SCHOOL OPENS WITH MANY NEW TEACHERS IN NINTH DISTRICT

Three Instructors Engaged to Fill Vacancies in High School.

ALL DISTRICT SCHOOLS COMMENCE TOMORROW

Miss Mildred Anderson Leaves the
High School Staff—New Biology
and Industrial Teachers.

At 8.30 o'clock tomorrow morning
the school bells of the Ninth district
will sound the knell of the summer
vacation. The well-tanned legs of
the younger scholars will be covered
by black stockings. Feet, which have
enjoyed perfect freedom, will be im-
prisoned in a new pair of squeaking
boots.

According to information obtained
at Superintendent Verplanck's office
this morning, twenty-one new teach-
ers have been engaged for the school
year.

New High School Teachers.
There will be three new teachers
in the High school. Henry King, in-
structor in biology, resigns to take
a place in Peabody, Mass. His suc-
cessor is Everett P. Walton, a gradu-
ate of Bowdoin college. Mr. Walton
has had one year of special work at
Harvard college and has been en-
gaged in special work at the Marine
Biological Laboratory at Woods
Hole. He has been an instructor
for seven years and for the past two
years was principal of the Rangely
High School.

Miss Mildred Anderson, teacher of
French and Latin, resigns to take a
place near Chicago. Her successor
is Ethel M. Chayre, a graduate of
Bates College. Miss Chayre has
been teaching for two years at Port
Henry school, N. Y.

Mr. Edward Lockwood, instructor
in Industrial History in the com-
mercial department of the High school,
is a graduate of Valparaiso University,
and has taught for three years. The
staff of High school teachers follow:

French Protest the Arrest of Emir Bey, by the British

Paris, Sept. 2.—The arrest of
Emir Bey, a friend of France, by the
British at Beyrout, Syria, has pro-
voked a hot protest in Paris.

The Temps, in commenting upon
the incident, points out that the British
have also arrested Mudeb Bey,
a leading Bedouin, who had pleaded
before the American mission head-
ed by Charles R. Crane, in behalf of
a French mandate for Syria.

The charge is made by the news-

paper, liberte that "British intrigues
in Syria have resulted in the recom-
mendations of the American mis-
sion being unfavorable to the British
mandate in the Levant."

"England must cease robbing
France," declares this newspaper,
adding:

"If a map showing the territorial
gains of Great Britain could be pub-
lished side by side with another rep-
resenting French gains the modesty
of our claims would be apparent."

DRYS PLAN TO CHANGE NAME AFTER CAMPAIGN

To Keep It Until After 1920—Is to
Take Up Other Reform Measures.

Chicago, Sept. 2.—Whether the
prohibition party is to be kept alive
for solution of problems other than
that of drying up the remaining wet
spots of the world is the question
which stirred members of the party
as they gathered today for the final
session of their convention here.

It already has been decided the
party is to remain intact as a national
party through the 1920 campaign,
but the question of taking up world
work in issues other than that of
prohibition either directly or indirec-
tly through the prohibition founda-
tion, has started considerable discus-
sion.

The National Committee is devot-
ing much time to consideration of a
change of name for the party. Some
seem to think that an organization
with such a title as "prohibition"
would not have a chance of being
taken seriously after having accom-
plished its purpose of making the
country dry.

FRED WILSON IS STRUCK BY AUTO ON CENTER ST.

His Horse Runs Away and Carriage
Is Smashed But No One Is Injured.

Fred Wilson, a teamster in the
employ of Cheney Brothers was driv-
ing in a light carriage on Center
street last evening about 10 o'clock
when his vehicle was struck by an
automobile and the horse so fright-
ened that a runaway followed.

Mr. Wilson was proceeding west
near the center when the accident oc-
curred and it is thought that the
driver of the automobile was blinded
by the lights of another car which
was standing by the curb.

Although the carriage was badly
smashed no one was injured.

WAGES NOT THE PROBLEM IN THE LABOR DISPUTES

So Says Laborite Member of English
Parliament—Need of Cooperation.

London, Sept. 2.—The labor prob-
lem today is not one merely of
bread and butter and wages, but of
companionship and co-operation and
education, according to George N.
Barnes, Laborite member of Parlia-
ment and minister without portfolio
in the cabinet, addressing the Inter-
national Labor Conference.

"This is an age of organization,"
said Mr. Barnes. "It rightly used
the results ought to contribute to
the common good and equalize the
chances of life. But if the organ-
ization is controlled only by mate-
rialistic considerations it may get a
straighthold on the community. Ma-
terialistic doctrines of rancor and ill
will would not put things right."

"The workmen feels that eating
and living in fine houses is not the
end of all things. The workmen
want their fill, but after that com-
panionship and co-operation. The
great danger today is in regarding
the labor problem almost exclusiv-
ly in terms of bread and butter—as
a wage and stomach question. It is
an educational question—a question
of man's proper place in life, not
only as a wage earner."

Miss Mary Quipn and Miss Irene
Crockett spent the holidays at the
Behndfeld cottage, Watch Hill, R. I.
First Temple Chapter No. 53, O. E.
S., will hold their regular meeting
tomorrow evening. All members are
requested to be present.

BRITISH REFUSE TO VISE PAPERS OF DRY WORKERS

Two American Prohibitionists
Warned Not to Cause Any Trouble
in England.

London, Sept. 2.—The British
passport bureau today refused to
vise the traveling papers of two
American prohibition workers who
wished to come to London to assist
in the campaign to make Great
Britain "dry." The reason given
was that the political situation in
England is sufficiently delicate with-
out allowing the prohibitionists to
stir up the workmen with a no beer
threat.

Mr. Johnson is an American who
came to England in the interests of
the prohibition movement. The
British newspapers had already
dubbed the dry campaign a "pusy-
foot" movement so that nickname
was attached to Mr. Johnson's name.

AUTO BANDITS INFEST CAPITAL OF THE NATION

Every Night Somebody Is Held Up
—Well Organized Band Working
in Washington.

Washington, Sept. 2.—Highway-
men are plying their trade almost
at will in the capital of the nation.
Armed with high powered automatic
pistols a band whose identity has
not been established, is holding up
men and women and robbing them
of their possessions. Hardly a night
has gone by in the last fortnight that
these bandits have not operated in
true western mining camp style.

The latest outrage took place last
night when three white men hired
Warren S. Walker, driver of a public
automobile at the Union Station, and
after having him drive them to a
point in the suburbs held him up
at the point of pistols, robbed him
of his car and all the money in his
possession.

Fulton R. Gordon, leading real
estate dealer, has published an ad-
vertisement in all of the local news-
papers warning "all it may concern"
that he has armed his automobile
with four automatic navy pattern
45's and that he will shoot anyone
who attempts to hold him up. Gordon
is leading a movement to have
other owners follow his example.

ENGLISH NAVY USELESS IN FEW YEARS—FISHER

Former Sea Lord Causes a Sensa-
tion by Writing Letter to London
Times.

London, Sept. 2.—A sensation has
been caused here by a letter from
Baron Fisher to the "Times" today
urging drastic economy in naval af-
fairs and declaring that "half of the
navy should be cast upon the scrap
heap and that the other half would
be useless within a few years because
of the development of the internal
combustion engine and oil fuel."

All of the evening newspapers
make a great "playup" on the letter.
Baron Fisher, who was former First
Sea Lord of the Admiralty, and a
high authority on naval affairs, said
that about one half of the navy is
now obsolete, owing to the greater
speed of modern men of war and
the use of 20 inch guns.

The writer argues that the disap-
pearance of the German navy is one
reason for the abolition of spend-
thrift methods.

The Daughters of Britain Circle
will meet at the home of Mrs. Pat-
erson on Center street, tomorrow
evening at 7.30.

WILLIAMS EXCITED WHEN HE'S ACCUSED OF FALSIFICATION

Harsh Words Exchanged at a
Senate Committee
Hearing.

SEWER OF VILLIFICATION DECLARES BANK'S LAWYER

If An Army Officer Made Such State-
ments Says Williams, "He Would
Be Court-martialed and Dismissed
From Service."

Washington, Sept. 2.—Harsh
words were exchanged today when
the Banking and Currency Commit-
tee of the Senate resumed its hear-
ings on the confirmation of John
Skelton Williams to be Comptroller
of the Currency.

The hearings have been made a
sewer of villification declared Frank
J. Hogan, counsel for the Riggs
Bank, who held Williams responsi-
ble.

Changes Falsification.
Hogan also charged Williams with
falsification in his testimony and
with concealing important evidence.

The situation became tense when
Williams jumped to his feet to make
denial.

Harsh Words Exchanged.
The exchange of words became so
heated that Senator McLean, chair-
man of the committee, was forced to
admonish both men. Williams in-
sisted on shouting that if an army
officer had made such false state-
ments as Hogan had made that he
would be court-martialed and dis-
missed from the service.

Hogan demanded that Williams
present to the committee a number
of documents.

"He merely asks these that he may
behold the issue," answered Will-
iams. "I have already proved by
documentary evidence the absolute
falsity of his statements. He real-
izes the utter hopelessness of his be-
ing able to substantiate the charges
he has made." Williams held that
the documents were confidential and
he could not furnish them to the
committee without the consent of the
Secretary of the Treasury.

DIGGERS ON STRIKE FOR WAGE INCREASE

Excavating for House and Hale
Building Addition They Demand
57 Cents An Hour.

A dozen men working for the El-
lison Constructing Company on the
Oak street excavation for the addi-
tion to the House and Hale building,
went on strike today for higher pay.

The men have been receiving 45
cents an hour for a nine hour day
and when they quit work they de-
manded 57 cents. The foreman on
the job agreed to compromise with
them for a scale of 50 cents and this
offer brought back a few of the men.
Work on the basement of the new
building is continuing.

LURID TALE OF MUTINY TOLD AT LONDON TRIAL

Sailors Get Drunk, Threaten to
Raise Red Flag and Lock Captain
in Cabin.

London, Sept. 2.—A lurid tale of
mutiny on the high seas is involved
in the case of John Cody, Gerald
Lynch and Mike Connell, who were
today returned for trial at the Dorset
Assizes charged with insubordina-
tion on the American tankship
Marisha in mid-Atlantic. The three
men were members of the crew of
the tanker, which was bound from
Baltimore.

It is charged that the men broke
open the cargo of alcohol and after
drinking themselves into a frenzy
threatened to raise the Red flag. The
captain of the ship and his wife were
chased all over the vessel by the mu-
tineers, finally knocked down and
confined in their cabin.

The Marisha was picked up by an
other vessel and taken to port.

AMERICAN BANKERS SHOULD MAKE A SURVEY OF EUROPE'S FINANCES

Noted English Authority Says
It Should Be Done
at Once.

EXTENDED CREDITS AND RAW MATERIALS NEEDED

Government Should Not Make Sur-
vey, Private Interests Should—
Countries Need Help, But Britain
Can't Carry Burden Alone.

London, Sept. 2.—The immediate
need of a comprehensive and minute
survey of all of Europe's financial
and industrial requirements in which
United States banking interests are
best situated to take the initiative is
emphasized in an exclusive interview
today with Reginald McKenna, for-
mer chancellor of the Exchequer in
the British cabinet and now chair-
man of the board of directors of the
London joint city and Midland
Bank, the world's largest financial
institution.

Need Extended Credit.
Mr. McKenna explained, how, un-
less some European countries are
supplied with tools of production on
long time, deferred payments, they
will soon be a position where they
cannot get back upon their indus-
trial feet without immediate sup-
plies of raw materials from the
United States that are sorely needed
on this side of the Atlantic for re-
habilitation.

Need Raw Material.
Other European countries, Mr.
McKenna went on, whose credits
are similarly vanishing, may have
the machinery for production, but
they cannot get back upon their in-
dustrial feet without immediate sup-
plies of raw materials from the
United States on two or three years'
credits.

If nothing is done, said Mr. Mc-
Kenna, Europe's recovery will be
greatly delayed while, at the same
time the United States will lose
these countries among her export
customers.

Can't Do It Alone.
"Great Britain is in no position
to carry Europe's financial load
alone," declared the financier. "But
the United States is able to do that.
America should realize that in mak-
ing capital investments or advances
she should not expect anything be-
sides the interest for ten years.
Great Britain advanced capital to
all parts of the world, including
vast sums for the construction of
American railroads and then awaited
slow returns on the investments.
But if Great Britain now extends
credits or materials for consumption
it simply means that we have to re-
borrow the same from the United
States, making our load heavier.
There should be a survey of each
country's needs separately by experts
to determine the amount of capital
required for locomotives, tools, ma-
chinery and building materials to
enable them to get production under
full headway."

A Private Survey.
Replying to a question whether a
survey of Europe with subsequent
advances of capital by the United
States should be undertaken by the
government or private interests, the
former chancellor said:

"I see no necessity for the govern-
ment handling the matter. Private
interests are capable of doing it and
the ultimate profits should furnish
sufficient incentive."

Asked whether Anglo-American
bankers should join hands in such
an enterprise, Mr. McKenna replied:
Up to America.
"Since America will pay the piper
America should call the tune."

Mr. McKenna was then asked how
much capital outlay would be re-
quired for raw materials and to build
up production by manufacturing
plants all over Europe. His reply
was:

"Much less than generally sup-
posed—much less."

He was then asked to what extent
it would be advisable to extend cap-
ital for food and he answered:

"All that is necessary in starving
countries."

PROFIT SHARING FOR R. R. ADVOCATED IN SENATE BILL

COULD NOT FREE WIFE;
MET DEATH WITH HER

WOMAN GETS FOOT CAUGHT IN RAIL- HUSBAND STAYS WITH HER UNTIL STRUCK

Chicago, Sept. 2.—How William
Fitch Tanner, a Baltimore and Ohio
Railroad cashier and his wife went
to their death, locked in a last em-
brace, beneath the wheels of a Chi-
cago and Northwestern train at Hub-
bardwood Station, will be told before
a coroner's jury today.

The couple were crossing the
tracks when Mrs. Tanner's foot be-
came caught between the wooden
sidewalk and a rail. The husband
stopped to extricate it as the train
came in sight. A score of persons
screamed as Tanner worked franti-
cally to free his wife and John Miller,
a flagman, leaped to his assistance.
In the blinding glare of the engine's
headlight they worked desperately
but in vain.

Then Tanner stood up and clasped
his wife in his arms and together
they waited. A second later the en-
gine was on them. Miller jumped
but too late and he was struck by
the engine and hurled 40 feet. He
suffered the loss of a leg, a broken
arm and other injuries, but has a
chance for life, physicians say. The
husband and wife were cut pieces.

HUNGARIANS NOW PLAN NEW TRIPLE ALLIANCE

Want Italy and Roumania in Com-
bination—Transportation Greatly
Impeded by Governments.

Buda, Sept. 2.—The most active
steps are being taken by the Hun-
garian government headed by Pre-
mier Stephen Friederich to negoti-
ate an alliance with Roumania, it
was reported from Budapest today.
It is believed here that Italy has
been sounded as to whether she
would become a member of a "triple
alliance" composed of Hungary, Rou-
mania and Italy.

Financing Willing.
Industrial and financial circles in
Hungary are said to be welcoming
the negotiations with Roumania ow-
ing to the pressing needs for raw
materials by Hungarian industries.

The Danube Commission, which
has been attempting to restore traf-
fic on the Danube river is experi-
encing the greatest difficulty.

Transportation Impeded.
Neither the Roumanians, the Hun-
garians, the Czecho-Slovaks nor the
Jugo-Slavs will grant passports nor
facilities for navigation.

As a result of the attitude of these
governments transportation is great-
ly impeded.

It is declared that the entente mis-
sions at Budapest are being flouted
daily by the Roumanians.

MOST QUIET LABOR DAY PASSES IN MANCHESTER

Labor Day passed very quietly for
Manchester, practically half of the
population being at the Connecticut
Fair. The trolley company reported
a record breaking business and was
forced to add eight spare cars which
were kept running all day. Even this
addition failed to accommodate the
crowds, especially between the hours
of ten and two.

There were no athletic or holiday
events in town. The stores were
closed all day with the exception of
a few grocery stores which remained
open for a few hours in the morning
for the accommodation of patrons. The
post offices adhered to their regular
holiday schedule. There were no
deliveries and the doors closed at one
o'clock.

Quite a number of sporting fan-
went to Waterbury to witness the
championship pugilistic battle, while
a large crowd of rooters accompan-
ied the Athletics to Rockville. The
police reported a quiet day, a run-
away horse and the colliding of an
auto with a wagon which belonged
to a Byrnside resident being the
only thrills of the day.

Senator Cummins Reports Measure to End Govern- ment Control—Employees to Have Representation on Boards of Directors—Welfare Funds from Excess Earnings—R. R. Brother- hoods Will Hold Position of Power—Provides for Board of Five with \$12,000 Salary.

Washington, Sept. 2.—Establi-
ment of a system of profit sharing by
employees is but one of the far
reaching provisions of the bill for
the restoration of the country's rail-
roads to private ownership which
was favorably reported today to the
Senate by Senator Cummins, Repub-
lican, Iowa, as chairman of the Senate
Interstate Commerce Committee.

The measure provides for the re-
peal of the federal control act of
March 21, 1918, and the return of the
calendar month in which it becomes
a law.

Rates in force at the time the re-
peal takes effect are to remain in
force "until changed by competent
authority."

In many respects the bill is extra-
ordinary for the sweeping changes
in railroad ownership, management
and operation incorporated in it.

The labor features as summed up
by Senator Robinson, Democrat, Ar-
kansas, a member of the committee,
"not only assure to employees just,
fair and reasonable hours, wages
and working conditions, but it gives
them representation on the boards
of directors of the various railroad
corporations and establishes an em-
ployees welfare fund from the ex-
cess earnings which it is believed
some of the roads will derive from
the rates to be established under the
bill."

The proposed employees fund is to
be expended by a railroad transpor-
tation board created by the bill "up-
on the recommendation of an ad-
visory committee representing the
railroad brotherhoods and is de-
signed to promote hospital relief,
improve conditions of labor, lessen
the hazards of employment, supple-
ment existing systems of insurance
and pensions, afford opportunities
for the technical education of em-
ployees and to establish a system of
profit sharing for them," Robinson
added.

"There is no purpose to oppress
or permit the oppression of rail-
roads," he continued. "On the con-
trary the bill is intended to secure
them their just rights. Having done
this it cannot be considered unfair
to protect the public against the dan-
gers of strikes and lockouts."

The policy of the United States is
declared, according to Chairman
Cummins' exhaustive analysis of the
bill, to be that the railroads "shall
be divided in ownership and opera-
tion into not less than twenty nor
more than 35 separate and distinct
systems, each of these systems to
be owned and operated by a distinct
corporation, organized or reorgan-
ized" under the bill.

\$12,000 for Directors.
The railroad transportation board
is to consist of five members, ap-
pointed by the President with the
advice and consent of the Senate at
\$12,000 a year each. No member
of this board can hold any office or
employment under any railroad cor-
poration or be pecuniarily interest-
ed in the stocks or bonds of any such
corporation.

Use of the Profits.
"If any railroad in the group re-
ceives more than a fair return upon
the value of its property the excess
is to be paid to the railroad trans-
portation board created under the
bill."

SELECTMEN WILL ASK FOR MORE MONEY TO SUPPORT DEPARTMENTS

Want \$40,000 for Highway and Street Building Work.

POLICE COMMISSIONERS RECOMMEND AN INCREASE

Report of Chairman Aaron Johnson Reviews Work of Year—Thinks System of Road Work Very Satisfactory.

Although the task of preparing the budget of the town for the coming year has not been completed, the estimates of the appropriations for a various number of town departments which the selectmen will recommend to the voters at the annual town meeting in October show a slight increase.

The outstanding feature of the work for the year is that the net town deficit for the past year amounted to only \$4,554.39, notwithstanding the fact that the wages of all town employees have been increased and the cost of material used has advanced.

Appropriations Recommended. The selectmen will recommend an appropriation of \$16,000 for charities for the coming year. Last year's appropriation of \$15,000 was exceeded by \$1,839.60. This was due to the influenza epidemic. An appropriation of \$40,000 has been recommended for highway work, \$10,000 for street lighting and \$5,000 for sidewalk construction.

An appropriation of \$4,000 will be asked for park work and tree doctoring. There is a balance of \$722 left over from last year's appropriation of the same amount. The sum recommended for street lighting is \$13,500. The police commissioners recommend an appropriation of \$11,500 as against \$8,800 of last year. The expenditures in this department last year were \$9,331.

Bridge Bill Not In. The figures of the town's share of the maintenance of the Connecticut River bridge, have not yet been received. It is thought, however, that Manchester's apportionment will be approximately \$4,000. No estimate of the tax for the ensuing year has been made as the final figures have not been completed.

Chairman Aaron Johnson's report of the activities of the board of selectmen has now been completed and will be read at the annual town meeting. His report follows: Report of Chairman.

The board of selectmen held thirty two meetings this year as against thirty eight of the previous year. The work of the highway department has been very satisfactory for the past year, and much time has been spent with the idea of making the streets semi-permanent, that is with the use of trap rock and oil. Considerable money was spent on North Main street, macadamizing Wells street and Charter Oak street. A short strip of concrete road was built under the railroad at Adams street, going away with the danger one pocket for water.

We were able to purchase a sufficient amount of road for this year

at a reasonable price and it has been applied to a great number of streets that have never been oiled before. We believe that the application of road oil is about the best investment the town can make for the benefit of the roads. We find that after a road has received a coating of 65 per cent asphaltic road oil, the surface becomes hardened and the severe rains in the spring do not wash the road. Where a road has received a coating of 65 per cent asphaltic road oil and cobble gutters have been constructed it is not necessary to do very much repair work until another coating of oil is necessary.

The J. C. Connors company had a gang of men here this year working on the defective walks and curbs, and the same have been replaced to the satisfaction of the selectmen.

The establishment of highway bounds on East Center street was started by the selectmen this year, but the same has not been settled as yet.

The state highway commissioner has completed the work of the construction of a new road between the junction of Middle turnpike and Center street and the selectmen have improved the section of Hilliard street and North Main street, making a fine road from Hartford to Manchester. The highway commissioner has let the contract for the work on Deming street, from the South Windsor town line to the bridge at Oakland, and the work on the same is practically completed, thus eliminating a poor and dangerous piece of highway.

On June 20, 1919, the laborers, teamsters and practically all other town employees were granted an increase of about 10 per cent or possibly a little more. Saturday afternoons were allowed the laborers and other employees as it was found that the only persons working on Saturday afternoons were the town employees.

The net cost of the general repairs on highways for the past year was \$37,492.79 and the net cost of oiling was \$6,901.75. We believe that the above figures are low, considering the cost of labor and materials and also the condition of the highways at the present time. A detailed report is made by the superintendent of roads and bridges.

At a special meeting in March the selectmen asked for an appropriation for an automobile truck and automatic loader, but the voters did not see fit to grant the appropriation. We believe that a truck should now be purchased.

In the opinion of the board of selectmen an appropriation of \$40,000 should be made for the repair work on highways for the coming year, and an appropriation should also be made for a new auto truck.

There is considerable work of a permanent nature going on at the Connecticut River bridge, and we estimate that it will probably cost us about \$4,000.

We have also spent considerable time in an endeavor to open up Hills-town road extension running to the Glastonbury line and the land has been given to the town.

Charities. The number of persons at the almshouse is less this year than last, and the cost per week of each inmate is also much less this year than it was last year. However, the cost of the outside alms account and also the hospital account has greatly increased over the cost last year. We have had several contagious cases this year that made it necessary to send the patients to the Hartford isolation hospital, and at a cost of \$21 per week for each patient. We have also had a large number of commitments to the insane institutions

during the past year, which has also increased the cost of the charity department. During the epidemic of the influenza the Red Cross home service section conducted a campaign of relief that was very creditable to the organization. Cheney hall was opened as an emergency hospital and if this had not been done the cost of the charities would have been greatly increased, and too much cannot be said for this work.

The practice of appointing all the physicians in the town as town physicians, has also been followed this year, and the same has proven satisfactory. The cost of medical treatment is somewhat higher this year on account of the fact that two years' doctor's bills have been paid during the fiscal year.

We would recommend an appropriation of \$16,000 for the work of the charity department for the coming year.

Public Safety. The work of the committee on public safety has been very light during this year. There have been only seven street lights installed this year.

We would recommend that an appropriation be granted for one or more houses of comfort to be placed in convenient places as a matter of public necessity and convenience.

Miscellaneous. Through the generosity of E. E. Hilliard, the development of the Center Spring park to a most beautiful spot is now assured. Mr. Hilliard has donated about eight acres of his land to complete the development of the park to the railroad, making a total area of about fifty-four acres.

The draining of the section between the old and new parts of the East cemetery is progressing very rapidly, and when completed will add about 200 more lots to the same. Storm water sewer assessments should be made during the coming year on the sewers already constructed.

After the completion of the work of the summary and estimate we find a net deficit of \$9,838.28, and the same appears in the report. No estimate can be made at this time of the probable tax rate for the coming year.

ATHLETICS WIN AN EASY VICTORY IN ROCKVILLE

Defeat Windy City Team 18-2 Without Half Trying—Sipples Breaks Long Hit Record.

The Athletics defeated the Rockville baseball club by a score of 18 to 2 at the Windy City fair grounds yesterday afternoon. Undismayed by the Winsted postponement, Manager Dowd of the Athletics called up the Rockville management on Sunday evening and scoured the game. A large crowd of loyal rooters went up with the anticipation of seeing a fast game. And they did see a fast game. So fast that the scorekeepers were kept busy sharpening pencils with which to mark down Athletic tallies.

Umpire Morin called the game in the seventh explaining that the home team had wrought enough havoc for one day. Rockville used two twirlers in an effort to stop the onslaught but the locals wouldn't stop. Sipples not only twirled a spectacular game, but featured with his hitting. His circuit wallop was one of the longest ever made in Rockville.

The locals scored in every inning but the seventh. Crockett was put out of the game for not agreeing with Morin. "Pop" Edgar advanced to the plate with a lighted cigar and was told by the "ump" to lay it to one side. "Pop" did lay it one side, in order to lam out a two bagger. The remainder of the story is told in the box score which follows:

CHARTER ISSUED TO ROOSEVELT CLUB IN BOSTON.

Boston, Sept. 2.—A charter has been issued by the Secretary of State to the Roosevelt Club. The charter members are Harcourt Amory, Jr., Casper G. Bacon, George P. Drury, Benjamin Loring Young, George L. Meyer and Walter Herbert Foster. The purpose, expressed in the charter, is "by organization, through nominations, platforms, elections and legislation within and through the Republican party, to perpetuate the ideas and the virile Americanism of Theodore Roosevelt."

ATHLETIC-SINGER GAME CUT SHORT BY DOWNPOUR

Score Stood 3-0 in Favor of Visitors When Rain Stops Game in the Fourth Inning.

The Athletic-Singer game at the Mount Nebo grounds Sunday came to a sudden end when a baby squall swept over the grounds in the fourth inning. Up to the time of the storm the visitors had the better of the contest, the score being 3 to 0 in their favor.

The Bridgeport champions scored one run in the opening stanza and two runs in the third inning. Sipples replaced Warnock in the fourth. Only one hit was taken from Pete Wilson in three innings.

The large crowd rushed to the trees for shelter when the storm broke loose and gazed dejectedly at the rain swept diamond. A little later the spectators decided that there would be no playing and went home.

WEAVING MILL CHAMPS TO RECEIVE CUP TONIGHT

Trophy to Be Presented at Supper Tonight—Will Discuss Plans for Bowling and Basket Ball Teams.

The Industrial Baseball League championship cup will be awarded to the Weaving Mill team at a supper to be held this evening at Cheney Hall. This team finished the season with a perfect average and won all of the ten games played.

Plans will also be discussed this evening for the winter season. It is very probable that bowling and basket ball leagues will be formed for the indoor season. There was considerable interest in these departments last winter and with an increased membership it is thought that very little difficulty will be experienced in obtaining the required number of teams.

GOOD CLOTHES FOR BOYS.

With bigger stocks than ever before, Wise, Smith & Co., Hartford, are again featuring boys' suits with two pairs of trousers. Every parent knows that the average boy outwears two pairs of pants to one coat and so if you get him a two pants suit it means practically a double life suit and the prices starting at \$7.98 go to show that Wise, Smith & Co. are giving the utmost value possible for the money, a fact that is sure to be appreciated these days. Whether the boy needs a suit for school or for best it will pay you to inspect Wise, Smith & Co.'s assortment and note the materials, the styles and the prices.

SWEDISH CLUB TAKES HIGHEST HONORS AT COMMUNITY CONTEST

Wins Out Over Army and Navy Club by High Score.

INDIVIDUAL HONORS GO TO LIEUTENANT L. HALL

Gustafson and C. Birath Finish Second and Third—Medals Awarded Winners of Events.

In spite of the rainy weather, the Community Field Day meet at the West side playgrounds on Saturday afternoon proved to be the best athletic meet of the series. A fair sized gathering watched the best of Manchester's athletes battle for high honors in a number of closely contested events.

Swedish Club Takes 56 Points. The Swedish Gymnastic club captured the final honors of the meet with a total of 56 points. The Army and Navy club finished second with a total of 19 points. The former club made a clean sweep in the discus throw, running broad jump, running high jump and pole vault.

The first place for individual honors of the day went to Lieutenant L. Hall of the Army and Navy club, who won 13 points, Gustafson of the Swedish club ran a close second with 12 points. C. Birath finished third with 11 points and R. Erickson fourth with 10 points.

Hall Beats Birath. There were two events which brought the crowd to its feet. These were the 100 yard dash and the half mile run. In the first Hall of the Army and Navy beat out Birath of the Swedish club by a very close margin. The time for this event was ten and four-fifths seconds.

In the second event Hall was again forced to go the limit and finished the distance in 3 minutes, 31 seconds.

The discus and javelin throws were new features and the results proved a big surprise. Harry Benson with only two weeks' training sent the discus spinning for 104 feet and 8 inches. In the javelin throw, Harry Lang captured first place, hurling the barbed pole 121 feet.

Medals Awarded.

There were nine events in Saturday's program and the time and records made were a credit to both the clubs and individuals who competed. Gold medals were awarded for first place, silver medals for second place and bronze medals for third place. The results of the meet follow:

- 1 Discus.
 - 1st—Harry Benson, Swedish Gymnastic Club, 104 feet, 8 inches.
 - 2nd—Carl Birath, Swedish Gymnastic Club.

AN OLD ENEMY.

In spite of almost daily attacks of the loyal American press, in spite of the heroic bludgeoning of Theodore Roosevelt, in spite of the persistent efforts of thousands of plain citizens throughout the country the snake of hyphenism is not yet killed or even scotched. It still wriggles through our political life and is already hissing at the politicians.

Note the words of George Sylvester Viereck in his so called "American Monthly" for September.

"Like the Irish, Americans of German descent have a grievance. Like the Irish, they have been betrayed, and trodden underfoot. Their righteous wrath now knows no bounds. Their power is tremendous. The German-American vote elected Him Who Kept Us out of War. The German-American vote can defeat any candidate, even without the aid of the Irish. However, in conjunction with the Irish, our German element can achieve the lasting reformation of American politics. We can restore the principles of George Washington, flouted not only by the present occupant of the White House, but by many leaders in the Republican camp.

"Any new party that fails to take this element into its calculations is making its reckoning without its host."

It is to the interest of British henchmen to divide the Germans, because they with the Irish form the backbone of the opposition to the reconquest of the United States advocated by Cecil Rhodes and the late Andrew Carnegie. If they permit themselves to be divided, if they drift rudderless and aimless into the forthcoming Presidential campaign, they deserve the contempt heaped upon them by Republicans and Democrats alike in the dark days of the terror.

So far as Mr. Viereck's appeal to the Irish is concerned we believe it is more comic than serious. Sinn Fein may welcome this bid from an apostle of Kultur but the majority of Irish citizens or citizens who still carry Irish traditions are not made of the kind of stuff that easily takes the imprint "Made in Germany."

Nevertheless the attempt of this German leader to bedevil American politics by constructing an Irish-German Verein and using it to club first Democratic and then Republican politicians into submission should throw every community on its guard.

The campaign of 1920 is already beginning and every American, without a hyphen before or after, will do his level best to keep the issues free from the taint of hyphenism.

Are we never to have an end of this post?

RUFFLED CONGRESSMEN.

In our issue of Saturday we commented upon some of the things that were scheduled to come before the Congressional Committee which is now in Paris and which had planned to question General Pershing on that day. A late dispatch, printed in the same issue, bore the news that the General had indeed been called by the Committee but that he had refused to appear and testify.

It seems that the General's records and data of every description were packed for shipment and already on the way to America when he was asked to come before the Congressmen. Furthermore, he was on the point of sailing himself and presumably had a good many things to attend to which seemed to him just as important as the unsubstantiated testimony which he would be forced to give to the investigators.

But the Congressmen do not see things from this viewpoint at all. They declare that it is just another high-handed piece of military arrogance and they express their regret that there should be "even the appearance of conflict between the military and civil authorities at a time when the world should become normal and be governed, not by armies or individuals, but by law."

Not content with this, the statement of the Committee as a whole, Representative Bland of Indiana rises in his congressional dignity and declares that "it is apparent that

the War Department has during the entire war shown its indifference and contempt for the wishes of the people and their representatives."

The Congressmen seem to be raising much cry over little wool. The fact that the Commander of the A. E. F. refused to allow himself to be put on the stand when every record on which he would wish to base his testimony was packed and in the hold of the Lexington, and had been before the summons of the Committee reached him, will not seem such a heinous offense to the country in general as it does to a little group of Congressmen constituting in Paris a committee with a high sounding name and inquisitorial powers which cover everything from how battle orders were issued to the allowance of plug tobacco.

The country will find it hard to see in such an incident any "conflict between the military and civil authorities" and most folks will refuse to believe that Pershing's refusal to meet the worthy gentlemen from Congress is going to hinder the world in its efforts to "become normal" and henceforth govern itself "by law" and not "by armies or individuals."

As a matter of fact, most of the things which were to be asked of General Pershing can be much more intelligently answered on this side of the water and however far the Representatives might have quizzed the Commander in Chief of our foreign forces it would not have been possible for him to escape a similar interrogation when he reached home. When Pershing and his records are both on this side will be the time for questions from Washington and little is gained by trying to prejudice the country against him at the start by such unresponsible declarations as the Congressmen have made.

The Committee is in search of dirty linen to wash in public but it will be better all around if it can be hung out to dry in this country.

NINTH DISTRICT WILL AUCTION HOUSES TODAY

Three Buildings On Spruce Street to Go to Highest Bidder at 5:30 This Afternoon.

Three houses on Spruce street, purchased recently by the Ninth District school committee in order to procure additional land for the proposed \$150,000 school building, will be sold at public auction this afternoon at 5:30 o'clock. The sale will take place rain or shine.

The houses are situated north and south of the Spruce street entrance to the Cottage street playground. There are two double tenement houses and one single house. There have been so many inquiries regarding the disposal of these properties that the committee decided to hold a public auction in order to give all prospective purchasers a square deal.

The terms of the sale are 25 per cent. at the time of purchase and the balance to be paid within ten days. The buyers must move the buildings before October 1st.

CHILD ESCAPES DEATH UNDER HORSE'S HOOF

Three Year Old Daughter of Charles Volkert Falls Beneath Frightened Animal On East Center Street.

Little "Vernie" Volkert, three-year-old daughter of Charles Volkert of Madison street, narrowly escaped serious injury yesterday afternoon when she fell out of an express wagon in which she was riding and was trampled on by a horse.

The little girl was riding along East Center street in an express cart pushed by her brother. The wagon rolled off the curbing into the road throwing her out. She rolled underneath a passing horse and the animal becoming frightened, trampled on her.

She was picked up by a passing stranger and carried to her home where she was attended by Dr. Tinker. The physician's examination showed that there were several severe bruises on her back, and that the horse had stepped on her foot. No bones, however, were broken.

JURY TO HEAR DISPUTE OVER LEASE OF GARAGE

George Williams and John Proctor to Settle Difficulties in Court Thursday.

Manchester's third justice jury trial will be held in the town court on Thursday morning. The case is that of John Proctor against George Williams for alleged breach of contract. Proctor is the owner of a garage on Center street which is leased by Williams. The former claims that the latter broke the lease when he allowed his rent to run over a few days. Mr. Williams states that he has never been delinquent in his payments. The case will be decided by a jury of six men subpoenaed by Deputy Sheriff John F. Sheridan. Justice Robert E. Carney will preside.

NATIONAL Paramount- Arctcraft WEEK

THE whole week will be devoted to a drive for better pictures, in thousands of the better theatres, big and small, all over America.

What a nation does with its spare time is a mighty good test of the heart of that nation.

And the verdict of America's whole heart and mind on Paramount-Arctcraft leaves no shadow of doubt as to what sort of screen entertainment America prefers.

Based on a record of actual performance Famous Players-Lasky Corporation now promises some new and surprising screen achievements, beginning this week.

After seven years of gathering way, Paramount-Arctcraft has mobilized all the great geniuses of production; dramatists, directors, artists, technicians; and is equipped with facilities of the utmost magnitude to capture from the realm of soaring imagination photoplays that make you laugh—and cry—and think!

As in the past the proof is written large in increased showings at more theatres, more frequent attendance by more people, and the making of that better theatre in every community the magnet that draws the people as surely as the moon draws the tides.

Theatres showing this Calendar-Section in their newspaper advertisements and house programs are co-operating in this drive for better motion pictures.

At all these theatres, all this week—Paramount-Arctcraft Pictures will be shown.

Dempsey May Have To Box Europe's Best For Title

New York, Sept. 2.—Jack Dempsey has been looking to Europe to produce a suitable opponent for him ever since he lifted Jess Willard's chapeau. Jack is still looking.

Regardless of what British boxing fans may think of Beckett, their new heavyweight champion, or what the French fans may claim for Georges Carpentier, the fact remains that until these two meet to decide who's who in Europe Dempsey will not feel forced to accept a match with either man.

The recent calling of the Beckett-Carpentier match in London and the substitution of Eddie McQuorty in Carpentier's place enabled Promoter C. B. Cochran, the Tex Rickard of Europe, to furnish action for "his public." But it did not furnish a real opponent for Dempsey, and it did not satisfy American boxing fans, who had been looking forward to the match with real interest.

The explanation that Carpentier's having been recalled to military service prevented his appearing against Beckett was all well and good, yet a big percentage of the fans on this side of the pond could not help wondering whether or not there was a colored gentleman in the well-known woodpile.

They asked themselves if it did not look as though Carpentier might have felt incapable of beating Beckett at the time and found an answer in the affirmative. In this case, even though allowing for Carpentier's long layoff as the active defender of the European heavyweight title, the fans here felt that the postponement of the match was something of a tipoff on Carpentier's real condition.

Is Carpentier through? His manager, M. Deschamps, says he will bet one thousand pounds that Georges can fatten Beckett any time they meet. But at the present time this is only conversation on Deschamps' part. The fact that Georges looked shaky when he met Dick Smith is more interesting. He is not the Carpentier of old, and this in spite of several months' training at a seaside resort and a long layoff from arduous military service.

Perhaps Carpentier suffered a stroke of temperament or something akin to it. Perhaps he will go through with the Beckett match before the first of the year, as Cochran says he has promised to do. But even if he does there will be hesitancy on the part of the fans on this side, who formerly were strong for the Frenchman, to wager any large amount that he will make a doormat out of Beckett.

But while Dempsey and his thousands of supporters on this side are waiting for Carpentier and Beckett to come together, they may find a diversion in watching the efforts of Mr. Cochran, who has evidently taken Fred Fulton for "some fighter" and is making ready to push him to the front as a drawing card in London. 'Twould be interesting to see Fulton and Beckett come together, for even though Fulton proved an easy victim for Dempsey, he still has a left hand and he can hit with it. Should he manage to propel his trusty left mitten against Beckett's lower maxillary at the psychological moment there would be a new British champion, getting his mail—home address—at Rochester, Minn., and in that case Mr. Carpentier would have a new angle to look at, while the world's champion and the bugs over here would certainly be able to work up some little interest in Fulton.

The mere fact that Cochran is contemplating a Fulton-Beckett match is enough to excite interest here. It would give us a line on Beckett, and that would be something, not that we believe, on this side, that Beckett is Dempsey's equal but because the American boxing fan likes to see the ball kept rolling. It gives him something to talk about.

YOUNG LADY'S SEARCH FOR MATE EXCITES BACHELORS.

Greensburg, Pa., Sept. 2.—A mysterious dame, who gives her address as Big Timbers, Mont., has the young men of this place very much excited. She wants a Westmoreland County husband, she writes to the Mayor. Her photograph was enclosed.

Scores of local bachelors have entered the race for the hand of the young woman. Answering one letter written her, she says:

"Speed up. I have more than a dozen letters from men in your county. So you must speed up in your correspondence. Your photograph looks mighty good, and I am greatly interested in you. I really think you might advance your claim by making a visit or two to our home."

BEAT POSTAL REGULATIONS IN SHIPPING SHINGLES FOR SCHOOLHOUSE.

The Dalles, Ore., Sept. 2.—He who contracts to circumvent the will of a man's job. For example, it was desired to complete the schoolhouse at Anton, Oregon, today, that the opening of the Fall term of school might not be delayed. To ship shingles for the roof by freight meant uncertainty of delivery, so they were sent by parcels post and, to beat the law, were tied up in eighty bundles by the Tum-a-Lum Lumber Company, from whom they were bought. But even the division of weight would not entirely comply with Uncle Sam's strict postal regulations. They must needs be delivered to sixteen different addresses so that number of Anton citizens received each a nice bundle of Oregon's celebrated cedar, with the compliments of the Tum-a-Lum Co. Not having individual uses for the gifts they were passed over to the school authorities, and the versatility of John G. Odell, manager of the lumber concern, was satisfactorily rewarded. Game being scarce in that region, the young idea of Anton will now be taught not to shoot but to read and write.

Willimantic citizens apparently are satisfied with the prevailing high prices of foodstuffs for the special city meeting held at the town hall the proposition that the city appropriate the sum of \$10,000 to purchase Government food supplies was voted down.

Park Theater Circle Theater

Elsie Ferguson's new Artercraft picture is "The Avalanche," based upon the famous novel of Gertrude Atherton which was recently published and at a bound has won popular favor. The photoplay will be shown at the Park Theatre tonight and tomorrow. The story is one of absorbing interest and deals with the hereditary gambling taint in the blood of a young girl, Helene, herself the daughter and granddaughter of gamblers. In the story, Helene's mother is the daughter of a gambler living near Monte Carlo, and when he is killed in a quarrel, he leaves his daughter, Chichita, penniless. She becomes the companion of an Englishman of good birth, a gambler and outcast and when he kills himself, Chichita places her infant daughter in a convent and later marries a gambler with whom she comes to the United States and opens a gambling resort in New York.

Helene tires of the convent when she is fifteen and makes her escape. She is brought to New York by her guardian and enters an aristocratic household where she weds the son of her employer. She develops the gambling instinct dormant in her blood and this leads to highly dramatic developments. Miss Ferguson plays the roles of Chichita, Mme. Delano and Helene, daughter of Mme. Delano.

There are numerous dramatic situations in the action and interest is not permitted to lag for an instant. The support is unusually effective, the cast being headed by Lumsden Hare who plays opposite the star. The cast includes Zeffie Tilbury, William Roselle, Fred Esmelton, Grace Field and Warner Oland.

AMERICAN BAND WILL PRESENT FIRST CONCERT

At Educational Square Tomorrow Night Will Render Twelve Members.

The American Band of Manchester will give a band concert at Educational Square tomorrow evening at eight o'clock. This is the first band concert to be given in Manchester this season. The members have been rehearsing diligently for the event and the band promises a treat for music lovers. Twelve numbers are included in the program which follows:

Salutation—America.
March—Albania.
Overture—Mignonette.
Song—Somewhere a Voice is Calling—John Conlon.
American Patrol.
Intermezzo—Cavalleria Rusticana.
March—National Emblem.
Poem—Apple Blossoms.
Fox Trot—I Ain't Got Weary Yet!
Waltz—Garden of Roses.
Song—Till We Meet Again.
Grand Finale—America.

COLLEGE FAIR EXHIBIT

Somewhere along the "midway" of Connecticut agricultural fairs this fall, perhaps with the time-honored African dodger on one side and the snake charmer on the other, will be found a tent, thirty feet by forty, that houses the exhibit of the Connecticut Agricultural College. It will represent the college's ideals of the best farm and home practices. Agricultural fairs are taking on more and more of the educational and less of the purely amusement aspects of former years and the college believes that they offer an exceptional opportunity to reach the people with new ideas. In a small tent, the college has attempted to compress as much real information and practical suggestion as possible.

Four departments of the exhibit deal with essentials of farming success. The first concerns livestock. It details practical economical methods of obtaining hens that lay 160 eggs a year, cows that give 7,000 pounds of milk, sheep that shear eight pounds of wool, bees that produce 100 pounds of honey to the hive.

One of the most interesting of the departments deals with the farm home, especially with the equipping of farm homes so as to give farm women equal opportunities with other housekeepers. Running water, sewage disposal, iceless refrigerators, baby cages, wheel trays, etc., are to be shown in working models. Boys and girls will be represented in another department of the exhibit.

In order to reach all the fairs that have asked for the exhibit, it has been necessary for the college to duplicate the material. This enables the exhibits to be shown at two different fairs on the same date. Representatives of the institution will be on hand to explain any points in which the public is interested.

Fairs at which the exhibit is at present scheduled to be shown are those of Norwich, Goshen, Washington, Rockville, Middlebury, North Stonington, Woodstock, Berlin, Brooklyn, Durham, Danbury, Harwinton, Riverton and Stafford Springs.

ABOUT TOWN

Miss Margaret Mooney of Laurel street is enjoying a week's vacation at Oak Bluffs, Mass.

Miss Julia McVeigh of Myrtle street spent the week end with friends at Watch Hill.

Miss Lillian Finnegan of Ford street was a week end visitor with friends at Coventry Lake.

David Ladders of the J. W. Hale company spent the week end with friends in Providence, R. I.

Miss Helen Richmond of Watkins Brothers spent the week end at Watch Hill, near Westerly, R. I.

Mr. and Mrs. Clifton B. Macomber of Birch street are enjoying a week's outing at Columbia Lake.

James Sheldon of Pearl street is enjoying a week's vacation at Pleasant View Beach, near Westerly, R. I.

Miss Sadie Curran and Miss Lillian Finnegan left this morning for a week's vacation at Atlantic City, N. J.

The Class of 1918, South Manchester High School, will hold a dance at Assembly Hall this evening.

Mr. and Mrs. John Winterbottom of Garden street have returned from a week's vacation spent at Ocean Grove, N. J.

Francis Smythe, who is employed at a government shipyard in Philadelphia spent the holiday with his family in town.

Captain of Police William R. Campbell returned to the Main street beat last evening after enjoying a week's vacation.

Miss Maria Magnell of the south end left for Baltic yesterday to attend the re-union of her class at the Baltic convent.

Miss Agnes Finnegan, secretary of the local War Bureau has returned from a week's visit with friends at Ocean Grove, N. J.

Mrs. George Harte and daughter Frances of Eagleville have returned to that place after a week end visit with friends in town.

The bowling alleys at the Recreation Center will be re-opened Wednesday evening, September 10th, for the fall and winter periods.

Raymond Belknap of Birch street arrived at his home in town Sunday, having been honorably discharged from the United States Marines.

The Athletic guarantee proved too much for the Winsted team for a Labor Day engagement, consequently the management called the game off.

The White Sox-Pratt and Cady game scheduled to be played at the Adams street grounds on Sunday afternoon, was called off owing to the rain.

Town Treasurer George H. Waddell and William Crockett made a week end motoring trip to the Rhode Island shore resorts. The trip was made in Mr. Crockett's auto.

The game between the Federals and Hudsons at the west side playgrounds Sunday afternoon was stopped in the second inning by rain. At this stage of the game the Hudsons were ahead by a score of 2 to 0.

Owing to the band concert tomorrow evening, the regular dance at the Recreation Center will be held this evening. The auditorium will be open, however, tomorrow evening, but the player piano will not be used.

A record breaking crowd attended the Moose carnival on Saturday evening. It is thought that the Ferris shows did a big business here and that the north end Lodge of Moose added a substantial sum to their treasury. The shows left early Sunday morning for the Chapter Oak fair, Hartford where they will play this week.

Tomorrow afternoon the Ladies' Aid Society of the South Methodist church will meet to sew. This is the first meeting after the summer recess and henceforth the society will gather twice a month. During the war the sewing was done for the Red Cross but at tomorrow's meeting it is expected that some other plans will be made for the coming season. There will be a supper at 5 o'clock.

The local cops changed their beats yesterday. Patrolman Sweeney goes to the North end, replacing Patrolman Glenney who will leave soon on his vacation to be spent in Canada. The latter will go to the Center on his return. Patrolman Crockett goes to the Main street beat. Patrolman William Fitzgerald goes to Spruce street. Patrolman Michael Fitzgerald goes to the west side beat, and Supernumerary William Bayten will substitute for Patrolman Glenney during the latter's absence.

Edward D. Lynch of Lydallville is running a new Oakland Six.

There will be a meeting of the Manchester City club on Thursday evening.

Mrs. James Sheekey of West Center street spent Labor Day at Westerly, R. I.

Miss Margaret Diets of Locust street celebrated Labor Day at Pleasant View.

Mr. and Mrs. William Aspinwall of Cedar street have been spending the past few days at Westfield, Mass.

Mr. and Mrs. W. P. Wilson and daughter Evelyn of New Haven, were in town over the holidays, visiting their relatives.

Mr. and Mrs. Frank White of Walnut street and Mrs. Fred Doellner of West Center street spent Labor Day at Southington.

John Geoghan and John Kranz and George R. Robinson, all of Brooklyn, N. Y., motored from New York Sunday morning to spend Labor Day at the home of Mrs. Josie Hall of Cottage street. They returned yesterday afternoon.

Mr. and Mrs. Milo D. Wells, and two children of Henry street, have returned home after a stay of a week at Mr. Well's old home near Amsterdam, N. Y. They made the trip by automobile.

Mrs. J. W. Goslee and daughter Miss Ethel Goslee have returned to town from Bolton Lake where they have been spending the summer. Miss Goslee will teach school in South Orange the next year. She has been teaching in East Orange for the past two years.

E. J. Holl yesterday sold the Norman Burke place on Spencer street to Mr. and Mrs. George Hein of Burnside. It contains several acres of land, two houses, barns and sheds.

Capt. LeVerne Holmes, who was recently discharged from the service in the medical corps, has come back to town and will resume his practice of medicine at his old office at 15 Main street.

Those who wish to become voters in Manchester this fall must hand in their names to either of the registrars before Thursday the 11th. On that day the registrars will be in session for the purpose of receiving these applications and no application will be accepted after five o'clock on that day. Every person who wishes to become a voter must get his name on the "To be Made" list. The selectmen will meet to make voters on Friday, the 20th.

A row between neighbors on Union street was aired in the police court this morning. It is not necessary to name the people who were in court and it would be almost impossible to spell their names correctly. The row started among the children and then the parents became mixed up in the trouble and the result was that one of the parents decided to bring the others to court and accordingly a complaint was made to Prosecuting Attorney Hathaway who issued the warrant. After Judge Carney had heard the trouble rehearsed he found the defendant not guilty and told one of the boys who was the cause of the trouble that he got just what he deserved.

ELMAN PLANS TO BUILD BLOCK ON MAIN STREET

Brick Building, Three Stories High, to Go Up On Main Street Property is Report.

Morris Elman of Elman Brothers is contemplating the construction of a business block on his property on Main street. The tract is situated on the east side of the street between the Johnson Block and the building lot purchased recently by George E. Keith. According to Mr. Elman's present plans, the building will be of brick construction, three stories high. There will be a store on the ground floor with office rooms and living apartments on the second and third floors.

PRIMARY DAY TUESDAY

One week from today will be primary day in Manchester. On that day nominations will be made by both the Republicans and Democrats for all town offices to be elected on the first Monday in October. This is an off year in politics and it is apparently an off year in the interest taken in the local offices as there is but one contest and that is for selectman. Eight candidates have been named and but seven can be nominated so that one of the eight will fall by the way side.

O'LEARY TO BUILD BAKERY

Ground was broken this morning for a new bakery for P. J. O'Leary, to be built in the rear of the Park building. The building will be of brick construction and will be equipped with all modern bakery machinery. Mr. O'Leary has awarded the contract to John Mahoney.
