Polo Grounds, New York, Oct. 6.—Roaring, happy, festive crowd filling covered stands and bleachers to their ample reaches, turned out for the third game of New York's private fight between the Giants and the Yankees for the world's championship this afternoon. It was mute vindication for Judge Kenesaw Mountain Landis and the sport he represents and rules for the players of both sides and for the umpires who precipitated the disorder of yesterday when the game was called because darkness impeded rather than existed.

PARK SOCIALIST IS HARMLESS SPEAKER TELLS D. A. R. DELEGATES

Miss Hermine Schwed Explains Three Types at Convention — Parlor Type Knows Nothing But Bolshevism Puts Socialism Into Practice — Gathering Concludes with Banquet.

"A Park Socialist talks much and knows nothing. A Socialist talks less but knows something. A Bolshevik does not talk at all but puts into practice what the Socialist talks about."

That was how Miss Hermine Schwed explained the types in her address delivered before 500 delegates to the State Convention of the D. A. R. yesterday at the Second Congregational church here. Miss Schwed is state secretary to the National D. A. R. Association for Constitutional Government.

"The Socialist Bible," she said, "is the Communist Manifesto, commonly known as the Socialist Bible. Three or four words in this book I could not understand, among them being proletariat, bourgeoisie, and expropriation. I asked an explanation. My would-be teacher explained them to me. A proletariat is the working man, the bourgeoisie is the capitalist. All capitalists are devils and all working men are angels. I could not, however, get an explanation of the word 'expropriate' until later when I found out the meaning from another source. If, in the times when Socialism is in power, they want something they like, they expropriate it. If they wanted my wrist watch, for instance, they would expropriate that."

"Reading further in this Bible, I found that in the eyes of a true Socialist, the marriage ceremony is null and void; that there is no God, and that the Constitution of the United States was a meaningless jumble of nonsense, written by a crowd of feeble-minded old fools."

"I have now made a study of the writers of the Constitution and in my opinion the world has not produced any statesmen who are in any way comparable to them."

WOMAN STABS HERSELF WITH PAIR OF SCISSORS
Norwalk, Conn., Oct. 6.—Mrs. Alma Paulsen, 40, of 834 70th street, Brooklyn, N. Y., stabbed herself in the left breast with a pair of scissors and was taken to the Norwalk hospital in a serious condition today. The act was committed at the home of her son, James Kerns, with whom she is visiting here. It was stated that the woman's divorced husband called on her and wanted a reconciliation and made some threats which caused the woman to attempt to end her life.

NORWALK FARE TEST SHOWS DECREASE.

"DRYS" CHANGE THE PLAN TO PUT TICKET IN FIELD

To Scratch Candidates Who Are Not in Favor of Prohibition Laws—Mayor Paonessa Answers Hohenthal's Letter.

It is likely that the Prohibitionists will not have a ticket in the field this fall, according to an announcement made by E. L. G. Hohenthal last evening. He would give no reasons ex-

cept to say: "If anything is done it will be done by scratching the ballots with stickers." How this could be accomplished on a voting machine, Mr. Hohenthal explained by saying that a lot of details had not yet been worked out. The chairman of the State Central Committee of the Prohibition Party also made public a letter he had received from Mayor Angelo M. Paonessa, of New Britain in answer to the questionnaire recently sent out to all candidates for state offices. The letter reads: "I have delayed answering your letter as the questions therein pre-

pounded have no bearing whatever on the conduct of the office of secretary of state. To particularize I would say that the only reply I can make is as follows: "Question 1. As secretary of state I will not have a vote in the Legislature. "Question 2. Enforcement of state laws, dealing with the liquor traffic and the enactment of further legislation are matters in which the secretary of state has no voice. "My private personal opinion and my conduct of a public office might be as widely divergent as your endorsement and your actual vote. "Permit me to call your attention to the fact that I became mayor of the city of New Britain April 17th 1922, and that since that time the laws of the city, state and nation, have been and are being enforced."

ARMY FLIERS BREAK ENDURANCE RECORD

Kelly and Macready Beat World's Mark Made at Berlin in 1920.

San Diego, Cal., Oct. 6.—The world's sustained flight record was broken here today by Lieutenants Oakley Kelly and John MacReady when they had kept the new army monoplane T-2 in the air longer than the 26 hours and 11 minutes mark made at Berlin in 1920. At 8:30 they were still circling over the city and Rockwell field. Officials expressed the firm belief that they would remain aloft until their fuel supply is exhausted, some time this afternoon.

SOCONY DECLARES 200 PER CENT DIVIDEND

Standard Oil of New York Jumps to \$596 a Share on Curb Market.

New York, Oct. 6.—The Standard Oil Company of New York today declared a stock dividend of 200 per cent, increasing its capital from \$75,000,000 to \$225,000,000 and reducing the par value of the stock from \$100 to \$25 a share. Immediately on news of this dividend, Standard Oil of New York jumped over twenty points on the curb market to a new high of \$596 a share.

GILEAD

The Ladies' Aid of the Gilead church will give a sale to be held in connection with a chicken pie supper they plan to give on Oct. 20. A daughter was born Sept. 29 at the Manchester Memorial hospital to Mr. and Mrs. J. Kellogg White, formerly Miss Ethel Hills. Judge E. S. Thomas was a recent

visitor at the home of Mr. and Mrs. J. Banks Jones of Hartford has been spending some days with Mr. and Mrs. J. Banks Jones.

APPROVES FINDINGS IN STILLMAN CASE

Justice Morschauser Hands Down Decision on Referee's Report.

White Plains, N. Y., Oct. 6.—Approving and confirming the findings and recommendations of Referee D. J. Gleason, in favor of Mrs. Anne U. Stillman in the suit for divorce brought against her by James A. Stillman, the banker, Supreme Court Justice Morschauser today handed down his decision. The referee's report also upheld the legitimacy of Guy Stillman, the banker having denied the paternity of the infant.

Justice Morschauser's decision was as follows: "The learned referee in this case found, decided and reported that the testimony did not justify a finding of adultery against the defendant, Anne U. Stillman, and that the defense of the plaintiff's bastardy was established, and also that the infant defendant, Guy Stillman, was the legitimate child of the plaintiff and the defendant, Anne U. Stillman. "The findings, decision and report of the referee are justified by the testimony presented before him and I believe he properly disposed of the case. "Motion granted. The judgment should provide for costs to the defendant."

MARLBOROUGH

Mr. and Mrs. E. F. Pettengill and family were at the Rockville Fair last Wednesday. Supt. H. S. Luby of Colchester was in town visiting the schools Tuesday. Iseleb, William Lieser, Pauline Monteneri, Micklena Monteneri, Paul Monteneri, Sebastian Monteneri, Bertha Flemke, Louise Flemke and Albert Flemke. Mr. and Mrs. Edward B. Lord and Mrs. Charles H. Iseleb attended the Rockville Fair one day last week. The infant son of Mr. and Mrs. Cassanta who has been seriously ill, is recovering. Dr. Farmalee has been in attendance.

WAPPING

The Manchester Union Epworth League will hold its annual outing at Mr. Shipman's summer home on the lake in South Coventry tomorrow afternoon. All league members are urged to be present. The Wapping Christian Endeavor Society is cordially invited to take part in the good time. There will be several boats which can be used and the bathing is excellent. Sports and frankfurts are on the program. A truck has been engaged to transport the Wapping young folks. It will leave Wapping store at 1:30 o'clock. If the weather is not suitable for an outdoor program, we will use a large building on the lake shore. For further information call Edward P. Sharp, 92-14.

At a church meeting held last evening the Congregationalists voted to accept with one minor change the Articles of Association of the proposed Federal church at Wapping. If the Methodist Quarterly Conference which meets next week Tuesday at 7 o'clock decides similarly, little remains to be done except the actual wedding ceremony. The young folks of the Wapping Grange have formed a degree team and last evening were practicing diligently in the school hall. The Ladies' Aid of the Methodist church met this afternoon at the home of Mrs. Mary Hills.

**CHURCH WORKERS BUSY
ON 'YE HUSKIN' BEE'**

Elaborate Autumn Festival Planned by North End Holy Name Society—Whole Parish at Work.

An important meeting will be held this evening at 8 o'clock in the parish

hall of St. Bridget's church. The occasion will be a general committee meeting of upwards of 40 workers for the Holy Name Society. The workers are in charge of arrangements for an elaborate autumnal festival to be given by the society for the benefit of St. Bridget's parish. The event will be in the form of an old-time 'huskin' bee, musical entertainment and dance, and will be held in the Eighth District assembly hall, Friday evening, October 20.

It is not the custom of the church to give a bazaar each fall, therefore the energy of its workers is devoted to making the autumn festival and 'huskin' bee a noteworthy success in a social sense as well as financially. As a result, practically the whole of St. Bridget's parish is back of the coming entertainment and all evening of rare enjoyment is assured. The hall will be handsomely transformed with decorations in which autumn foliage, fruits and harvest products will be prominent. A pleasing musical entertainment will be given.

Joseph Moriarty, chairman of the general committee; Mary McGuire, secretary; and various other committee members are as follows: Chairman, Joseph Moriarty; Sr. Mrs. Edna Griffin; Mrs. Mary McGuire; Miss Mary Green, Patrick Griffin, Lawrence Casey, and the Misses Katherine Ward, Margaret Ward, Nellie Griffin, Madeline Logan, Margaret Deane, entertainment; Joseph Phonsky, Raymond Moonan, Mrs. W. Ward, Joseph Moriarty, Mrs. McGuire, Frank Handley, Jr., Mrs. Griffin, Irene Griffin; hall and music, Frank Handley, Jr., Oliver Graham, Wil-

liam Griffin, F. H. Wall; decorating, Edward F. Dwyer, Mrs. Frank Handley, Jr., Bessie Logan, Anna McGuire, William Griffin; floor committee, James Foley, George H. Williams; tickets, John Breen, Joseph Moriarty, Mary McGuire; donations, George H. Williams, James Foley; Dante Pagani, Joseph Moriarty, John Breen; publicity, Fred H. Wall.

Impression is conceded. Mr. Meighan is seen as a small town lawyer who is fishing for a reputation. He goes to the war and wins a reputation that, with the aid of the girl of his dreams, sends him to Congress. In the development of this idea, there are many dramatic and laughable scenes of which the star and his support make the most. Lois Wilson, leading woman, is seen to the finest advantage in a strong role. Theodore Roberts, Charles Ogle, James Neill and Sylvia Ashton render efficient assistance in making the picture the success it deserved and won.

On the same bill was shown a two reel comedy that contained a number of good laughs and the News Weekly showing the latest world events. The above program will be shown for the last time to-night.

There will be a continuous show at the Park Theater Saturday, 2:15 to 10:30. The feature attraction is Hoot Gibson in "Step On It."

Mystery, romance, typically western action and the punch of a plot from the pen of Courtney Ryley Cooper are promised in the Universal special attraction, "Step On It," in which Hoot Gibson will be seen in a starring performance at the Park theater Saturday.

Jack Conway directed the filming of the Cooper story, which was adapted by Arthur Statter, now editor of the short reel and serial scenario department at Universal City.

Barbara Bedford, a charming and capable actress, will be seen in the feminine leading role opposite Gibson. Others in support are Joseph Girard, Vic Fotel, L. C. Shumway, Edith Yorke, Frank Lanning and Gloria Davenport.

The story is laid in "The Land of the Lost," a section of unmapped, barren territory in the state of Colorado, a paradise for horse and cattle thieves. In this locale action of a mystery nature takes place.

An element of the weird and uncanny is injected into the story through the disappearance of large herds of cattle, driven to the edge of a deep sluceway and absolutely untraceable from there on.

Waterbury, Conn., Oct. 6.—Sandy A. Debnor, formerly employed at the Waterbury Button Company and now superintendent of the Pruven Composition Products Mfg. Debnor is represented by counsel and denies the charge against him claiming that

BASEBALL FUTURE HANGS IN BALANCE TODAY NEW YORK FANS PEEVED AT UMPIRE'S RULING

Wild Scene Follows Calling of Game in Tenth—Judge Landis Remains Calm in Face of Furious Mob—Declines Police Protection—Hoyt and Scott on Mound.

Polo Grounds, New York, Oct. 6.—The clicking turnstiles, passing cash customers into the Polo grounds for the third game of the World Series today, will tell the story of what the semi-riot, prompted by the calling of yesterday's game at the end of the tenth inning, was merely a passing fancy or a permanent grievance against all baseball.

By their clicks, so shall ye know them. If the park plays host to another capacity house today it will mean that the fans have accepted the decision to turn over all of the receipts of yesterday's game to charity as sufficient evidence of good faith. If the unreserved sections whence came the largest and loudest squawk, are not well patronized, it will mean that baseball in New York has suffered an injury of some permanence.

Judge Landis Abused.

Baseball here was on trial for its life when thousands of fans stormed Judge Landis' box to make an adverse demonstration concerning the decision of umpire Hildebrand, calling the game because of impending darkness. It was sincerely believed by many that play was terminated with the idea of prolonging the series and thus increase gate receipts. They also thought that the decision was reached with the advice and consent of Judge Landis and the players of the contending teams. In this they were gravely wrong.

Hildebrand and Klem, neither of whom could benefit in the slightest by a lengthened series came to the conclusion that further play would be injudicious and Hildebrand made his ruling accordingly. To many this seemed to be the height of super-saturation but baseball men, including John Heydler, President of the National League, Billy Evans, Christy Mathewson, Bob Conner and others, concurred with the verdict.

More evident from the playing field than from the stands.

Receipts to Charity.

The fact that diplomacy was brought to bear on the situation from some source and that the receipts, exceeding \$120,000, will go in toto, to disabled soldiers, is taken as meaning that baseball will not be found guilty as charged. In the high court of public opinion. However, the bleachers today will render their mute verdict.

At an early hour, there was no evidence of a clamoring at the gates but this was hardly to be expected. The furor of opening day was not to be continued indefinitely.

Indeed, a slight depreciation in interest was looked for in mid-series regardless of yesterday's unfortunate ending. He called a meeting of the club owners and while the proceedings were not open to the public it is to be assumed that he suggested the plan whereby charity and not baseball was to be the sole beneficiary from the three to three tie game.

Owners Meet After Game.

Many of the more irate citizens intimidated yesterday that they would wait forever. However, it remains to be seen whether this determination will be carried out in the face of the very politic move to wipe the entire slate as far as the questioned game was concerned. Behind that move is seen the diplomatic hand of Judge Landis.

A very disturbed man, he had been made the victim of a wild demonstration and he it was who was best able to judge the temper of the crowd. He called a meeting of the club owners and while the proceedings were not open to the public it is to be assumed that he suggested the plan whereby charity and not baseball was to be the sole beneficiary from the three to three tie game.

Beyond explaining that the umpires were the sole judge of conditions on the ball field, the Commissioner declined to comment on the merits or demerits of Hildebrand's decision.

Having read the game out of the records entirely the series will be picked up today with game No. 3 with the Giants playing host. In other words, the second game is to be considered as having been played. It will be inserted at the end of the series, if necessary.

For the third game, McGraw is believed to lean strongly toward Jack Scott as his pitching nominee and Higgins will almost certainly come up with Walter Hoyt as an out-

CAUGHT FLAT-FOOTED.

After lining out a triple in the first game of the World Series, Whitey Witt, Yanks' outfielder, was trapped between home and third when he attempted to score on an infield hit in the sixth inning.

hull game just as it is still anybody's series.

Because of their fine uphill fight yesterday, the Yankees have again come into popular esteem, and unless Scott can beat them today the odds against them, now fluctuating around six to five, will go to even money or better. Some few bets were got down at six to five today but not many. The series evidently is a speculation, not a gambling proposition.

The Celtic football club will hold a practice at the West Side Rec. tonight. They will play the Swedish Club of Hartford on the Four Ave. on Sunday.

LOCAL SPORT CHATTER

It is doubtful if Bronkie gets home in time to play with the local club this year. If he comes east with Hornsby's barnstormers it is likely that he will be in the city by then.

Mike Morley and Dave Pendergast of Hartford, are going to New London and impose on the boxing fans of that town. Morley may be able to whip Paltz but when he does the veteran will come into the ring on crutches and have his great grandchildren in his corner for seconds.

Leo Flynn, manager of numerous mitt wielders in and about New York City, is having a pipe dream. Nothing unusual when one knows him. Flynn never had a champion under his wing. The reason is simple. When he gets a first class meat ticket he works it to death. Several first class fighters got their start under Flynn but left him as soon as they found out that to reach the top they must fight under a different manager. Flynn says that Greb is afraid to fight his "Unknown," whoever he may be.

The Manchester and Olympic soccer teams meet for the first time this year at the Adams street grounds Sunday afternoon at 3:15 o'clock. The game is important. If the Olympics can come across with a win they will be in the .500 class and force the Manchester team into a tie in the league standing. The representatives of the Manchesters does not seem to bother the Olympics, for their manager said this morning he was prepared to give them the surprise of their lives Sunday.

A real game is promised at the West Side playgrounds Sunday afternoon when the Atlas and the Silver Lane football teams meet in the first clash of the season. The Atlas have worked hard this week and are in excellent shape.

"Red" is still missing. All sorts of theories have been advanced but nothing definite. Officer 666 says he has the case well in hand. Private Dickens are on the job, attracted by the huge reward offered for information concerning his whereabouts. The

reward is offered by the Lydallville Chamber of Commerce and is said to be ten million rubles, or 2 mills in U. S. cash. Red's mother is much worried, not so much over his staying away from home but because he is wearing his Sunday suit and shoes. Cleopatra is still missing. His mother asks all outcasts if they should happen to run across "Red" to steer for his neck so his new suit won't be ruined.

FANS FAVORED YANKS IN YESTERDAY'S GAME

Crowd Listening to Herald's Game Bulletins Cheer When Score is Tied—Another Big Crowd on Hand.

Yesterday was Yankee day in Manchester.

The fans were quiet until the score was knotted and then there was a wild time on Oak street where the Herald is giving the news of the World Series.

Meusel's homerun in the first with two of the bases occupied, made things look bad for the Yanks. It did not seem to please the local fans either. Running true to form, the fans were with the underdog all the way until Ruth cracked out the two-bagger in the eighth and later scored on Meusel's double to left field. The fans then cheered for the first time during the afternoon.

The game started on time and with the radio expert from Watkins Brothers handling the wireless equipment, the Herald was able to give the fans the first play within one minute after it occurred at the Polo Grounds. The Magorox furnished Kemp's Music shop also worked well.

A fair sprinkling of women was notified in the crowd and they followed the game with keener interest than the men, who seemed to anticipate things in advance.

Notes of the Game

What a noise when Ruth hit a double. More noise when it was announced he had stolen home and was forced to go back when Meusel hit a foul ball.

Autos had much trouble to punch a hole through the crowd. The crowd filed the street in front of the Circle theater half way up to Oak street.

Fair weather is promised for today and all those wishing to get a good position are urged to be on hand early. The radio will start soon as the first batter swings at a ball.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, who made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrubin, to other who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrubin with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.
