GOVERNMENT WILL NOT SURRENDER; "STRIKE WILL GO ON", DECLARE MINERS

TREATY RESERVATIONS ACCEPTABLE IF THEY WILL NOT NULLIFY LEAGUE

That is President Wilson's
View as Told to Senator
Hitchcock—There Will Be
Compromise, Says Senator.

Washington, Nov. 7.—"I discussed
with the President what we have
done and what we propose to do with
the treaty," Senator Hitchcock said
this afternoon after spending a half
hour with the Chief Executive.

"The President expressed his very
strong approval of what has been
done to defeat the various amend-
ments and I outlined a plan to him
to be followed with regard to reser-
vations. He expressed his approval
in a general way.

As to Reservations.
"The President expressed his will-
ingness to accept any reservations
that would be acceptable to the sup-
porters of the treaty which would not
nullify the League of Nations. The
President also expressed his willing-
ness to accept any reservations of
interpretation.

Placed With Success.
"The President was laudatory of
the work of the Senate and the
League of Nations and the
treaty between those who are for
reservations and those who desire the
treaty ratified without reservations.
No Compromise.

"There will be no compromise res-
olution of ratification until the Sen-
ate is in a deadlock," Senator Hitch-
cock said. "When we reach the
state of a compromise, it will be up
to the President to determine whether
he will accept the compromise
which we are able to effect or reject
the treaty."

Up to President.
When Senator Hitchcock was asked
what course had been decided upon
if the Lodge resolution of ratifica-
tion was adopted by the Senate,
he replied:

"That would be up to the President
to determine whether he would accept
or pigeonhole the treaty."
When Senator Hitchcock returned
to the Capitol he summoned the
newspaper correspondents from the
Senate press gallery to the marble
room adjoining the Senate chamber.
He described his visit to the White
House as eminently satisfactory to
the President and himself.

"The President did not disapprove
a final effort at compromise," Sen-
ator Hitchcock said, "but he agreed
that no reservations must be adopted
which would destroy the treaty."

Compromise Resolution.
The President voiced his approval
when Hitchcock suggested that one
way out of the situation might be
the adoption of a compromise res-
olution of ratification with interpreta-
tive reservations incorporated in it.
These reservations to be however,
neither "drastic nor destructive" but
sufficient to meet the demands of the
Democrats as well as the Republi-
can side for reservations of some
kind.

Hitchcock said that he and the
President shared the belief that there
were enough senators, Republican
as well as Democratic, who wanted
to see the treaty saved, who would
stand out against its defeat, and
who would agree finally to its ratifica-
tion with some sort of reser-
vations.
Hitchcock estimated that these
senators embraced some 40 odd Dem-
ocrats and some 30 odd Republicans,
a total of 70 or more than the 64
necessary for a two-thirds vote.
The President had agreed with
him that ratification was "not by any
means hopeless," and that the situa-
tion would sooner or later be satis-
factorily met by a compromise be-
tween the administration and anti-
administration forces.

NEW JERSEY THE OASIS OF THE UNITED STATES Gov.-Elect Says He'll Make It as Wet as Atlantic Ocean.

LEGISLATURE "WET" TOO
State Officials Will Not Lift a Finger
to Aid Federal Government in En-
forcing Prohibition.

Jersey City, N. J., Nov. 7.—A
situation akin to that which existed
just prior to the Civil War has been
created, politicians said today, by
the election of Edward I. Edwards to
the Governorship of New Jersey.
Edwards made his campaign on a
platform in which the principal
plank was that he would bend every
effort to "make New Jersey as wet
as the Atlantic Ocean." He holds
that the right of a sovereign state in
the matter of prohibition is para-
mount to that of the nation.

Governor-Elect Breaks
With the National Prohibition
League, "as an in-
dication of the feelings of the peo-
ple of this state concerning prohibi-
tion. Holding their mandate, I
shall use all legal methods to pre-
serve inviolate the sovereignty of
the people.

"I do not think a law is a law
which is not concurred in by the
state. This state has not concurred
in the enforcement of prohibi-
tion."

Politicians pointed out today that
this line of reasoning is the same
which nearly caused South Carolina
to secede from the union in 1833
over the Clay Tariff Act.

The State of New Jersey, it was
said, today, will not lift a finger to
aid the Federal Government in the
enforcement of national prohibition.
The Governor appoints the county
prosecutors. Enforcement of prohibi-
tion will be discouraged.

The next legislature to meet in
Trenton also is wet and this will
further tend to discourage the pro-
secution of John Barleycorn.

Unless the Government covers the
state with a blanket of enforcers, it
seemed certain today that New Jer-
sey will become the oasis of the
United States so far as drinks are
concerned.

BISSELL NEW PRESIDENT MANCHESTER CITY CLUB

Other Officers Chosen at Election
Last Night—Four New Members
Admitted.

Charles Bissell was elected presi-
dent of the Manchester City Club at
the annual election of this organiza-
tion held in the club rooms on Oak
street last evening. Other officers
elected were as follows: First vice
president, Ward Atwood; second vice
president, Otto Sonickson; recording
secretary, Jarl Johnson; financial
secretary, James McVeigh; treasurer,
Michael J. Moriarty.
Gustave F. Green was elected
chairman of the house committee
with Willard B. Rogers and Harry
Johnson as members of this commit-
tee. Members elected to the execu-
tive committee were Harry Ryan and
Arthur Bendall. The auditors are
Robert Veitch and Carl Polen. Four
new members were admitted to the
club last evening. There has been
some discussion as to the advisability
of placing a limit on the member-
ship of the club.

Actor Charged with Murder Faints when Told Sad News

Nice, Nov. 7.—There was a drama-
tic scene today at the trial of
Drago-Joub Sotirovitch, noted Ser-
bian actor, charged with the murder
of Mrs. Caroline Zon, wife of a mil-
lionaire architect, when he was in-
formed that his wife and son were
dead. Sotirovitch was testifying at
the time and fainted dead away.
Mrs. Zon, a sister of one of the
wealthiest men in France, was found
dead in her apartment. The body
had been horribly mutilated with
burns and knife wounds. A 20,000
pearl necklace was missing and a
"fake" substituted. The discovery
of the gruesome tragedy was made
by M. Zon who returned from a
business trip to Paris. The husband
turned detective and made a quiet
investigation learning that his wife
had been intimate with the Serbian.
Sotirovitch was arrested while he

was leaving the apartments of an-
other of his mistresses but the trial
was long delayed by controversies
between the French and Serbian
governments.
Strong pressure is said to have
been brought to bear upon the
French authorities to deal leniently
with the Serbian.
The police investigators charge
Sotirovitch with living "Dr. Jekyll
and Mr. Hyde" life. While playing
at the National Theater at Belgrade
and elsewhere the actor was received
in the best European society. He
was accused of working his way into
the graces of aged women to victim-
ize them.
On the witness stand Sotirovitch
admitted that he and Mrs. Zon had
been drinking together on the after-
noon of the day she met her
death.

PROHIBITION IS AGAIN BACK IN THE LIMELIGHT

Outcome of Elections Will Have No
Effect, Says General Counsel for
the "Drys"

Washington, Nov. 7.—Prohibi-
tion was back in the limelight today.
With the outcome of the Ohio elec-
tion still uncertain, as to prohibi-
tion referendum, leaders of both
drys and wets were making substan-
tial claims.
The loss of Ohio will have no ef-
fect at all, according to Wayne B.
Wheeler, general counsel for the
Anti-Saloon League. Wheeler was
not ready to concede the loss of Ohio
but he declared that even should the
final vote be against prohibition that
it would merely spur other states on
toward great "dry" activities.

"Wet" leaders were hopeful that
the Ohio situation would entangle
the court proceedings to such a de-
gree that a final court decision on
prohibition might be drawn out for
some time, with comparative immu-
nity for the wets in the interim.

LENINE THANKS GERMANS.
London, Nov. 7.—Nicholas Len-
ine, Bolshevik dictator of Russia,
has sent a wireless message of con-
gratulations to Gen. Von Der Goetz,
former commander of the German
troops in the Baltic Provinces, and
to Colonel Bernhardt, commander of
the Russians who operated with the
Germans against the Letts, said a
News Agency Dispatch from Copen-
hagen today. The two officers were
thanked by Lenin for the assistance
they were said to have given to the
Red Army. The congratulatory dis-
patch concluded:

"The labor world will testify that
you are both the heroes who saved
Petrograd."

DROWNED MAN IDENTIFIED.
Stamford, Nov. 6.—The man who
drowned himself in a well on the es-
tate of Frederick M. Wheeler on
Glen Road Tuesday night was today
identified as Charles Weick, 55,
of 507 West 12th Street, New York City,
a former professor in Columbia Uni-
versity. Weick escaped Monday
night from the Stamford Hall Sanitarium
where he had been under
treatment for a nervous malady. His
wife in New York has been notified.

ANOTHER BOMB OUTRAGE.
Donora, Pa., Nov. 7.—The second
bomb outrage here in two days
occurred last night when a street car
filled with steel workers was hurled
from the tracks by an explosion of
dynamite. Several of the men were
bruised but none hurt seriously.
Three steel strikers were arrested by
state troops. Four Lithuanians
were also arrested today charged
with dynamiting a house occupied
by a steel worker.

UNOFFICIAL REPORTS SAY "DRY" AMENDMENT LOST

Enforcement Act Also Defeated in
Ohio—Voters, However, Uphold
State Wide Prohibition.

from the tracks by an explosion of
ratification of the Federal Prohibi-
tion amendment by 2,426 and the
Craze Enforcement Act by 1,843
votes today from 5,878 of Ohio's 5-
882 election precincts.
These reports also indicate that
the voters upheld state wide prohibi-
tion with a 41,324 majority and that
the 2.75 per cent beer and wine prop-
osal was defeated by 23,610 votes.

VATICAN TO TAKE UP
THE INDUSTRIAL UNREST.
Paris, Nov. 6.—The industrial con-
flicts throughout the world will be
treated in an important allocution
which Pope Benedict XV at the Vati-
can, said a Rome dispatch to the
Echo de Paris today. A number of
new cardinals will be created.

TICKETS FOR YALE GAME.
New Haven, Conn., Nov. 6.—The
Yale ticket department today an-
nounced a public sale of tickets for
the Yale-Princeton game for Mon-
day morning next at 9 o'clock. Two
tickets will be a sold to a person. A
return allotment of tickets from
Princeton will be sold out.

WAS NOT BERNSTORFF.
Berlin, Nov. 6.—Count von Bern-
storff, German Ambassador to the
United States at the outbreak of the
war, testifying again today before
the War Guilt Commission of the
national assembly, denied that he
had directed the Pro-German prop-
aganda in the United States.

HOLIDAY IN BRIDGEPORT.
Bridgeport, Conn., Nov. 7.—
Mayor Clifford B. Wilson of this city
has issued a proclamation asking
for the observance of Armistice Day
as a holiday in this city.

ELLA WHEELER WILCOX WILL.
Branford, Conn., Nov. 7.—By
the will of the late Ella Wheeler Wil-
cox, the poetess and author, filed for
probate here today she gives all of
her estate real and personal to rela-
tives and friends in numerous be-
quests. The total value of the es-
tate is not given.

GUARDING EBERT.
Berlin, Nov. 7.—Barbed wire en-
tanglements and machine guns have
been placed around the official resi-
dence of President Frederick Ebert
as precaution against any outbreaks
on the anniversary of the German
revolution on Sunday.

Revelations of Spartacist plotting
have caused much alarm on the part
of government officials.

UNION OFFICIALS GOUGE EMPLOYERS FOR OVER \$500,000

Police Raid Chicago Head-
quarters and Seize Im-
portant Evidence.

Chicago, New York and Rochester
Firms Paid Large Sums to Lead-
ers Fearing Employees Would
Strike.

Chicago, Nov. 7.—Bank books,
correspondence and other papers
seized late yesterday by representa-
tives of the State's Attorney's office
in a raid on the offices of the Amal-
gamated Clothing Workers of Amer-
ica will be placed before the grand
jury, Assistant State's Attorney
Nicholas Michels said today. He also
said he would ask indictment of
certain officers of the organization
for having secured upwards of \$500,-
000 from the clothing manufactur-
ers in Chicago by "calling and later
settling strikes" in their plants.
Hillman the President.

The organization of which Sidney
Hillman, said to be an American
Federation of Labor "outlaw" is In-
ternational President, is said to have
more than 150,000 members and to
dominate the clothing industry of
Chicago.

Michels declared today that
of the increase in the cost of cloth-
ing in the past eight years can be
traced directly to "an alleged extor-
tion gang."

Firm Pays \$3,000.
One demand for \$3,000 was paid
by a Chicago firm," Michels said.
"These demands were made in the
guise of fines or penalties. Manu-
facturers failing to heed these de-
mands were threatened with strikes
and boycotts. Employees got the
benefit of the strike demands and the
officials of the extortion gang got the
settlement money."

Girl Tells of Plot.
The raids yesterday followed a
statement by a girl formerly em-
ployed in the office of the organiza-
tion.
Michels declared that no arrests
would be made until after all the
evidence had been placed before the
grand jury.

William A. Cunnea, attorney for
the organization emphatically denied
the allegations of the state's at-
torneys office.
Chicago Federation of Labor offi-
cials and officers of the American
Federation of Labor refused to com-
ment on the affair.

CABINET CRISIS.
Ottawa, Ont., Nov. 7.—A Cabinet
crisis is threatened today by the
proposal to pay Canadian soldiers a
cash gratuity for their war services.
A Parliamentary committee has re-
ported against the suggestion and is
backed up by the Ministry which
claims the financial condition of the
country would not support a cash
gratuity. Parliament has not yet
acted upon the committee's recom-
mendation.

MAY BE REVOLV.
Paris, Nov. 7.—Fears were ex-
pressed today that the proposed gen-
eral strike of railway workers may
take a revolutionary trend. The
leaders of the movement declined to
say whether it would be confined to
a 90 minutes' cessation of work to
commemorate the establishment of
Soviet rule in Russia or would ex-
tend into "a revolutionary general
strike."

P. O. EMPLOYERS' RAISE.
Washington, Nov. 7.—The bill
granting salary increases to Postal
employees will become a law at mid-
night tonight, unless the President
acts upon it today. The bill provides
for graduated wage increases.

LEADERS WILL GO TO JAIL BEFORE THEY RESCIND ORDER

Attorney General Palmer Says the Strike Situation is Un-
changed—There Must Be an Unconditional Surrender—
He Says—Gompers Warns Palmer That Great Damage
Exists Until Court Order is Vacated.

Washington, Nov. 7.—"The Department of Justice will not sur-
render," declared Attorney General Palmer today after a confer-
ence with Samuel Gompers and other labor leaders who urged
him to take steps to have the government vacate its injunction
proceedings in the coal strike.
The attorney general went directly to the White House from
the conference. He did not stop at the cabinet rooms but went
to the White House.

Gompers Again Makes Protest.
Gompers declared he had protested against the injunction pro-
ceedings to the attorney general, Frank Morrison and Matthew
Woll, who accompanied Gompers, refused to talk of their con-
ference.

"Will Not Surrender."
"The Department of Justice will
not surrender," said Attorney Gen-
eral Palmer as he hurried to the White
House. "The situation is un-
changed. There must be an uncon-
ditional surrender."
After a brief stop at the White
House the Attorney General went in-
to the cabinet meeting, evidently
having left a message for the Pres-
ident with Mrs. Wilson.

Gompers Warns Palmer.
Upon reaching his office Samuel
Gompers declared he had emphati-
cally warned the Attorney General
there was no hope for a settlement
of the strike while the injunction
was in effect.

"I told him of the great danger
that exists if the strike order is not
vacated," Gompers said. "I told him
there may be chances left yet of set-
tling the strike, but that there may
be no settlement so long as the in-
junction order remains in effect. I
pointed out this great danger to
him."

LEWIS DETERMINED.
Washington, Nov. 7.—John L.
Lewis of the coal strike, will go
to jail before he will rescind the
strike order without a satisfactory
settlement, according to an "official"
statement issued today by Edgar
Wallace, Washington representative
of the United Mine Workers of Amer-
ica.

"This strike will go on, even
though they all go to jail," declared
Wallace. "The miners have shown
so far that they need no leaders
while on a strike. This strike is not
a thing fomented by leaders. The
men were driven to strike by econ-
omic necessity. They were forced
into the strike by the operators."

Washington, Nov. 7.—Backed by
a united front, stiffened in its firm
resolve to assert the policy of law
and order, by the trend of recent
political events, Judge C. B. Ames,
chief Lieutenant of Attorney General
Palmer will arrive in Indianapolis
today where tomorrow he will ask
Federal Judge Anderson to make it
mandatory upon acting President
John L. Lewis and other heads of
the United Mine Workers to rescind
the strike order which has impelled
400,000 members to forsake their
posts of duty.

No Compromise.
But one thing will halt the Gov-
ernment's determination to proceed
against the union heads as lawbreak-
ers and that is, their calling off the
strike. In what manner this may be
brought about is not concerning the
Government. Reports that Govern-
ment agencies were at work to bring
about a compromise were yesterday
unequivocally denied by responsible
officials.

This is the last day of grace of the
seven allowed by Judge Anderson to
enable the leaders to counsel among
themselves or to negotiate with their
opponents.
Miners Powerless.
The union leaders stoutly main-
tain that they have not the authority
to rescind orders without a settle-
ment and will go to jail rather than
betray the cause.
United States Supreme Court.
The mandates of its courts as the
supreme authority.

Cabinet Meeting Called.
With Attorney General Palmer
back in Washington, a meeting of
President Wilson's cabinet has been
called this morning at which final
plans will be laid for prompt action
in case the union leaders defy the ex-
pected mandate of Judge Anderson.
Today's cabinet meeting will take
up the question of the legal proceed-
ings instituted by the Attorney Gen-
eral, and which have brought a
storm of protest to all cabinet offi-
cers from labor leaders everywhere.
The cabinet is solidly behind the At-
torney General, with the exception
of Secretary of Labor Wilson who is
known to oppose the injunction pro-
ceeding. No change in the policy is
expected to result from today's meet-
ing despite the fact that the strong-
est sort of political pressure has
been brought into action by labor
leaders. With all his former power
as fuel administrator restored by ex-
ecutive orders of President Wilson,
Dr. Harry A. Garfield is prepared to
exercise them in the most drastic
fashion should the need arise in the
coming crisis.

Distribution of Coal.
Proper distribution of fuel and
curtailment of unnecessary trains
will be the responsibility of Rail
Director Walker D. Hines.
The Department of Justice is pre-
pared to proceed against any com-
mitting unlawful acts and its agents
have been carefully stationed in the
strike areas.
Mines that are not affected by the
strike order will be urged to double
their output as a means of relieving
the serious shortage of coal, which
will result from a long drawn-out
struggle, and industries not essen-
tial will probably be asked to cur-
tail their production.
Director General Hines, of the
Railroad Administration and Fuel
Administrator Harry A. Garfield
were summoned to the White House
today to attend the Cabinet meet-
ing.
Reports to the Department of Jus-
tice today indicated that non-union
mines are producing to the maxi-
mum because of the exodus of union
workers to the non-union mines.
No Disturbances.
No reports of violence during the
strike have reached the Department.

GOVERNMENT WILL NOT SURRENDER, SAYS PALMER

(Continued from page one)

Officials today declared it to be the quietest strike on record. Lightless Nights.

The coal-strike threatens to put the lights out. Dr. Garfield, Fuel Administrator, was today making plans for putting into effect an order for "lightless nights" if the coal strike is not brought to an end shortly.

Dr. Garfield stated that the "lightless nights" during the war saved approximately 500,000 tons of coal in a year.

TRAINS TAKEN OFF. Chicago, Nov. 7.—Sixty-five passenger trains entering Chicago were taken from the railroad schedule today "for the duration of the coal strike."

This suspension of service was ordered in compliance with the request of the Railroad Administration to curtail the train service as much as possible to preserve the present supply of coal.

The trains removed from schedule include 57 trains by the Chicago, Milwaukee and St. Paul line and 14 operated by the Chicago and North-western line.

FLOODS IN N. Y. CITY. New York, Nov. 7.—Driven by high east winds of the last few days a flood tide backed up into the North and East rivers today, flooding warehouse basements, overflowing sewers, water front streets and forcing the temporary suspension of several ferries which ply between the Jersey shore and Manhattan. Old water front workers declared it to be the highest water in history.

ABOUT TOWN

D. C. H. Hesselgrave will give a talk on "Building a New Social Order as Seen from the Platform of Congregationalism."

The pupils of the South Manchester High School had a holiday today while the instructors spent the day observing methods in other schools. The other schools in the town will be closed on different days so that the teachers may visit schools.

The Center and North Congregational churches are going to unite in a special union service Sunday evening at the Center church. The musical program of unusual interest has been arranged by Miss G. Louise Dickerman and will be one of the features of the evening. Violin selections will be rendered by Robert Doelner and Mrs. Katherine H. Howard, cellist, will play. There will also be vocal numbers by Miss Emma Trebbs.

NOTICE

SPECIAL TOWN MEETING. Notice is hereby given to all legal voters of the Town of Manchester, Connecticut, that a Special Town Meeting of said Town will be held in the Town Hall in said Manchester on Thursday, November 13th, 1919, at eight P. M. for the following purposes:

To see if the Town will authorize the Board of Selectmen to bring a written petition to the Public Utilities Commission of the State of Connecticut alleging that the rates or charges made by the Connecticut Company for transportation of passengers and baggage between said Town and adjoining Towns are unreasonable, and that the service furnished by said Company through its Zone System is inadequate to public necessity and convenience.

To see if the Town will accept the Selectmen's Layout of Hayes Street.

To see if the Town will adopt a by-law regulating the parking of vehicles on the north side of Center street, between the east side of the cross walk at the corner of Center and Main Streets and the west side of the driveway entering the property of the Center Congregational Church, from said Center Street.

To see if the Town will elect a Bridge Commissioner to fill the vacancy caused by the decease of the late James W. Chesney.

TAD'S TID-BITS

Right fans as a rule pick Jim Jeffries when they talk of the toughest guy Jack Dempsey could have met.

Last night at an uptown soda store a bunch of ring followers got into an argument about the title of a great Jeffries fight, said Jim Dempsey could not have beat Jeff and that after eight or nine rounds he would have tired and have been a spread for the boiler-maker.

He said that if Hitters like Sharkey Choyraki and Fitzsimmons couldn't take Jeff, what chance would Dempsey have had?

TO THE FATHER OF A BOY

Just a little plain talk.
 How would you like to pick up \$3 to \$5?
 You can do it.
 That boy of yours probably needs a suit—what boy doesn't?
 I have about 90 Boys' Suits—good ones. New, well made, from better cloth than goes into 9 out of 10 Boys' suits today.
 How I got them doesn't matter—I came by them honestly and I own them at two-thirds their real value.

TAKE YOUR PICK AT **\$9.00**

The materials are nice quality Blue Serges, Wool Mixtures and Cassimeres, snappy, dressy suits, mostly sizes 9, 10 and 11 but a few as large as 16. It won't cost you a cent to look them over.
 If you can duplicate these values for less than \$12 at any store in town I will make you a present of a suit.
 —And my word is good.

TO PRESENT PETITION TO PUBLIC UTILITIES AFTER TOWN MEETING

Commuters to Await Town Action Before Making Formal Complaint.

HARTFORD WORKERS ARE DEPENDING ON AUTOS

Commuters' Association Planning to Procure Three Additional Trucks—Have \$1,000 Pledged for Fight.

Further plans for the campaign against the Connecticut Company's increased rates were discussed at a meeting of the officers of the Manchester Commuters' Association held in the Hall of Records last evening. Reports from the various committees showed that nearly \$1,000 had been pledged and that close to 500 commuters have signed the petition to be presented to the Public Utilities Commission.

The petition to the Public Utilities Commission will not be presented to that body until after the special town meeting of next week. The officers of the association decided that no further action would be taken until they learned just how the town would treat the matter next week. It was voted to hold a meeting of the commuters preceding the special town meeting on Thursday evening, November 13, at 7.30 o'clock.

Apparently a large majority of the commuters are traveling to and from the city in auto trucks. At the present time there are not enough trucks to take care of all the commuters. It was reported at the meeting last night that three more trucks had been secured and that these trucks would start work Monday morning.

2004 ANSWER "HERE" TO RED CROSS ROLL CALL

Number is Increasingly Rapidly—Today Last Day for District System—Free for All Beginning Tomorrow Promises Excitement.

Two thousand and four men, women and children have joined the Red Cross since the Third Roll Call started here Nov. 2 and team members report that the total is growing rapidly.

The membership campaign as conducted by men from the Army and Navy Club closes tonight and from then until Nov. 11 the campaign will be a free-for-all without regard to districts.

PANTS FOR WOMEN.

New York, Nov. 7.—Trousers for women were advocated by Miss Fannie Harley, writer and lecturer, in an address on "The Irony of Fashion" before the New York School of Industrial Art. Miss Harley illustrating her talk with a number of different costumes, the last being a pink waist and pink pantaloons which she described as her "opera clothes."

WE ARE NOT PREJUDICED SAYS CHARLES CHENEY

Working of Zone System Being Watched Closely and With Due Regard to the Public Interest.

That the trustees of the Connecticut Company are not ignoring the commuters of Manchester is indicated by a statement made by Charles Cheney this morning. Mr. Cheney, who is a federal trustee and director of the road, said that the trustees of the company are and always will be willing to consider public propositions with an open mind. "We are not bound by prejudice," said Mr. Cheney.

Asked if there had been any new developments relative to the commuters, Mr. Cheney said that he had been away on business for the past few days and that he knew of no recent action. The trustees had held no conference since the meeting of Saturday in New Haven. Relative to the zone system inaugurated by the Connecticut Company, Mr. Cheney said that the zone system as planned and which are now in effect were being watched with close attention and all due regard to the public interest. No action toward abolishment could be taken, he said, unless the trustees felt that they had sufficient justification in doing so.

OLYMPICS WILL PLAY CRACK HARTFORD SQUAD

One of the opening games of the Hartford and District Soccer League will be played in Manchester Sunday afternoon when the Manchester Olympic Soccer Football club will oppose the crack Hartford United team. The game will be played on the west side playgrounds at 2.30 o'clock. As both of these teams have defeated the S. K. F. of Hartford a close and interesting contest is promised. Manager Stratton has strengthened his line-up for the game and in-chip he has one of the best players in the state. The Hartford United needs no introduction to local fans and has the reputation of being one of the fastest soccer organizations in New England.

FUNERAL OF JOHN D. PARKER

The funeral of John D. Parker, whose death was briefly noted in yesterday's Herald, will be held at the Central Church in Hartford tomorrow afternoon at two o'clock. Mr. Parker, who died at the home of his daughter, Mrs. George Wells Cheney of Hartford Road yesterday noon, resided here during the absence of his daughter's husband in the service and had often visited her at other times. His genial disposition made friends of all who met him here. He leaves a widow and four daughters, Mrs. Harold Read, of Cambridge, Mass., Mrs. Richard Wayne of Hartford, Mrs. George W. Cheney of this place and Mrs. Walton Hall Smith. Mr. Parker was a native of Pittsfield and had been connected with the Connecticut Mutual Life Insurance Company since his youth.

"EYES OF THE WORLD."

"The Eyes of the World" which is announced for next Tuesday and Wednesday at the Park theater, is one of those rare morsels only occasionally offered in which the usual type of screen celebrity is superfluous. The legion of Harold Bell Wright's admirers will readily understand that an unusually high conception of art is required of the artists entrusted with interpreting his various characters. Such were employed in every role in the filming of "The Eyes of the World." Particularly does this apply to Jane Novak and Monroe Salisbury who enact the two more important roles.

As the seating capacity will surely be taxed to the limit of the theater while "Eyes of the World" remains, the wise thing to do is to secure reservation at once.

DAYLIGHT SAVING.

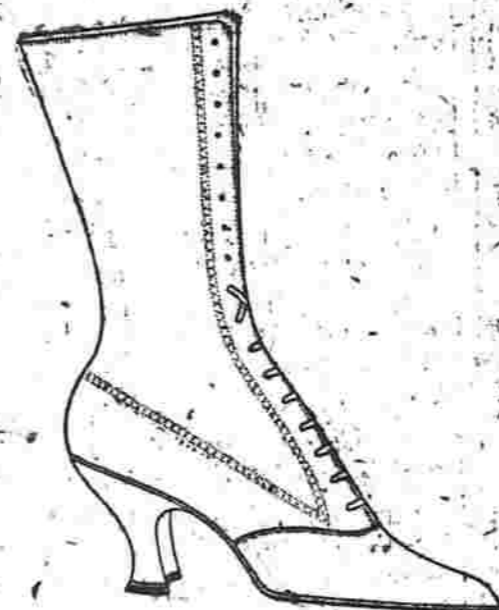

Connecticut Mayors to Discuss Question Tomorrow.

New Haven, Conn., Nov. 7.—Responses have been received from practically all Mayors of the state, who expect to attend the meeting of the State Mayors here tomorrow to discuss the matter of a uniform action in the state on daylight saving. The Mayor of Danbury has signified his inability to be present and one or two others of the nineteen, including Mayor Jeremiah Donovan of Norwalk, have not been heard from. The meeting is to open at noon and W. J. Carver of the National Daylight Saving Association, of New York, will address the Mayors. There will follow a general discussion with probability of some concerted action.

PUBLISHERS' ANNOUNCEMENT

The Evening Herald, following its established policy of keeping up to the minute in its machinery and methods, has this week installed one of the most important improvements offered to newspaper publishers since the invention of the linotype.

It is fascinating to stand by one of these machines and see it unfold before your eyes the news of the world, writing steadily minute after minute and hour after hour without apparent human intervention.

The value of this accession to our news-gathering facilities can be seen at once. It places at our disposal the entire news output of the great International News Service and brings the matter to the desk of the telegraph editor without a moment's delay.

Experts from the American Telegraph and Telephone Company are supervising the experimental operation of the receiving machine for a few days and completing the fine adjustments which are necessary for its perfect operation.

THE WASHINGTON BOLSHIEVIKI

How much longer are the "bitter enders" in the United States Senate going to pillory the world's hope of peace and justice among the nations? These are serious and troubled times.

Daily the Senate has voted down amendments that would have cut the heart out of the covenant and daff the obstructionists have introduced new amendments with the same purpose. There has been no attempt to conceal their purpose. They are engaged in the most brazen piece of political vandalism that ever besmirched the record of a legislative body.

merely without regard for the international honor of this nation or the best moral judgment of its people.

A REASONABLE WHY

By G. C. B. Apologies to K. C. B. HE WAS my bunk

OVER THERE IN the Argonne AND ONE night when the WIND WAS right, the Huns

TREW OVER a lot of gas AND SOME got into his lungs

AND I THOUGHT I had lost MY GOOD OLD pal.

BUT WHEN I arrived in the U. S. A.

I MET my pal and his mother AND HE looked thin

AND COUGHED A LOT AND HIS worried mother

TOLD ME he had Tuberculosis. AND THE Red Cross learned

OF HIS condition and arranged FOR HIM to go to a

SANITORIUM where he is RECEIVING GOOD care and is

LOOKING MUCH better and so IS HIS MOTHER for she

KNOWS HER SON is in good HANDS AND the Red Cross helps

HER ALONG with the expenses AT HOME AND I am glad.

FOR MY dear old Pal AND HIS dear loving mother

AND THAT is a REASON WHY

I AM for the Third RED CROSS Roll Call

THE MOTHER of Humanity. AND I say to you

IS IT not worth while TO JOIN?

I THANK YOU.

MOVIE FIRMS SELECT FLORIDA FOR WINTER

Jacksonville, Fla., Nov. 7.—Florida likely will again become the winter mecca for motion picture players, and numerous representatives of film companies are here arranging accommodations for actors, camera men, directors and others.

SALE OF HAIR TONIC TAKES JUMP IN PORTO RICO

Porto Rico, Nov. 7.—Hair tonic has leaped into favor here in Porto Rico. In one week more than 1,350 bottles manufactured by a local firm, under a formula registered with the Government, has been sold.

TON OF TWENTY DOLLAR GOLD PIECES FOR ORIENT

Seattle, Wash., Nov. 7.—A ton of \$20 gold pieces! They're en route to the Orient to the Asia Banking Corporation at Shanghai from a local bank "to help stabilize currency in China." The value is \$500,000.

COMMUTERS DESERT TROLLEYS FOR TRAINS

Eighty More Trip Books Sold This Month Than Last

BOARD FOR THE 7.58

Early Train May Be Changed to Leave Eighteen Minutes Sooner—Traffic Increasing Daily Say Officials.

Although Manchester has no "5.15," there is a train leaving at 7.58 o'clock in the morning on the westbound track that promises to be equally as famous. Since the inauguration of the zone system, railroad travel has increased, and according to information received at the north end station today, more than sixty commuters are patronizing the early morning train.

Sales of commutation books have also increased. This month's sales are ahead of the previous month by about eighty books. It is said that travel is increasing daily and that a record would be established if the railroad officials changed the schedule of the train's departure.

BRITISH LAND GIRLS DISCARDING THEIR SKIRTS

London, Nov. 7.—Land girls are discarding their skirts. The girls have found, and the Board of Agriculture agrees with them, that skirts hamper them at work, becoming wet and muddy from stooping.

JAPAN ARTICLES FLOOD ENGLAND

London, Nov. 7.—"Made in Japan" is the fact that is being impressed by window displays in London shops. The same is true in other English cities, where stores are selling these articles from Japan.

MENUS 8 FINGERS, VETERAN INSISTS ON PIANO LESSONS

Washington, Nov. 7.—Five of his fingers and both of his thumbs itching to emulate Paderewski—the other three fingers having been shot off by the Germans—a returned soldier, formerly a plumber, has been causing a great deal of worry to the Federal Board of Vocational Education here. He threatened to disrupt the whole board before he could be made to see it would be useless to give him piano lessons, the board announced.

OMSK EVACUATED

Washington, Nov. 7.—Prospective evacuation of Omsk by the forces of Admiral Kolchak was confirmed in dispatches received by the Ditch Department today. Foreigners are already leaving the city it is stated, and all property which it is desired to save from the Reds is being removed. The dispatches indicate that the Red Armies, driven westward a year ago, are sweeping into Siberia. No estimate of their strength is given.

TRIES TO MAKE SPEECH

Washington, Nov. 7.—The Senate was thrown into confusion for a brief time this afternoon by a demonstration in the galleries. Senator Hoke Smith was in the midst of a speech on American rights in connection with the peace treaty when a man jumped in his feet in the gallery, waved an American flag and shouted, "Gentlemen of the Senate, I wish to make a speech."

America's greatness is her capacity for service. JOIN.

First Ship Reaching Them to Arrive Here On Nov. 9

Washington, Nov. 6.—The first vessel bringing the bodies of American dead soldiers from France will be met on its arrival by a Senate committee appointed by Vice President Marshall, consisting of the following: Senators Wadsworth, New York; Chamberlain, Oregon; Newberry, Michigan; Pomerene, Ohio; Breckham, Kentucky and McCormick, of Illinois. The ship is expected to arrive about November 9.

WOMEN STONE WORKERS

Buffalo, Nov. 7.—Eighty women held up three cars in Lackawanna this morning and attacked workmen bound for the Lackawanna Steel plant. Police say the women had clubs and stones. Police and state troopers dispersed the crowd. The women had been acting as pickets at the Lackawanna and Donner plants. About 4,000 men are now at work at the Lackawanna plant.

LABOR MAY WITHDRAW

Washington, Nov. 6.—Facing defeat the labor group is today seriously considering withdrawal from the International Labor Conference. Led by Samuel Gompers, unofficial American delegate, the labor group has endeavored to refer the question of the eight hour day as against the 48 hour week to a committee. The efforts thus far have failed, and there is an apparent movement under way on the part of the employer and government group to check further debate on this question. If the debate is stopped Gompers probably will withdraw and he may have a considerable following from other delegations.

JOHN H. BLAKESLEE

New Haven, Conn., Nov. 6.—John H. Blakeslee, for fifteen years, town clerk of North Haven died suddenly of apoplexy at his home today, aged 55. He was a former State Shell Fish Commissioner and twice a member of the legislature from North Haven. He leaves a wife, son, Waldo of North Haven and a daughter, Mrs. Morris Woodruff of Berlin. Mr. Blakeslee was administrator of an estate and was to appear in the Probate Court here today in connection with his duties in this capacity.

READY FOR TREATY FIGHT

Washington, Nov. 6.—President Wilson is now ready to confer with Senate leaders about the final plans for the treaty fight in the Senate. Secretary Tumulty announced today that the President had informed Senator Hitchcock that he would see him either today or tomorrow to talk over the final plans for the consideration of the treaty in the Senate.

FOREIGN LEGION DESTROYED

Copenhagen, Nov. 6.—The "Foreign Legion" fighting with Gen. Yudenitch's Anti-Bolshevik army southwest of Petrograd was virtually destroyed in the violent engagement around Gatchina, according to information received here today from the front. General Yudenitch is expected to withdraw his army all the way to Narva because of the swampy character of the ground over which operations have been in progress. Narva is about 100 miles from Petrograd.

COOL HOUSE BETTER

Brookline, Mass., Nov. 7.—Colonel E. H. House accompanied by Mrs. House are spending a week with their daughter, Mrs. Randolph Tucker. "My father is recovered sufficiently enough from the illness which he had when he arrived in this country to be beyond the doctor's care now," said Mrs. Tucker. "All he needs is an absolute rest."

PRESIDENT'S MESSAGE

Washington, Nov. 7.—President Wilson has written a message to the nation, which will be made public on the anniversary of the Armistice, next Tuesday it was announced at the White House today.

The Nooma Girls' club held a social meeting at the Recreation Center last evening.

ENGLAND'S WAR ON RATS PROVING SUCCESSFUL

London, Nov. 7.—Casualties are mounting high in England's war on rats, which has been in full swing for some time. Two new methods have been introduced: first, poison gas; second, plants. The red squill, a bulbous plant of Mediterranean origin, proves fatal to rats, if they eat it, but doesn't harm domestic animals.

RETURNED HERO KILLED BY TRAIN

out the war Steve Phillips, also twenty-five, dodged shot and shell in France. A member of the First Division, he won fame and glory as a soldier. He was wounded once by a bullet and again by a shell. Yet he had been home less than two weeks when a freight train claimed him as a victim. Still in his uniform, he was run over while walking along the track at night here. Springfield was Phillips' home.

CONA COMPANY DENIES REMOVING REGULAR CAR

Only Car Taken Off Was Early Morning Tripper—Shop Car Runs as Usual.

The car which was discontinued by the Connecticut Company on the early morning run to the city was a tripper and not the regular car, according to information received at the local office of the company this morning.

It has been the custom of the dispatcher to send out two cars on the six o'clock run. The first car went through to the Underwood shops and also to the Hartford Rubber works. The second car acting as a tripper only went as far as city hall. It was the latter car that was taken off the run.

Officials admitted this morning that the tripper was taken off because of the decrease of early morning patronage, due to the fact that the commuters were traveling by auto. The company wished to emphasize the fact however, that the "shop car" has not been taken off.

POLISH PEASANTS LIVE ON BREAD MADE OF GRASS.

Washington, Nov. 6.—Living upon bread made from grass, nettles and heather, peasants are returning to their former homes on the eastern border of Poland and the western border of Russia, which they evacuated during the war, declares an announcement from the United States Department of Agriculture.

Food conditions, due to lack of cultivation, are wretched, but the shortages in Eastern Europe for the most part are local. Wheat bread is common in all markets except those of Germany, where white bread is not to be had. Throughout Germany the entire acreage is under cultivation although it is presumed the yield will be below normal, due to the lack of fertilizers.

Belgium is highly cultivated with good crop prospects, while France and England have both been affected by drought and their prospects in bread grains are not encouraging.

BIGGEST UNIT OF ODD FELLOWS

Detroit, Mich., Nov. 6.—Amity Lodge 335, Independent Order of Odd Fellows, became the largest subordinate unit of that organization in the world when a class of 606 candidates were inducted into the mysteries of that lodge recently. The class was the largest initiated by any lodge at one time during the one hundred years of the existence of the order.

'39 EAST' WILL BE SHOWN TONIGHT AT THE PARK

Rachel Crothers' delightfully entertaining and atmospheric romance of eighteen and twenty, "39 East", which ran all last season in New York, will be presented by the Messrs. Shubert at the Park theater tonight.

A story of life in a New York boarding house is "39 East." At first thought a New York boarding house does not appear as the setting for a romantic comedy; it is far more widely recognized as the scene of lost hopes, atrophied ambition and destroyed digestion. But Miss Crothers sees with the eye of youth and transcribes the language of love with sympathetic understanding.

"39 East" is one of those "exclusive establishments" where the paying guests are under the constant surveillance of a coterie of gossip old busy bodies whose sole occupation during decades of a drab and eventless existence has been that of prying into the thoughts, motives and activities of those more fortunate than themselves. In this particular instance the fortunate ones are a charming young girl who has come to New York to make her way in the world of music, and a youth in quest of charming femininity.

The natural attraction which each of these young people feels toward the other is sufficient excuse to loose the sinister tongue of scandal, and the smooth current of romance is thenceforth made turbid by envious innuendo.

The author is not a misanthrope, however. She may depict the superficial meannesses, shrewish tempers and jealousy-inspired antagonisms of man and womankind; but in the end she demonstrated with effective sincerity that, after all, the world has a heart and especially a heart easily reached by the woes of true innocence and of unselfish love.

In addition to the golden thread of romance which is woven with such naive charm through the warp of this refreshing story, "39 East" is distinguished for its adroit character studies, its trenchant observations on life in general, and its incisively humorous exposition of familiar human frailties.

FRIGHT RETURNS VOICE

Reading, Pa., Nov. 7.—Peter S. Gerhart, forty, who lost his voice two years ago, was so badly scared when an automobile brushed him that he shouted out loud and can now speak as well as he formerly did. Gerhart is looking for the autoist to thank him.

TAFT TO ADDRESS SUFRAGE AT REPUBLICAN DINNER

Will Discuss Responsibility of G. O. F. Toward Woman Suffrage at Bridgeport Convention.

Hartford, Conn., Nov. 7.—Mr. President William H. Taft will be the principal speaker at the "Republican Dinner" to be held in Bridgeport next Wednesday evening in connection with the opening of the Fiftieth Annual Convention of the Connecticut Woman Suffrage Association, according to announcement today from Suffrage headquarters.

Mr. Taft will use as his topic the general subject arranged for the dinner, "The Responsibility of the Party in Power in Connecticut toward Woman Suffrage." He will present reasons why he believes the Republican party in Connecticut should support and work for ratification of the Federal Suffrage Amendment.

Taft's Position.
It is within a comparatively recent time that Mr. Taft has announced his stand on the woman suffrage question. In a statement concerning his attitude he has said, "There are two reasons why I believe in woman suffrage. First—I was a member of the Labor Adjustment Board, and in going through the country I was amazed at the injustice with which women are treated. I saw that the only way that they could get a remedy was by gaining a part in the government."

"The other reason is this: The League of Nations is a thing very near my heart. I have found many men who for selfish reasons would reject the League, would even go in to another war, but never a woman. Women stand for all that is big and kind in international affairs."

MOOSE THREES STOCK TAKES A FINE FLIER

Take Everything in Third Round of League Bowling—Anderson High Man.

Team No. 3 carried off high honors in the third round of the Moose Bowling League at the Brunswick alleys last evening. The team won the high three string with a total of 267, while Anderson of the No. 3's rolled a high single of 111. Team No. 3 also captured two out of three games from Team No. 1. In the first match, Team No. 2 took two out of three from Team No. 4. The scores follow:

Team No. 2.		
Mallon	78	81 89
Hackett	86	74 95
Saidella	80	77 84
244 232 238		
Team No. 4.

MONGREL PUP MOURNS DEMISE OF PAL—A FIG.

San Francisco, Cal., Nov. 7.—Blooded sardales and the Knights of Dogdom have mourned the loss of their mates in a manner calling often for the eulogy of poets, but nature took a queer twist here when a Topsy mongrel mourned the demise of its little pal, a pig, the other day.

The pup and the pig were inseparable. From the day when they simultaneously arrived on the "farmette" of an Italian family at Monte Vista they played and romped together. Pup would chase his own tail and piggy's curly appendage around the pen from sunup to sundown; he snapped at piggy's snout and he frayed his pointed ears until the day came when "this little pig went to market."

The butcher slaughtered the pup's pal. They locked the dog in the bathroom during the slaughter. When he emerged he growled and barked and wouldn't touch food. Days later, nearly starved, he descended to eat a little beefsteak. But when they started to give him a bit of ham from the shank of his old pal he turned surly again and hasn't eaten now for three days.

It's all true. Every word of it. Try a City Seal, best cigar for 6c. McNamara's Pharmacy—adv.

HEROES PLAN DRIVE ON CONSCIENTIOUS OBJECTORS.
Concordia, Kan., Nov. 7.—The Concordia ex-soldiers who fought in France are preparing a "drive" on the conscientious objectors that will make many of those who proclaimed themselves at Camp Funston as the "pets" of the Secretary of War to think that they had better leave Kansas. A list of every "C.O." in the State is being prepared by the George T. Davies Legion post here and copies will be sent to every other post in Kansas. They will continue their efforts to have an investigation of the actions of the Secretary of War in giving the "C.O." an honorable discharge, and they will make efforts to have the Kansas delegation to the Minneapolis convention in November press the investigation.
Our Syrup of Tar with extract of God Liver Oil and Menthol will stop that hacking cough. McNamara's Pharmacy—adv.

Dr. C. C. Burlingame Sums Reasons Why Red Cross Should Be Supported

To every man, woman and child of Manchester we appeal to support their own organization, the Manchester Red Cross, during the Third Roll Call now in progress and ending November 11th. Remember every person who gave one dollar or more during 1918-19 is a member and a part of the Manchester Red Cross and it is as your representatives that the Roll Call committee is doing the work, but it is to you we must look for the loyalty and support necessary for success.

What we want from you as your part is—

First: Renew your membership for 1920 by paying your dues of one dollar.

Second: Give your financial pledge for as much in addition to your membership dues as you possibly can afford.

Third: Think and talk Red Cross so as to get new members and new subscriptions for the solicitors.

Why we want this from you is—

First: So you can complete the military relief you started for your own army, ex-service men and those still in service from the U. S. at large and Manchester in particular.

Second: To be prepared to meet a national or Manchester emergency such as last year's influenza epidemic.

Third: To give support to Manchester's Child Welfare Committee and give Manchester better babies.

Fourth: To fight tuberculosis and cooperate with our own health authorities to prevent the spread of this disease in our own community.

Fifth: To complete the war relief work already started in Poland, Italy, France and other European countries.

The means provided for your doing this is—

First: Teams from the Army and Navy Club will call upon you before November 8th if possible and you as a member should before that date have paid your 1920 dues of one dollar and be wearing your 1920 pin.

Second: If by November 8th you have not paid your dues and are not wearing your button for 1920 you may be solicited by committees from the churches, fraternal societies, business men, industries, Army and Navy Club or girl solicitors.

Third: You may give your financial pledge for more than your dollar membership fee to any solicitor at the time you pay your dollar for membership or you may give it to

any of the financial solicitors who may call upon you.

Fourth: You may mail to the headquarters your membership fee or additional financial pledge.

We all too well remember the influenza epidemic which started in Spain and spread over the whole world. During the past few months and at the present time the Red Cross is fighting typhus fever in Poland and other European countries and waging a successful battle to prevent its spread to other parts of the world and we are living today in one of those parts. Only one-third will be paid of the expenses of "carrying on" with our own troops who are still in the army and have no choice but to "carry on" while we are already beginning to forget there was a war.

Our loyalty to our own town and obligation to never start anything we are not going to finish calls for our full support of the relief work we have started here in our own town. This work is not finished and cannot be without money and members. Tuberculosis will not stop killing people even in Manchester the healthiest town in the state unless the community as a community kills the tuberculosis first.

We ask you not to leave all of the work to your committee. We are counting on you.

C. C. BURLINGAME,
Chairman,
Third Manchester Red Cross Roll Call.

MORE RIOTS IN CAIRO.
London, Nov. 6.—Another outbreak of rioting in which one man was killed was reported from Cairo, Egypt, today. A news agency dispatch said that a band of men attacked the military hospital at Cairo, but were driven off. It was during this fighting that the fatality occurred. General uneasiness prevails at Cairo and Alexandria, and business is at a standstill.

H. S. BARS "SHIMMY."
Hartford, Conn., Nov. 6.—The "shimmy dance," "face to face" dancing and evening gowns have been tabooed at the Girls' Glee Club dance of the Hartford Public High School to be held Nov. 15. Dean Sara Rees, the girls' moral mentor has issued the decree. To show their disapproval of the mandate many of the high school girls appeared today wearing curls and hair ribbons as in grammar school days.

STORK BETS ON JOB FOUR JOETS BRITISH

France's Birth Rate Shows Some Improvement

Paris, Nov. 6.—France's declining birth rate has lately been a source of much concern, but a distinct improvement has been noticed during the present month.

Evidence of a great decline in births in 1918 was shown in official figures for the district of the Seine, which includes the city of Paris, which showed that there are only 43,480 births registered in that district in 1918, as compared to the 78,596 in 1911.

The infantile death rate given by statisticians is 40 per cent, as compared to 10 per cent before the war. This has been attributed to the scarcity of wet nurses and poor quality and shortage of milk for bottle-fed babies. The shortage is said to be due to the tremendous increase in cheese making, especially in Normandy.

However, all the maternity hospitals in Paris reported increased births thus far the present month. In one hospital the number doubled those of last year, and it is declared that babies are remarkable for size, weight and general health.

A new periodical entitled Marriage has just appeared. It announces that it will devote itself to the question of the repopulation of France, which is generally recognized to be one of the most urgent problems of the day. It asks its readers, "What means should be adopted to combat the present matrimonial crisis in France?"

Paris.—An appeal to the British soldiers dictated by the then General Foch, asking them to remember their forefathers' victory over Napoleon, inspired them to attack the Germans and recover the ground they had lost before the gas war at the second battle of Ypres, writes Colonel Feyer in the Journal de Geneve.

Before the asphyxiating gas both British and French had been obliged to give ground. The then General Foch intended to recover the former positions at all costs, according to Colonel Feyer. He asked Gen. Sir John French to co-operate with him. "Impossible," replied French, "my men are ready to hold here, but I do not feel that I can demand of them, in their present condition further sacrifices in attacking."

Foch expressed surprise: "Their morale is low," he said. "Why don't you induce a proclamation? Something like this: 'Battle soldiers, forefathers! You who have vanquished the great Napoleon, shall it come to pass that you will permit the lowly German to drive you from your positions and retain them?'"

"How is that?" asked French, greatly interested. "Please repeat it." And at the dictation of Foch, French wrote out the proclamation, which was given out to the troops the next day.

The next morning the British soldiers hit the line and recovered all the lost ground.

APPEAL INSPIRES BRITISH ARMY TO SUCCESS

Tells Them They "Vanquished Napoleon; Why Not the Lowly Germans?"

Paris.—An appeal to the British soldiers dictated by the then General Foch, asking them to remember their forefathers' victory over Napoleon, inspired them to attack the Germans and recover the ground they had lost before the gas war at the second battle of Ypres, writes Colonel Feyer in the Journal de Geneve.

RACHEL CROTHERS' DELIGHTFUL COMEDY

39 EAST

CAPTAIN TAKES VACATION

Captain Bertram Hayes of the liner Olympic, who carried millions across the ocean during the war, has gone back to the farm for the first vacation he has enjoyed since the war started. He was decorated with the D. S. O. by the king of Great Britain for sinking a German submarine. The photo shows him seeking relaxation by hard work on the farm.

REPAIRING GERMAN CABLES

Britain Also Putting Lines to Belgium Into Pre-War Condition.

London, England.—Every possible effort is being made to restore to its pre-war basis the cable system of the world. It is announced. The five Anglo-German cables which were cut by the war are being repaired and so are the four cables connecting England with Belgium.

Cable communication with Iceland which was interrupted by the war, has just been restored. Messages now are being dispatched to Australia in as many hours as it required days in wartime. Communication with the European continent is steadily improving.

Gold Coins of 1855 in Tree Felled by Storm

Mobile, Ala.—L. I. Robertson, aged resident of St. Stephens, Ala., in Washington county, near here, found several thousand dollars in gold coins. The money was in a rusty tin box that was exposed to view when a tree was blown down recently. The money was in \$1, \$2.50, \$5, \$10 and \$20 gold pieces of the date of 1855.

Wanted with Coin

Washington.—The government has as much "coin of the realm" that it actually bulges out the walls of the vaults containing it. The treasury has asked congress to appropriate \$1,500,000 to make the vaults secure and proof against fire. The treasury's gold and silver was accumulated during the war.

JINX PURSUES BRIDAL AUTO

Blowouts Were Overcome, but Lack of Years Was an Effectual Bar at License Bureau.

Baltimore.—Luck was with Allen Walter Dehuff of Dallastown, Pa., a prospective bridegroom, when he slipped from bed at 4 a. m. and at the wheel of his "divver" sped toward Logansville, Pa.

His bride-to-be, Miss Esther Hildebrand, was waiting for him at a lonely spot on the road and they turned the radiator toward Baltimore, but there Dehuff's luck deserted him.

First came blowouts and then engine trouble, and finally a jammed axle, but repairs were made and the "divver" continued toward Baltimore and a marriage license.

But the blow which he received at the marriage license bureau will take two years to fix, unless he asks his parents for help. He is only 20 years old and the clerk would not issue the marriage license without the consent of his parents, so the pair returned home.

FAMOUS BAR-NOW GROCERY

California House Had Five Presidents and One King as Guests.

Sacramento, Cal.—The Diamond Bar, famous for nearly fifty years, as a part of the old Auzerals House, of San Jose, Cal., is being fitted up for a grocery store. The Auzerals House, in West Santa Clara street, housed five presidents of the United States and was for a time the abode of a king. It was built in 1833, according to John E. Auzerals of San Jose, and the bar-room was the meeting place for many of the men whose names have been written into the history of California.

President Grant was entertained at a banquet in the Auzerals House in 1879. The following spring King Kalanui of Hawaii was a guest, and in September of the same year President Hayes delivered an address from the balcony. President Harrison was a guest in 1841, and both McKinley and Roosevelt visited the famous old hotel on their tours of the United States.

Landlord Gives House to Tenant for 26 Years

Boston, Mass.—Protesting landlords who raise rents and refuse repairs may profit by the example of F. T. Fuller, of Wakefield, who has made a present of a house to the tenant who has lived in it for the past 26 years. Today Fuller is known as the best landlord in America.

WEALTHY FAMILIES KEEP R. R. RUNNING FOR SERVANTS

Milton, Mass., Nov. 6.—Maid servants, man servants and cooks of wealthy Milton families have induced their employers to back the bankrupt Blue Hill Street Railway and keep it running for their accommodation. Wealthy families have "clubbed together" and dipping into their pockets, have raised a fund to back the trolley line for a few months, or until the results of the experiment are demonstrated.

STEPANSON OFF TO CANADA ON REINDEER MEAT SCHEME

New York, Nov. 6.—Vilhelm Stepanson, the noted Arctic explorer and high sea captain of the American Arctic expedition, is on his way to the northern section of Canada, to prove his contention that the future meat supply of this continent must be sought in the "Frozen North." Mr. Stepanson plans to deliver lectures in Canadian cities as well as smaller towns. In speaking of his plans Mr. Stepanson said: "I believe the Canadian Government will adopt my scheme and commandeer the huge herds of reindeer which inhabit the northern regions of Canada. They will then sell them at a reasonable price to small stock owners. Reindeer meat is the solution of the food problem on this continent. The Dominion Government has informed me that it can convey twenty-five Canadian towns of my scheme, they will take it up in earnest."

ONE PERSON SAVED

London, Nov. 6.—After a heroic struggle against stormy weather and high seas the crew of the American steamer "Modus" rescued 650 persons from the "India" liner, Fozzika, which went aground on Nigo Bar Island, said a dispatch from Penang, Straits Settlement today. The "India" was so badly damaged she could not be salvaged.

SHORE IN HIS ACCORD

New Haven, Conn., Nov. 6.—H. E. Speers, local agent for the E. J. Collier Company, is under arrest having confessed the selling of shares in his company amounting to about \$1,000. He was found for trial in bonds of \$2,000. Many persons present received for him in small amounts for which they were not to be paid.

WILSON'S THANKSGIVING DAY PROCLAMATION

President Wilson has set aside Thursday, November 27, as Thanksgiving Day in a proclamation which said the country looks forward with confidence to the dawn of an era when the sacrifices of the nation will find recompense in a world at peace.

"By the President of the United States of America.

"A PROCLAMATION:

"The season of the year has again arrived when the people of the United States are accustomed to unite in giving thanks to Almighty God for the blessings which He has conferred upon our country during the twelve months that have passed. A year ago our people poured out their hearts in praise and thanksgiving that through divine aid the right was victorious and peace had come to the nations which had so courageously struggled in defense of human liberty and justice. Now that the stern task is ended and the fruits of achievement are ours we look forward with confidence to the dawn of an era where the sacrifices of the nation will find recompense in a world at peace.

"But to attain the consummation of the great work to which the American people devoted their manhood and the vast resources of their country they should, as they give thanks to God, reconsecrate themselves to those principles of right which triumphed through His merciful goodness. Our gratitude can find no more perfect expression than to bulwark with loyalty and patriotism those principles for which the free peoples of the earth fought and died.

"During the past year we have had much to make us grateful. In spite of the confusion in our economic life resulting from the war we have prospered. Our harvests have been plentiful and of our abundance we have been able to render superior to less favored nations. Our democracy remains unshaken in a world of confusion and social unrest. Our traditional ideals are being carried on the path of progress and civilization.

"These great blessings, vouchsafed to us, for which we devoutly give thanks, should arouse us to a fuller sense of our duty to ourselves and to mankind to see to it that nothing we may do shall mar the completeness of the victory which we helped to win. No selfish purpose animated us in becoming participants in the world war, and with a like spirit of unselfishness we should strive to aid by our example and by our co-operation in realizing the enduring welfare of all peoples and in bringing into being a world ruled by friendship and good will.

"Therefore, I, Woodrow Wilson, President of the United States of America, hereby designate Thursday, the 27th day of November next, for observance as a day of thanksgiving and prayer by my fellow countrymen, inviting them to cease on that day from their ordinary tasks and to unite in their homes and in their several places of worship in ascribing praise and thanksgiving to God, the author of all blessings and the master of our destinies.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia this fifth day of November, in the year of Our Lord, one thousand nine hundred and nineteen, and of the Independence of the United States, the one hundred and forty-fourth.

(Signed) "WOODROW WILSON"

SEAL
By the President:
Robert Lansing, Secretary of State.

MARINE CORPS OFFERS TWO YEAR ENLISTMENTS

Wide Range of Training Offered With Government Instruction - Recompense given in World War.

That the United States Marine Corps is urgently in need of men is indicated by a visit to Manchester today of Sergeant Sullivan of the Hartford office of the United States Marines. Sergeant Sullivan is here on a recruiting trip and states that applicants may now enlist for a two year period. The Marine Corps offers a splendid opportunity for training and enlisted men may choose from any of the following courses of study: Mathematics, mechanical drawing, mechanics, drafting, motor transports, complete business courses, modern languages, practical education, general high school, gas engineering, electrical engineering, civil engineering, science, psychology, literature, writing (Palmer system), law, tool making, telegraphy radio.

The following instructors are in charge: Howard Ryle, University of Vermont; Joseph Ryan, Pratt Institute; Columbia University; Wendell Urpsher, University of Miss; John Stansford; Institute of Musical Art, New York; J. Robert Brown, University North Carolina; Francis Marion, Columbia University; James J. McGrath, Harvard University; New England Conservatory of Music; S. S. Simpson, University of Mississippi.

Bandmen are also needed. The Hartford office is located at 756 Main street.

MYSTERY SURROUNDS FINDING OF DESERTED VINE-COVERED HOME.

Anniston, Ala., Nov. 6.—Hidden in a thicket of honeysuckle vines and rose bushes which completely hid it from view, Revenue Officers Ferguson, Edwards and Draper, looking for an illicit still, came upon a deserted home within six miles from Piedmont, which people of the neighborhood had forgotten existed. The officers, expecting to find an illicit distillery hidden in the mass of bushes, forced their way into it to find a well-built log house from which the people occupying it had evidently gone with the intention of returning soon.

With the dust of fifteen or twenty years covering it, the furniture was set for a meal soon to be served, stove wood was piled near a stove and on the beds were the bedclothes which had covered them years before.

The officers were unable to learn anything about the deserted home or who had occupied it. It had been abandoned with everything left in shape, and the indications were that the owners had been called away and had been prevented for some reason from returning to the home, and rose bushes, honeysuckle and underbrush had grown until they had completely hidden it from view.

BRITAIN'S LAND GIRLS TO STAY, KNEE-BREECHES ALSO.

London, Nov. 6.—Britain's land girls, a war emergency corps, will remain. The knee-smocked, vigorous type of womanhood who helped increase the nation's food supply want to remain on the land, and the Government is not objecting. Most of the 8,000 members of the corps, still undemobilized, want little farms of their own, because of the independence it gives.

Thus, Phyllis, with her ruddy, open face, will still go about her farmyard duties in slouch hat, corduroy bloomers, leggings and yellow smock, knowing she is no blot on the landscape.

Land girls invariably are married in their work-clothes for they know they are becoming.

EUROPEAN CATTLE DECREASES OFFSET BY INCREASE HERE.

Washington, Nov. 6.—Decreases in cattle, sheep and swine in nine countries of western Europe have been offset by increases in other countries, including the United States, so that the present situation with respect to numbers is very much the same as before the war, the United States Department of Agriculture announces.

American exportation of meats and meat products may reach the pre-war level before the herds and flocks of Europe have been increased to pre-war numbers.

Cattle decreased a little more than 7,000,000 in Western Europe, while in America, Canada, Argentina, Australia and New Zealand had other where the increase has been a little more than 16,000,000. The loss of swine in Europe (the loss not including Germany) amounted to 24,000,000.

BE PREPARED FOR INFLUENZA

OUT THIS OUT.

Many medical men say we will probably have another epidemic this fall. Let us all hope and pray we will not. But, the same kind of thing we were prepared for.

The first as it is called, usually starts with a cold and tightness in the chest. If you even suspect there is a chance that you may be getting influenza take a good dose of negative ion plasma as soon as you feel the first symptoms. King and send for your physician. While you are waiting for the doctor, rub negative ion plasma on your chest and throat. It does feel good and hot. It causes a slight fever and aches in the chest. But don't stop at throat and chest; massage over your entire back and especially between the shoulder blades. This is one of the most effective remedies for influenza, which often quickly follows the flu and is just what the doctor prescribes. Buy a quantity for 50 cents in yellow boxes all ready for use at any drug store.

Remember, if you get influenza, rub negative ion plasma on your chest, throat, and back, and you will be cured.

BOMB KILLS TWO.

Tokio, Nov. 6.—Two persons were injured when a bomb was exploded near the foreign office today. This was the second bomb outrage in the vicinity of the foreign office in a week. The police are making a vigorous investigation.

SHOW EQUAL STRENGTH

Four Teams Play at Center Alloys—No. 2 Holds First Place With Good Margin.

The four teams from the Carlyle Johnson Co. battled for first place at the Center alloys Wednesday night. The play fell hard in spite of good hits but perseverance and team work helped team No. 1 into a tie for second place with team No. 2.

With a steady pull and grind team No. 4 came across with two runs out of three from their opponents.

It took Johnston some time to bring his ball down to a level with the alloys perhaps on account of his aspirations for first place.

The scores follow:

Team No. 1.			
Maney	80	77	81
Johnson	87	75	81
McIntosh	88	76	94
	247	233	256

Team No. 2.			
Johnson	71	74	86
Maney	66	83	79
Sargent	82	102	81
	219	259	246

Team No. 3.			
Maney	93	63	58
Johnson	78	91	87
McIntosh	81	81	91
	252	235	236

Team No. 4.			
Johnson	74	82	78
Maney	80	77	88
McIntosh	77	87	88
	231	246	254

Team Standings.

Team No. 1.	571
Team No. 2.	524
Team No. 3.	524
Team No. 4.	381

High single score: Sargent 102.
High three string score: Sargent.
