoon, when, after many postponements because of rain, the weather man provided a sunshiny day, and the children enjoyed their long promised party. Not only the youngsters enjoyed the fun. Many adults, even up to the age of eighty-seven, were there, and no doubt wished they could take part in the races.

The children began to arrive early, and at two-thirty they were all ready to start the races, which were dashes, potato races, three legged races, sack races, and peanut races for both boys and girls. That the children had been anticipating this fun for a long time is shown by the fact that most of the races had to be run in two or three heats. For several weeks, the instructor has been besieged with such questions as: "Miss Taylor, kin I be in a bag?" "Miss Taylor, what do you do with the peanuts after the race?"

Folk Dances. After the prizes had been awarded for the races, several folk dances were very well given by the following little girls, members of the Little Mother's Club:

Marion Burr, Frieda Schoneski, Frances McVeigh, Edith Balch, Marcella Welch, Faith Fallow, Florence Ingraham, Ruth Smith, Marjorie Bill, Orta Bill, Clara Emmonds, Jane Seranton, Ruth Morton, Marjorie Smith.

At the conclusion of the dances, the children formed a line, and passed in front of a table where each received an ice cream cone, and a stick of candy.

Miss Taylor was assisted in carrying out the program by the Misses Carrier, Clark and Maloney, teachers of the Eighth District school, also by Mrs. Hayes, Miss Keith and Miss Robertson.

The Prize Winners. The prizes for the various races were awarded as follows:

Boys' dash—Joe Bright.
Girls' dash—Gertrude Falman.
Little boys' dash—George Bingham.
Girls' potato race—Frieda Schoneski.
Boys' potato race—Victor Schoneski.
Boys' three legged race—Edward Gih, Earl Hatch.
Girls' three legged race—Lena Dent, Beatrice Coffin.
Boys' sack race—Earl Hatch.
Little boys' sack race—Ralph Ingraham.
Girls' sack race—Viola Blimby.
Boys' peanut race—Vincent Diakiki.
Girls' peanut race—Vivian Brooks.

CHENEY BROTHERS' BIG GAME. Contest Between Mills and New York Office to Take Place Sept. 6.

Though it was at first planned to have the ball game between the Industrial All Stars and the New York office of Cheney Brothers held on September 18 the date has now been changed to the sixth. This is a week from today and for the next six days the Manchester team will be carefully trained for the game. The game will be played on the west side playground.

PRIZE FISH BARN OF 1919. Topka, Kan., Aug. 30.—The champion "fish tale" for 1919 was brought to this city by Mr. and Mrs. Paul Lovewell, who returned with their family from Lake Korohá, Minn., where they spent two months.

The family, consisting of the parents, two sons and a daughter, caught a total of 148 fish and bass, in addition to pickerel which they did not count. They showed a snapshot with a catch of forty fish, averaging two pounds each.

Detroit has just opened the first settlement home for negroes.

SUSPECT HELD

Boston Officials Think They Have Man Who Tried to Sink Jug.

Boston, Aug. 30.—Immigration officials today took charge of the case of José Rodríguez, a native of Spain, charged with opening the sea coasts of the tugboat Teggatt Brothers, while it was enroute from Havana to Key West, Fla., 13 months ago. The open sea coasts were discovered by the officers in time to have them closed and the boat prevented from sinking. When the tug reached Key West, three members of the crew were arrested. The other suspect escaped.

According to officers of the customs intelligence service, Rodríguez was same here on a freight steamer, answers the description of the missing man.

NO REVOLUTION.

Serbian Legation Says There's No Revolution in Montenegro.

London, Aug. 30.—The Serbian Legation today issued an official denial of the report that revolution has broken out in Montenegro and that fighting is in progress between Montenegrins and Serbian troops. A dispatch from Belgrade to a foreign office representative stated that Premier Davidovich, of Serbia, had probed the rumors and found them untrue.

Report of this uprising is said to have emanated from a dispatch to an American newspaper, which has no correspondent in Montenegro. According to the Serbians no Serb troops have been rushed into Montenegro as there is no fighting there.

SOCIALISTS DIVIDED.

Chicago, Aug. 30.—Facing a split into three different factions the socialists opened their national convention here today. The left wing, or radical element, was planning to bolt the party if the conservatives did not meet their demands, while numerous members, forcibly ejected from the meeting hall during heated discussions last night, were planning the third wing.

The conservative element plans to name Eugene V. Debs and Kate Richards O'Hare for president and vice president of the United States. Both are now serving prison sentences under federal conviction. The greater part of today was to be taken up in the work of organization by the credentials committee and seating of delegates.

FIGHTING IN KRONSTADT.

London, Aug. 30.—An Exchange Telegraph dispatch from Copenhagen says that aviators flew over Kronstadt Thursday and observed several battles going on in the streets. They also reported seeing numerous bodies lying about the streets.

WAPPING TOBACCO IS NEARLY ALL IN SHEDS

Buyers Are Looking Over Crops and Dealers are Making Shipments.

OTHER - WAPPING ITEMS

Dr. Arthur G. Grant Home From Overseas—South Windsor Congregational Church to Resume Services.

(Special to the Evening Herald.) Most of the farmers near Wapping have their tobacco harvested and in the sheds and now there are many buyers looking over the crops and estimating the quality. Large quantities were cut during the past week. The only trouble now anticipated by the grower is pole-sweat which is caused by the late being hung too close together so that the leaves do not cure properly.

Hathaway and Stearns, who have a large plantation in this place, shipped over a hundred cases of tobacco to New York recently. The consignment is billed for exportation to Antwerp. This firm also has a plantation in West Suffield where the tobacco is of excellent grade.

Mrs. Arthur Grant and daughter Constance, and Mrs. Victor King motored to New York city this week to meet Dr. Arthur S. Grant who has returned from overseas. While in New York they will be the guests of Mrs. Constance Green Roe.

Mrs. H. P. Files and son Judson have been spending the past week in Maine.

There will be a union service Sunday morning in the Methodist church. Rev. Mr. Bromley will preach.

Miss Ernestine Doane and brother were guests of Miss Dorothy Doane in New London this week.

Walter Deveran has entered the navy.

Mr. and Mrs. W. A. Baker are entertaining relatives from Providence, R. I.

Miss Bingham of Watertown, Mass., is a guest at William R. Woods.

James O. Rockwell is spending a few days in Boston.

Mrs. Nathaniel Jones is at Lake Pleasant.

Miss Mabel King is spending her vacation at Brattleboro, Vt.

Services will be resumed in the South Windsor Congregational church tomorrow morning. The church has been closed for a month.

Mrs. Agnes Holstead and daughter Roma will return from a trip to Montreal, Monday.

YOUNG WOMAN DROWNED

Patmouth, Mass., Aug. 19.—Thomas Holpin, well known farmer and former 40 year national amateur champion, was saved, and his young woman companion, Miss Alice M. Grant, of Hyde Park, lost her life when they sank on a lumber wharf swimming here. They started in bathing together, wanted to her but she in some unknown manner had been disabled in deep water, when they were overtaken. Her body was brought to shore and Holpin was resuscitated.

WHERE WAS A STRIKE?

Newark, N. J., Aug. 20.—The strike which went on strike in New York for the sake of 100,000, and the city is without any means of getting rid of the refuse. The city of New York is the only city in the world which has no means of getting rid of the refuse to public health.

SEI OF HUR'S THEATERS DARK BECAUSE OF STRIKE

About 200 Actors and Actresses Quit Stages in Boston's Leading Entertainment.

Boston, Aug. 20.—Theatrical stars, co-stars and all the lesser lights now playing here voted at a meeting of the Actors Equity Association early today to go on strike beginning Labor Day. Their action which is in sympathy with striking actors in New York will darken all of Boston's leading theaters. About 200 actors and actresses are involved. Stage hands and musicians will be asked to join the strike.

The suggestion of organizing a Labor day parade of actors and actresses was enthusiastically received and a committee was appointed to make the necessary arrangements. Plans that will close tonight are "Henry Koo" at the Colonial; "Oh My Dear" at the Wilbur; "See Saw" at the Tremont; "Buddies" at the Park Square; "Somebody's Sweetheart" at the Shubert and "Breakfast in Bed" at the Plymouth.

These shows are produced under the direction of the Managers' Producing Association, against whom the strike is aimed. The Arlington and Copley Theaters, playing stock companies, are not involved.

Raymond Hitchcock, who is a part owner of "Henry Koo" declared that his revue would continue but members believed it to be a joke. What effect the injunction proceedings now going on before a master in the superior court, will have cannot be stated. Sessions were adjourned until Tuesday morning. Injunctions to prevent the actors from striking were sought.

The question as to how "Buddies" would be affected, owing to the fact that Donald Bruns, George Wood and Wallace Addinger, stars in the production, are also part owners, was settled on the assumption that the fact that the Selwys are financially interested and are members of the Managers' Association, would force its closing.

Francis Wilson, president of the Actors Association, came from New York to call the meeting.

The attitude of the producing managers against the right of collective bargaining in the year 1918 is out of date and absurd," said Mr. Wilson. "There will, very likely be a nation wide strike."

Hal Forde, of the "Oh My Dear" company said that the association's members had raised more than \$100,000 for a strike fund among themselves.

Circle Theater

Tonight's feature at the Circle will be Marie Williams, Manchester's favorite, in "The Hornet's Nest," a thrilling melodrama. On the same bill will be a comedy, the Pathé News and another episode of "The Tiger's Trail."

THIN PEOPLE SHOULD TAKE PHOSPHATE

Physicians claim there is nothing that will increase weight, strength and endurance like the granular phosphate. It is inexpensive and is sold in all leading druggists' establishments. Under a guarantee, it gives satisfaction to all who use it. It is a natural food and is not a stimulant. It is a natural food and is not a stimulant. It is a natural food and is not a stimulant.

FINER MAKING PLANS FOR ALMOST HALF A MILLION IN BUILDINGS

Local Architect Has Completed Plans for New Schools and Buildings.

Manchester Architect, Daniel J. Murphy, has completed plans for a new school and a new building. The school is to be built on the corner of Main and Pearl streets and is now under way. The building is to be built on the corner of Park and Main streets and is now under way.

HAS DRAWN PLANS FOR NORTH END HOSE HOUSE

Manchester Architect, Daniel J. Murphy, has drawn plans for a new hose house at the North end. The house is to be built on the corner of Main and Pearl streets and is now under way.

FROST HITS APPLE CROP—OHIO MOURNS.

Cambridge, Ohio, Aug. 20.—Not only is Ohio dry, but the Buckeye State's weather seems "dry."

At any rate, a severe crisp was put into sources of "wetness" in the apple crop here.

Guernsey County devotees of Bacchus who failed to lay in one of the "best" of the State in their homes before the State became legally a "dry" state, contemplated bottling up plenty of the juice which, with age, develops a "kick."

Older may sell at 60 cents a gallon if it is bottled.

SWEDISH WOMEN OBTAIN VOTE

Success has at last crowned the efforts of Swedish suffragists who since 1846, have been working for suffrage, and they have been given the right to vote. Sweden is the last of the countries of the north to grant suffrage. Finland having obtained it in 1916, Norway in 1913, and Denmark in 1915.

PROBATE HOLDEN

Probate Court, August 19th, A. D. 1919. Estate of FREDERICK J. JEWETT late of Andover in said district, deceased. Upon the application of Mary E. Jewett by E. M. Yeomans Attorney, praying that an instrument in writing purporting to be the last will and testament of said Frederick J. Jewett deceased may be proved, approved, allowed and admitted to probate as per specification on file more fully appears. It is ordered that said application be heard and determined at the Probate office in Bolton in said district, on the 26th day of September, A. D. 1919, at 10 o'clock in the afternoon, and that a public notice be given of the pendency of said application and time and place of hearing thereon, by publishing a copy of this order once in a newspaper having a circulation in said district, and by posting a copy thereof on the public station at the town of Andover in said district, at least 10 days before said day of hearing.

AN COURT OF PROBATE HOLDEN

Probate Court, August 19th, A. D. 1919. Estate of ADAM C. BURMAN late of Andover in said district, deceased. Upon the application of Adeline C. Burman, executrix of the last will and testament of said Adam C. Burman late of Andover in said district, praying that an instrument in writing purporting to be the last will and testament of said Adam C. Burman late of Andover in said district, at least 10 days before said day of hearing.

We have a small quantity of BEST LANCE SIZE PA COAL both in Old Company and Saddle. Try a ton or two of it.

HOMEY MAN'S PRIZE GOES TO FRANK DANICO

Prize won from three thousand votes in the contest for the most popular young man in Manchester.

Frank Danico is the homey man in Manchester, whose nomination in the contest for the most popular young man in Manchester, has won him the most popular young man in Manchester. Danico is the most popular school boy and Raymond Campbell the most popular school boy.

These statements are the result of the vote of the most popular contest which came to a close at the carnival grounds last evening. The contest was scheduled to end on Wednesday evening, but owing to the interest shown among the various contestants it was decided to extend the voting until last evening. The last hour was marked by a whirlwind of ballots and the contest was kept busy until the results.

Handsome and valuable presents were awarded in both the first and second divisions. Baby Dorothy Winifred Stevenson captured second place in the baby contest. Miss Annie McCahey finished second in the most popular lady contest. Violet Lappen gave Miss LaPage a close run for high honors in the school girl contest, while Oliver Gotberg romped in behind Raymond Campbell in the school boys' division.

The result of the contest together with the prizes awarded follows:

Prize baby—Baby Margaret Johnson, 1st place, 15,201 votes, pink diamond ring; Baby Dorothy Winifred Stevenson, 2nd place, 5,800 votes, prize diamond ring. Most popular lady—Mrs. Edward Reymander, 1st place, 3,048 votes, prize diamond ring; Miss Annie McCarty, 2nd place, 2,148 votes, prize diamond ring.

Most popular school girl—Beatrice LaPage, 1st place, 10,778 votes, prize diamond ring; Violet Lappen, 2nd place, 10,093 votes, prize diamond ring.

Most popular school boy—Raymond Campbell, 1st place, 1,967 votes, prize bicycle; Oliver Gotberg, 2nd place, 5,492 votes, prize Waltham watch.

Park Theater

At the Park tonight the feature will be Bryant Washburn in "Boos Boob," a comedy drama bill of laughs and thrills. On the same bill will be a two reel comedy and another episode of "The Red Glove."

For tomorrow a big special will be the feature. Next week the great Elsie Ferguson, the girl with a local reputation, will be here in the latest. Elsie always draws the crowds and next week will be no exception to the rule.

LEARN THE FACTS.

Sitting in Paris, the War Expenditures Committee of Congress is today examining General Pershing as to the conduct of certain affairs connected with the American forces under his command. It is understood that the inquiry will touch the disposal of much property in France and particularly the burning of airplanes after the war was over.

These are important matters but there is one other subject which should come first in the Committee's investigation and that is the reason why attacks were ordered by American officers just before the war ceased and even after news had gone out that the armistice was signed.

There was hardly a soldier in the lines who had not for days heard rumors that Germany was about to surrender, there was hardly an outpost where this matter had not been discussed and speculated upon. There was no secret about it and certainly no officer in command of troops was ignorant of the fact that the end was near.

Nevertheless it is a fact that American soldiers were ordered over the top on the night of November 11 and the early morning of the 12th. It is a fact that long lines of ambulances were fanning back from the front lines with freshly wounded men at a time when both the Allies and the Germans knew that peace had come.

Soldiers visiting the German lines after firing had ceased were greeted with amazed questions as to why a fast minute attack had been launched. Germans even explained that they had held their fire as long as possible thinking some mistake had been made and that the slaughter could be avoided.

It is doubtful if General Pershing can give any first hand information regarding this official murder (can it be called anything else?) of American soldiers, but such facts as he has should soon be in the hands of the Committee. The responsibility rests somewhere and it is possible that the doughboys who were in the lines that night would be more valuable witnesses before the Committee than the Commander in Chief of the A. E. F.

THROUGH POETS' EYES.

Three hundred West Pointers are now touring Europe studying strategy, viewing the effects of their profession on the countryside and the population and absorbing such other information as would naturally come to a body of young Americans seeing foreign lands for the first time.

However, when they actually stood on the shore and contemplated the dirty, mud-colored river they decided that most of the poets and historians of antiquity had a pretty poor conception of what a real river looked like. The swim was called off and the young officers returned to their companions with a greatly disillusioned conception of the stream to which the Romans used to pray, and which proved too much for the great Caesar in his famous contest with Caius Cassius.

The reading of history in the garb of literature is bound to give us somewhat over colored views of events and places. Had not most of the West Pointers derived their notions of the Tiber from the works of poets and historians who were more concerned with the form of their writings than with the facts they would not have been so shocked in the "Father River" a small, muddy stream.

facts of the times and those who hold that the writer should touch up the drab recital with something of the color of his own spirit and the tint of the times. As he pointed out, many of the incidents told in the Bible with a charm and power that has made them live in the hearts of men long ago have been forgotten and they have been set forth with the fatal fidelity of a photograph. Battles which the Good Book recounts as mighty conflicts and whose story has carried interest and inspiration to millions of readers would appear as mere forays and get hardly an inch on the front page of our papers today.

Things are to some extent what we think they are, and if the Tiber was a mighty and majestic river in the eyes of the poets of old who shall say that its inspiration and effect was any less potent because in reality it was both narrow and feeble? West Point is washed by one of the grandest rivers in the world and yet there are millions who can recite good poetry about the Tiber but who would have to turn to an atlas to be sure whether the Hudson flowed north or south.

When the theatrical workers strike and close all the theaters the public may be deprived of its amusement for a time but it is not injured. We could get along indefinitely without the theater. But the actors cannot get along so well without the public. They are taking long chances in tying up all the theaters. The stage is easily recruited and when reopening comes some of the strikers will be likely to find themselves outside the breastworks, with a slim chance of regaining their old positions.

The simplest and cheapest way to provide against the recurrence of an ice famine would be to harvest a double crop next winter and to keep a year's crop in storage all the time. Then in the event of a warm winter there would be a reserve supply to fall back on. If dealers are unwilling to provide the extra storage facilities and harvest the reserve crop, then the town could do it at no very great expense and thereby insure freedom from an ice famine and exorbitant prices. This would be as far as the town would need to go in municipal ownership and it would not require much of an investment.

The growth of Manchester in buildings is by no means indicated by the number of permits issued by the building inspector. The town's building law requires only those in the Eighth School District and the South Manchester Fire District to take out building permits. Much of the building in town the past two or three years has been outside these limits. At the present time half a dozen dwellings are being constructed in the Second or Manchester Green districts and perhaps as many more in the Third, or Highland Park district. There has also been considerable activity in the Hilltown district. It is probable that the building inspector's report does not include much more than half the number of dwellings built in town the past year.

COP'S ABILITY TO FOLLOW

"SCENT" COST A UNIFORM.
Lorain, Ohio, Aug. 30.—Lieutenant Ryan, of the local police force, prides himself on his sleuthing ability. His ability to follow a scent, however, caused him to bury a brand new uniform this week. He heard a commotion at the home of Mike Kadin, and hearing there was an intruder in the cellar dashed down to investigate. He retired precipitately. It was a skunk. The Kadin house is closed for fumigation.

GENERAL MAY MAKE TRIP

OVER PERSHING HIGHWAY.
Hannibal, Mo., Aug. 30.—General John J. Pershing, noted son of Missouri and commander of the A. E. F., for whom a nation-wide highway has been named, may be able when he returns to make a trip on the highway, it was learned here. General Pershing has written Herbert F. McDougal, secretary of the highway association, that he expects to be able to attend the meeting this fall and perhaps make a trip of inspection over the highway.

KANSAS PROF. ACQUITS

PRESIDENT WILSON'S OLD JOB.
Lawrence, Kan., Aug. 30.—A Kansas professor for President Wilson's old job, No. 1, not at the White House. Just at Bryn Mawr. Professor G. H. Derry, a member of the faculty in the department of economics at the University of Kansas, will leave at the end of the summer session to take charge of the department of economics at Bryn Mawr, where President Wilson formerly had charge in his earlier college work years.

BRYAN MAY RUN AGAIN FOR PRESIDENTIAL CHAIR

Famous Speaker Who Was Three Candidate May Run Again On Labor Platform—Will Speak Here in Interests of Prohibition.

William Jennings Bryan, the Democratic nominee for President in 1896, 1900 and 1908, and is a quarter of a century older than when he first ran on the "boy orator" free silver platform. It is believed by many politicians at Washington that he will be a candidate for the nomination again, and on a platform of Prohibition.

Orator Who Will Speak Here September 6th.

form appealing strongly to labor. Colonel Bryan was willing to talk on the peace treaty, when he arrived in Washington Thursday afternoon, but the moment he concluded his view on that, he said he would like to talk about the wage decision of President Wilson. At once he criticized it more sharply than he has commented on anything President Wilson has done since Mr. Bryan resigned as secretary of state during the Lusitania controversy.

Mr. Bryan declares that the workers were not fairly treated in this decision. Promising them something which may not materialize, and on which certainly no guarantee can be given, he declared does not solve their problem. They should have an advance commensurate with the increase in the cost of living, and then, if the cost of living is brought down later, their wages can be reduced in proportion.

Colonel Bryan will speak at the High School Hall on the evening of September 6th in the interests of Universal Prohibition.

LOUD VOICE CALLS MANY FIRE FIGHTERS

A. M. Bowen Tells the Editor of the Windham County Observer About It—Will Reciprocate.

Mr. Editor:
We are getting calmed down to normal once more, after the scare Monday night, August 18. After retiring for the night some one was circulating the news of a fire. Selectmen Buell has a very loud voice and it got a crowd at once. We ran to the telephone, told them to send a chemical truck so the telephone repair forces were on the scene in a short time, considering the distance from Putnam but not soon enough to save the Slys house, occupied by Archie Green and family. It was ablaze and looked at one time as if the whole house must go as the ell and shed were nearly consumed. My store, within a few feet, was in danger, so much so that we moved more than one thousand dollars worth of goods in a short time. With persistent carriers of water same was gotten under control. Then we told them to take the goods back as it commenced to rain. Some helped to prevent the flying sparks from igniting the surrounding buildings. Welcomes Davis' family got a part of their household effects in a safe place as the house is near by and owned by your correspondent.

J. Richard Carpenter came to the scene Wednesday with E. M. Wheaton promptly to adjust the damage. Mr. Slys will rebuild at once. Your correspondent wishes to thank all who assisted at the time of need and we would be glad to reciprocate if anyone should be so unfortunate as to need our assistance. My four sons were on hand also. The wives of two and my two daughters rendered good assistance. J. M. Tatem had a burn on the Slys place filled with finished handles so they furnished assistance to watch the embers the remainder of the night.

A woman of Alameda, Cal., has obtained a divorce on her testimony that her husband had bought her only two dresses in 17 years.

The Open Forum

Tobacco Grower Wants Schools Closed All Next Week—Would Add Five Thousand Dollars to Town.

Editor, Evening Herald:
I understand that the public schools are to be reopened on Wednesday of next week. Could it not be arranged to keep the school closed for next week?

In the first place the children will be in school but three days during the entire week. And for those three days, the town will lose in the neighborhood of \$5,000 just in the homes where this money is most needed.

There are more than 300 boys and girls of school age working on tobacco plantations in this vicinity. Tobacco is the chief crop in this neighborhood and on it depends good or bad business for the local merchants. In turn it means good or bad business for hundreds of others. These boys and girls who work in tobacco earn about \$800 a day. Could they not be kept home these three days? In other neighborhoods in the state this is being done.

In the rural communities of New York this is understood so well by the educators that they allow due time for the harvest so that the children can help. Then during the winter these days are made up and the child does not lose one second from his books and in the end everybody is satisfied.

Thanking you for allowing me so much of your valuable space, I remain,

Sincerely yours,
A TOBACCO GROWER.

A LETTER ON THE LEAGUE FROM A WOUNDED SOLDIER.

To the Editor of the Herald:
To those who oppose the proposed League of Nations, either because they are not in favor of the policies of our President (which would be very narrow-minded of them) or because of some other reasons, and who were unable to be in a battle, I address the following:

You, who have never seen the horrors of war, who have never seen a man disappear, literally blown to atoms, or being struck by a shell, who have never heard the shrieks of wounded human beings, who have never heard the hysterical laughter of a man as he gages at the stump where his hand was a moment ago; who have never heard the cries, the screams, the swearing, the praying of men with festering wounds, lying in a first aid station, waiting too long and in vain for ambulances; who have never witnessed the terror of those men when the station is gassed and there are no gas masks; who have never seen convalescents, totally blind and with both hands amputated above the wrists; can you say that we should stop at anything in order to prevent this frightfulness, this savagery, this horror from occurring again? Is there any other way than by a League of Nations and combination of power? Will a simple treaty among the greatest nations prevent a recurrence of such an attempt as Germany has made? Is not the League of Nations, as proposed, elastic enough and broad enough, whatever its defects, to ensure its holding together in the future, and to ensure world peace? Is it not a step, and the only possible step, in the right direction? I firmly believe so.

If there is another way, speak it out. If not, for God's sake stop opposing this one remedy.

WYMAN RICHARDSON.
(Wounded in Action.)
52 Beacon Street, Boston.

DISCOVERS CONTRABAND

BOOZE UNDER SETTING MEN.
Macon, Ga., Aug. 30.—Three gallons of contraband whiskey was found in a hollow stump, under a nest in which a hen was setting on eggs in a box when Deputies E. C. Pierce, Ed Newberry, and F. C. Tindal raided the house of R. F. Hayes, in Laurens County, recently. The contraband failed to take into account the odor of the liquor.

EIGHT SHOTS TO KILL MAD DOG.

Popok, Kan., Aug. 30.—A dog named hard job, exclaimed Detective Harry Williams as he retreated from a supposed "mad dog" after having emptied his revolver at the animal. "Some dog to kill," he declared.

Then Hiram Sturm, who lives nearby, arrived on the scene with a revolver and a bill. He fired three shots at the dog and finished the job with the bill.

THE AUGUST FURNITURE SALE Closes Tonight!

Right now you must decide whether or not you are going to take advantage of this August Furniture Sale. HEADLINE HISTORY OF THE WORLD WAR

(Clip and paste this in your scrap-book)
Copyright 1919, New Era Features
What Happened August 29

1914.
Capture of Konigsburg in East Prussia by Russians announced—German aeroplanes drops bombs on Paris—French left driven back—France summons 1914 reserves, young men and boys—Japanese land troops in rear of Kiao-Chow.

1915.
Von Hindenburg and von Mackensen push in Russian flank; Russians second defense lines in Galicia doomed—British modify blockade order—German chancellor von Bethmann-Holweg criticized in Berlin for weakness to U. S.—promises to punish submarine commander who sank Lusitania.

1916.
Rumanians drive Austrians from Kronstadt—German press declares these who have been clamoring for history don't seem to be satisfied even with the President, who both wrote and made history.

1917.
General von Hindenburg new head of General Staff will speedily end the war—Last of Danish West Indian Islands voted for sale to U. S.

1918.
3,000,000 New Yorkers cheer first National Guard Army of the Training Camp—What price paid for a bushel—Allies fight on U-bots with American Naval aid now announced as beginning to tell.

1919.
I. W. W. leaders including Bayard Rustin, 20 year jail term—British General Haig increases gains, reaches "Hottel Line" captured villages and towns east and northeast of Spaunheim—German retreat from Flandres—French push ahead on North Front capture Mt. St. Eloi—American transporters Chastain press restrictions, etc.

These who have been clamoring for history don't seem to be satisfied even with the President, who both wrote and made history.

New York state forbids women in the core rooms of foundries to lift more than 25 pounds.

REAL ESTATE—INSURANCE—STEAMSHIP TICKETS

The man who has paid rent for several years has often been heard saying, "I wish I had taken Bob's advice or George's advice and bought a home for myself a long time ago." You have heard this statement and so have we many, many times.

Opportunity knocks now and then at every man's door. Persons who have bought real estate, accepted the opportunity when it came and are better off today than the average rent payer.

"If you intend to live on earth own a slice of it." Make this your motto and consult with us and we will do our best to please you in finding a home, or an investment property.

Our list of farms, cottages, bungalows, twin cottages, flats, three and four family apartments, mercantile buildings and building lots is complete and we have some choice bargains to offer.

If you are thinking of selling your property we feel that our experience in selling will help you for a quick and satisfactory sale. We know the town, the people, and the people know us, and our method of doing business.

When we list your property for sale we act according to your orders, and there are no charges unless the property is sold at a price satisfactory to you. If you want to sell give us a trial.

Below is a partial list of property we are offering for sale. Property is selling very fast and we need more houses every week to replace those that are sold. Look this list over and call and see us whether you are prepared to buy now or at a later date.

You do not need the full price of a home in cash or one half the price, a few hundred dollars is all that is necessary. We will help you to arrange for any mortgage you may need, and then let the property pay for itself. Hundreds of others are doing this and you can do the same. There is more satisfaction in mowing your own lawn than in mowing the lawn of your landlord. Think this over, it is not intended for a joke.

ROBERT J. SMITH

WEATHER MAY POSTPONE TENNIS TOURNAMENT TODAY

Only Eight Players Remain in the Running in National Tennis Singles.

Forest Hills, L. I., Aug. 30.—The weatherman threatened to halt the National tennis singles at the West Side Tennis Club here today. Leaden skies and a steady drizzle greeted the eight crack players who were ready to battle in the first round, and early in the day there was little hope that any match could be played.

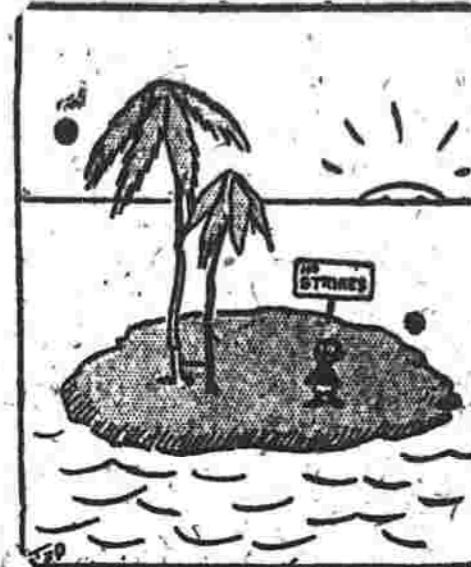

With only eight players remaining in the running for the title interest in the tournament reached a fever pitch and the lineup for the fifth and promised some of the hottest matches that have ever been played at the courts of the West Side Club. Upon the shoulders of the veteran William R. Brooks rests the last hope of the Australians. Brooks, who came through the fourth round defeating Charles S. Garland, the reigning Pittsburg star, was scheduled to meet William T. Tilden, II, the big Philadelphia, in the round of the semi-finals.

The remaining matches in the fifth round should be productive of some of the best tennis seen in a national tournament for years. The schedule will bring together Charles E. McCoughlin, the Sandy Beach "California comet" and R. Davis Williams, II. These two champions last met in 1914, and Williams came away the victor. Both are playing a fast, consistent game for season.

Robert Lindley Murray, the National champion, will have his hands full when he faces William M. Johnston, conqueror of Gerald Patterson, Johnston's great playing in Friday's match with Patterson is the one big thing which attracts circles today, and many who believe that he has a better than an even chance to win the national title.

The fourth remaining match in the fifth round will bring together Charles S. Johnson and Walter Merrett. Though one of these players has secured a place in the semi-finals, neither is considered a threat to carry off the championship.

U. S. May Get Something Out of War---Isle of Yap

Yep, We Get Yap.

Oh, the island of Yap is the home for a chap Who is sick of the high cost of clothing; On that fortunate isle they go clad in smiles. And they look on a collar with loathing. When the folks take a dip they look very kip In the one-piece attire they were born in, And a necklace of shells suffices the belles. When a social affair they would horn in.

Yes, life is a snap on the island of Yap. Where no one is out protesting— They couldn't, at that, for a citizen's flat Is the shade of a palm in a clearing; And the boosting of food is by Nature taboo'd. For she treats all the Yappers as boarders; With a fish and a yam, not a soul gives a clam For sougers or packers or hoarders.

Oh, would we could flap to the island of Yap. For the way we live here is a dub way. And once over there, what the

deuce would we care For Hedley or Shonts or their subway? We'd find no intrigue in the talk of a League, Lying under the cocoanuts, napping— Free eats and no rent, and for clothes not a cent— No wonder the isle has us yapping!

In view of all the agitation stirred up by the Navy Department over the division of the formerly German Caroline Islands in the Pacific, it begins to look as if the United States is going to get something tangible out of the war, at that—namely, the hitherto little known island of Yap. Yap is one of the group of 500 or so tiny islands making up the Carolines, and before the war was used by the German administrator as the governing center. The island is important to the United States because of its value as a wireless and coaling station.

Ordinary laymen can be excused for pleading ignorance to the locality of Yap when President Wilson himself admitted to the Senators comprising the Foreign Relations Committee that he had never heard of it until he returned from Paris and the Navy Department wanted to know who was going to get Yap. Up until that time either Britain or Japan was going to get it, but now it appears that the Stars and Stripes may shortly be hoisted there.

After the war with Spain it was thought that the Caroline Islands would be acquired by this country along with the Philippines. However, the deal did not materialize, and in 1899 the group was bought by Germany for approximately \$17,000,000.

Some years later an American woman placed a valuation of \$3,500,000 on Yap alone, claiming it as part of her husband's estate. Her husband, one David O'Keefe, an itinerant Irishman, had been blown up in the little island in a gale back in the '70s and— The natives there liked his hair. They liked his Irish smile.

So they crowned him Kink Pan-jandram, The nabob of them all— For thirty years O'Keefe ruled Yap, and upon his death the Attorney-General of the United States ruled that the island was the property of the widow. There was some talk of sending a warship there to take possession, but it was never done.

The Caroline Islands, have for many years been a matter of much research and scientific discussion. For on many of the islands are massive stone ruins, indicating that at one time a people of high civilization occupied them.

Five-Ton Coins Found. Numerous other evidences of the civilization that once flourished there have been found on the island of Yap itself. These include coins made of stone, some of which have been found to weigh five tons.

On Yap are great stone terraces, embankments and roads of neatly laid stone blocks, stone graves, stone platforms and enormous chambers resembling council lodges with gables and tall pillars, frequently carved.

The island is surrounded by a coral reef thirty-five miles long by five broad. Copra has been exported for years. It has an excellent harbor in omils, which undoubtedly will in the future be used by American battle-ships.

The Caroline Islands are about 1,500 miles east of the Philippines and 1,000 miles north of New Guinea.

FISHING FROM SEAPLANES IS LATEST SOCIETY SPORT. Santa Barbara, Cal., Aug. 30.—Fishing from seaplanes is the latest sport of society leaders here. Craft owned by Longhead brothers are often used and with their load of human freight of from six to ten persons sail out from shore, rise to several hundred feet and finally alight on the water at the fishing banks ten miles off this city. Good catches have resulted from every trip. Society prefers the seaplane to the launch, saying it is speedier with less danger of mal de mer such as parties might experience in a boat.

A City Seal, best smokes for cents. Put a box in your grip for the holiday. McNamara's Pharmacy. adv.

MANCHESTER MOTHERS TO EXHIBIT BABIES

At Show to be Held at Center Park in Two Weeks. AND A BABY PARADE

First Show of Its Kind Ever to Be Held Here—Under Auspices of Child Welfare—A Thousand Babies Expected.

Manchester has had a wide variety of shows in its history. But the most delightful and irresistible show of all is now being planned by the Child Welfare Committee. It is a baby show and it will be held in Center Park on Saturday, September 13th, from three to five o'clock. This gala event is the first of its kind ever held in Manchester. It is being planned purely for the pleasure of the townspeople. They will be given an opportunity to see what a fine lot of healthy and pretty babies there is in Manchester.

A Thousand Babies. The committee expects that there will be fully a thousand babies present. Every child under five years of age is invited to come accompanied by one adult. And there will be plenty of room in the big park for all of the adoring parents, sisters, uncles or grandparents.

The center of the park will be reserved for the baby show. This section will be roped off. Music will be provided by a band. There will be a grand parade and a large number of mothers are planning to decorate their baby carriages.

Souvenir For Each Baby. It is rumored that each baby will receive a souvenir. Many of the families can carry away three souvenirs if the three youngest members are under five years of age.

The committee in charge of the baby show are: Mrs. Charles Holman, chairman, and Mrs. Edward Peck and Mrs. Jack Cheney, vice-chairmen. This committee will get together an extensive committee of Child Welfare Workers to help carry

ROCKVILLE MILL HANDS DEMAND AN INCREASE

Serve Notice That They Will Strike Unless Given 25 Per cent. Increase.

A demand has been made by the mill help of all departments of the Rockville Mills Company and the James J. Rogan Manufacturing Company of Rockville for an increase in rates of 25 per cent. of the present wage schedule and the mills have been given until Tuesday, September 9, to meet the demands, when according to the committee who presented the demands, a strike would be called tying up all of the woollen mills.

AT LAUREL PARK. Many automobile parties as well as hundreds who traveled by trolley from all the surrounding towns enjoyed to the utmost the splendid musical program and dance at Laurel park Thursday evening.

Several fine feature films from the leading producers have been secured for the moving picture show at the park Sunday evening. There will also be orchestral selections. The band concert program for Sunday afternoon is up to the usual high standard.

SUNDAY'S FILM PROGRAM INCLUDES A Christy comedy, "Welcome Home," a Billy West comedy, "Don't Park Here," two reels of naval pictures entitled, "Queen of the Waves," and a reel of current events. There will be dancing at the park afternoon and evening Labor Day.

MRS. B. SKERIS LUNDGREN RECOVERING; WEIGHS 70 POUNDS, HAWK HUSBAND.

Lawrence, Mass., Aug. 30.—Seventy pounds is all the "sunshine nurse" weighs, according to her husband, Alfred Lundgren. Mrs. Besse May Skeets Lundgren, who was acquitted of a murder charge and who must see still another in New Jersey in the fall, is fast recovering from a nervous shock which nearly cost her her life. Mr. Lundgren visits his wife every night at the home of Mrs. Margaret Hooper on Annis street, Methuen.

SHELLS HIS WIFE FOR \$10; SORRY, HE GOES GUNNING.

Pittsburgh, Pa., Aug. 30.—After selling his wife for \$10, A. H. Snowden, a negro, repented and went gunning for the couple. When he saw them he fired several shots, one of which grazed his wife's leg. At the station house Ballard Debeny pulled out the receipt, showing that he had lawfully purchased Snowden's wife.

TAGGING THE BASES

Eddie Cleotis pitched his twenty-sixth victory of the season—against the second place Indians.

The White Sox are now eight full games in the van of the Cleveland and Detroit clubs, who are tied for second place.

The Red Sox evened up the series with the Athletics, thanks to Russell's pitching and brilliant playing by Oscar Vitt.

The Pirates forced the offerings of Sherdell for four runs in one inning and the Cards were beaten.

The Yanks are making a belated spurt. They swept the five-game series with Washington by taking both ends of a double header.

The Giants mauled Sherry Smith in the big inning at Brooklyn. Art Nehf pitched in form for McGraw's men, giving the Dodgers but five scattered hits.

Jones' home run with two on in the fourth gave Detroit a neat victory over the Browns.

THRESHING MACHINE CUTS OFF HORSE'S TAIL. Pleasant Hill, Mo., Aug. 30.—A horse belonging to Charles Powell, a farmer near here, was the victim of a painful and rather unusual accident. The horse, while standing near a threshing machine going full blast, switched its tail into the machine and the wheel twisted it off in a few seconds.

O'Leary's

887 Main St.

Store will close at 12:30 Monday, Labor Day

ABOUT TOWN

No Herald Labor Day.

The Evening Herald will not be published Labor Day, Monday, September 1st.

Mrs. David Ford of Spruce street is visiting friends in New York city.

Miss Rose Mallon of Pearl street left this morning for a week's vacation at Sound View.

Miss Edna Waddell of Birch street is spending the week with friends at Sound View.

Miss Gertrude Angell of Glenwood street is spending the week with friends in Hartford.

"Darby" O'Connell of Bridgeport is visiting his uncle Dr. P. F. Sullivan of the Circle theater.

Eleanor Graham of Wadsworth street left today for a week and visit with friends at Sound View.

Operator Charles Cervino of the Circle theater has returned from a visit with friends in New Haven.

Lewis Marie of the Manchester Trust Company will spend the week end on a yachting trip through the Sound.

Mrs. B. J. Bartlett and daughter, Nellie, of 157 Pine street leave today for a week's stay with friends in Meriden and New Britain.

Miss Edith Waddell of Birch street, cashier at the Circle theater, has returned from a two weeks' vacation spent at Atlantic City.

The old horse sheds in the rear of the South Methodist church are to be converted into two garages. One of these garages will be used by the pastor, the Rev. G. G. Scrivener.

Miss Mildred J. Potter, secretary to Assistant United States District Attorney Peter Cannon of Providence, R. I., is visiting her aunt Mrs. R. W. Cowles of West Center street.

An exceptionally fast game is promised at Mount Nebo tomorrow afternoon when the Athletics stack up against the speedy Singler team of Bridgeport.

Miss Katherine Broadhaus of Florence street has returned from a week's visit with friends in Paterson, N. J. She was accompanied by her sister, Mrs. Agnes Gakeler, and brother, John Ludwig, of Rockville.

Word has been received in town that Joseph Sinnamon has arrived safely in Liverpool, England. Mr. Sinnamon will proceed to Ireland for a visit with relatives. He intends to bring his mother back with him when he returns to the states.

Thomas Wright, the local contractor, has purchased a building lot on the Pinehurst tract from Joseph and Margaret Chartier. The sale was made through the Robert J. Smith agency. Mr. Wright has started to build a modern bungalow on the lot.

Indications point to a very quiet Labor Day in Manchester. The big Connecticut Fair which opens in Charter Oak Park, Hartford, on Monday is usually the goal of thousands of local residents.

The main entrances will be on Main street with a number of additional entrances on Bissell street. In the rear of the building there will be constructed a driveway that will allow the delivery trucks to load and unload the furniture without the slightest trouble.

The main entrances will be on Main street with a number of additional entrances on Bissell street. In the rear of the building there will be constructed a driveway that will allow the delivery trucks to load and unload the furniture without the slightest trouble.

PLANS BEING MADE FOR NEW HOME OF G. E. KEITH CO.

Will Eventually Be Built on Corner of Main and Bissell.

CONSTRUCTION ALONG MOST MODERN LINES

Plans Being Made By Architect Arthur E. Fluke—Call for Main Street Frontage of Forty Seven Feet.

According to an announcement made this morning, the task of preparing the plans for the new home of the G. E. Keith Furniture company has been assigned to Architect Arthur E. Fluke, of Bigelow street. Mr. Fluke will draw up a tentative layout immediately.

The new home of the G. E. Keith Furniture company will be located on the building lot at the corner of Main and Bissell streets, purchased some time ago by George E. Keith from Francis Donahue.

The plans call for a building three stories high with a frontage of 47 feet on Main street and a depth of 190 feet on Bissell street. The rear width of the building will be 95 feet.

The building will be of modern brick construction and practically fire-proof. It will be equipped with passenger and freight elevators. The entire main building will be utilized for display and salesrooms, while the rear portion will be used for storerooms.

On the main floor an arcade will be constructed. Large plate glass windows for show purposes will be installed on both the Main and Bissell street sides. The exterior of the building on both of these streets will have a facing of pressed brick.

The main entrances will be on Main street with a number of additional entrances on Bissell street. In the rear of the building there will be constructed a driveway that will allow the delivery trucks to load and unload the furniture without the slightest trouble.

LABOR DAY WILL BE REST DAY IN TOWN

Not Even a Ball Game Has Been Arranged to Provide Excitement—Stores to Close.

Indications point to a very quiet Labor Day in Manchester. The big Connecticut Fair which opens in Charter Oak Park, Hartford, on Monday is usually the goal of thousands of local residents.

SELECTIONS POSTPONE LAST NIGHT'S MEETING

Reports Not Completed and Board Decided to Postpone Meeting—Session Yesterday Afternoon.

There was no meeting of the board of selections last evening. The selections met in special session in the afternoon to look over and complete the budget which will be presented to the voters at the annual town meeting in October.

As all the figures had not been completed the selection board decided to postpone the evening meeting until all the reports had been turned in.

LUTHER LEAGUE TO HOLD 23rd ANNUAL CONVENTION

Swedish Society Will Meet in Hartford Tomorrow and Monday at the Swedish Emmanuel Church.

The Twenty-third Annual Convention of the Hartford Luther League will be held in the Swedish Emmanuel Lutheran church at Hartford on Sunday and Monday, August 31st. It is expected that many of the members of the local Swedish Lutheran church will attend this convention.

Following is the program: Sunday, August 31st, at 3 p. m. Young people's program, with address by Rev. Carl D. Bostrom of Naugatuck. Subject: "Congregational singing as it is and should be." Every organist, choir leader and choir member especially should hear this address.

Sunday evening, August 31st, at 7:45 p. m. Communion services. English sermon by Rev. Oscar E. Clauson of Meriden. Also Swedish communion address by Rev. Victor E. Beck of Ansonia.

Monday, Labor Day, September 1st, at 9:30 a. m. Business session in Danish Lutheran Church, corner Russ and Bacoek streets, three blocks from Emmanuel Church. Each local league is to be represented by its pastor and two elected delegates. Dinner will be served in Emmanuel Church at noon.

At 2 o'clock p. m., there will be an outing at Trinity Field, corner of Broad and Vernon streets. Program at 2:30 with address by Dr. Adolph B. Benson of Yale University. The subjects of the speakers will be: "Some new problems of Luther League Efficiency." Athletic events will follow.

INDUSTRIAL LEAGUERS TO SUP TO CELEBRATE

The Championship Cup for Season Will Be Awarded—Will Discuss Winter Plans—The Menu.

The Industrial Baseball League members are to meet for a supper, Tuesday evening at Cheney Hall. The award of the championship cup will be made at that time, and plans discussed for the winter season. There is talk about organizing both bowling and basket ball leagues for the indoor season.

- The following menu will be served at the Tuesday night supper: Chicken, Mashed Potatoes, Dressing, Brown Gravy, Tomatoes in Shreds, Rolls, Fruit, Coffee, Ice Cream, Lady Fingers, Extras, Cakes.

QUALITY AND PRICES ARE WHAT COUNTS

We believe in giving a better deal to all, which means perfect vision, highest quality goods and very low prices.

As we call six times a day many places, as anyone else in Manchester we can afford to sell them cheaper. If you want good, yet extra good glasses and don't feel that you can pay the high prices charged by some, then you should call at our South Manchester office and receive a square deal and get your glasses at the right price.

EX-SERVICE MEN MAY MAKE REAL ARMY CHOW

Kitchen Being Added to Army-Navy Club Building—Carnival Attracts Many From Dance.

An addition to be used as a kitchen will be constructed in the rear of the club house. This will enable the ex-service men to hold regular army feeds during the winter months.

Attendance at the fourth summer dance of the Army-Navy club held at the last evening was smaller than usual. Only twenty five couples were present. The carnival proved to be a strong attraction. For the average attendance at previous dances has been 200. Music for the dancing was furnished by the Victor Orchestra. Refreshments were served during the intermission.

WARD OF THANKS, I wish to take this opportunity to thank all my neighbors and friends for the many expressions of sympathy and good will extended to me during my recent bereavement.

OSCAR D. STRONG, South Manchester, Aug. 26.
