

DEADLOCK IN BIG STRIKE UNBROKEN; CARMEN MAY GO OUT IN SYMPATHY

SAY THAT HOOVER ALLOWED PACKERS TOO MUCH PROFIT

Disagreement Between Fed- eral Trade Board and Food Administration.

FOOD EXPERT ANSWERS CHARGES THAT ARE MADE

Very Easy to Become Popular By
Denouncing the Packers and Their
Profits, Nowadays, He Declares.

Washington, Sept. 24.—Disagree-
ment between the federal trade com-
mission and the food administration
over the profits allowed by Herbert
Hoover to the large packers came to
light today.

The federal trade commission, in
response to a Senate resolution, laid
before the Senate its report on prof-
its allowed by Hoover, which report
was submitted to President Wilson.
The letter of response from Hoover
attacking the federal trade commis-
sion was also made public. Both of
these reports had previously been
withheld from publication at the re-
quest of Hoover.

Report to Wilson.
The report submitted to President
Wilson by federal trades commis-
sion on June 28, 1918, said:

"The maximum profits for the five
largest packers under the food ad-
ministration regulations are un-
reasonably high. These rates of
profit are estimated to be from two
and one quarter to three times as
great as those earned in the pre-
war years of 1912, 1913 and 1914.
"The plan of regulation makes
impossible adequate certification; so
that, to safeguard the public interest
the plan should be changed.

"The present aggregation of the
business of the packers into classes
should be discontinued, and for the
current year at least, the regulation
apply to a single rate to the li-
censee's entire business, including
foreign business and domestic sub-
sidiaries and affiliations, without
segregation or exemption of any
kind.

Rate to Packers.
"The normal rate of the five chief
packers should be seven per cent on
net worth, with one half per cent
increased allowance for every ten
per cent in weight slaughtered, and
one-half per cent decrease in rate
in weight slaughtered; the profit al-
lowed not to go above nine per cent
it is probable that this rule would
result in about eight per cent, which
is one per cent more than their ac-
tual pre-war earnings.

Sliding Scale.
"The maximum allowed the small-
er packers should be 9 per cent, in-
creasing on a sliding scale to 11 per
cent, but without a decreasing
scale."

Replying to the federal trade
commission's report Hoover wrote to
President Wilson as follows:

Hoover's Answer.
"I realize fully that in the dis-
cussion of this matter, any sentence
uttered that can be interpreted as in
support of profits to the packing in-
dustry, subjects one to the charge of
corrupt influence and, on the other
hand, I recognize equally the easy
road to popularity through denuncia-
tion of these profits. It is, how-
ever, our duty to separate the emo-
tional aspects in these matters from
justice and national necessity to se-
cure war results against risks of
loss, and the reaction will damage
the efficiency and courage in the con-
duct of this enterprise.

If you are never willing to "take
a chance", you'll probably never
have much of a chance to take.

Royalists Start Drive For Ex-Kaiser's Return

Berlin, Sept. 24.—German royal-
ists have begun another campaign of
propaganda for a return of the mon-
archy. Pamphlets are being circu-
lated among the troops contrasting
"The glorious days of Hohenzollern
sway" with the state of affairs under
a government which "is the protector
of criminals."

The front page of the pamphlets is

adorned with two photographs—a
family group of four generations of
the Hohenzollerns and a picture of
President Ebert and Minister of Na-
tional Defense Gustav Noske attired
in bathing suits.

Distribution of the pamphlets was
assured by the connivance of roy-
alist army officers who saw to it that
large numbers of them were circu-
lated among the soldiers.

SIMILARITY OF NAMES PUTS IN F. T. BURRELL

Thousands Vote for Him Thinking
They Were Nominating C. L. Bur-
rill, State Treasurer.

Boston, Sept. 24.—Nomination by
the Republicans of Massachusetts of
Representative Fred J. Burrell of
Medford as their candidate for state
treasurer in the primaries came as
the greatest surprise in the politics
of the state in years. Burrell's vic-
tory was generally credited in po-
litical circles today to the similarity
of his name to that of the retiring
state treasurer Charles L. Burrill,
who has served the statutory limit
of five years. It is believed that thou-
sands of voters cast their ballots for
Burrell thinking they were voting
for the state treasurer.

Burrell led Col. Frank Perkins,
of Salem, the Yankee division hero
and the other four candidates by a
substantial margin. A cry of "scrap
the popular primary" and return to
the convention system for the nomi-
nation of state officers was made in
some political quarters today.

The Democrats for the second time
nominated Richard H. Long, the
Framingham manufacturer, as their
candidate for governor. Long re-
ceived about five times as many votes
as his nearest opponent, former gov-
ernor Eugene N. Foss, who was mak-
ing his sixth gubernatorial fight.
Governor Calvin Coolidge was un-
opposed in the Republican primaries.

RAILROAD BROTHERHOODS WILL HAVE 4 DELEGATES

These Will Be Added to Fifteen
Representatives of Labor at Big
Industrial Conference.

Washington, Sept. 24.—To pro-
vide the big railroad unions with
representation at the White House
industrial conference on October 6,
President Wilson, through Walker
D. Hines, director general of rail-
roads, has suggested that four dele-
gates from the railroad brother-
hoods be added to the fifteen repre-
sentatives of labor named by Samu-
el Gompers. Frank Morrison, secre-
tary of the American federation of
labor, said today that the sugges-
tion had been received by the railway
employees' department of the federa-
tion, and was under consideration.

In making his list of appoint-
ments, Mr. Gompers included only
American federation of labor offi-
cials or officers of international un-
ions affiliated with the federation.
The only one of the fifteen delegates
named by him who represents any
of the 2,200,000 organized railroad
employees is Wm. H. Johnston, pres-
ident of the international machin-
ists union.

"BABE" OUT FOR RECORD.

New York, Sept. 24.—"Babe"
Ruth will have an opportunity to
shatter all existing home run re-
cords here today when the Red Sox
tackle the Yankees in a double
header. He has already tied the
record of 27 homers, made by Ed
Williamson in 1884 and hopes to
better it today.

PRESIDENT VERY BITTER AGAINST ANTI-LEAGUERS

"So Long as I Live I Will Accept the
Issue That Peace of World De-
pends Upon America."

On board President Wilson's special
train en route to Cheyenne, Wyo.,
Sept. 24.—With a declaration of war
on his lips and a demand that the
Senate of the United States shall ac-
cept the issue of ratification of the
Treaty of Versailles as a guarantee
of peace or its rejection as a declara-
tion that war must continue, Presi-
dent Wilson moved eastward today.

The President has decided that the
issue has been raised by his oppo-
nents. Last night in the tabernacle
of the Mormon church Mr. Wilson
explained his position. In effect he
said:

U. S. as German Ally.
1—Any rejection of this treaty
leaves the United States as the ally
of Germany.

2—Amendments to this treaty
which make necessary resubmission
to any signatory power, including
Germany, defeats the objects of the
war.

3—Opponents of the treaty must
consider whether their "benovolent"
stand makes for reconsideration,
without their believing that this is a
fact, or whether the advocates of
"amendments" shall be able to say
to the world that the United States
is not to be a party to the treaty.

The President was extremely bit-
ter last night. While he did not
make any reference to the issue of
the campaign to come, he made it
plain that "so long as I live" will I
accept the issue, that the "bleeding
heart" of the world depends upon
America."

PROF. MUNRO TO SPEAK AT HARVARD SMOKER

Elliot Wadsworth Also to Address
Connecticut Harvard Men at Meet-
ing Friday Night in Hartford.

Hartford, Conn., Sept. 24.—Elliot
Wadsworth of New York joint chair-
man of the Harvard Endowment
Fund, and Professor William Ben-
nett Munro of the department of
Civil Government at Harvard Uni-
versity, will be the speakers at a
smoker for all Connecticut Harvard
men to be held at the Hartford Club
Friday evening, at 8 o'clock. The
speakers will outline the needs of
the college, but no funds will be
solicited at the meeting. Arrange-
ments are being made to put up
Harvard men from other cities over
night.

Previous to the general smoker
there will be a dinner for the mem-
bers of the Connecticut General
Committee and an executive meeting
at which Mr. Wadsworth and Pro-
fessor Munro will outline the meth-
ods of appeal to be made in soliciting
for the Endowment Fund.

DUNDEE WINS.

Boston, Sept. 24.—Johnny Dun-
dee today holds a 12 round decision
over Charley Parker, local light-
weight. Dundee was the aggressor
throughout the 12 rounds.

EUGENE DEBS SAYS LEAGUE WILL FAIL WITHIN TWO YEARS

Predicts the Overthrow of All
European Nations By
That Time.

NOT SEEKING PARDON; LIKES THE PRISON LIFE

Well Known Socialist Says Wilson's
Industrial Conference Will Also
Fail—Two Classes Will Never
Harmonize.

Atlanta, Ga., Sept. 24.—Eugene
V. Debs is not personally seeking a
pardon from the president, has re-
nounced none of his principles and
will serve out his ten year term and
for the rest of his life, if necessary,
if it requires a surrendering of any
of his principles to get a pardon, he
said at the federal pen in Atlanta
today. Debs said Clarence Darrow,
Chicago lawyer, was interested in
his case and had discussed with Sec-
retary of War Baker and Attorney
Gen. Palmer the question of obtain-
ing a pardon. He said the matter
had been discussed with the presi-
dent with the result that word comes
to Debs that "now is not the time"
for the granting of the clemency.

There is a germ of revolution in
the strike of the steel men now in
progress, according to Debs.

Predicts More Strikes.
"All the classes of labor that have
grievances are watching the strike
of the steel men," Debs declared. "If
they lose next month it will be the
railroad workers, unless they are
given their demands. All of this
serves its purpose. Some day they
will all strike together."

League to be Failure.
Debs declared that the League
of Nations will be a failure because
within two years there will not be
any of the governments of Europe
that signed it in existence. He pre-
dicted the overthrow of all these gov-
ernments through an exercise of the
"real will of the people against the
masters."

"It makes no difference whether
you call it a republic, kingdom, ab-
solute monarchy or despotism it is
the same old system. The people
have at last found out that they own
the earth and they are getting ready
to take charge of it," he said.

Conference to Jail Also.
"Debs said President Wilson's
conference termed the "round table"
which will be held in Washington
next month will not achieve any re-
sults. "It is calling together repre-
sentatives of the master class and
the wage earners. These two classes
have fought an age old struggle, the
culmination of which is in sight.
You just as well might try to har-
monize fire and water as to try to
bring them together at that confer-
ence," he said. Debs said he is
enjoying good health and good treat-
ment at the prison. He said he had
asked no favors and wants none. He
said he has given the matter of get-
ting out no thought. "I simply feel
that I am continuing my work as
usual. I feel like this prison is my
office and that I am conducting my
affairs uninterrupted by prison
bars," he said.

GERMANS CHARTER SHIPS TO BRING BACK PRISONERS.

Berlin, Sept. 24.—In order to facili-
tate the return of German war pris-
oners from England ten steamers
have been chartered and will sail to
bring back the repatriated captives
as soon as the German government
is advised as to the British port of
debarcation.

MOTHER JONES ARRESTED BUT SOON DISCHARGED.

Pittsburgh, Sept. 24.—
"Mother" Jones, the gray
haired grandmother of indus-
trial disturbances, was freed
today following her arrest in
the steel mill districts on Sep-
tember 7 last. She came be-
fore Magistrate Richard Ken-
nedy and was permitted to go
without a fine.
"What is your age?" queried
the court.
"Ninety on the first day of
next May."
"Where is your home?"
"Wherever there is a good
fight for freedom going on,"
replied the old lady vigorous-
ly.
"You may go."

GARY AND FITZPATRICK WON'T MEET TOMORROW

Steel Director and Head of
Workers Were Called
to Testify.

JUDGE CALLED AWAY

Senate Committee is Investigating
Steel Strike—Meeting Postponed
a Week.

Washington, Sept. 24.—Judge El-
bert H. Gary, chairman of the board
of directors of the United States
Corporation, and John Fitzpatrick,
chairman of the national committee
organizing the steel workers, will
not face each other tomorrow when
the Senate Committee on Education
and Labor opens its investigation of
the steel strike.

Gary Can't Come.
Judge Gary last night telegraphed
Senator Kenyon, chairman of the
investigating committee, stating it
would be inconvenient for him to ap-
pear tomorrow, and requesting that
his appearance be postponed until a
week from today. Senator Kenyon
stated today that the request had
been granted. At the same time he
announced the receipt of a telegram
from Fitzpatrick stating that he
would be on hand tomorrow.

This development robbed the in-
vestigation of what promised to be
a dramatic feature. The fact that
the recognized leaders of the steel
industry and of steel labor were
scheduled to face each other on the
opening day of the inquiry had cre-
ated the keenest of interest in the
proceedings.

CHILEAN CABINET QUILTS; BERMUDEZ IS NEW HEAD

Our State Department Notified of the
New Ministry That Has Just Been
Formed.

Washington, Sept. 24.—The Chi-
lean cabinet has resigned, the State
Department was advised this after-
noon, and a new ministry formed as
follows: Enrique Bernudez, prime
minister and minister of the interior;
Luis Barros Borzono, minister
of foreign affairs; Julio Philippi,
minister of finance; M. Concialar,
minister of public works; Anibal
Rodriguez, minister of war and navy
and Julio Amor, minister of justice.

STRIKE NEAR SETTLEMENT.

Boston, Sept. 24.—Peace was be-
lieved to be near in the policemen's
strike today. A committee of prom-
inent business men who have inter-
ested themselves in bringing about
a settlement together with several
men of prominence in political and
labor circles were said to be awaiting
a conference with Gov. Coolidge.
This conference it was said was ar-
ranged by Henry B. Endicott, mil-
lionsaire shoe manufacturer, one of
those invited by President Wilson to
the October sixth labor conference
at Washington.

FIRST SIGN OF WEAKNESS NOTED IN CHICAGO DISTRICT

Four Large Furnaces Start Work and 2,500 Men Are Back
at Work—Trouble Reported in Several Steel Towns—
Strikers Depending Now on Sympathetic Walkout of Rail-
road Men in Pittsburgh District.

Pittsburgh, Sept. 24.—With the
strike situation in the Pittsburgh
district practically deadlocked so far
as extension of the tie-up here is
concerned, labor leaders today turned
their attention to other methods
to force the steel operators to deal
with them.

Their chief weapon is the "sympa-
thetic" strike. By effective use of
this method they hope to bring the
mill owners to terms. Already, ac-
cording to directors of the strike in
this district, the switchmen and
yardmen who operate the cars which
feed the mills are growing "restless"
in sympathy with the strikers.

Railroaders Restless.
"Our reports," said Wm. Z. Fos-
ter, secretary of the strikers organ-
ization, show that yardmen and
switchmen are getting restless. They
are becoming incensed over the
treatment accorded us in this dis-
trict—suppression of free speech,
"cossack" methods of oppression, ar-
rest of union men and denial of the
right of free assembling. We have
reports that the railroad workers in
Youngstown and Cleveland already
have refused to operate the cars
which take raw products into the
mills and bring out the finished ma-
terial."

Leader Goes to Capitol.
The extension of the strike to
these "sympathetic" industries will
be the principal topic to come before
the meeting of the full national com-
mittee here today. John Fitzpatrick,
chairman of the committee, came
here from Chicago to preside over it.
He will go on to Washington to-
night, it was stated, to appear be-
fore the Senatorial Committee which
is to delve into the causes of the
strike.

Strikers' Grievances.
The strike heads also will give
considerable attention to their
"grievances" in the Pittsburgh dis-
trict, which they assert consist of il-
treatment of strikers by "Cossacks"
(state constabulary), denial of the
right to meet, arrest and oppression
of men merely because they are
strikers, etc.

Against these allegations of the
strike leaders, spokesmen for the op-
erators charge foreign-born strikers
with intimidating the wives and
children of the loyal employees,
threatening them with death and in-
jury, burning their homes, etc.

Situation Unchanged.
The strike went into the third
day today with the situation prac-
tically unchanged. In the districts
outside of Pittsburgh the tie up of
the industry seemed fairly complete.
The great steel centers of Youngs-
town and Wheeling were paralyzed.
Pittsburgh and the dozen big mill
towns immediately surrounding it
continued to be the stronghold of
opposition to the strike. It was
even asserted by the operators that
more men went to work today than
on Monday. The strikers denied
this, but the fact remained that the
wheels continued to turn in and
around Pittsburgh with seeming
regularity.

Officials believed there was little
prospect of trouble in the immediate
Pittsburgh district. It is literally
swarming with state constables,
special police and ex-service men
sworn in as deputies. Three per-
sons were injured in a small out-
burst of trouble near the thirty third
street plants last night, but it was
squelched and did not again break

out. Further update, however, the
situation was somewhat more alarm-
ing. Rioting at Farrell was renewed
with one killed and several injured.
Cleveland Tied Up.

Cleveland, Sept. 24.—With every
iron mill in the Cleveland district
"dead" and steel plant operations go-
ing on in only two or three instances
to a limited extent, the steel strike
tie-up in the Cleveland district con-
tinued complete today.

Deporting Strike Breakers.
Possibility of trouble is believed
to have been averted by the prompt
action of city authorities in deport-
ing strike breakers. Following
complaint of strike leaders to Mayor
Davis that strike breakers were be-
ing imported by one mill, police last
night met a squad of 59 from Detroit
at union station and escorted them
to central police station for investi-
gation as suspicious characters. Up-
on agreeing to return to Detroit they
were placed on the night boat for
that city.

Mayor Davis in a statement said
he desired to prevent the bringing
of undesirable characters into the
city and would continue to exercise
the most careful scrutiny of all per-
sons coming into the city during
the period of industrial unrest.

Slight Disorders.
Slight disorders last evening re-
sulted in calling out of the police,
but in each instance the trouble was
over before the arrival of the offi-
cers. At one plant stones were
thrown at workmen leaving the mill
but no one was injured. At another
the plant was stoned but no damage
caused.

**Strike Leaders Said Their Ranks
are Holding Firm and that new ad-
ditions have brought the number of
men out to slightly over 25,000.**

FOUR PLANTS RESUME.

Chicago, Sept. 24.—The first sign
of weakening among the steel strik-
ers in the Chicago district was noted
today when four large blast fur-
naces, banked by the steel strike,
resumed operations in the plant of
the Illinois Steel company, at South
Chicago.

At the mill it was announced that
a steel slab mill and a blooming mill
will resume operations late today.

Between 2,000 and 2,500 men
were reported inside the mill today.
The number in the mill late yester-
day was placed at 1,500.

Further disorders during the
morning caused the police guards in
the mill districts to be doubled.
Patrolman Hack was severely
beaten near the Otis plant when he
endeavored to force a crowd to move
on. When attacked the patrolman
fired three shots, one of which took
effect. Police reserves are searching
for the victim.

Nine arrests were made before
noon as a result of the incipient
riots.

Police fear further trouble this
afternoon at the plant of the Amer-
ican Steel and Wire company when
the men gather to be paid off.

FARRELL, PA., QUIET.

Farrell, Pa., Sept. 24.—Forty ad-
ditional troopers of the Pennsylvan-
ia state constabulary arrived here
during the night to reinforce the
25 already here in suppressing riots
which already have caused three
deaths and many injuries in the steel
strike. They came from Clairton.
Today the streets were being pa-

SILK MAKERS ARRANGE FOR BOWLING SCHEDULE

Will Include All Departments of Cheney Brothers—First Game to Be Bowled Oct. 6th.

At a meeting of the officers of Cheney Brothers Inter-Departmental Bowling League held at the Recreation Center, a schedule was arranged for the first of four quarters of the season. The league will consist of eight teams. The alleys to be used are the Brunswick, Center and Hose house. The first games will be bowled on Monday evening, October 6th. Following is the schedule:

Oct. 6, 1919.
Old Mill vs. Main Office at Hose House.
Velvet vs. Weaving Mill at Center.

Spinning vs. Electrical at Brunswick 1 and 2.
Ribbon vs. Machine Shop at Brunswick 3 and 4.

Oct. 13, 1919.
Old Mill vs. Velvet at Center.
Main Office vs. Machine Shop at Brunswick 1 and 2.

Spinning vs. Weaving at Brunswick 3 and 4.
Ribbon vs. Electrical at Hose House.

Oct. 20, 1919.
Old Mill vs. Spinning at Brunswick 1 and 2.
Main Office vs. Velvet at Brunswick 3 and 4.

Ribbon vs. Weaving at Hose House.
Machine Shop vs. Electrical at Center.

Oct. 27, 1919.
Old Mill vs. Ribbon Mill at Brunswick 3 and 4.
Main Office vs. Spinning at Hose House.

Velvet vs. Machine Shop at Center.
Electrical vs. Weaving at Brunswick 1 and 2.

Nov. 3, 1919.
Old Mill vs. Electrical at Hose House.
Main Office vs. Ribbon at Center.

Velvet vs. Spinning at Brunswick 1 and 2.
Machine Shop vs. Weaving at Brunswick 3 and 4.

Nov. 10, 1919.

Velvet vs. Electrical at Hose House.
Spinning vs. Ribbon at Center.

Utmost Value in Heating \$114

World's Greatest Invention

New IDEAL-Arcola Radiator-Boiler

Puts IDEAL HOT WATER HEATING comfort at low cost in cottages, flats, or stores, with or without cellars.

The IDEAL-Arcola takes the place of a parlor stove. But a stove wastes much of its heat up the chimney, whereas the IDEAL-Arcola is water-jacketed, and conveys its heat by hot water circulation through pipe-connected AMERICAN Radiators stationed in the adjoining rooms. Every bit of the big volume of heat developed from each pound of fuel is therefore made useful in keeping ALL the rooms uniformly, healthfully warm. There is no coal-waste. The IDEAL-Arcola does not rust out or wear out—will outlast the building—is a genuine, permanent investment!

Shipped complete ready for immediate operation

The beauty of the IDEAL-Arcola method is that no cellar is needed. Everything is on one floor. The Arcola is placed in any room that has a chimney connection. No running to cellar. If there are two or more tenants in the building, each can have his own Arcola and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL-Arcola and later on buy extra sections for the IDEAL-Arcola and two or three more radiators to warm more rooms.

Cleanly heating—healthful heating—free from fire risk!

Unlike stoves, there are no coal-gas leaks into the living-rooms. The IDEAL-Arcola delivers the soft, radiant warmth of hot water—not the dry, burnt-out atmosphere of stove heating. There is no fire-risk to building—no danger to children—fire lasts for hours! The Arcola burns hard or soft coal, coke, gas, or wood. Brings cost of heating down to the lowest notch—and gives IDEAL comfort.

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). Write today.

THE QUESTION OF RENTS.

If the landlord who raises rents is a profiteer, what shall we say of the man who sells a house and lot for twice what it cost him? It is right for an owner to sell a building for more than he paid for it, then it is equally right for the new purchaser to raise the rent to pay a fair interest on the increased investment.

Rents in Manchester, compared with other places of its size and layout, have been low. Here we rarely find a house of more than two tenements, and almost every house is surrounded by a large yard.

The custom of building isolated homes dies hard in this place. Instead of building larger apartment houses which are more economically maintained and which more fully utilize the land, we are building smaller and smaller.

Few can afford to build single houses to rent at present prices. The rental required to make them pay would seem excessive. But Manchester needs more rents, and we believe the problem of a central, comfortable and at the same time reasonably priced home will be solved by breaking away from the present local style and building apartment blocks of six or more modern home suites.

Although this country was the birthplace of the airplane we are behind other countries in the commercial use of the invention. A daily aerial mail service between Washington and New York has been operated for the last fifteen months and one between New York and Chicago for a shorter period.

Our neighbor Rockville has our sympathy in its misfortune. Its woolen industry has made the city famous and the closing of its great mills because of the walk-out of the weavers and spinners will for the time being paralyze all branches of local trade.

ment. The strike cannot be of long duration without causing serious hardship, for there is no other work in the city for the strikers. The strike is not supported by the American Federation of Labor.

Voters must be prepared to meet a considerable increase in local taxes the coming year. If Manchester had been made a city, it would have been claimed that the increase in expenses was due to that action.

The young man who killed his wife on Union street Monday saved the State of Connecticut a lot of money when he discharged the smoking revolver into his own heart.

It is definitely announced that General Leonard T. Wood is in the race for the presidential nomination on the Republican ticket and headquarters in his behalf have been opened in New York by John T. King of Bridgeport, a member of the Republican national committee.

The Hartford Courant this morning asserts very positively that Governor Holcomb will not call an extra session of the legislature. The governor himself is yet to be heard from.

We shall be interested to see what the selectmen's report has to say about the municipal ice plant concerning which the board was so conspicuously active in the early summer.

It is now publicly announced that there is a shortage in corsets. Somehow we have had a suspicion to that effect all summer.

DR. WELDON EXPLAINS. To the Editor Manchester Herald: On reply to the reports of the Herald, Post and Courant of Sept. 23, of my remark of Police Commissioner Willis, I wish to state that I meant no slur on the commissioner, and intended only to convey my opinion that many men nowadays are prone to use habitually too much profanity.

FRENCH WANT AMERICAN TOURISTS TO VISIT THEM

Paris, Sept. 24.—Reports that the American tourist invasion of the battlefields will begin in September have caused pleasure in Paris. At the same time they have startled the French into realizing that no measures have been taken adequately to accommodate any considerable number of visitors in the fighting zones.

The various Allied peace commissions are surrendering the Paris hotels requisitioned for the conference, but it is quite certain that Paris will not be able to cope with a big demand for rooms on the part of American tourists. It is realized that tens of thousands will want to make Paris their headquarters and that the actual time spent in towns behind the fighting line will not exceed a couple of days at each base.

Local Housewives Complain Of Receiving Short Weight

Sealer of Weights and Measures Henry L. Wilson Testifies Scales of Merchants—Fault Usually Lies in Cheap Domestic Scales—Law is Severe for Offenders.

In the past few days Henry L. Wilson, Town Sealer of Weights and Measures, has received several complaints from local housewives relative to underweight. These people have complained to Mr. Wilson that they have purchased commodities, which, when weighed at home, have been several ounces under the standard pound.

Mr. Wilson has devoted a considerable portion of his time to investigating these cases and in a number of instances has found that the trouble lies in the cheap scale commonly used in the household. Yesterday a woman came to the sealer with the complaint that she had been cheated in weight. Mr. Wilson tested the scales of the merchant with whom the woman had traded and found that the merchant's scales were correctly adjusted.

The local official however, has decided to test and seal the scales of a number of merchants and in the future all merchants who do not discard scales which have not been approved on test will lay themselves liable to prosecution. The townspeople are depending upon the scales of the merchants for fair weight and Mr. Wilson has been fair in the matter of not allowing any publicity that would undoubtedly injure the business man who resorted to cheating his customers.

In reference to complaints received on the short weight of coal, Mr. Wilson said that he had tested all the scales about town and had found them to be perfect. Even the wagons are checked up at their correct weight. Mr. Wilson mentioned an instance which happened a short time ago when a state policeman stopped a coal wagon in town. The wagon, which was loaded, was ordered back to the coal yard. The wagon and coal were weighed, the coal dumped out, and then the wagon weighed. The inspectors found that the scales did not vary over an ounce. The measurement of fire wood is a matter which is not within the local sealer's jurisdiction. All complaints however are turned over to the state police department for investigation.

The penalty for short weight as interpreted in Chapter 280, Section 7 of the Public Acts of 1911 is as follows:

Section 7. Penalty. Any person, who, himself or by his servant or agent, or as the servant or agent of another, shall offer or expose for sale, sell, use in the buying or selling of any commodity or thing or for hire or reward or retain in his possession a false weight or measure or weighing or measuring device which has not been sealed by the sealer of weights and measures within one year; or who shall dispose of any condemned weight, measure, or weighing or measuring device contrary to law, or remove any tag thereon by a sealer of weights and measures; or, who shall sell, or offer or expose for sale, less than the quantity he represents, or sell or offer or expose for sale any such commodity in a manner contrary to law; or who shall sell or offer for sale, or have in his possession for the purpose of selling, any device or instrument to be used to, or calculated to, falsify any weight or measure, upon a first conviction, be fined not less than twenty dollars nor more than two hundred dollars, or imprisoned for not more than three months, or both; and upon any subsequent conviction shall be fined not less than fifty dollars nor more than five hundred dollars, or imprisoned in the county jail for not more than one year, or both.

Section 8 of the same chapter goes on to state that: Section 8. Arrest may be without warrant. The superintendent of weights and measures, his deputy and inspectors, and the county and city sealers of weights and measures shall each have power to arrest without warrant, any violator of the laws in relation to weights and measures, and to seize, without warrant, for use as evidence, any false or unsealed weight, measure, or weighing or measuring device, or package or amount of any commodity, found to be used, retained, offered or exposed

for sale, or sold in violation of law. The penalty for interfering with a state official in the performance of his duties is laid down in Section 9. It reads: Section 9. Penalty for interference with officials. Any person who shall hinder or obstruct the superintendent of weights and measures, his deputy, or any inspector, or any county or city sealer, in the performance of his official duties, shall be fined not less than two dollars nor more than two hundred dollars, or imprisoned for not more than ninety days, or both.

LEADING MAN DESERTS STAGE FOR THE PULPIT

Pastor of Christ Episcopal Church of New Haven—Once in Stock Company—Always Liked Religious Roles.

New Haven, Sept. 23.—Time is healing the breach which once existed between the church and the stage. Christ Episcopal church here has on its clergy staff a former leading man of a New Haven stock company—the Rev. Charles C. Carver. Religious characters always were Mr. Carver's favorite roles on the stage. In such parts, he always proved a favorite. Being a stage ecclesiastic soon became so fascinating, however, that there developed an overwhelming desire to play a clerical part permanently in life.

Mr. Carver went to Bishop Brewster of Connecticut and had little difficulty in getting Episcopal sanction for his new ambition. After a year's study at the General Theological Seminary in New York he took the first step last December in becoming a priest of the Episcopal church when Bishop Brewster ordained him as a deacon.

Recruiting men who are successful in secular work for the priesthood is one of the activities of the Episcopal Nation-Wide Campaign now in progress. The campaign aims to provide such adequate clerical salaries that other men who have a desire to enter the priesthood, will not be prevented from doing so because clergymen are not paid a living wage.

NEW LIBERTY QUINTET FROM H. S. ARTISTS

Former High School Stars Under Name of Liberty Team Invite Any Aggregation That Knows Rudiments of Basketball.

Another fast basketball quintet has been formed of local stars. This new team will be seen and known on the floor as the Liberty team. It will be composed of the following players: "Bennie" Clune, "Bob" and Fred Finnegan, Paul Ballsieper, Harry Sandeen, "Sport" Lundin and "Bobbie" Crockett. Henry Smith, last year's successful manager of the local high school team is to have the managerial duties of the quintet upon his shoulders.

All the players are well known to basketball enthusiasts. They gained their playing skill and practice at the local high school. Most of the players were graduated from the school last June. "Bennie" Clune was the star player of the Charter Oaks, champs of the "Rec" league last year. Bob Finnegan was star forward of the high school team last year. Fred Finnegan has gained the reputation of being one of the best basketball guards in town. Paul Ballsieper is an excellent man at center position as he proved while with the high school. Sandeen and Lundin are both guards of high type and Bobbie Crockett captained the high school for three years. His ability both as player and captain are well known in local sport circles. The quintet seeks games with all comers.

CHINA DECLARES WAR WITH GERMANY ENDED.

London, Sept. 24.—China has declared the state of war with Germany at an end, according to an Exchange Telegraph dispatch from Berlin today. It stated that the German Foreign Office has been officially informed by the President of China that the state of war between China and Germany is ended.

Furniture of Quality at Moderate Prices

The kind of furniture you buy of us is the kind you will be proud to own. Correct in design, beautiful in finish, and priced very moderately. We invite you to come and see our displays—know for yourself that it is possible to buy Quality Furniture at prices you can afford.

HOOSIER

The Kitchen Cabinet that saves miles of steps

if

—if we can show you how the Hoosier will save many steps each day, and

—if we can prove that your kitchen work can be done in less time with a Hoosier to help,

—will you devote a few minutes to a personal investigation of this kitchen cabinet?

—then come and see the Hoosier demonstrated. We guarantee that an early visit will be well worth while.

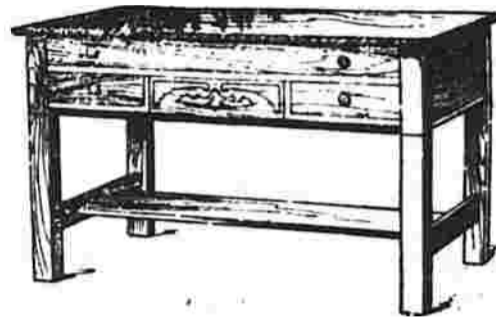

Heat when and where you want it Perfection Oil Heaters

These little heaters measure about twenty-five inches high and twelve inches in diameter. They are light in weight and easy to carry from room to room.

They burn kerosene oil—the ideal fuel. Easy to operate and easy to care for. There is nothing fussy or complicated to bother you.

Warmth and cheer are yours, once you buy a Perfection. Price \$5.50.

Kirsch Flat Curtain Rods

Kirsch Flat Curtain Rods make pretty curtains look their best. The flat shape means sagless strength—smooth neat hems—correct heading without artificial stiffening.

Displays Your Curtains Attractively

The Table Bed

There is a Ta-Bed suitable for your home whether it be small or large.

Making Two Rooms Out of One

Kirsch Flat Curtain Rods are sturdy and strong. Finished in velvet brass or white. Stay like new for years. By far the cheaper in the end. Fit any window.

Let us show you these rods and tell you more about them.

A real table when closed—extremely attractive. A practical and comfortable bed when open. The Ta-Bed is easy to handle and easy to move about. It is built away from the floor, keeping the bedding at all times well ventilated and free from dust or dirt. Price \$85.

BLUNT YANKEE JARS BRITISH INDUSTRIES

London, Sept. 24.—One of the straightest messages that American business has delivered its British cousin during all the recent months of fears regarding the "American invasion" was brought to England by Sir Herbert Rowell, a member of the advisory council of the Ministry of Reconstruction.

It was given him by an American shop owner as follows: "People such as myself, who began life as British boys, cannot help feeling sorry for Britain's decline, but as American citizens and businessmen we intend to take every advantage of it. We reckon that you have practically lost the coal export trade."

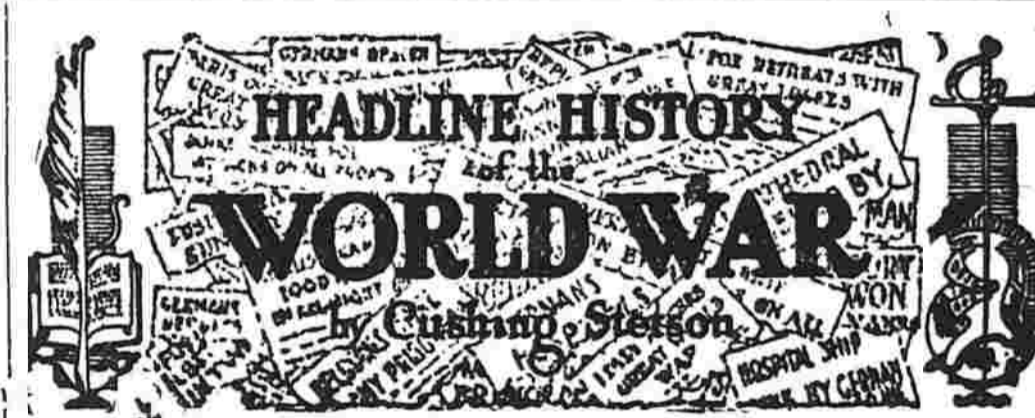

The "hurtful" thing about this message from American "big business" is that it speaks of Britain's decline as already an accepted fact, as actual, not merely threatened. Big business in Britain hasn't reached the stage yet of facing the decline as "actual." All the discussions are based on the danger of a decline in British foreign trade.

Yet the newspapers are full of news of American achievement in the trade field. The Daily Mail estimated that the orders waiting and filling on the continent of Europe today total \$3,500,000,000. Europe's immediate needs in food materials, supplies, clothing, machinery and other products are more than three billion dollars.

And England must sell for cash refusing to extend credit. America is extending wide credit to continental buyers, and America is getting the business.

The Daily Mail summarizes the reasons for England's lost trade as follows:

- 1. Transport disorganization, due to lack of railway wagons and engines and slowing down of work at the docks and on the railways.
2. High prices of raw materials, especially coal, upon which this country depends for the motive power of industry.
3. Labor unrest, which makes it impossible to quote firm prices for goods sold abroad.
4. Cessation of credits to France, Belgium and Italy, which are buying in the cheaper German market or taking credit from the United States.
5. Taxation, which is taking half of all incomes over \$50,000 a year, making it impossible for men to develop their business.
6. High rates of interest on capital, which are hampering the de-

(Clip and paste this in your scrap-book) Copyright 1919, New Era Features. What Happened Sept. 23

- SEPTEMBER 24.
1914. Allies capture Peronne; Germans take Varennes—1,200 British cooperating with Japanese before Klucho-Chau—32,000 Canadians on way to front—Great Austrian fortress at Cracow now menaced by Russians.
1915. Russians retake Lutsk fortress, capturing 4,000 prisoners; Dvinsk line holds firm—U-boat spares crew even when vessel flees; Washington gratified at new policy—Mexicans raid Texas village, kill a trooper.
1916. Russian attacks on Sereth river repulsed in fierce battle—Allies advance on Saloniki front; British cross the Struma river at three points.
1917. French fire checks German attack before Verdun—Argentina orders Navy to mobilize—"Democratic Congress" planned in Russia; Kerensky cabinet uneasy as Bolshevik gain power.
1918. Von Hertling admits to Reichstag situation is grave but says public discontent is unwarranted—Serbians take Prifep; British occupy Doiran in Balkan drive; 12,000 Bulgars captured with 140 guns—British advance northwest of St. Quentin; French attain city's outer defenses to the south—New Liberty Loan offered; \$6,600,000,000 at 4 1/4 per cent.

development of new industries started during the war, which should now be capturing Germany's former markets. All these things mean high prices, and high prices mean underselling by America, Japan and Germany.

SERVANT GIRLS OVERPAID SAYS RICH EMPLOYER

Aurora, Ill., Sept. 24.—Miss Ann Frazier, one of Aurora's wealthiest women, replying to a demand of servant girls for an increase in wages says they are "overpaid and frivolous." They should not be paid more than four dollars a week and should be satisfied with gingham dresses and cotton stockings which cost no more than fifty cents, she says.

"At the present time her lodging and board cost her employer many dollars a week", said Miss Frazier, speaking of the servant girl demand for increased wages. "As a usual thing instead of practicing economy and thrift she is actually wasteful and by her ignorance and carelessness adds unnecessarily to the cost of maintaining the home. This should be taken into account in de-

termining the value of her services. Housemaids at even four dollars a week have more money to spend for clothes than many mistresses have. "As conditions now are the women who have plenty of money and who spend it freely and extravagantly are largely those who in factories and homes are drawing the generous wages commonly given. They clamor for more than they are capable of earning in order that they may dress more expensively than is fitting. Probably a majority of these workers give less or poorer service than is due for the pay they are now getting.

"It is the one ambition of the majority of them to make a fashionable appearance, and this, I was assured by a girl with whom I was discussing the question of costs. She says that with silk stockings at \$3.50 a pair and voile waists at \$7 apiece one must have money. When I suggested to her that she buy gingham or other durable material for her dresses rather than gauzy fabrics and select good cotton hose at not more than 50 cents a pair instead of flimsy silk, she said that one had to dress in order to be 'in it.' Dress and fun is all that foolish, ignorant girls see in life worth effort, and, of course, the more money one has the easier it is to obtain flaunting apparel and engage in frivolous pleasures."

MORE THAN 200 MEDALS READY AT WAR BUREAU

Waiting to Be Claimed by Owners—
Delay Caused by Engravers—A
Hundred More Ordered.

There are about 275 medals at the War Bureau in the House and Hale building waiting for the owners to call for them. Ex-service men, soldiers from the Army and sailors from the Navy have been patiently, and some not so patiently, waiting these tokens. For a long time the medals have been at the engravers for the inscription of the name and rating. Not all of the men who have been discharged will find their names in the list below for there are still about a hundred medals at the engravers. Efforts are being made to have these finished so that they may be distributed.

The list of ex-service men and women who may obtain medals by calling at the War Bureau follows:

Medals are at the War Bureau for the following:

Herbert Ahlgrim, Arthur D. Aiken, Bessie Anderson, Ellis J. Anderson, Camillo Andisio.

Edward W. Burrell, Wm. D. Black, Carl G. Birath, Charles Bean, Arnold Baumberger.

Anna LeLacy Cary, C. S. Caspersen, Joseph W. Chamberlain, Ward Cheney, G. W. S. Chartier, T. J. Crockett, John Conlon.

TROTZY MAKES THREATS AGAINST THE ENTENTE

Bolshevik Minister of War in Fiery
Speech Talks About Fighting the
Allies.

Helsingfors, Sept. 24.—Threats against the entente and Estonia are breathed in a fire-eating speech by Leon Trotzky, the Bolshevik minister of war, in a speech to the Petrograd soviet, according to advices from Petrograd today.

"The western front has hitherto been of secondary importance because the enemy has not got big reserves there," said Trotzky. "When we have crushed Kolchak and driven back Denikin we will turn our attention to the other enemy forces in the west. For a complete triumph you must stand firm on the Petrograd front, for Petrograd is the eye through which to survey events in the west."

"We do not want to continue war against Estonia and Finland. Our real struggle must be waged against England and the entente. We offered Estonia and Finland peace."

"With clenched teeth and closed fists, when the proper time comes, we will turn our guns against Estonia."

MEN RETURNING.

Newcastle, Pa., Sept. 24.—After a night of peace in the strike zone and the entire city, American workmen of the Shenango and Newcastle plants of the American Sheet and Tin Plate Company today returned to work in greatly increased numbers.

The tinplate mills was operating about 40 per cent of capacity last night and better than 50 per cent of the sixty hot mills of these plants were in operation today. The Carnegie steel plant is operating near capacity.

The police have the situation well in hand. The Shelby plant of the National Tube Company at Elmwood City is operating as usual today. The city is quiet.

NEGROES BADLY BEATEN. FINE FOR VIOLATION

Cleveland, Sept. 24.—First serious trouble in the Cleveland steel strike came today when strikers attacked three negroes as they endeavored to enter the plant of the American Steel and Wire Company at Newburgh.

According to the police two of the negroes were armed with knives and in the melee that followed three men were stabbed, one seriously. Two of the negroes were badly beaten.

The negroes sought refuge in the street car but the crowd followed it to the next stop, raining bricks and stones on its roof and through the windows. The police rescued the negroes.

CARMEN MAY GO OUT IN BIG STEEL STRIKE

(Continued from Page 1.)

It is said that a house to house search will be made for weapons in the foreign quarters under Captain Adams of the constabulary.

The toll of last night's rioting was one man dead, and one man and a woman severely injured. Others suffered bruises and abrasions. State troops charged into the crowds after being showered with bricks and bottles. It is said they fired first in the air to intimidate the mob and when that method failed to disperse it, they shot to kill.

The town was quiet today.

TEN MEN INJURED.

Chicago, Sept. 24.—Ten men, non-strikers, steel workers, are in hospitals today, severely beaten in the first clash between striking steel workers and those who refused to join the strike at the Mark Manufacturing company plant in Indiana harbor last night.

The fight, between 450 strikers and about 50 men who remained at work, is the first serious disturbance to be reported in the Chicago district since the steel workers went on strike last Monday.

The men were attacked with bricks and clubs, according to the police, as they were leaving the plant.

Riot Call Sent In.

Indiana Harbor police responded to a riot call sent in by guards at the plant. The police dispersed the mob but as they started back the patrol was stoned. The officers started after the men with drawn revolvers, and claim that a number of the mob fired a shot at them. The police returned the fire and about twenty shots were exchanged but no one was hit.

The general strike situation in the Chicago district remains practically unchanged today. Union leaders claim about 60,000 of the 80,000 or more steel workers on strike. Mill foremen and superintendents are agreed on these figures, while officials of the various mills refuse to discuss the situation.

300,000 NOW ON STRIKE.

Washington, Sept. 24.—There are now 300,000 steel workers on strike, and the ranks are being constantly augmented, according to William Z. Foster, secretary-treasurer of the national committee, in a telegram today to Samuel Gompers, president of the American Federation of Labor. The Homestead district is "dead," Foster asserted, and the plants in the Pittsburgh district are being closed rapidly.

Foster asserted that the press is conducting a campaign of lies to conceal the extent of the strike.

POLICE PREVENT RIOT.

Buffalo, Sept. 24.—An attack by striking steelworkers which was said to have been planned for early to-

day against three big steel and iron plants at Lackawanna was prevented by heavy concentrations of policemen and state troopers.

The strikers, it was said, planned to attack the mills of the Lackawanna Steel company, the Donner Steel company and the Rogers-Brown Iron Works.

Chief of Police Gilson, of Lackawanna, patrolled the streets with a riot squad of fifty men while fifty state troopers routed loiterers out of saloons and prevented bands of strikers from congregating.

The Buffalo police department promised aid if rioting broke out.

MEN RETURNING.

Newcastle, Pa., Sept. 24.—After a night of peace in the strike zone and the entire city, American workmen of the Shenango and Newcastle plants of the American Sheet and Tin Plate Company today returned to work in greatly increased numbers.

The tinplate mills was operating about 40 per cent of capacity last night and better than 50 per cent of the sixty hot mills of these plants were in operation today. The Carnegie steel plant is operating near capacity.

The police have the situation well in hand. The Shelby plant of the National Tube Company at Elmwood City is operating as usual today. The city is quiet.

NEGROES BADLY BEATEN. FINE FOR VIOLATION

Cleveland, Sept. 24.—First serious trouble in the Cleveland steel strike came today when strikers attacked three negroes as they endeavored to enter the plant of the American Steel and Wire Company at Newburgh.

According to the police two of the negroes were armed with knives and in the melee that followed three men were stabbed, one seriously. Two of the negroes were badly beaten.

The negroes sought refuge in the street car but the crowd followed it to the next stop, raining bricks and stones on its roof and through the windows. The police rescued the negroes.

AT YOUNGSTOWN, O.

Youngstown, Sept. 24.—Strikers and mill operators are marking time today in the big steel strike. The men received their pay for the first half of the month, as usual and long lines of workers were at the various plants today getting their envelopes. The tie-up in the Mahoning and Shenango valley is complete. Not a furnace is working and the only men on the job are those who are looking after the fires.

"IMPEACH BURLESON."

Washington, Sept. 24.—"The postmaster general has done some things that seem to me sufficient grounds for impeachment," declared Senator Norris of Nebraska, on the floor of the Senate this afternoon, asking for an investigation of alleged interference with the civil service commission by Postmaster General Burleson.

Senator Norris declared the postmaster general has "kept the post office in politics and has not permitted the people to know real conditions."

ARRESTED FOR CALLING ON "GAL."

Cincinnati, Ohio, Sept. 24.—Sam was arrested for disorderly conduct because he insisted on calling on a certain colored "gal." After admitted to the court that he had been calling on her, he asked: "What has she to know is why is it that this gal didn't come to me she's engaged for me and her folks done ate all de ice cream ah could tote in de house?" Same was told he had better confer his ice cream favors in other directions.

400 YANKS RETURN.

Montreal, Que., Sept. 24.—More than 400 Americans who have been serving abroad with the Canadian army, arrived from England on the Megantic today. All were in the air service.

PREMIER WON'T RESIGN.

Paris, Sept. 24.—Reports that Premier Paderewski, of Poland, is thinking of resigning was denounced as untrue by M. Paderewski himself today. He declared he has no intention of giving up his post but expects to remain in power until Poland is well on her feet.

\$5,000 WORTH OF LIQUOR STOLEN.

Toledo, Sept. 24.—Sam Davis, coal dealer, stored away \$5,000 worth of liquor and went on a vacation. Meanwhile thieves entered his cellar. Sam is minus the liquor.

A Beautiful Thought for Today.

Some men are naturally so confidential that they even tell their love affairs to their wives.

MISS BISHOP

Miss Bishop of Philadelphia, a former society girl, won a decoration from the Roumanian government for exceptional heroism and services rendered, and also won the title of "the most beautiful Red Cross nurse in France." Miss Bishop spent much time on the Roumanian front as an American Red Cross nurse. It is said that she is soon to return to the United States.

BRENNAN PAYS HEAVY FINE FOR VIOLATION

Other Hartford Men Pay for Violation of Prohibition Law—Pastor Asks Return of Rights.

Frank D. Brennan, of Hartford, pleaded guilty to a violation of the prohibition liquor law and was fined \$250 and costs.

John Giffen of Hartford on a similar charge was fined \$100 and costs. Stanley Chika of Hartford pleaded guilty to a similar charge and his case was continued. Barney Heydaz also of Hartford was fined \$100 and costs.

Harry A. Goulden of Bridgeport charged with theft from the post-office department was fined \$100 and costs on a plea of guilty and George C. Startevant of Hartford charged with false labeling on insecticide was fined \$20 and costs.

A true bill was returned by the grand jury tonight in the case of E. S. Tulin, a Hartford merchant who was arrested for profiteering in sugar, this being one of the cases brought at the instance of Fair Prices Commissioner Robert Scoville.

The grand jury was still in session this afternoon considering other cases of sugar profiteering and various offenses.

Rev. Theodore Buessell of Bristol, a minister convicted of making seditious statements during the war was before the court today with a petition for restoration of his forfeited rights, which he lost when convicted and sentenced to ten years in Atlanta. He was recently pardoned by the President.

FIRST TEST ON TREATY IS SATISFACTORY

Democratic Member of Foreign Relations Committee Happy Over Result of Vote.

Washington, Sept. 24.—The first test vote on the treaty of Versailles—the adoption by a vote of 43 to 40 of Senator Lodge's motion that consideration of the Fall amendments be deferred—was "highly satisfactory to treaty supporters," Senator Hitchcock, ranking democratic member of the foreign relations committee, declared in a statement this afternoon.

"We defeated the effort to postpone consideration of the Fall amendments and accomplished our purpose of having a definite day set for their consideration and decision," Hitchcock said. "I first asked for today but the net result was we secured Friday. We have the votes to defeat those amendments and we accomplished our purpose in having the matter so arranged that the decision will come this week. The only democratic vote we lost was Senator Reed's, which has been lost for many months. We only gained two republican votes yesterday on the question of fixing the date but many republicans will vote against the amendments. That is the reason Senator Lodge attempts to delay the vote."

MERIDEN GETS ARMY FOOD.

Meriden, Conn., Sept. 24.—A carload of army canned goods that was ordered by Mayor H. T. King arrived today and will be sold to the people at low cost through the factory and other employers.

EVEN HOUSE OF COMMONS INFESTED BY PROFITEERS.
London, Sept. 24.—The profits of profiteers begins at home so far as one member of the House of Commons is concerned. While other members shouted the shame of the country profiteers this member took four of the certified "one penny" butter pats from the House of Commons dining room, weighed them on a delicate chemist's scale, and found he had been buying butter at the rate of \$4.75 a pound.

The member wants something done about it, but the kitchen committee seems inclined to "stand pat" and let him go right on muck-raking.

Men rail at the vanities of women but you never notice them paying much attention to the kind that haven't any vanities.

WEDS TO GIVE HER EXPECTED CHILD A NAME.
New York, Sept. 24.—Is a woman justified in defrauding a man into marrying her in order to give a name to her expected child—that of another man?

This is the problem presented in the Circuit Court here, in the filing of a suit for annulment of marriage by William F. Hoppe, against Stella S. Hoppe.

Hoppe married the girl on June 15, 1918, and a child was born on January 23, 1919. Hoppe swears it was not his baby and charges that "a physician" and the girl he married tricked him into marriage in order to give her child a name.

The husband has an affidavit from his wife bearing a confession of her misdeed prior to her marriage.

Circle Theater

That Vivian Martin, the popular Paramount star, has an exceptional vehicle in "You Never Saw Such a Girl," her latest picture, is conceded by all who have seen the picture. The story is by George Weston, and was published in book form under the title, "The Kingdom of Heart's Desire." Marion Fairfax adapted it to the screen as "You Never Saw Such a Girl." Robert G. Vignola, with his usual directorial skill, put it into film form. It will be shown at the Circle theatre tonight.

The general idea of the story is the presentation of a resourceful young girl who works her way out of a difficult situation. But the story itself is delightfully whimsical and full of comedy, but even more so, of love and romantic adventure. Vivian Martin is cast as Mary Mackenzie, a young girl who is left parentless with an old farming couple—brother and sister. These protectors die when she is just budding into womanhood and she takes the old farm auto and with her only friend, an old maid schoolteacher, goes a-Gypsying. She is really searching for her grandmother. She doesn't find her but discovers instead a fortune, and a sweetheart, while even the old maid obtains a husband.

The story is one having possibilities for all sorts of humor and charming situations. Miss Martin is said to have done some of the finest work of her career in this picture. She is supported by a fine cast, headed by Harrison Ford.

On the same bill will be a two-reel Sunshine Comedy.

Park Theater

One of the most distinctive features of "Roped," the smashing Universal special attraction in which Harry Carey will appear at the Park theatre again tonight is the excellence of the cast in support of Harry. Although the tendency has been general among producers to economize on productions by cutting salaries of engaging lower-salaried performers in supporting casts, the Universal has maintained its usual policy of providing absolutely the best support possible for its stars. This is exemplified strikingly in "Roped."

The role of Aileen, the Eastern society girl who marries a Western cowpuncher and learns to love him, is interpreted by Neva Gerber, popular leading lady for all of Harry Carey's pictures. Molly McConnell plays the part of a dowager—Mrs. Judson-Brown. Arthur Shirley is Ferdie Van Duzen, a "lounge lizard" and J. Farrell McDonald also is in the cast.

These names are sufficient to in-

dicato the strength of the presenting company, to say nothing of the Harry Carey, outfit of hard-riding, lid-lifting cowboys.

You will enjoy "Roped" at the Park tonight.

Tomorrow and Friday motion pictures of our Baby show will be given under the auspices of the Manchester Child Welfare Committee. Nearly 1,000 feet of the parade and the crowds were taken. Hundreds of Manchester persons are in the picture who didn't know it.

2,000 BAD LUCK YEARS FOR CHICAGO CHINAMAN

Chicago, Sept. 24.—A tremendously excited Chinaman turned in an S. O. S. call at the police station recently and the call will go down in the annals of the South Clark street police station as the last word in police calls.

The call itself resembled a complete shake-up in the alphabet and the only part recorded consisted of "Poletseyman must now hulle up, muchee trouble, all time had no good evelytthing."

The police, assuming that race rioting had broken out in Chicago's Chinatown, jumped in a patrol wagon which went clanging to the point designated as the scene of the disturbance. A block away the policemen could see a crowd of excited Orientals and there was the patter of countless sandals over the streets to the scene.

Breathless, the police leaped from the patrol wagon and wended their way through the crowd. They were met by overtures and supplications from the gesticulating throng, and soon learned the cause of the disturbance.

A passing automobile had run down a dog which had been killed in the street and some one had dragged the body of the animal in front of the store of Yet Yan Low. Yet looked at the dog—then swooned. Yet Yan Low did not fear the dog, but he knew that dragging the body of the dog to his front door meant that 2,000 years of hard luck by Chinese computation had fallen to his lot. Moreover, he realized that the longer the dog lay at his doorsill just in proportion would be the extent of his period of gloom.

The Chinese in Chinatown would not touch the dog because that would suspend the crepe of ill fortune from their family tree. Yet Yan Low, in desperation, called the police, his relatives, creditors and friends in an effort to cope with the situation.

You may have the idea that the people are being constantly oppressed, and maybe they are, but never get the idea that you are being oppressed if you care to have friends.

CHICAGO WHITE SOX AGAIN CAPTURE CHAMPIONSHIP OF AMERICAN LEAGUE

MILLER HUGGINS PICKS SOX TO WIN

Miller Huggins, pilot of the New York Yankees, says that it is his belief that the White Sox will win the world series from the Cincinnati Reds for two reasons. First, because the White Sox have been encountering and beating "more better" teams than the Reds have been asked to meet in the National league; and, secondly, because the Chicago Hoos have more long-distance hitters than the Reds. "I have little sympathy with those who claim that the National league is a minor by comparison with the American league standard of play," declared the snappy, peppery Huggins. "There is little difference between the two leagues. And that is the way it ought to be and the way the fans want it. What credit would it be for a team in either league to win the world's championship if the opposing club was of minor league ability? "But I can truthfully say that there are more strong teams fighting for the flag in the American league than is the case in the National league or than has been the case in the National league for many years."

REDS' LUCK WILL BEAT SOX, SAYS CRAVATH

Cactus Cravath, manager and hard-hitting outfielder of the Phillies, picks Pat Moran's team to clean up the Chicago White Sox in the world's series. "To my way of thinking the Reds are playing better ball than the White Sox, and will prove steeper in the big series. Also, the club has been getting the breaks all season and will go into the series with the same luck."

For Boys and Girls

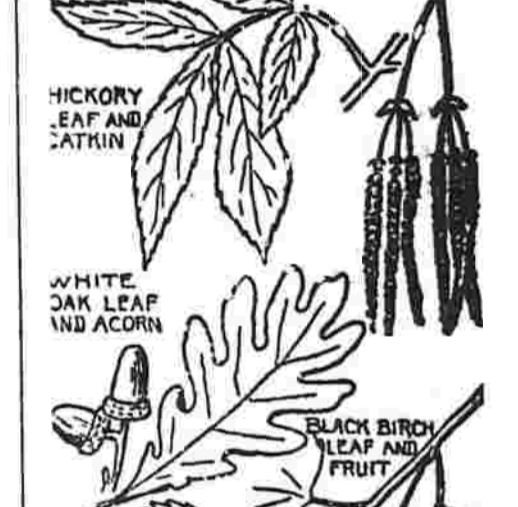

ADVENTURES THAT MADE AN AMERICAN

"I LIKE THE CAMPFIRE SQUAWS." By R. S. Alexander. Hunting Eye heard a scream. He ran down the bank of the river. A girl was struggling in the water. He dived in, swam to her and brought her to shore. By that time many more girls were on the bank. Hunting Eye was surprised to see that, although white, they wore clothes like the girls of his tribe. The girls were amazed to see the athletic young Indian who swam so swiftly and powerfully. They told him that he must go with them to the Guardian of the Fire. "What fire?" asked Hunting Eye. "Oh, we are Campfire Girls. The girl you have just rescued is the head of the Campfire." Soon they came to the camp. The Guardian thanked Hunting Eye. The girls collected wood, made a roaring fire, and while Hunting Eye's wet clothes were drying, told him all about the Campfire Girls. "All Campfire Girls," they said, "begin as Woodgatherers. They learn about 'health, home-craft, na-

WOODCRAFT

HICKORY is a hard wood; it makes the best fire, burns long and leaves a bed of hot coals that last for hours. Of course you know a hickory tree when the nuts are on it, but can you identify one without them? The skeleton of the shag bark hickory shows a trunk forked into two or more divisions, with irregular branches bent in several directions. Some branches grow slantingly upward, some at right angles from the trunk, while others start up, then make a deep curve downward. The bark is ragged and untidy, the wood strong and tough. From five to seven leaflets grow on one stem. They are long, rather narrow, have saw-tooth edges and tapering tips. The blossoms are katkins, light green, slender and growing in threes. The wood of the WHITE OAK is hard and strong and comes next to hickory as good fire wood. The

ture lore, camp and hand-craft, business and patriotism.' Their watchword is 'Wholeo'."

"What does Wo He Lo mean?" asked Hunting Eye. "It means Work, Health, Love; it is the first two letters of each word. If the Woodgatherer works, she can become a Firemaker, but first she must know how to cook a meal, how to use the knots, and what to do when someone's clothing catches on fire, or when someone is drowning, or faints, or has an open cut, or a frosted foot. She must know the words of 'America'."

"What is 'America'?" The girls sang it for him. "I like the song," he said. Then they filled his pouch with good things to eat, and, as Hunting Eye started out again, he thought, "I like the Campfire squaws." (Next week: "Hunting Eye Hides From the Law.") Boys' and Girls' Newspaper Service. Copyright, 1919, by J. H. Miller.

HEROES OF FORMER SERIES FOR WORLD'S CHAMPIONSHIP.

Following is a list of the heroes of former world's series: 1903—Bill Dineen, pitcher, Boston A. L. 1904—No series played. 1905—Christy Mathewson, pitcher, New York N. L. 1906—George Roche, third base, Chicago A. L. 1907—Harry Steinfeldt, third base, Chicago N. L. 1908—Frank Chance, first base, Chicago N. L. 1909—Babe Adams, pitcher, Pittsburgh N. L. 1910—Jack Coombs, pitcher, Philadelphia A. L. 1911—Frank Baker, third base, Philadelphia A. L. 1912—Buck Herzog, third base, New York N. L. 1913—Eddie Collins, second base, Philadelphia A. L. 1914—Hank Gowdy, catcher, Boston N. L. 1915—Duffy Lewis, outfielder, Boston A. L. 1916—Harry Hooper, outfielder, Boston A. L. 1917—Urban Faber, pitcher, Chicago A. L. 1918—Herb Whiteman, outfielder, Boston A. L. 1919—? ? ? ? ?

tree is large and the trunk undivided, but at the top curving and mingling with the branches. The limbs are long and strong, the branches gnarled and twisted; the lower limbs grow at right angles to the trunk. The bark is light gray and the acorns fit in rough, shallow cups. The leaves have rounded lobes.

BLACK BIRCH (sweet birch) is also a hard wood that makes good fires. It is certainly a beautiful tree, summer and winter. You will know it by its bark which closely resembles that of a cherry tree. It is dark on the trunk, golden brown and glossy on the slender stems. The young trees have smooth trunks but on older ones the bark is split lengthwise as if slashed with a knife. The leaves are ovate, wide at the bottom with pointed tips, and have straight ribs. The flowers are katkins and there is a little, scaly fruit the shape of a mulberry.

Other hard woods that burn well are ironwood, dogwood, locust and mulberry. ("Autumn Wild Flowers", next week.) Boys' and Girls' Newspaper Service. Copyright, 1919, by J. H. Miller.

BIGGEST WINNING MANAGERS IN HISTORY OF NATIONAL GAME.

Connie Mack and John McGraw, with six pennants apiece, are the leading managers of championship teams in the two major leagues. Pat Moran, manager of the Champion Reds, now has two pennants to his credit, while Kid Gleason of the White Sox, has just won his first American League flag. The managers' championship record follows: Connie Mack—1902, 1905, 1910, 1911, 1913, 1914. John McGraw—1904, 1905, 1911, 1912, 1913, 1917. Ned Hanlon—1894, 1895, 1896, 1899, 1900. Frank Selee—1891, 1892, 1893, 1897, 1898. C. A. Comiskey—1885, 1886, 1887, 1888, 1901. A. C. Anson—1880, 1881, 1882, 1885, 1886.

Comiskey also holds the record for consecutive championships won by the St. Louis Browns in 1885 to 1888 inclusive.

It may be all right to laugh at the mistakes of others, for it's almost a dead certainty they're laughing at yours.

CINCINNATI REDS WIN BASEBALL CHAMPIONSHIP FOR FIRST TIME

HOW "PAT" MORAN HANDLES HIS STARS

Leader of Cincinnati Reds Talks of His Success.

Never Humiliates Players in Presence of Comrades and Does Not Employ Mailed-Fist System—Everybody Works Hard.

How does Pat Moran win pennants? This question is foremost in the minds of the ardent supporters of the National league now that the Cincinnati Reds, led by Moran, have won the pennant in the organization. Fans are wondering what there is about him that stamps him as one of the greatest leaders in the game and what method he uses in developing a championship club out of material that was considered this spring just about fair enough to find a place in the first division.

This is the second National league title Moran has won since breaking into the managerial game with the Phillies four years ago, and more importance is attached to his success because of the fact that he has piloted clubs that have never before won a pennant. Moran made his debut as manager with the Phillies in 1915, and that year won the flag, the first Philadelphia club had won in 33 years. This year he supplanted Christy Mathewson as manager of the Reds and won another championship.

Manager Moran is liked by all he meets, particularly his ball players. While at the helm of the Philadelphia club he was loved and respected by all his men, who gave him every ounce of energy they possessed while in action and played smart baseball all the time. Why? Moran knows how to handle men. He never humiliates any of them before their comrades or opposing players, and corrects their mistakes in a way that they profit by them. He does not employ the mailed-fist system. Hence his success.

"There is only one way to win," said Manager Moran, "and that is by paying attention to business at all times. We play to win each game, let the next one take care of itself. It has always been my policy to keep my players' minds off the world's series. I do not allow them to worry about our percentage, and insist upon their thinking of only winning the game in which they play. When you win games you win with the pennant."

"There must be no loafing. We worked hard, and we would not be where we are today if we had not. Every man hustled to the limit of his ability. When they all do that a team is bound to meet with some sort of success.

"I do not want all the credit for our success. I see by the papers they are cutting me out of the game, let the next one take care of itself. It has always been my policy to keep my players' minds off the world's series. I do not allow them to worry about our percentage, and insist upon their thinking of only winning the game in which they play. When you win games you win with the pennant."

"We all had something to do. Their part was to play ball the best they knew how. Mine was to dope out the situations as they came up and figure how to meet them.

"So, after all, there was nothing to it but work, work, work by the players and work by myself.

"One is not obliged to have a set of rules or ask men to be angels to win. The first thing to do is to gain the respect and confidence of your players. That is what I did. After I did that I insisted on co-operation and the results show for themselves."

Manager Moran is modest, almost to extremes, but his players are willing to give him all the credit that is due him. That they respect his judgment and ability is needless to say. They show it on the field and have done so all the season. On the field they praise him to the skies and say he is a wonderful fellow. With this spirit prevailing one can easily see why the Reds hustle every minute they are on the field.

HERRMANN HAS LAST LAUGH

Still Remains as Chairman of National Commission Despite Efforts to Oust Him.

Last winter certain baseball men, who now are having their own troubles, planned to oust Gary Herrmann from the position of chairman of the National commission to make room for Hon. William Howard Taft, who declined to serve when he learned that somebody was trying to play baseball politics.

Herrmann still remains at the head of the commission and is president of the Cincinnati club, which is making a large sum of money this season. Furthermore, Herrmann picked up Pat Moran, one of the greatest of managers, for nothing, and also induced several wealthy friends to buy out the Fleischmann's stock in the ball club. Looks as if Gary has the laugh on his enemies.

James Has Him Skinned. Grover Lowdermilk admits Bill James has him skinned when it comes to sheer height. He says Bill is a quarter of an inch taller than he is. He also admits Bill wears a bigger shoe and is wilder.

Les Mann Is Through. Les Mann declares he is through with baseball.

GRIFFITH SAYS SOX SHOULD WIN SERIES

Washington Manager Puts in Boost for Chicago Team.

Not League Loyalty, but Opinion Formed Upon Careful Study of Baseball—Tigers Had Hard Luck at Start of Season.

Manager Clark Griffith of the Washington American league team, in discussing baseball the other evening expressed the belief that the White Sox would defeat the Cincinnati Reds and gave his reasons for his choice. It was not league loyalty in any sense, but an opinion based upon careful study of baseball that the Washington leader gave.

"To begin with," said Griffith, "I have not seen the Reds play this season. I know some of the older men and know what they can do. I do know the White Sox and I know what they can do. I have had practical demonstrations of what they can do. The White Sox have every essential of a championship baseball team. They have a whirlwind attack, a wonderful defense, and every move they make is directed by keen baseball brains.

"There is no fluke about the position of the White Sox. It is true that the Tigers had a bit of tough luck in the start of the season, but, just the same, the Chicago team is a real, blown-in-the-glass club. They lead the league in hitting, base running, scoring runs, extra base hits and everything else. When they set the highest standards in those things we can only conclude that they are champions.

"Just take their batting order first. Nemo Leibold is a lead-off man of the type. He is hard to pitch to and has a good eye. If the balls are bad he won't take a cut at them. If they are in he is as liable to crack it for two or three as he is to get a single. Then there is Eddie Collins. Collins is about the greatest second-sacker that the game ever produced. He is a great hit-and-run man; or he can stand in and slug. You know a good hit-and-run player does not smash the ball when that play is on. He meets the ball and punches it. Collins can run the bases, too.

"Then there is no less a person than Buck Weaver. Buck is about as good as Collins. I think he is the greatest third baseman in the world today. He can go and get a ball, he can throw, he has fine hands and is smart. Then comes Joe Jackson. Jackson is hitting .350, and is liable to bust one clear out of the lot. Happy Felsch is hitting about .200 now, but he is a dangerous factor. Chick Gandil is a hard hitter and is playing wonderful ball right now. Don't let any shallow skulls tell you that Chick is not a good player.

"It has been said," continued Griffith, "that if it were not for Eddie Cicotte and Claude Williams the Sox would be nowhere. Perhaps that is right, but you can take it from me that if it were not for the White Sox Cicotte and Williams might not be anywhere. When a pitcher can go in there and know he has the sort of team that if the opposition makes three runs his mob will make four it gives him the heart to do big things. That is the type of men the White Sox are. They never stop fighting.

"Defensively the Sox are marvels, and nothing less. I am going to tell you something now that may surprise you," said Griffith earnestly. "I am going to tell you that Happy Felsch is the greatest center fielder in baseball."

"But there is Tris Speaker," protested the writer. "I know there is Speaker," replied Griffith. "I know all about Speaker; he is a great ball player, but he is not one whit better than Felsch, and I think that Felsch is just a bit better than he. Mind you, I am talking of defensive work now. It is practically impossible to hit a ball over Felsch's head. He is a ball falcoun in fielding the ground hits, and he has one of the most marvelous arms that ever swung from a man's shoulders."

CURB OBSTREPEROUS PLAYER

Head of National League Believes Best Cure Is to Take His Money Away From Him.

President Heydler of the National league believes the way to curb a ball player is to take his money away from him. Few players have been suspended but many have been fined for rows with umpires. Ed Rousch of the Reds was recently fined \$50 for disputing a called strike.

Why Was Gleason Overlooked? Last year William (Kid) Gleason was without a job. He had been released by Owner Comiskey of the White Sox. Any ball club could have signed him.

Gleason last winter was restored to good standing in Chicago and made manager of the White Sox. The cry went up last season that real major league managers could not be found.

Kopf Don't Say Much. Little has been said about the playing of Larry Kopf, shortstop for the Reds, but he is one of the most reliable in the league.

Kerr Is Hard Hitter. Dick Kerr has made quite a reputation as a hitter as well as a pitcher.

Advertisement for Sage-Allen & Co. (Incorporated) featuring 'Presentation of Autumn Fashions' and 'Autumn Sale of Hosiery and Knit Underwear'. The ad includes detailed descriptions of various clothing items like suits, stockings, and undergarments, along with prices and promotional offers.

ELLER'S SUCCESS NOT DUE TO SHINER

Jack Ryder, veteran baseball scribe of Cincinnati, denies Hod Eller's success in baseball is due to the so-called shiner. "As a matter of fact, Eller has been successful ever since joining the Reds in the fall of 1910. He had been with the White Sox on the training trip that spring, but the manager of the team had not considered him ripe for fast company and sent him back to the minors," he writes.

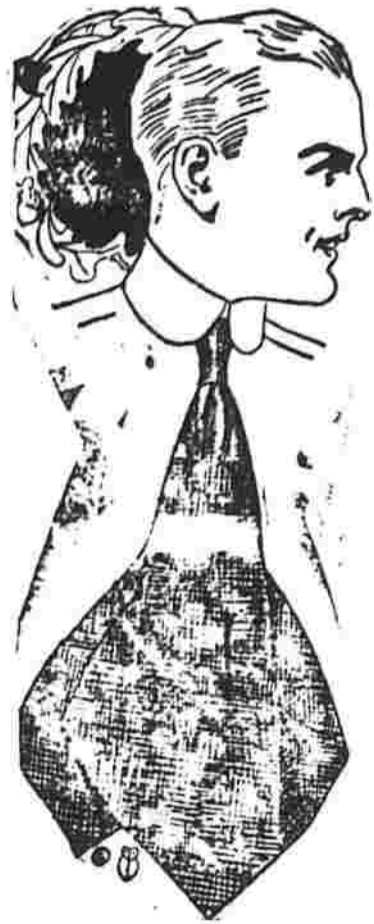

"The Reds picked him up that fall, and he made good from the start. He was just as successful under Manager Mathewson as he has been since. His work in the fall series of 1917, between the Reds and Cleveland Indians was the sensation of the series, so the story that Pat Moran taught him the use of the shine ball and so made him an effective pitcher is simply guff.

"As to the statement that without Eller the Reds would be hanging onto the second division, the work of the other pitchers and the entire club speaks for itself. Eller is the best right-hander on the team, but he is not solely responsible for the fact that the Reds are so far up in the race. The Chicago dope was inspired by a couple of disappointed managers, whose teams have not lived up to expectations and who are looking for some sort of an alibi."

HOW PLAYERS WILL SHARE WORLD SERIES MONEY

The first three teams in the National and American leagues will share in the world's series money, according to an announcement by the national commission. August 31 is set as the final day that a player must be a regular to enter the world's title play.

ARCHITECT

JOHNSON BLOCK

QUALITY AND PRICES ARE WHAT COUNTS

We believe in giving a square deal to all, which means perfect vision, highest quality goods and low prices. As we sell six times as many glasses as anyone else in Manchester we can afford to sell them cheaper. If you want good, yes extra good glasses and don't feel that you can pay the high prices charged by some, than you should call at our South Manchester office and receive a square deal and get your glasses at the right price. Office Open Every Night Except Saturday from 6.30 to 8.30 p. m. At Optical Dept. G. Fox & Co. during the day.

CARD OF THANKS.

I wish through the columns of the Herald to take this opportunity to thank the firemen of the south end and my neighbors and friends for their efforts in saving my property on West Center street from fire on Sunday night.

John Proctor.

ROBERT YOUNG.
Robert Young of Bidwell street died at St. Francis hospital yesterday afternoon. For several years Mr. Young had suffered from gallstones and he was taken to the hospital Monday for treatment. He was 38 years of age, and is survived by a wife and two children.

END OF SEASON DANCE AT LAUREL PARK.
Laurel Park will close a successful season tomorrow evening with a big dance. Patrons of this popular resort are invited to be present at the grand wind-up, the last open air dance of the season to the music of Hatch's famous orchestra.

Klenzo Tooth Brushes, in individual packages, 12 different styles, 35 cents. Quinn's Pharmacy.—adv.

DAY AND NIGHT SCHOOL

Now is a good time to enter. Send for catalog and select your course.

Connecticut Business College
G.H. Wilcox, Principal

ABOUT TOWN

Postmaster Thomas J. Quish was a visitor in New Haven yesterday. Dr. P. J. Sullivan of the Circle theatre is spending a few days in Torrington.

The Athletics will hold a practice at Mount Nebo on Friday evening at six o'clock.

The regular mid-week services of the South Methodist church will be held tomorrow evening.

Miss Lillian Grant of Cambridge street left yesterday for Auburndale, Mass., to enter Lasell Seminary for Young Women.

A new tumbling class is being formed by Walter Olson at the Recreation Center. The class will be limited to ten members.

Miss Jeanette Letney of Oakland street left yesterday for the Connecticut School for Women at New London where she will resume her studies.

The first copies of the annual town report were delivered at the Hall of Records yesterday. It is expected that the distribution will start this week.

The residents of East Center and Cooper streets are not at all pleased with the action of several dogs who killed a skunk and then dragged their victim home.

The officers and non-commissioned officers of Co. F Connecticut State Guard will attend a meeting in the State Armory at Hartford Friday evening this week.

There will be a moving picture show for the Boy Scouts and all other boys who are interested at the Recreation Center, Friday evening at p. m.

Arthur Cook is having an electric motor installed in his mill and as soon as the work is finished he will be able to run his press and other machinery by electricity.

The silver cup to be awarded as a prize at the Manchester Soccer Football club's dance in Cheney hall on Wednesday evening, October 8th, is now on display at Eger's store.

The members of the Child Welfare League are now selling tickets for the moving pictures of the baby show which will be screened at the Park theatre on Thursday and Friday.

Word has been received that Mrs. Harry Russell of Fairview street, formerly Miss Sybil Weir, of Summit street, is much improved. Mrs. Russell was taken to the Hartford hospital last week.

Tomorrow night the Victors will bowl Capt. Stave's Pets at the Center alleys and the Victors expect to bowl some of the best semi-professional teams in the state including such teams as Rockville, Willimantic, Royal and Underwood teams of Hartford later in the season.

In the Recreation Center is a business men's lounging room. This room is splendidly equipped and contains a first class billiard table. That this portion of the building devoted to the town's business men is not better patronized may be due to the fact that so few know of its existence.

C. E. MAKES PLANS FOR CHALLENGE CONFERENCE

Decide at Meeting Last Night to Hold Conference at North Congregational Church — To Award Prizes.

A meeting of the executive committee of the Manchester Christian Endeavor Union was held last evening at the home of H. K. Gerrish. Plans were made for the big Challenge Conference of the Northern Connecticut District, to be held Friday, Oct. 3, at the North Congregational Church. The committee decided to award two prizes to the two societies in the Manchester Union with the largest registered delegations at the conference. The nature of the prizes will not be disclosed until the night of the conference.

HOTEL ARRIVALS.

Arrivals in town as registered on the Orford Hotel ledger are: Mr. and Mrs. E. S. Libby, Howard Libby, Edna Libby, Lynn, Mass., Charles Smith, New Haven; Mrs. Lorenzo Benedict and Miss Benedict, East Orange, N. J.; Mr. Donald Colby, New Haven; Mr. and Mrs. Max Kirby and daughter Zada, New Haven, Ct. J.

Cook's Cider Mill open every day but Wednesday and Saturday.—adv.

PROCTOR SUIT AGAIN ADJOURNED FOR WEEK

Counsel for Plaintiff Has Case In the Supreme Court.

COURT ROOM FILLED

Defendant's Lawyer Agrees to Continuance—Jury Warned to be Present at Next Hearing.

Once again the Proctor-Williams justice case has been adjourned. It will be called again one week from today at nine o'clock in the morning in the police court room before Justice R. E. Carney. The case was scheduled for trial this morning but Judge Arnott, who is counsel for John Proctor, had a case in the superior court and was unable to be present so Attorney Burke who represents Williams agreed to the continuance. This morning the jury had been summoned and the little court room was well filled with spectators who had come to hear the case tried. Court was opened and upon the request of Attorney Burke who said that both sides were agreed upon the date of adjournment the case was continued until next Wednesday. Justice Carney told the jury that he would expect each man to be on the job when court opened next Wednesday. The jury members chosen included A. H. Skinner, John S. Risley, Arthur Cook, N. B. Richards, David Husbands and R. G. Rich.

BATTERIES ANNOUNCED FOR CHAMPION SERIES

Tommy Sipples and Lamprecht of the Athletics Will Oppose Wolfe, the Hartford High School Marvel, and Rennie.

Tommy Sipples will pitch Sunday for the Athletics against the White Sox, with Lamprecht, the hard-hitting catcher, or Crockett behind the bat. Wolfe, the youthful southpaw of Hartford will oppose the Athletics with Rennie or Peterson behind the bat. Tommy Sipples will perhaps pitch all of these games against the White Sox although the Athletics have two other dependable pitchers in "Darby" O'Connell and Harold White. Sunday's games and all the games of this series will start promptly at three o'clock.

THREE RIVERS OUT TO WIN.

Have Collected Best Players in State to Defeat Athletics—Will Defeat Locals if it Takes a Leg.

Here's a tip for the loyal rooters who are intending to accompany the Athletics to Three Rivers, Mass., on Saturday. Do not bet on the home team. Information has been received that the management of the Three Rivers club has engaged a club whose line-up is composed of the best ball players in the New England states. Three Rivers has been clamoring for a game with the Athletics for some time and a Springfield fan has sent a letter to a local man stating that the Bay State club is out to win the game if it costs them a cool thousand.

GILBERT-MCFARLAND.

Harold Gilbert of Spruce street and Miss Lillian McFarland, daughter of Mrs. Rebecca McFarland of Eldridge street will be married at the Pentecostal church this evening by the Rev. A. C. Goldberg. Frank Rider will be the best man and Miss Hazel Gilbert, a sister of the groom will be bridesmaid. A wedding reception at the home of the bride will be held after the ceremony. The young couple are to reside on Eldridge street.

Funeral of Benjamin Weidener.

The funeral of Benjamin Weidener, who died on Sunday evening, was held from his late home at 57 Foster street this afternoon at two o'clock. The Rev. E. F. Studley, pastor of the North Methodist church officiated. There was a profusion of floral tributes including a large standing wreath from the employees of the Velvet department of Cheney Brothers where the deceased was employed as a timekeeper. Interment was in the East cemetery.

Do you need a job? Why wear out shoe leather and waste time walking all over town. Use a little ad. in THE EVENING HERALD. If there is a job in town you'll get it and quickly.

POST CARDS USED BY LOCAL WOMAN TO CONVEY ABUSE

Manchester Business Man Appeals to Federal Authorities.

WRITING EVIDENTLY DICTATED TO FRIEND

Evidence Has Been Laid Before Grand Jury at New Haven—Attacks Have Been Made for Almost Half a Year.

Manchester has a poison pen case. From what has been learned, it appears that a young lady living in the south end is under suspicion for being the author of a series of scurrilous attacks made on a prominent business man through the medium of postal cards. These have been received over a period of almost six months.

At first no notice was taken of the attacks, but the wielder of the poison pen became so bold that the man finally was forced to complain to the United States postal authorities.

A federal agent was in Manchester a short time ago working on the case. He interviewed the young girl who is under suspicion and also procured from her a specimen of her hand writing.

Yesterday the man who was attacked through the medium of the postal cards was called to New Haven where he laid his evidence before a grand jury summoned by the Assistant United States District Attorney.

Those who know the facts in the case are awaiting with interest the finding of the grand jury. It is said that the girl suspected of writing the postal cards did not write them herself, but dictated them to another.

BABY BOY UNINJURED BY FIFTEEN FOOT FALL

Son of Mr. and Mrs. Joseph Ferguson Has Marvelous Escape.

IS PLAYING TODAY

Cause of Accident Mystifies Parents—May Have Lost Balance or Have Been Pushed.

Little Milton Ferguson, two and one half year old son of Mr. and Mrs. Joseph Ferguson of Foster street is romping and playing around the house today as happy as can be. It was only yesterday that the little tot fell from a second story veranda to the ground, a distance of about fifteen feet, and miraculously escaped injury.

As far as is known Milton was playing on the veranda of the Ferguson home with two of his playmates. There was a large box on the veranda. Whether he climbed up on the box to the railing and then lost his balance, or was pushed off by his playmates is a mystery to the parents. A physician who was called examined the child and said that there were no bones broken.

TIME TO PAY STATE TAX.

Residents of Manchester and other towns of Connecticut owning taxable securities are warned that they are liable to taxes at local rates unless the state tax of four mills is paid to the State Treasurer on or before September 30. Instructions and forms for the state tax will be sent on application to the State Treasurer, Hartford, Conn.

RECREATION CENTER NOTES.

A Recreation Center social dance will be held in the gymnasium, Friday evening, October 3rd. Music will be furnished by the Victor orchestra. Dancing will be from 8.00 to 11.00 p. m. This is for members only.

All summer members have until September 30th to pay the balance of the annual membership fee. It is hoped that these members will bear this fact in mind, for beginning with October 1st the usual membership rates will be charged.
