## MINERS MUST RECALL STRIKE ORDER; RAIDS IN 15 CITIES GET OVER 200 REDS

### RADICALS PLANNED UPRISING ALL OVER THE COUNTRY TODAY

All Those Arrested Were Members of Union of Russian Workers and All Are Foreigners—Thousands of Pieces of Literature, Bombs, Arms and Red Flags Seized—Men Will Be Deported.

Washington, Nov. 8.—More than 200 "Reds" all aliens, were arrested in the general round-up of "Radicals" which began last night, the Department of Justice announced today.

Has 7,000 Members.  
All of these arrested were members of the union of Russian Workers, the Department announced. This organization it was stated, has more than 7,000 members in this country with many local unions and has been actively engaged in a widespread propaganda for the overthrow of the government.

Raids in 15 Cities.  
The raid was extended to more

Against Governments.  
A conception of anarchism as adopted by the union of Russian Workers is the non recognition of the any form of government. Peter Bianki, who was a delegate of the union of Russian Workers denied any form of power and government because where governments exist, revolution ends, and where there is revolution, there is no place for government," the Department of Justice said.

The statement of the department says further:  
"The fifth convention of the Federation of the union of Russian Workers of the United States was held in New York City on January 10, 1919, at which time extended plans were laid for the formation of

Attorney General Palmer directed the round-up, it was stated, and he had the cooperation of Attorney Cammetti, Commissioner of Immigration.

Find Much Literature.  
Reports to the Department of Justice today stated that the roundup had resulted in the confiscation of thousands of pieces of literature urging the overthrow of the government, many guns and revolvers, complete material for the manufacture of bombs and Red flags.

In Newark, N. J., two of the active members of the union of Russian Workers were apprehended with a complete counterfeiting outfit and a large supply of counterfeit bank notes.

Roman Mosichok, an organizer for the Union of Russian Workers was arrested in Trenton, N. J., and had in his possession complete material for the manufacture of bombs. Mosichok admitted that he was a member of the union.

Where Raids Were Held.  
Raids were reported to the Department of Justice to have been held in New York, Chicago, Pittsburgh, Philadelphia, Cleveland, Detroit, Buffalo, Akron, Youngstown, Baltimore, Newark, Elizabeth, Hartford, Waterbury, Ansonia, Bridgeport, New Haven and Seymour, Conn.

The Department of Justice has been gathering evidence against the Union of Russian Workers for more than two months, it was announced.

Worse Than Bolsheviks.  
"The union of Russian workers is more radical in its beliefs than the Bolsheviks in Russia," says a statement of the Department of Justice. "It was organized in New York in 1907 with 11 men, led by William Sztow, who is now Chief of Police in Petrograd. At the present time it consists of 60 locals in the principal cities of the country."

Convention in Detroit.  
"The most important convention of the union was held in Detroit, in 1914, and attended by delegates from both the United States and Canada."

Armed Action.  
"The union believes in mass action, including armed action in time of national stress. Conventions are held about once a year. The main purpose of these conventions is to devise means of furthering radical propaganda throughout the various locals of the organization."

Bolshevik doctrines are spread among the immigrants working in mines, shops, factories, logging camps, saw mills, etc., and the propaganda is conducted by means of literature, newspapers and lectures.

and agitators.  
"The union of Russian Workers support the Russian I. W. W."

An Important Raid.  
The Department of Justice considered this the most important raid it has made in the suppression of anarchistic activities in the United States, especially of movements having for their purpose the overthrow of the government. It is known that the department will insist upon deportation of all those arrested yesterday who may be stamped as dangerous aliens.

CROSBY SILENT.  
Hartford, Conn., Nov. 8.—"There is absolutely nothing I can say regarding the matter," said United States District Attorney Crosby today when asked for information on the federal roundup of Reds made throughout the state last night and today.

IN WATERBURY.  
Waterbury, Conn., Nov. 8.—The six men arrested here in the roundup were being closely questioned by the police this morning. All were held for the Federal authorities. None of them are citizens and had no intention of becoming naturalized according to the police. Among them is John Bokas, who was a leader in the recent strike here which affected a number of factories.

NEW BRITAIN REDS HELD.  
New Britain, Nov. 8.—The three alleged Reds arrested here were held today by the police "for safe keeping," it was stated at police headquarters. None of them are well known.

IN DETROIT.  
Detroit, Mich., Nov. 8.—More than fifty alleged "Reds" were rounded up by the government agents last night and will be examined today. About half of them were taken in a hall where a meeting was in progress and the balance were taken in their homes.

New Haven, Nov. 8.—More than two score of arrests were made throughout Connecticut in the nationwide roundup of alleged "Reds." The arrests were made by Federal officers and in some cases assisted by local police. Twenty-seven were held in Ansonia, six in Waterbury, three each in this city and New Britain and two each in Bridgeport and Hartford. More arrests were expected today. In a number of places literature was seized.

### MERCHANTS DECIDE AGAINST THURSDAY AFTERNOON CLOSING

May Agree on a Plan to Be Followed in 1920.

### MOONLIGHT SCHEDULE SEVERELY CRITICISED

One Merchant Calls White Way Standards "Ornaments, Nothing More"—Not Giving Enough Light.

Beginning next week, the business establishments of Manchester will remain open on Thursday afternoons for the rest of the year. The members of the Manchester Merchants' Association, at a meeting held in the Recreation Center last evening, decided to adopt this plan because the plans for more uniform closing hours had not been completed.

The directors have been instructed, however, to go ahead with plans of a new schedule and report back at a

meeting in

In addition to the Thursday afternoon and holiday closing, it is very probable that the merchants will agree on the business hours for regular days.

The moonlight schedule was severely rapped last evening and there was considerable discussion relative to the White Way. The merchants contend that the business section is in total darkness before six o'clock and that the lights should be switched on at least one hour earlier. The merchants were also of the opinion that the street lights should be on all night.

In speaking of the situation this morning, a prominent merchant characterized the White Way standards as ornaments and nothing more. Bridgeport, he claims, with only a one light standard is getting twice the volume of light. Manchester's White Way standards have three lights and according to the merchants they are not throwing out enough light.

HANSON WALKER'S FUNERAL.  
Brookline, Mass., Nov. 8.—The funeral of Hanson Walker, traffic expert was held today. He is survived by his wife who was Mary Coit of Hartford, two sons and one daughter. Mr. Walker was assistant traffic manager of the Chicago Belt Railroad but since 1915 had been traffic manager of the Reverse Sugar Refining Company here. He had been President of the Industrial Traffic League of New England. He was born in Louisville, Ky., in 1861.

7-0 FAVOR TIGERS  
END FIRST PERIOD.  
(Special to the Evening Herald).  
Palmer Stadium, Princeton, N. J., Nov. 8.—Between 80,000 and 50,000 persons are attending the game between Harvard and Princeton here today. The huge crowd started through the gate at 12 o'clock. Princeton scored a touchdown in the first quarter. At the end of the first period the score stood Princeton 7, Harvard 0.

WANT KIDNAPPING FACTS.  
Washington, Nov. 8.—A resolution asking the Secretary of State to submit to the Senate facts relating to the kidnapping of United States Consul W. O. Jenkins in Mexico was reported out by the Senate Foreign Relations Committee today.

### Police Nab 60 Spartacists To Prevent Riots in Berlin

Berlin, Nov. 8.—Sixty Spartacists have been arrested in the past 24 hours in a new crusade that the government undertook as a safeguard to prevent disorders on the anniversary of the revolution. Many Spartacists leaders went into hiding as soon as the police became active, but further arrests are

### RAP GARY AND GOMPERS IN THE STRIKE REPORT

Both Are Guilty Say Senators

Probing Cause of the Trouble.

PUBLIC IS THE VICTIM

Senator Foster "Roasted" By Foreigners Should Be Undesirables Sent to Europe.

Senator

great steel strike made public here today, embodies the most scathing indictment of the relations between capital and labor that has fallen from the pen of statement in years.

Public the Victim.  
Declaring that the real victim in all industrial disputes is the public, and that "it is not to the credit of our nation that no way has been devised to settle these disputes outside of strikes," the committee goes beyond the strict limits of the duties imposed upon it by the Senate and proposes the establishment of a federal industrial commission with large powers of compulsory investigation and of mediation, conciliation and recommendations.

Mostly Foreigners.  
Furthermore, asserting that a large percentage of the strikers are foreigners and illiterate, the proposition is made that the good among them be educated, assisted in the purchase of homes and otherwise encouraged while those who come for the purpose of stirring up trouble against the government and attempting to undermine it and overthrow it, should be escorted to the water edge and shipped back to the land from which they came.

Foster "Roasted."  
William Z. Foster secretary to the committee composed of the 24 international unions managing the steel strike and in the Senate Committee's opinion the real leader in the walkout, was drawn and quartered. "He believed that nothing was illegal if necessary to carry out his views," the Senators say, "was closely associated with the I. W. W. attorney, Margolis, the self-confessed anarchist and friend of Emma Goldman, Alexander Berkman and Russian Soviets."

Such Men Dangerous.  
"Such men are dangerous to the country and they are dangerous to the cause of union labor," pursues the report. "It is unfair to men who are struggling for their rights to be represented by such leaders. If Mr. Foster has the real interest of the laboring man at heart he should remove himself from any leadership. If he will not remove himself the American Federation of Labor should purge itself of such leadership in order to sustain the confidence which the country has in it under the leadership of Mr. Gompers."

### STRIKE IS VIOLATION OF LAW AND THE LAW MUST BE OBEYED

Mandatory Injunction Granted by Judge of Federal Court Sitting in Indianapolis—Judge Ames Asks if the Law of the United States is Supreme in Making His Plea in Behalf of Government.

Indianapolis, Nov. 8.—Officials of the United Mine Workers of America must recall their order for a nation-wide strike of bituminous coal miners.

This was ordered here today by Judge Albert B. Anderson in Federal Court when he granted the plea of the government for an injunction directed against executives of the mine workers' organization in an effort to break the strike of 400,000 soft coal miners.

### 2000 MEMBERS GOAL OF WOMEN GLEANERS

Must Enroll 500 Red Cross Members a Day to

celebrate

### TO CELEBRATE ARMISTICE

Ten Teams of Women to Scour Town so That Manchester Will Make Its Usual Showing.

"To put the Third Red Cross Roll Call Over the Top" was the slogan adopted by the women gleaners at an enthusiastic meeting held at the Red Cross headquarters last evening. Starting this morning the gleaners set out to scour the town in an effort to procure at least 2,000 enrollments before Tuesday night.

Owing to the fact that the ex-service men have been materially hampered in their drive by having to work during the day, the roll call is about 2,000 names short. There are ten teams of women gleaners and it is their intention to procure 500 members a day. This means that for the remainder of the drive that each team must average 50 members a day.

On Tuesday evening the women's team will celebrate at the Red Cross headquarters in honor of Armistice Day. At that time the Third Red Cross Roll Call drive will end and the women are confident that they will be able to turn over at least 2,000 new members.

### SUSPECTED CRACKSMAN IS TAKEN TO HARTFORD

Police Believe Seery Blew Open Safe in Department Store Last July.

Derby, Conn., Nov. 8.—Andrew J. Seery, held here since September on a charge of safe blowing at the Howard & Barber store, and whose case has been continued since the escape from the police station of Frank Burr, C. R. & Co., was today arraigned in the police court where his case was nolleed by the prosecutor. He was immediately rearrested and taken to Hartford to answer to a charge of safe blowing in a department store there last July when \$1,000 was taken.

The police state that they have reason to believe that Seery and William Hamson robbed safes in New Haven, Bridgeport, Bristol and Fitchburg, Mass.

SLEEPING SICKNESS VICTIM.  
Waterbury, Conn., Nov. 8.—Edward Cohen, a 5-year old grammar school student is in a critical condition at the Waterbury hospital, suffering from sleeping sickness, after he had been in a stupor since Monday.

## 39 EAST CREDITABLE PERFORMANCE AT PARK

Metropolitan Play Makes Hit On Park Stage. Company of North Above Average.  
 Manchester does not often have an opportunity to see a metropolitan company in a play that has had a successful run in New York, but such an opportunity was afforded last night when one of Lee and J. J. Shubert's companies gave the "Paris Act" comedy "39 East" at the Park theatre. While the limitations of the local stage would not permit the use of all of the company's scenery, the settings were satisfactory as the play did not call for elaborate scenery. The company was composed of the same capable actors who have appeared in the large cities, and the costumes were appropriate.  
 The characters were all inmates of a genteel New York boarding house and presented the variety of sex and age and occupation naturally to be found in such a place. The contrasting types were well drawn and as they were introduced in the opening act at the breakfast table, aroused much amusement. There was the young doctor, with pompous professional pride; the breezy traveling salesman, the impetuous Italian count, an angular New England apothecary and her opposite, a gushing southern widow; two simple sisters from the country who were studying music with indifferent success, and the hero and the heroine, the former wealthy and the latter handsome and gifted with musical talent but poor. Over them all presided the middle aged landlady of opulent proportions and social ambitions, and hovering around the table were two clever colored waitresses.  
 From Choir to Chorus.  
 The plot involved the pretty minister's daughter who had come to New York with a slender purse to get a place to study music and secure a church choir position but landed in a Broadway choria. The rich young boarder fell in love with her and in spite of the malignant hostility of the other female choristers pulled her safely through the perils of her position and made her his wife.  
 The evening performance was given by the "39 East" company. The cast included: William S. Hyde, Dr. Hesselgrave, and Miss Trebbe.

## HARTFORD RECEIVES FAMOUS WAR FLAG

To Be Unfurled at Capitol by Governor on Armistice Day.

### USED ON STATE EVENTS

Token of Honor to Connecticut, for Largest Over-Subscription to Victory Loan.

Secretary of the Treasury Glass has sent to Governor Holcomb the American flag which flew over the capitol at Washington at the Second Inauguration of President Wilson; when the President addressed a joint session of Congress on the subject of war with Germany, and when by joint action of the House and Senate, war was declared. This flag was used on all historic occasions during the last two years, flying over the National Capitol with the French flag when Marshal Joffre and the French Commission visited the capitol building; also when the British, Belgian, Italian and Japanese Commissions visited this country. This flag was also flown on Armistice Day. It has been awarded to Connecticut because Connecticut had the largest over-subscription in the Victory Loan.

There will be a simple ceremony in front of the Capitol in Hartford on November 11, at 12.15 p. m., on Armistice Day, when the Governor will receive the flag on the part of the State and raise it over the Capitol.

All Liberty Loan Chairmen and their Committees are invited to be present.

## ARMY-NAVY TEAM WILL REMIND STATE OF CO. G

All-Star Squad of Basketball Vets—May Carry On Tradition of Old G. Quintet.

The team is composed of such local stars as Ed. Quish, formerly of the Ben Hurs; Warren Keith, who was a member of the Wesleyan varsity team for three years; Rood, a former high school star; Teddy Anderson of the Samosets; Harry Russell of the Rovers; and Leo Fay, Massey and Wilson.

Manager Thomas Chambers is now booking home games, the first game to be played in the Recreation Center on December 5th. Among the teams which will probably appear in Manchester this season are: the Brussels of Thompsonville, Goldenrods of Winsted, Emeralds of Williamantic and the Ben Hurs of Hartford. The management is of the opinion that the Army and Navy teams will uphold the reputation earned for Manchester by the famous "G" quintet.

## COUNTY SUNDAY SCHOOLS ARE TO CONVENE HERE

Episcopal Schools Will Meet at St. Mary's Wednesday Evening—Rev. G. E. Paine of New Haven to Speak.

Of unusual importance to local Episcopalians is the conference of the Sunday schools of all the Episcopal churches in Hartford county which will be held at St. Mary's church, on Wednesday evening, November 13th, beginning at six o'clock. All members of both the church and Sunday school are urgently requested to attend this conference as the subject of discussion concerns the activities of the Nation Wide Campaign.

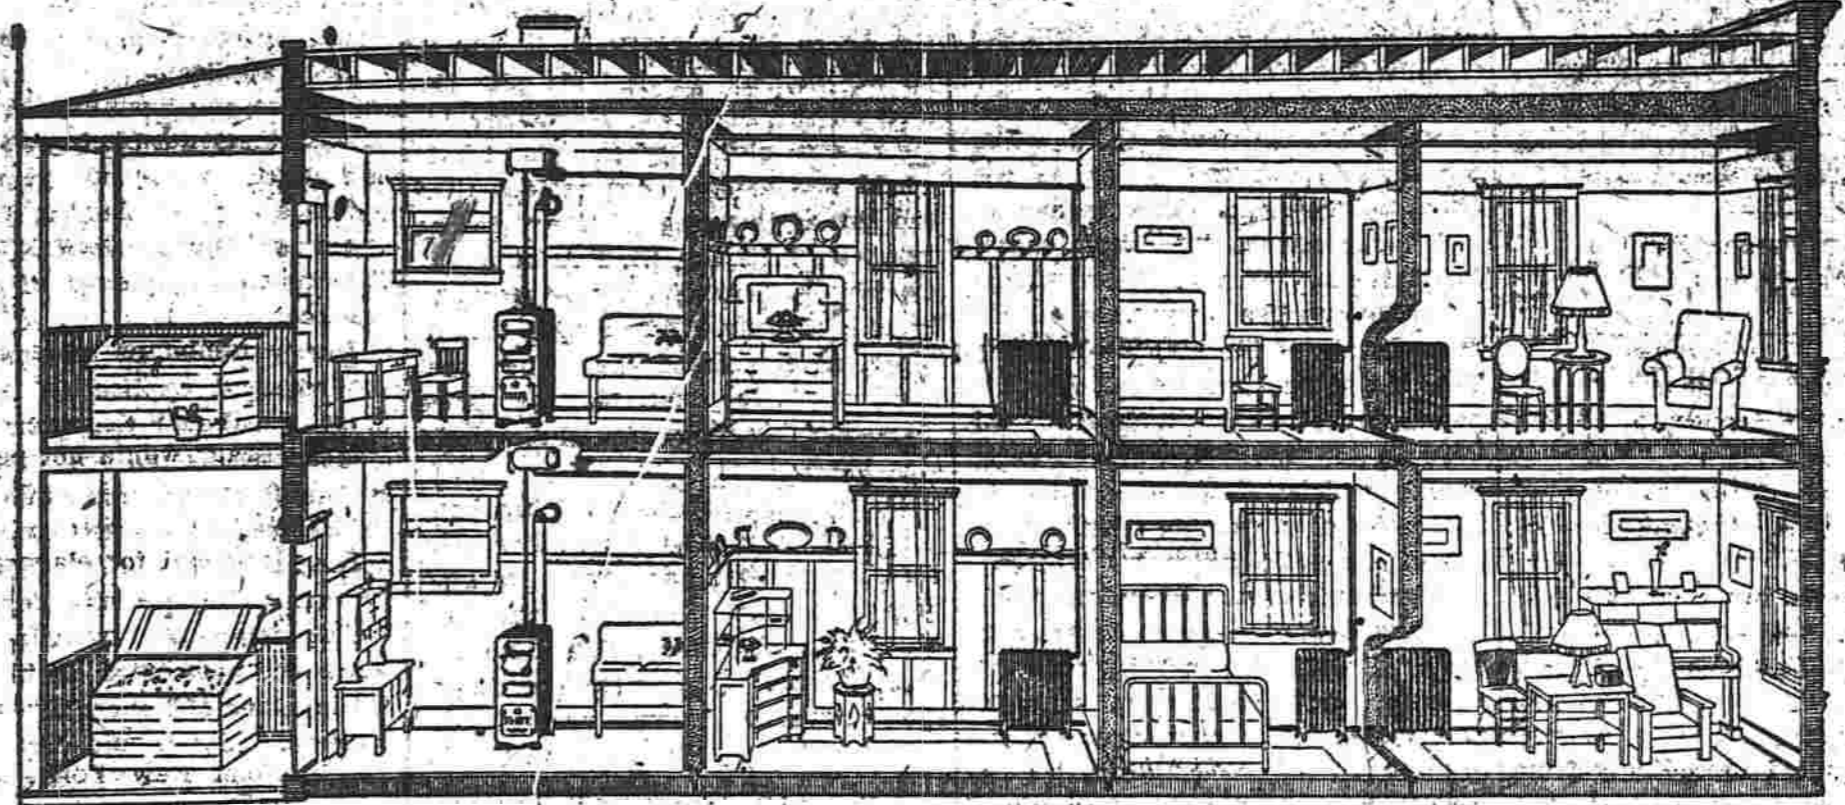

The principal speaker of the evening will be the Reverend George E. Paine of New Haven who will share for his subject: "What the Sunday schools can do in the Nation Wide Campaign." A supper will be served in the Parish house at six o'clock. Arrangements are being made to accommodate guests from the Hartford county churches and it is expected that a number of the rectors of these churches will speak.

# All-on-One-Floor Heating \$107

## Reduces living costs for the small home!

Where two or more families occupy a building and there is no janitor service available, this arrangement of separate heating outfits (consisting of an IDEAL-Arcola Boiler and radiators) offers a fine solution. Each tenant easily takes care of his own floor without going to the boiler (if there is a cellar) to attend to the fire. Each tenant controls the heat to suit his own needs. The piping is ordinarily run out of sight between walls or under floors.

## New IDEAL-Arcola Radiator-Boiler

Puts IDEAL Hot Water Heating comfort at low cost in "deckers" or flats, bungalows, stores and shops, with or without cellars.

Even the \$15 a month tenant would be glad to pay \$1.50 a month extra for this IDEAL Hot Water Heating, as it would save the tenant investing six times that amount in a short-lived stove with its one-room "spotty" heating. Does away with the annual blacking, taking down and storing of stoves. And the \$1.50 a month increased rental is good interest to the building owner and secures him a better satisfied, longer-staying tenant. The IDEAL-Arcola is therefore an investment, not an expense—as it will outwear the building itself.

## Investigate at once this IDEAL Heating bargain!

Each tenant controls the exact degree of warmth his family prefers or needs—makes his own indoor climate! The IDEAL-Arcola requires no cellar. Same water is circulated over and over for many years! There is no danger to children or fire risk to building, as the iron surfaces do not get red-hot like a stove, nor can the Arcola be overturned or a leg kicked out. Stops all coal-waste—thus being

## ECONOMY IN GIVING.

In order to reduce the high cost of living people are rightly urged to work and save. During the war they worked and saved and gave. Had they simply worked and saved they would be in a better position to give now than they are.

Immense sums were raised with surprising ease during the war. Even since the armistice great funds for educational, religious and charitable institutions have been completed. The "drive" has become a habit and projectors of all sorts of funds are hastening to complete them while the getting is good.

The day has past when people should be urged to give on the basis of what they have given, or what neighbors have given or spent. Each person should now be permitted to decide for himself what he should give and should not be constrained to give a gift small or large if he decides he cannot afford to give anything.

## A NATIONAL HOLIDAY.

As the eleventh of November rolls around in future years it will undoubtedly be celebrated as a national holiday in this as well as other nations. But this year there is a surprising apathy toward this significant anniversary.

It is not fair to the men who served in the army and navy and it is not a true reflection of the sentiment of those who were civilians during the great struggle to have this day pass with no special observance.

## FOR BETTER SPIRITUAL LEADERS.

Next year the loyal people of this country as well as large numbers in old England will celebrate the three hundredth anniversary of the landing of the Pilgrims at Plymouth Rock. That event is rightly regarded as opening a new era in history.

It was the spirit of the Mayflower and the Pilgrim fathers that drove the invaders from France and Belgium. Among those who will have special reasons for celebrating this great anniversary are the spiritual descendants of the Pilgrims who have incorporated their democracy and independence into their church institutions.

These churches, now expanded to nearly a million members, have diligently sought to arrange for a fitting memorial to commemorate the completion of three centuries of growth from the "grain of mustard" planted in 1620. They have asked whether it should be in bronze, or stone, or perchance in processions and pageants merely.

Congregationalism has been noted for its work in organizing and promoting schools and colleges, both public and private. Its work in the educational world has been as outstanding as its spiritual and democratic leadership in public and religious affairs.

It is with this in mind that the Pilgrim Memorial Fund of America has been planned. This fund is to be raised to assist in securing old age annuities for Congregational ministers.

It is, therefore, in part to do justice to those who are already in the ministry of the Congregational churches, and partly to increase the supply of strong and adventurous leaders that the Pilgrim Memorial Fund is being raised.

So far, the movement has met with surprising success. We trust it may continue to roll up large sums in support of this worthy object.

Paris, Nov. 8.—A "Red plot" against the throne on Italian election day and the ultimate establishment of a revolutionary government has been discovered by the Italian police, according to a Press Dispatch from Rome today.

All credit to those peppy members of the Army and Navy club who are planning to make something more of the day than just another twenty-four hours. But the celebration should not be left entirely in their hands for November 11, 1918 really meant more to us here in this country, and to our children than it did to the men on the fighting lines.

## TO OBSERVE ARMISTICE DAY AT A. AND N. CLUB

Club House Will Be Headquarters for All Who Wish to Celebrate Defeat of Germany a Year Ago.

Pat McVeigh who makes good things to eat down at the canteen of the Army and Navy Club, is said to be responsible for it. He got the idea on the night of November 11, 1918—the night when the whole world was happy.

So for the past year Pat has been thinking Armistice Day. For the past month Pat has been talking Armistice Day. And when the Governor refused to make Nov. 11 a holiday, gloom, just plain ordinary gloom, settled down around the Army and Navy Club canteen.

Part of Pat's idea is this. The people of Manchester gave to her returned soldiers and sailors one of the finest club houses of the state. And the ex-service men are proud of that club house.

But that is really only a prelude to Pat's idea. It is only an overture to the real tune—Armistice Day celebration. On November 11, 1918 Pat was in France, Europe. Most of the people he knew were in Manchester, United States of America.

So that is the idea. This year the Army and Navy Club is to be the headquarters of the Armistice Day Celebration. In the afternoon the house will be open to every inhabitant of the town of Manchester.

And Pat seems satisfied. He got his idea across.

## The Open Forum

RED TAPE.

"Usual Giver" Suggests That Red Cross is Sending Out Unnecessary Receipts for Contributions.

Dear Editor:—Will you kindly give the following a little space in your Open Forum if you believe it worth while for the public to give a thought to.

We are now in the midst of the Third Red Cross Roll Call, last week we were called upon to donate to the local chapter fund, this week we are asked to join as members for the year 1920.

The writer last week was called upon to give towards the Home Service section fund and was told that he would be called upon again this week for membership. He donated to the Home Service fund and this week was canvassed for the membership. The canvasser for the membership left him a receipt for his fees and a day after he received a receipt from the office of Third Red Cross Roll Call, also a letter of acknowledgment from the Home Service office.

The question the writer would like to ask is: Is it necessary for one to receive all this unnecessary stationery which costs money, which the people are being asked to give? Does this money not come from the funds which we are giving for the real good work of the Red Cross and which we would like to see used for the good cause?

The writer was a member of one of the canvassers' teams and had this very thing brought to his attention several times.

If the people are willing to give, let's use their gifts for the good cause and not for unnecessary expenses.

I remain,  
"A USUAL GIVER."

### MAJORS WANT TO TRY ROVERS IN THIRD GAME

Hotelate for Defeat of Last Sunday - Locals will Have a Strengthened Team at Rockville Tomorrow.

Because the Majors were unable to procure worthy opponents for a game Sunday they will play no game on Hollister lot but will line up against the fast Rover team of Rockville at the Rockville Fair grounds. The Majors are going to Rockville with a stronger and better team than when they played the Rovers a few weeks ago. These two teams have met twice this season the first game ending no score, then the second game was played in Manchester and on account of a few unlucky breaks the Majors were defeated by the Rovers 6-0. The Majors have practically a new team. A short practice was held last evening and the next practice will be held Sunday morning. All players are asked to report at 10 o'clock sharp.

The trip to Rockville will be made by auto truck. The Majors have secured one of the best teams in Hartford county for the game Sunday, Nov. 16th.

Automobiles and auto trucks to carry players and rooters to Rockville will assemble in front of the Major club rooms on Depot Square, Sunday afternoon at 1 o'clock and will leave shortly afterwards for the Fair Grounds. The Rover team has been strengthened for this game and the Majors are going up to turn the tables for the last defeat.

### ATLAS HAS CHANCE FOR MAKING NAME TOMORROW

When the Hartford Cardinals Come Here—Have Not Been Scored On This Season.

The Atlas A. C. will have an opportunity to demonstrate their ability when they go up against the Cardinals of Hartford at the Four Acre lot, on Sunday afternoon. The visitors have the reputation of being one of the fastest juvenile teams in Hartford and they held the heavy championship of this town scoreless.

The game will be called at three o'clock. All players are requested to report for practice on Sunday morning. The squad will be composed of the following: Captain Richmond, B. Barrett, W. Barrett, E. Custer, J. Custer, Carlson, Stowe, Vendrilla, Peterson, Mortarty, Medson, Carvini, Hunnford and Smith.

### NATURE PROVIDES THE INGREDIENTS

**Argo-Phosphate, the New Herbal Remedy, Now Endorsed by Local Physicians.**  
If the digestive organs are not properly performing the work which nature has assigned to them, then nutrition which is absolutely essential to the recovery of other diseased parts will be lacking and there can be no permanent relief. When bodily nutrition is normal, the stomach digests the food, the blood absorbs and carries the nourishment to the different parts of the body, causing the various organs to properly perform their functions. Nature has provided a remedy in the ingredients of Argo-Phosphate, the new herbal stomach remedy, which is now being introduced here. It is purely vegetable and its vitalizing, corrective and reconstructive qualities are so pronounced that beneficial results are noticed from the first day. That this is true, it is only necessary to listen to the statements made daily by local people who have given Argo-Phosphate a fair trial and have been benefited thereby.

### Park Theater

A double feature bill will be presented at the Park this evening. Manchester's favorite Baby Marie Osborne will be the star in a comedy drama called "The Child McMen". From the advance notices it must be a riot of merriment.

On the same bill will be Charlie Chaplin in "A Dog's Life", the very best of all of his pictures. This is shown here again in response to popular demand.

Tomorrow Priscilla Dean will be seen in "A Silk Lined Burglar". It's a Boston Blackie story, made from one of Jack Boyle's famous Red Book crook stories.

There's a real safe-cracker, who has made monkeys of the police; there's a rich young society girl who needs a safe-cracker in her business—whatever that may be! There's a young Secret Service agent who is at his wits' end how to stave off the ruin of his professional career—until the girl and Blackie solve the problem.

To tell more would spoil the enjoyment of one of the best trunks this theater has offered this season. See it tomorrow evening.

### Circle Theater

Miss Wehlen has been seen in many amusing and romantic screen plays, but in "A Favor to a Friend," which the title announces is the original story of Lieut. Luther A. Reed the delightful young actress excels her greatest efforts in the silent drama. This will be the feature at the Circle this evening.

It is a romantic comedy-drama, depicting the adventures of little Mary Worthington who visits New York to lay claim to the estate left by her father. In the big city Mary finds many unexpected things. The executor of the estate is an unscrupulous scoundrel who attempts to defraud the little lady of her rightful property, and in attempting to evade his snares Mary finds herself entangled in an intricate plot set afoot by a handsome young hero whom she meets in the most novel and unusual manner.

The cast surrounding her in this latest success includes Jack Mul-

The title shows John Ince as the director of a production that is on the whole a credit both to himself and to Maxwell Karger, Director General of Metro who supervised it.

On tonight's bill also will be Charlie Chaplin in "A Dog's Life," and another episode of "The Great Gamble."

Tomorrow evening's feature will be Bessie Barriscale in "The Cast Off."

### MINE AFIRE.

Largest Soft Coal Pit in the United States is Sealed.

Bicknell, Ind., Nov. 8.—After a night of frantic effort, rescue parties today succeeded in sealing the shafts of American mine No. 1, said to be the largest in the bituminous fields of the United States, in an effort to smother flames which burst out in the bowels of the mine last night. Rescue parties were unable to reach the fire.

A score of engineers who had been in the mine all day, departed shortly before the fire was discovered. The eight thousand miners normally employed are idle because of the strike. No one was working in the mine when the fire was detected. The mine probably will remain sealed a month and it is expected the loss will be enormous.

Employers Have Themselves to Blame for the Labor Union Troubles, Declares Gordon Selfridge.

London, Nov. 8.—"Any movement by Governments today, which, however, indirectly, endangers the existence of the 'open shop' policy would be a serious blunder," today declared Gordon Selfridge, formerly of Chicago who introduced the modern department store to London. Mr. Selfridge, in addition to being a successful business man, is a keen student of international affairs.

"Employers as a class have themselves and themselves alone to thank for labor unions," continued the famous merchant. "If it had not been for their too often displayed pique-headedness and their selfishness there would have been no need for unions."

"But I believe that any union of force or of money, that says, you shall and must do this, or you shall not and must not do that" is a form of what is now termed "direct action" and a thing which should not be tolerated."

# SUCCESS CRIES AWAKEN!

Every man has his chance. None—not one, need go down life's road, broken in with just aspirations on his "back." There is no secret to success—the lives of all our men of wealth are an open book before you. Their success was the result of action—grasping time by the forelock; riding to the crest with every wave of prosperity; going in on the ground floor of every "live" business proposition and staying with it till it spelled "profit."

## NOW COMES OPPORTUNITY KNOCKING AT YOUR DOOR

WILL IT FIND YOU AWAKE? WILL IT FIND YOU READY TO SEIZE THE CHANCE TO ENRICH YOURSELF?

In the life of every great industry, as in all things of nature, there are three periods of life—the sowing, the growing and the reaping. In order to reap the fruits of industry it is inevitable that you must plant the dollars in its days of infancy and stay with it till the harvest.

# KELLEY TIRE & RUBBER CO. OF NEW HAVEN, CONNECTICUT

Has now passed the formative stage—has passed the day when you invested your money on what was going to be done. It is NOW in the stage of Creation. It is NOW in the days of accomplishment. The time when you can come in on this big Rubber Corporation on the ground floor is fast passing by you—The Time to Act is NOW, before the stock books close for good.

## OUR GREAT FACTORY IN NEW HAVEN IS NOW UNDER WAY

READ WHAT THE NEW HAVEN NEWSPAPERS PRINT ABOUT OUR NEW PLANT IN THAT CITY

### ALL THE NEW HAVEN PAPERS PRINTED THIS ARTICLE BIG TIRE AND RUBBER SHOP TO BE BUILT IN WEST HAVEN

Plans for the expenditure of approximately \$650,000 in West Haven by the Kelley Tire and Rubber company have been completed and a transaction was completed yesterday whereby the company secured five acres of land as a site for an up-to-date plant. The building will be situated on West Elm street and will adjoin the main line of the New Haven railroad. An electrically equipped spur track will soon be run in.

The land was bought through Clark Hall and Peck, title searchers, and the purchase price is not divulged. The factory building, which will be 300 feet by 160, will have 75,000 or more feet of floor space. The equipment used will be the latest word in factory appliances and will cost about a quarter of a million. There will be a cooling plant for water with a capacity of 28,000 daily, the use of coal may be dispensed with as fuel oil may be used to supply heat and power.

The factory and separate power plant will cost another \$250,000. It is expected that from 400 to 500 people will be employed. A separate two-story office building and garage will be put up in another part of the lot. Building operations will be commenced by Westcott and Mapes immediately and the plant should be in service by summer.

At the start 500 cord tires and 1,000 tubes will be turned out daily. This will be increased to 1,000 tires and 2,500 tubes later.

Edward J. Kelley of New Haven is the president of the company. He was formerly a prominent railroad official. Charles H. Bortell, Jr., is vice president and treasurer. He is responsible for the success of one of the most prominent tire companies and was sales manager of the M. M. Green Co. of New York and the National Malleage Co.

Major William F. Alcorn, a member of the Connecticut bar for 25 years, is secretary and general counsel. The directors are J. K. Smith of Waterbury, C. C. Perkins of New London and Julius Lederer of this city.

The company, which is being financed entirely in Connecticut, is capitalized at \$1,000,000. At present the market value of the stock is six dollars a share.

Common sense teaches that the time to buy anything is when it is low in price and wait until it increases in value.

If you invested a few dollars in any one of the great motor tube purchases.

This new industry is already showing shareholders a profit on tire and tube purchases.

Kelley Tire & Rubber Company was incorporated February 7, 1919. Executive offices at New Haven, Conn. Since commencing business a few months ago the company now has about 1,000 stockholders in Waterbury, Hartford, New Haven and surrounding smaller towns who are receiving 25% discount from list prices on Kelley "K" Tires (6,000-mile guarantee) and Kelley Blue Tubes (1 year guarantee). It is proposed to locate service stations throughout New England and thereafter expand throughout the country as rapidly as conservative business judgment will warrant.

Expect to control patents covering the elimination of air bags in cord tires. Patents now applied for.

### How the Experience of Years Saves Money in This Post-War Maxwell

THE run of 300,000 Maxwells to date saves you many a worth while dollar in the new Post-War Maxwell. Those 300,000 saved in many ways.

More miles per gallon More miles on tires

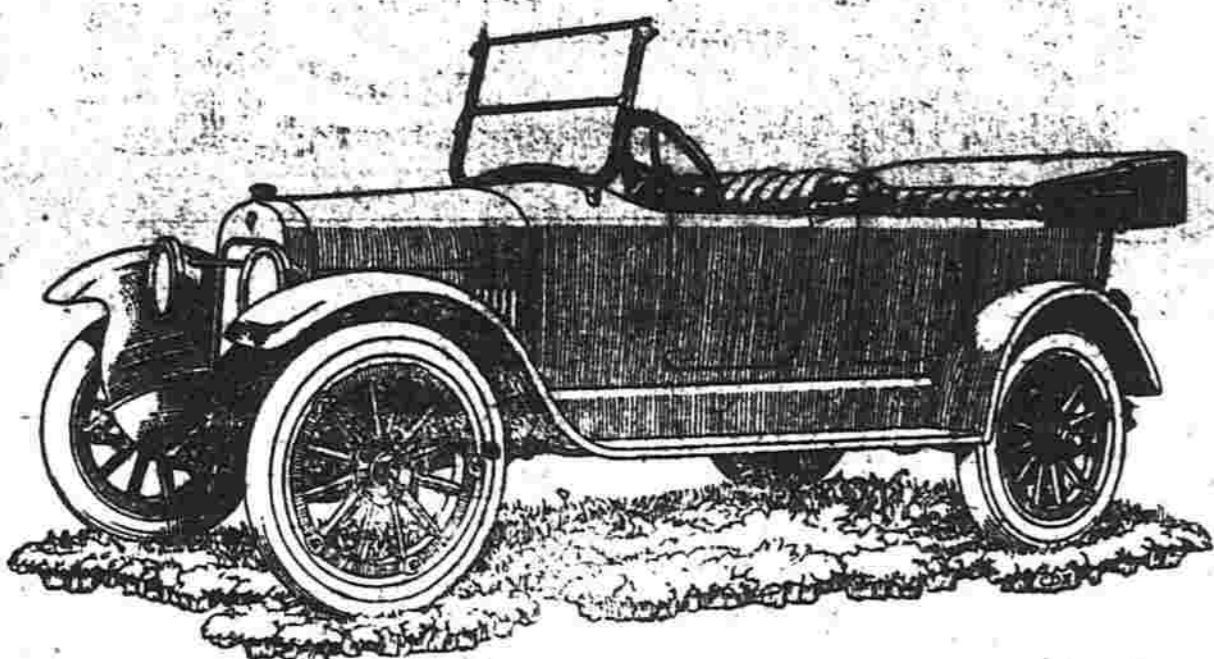

1. They taught "short cuts" in manufacturing.
2. They eliminated all experimental work—you don't have to pay for a single engineering mistake.
3. They developed quantity production which has reduced "overhead."
4. They enabled quantity purchases; and better materials are bought at lower costs.
5. They taught how to build an almost trouble-proof car; you seldom take a Post-War Maxwell to a repair shop.
6. They taught how to get the most mileage out of a gallon of gasoline, a pint of oil and a set of tires.
7. They taught how to build a car that the less skilled driver would find simple to operate and take care of.
8. They taught that it was better to build more and take less profit per car rather than build less and take more profit per car.
9. They taught how to put more and more value in the car without increasing its cost.

This Post-War Maxwell is next year's car. It contains features developed during the war, many of which will find their way into other cars in the summer of 1920.

## ABOUT TOWN

The south end Lodge of Moose will hold its regular monthly meeting next Wednesday evening.

Edward McCann has entered the employ of the Williams and Stephens Auto Company as a mechanic.

Members of Co. F of the State Guard left for Sopers this afternoon to conduct a search in that vicinity for Samuel Crowell.

James Robinson of Highland Park is driving one of those new model light Overland Fours purchased through the agency of Madden Brothers.

The Odd Fellows will hold the first of a series of set back socials in the Odd Fellows parlors this evening. These socials are open to the public and everybody is invited.

Franklin L. Knox of Hartford has sold his home consisting of land and buildings on Fairfield avenue, to J. Frank Maguire of Bissell street. The sale was made through the Fred Kenyon agency of Hartford.

Russell Pitkin has jacked up his job as conductor on the local trolley lines as he doesn't like the new zone system. He left for New London this morning and is thinking seriously of taking a sea voyage.

The Commuters' Association will hold a special meeting in the town hall next Thursday evening at 7.30. This meeting will be held before the special town meeting is called and every commuter is urged to be present.

A surprise miscellaneous shower was given last night at the home of Miss Viola Jackson of Spruce street in honor of Mrs. Grant. Mrs. Grant was formerly Miss Emma McKinney of Bissell St. She was the recipient of many beautiful and useful gifts.

The fair being held in Tinker hall by the Silk City Flute band was well attended last night and those in charge expect that the crowd will be even larger tonight. As this will be the last evening of the fair. Drum corps from Rockville, Talbotville and Williamantic are expected to be present tonight.

William H. Card of North Main street will lecture before the Manchester Poultry club at its meeting in the town hall Monday evening. Mr. Card will talk on "Newer Knowledge of Nutrition" as applied to the breeding of hens. He will also give a number of useful suggestions on the care of chickens at this time of year. A special invitation is extended by the club to all women in town who are interested in poultry raising.

If you purchased a tea pot today at the J. W. Hale Co. store for 39 cents you may know that you found one of those things which some men say do not exist—a real bargain. The gods of mishap seem to take particular delight in mixing up things in a newspaper and yesterday they reduced the price of tea pots just 60 cents. This is how the J. W. Hale advertisement in Friday's paper should have read "Saturday only, \$1.69 Tea Pots... 99c Each." When Manager Frank Anderson saw them advertised at 39 cents he rubbed his eyes, did a little telephoning and decided that his loss was the public's gain. "This store will never go back on an advertisement," he said. "Sell those tea pots at 39 cents."

OH, LISTEN, all both near and far And hear about the Thanksgiving Bazaar.

It will be held whether stormy or fair

At the BIG RED CHURCH, just below Depot Square.

Be sure and keep in your memory keen.

The nights are November twelve and thirteen.

Aprons, bags, handkerchiefs, fancy work galore,

An assortment that will beat the Department Store;

Ice cream, buttered pop corn and candy

Quality all there, I'm sure will taste dandy.

Get your fortune told, learn the facts you should know

From the dark haired maiden, who is not so slow.

SUPPER will be served of hot roast "Lam"

Get your seat early and avoid the big jam.

Be sure the time in your mind to fix, This bang up supper will be served at six.

We will have waiters in coats all white

Stand ready to serve you with all their might.

There will be music, laughter and pleasure galore

If my space was not taken would tell you much more.

So next Wednesday and Thursday just forget this "rhyme"

And come to the Bazaar for a real good time.
