BOY SCOUTS IN CAMP BY OLD INDIAN TRAIL

Troop One Pitches Tents on High Elevation in Buckland—The Program.

Nearly everyone is familiar with the old Tolland Turnpike that runs through the north end. This was once used as a post road between Boston and New York. But going even further back it was an old Indian trail, and still retains the name of the Nipmuck Trail.

The camp is situated in a bit of woods owned by Hackett Brothers on Tolland Turnpike in Buckland. It is on a hill overlooking Cowles' pond and commands a view of the entire town. There are five trails leading through the woods to the camp.

COLUMBIA

Mrs. Harriet Robinson recently received word of the death of her sister, Mrs. Sarah Gillette of Lebanon, aged 96 years.

Great regret is felt here among those who are interested in the schools, that the supervisor, Mr. Larcomb has been transferred to Lebanon, this town taking the place of Hebron and Columbia.

Mrs. Lucy Peet of New York is spending a few days in Columbia. Mrs. Anna of Conway, Mass. is visiting her nephew, William Wolff.

Mrs. Ruth Jacobs has been in Colchester during the past week. Miss Hattie Strickland and Mrs. Emma Hagin of South Manchester were in town calling on friends Sunday.

Miss Susan Clapp of Hartford is spending the remainder of the summer at the home of Miss Eliza Hutchins.

The Misses Mary, Gertrude and Louise Little of Springfield, who have been visiting in Windham, visited Columbia one day recently, accompanied by Mrs. Ada Larrabee of Windham.

Mrs. H. W. Porter, Mrs. Lulu McCormick and Dr. and Mrs. Fox spent the day at Watch Hill during the past week.

Mrs. Manning Norwich is the guest of her cousin, Mrs. Edward Lyman.

Rev. Mr. Wain preached Sunday morning on the subject "What is salvation and how we obtain it." He took as his text "For the son of man is come to save and save the throat."

The Woman's Missionary ten and Mite Box opening will be held at the chapel Tuesday afternoon at 2 o'clock, standard time.

On regular camping days the camp follows a routine. At 7:00 a. m. Bugler Steve Nekowski sounds reveille. There then is an hour for washing up and eating breakfast followed by a half hour for cleaning camp.

From 6:00 to 7:00 is the supper hour. After supper, from 7:00 to 9:00 is the most interesting part of the day to the campers.

WAPPING

Between fifty and sixty people were out to the Federated church service Sunday evening and listened to the interesting story, "The Enchanted Cottage," as told by the pastor, Rev. Truman H. Woodward, illustrated by beautiful lantern slides.

Miss Eleanor Stoughton left last Friday for a week's visit at the home of Mrs. Norma (Stoughton) Thompson, in New York.

Mrs. Julian West of Rockville, spent the week-end with her daughter and family, Mrs. William Howrigan.

Five young ladies, the Misses Clara Chandler, Gertrude Rockwell, Frances Stoddard, Gertrude Maynard and Miss Rau, camped out over the week-end at the bungalow owned by Frank W. Congdon on Laurel Hill.

Harry P. Files from Boston, Mass., was home with his family here over the week-end and his son Harry Files, Jr., returned with him to stay in Boston for a week and then to go to Maine for his vacation.

Little Porter Collins, son of Mr. and Mrs. Asbur Collins has been very sick with acute tonsillitis. He is improving.

Miss Elsie Nevers and Miss Mabel Dewey had a birthday party Saturday afternoon at the home of Mr. and Mrs. Henry Nevers. Games were enjoyed by twelve of their little playmates and refreshments were served.

Mr. and Mrs. Edgar J. Stoughton and family motored to Ellington over the week-end where Mr. Stoughton is building a cottage.

Franklin Welles, Jr., of Avery street has been to Vermont for a few days.

It has been thought best to postpone the regular meeting of Wapping Grange which should have been held this evening on account of the Y. M. C. A. lawn party which is to be held on the lawn of John A. Collins. There will be a band concert from 7:30 to 8:30 (standard time), by the Junior Salvation Army band of South Manchester and a negro quartet by the students who are working at the Buckland plantation.

Edwin Barber formerly of this place, but now of East Hartford, died at his home there from the effects of a shock on Sunday afternoon. He is to be buried in the Wapping cemetery this afternoon. He is a brother of Mrs. Edmina Bissell.

Mr. and Mrs. William Thresher and family are at Lord's Point for two weeks.

Miss Ruth Stoddard has been spending her vacation at Clinton beach.

BOLTON

There were no services at the Center church Sunday. Rev. Frederick Taylor preached at Jewett City.

Levi T. Garrison, of Willimantic has been assigned as supervisor for Bolton schools for the year 1926-1927. Mr. Garrison comes to Bolton highly recommended. He is a graduate of Trenton Normal school with successful records in educational work at Yale and New York University.

Miss Elizabeth Hand has been secured to teach at the Center school the coming year.

Mr. and Mrs. Samuel Alvord, Miss Annie Alvord, Mr. and Mrs. Ward, Miss Katherine Hanolin visited at Devil's Hop Yard and Wesleyan University recently.

Mr. and Mrs. R. K. Jones and Mr. and Mrs. Lavinia Fries, J. W. Sumner, spent Sunday at Matunuck Beach.

There will be an entertainment and dance at the Hall Saturday evening.

NORMA TALMADGE IN MOTHER-LOVE DRAMA

Beautiful Screen Star Has Tense Dramatic Role in "The Lady."

Frank Borzage's genius at handling the mother theme in motion pictures is proverbial. He rose to fame by his direction of Vera Gordon as the ghetto mother in "Humoresque," and he accomplished an even more poignant picture of mother love in "Secrets," with Norma Talmadge as the young frontier wife, as the middle-aged and then aged mother in an English baronial castle.

Now, in "The Lady," at the State Theater today and tomorrow "Borzage touch" is again evident. The mother theme is strongly in the fore in "The Lady" and Norma has an opportunity to display an exceptionally wide range of characterization.

In "The Lady" Norma plays the part of a wife who is robbed of her husband by an adventure, and who is later left alone in the world with her baby after her husband's death. Declared to be "an unfit mother," Norma then has her baby taken from her. Years pass, the World War comes, and Norma again meets her boy in circumstances of a most dramatic and tragic nature.

The special supporting cast includes Wallace MacDonald, Norma's leading man; Alf Goulding, Brandon Hurst, Emily Fitzroy, George Hackathorne, Walter Long, Marc MacDermott, Dorris Lloyd, John Fox Jr., Paulette Duval, Edwin Hubbell, Loro Bara, John Herdman, Margaret Seddon.

Thursday the State Theater presents a double feature bill with Country Store Night.

WHAT TO DO TO MAKE TRAFFIC SAFE FOR ALL

Making traffic safe for all is more a matter of the "Do's" than the "Don'ts," according to a local man. "Too often the emphasis is placed on what motorists should not do, rather than what they should do," he said.

This statement was made by Mr. Housen, of the Depot Square Service Station, local dealer for the Firestone Tire & Rubber Co. In addition, Mr. Housen gave what he believes to be the six fundamental rules of safe driving under present conditions of heavy traffic:

"1—Keep to the right side of the road; be sure the way is clear before going around a car ahead and sound your horn before passing.

"2—Always signal to drivers following you when preparing to stop or turn right or left. Remember the most dangerous turn is the left turn! Be sure you have the right-of-way and a clear road, front and back, when making this turn.

"3—Have your lights well focused. Poor lights do not show you the road and glaring lights blind oncoming motorists—either is hazardous to both parties.

"4—Observe all speed laws—for the safety of others and for your own safety.

SAFETY OF OTHERS AND FOR YOUR OWN SAFETY

"5—Be sure your brakes are in perfect order. They must be well-lined, tight and equally effective on each wheel. On slippery roads, apply brakes without throwing out your clutch. This also applies in descending hills. Always make the motor help hold back the car by leaving the clutch in.

"6—Be sure you have the right tire equipment to make your brakes take immediate effect. Balloons are the best solution here and the more flexible they are, the better brake-action you will get. Tread design and completeness of road contact are all important.

SURGEON GIVES BOY REAL ARMS.

Chicago.—A surgeon here has grown arms on a boy's body. An X-ray showed them undeveloped on the sides of the boy's shoulders. Taking muscle from the chest, and freeing the rudimentary bones from the shoulder, the surgeon built arms that the boy can use now. He can even operate a typewriter. The operation was performed in 1920.

POE'S STORIES: The Murders in the Rue Morgue (1)

Early one morning in the summer of 18--, the inhabitants of the Quartier St. Roch, Paris, were awakened by a succession of terrific shrieks, issuing from a house in the Rue Morgue, occupied by one Madam L'Espanaye and her daughter Camille. Neighbors rushed to the gates of the dwelling, which were locked and had to be forced with a crowbar.

Accompanied by gendarmes, the crowd rushed up a flight of stairs leading to the living quarters of the L'Espanayes.

At the first landing they heard the sound of rough voices as in angry contention. The L'Espanayes dwelt on the fourth floor.

Several dashed into vacant rooms on the landings below the L'Espanayes' quarters, but their search yielded nothing. The door of the L'Espanaye apartment was locked and the crowd rammed it open. There was revealed within a spectacle which struck with horror and astonishment those who peered through the door.

TALCOTTVILLE

On Friday evening "Zira's Zephyrs", a team picked from the Y. M. C. A. twilight league of Rockville, defeated the Talcottville team by a score of 7 to 3. Beebe was the shining light in the field and at bat for the losers while the pitching of Hiller and the all-round playing of Zira were the bright spots for the winners. Another game between these two teams will be arranged in the near future.

M. Gardner Talcott of Cleveland, Ohio, is visiting at the home of his father, M. H. Talcott.

Miss Mildred MacCallum sailed on Thursday from New York City on the Clyde line steamer "Cherokee" for Charleston, S. C. From there she will go to Acworth, Ga., to be the guest of Mr. and Mrs. Albert Mason. Friends of Mr. and Mrs. Mason will be interested to know that Mr. Mason is now the president of the Acworth Mills, a \$250,000 corporation making tobacco tent cloth and cotton yarns.

Miss Marguerite Reinberg of New York City has returned to her home after spending a week as guest of Mrs. Sumner Smith.

M. H. Talcott, M. Gardner Talcott and Miss Faith Talcott left today for a motor trip to Cleveland, Ohio. Enroute they expect to stop in the "Squid-Centerville" at Philadelphia.

Mr. and Mrs. Ernest Smith spent Sunday at Nantasket Beach near Boston.

Mr. and Mrs. George W. Smith of this place and Mr. and Mrs. Arthur Renard of Manchester motored to Ocean Beach and Eastern Point on Sunday.

Mr. and Mrs. Harold P. Bennett of Hartford spent the week-end with Mrs. Bennett's parents, Mr. and Mrs. Olin Beebe.

On Friday evening the Golden Rule club met in the church parlors. The club was entertained by the description of life at the Foreign Missionary Conference for Congregational young women at East Northfield, Mass. by the four young ladies who spent last week there, the Misses Miriam and Esther Welles, Alice Daggart and Florence Pinney.

AIR CONTROL LAW NEEDED FOR RADIO

Survey of Broadcasters Show They Want Orderly Government Supervision.

Despite the chances of a free-for-all scramble for the advantages of the air, broadcasters almost unanimously want to remain orderly and under government control. They want a law that will hold them down to definite wavelengths, power, hours of broadcasting and strict, gentlemanly behavior.

This is the state of broadcasting today, although the Department of Justice has ruled that the secretary of commerce has no power to assign wavelengths, power or hours of broadcasting, or even to withhold licenses from applicants for radio stations.

It is brought out by a survey just completed among the broadcasters and radio manufacturers of the country to determine exactly how the stations and the industry stand in relation to a proposed radio control bill. The survey was made by the National Association of Broadcasters and therefore may be taken as an official decision of the broadcasters and manufacturers.

The control bill under discussion is that reported out by a Senate committee and ready for compromise with the House bill when Congress reconvenes.

For Stricter Bill
 This bill calls for a special radio commission of five members, to have almost absolute control of broadcasting to the issuance of licenses, assignment of wavelengths, power and broadcasting time, and general observance of equality and fairness in the broadcasting field.

By the returns of the survey, the broadcasters and the radio industry show their eagerness to enforce even stricter measures for the control of the air. Two-thirds want a commission of three, rather than five, believing this number enough to handle the job.

But a far greater proportion would be in favor of good men taking directly from the radio field for this commission, without having

any further connection with radio. Ninety per cent want this commission to have full discretionary power over the issuance of licenses, while the bill at present would make it obligatory to issue a license if an application fulfills all requirements.

And practically all balk at a paragraph assuring unlicensed, unlicensed political radio talk.

The survey banishes the fear of a jam in the air while this bill is pending, for it shows the desire of radio men to keep broadcasting under control, whether officially or not.

Only few cases have come up since the Department of Justice has been taken of this state of affairs. One of these is justifiable.

On All Week
 That's the case of WOR in Newark. WOR has been dividing time with WJY in New York on 405 meters. But WJY has not been broadcasting for some time, since its sister station WJZ has been supplying all the radio entertainment on high power.

WOR has therefore decided to usurp the hours assigned to WJZ and broadcast every night of the

week, instead of only three nights as heretofore.

That's to the fans' benefit.

Another case is that of KQW, farmer-operated station of San Jose, Calif. KQW has decided to boost its wavelength from 231 meters to 333 meters, an action that was feared other low wavelength stations might do. This is because reception is better on the higher wavelengths.

That steps on the toes of KNX at Hollywood, and might cause retaliation not only by KNX but by other high-powered stations. But the confusion will iron itself out. It is believed, even before Congress comes along with a definite radio law.

A few New York stations, with low wavelengths, have taken advantage of the same situation and gone to higher and more receptive wavelengths.

WORLD WAR HERO TO TRY CHANNEL

Col. Freyberg, Englishman, Preparing for Gruelling Test—His War History Brilliant.

By MILTON BRONNER.

Dover, Eng., July 27.—Among all of Lillian Cannon's friendly rivals for the distinction of swimming across the English channel this year, none carries fairer prospects than the little-known Col. Bernard Freyberg.

Col. Freyberg is one of the outstanding British heroes of the great war. He swam to within 500 yards of the Dover shore last summer. At his training camp here where he is getting ready for another attempt, there is an air of assurance mingled with mystery. That Freyberg should try it at all is outstanding proof of his 24-karat pluck, because he has been literally all shot to pieces. His arms, his legs and his back, in their big and vivid scars, tell the story of nine wounds during the war.

Freyberg, whose people are New Zealand citizens, was born in London in 1890, but went back to New

Col. Bernard Freyberg

Zealand where he was reared and educated and became known as a great sportsman, swimmer and yachtsman. At the outbreak of the war, he came direct to England and was enrolled in the Royal Naval Division which took part in the Gallipoli campaign.

Night Swim. One bitterly cold night in 1915, Freyberg, having blackened his body so it would not be visible even under flash lights, swam from a British destroyer to the shore, pushing a raft. Landing on the sands, he placed three flash lights at considerable distances apart and lighted them. The idea was to fool the Turks into believing a landing was to be attempted. Having reconnoitered the Turkish position Freyberg went back into the sea and swam for hours before being picked up.

This feat won him the famous Distinguished Service Order. He got it twice more. In 1916, he led his battalion in the capture of Beaucourt in France. He was credited that night as "strange flying figure wrapped in bandages."

This exploit won him the Victoria Cross. He is a friend of the famous writers, Sir James Barrie. So much so that Barrie came out of his shell to be Freyberg's best man when he wed a society beauty. Barrie also delivered at St. Andrew's university a speech on courage, holding up Freyberg as an example.

In his long swims Freyberg is most methodical. For his approaching attempt, he will hand his pilot an hour by hour itinerary with charts of tides and currents, and also a program of the food to be given him.

His Last Swim. Last year his wife followed his swim in a boat. In the darkness, seeking to keep up his spirits, she said:

"Dear, you are nearly there. Don't you see the lights of Dover?"

"My dear girl," said the swimmer, "your lights of Dover are the lights on a passing steamer."

When he landed after his plucky attempt, the crowd raised a great cheer.

"Please ask them not to make so much noise about nothing at all," said the all-but-exhausted swimmer.

SECRETS OF STARS ON INSIDE BASEBALL

as told to BILLY EVANS

BY WALTER JOHNSON

World's Greatest Pitcher.

JOHNSON

I am often asked which ball I find easiest on the arm. It is my experience that a fast ball delivered with a natural motion, minus any hitch, exacts the least toll on the arm.

The curve ball is the hardest. A certain snap of the wrist is necessary to get the best results and that style of pitching places a severe tension on the arm and takes much out of it.

A change of pace is most necessary to the modern pitcher. He must be able to mix up his stuff. Like control, a change of pace can be far more difficult for some pitchers than others. And, after all, control is most essential to the success of the slow ball. "It is worthless, otherwise. The slow ball to be effective must be delivered with exactly the same motion as the fast one. Any change in the style of the delivery immediately tips the batsman off to what he may expect.

Don't ease up on any batter in a pinch no matter how poor his reputation. Usually the weak hitters come through in such a situation. Left-handed batters bother me more than right handers. I find that most left handers mix their style better. The extra step in the direction of first gives them a decided advantage when bunting or trying to drag the ball.

VALUE OF INSTRUCTION
If one is really anxious to master some of the finer points of golf tips are received during a thorough course of instruction. If these are heeded and remembered they will be of great assistance to the ambitious golfer. After learning to drive well it is necessary to develop a consistent short game, because it is here the strokes are saved, and the player who concentrates on being dead to the pin has made an important step in the

right direction. Of course, the importance of consistently good putting must not be overlooked. Many matches go to the player who puts well and it is surprising how many consistent there are three important things to master, driving, approaching and putting. One final suggestion on approaching should prove valuable. The whole thought is this: In approaching it is the speed and not the length of the swing that determines the distance the ball is to go.

WORTH IN SPORT KNOWING

Marty McManus, star infielder of the St. Louis Browns, has played comparatively few games during the last four seasons. In three in fact, he played every one of the 154 tilts. That was in 1922, 1923 and 1925. In 1924 injuries kept Marty out of the lineup for a spell. McManus' best season thus far was in 1924 when he hit .333, lashing out 147 hits in 442 trips. Last season he broke into the elite class as a run scorer with 108.

McManus is a handy fellow to have on a ball club. Besides being a stout clubber, he is a capable and versatile fielder. He has played first, second and third bases, though the keystone sack is his regular and favorite position.

DIAMOND DUST

The Pirates held on to first place by trimming Brooklyn 3 to 2. Emil Yde gained the verdict over Dazzy Vance. Kiki Cuyler saved the game with a sensational catch and throw to the plate in the ninth. The Red Sox proved to be a set-up for the Athletics who won five to nothing. Eddie Rommel held the Back Bay boys to four hits and Poofo got a homer.

OVER 200 ATTEND VOLLEY BALL GAMES

Most Exciting Contest Between Girls Attract Many to West Side Grounds.

More than 200 spectators at the West Side playgrounds watched one of the most exciting volley ball matches ever seen there last night when the West Side girls took the measure of the Cottage street team in three out of five games. It was the second meeting of these two teams, the East Siders having won the first match on their home playground.

The season score now stands four games to three in favor of the East Side team. The affair will be contested next Monday evening at the West Side. The West Side girls have taken the name of Jayhawks while the other team will be known hereafter as the East Side Tigers.

Following are the lineups: Jayhawks: Alice Modan, Eleanor Rando, Veronica McGann, Rose Angelo, Marian Wright, Muriel Tomlinson.

Tigers: Elizabeth Waskiewich, Leo Giglio, Stella Gryk, Leo Gryk, Elizabeth Dziadosz, Catherine Carlin.

It was announced today that the West Side, North End and East Side playgrounds will have teams representing them tomorrow night in a paddle tennis tournament at the West Side. This game, a comparatively new one all over the country, is said to be much faster than tennis because of the small size of the court, and is becoming very popular among playgrounds.

Four girls from the North End and two each from both South End playgrounds will appear in the tournament.

James Dowd, instructor at the East Side playground, has announced a horseshoe pitching contest which will begin on Thursday, July 29 at that playground. The entries will close tomorrow night and the teams will appear at the playground on Thursday evening at 8:45 for the draw. A similar tournament will be conducted at the West Side by Gilbert Wright who is now accepting entries.

Following are the East Side teams: No. 1, Happeney, Oakes; 2, Rowe, Cervini; 3, Doran, Hewitt; 4, Cervini, R. Moore; 5, Drysdale, Murphy; 6, Quish, Suhle; 7, Minnicucci, Quagliarolo; 8, T. Humphrey, J. Humphrey; 9, Farr, Moz-

Perhaps the Size of Pyle's Offer May Have Something to Do With Her Decision.

Pourville, Sur-mer, France, July 27.—Mlle. Lenglen is in a quandry about going to the United States. Furthermore she is of no certain mind about turning professional. The temperamental tennis star made this clear today in an interview, prior to the arrival of C. G. Pyle, American sports promoter, who is coming here to attempt to induce Suzanne to make an American tour.

"Go to America?" said Suzanne, "I can't say I won't." If Pyle offers proper inducements maybe Suzanne will go.

ANOTHER SUBWAY PARLEY ENDS IN "NOTHING DOING"

New York, July 27.—Another peace attempt in the subway strike failed today when a conference between strikers and representatives of the Interborough Rapid Transit Company was called off. Strike leaders insisted that the newly-formed strikers' union be recognized. The I. R. T. maintained its attitude that it would negotiate with the men only as individuals.

The author of "They Never Knew" recommends it most highly.

Local Sport Chatter

There ought to be plenty of fun at the West Side tomorrow night when Manchester engages in a series of friendly contests. The affair is being conducted by the Recreation Centers and will take in all sections. The principal part of the entertainment will be the baseball game between the Saints and the pick of the North End.

It is one of a series of big nights which the Rec will hold this summer. The first was Rockyville night a few weeks ago and the visitors went away laden with honors. They won the baseball game but didn't come through in the Charleston contest.

Tomorrow night will be a strictly Manchester affair. All sections of the town will be represented either in baseball, volley ball or the Charleston contest. The latter is expected to bring out a large number of entries, all of which must have been entered by Wednesday noon. It will be held out of doors, on the platform occupied by the band, and music will be furnished by Donohue's orchestra, a new combination of local musicians.

Cheney Brothers baseball team will travel to Rockyville tomorrow evening to oppose the J. J. Regan Company nine in a return game. Manchester won the first game 11 to 1 with "Pop" Edgar on the mound. "Bill" McLaughlin will probably be the hurler for the C. B. A. A. outfit tomorrow.

The handsome silver loving cup won by Company G at Camp Trammell is now safely stored in the local armory building. Already Captain Bissell's boys are looking forward to winning the "bunting" again next summer.

The tennis championship at the silk mills has been postponed indefinitely due to vacation interruptions. "Cap" Bissell and Walter Scott will fight it out for the honors.

Manchester will turn out in a mass on Thursday night when the old time rivals, the New Departures of Bristol, come to town for the second time this year. Bristol will oppose the Sons of Italy in the third game of their series. The local team has lost two to the visitors, one in Manchester and the second in Bristol. The first affair was all Bristol, for Manchester couldn't seem to do a thing against Torp, a pitcher who held the game in the hollow of his hand. The next game was a rather hotly contested tussle, with Bristol winning out in the last few innings. This may be a little different.

Since the last game the Sons have bolstered up their team and have already defeated Rockyville, a combination which took two games from them in recent weeks. Whoever opposes the Sons on the mound on Thursday will find that there is plenty of hitting ability in the local team yet.

HOW TO SWIM

by Lillian Cannon

Exhale Under Water.

If difficulty is experienced in breathing, and there very probably will be, go ashore to shallow water and try it lying on the stomach. Count one, as the right hand goes forward, and inhale. Count two, as the right hand comes downward and the face goes under water. Count three as the left hand goes forward.

Count four as the breath is exhaled under water and the left hand comes down. Repeat this until it comes easy. There will be difficulty at first, but in swimming the difficulties are overcome by getting used to doing breathing practice will be of more value to the swimmer than almost anything else.

GEORGE HUFF CRITICALLY ILL IN LONDON HOSPITAL

George Huff, director of athletics at the University of Illinois and one of the most prominent figures in the college sport world, is critically ill in a London hospital following an operation for appendicitis in fact, little hope is held out for his recovery.

Huff, who has been connected with the Champaign school for many years, was a baseball player of note back in the early nineties. He also played on Illinois' first varsity football team in 1890. In his earlier years Huff scouted for the Chicago Cubs and Boston Red Sox. He has been credited with discovering Tris Speaker in Texas after that league had been combed by many other scouts.

RICKARD TAKES HIS FIGHT TO N. Y. UPON INVITATION

Commissioner Brower Wires "Tex" He Believes Dempsey-Tunney Affair Should Be in New York.

Chicago, July 27.—Tex Rickard, the New York promoter, today changed the site for his proposed Jack Dempsey-Gene Tunney fight from Chicago to New York. Following receipt of a telegram from Commissioner Brower of the New York fight Commission that he was in favor of a Tunney bout in New York, Rickard announced he would leave for New York at noon today and start arrangements to stage the fight in New York. He will appear before the New York commission immediately, he said.

Brower Convinced. In his message to Rickard, Brower declared he was convinced a Dempsey-Wills bout could not be held in New York and that he was in favor of a Tunney bout. Brower said he thought he had a plain duty to the state of New York to bend his efforts to a Dempsey-Tunney bout and he invited Rickard to confer with the commission at once.

Rickard, who will take the Twentieth Century to New York, said he would not make any predictions as to the date or site of the proposed Tunney bout in New York. "I believe that Mr. Brower's message indicates that the bout will be staged in New York but I do not want to make any definite statement of course until I have appeared before the New York commission," Rickard told International News Service. Rickard did not state that he had dropped all efforts to stage the bout in Chicago on September 11th early with which he cancelled all Chicago engagements and picked his bags indicated he intended to shake the dust of Chicago from his feet for some time to come. TEXAN PREPPERS SIGN WITH MAJOR LEAGUES.

Waxahachie, Tex., July 27.—Seldom do players in their high school days show sufficient promise to be signed by big league scouts for tryouts with major league clubs, but two members of the Waxahachie high school team will report to major league clubs this summer.

Paul Richards, star third baseman, and Audrey Adair, brilliant shortstop, are the lads. Richards has accepted terms with the Brooklyn Robins and Adair will play with the Chicago Cubs. Waxahachie high has won the championship of Texas for the past seven years and these two stars have played an important part in annexing the title for the past three seasons. But are 400 hitters in high school. Richards was offered contracts by four major league clubs but preferred to play with the Robins.

though aroused from his bed at the Congress Hotel here to be questioned regarding his plans, was jubilant and he smiled for the first time in several days. He said he did not think there would be any legal obstacles to the Tunney bout if approved by the New York commission. He declared approval of the commission would pave the way for clearing up of the jumbled state of affairs caused by several Dempsey contracts.

Rickard said he did not care to discuss the threat of B. C. Clements, Chicago promoter, to the effect that if Dempsey tried to fight anyone except Harry Wills he would go into court to enjoin the champion. He added he believed Dempsey could fight Tunney in New York under an agreement tract claimed to be held by Clements calling for the heavyweight king's services in a bout in Chicago against the negro challenger. P.A.

was a revelation to me!

FOR a long time, I wouldn't admit that anybody could tell me anything about tobacco. I was satisfied with the brand I was smoking. At least, I thought I was. And then one day, I borrowed a pipe-load of Prince Albert from a fellow passenger in the smoking-car.

To make a long story short, that experience revised all my previous notions about tobacco. The very first puff told me that I had been missing something good up till that moment. It was cool and refreshing as a breath of mountain air. It was sweet and fragrant.

I was ready to admit right then and there that you can teach an old dog new smoke-tricks. When the train pulled in at the station, I bought me a tidy red tin of P. A. for myself. Since then, I've thrown away enough empties to make a fair-sized tin garage.

Maybe you think that you are all set on a smoke-program. I just want to leave this thought with you: until you have smoked P. A., you have no idea of how that old pipe of yours can perform with real tobacco. Give Prince Albert a chance in your jimmy-pipe.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and punch guaranteed by the Prince Albert process.
