TROTSKY GRANTED SUPREME UNLIMITED POWERS IN RUSSIA

Rebel Troops Marching on Petrograd — Odessa Reported Taken — Hundreds of Workmen Killed by Red Artillery at Moscow — Reds Apparently Winning.

London, March 8.—Leon Trotsky, minister of war in the Soviet Government at Moscow, has been appointed military dictator of Russia with unlimited powers to put down the counter revolutionary movements which have sprung up in various sections of the country, according to an Exchange Telegraph dispatch from Helsinki today. Trotsky is said to be on his way to Petrograd where the insurgents have been making their strongest fight against Soviet power.

Thirty-seven thousand soldiers and sailors are said to be marching upon Petrograd from the fortress of Kronstadt. At last reports the fortress of Kronstadt was held by the "White" or anti-Bolsheviks.

London, March 8.—"It is reported in Helsinki that anti-Bolshevik insurgents and striking workmen have seized Odessa," said a Central News dispatch from Helsinki this afternoon. The Moscow Soviet was reported to be sending troops to retake the city.

London, March 8.—"Several hundred persons were killed at Moscow by Soviet artillery, massed in the city," said a Central News dispatch from Helsinki this afternoon.

"In addition to the killed, large numbers of persons were wounded."

(Continued on page 3.)

German Cities Occupied Peaceably

United States Troops Remain Within Their Old Lines at Coblenz

Paris, March 8.—Allied troops—French, British and Belgian—advanced on the Rhine today and occupied three important German industrial and coal mining cities—Dusseldorf, Duisburg and Ruhrport. Word was received from Cologne at 1 o'clock this afternoon that the military occupation of the three cities had been completed without incident.

The Germans made no resistance although sniping was reported from some districts.

United States troops took no part in the military operations. They remained within their old lines in the Coblenz.

Dusseldorf was occupied by French, British and Belgian detachments.

Duisburg and Ruhrport were taken over by French and Belgian troops. Cavalry, infantry and air forces participated.

Brussels, March 8.—A regiment of Belgian Grenadiers left for the Rhine today to reinforce the allied troops.

Paris, March 8.—Strict measures have been taken in the newly occupied zones to prevent disorders. The German civil authorities have appealed to the populace to remain calm.

Belgium sent a regiment of her crack grenadiers into Germany but the French government announced that only a few French reinforcements would be ordered to the front and that no new classes would be called to the colors.

The cabinet held a brief session this morning to canvass the situation.

BRITISH COMMENTS ON ALLIED SANCTIONS

Daily News Calls it a Triumph of French Revenge, "a March to Perdition"—Salutary Change Says Telegraph.

London, March 8.—Practically all British newspapers today commented favorably upon the decision of the allies to give Germany sterner treatment. However, all were not united in a belief that the results from the allied advance on the Rhine will prove satisfactory.

The Daily Herald, organ of the Labor Party, describes Great Britain's surrender to the French, which will lead to a crash from which new revolution will arise.

The Daily News called it "a triumph for the French policy of revenge." This newspaper added: "Marshal Foch, before many months have passed, will prove too easily it was a march to perdition."

The Daily Express praises the unanimity of decision among the allies, but acknowledges that it has misgivings about the future, now that the allied troops have advanced.

"The point must be grasped that this was not solely a disagreement about money," said the Chronicle. "It was an attempt to undo all the chief points of the allied victory."

"We thank Dr. Simons heartily for the service he has rendered to the allies," said the Morning Post. "We hope there will be no more halting and that the future will see only one policy instead of two. Germany will bluster but she will not fight."

"The allies whittled down their indemnity demands continuously," said the Daily Mail. "They cannot afford to be weakly lenient to defaulters any longer."

"Dr. Simons proved a feeble mouthpiece for the German nation, and the collapse of the indemnity conference was most deplorable," declared the Daily Graphic.

"The allies will force the Germans that they must keep their word and perhaps convince them of the merits of an honest policy," was the comment of the Times.

"The result is a salutary change," said the Daily Telegraph.

"We hope that the demands will now see and realize their mistake," declared the Daily Mirror.

PART DISARMAMENT SAYS PRESIDENT

Harding Will Join in Abolition of Excessive Arming But Will Not be Unprepared for Defense.

Washington, March 8.—"Approximate disarmament" will be the proffer of President Warren G. Harding for world peace.

The phrase was carefully chosen by the President as he stood upon the threshold of the main doorway of the White House early this morning.

The President stressed the adjective "approximate" with special emphasis, as, bare headed and smiling, he faced the newspaper correspondent pressing him for a commitment on disarmament.

What he said was brief and pointed, but in an instant he conjured up the American nation, unwilling to be disarmed or unprepared for defense, but willing to join with other nations in abolishing excessive armament.

Republican leaders of Congress were still rolling away in well polished limousines from the brilliantly illuminated portico as the President frankly discussed the long conference he had with them since early evening.

There had been differences of opinion between the Republican leaders with whom he had conferred at dinner and afterwards. He made no attempt to conceal the fact that the Republican members of the Senate finance committee and the House ways and means committee had differed as to whether tariff duties or domestic taxation should be revised first when the new Congress convenes.

But he indicated he was hopeful an agreement would be reached after a careful canvass of the Senate and House is made.

The President made it plain he did not desire the impression should go forth that it was his purpose to consult only a small group of men who are the recognized Republican leaders of Congress. He wanted to sound out the sentiment of the full Republican majority of Congress to ascertain the views of other senators and congressmen as to what should be done to meet the grave domestic problems confronting the country.

"Tonight's conference was only a beginning," the President said. "A beginning in the touching of elbows between the executive and legislative branches of our government in a determined effort to solve the many problems we face."

"Tonight's discussion was pleasing and interesting," he continued. "It will lead, I am sure, to good results. It was not determined whether there should be an emergency tariff at the outset of the new Congress, or whether the question of revenue revision should be first taken up. There was a wide divergence of opinion as to that."

"Without committing ourselves to details, we started upon the formulation of a legislative program by which we hope there will be much progress made when the new Congress is convened and which will lead to the fullest co-operation between the executive and Congress."

"It is too early now to anticipate what the first steps will be when Congress meets. We only discussed domestic problems tonight. Foreign questions were by common assent left to future discussion. There will be other conferences. It is my purpose to keep in close touch with Congress and its members as well as its leaders. We made a good start tonight."

"Was there any proposal for one bill concerning tariff and tax revision discussed?" the President was asked.

"There was not," he replied. "We discussed both the tariff and taxation, and the form the revision of each would probably take. That was all. Without going into details we mapped out a program which we expect to see take definite and final form satisfactorily. There is much to be done, but we believe it all will be accomplished successfully."

"We believe tonight's conference was an important step toward the fulfillment of that type of government, of that co-operation between the executive and legislative branches which guaranteed as most likely to render good service to the country. We have but begun, hopeful that all will end well."

More people are killed and injured by tripping, slipping, and falling than from any other cause of accidents.

All Allied Troops on the Rhine Are on the Move Into Germany Today

Francisco Villa Seriously Ill at Torreon of Pneumonia

Mexico City, March 8.—Information was received here today that Francisco Villa, the former bandit leader, is seriously ill of pneumonia at Torreon.

Princess Anastasia of Greece Has Successful Operation

Athens, March 8.—A successful operation was performed this morning upon Princess Anastasia, wife of Prince Christopher, who, before her marriage was Mrs. William B. Leeds, the operation was conducted by Dr. Geroulonos after consultation with Dr. Alden R. Hoover, an American physician. It was announced that the princess was out of danger. She was better this afternoon and her pulse was 120.

Chicago Packers Cut Wages and Drop Eight Hour Day

Chicago, March 8.—Wages of employees of the two largest packing establishments in the United States—Armour and Company and Swift and Company—will be reduced effective March 14, according to official announcement made today.

Workers who are paid by the hour will be asked to accept a cut of eight cents an hour while those paid by piecework will be reduced approximately 12 1/2 per cent.

The basic eight-hour day also will be eliminated in the Armour and Swift plants.

Although Armour and Swift are the only packing concerns to make an announcement of contemplated wage cuts, it is understood that other packing concerns are preparing to take similar action.

The move affects the plants of Swift and Armour throughout the entire country. In Chicago alone, approximately 35,000 workers are concerned.

That the announcement of wage reductions will bring about a strike in the packing industries was regarded as highly probable today. Leaders of the packing house employees' unions already have declared that they will not accept a reduction in wages.

A conference of employees will begin at Omaha, Neb., tomorrow at which measures to protect the interests of the workers will be discussed. In view of the announcement today of wage reductions in the two largest plants in the industry the conference at Omaha assumes added importance. Labor leaders have promised to discuss plans of mediation before planning strike action but it is certain that talk of strikes will crop out at the Omaha meeting.

Coincident with the announcement of wage reductions, officials of the Armour and Swift plants made known that they are at work on a plan whereby their employees will be given a voice in the management of the packing plants. Details of the plan are to be announced in the near future, today's statement says.

Dusseldorf Occupied — German Cabinet Sits at Midnight and Backs London Delegation in Rejection of Allied Demands—Simons Declares Occupation is Outside of International Law.

London, March 8.—A mixed force of French, British and Belgian troops occupied the important German city of Dusseldorf at 6 o'clock without incident, according to information just received here from Cologne.

Paris, March 8.—The allied military advance into the Ruhr district to compel Germany to meet the allied indemnity demands began at dawn today. French, British and Belgian troops participated. The American army of occupation did not move forward.

Amsterdam, March 8.—Two thousand French troops moved upon Dusseldorf today to occupy the city. A telephone message from Dusseldorf at 10 a. m. said that the French were crossing the British military zone of occupation and had reached Opladen, 12 miles southeast of Dusseldorf.

Three river crossings between French soldiers from the French zone of occupation passed Cologne headquarters of the American army of occupation, early in the morning. Ten more French troop ships were expected to pass up the Rhine within a few hours.

Dusseldorf Occupied. The occupation of Dusseldorf was completed at 9:50 o'clock.

French forces under General Gaucher moved upon Duisburg and Ruhrport at 6 a. m., said a Mayence dispatch. Mayence is headquarters of the French army of occupation on the Rhine. It was expected that these two important German industrial and coal mining towns would be completely occupied before night.

Gen. Degoutte has arrived at Neuff, on the "Rhine Front." Gen. Degoutte, who is commander-in-chief of the French army of occupation, will establish headquarters at Neuff, opposite Dusseldorf and will direct the occupation of Dusseldorf from that place.

There are about 120,000 allied troops on the Rhine, not counting the small army of occupation.

Berlin, March 8.—President Ebert has appealed to the German nation to remain calm in the face of the allied advance on the Rhine.

The German cabinet held a session at midnight. It was reported that Walter Simons, foreign minister, was to be upheld entirely for his course at London in rejection of the allied demand for 226,000,000,000 gold marks indemnity.

According to news received here the allied troops were under orders to begin moving all along the Rhine Tuesday.

London, March 8.—Despite reports that the German indemnity delegation probably would introduce new proposals today they made no move to do so. The delegates sent their baggage from the Savoy Hotel to the railway station during the morning. They said they would make a courtesy call at the German Embassy and depart at 2:30 o'clock from Berlin.

Sanctions Outside Law. "We came to London with the best of intentions," declared Dr. Walter Simons, German foreign minister and head of the German delegation. "We submitted plans as near as possible to the Paris proposals and at the same time we considered France's immediate financial needs and her reconstruction program but we were turned down and the allies refused absolutely to have any discussions. I asked the allies for a

860 CHINESE PASSENGERS DROWN IN INDIAN WRECK

250 Chinese Rescued by British Destroyer and Cruiser from Singapore-Amoy Vessel—No Other Survivors.

London, March 8.—Eight hundred and sixty Chinese lost their lives when the British steamship Hong Ho was wrecked near Swatow, said a dispatch from Singapore today.

The Hong Ho, which sailed from Singapore, was enroute from that port to Amoy with 1,100 Chinese on board. A British destroyer and cruiser rescued 250 of the Chinese but there were no other survivors.

"GET RICH QUICK" TRIAL AT BOSTON

Officials and Salesmen of the Old Colony Foreign Exchange Company Charged With Conspiracy to Steal.

Boston, March 8.—President Chas. M. Brightwell, Mrs. Brightwell and 13 other officers and salesmen of the Old Colony Foreign Exchange Company went on trial in the Supreme Criminal Court today on indictments charging conspiracy to steal. Investors in the shattered "get rich quick" scheme were present in force before Judge Fessenden.

Brightwell is under eleven indictments.

German Delegates Leave London

Simons Confident He Will be Back in a Few Weeks at Re-Opening of Conference.

London, March 8.—The German delegates to the indemnity conference, headed by Dr. Walter Simons, the Foreign Minister, left for home this afternoon. All were in civilian dress, even Gen. Von Seeckt who had appeared at yesterday's sessions in full dress uniform, with a long sword at his belt.

There was much hat lifting and bowing on the platform of Victoria station while the Germans were waiting for their train. Dr. Simons said he thought that he would be back in London in a few weeks as he was confident the conferences would be re-opened.

On the same train with the Germans were a number of Belgian army officers who had been recalled from leave of absence owing to the allies' decision to advance on the Rhine.

"We are leaving and it is untrue that any of the German experts will remain behind," said Herr Dreschler, chief secretary to the German delegation. "But while no experts will remain behind we expect that the discussions will be re-opened within a few weeks. The penalties will force a re-opening of the negotiations and the penalties get nothing material for the allies."

Herr Dreschler said that he believed that one effect of the allies would be a German victory in the plebiscite in Upper Silesia.

The Germans arrived at Victoria station at 4 p. m. A large crowd watched them entrain. The last words of the Germans were expressed fears that the allies' advance will result in a Communist uprising in the Ruhr district.

GERMANS BITTER OVER ALLIED ADVANCE

Protests Against Indemnity Penalties and Advance of the Allied Troops on the Rhine.

Berlin, March 8.—German newspapers today printed bitter protests against the allies' indemnity penalties and the advance of the allied troops on the Rhine.

The cabinet has decided to postpone a definite verdict on the new situation which has arisen over indemnity until Foreign Minister Walter Simons arrives from London and reports.

A telephone message from Dusseldorf this morning said that allied occupation of Duisburg began about 3 o'clock.

Soviet Forces Reported Winning

Red Army Repulses Rebels at Both Petrograd and Moscow.

Paris, March 8.—Official dispatches received here during the afternoon confirmed that the Russian anti-Bolshevik rebels have been repulsed by the Soviet troops at both Petrograd and Moscow.

The Moscow railway is still functioning normally.

According to official advices received here the insurgents captured only one Soviet commissar when they took the Kronstadt fortress.

IRISH BATTALION LEADER KILLED IN CLONMEL FIGHT

Soldiers Force Church Congregation Out to Repair a Bridge.

Dublin, March 8.—Patrick Hogan, who was said to have been commander of a battalion in the Irish Republican Army, was shot to death in a skirmish, between Crown forces and armed civilians at Clonmel, according to information from that place today.

A British officer and two men were wounded when fired upon from ambush in Galway.

James Kennesly, a herder, was shot by men in uniform while tending cattle in a field.

The Carnegie Library at Listowel in County Kerry was burned to the ground during the night.

While the congregation of a Catholic Church were at worship in Miltown-Malbay, soldiers surrounded the building. All the men were forced to march two miles to repair a bridge.

Fifteen soldiers were captured by Sinn Feiners near Rosslare but were subsequently released by their companions.

City of Columbus Goes Ashore

Liner on Passage From Savannah to Boston Runs Aground in Boston Harbor.

Boston, March 8.—The Savannah liner City of Columbus, carrying 30 passengers and a valuable cargo from Savannah to Boston, ran onto the mud flats of Lovell's Island, Boston Harbor, today.

Wireless calls for assistance brought five tugs and the Stony Beach life saving crew. As there was no danger the passengers and crew remained on board. An attempt was made at high tide to pull the steamer from flats. Captain L. G. Dalzell, a veteran navigator, said he missed the rip breaker buoy during a dense fog.

London Conference Not Wholly Barren

German Foreign Minister Hints at Action to be Taken Following His Report to His Government.

London, March 8.—"I will report to my government and it may prove that the London conference was not wholly barren of results," declared Dr. Walter Simons, German foreign minister, to the International News Service, today. Dr. Simons was head of the German delegation to the indemnity conference.

PAUL MEREDITH POTTER DIES IN NEW YORK

New York, March 7.—Paul Meredith Potter, 67, author of the dramatic version of "Tribby" and scores of plays, died here early today.

week's delay to consider new proposals, but Premier Lloyd-George refused. I do not understand his reason because immediate imposition of the allied penalties will spread disquietude throughout the world. The imposition of the sanctions places allied action outside of international law.

"Germany desires an expert investigation into her resources to show what she actually can pay. I can see no hope that the negotiations will be resumed."

The French furnished most of the troops that advanced from the Rhine. Two complete French divisions took part in the movement. The British force consisted only of a battalion.

Reports that France would mobilize some of her military classes were officially denied. Announcement was made that France will not mobilize a single class and that she will only slightly reinforce the army of occupation on the Rhine.

The advancing French troops were supported with light artillery and rapid fire guns and were accompan-

led by two squadrons of airmen. On account of the absence of German troops from the neutral zone, no opposition was encountered although there was some sniping. Belgian troops were the first to move into Dusseldorf. A detachment of Belgians armed with mitrailleuses occupied the center of the Dusseldorf bridge, spanning the Rhine, and stopped all traffic.

The first French troops entered Dusseldorf at 7:50 and the occupation was completed in about two hours. There were no untoward incidents. Big crowds gathered in the streets and watched soldiers planting batteries of mitrailleuses to sweep all the important squares. The bridges were put under heavy guard.

The President of the Dusseldorf municipal council issued a proclamation asking that order be maintained. There is a tense undercurrent of feeling however.

A detachment of French cavalry reached Bendorf, four miles above Coblenz on the right bank of the Rhine, Monday night, and demanded

quarters for 600 troops. The Germans prepared barracks to accommodate a squadron.

AT NORTH METHODIST SUNDAY.

Mrs. Mabelle B. Blake, Secretary of Boston Society for Care of Girls Will Speak.

Miss Mabelle B. Blake, general secretary of the Boston Society for the Care of Girls, is to speak at the North Methodist church next Sunday morning at 10:45. Also in the afternoon at 3 o'clock she will speak to the girls and young women only.

This is the oldest society of its kind in Boston, having been founded in 1810. Its slogan, "A Clearing Bureau for Girls," has been realized during the past year. Miss Blake's report shows that 1,040 girls have been cared for during that time, with an expenditure of \$50,250. She comes here with a great reputation as a speaker. This work should be made known through all New England and will be attractively presented next Sunday morning and afternoon.

Those who heard Dr. Blake, her sister, a few weeks ago will not miss hearing the secretary of this society.

RECREATION NOTES

The ladies' gymnasium classes will meet this evening from 7 to 7:45 o'clock.

From 7:45 to 8:45 the girls will have basketball practice.

The Girls' Rifle Club will meet this evening at the Barnard school building and hold a practice on the State Guard range. Practice will start at 6:30 and continue until 8:30 o'clock. All members are urged to be on hand promptly.

The Swedish Girls' Gymnastic club meets this evening in the big gymnasium from 8:45 to 10 o'clock.

The swimming pool will be open for men from 7:30 to 9 o'clock.

The first games of the big pin bowling league will be rolled this evening. In the first game, the teams of Dwyer and St. John will bowl, and the teams of Animus and Jansis in the second game. The first game will start promptly at 7 o'clock and the second at 8:45.

Guessing Age of Dog in the Police Court

Court Takes Owner's Word That Pup Is Not Old Enough to Be Licensed

It has been said that every poor man keeps a dog and a very poor man keeps two. According to Steve Albert of Homestead Park he is a very poor man so he keeps two dogs. In consequence he was in court this morning upon the charge of keeping an unlicensed canine. It is true that one of the dogs is not licensed but Albert maintained that the dog was not old enough to compel him to take out a license.

The dog warden, F. B. Horton, thought differently and for this reason brought Albert into court. Albert could not speak the best of English but he managed to make the judge understand that he bought the dog in Rockville last September and that at that time the dog was about a month old. The accused man had a neighbor in court who verified all he said. It was Albert's direct testimony against Dog Warden Horton's judgment about the age of the dog and the judge gave the man the benefit of the doubt and continued the case for two weeks for further investigation. In his testimony Dog Warden Horton told the court that he could tell a dog's age within a month, providing the dog was less than four years of age.

The dog warden has had several complaints from residents of Main street about a barking dog in Homestead Park. This dog barks night after night and it is said that the bark of this dog can be heard in Bolton. It was while he was investigating this trouble that he found out that the noisy dog belonged to Steve Albert. It turned out that it was not the dog that was unlicensed who did the barking but the other one that is licensed.

Judge Arnott told Albert that he would have to keep his dogs in the house and thus stop them from annoying the entire neighborhood. If the dogs continue to bark night after night they will be declared a nuisance and taken away from him.

FIRST MEETING OF HARDING'S CABINET.

Washington, March 8.—President Harding met with his cabinet for the first time at 11 o'clock this morning. Vice President Coolidge was present, an innovation. The Vice President was given a seat at the end of the cabinet table, facing the President, with the members of the cabinet seated along the sides of the table.

It was expected that the initial meeting would be devoted largely to getting acquainted. Some of the members are but little known to each other.

ABOUT TOWN

Miss Gertrude Scranton of 29 Strant street celebrated her fifth birthday last Saturday by entertaining nine of her friends from 3 to 5 o'clock Saturday afternoon. Games were enjoyed and refreshments were served. A beautiful birthday cake with five candles burned in her honor. She was the recipient of a number of pretty gifts.

DRUMMERS' CONVENTION.

At the annual meeting of the Connecticut Drummers' and Fifers' association, held recently in New Britain it was voted to hold the annual field day in Torrington. The Center Flute band was represented by John Turkington and the Silk City band by Robert J. Tedford. At this meeting the association passed a rule forbidding any corps in the organization from taking part in any event hereafter unless the corps is paid for its services. The only exception to this rule is that if the corps is affiliated or associated with the organization conducting the event, it can then furnish the music free.

"Beer With a Kick" for Medicine

Physicians Authorized to Prescribe it When Effect Will be Beneficial.

Washington, March 8.—The prohibition "lid" was removed today on "beer with a kick" for medicinal purposes.

The Department of Justice ruled that physicians are authorized under the Volstead law to prescribe beer, when in their judgment it will prove beneficial.

The beer ruling was drafted before the new administration came into office, and bears the signature of A. Mitchell Palmer, Attorney General.

Beer now takes a status equal to that of wine, as a curative agent, legally listed by the government, and physicians will be allowed wide latitude in directing its use by patients when such use will aid recovery in cases of illness or convalescence.

The gas masks used in the United States Army are useless for mine rescue work and despite the warnings issued from Washington to this effect, miners and persons engaged in mine rescue work persist in using them, in many cases with disastrous results.

To Ask State C. of C.'s to See the Silk Show

Two Invitations Sent to Every Chamber in Connecticut—C. of C. Day, March 18.

At the last meeting of the Committee on Public Affairs of the local Chamber of Commerce, it was decided to send out invitations to every Chamber of Commerce in the State, to attend the Silk Show to be given at Cheney hall next week. On one day, March 18, to be known as Chamber of Commerce Day, it is expected that delegates from all over Connecticut will be present.

Committees from the local Chamber will meet the delegates as they arrive, show them the town, entertain them at luncheon in the Watkins building and escort them to the exhibit.

To each Chamber in the state, two invitations will be sent and it is expected that many of the delegates will bring their wives with them.

The local Chamber hopes to make this one of the important events of the year. It will give them an opportunity to show the town to men from other cities and towns who have heard of Manchester and have never seen it and to those who have never heard of the town or seen it.

There are many people who do not know what a progressive town Manchester is and the huge silk industry here, the largest in the world. Manchester and Cheney Brothers' industry are better known outside the state than it is nearby.

PARK THEATER NEWS. "PICTURES DE LUXE"

CHENEY HALL TOMORROW NIGHT WEDNESDAY, MARCH 9 HOBART BOSWORTH "BELOW THE SURFACE" SEE THE RESCUE OF A CREW FROM A SUNKEN SUBMARINE A great love story of the sea. Of under-water heroes and under-world "sharks." Of a father's love for a willful son, a boy's love for an unworthy woman, a girl's love that waits and wins when the storm of passions ends. A story of fog and wreck and rescue, of city revel and small-town charm. And the most exciting sub-sea exploits ever shown in a motion picture. A story more human and far more appealing than even Bosworth's "Behind the Door." THIS IS A PARAMOUNT-ARTCRAFT PRICES 25 AND 35 CENTS. This includes tax. Children not allowed unless accompanied by adults.

BUY SMOOTH MEALY COOKING native potatoes and you will have the best. Delivered at \$1.50 per bushel. Cheaper at the farm. Louis Buncie, Tel. 343-13.

The wild burro of the Grand Canyon of the Colorado has been declared a pest by the United States Government. The burros have destroyed the trails and denuded the pastures of grass so that native wild game, such as antelope, has been forced out.

TROTSKY GRANTED SUPREME POWERS

(Continued from Page 1.)

numbers were wounded. The bombardment followed the declaration of a general strike on the part of the workers to enforce their demands for the creation of a constituent assembly. The strikers at Moscow are reported to number over 100,000 at present.

Soviet troops that were ordered against the insurgent garrison of Kronstadt attempted to cross on the ice. The cruiser Petropavlovsk, which is in the hands of the rebels, opened fire upon the Red troops putting them to flight.

"There are really two revolutions in progress against the Lenine-Trotsky regime," said a Helsingfors dispatch to the Daily Express. "One has its center at Petrograd and the other is directed from Moscow. The Petrograd revolt is a movement upon the part of the 'Right' political party, whose members are discontented with Soviet rule and are demanding freedom of speech and of the press and the right of individual trade. Moderate Socialists and discontented workmen joined the rebels. The Moscow movement is being carried out by the 'Left' political party which is dissatisfied with the leadership of Lenine and Trotsky.

"It is improbable that the revolutionary movements now under way in Russia will succeed in overthrowing either Lenine or Trotsky; those who look for the present revolution to be successful or the early downfall of Bolshevism in Russia are likely to be disappointed."

The Exchange Telegraph correspondent at Helsingfors reported that the Soviet had offered far-reaching concessions to the rebels. The Petrograd Soviet has proposed peace negotiations to the Kronstadt insurgents. The insurgents leaders at the fortress said they were willing to receive a deputation so long as it was only 15 per cent. Communist in personnel.

"The bombardment at Petrograd are in flames," said another Helsingfors dispatch to the Daily Express this afternoon. The garrison at Krasnajaorka has joined the insurgents. The city of Petrograd and the forts on the outskirts have been under heavy bombardment. Trotsky and Kamenoff have arrived at Petrograd with light artillery to reinforce the forts at Sestroretsky, Livyonsk and Tarhova."

THE WID-WEEK PRAYER MEETING

"The Man Who Talks," in the Norwich Bulletin makes this comment on the decline of the mid-week prayer meeting: No intelligent person will deny the place the mid-week service has occupied in the development of religion. For some reason or other in most churches this weekly meeting has become the weekly meeting. Is it wise to rattle an old form after its life is gone? Is it not a great deal wiser to discover some new mode for the expression of religion that is more in keeping with the spirit of today? Because the mid-week service fitted so admirably the simpler needs of yesterday is no reason that it is best adapted for the more complicated life of today. A physiologist is able to make a lifeless frog wiggle after its own capacity to wiggle has gone, and it is pathetic to see how many pastors are trying to do the same thing with the defunct prayer meeting. Let us remember that religion is more virile than any mode of its manifestation. Personally I would much rather hear the clatter of a live sewing machine than the monotonous drawl of a dead prayer. If we have any new wine—and shame be to us if we have not—why be afraid to put it into new wine skins?

MILL OPERATIVE KILLED AT NORWALK

Norwalk, March 7.—Joseph Dziemlenezek, employee for 15 years of the Miller Mills, was struck and instantly killed here last night by a train on the Danbury branch of the New Haven road. His mangled body was found at the Broad street crossing. He is survived by eight children, one of whom is Mrs. Conklin of Bridgeport. It is claimed the crossing signal failed to work.

AT A COURT OF PROBATE HELD AT MANCHESTER

At a court of probate held at Manchester, within and for the district of Manchester, on the 7th day of March A. D. 1921, Present, WILLIAM S. HYDE, Esq., Judge. Estate of MARGARET D. CONGRESS MAY SOMETIME CHANGE PROHIBITION LAW

Hartford March 8.—In the Senate today Gov. Lake sent in a communication correcting an error and appointing Louis R. Cheney to fill a vacancy on the Board of Trustees of the Conn. reformatory and also for a full term from July 1, 1921.

Unfavorable reports were received and bills rejected providing for establishment of the Conn. Volunteer Life Saving Association, concerning thickness of brick walls and repaving sections 2726-30 inclusive of the statutes relating to the balloting on the license question.

Senate leader's explanation on the latter bill was that Congress might sometime change the present prohibition law and these sections would again be necessary.

Sen. W. H. Hall was again in the Senate today after an absence in the South. Use of the Senate chamber was granted to the committee on humane institutions for a hearing on the Child Welfare bill Thursday.

By two-thirds rising vote the Senate restored the forfeited rights of Chester F. Selleck of Norwalk, defaulting bank cashier; Frederick Bradley of Brooklyn, Edward A. Conklin of Meriden, James H. McCann of New Britain, John B. Sheppard of Bridgeport, Thomas W. Allyn of Ledyard and Carl A. Geib of Norwich.

Favorable reports were received on bills authorizing the Stanley Works of New Britain to increase capital without limit upon vote of the directors and changing the name of the Stanley Rule & Level Co. of New Britain to the Stanley Securities with a capital increase up to \$5,000,000. Two duplicate bills, neither of them endorsed by the clerk of bills, as provided for favorable reports, were received from the committee on railroads, extending time for the Lordship Park Association, to construct a railway to 1923.

An unfavorable report of the railroad committee the Senate rejected a bill which would have extended until the Legislative session of 1926 (there will be no stated session that year) the time for construction of the Meriden, Hartford and New Brit-

Co., increasing the capital of the Travelers indemnity Co. to \$10,000,000, the Travelers Insurance Co. to \$25,000,000; removing temporarily for this year only, certain limitations on expenses of compensation commissioners, 11 of whom are without funds for the rest of the fiscal year; amending the Greenwich Trust Company charter to permit of 25 directors; including in the State Trunk line highway system the road from Willimantic to the Conn., agriculture college; changing the hours for voting in Norwich city elections; defining the duties of Stratford selectmen with reference to direct primary elections; increasing from \$50 to \$300 the salary of the Stratford judge; authorizing the state highway commissioner to accept and take over state aid roads.

The millenium has arrived in New Milford, Senator Leader Delaney said, as he explained and had passed today a bill reducing from \$350 to \$250 the salary of the New Milford court judge.

The House rejected a bill which would authorize the state highway commissioner to order any city or borough to repair streets within its limits.

The House passed from its calendar bills consolidating Bristol school districts until next Jan. first, the time for qualification of justices of the peace; authorizing appointment of additional deputy sheriffs in case of a riot or other emergency.

The House took from its calendar and referred to the appropriations committee a bill reported by the agricultural committee providing for the state furnishing certain wire fencing for sheep pastures.

THE TOWN MEETING.

The floor didn't collapse; there was no riot or panic. Last night's town meeting was conducted in an orderly fashion.

The old town hall was crowded. Every seat was taken and as many remained standing during the meeting as were seated.

The meeting was well handled. Judge W. S. Hyde made an excellent presiding officer. He kept business moving without any unnecessary delay.

Only once was there a threat of confusion. On a motion to reconsider the vote on the tax rate the meeting seemed to be about equally divided between the yeas and nays.

The chairman could not decide which side was in the majority. It was impossible to divide the house by a rising vote as half the voters were compelled to stand all the time.

The day of the town meeting in Manchester is drawing to a close. How long it can last is a question. Last night's meeting was a hazardous experiment—hazardous because the old town hall is structurally unsafe.

THE COLOMBIAN TREATY. It seems probable that the long delayed and much canvassed Colombian treaty will receive attention and possible approval by the special session of Congress which President Harding is expected to call early next month.

When President Roosevelt decided that America was going to build the Canal instant and that obstacles of all kinds were there for the purpose of being removed the fact that Panama became independent solely by the grace of the big stick wielded at Washington gave Colombia a real grievance against the United States.

his attitude toward the original treaty providing for compensation to Colombia was responsible for the case remaining unsettled until this late day.

It was contended in those days that if payment were made to Colombia it would simply have the effect of filling the pockets of a set of grafting politicians then in control of the Bogotan government.

The present treaty provides for payment to Colombia in five annual instalments of \$25,000,000 for Panama territory surrendered by her against her will because there was an American fleet at hand prepared to enforce the surrender.

WOOD IN THE PHILIPPINES

General Leonard Wood seems to be slated for the job of the next governor-general of the Philippines. The appointment will mean a reversal of the Democratic policy of the past eight years and a further postponement of the hope of independence cherished by the responsible people of the islands.

General Wood's advent will bring changes in the islands, changes that possibly will not be altogether appealing to the little brown brother. But the Filipino will not be hurt very much.

"The difficulties confronting the next administration in the Philippine Islands are enormous. Symmetry with the local conditions is demanded. Knowledge of far eastern conditions is essential.

UNHAPPY RUSSIA

There is really little known of what is actually happening in Russia. Zinevief is a remarkable coadjutor of Lenin and Trotsky and his control of the censorship lacks little in efficiency.

There can be little doubt, however, that the counter revolution is of serious proportions and that it is not confined merely to Petrograd and Moscow. It apparently has no head yet for Koslovski at Kronstadt is merely a symptom. It was Kronstadt, that great sea fortress, and its sailors that made Bolshevism possible just as the Kiel sailors put an end to Kaiserism.

The Petrograd socialists who ask for democracy and the Moscow anarchists who want a free hand to fight are just the chronic boils on the body politic everywhere.

The peasant revolt, however, is much more dangerous to the continued supremacy of Lenin, Trotsky, Zinevief and the rest of the clever bunch which, as a very small minority, has succeeded in keeping the enormous inchoate amorphous mass which is Russia in almost complete subjection for nearly four years.

Lovers of bargains, don't fail to attend the Maccafee Rummage Sale in Fuller Building tomorrow and Thursday afternoon and evening.

New York Letter by Lucy Jeanne Price

New York, March 8.—There is still adventure of the old-time sort in the search for precious stones. It doesn't all take place in the market places of the world.

The first man to be granted citizenship who is unable to sign his own name, has just received his papers. It is Joseph McCready, of New York who has been blind from birth.

There is one question of army or navy supremacy which will not have to be fought out by Congress; the matter of which force owns the air. The U. S. Navy decided that matter all by itself the other day right here, and decided it in favor of the Navy.

The white tuxedo has been wished upon the men of the country by the tailor's fashion show for men being held here this week. It was conceded that for the man who had lived a life of ease and good food, a broad expanse of white might show up his bulk a trifle more than his good safe old black coat, but it's no more than fair for him to learn some of the trials that fashion means to woman-kind.

A fair sized list of personages of Who's Who sailed from New York within the past few days. Sir Ernest Shackleton, the Earl and Countess of Craven, Oliver Moroso, Sir Horace Plunkett, Miss Edith Tallaferra, and Baron Russo, Secretary of the Italian Embassy, were a few of them.

Artificial eyelashes! It's extremely difficult, in fact well-nigh impossible, to write or talk or look about New York just at present without fashion shows of one kind or another looming large and brilliant on one's horizon. But nothing either large or brilliant has made quite the sensation among the ordinary mortals in attendance as have the artificial eyelashes.

An unprecedented longing for early American furniture has broken out in this part of the country, and probably everywhere else. Never had such crowds gathered for the buying of it as those which gathered the other day at the American Art galleries at a sale of a good collection. And never were such prices paid. An American made mahogany lowboy brought \$2,000—and not from a faddist with more money to spend than she knew what to do with, either, but from an agent, who bought it to sell at a still higher price.

Lucy Jeanne Price.

Prize Winners in the Baby Contest

Our hearty thanks to the mothers and their delightful babies who responded so splendidly to our invitation to enter the Baby Contest. Also to the ladies of the Child's Welfare Committee, and Nurse Higgins, Nurse Abel and Nurse Jackson who officiated at the weighing and measuring of the babies.

GROUP 1. PRIZE OF A WHITNEY STROLLER AWARDED TO:

Table with columns: Name of Child, Age, Parent, Weight, Height. Arthur Hammond Keeney, 6 mos., Mrs. Arthur Keeney, 88 Church St., 18 1/4, 26 1/2.

GROUP 2. PRIZE OF A CRIB AWARDED TO:

Table with columns: Name of Child, Age, Parent, Weight, Height. Earl James Sinnamon, 22 1/2 mos., Mrs. John Sinnamon, Highland Park, 27, 33 1/2.

Judges: Miss Higgins, Child Welfare Nurse. Miss Donnelly, Manchester Memorial Hospital.

Baby Rides Comfortably in a Whitney!

And baby rests comfortably in his Whitney carriage—generous and roomy and soft and cozy. And how nice that such a good substantial carriage should be so smart in design, so perfect in workmanship.

Baby will enjoy riding in one of the new style 1921 Carriages or Strollers which we have on display in our window. Come in and make your selection now.

CARRIAGES FROM \$29.50.

STROLLERS FROM \$13.50.

"Criminal Acts" Finding of Coroner

Five Gallon Can of Gasoline Branded as Cause of Fatal Shelton Trolley Wreck.

Bridgeport, Conn., March 8.—That the fatal wreck caused by the collision of two trolley cars of the Connecticut Company at South Shelton on February 22, resulting in the death of 10 persons and injury of many others, was caused by the criminal acts of Motorman Milton Cheritree, deceased motorman of the Bridgeport-bound car; Conductor George Robinson of the same car, and Stephen T. Palmer, town clerk and probate judge of Shelton, who carried a five-gallon can of gasoline aboard the south-bound car, is the finding of Coroner James J. Phelan, made public today.

Palmer is the passenger, who boarded the car with the can of gasoline, the can which ignited and whose flames quickly brought about the holocaust after the trolleys had collided.

The coroner declares that the impact of the collision in itself was not sufficient to cause the death or serious injury to the passengers of either car. He further holds that the subsequent burning of the cars might not jeopardize life but that the deaths were "directly and speedily caused by the fumes and gases generated by the burning gasoline."

Coroner Phelan finds that Motorman Sherman of the north bound car attended to the lights as he should have but that when Cheritree of the southbound car tried to "get the light" with a signal key, Sherman's light had already been glowing in the box for about one minute.

The coroner believes that although Cheritree was seen working at the box he did not successfully turn his key in it. "If he had done so the report says, "this would have extinguished Sherman's light instead of causing it to continue to burn."

The coroner concluded that Robinson and Conductor Nolan believed that Cheritree had flashed the light but that the light was Sherman's. In his opinion Cheritree thought no light was expected of him as he had been ordered to proceed to Cook's Station after telephoning the despatcher.

The coroner finds that Cheritree and Robinson violated the Conn. Company's rules, first by exchanging the South Shelton light with the snow plow crew on their arrival at South Shelton, and second, as they failed to possess a key and had to borrow one from the snowplow when asking for the Bridgeport des-

Reduce Those Dangerous Swollen Veins

Physicians are prescribing and hospitals are using a new and harmless, yet very powerful germicide that not only causes enlarged or varicose veins and bunches to become normal, but also reduces goiter, enlarged glands and wens. Ask any first class druggist for an original two-ounce bottle of Moon's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discovery does not produce the results anticipated, you can have the price refunded. It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directed and improvement will begin at once. Generous sample on receipt of 15 cents, silver or stamps. International Laboratories, Rochester, N. Y. Your druggist can supply you.

SCOUT SHOES advertisement. The best and cheapest shoes for outdoor wear. Boys' and Men's Sizes. Little Girls' Scout Pair \$2.50 to \$4.50. Boys' Scout Shoes Pair \$2.00 to \$3.50. TAX RATE OF TWELVE MILLS ADOPTED AT TOWN MEETING

Little Trouble as Compared With Other Years in Laying Rate—Monster Crowd in Attendance—14 Mills Needed to Pay Town's Debts.

Twelve mills will be the tax rate for the coming year in Manchester. With little of the squabbling which characterized the meetings of former years, the largest crowd of property owners and tax payers in years voted almost unanimously the rate of taxation at last night's town meeting.

Crowd Appears Early

The crowd appeared early last evening at the Town Hall. At quarter after seven every seat in the hall was occupied. At 7:45 the women started to arrive and they were given the posts of honor at the front of the hall. It was well that the Town Engineer had shored up the girders. For old timers said that it was the biggest crowd that ever jammed into the historic meeting place. At eight o'clock many who came to listen found that even the stairways were jammed and returned home.

W. S. Hyde as Moderator

William S. Hyde was chosen as moderator of the meeting with George H. Waddell as clerk. The moderator explained that this was an adjourned meeting from last October and that the principal matter up for discussion was the tax rate.

Chairman Johnson of the Board of Selectmen recommended that 14 mills be the rate. He was interrupted from all parts of the hall by whistles, cat-calls and groans. When the hubbub had subsided Mr. Johnson explained that after reductions had been made by the Board of Relief, the grand list remained at \$32,542,739. He said that a ten mill tax would raise \$325,427.39, an 11 tax \$357,970.32, a 12 mill tax \$390,515.86, a 13 mill tax \$423,055.60 a 14 mill tax \$455,595.34, a 15 mill tax \$488,141.08 & 16 mill tax \$— and then pandemonium broke. He tried to explain further and was quoting masses of figures from his papers in front of him, but nobody seemed to be interested. On May 14, 1921, Mr. Johnson said it would be necessary to pay to the Manchester Trust Company \$370,000 on temporary notes. This was borrowed from time to time in order to enable the town to conduct its business until May fourth of the present year.

Motion for 10 Mills.

John Proctor arose and made a motion for a ten mill tax. Isaiah Symington asked whether a 14 mill tax was necessary to pay current expenses. Chairman Johnson, in answer to Mr. Symington's question, said that he believed it was.

Selectman Rogers then arose. He said: "The Board of Selectmen has control of only 3 1-2 per cent of the expenditures of this year. Although they take part in the joint meeting of the Ninth School District, they are not consulted after that. We have absolutely no control, gentlemen, over the school appropriations, county, tax, state tax or the Hartford river bridge. Our actual expenditures only amount for 3 1-2 mills of the 14 mills asked for. If there is any criticism made against the Board of Selectmen, it must be made because of these 3 1-2 mills. We have nothing to do with the rest of it."

"Invisible Government"

Then Mr. Symington arose and spoke about an "invisible government." Selectman W. C. Cheney answered him. He said it was merely a matter of whether the people of the Town of Manchester wished to pay their legal debts or not; whether they wanted to reduce their debts or keep on piling them up. He said that the schools were in need of extra appropriations. Manchester was always in favor of having the best in the country and to get the best, one must pay for it. Mr. Cheney said that the teach-

ers were never paid enough. Treasurer Waddell arose at this time to remark that if a ten mill tax were adopted, the town would go into debt \$130,000 before August 15, 1921.

Selectman Bowers Speaks.

Selectman Bowers then spoke on the question. He said a ten mill tax would add \$260,000 to the town debt. Personally he believed that you should pay as you go. Then again he said a 14 mill tax would work a hardship on many and he suggested as a compromise a 12 mill tax.

Selectman Rogers concurred on a 12 mill tax but suggested that it would be false economy and that a lower rate would mean less sidewalks and poorer roads.

Many Could Not Hear.

At this time E. J. Holl who was at the rear of the hall addressed the chairman. He said that he would like to have the matter reconsidered as the majority of those in the rear of the hall had heard very little of the arguments.

Moderator Hyde put the vote to have the question reconsidered. Whether or not those in the hall know what he meant could not be ascertained but a volume of "Ayes" shook the rafters. When Mr. Hyde asked the "Nayes" a volume just as great resulted. He said he was in doubt and called for a vote again with similar results.

Untangling the Mix-up.

E. L. G. Hohenthal tried to untangle the mix-up by bringing up a question of Parliamentary rules. This was thrashed out and finally the assemblage voted for a 12 mill tax with few dissenting votes.

The next question was that of appropriating \$20,000 for a mortuary chapel for the East cemetery. This was tabled.

The next question before the meeting was that of selling the town property on Middle Turnpike. The selectmen were of the opinion that they could sell the plot for \$15,000 and build a new barn for \$5000 and be in \$10,000.

Matter is Tabled.

Mr. Hohenthal was of the opinion that it was not well to sell the property at this time. And so was E. J. Holl. W. C. Cheney said that the town needed a barn very much to house the town apparatus. At this point Selectman Rogers in an excited frame of mind started referring to Mr. Holl. The outcome of the whole matter was that it was tabled.

This finished the business of the adjourned town meeting and after a motion was made to adjourn the call of the special meeting was read by Clerk Waddell.

Streets Accepted.

William S. Hyde was chosen moderator and George Waddell clerk. The first question to come before the meeting was the acceptance of the Russell street Extension. It was accepted.

Holl street was next. Chairman Johnson explained the layout of the street. Holl street extension connects Birch and Florence street and is 40 feet wide and 221 feet long. It was accepted.

Clerk Waddell read the Florence street layout as prepared by the Selectmen. Florence street starts at Spruce street and runs through to Clinton street. Chairman Johnson explained the situation concerning the storm water. After expert and other kinds of advice were offered the meeting voted to accept the proposed layout.

The next clause of the call which was read by Clerk Waddell was to see if the town would, appropriate \$5000 for the erection of a barn and shed at the Almshouse on Middle Turnpike. It was explained that the town needed a place to store its steam roller, trucks and other machinery. It was voted to appropriate the amount asked for.

Hillard Gift Accepted

It was voted to accept the tract of land which E. E. Hillard offered to the town for additional park purposes at the Center Spring Park. After the deed was accepted Selectman Rogers offered a resolution which thanked the donors for the splendid gift.

Parking Automobiles

The next question was that of regulating the parking of machines on Elm street, off Hartford Road, between the hours of six p. m. and 12 o'clock midnight. This ordinance regulates the parking of vehicles from Forest street to Hartford Road on Elm street. Machines and other vehicles must park on the west side. A similar ordinance was passed regulating the parking of vehicles at the trolley terminus at the north end of the town for a distance of 150 feet

south of where the trolleys stop. This was amended from the clause on the call which was for 100 feet. Danger of having the cars parked too close to the cars was the reason for the change.

ABOUT TOWN

Miss Elizabeth Heffron, of Pleasant street, went to St. Francis hospital in Hartford today to have her tonsils removed.

Mrs. Charles Carlisle of Norman street has returned from spending the week end with her daughter, Mabel, who is in the Ruptured and Crippled hospital at 331 East 42nd street, New York city. Miss Carlisle is improving slowly.

There will be a meeting of the Manchester chapter of Hasdassah at the home of Mrs. Bogatz on Center street, Wednesday afternoon at 2 o'clock. Miss Rae Moses was the winner of a pair of hand crocheted pillow cases that were given away by the society for the benefit of the medical unit in Palestine.

MRS. ANNIE J. BUZZELL.

Mrs. Annie J. Buzzell, wife of F. J. Buzzell, died yesterday afternoon from an attack of heart disease from which she had suffered for some time. It was thought, however, that she had fully recovered as she was feeling well shortly before she died and death came suddenly. Mrs. Buzzell is survived by her husband and six daughters, Mrs. Henry McLaughlin of Simsbury and the following who live in this town: Mrs. Ralph Towle, Mrs. Charles Steele, Mrs. Charles Kroh, Mrs. Egbert Inman and Miss Ethel Buzzell who lives at home. Also she is survived by three grandchildren, three sisters and two brothers. Deceased lived in this town for over forty years and was well known.

The funeral will be held Thursday afternoon at 2 o'clock from the house. Rev. Chester Austin of the Pentecostal church will officiate. Interment will be in the East cemetery.

FEELING RUNS HIGH IN GERMANY

Panamans Not Willing to Accept Mediation of the United States on Basis of White Award.

Balboa, Panama Canal Zone, Mar. 8.—A more favorable situation existed along the Panama-Costa Rica frontier today, and news was received here that the Costa Rican troops who had crossed into Panama territory were retiring across the Sixola River which was the frontier fixed by the White boundary award.

Feeling is running very high in Panama City and the guard of United States troops around the official residence of President Porras has been trebled.

A mass meeting was held last night when speakers protested against mediation by the United States upon the basis of the White award.

Sixty municipal councils throughout the republic have sent protests of similar nature to the government.

All were turned over to the National Assembly which was expected to serve formal notice upon President Porras not to accept American mediation unless it was upon the principle of the Loubet award which gave Panama more territory than the White award.

A rumor was circulated that another fight had taken place between the Panamans holding the village of Coto and the Costa Ricans, but it proved untrue. What happened was that the Panamans rounded up about 100 Costa Rican stragglers making prisoners of them. The captives included three colonels and a major.

An internment camp for "war prisoners" has been established on Tobaga Island.

Public school records indicate that at least four persons in every thousand stutter.

Free Beans

Burpee's Stringless Green Pod

That you may test the value of BURPEE QUALITY BEANS we will, during this month, send entirely free a large trial packet of Burpee's Stringless Green Pod Bean Seeds. With the Beans we will send a Burpee Booklet about the best seeds that grow, both absolutely free. All we ask is that you send us a two cent stamp to pay the postage. Write for your beans today.

ARTIFICIAL SILK MADE IN NORWICH MILL

The Tenue-Silk Mills Company of Norwich is now producing artificial silk surpassing all its former expectations and excelling all other forms of artificial silk in a marked degree, placing it in a class of desirability and price midway between standard artificial silk and natural silk. In this the mill owners say they are sustained by large silk users of New York now in possession of the yarn.

Points of superiority claimed for this Norwich artificial silk are natural silk fineness of strands, clear and unbroken of any length, double the strength of former artificial silk, equal to natural silk in elasticity, is not weakened by moisture and has greater luster.

Markets formerly closed to artificial silk that are now open to this Norwich product are hand sewing thread, embroidery floss, velvets, velour, veiling, machine sewing thread, laces, plushes, artificial furs and nets.

TALCOTTVILLE

TOWN IN DARKNESS.

Talcottville was without lights last night from about 6:55 p. m. until 8:15. The trouble was found to be at the transformer house in the mill yard. The electricians who are wiring the new mill have been working in conjunction with the Manchester Electric Co.'s men in changing over the main system as it is stepped down from the high tension that comes in from Manchester. They had been working at the system all day yesterday and had left it in supposedly good condition. On account of a short circuit around one of the new transformers the entire lighting system of the town burned out in the transformer house in the mill yard last night at 6:55. W. S. Gilbert, of East Hartford, the electrician who is doing the work for Talcott Bros., was notified immediately of the trouble and one of his men made a record trip out here and had the lights restored in about twenty minutes with the exception of the circuit

that feeds all the town north of the bridge and those houses that are wired in Dobsonville. This circuit has about 12 houses on it and they are still without power.

The bagpipe is the earliest musical instrument on record. It appears on sculptures dating from 4000 B. C.

If you think your wages are cut, come to Louis Herrup's and see how much we have cut also. \$75 will buy you at least \$100 worth of good furniture. "Do you get that?" Torrington Vacuum Cleaners are in a class by themselves. Terms to suit. Call 243-3 or come to the store. E. Benson, Representative for Louis Herrup.—Adv.

Rum Again?

There is a widespread agitation for the repeal or amendment of the Volstead Act. Shall we shoulder the burden of rum again—the grievous load of taxation, affliction and crime? We shall not! is the answer of

The COUNTRY GENTLEMAN

In a striking article, "The Prohibition Case is Closed," coming in next week's issue, A. B. Macdonald ably voices the convictions of the farmers of the nation.

The farmer has always been a champion of clean living. He will continue to be. And THE COUNTRY GENTLEMAN, the great national weekly of better farming, will continue to support him in this position. That's its function—to help the farmer to accomplish any worthy purpose. It helps him to make a better living in his business, to

organize to insure a square deal in his relations with other industries, to make his home life happier and more prosperous. Once each week it brings its budget of guidance and cheer to more than 800,000 progressive farm homes. For just \$1.00 it will come to you, on Thursday of each week, for a whole year.

NO HAPPINESS WITH WIFE WHO ALWAYS SULK

Chicago.—The woman who sulks instead of the woman who talks is the greatest matrimonial menace, according to Judge Sabath, divorce chancellor of the Superior Court here. "Fifty per cent of the men who come to my court seeking a divorce have had their chances for matrimonial happiness wrecked by wives who wouldn't talk. The most dangerous kind of a helpmate is the woman who sulks."

"I have found," he continued, "that the majority of divorces are the result of the petty peevishness in folk—the trivial peevishness of everyday living."

"When wives file suit alleging that their husbands are cruel," it's a 50 to one chance that they kicked or slapped or physically mistreated. The cruelty referred to is usually one of a mental character. It is even more true of divorce-seeking husbands. "They charge their wives with having made the target of household bric-a-brac or of tossing crocks at their heads, but the fact of the matter is the divorce bills are camouflage the real trouble. I believe the majority of unhappy husbands are tired of their wives because the latter sulk and refuse to talk when they are displeased with some thing the husband has or has not done."

"When a man says 'Dear, did you have a good time at the movies this afternoon?' and the wife answers by tilting her chin in the air and calmly ignoring the fact that her husband has addressed her, there's going to be trouble."

"You see," the jurist explained, "a man is vain. He thinks every statement he makes should be carefully heeded. When the wife attempts to chastise him by refusing to talk, his pride is hurt. Frequently he tries the same plan. Then it is not very long until the home is as quiet as a tomb and the air is charged with divorce electricity."

German scientists have discovered that the roots of the ordinary burdock contain as high as 30 per cent of cane sugar. Secondary processes yield alcohol and other food.

Circle Theater

A love story of surpassing sweetness built on the old tried and true triangle combination between two women and a man, is the foundation of Benjamin B. Hampton's great photoplay, "The U. P. Trail," released through W. W. Hodgkinson, which began a two days' run at the Circle Theater yesterday.

The man in the case is young "Warren Neale," handsome and gallant, dashing and accomplished, played in a thoroughly fitting manner by Roy Stewart.

Kathlyn Williams is seen in the most powerful role of her screen career as a brilliant, beautiful heart-breaker, proprietress of a huge palace of joy, whose heart and soul fall victim to Cupid at last.

Beautiful little Marguerite De La Motte gives another of her charming ingenue characterizations in the role of the innocent heroine "Allie Lee."

"The U. P. Trail," taken from the famous novel of the same name by Zane Grey, is one of the sweetest love stories ever told. The pure, innocent love of the little girl for the young engineer, the vivid soul passion of the woman of the world for him, and his own great and tender love for the girl with another sort of love that is half of friendship, half of attraction for "Beauty," gives a sentimental interest to "The U. P. Trail," that has proven universally pleasing.

The great nobility of "Beauty," Stanton's love is proven by that mightiest of sacrifices she makes in the end for the happiness of the man; making the effect of her great passion for him one that twitches the heartstrings.

The hero proves the old quotation, "The bravest are the tenderest, the loving are the daring." As for splendid "Allie Lee," she is the girl ideal that dwells somewhere in every man's heart, sweet and innocent, brave and true; a role portrayed with Marguerite De La Motte's beautiful finesse.

This will be the feature again tonight. It is in seven reels. On the same bill are the Fox News, a serial and a two reel comedy.

Tomorrow Bryant Washburn will be seen in the great comedy drama, "Too Much Johnson."

Park Theater

Constance Talmadge as Mary Blake, falls in love with a multi-millionaire, Jim Stanhope. She feels the love surge, and to always be near the shrine of her affections, Mary applies for a position in his office, unaware of the fact that Jimmy's hobby is resisting women. He barricaded himself against the charms of the other sex, by employing a character reader who could spot designing young ladies at a half mile. Mary runs head-long into the character expert in seeking the position, and the competent reader of innermost thoughts unceremoniously shows Mary to the door. Mary is wise, however, and went home to adjust her homely disguise.

How she got by the character man on the second trip, and the subsequent development of this entertaining plot was shown in "The Perfect Woman" at the Park Theater.

"The First Born," the Robertson-Cole super-special production starring Sessue Hayakawa opened at the Park Theater yesterday. Adapted to the screen from Francis Powers' stage play of the same name, the picture is one of the best vehicles the popular Japanese star has ever had. Mr. Hayakawa makes his character, Chan Wang live on the screen as truly as he does in life, and as truly as he is described by Mr. Powers in the play of "The First Born."

The most dazzling assortment of jewels and gowns ever worn by Anita Stewart will be seen when her latest First National picture, "Harriet and the Piper," opens at the Park Theater, beginning Wednesday. In one scene she appears as a "queen of Greenwich Village," wearing a bizarre princess costume, heavily laden with gems and beads, and displaying a brilliant feathered headdress. The settings, which are true reproductions of Greenwich Village studios, were arranged by Director Bertram Bracken, who made a special trip to New York's famous Bohemian quarter to get atmosphere for the production.

"Al St. John" in a rip-roaring side-splitting comedy

entire bill last evening and will be seen again tonight. A Western story of unusual worth and the Park Theater News filled the wants of the Park patrons. An entire change of program tomorrow. Anita Stewart for Wednesday and Thursday, "Nuff Sed."

In no profession is presence of mind a more valuable asset than in motion picture directing. Irvin Willat the same director who filmed the accidental crash of airplanes in "The Grim Game,"

SILK MILL NEWS

BENEFIT ASSN. REPORT IS MADE PUBLIC TODAY

Less Sickness in Mills This Year Than Last Year, the Figures Show

The Benefit Association report for February, 1921, is just out today. It shows a decidedly better health condition among the members of the association than existed a year ago, for during the month of February, 1921 there were 132 sick claims as against 211 in February, 1920.

This year 3.9 per cent. of all the members made claims, while a year ago 6.6 of all the members were out sick.

However, those who were out sick cost the association proportionately more than they did a year ago, for with a decidedly reduced number of claims \$2,463.50 were paid out in benefits as against \$2,492.30 paid out the year before.

The association is 168 members better off than it was at the same time last year.

GIRL BOWLERS.

Best of Girls League Formed Into All Manchester Team.

Five of the best bowlers from the Girls' Bowling League have united as the All Manchester team and are meeting some fast teams on the Worcester alleys in Hartford every week.

Laura Mathiason, Lillian Anderson, Lillian Livingston, Viola Lytle and Jane McGonigal, captain, make up the team. Last night they played the Traveler girls and though they lost two games they showed some good work and have a chance of making a good record for themselves.

Next week they play the Emeralds, another Traveler team, and they expect to be in good form for the game.

MENU AT RESTAURANT

- The menu for Wednesday at the Weaving Mill restaurant will be:
- 35 CENT DINNER
- Bean soup

DEMPPSEY-CARPENTIER FIGHT

New York, March 8.—C. E. Graham of Montreal, representing the syndicate that is bidding for the Dempsey-Carpentier match, has made his proposition to Tex Rickard more attractive. It was learned today. Following a conference late yesterday Rickard and Graham declined to give any specific details and it was announced that another conference would be held today, indicating that Rickard is giving the Montreal proposition serious consideration.

Mrs. Nellie I. Baker is the first woman real estate dealer in Junction City, Kas.

CO. G TEAM IS DEFEATED BY SNOOKS DOWD'S MEN

Springfield Team Walks Away With the Locals By Score of 59-39.

In what was considered to be the fastest brand of basketball ever exhibited in this town in the history of the game "Snooks" O'Dowd and his Springfield Inter-State League team came to this place last night and ran away from the Company G team on the Rec. floor, completely snowing the locals under by a score of 59 to 39.

In presenting the Springfield team to local sportdom, the Company G management gave the fans an opportunity of witnessing for the first time perhaps a game of basketball as played under strictly professional rules and in the style that professional basketball players consider their own. The Springfield team is at present composed of players who when representing the Fisk-Red Tops of Chicopee, Mass., last year won the world's industrial championship at Akron, Ohio, last year by playing and winning six games in twenty-four hours.

Last week "Snooks" O'Dowd bought out the Springfield Inter-State League franchise and transferred all the Red Tops to the latter city and today his team is one-half a game behind Easthampton, Mass., the leaders in the Inter-State League.

To describe the game would be futile, since the locals were so far outclassed that at one time it looked as if they would not get ten points.

From the start it was evident that the visitors with their back court playing and their swift dodging had it all over the Company G boys. "Snooks" started off the game by playing up to his reputation as an All-American forward dropping a pretty one-hander through the netting from under the goal.

Then Rummelle started off and within a few moments dropped in five goals in succession on "Red" Devers, besides scoring two free tries out of three fouls called on "Red."

Devers was taken out and Quish went in as guard. The local boy played as well as he has in the past and succeeded in holding down Rummelle to three baskets for the rest of the game.

With O'Dowd and Guenther tearing loose the visitors soon ran the score up to 20 to 0 before the locals even scored, Joe Madden making the first tally for G with a long overhead shot that went in as clean as a whistle.

However, Springfield seemed to score at will and "Yump" Johnson and Madden and Fay each tallied double counters and "Yump" made good on a free try. The score at the end of the first half was 23 to 9.

In the second half Guenther dropped a nice one through right off the tap and then the locals seemed to have a new lease of life and staged a little spurt. The visitors, however, seemed to keep their lead just where they wanted it although at one time only eight points separated the two teams, the score being 39 to 31.

From that time on, however, the locals made but four more goals, Stillwell coming through with two nice ones and Jerry Fay popping two more from under the basket.

The final score showed the visitors 20 points in the lead.

The score: Company G Springfield I. S. L. Stillwell, lf 15 O'Dowd Johnson, rf 11 Rummelle Fay, c 10 Guenther Devers, lg 10 Sears Madden, rg 10 Fitzgerald Pitzerghal

Field goals: O'Dowd 4, Rummelle 8, Guenther 10, Sears 2, Sheehan 4, Fitzgerald 1, Stillwell 4, Johnson 3, Fay 3, Madden 4.

Foul goals: Sheehan 1, Johnson 1, Referee, Harry Scofield.

Notes on the Game "Snooks" was certainly all that he was represented to be, even though he only played one half. He was loath to go into the game at all on account of a bad cold but when he was informed that the majority of the fans present had turned out to see him he consented to do his best to live up to his reputation. And he certainly is some little basketball player.

Some of the fans who laughed when they saw old Andy Sears' bald head formed a better opinion of the old bird before the game was over. While he did not shine as a point getter he certainly was just where he ought to be to help pass the ball around and around.

Without doubt the Springfield team is one of the best balanced teams ever been on the local floor of on any local floor in all the history of basketball in this town.

Some wise bird made a crack that the Emeralds could beat the Springfield team. For this particular party's benefit let it be stated that last

year the Emeralds and "Snooks" O'Dowd's team met in Williamette. The visitors took the Thread City aggregation into camp by a score that more than doubled that of the Emeralds. When the final curtain was rung down the score was 47 to 20 in favor of the Red Tops.

"Dutch" Guenther is certainly a pretty worker on the floor. He puts his whole soul into getting that tap and he always gets it. As a point getter just look at his record, only ten field goals.

Rummelle, who starred as a forward for the visitors is remembered as the man who single-handed beat the famous G team in the old Armory in 1915. He played with the Brussels of Thompsonville against the old G team, and threw in four baskets from the center of the floor winning the game by two baskets.

After the game, Manager Pentland made "Snooks" O'Dowd and Sheehan an offer to play with the Company G team the rest of the season and it is possible to state that both these men will be seen in Company G uniforms next Monday night against the Emeralds of Williamette who are booked for the next attraction. "Snooks" said that he would certainly be on hand if he broke up his cold.

The game last night demonstrated one thing: It is impossible for a team that only plays one or two games a week to be considered in a class with a team like the Springfield, who play five games a week.

Joe Madden played a good guarding game, breaking even with "Snooks" for the half that the latter played. The last time Joe played him, "Snooks" got five and Joe got three, in a game in Springfield.

Eddie Quish had hard luck in every one of his tries. They seemed to rim the basket and roll off to the great disappointment of the fans who wanted to see him come through with two or three.

The crowd was a pretty fair one, a number of old-time fans coming to see the game in the hopes that G would bring home the bacon.

Harry Scofield said after the game that the Springfield team was the best balanced team he ever saw play in his twenty years' experience in basketball.

"Red" Devers played his last game last night and only played half of the first half at that. Good-bye, "Red," the fans will miss your old golden bean dancing around the floor.

Next week the Emeralds and the week after that the Bristol West Ends. If the Company G boys take both those games they will have made a very creditable showing for the late start they made.

Certain it is, that faster games than those played on Monday nights have not been witnessed in some years in this town.

Next year, if everything breaks right and a suitable hall can be secured the company will put a team on the floor that will be a championship aggregation and a team to which the townspeople can point with pride.

LOCAL SPORT CHATTER

Many fans who attended the basketball game at the Recreation Center last evening came away with the belief that "Snooks" O'Dowd was a better floor player than the great Johnny Beckman. Beckman has a greater ability to shoot baskets than O'Dowd, but the latter excels in floor work.

The Olympic soccer team will hold meeting at the Recreation Center Thursday evening at eight o'clock. All members are requested to be on hand to discuss plans for the coming season.

The Atlas basketball team will meet the crack Baltic basketball team at the "Rec" next Monday evening. The local team was defeated by a close score at the latter city two weeks ago. They hope to even the count when they meet in Manchester.

Johnny Shugrue was the winner on points over Young Rector of Jersey City at the Church street Auditorium last evening. Bobby Remier defeated K. O. Sweeney via the knockout route in the fifth round of their scheduled eight round go. Many fans attended the show. All were well pleased with the results.

Many telephone calls were received at the south office last evening inquiring about the above results. Not all were of the male fans either, several interested fans of the fair sex called and asked for the returns.

More than 200 restaurants in Greater New York are owned and run by Chinese.

appearing in the papers announcing the first exhibition games of the season. A few more weeks, and we will have the game at our doors. The crack of the bat against the horsehide is the most welcome sound of the spring.

Slowly but surely, the Victor bowling team is nearing the town championship. They have kept their lineup intact all during the present bowling season. The Casino team defeated them two weeks ago by the slender margin of 13 pins.

Be a booster for Manchester. A few remarks were heard the other evening in a bowling alley. No matter who represents Manchester let every one take off his hat and cheer them on. It makes no difference whether they represent the north or the south end of the town. When we are represented by a team of any sort, Manchester should come first. The question of locality should make no difference. Baseball, basketball, bowling or football, boost them when they wear the colors of Manchester. It is our team.

VICTORS WIN

Add Another Victory to Their Long String by Defeating Capitol City Team

The Victor bowling team has added another victory to its already long string by defeating the fast Aetna Fire team on Conran's alleys. The Victors took the Capitol City bowlers into camp with 23 pins to spare. Hartz of the visitors had the high single of the evening with 122. Conran of the locals had high three string with 311. A return match will be rolled on the Casino alleys next week in Hartford. The box scores:

VICTORS			
C. Sad	88	104	93
Nelson	113	90	84
Wickham	110	89	89
R. Sad	85	108	98
Conran	100	93	118

AETNA FIRE			
Bryne	86	96	89
Hartz	122	92	82
Couch	97	83	88
Darling	91	105	109
Burnham	94	101	109

A VICTORY FOR ATLAS A. C.			
Defeats American Express Co. Team	496	484	482
The Second Time This Season	86	96	89

The Atlas A. C. cleaned up its series with the American Express Company basketball team at the Recreation Center last evening by trimming that outfit 38 to 28. The local team defeated the Hartford team several weeks ago.

Last night's game was close and exciting throughout. The visitors threatened to tie the score in the last period. But clever work on the part of the Manchester guards kept them from scoring.

For the visitors the work of Kaplan and Roberts was good, and for the locals Stowe and Mullens were tied with four baskets a piece. The line-up: Atlas (38) A. E. R. (28) Stevenson, rf rf Ryan Mullens, lf lf Kaplan Stowe, c c Roberts Cervini, rg rg Conley Couch, lg lg Dunphy

Field goals: Stowe 4, Mullens 4, Hunt 2, Stevenson 2, Couch 2, Cervini 1, Dietz 1, Roberts 6, Kaplan 5, Ryan 1, Raymond 1, Conley. Referee, Smith.

MILDNER WINS CUP

Had Highest Score at Targets for the Past Month

Mildner won the Dr. Moore silver trophy for the month of February. This trophy was offered to the members of the South Manchester Rifle Club. The member having the highest score for each month will be entitled to possession of the cup for that period. The club meets each Friday evening at the State Guard range in the Barnard school building.

The first shoot of this month was held last evening and Herman Muske captured the honors. He gathered a score of 72 in three positions, prone, kneeling and standing. The scores: Muske 72 Sullivan 69 Pillard 68 Mildner 68 Baldwin 66 Senkbiel 66 Gustafson 65 Birch 65 Johnson 65 Giorgetti 64

Spring Sewing Week

STARTED THIS MORNING

For homesevers and professional dressmakers, Sewing Week is important for many reasons. Mainly, it gives first hand information of what the new fabrics look like; Secondly it gives the opportunity of conveniently choosing the silks, linings, trimmings, notions and sundries essential to spring dressmaking from broad, fresh new stocks, and it allows many substantial savings such as enumerated here.
