"REDS" IN CONTROL OF SAXONY

PROHIBITION IS THE ISSUE AT GOVERNORS' CONFERENCE

Gov. Pinchot Leads the Drys and Gov. Sulzer the Wets—Latter Wants Light Wines and Beer.

West Baden Springs, Ind., Oct. 18.—Prohibition today split wide open the governors' conference. In spirited discussions shoving aside those listed in the regular schedule for the meeting—taxation and agricultural relief—lines were drawn sharply between the so-called dry and liberal state executives on the liquor law issue. This schedule became the paramount theme of the conference.

On all sides, especially in informal gatherings, the national dry act and the "law and order" conference with President Coolidge at the White House Saturday were the leading topics of debate.

Much confusion existed among the state chiefs on the challenge of Governor Pinchot of Pennsylvania, charging President Coolidge personally with full responsibility for the enforcement of the dry law.

In characteristic Rooseveltian fashion the Pennsylvania governor who acted as spokesman for the "bone dry" element, denounced the present system of enforcement and demanded that in order to make America thoroughly arid, the federal administration extend greater and more harmonious co-operation to state agencies in running down bootlegging and suppressing illicit

permits. Thousands of permits, he said, are being forged, with the result that liquor is being flooded over the country in violation of the laws. To ask the states to stop this traffic unless more strenuous efforts are made to wipe out faking, he declared, "imposes a burden upon the states that is stupendous."

Pinchot promised to lay bare this condition to President Coolidge at the White House gathering with the additional warning that "he intended to speak straight from the shoulder."

The more liberal forces rallied around Governor Parker of Louisiana, when Pinchot remarked that "the fight against liquor is just begun." Parker prophesied "that prohibition seems certain to become the major issue in the 1924 presidential campaign and in both parties."

Parker held little hope for "100 per cent enforcement." He thought that the most suitable way to rid the country of the "prohibition mess" would be to repeal the Volstead Act to permit manufacture of wine and beer, this being sanctioned under strictest government supervision.

Under the Parker flag were Governor Hyde of Missouri and Sulzer, of New Jersey.

AMERICAN LEGION RAPS THE KLUXERS

At Convention Resolution is Adopted That Assails All Un-American Organizations—Other Resolutions Adopted.

San Francisco, Cal., Oct. 18.—A report of the resolutions committee assailing "Un-American Organizations" believed to be aimed at the Knights of the Ku Klux Klan, although not specifically naming the Klan, threw the fifth annual convention of the American Legion into a tumult today.

The report scathingly denounced any organization formed in defiance of the country's constitution which guarantees equal rights to all "regardless of race, creed and color."

Other Resolutions. In the committee's report as submitted to the delegates this morning were as follows:

1. Condemnation of all organizations fostered by racial and religious hatreds.
2. Refusal to endorse American entry into the International Court of Justice.
3. Approval of the French occupation of the Ruhr.
4. Recommendation for a legion commission to investigate methods of the Ku Klux Klan.
5. Resolution of Congress for the building of a memorial hospital in honor of gold star mothers.
6. Expression of sympathy for Japan in its earthquake disaster.
7. Resolution in support of railway mail service seniority for world war veterans.
8. Testimonial to President Harding's work.

Come to Agreement. After a conference lasting far into the morning the resolutions committee, tossed about by the "anti-Klan resolution" for the past three days, finally came to an agreement and submitted its report to the convention. Stormy scenes behind locked doors marked the deliberations of the committee on the Klan issue but it was said the way had been paved for adoption of the report without a fight in the convention hall.

An effort, however, may be made by some of the radical opponents of the Klan to attempt to amend the resolution by specifically mentioning the Knights of the Ku Klux Klan. The report contained the following denunciation:

"Whereas, the fundamental law of our country guarantees to all peoples equal rights and opportunities and the right to worship as they see fit and in the the American Legion includes in its membership ex-service men of every race, creed and color;

"Be it resolved that the American Legion considers such organizations which create or foster racial, religious or class strife among our people, or which take into their own hands the enforcement of the law, determinedly and justly, and in punishment to be un-American, a menace to our liberties and destructive to our fundamental laws.

"And be it further resolved that the American Legion considers such action by an individual to be inconsistent with the ideals and purposes of the American Legion."

Masons Make Pilgrimage to Unknown Soldier's Tomb

Thirty-third degree Masons from all parts of the world made a pilgrimage to the tomb of the Unknown Soldier and placed wreath on tomb of Unknown Soldier.

"FARM BLOC" TO ATTACK COOLIDGE MARKETING PLAN

Washington, Oct. 18.—The administration's plans for relieving farm distress in the wheat belt are scheduled for tough sledding in the new Congress. This became certain today when Democratic and Republican Farm Bloc members apparently joined hands to attack the government relief program.

Senator Duncan U. Fletcher of Florida voiced a protest against the Coolidge plan for organizing cooperative marketing associations, which are the basis of government farm relief. His attack came only 24 hours after the plan was announced by Senator Edwin F. Ladd, Republican of North Dakota. Both are prominent Farm Bloc members.

While Democrats and Republicans alike offered their own solutions for farm depression, both were emphatic in their faith for the substitution of cooperative marketing for the present government relief plan. Fletcher offered as a substitute a "reduction of existing tariffs."

Canada and America To Stop Drug Traffic

Buffalo, N. Y., Oct. 18.—His objective being the suppression of illicit narcotic traffic between Canada and the United States, Col. G. Nutt, head of the Narcotic Division of the United States Internal Revenue Department, arrived in Buffalo today to complete arrangements for a conference between the officials of the two countries in the drug dispensing connection.

The conference proposal was promulgated several weeks ago when Col. Nutt took up the matter with Canadian officials and outlined his plans to effect closer cooperation between themselves in the obliteration of the drug traffic evil.

W. C. T. U. Asks the President To Remove Sec. of Treasury

Brockton, Mass., Oct. 18.—The Women's Christian Temperance Union in annual convention here today, voted unanimously to request President Coolidge to remove from the authority of the secretary of the treasury the enforcement of the prohibition amendment.

Mrs. Elizabeth Tilton, of Cambridge, who made a motion directing that a letter be addressed to the president demanding removal of the prohibition unit from Secretary McAdoo's authority, charged that the secretary himself was "incalculable in the illicit liquor traffic."

Tax Dodgers Be Brought to Book

Persons who have failed to pay their personal taxes, should get busy at once. The tax collector is preparing a list of both men and women delinquents and this list will be handed to the local prosecuting attorney. These taxes were due the first of last February and the collector has mailed bills to all persons who are indebted to the town. Collector Howe can be found at his office in the Hall of Records every day including Saturday.

Norris Raps Ford for Weeks Attack

Washington, Oct. 18.—The War Department's sale of the Gorgas steam plant—located near the huge government water power project in Muscle Shoals, Ala., to the Alabama Power Company, was upheld today by Senator George W. Norris, Republican of Nebraska, chairman of the Senate Agriculture committee.

Norris declared Ford's criticism of the secretary and the transaction to be "unfair, unjust and selfish."

Norris, a prominent "Farm Bloc" member charged Ford with seeking the Gorgas plant and part of his offer for Muscle Shoals property because he would be able to sell it to the Alabama Power Company and come near liquidating the \$5,000,000 he has offered to pay for the entire Muscle Shoals property.

Norris said the government had realized a "higher percentage of cost" by selling the Gorgas plant to the Alabama Power Company than any other sale of war material since other war material had been sold.

There are just 70 lots in Pleasant View. These are divided into streets. Mr. Smith has these streets practically all graded and is doing since early summer. In the first place he has transformed the old Bryan homestead that was in recent years somewhat out of repair, into a practically new two tenement house. He has not only rebuilt the outside of the house but the interior has been changed so much that no one would recognize the place.

Pleasant View is rightly named. Mr. Smith one summer afternoon after he had bought the farm stood on the north side of the tract and when he viewed the horizon from the north and west and he at that time remarked about the pleasant view there was from that part of the farm.

Mr. Smith has a force of men busy laying concrete walks on Mather street the entire length of the new tract. The streets are being brought to a proper grade. He has the cellar in for a two flat house to be erected at once. Contractor Thomas Wright has the job and expects to start work on the house within a short time. Plans for two other cottage houses to be built on the tract are in the works and will be started this fall.

Mr. Smith's motto: "If you are going to live on the earth you should own a slice of it" is a good one. He has by opening up this tract made it possible for home seekers to get a lot or a house at a reasonable figure. Pleasant View is out in the woods away from civilization but right in the residential section with established homes right up to it. Persons interested in a building lot or a house should take a walk up to Pleasant View and see for themselves. These lots will all be offered to purchasers at private sale.

LIBERTY BONDS. New York, Oct. 18.—Opening Liberty Bonds 3-1/2-99 3/8; 4th Liberty Bonds 3-1/2-99 3/8; 4th Liberty Bonds 3-1/2-99 3/8.

GERMAN CABINET MEETS CONSIDER SITUATION

Open Break Between Province and Berlin—Danger That Nation Will Be Split Up—Ten Dead in Mannheim Riots—Reserves Rushed to Scenes of Trouble.

Berlin, Oct. 18.—The Cabinet met today to consider the dangerous situation in Saxony where the Communists are in control of the government.

Mannheim was still turbulent, but no further bloodshed had been reported since this afternoon. The total dead up to last night was 10. Scores were wounded.

The German military commander at Mannheim decreed the death penalty for any person inciting a general strike or civil war. A mob of men and women attempted to storm police headquarters at Gelsenkirchen. Police fired upon the attackers wounding three of them.

WAB CLOUDS GATHER. Berlin Oct. 18.—Ominous clouds gathered low over Germany today pointing the way to grave developments in the immediate future.

Three-Cornered Fight. If a clash takes place the fight would be three-cornered involving Communists, the forces supporting the Berlin Central government and the Bavarian monarchists.

Decision to send the reinforcements was taken after Premier Zeltner defied General Mueller's ultimatum to disband the armed "Proletarian (Red) guards."

Members of the Saxon government are openly defiant of Berlin. Minister of Finance Boettcher, in a fiery speech at Dresden declared that "Red dictatorship is the only salvation of Germany."

President Ebert and Chancellor Stresemann are doing all in their power to hold the Reich (state) together and to prevent the nation from breaking up into small states.

There are several cross-current movements under way, all aiming at secession. The Saxonian Communists want a Reich Germany. The Bavarians want a Monarchy for Bavaria at least if they cannot have it for all Germany. The Separatists in the Rhineland are working for a Rhenish republic. French troops in the palatinate are preparing to meet the situation if Bavaria succeeds and proclaims a monarchy.

ASSAILS BAVARIA. Dresden, Oct. 18.—Premier Zeltner of Saxony, speaking in the Diet today bitterly assailed Bavaria, demanding action by the German state against the Bavarian Nationalist government.

NEWS FROM SURROUNDING TOWNS

BOLTON

Morgan Alvord, who attends Yale has won a \$500 scholarship. He is a senior and has won a scholarship every year.

Miss Helen Taylor of Holyoke spent the week-end with her parents.

W. J. Warner, State Milk Inspector, inspected cow stables this week.

Mrs. Fred Finley and daughter have been spending a few days with her mother, Mrs. Hattie White.

The school committee held its meeting in the hall Friday evening. The selectmen held their monthly meeting Monday evening at R. K. Jones's.

Miss Maude White motored to Greenfield, Hatfield, Mass., with Miss Ida Holbrook of Manchester and other friends this week.

Mrs. Charles Sumner and two daughters, Ella and Elizabeth, Mrs. Rog Carpen, Miss Adelle Loomis took an extended motor trip Friday.

Mr. and Mrs. B. L. McGurk and family spent Sunday at their home here.

Misses Margaret and Elizabeth Daley spent the week at their home.

George Rose is motoring to York state to attend a wedding of a friend. Mr. Rose is to be best man.

Miss Lavinia Frise and relatives visited Columbia, Andover, Sunday.

Mr. and Mrs. Charles Carpenter of Leonard Bridge visited her sister in town Sunday.

A digging bee of 12 men of the Center Church gave a day's work at the parsonage Friday and dug a cement walk from the stairs to the furnace. A dinner was served to the men.

Mrs. Maxwell Hutchinson is spending a few weeks with Mrs. C. N. Loomis.

For only \$5 any member of Watkins Brothers Christmas Club can have a piano, victrola, sewing machine or washing machine in their home now, paying only \$5 a month until after Christmas. In 1924 regular payments become due.—Adv.

WAPPING

About forty attended the what given by the Parent-Teacher Association in the school hall last evening. Mrs. Charles A. Stead of Wapping won the lady's prize, and Richard Miller of Barber Hill captured the gentleman's trophy. There were nine tables of players and about \$10 profit was netted.

The Federated Workers are making elaborate plans for their first annual supper. Besides a beautiful chicken pie repeat and all kinds of fancy work for sale, there will be a play "Parlor Matches" presented by the young people of the Wapping Grange. The date of the fair has been set tentatively for November 14.

The weekly meeting of the Federated Workers will be held in the basement of the Methodist Church tomorrow afternoon at 2 p. m.

Mrs. Gertrude Hollister, formerly of Wapping has been quite ill the past week at her home on Marble Street, Manchester.

Henry Slater, another former resident of Wapping, has been ill with bronchitis at his home on Hudson street, Manchester.

WAPPING MAN FIRST.

Storrs, Conn., Oct. 18.—Hens competing in the twelfth annual egg-laying contest had at the end of the 50th week laid 164,575 eggs or 1,149 eggs above the highest previous annual total. The weekly yield was 2,454 eggs or 35 per cent, which was 559 eggs more than in the same week last year and 637 eggs above the eight-year average.

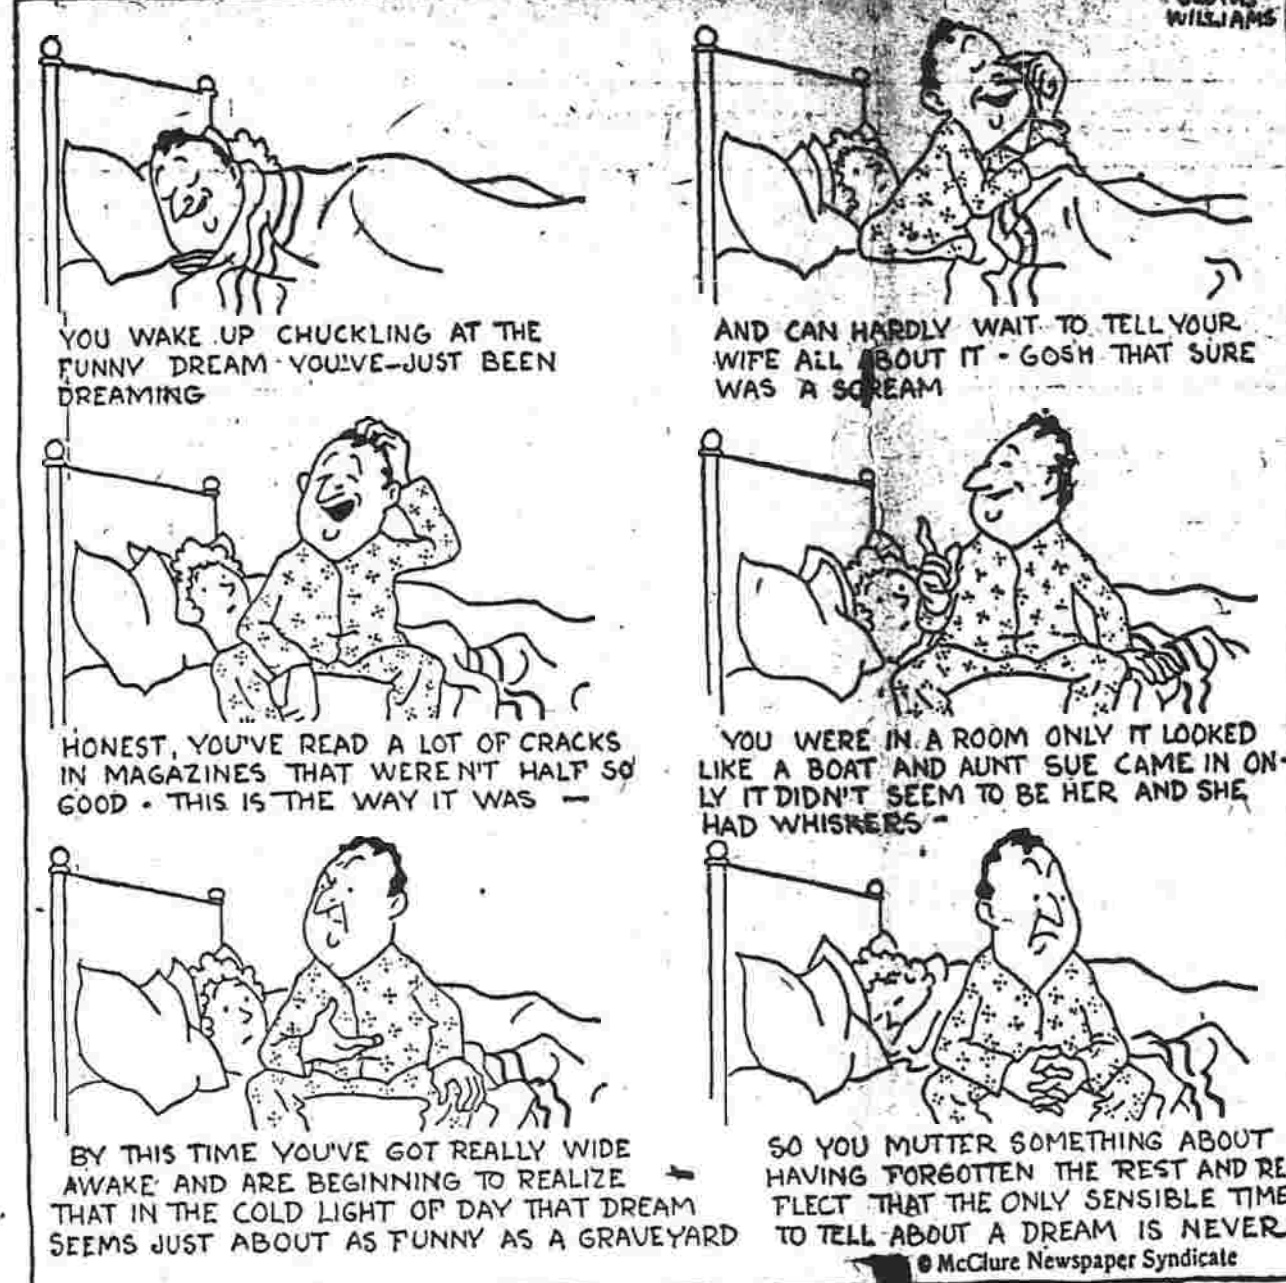

Edgar Stoughton, of Wapping, took first place when his hens laid 44 eggs in the week, while Sunnyside Farm, Wallingford, and S. G. McLean, South Glastonbury, tied for second place when their hens laid 41 eggs per hen. Hollywood Farm, State of Washington, seems likely to carry away first honors for the year, hens from that farm giving 2,185 eggs in fifty weeks. Pinecrest Orchards, Groton, Mass., are next with 2,216 eggs.

THE COTTON MARKET.

New York, Oct. 18.—The Cotton Market was firm at the opening today. Higher Liverpool cables and unfavorable weather reports were bullish factors, causing advances of two to twenty-five points.

Bedtime Stories.

Telling About That Funny Dream.

NEW SYMPHONY ORCHESTRA.

Rochester, N. Y., Oct. 18.—The Rochester Philharmonic Orchestra gave its inaugural concert at the Eastman theater last night, with Eugene Goossens, the young British composer, conducting. The orchestra, which is America's newest symphony is a part of the musical endowment which George Eastman, of the Eastman Kodak Company has made possible for the University of Rochester, in connection with his gifts to that institution of a new school of music and the palatial Eastman theater.

The playing of the new orchestra, whose members have been recruited from the great symphonic bodies of Europe and America, holds out promise of great things.

Why not join Watkins Brothers Christmas Club? It offers a dignified way to own a piano, sewing machine, victrola or washing machine on deferred installments. \$5 a month is all you pay this year. After Christmas you begin making regular payments.—Adv.

FASHIONS FANCIES FACTS FOOD

Plaids still retain an important position for sport wear. The coat is frequently made in solid color, matching the predominant shade in the plaid material.

A new variety of house fly, three or four times the size of the common house fly, a European species and blue black in color has been discovered in Massachusetts before being discovered and housewives are urged to be on the lookout for them.

Tapestry covered furniture may be cleaned by rubbing it with bran, reheating the bran as it gets cold and taking fresh bran when it becomes too soiled.

Lunch on Pork Chops. 6 or 8 pork chops. 1/2 cups soft breadcrumbs. 1-2 cup canned corn. 2 tablespoons green pepper, chopped.

In gorgeous velvets and glowing colors these handsome hats, for matrons, express the dignity, poise and sophistication that enrich middle life. The hat at the top is skillfully draped with Lyons velvet, extended into loops and finished with long, decorative plis.

The Ladies' Garment Workers Union is one of the wealthiest of the labor unions. It owns a health center, a vacation farm for union members, and New York real estate valued at more than a million dollars.

Stoves may be kept in good condition by rubbing with soft dipped in one-half lard and one-half kerosene solution. No blacking is necessary.

Short gloves are very much the vogue again, due to the long, close-fitting sleeves.

For a house party in the country where there are no electric lights or gas, provide a pretty candlestick for each guest and place the guest's name on it in some way. Take care that all are always well supplied with candles.

Very smart for Christmas gifts are the ribbons with most delicate white with colored hems. An initial, a simple little wreath or cross-stitch design in the color of the hem will add the individual touch of the giver.

Favorite silken fabrics for evening wear are the creoles and velvets, the various crepes such as georgette, crepe de chine, crepe satin. Many of these are to be found in the lovely blues which seem to be fashion's favorites for evening wear.

Cream filling for cake or puffs may be made by using one cup sugar, 1-3 cup corn starch, two cups scalded milk, 1 egg, 1 teaspoon vanilla, little salt. Mix dry ingredients, add egg slightly beaten, then then scalded milk gradually.

A suggestion for covering the ironing board is the use of worn, heavy weight underdrawers.

Some of the fall brides are using rosettes made of a small piece of

In gorgeous velvets and glowing colors these handsome hats, for matrons, express the dignity, poise and sophistication that enrich middle life. The hat at the top is skillfully draped with Lyons velvet, extended into loops and finished with long, decorative plis.

lace from the wedding dress on the new bridal slippers.

Costume suits in vellona, a comfortable looking, becoming fabric, are made with a three quarter length coat and usually have a fur collar or are worn with a choker. These suits are in sumner colors, depending for the bright touch on the gay silk or satin blouses worn with them.

Dr. Louise Stanley, chief of the new Bureau of Economics Bureau plans in the near future a comprehensive study concerned with the wage equivalent of woman's work in the home. While much of a woman's contribution to the home is intangible and can not be given a monetary value, it is desirable to know on a wage basis the contribution that she makes to the family income in performing various kinds of home duties.

Beet Cups. Select small beets of uniform size. Cook until tender. Cover with cold water. Slip off the skins and drain. When cold, scrape the surface with a fluted knife.

Very popular especially with the young women are the white fur jackets—I presume it is rabbit's fur—and around the neck, cuffs and sometimes even on the bottom of the coat are several rows of monkey fur.

Those who are joining Watkins Brothers Christmas Club are paying only \$5 a month, the regular rental fee, on the piano, victrola, washing machine or sewing machine they choose. After Christmas they begin paying regular installments.—Adv.

Almost the last relish to be made by the housewife in the fall is the tasty pepper relish which is very good with cold meats. It is made by using twelve green, twelve red peppers and twelve onions. Half cup of the peppers' seeds should be hct. After removing seeds from the peppers run all through the food chopper, cover with boiling water and let stand five minutes and drain. Boil about a quart of vinegar, two cups of sugar and two tablespoons salt. Add peppers and onions and cook until just tender.

RICHARD HELLMANN'S BLUE RIBBON MAYONNAISE

We must be pardoned if we hark back to the historical exhibit at the Rec.—and by the way we think we should take credit for twice mentioning a museum where many of the wonderful things might be permanently on display before it was mentioned in the editorial columns of the Herald—I wonder if many pained to note the small size and the print of the text books used in our early schools, and that the covers of some of the larger ones were actually made of thin wood instead of the heavy paper board of the present day. There are many other articles that seem to recur to us, but one thought comes uppermost—the mothers of families who were not among the wealthy classes must have had a never ending round of duties to perform from early morning until late at night.

LOCAL MASONS TO ATTEND CEREMONIES AT WASHINGTON

Will Witness Laying of Cornerstone of George Washington Memorial at National Capital Nov. 1—Monument to First President Greatest Ever Erected in Honor of Any Man.

A number of Masons from this town and vicinity are planning to attend the ceremonies attendant upon the laying of the cornerstone on Nov. 1, at Alexandria, Va., of the George Washington Masonic National Memorial. This event will attract to Alexandria and Washington, D. C., the largest number of Masons ever gathered on any occasion in American history.

The memorial, which is declared to be the grandest ever erected in honor of any man, will be built on Shooters Hill, along the Arlington Ridge and commanding a view of the city of Washington, of Mount Vernon and of all the country most frequented by George Washington. The structure will exceed in size all the other great monuments heretofore erected in the national capital and immediate environs. It will be 230 feet in depth by 160 feet in width and its height will be 200 feet. It will be in the classical style, entirely of enduring granite, and its cost when complete will be \$4,000,000.

Surrounding the memorial proper will be a park of 32 acres, and the edifice will be approached by a series of steps and terraces, beautifully arranged by the landscape artist. The Memorial Hall in this grand structure will be in the form of an atrium 70 by 100 feet and 14 feet in height. It will be flanked by Ionic columns 40 feet high. The entrance will be expressed in a six-columned portico of pure Doric design. Above the Memorial Hall will be rooms used for a museum of Washington relics. Still another level will rise beyond that, and crowning all will be a covered observation platform, all three levels screened by stately colonnades.

The architects for the imposing memorial are Helme & Corbett New York, with S. Eugene Osgood of Grand Rapids as consultant, and the landscape architects are Olmstead Brothers of Brookline, Mass. There are now more than 17,000 Blue Lodges in the United States, with 2,000,000 members. The Masonic Fraternity as a whole, and each of its 3,000,000 members are vitally interested in the ceremonies to accompany the laying of the cornerstone of the memorial on Nov. 1 next. The memorial itself will be the center and rallying point for the Masons of the United States and of the whole world.

Those who are joining Watkins Brothers Christmas Club are paying only \$5 a month, the regular rental fee, on the piano, victrola, washing machine or sewing machine they choose. After Christmas they begin paying regular installments.—Adv.

Ready to Meet Winter

When winter comes it will find you well equipped for a trip with it. Innumerable sweaters, jackets, scarfs and caps of warm wool have 'sports' written in every stitch of their cozy textures and in their glowing colors. Here is a matched set jacket, scarf and cap of angora—in two colors (the scarf finished with yarn trim).

In the Mode for Misses

The three sprightly hats pictured here, for young girls, convey the appeal of naive and happy youth in their simple designing. The hat at the top has a cap crown—made in sections—and brim rolled up saucily at the front. Below is a velvet tam with sectional crown and narrow upturned brim and little velvet apples dangling from the side. In the third hat the wider up-rolling brim is featured by placing on it triangular straps having their ends buttonholed with heavy silk floss.

WHAT TO DO IN AN EMERGENCY

To treat a wound, let it bleed freely for a few minutes and thus wash out impurities, then apply tincture of iodine, by means of a swab made from a clean match or toothpick and a twist of absorbent cotton around the end. Dip the swab in the iodine and apply a light coat first to the wound, then to the surrounding skin. Do not put same swab into the bottle for second application.

Never poke anything in the ear, if there is an insect in the ear, lay the patient down on the side opposite to the affected ear, pull the tip of the ear upward and backward, and syringe gently with warm water. Foreign objects except such as will swell with moisture, syringe the ear with warm water. If the substance cannot be removed by syringing, get a doctor as soon as possible.

Foreign bodies in the nose may be removed by having the patient take a deep breath, close the nostril, press the other nostril and blow the nose violently. Another device is to make the patient sneeze by tickling the nose with a feather or by inhaling a pinch of pepper.

A tourniquet can be made of a handkerchief or bandage of any kind; rubber tubing is best of all. Make a large loop, slip it around the limb, and put this over the limb, and tie the ends of the bandage, twisting the bandage until the bleeding ceases. When possible put a piece of cardboard or other substance under the bandage at this point to avoid catching the skin while twisting the bandage. Pressure by means of a tourniquet should be safely continued for only one hour. An important thing to remember when removing pressure either direct or indirect is to do so slowly, for it is done otherwise the sudden rush of blood might dislodge the clot that has formed at the opening in the vessel.

STEEL REPLACES PEBBLES. Manufacture of steel balls for use in fine grinding of raw materials has played havoc with 'pebble pickers' of the Pacific Coast and Puget Sound regions. A few years ago it was common practice for these people to gather hard flint stones and pebbles from the beaches as the articles had a ready market at portland cement mills and other plants where they were used in the grind machines.

'BLACK FACE' 84 YEARS OLD. Black-face minstrels have held the popular fancy for 84 years and theater wiseacres say they are returning to greater popular favor than has been the case for a few years. There is a significance in the fact that ever since 1840 when the first crude minstrel production found its way to the stage, the opening scene, or 'first part,' has been practically the same.

NEW CABINET. Athens, Greece, Oct. 17.—Premier Gonatas has decided to reconstitute the present Cabinet instead of placing administrative authority under a sub-premier; it was learned from a semi-official source today.

The report that the king had postponed his trip to Belgrade because it was feared General Pangalos would proclaim a dictatorship in his absence has caused a profound sensation.

You can now own that Easy Electric Washer you have wanted so long. All you need pay from now until the new year is \$5 a month. Not until next year do you start making regular payments. This is Watkins Brothers Christmas Club plan.—Adv.

LITTLE JACK RABBIT BY DAVID CORY

One morning as Little Jack Rabbit woke up after spending the night under a shady tree, he couldn't find Dapple Gray. Instead, he saw a little fairy dancing on a rose bush. It was a very tiny fairy and every now and then hid itself in a big rose. 'I wonder what that little fairy is doing,' said the bunny boy to himself and running over to the bush, he waited for the little fairy to come out of the rose. But, oh dear me! No little fairy appeared and by and by he grew impatient and spread apart the petals of the rose. And wasn't it too bad? There was no little fairy there. All of a sudden, a little voice said: 'Shut your eyes and hold out your paw, and count to one hundred and forty-four.'

HOW DO YOU CARRY YOURSELF

Every one who looks at you gets a picture of you. What kind of portrait are you presenting? Your bearing—that is, the way you sit, stand and walk—is all-important in this connection. People want to know Mathilde Clarksworth, that slim young beauty whose bearing is so full of pride and spirit. On the other hand, the Clark's acquaintances are always about her. The fact that she walks haltingly along with her head down, looking occasionally to one side, is quite likely to have something to do with it. She can not be interesting or her bearing would proclaim it. Surely that is one of the natural conclusions for people to draw. If your portrait is poor, you are going to have a difficult time interesting people in the character which lies back of it. Yours may be a life full of achievement and adventure. Don't you want people to sense that from the way in which you carry yourself?

From the Designer Magazine for November. JOIN UP ONCE MORE.

The roll-call of the American Red Cross will be held this year from Armistice Day through Thanksgiving—November eleventh to twenty-ninth. This is the only appeal which the Red Cross makes during the year. Its purpose is to maintain membership at a point which will enable the organization to perform the duties placed upon it by Congress. During the last year eight million dollars was spent in service to the men who wore the American uniform in the World War. Under the direction of the Chapters, one thousand and seventy-five public health nurses are at work in communities where there are no other health agencies. The Red Cross maintains today a reserve nursing corps of nearly forty thousand trained nurses. Last year in seventy-two disasters in the United States the Red Cross spent \$1,441,486. A single pair of sparrows and a nest of young ones will consume about 3,000 insects a week.

Dressy Crepe Overblouse

Silk crepe, in two colors, started this dressy overblouse on its bright career and new style features contributed to its triumph. They appear in the narrow vestees and treatment of ornamental stitching and embroidery which elaborates the design.

Cantilever Shoe for Men and Women The Arch of Comfort Step into our store any day and let us demonstrate the Cantilever Shoe. Feel the flexibility of the arch. See how scientifically the entire shoe is constructed to fit the foot. Cantilevers are constructed so that they can be drawn up to fit and support each individual foot arch, without restraining the natural action of the muscles and twenty-six small bones of the foot structure. There is absolutely no obligation on your part. We want the men and women of this city to know the satisfaction of wearing this well-made flexible arch shoe. The Cantilever Shop 86 Pratt Street, Over Jerome E. Sage's, Hartford.

THURSDAY, OCTOBER 18, 1923.

COMPLETE MAIN STREET.

Some misconception regarding the possible results of the visit of State Highway Commissioner McDonald to Manchester the other day seems to have arisen and the impression apparently has gone forth in some quarters that Manchester has had its proper proportion of state aid and that no more is likely to be forthcoming for some time.

With the northern part of the community again represented on the board of selectmen after a lapse of years the neglected right of that section to receive a measure of attention and justice should receive belated consideration from the town government.

With the northern part of the community again represented on the board of selectmen after a lapse of years the neglected right of that section to receive a measure of attention and justice should receive belated consideration from the town government.

Conditions in the congested districts of Union village have been little short of disgraceful. No other section of the town would have tolerated the ever recurring morasses and bogs on North School, Goway, North, Union, Kerry and other streets; the absence of sidewalks and the utter neglect of the roadways except for a perfunctory application of oil and tar occasionally.

The northern section of the town is merely asking for fair play and we confess we cannot see how its claims can be denied or ignored. A good beginning might be made in the asphaltting of Main street between Center and Depot Square.

The question of effective lighting on that same stretch is also one that the new board of selectmen should not evade or, in the alternative, should not be allowed to evade. A unified and contented Manchester is a worthy ambition for anyone to aim at.

"WUMBLA NOPI." Lloyd George must have felt quite at home at Minneapolis on the occasion of his formal adoption into the Sioux nation.

It may be wondered whether the Sioux war-bonnet he wore over his long locks called to mind that time long ago when he had the temerity to invade the fastnesses of the powerful Chamberlain tribe and barely escaped with his life from Birmingham.

But now he is "Wumbula Nopi," otherwise Chief "Two Eagles," a noted warrior of the Sioux. He came to see and learn, he declared at the beginning of his American trip.

MOTOR TRUCK TRAFFIC. Rhode Island has fixed at 20,000 pounds the maximum weight of trucks carrying loads over roads in that state and it is within the discretion of the highway department to reduce this statutory maximum on roads deemed unable to withstand a heavy continuous traffic.

The question is now engaging the attention of the highway department of Connecticut where the maximum weight of loaded trucks has been fixed by law at 25,000 pounds.

Connecticut as the bridge between Massachusetts and Rhode Island on the one hand and New York state on the other, is subjected to a much heavier motor traffic proportionately than are other states.

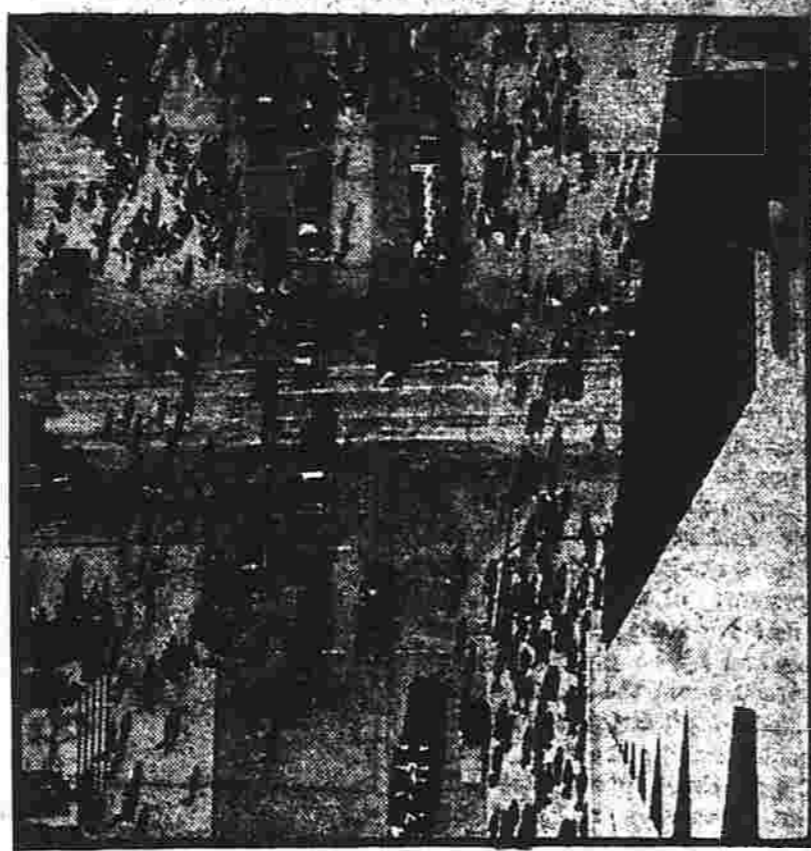

A MORO ROMANCE. Reminiscent of the romantic and forceful legends of an earlier day is a story from the Philippines which began with the elopement of a young Moro with a Moro girl.

These physiologists found that if rats were fed on a certain diet of so-called "pure" food they are rendered sterile and will not reproduce. When they were fed also some such substances as lettuce, wheat embryo, alfalfa leaves, they became normal in their sex function.

JITNEYS WIN OUT. Jitneys running twice daily between Canaan and Great Barrington forced the Berkshire Street Railway Company to suspend their trolley service.

It is safe to say that that part of the Housatonic Valley will have to wait a long time for another trolley service. And if the coming winter should turn out to be a hard one, as is not unlikely, with plenty of snow, the Sheffield selectmen may have reason to regret their precipitancy.

Busiest Corner From the Air

How America's "busiest four corners," at Fifth Avenue and Forty-second Street, New York City, looks from the air is shown in this unusual photo.

town of Barrington to the north do not seem to have had any say in the matter.

MOTOR VEHICLE TAXATION. The state motor vehicle department reported to the various towns last year an aggregate registration of 143,480 motor vehicles as of the dates when the tax rates were due in towns and cities.

LITTLE GOPHERS LIFT TONS SAYS SCIENTISTS. Berkeley, Cal.—When it comes to an example of industry in the brute creation, man should no longer consider the ant, but the gopher, according to Prof. Joseph Grinnell of the University of California, who has been making a careful study of these little animals.

Dr. Grinnell has many kind words to say for the gopher, which is generally considered as a pest by western farmers. He declares that so long as the busy little digger stays on wild, uncultivated land he is performing a useful part in the economy of nature.

Vitamin Controlling Sterility Extracted From Foods. Berkeley, Cal.—One more step toward the isolation of the new vitamin X that controls reproduction has been taken by Drs. Herbert M. Evans and Katherine Scott Bishop of the Anatomical Laboratory of the University of California here.

True Love. "True love," said he, "will substitute a silver for a Royce, Will you take, instead of a wedding band, The ring—in my voice?" "True love," said she, "reciprocates"

Natural Gas Gasoline is Good Refrigerant. Washington.—That natural gas as a refrigerant is asserted by L. D. Wiant, chemical engineer of the Bureau of Mines, who has recently completed an investigation of its possibilities in those lines.

Natural gas gasoline has the advantage over ammonia, the commonly used refrigerant, in that its vapors are not poisonous in low concentrations while those of ammonia are dangerous in the concentration of half of one per cent.

French Cabinet Meets. Paris, Oct. 18.—The Cabinet met today with Premier Millerand presiding and unanimously approved Premier Poincaré's rejection of the suggestions made yesterday by Herr Von Hoesch, German charge d'affaires.

NOT ALL BANNED BIRDS COME FROM WASHINGTON

A bird bearing on its leg, a band numbered 231048 on one side, and stamped "Washington, D. C." on the other, was shot 30 miles west of Edmonton, Alberta, Canada, on September 15 and the matter written up in an Edmonton paper under the heading "Washington Duck Shot in Alberta." That the bird was banded in Illinois instead of Washington, D. C., however, was learned from the Biological Survey of the United States Department of Agriculture.

Anyone is likely to come across a banded bird which has met with an accident, especially during the fall shooting season. The bands are so small that they can only show the number of the bird and indicate that the Biological Survey should be notified—preferably by mailing the band itself to Washington with information regarding the place and date of its recovery.

Washington, Oct. 18.—Two of the greatest professional and two of the greatest amateur golfers are to clash on Sunday, October 28th at the new Winged Foot Golf Club in Mamaroneck, Bobby Jones, open champion and Jess Sweetser, former national champion, are to meet Gene Sarason, runner-up, and Walter Hagen, runner-up for the title this year.

INSIDE DOPE ON SELLING TURKEYS

Most Producers Market Their Turkeys Alive—Should Begin to Fatten Them a Month Before Sending to Market.

Turkey time's a-coming! If you want top prices for your birds, here's a few tips from the United States Department of Agriculture.

Range fattening is more satisfactory than pen fattening, the department says. Begin fattening about three weeks or a month before marketing, and proceed gradually by feeding lightly on corn in the morning and again in the evening a short time before the turkeys go to roost. Increase the quantity of corn fed gradually until the birds are getting all they will eat. Be careful not to feed new corn too heavily until the turkeys have become accustomed to it, to prevent digestive troubles.

Good sized, well matured birds in good condition for fattening can often be marketed to best advantage at Thanksgiving. Small, immature turkeys should be held until Christmas, for further fattening, but if the birds are unthrifty market them at once. Sales outlets to

YOUNG AND OLD NEED FALL TONIC

YOU can't be strong and hearty with the thin blood and low vitality caused by summer heat. Purify and enrich your blood by taking Gude's Pepto-Mangan. Begin, right now, to prepare for winter with the help of Gude's. It will prevent many a "winter sickness," many a hard cold. This is what Gude's has been doing for over 30 years—it will do the same for you. Your druggist has it, in liquid and tablet form.

Free Trial Tablets To see for yourself the health-building value of Gude's Pepto-Mangan, send for generous Trial Package of Tablets. Send no money—just your name and address to E. J. Bruckebach Co., 23 Warren St., N. Y.

Gude's Pepto-Mangan Tonic and Blood Enricher

raisers within express shipping distance of good markets are local consumers, local buyers and dealers, more distant buyers or dealers of commission merchants of live or dressed poultry in the large cities. To determine the best available outlet study shipping charges and keep in touch with both local and distant buyers as to price. Distant buyers will mail quotations on request.

Most producers market their turkeys alive. Shipping dressed turkeys to markets is justified only when making local sales or there is an unusually favorable outlet for the dressed product. Shipping coops should be high enough to enable the birds to stand up. A coop three feet long, two feet wide and twenty inches high will accommodate five or six turkeys. Overcrowding may result in bruising which detracts from the market value; overcrowding may also cause death and complete loss.

If the birds are on the road only a few hours, do not feed before shipping. If they are on the road a longer time, water and feed liberally to prevent shrinkage in weight. Ship in time to place the turkeys on the market a day or two before the holiday. Late arrivals may reach an overstocked market, and arrival after the holiday usually means lower prices.

Killing and dressing birds is simplest when properly done. Hang up the turkeys by their legs and with a single stroke push the point of a sharp knife up through the roof of the mouth into the brain. When properly done this operation paralyzes the bird and loosens the feathers so that they come out easily. Then sever the veins in the throat just beyond the skull for bleeding. The turkey should be dry plucked, and plucked clean. Thoroughly cool the carcass after plucking, inasmuch as failure to remove all animal heat promptly will result in early spoilage. Cool either by hanging outdoors if the temperature is between 30 and 45 degrees, or by immersing in cold running spring water or ice water.

When thoroughly chilled, the carcasses are ready for shipment. A barrel is a convenient shipping container. Place a layer of cracked ice in the bottom of the barrel, then a layer of turkeys, followed alternately by layers of ice and turkeys and topped off with a layer of ice. Tack burlap over the top of the barrel.

Caution! If you are building up a permanent turkey business, be sure to retain as many of the finest, largest, quickest growing young birds needed to rear the next year's flock and send the rest to market.

TURKEY'S REQUEST.

Constantinople, Oct. 17.—Adam Bey, representing Turkey, today entered into negotiations with a representative of the United States regarding inauguration of formal diplomatic relations between Washington and Angora.

My, How They Done Away With Their First Real Meal!

"Orphans is orphans" the world over, it would seem. These little tots in Berlin are munching their first sandwiches in months, through the generosity of American and English Quakers.

Circle Theatre

Agnes Ayres' latest Paramount starring vehicle, "The Heart Raider," proved to be a delightfully entertaining production at its premier at the Circle theater last evening.

This picture, a light comedy of love and adventure, directed by Wesley Ruggles, is an ideal vehicle for Miss Ayres. The star, in the role of Muriel Gray, a speed girl member of the fast social set at Palm Beach, is known as one who gets everything she sets her heart on. And when she decides to win John Dennis, a wealthy bachelor, he turns her down. When he decides to escape in his yacht, she swims out to the vessel, and on getting aboard induces the captain to permit her to remain. When Dennis discovers her the next morning, dressed in a bathing suit and sou'wester, he decides to put

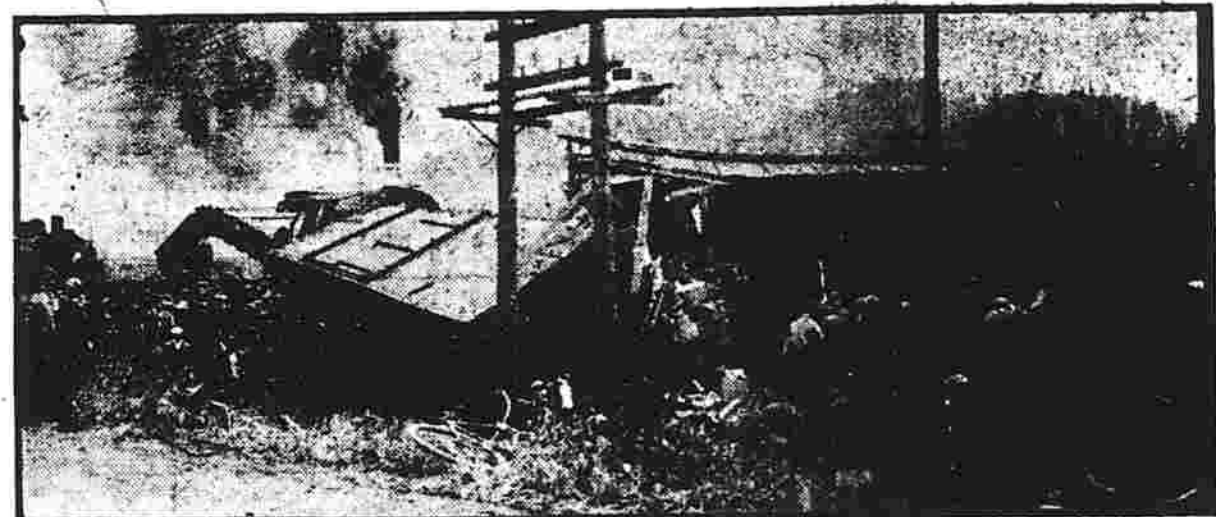

her ashore. A severe storm arises, and then follow several thrilling scenes and a decidedly novel climax. Supporting the star is a superb cast which includes, among others, Mahlon Hamilton, Charles Ruggles, Frazer Coulter, Marie Burke and Charles Rlegal.

It will be shown again tonight as will also be a news reel and a comedy. Tomorrow evening the Giants A. C. will hold a benefit performance. The feature will be William Fairbanks in "Peaceful Peters," a western thriller.

MOROS RUN AMUCK.

Manila, P. I., Oct. 17.—Regular army troops have been called upon to deal with the situation in the Province of Lanao, where three school teachers, two constabulary officers and eight soldiers were killed by Moro fanatics.

Wreck Takes Toll of Train Crew

Crowd gathered to watch removal of wreck at St. Johnsbury, Vt., where a freight train of thirty-three cars piled up, killing engineer and injuring conductor.

Park Theatre

It is evident that Gassner, who directed "Daughters of the Rich," shown for the first time this evening at the Park Theatre, knows the screen value of a virile and absorbing story. His latest production not only fulfills this story's requirements, but is one of the most lavishly staged ever filmed as an Al Hitchman attraction.

In quality of entertainment, "Daughters of the Rich" even surpasses those two previous Gassner productions, "Rich Men's Wives" and "Poor Men's Wives." The novel by Edgar Saltus, adapted for the screen by Olga Printzlan, is replete with melodramatic action of the higher class. Intriguing characters lead to Russia, France and the Orient, providing scenes of unusual beauty, gorgeous costuming and thrilling action. Not only is the story filled with action, but its human appeal offers to all classes of theatre goers entertainment of a high order.

B. P. Schulberg has chosen an unusually fine cast for "Daughters of the Rich." Gaston Glass, who scored such a personal success in "The Hero" is cast in a still more sympathetic role in this picture. The youthful Glass, since he made his first big success in "Humoresque" has come to the fore rapidly, attracting as many theatregoers as stars who have had long careers on the screen.

Ethel Shannon, recently signed on a long contract by Schulberg is more than fulfilling the faith

placed in her ability. In this, her first large production, she shows remarkable versatility for so young a player, and makes an auspicious beginning of what promises to be a successful career. "Daughters of the Rich" is, unquestionably, one of the outstanding productions of the year. Added to this great picture will be Round 3 of the new series of "Fighting Blood" and this series is even better than the first. There is also the regular news weekly on the same bill.

CONCERT TO BE GIVEN IN SWEDISH LUTHERAN CHURCH.

According to reports the concert to be given Saturday evening at the Swedish Lutheran church by the Mendelssohn Glee Club of the First Lutheran church Worcester, will be one of the best heard here in some time. The club which is composed of 45 members will be ably assisted by two soloists, Miss Helen Yngve and Miss Lillian Johnson, who both appeared here with the club about a year ago. The advance sale of tickets has been unusually large, so the young people of the church who have charge of the affair are anticipating a capacity house, the proceeds to be used for the organ fund.

The Mendelssohn Glee club are giving concerts in a number of the large cities in this state as well as in Brooklyn and New York city this week. Their last concert before returning to Worcester will be rendered Sunday afternoon in New Britain.

PARSONS.

It has been truly said that a Fred Stone show is in effect a Hippodrome production in miniature, for the great comedian always provides some outstanding feature requiring great skill or uncommon strength and agility while the play furnished beautiful stage pictures as the background for singing, dancing and comedy. Novel effects and ingenious stunts offer the element of surprise, and the performance moves along with the swiftness and splendor of a great spectacle. The Hippodrome show no longer exists but Fred Stone will continue to carry out its traditions in "The Stepping Stones" the new musical comedy which Charles Dillingham has prepared for production as the successor to "Tip-Top" and the long line of Fred Stone successes. "The Stepping Stones" will be presented with Fred Stone as the star at Parsons' Theatre, Hartford, next Monday, October 22, for a full week with the customary Wednesday and Saturday matinees. Mail orders now. Seat sale Friday.

KING AT RACES.

London, Oct. 17.—King George and Queen Mary went to the Newmarket race track this afternoon to witness the rearing of the famous Caesarwitch.

The favorite was Ceyloness with King George's London Cry, second choice. Archibald, the American jockey, was selected to ride A. K. Macomber's Rose Prince.

ENGLISH EXPERTS TAUGHT BELGIUM PLAYERS ART OF PLAYING SOCCER AND LOST

Sport Received Impetus During the World War—Benefit Game Here Sunday for Crippled Player—Soccer Notes of Interest.

(By FRANK PEARSON.)

Standing of Conn. State League.	W.	L.	D.	Pts.
Manchester	3	1	3	6
Olympics	1	1	3	2
Hartford	1	1	0	2
Torrington	1	1	0	2
Scandia	0	1	1	1
Portuguese	0	2	0	0

In my last article I mentioned that Belgium won the Olympic soccer championship Sunday. I was asked by one of the local fans how it came that one of the youngest of the countries to take up soccer could beat the oldest. This is a puzzle to me, the only answer I can give is: "Jack is better than his teacher."

It should be borne in mind that all the countries now playing, the game were taught by the British players. Nearly all of the European nations learned the game during the war. The first of the countries of Europe to take up the game was Sweden, but the late Tommy Swords of Fall River Rovers took his team and traveled all the major teams of Sweden, and was beaten by a minor league team. Soccer is like baseball. You can't always tell who is best until after the game. True, you can judge the calibre of the players. So could John McGraw, but Miller Huggins beat him to it.

I was pleased to hear this week of the successful start of the grammar school league and I believe that the High school league will get under way this week. The southern part of the state seems to have a strange hold on all of the soccer trophies around these parts in the past years.

The Manchester team forced a wedge in last year in the senior end of it and I firmly believe that it is possible to pry the junior trophies away from there, possibly not this year, in fact I would not advise the authorities to try it, as the Bridgeport teams have had three years practice and the locals practically none. Hartford, I believe, is to start soccer in the schools of that city and there is an old belief around this town that Hartford cannot beat Manchester at any sport.

I would like to say a few words to the youngsters who are just taking up the game. This is for those who play it at Adams street as well as those on the West Side. Play your position and do not kick the ball and then try to beat one of your own men to it. This is a thing that few can do properly. Generally the ball is allowed to drop on the top of the head and this causes headache and a feeling of remorse.

Few people realize the strength that the skull possesses. Watch the ball in full flight until it arrives on the front of your head and a sudden jerk of the head will bring the desired effect without pain. Next week I will endeavor to show how to play different positions.

The champs came through again Sunday and are still leading the league.

The Olympics won easily against the Portuguese at Adams street. They should follow up all advantages that they make. Time after time Sunday they made good plays but failed to carry them through. The wonderful defense of the visiting goal-keeper of the Portuguese from a worse beating.

The champs invade the southern part of the league on Sunday when they play Ansonia in the first round of the National Cup Competition. Ansonia has never beaten the locals in a cup competition, then again, the locals nearly always lose the first time they play at Ansonia. Take your pick. I hope they tie.

Andy Yorke will handle the game.

The Olympics will meet the Swedes at Adams street on October 28. A benefit game will be played at Adams street between picked teams from different northern clubs. The entire proceeds will be given to player James Stull of Bridgeport, who broke a leg against Manchester last year. This player deserves the support of every fan in the state. He is one of the cleanest players who ever stepped on a soccer field. There will also be a game played at Bridgeport on the same day. All players and officials will donate their services to this cause.

WIRELESS GOOD FOR HAIR.

Few wireless workers are bald. "I put this fact down to the electrical disturbances in the air," said M. O'Donnell, marine secretary of the British Association of Wireless Telegraphists. "We have 1,200 men in this association, and I do not think there are a dozen bald men among them." Electric waves are believed to be a great aid to the health of hair roots.

AMERICAN LEGION PLANS GALA TIME FOR CONVENTION

Veterans of All Wars Invited to Attend—General Liggett Heads Convention Committee.

San Francisco, Oct. 20.—Greetings from soldiers of earlier days will be conveyed to American Legion delegates when they convene here Monday in national convention for a five day program of business and entertainment.

Officials of the Grand Army of the Republic, United Confederate Veterans and Spanish War Veterans will be present and offer salutations during the Legion sessions. In addition, speeches will be made by representatives of the Veterans of Foreign Wars and the Disabled Veterans of the World War.

As the time for calling the convention to order approaches, entertainment plans grow apace. The program, as given out by General Hunter Liggett, general convention committee chairman, includes the following:

Monday—Addresses by Admiral R. E. Conz, Secretary of Labor James J. Davis, General Joseph Haller, commander-in-chief of the Polish armies, and Alvin Owsley, national Legion commander. "Navy Day" luncheon to distinguished guests and naval posts. Visit to and dancing aboard Pacific battle fleet which will anchor here Saturday.

Special entertainments by Chinese in Chinatown. "Promenade of the Allies" at which 3,500 foreign and American officials and prominent persons will be feted.

Tuesday—Military parade of 50,000 Legionnaires. Addresses by Frank T. Hines, director of U. S. Veterans' Bureau and representatives of veterans' listed groups. Knights of Columbus reception and luncheon. Monster High Jinks, entertainment and boxing at night. "Stagette" party for lady Legionnaires.

Wednesday—Addresses by Dr. Kate Waller Barrett, national president of American Legion Auxiliary; Robert F. Bondy, American Red Cross, and William J. McGinley, supreme secretary Knights of Columbus. "Elks" day eighteenth, banquet and theatrical program. Dedication of memorial plaque to war dead by national Legion officers. "Army afternoon," including parade and review at Presidio and military aviation program participated in by army navy and marines at Crissy Field. Tennis exhibitions by William Johnston, Vincent Richards, Helen Willis and others. Reception to marines and ex-marines. Night parade of California counties around the members of last year's second team and there will be probably three or four additions to this squad. The work of Larson, a senior, is impressing members of the team and the coach favorably.

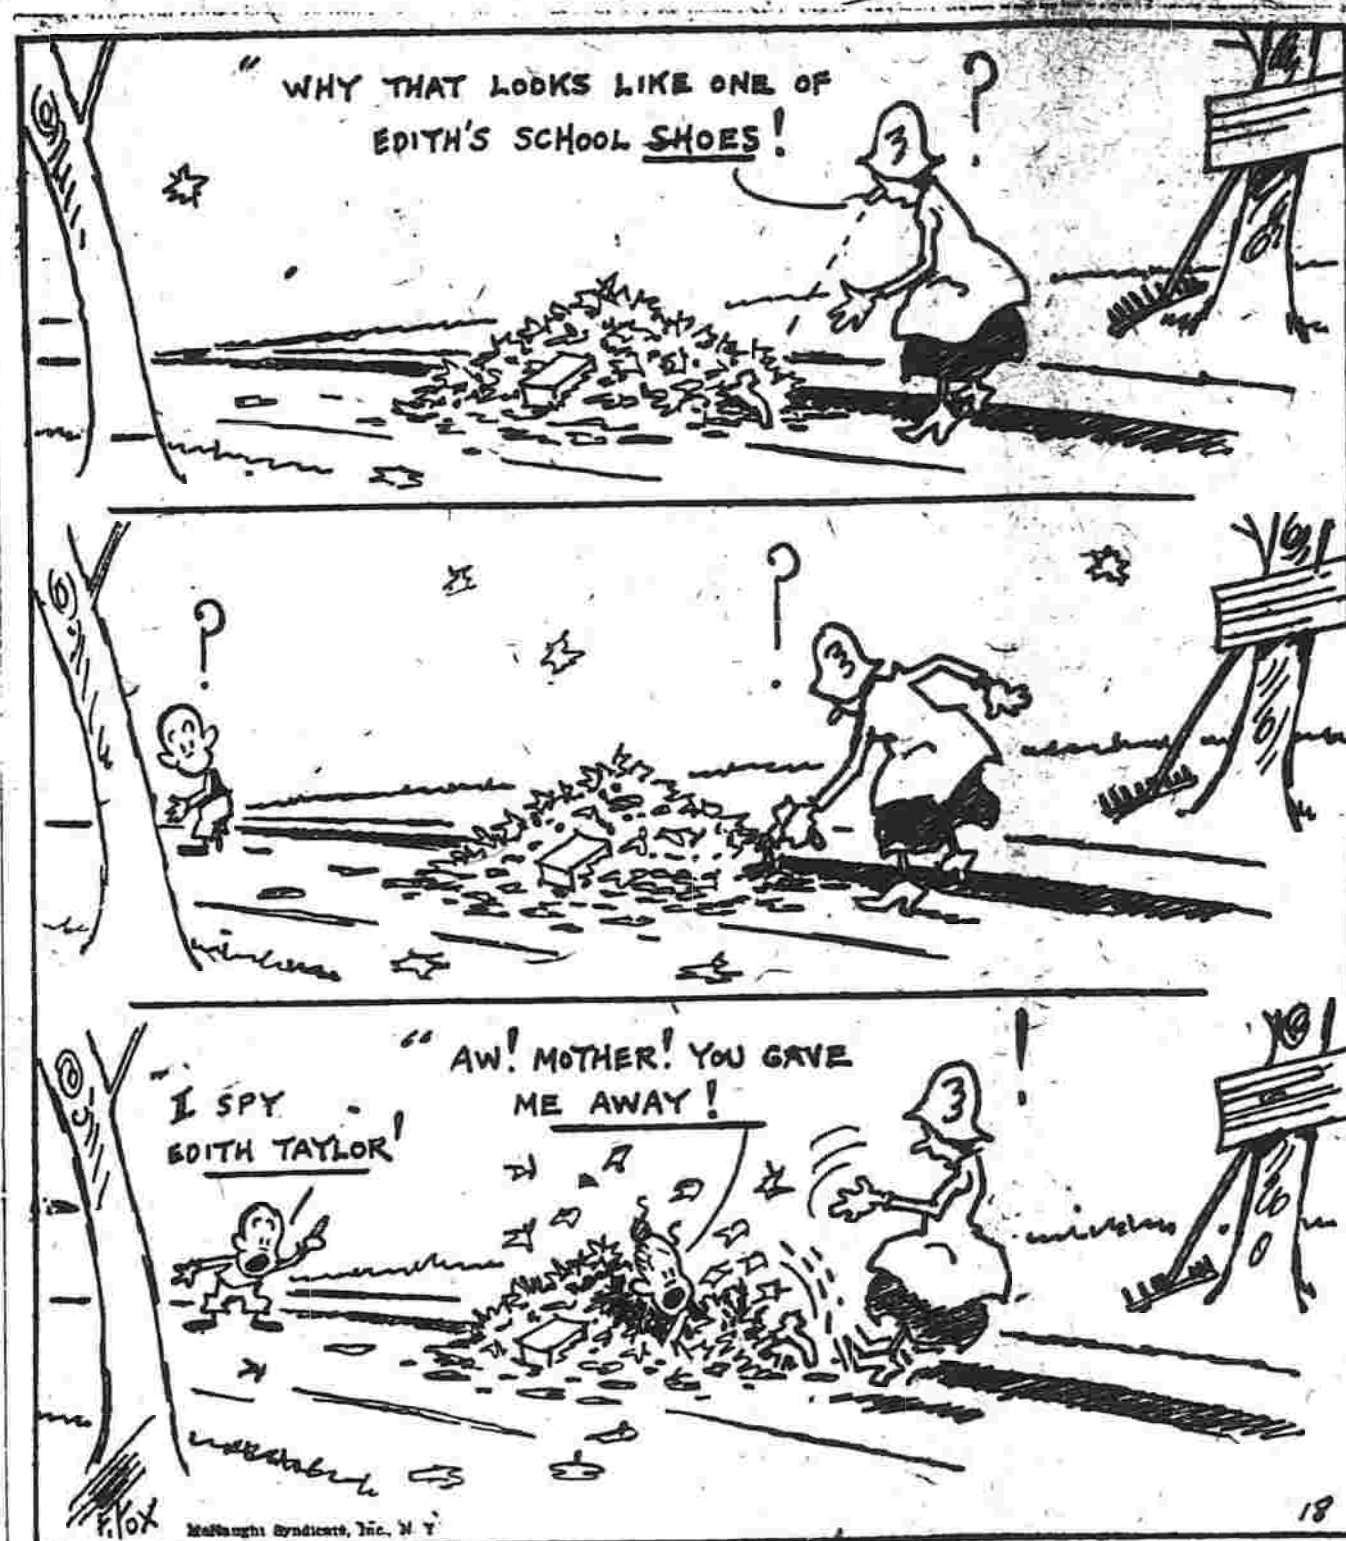

Thursday—Address by Samuel Gompers, president American Federation of Labor. Reception for national chaplains and Lady Legionnaires. "Alameda county day" of sight-seeing, sports and grand ball. On this day the annual Legion Olympics, bringing together the best track and field stars in the country, will compete.

Friday—Election of officers, selection of 1924 convention city and awarding of \$2,000 prizes for best band and drum corps attending convention. Sight-seeing and grand ball.

During the convention there will be a national rifle meet, a national swimming contest, golf and tennis tourney, and exhibits of airplanes, and late ordnance inventions. Thousands of cars will be volunteered by San Franciscans for sight-seeing purposes, and as many pretty San Francisco girls will act as dance partners night in downtown halls.

By joining Watkins Brothers Christmas Club now and paying \$5 a month rental fees any victrola, straight piano, washing machine or sewing machine in their stock will be sent to your home. After Christmas you begin making regular payments.—Adv.

Life is Just One Surprise After Another for Tomboy Taylor's Ma

Why Shouldn't She Be a Champ?

Miss Florence Grey, champion pushball player of Pacific Coast, defeated the entire pushball team of the University of Southern California. If you have any trouble identifying Miss Grey—the pushball is in the center.

Local Sport Chatter

Coach Clarke of the high school basketball team has his men out every afternoon in the week now. This year the classes have their practices and the good timber of each of the four divisions are sent on to work out with the main gang of candidates. Interest centers around the members of last year's second team and there will be probably three or four additions to this squad. The work of Larson, a senior, is impressing members of the team and the coach favorably.

Football rehearsals are held every afternoon in order to get the

McGraw Will Seek Better Pitching

Giants Leader Out for Complete Reorganization of Hurling Staff After a Brief Vacation.

In the wake of the greatest world series ever played and the well deserved triumph of the Yankees yesterday came the firm conviction that John J. McGraw cannot busy himself any too soon in the much needed work of reconstructing his pitching staff. From a broad hint which he dropped yesterday it would be safe to say that he will tackle that job very soon—right after he has had a little vacation—and that his first acquisition will be Lefty Groves, the speedster of the Orioles.

McGraw wasn't any too enthusiastic over his hurling corps before the world series, and he was much less enthusiastic over it yesterday. It will take far better pitching than the Giants got in the National League race this year to repeat in 1924. In the classic with the Yankees McGraw used up all his pitching eligibles with the exception of Grasshopper Gearin and got only one complete game out of the whole crew. That was Art Nehf's masterpiece in the third contest. In the fight for the National League pennant McGraw's siliers turned in the measly total of 52 complete games—and even that low figure takes in four pitched by Jess Barnes who no longer is with the club.

Against the Yankees the Giants hurled a club which was brilliant in its defense at all points except in the box. Miller Huggins showed the Giants a staff of pitchers such as

LOOMIS TEAM, HEAVY AND EXPERIENCED EXPECT EASY TIME AGAINST VARSITY

A. & N. Football Team Plays Nutmegs Of New Britain In That City Sunday

LYNCH PLANS TOUR IF HE BEATS BURMAN NEXT FRIDAY EVENING

But Bantam King Has Hard Road to Travel in Defeating His Biggest Rival for Championship.

The touring idea seems to be growing popular among the champions of the hempen square. Joe Lynch, king of the bantams, announced yesterday that if he still holds the title after his fifteen round match with Joe Burman at Madison Square on Friday night he intends to start on a jaunt through the country, with California as his objective. Lynch seems, is not keen for the cold weather experienced hereabouts in the winter months. He will take Peewee Kaiser and Andy Chaney if he makes his contemplated trip.

Johnny Dundee is another titleholder who will say good-by to New York when the ice cakes begin floating down the Hudson. Jimmy Johnston, Dundee's manager, announced last night that the featherweight champion had been matched for a brawl with Harry Mason, English lightweight boss, in London some time in January. It also is not unlikely that Dundee will hop over to France after this contest to give Eugene Criqui, gallant pugilist, a shot at the featherweight title which Dundee took from him at the Polo Grounds last summer. While across the pond Dundee also will visit Italy, the land of his birth. His plans to sail in December. Johnny departed yesterday for Hot Springs, Ark., to bolt out for several weeks.

Lynch and Burman yesterday put the finishing touches to their boxing and will not pull on the gloves again until they step into the Garden ring on Friday night to iron out their disagreement over who is the bantamweight champion. Each is down to weight right now. In fact, Burman tipped the beam at 117 1-2 pounds after his training stunts at Grupp's gymnasium yesterday, and it appears count for anything he is in top shape. The Chicago boxer four rounds and appeared to have all his speed and snap, although he favored his hands a trifle. However, he says his maulers are in perfect shape, and Lynch makes the same statement. Just mark that down and remember it in case either of the boys tries to spring an alibi on that score after the bout.

FOOTBALL FANS WANT HOME GAMES SUNDAY

Manager, Gilligan to Try Experiment Within Next Two Weeks—Team Should Draw Well.

Local football fans are asking why the Manchester team does not play more or at least one game at home this season. A few fans gathered in the office of the Sports Editor of the Herald last evening and during the "batting" he asked the question. The manager of the local Army & Navy team answered the question in another column on this page.

About four years ago, football was capable of drawing a big crowd of fans. But for some reason or other the sport fell by the wayside. The All Hartfords with a powerful team and the star attraction in these parts got the edge on the local teams and drew the fans, although Manchester had pretty fair teams every year.

If football is to be a paying proposition here it will be necessary for the fans to support it as the visiting teams demand an outrageous price for their services. However Manager James Gilligan stated to the Herald that he intended to make a try here within the next two weeks bringing a fine aggregation here, probably a New Haven or Bridgeport team.

MOVE TO REVIVE HAREN.

An effort to restore the harem as a social institution has created a live issue in Turkey where more than a year ago polygamy and with it the harem was abolished by resolution of the National Assembly. The "old guard" throughout Turkey is rallying to the movement that is being led by Sahib Hodge, a teacher, and an active campaign is being carried on by them.

The United States produces about one-fourth of the soft wood that it consumes.

East Hartford Game Gave Locals Plenty of Confidence—Grilling Week's Work Brought to Close Tonight With Light Signal Drill—Game Friday at Windsor.

Team Would Play at Home If Management Was Reasonably Sure Fans Would Support It—Will Probably Arrange Contest Here Within Next Two Weeks.

The Army and Navy football team will journey to New Britain on Sunday when they will meet the State Champions, the fast and well known Nutmegs. This team has met and defeated some of the best teams in New England in past seasons including the All Hartfords, West Sides All-Bridgeport-Steam Rollers and others of like calibre. This record does not phase the local squad for they are going down to the Hardware City looking for a victory.

With Peterson and Noonan holding the wing positions, Anderson and Dwyer the tackles whom most good teams will watch, Johnson and Chambers, heavy but fast, and LePage and Smith comprising the center position this line will worry any opposing team. Last Sunday at Torrington, although outscored by the tune of 12 to 0 this line was invincible and the Brass workers could not penetrate it.

Dillon at quarter, St. John at left half back, and Hunniford at full-back will round out the Manchester representation.

With Kelleem, Schubert, Kismann, Gleason, R. Hayden as utility men, the team will have men who can fit wherever needed.

Practice is being held regularly and new plays and formations are being tried out at every practice. This above line-up does not comprise the whole team as a few men are desirous of a tryout and are to report Thursday evening for practice.

When interviewed last night as to why the Army and Navy team were playing out for their opponents, the local management issued the following statement: "We would only be too glad to play in town before the local gridiron fans. We have what I think is the best team ever representing Manchester for the past few years. But it takes money to bring any good team to town and expenses run too high to make it possible for the team to play here. Clubs offer us a suitable guarantee to support us and we play for the sport, why should we play for the local fans and then be forced to make up a deficit? However, I intend to book a fast team to play here in a week or so and if the crowd is to support us we will be at home for the rest of the season looking none but the best teams.

In preparation for the coming game the team will hold a practice tonight at the West Side at 7 o'clock.

Pirates and Indians Purely Amateur With No Stars on Squads

The Indian A. C. of Meriden, one of the fastest amateur teams in Connecticut boasts that not a single high or prep school star plays on their team. This is indeed a boast that few teams in the state can make. However, right here in Manchester, the Pirates, considered one of the best, and in the same class as the Indians, also boast along the same lines.

These two teams meet Sunday afternoon at Meriden and a red hot game is promised. In fact the Silver City is quite worked up over the impending struggle. Last year the Meriden team succeeded in giving the Pirates a trimming in the first game, but the second game here by an equal score. The third and deciding game went to the Meriden team by the score of 6 to 0.

The Pirates are working hard for Sunday's game and have practiced three nights during the past week with one slated for this evening and again on Sunday morning. Too bad the game could not be transferred here, it would draw a large crowd.

Seaweed from which high-class food gelatine is made is now gathered along the lower California coast under from one to ten fathoms of water by deep-sea divers equipped with improved diving apparatus.

Once more the S. M. H. S. grid team will centre upon the gridiron. By this time it will be with more confidence and a shifter attack. The Loomis freshmen will be their opponents and it seems a foregone conclusion that Coach Clarke's squad will be forced to step high, wide and handsome to return a winner.

The game will be played at Windsor tomorrow afternoon and for the past three days the boys have been driven hard in preparation for the tussle.

Team In Fine Shape

The whole squad is in fine condition—excepting a few minor injuries. But the Loomis team is going to give the locals a hard battle. Most of this team are former high school stars and are not eligible for the varsity this year at Loomis owing to the one year rule.

The local boys are confident that they will make a better showing than last week. The team has worked hard and are well grounded on the defense; their main weakness last week. The offense is fast developing a number of trick plays well calculated to make the best step right out.

Taylor Shows Up Well.

Taylor, the husky guard who did not come up to expectations last week has developed the knack of breaking through the line and smearing plays before they get started. Yesterday afternoon he practically stopped the back field single handed a number of times. The regular line went into defensive play and more than held their own against the second team.

Horton, another big husky chap, lacks only confidence in his own ability. He gives promise of being able to make Potterton or Taylor break out high to hold their births. Dougan who has been playing guard was shifted to tackle and seems to work well. Joyce, Mistretto and Little also shape up better this week than at any time before since the start of the season.

Line Ought to Hold.

The line from tackle to tackle looks pretty good to Coach Clarke. It has assumed some of the green-swarded look that the Hartford line did a week ago and the locals are putting much more snap and dash into their play.

In meeting Loomis the local team will meet a heavy experienced team, one that has had at least four years' experience and that coupled with extra weight will force the varsity of the S. M. H. S. to its utmost.

Backfield Very Fast.

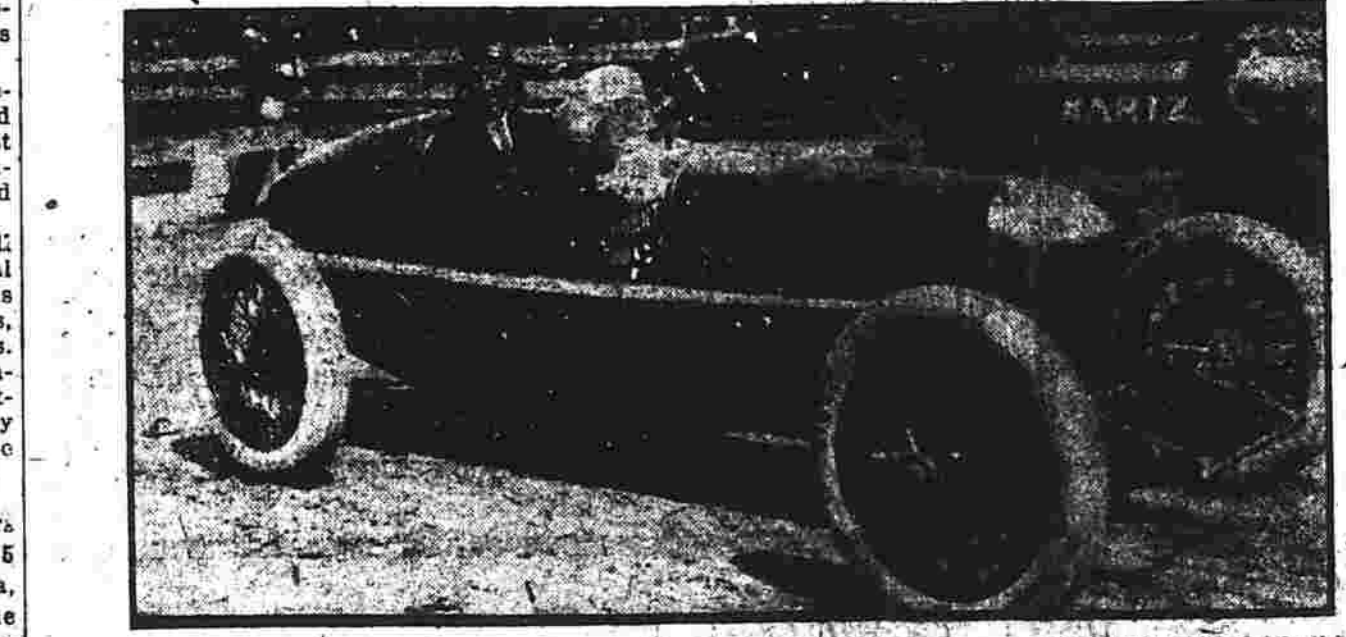

Special attention to the backfield for the past few days has worked wonders. The team showed a little slowness last week as it was unable to grasp the fine points of interference. However, Dalglish and Massey and the halfback positions, Carlson at full and Zwick at quarter worked nicely.

Gil and Karnoski, subs at the halfback positions, also showed more pep than ever before. Dowd is a little slow to grasp the quarterback position, but is coming along at a rapid pace.

LaCoss or Quish at Center. Both LaCoss and Quish have shown plenty of fight this week and should be able to carry the brunt of the playing in the snapperback or pivot position. Quish has, like Taylor, mastered the knack of breaking through. LaCoss seems a bit weak on the defense, but shines when his team has the ball.

Too much cannot be expected at this early date of the team, but when the Buckley High game rolls around the boys expect to give the New London team the fight of its life. These schools are rivals on the baseball field and the rivalry seems to be shifted on to the gridiron now that the local school has a team.

Nineteen-Year-Old Lad Wins Auto Classic in Record Time

Driving his car at an average speed of 103.65 miles an hour, Harry Harts (above), nineteen years old, won the San Joaquin Valley, Cal., auto classic. This is the first time in history of sport that a boy of his age made older and more experienced drivers take his dust.

Victor

(By Pacific & Atlantic) America won international race off Cowes, Isle of Wight, England, for the Scheffels Gasoline trophy. The average speed of the winner, Lieut. David Battenhouse (above) was 117.88 miles an hour.

"NATIONAL FORGET ME-NOT-DAY"

Will Be Observed in Many Cities and Towns All Over Nation on Nov. 10—For Relief of Wounded and Disabled Veterans.

Cincinnati, Ohio, Oct. 13.—Preparations for "National Forget Me-Not Day" are rapidly approaching perfection, at national headquarters of the Disabled American Veterans of the World War here. National Agent Raymond A. Laska, who is in charge of the disabled vets' national headquarters offices, stated today that national commander James A. McFarland has wired from the southwest, reporting an enthusiastic and practically unanimous participation by cities and towns all over the nation in arrangements for the national "Day," which is to be observed on Saturday, November 10. National Commander McFarland of the Disabled American Veterans is to be one of the distinguished guests of the American Legion, at its national convention in San Francisco, October 15 to 19. McFarland is assisting chapters of his organization in their plans for the "Day," while on the present trip. He is expected back here on November 1, when the "clean-up" activities in the interests of "Forget-Me-Not Day" will be formally launched. On Saturday, November 10, thousands of pretty girls and women will distribute the little forget-me-nots in several thousands of cities and towns throughout the United States; the proceeds of the "Day" being for the relief, welfare and national legislative projects of the United States wounded and disabled veterans of the recent world war.

Not Drug Store Paint

When painters' estimates threatened to ruin Ladies' Aid Society, members donned overalls and began work of repainting Uniondale Chapel, Hempstead, Long Island.

NUMBER ONE

"I saw Mrs. Stokes twice," Knowles testified. "I would not say more than twice although it may have been five or six times. I saw her once on the stairs."

A week later between 10 in the morning and 3 in the afternoon he said he saw her in the apartment. A week or ten days later he saw her again at the apartment he said.

Knowles said he had known Stokes more than a year. Knowles was excused and Max Steuer, Stokes' counsel attempted to have the testimony of Mrs. McNulty at the 1921 trial read into the record.

He testified that Martha Jones, who worked for Wallace at the Fifth avenue apartment, was his sister and that he visited her at the apartment two or three times a week.

He said he also saw her at 10 East 58th street. It was not developed who lived there. He delivered a message to Mrs. Stokes there, he testified.

Steuier tried to show the witness had been intimidated. He then gave the witness over to Undermyer. Undermyer asked an adjournment, until 1:45 to round up "some papers in the case."

Limbering Up Now With Joint-Ease

After the game or practice Joint-Ease takes the kinks, lameness and soreness out of your arms, legs and joints so quickly that you'll want to start all over again in a few hours.

It's great stuff—speedy and sure, and many stars are wise to it. Just two minutes' rubbing and this great, stainless Joint-Ease

Ease soaks right in through the skin and flesh right to the ligaments and tendons and bones—exactly where the soreness is. Ask for a tube of Joint-Ease and keep limbered up, as thousands of other good players do. Costs but a trifle at drugists.

Two Bottles of Milk

Two bottles of Walker-Gordon Certified Milk in compartment A-6 on train leaving Pennsylvania Terminal, New York City, at 12:20 to-morrow night. Only last week a prominent Hartford woman, traveling with her baby and maid, asked us to provide just that. And the milk was there on time.

Tickets, transportation, hotel reservations and the like—that's just business. But it's the bottles of milk—the extraordinary needs met without fuss or feathers that show you folks who travel just what Davis Travel Service really is!

COME ON BACK HOME!

Christian unity among Protestant faiths has long been recognized as an imperative need by denominational leaders. Everyone realized the necessity but no one was willing to make the advance. Denominations have been slow in saying in effect to other religious bodies, "Absorb us!" or "Let us absorb you."

The Universalist denomination, which holds its national convention at Providence, October 20 to 28, is committed through its trustees, who have assumed aggressive leadership, to a willingness to lead the way for Christian liberals to wards a unity of ideals and purposes.

The Home Bank & Trust Company "The Bank of Service"

TO CLOSE SALOONS.

Norwalk, Conn., Oct. 18.—Fifty-four injunction suits asking the closing of many saloons were filed today by the United States District Attorney William Hayward. This was the first of a series of civil actions against saloons which the district attorney charges are "running wide open."

There are fully one thousand saloons in operation in New York, he charged.

TWO HURT IN WRECK.

Norwalk, Conn., Oct. 18.—Bernard T. McQueeney, 340 Elm street, and Thomas J. Hammeler, 1516 Boulevard, both of New Haven, were badly injured here this noon when a car driven by George Bense, 1178 Whalen avenue, new Haven, crashed into a tree on the Post Road near Norwalk armory as Bense tried to avert a collision with another car. Both men were treated at Norwalk hospital, close by, and left for their homes.

A Massachusetts car turned about in the road just as Bense approached. Bense swung quickly to the left to avoid a collision and his car crashed into a tree. No arrests were made in the case.

LAUNDRYMEN TO MEET.

Norwalk, Conn., Oct. 18.—Alvin R. Hebert, secretary of the Connecticut Laundrymen's Association, today issued the call for the annual meeting of the organization to be held in the Chamber of Commerce Hall, at New London, October 20th.

Kroon was first used for lighting purposes in 1894.

(For club members only. Admission free. Everybody come. Let's get acquainted.)

ABOUT TOWN

A piano-accordion concert and dance are to be given this evening in Tinker hall by two players, R. Lundquist and E. Olzen, very well known Scandinavian artists, who have appeared before capacity audiences in the largest halls in northern Europe as well as in this country. They even can play overtures correctly on their large instruments and give several new Scandinavian compositions. At the dance there will be both American and Swedish airs.

The Girl Scout Officers' Association will meet with Mrs. W. M. Brownell, 244 Main street, this evening at 7:30.

Miss Marjorie Alden of Chestnut Lodge has returned from a short visit at her home in Brockton, Mass.

Among the Manchester people

who are attending the W. C. T. U. state convention in Danbury, which opened yesterday and ends tomorrow, are Mrs. John A. Hood of Chestnut street, who is a state officer, and Mr. and Mrs. E. L. G. Hohenthal, Sr., Mr. Hohenthal being one of the speakers.

Troop 3 Girl Scouts will begin their regular meeting tomorrow evening with a supper at 8 p. m.

One of the four groups of the Epworth League of the North Methodist Church pledged to raise money for the church, has been holding rehearsals for a rural play which they are to present Friday evening, October 26. The play is entitled "Aaron Slick from Punkin Creek" and is sure to prove entertaining. It is in three acts and the different characters are taken by seven young men and women. Home made candy will also be on sale. Tickets may be procured of the members of the League.

Contractor Lester Hohenthal has bought two building lots on Ridge-wood street from his father, E. L. G. Hohenthal Sr., and plans to start work immediately on the foundation of a two family flat which will have all improvements. Mr. and Mrs. Hohenthal expect to occupy one of the flats in the house.

Dr. Ward E. Green has purchased a building lot adjoining his property with a frontage of seventy-five feet on Parker street, from Hulda L. Olson. The transfer was made through the Arthur A. Knofla agency.

Miss Gladys Arnarius, daughter of Mr. and Mrs. Oscar G. Arnarius of Ridge street, accompanied by Miss Margaret White of Hartford, will leave Saturday morning for Orlando, Florida, where they plan to spend the winter. They will make the trip by boat from New York to Jacksonville.

The October meeting of the I. O. O. F. first degree club will be held tonight at 7:30. This is an important meeting and all members are requested to attend. A luncheon will be served.

A son has been born to Mr. and Mrs. Arthur McCann, Mrs. McCann is at present living in Moosup.

The semi-annual meeting of the central district of the Women's

Congregational Home Missionary Union of Connecticut will be held at Rockville on Thursday, October 25. Sessions will open at ten o'clock and luncheon will be served for 50 cents. The speakers will include Dr. Otto Grauer of the Danish, Norwegian and Slavic departments of the society, Rev. William Barnes of Colerain, Colo., and Mrs. Sumner of Talladega. Mrs. Myers of Hartford will sing.

An important meeting of the Centennial committee representing five different Swedish lodges will be held tonight at 8:30. All members of the Swedish lodges are requested to attend.

F. A. Varplanck is one of the Manchester Masons who is planning to go to Washington November 1, to attend the laying of the cornerstone of the Washington Masonic memorial. It is expected that a number of other Masons will take in this big event.

The Cosmopolitan Club will hold its first meeting of the season Friday afternoon with the secretary, Mrs. Arthur N. Potter, Wadsworth street, Greenacres.

The regular meeting of the Manchester Green Community club will be held Friday evening, October 19. An interesting program has been arranged by Misses Hannah Jensen, Leonora McChesney and Mary Boyle.

The monthly meeting of Hose Company No. 2 will be held this evening at the north end fire headquarters.

The members of the North End Lodge of Moose are to meet at their club rooms in the Balch & Brown building this evening at 7:30 and from there will go to the home of the late William Hall on

Mill street to pay their last respects to their brother member.

The funeral of William Hall who died at the Manchester Memorial hospital yesterday morning will be held from his late home on Mill street tomorrow afternoon at two o'clock. Rev. John Duxbury of the North Methodist church will officiate and the burial will be in the family plot in the Buckland cemetery.

A son was born at the Manchester Memorial hospital recently to Mr. and Mrs. L. A. Cleveland of 17 Ridge street.

Peter C. McLagan and family will move next week from 87 Main street to the house recently vacated by Albert E. Bostwick on Woodland street. Mrs. McLagan's mother, Mrs. Robinson, now dead, and other members of the family have lived and paid rent in the same house for more than thirty-five years.

SURPRISE SHOWER FOR MISS FLORA SENKBELL

A surprise shower was tendered Miss Flora Senkbell Tuesday evening by about sixteen of her associates of the Winding department. The evening was pleasantly spent in singing and playing games.

The feature of the evening was a mock marriage. Miss B. Lathrop acted as bride and Miss L. Sullivan as groom. Miss M. Korras was bridesmaid and Miss H. Kissman was best man. The bride was given away by Mrs. S. Howarth as father and the minister performing the ceremony was Miss A. Ball.

Miss Senkbell received a beautiful table lamp as a reminder of the occasion. She is to be married on October 20 to Harold Weber of Rockville.

HORSE BURIED ALIVE IN BIG SAND PILE

Rescued After Hard Work and Comes Out of the Mess Little the Worse of Wear.

Small boys who built an underground club room on Cottage street, wrecked the good temper of at least three men, half buried a big heavy workhorse owned by Adolph Parsons and gave four men two hours' hard work getting Dolly, beg pardon it was not that kind of a horse, Dolly, out of her uncomfortable position.

Harry Rylander, local contractor started excavating a cellar for a new house on Cottage street yesterday. He hired a double team for scraping from Adolph Parsons. About thirty feet from where the cellar was to be dug, small boys dug in to the soft ground and made an underground clubroom. The inside measured about six feet in height and probably eight across. It was reached by a small ladder. The roof was reinforced with box boards and the top cleverly concealed. In fact the top of the mound was exactly around an innocent pile of dirt, until the Parsons' horse put his hoof through the ceiling. Then the fun began.

Dolly lost her balance and plunged through the roof, turned round and lay on her back partly covered with loose dirt and pieces of the roof. Not a thing could she do to help herself.

Mr. Parsons who was working in another part of the town was notified and he hurried to the accident. The scraper and another pair of horses were put to work. Three men shoveled like mad to get the hole large enough for the horse to stand on its feet. But for some reason or other Dolly refused to help herself in the least.

Finally after a small cellar had been dug and a gradual slope made a chain was fastened around her neck and the first attempt made. Unfortunately the chain broke just as Dolly started out of the hole. More digging with lots of free advice did not help any. In fact the advice, although given freely failed to impress the owner at all.

A stronger chain was obtained and after everything was in readiness the word was given and Dolly snaked out of the hole. After a few feeble attempts she regained her feet apparently none the worse for the exciting experience.

The boys' clubroom was wrecked.

HIGH SCHOOL NOTES

The Sophomores held a basketball practice at the East Side Rec. yesterday afternoon. This afternoon the Freshmen will hold their first practice.

General assembly was held this afternoon at assembly hall. At this assembly the Seniors put on their first program for the year. This was a musical program and was put on by Stuart Segar, Fred Werner, Walter Knofekie, and Henry Schell.

The Debating class held a meeting in Room 21 last night at 7:30. The high school football team held a practice at the Charter Oak street grounds yesterday afternoon. At this practice the usual practice was held and the new plays were perfected. The team will hold another practice today, this practice will probably be held in the Rec. because of the bad weather.

The class for the appreciation of music met yesterday afternoon in the assembly hall.

The Junior Social committee also held a meeting in Room 25 at 3:15 yesterday.

An invitation has been received by the local track team from the Yale A. A. to enter some runners in the cross-country run which will take place in November. It was requested that ten men be entered to run the course of three miles. Because not enough runners can be procured to run this race the local team will note enter it.

Athletic Association tickets have already been placed on sale. The price of the tickets will remain the same as last year, thirty-five cents, and will be on sale by the home room teachers. Every player in any team must be a member of the A. A.

YOU'LL BE GLAD TO HEAR ABOUT THESE NEW

TAILORED WAISTS

For, of course, you need a new waist to go with that new Fall sweater you bought. We have just unpacked several dozen of the prettiest and daintiest waists you have ever seen. There are Peter Pan collars and V necks trimmed with little narrow edgings and touches of embroidery and hampburg. And, they are only—

QUALITY FOOD PRODUCTS

NATIVE POULTRY

Tomorrow morning, Mr. Kissman, of Gardner Street, will bring in some more of his fancy young chickens. We have purchased his entire flock of several hundred birds—all raised this spring, so when you order a Chicken from Pinehurst, you can be sure it will be a good one. Mr. Kissman knows how to feed them so that they will be tender, and besides, he dresses them so that they are clean and ready for the oven when delivered to you.

We will also have some good tender Fowl for fricassee.

Pinehurst Quality Corned Beef.

VEGETABLES

Mushrooms, Cauliflower, Spinach from Peterson's market garden, York State Head Lettuce, Parsnips and Carrots, Yellow Globe Turnips, Cranberries, Soup Bunches.

FRESH FISH

For some time past we have been supplying Fresh Fish to those of our customers who telephoned their orders Thursday. Please do not misunderstand this notice. We ARE NOT putting in a Fish Department—but have made arrangements with a large wholesaler and retailer of Fresh Fish to take care of our orders every Friday Morning. The arrangement has worked out very satisfactorily so far.

If you want Fresh Fish tomorrow, please telephone 950 (not 1414 or 1415, as the store is closed), any time up to 9 o'clock tonight. The list for tomorrow will include Scallops, Open and Closed Clams and Everything in the Fresh Fish line that is in season.

Special! Oysters for Friday.
 Try shopping at Pinehurst Friday—you will find Quality Food Products, fresh as can be, at reasonable prices. Telephone 1414—1415.

Men walk for health and success—and fun!

REAL men enjoy walking; they are nature's hunters; they demand "service" from their feet. They keep their feet vigorous and active by wearing the Arch Preserver Shoe—the shoe with a real "chassis". You've got to walk some, so why not get fun out of it. Then you'll do a lot of walking—and you'll feel like a different man. Let us show you the Arch Preserver Shoe.

THE ARCH PRESERVER SHOE

RECREATION NOTES.

There will be an old-fashioned and modern dance at the West Side Rec. Friday evening, October 19. Another whist party will be held next Saturday evening at the West Side Rec.

Ladies interested in making their Christmas presents should attend the meeting to be held next Monday evening at the West Side Rec. at 7:30.

A Halloween dance will be held at the School street Rec. Oct. 31. A Halloween Masquerade will be held at the West Side Rec. in November.

Members wishing to join the bowling leagues which are being formed at both Recreation buildings should leave his or her name at the desk at either building.

The swimming pool at the School street building is open for ladies Monday, Wednesday and Friday nights from 7:00 to 9:00 p. m. The hours and nights for the men are: Tuesday, Thursday, and Saturday from 7:00 to 9:00 p. m., and Saturday afternoon from 3:00 to 5:00.

DUNCAN PHYFE CLUB MEETING.

Watkins Brothers Duncan Phyle Club held its first meeting in their club room last night. This is the first meeting held since last June as the club does not meet during the summer months. An excellent roast beef supper was served, by caterer Davidson after which an important business meeting was held.

W. J. Murphy, representing the W. and J. Sloan Company of New York, distributors of floor coverings gave an interesting talk on the manufacturing of linoleum and rugs.

After the meeting had adjourned, dancing was enjoyed.

"CHURCH NIGHT" AT NORTH METHODIST.

The second in the series of ten church night services was held last night at the North Methodist Episcopal church and was attended by over seventy of the members of the congregation. Each week a supper at 6:30 begins the program for the evening. These suppers are served by different groups of the ladies of the church and a nominal charge is made to cover expenses.

The principal speaker last evening was the Rev. A. Earl Kernahan who is at present carrying on a religious campaign at the South Methodist church. His subject was mainly on the different forms and methods of carrying on evangelistic work and his preference for visitation evangelism.

Following the supper four instruction classes were held. There were also stereopticon pictures illustrating the children of different lands in the native costume.

Visitors were present last evening from Vernon and Hockanum.

IN BANKRUPTCY.

New Haven, Oct. 15.—Three voluntary petitions filed in United States court here today involve the following:

A. Josephson, Norwalk merchant, liabilities \$3,776; assets \$2,500.
 Stanley Glowacki, Hartford baker, liabilities \$594; nominal assets.
 Archibald B. McKeon, Fairfield builder, liabilities \$2,292; nominal assets.
