BORAH WILL JOIN JOHNSON IN LEAGUE FIGHT IN WEST

PHIL CARNEY COLLIDES WITH AUTO AT WAPPING

No Serious Injuries from
Crash Near East Wind-
sor Hill.

CARNEY AUTO WRECKED

Is Hit On Left Side and Tipped Into
Ditch—Mrs. Carney Bruised.

An Overland touring car owned by Phillip Carney of this town is in the Williams garage today, a total wreck as a result of an auto crash on the East Windsor Hill road in Wapping yesterday, when Mr. Carney's car was struck by a high powered Kissel sedan owned and driven by B. F. Risley of East Windsor Hill.

In Mr. Carney's car at the time of the accident were his wife, two children, and his father and mother-in-law, Mr. and Mrs. William Dalton. The car was ditched and the occupants thrown out. No one was seriously hurt. Mr. Dalton sustained a slight gash on his left leg. Mrs. Dalton received a cut over the right eye caused by the breaking of her glasses and was also slightly bruised about the face. Mrs. Carney and her two children received minor facial and body bruises, while Mr. Carney who was driving escaped without injury.

The occupants of the Kissel sedan were Mr. and Mrs. Risley, their daughter, Helen, and their son, Robert. The youngster was sitting in the driving seat with his father and when the crash came he was thrown against the windshield with such a force that the glass was smashed to bits. Two of his teeth were knocked out, his tongue cut, and there were two severe gashes on his lip. The mother and daughter were thrown against the front seat and although not seriously injured, they were entirely unnerved. Mr. Risley, like Mr. Carney, was uninjured.

The accident took place near what is known as the Collins homestead on the East Windsor Hill road. The Carney machine was proceeding north in the direction of Springfield. Mr. Carney had slowed down to take the curve at the road's narrowest point, when the Kissel suddenly loomed up and struck the Overland on the left front side causing it to tip to the right. Both machines were going slowly at the time, otherwise the occupants of both cars might have more seriously injured.

The left side of the Kissel car was stove in, the body sprung and a wheel broken. It was towed to an Hartford garage. Mr. Carney's car was a complete wreck. It was towed to the South Manchester garage. Mr. Risley purchased the Kissel sedan a few months ago and had driven the car but 500 miles.

After Senate Battle Tomorrow

Both Will Speak Along
Western Coast for Three
Weeks—Verbal Fireworks
Expected in Washington on
Voting Strength of U. S. vs.
Great Britain.

Washington, Sept. 22.—Senator Borah of Idaho, is today planning to go to California with Senator Hiram Johnson when the latter's amendment equalize the voting strength of the United States with that of Great Britain in the League of Nations is disposed of by the Senate.

To Stay Three Weeks.

In announcing this, Borah added that he contemplated spending three weeks with Johnson on the Pacific coast in attacking the League of Nations and other provisions of the treaty he regarded as objectionable, and in answering the argument President Wilson advanced there in their behalf.

Johnson Coming East.

A telegram received by Borah from Johnson set at rest all doubt as to whether the California senator was going to continue his speech-making tour westward, or return for the fight over his amendment in the Senate this week. Johnson wired Borah that he would be in his seat tomorrow.

Senator Reed, of Mo., a democratic opponent of the League, will open the fight for the amendment's supporters this afternoon with a long, prepared speech in which he will take issue with President Wilson on the proposition of the British Empire having six votes and the United States but one in the League assembly.

Fireworks Tomorrow.

The real fireworks will not begin until tomorrow, however, when Senators Lodge and Knox are scheduled to lead off the debate for those favoring the amendment after it is formally called up by the Massachusetts senator. Senator Penrose is to look after the parliamentary detail, while Borah and Johnson promise to pour much hot shot into the ranks of the administration forces.

Vote to be Close.

Both sides admit that the vote on the amendment is almost sure to be "close." Both sides, of course, claim victory.

The amendment is certain to prove a crucial test of strength between the opponents and proponents of ratification of the treaty without amendment or reservation.

SHOW THE PROFESSORS
SOMETHING!

College professors say that the boys and girls of today do not read the news and do not keep up with the times.

Let's show them that this is not true of the young people of the Herald.

NURSES MAROONED.

St. Louis, Sept. 22.—Six Red Cross nurses are marooned on a peninsula three miles east of Corpus Christi, Texas, according to a telegram received today by Alfred Fairbank, manager of the Southwestern division of the American Red Cross,

SHIPS LADEN WITH FOOD REACH CITY OF FIUME.

London, Sept. 22.—Two vessels of 500 tons, laden with food, have arrived at Fiume, according to the Rome correspondent of the Exchange Telegraph today. Troops are being massed on the Italian side of the mistice frontier—the boundary set for them in the armistice protocol signed by Italy and Austria.

WILSON ON WAY HOME; TO LEAD TREATY FIGHT

Biggest Test in Washington Will Be
On Johnson and Norris Amend-
ments.

On Board President's Train En Route to Reno, Nev., Sept. 22.—With his train definitely turned northward, President Wilson today made a start for home, personally to assume command of the final days' battle for the ratification of the treaty of Versailles.

Fresh from what was, in his opinion and that of the members of his official staff, a complete triumph on the Pacific coast, the president was extremely confident that he had his fight won. He believes absolutely that the votes are available for complete ratification and he remains extremely confident that the vote to reject any and all reservations and textual amendments that go to the heart of the treaty and which would require resubmission of the treaty to the signatory powers for approval will be an overwhelming one.

The Big Test.

The biggest test will be on the Johnson amendment to demand for the United States the same number of votes that are given to Great Britain and on the Norris amendment that would substitute the name of China for Japan wherever the latter is mentioned as a beneficiary in the Shantung provisions of the treaty.

Result of Court.

A count in the Senate, made by Senators who worked independently of the party poll, is stated to have shown that both amendments of the treaty would receive from three to ten votes less than a majority. Names naturally are withheld but it is positively claimed by members of the president's official family that the opposition cannot win.

DOCTOR TO MAKE HIS
ROUNDS IN AIRPLANE.

Canton, Ohio, Sept. 22.—Quick-Watson—the need!

Dr. Frank L. Nape, Canton physician, has ordered an airplane and will make his country calls by air in the future. He expects to navigate on instructions now that he may be able to give "Old Man Death" a run for his money.

CINCINNATI MAY SOON
HAVE MALE MILLINERS.

Cincinnati, Ohio, Sept. 22.—Men of Cincinnati and environs are to be given a chance to retaliate for the feminine invasion of their fields of endeavor. A millinery class has been started by Mrs. Marie R. Perry and men are invited to join the "classes."

NEARLY BLINDED BY
EXPLODING COFFEE POT.

Bedford, Ind., Sept. 22.—John Gasaway nearly lost the sight of both eyes when a coffee pot blew up. Gasaway and Henry Glendening were operating a fishing and mussel shell camp and Gasaway was preparing a meal over the gasoline stove. Just as he stooped to lift the coffee pot it exploded, scalding his face and burning his eyes with the hot fluid and grounds. It was believed the strain-er of the pot became stopped up.

Husband, Wife and Unborn Child Dead as Result of Union Street Shooting This Noon—Tragedy a Sequel to Police Court Non-Sup- port Case.

Mike Waschosky 24 years old, of Union street, shot and killed his seven-year-old wife shortly before noon today and then fired four bullets into his own body, dying almost instantly. In killing his wife he also murdered her child soon to be born.

Deputy Sheriff Hears Shots.

Deputy Sheriff Sheridan, who lives only a few doors from the house where the tragedy took place, heard the shots and hurrying to the scene found the bodies of husband and wife lying on the lawn near the house. Both were still breathing but were unconscious and died within five minutes. The revolver with which the killing had been done lay beside the man. It was a cheap .32 calibre weapon and all the five shells in it had been discharged. A little crowd soon collected and men, women and children gazed with horror upon the lifeless bodies. Most of them were foreigners and only a few of them spoke broken English. Through interpreters it was learned that the young woman had not been living with her husband for the past eight weeks but had been making her home with her mother, who lives next to the Walter Green place in Wapping.

Came for Clothes.

This forenoon she and her mother drove down to her old home on Union street to get some of her clothes and two life insurance policies which she had taken out with the Prudential Insurance Company. Her husband was at home and she had a half hour's conference with him in the yard back of the house, the mother and a Polish man who had driven them down remaining meanwhile in the wagon.

Mother Sees Daughter Fall.

Suddenly they heard a fusillade of shots and the young woman staggered around the end of the house in an effort to reach her mother. Halfway down the yard she fell to the ground. Her husband, with three bullets in his body followed her, but when he saw her fall he stopped and fired a fourth bullet into his heart which also felled him.

Body Laid Out.

Sheriff Sheridan, assisted by neighbors attempted to carry the body of the woman into the house but found the door locked and the body was laid on the steps to await the arrival of the medical examiner.

Bodies Removed.

When Dr. Tinker, the medical examiner, arrived he made a cursory examination of the bodies and then sent for Holloran Brothers' ambulance. The bodies were removed to their morgue, where Dr. Tinker made a closer examination. He found that the woman was shot once, through the back between and below the shoulder blades. The bullet probably passed through a lung. The man had four bullets in his body, all in the region of his heart. In the man's pocket was found a roll of bills containing over \$500. There were also letters from the War Bureau, showing that he had been in the service.

Had Military Record.

Inquiry at the War Bureau

(Continued on Page 2.)

NORTHCLIFFE'S BROTHER AS NEW WAR SECRETARY.

London, Sept. 22.—Reports of a complete reconstruction of the cabinet are premature, although two changes may be made, said the parliamentary lobbyist correspondent of the Daily Express today. Lieut. Winston Churchill may be replaced as war secretary by Lord Rothmere, a brother to Lord Northcliffe, and Viscount Millner may be succeeded as colonial secretary by Col. Churchill, according to the correspondent.

ITALIAN WARSHIPS STOP JUGO-SLAV OFFENSIVE

Try to Land On Coast of Dalmatia
But Are Prevented—Militia Aids
Navy.

Rome, Sept. 22.—An attempt by a Jugo-Slav force to land on the coast of Dalmatia was prevented by Italian naval vessels and Italian militia, it was semi-officially announced here today.

(Dalmatia is the strip of land on the Adriatic coast lying between the Istrian Peninsula and Montenegro. Formerly it belonged to Hungary, but at present Italy and Jugo-Slavia have both lodged rival claims to portions of it.)

20,000 ITALIAN TROOPS BUILD HINDENBURG LINE

Blockade Fiume—Block Houses, Ma-
chine Gun Nests and Barbed
Wire Entanglements Constructed.

Paris, Sept. 22.—Italian troops sent to conduct a blockade of Fiume have constructed a "Hindenburg line" for seven and one half miles around the city, supported by block houses, machine gun nests and barbed wire entanglements, according to a dispatch to the Journal today from Andre Tudeske, a correspondent.

The "Hindenburg line" is defended by 20,000 Italian troops, but the blockaders are fraternizing freely with Captain Gabriele d'Annunzio's raiders.

Gen. Badoglio, commander of the blockade troops, has established an "armistice line" five miles from the city.

M. Tudeske encountered the military line when he tried to enter Fiume. He reports that no correspondent is permitted to pass into the city without close scrutiny.

Another dispatch from the Fiume district said that d'Annunzio was holding the Italian troops in Fiume to prevent the Allies from bombard-
ing.

MOHAMMEDANS FIGHTING.

London, Sept. 22.—Russian Mohammedans have been engaged in a five day fight with the Russian Bolsheviks, said an exchange telegraph dispatch from Peking today. The Chinese Mohammedans will likely join the Russian Mohammedans against the Reds, the dispatch added.

The telegram failed to give the location of the fighting and any of the details.

WANT WILSON'S WORD.

Rome, Sept. 22.—President Wilson's silence upon the new proposals for a settlement of the Fiume controversy and his delay in taking any attitude upon them are regarded here as ominous.

It was stated today in government circles that both the government and the Italian people "eagerly await President Wilson's approval, which would probably solve the question."

Mr. and Mrs. W. N. Burgess and Miss Nettie L. Chace of Worcester, Mass., spent the week end with Mr. and Mrs. W. M. Chace on Oakland street.

DEFINITE FIGURES NOT YET OBTAINABLE AT HEADQUARTERS

From the Rockies to the Alleghenies Big Mills Continue
Operations With Crippled Forces—Thousands of Deputies
Sworn In—Independent Companies Affected the Same as
Steel Corporation—No Serious Trouble So Far Reported.

to quell anything which starts. Independent Companies.

The situation as it affects the independent steel companies in the Pittsburgh district is practically the same as that of the United States Steel Corporation, against which the strike is mainly directed. A few of the independent plants have closed down, preferring to take this method of preventing any trouble. But in the main the independent concerns, like the corporation, have opened up shop and continue with their work.

Officials of the steel company stated that the strikers were practically all foreigners. The American skilled workmen—some of whom wages run as high as \$30 to \$40 a day—did not heed the strike call and trudged into the factories this morning when the whistles blew.

Donora reported the big plant for the American Steel and Wire company employing more than 3,500 men shut down completely. Strikers surrounded the gates and the situation became threatening, the officials simply locked the gates and barred all entrances.

The great mills of Homestead, Duquesne, Braddock and the south side of Pittsburgh, forming the backbone of the Monongohela district, were quiet and operating with but little loss of labor, according to reports.

In Allegheny Valley.

The Allegheny valley district was somewhat more effected. The Allegheny and West Pennsylvania steel company plants at Breckenridge, largest of the valley plants, though operating, were badly crippled.

At New Castle where ten thousand men were employed it was reported twenty per cent. were out and at Vandergrift 30 per cent. heeded the strike call.

The great plants of the U. S. Steel Corporation at Sharon and Farrell were operating in all departments. Jones and Loughlin, probably the biggest independent operators in the district, reported that their mills were operating 100 per cent.

IN YOUNGSTOWN, O.

Youngstown, Sept. 22.—Pickets were on duty at every steel plant in the Youngstown area this morning as the nation wide steel strike went into effect. The picketing at each Youngstown plant was orderly and as the men went to work their names were taken by the union pickets.

Less men went to work at the plant of the Republic iron and steel company than at any of the others, early reports said, this being the best organized of the non-union plants of the Mahoning & Shenango district.

Police were on duty at each of the entrances to the steel plants and 200 soldiers who served in the world war and who are members of the American Legion were sworn in by Police Chief Watkins to aid the police in maintaining order. None of the soldier police were needed when the plants opened.

Throw Open Churches.

Today strike leaders asked the churches of Youngstown to throw open the doors of the churches to strike meetings. "This request is necessary because all of the halls of the city have been mysteriously rented," said S. T. Hammarmark, assistant secretary of the Amalgamated union. There is "no beer" on tap in Youngstown today. The

Few Plants Closed.

A few plants were closed down completely. Others continued operating fully, feeling little or no effect of the walkout order. Still others started operations with partial forces.

So vast was the area covered and gigantic the scope of the strike, that definite figures on its success or failure were practically impossible to obtain.

Thousands of Deputies.

Literally thousands of deputy police, deputy sheriffs and state constables, many of them mounted and all of them armed, are scattered about the plants, keeping the pedestrians on the move and preventing anything that has the appearance of congestion about the plants or adjacent streets. They are under strict orders and have wide authority

ENRAGED MAN KILLS GIRL-WIFE AND SELF

(Continued from Page 1.)

brought out his military record. He was drafted September, 1917, and was sent to Camp Devens and afterwards to Camp Gordon. He was discharged for disability in February, 1918. He had no overseas record.

He is spoken of by his associates at the weaving mill as a quiet, industrious workman. He had been employed in W. H. Wright's department since July 1, 1916, with the exception of the time he was in the service. He was married about nine months ago. His wife's name before her marriage was Helen Luksis. Father McCann, who married them said the girl was very worthy.

Couple in Court. It has been learned that Mr. and Mrs. Waschosky were in the police court this morning. Husband and wife did not agree and about a month ago she had him arrested on a charge of non-support. He said that he would support her if she lived with him in this town but she wanted to live with her mother in Wapping. That seemed to be the trouble between them.

Case Continued. When the case came up the first time, on the request of counsel, it was agreed to continue the case so that the couple could settle their difference outside of court.

This morning Waschosky was defended by Judge H. O. Bowers and was found not guilty of the charge of non-support. He professed willingness to support his wife if she would live with him and would make a home for him. He had no relatives in this country and boarded with friends on Union street.

Dr. Tinker telephoned the facts of the case to Coroner J. Gilbert Cathoun of Hartford, who said that as the murderer was dead there was no need for him to proceed further in the case.

POLES ORDERED TO STOP.

Paris, Sept. 20.—Alarmed lest the Poles grab off a large slice of Russian territory, it was reported today that the supreme council has ordered the Polish force to cease their advance against the Russian Bolsheviks.

It is admitted that no one at the peace conference desires to be lenient with the Russian Bolsheviks, but the main anxiety seems to be that, if the Poles get into Russia, it may be difficult to get them out.

DANIELS DENIES REPORT MARINES ARE AT FIUME

Says that Rear Admiral Andrews Could Land Men Without Consulting Navy Department.

Washington, Sept. 22.—Secretary of the Navy Daniels, back at his desk after his long trip of inspection to the Pacific coast and Hawaii, said today the navy department had received no confirmation of the reported landing of a force of marines near Fiume.

Secretary Daniels pointed out that Rear Admiral Philip Andrews, commanding the Mediterranean squadron, could land a party to protect American interests without consulting the navy department, but that if this had been done, a report would be received probably before tomorrow.

Discussing his trip, the Secretary stated that he would start work at once on a report to Congress. He indicated that among other recommendations, he will urge larger naval station and dry docks on the Pacific coast. The Pacific fleet will engage in no big maneuvers in the near future, he said, as many of the vessels will be given a general overhauling.

The drydock at Pearl Harbor, Honolulu, is one of the most notable accomplishments of the navy, the Secretary said.

STOCK MARKET

New York, Sept. 22.—Reports that some steel mills were running as usual, although in many cases with reduced forces, gave a bullish impetus to the stock market at the opening today, and good gains were recorded in a number of issues. Trading was on a small scale, however.

Steel common opened at 101 1/2 an advance of 1-2. Cruc sold up 1-4 points to 183 and then reacted to 180. Baldwin loco. sold up two points to 128. Beth Steel b. 1-2 to 95 1/4 and American Loco one point to 105.

Mex Pete sold up 1 1/2 to 208 3/4 and fractionally upturns were made in the other oil shares.

General Motors rose a point to 232. Studebaker yielded to 110, a loss of a point.

The marine shares made fractional advances while the railway stocks were quiet and steady.

TAGGING THE BASES

A home run by Pratt proved the winning tally for the Yankees and enabled them to oust the Tigers from third place.

In a game that consumed but fifty minutes in the playing Brooklyn beat Sallee.

Alexander was in form against the Braves, shutting them out with six hits.

The Cleveland Indians refuse to be counted out. They went into the ninth inning trailing the Senators and staged a rally that netted five runs.

Two hundred thousand applications for seats at the world's series at Cincinnati show that some people still can take chances with the H. C. L.

NO DROP IN CLOTHING PRICES, SAYS RUBINOW

Local Dealer, Just Returned From New York Renews Situation This Fall.

It is hardly probable that there will be a reduction in the price of wearing apparel in Manchester this year, according to a statement made by William Rubinow of Rubnow's Specialty Shop. Mr. Rubinow has just returned from a buying trip to New York city.

"The wholesale clothing merchants are asking fancy prices for their goods," says Mr. Rubinow. "They claim they are forced to do this in order to meet the demand for yoke increases, and also the ever advancing price of material."

"While in New York I called on a firm with whom I placed an order for boys' fall clothing early in the summer. I contracted at that time for the order at the current prices. A few weeks ago I received a letter from this firm stating that it would be necessary for them to add ten percent to the amount of the original order. I was forced to accept the order as I found all the clothing houses were facing the same situation."

"Under these existing conditions," says Mr. Rubinow, "it is hardly probable that there will be any decrease in the price of clothing for some time."

The Odd Fellows and Rebekahs of Manchester have combined to give a Grand Fantasia in the Park theater on October 8 and 9. The affair will be given by local talent and will include about 150 people of the town. The committee of arrangements have been working on the plans for the last month or so and all the talent has been procured. According to those who know, the affair will be one of the best entertainments to be given in Manchester.

LARGE CONFIRMATION CLASS. An exceptionally large class of Manchester children were confirmed at St. James' Roman Catholic church yesterday afternoon at four o'clock. Confirmation was administered by the Rev. John J. Nolan, Bishop of the Catholic Diocese of Hartford.

The class, which includes boys and girls, numbered 200. The children had been studying diligently for the past few weeks under the supervision of Father McGurk, rector of the church. Father McGurk has been aided by Father Timmons, the curate rector.

CINCINNATI GETS 1st GAME. Cincinnati, Sept. 22.—Pat Moran's proverbial luck clung to him today as Cincinnati will open the fight for the world's baseball championship at home. A toss of a coin decided the issue here today.

The opening game will be played here. The teams then will jump to Chicago for three games. The next two will be played in Cincinnati and the ninth will be decided by a toss of a coin.

HALF OF IT IS N. G. "Fully half of all the material published for boys and girls is written from an adult point of view."

But not the new series in the Herald! They belong to the other and better half.

NOVEL IDEAS FOR GIRLS. What girl does not want novel ideas for attractive things for her own room or for birthday favors for her friends? These will come in our new series, "For Girls to Make", to appear each Tuesday.

Business women should never marry men who are unable to cook and sew on buttons.

A New York walking club of 40 members has dwindled to ten since shoes went up in price.

ABOUT TOWN

The Ladies' Aid of the North Methodist church, will hold a food sale, Friday afternoon from three to five o'clock at Balch & Brown's.

The Manchester Gas Co. is planning to extend its mains through Henry street, from Main to North Elm street. The pipes are now on the ground and work on the extension is to be started at once.

Oliver Bingham of Main street, who has been employed by G. E. Willis, the coal dealer, has returned home from St. Francis' hospital, where he has been receiving treatment for the last two or three weeks.

A. P. A. Y. E. car operated on the local lines of the Connecticut Company, figured in a rear end collision with a Glastonbury car, Saturday afternoon. The vestibule of the car was slightly damaged. No passengers were injured. Both cars were east bound.

A Ford touring car which had four passengers and a lot of baggage went through Manchester yesterday. The party came from Portland, Oregon, and was on its way to a little town up in Maine. The car appeared the worse for wear and had four or five tires hanging on to the side.

The Odd Fellows and Rebekahs of Manchester have combined to give a Grand Fantasia in the Park theater on October 8 and 9. The affair will be given by local talent and will include about 150 people of the town. The committee of arrangements have been working on the plans for the last month or so and all the talent has been procured.

LARGE CONFIRMATION CLASS. An exceptionally large class of Manchester children were confirmed at St. James' Roman Catholic church yesterday afternoon at four o'clock. Confirmation was administered by the Rev. John J. Nolan, Bishop of the Catholic Diocese of Hartford.

The class, which includes boys and girls, numbered 200. The children had been studying diligently for the past few weeks under the supervision of Father McGurk, rector of the church. Father McGurk has been aided by Father Timmons, the curate rector.

ONE MORE GAME NEEDED.

New York, Sept. 22.—The White Sox are still one game removed from the American league pennant today.

Unable to clinch the championship during their eastern trip the Sox have returned to their own stamping grounds to play five more games. They will meet the Browns in a two-game series starting Wednesday and wind up the season in three games against Detroit.

The fast-going Cleveland Indians

have four games remaining, on Wednesday they are scheduled to invade Detroit for two games after which they will meet St. Louis at Cleveland in a two game series.

PLAN WORLD SERIES.

Cincinnati, Sept. 22.—The National baseball commission will meet here to arrange details for the coming world's series. The schedule, the time of starting games and the opening date will be decided.

SINGERS BATTLE FOURTEEN INNINGS TO WIN FROM ATHLETICS SCORE 5-4

Last Five Innings the Best in the Game—Score Even to the Eighth—Massey and Scheldge Play Stellar Ball for Locals.

Mount Neko yesterday afternoon was the scene of one of the best ball games seen in Manchester this season. Close to 2,000 fans saw the Athletics and the fast Singer team of Bridgeport battle for fourteen innings and saw the visitors winning by a score of 5 to 4.

The game was characterized by sensational fielding, heavy hitting and a few bad misplays and errors. Both the twirlers, O'Strinsky and Murphy, were touched up freely at times, and neither moundman put what might be termed a good brand of pitching. It was the team work behind them that saved a good many healthy wallops from being chalked up as hits.

Christy, Mosher and Shay starred for the visitors, the work of the third sacker being of high calibre. Massey and Scheldge were the shining lights for the locals. The former pulled off a number of sensational plays and also figured in two double plays. Scheldge's catch and peg in the eleventh inning was undoubtedly the feature play of the game.

The visitors got to Murphy, the Springfield school boy sensation in the first inning, garnering two hits for as many runs. One of these was a circuit wallop by Mosher. The locals evened up in the second inning and gained a two run lead in the third. The contest went scoreless until the eighth when the visitors tied up. Both teams settled down for an extra session and the extra five innings made the best part of the game, both the hitting and fielding being of a sensational order. The game, play by play, follows:

First Inning.
SINGERS: Christy grounded out, Murphy to Fay. Burke grounded out, Warnock to Fay. Mosher touched Murphy for the first hit of the game when he poked out a homer to center, the ball rolling under an automobile. Shay singled to right field. He stole second. Harvey's reached first on Wilson's error. Shay advanced to third on the play. Shay crossed the pan when Lamprecht threw to Massey to catch Harvey's stealing. The ball went through Massey's hands and was recovered by Edgar who threw to Wilson, the latter nailing Harvey on his attempt to pifer third. Two hits, two runs, two errors.

Second Inning.
SINGERS: Sherwood flied out to Edgar. O'Connell singled to center. O'Connell's single to right advanced O'Connell to third. O'Strinsky flied out to Scheldge, the latter holding O'Connell on third. Christy fanned. Two hits, no runs, no errors.

Third Inning.
SINGERS: Burke flied out to Wilson. Mosher grounded to Warnock and took second on the latter's wild heave to Fay. Shea flied out to Kotch. Haverty grounded out, Murphy to Fay. No hits, no runs, one error.

Fourth Inning.
SINGERS: Sherwood grounded out, Warnock to Fay. O'Connell walked. O'Connell flied out to Kotch. O'Strinsky fanned. No hits, no runs, no errors.

Fifth Inning.
SINGERS: Christy grounded out, Warnock to Fay. Burke reached first on Fay's error. Mosher grounded out to Fay. Burke trying to stretch Mosher's hit was out at third. Fay to Wilson. No hits, no runs, one error.

Sixth Inning.
SINGERS: Shea flied to Fay. Haverty walked. Sherwood hit into a pretty double play when he grounded to Massey, forcing Haverty, Massey to Warnock to Fay. No hits, no runs, no errors.

Seventh Inning.
SINGERS: O'Connell walked. He reached third on O'Strinsky's single to right field. O'Strinsky laid down a bunt in front of the plate and O'Connell was caught between home plate and third. He was nailed by Wilson after a see-saw exhibition. Lamprecht to Wilson. Christy flied out to Scheldge. Burke fanned. One hit, no runs, no errors.

Eighth Inning.
SINGERS: Mosher grounded out. Massey to Fay. Shay walked. O'Connell advanced Shay to third when he singled to and stretched his hit for two bags. Sherwood singled, scoring Shay and advancing O'Connell to third. O'Connell's sacrifice to right scored O'Connell. Haverty flied out to Warnock. Two hits, two runs, one error.

Ninth Inning.
SINGERS: O'Strinsky grounded out. Warnock to Fay. Christy walked. Burke grounded out, Warnock to Fay. Christy advancing on the play. Massey's sensational catch of Mosher's wallop robbed the Singers of a tally. No hits, no runs, no errors.

Tenth Inning.
SINGERS: Both sides displayed sensational ball in the next five innings. Shay singled to right field. Haverty lifted a weak one to Fay. Sherwood grounded to Massey forcing Shay. Massey to Warnock. Sherwood was thrown out stealing. Lamprecht to Massey. One hit, no runs, no errors.

Eleventh Inning.
SINGERS: Scheldge's catch and a double play featured in this inning. O'Connell grounded out, Warnock to Fay. O'Connell singled to center field. O'Strinsky lifted the ball to deep left field. Scheldge made a sensational spear and whipped the hit to Warnock who threw to Fay for a double play. One hit, no runs, no errors.

Twelfth Inning.
SINGERS: Christy grounded out, Wilson to Fay. Burke lifted a weak one to Warnock. Mosher grounded out. Massey to Fay. No hits, no runs, no errors.

Thirteenth Inning.
SINGERS: Warnock reached first on Shay's error. Scheldge running for Warnock was out at second on a steal. O'Connell to Sherwood. Wilson fanned. Edgar grounded out, O'Strinsky to Shay. No hits, no runs, no errors.

Fourteenth Inning.
SINGERS: Shay grounded out, Massey to Fay. Haverty grounded to Warnock and beat the latter's throw to first. Sherwood walked. O'Connell flied out to Massey. O'Connell grounded to Massey, forcing Sherwood, Massey to Warnock. No hits, no runs, one error.

Fifteenth Inning.
SINGERS: O'Strinsky grounded out, Warnock to Fay. Christy flied out to Scheldge. Burke singled to right field. He stole second. Mosher's single scored Burke. Shay flied out to Edgar. Two hits, one run, no errors.

Sixteenth Inning.
SINGERS: Murphy flied out to Burke. Sipples reached first on Haverty's error. He was caught off first on O'Strinsky's peg to Shay and was nailed at second, by the latter's peg to Haverty. Massey ended the inning and game by fouling to O'Connell. No hits, no runs, one error.

Seventeenth Inning.
SINGERS: Christy grounded out, Wilson to Fay. Burke lifted a weak one to Warnock. Mosher grounded out. Massey to Fay. No hits, no runs, no errors.

Eighteenth Inning.
SINGERS: Warnock reached first on Shay's error. Scheldge running for Warnock was out at second on a steal. O'Connell to Sherwood. Wilson fanned. Edgar grounded out, O'Strinsky to Shay. No hits, no runs, no errors.

Nineteenth Inning.
SINGERS: Shay grounded out, Massey to Fay. Haverty grounded to Warnock and beat the latter's throw to first. Sherwood walked. O'Connell flied out to Massey. O'Connell grounded to Massey, forcing Sherwood, Massey to Warnock. No hits, no runs, one error.

Twentieth Inning.
SINGERS: O'Strinsky grounded out, Warnock to Fay. Christy flied out to Scheldge. Burke singled to right field. He stole second. Mosher's single scored Burke. Shay flied out to Edgar. Two hits, one run, no errors.

Twenty-first Inning.
SINGERS: Christy grounded out, Warnock to Fay. Burke reached first on Fay's error. Mosher grounded out to Fay. Burke trying to stretch Mosher's hit was out at third. Fay to Wilson. No hits, no runs, one error.

Final Inning.
SINGERS: Christy grounded out, Warnock to Fay. Burke reached first on Fay's error. Mosher grounded out to Fay. Burke trying to stretch Mosher's hit was out at third. Fay to Wilson. No hits, no runs, one error.

WHITE SOX LOSE AT NEW BRITAIN

Game Went Twelve Innings—McAdams Spiked in Face.

The fast New Britain Annex team was forced to go twelve innings to beat the local White Sox in the Hardware City yesterday afternoon. The score was 4 to 3. Wolfe, the Hartford sensation, occupied the mound for the locals and allowed the New Britain team but seven hits in the entire twelve innings. He also contributed two two baggers.

The White Sox drove Blanchard, the Annex twirler from the mound during the early part of the game, scoring two runs in the opening stanza. Blanchard was replaced by Schmidt, who pitched effectively for the remainder of the contest. The White Sox players claim that the decisions of Clinton of New Britain were responsible for their defeat.

A free-for-all started in the seventh inning when Campbell of the Annex in attempting to cross the pan, deliberately spiked McAdams, the Sox backstop. McAdams' face was badly lacerated by Campbell's spikes and it was necessary to call a physician to attend his wounds. Plitt, White and Brennan featured for the White Sox, while Schmidt and Holloran featured for the Annex.

The box scores follow:

Player	ab	r	h	po	a	e

NEED BIG SOCCER MEN TO GET EDGE ON LOCALS

S. K. F.'s Use Stars to Win From Locals With Tight Score—Season's First Game.

More than five hundred soccer fans saw the Manchester Soccer Football club defeated by the S. K. F. team in the first home game of the season. The game, which was played at the Pleasant street grounds, went to the visitors by a score of 3 to 1.

The visitors scored two goals before the locals got started. Hanlon sent the ball through the posts for the first goal and Lundeen scored the second on a penalty kick from the twelve yard line. Pratt scored the local's single tally.

Hanlon, DeJaney and Davidson starred for the visitors while Little and Pratt featured for the locals. In the visitors line-up were a number of inter-national soccer football stars.

"BIG BILL" AS CHAIRMAN.
New York, Sept. 22.—William H. (Big Bill) Edwards, internal revenue collector for the New York district and one great Princeton football star, may be offered the chairmanship of the national commission to succeed Garry Hottmann.

Col. Jacob Ruppert, of the Yankees, just returned from Chicago, would neither verify nor deny that Edwards had been suggested by the joint major league committee. He said, however, that the committee has "an excellent man in mind."

WILSON AND LABOR.

What new relations between labor and capital President Wilson hopes to bring about by the much heralded conference at Washington Oct. 6 it is hard to imagine. While it is true that in some instances closer relations between employer and employee are desirable, we cannot see how this can be brought about by government interference. Conditions vary so widely in different industries and different localities that it would be hard to establish a rule which would apply to all. The hope of the railroad employees and of the miners' organizations is that those industries may be nationalized—that is, taken over by the government. If this were brought about it would be but the stepping stone to the nationalizing of other industries and no one could tell where the end would be. But this much is easily foreseen: the situation would enable the political party which controlled the government which in turn controlled the great industries to keep itself in power indefinitely by catering to the labor vote. Outsiders would have little influence against such a combine.

The established order of things cannot be changed in a day. President Wilson has already found that out in his attempt to internationalize the world. He would find it still harder to socialize industry. The manufacturer who produces the most desirable article at the lowest price will find the readiest market for his wares. Likewise the workman who renders the most intelligent and industrious service will find the readiest market for his services. In other words things will bring what are worth and the government cannot successfully enforce the same price on all products, good or bad, or on all labor, efficient or inefficient.

The tendency in the manufacturing world is toward improving methods of production and advancing the standard of working conditions. We have an illustration of this in our own town where Cheney Brothers, the silk makers, are continually striving to share with their workers the advantages of scientific management of a great industry. This is only one example of many throughout the country.

The government has accomplished wonders during the war, but at enormous expense. Now we are paying the penalty in high taxes, high prices and labor unrest. President Wilson had a mighty power placed in his hands and, with the people acquiescent, wielded it with immediate effect. We suspect he has grown so accustomed to accomplishing great things that he thinks he can revolutionize the world. But now that the war is over he has been shorn of much of his power. The people are no longer quiescent. They survey the waste which attended war methods and conclude they want no more of it. Those who profited by the government's bounty naturally want it continued. But those who paid the bills want it stopped.

The sooner industry is permitted to resume its old channels the sooner prosperity will come to all. Competition among producers and emulation among their employees will soon give to each the reward which is rightfully his. Even President Wilson has not the power to alter this rule.

MAN AND HIS CLOTHES.

A writer in a current magazine comments sarcastically on the style of men's clothing and makes some whimsical suggestions to the Association of Tailors as to improvements which they might adopt. He cannot see why trousers should be creased in a straight line up and down and says the most carefully pressed trousers will in a short time look as if the wearer had a cantaloupe in front of each knee. He makes the point that sculptors reproducing the figures of great men always avoid the straight crease in the trousers of their subjects as something unartistic. We have always regarded the ap-

parel of men as more practical than that of women, chiefly because it is equipped with a multitude of convenient pockets and because it is bifurcated, permitting greater freedom in the movement of the legs. But the tendency of the times is toward shorter and more sensible skirts for women; and as for pockets—women seem to get along very well without them. It must be admitted that the draperies of women are much more graceful than those of men.

The question is whether men's fashions might not be improved. When we stop to think of it we must acknowledge that they could. For example that baggy effect which the presser vainly tries to eliminate from long trousers, would be done away with by the adoption of the knee pants and long stockings of our forefathers. True, the style might not be becoming to men with thin legs or very fat ones but it would be more sanitary than the long trousers now in vogue and far more artistic. Take the statues of Nathan Hale for instance. How absurd they would look if he wore long, creased trousers. There is much to be said in favor of knickerbockers and long stockings.

As for the upper half of man's apparel a change is already in progress. The hard bodomed shirt, starched like a board, has given place in every day wear to the soft shirt with unstarched cuffs. The waistcoat, too, that sham affair with front of one material and back of another, and much cheaper, material is going out of fashion. It is worn only in cold weather and even then it might well give place to a close fitting corset of one material.

As for hats, the stiff topped silk hat and the derby are gradually yielding to the more sensible and more artistic soft hats. There was never anything artistic about a stiff hat. Imagine a statue wearing one! It would be ridiculous.

We have said nothing about bright colors in men's clothes although it has been hinted in fashion magazines that colored linings are to be introduced in men's coats. We can hardly expect men to doll themselves up in fancy colors as women do, although the effect might be as pleasing as it is in the peasant costumes of foreign countries. But we must confess that the cut of men's garments, from hat to shoes, might be improved upon.

The peace treaty and League of Nations make a book of over 500 pages. No wonder the average layman cannot pass intelligent judgment on their provisions.

An addition of nearly 300 names to the voting list does not indicate that the population of Manchester is going back any. Next June the national census will be taken and then we shall know the exact population of the town.

A United States naval vessel launched at Quincy, Mass., Saturday, was christened with water instead of wine. Probably the ship doesn't know the difference and will behave herself as well as she would if champagne had been used.

Holders of Liberty bonds who have been apprehensive over the decline of the bonds may take encouragement from the statement of treasury officials that prices are likely to rise from now on. With a billion and a half in the treasury the government is now on easy street and no new loans will be required for some time to come. Buying of Liberty bonds for investment is active and the demand is expected to increase.

HUB AWAITS NEXT MOVE IN THE POLICE STRIKE

Menace of a General Sympathetic Strike is Removed for the Present.

Boston, Sept. 22.—With the menace of a general sympathetic strike removed for the present by the action of the Central Labor Union, Bostonians today calmly awaited the next move in the police strike situation.

A report of the "committee of 17" of the Central Labor Union that "the time is now opportune for the ordering of a general strike" was unanimously adopted. To give a large number of other big unions an opportunity to re-form themselves and to give "nobody a chance to say that we have not used good judgment as they have said about the police," were the reasons given in the report for deferring general strike action. All moral and financial support was voted the striking policemen. It was voted to place a weekly assessment on the members of all unions and a strike fund of thousands of dollars will be raised to carry on the policemen's fight in this way.

WAR BUREAU TO CEASE WORK AFTER OCT. 15

Its Task Practically Finished.

Records Will Go to Town.

RED CROSS IN CHARGE

Final Meeting Will Include Entertainment and Supper—Postmaster Will Continue Historical Work.

Manchester's War Bureau will go out of existence on October 15th. At a meeting of the Executive Committee of this bureau, it was voted to hold the final meeting at the Recreation Center on Wednesday evening, October 15th. At this time supper will be served, followed by an entertainment in the auditorium.

An entertainment committee composed of Fred J. Bendall, chairman, Rev. C. E. Hesselgrave and Superintendent of schools, F. A. Verplanck were appointed; as was also a supper committee of three, headed by Mrs. William C. Cheney. Mrs. Cheney will be assisted by R. La Motte Russell and Frank Cheney Jr. The work of the Historical Committee will be continued under the direction of Postmaster Fred H. Wall.

A letter to the Board of Selectmen, from Chairman Frank H. Anderson, explains the future purposes of the War Bureau. Chairman Anderson's letter to the selectmen follows:

Sept. 19, 1919.

Board of Selectmen, Town.

Gentlemen: At a meeting of the Executive Committee of the War Bureau held today it was voted to hold our final meeting on Wednesday evening, October 15th.

The War Bureau work is practically completed. No further funds will be required. The remaining work, which consists of tabulating all records, and the final work in connection with the soldiers who are still in service will be carried on by the Home Service Committee of the Red Cross. Finishing the medal distribution and arranging for the bronze Honor Roll tablets will be completed by the committee which the Town of Manchester appointed.

The records which we have been accumulating will be turned over to your Board for permanent care. In closing our work, the Committee desire to express their deep appreciation for the splendid co-operation they have always received from the Town officials.

Sincerely yours, War Bureau of Manchester, Chairman, Frank H. Anderson.

SELECTMEN TO HOLD LAST MEETING TONIGHT

But Little Business at Meetings—Town Troubles Too Big for Personal Difficulties.

The board of selectmen will meet at the Hall of Records this evening for the purpose of transacting town business for what will probably be the last regular meeting of the present board. This meeting was postponed because of the primaries which demanded the attention of the selectmen. Outstanding bills against the town will not receive attention until the new board convenes.

Despite the fact that the "Big Four" has controlled the vote at previous sessions of the present board, it is said that there has been but very little dissension among any of the members. Questions of town importance have been discussed without any demonstrations of antagonism and at a number of sessions it appeared as if the members had forgotten political differences in their enthusiasm over town questions.

FOURTH GRADE CHILDREN, NOTICE!

All fourth grade teachers and pupils should watch especially for our new series: "Nature Study", "For Boys to Make", "For Girls to Make", "Adventures that Made an American", and "Woodcraft."

The Ladies' Auxiliary, A. O. E., will observe their 24th anniversary by holding a dance in Cheney Hall Monday evening, Sept. 22, 1919. Each member is permitted to invite a few friends. Music by the Victor Orchestra. Admission by invitation.—adv.

TWO HORSES LOST IN A NIGHT FIRE WHICH BURNS PROCTOR BARN

Spontaneous Combustion Said to Have Been Cause of Blaze.

FIRE FIGHTERS HAVE A LIVELY RACE TO SCENE

Company 3's Big La France Shows Its Back Wheels to All—Fire Loss \$2,000—Barn Old Landmark.

Spontaneous combustion was the cause of a fire that destroyed a two story barn, seven tons of hay, a number of wagons and a pair of valuable bay horses on the west side last night. The fire which burned for two hours caused an estimated damage of about \$2,000. The property was owned by John Proctor of 71 West Center street.

The alarm sounded in from Box 27 at the junction of Cooper and Center streets, called out the fire fighting apparatus of Hose Companies Nos. 1, 2, and 3. A mile-a-minute race answered the fire call. The big LaFrance pump belonging to Hose Company No. 3, proved its supremacy by passing No. 2's apparatus on Center street and the outfit of Hose Company No. 1 at the junction of Pine and Center streets.

When No 3 reached the scene, the blaze had gained considerable headway. A stream was directed on the barn and with the arrival of the other companies the fire was soon under control. The smoldering hay, however, put up a stubborn resistance. It was fully two hours before the fire fighters were satisfied that there was no danger. The recall sounded at 11.55 p. m.

The barn was situated to the west of the Proctor residence on West Center street. It was built over 100 years ago by Cooper McKee and was considered one of the town's oldest landmarks. The blaze illuminated the sky for a considerable distance and the glare was easily visible from the Center. A large gathering of spectators reached the scene in record breaking time.

NEARLY 300 NEW VOTERS ADDED TO FALL LIST

Saturday's Work of Selectmen and Registrars Broke All Records.

The selectmen with the town clerk and the registrars had a busy day at the Hall of Records Saturday when the board made 298 new voters. The board was in session from nine o'clock in the morning until eight o'clock at night. The number of new voters made at one session is a record. On the list "To Be Made" there were 308 men and 23 women. When the day's work was completed it was found that of the 28 women who had made application 22 had appeared and qualified. This was considered an exceptionally good percentage. It was accounted for by the fact that Mrs. C. R. Burr, who is an enthusiast for woman suffrage used her automobile to convey the women to the Hall of Records.

The men were notified by post card on Friday that they must appear if they desired to become voters and this accounted for the big percentage of voters made. The privilege of registering for the primaries was given each man at this time and it was noticeable that about 90 percent of those who desired to enroll aligned themselves with the Republican party. All the new voters will have the opportunity to cast their first vote at the town election which will be held on the 6th of October.

BENJAMIN WHIDNER.

Benjamin Whidner, of 57 Foster street died last evening from a complication of diseases. Mr. Whidner was born in Ellington 22 years ago. He was a resident of this town for five years and was employed at Cheney Brothers as a timekeeper in the Velvet Mill. He was a member of the Rockville Lodge of Foresters.

Deceased is survived by his mother Mrs. Cora McBurney, also two sisters Mrs. Max Wagoner and Miss Christine Weidner, all of this town. The funeral will be held from his late home on Foster street on Wednesday afternoon at two o'clock. The Rev. E. F. Studley, pastor of the North Methodist church will officiate. Interment will be in the East cemetery.—adv.

Where Music Dwells

The family that owns a piano has the means with which to sing and dance and entertain. It is a standing invitation to friends to rally 'round it in good old-fashioned fun and pleasure.

For this week only we are offering a "Matchless Milton" style M piano at the special price of \$350. This piano is of small size, admirably suitable for a small room, still, it has the full powerful tone of a larger instrument. We know of nothing that \$350 will buy, that affords so many possibilities for home entertainment.

Our Houseware Section Will Help You Solve Your Housecleaning Problems.

Bissell Carpet Sweepers Tested and approved by the "Good Housekeeping Institute" \$5.	Polishes Watkins' Furniture Polish 25c. Sun-Shine Lino Polish 85c. Liquid Veneer 35c. Wizard Polish 10c. Crawford Stove Polish 30c.	Wash Boilers Rome Wash Boilers, copper bottoms \$3.
Mops Battleship O'cedar Oil Mop \$1.35. Wizard Triangle Polish Mop.	Kerosene Cans Harp's tested and guaranteed kerosene cans, 5 gallons \$1.25.	Linen Baskets \$4 All metal clothes dryers \$1.15.
		Food Choppers Stenfeld food chopper, chops all kinds of food, meats and vegetables \$2.

BARKEEPERS RESPONSIBLE FOR SALE OF WHISKEY.
Boston, Sept. 22.—Boston saloonkeepers "should worry" if their bartenders surreptitiously sell some real ricker to patrons who tire of the 2.75 per cent. brew. United States Commissioner William A. Hayes has ruled that, if such sales are consummated while the proprietor is not around only the knights of the white apron can be held accountable.

Arthur Cook is paying a \$1.00 per hundred for apples.—adv.

S. Shipping Board has completed 356 ships, totalling 2,045,875 tons; 264 more hulls launched.

HARVARD MEDICAL SCHOOL SWAMPED WITH APPLICANTS.
Cambridge, Mass., Sept. 22.—The greatest number of applications ever made for admission to the Harvard Medical School, three times more than the school can accommodate, have been received. Of the 400 applicants 280 must be refused, and even with this culling there is an increase of thirty students over the previous limit of ninety for first year students.

Harvard officials explain the great increase by the work of Harvard medical men in the war, which they say has brought the school to a position of pre-eminence among the colleges of medicine and surgery in this country.

BREAKS TEETH ON "BOSTON BAKED," SUES HEINZ CO.
Boston, Sept. 22.—Charging that she broke her teeth while eating beans, Mary J. Armstrong has brought suit against the H. J. Heinz Co., of Cambridge, for \$2,500. It is contended that some foreign substance was in a can of beans so that the fair name of "Boston baked" is not blemished.

RICHMOND, WOODEN SHIP OF FARRAGUT'S FLEET, DOOMED.
Boston, Sept. 22.—The famous old wooden warship, Richmond, one of Admiral Farragut's fleet of "Damn the torpedoes" fame, is to be towed here from Philadelphia. Here the wooden warrior will be burned to recover the metal used in its construction. The sloop of war served its country through three bitter wars.

Cook's Cider Mill open every day but Wednesday and Saturday.—adv.

COULD STAND WIFE LOVING BOARDER, BUT CALLING HIM "PAPA," NEVER!
Akron, Ohio, Sept. 22.—Stephen Bishop could stand his wife being infatuated with the star boarder, whose name he doesn't know, but when his wife taught his three children to call the boarder "papa" and ignore the presence and authority of their own father, Stephen says he had more than he could bear. He asks for a divorce on that ground.

OVERCHARGED ON WAR TAX, SUES FOR TWO CENTS.
Brockton, Mass., Sept. 22.—Two Lincoln pennies are all David R. Rabovsky wants, but he is going to court to get them. He has brought suit against George's Pharmacy, of this city, because they charged him four cents war tax on four sodas; whereas he contends he should only have been asked to pay two.

How to Study Skillfully

CAN YOU SEE WHAT YOU READ?

By Katharine Taylor

Francis W. Parker School

Some people see with their ears, and others hear with their eyes! I know a woman who has been blind since her childhood. She sees with her fingers and her ears. "Let me see your new coat," she says, and rapidly her fingers slip over its surface. Her mind has a clear picture of the coat.

We all need the power that this woman has, when we "read to ourselves." "D-o-g, dog," reads the little girl, but the word "dog" should be more than just "d-o-g." It should be a leaping puppy, or a sleepy old hound, or some other real dog, great or small, shaggy or smooth, actually doing what the d-o-g in the book is said to be doing.

As we grow older, reading is no such hard work. We read more and more. But the sad fact is that often the older we grow the less real fun we have with reading. To keep on having fun with reading, we must see, hear, smell, taste, and feel with our imagination.

Think of the traveler in the Jack

London story, alone in a blizzard on the plains of Alaska. "He was lost in the blinding snowstorm." Let yourself be with him. Feel the sharp crystals, the growing numbness, the keen wind, the struggle against an icy death.

History is not dull if you learn to see it this way. It is a story of adventures. "The company was surprised in ambush." See that group of soldiers, hiding, waiting tensely for the attack, caught unready, suffering the shame of surrender.

When you read Lincoln's Gettysburg speech, don't memorize the words, and mark certain ones to emphasize when you speak it. See that crowd, a crowd of men who had been through the war, and families whose men had died in battle. See the tragedy, the hope, the task of the future. Suddenly those words will be in your very soul, instead of on your lips, and you will not be able to forget them.

(Next week Miss Irene I. Cleaves will show, not tell, how to write a story.)

SOUTH DAKOTA BOASTS FIRST MEMORIAL PARK.

Washington, Sept. 22.—Davidson County, South Dakota, is one of the first counties in the country to report a memorial grove planting to the American Forestry Association. Hitchcock Park, at Mitchell, will be turned into a memorial park by additional tree planting and a boulder placed in the center with the names of the county heroes. The American Forestry Association is registering memorial trees in a national honor roll.

DROPS DEAD IN COURT.

Reading, Pa., Sept. 22.—While seated at the defendants' table in the main room of the courthouse listening to his wife testify against him in a non-support case Edward Grims, of this city, fell to the floor unconscious and died a few minutes later.

While physicians and others were administering first aid Mrs. Gromis left the room and "was not at her husband's side when he died."

Nature Study

FIELD ANIMAL DUGOUTS.

By Adella Belle Beard.

We walk so carelessly through the fields, thinking so little of the busy life all about us and nothing at all of the life being lived underground; yet there are many strange homes down there. One belongs to the POCKET GOPHER and perhaps at our very feet is a little pile of earth, called a gopher hill, which the animal has thrown out of his burrow.

The pocket gopher is something like a mole but bigger and with a large, open pocket on each cheek. His fur is soft and silky, his legs short and his front feet have long, strong nails for digging. That is what the gopher does, he digs and he eats, and he digs to eat, and so goes on extending his burrow, turning it this way and that in his search for tender roots and in avoiding stony obstructions, until the passage is long and devious with holes at the top here and there where he throws out the loose earth. But some where in that tunnel there are chambers which are his home and where he wisely stores away bits of roots and other food carried there in his handy cheek pockets. Being a night animal you are not likely to see him unless he is dug up and made to

show himself, which is often the case when he invades a garden and partakes too freely of the roots planted there.

There are homes above as well as under ground out here in the field. The little HARVEST MOUSE nests directly on the ground and her home is sometimes mistaken for a bird's nest. The mouse is only about five inches long when stretched out and resembles the white-footed mouse but is smaller and has short ears. Her color is russet brown with white underneath and she has small white feet.

STEEL STRIKE STARTS; NO TROUBLE REPORTED

(Continued from page 1.)
strike leaders wrote to Chief of Police Watkins and asked him to see that all liquor was barred from the mills and that the saloons be kept closed.

Serving Near-Beer.

All sorts of rumors were afloat today. One was that a steel company has received two carloads of cots which have been placed in the mill for those who will continue to work. Another was that free "near beer" is being served by one of the plants to those who stay on the job.

IN THE SOUTH.

Wheeling, W. Va., Sept. 22.—The steel strike hit the Benwood and Wheeling district hard today. Practically all the mills are closed in the districts and 12,000 men are idle.

Approximately 3,000 are out at the Benwood plant of the National Tube company, 3,000 out at the Benwood, Wheeling and Martins Ferry plants of the Wheeling Steel and Iron company, 800 at the Carnegie plant at Bellaire, Ohio, and 200 at the LaBelle Iron Works here.

The other six mills in this district are already closed, having been on strike for a week.

IN PITTSBURGH DISTRICT.

Pittsburgh, Sept. 22.—The nation

wide steel strike, extending in area from Colorado to Pennsylvania, and affecting millions of workers, officially went into effect this morning.

In the Pittsburgh district which will be the central battleground for the opposing forces, a majority of the mills opened as usual. They started operations with somewhat reduced forces, varying according to the district.

A few plants closed down completely. One of these was the American Steel & Wire plant at Donora, employing 4,500 men. At an early hour this morning there were huge crowds of strikers congregated about the entrances to the plant and rather than run the risk of opening trouble officials of the plant closed the gates and commenced barring up the entrances.

25 Per Cent. On Strike.

Early reports on the situation as a whole put the number of men who refused to go to work this morning at 25 per cent, leaving the plants to operate with 75 per cent. of their normal working forces.

The strike was ushered into being with apparent quiet. The crowds gathered about a few of the plants were reported orderly, while attempting the workers from entering the mills.

At Homestead, Duquesne and many other mills in the district there were very few walkouts, according to early reports. Officials at these plants reported that their mills were operating with practically complete forces.

In the Pittsburgh district, which includes all that territory from Johnstown, Pa., to Youngstown, Ohio, and forms the cockpit for the great national struggle, early reports were that approximately 25 per cent. of the employees as a whole had refused to go to work this morning.

Both sides, as usual, expressed optimism concerning the situation and declared their belief that the ultimate show down will be favorable to them.

Corporation's Statement.

The officials of the United States steel corporation asserted that practically every plant operated by the corporation in this district was in operation this morning and unless unforeseen developments occurred would continue operations.

A few of the blast furnaces, in which the labor is mostly foreign, were closed down, but as a whole it was stated the strike was having no effect.

Labor's Statement.

William Z. Foster, secretary and treasurer of the National Committee, who is directing labor's end of the fray from here, said: "Early reports show that many of the plants have closed down completely. In others, the employers are making a pretense of keeping open, with steam up, and wheels moving. But we know that few men are working. The shut-down is better than we anticipated, considering all the difficulties we have had to contend with. We probably will not know until tomorrow morning just how complete the strike is. Everything is at present more than satisfactory."

In Cleveland.

Cleveland, O., Sept. 22.—The steel strike in the Cleveland district at an early hour this morning had assumed considerable proportions.

Work ceased in at least three plants and early reports indicated that others might have to close or continue operations with skeleton forces.

With but meagre reports received, union leaders declared at 7 o'clock this morning that the situation was very "satisfactory."

Henry W. Raisse, secretary of the strike committee, said exact figures probably will not be obtainable until the strikers "mobilize" at 10:30 at Brookside stadium. Other leaders declared early estimates that 18,000 men would quit work would be borne out when all reports were received.

Workmen leaving one of the American steel and wire mills wrote in chalk at several places: "We may be gone for a long, long time."

"The men are coming out in the Cleveland district just as we predicted they would," Henry W. Raisse, strike leader in this district announced at 8:30.

"By nightfall 19,000 men will be on strike in this district."

In Chicago District.

Chicago, Sept. 22.—The strike of the steel workers in the Chicago district, in which more than 100,000 are involved, started quietly at midnight, and early today reports as to the number of men who quit work are at variance.

While officials of the steel mills and union leaders admit the full extent of the walkout will not be apparent until Tuesday, the strikers saw in the early reports of the num-

ber of men who left their work at midnight and when the day shift went on duty this morning, verification of their claims that most of the plants in the Chicago district would be completely tied up by the strike. At midnight and when the day shift went on the night shifts at plants in South Chicago, Joliet and Indiana Harbor walked out.

At Gary, the midnight shift went to work as usual without disorder, but announced they would join the strike when they completed their turn today.

Only 150 of the 1500-men employed on the night shift at the plant in Indiana Harbor left their works.

Seven Plants Closed.

Early reports from South Chicago said the Illinois steel company was hard hit, that seven of its ten plants were closed.

The men still on duty at this plant are reported to have notified union leaders of their intention of striking as soon as they finished their shift.

"A 95 Per Cent Strike."

After getting reports from the various plants in the Chicago district, John Howard, secretary of the Amalgamated Association of Iron and Steel Workers said: "We were confident of an 85 per cent effective strike, but this looks more like a 95 per cent strike."

Coinciding with the early walk-out, it was reported that engineers in Gary and South Chicago had voted a second time to go out on a sympathetic strike. The first time the engineers voted to support the other steel mill unions they received orders from their international officers to "fill their contracts." On the second ballot the orders of the international officers were overridden. A walkout of the engineers would mean the closing of twelve blast furnaces in Gary, 12 in South Chicago, four in East Chicago, five in Indiana Harbor, four in Joliet and two in Milwaukee. Frank O'Brien, president of the engineers' local early today said he saw no chance to avert the sympathetic strike of his men who occupy strategic positions in the plants, their suspension automatically shutting down the rolling mills and other departments.

Theodore Vind, head of the South Chicago labor assembly, announced today that the Lake seamen would not haul ore to the mills and that miners would refuse to mine ore for them.

Circle Theater

The feature at the Circle theatre tonight and tomorrow tells a story of the struggle for recognition of two typical American youths, a boy and a girl, who go to New York seeking fame and fortune as composer and singer. They drift into Tin Pan Alley, erstwhile headquarters of the principal music publishers, and much of the action of the play is said to develop there. The production is a William Fox release featuring two new stars, Albert Ray and Elinor Fair, and is entitled "Words and Music By—." This is the second picture in which Mr. Ray and Miss Fair have been cast as stars and is one of a series of stories especially selected for portraying the characteristics of the typical American young man and young woman.

The story based upon a tale published in a popular magazine and written by William Charles Lengel, shows the life of the young couple in their home town, making clear that their musical aspirations meet with little paternal or friendly sympathy. The young woman eventually obtains recognition as a singer in opera, but the boy, who has written an opera, struggles along unnoticed. His composition eventually is stolen by a man who recognizes its value and who nearly succeeds in putting it over as his own. The manner in which authorship is proved is said to comprise a highly dramatic and interesting climax.

A comedy and "The Perils of Thunder Mountain" are on the same bill.

BABY SHOW MOVIES.

The moving pictures of the baby show held in Center Park last Saturday afternoon have been completed. The film was run-off before the members of the Child Welfare Committee at a special showing in the Park theater last week.

The committee have expressed delight with the films. The scenes, photographed by a professional camera man, are exceptionally clear. The youngsters who took part in the parade can be distinguished easily.

In order to defray the expenses of the undertaking, the members of the Child Welfare League are selling tickets for the showing of the picture which will be held in the Park theater on Thursday and Friday. Tickets may be obtained from any member of the league.

NOT "IT MIGHT BE DONE."

Not how money might be earned, but how it actually has been earned by live girls and boys—this will be told each Friday in the Herald in the series of articles "How to Earn Money Outside of School."

POCKET RAZOR STROP SAVES SOLDIER'S LIFE.

Casper, Wyo., Sept. 22.—A small pocket razor strop is the cherished souvenir of the great war on display here. Its owner, J. A. Sheffner, local business man, received it recently from his son, Camden Sheffner, who is now on his way here from France.

Young Sheffner claims the strop saved his life in the battle of the Aisne, near Prismes. Carrying it in his breast pocket, the strop deflected a Hun bullet sufficiently to cause only a slight wound instead of a fatal one.

Have you lost anything? A detective who goes everywhere and who has 10,000 eyes will find it for you at the cost of a few cents. Try a small ad. in THE EVENING HERALD.

Park Theater

An extraordinary strong and dramatic picture is "DUST OF DESIRE", the latest World release, which is scheduled for showing tonight at the Park theater.

RUBY DE REMER, the World's latest stellar acquisition, makes the most of the very dramatic role of Beth Vinton, a once wealthy society girl who, through financial reverses, has lost her money and is obliged to run a "tea house" for the society folk who were formerly her social companions. Beth meets Dick Thornton, who wants to marry her, and she tells him of her past, but her confession makes but little impression on Thornton, not even the fact that she had a lover, whom she tells him is dead.

It is this lie about the existence of Beth's former lover, which causes all the trouble. For the man is Ridgely Torrence, who has spent considerable time in Europe. But he can't get away from the remembrance of Beth Vinton and returns to New York to hunt her up, only to find that she has married Dick Thornton, during his absence, and gone to South America with him, where he is working as explorer for a New York rubber company. To South America Torrence pursues Beth, but when Dick Thornton saves his life in a very brave and daring manner he decides to let Beth retain her happiness with her husband, and returns to New York. He marries Corinne Herndon, a woman with an ungovernably jealous disposition, and when later Beth and Dick return to the city it is this woman who causes all the trouble, which ends in a sensational dramatic climax.

The story told by this photoplay is vitally human and absorbing.

A comedy and a Craig Kennedy detective story is on the same bill.

Tomorrow's big feature will be a Universal special attraction called "Roped" with Harry Carey playing the leading part.

Don't forget the moving pictures of the Baby Show Thursday and Friday.

Circle Theater

The feature at the Circle theatre tonight and tomorrow tells a story of the struggle for recognition of two typical American youths, a boy and a girl, who go to New York seeking fame and fortune as composer and singer. They drift into Tin Pan Alley, erstwhile headquarters of the principal music publishers, and much of the action of the play is said to develop there. The production is a William Fox release featuring two new stars, Albert Ray and Elinor Fair, and is entitled "Words and Music By—." This is the second picture in which Mr. Ray and Miss Fair have been cast as stars and is one of a series of stories especially selected for portraying the characteristics of the typical American young man and young woman.

The story based upon a tale published in a popular magazine and written by William Charles Lengel, shows the life of the young couple in their home town, making clear that their musical aspirations meet with little paternal or friendly sympathy. The young woman eventually obtains recognition as a singer in opera, but the boy, who has written an opera, struggles along unnoticed. His composition eventually is stolen by a man who recognizes its value and who nearly succeeds in putting it over as his own. The manner in which authorship is proved is said to comprise a highly dramatic and interesting climax.

A comedy and "The Perils of Thunder Mountain" are on the same bill.

BABY SHOW MOVIES.

The moving pictures of the baby show held in Center Park last Saturday afternoon have been completed. The film was run-off before the members of the Child Welfare Committee at a special showing in the Park theater last week.

The committee have expressed delight with the films. The scenes, photographed by a professional camera man, are exceptionally clear. The youngsters who took part in the parade can be distinguished easily.

In order to defray the expenses of the undertaking, the members of the Child Welfare League are selling tickets for the showing of the picture which will be held in the Park theater on Thursday and Friday. Tickets may be obtained from any member of the league.

NOT "IT MIGHT BE DONE."

Not how money might be earned, but how it actually has been earned by live girls and boys—this will be told each Friday in the Herald in the series of articles "How to Earn Money Outside of School."

BIG FIRE TOTAL LOSS

Firemen Do Wonderful Work!

Building Enveloped in Flames When Fire Was Discovered

Fanned by Strong Wind, Burned Rapidly

You read these headlines in the papers quite often and sometimes ask was the building insured? or will the insurance cover the loss?

REMEMBER THIS—The other fellows' property is not going to burn every time. You may need the services of the firemen some day or night. Now then—ask yourself this question. Is my house, my goods or furniture insured for what I would have to pay to replace them?

If not you are making a serious mistake for taking such a chance.

Call, write or phone us and we will give you full protection against fire

at the lowest cost in some of the largest reliable fire insurance companies. We refer you to hundreds of policy holders we are doing business with for references as to what our service means.

We respectfully solicit a small portion of your fire insurance.

Robert J. Smith
