This novel contest was held a month ago to help Watkins Brothers select the best cogsell chair, retailing at fifty-five dollars, for their buying syndicate.

200,000 AT MASS AS CONGRESS OPENS

(Continued from page 1)

"Far be it from us to look upon this congress as a demonstration of our strength and numbers. It is our hope that the example of our vivid attachment to the holy eucharist and evident appreciation of the gift that is ours therein may encourage those around the altar to lead for themselves of this marvelous communion on God's part to us humans."

GLOBE HOLLOW POOL TO OPEN JUNE 28TH

Globe Hollow will open officially on June 28 but Fred McCormick, the lifeguard, will be at the pond all this week getting things ready.

MASSONS MEET TOMORROW FOR LAST CONVENTION.

Manchester Lodge of Masons will hold the last communication until fall tomorrow evening, when they will have a double session.

Turmoil of Doctrines Is Everywhere, Says Angell

Yale President Seen Conflict in Every Relation of Life; Blames "Complacent Insularity, Confusion of Law and Morals; Points Dangers to Democracy."

New Haven, June 21.—Contemporary thought in the United States presents a "distracting turmoil of discordant doctrine relating to every major interest of life."

So President James Rowland Angell of Yale University yesterday told Yale's graduating class in his baccalaureate address in Woolsey hall.

"Threaten to cut deep into the integrity of our American ideals and traditions," he listed a complacent insularity, an inability to distinguish between the fields appropriate to legislation and those of morals which has led to attacks on the binding force of law because of unpopular legislation, a "disturbance" in the field of taste and morals, and an indifference to religion.

He pointed to the menace of a "pornographic press" and the "literature of disillusionment colored by the teachings of a half-baked and frequently misinterpreted psychology of instinct."

While Americans have come to attach an almost religious sanctity to the principles of democracy," he said, "Italy appears to have turned her back upon it with gestures of unequivocal disrespect."

"Russia will have none of it and, in certain new countries born of the Versailles Treaty, it is displaying signs of fatal illness. In Great Britain one of the most powerful and effective democracies ever created, we see the social order gravely menaced by the clash of class interest, and the outcome is not yet wholly clear. Thanks to unpopular legislation, we are witnessing in our own country an attack upon the binding force of law which constitutes the most insidious menace to the stability of our institutions that has arisen since the Civil War."

"Despite our deep allegiance to democracy as the best guaranty of spiritual and political liberty yet devised, we are obliged to admit that we have not always known how wisely to distinguish between the fields appropriate to legislation and those still under the jurisdiction of morals, how to elude the possible temptations for majorities, how to prevent the pernicious misuse of minorities to defeat the real wishes of the people who wholly to avoid corruption in administration. We are therefore forced to concede that our form of democracy is still a very imperfect tool for the promotion of the higher interests and the larger freedom of mankind."

"Political and social revolution is nothing new in history, and doubtless it has a long life ahead. Its importance at this stage in the development of civilization lies not in the fact that it is occurring, but that it is so commonly directed to a charge in the basic theory of Government and the social structure."

THE RAINBOW NEW DANCE RENDEZVOUS

Pinney's Bolton Site to Be Unusually Attractive — Work Is Started.

"The Rainbow," the name of the new ball room to be constructed by Frank L. Pinney at the New England Hotel site in Bolton, was started this morning and will be ready for the grand opening on July 15.

Experts Choose Name Before naming his new dance hall, Mr. Pinney, a member of the Hartford Advertising club, consulted an especially appointed committee of advertising club members who decided that because of the unique decorative feature the name "The Rainbow" would be especially applicable.

Not less marked than these trends in personal ethics is the disturbance in the field of religious thought and belief. We speak of ourselves as a Christian people and yet paganism, atheism and complete religious indifference appear to be not uncommon among us.

"Disbelief is widespread. Many of them do not believe in the existence of God, except as an idea created by the human mind. They do not believe in the truth or value of religion, nor do they accept its teachings. As a religious system, Christianity is meaningless to them as the cult of Isis or the Eleusinian mysteries. They group all religious beliefs as superstitious and myths, with no difference except that some are wholly extinct, while others flourish, albeit in a decline."

"They look down, often with smug self-satisfaction upon those who pretend to religious convictions as persons of meagre intelligence and archaic customs. They do not accept the major ethical conceptions of Christianity. The Christian doctrine of love for one's neighbor, they regard as a sentimental eccentricity, or as a grotesque perversion of natural biological laws, which they think of in terms of the jungle."

"All this indifference to religion and contempt for Christianity is projected against a background of strife inside the Christian Church—at least in American Protestantism—which is far from edifying, however inevitable."

"Differences of the controversy is committed to a view of the inferrancy of Scripture interpreted as a faithful record of historic fact, which refuses to be reconciled with the disclosures of modern scholarship." The effort of the other wing to find in the Scriptures valid teachings upon matters of moral and religious importance, without commitment to meticulous accuracy in matters of scientific or historic consequence, seems to the first group disloyal and essentially blasphemous.

"Moreover, the whole attitude of religion to science is at stake. One group boldly insists that religion must accept the established findings of science, maintaining that loyalty to truth is of the essence of all true religion. The other party insists that the revealed truths of religion transcend in authority evidence gleaned in any other way and that there is a great body of religious doctrines upon which science must not be allowed to lay a profaning hand. The Dayton trial is only a symptom of a distemper which permeates large parts of the country."

"It is into a world, disturbed in all its deepest convictions that you are about to enter, a world of trifle wistful as its gaze turns backward to the golden past, a world wavering and uncertain of its spiritual destiny. To play a man's part in it will challenge your finest sensibilities, your keenest intellectual powers and the strongest sinews of your character. It is no fit place for a moral weakling. Although it was never easier to make a living, to live nobly was never more difficult. To prove all things is hard, to hold fast that which is good is not easy. But to attempt less is to stultify both intelligence and character."

Rebuilding New England Hotel

Already a big crew of carpenters under the direction of Contractor Claude Truax has so altered the exterior of the old New England hotel that it is no longer recognizable. A wide enclosed porch has been completed on the north and east sides of the building. This will be used for banquets and such and will also be available for light lunch parties.

Grading Front of Property The entire front of the property is being re-graded by William Grady, under direction of George Johnson, engineer. There will be a number of gasoline service pumps attractively appointed at the front of the property and a small building, already completed, will be used for soft drinks, smokes, and such.

ABOUT TOWN

The annual Eighth grade picnic of the Eighth district is being held this afternoon at Bolton Lake. About 125 went to the lake to enjoy boat races, swimming, a ball game and dog roust.

A notice of the annual meeting of the Second school district (Manchester Green) is printed elsewhere in today's Herald. Among the important items is a proposal to add to the present school building.

The Board of Selectmen has called a formal hearing on the re-establishment of proper street lines on Autumn and Porter streets for a week from tonight. Informal hearings have already been held on the question.

Harry Leeburg of 172 Center street has returned from New York City where he has been in the interests of Cheney Brothers.

The shimmy dance wasn't half so interesting as a fellow with a bay window doing the Charleston.

TOWN ADVERTISEMENT

TO ALL PROPERTY OWNERS ON AUTUMN STREET IN THE TOWN OF MANCHESTER, CONNECTICUT:

You are hereby notified to appear at the Hall of Records in said Town of Manchester, on the twenty-eighth day of June, 1926, at seven o'clock, standard time, in the afternoon, then and there to be present, and to show cause, if any you have, why a public highway should not be laid out by the selectmen of the Town of Manchester, within said Town as follows:

LAYOUT OF AUTUMN STREET The Westerly line of Autumn Street is bounded and described as follows to wit: Beginning at a merestone at the intersection of the Southerly line of Porter Street with the Westerly line of said Autumn Street said merestone being at the Southerly end of a circular curve Radius 15.0 feet Central Angle 68 Deg. 32'. Thence Southerly tangent to said curve 197.25 feet to a merestone. Then by deflection angle to Left of 5 Deg. 34' (253.90 feet) to a point in a 40' Maple Tree. Thence by a deflection angle to Left of 3 Deg. 14' (524.45 feet) to a merestone. Thence by a deflection angle to the Right of 9 Deg. 17' 30" (277.08 feet) to a merestone. Thence by a deflection angle to Right of 9 Deg. 18' (444.34 feet) to a merestone in the Southerly line of Ashworth Street. Thence by a deflection angle to the Right of 2 Deg. 29' (324.0 feet) to a merestone in the Northerly line of Oak Street. Thence by a deflection angle to the Left of 12 Deg. 59' (140.92 feet) to a merestone. Thence by a deflection angle to the Left of 2 Deg. 54' (593.5 feet) to a merestone on the Southerly line of Oak Street. Thence by a deflection angle to the Left of 2 Deg. 07' to a merestone 301.8 feet to a merestone. Thence by a deflection angle to the Right of 8 Deg. 47' (382.62 feet) to a merestone. Thence by a deflection angle to the Right of 15 Deg. 56' (268.72 feet) to a merestone. Thence by a deflection angle to the Right of 17 Deg. 30' (332.09 feet) to a merestone on or near the Northerly line of Highland Street.

The Easterly line of said Autumn Street is bounded and described as follows to wit: Beginning at a merestone at the intersection of the Southerly line of Porter Street with the Easterly line of said Autumn Street said merestone being at the Southerly end of a circular curve Radius 12.41 feet. Thence Southerly in a straight line tangent to said curve 197.25 feet to a merestone. Thence by a deflection angle to Left of 5 Deg. 34' (250.42 feet) to a merestone. Thence by a deflection angle to the Left of 3 Deg. 58' (526.79 feet) to a merestone. Thence by a deflection angle to the Right of 9 Deg. 06' (212.15 feet) to a merestone. Thence by a deflection angle to the Right of 8 Deg. 05' (76.13 feet) to a point in 36' Ash Tree. Thence by a deflection angle to the Right of 1 Deg. 54' (428.50 feet) to a point in the South line of Ashworth Street Extension. Thence by a deflection angle to the Right of 2 Deg. 33' (325.72 feet) to a merestone in the Northerly line of Oak Street Extension. Thence by a deflection angle to the Left of 7 Deg. 35' (413.22 feet) to a merestone in the South line of Oak Street Extension. Thence by a deflection angle to the Left of 7 Deg. 07' (415.00 feet) to a merestone in the North line of East Bridge Street. Thence by a deflection angle to the Left of 1 Deg. 33' (339.3 feet) to a merestone. Thence by a deflection angle to the Right of 8 Deg. 24' (382.18 feet) to a merestone. Thence by a deflection angle to the Left of 9 Deg. 11' (200.01 feet) to a merestone. Thence by a deflection angle to the Left of 15 Deg. 56' (259.34 feet) to a merestone. Thence by a deflection angle to the Right of 17 Deg. 30' (332.09 feet) to a merestone on or near the North line of Highland Street.

GREZEL TO OPEN NEW STORE ON MAIN STREET TOMORROW

Exhibits Latest in Oil Burners, Washing Machines and Plumbing Fixtures in Purnell Building — Attractive Store.

Tomorrow marks the opening of Alfred A. Grezel's new store in the Purnell building, Main street opposite Park street. In it the public will find one of the best displays of modern plumbing, heating and refrigeration devices to be found anywhere in this section of Connecticut. The store lends itself well to the purpose being high and well lighted and having two fine display windows, one of them being a corner window so that it attracts attention from a considerable distance down Main street.

Mr. Grezel has gone to considerable expense to redecorate the interior of the store and make it attractive. Much time has also been spent in arranging the displays within. All of it has been well worth the effort. As visitors enter the store they will find to the right of them a modern steam heating unit of the latest type for the average home all set up and in working order and to the left a hot air heating unit all set up and equipped. The heating units installed in the two types of furnaces are both new Sibley Nokols. Arranged around the sides of the store are plumbing fixtures, Hoffmann automatic gas water heaters, and bathroom fixtures. A large portion of the store is complete line of the display of the complete line of Frigidaire products and the Maytag washing machines. The office is located in the rear of the store.

The Nokol automatic oil burner has been handled by Mr. Grezel since its introduction to this town by a local dealer. He has met with splendid success in selling this burner to the public of Manchester and vicinity.

In addition to housing the Frigidaire system of electric refrigeration, Frigidaire is one of the best refrigeration plants for houses. The use on the market today. Besides the use of the complete line of Frigidaire refrigerators with the units combined with the refrigerator itself. These cabinets are of steel construction finished in white enamel both inside and out. They are very compact and efficient. Besides keeping food in the refrigerator at a perfect temperature automatically, they can freeze water in the trays in the cooling unit and also many kinds of meats.

There are many different kinds of washing machines on the market today but among the machine leaders is the Maytag which is sold by Mr. Grezel. It is well constructed, easily operated and will wash a big washing in a very little while.

One will also find an attractive display of plumbing fixtures of all kinds. There are many customers who cannot visualize plumbing equipment from catalogue but when they see the fixtures on display they can easily make the arrangements that can be made in their own house.

Mr. Grezel has worked hard to bring about this model display room for the convenience of Manchester people. It represents a deal of planning and represents a large force of plumbers and steam fitters and has done many of the largest plumbing and heating jobs in public buildings and business blocks erected in town during the past few years.

For a more particular description reference may be had to a Map on file in the Town Clerk's Office, Manchester, Conn., Entitled "MAP SHOWING THE BOUNDARIES OF PORTER STREET FROM EAST CENTER STREET ON THE WEST TO AUTUMN AND PARKER STREETS ON THE EAST," Scale 1"=40', Manchester, Conn., Dec. 1925. COLONEL HUNTER TO SPEAK HERE

Mass Meeting at Armory Tomorrow Evening to Aid Recruiting Drive.

Colonel D. Gordon Hunter, of the 169th Infantry, Colonel Harry B. Bissell, U. S. P. and D. officer and Colonel William C. Cheney will be among the speakers who will address the gathering at the Howitzer Company mass meeting at the armory tomorrow evening. The purpose of the meeting is to arouse interest in National Guard affairs and thus secure more enlistments in the Howitzer company.

Need 30 Men. At present there is room for between twenty and thirty more men. They are needed to give the company the required strength to go to camp next month at Narratic. If there should be a shortage, however, the company will go to camp in the same manner as the Howitzer company.

To Send Out Autos. Automobiles will be sent out by the Howitzer Company tomorrow evening to offer transportation to the armory for any persons who are interested in the success of the company. Refreshments will be served free to the visitors. The mass meeting will be called at 8 o'clock.

Inspect Addition. In addition to housing the enlistment of the Howitzer Company, the mass meeting will also afford the interior of the new healthhouse at the armory. Manchester people will realize the wonderful improvement which the addition has brought to the armory. It will be well worth anybody's time to visit the armory tomorrow evening.

MISS ALICE BARBOUR TO MARRY N. Y. MAN

Announcement has been made of the engagement of Miss Alice Cordelia Barbour, daughter of Mr. and Mrs. Lucius Barnes Delano of Hartford, Conn., to Mr. and Mrs. Thatcher Magoun Brown of Park Avenue, New York City. Miss Barbour made her debut last October at the Junior Prom at the Ethel Walker school, Simsbury, and attended the Bryn Mawr College. She is a member of the Junior League and the Town and County Club.

She is the only granddaughter of and great granddaughter of the late Col. Henry Hudson White the late Elisha Clinton Hilliard of Manchester. Mr. Brown attended St. Paul's school and is a member of the class of Yale 1926, and of the Phi Beta Kappa, Alpha Delta Phi and Wolf's Head societies.

WAPPING

Mrs. Mary Foster, mother of Walter N. Foster, of Foster street, who has been spending a few weeks here, left last Friday, for her cottage, at the Willmantic Camp grounds.

The Pleasant Valley club held its meeting at the home of Mrs. Harry Walker last Thursday afternoon. About a dozen ladies attended. This will be the last meeting of the season. Miss Fannie Walker was assistant hostess.

All the schools of South Windsor have closed for the summer vacation and the several teachers have returned to their homes. All the teachers of the Wapping Center schools have been asked to return to their duties next fall. The picnic which the teachers planned for their pupils were greatly enjoyed by all the scholars.

The dramatic club of Wapping (Mrs. George) met at the home of Mrs. Albert Stiles on Friday evening, where they were royally entertained by the members of Coventry Christian Endeavor society. They treated the club to a fine supper previous to the play.

The Federated Workers will hold their annual picnic at Crystal Lake next Tuesday, June 22nd. The society has invited the Parents-Teachers Association to join with them at this picnic. If there are any who have no way to go, please notify Mrs. Raymond Hill, 101 Main street, or Mrs. John A. Collins, and a way will be provided.

HOLLISTER ST. WINS DISTRICTS 1-8 MEET

Just Noses Out Manchester Green When Percentages Are Figured—Union Takes Most Points.

A mere one ten-thousandths of a point separated the Hollister street school from the Manchester Green school Saturday afternoon when percentages were figured at the field meet for Districts 1 to 8 grammar schools. The Union school at the north end won the most points capturing 102 while Hollister captured 101.

A winner by percentage of school was captured, 21 points. The 1200 youngsters gathered at the Community club playgrounds for the meet. All brought lunches and remained during the afternoon and early evening. The eighth graders from Manchester defeated the 1200 youngsters in a 4 to 1 in a ball game which followed the field meet.

Ribbons were awarded individual prize winners and a silver cup went to the Hollister street school. The following were the winners as follows: Quarter Mile: Robertson, Ruback, Coleman and Zabacka.

Relay: Eighth district, Manchester Green, Hollister; 50 yard dash (under 95 pounds): Mikolite, Hollister; Nackowski, 8th district; Coleman, 8th; Robertson, 8th.

Running broad jump (under 95 pounds): Nackowski, Hollister; De Hope, Hollister; Phelps, Manchester Green; Marks, 8th district; Running high (under 95): Phelps, Manchester Green; Mikolite, Hollister; Nackowski, Hollister; Calve, Manchester Green.

Running high (over 95): Mikolite, Hollister; Nackowski, 8th district; Tanner, 8th district; Brooks, 8th district.

There were events for girls in the 50 yard dash, running high and broad jumps, obstacle relay and "Jump the Shot."

C. OF C. TO VISIT NORTH END PLANT

On Friday Members Will Spend Afternoon and Evening at Bon Ami Co.

This week Friday is the closing meeting of the Manchester Chamber of Commerce membership before the summer vacation season. The Orford Soap Company has issued a general invitation to every member of the Chamber to be its guest at an inspection of the plant from three to five o'clock, at an informal reception in the Hollister street school for the purpose of meeting the New York officers of the company from six to six-thirty o'clock; and at a salad and strawberry shortcake dinner in the school hall at six-thirty. The dinner will be followed by speaking and an entertainment program.

This is bound to prove an immensely popular affair. Bon Ami is Manchester's second best known product and is probably most extensively advertised. In fact there are few, if any national products better known than Bon Ami. It is shipped and used in every country on the face of the earth and people come from far and wide to inspect the plant where it is made, yet how many Manchester people have ever been through the Orford Soap Company factory on Hilliard street?

It is evident that many Chamber members appreciate the opportunity this offered as the carls expressing intention of attending both the plant inspection and the dinner are coming in rapidly. The meeting is necessarily limited to members of the Chamber of Commerce except where special invitations are issued direct by the Orford Soap officials.

Members are urged to send their cards in at once in order that reasonable time may be given for dinner preparations.

ORANGEMEN HOLD MEETING TONIGHT

A special meeting of Washington, O. L. No. 117 will be held in Orange hall this evening commencing at 7:30 daylight saving time. It is important that every member be present as action will be taken relative to the present status of the lodge. Several constitutional changes are contemplated and will be discussed at this meeting.

The special meeting is called at the request of the supreme grand master who is planning to attend the triennial council of the order which meets this year during July in London, England.

It is urgently requested by the officers of the lodge that every member be present promptly at the hour designated.

TAXICAB COMPANY N. Y. BANDITS' VICTIM

New York, June 21.—Four well-dressed youths with drawn revolvers calmly robbed the Yellow Taxicab garage in the Bronx early today. They forced the night manager and cashier to throw up their hands while they looted the safe. They got \$3,500.

EASTERN STAR PLANS "A GUESTS' NIGHT"

Plans are well under way for "Guests' Night" which Temple Chapter, O. E. S., will observe Wednesday evening in Odd Fellows hall. This will be the last meeting before summer and a large gathering of the members is anticipated. Officers and members of Euclid Chapter No. 79, of Windsor Locks will be guests on this occasion. The visiting officers who will put on the initiatory work are as follows: Worthy Matron—Mrs. Esther Blackburn.

Worthy Patron—Allen Phillips. Associate Matron—Mrs. Olive Kings. Secretary—Earl Deming. Treasurer—Mrs. Georgia Latham. Conductress—Mrs. Ellen Pickles. Associate Conductress—Mrs. Eleanor McLeod.

Chaplain—Mrs. Nell Fie Douglas. Marshal—Mrs. Minnie Jones. Organist—Mrs. Mabelle Nugent. Adah—Miss Doris Nicholson. Ruth—Mrs. Mabel Partridge. Esther—Mrs. Helen Mox. Martha—Mrs. Susan Bissell. Eloceta—Mrs. Mary Nicholson. Warder—Mrs. Daisy Ford. Sentinel—Hubert Scott.

Royal Matron Mrs. Lucius Foster appointed committees several weeks ago and they have been working enthusiastically to make the event a success. The present officers of Temple Chapter will act as reception committee. Mrs. Fredricka Spies heads the committee for the banquet which will be served at 6:30. Miss Florence Snow is chairman of the decorating committee and Mrs. Victoria Waddell, favors.

MAN DROPS DEAD ON TROLLEY CAR

Windsor Resident, on Visit Here, Suddenly Expires at the Center.

Leslie S. Grezes, of Windsor dropped dead of heart disease late Saturday afternoon on a Manchester Green trolley car at the Center.

Accompanied by his wife, Mr. Grezes was on his way to spend the week-end visiting at the home of his daughter, Mrs. Samuel H. Stevens, of 62 Hamilton street. The couple reached the Center in the Hartford trolley and transferred to the car bound for the Green.

Mrs. Grezes entered the car first. Her husband followed her as he walked down the aisle to his seat. Mr. Grezes suddenly dropped to the floor. There were several persons in the car at the time. Motorman Axel Hansen was in charge. Efforts by Hansen, Motorman Edward Custer of the Cross-town and bystanders to revive Mr. Grezes proved futile.

Examiner Called. Medical Examiner Dr. William R. Tinker was called. He pronounced death due to heart failure. The body was taken to Holloran Brothers' undertaking parlors. It was later removed to Windsor.

Burial will be in Talicote cemetery in Windsor.

LOCAL COUPLE KEEP MARRIAGE SECRET

Wedding Took Place Eight Months Ago — News Leaks Out at Party.

Another secret marriage involving a Manchester party was revealed today with the announcement that Miss Eldna M. Hansen, of Vernon and Manchester and George W. Johnston, of 68 Woodbridge street, were married October 14, 1925. For the past eight months the couple have succeeded in keeping the news of their wedding a secret.

News Leaks Out. The first news of the marriage came yesterday afternoon when it was announced at a lawn party held at Mrs. Johnston's home in Vernon. It was revealed that the pair were married by Rev. A. E. Whitten, pastor of the Vernon Methodist church. Earl Carter, of this town was best man and Miss Frances Johnston, sister of the groom, was the bridesmaid.

Both the young couple are well known in Manchester. Mrs. Johnston was formerly employed at the Carlyle Johnson Machine Company in the office and now is employed at the Tolland County Ford Agency on Brooklyn street in Rockville. She has sang several times in radio concerts. Mrs. Johnston is a graduate of Rockville High school with the class of 1919. She later attended the Connecticut Business College at the Center.

Telegraph Operator. Mr. Johnston is well known, especially at the North End. He is employed as telegraph operator for the New York, New Haven & Hartford Railroad company at Vernon.

TIRES POP IN BLAZE LIKE BOMBARDMENT.

Bridgeport, June 21.—Losses totaling \$50,000 resulted from a fire that last night swept through warehouse of Cannon street, owned by J. A. Erdmann and occupied by a number of automobile accessory concerns. Two firemen and a volunteer worker were slightly hurt and adjoining buildings were threatened.

Piles of auto tires numbering perhaps a thousand were destroyed, together with nine automobiles. Tires burst under the heat, creating an effect of bombardment.

SLOTH WINS.

There are about forty million voters in Germany. A little more than half a million among all these people voted against the proposal to confiscate the huge estates of the former German royal family.

More than fourteen millions voted in favor of the seizure. Yet the proposal fails.

This seemingly contradictory result was brought about by the constitutional provision that any measure submitted to a national referendum must receive the affirmations of half the electorate.

In the present case the number of votes polled was less than fifty per cent of the total; so that even if every one of those who went to the polls had declared for the seizure of the princes' estates, their action would have gone for nothing.

It is none of our business, in this country, whether the Germans take away from their deposed royalties the vast properties which those individuals and their ancestors grabbed from their people when they were in a position to do so or whether, for that matter, they died over all the rest of the German property to the Hohenzollern and other princely families—though such proceedings might rightly enough be the just concern of Germany's creditors when next she shall seek to beg off on the score of being a poor debtor.

But the incident does serve as an example of the folly of making any popular referendum, anywhere, contingent on the polling of a fixed proportion of the potential vote.

Those citizens of any country who decline to assume their share in the job of running that country by performing the simple act of voting, when their constitution endows them with the franchise, ought not to be considered in any political relation of any kind.

To permit a stay-at-home vote to influence any kind of election—as it always can when a public proceeding is made contingent on the approval of a fixed proportion of the electorate—is to put sloth and cowardice in the saddle. This German incident is well worth remembering.

STRANGE OMISSION.

A singular case is that of Roger McDermott, youth, who was arrested in New York because he did nothing to prevent his bride of 17 from committing suicide.

As the story comes, Mrs. McDermott declared her intention of taking her own life. "Don't do it in front of me," the young husband is reported to have said; "I'll go into this store while you do it."

Whereupon the girl took two bichloride tablets. That they failed to kill her has no bearing on the responsibilities of the young man.

The case is said to be without precedent. Yet it would appear that, if the facts are as related, there should be no question about the liability of the husband, since the act of culpability was performed in New York. In that state there is a criminal statute against attempting to commit suicide.

It has not been enforced for many years, but several persons were convicted under it, during the earlier days of its existence, and were sent to jail. Under that statute it would seem as if the man in this case were undoubtedly an accessory to a specific crime.

The anti-suicide statute, however, is a very exceptional one. We have no such law in Connecticut; neither have most of the other states. And if it is no crime to take one's own life, or to attempt to do so, it is difficult to see how the criminal law could reach the person who aided and abetted in such a proceeding.

While it might easily be a generation before a case should arise elsewhere like this one in New York, it would seem to be a strange dereliction on the part of the law that there should be no way at all of getting at the person guilty of what is, beyond any question, a crime in fact. The omission might well be rectified.

MacMILLAN.

Donald MacMillan is an amiable gentleman equipped with considerable inclination to science, an inherent love of cold water and ice in large quantities, a disposition to spend much of his time far from the madding crowd and a decidedly keen business sense.

He is also, proportionately to the importance and perils of the kind of exploring he does, just about forty-five times the most over-advertised individual in the United States. He has had the most persistent and successful press agenting achieved by any public figure in the country, save perhaps the unwelcome volume heaped upon Harry M. Daugherty.

Mr. MacMillan and a party have left on another one of those summer vacations of his on the remotest edge of the Arctic danger zone—remotest from the danger—and as usual the press bureaus have fallen for reams of free publicity, which Mr. MacMillan will capitalize next winter.

But this time the press agents have slopped over. They have foolishly featured the fact that three women, relatives of the central figures in the expedition, are going along.

That just about shows up the whole caliber of the MacMillan "exploration." The ladies will be perfectly safe. They will undergo no hardship. They will undoubtedly have a lovely time. They will go up north a little way, take a peek from afar off at the vast wastes of the Arctic, see a walrus, a whale and an Eskimo, dodge the torrid weather that we shall probably get in August, and then, early in the autumn, come proudly back, with hands to greet them and a lot of silly newspapers to make an extraordinary fuss over them.

There are still living, probably, forty old Connecticut whalers who would have thought they were on a picnic if they didn't have to go three or four hundred miles deeper into the frozen wastes than MacMillan ever went—and do it about every voyage. But they didn't take their wives along. Their kind of business wasn't for women. Nor did any of them ever make a nickel out of a lecture tour.

This newspaper, for one, does not plan to give more than fifty columns of free space to the MacMillan-Metcalf outing this summer. If others want to, they can. Also, if they want to, they can go into ecstasies over the adventures of somebody who has just crossed Fifth avenue at Forty-second street.

QUEER QUIRKS OF NATURE

By ARTHUR N. PACK President, The American Nature Association.

In the far north, where the mail must be delivered to lonely fur-traders' posts or the native missions, or the death-defying serum must be sent to sufferers in the distant mining camps, the dog proves as nowhere else the friend of man.

Though no man can trace his origin, he has made good in a land where performance counts more than pedigree. With his aid much of the northland has been explored; he played a big part in solving the mystery of Sir John Franklin and his brave companions; by his help Peary reached the north pole.

And for long, though steam on land and sea, or motor car, or airplane, solve most of the transportation problems of the world, the faithful dog will be the standby of the rank and file of those of the north who need to travel in winter.

Think of a creature who needs only one meal a day; who even in the bitter cold of the arctic night needs no bed but a corner in a snow drift; who hauls through the trackless waste for 50 miles a day (if so be his driver can stand the

fingers)... places that cater to those wishing to change foreign moneys... Agents, representatives and all the by-products of business

These people have little in common with the rest of the city... There you are... A district of strange contrasts... Bank buildings magnifying the squalor of the dwelling places... Overlapping on three side streets, Rector, Morris and Carlisle...

Everywhere the color and smells of the Orient... Cobblestoned inner courts... Men with stockings-less feet... Women with noses pierced for rings... But few wear nose rings in America...

Other women from the inner desert country... Almost negroid in complexion... First the Dutch lived here and built many of the present buildings... Then came the Italians, then the Irish, then the Greeks...

Some houses contain relics of all three races... An Italian vase, left behind... A French piece of furniture... An Irish inscription upon the walls... And the marvelous rugs of Syria upon the floors...

Windows with strange collections of Oriental pipes. The "tetum," a water pipe... The water is rose scented... Coffee houses and cafes every few doors... Inside are long, rough board tables... And coffee so thick one could stick a finger in and leave a dent...

All day long they seem to gather around the coffee cups... If one is fortunate enough to gain entry, a water pipe will be produced, and more water pipes, and perhaps some fat nosed dancing girls...

News stands with papers flaring strange characters... Windows filled with books in Arabic script... And gold and red illuminations... The old goldsmiths, pounding on little anvils placed in their laps...

These disappear fast... The most famous has gone... Too much competition from factory inroads... Few tourists appreciate the difference... The manufactured sells as easily as the hand made... And much cheaper... The arts fast disappear...

Houses on side streets seeming to crumble against each other... Like aged men leaning against each other for support... The rug men... With rugs that were made by the hands of a half dozen generations... If you happen to know rugs... If you don't look out... They're sharp traders... Watch an Armenian pick out the real article... Their sensitive fingers run but once over a rug... You can't fool those

Well, Reed isn't scared. As previously remarked, he has nerve. It took nerve, for instance, to assure the Pennsylvania Republicans, on whose support he himself depends, that they were "dunder heads."

It took nerve to urge a prohibition referendum in a dry Senate. It took nerve for a "regular" Republican senator to champion young Senator Bob La Follette in the upper house of Congress.

It took nerve to tell Secretary of the Treasury Mellon that an income tax rebate obtained by financial institutions which Mellon dominates didn't square with Reed's idea of the law.

It takes a lot of nerve for a Republican senator to disagree—and stick to it—with a Republican president of the United States. All these things Reed has done. One may not agree with him in all respects, but it's only fair to admit he's got nerve.

He has ability, too. When Senator Smoot fell ill, he turned the current session's tax bill—the premier administration measure of 1926—over to Reed to manage. It was a great compliment from such a veteran to so young a senator. Reed did the job as well as Smoot could have done it himself.

Indeed, Reed has had a prominent part in all important legislation in the last two years—ever since he got himself fairly settled at his Senate's desk. He's a party man, but an extremely independent one.

The fact is, whatever else one may think about the popular election of senators, it has generally made 'em cowardly. They're afraid of the individual voter as they didn't used to be. They're consequently at his beck and call.

Reed's different. He won't be bossed. When he means "dunder heads" "dunder heads" is what he says.

Stewart's WASHINGTON LETTERS

BY CHARLES P. STEWART Washington, June 21.—Senator David Aiken Reed had Woodrow Wilson as his lawyer once.

Reed was a Princeton fresher. A soph picked on him. Reed grabbed a rotten tomato and threw it at the soph. It missed. It went through an open window and hit a nice old lady smack in the face.

Despite his apologies, the old lady had Reed pinched. Dr. Wilson, Princeton ear, knew fresher and soph. He knew Reed's provocation. He felt the old lady should have accepted the apologies. So he appeared for Reed and got him off.

Thus it will be seen that Reed has nerve. Nobody can pick on him and get away with it. They're picking on him in his home town of Pittsburgh now. Some of the voters there don't like it because he said they acted like "dunder heads" when they refused to renominate his Pennsylvania fellow senator, George Wharton Pepper.

The tip has been slipped to him that he's due to get his, like Pepper when the time comes.

IN NEW YORK

New York, June 21.—New York's colorful "foreign settlements" are a continuous magnet for visitors.

The Syrian quarter... A slice of Arabia, Palestine, the old Orient... Take an elevated to Rector street and walk over to Washington street... There you are... A district of strange contrasts... Bank buildings magnifying the squalor of the dwelling places... Overlapping on three side streets, Rector, Morris and Carlisle...

Everywhere the color and smells of the Orient... Cobblestoned inner courts... Men with stockings-less feet... Women with noses pierced for rings... But few wear nose rings in America... Other women from the inner desert country... Almost negroid in complexion... First the Dutch lived here and built many of the present buildings... Then came the Italians, then the Irish, then the Greeks... Some houses contain relics of all three races... An Italian vase, left behind... A French piece of furniture... An Irish inscription upon the walls... And the marvelous rugs of Syria upon the floors... Windows with strange collections of Oriental pipes. The "tetum," a water pipe... The water is rose scented... Coffee houses and cafes every few doors... Inside are long, rough board tables... And coffee so thick one could stick a finger in and leave a dent... All day long they seem to gather around the coffee cups... If one is fortunate enough to gain entry, a water pipe will be produced, and more water pipes, and perhaps some fat nosed dancing girls... News stands with papers flaring strange characters... Windows filled with books in Arabic script... And gold and red illuminations... ANNOUNCING Judges' Awards in the COGSWELL CHAIR CONTEST. We take pleasure in announcing Miss Viola Mae Smith of 31 Ridge-wood Street as first prize winner in our recent Cogswell Chair Contest. To Miss Smith goes the handsome Cogswell chair which she described in her essay and which is illustrated above. All other contestants have received certificates with a credit value of \$5 on any cogswell chairs they may select during the next year. We wish to thank all those who showed their interest by entering the contest and assisting us to select the best chair for our Buying Syndicate. WATKINS BROTHERS, INC. ST. PETERSBURG, FLA. BRANCH—THE WATKINS-LIMBACHER CO.

UNIT TELEPHONE COSTS GO UP AS BUSINESS GROWS

Connecticut's Increase of 7 Per Cent in Number of Stations Brings Rise of Expense in Greater Ratio.

Connecticut entered the year of 1926 with 7 percent more telephone stations than it had the year previous. But instead of this increased business reducing unit operating costs as it does in practically all enterprises, telephone costs increased in an extraordinary progression with the increase of business.

The larger the telephone system, the more complex it becomes, and the more it costs to provide telephone service. Every time a station is added to the telephone system, it must be made possible to connect that station with every other station in the system. Mathematical law causes the number of possible connections to increase by leaps and bounds as the system grows.

This law is best illustrated by example. Take a sheet of paper and make five dots on it, representing five telephones. Draw lines connecting each dot with every other dot and there will be ten lines. Now add one more dot or telephone to the system and connect it with each of the other dots. There will then be 15 lines. The addition of one more telephone meant the increase of five more lines. Add another dot and connect it up and it will mean six more lines. An eighth dot adds seven more lines and so on. If there were 9,999 dots and one more were added, it would mean the installation of 9,999 more lines in order that the 10,000 telephones might be connected with each other. With more than a quarter of a million telephones in Connecticut at present, more than 63 billion conversation tracks are necessary in order to give complete service, each subscriber being able to call every other subscriber in the state.

TOLLAND

Dr. Harris W. Price accompanied by his aunt, Mrs. Florence Essex, left Saturday for Groton, Vermont, where they will be the guests of Mr. Price's mother, Mrs. Henry Tillotson.

Mrs. L. Ernest Hall and daughter, Alice Hall, were guests Friday of Mr. and Mrs. Archie Hall in Manchester.

The upper grades of the Hick's Memorial school and No. 7 and No. 9 schools picknicked at Crystal Lake Friday.

Miss Taylor, who has been teaching at Grant's Hill the past year has been engaged to teach in East Hartford. Miss Ruby Bowler who has been a successful teacher here for several years, has resigned and will attend Normal school, and Miss Corey, the teacher at the River school the past year, is to teach in Windsor.

Those from Tolland who will graduate from the Rockville High school this year are Helen Sharrow, Ethel Boyce and Sarah Chocoma. Rev. William C. Darby attended the District Preachers' meeting at Mystic, Tuesday and Wednesday.

Mrs. Charles H. Daniels who has been in Hartford and Windsor most of the winter has returned to her home here.

Dr. W. B. Bean and Mrs. Bean of Stafford Springs are now occupying their cottage at Inspiration Point, Tolland avenue.

Mrs. Marilla Bean Pratt and her son, Walter Henry, of Natick, Mass., are guests of Mrs. Pratt's parents, Dr. W. B. Bean and Mrs. Bean.

Mrs. Agnes Pratt and children, Aaron, Jr., and Mary Agnes Pratt, of Windsor, are guests of Mrs. Pratt's mother, Mrs. Charles H. Daniels.

Dr. Aaron Pratt of Windsor was on a business trip here Tuesday.

The annual roll call of members of the Federated Church will be in the church vestry next Tuesday evening.

The graduation exercises of the schools of Tolland were held at the Federated Church Thursday evening, June 17, at 7:30 o'clock. The program: Processional, Ellington Orchestra Invocation, Rev. Wm. C. Darby Song—Banner of the Free. A Pageant on American Independence. Act I—Room of Citizens' Committee of Safety, Boston, Evening of

NOTICE

Notice is hereby given to the legal voters of the Seventh School District that the annual meeting will be held at the District school house in said district on Monday evening, June 21, 1926 at seven o'clock p. m., standard time at Buckland, Conn., for the following purposes to wit:

- 1. To choose a moderator. 2. To hear the report of the district officers. 3. To elect the district officers for the ensuing year. 4. To see if the district will vote to lay a tax to meet the district's obligations. 5. To see if the district will vote to appropriate funds for necessary repairs. 6. To transact any other business proper to come before said meeting.

Dated at Manchester, Conn., this 16th day of June, 1926. ANDREW J. HEALY DAVID ARMSTRONG EDWARD P. STEIN, District Committee.

April 18, 1925. Sons—Flower of Liberty. Act II—Home of Rev. Jonas Clark, Lexington, Mass., Midnight of Same Date.

Sons—Revolutionary Tea. Act III—Events in Philadelphia. Scene 1—Dr. Franklin's Home, July 2, 1776. Music—Orchestra. Scene II—Street Near State House, July 4, 1776.

Sons—Merry June. Address to the Graduates by Samuel Johnson, a member of the School Board. Award of Diplomas by C. Hibbard West, Chairman of School Board. Music. Reception to Graduates.

The graduates of 1926 are: Hick's Memorial school—Joseph Frank Ceisi, Ida Giacomini. River school—Arlene Jessie Bentley, Jessie Krantz. Snipscle school—Francis H. Shubert.

No. 7 and 9—Marguerite DeCarli. Grant's Hill school—Jennie Laura Dombek, Alexander Tohlansen, Olga Tohlansen. Cedar Swamp—Eleanor Wagner, Connie Zangile, a pupil at No. 7 and 9 was awarded a bronze medal in the Humane Poster contest and honorable mention to Margaret Klinek, Flora Nell, Susie Hanke and Josephine Works from Buff Cap school.

Thanks are extended to Miss Ruth Charter, accompanist, and to the members of the Ellington orchestra, Epton H. Aborn, leader.

Pick Young People as Subjects of Latest Scheme; Being Worked Here.

This is the 16th article prepared for The Herald by the local Chamber of Commerce.

As an illustration of the keenness and up-to-dateness of certain individuals engaged in the gentle art of duping the public, there has come to light within the last few weeks, a brand new development of the "merchandise by mail" game.

Naturally the class of dupes must be gullible enough to fall for the specious representations which are made in communications received from unknown individuals.

There are various phases of this development due to individual interpretation and ingenuity, but they all revolve around the mail C. O. D. proposition.

BARTHELMESS RETURNS AFTER LONG ABSENCE

"Ranson's Folly," which comes to the State theatre tomorrow and Wednesday is first picture Dick Barthelmess has made on the Coast in over seven years.

"Ranson's Folly" was filmed at the Marshall Nellan Studio under the direction of Sidney Olcott. Colonel George L. Byram, a retired U. S. Army expert, superintended the costume and military detail.

In this picture Dick plays the role of "Lieutenant Ranson," which was made famous on the stage by Robert Edson. This is the second Edison stage play Dick has selected for the screen.

"Ranson's Folly" is an adaptation of the famous story by Richard Harding Davis. It takes Barthelmess back to the time of the Indian wars. He plays the role of Lieutenant Ranson, an adventurous soldier who embroils himself in sundry difficulties on account of his dare-devil disposition.

Others in the cast are Anders Randolf, Pat Hartigan, William Norton Bailey, Brooks Benedict, Colonel C. C. Smith, Pauline Neff, and Billie Bennett.

More than fifty full-blooded American Indians have parts in "Ranson's Folly," among them Chief Eagle Wing and Chief Big Tree.

Tonight the State presents the last showing of "Paris." One of the most elaborate reproductions of a Paris underworld scene was constructed at the Metro-Goldwyn-Mayer studios for the Edmund Goulding production "Paris." It duplicates "The Birdcage," a famous haunt of Apaches.

HOW FORTUNATE! "Did you hear a man was murdered in the street last night for his money?"

Isn't it strange how people with less sense than we have seem to get along much better?

ANDOVER

The infant son of Mr. and Mrs. Frances Fredericks is very ill with pneumonia at St. Joseph's hospital in Willimantic.

Mrs. A. H. Benton recently gave a whist party in honor of Mrs. Helen Gatchell who is to leave for California. Mrs. Gatchell is confined to her home at the present time with an infection in her ankle and her trip will be postponed for about three weeks.

The Rev. John Fitzgerald of New York spent Wednesday night with his sister, Mrs. Lewis Phelps.

Mrs. L. B. Whitcomb, who has been very ill with tonsillitis for a past week is now getting better.

Practically all the local managers of the A. & P. stores in town attended the Great Atlantic and Pacific Tea Co.'s managers' association picnic held at Goodwin Park, Hartford yesterday.

COW POISONER BOUND OVER AT HEBRON TRIAL

Hebron, Conn., June 21.—The case of Robert Lester, accused of poisoning cows owned by Louis Ellenberg, a New Yorker who has a farm in Hebron, was tried before Justice of the Peace H. Clinton Porter, Friday, June 18, at 2 p. m.

Lester, who is only 16 years of age, confessed that he did the poisoning to avenge what he considered was unjust treatment of his uncle, Albert Egan, who has some time previously been hired to take care of Ellenberg's stock.

The renovation of the entire park has now been completed and Capitol Park now presents an appearance that by far outshines any and all previous decorative schemes.

Lester was found guilty and bound over to the next term of the Superior Court in Rockville. Hart E. Buell of Gilead, was appointed guardian for the boy, and the father's uncle, Paul Roberts, a Marlborough man, gave bonds for him.

Mr. Ellenberg says that his losses have amounted to about \$1000. In this case, as his poisoned cows were his best ones, and he has been

CARNIVAL OPENS TONIGHT AT CAPITOL PARK

The most momentous week in the season is scheduled to start tonight at Capitol Park, Hartford's wonderful amusement park on Wetherfield avenue, and the opening gun will be fired with a program of seven all star amateur bouts, held under the auspices of the Connecticut Amateur Athletic Union.

Yesterdays capacity attendance in the park and the swimming pool taxed the resources of the big organization operating it, and tonight an even larger attendance is looked for.

# Today!

The most sensational development  
in OIL HEAT history:

## THE NEW Silent NOKOL

It is commanding the attention, the interest of America's thinking home-owners right now. Because it changes all past ideas of automatic oil heating for homes. Because it surpasses all comfort records of the past. You can see it in operation—here—today.

CROWDS of people who own homes in this city and territory are filling our show-rooms—day after day—to see the new Silent NOKOL in operation.

It is, on every count, the most important development in home-heating methods since—nine years ago—NOKOL made it possible to heat homes automatically, with oil as fuel.

A fifteen-minute visit will give you a valuable and entirely new idea of the comfort now possible in heating any home—large or small.

#### What you'll see:

You'll find the same efficient NOKOL which has been heating more than 29,000 homes for periods up to nine years . . . BUT:

You'll find operating noise now cut to the vanishing point!

You'll find the same NOKOL which has given all these homes fully automatic heat at lowest known cost . . .

Now made more efficient than ever before!

You'll discover why NOKOL does not have to burn dirty, foul-smelling, low-grade oil-fuel in order to heat a home with economy. Why there is

never any odor—with NOKOL heat; never any oil dirt, any soot.

In short—you'll find the same NOKOL which has established all present records for comfort with automatic oil heat . . .

Now capable of still greater comfort—by one simple betterment.

#### Every question answered!

Right here—today—the new Silent NOKOL is operating, just as it would operate in your present heating-plant.

We're here, to answer questions—if you wish—rather than to sell you something.

You'll find it one of the few automatic oil burners made in adequate range of sizes to fit every heating plant, every home—large or small.

No matter how much or how little you've considered oil heat—see it. No matter how your home is now heated—see this new factor in the science of modern comfortable living.

## THE NEW Silent NOKOL

First domestic oil burner listed by Underwriters' Laboratories; approved by all leading safety boards  
Manufactured and guaranteed by AMERICAN NOKOL COMPANY, Chicago

TO RENT—Centennial apartments, four rooms, steam heated, front porch, janitor service, gas range, refrigerator and in-a-door bed furnished. Call Manchester Construction Co., 2100 or telephone 782-2.

FOR RENT—Two room suite in new Johnson Block, facing Main street. All modern improvements, including hot water. Apply to Aaron Johnson, 62 Linden street.

## THE ROMANCE OF AMERICA

On June 17, on the Rosebud, Crook battled with the Sioux. He fought all day and then wisely withdrew, having struck a hornet's nest. Then the Sioux moved to the next stream west, the Little Big Horn. Unaware of Crook's defeat, Terry sent Custer, with the Seventh Cavalry, to scout along the Rosebud, planning to rejoin him at the junctop of the Big Horn and the Little Big Horn.

## General Custer (2)

—By Redner

On June 24 Custer's scouts informed him that the Indians were located on the west bank of the Little Big Horn, and Custer prepared to attack.

In the hope of trapping the Indians by strategy, he formed his troops into three divisions, keeping five companies and splitting six between Major Reno and Captain Benteen.

Captain Benteen traveled two miles to the left and Major Reno proceeded midway between Custer and Benteen. In this formation, the parallel columns swept over the divide. Custer rode at the head of his troops, togged out in a coat of Indian-tanned, beaver-trimmed buckskin, a broad-brimmed hat and light riding boots. There was much of the pomp and panoply of war (CONTINUED)

base on balls, off Georgetti 2; Edgar 3; Tunney 2; umpires, Dwyer and Russell.

## DIAMOND DUST

The Reds held on to first place by a margin of one point in the National League, by splitting a double header with the Cubs. Carl Mays pitched the league leaders to a five to one victory in the opener, while the Cubs took the nightcap, four to three.

Pittsburgh made it three straight from the Giants as Aldridge whitewashed the New Yorkers, eight to nothing.

Jerry Standsert, Brooklyn's substitute infielder, was all that stood between Willie Sherdel and a no-hit game as the Cardinals slaughtered the Robins, nine to nothing. Sherdel yielded only two hits and Standsert got both of them, one with two out in the ninth.

A double by Willie Kamm enabled the White Sox to nose out the Yankees, four to three, and the Cleveland for second place.

The Indians blanked the Red Sox, one to nothing, with Miller pitching invincible ball. Heimach, making his first start for the Sox, also was in great form.

Philadelphia lost to the Tigers, 8 to 3, and fopped to fourth place. The Athletics played as if they wore rubber gloves, making six errors.

## BON AMI NINE EASY WINNER

Defeat Kensington in League Game by 9-3 Score; Godek Pitches Well.

Playing errorless ball, the Bon Ami baseball nine triumphed over Kensington in a league game at Hickey's Grove Saturday afternoon. Jack Godek pitched superb ball. His mates hit hard and timely. The score was 9 to 3.

With the score deadlocked at three all in the sixth inning, the locals started a rally which netted them three runs and a victory. Thompson singled and scored on McLaughlin's double. Coleman was hit and advanced on an out. Both he and McLaughlin scored on Godek's single. Not being content with this lead, the Bon Ami knocked out two more runs in the next inning when McLaughlin again doubled with two runners on the sacks and then added another run in the eighth.

East Berlin comes to Manchester to oppose the Bon Ami team next Saturday.

## LAURELS WIN 7-3 AGAINST HARTFORD

The Laurels defeated the Cardinals, Jr. of Hartford in a fast game yesterday by the score of 7 to 3.

The Laurels who have been in a slump for the last three weeks, were on a batting spree getting 14 hits, five of which were for extra bases. Conley, an Industrial League star, was the big gun in the Hartford team's attack, starting their scoring with a home run in the first inning. After that Faulkner was hitting the master of the situation, striking out 14 batters and letting his opponents down with two hits.

Metz and Kerr were the main cogs in the Laurel attack, getting six hits between them. The Cardinals scored in the first, sixth and seventh innings, while the Laurels had big innings were the first and fifth. They also scored in the second and eighth. The summary:

## SONS WILL PLAY NEW DEPARTURES

Bristol Team Due Here on Thursday with Usual Line-up—Lanning to Pitch.

Manchester and Bristol will resume hostilities this week when the Sons of Italy entertain the New Departures at the West Side. It will be the first time this year that this team has played in Manchester and it is expected that the fans will be on hand to welcome the old enemies.

Bristol will bring three pitchers. One will be our old friend Lester Lanning, the boy with the Indian sign and the others are Thorpe and Brooks. The remainder of the lineup will be the same as in other games here and will include Scott, Forslund, Goodridge, Reilly, Harlowe, Malin, Hornheimer and Clyde Waters.

The team is being brought here at a guarantee higher than that given to any other visiting aggregation this year and the Sons' management is asking for a large crowd at the contest. That the game will be a good one goes without saying for Bristol always provides lots of thrills against a Manchester team.

Everybody wants to run our government. But it just works along.

## BOXING BOARD CAN DROP JACK Unless Dempsey Answers by Tomorrow He May Lose His Title.

BY DAVIS J. WALSH

New York, June 21.—Unless his silence on the Willis challenge is broken by tomorrow—and the intelligentsia will quote you 100 to 1 against it—Jack Dempsey either will be read out of his title, or, if he is not, he will be suspended by the New York State Athletic Commission. This action was forecast today by Chairman James A. Farley, 24 hours in advance of Tex Rickard's oft-postponed visit to the commission for some weeks, seems to be ordained by the fact that tomorrow also marks the deadline set by the board for Dempsey to come to the line on the Willis issue.

## No Predictions

Farley declined to anticipate the nature of the action that will result when Dempsey turns up missing again, either in person, which is geographically impossible, or by proxy. However, it was pointed out to the chairman that a mere suspension would defeat his reputed ground for some weeks, seems to be ordained by the fact that tomorrow also marks the deadline set by the board for Dempsey to come to the line on the Willis issue.

## EYE TESTING

# KOTSCH BREAKS ANKLE; SONS OF ITALY DIVIDE

### Veteran Coach Injured Sliding—Out for Season; Locals Lose to Florence; Defeat Middletown.

Misfortune followed the Sons of Italy on their week-end games. They lost Saturday to the Florence, Mass., team and in the game with the Middletown Sons of Italy yesterday Sam Kotsch, right fielder and coach, broke his ankle while on the way to second base. Sam will be out of the game for the remainder of the season.

Although they out-hit the Florence Braves seven to two, the Sons failed to connect when the hits were needed. The home team scored a run in the eighth inning and the Sons went scoreless. Mantelli was the bright light of the game, his three hits being high for both teams.

Fisher's work on the mound was wonderful and his support was good. Except for that eighth inning when the Braves made their only two hits, he had the game well in hand all the way. The Sons hit in every inning but the second, fifth and seventh and in the eighth had three men on bases but nobody hit. Thirteen men died on the paths.

Florence scored its run when Matthews, the first man up in the eighth frame, singled. He was advanced to second on Jones' sacrifice and scored when Coakley singled.

Sunday's game against the Middletown Sons of Italy brought with it the injury of Kotsch. The local team had made all its runs and Kotsch had singled. He was about to start for second base on a steal when his coach told him not to slide but to come into the base standing up. He was almost in position for a hook slide but he ran into the base which had worked loose and his ankle was snapped. He was taken to the Middlesex hospital and was treated by Dr. Sweet, the well known bone specialist.

Holland, pitching for the Manchester Sons, kept the opposition on the run most of the time and held Middletown to three hits while the Sons were making 13. It was Ballese's big day and he made the most of it, rapping out three hits out of five times to the plate. Kotsch had made three hits, one a double, before he was injured.

Manchester scored in the third, fourth and fifth, bringing across seven runs in the latter frame. Four errors and three hits did the trick and at that there were three men left when the last man in the inning was put out. Ding Farr, formerly of the High school team, made his first appearance with the Sons yesterday and banded out

two hits out of four trips to the plate. The summary:

# WRIGHT HITS HARD AS ST. MARY'S WIN

### Springfield College Star Raps Out Four Hits—New Britain Is Defeated 15-8.

Gil Wright, captain-elect of Springfield College baseball nine, featured in the 15-8 victory which the St. Mary's pounded out in New Britain yesterday at the expense of the Rangers. Wright made four hits and scored five runs; he was hit once and grounded out to second base once. His fielding was also perfect.

Pete Partons also hit hard. He rapped out three hits, one of which went for a double. Hammie Mullens started for the Saints. He pitched good ball until the seventh when he was hit rather freely with the result that Seelert finished the game. The Saints knocked Turner out of the box in the sixth and Adamitis, High school star, finished the route. Both were pounded extra hard. The Saints made seventeen hits. The Rangers also hit hard collecting fifteen bingles.

It was clearly a day for batters and not for pitchers as the box score reveals. The Saints took a commanding lead in the opening inning and managed to keep well in front for the remainder of the contest. Krause starred for New Britain.

# The Dawn of a Better Cigarette

# 55 inches of the world's finest cigarette enjoyment ~ 15¢

THE world moves. This year's motor car is better than last year's. There were good radio sets on the market three years ago—but they can't keep company with the sets they're making today. The inventor, the scientist, or the chemist who begins his work today—builds on the discoveries of yesterday and improves on them. For many years there have been a number of good popular-priced cigarette brands on the market. But when Lorillard started to create and perfect a new 15c cigarette it had the advantage of all that had been done before—plus its own resources for improving on the old standards.

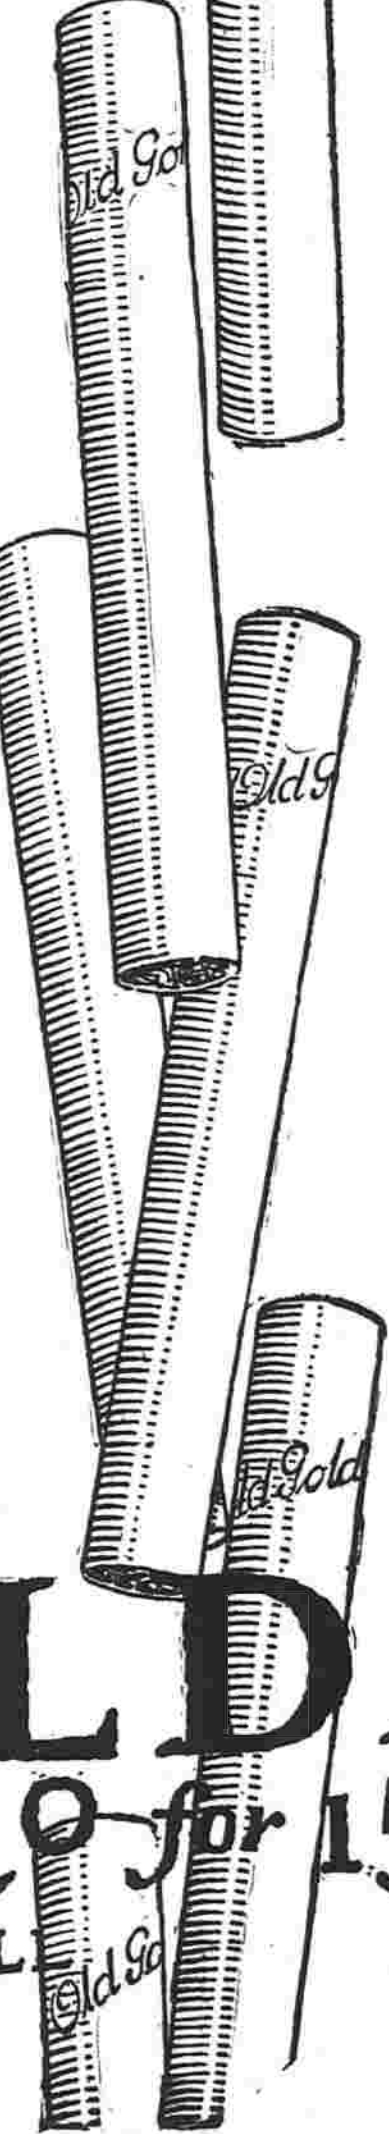

So OLD GOLD represents a super-cigarette. It embodies all the merits of the old—with new refinements in taste, in delicacy of aroma, in smoothness and mildness—which new-day science and modern resources have perfected. There are 55 inches of the world's finest cigarette enjoyment in one package of OLD GOLDS. Try one—and you're won.

# MERIDEN NEW DEPARTURE NOSES OUT C. B. A. A. 31-30

### Wins Annual Track and Field Meet After Red Hot Competition—The Results.

Before an exceptionally large attendance, Cheney Brothers were nosed out 31-30 by Meriden New Departure Saturday afternoon in the annual track and field meet in which four other manufacturing concerns competed. New Haven Federation, winners last year, finished third. Crompton-Knowlton of Worcester was fourth and the International Silver Company of Meriden fifth. The New Departure failed to score a single point.

In the evening Bill Tasillo's 169th Regiment band rendered a two-hour band concert which was well received. The track and field competition found Cheney Brothers and the Meriden New Departure closely matched. Meriden won four firsts, two seconds, three thirds, four fourths, four fifths, four sixths, four sevens, four eights, four nines, four tens, four elevens, four twelves, four thirteens, four fourteens, four fifteens, four sixteens, four seventeens, four eighTEENS, four nineteens, four twentieths, four twenty-firsts, four twenty-second, four twenty-third, four twenty-fourth, four twenty-fifth, four twenty-sixth, four twenty-seventh, four twenty-eighth, four twenty-ninth, four thirtieth.

Sheridan won the 220 yard dash with ease, outprinting the rest of his opponents. In the 880 yard relay, Bray of Manchester, placed first after trailing until the last half lap of the track when he started a sprint that won him first place. McCavanaugh ran first for Cheney Brothers. He trailed Benfield of Meriden slightly and Schubert proceeded to close the gap a trifle. Douglas reduced the gain on Crump. Meriden runners lead at Spencer's expense and then Billy Shields won the event by outprinting Seracki in the final round. He trailed at first but won on a better sprint at the finish. The summary of each event follows:

100 yard dash—20 entries. First Heat—Won by Seracki, Meriden New Departure Co. Time 11:02 seconds. Second Heat—Won by McKay, Cheney Brothers. Time 10:02 seconds. Third Heat—Won by Shields, Cheney Brothers. Time 11:02 seconds.

Fourth Heat—Won by Schubert, Cheney Brothers. Time 11:02 seconds. Finals, 100 Yard Dash—Won by Seracki, Meriden New Departure; second, McKay, Cheney Brothers, Manchester; third, Schubert, Cheney Brothers, Manchester. Time 10 3-10 seconds. Shot Put—Won by Walsh, Meriden New Departure, distance 45 feet, 7 1-4 inches. Second, Dexter, Cheney Brothers, Manchester, distance, 40 feet, 40 inches. Third, Schubert, Cheney Brothers, Manchester, distance 38 feet, 4 inches. 880 Yard Run—Won by Bray, Cheney Brother, Manchester; second, Casher, New Haven Federation; third, Murvanick, Meriden New Departure. Time, 2 minutes, 11 1-2 seconds. 220 Yard Dash—Won by Sheridan, Cheney, Brothers; second, Laturer, Bristol, New Departure. Time 25:03 seconds. Second Heat—Won by Greenwood, New Haven Federation; second, Benfield, Meriden New Departure. Time 26:02. Final, 220 Yard Dash—Won by Sheridan, Cheney Brothers, Manchester; second, Greenwood, International Silver Co., Meriden; third, Benfield, Meriden New Departure. Time 26 3-10 seconds. Mile Run—Won by Crump, Meriden New Departure; second, McMahon, New Haven Federation; third, Hawley, Cheney Brothers, Manchester. Time 4 minutes, 9 seconds. Running High Jump—Won by Essex, Crompton & Knowlton, Worcester, height, 5 feet, 6 inches; second, Walsh, Meriden New Departure, height, 5 feet, 5 inches; third, Dexter, Cheney Brothers, Manchester, height 5 feet, 5 inches. 550 Yard Dash—Won by Brown, New Haven Federation; second, Walsh, Meriden New Departure; third, Spencer, Meriden New Departure. Running Broad Jump—Won by Proctor, Cheney Brothers, Manchester, distance 19 feet, 3 inches; second, Seracki, Meriden New Departure, distance 18 feet 9 inches; third, Crump, Meriden New Departure, distance 17 feet 1 inch. Relay Race (five men teams)—Won by Cheney Brothers, Manchester—McCavanaugh, Schubert, Douglas, Bray and Shields. Time 3 minutes, 37 1-2 seconds. Second, Meriden New Departure—Benfield, Reynolds, Crump, Spencer and Seracki. Third, New Haven Federation—Bence, McMahon, Weldon, Casher and Brown.

# RALLY IN SEVENTH WINS FOR LOCALS

### Shamrocks Defeat Willington 8-5—Pospisil Shines at Short for Losers.

A three run rally in the "lucky seventh" gave the Shamrocks an 8-5 decision over the fast Willington team at Hickey's Grove yesterday afternoon. "Vin" Farrand was on the hill for the home team and performed in an excellent manner. He struck out five and walked but two batters. Singles by Massey and Farrand, a double by Kelley, and an error by the visiting first baseman gave Manchester the much needed three runs in the seventh.

The Shamrocks were hitting with men on bases yesterday and this figured prominently in the outcome of the game. Willington, on the other hand, made a few misplays that hurt the chance of Royce, the pitching ace. Foster, the Shamrock's new center fielder, performed brilliantly making a great running catch of a line drive in the sixth and also making a wonderful peg to the plate cutting off a run. Rudy Pospisil played with the Willington team but he did not pitch. He played short. In his five trips to the plate, the Trade School star, slammed out two singles, hoisted two flies to short and was hit by a pitched ball. He also scored a run. One of his singles came in the fifth with the bases loaded and showed two runs across the plate.

The Shamrock's will practice tomorrow and Friday evenings at Hickey's Grove at 6 o'clock. Bill Brennan will be in charge. Bowers will appear in the Shamrock's lineup next week.

ERNEST LYNN, author of THE YELLOW STUB

The names and situations in this story are fictitious.

### CHAPTER I

THE little room with its white walls and a clean-scrupulously clean floor—there was a smell of mysterious chemicals. There was a white bed, a dresser, a little white table and two plain white chairs—nothing else. And John, gazing at the empty furniture, tried to sit still and compose his thoughts, but found it impossible. In a minute he was back on his feet, pacing nervously back and forth.

He paced before one of the room's two windows, tapping with thumb and forefinger at the upper lip and making a mark up at the silent June stars. He looked at the clock in his pocket. He looked at the door. He looked at the window. He looked at the door. He looked at the window. He looked at the door. He looked at the window.

Fay Milburn

A slender nurse, looking tremulously at Fay, stepped forward, her hands clasped in front of her. "Mr. Milburn," she called softly, "may you go in to see your wife?"

"This is the first baby, isn't it?" the nurse said smiling.

"Yes," he answered, and added hesitantly, "isn't it?"

"Oh," said John, feeling that something must be said.

"You behave pretty well," volunteered the nurse with a smile as she conducted him down the hall.

"She's downright good looking," he thought.

"Right in here, Mr. Milburn," said the nurse, turning the knob.

He swung the door open silently and then closed it behind him.

"All right, Fay?" He tried to make his voice cheerful.

His wife opened her eyes—they were large eyes and extraordinarily dark—and put out a slim white hand to him.

"I just want you to be here with me as long as you can," she continued, and for answer he pressed her hand again.

She said nothing; she merely closed her eyes for a brief second and then lay watching him.

"I can't stand it, Fay," he whispered hoarsely. "It gives me the creeps to stay in here. The smell of that ether, or whatever it is—"

"When my mother died she left to me in her will the Morton Department Store among other things. She made Mr. Robinson the executor of her will and the manager of the store.

"I have always called him Dad—has always been quite like a father to me, and as I have known ever since my mother died I must confess I have been rather rebellious about it."

"I expect I am formal because when I accepted the invitation to your party I did not know that you were the daughter of my employ-

"Fay," he said, and his voice shook, "you're more beautiful at this moment than I've ever seen you before. I think I can understand now something of the inspiration that caught Raphael and Michelangelo and Da Vinci and made their work live and breathe and glow. God, if I could paint or etch or marble!"

"You're so brave, dear," he murmured, bending over her closely. "You seem so calm, and I'm so nervous I can hardly control myself. I feel that I want to get outside and run away."

"What's the matter, Fay?" He was eying her anxiously.

"Nothing, John, I'm all right," she smiled reassuringly at him and reached a hand to smooth his forehead.

"The odor of anesthetic was suddenly strong in his nostrils and it brought him a quick fear. He got to his feet and took an uncertain step or two. "Fay, I have to get out."

"I just want you to be here with me as long as you can," she continued, and for answer he pressed her hand again.

"I can't stand it, Fay," he whispered hoarsely. "It gives me the creeps to stay in here. The smell of that ether, or whatever it is—"

When he reached the street again a dull gray light was beginning to stretch up out of the east, the herald of day. John lit another cigarette, threw it away before it was half smoked, and then brought forth another. He walked rapidly through the streets watching the dawn. Once he stopped on a corner to gaze half reverently at the magnificence of the orange-streaked east. Still looking, he clenched his fists and threw up his chin. But the swiftly gathering light seemed to speak of passing time. He reached quickly for his watch and then turned in at the hospital gate.

Going up the short flight of stairs, he was struck with foreboding. A worried look passed over his face and unaccountable terror quickened his legs as he finished the climb, two steps at a time.

The friendly nurse was not in evidence. There were, one sitting at a desk and several more passing swiftly through the halls, but all seemed intent on their own business and none paid him any attention.

At the door of the room where he had left Fay he paused and was about to knock when it was opened and a austere-looking nurse, suddenly confronting him, said in a severe tone: "You can't come in here. Go to your own room and wait."

"You go—" he started to say, and then stopped. "What do you think I am—a dog?" he muttered.

He stood for several minutes gazing helplessly at the door, trying to pierce the mystery of the barred entrance. The severe nurse came back, carrying some bottles.

"You'll have to go to your room," she commanded. "It's against the rules to stand in the hallway if you don't have to speak to the superintendent."

She stood there waiting for him to move. Then she opened the door and disappeared.

John heard dim voices from within the room. He stumbled blindly down the hall, hot resentment filling him for the nurse's unkind tone.

"There's your room, Mr. Milburn. No, not there—right over there," she laughed and turned to another nurse who had stopped at the desk and said something which John could not hear. They both laughed and looked at him.

"What are they doing in the hallway about it?" he wondered. A dreadful thought turned his face to a sickly pallor. They wouldn't be so anxious to keep him out unless something had gone wrong.

"Why are they so damned mysterious about it?" he raged, and sprang to his feet and resumed his tormented pacing across the room.

"Heard a door open and the voice of the arrogant nurse saying, 'All right, doctor come in.' His face an expressionless mask, moving toward a laboratory."

"Why did I leave Fay so soon?" he accused himself. "Why didn't I stay until the doctor came?"

"Plumes, tiaras, gilettes waved aloft from the topknots of 15 American maidens and matrons presented at court a few days ago. Just a few minutes and the labor of months was over. For behind each court presentation is a story of hours of nervous energy consumed in being trained to kneel and bow gracefully. And the court costume which must be just so in every detail and must cost at least a thousand dollars is too formal for any lesser events in a court presentation's life. But still, she can say forever after, "When I was presented at court!"

"Old Men and Cigaretts." "Cigaretts smoked by young girls are improper; by older women, intolerable." So said General Eric Ludendorff divorcing his old wife, a woman who is to be wed a new wife who is a noted feminist and author of various books on sex subjects. Some might say something about the frying pan and the fire.

"FOR GILT FRAMES" Clean gilt frames by covering with a cream of whitening and alcohol after wiping and brushing away all possible dust.

## The WOMAN'S DAY

By Allene Sumner

Perfume Fads. Light flower scents for the stay-at-home evening. No perfume for the golf course or the bridge path. Exotic heavy perfumes for the drama. These are some of the latest perfume style notes from the arbitrary world of Fashion. It is in better taste, says the same dogmatic gal, to match perfumes to different gowns than to use one individual perfume for all outfits. I am sure that the sisterhood is much relieved to be set at rest on this weighty subject.

"No Time." "How I envy you people who have time to do things!" is a moan that any "writing" person often hears! In my morning mail came a note from Dorothy Walworth Carnan, author of that spicy tome "The Pride of the Town," about which I have herein raved before. Mrs. Carnan writes me—"I write my books while doing my own work and taking care of my baby, too. I wrote my first one, 'Faith of Our Fathers,' while she was teething, and I wrote whole chapters of my record on top of the kitchen table with one eye on the frying pan. I wanted to write so much that nothing could stop me!"

Not Cool Weather! I am about to speak of something which is by no means "hot weather stuff." But the plea of "Serious" cannot be denied. "Serious" writes that for the first time in 10 years she is to have a real vacation—and I want to know something about beginners' books?"

"Book-of-the-Month" A very novel new commercial scheme is a Book-of-the-Month Club which should be a bonanza to busy ladies and clubs that "want to keep up." A selecting committee composed of big names in the world literary, selects each month the best book of the month which is mailed to a club member. If the book received is not really desirable it can be returned for another selected from a list of several months' books.

"At Court" Plumes, tiaras, gilettes waved aloft from the topknots of 15 American maidens and matrons presented at court a few days ago. Just a few minutes and the labor of months was over. For behind each court presentation is a story of hours of nervous energy consumed in being trained to kneel and bow gracefully. And the court costume which must be just so in every detail and must cost at least a thousand dollars is too formal for any lesser events in a court presentation's life. But still, she can say forever after, "When I was presented at court!"

Old Men and Cigaretts. "Cigaretts smoked by young girls are improper; by older women, intolerable." So said General Eric Ludendorff divorcing his old wife, a woman who is to be wed a new wife who is a noted feminist and author of various books on sex subjects. Some might say something about the frying pan and the fire.

FOR GILT FRAMES Clean gilt frames by covering with a cream of whitening and alcohol after wiping and brushing away all possible dust.

## VACATIONS READY-MADE! FOR KNICKERS OR EVENING GOWNS

Ward G. Foster, whose "Ask Mr. Foster" has started thousands a-tripping, shown in Florida; party of tourists at Lake Louise, Canada.

By Hortense Saunders New York.—America, land of cafeterias, efficiency kitchens, and ready-to-wear clothes, has finally standardized the yearly pilgrimage known as the vacation.

We now have the ready-made vacation, as first aid to the frantic pleasure seeker.

"No other people travel as much as Americans do, or take their vacations so seriously and intensely as we," says Ward G. Foster, whose cheery invitation to "Ask Mr. Foster" has resulted in so many queries he maintains bureaus all over the country to answer them.

Globe Trotters Now. He has watched us change from a homeloving people whose idea of a vacation was a fortnight or so at the seaside, mountains or a farmhouse, to a nation of globe trotters who think nothing of rushing to Europe or the South Seas for two weeks.

"The vacation idea is changing," he declared. "Once it meant rest. Today it means travel. Men take that attitude as much as women."

That is why every nation sends its representatives to solicit our travel business. Greenland begs us by poster to investigate its icy mountains. All the East-of-Suez country teases our fancy with photographs of pagodas and palms. Australia plugs for kangaroos on their native heath.

All the world begs America to come and see her—because we are such good travelers, good spenders—and so glad for any excuse to travel.

Steamship companies now offer flat tours for given rates. The price of a man's or a woman's eyes and nose you leave home what your 24 days—more or less—on the continent

Home Page Editorials Kindness Needs Finding by Olive Roberts Barton.

Nothing leaves a song in the heart like real kindness. Not the superficial cultured sort of kindness, but the kind that looks out of a man's or a woman's eyes and says: "I like you and I want to do something for you."

Three times in one day last week I received more kindness than I deserved, and from strangers.

First there was the man at the filling-station. It was raining cats and dogs. We had lost our way. We stopped the car, not under the porte cochere of the gas station, but down on the road and hailed the proprietor, asking the nearest way to R. . . .

The man, not in grease covered overalls, but evidently dressed in his Sunday best for some gala occasion, came out to the car in the downpour. "I'll have to explain," said he with a wonderful smile. "There's a detour. . . ." and so on.

We were conscience stricken. "Oh, you mustn't stand there, you're getting soaked," I said. "We should have driven in."

"Oh, that's all right, I'll dry," said he cheerfully. "And I know what it is to lose your road in the rain. And this road is hard to find."

I knew he didn't mind—one look at his face told me that.

The same day we spied a special kind of hearth brush in a store window. It was a brush I had been seeking for months and I had to have it. It was five, and closing time. But the same manner of man opened the door for us, uncovered his cases and treated us like royalty. "Certainly you may come in," he said cheerfully, and stood by patiently while I made up my mind about size and color.

Again it happened—that night! A hurry-up call at the drug store—this time at eleven-thirty. A tired but obliging clerk with his hat on to go home. The President's wife could not have received more courtesy.

"It's a sweet old world, sometimes," said I, as I pulled up the covers.

Ward G. Foster.

are going to cost, to the last penny. These ready-made trips are ideal for those who must consider the cost.

"Rates are calculated down to the lowest possible figure for a group, and are considerably lower than would be possible for one person. You know in advance if you can afford a trip or if you find yourself in Havre looking longingly toward America without even the price of a third-class passage after your investigation of Montmartre cafes.

"Also, you are rid of much tiresome detail, which, if you are a typical American, you hate. The only disadvantage is that you cannot linger over stops that intrigue you. You have to keep moving."

But we don't all travel in Europe of course. The larger proportion of us see some new spot in our own country annually.

The motor bus is constantly increasing in popularity as a means of travel," he explained. "By this method you avoid noise, see the scenery to advantage, pass through the most interesting streets of the cities and towns through which you travel—and are not exerting yourself as when you are driving your own car."

"Bus lines have united sections that once were alienated by inadequate railway facilities. They are

transverse all parts of the country, and are most plentiful in the western country, Arizona, Yellowstone Park, California and all the Canadian Northwest.

The ready-made vacation is the cheapest. The most expensive is where you must hire your own transportation, and be at the mercy of those who exploit the tourist."

Traveling at best is not cheap, he admits, but the time to do it most advantageously is in the off season. Since most of the world gets its two weeks off and pay in July or August, select May or September or October if you want elbow room here or in Europe.

All Seasons Good. There is no longer any season in traveling.

"Cruises to the West Indies, to Florida, the Canal Zone, and Bermuda are as popular in summer as in winter. People aren't afraid of the cold. They are like radio enthusiasts—they don't want the music, but the station."

"Every portion of this country offers something in the way of a vacation. The west and southwest are exceedingly popular, and the east, of course, is crowded with small as well as fashionable resorts."

"The Great Lakes offer a most delightful combination of land and water. The Canadian Rockies are rich with Lake Louise, Banff, and other beautiful spots well equipped for vacationists. The Canadian Pacific even provides bungalow camps for tourists."

"In fact, the whole world is mobilized for the vacation season. And America is engaged in seeing the world."

SAVE THE BRUSHES All brushes should be kept clean and scalded by dipping to the back and no deeper in boiling water. Then dry in the open air, with the brush side down.

Women Rave Over New French Powder A new kind of face powder is here. Made by a new French Process—starts on until you take it off. Pores and lines do not show. Not affected by perspiration. Gives life and beauty to your complexion almost unbelievable. It is called MELLO-GLO. You will love it. J. W. Hale Co., So. Manchester.

"The Cleaners that Clean" Look Your Best on Fourth of July; everybody is out in Sunday attire, and the man whose suit is mussed or unpressed will feel very much out of place. Give 1510 a call right now and we'll have your clothes spick and span, ready for you to slip into next Sunday morning.

## HER OWN WAY

A GIRL OF TODAY A NEW EMPLOYER

"Dear Judy, I am so glad that you have come. You know, I told you my father would be out this evening and I would be all alone."

"It is certainly sweet of you to ask me on such a slight acquaintance, Miss Meredith," I said as I followed her toward the drawing room.

As I spoke she turned and looked at me closely, and I started in shocked surprise. She looked ghastly. I had never seen such a change in anyone in my life. All the girl's fitness had left her mouth which had settled in lines of utmost sadness.

She hadn't expected to hear me speak so formally. I was sure of that, for as I called her Miss Meredith a mist of hopelessness settled over her eyes, and I instinctively felt that I had failed her and she was desperate. I hastened to explain myself.

But before I could do so Joan had recovered herself somewhat. She was a brave little thing, but now she looked at me reproachfully.

"What has come over you, my dear girl? Why so formal all at once?" "I expect I am formal because when I accepted the invitation to your party I did not know that you were the daughter of my employ-

## Care for the Expectant Mother

BY DR. HUGH S. CUMMING

Surgeon General, United States Republic Health Service

All expectant mothers should be under the care of a physician if this is possible, and should, of course, undergo a thorough physical examination.

Examination of the urine is of the utmost importance, and such examinations should be repeated frequently in order to detect conditions, the neglect of which may jeopardize, even sacrifice, the lives of both mother and child.

If the expected baby is the first one, the physical examination made by the doctor should invariably include a measurement of the pelvis. In no other way can it be determined that a pelvis is not reduced in size or otherwise deformed, conditions which make for serious trouble, and a knowledge of the existence of which enables the doctor to determine beforehand the nature of the assistance he will be called upon to render at the critical moment.

Brick dust is invaluable for removing spots on steel or for polishing pewter or copper.

Feeble-mindedness An examination of the blood should be made to detect hidden conditions which if left undetected might, and often do, result in a diseased child, a child that may even be feeble-minded.

Much of our present feeble-mindedness could have been prevented, and many morons would today be useful citizens if their mothers had been properly treated for diseased conditions in time.

Expectant mothers should have an abundance of fresh air, good plain wholesome food, daily recreation, diversified tasks that are not too taxing on her strength, adequate rest and sleep, and they should be free from worry.

Selecting Diet Diet should be selected with the view of avoiding the necessity for the use of laxatives, but if the diet does not accomplish this result, then a simple laxative should be taken on the advice of the physician.

During the latter part of her expectancy, the mother should see her physician, or send him a specimen of urine for examination every two weeks. She must not forget to partake freely of liquids. Drink plenty of water.

Headache, if persistent, or if sudden and severe, should be reported to the physician, as should also swelling of the face, hand or increasing swelling of the ankles, should they occur. Medicine should not be taken except on the advice of the physician.

Philadelphia's Sesqui-Centennial Exposition re-echoes in the world of fashion. Here is Dorothy Duell, of Broadway, wearing the "Liberty Bell" hat, created by Bruck-Weiss.

Brick dust is invaluable for removing spots on steel or for polishing pewter or copper.

When I accepted the invitation to your party I did not know that you were the daughter of my employ-

When I reached the street again a dull gray light was beginning to stretch up out of the east, the herald of day. John lit another cigarette, threw it away before it was half smoked, and then brought forth another. He walked rapidly through the streets watching the dawn. Once he stopped on a corner to gaze half reverently at the magnificence of the orange-streaked east. Still looking, he clenched his fists and threw up his chin. But the swiftly gathering light seemed to speak of passing time. He reached quickly for his watch and then turned in at the hospital gate.

# ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

The alligators kept spinning the Twins around until you couldn't have told them from tops.

"Oh, dear!" gasped Nancy. "My goodness!" cried Nick. "Aren't they cute?" laughed the fat alligator with the ruffles and the velvet basque. "Let's take them home to our children. They would make lovely bathtub toys. I wonder if they float."

But before Mister Alligator could answer, an enormous duck, quite as large as an elephant, waddled up.

"What are they?" he quacked. "We don't know," said the alligators, putting out her paw or her foot or her hand, or whatever it is alligators have, and stopping the Twins as they twisted. "But we think they are what you call people."

The duck bent over and looked at them closely—so closely that the Twins thought he was going to gobble them up. "Quack—very queer," he quacked. "They are neither frogs, worms nor turtles. So I suppose you are right. I shall take them home to my ducklings for playthings."

But before the alligators had time to say that he would do no such thing and that they intended to take them home themselves, a very large fish hopped up on his fins.

He put on a pair of eye-glasses and gazed at the Twins as though something weighty lay on his mind. Finally he turned to the duck and the alligators. "Do they squeak if you push on their heads?" he asked. "Have they whistles about them anywhere? Have you tried?"

"Why, no," said Mrs. Alligator, showing all her teeth. "I never thought of such a thing." And before anyone could stop her, she grabbed Nancy with one paw and Nick with the other and pushed hard.

"Ouch!" cried Nancy. "Ouch!" cried Nick. "That's fine," said the fish. "I shall take them home to my children."

"I just guess you won't," quacked the duck. "They're mine."

"Just listen," said Mrs. Alligator indignantly. "They belong to us, my dear sir. We discovered them."

"Why, you're only an old bathtub toy, both of you are!" said the duck. "You're made of rubber, and so is this old fish here. I've got real feathers. I'll have you know."

"You're only a Christmas-tree toy yourself," retorted Mister Alligator. "Your feathers are all pasted on and your bill is made of paper and your feet are made of wax and wire. So are your legs."

At this Mrs. Alligator grabbed the duck by the tail and Mister Alligator grabbed him by the neck and the feathers began to fly in all directions.

"I think I'll be going," said the fish unsmiling, putting his eye-glasses away in his pocket. "I'm not sure about my scales. I think they are only painted on, but if they should come off like the duck's feathers, I'd be a remarkable sight."

He hesitated a minute as he looked at the Twins, as though he had a notion to tuck one under each fin and walk off with them.

But he changed his mind and disappeared. "Let's run!" whispered Nick. "Stop them!" shouted the alligators.

But although dozens of hands and paws reached out for them, the Twins kept on going. At last they reached the end of the town and sat down on a stone to rest.

(To be Continued.)

**INTERNATIONAL ROW.** "What became of your Swedish cook?" "Oh, she got her Irish up and took French leave."—London Passing Show.

**FLAPPER FANNY says**

Fly paper doesn't draw as many flies as limousines do friends.

**LITTLE JOE**

YOUR HEREFTER, MAY DEPEND ON HOW YOU GET WHAT YOU'RE AFTER.

Here is the completed verbal wheel. The word forming the hub is "idleness," the one composing the rim is "laziness." Spoke-words: numbers 1 and 2 read from the hub out; numbers 3 and 4 from the rim in; numbers 5, 6, 7 and 8 are given from the rim in, but may be read either way. The following are the spoke-words: "idol, data, zeal, isle, noon, ease, sows and seas."

# SENSE AND NONSENSE

At the bedside of a patient who was a noted humorist, five doctors were in consultation as to the best means of producing a perspiration. The sick man overheard the discussion, and after listening for a few moments, he turned his head toward the troop and whispered with a dry chuckle: "Just send in your bills, gentlemen; that will bring it on at once!"

A woman who keeps perfect time when dancing rarely does so in keeping an appointment.

From the classified ads: LOST—Glasses, nose and case. Please return and receive reward. Please return in particular, his nose. The hay fever season is here now, and he needs it.

The Negro Reverend (reading service at a negro wedding)—Let him now speak or else heathen folk here hold his peace. Flustered Groom—I will.

Faster and Faster. Miss Elinor Glyn wrote a story. Elected to call it THREE WEEKS. A kindom near crashing Because of the Passion Of fictionalized Slovaks and Greeks.

The authoress penned a new novel. The title she used was ONE DAY. The book was just beautiful. Of prices most sinful. But more expeditious we'll say.

The next that appeared at the bookstore Was labeled most tritely HIS HOUR. The plot was immense. But the action condensed. And the hero still morally sour.

We wonder with some trepidation If next time she used her pen. She'll follow the table. And use some such label As TALES OF THE MINUTE MEN.

What is the difference between an old maid and a married woman?

I don't know. The old maid is not married.

Our typewriter almost invariably makes it "Wasting" instead of "Washington" and we've almost concluded that the machine knows what its about.

"You from the South?" "Yes, sir."

"What part?" "South Dakota."

A Jew was walking along, his face wreathed in smiles. He met a friend.

"You look contented enough with the world," said the friend.

"I am," answered the Jew, "my son is engaged to be married."

"Is he?" "No, no—Ikey."

Gladys says she found out that the dime novel has not disappeared. It costs \$2.00 now.

If you think clothes don't make the man, try to imagine a cop being impressed in pajamas.

Ardent Suitor—Madam, I implore you to allow me to be captain of your soul.

Attractive Widow—You can't be that; but you may be my second mate.

"Isn't so safe for youngsters to pester purps during the hot summer months for that is when every dog has his daze."

Mrs. So-and-so's son told a visiting neighbor that she was very pretty, which is why Mrs. So-and-so took said son to an oculist.

A farmer girl is knee-deep in daisies, while the city lass is knee deep in hosiery.

The rookie was a handsome guy. Now, watcha think o' that? He made a hit with all the girls. But never at the bat.

Any boy will follow in his father's footsteps—when he wants a nickel.

Mom's favorite cutting remark is, "Well, Dad, the grass needs mowing again."

**A PUZZLE A DAY**

Dan and Bob left San Francisco June 1, on a cross-country like to New York. Each carried a knapsack on his shoulder, and a dollar in his pocket.

They planned on working occasionally to make their road expenses. At the end of two weeks' hiking, they compared funds. Dan discovered that he had twice as much money as Bob. And that if Bob gave him \$2 he would possess three times as much. While Bob realized that if Dan gave him \$4 they would both have equal amounts of money.

How much money do you suppose Bob and Dan had at the time of the counting?

Last Puzzle Answer

Here is the completed verbal wheel. The word forming the hub is "idleness," the one composing the rim is "laziness." Spoke-words: numbers 1 and 2 read from the hub out; numbers 3 and 4 from the rim in; numbers 5, 6, 7 and 8 are given from the rim in, but may be read either way. The following are the spoke-words: "idol, data, zeal, isle, noon, ease, sows and seas."

# GAS BUGGIES or HEM AND AMY—Time Will Tell

**RUMORS THAT HE HAS RECENTLY ACQUIRED WEALTH HAVE REACHED HIM SO OFTEN THAT HE FINALLY BELIEVES THEM HIMSELF, AND AMY'S WARNING TO BE CAREFUL ABOUT ACCEPTING THE UNLIMITED CREDIT THAT HAS BEEN SUDDENLY THRUST UPON HIM FALLS ON DEAF EARS.**

AWHILE AGO YOU WERE LYING AWAKE NIGHTS WONDERING WHEN NEXT MONTHS RENT WAS COMING FROM, AND NOW JUST BECAUSE YOU'VE HAD A PLEASANT DREAM ABOUT THIS PETRIIFIED GAS SUBSTITUTE, YOU THROW MONEY AROUND LIKE A LORD--THE IDEA OF YOU BUYING A \$10,000 CAR-- IF YOU KEEP ON, YOU'LL OVERLOAD YOUR SHIP OF SUCCESS AND SINK IT BEFORE IT GETS IN-- YOU'RE COUNTING YOUR CHICKS BEFORE THEIR SHELLS ARE BROKEN--

TUT, TUT-- YOU OUGHT TO GET A JOB AS A SAFETY FIRST SIGN-- LISTEN-- WHEN EVERYBODY ELSE CAN SEE THE HANDWRITING ON THE WALL, IT'S ABOUT TIME YOU WENT TO AN OCULIST, AMY OLD DEAR--

IF YOU'RE GOING TO RIDE AROUND BEHIND A FRENCH CHAUFFEUR LIKE SOME MOVIE ACTOR, YOU NEEDN'T EXPECT ME TO TRAMP ALL OVER TOWN HUNTING FOR BUTTER AT A CENT A POUND LESS-- I SHOULD SAVE MONEY FOR YOU TO SQUANDER-- AND TO MAKE MATTERS WORSE, YOU GO AND JOIN THAT CLUB AGAIN-- SO YOU CAN PAY THEM DUES--

A MAN OF MY POSITION CAN'T LIVE LIKE A HERMIT!! IT'S BUSINESS WITH ME-- WHO WAS IT SAID YOU HAD TO SPEND MONEY TO MAKE IT?

ALL RIGHT, MR. SMARTY-- WHEN YOUR BUBBLE BREAKS AND YOUR EYES ARE FULL OF SOAPSUDS, DON'T COME RUNNING TO ME FOR A TOWEL-- REMEMBER THAT NOW--

(POOH-POOH-- WHAT TILLS RIM OUT OF GAS FIRST BEFORE YOU START WORRYING ABOUT THE NEXT STATION--)

**KIPPY**

THE AUTHORESS PENNED A NEW NOVEL. THE TITLE SHE USED WAS ONE DAY. THE BOOK WAS JUST BEAUTIFUL. OF PRICES MOST SINFUL. BUT MORE EXPEDITIOUS WE'LL SAY.

THE NEXT THAT APPEARED AT THE BOOKSTORE WAS LABELED MOST TRITELY HIS HOUR. THE PLOT WAS IMMENSE. BUT THE ACTION CONDENSED. AND THE HERO STILL MORALLY SOUR.

WE WONDER WITH SOME TREPIDATION IF NEXT TIME SHE USED HER PEN. SHE'LL FOLLOW THE TABLE. AND USE SOME SUCH LABEL AS TALES OF THE MINUTE MEN.

WHAT IS THE DIFFERENCE BETWEEN AN OLD MAID AND A MARRIED WOMAN?

I DON'T KNOW. THE OLD MAID IS NOT MARRIED.

OUR TYPEWRITER ALMOST INVARIABLY MAKES IT "WASTING" INSTEAD OF "WASHINGTON" AND WE'VE ALMOST CONCLUDED THAT THE MACHINE KNOWS WHAT ITS ABOUT.

"YOU FROM THE SOUTH?" "YES, SIR."

"WHAT PART?" "SOUTH DAKOTA."

A JEW WAS WALKING ALONG, HIS FACE WREATHED IN SMILES. HE MET A FRIEND.

"YOU LOOK CONTENTED ENOUGH WITH THE WORLD," SAID THE FRIEND.

"I AM," ANSWERED THE JEW, "MY SON IS ENGAGED TO BE MARRIED."

"IS HE?" "NO, NO--IKEY."

GLADYS SAYS SHE FOUND OUT THAT THE DIME NOVEL HAS NOT DISAPPEARED. IT COSTS \$2.00 NOW.

IF YOU THINK CLOTHES DON'T MAKE THE MAN, TRY TO IMAGINE A COP BEING IMPRESSED IN PAJAMAS.

ARDENT SUITOR--MADAM, I IMPLORE YOU TO ALLOW ME TO BE CAPTAIN OF YOUR SOUL.

ATTRACTIVE WIDOW--YOU CAN'T BE THAT; BUT YOU MAY BE MY SECOND MATE.

"ISN'T SO SAFE FOR YOUNGSTERS TO PESTER PURPS DURING THE HOT SUMMER MONTHS FOR THAT IS WHEN EVERY DOG HAS HIS DAZE."

MRS. SO-AND-SO'S SON TOLD A VISITING NEIGHBOR THAT SHE WAS VERY PRETTY, WHICH IS WHY MRS. SO-AND-SO TOOK SAID SON TO AN OCULIST.

A FARMER GIRL IS KNEE-DEEP IN DAISIES, WHILE THE CITY LASS IS KNEE DEEP IN HOSEY.

THE ROOKIE WAS A HANDSOME GUY. NOW, WATCHA THINK O' THAT? HE MADE A HIT WITH ALL THE GIRLS. BUT NEVER AT THE BAT.

ANY BOY WILL FOLLOW IN HIS FATHER'S FOOTSTEPS--WHEN HE WANTS A NICKEL.

MOM'S FAVORITE CUTTING REMARK IS, "WELL, DAD, THE GRASS NEEDS MOWING AGAIN."

**The Toonerville Trolley That Meets All the Trains**

By Fontaine Fox

DURING THE FIRST DAYS OF VACATION, WHEN THE KIDS ARE ESPECIALLY OBNOXIOUS IN HOOKING ON BEHIND, THE SKIPPER RUNS THE CAR BACKWARDS.

BEING ABLE TO KEEP A MUCH BETTER WATCH ON THEM THAT WAY.

ABOUT TOWN

Sunset Rebekah Lodge will hold its regular meeting this evening in Odd Fellows hall.

W. G. Crawford has sold to Laura Allen his house at 19 Franklin street. The transfer was made through the Stuart J. Wasley agency. Mr. Crawford intends building again immediately at the corner of Franklin and Bidwell streets.

Myrtle Review W. B. A. of the Manabees will meet this evening in Tinker hall. A short program and social will follow the business session.

Mr. and Mrs. George W. House of Benton street and Mr. and Mrs. Clarence Tracy and children of North Elm street motored to Canterbury yesterday and spent the day with Mr. Tracy's sister.

Miss Helen Sullivan of McKee street who was employed by the J. W. Hale company for the past two years as comptometer operator and recently as billing clerk, has left the employ of that company and expects to return to comptometer work.

This will be "neighbors' night" at Andover Grange. The program which will include a sketch and other numbers will be put on by Manchester Grange.

About to go out on his tour of duty last evening, Patrolman Joseph Wall, of North School street, was suddenly stricken with an acute attack of appendicitis at his home. He was taken to the Memorial hospital where an operation was immediately performed. This morning his condition was reported as favorable.

The Misses Helen and Gladys Waskiewicz, of Birch street, were in Pittsfield, Mass., yesterday to attend the wedding of their cousin.

Evan Nyquist of Linden street entertained thirty members of the Beethoven Glee club of the Swedish Lutheran church at his cottage at Walnut Beach over the weekend.

The balmy weather of yesterday brought out autos in droves. There was a rush made to seaside and lake resorts and garages did a big business all through the day.

A great mass of shrubbery is being placed in front of the new armory on Main street. The sidewalk is so steep that it is impossible to seed or sod it.

Gravel and tar has already been dumped at the Oakland street crossing of the New Haven Road. The crossing will be treated the same as the Main street crossing.

A son was born Saturday night at the Manchester Memorial hospital to Mr. and Mrs. Harold Dougan, of 1 Oak Place.

About twenty employees of the South Manchester Post Office enjoyed an outing at Rocky Point yesterday. The trip was made by automobiles. A shore dinner was enjoyed. Other shore resorts were visited.

The Ladies' Sewing society of the Swedish Lutheran church will hold a sale of Swedish home baked foods and fancy articles next Saturday afternoon beginning at 3 o'clock in the church basement. Refreshments will also be on sale.

The Manchester Community club baseball team will play the record stars from the Hartman tobacco farm tonight at six o'clock at the north end playgrounds.

The Young People's Singing club of the South Methodist church will meet at the church this evening at 8:30 and leave for Case's hill, where they will enjoy a "dog roast."

Members of Helen Davidson lodge, Daughters of Scotia and Clan McLean will have a joint outing at Lake Compounce, Monday, July 5. Special cars will leave at nine o'clock and returning leave the lake at seven o'clock. Mrs. Mary Thompson is chairman of the committee from Helen Davidson lodge and Harry Flavell, Clan McLean. Tickets may be secured from them, also from Alec Simpson, Miss May Brown, Mrs. McCann or Mrs. Anderson, Eldridge street. Members should secure their tickets at once as after Wednesday they will be open to the general public.

Dr. Thomas H. Walden will be the speaker at the Kiwanis noon luncheon on Wednesday at the Hotel Sheridan. He will tell about his trip abroad with the First Company, Governor's Foot Guards. President Charles Ray has consented to furnish the attendance prize. On Thursday the Manchester Kiwanis club golf team will tackle Hartford in the second game of the series. The game will take place at the Wethersfield course.

Mrs. Ada Anderson, Miss Edna Anderson and Arthur Anderson of Center street left yesterday morning for a three weeks' vacation in Nanticoke, Pa.

Daniel O'Connell, 60, of 40 Fairfield street, underwent a major operation at the Manchester Memorial hospital Saturday morning. He is progressing favorably.

Johnny Bonkus, 8-years-old of Buckland, is recovering at his home from a recent accident in which the boy sustained abrasions of both legs. In some manner the lad fell under a harrow and was run over.

Bob Fields, of Hartford, was the winner of the 300-mile pigeon race from Washington, D. C., Saturday. The birds were liberated Saturday morning but did not arrive here until Sunday morning. Wiske of New Britain won second place and Walter Tedford, of Manchester, third. Shaw of New Britain won fourth place.

Members of the Gibbons Assembly, Catholic Ladies of Columbus who are on Mrs. Humphries' team for summer activities, are requested to meet this evening at eight o'clock at K. of C. hall.

Mrs. Martin L. Gilman has called a meeting of the degree team of Manchester Camp, No. 2640, Royal Neighbors, to be held at her home, 236 Main street this evening at seven o'clock.

ATTENDING CONVENTION IN BLOOMINGTON, ILL.

The local Oil-O-Matic dealer, M. H. Strickland, left Saturday to attend the annual convention of dealers and salesmen at the factory at Bloomington, Ill. This gathering is international in scope, representatives from several countries of Europe and from China being in attendance. Offering a close comparison to the history of the development of some of the larger automobile companies of today, Oil-O-Matic has enjoyed an amazing growth, until it is now capitalized for well over \$1,000,000 and is by far the largest corporation in the field of domestic oil burner manufacturers.

DAVID WOODHOUSE

David Woodhouse, aged 65, of 131 Pine street, died at his home at 6 o'clock Saturday night following an illness of several years. Death was due to a complication of troubles.

Mr. Woodhouse is survived by his wife and one son, Robert. The latter was formerly well known in local baseball circles.

The funeral services took place this afternoon at 2:30 o'clock from the late home, Rev. J. S. Neil, of the St. Mary's Episcopal church officiated. Burial was in the East cemetery.

CREDITORS MAY GET 50 CENTS ON DOLLAR

Local Firm Reports Assets of \$1,600 and Liabilities of \$3,000.

Creditors of Clegg and Matchett, who were doing business at 539 Main street under the name of the Park Hill Market, and who closed their doors a few days ago, have received word that they will get 50 cents on the dollar.

A. S. Albrecht, a Hartford lawyer who is looking out for the interest of the local firm sent letters to all of the creditors. The letter says that the assets total about \$1,600 and liabilities \$3,000.

The lawyer says that his advice is that the creditors meet and turn over the matter to a trustee instead of having the firm file a petition in bankruptcy. He wrote that he thought this action would reduce the assets considerably.

Although no action has as yet been taken, it is thought that the creditors will hold a meeting and the matter brought into the bankruptcy courts.

Mrs. Elizabeth Scott of Terryville, formerly of Manchester, spent the week-end with relatives in town.

WOMAN BREAKS LEG FOR SECOND TIME

Hard Luck Seems to Follow Mrs. Florence Bostwick of Bissell Street.

Misfortune seems to pursue Mrs. Florence Bostwick, of 23 Bissell street. Last September she fell and broke her right leg. She was taken to the hospital and remained there for many weeks. Later when she had recovered sufficiently, Mrs. Bostwick returned to her home. For some time she was confined to her bed.

Recently she regained the use of her limb. She was naturally much pleased over this—but today the joy was turned to sorrow again. This morning walking to the bath room in her home, Mrs. Bostwick slipped and fell. Her right leg was broken again and she was removed to the Manchester Memorial hospital. It was said she will be confined to the hospital for two or three months this time.

MINOR ACCIDENT

A trivial accident occurred early Saturday evening at the North End. An automobile operated by Mrs. Alexander Shearer of 195 Hilliard street, bumped an electric light pole while turning around at Depot Square. Slight damage was done.

CLUB TO HOLD OUTING.

The regular monthly meeting of St. Mary's Young Men's club will be held this evening at 8 o'clock in the clubrooms on Linden street. A full attendance of the membership is asked as plans for the annual outing next Saturday will be discussed. The committee in charge of arrangements has asked that all who intend to go to the outing notify the committee before Wednesday so that the exact number of reservations may be made.

What is expected to be the principal feature of the outing this year will be the baseball game between the married and single men. This will be followed by a dinner.

SUMMER SCHOOL.

The summer session of the Connecticut Business College opens Tuesday, July 6. High school graduates will attend this session to get advanced work in shorthand and bookkeeping which will enable them to accept much better positions. Those having a desire to get employment before finishing four years at high school can enter at this time, start the course and finish before the rush next spring. Grammar graduates wishing to spend the summer months to good advantage will do well to enter summer school. Call or write for further information.—Adv.

Two short circuits caused the fire siren to sound in the South End shortly before noon today. The whistle gave but one blast each time.

Scout News

Troop 6 held its regular meeting last week. During the pre-meeting period the scouts were practicing scouting events. As a visitor we had Mr. Pearson, scoutmaster of Troop 5, and as he will be one of the leaders at Camp Pioneer this summer he spoke on the camp. Scout Earl Smith passed his Morse signaling and George Cone passed first class first aid. At 8:15 the troop visited the Court of Honor where four of its members were passing their tests. Scouts Anderson and Dixon passed their first class before the court and Remig and Burr passed merit badge tests. On Wednesday the troop will assist the committee at the strawberry festival which will be held at the church. On Saturday the troop will be at the scout field meet at the West Side and then they will hike to Keeney street where they will start on their cabin. Each boy should bring enough food for three meals.
