OUR HOSPITAL DRIVE SPEEDS OVER THE TOP

With Over \$42,000 In
Pledges Received Will
Total \$50,000 at Least,
Officials Declare.

With \$42,387.76 already in, the committee in charge of the Memorial Hospital drive for \$50,000 announced late today that the drive has been concluded and that Manchester has gone over the top again. The following summary gives the amounts which were collected by the ten teams and the number of donors who gave money in the drive:

Team No.	Amount	Donors
1	4,661.43	249
2	3,888.09	183
3	4,611.32	306
4	4,112.24	146
5	3,838.54	147
6	3,838.34	321
7	4,062.59	224
8	4,156.10	191
9	4,393.82	203
10	4,266.99	362

Totals \$42,387.76 2,312
This total is up to 2,312 this afternoon, the last day of the drive. As mentioned above, although the total of collections today does not reach the \$50,000 asked for by the committee, the drive is considered a complete success in every way, because there are unpaid pledges which will bring the amount of the collections above the total requested.

In the table it can be seen that there were 2,312 donors. This does not tell the number of visits made by the workers for some houses had to be called on several times before the occupants were found at home.

Even though complete returns had not been made at noon today, N. B. Richards, chairman of the Memorial Hospital drive for \$50,000, announced that pledges and delayed contributions will bring the total subscribed to more than the sum asked for. Once more the people of Manchester have dug deep into their pockets at the dictates of their hearts. The week of the drive showed that the town had lost none of its generous spirit which was always a ready response for some humanitarian or charitable movement.

Officials of the hospital expressed their thanks to the people of the town today. One trustee asked The Herald to thank Manchester as a whole for the generous way in which the request for funds was greeted. He said that he would like to thank every contributor personally.

"We thank the small contributors equally with those who gave a large amount. The amount did not govern the spirit in which the money was given, for it all came from the bottom of their hearts." A check-up shows that about 98 per cent of the people of Manchester subscribed or are "with the hospital." The total number of subscribers until today was given as 2,312. This, it is noted, is only about one-tenth of the total population, but it is pointed out that family donations in many cases were sent under one name and individual credit was not given.

The \$50,000 will allow the hospital to wipe out the \$9,000 deficit of last year and will also mean that a portable X-ray machine may be purchased for the use of the institution. At the present time the hospital calls on the machine owned by Dr. D. C. Y. Moore when X-ray pictures are taken. The cost of the new machine will be \$7,500 but the money for this is forthcoming, it was said at drive headquarters. The trustees, judges and other bodies, it is announced, have not as yet turned in their donations and people who are out of town just now are expected to send their checks through in a few days. When the whole total is in the amount will be well over \$50,000.

The new board of hospital trustees is anxious to correct any false impressions which may have been created by malicious and erroneous reports coming from people who have no connection with the hospital.

That these reports have been circulated is admitted by the trustees but they are unfounded and untrue. "We have been informed of these rumors and reports," one of the trustees said today, "but we are always ready to receive complaints and constructive criticism. If people will come to the hospital and we find that they are justified, we will see to it that the conditions are rectified and complaints adjusted."

DECISION REVERSED.
Washington, May 16.—The Supreme Court today reversed the Court of Claims and held that the government, in taking over property by requisition for use during the World War, was obliged to pay interest from the time of taking until judgment was allowed in the Court of Claims and payment made. Millions of dollars are involved in the decision.

INVEST BUT \$22 FORTUNE'S MADE

Secret Society Operating in
Boston—Police Are Investigating.

Boston, Mass., May 16.—The DeLimo, Inc., a secret organization with nationwide ramifications which, it is claimed, offers its members for \$22 wide investment opportunities and which has accelerated white collar men of Boston to a pitch of enthusiasm, is under police scrutiny here today.

The organization has been under ban in Pittsburgh, and is said here to be operating in California, Missouri, Nebraska, Washington, Wisconsin and some other states.

To make every member independent financially and to permit the purchase of every commodity and luxury of life with the exception of public utilities at greatly reduced prices by massed buying is the aim of the society, according to information by its promoters, the names of which are kept secret.

Savings to members by making purchases through the society will result in a few years in making the members independent financially, elevating the white-collar workers to the wealthy class.

LONDON WELCOMES FRENCH PRESIDENT

25th Anniversary of Anglo-French Pact Observed
With Much Ceremony.

London, May 16.—With ceremonial pomp, such as is usually accorded to visiting monarchs, President Doumergue of France was welcomed in London today for a three-day ceremonial visit to King George and Queen Mary.

Accompanying the president was M. Briand, the French foreign minister.

The French guests were welcomed by the Prince of Wales and Sir Austen Chamberlain, British foreign minister.

The French party had crossed from France on a special steamer, escorted by a small fleet of destroyers and was welcomed by a British destroyer flotilla and a squadron of aeroplanes.

The occasion of the visit is the twenty-fifth anniversary of the Anglo-French entente, and London and London itself, banners and flags were displayed everywhere along the route from Victoria station to Buckingham Palace.

The King and Queen drove from Victoria to the palace with their guests.

Tonight the King and Queen will give a banquet and the French visitors will reciprocate with a dinner at the French embassy tomorrow night.

It seems probable that the Anglo-French accord will be made stronger than ever as the result of this visit.

GEN. CHIANG PROTESTS TO NAVAL OFFICERS

Charges That Warships Fired
On Chinese Troops Without
Provocation.

London, May 16.—General Chiang Kai Shek has made a protest to the senior naval officers of the British, American and Japanese naval forces at Nanking, charging that an airplane was fired on by Chinese troops in Kingyin without provocation, according to an admiralty communique.

CHIANG'S DRIVE

Shanghai, May 16.—General Chiang Kai Shek's drive against the north, which he launched last week, is making progress, according to an announcement made here. The Chiang adherents claim that their forces have crossed the Yangtze north of Nanking and are in claims of their having taken possession of Pakow.

Apparently the threatened drive against Nanking from Hankow has been dissipated, the Hankow forces being entirely engaged in meeting with the drive of Chang Tao Lin's northern armies.

GOVERNOR GUARDED
Boston, Mass., May 16.—The Beacon street home of Governor Alvan T. Fuller, who is laid up with a strained leg tendon, was under guard of a police detective today as the result of the discovery of a parcel post package containing dynamite addressed to the governor.

FOG DELAYS FLIERS' HOP OVER OCEAN

Flight Postponed For Another
48 Hours—Lindbergh Impatient; No Trace
Of Frenchmen.

Minneapolis, N. Y., May 16.—Owing to windstorms over the Atlantic and fog the American aviators who will attempt a non-stop flight from New York to Paris have postponed their hop-off for another 24 hours. It was announced today, according to meteorologists the present bad weather may continue for several days.

Captain Charles Lindbergh's Ryan monoplane has received its final test and Lindbergh may be the first to get away if the stormy weather moderates sufficiently within the next 24 hours to permit flying over the ocean.

Have Protection.
If any of the aviators hop off tomorrow they will have the protection of about fifty United States Shipping Board vessels which are enroute between America and Europe over the North Atlantic steamship lane. Should the aviators get away tomorrow morning the ships will be notified by wireless and instructed to give every possible aid in the event any of the aviators meet with accident over the ocean. The average distance between the ships at the present time is sixty miles.

Reports Denied.
The Bellanca monoplane was taken from his hangar on Roosevelt flying field at 4 a. m., today, leading to reports that Lloyd Bertand and Clarence Chamberlin were planning to hop off immediately, but officials of the Columbia Aircraft Corporation denied these reports.

There was considerable activity on both Roosevelt and Curtis flying fields.

Captain Lindbergh's monoplane was wheeled from its hangar at about the same time as the Bellanca monoplane.

The weather was misty over Long Island.

Young Lindbergh, as usual, was up shortly after daybreak. It was reported that he was getting impatient and was making of taking a chance against the reported storms over the Atlantic, but this was denied, also.

SEARCH FOR FLYERS.
St. Johns, N. F., May 16.—While French vessels scour the Newfoundland coast for traces of Captain Nungesser and Captain Coll inquiry here leads to doubt as to whether the French fliers ever reached these coasts.

The fact that tends to the theory that if an airplane had passed over five reputable citizens of Harbor Grace that they heard an airplane pass overhead last Monday. This fact, however, is questioned by some because they are of the opinion that if an airplane had passed over there, there would have been more who would have heard it.

SEEN NEAR HALIFAX.
Halifax, N. S., May 16.—A resident of Spring Hill, N. S., reported today seeing an airplane over that community at 11:45 o'clock last Monday night.

ANOTHER REPORT
St. Johns, N. F., May 16.—Fletcher Beck, who lives at Swift Current on Placentia bay, today informed the Captain of the French tug that is searching for Captains Nungesser and Coll, that he heard an airplane pass over his home last Monday. The airplane was then believed to have been ten or fifteen miles inland.

Swift Current is fifty miles northwest of Harbour Grace, where five residents have declared they heard an airplane last Monday, travelling in a northerly direction.

JUGO-SLAVIA ROCKED BY SEVERE 'QUAKES

Six Killed as Houses Collapse;
Twenty-two Shocks Are Recorded.

Belgrade, May 16.—Jugo-Slavia, for the second time within a few months, has been shaken by severe earthquakes.

The earth tremors began at four o'clock yesterday morning and continued intermittently until noon, with a total of twenty-two shocks, ten of which were severe.

Six persons were killed by falling houses in the villages of Donja Vrhava and Bielo Polje.

The population stayed in the streets during the tremors in a state of panic.

Little damage was done in Belgrade.

FLOOD FUND.

Washington, May 16.—The National Red Cross drive for flood relief funds reached \$11,749,997 today.

TREASURY BALANCE

Washington, May 16.—Treasury balance as of May 13th: \$185,417,193.70.

THREE ACES—WITH PARIS THE POT

High cards in the New York-to-Paris flight game these—friendly gamblers with fate for the same prize. Young Captain Charles A. Lindbergh (left), Commander Richard E. Byrd (center), and Clarence A. Chamberlin. In them, America's hope for the non-stop trans-Atlantic hop prize finds promise of fulfillment.

NOTED EDUCATOR DIES IN MILFORD

Prof. H. I. Mathewson Was
Head of Public School
System Since 1883.

Milford, Conn., May 16.—Herbert I. Mathewson, since 1883 head of Milford's public school system, died at his home here today after several weeks' illness, having been under observation in Bridgeport hospital for two weeks until last Friday when he was brought back to his home here. Mr. Mathewson was 71 years old, a native of Jewett City.

After graduating from Connecticut normal school at New Britain, Mr. Mathewson taught for four years in Jewett City and four years in Essex. Coming to Milford he was principal of the high school and superintendent of schools, and under his direction a large system was built up.

His Activities.
Mr. Mathewson was past grand regent of the Royal Arcanum, being a member of Volunteer Council here. He was also a member of Antisauw Lodge, A. F. & A. M. He was director in Milford Savings Association beside being a founder of the Village Improvement Association.

Mr. Mathewson leaves his wife and two sons, Prof. Champion H. Mathewson of the mining and metallurgy division of Sheffield Scientific School at Yale; and Harold, cashier of the Mechanics bank, New Haven.

Funeral arrangements have not been completed.

War Conditions
For the purpose of the maneuvers, the navy is simulating actual war conditions. From tonight on the fleet will travel as secretly as possible, and will be kept in the line-laden, submarine-infested waters during the World War.

Every precaution is being taken to prevent the location of the fleet being discovered by spotting planes sent out by the army encamped along the New England coast. The navy is preparing to launch a surprise attack and escape the eyes of the army.

At night the navy will travel dark, and with its radio silenced to prevent interception of messages by the land forces.

The main body of the fleet, consisting of superdreadnaughts and battle cruisers, is encircled by destroyers, submarines and aircraft to ward off defending spy units.

Secret Guarded
When and where the navy will strike remains a rigidly guarded secret. Even the division commanders and ship captains have been left out of the secret.

A state in the exercise of its policy power may restrain persons from openly inciting others to crime and unlawful acts in securing a change in the form of government, the decision said. The right of free speech could not be resorted to by Miss Whitney in seeking her freedom, the court held.

THE ARMY
Fort Adams, Newport, R. I., May 16.—Along the coast of New England, the United States Army, primed for battle, today awaited a smashing attack from the sea by the powerful Italian trans-Atlantic flier headed the giant Santa Marie II into the wind but was unable to develop sufficient power to rise from Lake Michigan.

Thousands jammed the shore line waiting for the take-off.

FLIGHT DELAYED.
Chicago, May 16.—Motor trouble delayed Commander Francesco De Binedo's flight to Montreal today.

At 8:30 the Italian trans-Atlantic flier headed the giant Santa Marie II into the wind but was unable to develop sufficient power to rise from Lake Michigan.

Thousands jammed the shore line waiting for the take-off.

CRIMINAL SYNDICALISM STATUTE IS CONSTITUTIONAL SUPREME COURT SAYS.
Washington, May 16.—California's criminal syndicalism law was held constitutional today by the Supreme Court, in affirming the conviction of Charlotte Anita Whitney, of Oakland, under that statute.

Miss Whitney, social worker and club woman, was convicted and sentenced to from one to fourteen years in the penitentiary for attending a convention of the Communist Party in Oakland in 1919.

Constitutionality of the law was upheld by lower courts and on an earlier appeal to the Supreme Court of the United States the case was thrown out for lack of jurisdiction.

Justice Sanford read the opinion. Justices Holmes and Brandeis concurred but on different grounds from the majority.

The court, Justice Sanford said, considered only one federal question—whether the act violated the due process clause of the constitution. The court held that the clause was not violated.

SNYDER SLAYERS NOW IN SING SING

Heavily Guarded, Mrs. Snyder and Judd Gray Make the Trip in Autos.

FLEET OF "ENEMY" TO ATTACK COAST

U. S. Battleships Sail Away
Under Secret Orders; Big
War Game Is On.

Long Island City, N. Y., May 16.—Mrs. Ruth Brown Snyder and Henry Judd Gray, convicted of murdering the husband of Mrs. Snyder, left Long Island City jail this morning for the "death house" in Sing Sing prison. The two former lovers left in separate automobiles under heavy guard.

The slayers of Albert Snyder are scheduled to be executed the week of June 20 but appeals by their lawyers are expected to cause a postponement.

Guarded by Police
A squadron of policemen on motorcycles guarded each automobile as thousands of spectators lined the streets for a last glimpse of the notorious murder pair.

Both Mrs. Snyder and Gray were shackled to their guards. The shades on Gray's machine were drawn but the curtains on the automobile containing Mrs. Snyder were up. The so-called "key widow" was weeping. She sat between jail matrons Irene Wolf and Nan Hart and was handcuffed to the former.

Big Crowds
When the big green gate at the jail swung open two motorcycle policemen shot out and behind came a big blue automobile. Gray was in this machine with Sheriff

Couple On House
The vessel was halted a dozen times in the thirty miles from Hamburg to Plaucheville to perform rescues. A one-room house came tumbling downstream with a young French farmer and his wife riding astride it. A line was tossed to the man as the house floated twenty feet away and he and his wife were lifted aboard.

One old man slung to the top of a telephone pole and was rescued with a surf boat. He was gripping two blankets he had salvaged from his home.

An old woman was taken from a skiff, desperately paddling a young mother clutching two babies. The young mother's husband was believed to have been drowned.

Steamers Up Street
At Plaucheville the water was so deep that the cutter floated grandly up Main street and anchored in front of the motion picture theater, where most of the 400 refugees were huddled on the stage. The cutter's brood of motor surfboats at once put out and hastily darted from place to place, picking up scattered groups of victims. A group of women had taken refuge with nuns in a Catholic school, another group had assembled in an oil filling station but all were rescued despite the fact that current was like a mill race.

The rising flood waters has made necessary the evacuation of the larger relief camp at Mansura, the first established in Louisiana. A relief train, carrying a number of motorboats, arrived from Monroe last night, after running for hours through water two feet over the tracks.

NICARAGUAN REBELS
Despite the vast flooded areas along the Mississippi channel north of the Bayou Des Glaises, said a special river bulletin of the New Orleans Weather Bureau Sunday night, the river itself still carries at Vicksburg a volume of water as great as that experienced at the crest of the 1922 swell, the greatest previous flood.

CONNECTICUT WORKERS
Hartford, Conn., May 16.—Nine counties in the state with a population of 225,000 have allotted for medical work and relief to the two Connecticut workers in the flood area, Professor Ira V. Hiscok, of Yale and Dr. Howard A. Lampher, of the State Department of Health, according to word received in that department today. Dr. Lampher writes that districts are reached either by airplane or boat. The workers are fully equipped with medical supplies.

FLIGHT DELAYED.
Chicago, May 16.—Motor trouble delayed Commander Francesco De Binedo's flight to Montreal today.

At 8:30 the Italian trans-Atlantic flier headed the giant Santa Marie II into the wind but was unable to develop sufficient power to rise from Lake Michigan.

COAST GUARD CUTTER TEARS THROUGH WALL

Nerve of Commander Makes
Possible Rescue of 400
Marooned By Mississippi
Floods.

New Orleans, La., May 16.—The Coast Guard cutter Kenosha wrote an epic story of rescue today.

The Kenosha was ordered from Simmesport to go to the rescue of four hundred persons marooned at Plaucheville by a wall of water, which swept down upon the town from a crevasse Sunday morning at Tilden.

The Bayou Des Glaises levee stood between the Kenosha and the 400 victims. To attempt to ride through the rapids of any of the crevasses would mean instant disaster. So the master of the Kenosha selected a spot near Hamburg where the back water was run over the top of the earthen levee into a drainage canal, calmly pointed the nose of his vessel at the dyke and rang for full speed ahead.

Rides Through Wall
The cutter threw its bulk half way through the earthen levee, while the pent-up waters rushed in to the break to tear away the edges. Men of the crew leaped onto the levee and tugged on ropes and hawsers until the nose of the cutter tipped downward and the vessel slid into the backwater of the drainage canal which led to Plaucheville.

The cutter rode through a country that was the picture of disaster. Only a strip in the mile wide expanse of waters marked the course of the canal which the vessel followed. This region Saturday had been considered virtually safe from inundation. The inhabitants had refused to heed the warning to flee and the break Sunday morning at Tilden had caught them unawares.

ROBITUARY

JOSEPH T. McDIARMID Joseph Robertson, McDiarmid, 56, of Buckland, died last night at the Memorial hospital where he had been confined for two months.

DEATH ACCIDENTAL

Bridgeport, Conn., May 16.—Though his relatives contend he died of heart failure, Roswell P. Nichols, a prominent Easton farmer, died of a gunshot wound in his neck, accidentally inflicted, according to a report by Dr. W. H. Donaldson, of Fairfield, medical examiner for Easton, submitted to Coroner John J. Phelan today.

HEIRS WIN SUIT

Trenton, N. J., May 16.—Mrs. Caroline A. Allison of Syracuse, N. Y., widow of the late William O. Allison of Englewood Cliffs, N. J., her son and two daughters today won the right, in the Court of Errors and Appeals, to have the entire Allison estate equally divided among the widow and the three children.

PICK JURY QUICKLY

New York, May 16.—It took just one hour and thirty minutes to select a jury today for the trial of Walter Goldberg, eighteen, charged with slaying his sixteen-year-old sweetheart, Anna Harris, an honor student at the New Utrecht high school. All of the jurors went on record as not being opposed to the death penalty, which Assistant District Attorney Frederick Mokoff said he would ask for the youth.

CONTRACTORS IN COURT

Hartford, May 16.—Ten claims of sub-contractors who lost about \$20,000 while working on new buildings at the state farm for women in Natick will be heard by Benjamin W. Alling, attorney general, next Wednesday morning. The companies lost when the Hartford Construction Co., the general contractor, went into bankruptcy before completing the work. The bonding company, the Hartford Accident & Indemnity Co., claims it is not responsible for the sub-contractors and it is the purpose of the hearing to attempt to reach a settlement.

ONLY 9 VETERANS ATTEND

Willimantic, Conn., May 16.—Only nine veterans of the Twenty-first Connecticut Volunteer Regiment association were able to attend the fifty-eighth annual reunion here today, though the association has twenty-seven members. Sons of veterans filled out the convention to the total of thirty. Three members of the regiment died during the past year.

MASSACHUSETTS LAW VALID

Washington, May 16.—The Supreme Court today held valid a Massachusetts law providing that a non-resident who drives an automobile over the state highways may be sued in the Massachusetts courts for damages growing out of accidents by service of notice upon the registrar of motor vehicles. It was rendered in the case of Leo Pawloski, a minor, who sued and recovered \$500 damages against H. W. Hess, of Philadelphia, who was driving his car in Massachusetts at the time of the accident.

HARTFORD PIGEON WINS ON SATURDAY

Following are the results of the 150 mile pigeon race from Trenton, N. J., flown on Saturday: 1st bird owned by S. Longfield, Hartford, home in 3 hours 22 minutes. (Yds. Per Min.) Velocity 1316.75 2nd W. Tedford, Manchester 1307.7 3rd H. Larson, Manchester 1306.43 4th H. McIntyre Hartford 1306.10 5th W. Tedford, Manchester 1285.88 6th S. Longfield, Hartford 1284.99 7th J. Olding, Hartford, 1215.06 12th Ed Scully, Hartford, 1069.31 The 200 mile race will be flown Saturday, May 21, from Wilmington, Del.

DEATH ACCIDENTAL

Bridgeport, Conn., May 16.—Though his relatives contend he died of heart failure, Roswell P. Nichols, a prominent Easton farmer, died of a gunshot wound in his neck, accidentally inflicted, according to a report by Dr. W. H. Donaldson, of Fairfield, medical examiner for Easton, submitted to Coroner John J. Phelan today.

HEIRS WIN SUIT

Trenton, N. J., May 16.—Mrs. Caroline A. Allison of Syracuse, N. Y., widow of the late William O. Allison of Englewood Cliffs, N. J., her son and two daughters today won the right, in the Court of Errors and Appeals, to have the entire Allison estate equally divided among the widow and the three children.

PICK JURY QUICKLY

New York, May 16.—It took just one hour and thirty minutes to select a jury today for the trial of Walter Goldberg, eighteen, charged with slaying his sixteen-year-old sweetheart, Anna Harris, an honor student at the New Utrecht high school. All of the jurors went on record as not being opposed to the death penalty, which Assistant District Attorney Frederick Mokoff said he would ask for the youth.

CONTRACTORS IN COURT

Hartford, May 16.—Ten claims of sub-contractors who lost about \$20,000 while working on new buildings at the state farm for women in Natick will be heard by Benjamin W. Alling, attorney general, next Wednesday morning. The companies lost when the Hartford Construction Co., the general contractor, went into bankruptcy before completing the work. The bonding company, the Hartford Accident & Indemnity Co., claims it is not responsible for the sub-contractors and it is the purpose of the hearing to attempt to reach a settlement.

ONLY 9 VETERANS ATTEND

Willimantic, Conn., May 16.—Only nine veterans of the Twenty-first Connecticut Volunteer Regiment association were able to attend the fifty-eighth annual reunion here today, though the association has twenty-seven members. Sons of veterans filled out the convention to the total of thirty. Three members of the regiment died during the past year.

MASSACHUSETTS LAW VALID

Washington, May 16.—The Supreme Court today held valid a Massachusetts law providing that a non-resident who drives an automobile over the state highways may be sued in the Massachusetts courts for damages growing out of accidents by service of notice upon the registrar of motor vehicles. It was rendered in the case of Leo Pawloski, a minor, who sued and recovered \$500 damages against H. W. Hess, of Philadelphia, who was driving his car in Massachusetts at the time of the accident.

JITNEY PLAYERS TOUR OFF; MRS. CHENEY ILL.

Manchester will not see the JITNEY Players this summer, it is announced by R. K. Anderson of the Kiwanis club. The JITNEY Players, organized some years ago by Bushnell Cheney, who were to repeat their performance at Educational Square under the auspices of the Kiwanis club this year, will be unable to come here because of the illness of Mrs. Cheney.

DEATH ACCIDENTAL

Norwalk, Conn., May 16.—Coroner John J. Phelan today issued an informal finding in the case of Daniel De Makis, Norwalk tire and rubber company employee who died on May 12 after being crushed in a rubber-working machine at the plant, expressing the opinion that the man's death was accidental.

ANDERSON GAINS OVER PENTLAND

"Whitey" Anderson today increased his lead over "Jack" Pentland in the race for the wire in C. E. House and Son's "On" Francis with the Second A. E. F. popularity contest. The judges counted votes after noon today and the standing of the first three contestants is as follows: Anderson 4,667 Pentland 2,424 Cervini 1,468

NEW BALLOON RECORD

Scott Field, Velleville, Ill., May 16.—Captain Hawthorne C. Gray, in his flight on May fourth last, established a new world's altitude free balloon record when he attained a height of 42,470 feet, according to the official record received here today from the United States Bureau of Standards. The previous altitude record was 39,500 feet.

Rockville

(Special to The Herald) Rockville, May 16. D. A. E. Viste Grotton Monument... Forty-two members of the Rockville D. A. R. visited Port Griswold at Grotton on Friday.

The members were welcomed to Port Griswold by the Grotton D. A. R. and were served with a delightful luncheon in the Monument building after which they were escorted about the fort and taken through the underground tunnel and passageways.

The regular meeting of Sunset Rebekah Lodge will be held in Odd Fellows' hall tonight at 7:45 sharp. A class of candidates will be initiated.

Mr. and Mrs. Claus Johnson and son Henry, of New Britain, spent Sunday with Mr. and Mrs. John Johnson of Clinton street.

The League of Women Voters will meet tomorrow afternoon at 2:30 at the Old Cheney Homestead on Hartford road.

The Christopher Columbus society at a meeting last Saturday evening decided to attend the funeral of Andrew Cervini, who died at his home on Cottage street Saturday, in a body.

The Girls' Friendly society of the St. Mary's Episcopal church will hold a business meeting at 6:45 tonight in the parish house.

Mr. and Mrs. Thomas Martin of 13 Cedar street were surprised Saturday evening by about 30 of their friends, the occasion being Mrs. Martin's birthday.

Both the confirmation exercises in the morning and the communion service in the evening were well attended at the Swedish Lutheran church yesterday.

At the annual meeting and election of officers of the Parent Teachers association of the Fifth District to be held in the Keeney street school tonight at 7:30, Howell Cheney will be the principal speaker.

The meetings at Gospel hall were well attended yesterday. Meetings will be held every evening this week with John Conaway in charge.

A marriage license was issued at the town clerk's office Saturday to Henry Floto of Manchester and Susie Rogers of Vernon.

Miss Dorothy Norris of Summit street is visiting relatives in Brooklyn, N. Y.

William Hamlin Childs of New York City was a week-end visitor in Manchester. He and W. W. Robertson enjoyed a fishing to yesterday.

A son was born yesterday to Mr. and Mrs. Clifford Risley of 35 Cottage street. The baby was born at St. Mary's Maternity Home on Wadsworth street.

A son was born this morning at Mrs. Howe's Maternity Home to Mr. and Mrs. Peter Wind of 466 Parker street.

Druggist Edward J. Murphy of Depot Square is having the interior of his store in the Balch and Brown building painted and redecorated.

Workmen from the park department were busy today, trimming and cutting down the hedges on the grass plots on Depot Square. The hedges had grown so tall that they had become a menace to automobile drivers at the various corners.

Miss Catherine Calhoun of 19 Grove street was removed to St. Francis hospital in Hartford today.

Mrs. Anna Lerch of 82 Foster street and Mrs. Vitalia Delnicki of Foster street, Wapping, were admitted to the hospital yesterday. Mrs. Delnicki was operated on for appendicitis.

Mrs. Nellie Brazanski of 81 North street and Robert Chambers of 85 Birch street were discharged from the hospital yesterday.

STATE'S HEALTH. Hartford, May 16.—Better health conditions about the state are shown from reports by local health authorities to the State Health Department giving reduced totals for many communicable diseases.

The number of new cases of each disease during the week was as follows: Diphtheria 20, scarlet fever 105, measles 58, whooping cough 67, pneumonia 68, chicken pox 96, influenza 3, mumps 38. There were no cases of typhoid.

ABOUT TOWN

The auxiliary to Dilworth-Cornell Post, 102 will meet tonight at 8 o'clock in the Armory. Every member is urged to attend as 5,000 poppies must be made before Memorial Day.

Miss Laura Gotberg of New Haven spent the week-end with her parents, Mr. and Mrs. Alvar Gotberg of School street.

The regular meeting of Sunset Rebekah Lodge will be held in Odd Fellows' hall tonight at 7:45 sharp. A class of candidates will be initiated.

Mr. and Mrs. Claus Johnson and son Henry, of New Britain, spent Sunday with Mr. and Mrs. John Johnson of Clinton street.

CHURCH MUSICALS

END BRILLIANTLY

Choir of 40 and Three Vocal Artists Please Audiences of 1,000.

The concluding musicale given by the choir at the South-Methodist Episcopal Church last night, was in every respect a fitting and triumphal climax to a season full of musical gems. An attendance of 1,000 people at this performance showed an appreciation of the artistic and interesting work done by this choir and their friends, and was an evidence that their educational work in musical circles is highly appreciated.

Miss Grace Kerns

Archibald Sessions, choirmaster and organist, in choosing "The Redemption" for this occasion must be congratulated on his choice, for the work with all its appealing beauties has a charm that captivates and holds interest throughout.

The careful training by Mr. Sessions showed forth in a manner so prominent as to evoke praise and high commendation, and the choir in its work sang the several parts throughout most reverently and artistically. Their balance was well shown and all parts were well controlled so as to show the beauties of perfect choral work.

The women's choir in its introduction to the number "Lovely Appearance," was delightful, it seeming to be a trio of three voices, instead of a chorus, so even was the balance with the most sympathetic accompaniment. As a contrasting number, the opening section by the men's voices in the chorus, "The word is flesh become" was shown forth with its roundness of tone and volume in cadence, but perhaps the finest of all the choruses was the well known "Unfold, ye portals," which was given with a vigor and power that was uplifting in its intensity, and seemed to take possession of the audience to an extraordinary extent.

The three soloists, came with a reputation for excellence in oratorio recitals, judging from their work last night, is fully justified. They lived up to the honors conferred on them, and added considerably to the success of the evening.

Miss Grace Kerns, soprano, on former visits here, earned for herself a reputation as an artist of capability that was further shown by her wonderful singing last night. Her charm and personality added to her outstanding talent. She is the owner of a voice full of richness coupled with a due regard to artistic requirements. Miss Kerns last night delighted the audience by her singing, and at all times held her listeners enthralled, particularly in her solo, "From thy love as a Father." In the climax she sang a "High C" with a power and clearness of tone along with a beauty of precision that was captivating. Miss Kerns has a faculty of interpretation that holds one's interest in all her numbers and last night she seemed to excel even beyond her former work. Her enunciation, intonation, phrasing, and well controlled expression, are outstanding features, and in all Miss Kerns was delightful. She well sustained the reputation which accompanied her and fully deserved the many congratulations which she received for her performance.

Ernest Davis, tenor, has a voice that is full of music, and a range that on his upper register shows forth full of resonance and power. Artistic in all he does, this singer adapted himself to the exacting requirements in this work, and skillfully interpreted his numbers in a very sympathetic manner, showing an ability that is rare. In the softer passages of his solos, his voice had a sweetness of tone, along with a sustained intonation that charmed and was very prominent in his solo, "Behold when they are come." In this a thrilling pathos was portrayed that was a most appealing and very sympathetic rendering, being given of this beautiful solo in which the anguish of Christ on the cross is depicted. A very artistic rendition of all his solos and excellence in the concerted numbers with the baritone ran throughout all of Mr. Davis' work.

The baritone, Alexander Kisselburgh, made his initial appearance here, and proved himself a singer of merit and ability. He has a re-

REWARD OF \$25,000 FOR MISSING FLIERS

New York, May 16.—Rodman Wanamaker, millionaire merchant and aviation enthusiast, today offered a reward of \$25,000 for the discovery of Captain Francois Colt and Charles Nungesser, missing French aviators, dead or alive. The fliers disappeared more than a week ago while attempting a non-stop Paris to New York flight.

markable baritone voice of quality and extreme range, and showed by his work last night that a brilliant future is marked out for him. He is a pupil of Louis Gravenre, famous baritone, and at times in passages the similarity between teacher and pupil is very marked as was discerned last night.

In the more dramatic themes he was most impressive, but perhaps his solo, "O Lord, wilt thou remember me," stood out as a number that with all the paths underlying the theme was of a very beautiful nature. Here the singer seemed to live the part, and the heart appeal for mercy as shown by the penitent thief, was artistically rendered and his work was very artistic and well controlled, with no striving for undue effect, showing a feature that added to his excellent performance.

In the duet with the tenor he displayed a remarkable blending of harmony with these numbers showed his wide range and versatility.

The work of accompanist at the organ was well taken care of by Mr. Sessions. This oratorio provided an opportunity to show the wonderful possibilities of the Case memorial organ, with its many and beautiful combinations. Mr. Sessions had practically to improvise the entire work of an orchestra but he showed himself equal to the occasion. His work as organist and work of musician's art, in his support to the soloists, and the choir, he gave just the proper atmosphere, and by his able playing, and careful training of his choir must be conceded all credit for the great success of last night's oratorio.

For a little more than 46 years, Joseph Pohlman has manufactured cigars in a small store in a building which stands just south of the Balch and Brown building on Depot Square. Although the building itself has changed hands several times during that long period, Mr. Pohlman has continued to rent the store not only for the manufacture of cigars, but also for the sale of his product.

The building is at present being remodeled by its owners, Contractor Thomas Sullivan and Postmaster Ernest Brown. Mr. Pohlman has finally decided that he will be compelled to seek new quarters and is now planning to build an addition to the north side of his home at the corner of Main and Hudson streets, where he will continue his business.

FAMOUS CIGAR STORE ON SQUARE TO MOVE

Joseph Pohlman to Change Location After 46 Years in One Stand.

For a little more than 46 years, Joseph Pohlman has manufactured cigars in a small store in a building which stands just south of the Balch and Brown building on Depot Square. Although the building itself has changed hands several times during that long period, Mr. Pohlman has continued to rent the store not only for the manufacture of cigars, but also for the sale of his product.

The building is at present being remodeled by its owners, Contractor Thomas Sullivan and Postmaster Ernest Brown. Mr. Pohlman has finally decided that he will be compelled to seek new quarters and is now planning to build an addition to the north side of his home at the corner of Main and Hudson streets, where he will continue his business.

Mr. Pohlman made cigars in his present location before the Union Manufacturing Company closed the plant. His place of business was frequented by men who worked in the old Union mill and for years it was the gathering place of half a dozen or so of the older residents of the north end, who met there to discuss current events. Most of these men have died, but the place is still frequented by a few for close to half a century.

W. R. Palmer, the electrician, rents the store in the same building as Mr. Pohlman. Mr. Palmer has used it as a storehouse and headquarters and will probably continue to do so. The building is being enlarged by an addition in the rear which will enlarge the store room and make it up-to-date in every way.

ELKS HOLD MAY PARTY AT RAINBOW TOMORROW

Social Time Planned; Friends of Elks Urged to Attend; Hope For Big Crowd.

Members of the Rockville lodge of Elks, to which most of the Manchester Elks belong, will hold a May Party and dance at the Rainbow Inn on Bolton Hill tomorrow night. There will be entertainment, modern dancing, refreshments and a general social time and get together of the Elks, their wives and friends.

Manchester Elks are anxious to have any local people who are interested in the lodge and the good times its members enjoy attend the party. Although it is not a public dance anyone who would like to attend and become acquainted with the lodge members should get in touch with a member of the lodge he knows.

Henry W. Gottschalk is chairman of the committee for the party and he can be reached at the office of Heath and Company at the north end. Members of the lodge living in Rockville, Stafford Springs and Hartford will be present at the party.

POLICE COURT

Three motor vehicle violators were in the Manchester police court this morning. The most serious case in the trio was that of Henry Calabria of 28 Dudley street who faced the court on the charge of driving an automobile while under the influence of liquor. He was represented by Attorney W. S. Hyde who entered a plea of guilty. Calabria was arrested by Sergeant John Crockett late Saturday afternoon. A fine of \$100 and costs was imposed, and by a plea of guilty, Calabria will lose his license for one year from the date of his conviction.

Stanley Brozanski of 53 North street pleaded guilty to reckless driving and paid a fine of \$25 and costs. Brozanski was in an accident on Center street near the Odd Fellows building. He turned the car over at too fast a speed and was unable to make a safe landing. He was placed under arrest by Sergeant John Crockett. Brozanski is only 18 years old and his father was appointed guardian ad litem and represented him in court.

Frank Brunns of 18 and 19 and costs for speeding his motorcycle on Main street. According to Traffic Officer Wirtalla, Brunns drove his motorcycle at a rate of 50 miles an hour when it was being heard on Main street. He pleaded guilty.

No other angler has ever been able to beat Jonah's fish story.

MEMORIAL HOSPITAL NOTES. Mrs. Anna Lerch of 82 Foster street and Mrs. Vitalia Delnicki of Foster street, Wapping, were admitted to the hospital yesterday. Mrs. Delnicki was operated on for appendicitis. Mrs. Nellie Brazanski of 81 North street and Robert Chambers of 85 Birch street were discharged from the hospital yesterday. STATE'S HEALTH. Hartford, May 16.—Better health conditions about the state are shown from reports by local health authorities to the State Health Department giving reduced totals for many communicable diseases.

GIRL SHOOTS HERSELF WITH BLANK CARTRIDGE. Fairfield, Conn., May 16.—The Fairfield Town Court will hold a session Thursday morning to hear the affairs of Rudolph Subidos and Grace Bodar, children whose love affair led to the girl shooting herself in the breast with a blank cartridge pistol. Subidos, charged with carrying a concealed weapon, is under bail. The girl, fourteen, is in Bridgeport hospital, not seriously injured. According to the story the girl's parents had ordered her to keep away from Subidos, sixteen. She met him Saturday evening and told him she would kill him if they were separated. He handed her the pistol, saying, "shoot me." She turned the gun against her own body.

MONDAY, MAY 16, 1927.

WAR MANEUVERS.

The Connecticut and Rhode Island coasts, from Narragansett Bay to the Connecticut river, are the theatre this week of the great army-navy war game, the purpose of which is to test the power of the United States fleet as opposed to land defenses, and the strength of the coast defenses and the army as against an invading fleet.

There has been a considerable actual and tremendous theoretical reinforcement of the garrisons of the Coast defense works in the affected district and Newport, New London and the surrounding military posts and naval stations are alive with troops movement and marine activity.

It is not likely, however, that there will be much of a "show" for civilian spectators to enjoy, despite intimations to that effect in some of the newspapers. Was it Mercurio who despised the opponent who fought "by a rule of arithmetic?"

Well, that's the way most of the fighting in these war maneuvers is done. It is comprehensible enough to the trained soldier but it doesn't mean much to the casual spectator.

If one could drift down to the south of the Thames in an airplane along about tomorrow night and hang around there in the air for two or three days, with the visibility good, he might be able to see, spread over an area of a couple of thousand square miles of land and sea, enough ships, smoke screens, flares, gun flashes and occasional landing attempts to make up the pieces in a fairly interesting puzzle.

But anyone who motors down over the road expecting to find a red hot sham battle going on all along the coast line, which he can see and comprehend, is liable to be disappointed.

War maneuvers, on the whole, make about the poorest show, for the way they sound in print, or anything in the world.

FINDING THEIR HOMES. Not the least of the difficulties likely to be encountered in the re-establishment of life in the stricken lower Mississippi river valley is likely to be the difficulty encountered by the rural inhabitants in finding their home lands.

There are thousands of little farms and "patches" in that country which their owners will be hard put to identify within anything like exact boundaries. Parts of the area have the advantage of having been laid out by astronomical survey, like most of the far western states, where township, section and quarter section lines could be relocated even though the land were to remain permanently under water, and where such lines constitute property boundaries according to recorded deeds. But there are other sections where the original surveys and boundaries are as likely to be predicated on a rock or a stump as anything else.

Take a perfectly flat country, such as most of the inundated region is, sweep away the fences, wipe out by burying in silt the tracks that pass for roads, cover the face of whole counties and parishes with litter, move the wrecked houses anywhere from a hundred yards to ten miles from their sites—and it is easy to imagine enormous complications in attempting to relocate the survivors in their own places, to say nothing about re-establishing them in the business of everyday life.

The aftermath of the flood disaster is going to be as variegated as it is distressful.

ANOTHER SUCCESS STORY. The "success story" is more or less an American institution. It has been told so many times, in so many different ways, that we sometimes get tired of hearing it.

Yet it is a good thing for us to be reminded, now and then, that perseverance, dogged determination, and plain, every-day honesty have their reward occasionally.

The latest variation of the heartening but hackneyed success story, concerns a young man named Jack Hohenberg.

then 17, walked into the office of the Seattle Star and announced that he wanted a job as a reporter. He was told that the staff was full, and was advised to resume his studies at the university. But he wouldn't be discouraged.

"See here!" he said. "You're passing up something. I don't just want a job. I don't even want any pay. All I want is a chance to get somewhere. This is the place I'm going to work. If I'm willing to put my time against your experience, work early and late and hit the ball just as if I were getting a fat salary, I don't see that it's going to be any money out of your pocket."

The city editor relented. Hohenberg was given a job . . . without salary.

All summer he worked as a cub reporter. He worked hard. He was given all the disagreeable tasks that are to be found around a newspaper office. He took them without a murmur, and thought up assignments on dull days.

To shorten the story, Hohenberg eventually won a regular job that had money attached to it. He stayed with the Star for a while, then he went to New York, seeking to improve his ability by a wider range of experience.

In New York he worked at night on a newspaper, and by day studied in the Columbia University School of Journalism. It was long hours and hard work, with little time left for play, but Hohenberg plugged away steadily.

And now comes the climax of the story. The other day, when the Pulitzer prize committee met to make its awards, Jack Hohenberg was given an \$1,800 traveling scholarship. He will sail soon for Europe, to spend a solid year in Paris, studying at the Sorbonne—the goal of every student.

Pretty nice? Well, he's going to have it soon for the next year, but he earned it. And it is heartening to read about him.

TWO GLIMPSES. This country is in a pretty prosperous condition nowadays, and things like hunger and want don't come very close to most of us. But it is just as well that we who are so fortunate do not forget that hunger and want do still exist.

Here are two little glimpses into the lower strata of our prosperous nation, culled from the day's grist of news:

The first tells about Mrs. Frances Stengler of New York. Mrs. Stengler had a husband and a baby. The husband was out of work; Mrs. Stengler had a job as a janitress, for which she was paid \$10 a month. On this the three of them had to live.

It was too much, Mrs. Stengler, seeing only starvation ahead, abandoned her baby in a doorway, hoping that whoever found it would not let it die of hunger.

When she got home she found that her husband, by getting odd jobs, had accumulated \$32. This was a godsend. The two went back to get the baby. It was gone.

Well, the story ends pretty well. Mrs. Stengler went to the police, they found her baby for her, and she and her husband are trying it again. And that's that story.

The other story tells about Abraham Bass.

He is 90 years old and looking for a job. For 26 years he worked for one company, but finally he got laid off—too old. Now he's tramping the streets looking for work.

"Something'll turn up," he says hopefully.

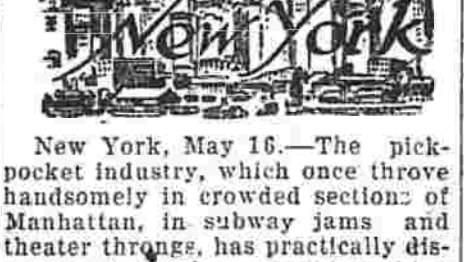

There you are. Two little glimpses of the shadowy side of our prosperous country.

force is used it will not be because of lack of moral perception on the part of the Chinese, but lack of moral perception by those who use force."

Many Americans feel the same way. That's why this country is so obviously opposed to the "malded fist" measures that some people are trying to urge on us in China.

TOO MANY LAWS. Legislative assemblies meeting in 44 states of the Union this year, introduced some 40,000 new bills, 10,000 of which have become or are soon to become laws.

This unlimited spawning of hot-house legislation is not a new disease or symptom of disease. It has been chronic for so long a time that even the best lawyers of the country find themselves confused by the spreading complexity in this cancer on the legal code. The plea for simplification cannot be made too often.

New York, May 16.—The pick-pocket industry, which once thrived handsomely in crowded sections of Manhattan, in subway jams and theater throngs, has practically disappeared. The crowd-working "dip," who jostled a fellow passenger while his "pal" got the wallet, is seldom seen. Most men carry their money less carelessly. I am told, and most hip pockets are used for flasks, while wallets are carried in inside coat pockets.

Just why the "dip" trade has become unpopular in crookdom seems to be a mystery. A clumsy and raw variation of this operates in some of the lower type night clubs. Here dancers are tripped and jewels or money snatched as an apologetic confederate comes to a pretended rescue.

The others are merely variations on the old-time saloon "drunk roller," who took advantage of an intoxicated one.

In about two more weeks, the Montmartre—famed for its Saturday noon dances—will be nothing but an eating place for the stars and curious tourists. Every Saturday the size of the floor is lessened by one more table in an effort to handle the surging mob that jams the place. Last Saturday there was little dancing. If two more tables are added it will cease entirely.

A thrilling night. . . . First pools of water gathering then rivulets. . . . Catching the lights of the highway like golden ribbons suddenly loosened. . . . A million golden serpents gliding over the mirror-like street.

And the helpless crowd, shouting futilely at taxis. . . . One or two venture a race for the subway. . . . And the mob, as usual, follows pushing everything and everybody in its way. . . . Stars, millionaires, youngsters from the east side, bums in tattered clothes—all caught under the first handy shelter. . . . All grunting and arguing and preening and wondering. . . . Evening wraps or tattered clothes. . . . All the same under the wrappings when hazing.

This is one of Manhattan's democratic gestures. . . . All folk equally helpless and the rain laughing against the pavements and the buildings. . . . And the lights doing a golden serpentine down the gutters. . . .

GILBERT SWAN.

Be sure you are right—but don't be too sure that everybody else is wrong.

DOMINIC ACHIEVEMENTS

NO. 13—GIVING AWAY LAND.

EDITOR'S NOTE—This is the 13th of a series of articles telling how American cities are meeting their problems. Succeeding articles will appear on this page daily.

By DON E. MOWRY, Secretary, the American Community Advertising Association.

Government might not seem like a government might not seem like a good way of boosting a city; but sometimes it is.

WASHINGTON LETTER

This is the second of three articles telling how the American Red Cross meets emergencies like the Mississippi flood disaster.

By RODNEY DUTCHER Washington, May 16.—The American Red Cross, which is spending \$10,000,000 in the Mississippi flood area, is almost the only organization which can ask for huge donations and find a unanimous opinion that it should have the money.

Although the International Red Cross has more than twice as many members in the United States as any other country, its origin is Swiss. There was a time, after the Civil War, when this country seemed to regard it with somewhat the same suspicion as greeted the League of Nations after the World War.

Paternity of the Red Cross is credited to M. Henri Dunant, a young Franco-Swiss traveler who happened upon the battle of Solferino, in 1859. Forty thousand men were left killed or wounded on the field and Dunant recruited compassionate women from nearby towns to care for the wounded of both sides as best they could.

M. Dunant, however, published in 1862 an eloquent pamphlet entitled "A Souvenir of Solferino," including all the gruesome details and asking, "Would it not be possible to found and organize in all civilized countries permanent societies of volunteers which in time of war would render aid to the wounded without distinction of nationality?"

"These societies," added M. Dunant, "could also render great service at the time of epidemics, floods, fires and other unexpected catastrophes; the humane motive which would have created them would investigate them to act on all occasions in which their labors could be exercised."

The conception of M. Dunant covered the very emergency which the Red Cross is meeting today in the Mississippi valley.

His pamphlet attracted international attention. Gustav Moynier, president of the philanthropic Soci-

ety of Public Utility at Geneva, appointed a commission from the society to study it. Dunant was secretary of the committee of five, which extended a general invitation to European countries for a conference to study the idea. Fourteen nations and seven philanthropic societies were represented at the first conference in October, 1863. The conference recommended development of the organization now known as the Red Cross and reversed the national colors of the Swiss republic to obtain the familiar Red Cross insignia.

Sign International Treaty. The Swiss Federal Council, supported by Napoleon III, called a diplomatic convention held at Geneva the following August. Delegates came from 13 European nations and the United States and the result was the First Treaty of Geneva. Most delegates were empowered to sign for their nations, but the two American delegates were not. Although the sanitary commission of this country had done important work during the Civil War along Red Cross lines, the Washington government seemed to regard the treaty as an embarrassing foreign alliance which had best be shunned.

The American commission, however, developed into the American Association for Relief of Misery on the Battlefields, adopting the red cross on a white field as its emblem. In 1870 it sent relief contributions to belligerents in the Franco-Prussian War, but being without official recognition it was disbanded in 1871.

Meanwhile Clara Barton was studying the Red Cross in Europe. She interested Garfield and Secretary of State Bialine and in July, 1881, with Miss Barton as president the American National Association of the Red Cross was incorporated in the District of Columbia. Garfield was assassinated before he could personally superintend ratification of the Geneva treaty, but President Arthur took up the cause and signed the treaty March 3, 1882, with the unanimous ratification of the Senate. There were then 31 signatory nations.

Red Cross Record. In its early days the American Red Cross gave aid to victims of the Michigan forest fire of 1881, subsequent Mississippi and Ohio river floods, the Armenian massacres of 1896, Russian famine of 1892, the Galveston storm and tidal wave of 1900 and the Spanish-American war, in which the organization had its first chance to function under war conditions.

In this century the Red Cross has been built into an efficient national organization under federal supervision and federal audit. In 1911

President Taft proclaimed that the Red Cross was the only volunteer society authorized by the government to render aid to land and naval forces in time of war. Today there are 57 national Red Cross societies with a total membership of more than 18,000,000. The largest societies are the United States, with 5,561,488, senior and junior members; Japan, 2,365,924; Italy, 1,700,000, and Germany, 4,201,000.

Many a man who gave marriage serious thought is still in the bachelor class.

**SNYDER SLAYERS
NOW IN SING SING**

(Continued from Page 1)
Joseph Quinn and three deputy sheriffs.
The crowd pressing in on both sides hooted.
Then followed another squad of motorcycle policemen and behind that a big gray car in which Mrs. Snyder sat on the back seat.
The crowd hooted again.
Other motorcycle policemen surrounded the two machines which sped off toward Sing Sing prison. Thirteen other machines containing detectives and newspapermen followed.
Several times the crowd broke through the police lines and blocked the procession for a few minutes.

Gray Talks
Before leaving, Gray said to a guard:
"I hope the clouds clear up and the day will not be gloomy for I'd like to ride in the sunshine."
Gray planned to have the curtains raised on his machine as soon as they left the city.
Mrs. Snyder is ready to embrace the Catholic faith and will be baptized in the death house, according to the Rev. Father Murphy, chaplain of the jail.
Mrs. Snyder bid farewell to the two matrons in the county jail before beginning her "last ride."
"I'm bidding you good-bye now but I hope to see you again," she said. "If everything goes the way I hope, I'll be back here and may be when I come back I won't be going out again this way."

Manacled to Guard
Mrs. Snyder's cheerfulness disappeared as she was manacled to her guard. As her machine speeded through the dense throngs she wept.
Aside from the jeers from the crowd outside the jail, there was no demonstration by the thousands who stood in the streets and crowded windows and rooms. There were only occasional murmurs of disappointment at the shades being drawn down in the machine containing Gray.
After the procession had traveled a few blocks Mrs. Snyder regained her composure. She threw her head up and smiled and nodded at the crowds.
The murderer was dressed in the black ensemble she had worn during the trial. She kept her handcuffed wrists between her knees as if to hide the irons. Her cheeks were flushed but she kept her head up.

No Time Lost.
All preparations had been made to receive the pair, who are scheduled to die the week of June 20, and no time was lost in getting them into the prison. The trip from Long Island City, whence they started shortly before 10:30 this morning, was made in an hour and a half.
No special favors of any kind will be granted either Mrs. Snyder or her former lover while they are in the death house waiting for execution, Warden Lewis E. Lawes announced shortly before their arrival.
The prisoners were to be served the regular deathhouse Monday luncheon of pork and beans and bread and tea. For supper tonight they will have a fried egg, apple, mashed potatoes, stewed prunes and milk. Both will be limited to the regular deathhouse fare.

COLUMBIA
Mr. and Mrs. Henry Hutchins left Sunday morning for an auto trip to Canada.
Mr. and Mrs. Dwight A. Lyman started Saturday for Philadelphia where they will spend a week with their son and wife, Mr. and Mrs. Sam Lyman.
Mrs. Philip Isham and two children have returned home after visiting Mrs. Isham's sister, Mrs. Charles Stoltenfeldt in Manchester.
F. W. Godding and son, William Godding of Buffalo, N. Y., are guests of Mr. Bertsch.
Rev. Duane Wain preached Sunday morning on the subject "The Potter and the Clay."
A party of Willimantic girls are spending the week-end at the lake.
Mr. and Mrs. Robert Smith of Hartford visited their Columbia Cottage Sunday.
Miss Lura Collins and Cleveland Collins of East Hartford were weekend guests of Myrtle Collins.
Miss Viola Lewis of Hartford spent the week-end with her mother, Mrs. May Lewis.
Miss Vesta Stone of Willimantic was the guest Sunday of Mrs. Margaret Hutchins of Chestnut Hill.
Miss Eleanor Crawford of Willimantic spent the week-end with Miss Elizabeth Bertsch.
The Christian Endeavor meeting Sunday evening was led by Mrs. Clayton Hunt. The topic was "Leadership". It was voted to give \$5 towards the Red Cross collection for the flood sufferers.

LABORITES PROTEST
London, May 16.—The entire Labor Party delegation walked out of the House of Commons this afternoon in protest against the government's proposal to apply "time-table procedure" to hasten the passage of the committee stages of the Trades Union Bill, limiting the powers of the trades unions to call strikes.
The walkout occurred after a rather heated question hour when the government was criticized by the labor members for the raids on the headquarters of the Soviet trade delegation.
"Most people wouldn't want their own way if they could have it."

KU KLUXER PLEADS FOR 90 DAY PAROLE

Indianapolis, Ind., May 16.—D. C. Stephenson, former Grand Dragon of the Indiana Ku Klux Klan, serving a life term in the state prison for the murder of Miss Madge Oberholzer, 28, former Butler University co-ed, today petitioned Governor Ed Jackson for a ninety-day parole.
Stephenson asks for a temporary parole on the plea that only through such action can he expose the machinations of his enemies and save the 200,000 which still remains of a fortune once rated at a million dollars.
The petition, eighteen pages long, full of his characteristic oratorical vituperation, is the most compre-

hensive defense Stephenson has ever made. During his trial for murder at Noblesville, Ind., he did not take the stand and his defense lacked spirit.

RESIGNATION, RUMORS
Washington, May 16.—General Lincoln C. Andrews declined today to confirm or deny reports that he is again about to submit his resignation as assistant secretary of the treasury in charge of prohibition.
Commenting on a statement attributed to Wayne B. Wheeler, generalissimo of the Anti-Saloon League, that he (Andrews) "had promised to resign," Andrews declared he came into government service to reorganize and coordinate the various law enforcement branches of the treasury, and that it was "up to Secretary Mellon, not Mr. Wheeler, to say when that has been accomplished."

WHAT A MIX!

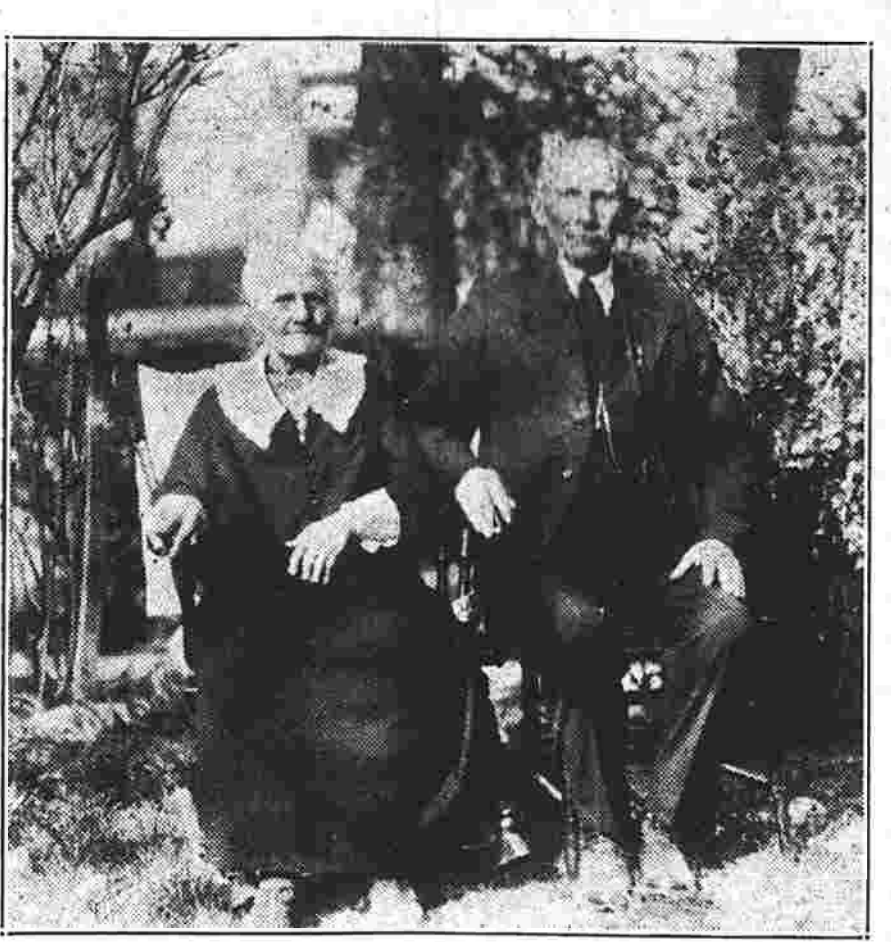

As Mrs. Tom Mix and her youngster, Thomasina, 5, sailed from New York for Europe on the S. S. Paris, she denied that her mission abroad was a Paris divorce from her movie cowboy husband. But Tom declared that she was Europe-bound for no other purpose. So, you see, the Mixes are somewhat mixed!

FLEET OF "ENEMY" TO ATTACK COAST

(Continued from Page 1)
The Navy to land a "hostile" force on United States soil.
Grim Business
It is a grim business, judging by the way the army is going at it, but after all it is only a war game—the annual joint Army-Navy maneuvers which began this morning to continue throughout the week.
Flashing into the Army intelligence office at Fort Adams came radio messages this morning appraising the defenders of the fact that the "Black" fleet—battleships, cruisers, destroyers, submarines, airplanes, all now merged into one weapon of attack—is "somewhere at sea" and within striking distance of the New England coast. Within the next few days, the fleet will attempt to land a theoretical force of 75,000 men, moving them shoreward in transports in the rear of the battleships.
To Prevent Landing
That's what the army is going to prevent, if it can. Theoretically

Major General Preston Brown, in command of the defenders, has a valuable for the protection of the coast 70,000 men. Actually, however, he has just about 2,500 stationed at various points in the Narragansett area. But this skeletonized force admirably answers for the purpose of the maneuvers.
The navy has gone into this "battle" with the most powerful fleet in its history, with 37,000 men in its ships and with far greater powers of destruction and of resistance than it possessed at the close of the World War.
Naval Assistance
The defending troops will have some naval assistance, a few submarines and a number of destroyers that are normally used in time of war for harbor defense.
Airplanes will be used by both sides, the "Black" fleet launching their planes from the great airplane carrier, the "Langley."

Indications today were that the maneuvers will prove realistic and highly competitive. The maneuvers, however, are not intended to support any preconceived ideas as to the relative powers of naval attack and land defense. Rather the main object is to test tactical plans now existing and to give practice in co-

operation between land and naval forces.
Late this week umpires will hold a critique, reckoning the successes and the failure in the forthcoming battles and announce who has won the "war."

ELECTION IN QUEBEC.
Montreal, Que., May 16.—Provincial elections are being held throughout Quebec today. The return of a Liberal government is conceded.
The first charges of fraud in connection with the election were made today when Louis Fitch, K. C., conservative candidate from St. Louis, and twenty-six others were arrested by police armed with five warrants charging electoral frauds. Fitch later was released on parole.

30 HURT IN RIOTS
Breslau, Germany, May 16.—Thirty persons were reported to have been injured, some seriously, today in a series of anti-German election riots in the city of Rybnik, Polish Upper Silesia.
Practice may not make a lawyer perfect, but enough of it may make him rich.

ANDOVER

Miss Wadie Brown returned to New York the first of the week after spending a few days at the home of her parents, Mr. and Mrs. Holden Brown.

Mrs. Willard Fuller is in very poor health and under the care of Dr. F. E. Guild of Willimantic.

George Platt, Jr. gave a public dance in the town hall Saturday evening.

Mrs. Ward Talbot, Mrs. Randall Jones and Mrs. Frank Hamilton attended the semi-annual meeting of the Hartford branch of the Woman's Board of Missions at the Center Congregational church in South Manchester last Tuesday.

Miss Esther Jones went to New York Wednesday to spend a few days with her brother, William Jones.

The wedding of Miss Esther Jones and Edward Nicoline of Hartford will take place in the Hebron Congregational church Saturday at 1 p. m. standard time.

Charles Friedrich is moving from the Sackett house to one of John Yeoman's known as the French place.

Mrs. William Palmer spent Thursday with Mrs. Picant of Manchester.

Mrs. Kittie Mittens, Mrs. Lewis Phelps and Mrs. A. E. Frink spent Thursday with Mrs. Frink's daughter, Mrs. Eugene W. Platt in Wapping.

Mrs. Ward Talbot visited relations in Manchester and Ellington Friday.

Esther Thinks Up New One

Leave it to Esther Ralston, Hollywood actress, to find something new. Here's Esther with her new trick hat, the band of which is made of waste cuttings from a film. It's nice for sport occasions.

GILEAD

Mrs. William Lull and Mrs. J. H. Russell of Huntington street, South Manchester, Miss Pike and Mrs. Peck of Clinton, were visitors recently at Mrs. C. Daniel Way's and Mrs. Benjamin Lyman's.

Mrs. Robert E. Foster is suffering with an infested thumb, but it is doing well under Dr. D. C. Y. Moore's care.

Harriet E. Buell isn't quite as well and Dr. Pendleton was called Tuesday.

Little Helen, daughter of Mr. and Mrs. Arnold C. Foote, is about the house but is still weak from her recent severe illness.

The schools were closed Friday afternoon as the teachers attended a teachers' meeting in Hebron.

In the Red Cross Drive for the flood sufferers, Gilead has raised \$45 which is more than the quota for this locality as Columbia, Andover and Hebron have been called upon for \$200.

A loan widow is one who has money out on interest.

MYSTERIOUS SHOOTING

PUZZLES WILLIMANTIC

Week-End Guest of Playwright Will Not Tell How He Was Injured.

Willimantic, Conn., May 16.—Wilfred Irwin, 35, of New York, is in critical condition in St. Joseph's hospital here with his liver punctured by buckshot Irwin, a weekend guest at the home of Leonard Cline, playwriter, at Wormwood Hill, Mansfield, was brought here this morning for treatment.

Cline at first told hospital officials he had been wounded accidentally and when state police took up the case he declared he had nothing to say at present.

Irwin, two weeks ago, was fined five dollars and costs and given a suspended thirty-days sentence when he was a guest of Cline. At that time he pleaded guilty to breach of the peace and intoxication charges. His arrest followed telephone complaints of neighbors that murder seemed taking place at the Cline home.

Immediately after Irwin had been questioned today state police started for Wormwood Hill to investigate the case more fully.

SUPER-POWER IN RADIO STATIONS IS FUTURE PLAN

Problem of Interference Being Studied For Fixing Limitations.

Washington.—In the general establishment of super-power broadcasting stations, H. A. Bellows, of the Federal Radio Commission, sees one of the important developments in radio of the future.

"Broadcasting stations of the future—and this is not very far off—must have high power in order to deliver the goods," Bellows said.

"The listener is demanding quality of service and good results. Our investigations have shown that the station operating on 50 kilowatts or even higher does not cause much more interference than the 5 kilowatt station."

While the 5 kilowatt station marks the maximum of interference, according to the technical investigation of broadcasting it does not attain the maximum of service, which is found in power ranging about 50 kilowatts.

Highest Power

Bellows said that there is discussion at the present time of a 100 kilowatt station that would be the most powerful in the world in the field of broadcasting. WGY, of Schenectady, at present holds a license authorizing the use of 56 kilowatts and is the country's strongest station.

The Radio Commission, it was explained, will lend a sympathetic ear to applicants who are seeking high power. However, such applicants must be well financially backed so that they will be able to procure a high class apparatus and employ sufficiently expert engineering talent as to assure the proper operation of the station.

Bellows said that a high power station, using poor equipment and badly operated, would prove a big impediment to radio reception.

"There has been set no arbitrary limitation on the power which broadcasting stations may use," Bellows said. "Stations must have their transmitters well removed from populace centers although the studios may be located within cities as is that of WJZ, for instance, with studios in New York and a powerful transmitter at Bound Brook, N. J."

Study Interference

Bellows said that a 500 watt station in the center of a large city will cause more serious interference than a 50 kilowatt station twenty or thirty miles removed from the city.

This principle has been taken into consideration in the effort to improve radio connections in New York and Chicago. In both cities stations which desired to maintain their transmitting sets within the cities were required to reduce power or refused permission to make increases.

Commissioners said that there is a general demand among the broadcasting stations for permission to increase power and hence the effective range of the stations.

A SUCCESS—AND NO WONDER

Lilly Damita, 20-year-old French cinema star, is a great success in the new French film, "Tops of Paris." 'tis said in news from across the water. Who wonders, after seeing this charming photo of her?

KELLY'S JAP VALET TO TESTIFY TODAY

"Jungle" Who Disappeared After Actor's Murder Is Found by State Sleuths.

Los Angeles, Calif., May 16.—Testimony concerning the gin fizzes said to have been imbibed by Dorothy Mackaye in the apartment of Paul Kelly promised to feature today's session at the film actor's trial for the "knuckie murder" of Ray Raymond, musical comedy star.

This was indicated by the district attorney's office which announced that Kelly's valet, "Jungle," was prepared to take the witness stand and tell of serving drinks to the actress while her husband and the young film hero engaged in a fatal fist fight in the Raymond home, a short distance away.

"Jungle" disappeared immediately after Raymond's death, leaving a note explaining he was bound for Japan. He was found last week at a Hollywood motion picture studio.

SIX HUNDRED REBELS HELD IN PHILIPPINES

Self-Styled "Emperor" Causing the Manila Authorities Much Trouble.

Manilla, P. I., May 16.—More than six hundred rebels were arrested today by the constabulary in putting down the revolt in Occidental Negros province. Although the constabulary reported the situation in hand, Flora Intrencherado, self-styled "Emperor of the Philippines" and central figure of the uprising, has not yet been captured.

Intrencherado, it was learned, is still in his bamboo "palace" near Iloilo, guarded by great throngs of his followers who have sworn to fight to the death to protect him. Provincial authorities announced they will not attempt to arrest him until the Supreme Court decision finding the "emperor" insane is received from Manila.

PARIS DIVORCES

Paris, May 16.—Mrs. Harold Le Roy Whitney, the former Katherine Fisher, has filed a petition for divorce here on grounds of desertion. The Whitneys were married in New York.

Mrs. Fred Moore, the former Hezzie Carter Purdon, has filed a divorce petition here on grounds that her husband has refused to receive her. The Moores were married June 1, 1908 in Kansas City.

A divorce has been granted to Mrs. Gustave E. Rickson, the former Edyth Powers, who was married December 23, 1916, in Brooklyn.

TO IDENTIFY SUSPECT

Boston, Mass., May 16.—A detective of the Orange, N. J., police was here today to assist Boston police in establishing the identity of Charles F. Marino, alias Samuel Costa, believed to be the murderer of Louis K. Rittenhouse, in Orange, in 1924.

Marino was arrested when he was noticed roaming around a Beacon street building fire escape in his stocking feet. Investigation of police fingerprint records revealed the possible connection between him and the wanted murderer.

Old Master's

Lord Ramesses of Egypt sighed because a summer evening passed. And little Ariadne cried. That summer fancy fell at last. To dust; and young Verona died. When beauty's hour was overcast.

There's was the bitterness we know because the clouds of hawthorn keep. So short a state, and kisses go. To tombs unfathomably deep. While Ramesses and Romeo. And little Ariadne sleep. —John Drinkwater: "Birthright."

A THOUGHT

I know that my Redeemer liveth. Job xix:25.

Hope is the mother of faith.—Lander.

UNIRONED BATH TOWELS

Both towels dried outdoors are fresher and sweeter when not ironed. Fold evenly when taking from line and stack as if ironed.

THE ROMANCE OF AMERICA: P. T. Barnum (4)

In the winter of 1834-35, Barnum decided to try his luck in New York again, and with wife and daughter, moved to the city.

Barnum, who had made money rapidly, had spent it, too, so when he arrived in New York he had little cash. After weeks of searching for a "business opportunity" he took a job as a "drummer." That winter New York had the greatest fire in her early history, 700 buildings being destroyed. Panic ensued. (To Be Continued)

When Barnum had served his sixty days in jail for libel, his friends and the "defenders of a free press" celebrated with a banquet in the very courtroom where he had been sentenced. Barnum and a band then were placed in a coach drawn by six horses and a triumphal procession escorted the editor to his home in Bethel.

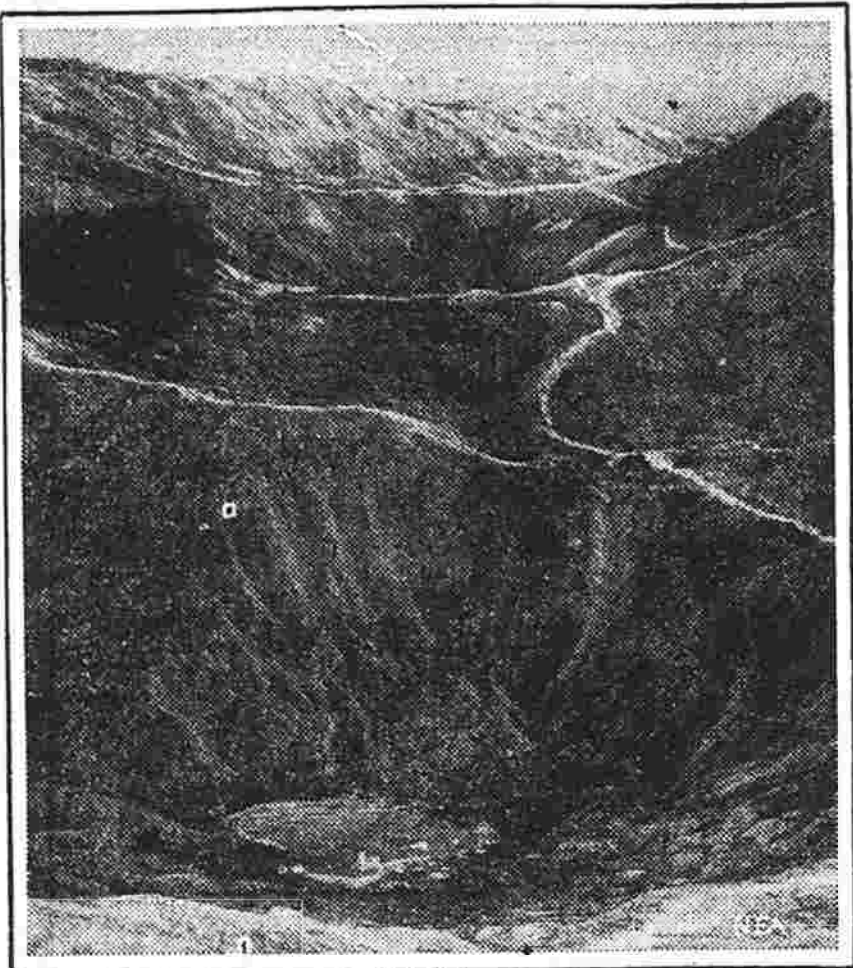

But the Herald of Freedom, despite publicity, did not make money. Barnum also was losing in his store through bad debts.

An Ex-Buck PRIVATE goes back to FRANCE

PAUL ADAMS NEA Service

There was a hill here once, but that was before the Germans trenched under it from five miles away and buried thousands of French soldiers with an enormous charge of explosive.

This is the 32d chapter in the story of a former doughboy who is revisiting France as a correspondent for The Herald and an advance guard of the "Second A. E. F."

CHAPTER XXXII

At Chalons-sur-Marne... two French soldiers... blue-helmeted patrolling the platform of the station as the train rolls in.

At Stenny... a young grocer in the street... playing with a wooden gun... playing soldier.

TOLLAND

Ernest Prentice of Rockville, Miss Mildred Hatak of South Willington, Mr. and Mrs. Erwin Mitchell motored to South Manchester Friday evening.

Mr. and Mrs. Joseph Skalinik and son John spent Sunday with Mr. Skalinik's parents, Mr. and Mrs. John Skalinik.

Mr. and Mrs. Alfred Cliff were Sunday guests of Mrs. Cliff's parents, Mr. and Mrs. Ernest Triska.

Mr. and Mrs. Hubert Hammer of Springfield were Sunday guests with Mrs. Hammer's parents, Mr. and Mrs. Joseph Celsel, their two daughters who have been spending sometime with their grandparents returned home with their parents.

Mr. and Mrs. Samuel Simpson left Thursday for New York city where they will set sail for England Saturday morning May 14th.

The Rockville Christian Endeavor Union will meet Friday evening with the Tolland Local Endeavor society.

Mr. and Mrs. C. Hibbard West were suddenly called to Ellington Tuesday evening on account of the serious illness of Mrs. Ellen West.

Mr. Raymond Ladd has been transferred from clerk in the Phillips store in Rockville to manager of a Phillips store in Silver Lane, East Hartford.

Mr. and Mrs. A. Sereputowsky and family received guests from Staffordville, Sunday.

Mr. and Mrs. Howard Metcalf were guests of Mrs. Metcalf's parents, Mr. and Mrs. Henry Mitchell in Meriden over the week end.

Mr. and Mrs. Erwin Mitchell and son motored to Meriden Sunday, the guest of relatives.

Miss Anna Zalinka of Hartford spent the week end with her parents, Mr. and Mrs. Steve Zelinka.

The Animal Study Club banquet was held at the church Tuesday evening, May 10th. Mrs. Edgar Edgerton of Vernon did the catering and as usual proved herself very efficient.

The program consisted of singing by one of the finest negro tenors of the country, Mr. Hernandez, who is studying in Boston and is also assisting four other negro young men. Miss Morris gave local current events in a most interesting and humorous manner.

Rev. George S. Brooks pastor of the Union church of Rockville was the speaker of the evening and gave a vivid account of a trip across the water going steamer.

A surprise party was given to Nicholas Zalinka and Leonard Metcalf one evening last week at the home of Mr. and Mrs. Abrahm Metcalf. Over fifty guests were present from Willington, Rockville and

9:15 p. m.—Selection from "Thais"—Massenet; Miss Wheeler.

9:30 p. m.—The Last Rose of Summer—Balle; Miss Marek.

9:45 p. m.—10:00 p. m.—Grand Opera Hour by the National Broadcasting Company.

11:00 p. m.—To be announced.

11:30 p. m.—Capitol Theater Organ—"Melodies for the Folks at Home"—Walter Dawley.

LEGION BENEFIT SHOW AT STATE ON TUESDAY

"Blue Eagle" Here For Two Days — Matinee Tomorrow For Children.

The tang of the salt seas, the smoke screens of the Atlantic fleet, and a crowd of half-naked humans working like maniacs far down in the stokehold make the beginning of "The Blue Eagle," a real sea picture.

A cast of stars that would do credit to any other of the big pictures is seen in "The Blue Eagle." Chief among them are George O'Brien, called the handsomest "caveman" lover on the screen.

The story of "Lovers?" in which Ramon Novarro and Alice Terry are appearing for the first time at the State theater tonight, is laid in modern Spain.

Novarro is superb in his characterization of the young playwright thrust into the maelstrom of slander, and his duel with John Miljan is one of the most thrilling battles on the screen in many months.

The cast is especially well chosen. Edward Martindel plays the middle-aged husband, Edward Connelly the envious brother who spreads the seeds of slander, and George K. Arthur, Lillian Leighton, Otto Hoffman, and other notable players are seen in important roles.

JOHN GILBERT PICTURE AT CIRCLE ON TUESDAY

"The Show" Gives Actor Chance to Work With Renee Adoree, Lionel Barrymore, "Demi Bride" Tonight.

John Gilbert is back again at the Circle tomorrow and shows more of his marvelous adaptability for this time he is no longer the polished gentleman he was in "The Merry Widow."

It is one of the most pretentious films ever yet produced by Metro Goldwyn Mayer and it has been called an example of the best photography turned out in years at the studio.

Supporting Gilbert in his starring role is the piquant Renee Adoree, who won many hearts by her portrayal of the tragic heroine in "Mr. Wu," which was here some time ago.

Low Cody, the he-vamp who gets vamped, is co-starring with Norma Shearer in their comedy-farce, "The Demi-Bride," which is the attraction at the Circle for the last time tonight.

Lots of people make a specialty of pouring ice water on enthusiasm.

THE HERALD'S HOME PAGE

FEATURE ARTICLES ABOUT INTERESTING WOMEN

DAUGHTERS OF MIDAS by Anne Austin

THIS HAS HAPPENED BILLY WELLS NYDA LOMAX and WINNIE SHELTON, employees from the big T. Q. Curries department store are taken into the home of their employer as his wards for one year, because he wants to help them further their ambitions each has expressed. Billy, ambitious to be a concert violinist, is the only one that is serious. The other two lie to enjoy T. Q.'s generosity.

"I suppose Sawyers has been tattling on me," she began indignantly.

Unknown to T. Q., the girls learn he intends adopting one of them when the year is over and Winnie and Nyda begin a series of intrigues for his favor. T. Q. begins to question the wisdom of his philanthropic experiment when he observes that Billy loses interest in her violin and that Nyda is not after all interested in fulfilling her ambition of becoming a kindergarten teacher. He takes her on a trip for a few months, hoping the trip will broaden them. On their return, they find a Hindu fortune teller who tells the girls amazingly intimate things. He is driven out of town and Dal Romaine's simultaneous disappearance makes Billy wonder if he were the Hindu's accomplice. She hears from him occasionally.

One night Nyda asks Billy to go to the library and get a book she has left there. Billy complies and while there breaks a strand of beads. When he returns, she tells him up, the beads come in and she finds her sleeping before the safe where T. Q.'s most precious things are kept. When Billy returns to her room, she hears a familiar rattle and stings with the garden. She finds Dal Romaine.

"I thought I heard a noise down below," Sawyers told her sourly, his eyes ugly with suspicion. "Something woke me up—don't know just what it was. But I guess it's all right."

"Clay!" Billy raised her head and stared at him unbelievably. "No wonder Clay left you, if you have that sort of an opinion of him! I didn't touch the safe, I didn't have anything whatever to do with the robbery! I did go out of the house after twelve, after I had been downstairs to get a book for Nyda. She will tell you that she sent me to get it for her. I went up to my room and decided that I couldn't sleep—that a walk about the grounds would do me good—"

The WOMAN'S DAY by ALLENE SUMNER

Why, asks someone or other should both legs wear the same colored stockings? Why not harmonizing and contrasting color schemes in the two appendages? What about rainbow effects on the nether limbs; one limb, perhaps, encased in gray, the other in black; one in beige, the other in brown; one in pink, the other in blue? Sure enough, why not? When one analyzes some of the most taken-for-granted things in life one wonders why they are so taken-for-granted.

Charm Schools? "Charm schools" are not especially new. But the venture of a few high schools which include "personal appearance" in the curriculum, give grades, and flunk or pass a student in this subject, is novel and interesting. Score sheets are the basis for the grades. So many points off for too much rouge or powder or lipstick (as well as too little); so many points off for a garlicky breath, for a needed shampoo, for gum-chewing, and all the other ills that girlish flesh is heir to. More power to so progressive schools, for what more messenger thing can our schools teach girls than to cash in on personal charm to the tune of 100 per cent?

In-Law Melee Four brothers named Olson, residing in Iron River, Mich., married four sisters named Born, address the same town. Meddlesome little on the possibility of stirring family fights!

Wants Ma's Hubby Now here's a nice pretty domestic situation! Olive Schick, 19 of Chicago, thinks that her mama is a mean old thing, so there, because mama won't divorce her husband, Olive's step-daddy, so that Olive can marry step-daddy Edward Jones herself. Olive and Edward even eloped when mama would do no such thing and though the romantic comedians were caught, they insist that they will keep right on eloping until mama "does the right thing" by 'em! If mama refuses, Olive will become step-mama herself. Olive and Edward are domestic tangles this takes the cake. One wonders why Olive's mama cares anything about hanging on to such a varlet. She probably doesn't care for the varlet. It's probably the functioning of mother love, trying to keep him from daughter.

Mae and Pola Speaking of family entanglements, we have it on good authority that Mae Murray and Pola Negri who become sisters-in-law by marrying the brother of Mae's husband, are not on especially good terms; "have nothing in common" is the way it is put, I believe. I seem to sniff some family rows there, too. "She is a better actress than I am," she heard the dicta of the Midvinter tribe. "Mae is three times as beautiful." This from the Mae side. What fun!

Sari et Vilma Being on the subject of rows, another of Mae's former wife of Franz Molnar, famed playwright, was recently bailed into court on a slender charge proffered by the father of Vilma Banny. Papa charged that Sari had called his Vilma "a treacherous little cat who had been glad to kiss my hand." Sari was acquitted, but you can't be too careful what you say around the dotting parents of peerless offspring.

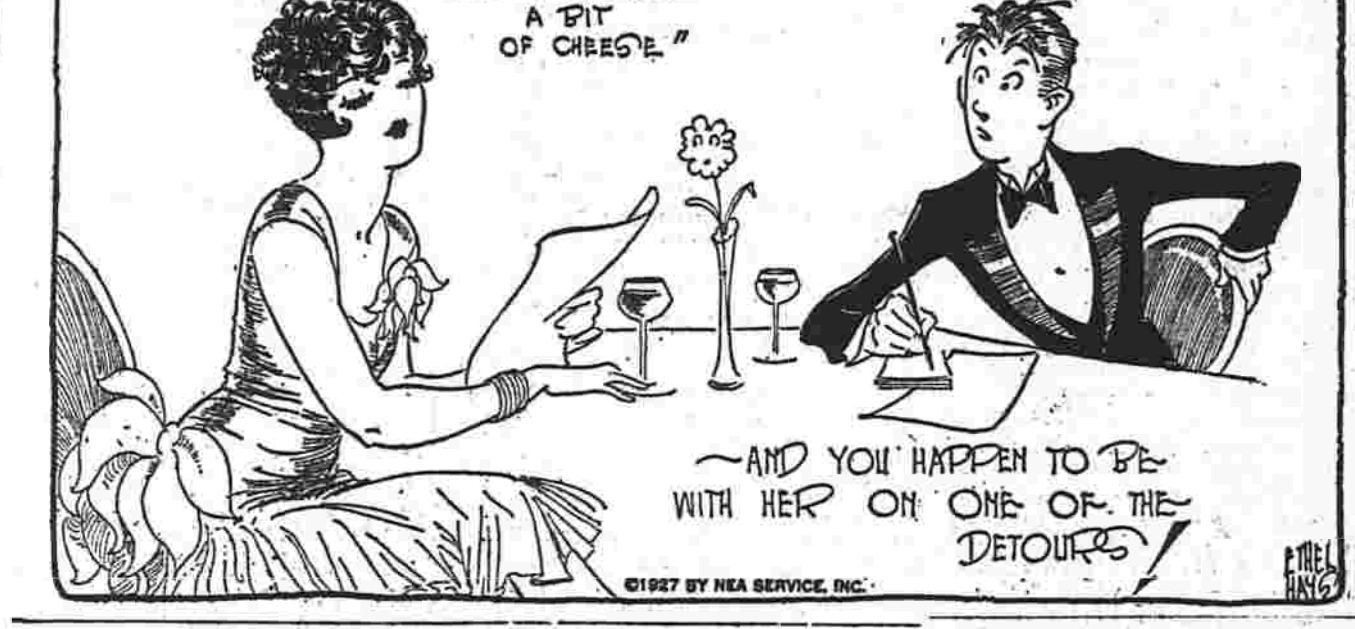

Waves for Kids "Give your child the satisfaction of a beautiful head of hair." So reads the ballyhoo of various beauty shops, urging parents to "do right" by their children and give them permanent heads. "Don't let the Other Children Call Her 'Pigtails,'" shrieks one ad. And the migration of kids from home and school and into the beauty parlors has begun. Two, three, four-year-olds offer their little heads of soft baby hair to the permanent waver. What fools some parents be! They think that the greatest gift they can give their children is an excited standard of living and a spending on each and every fool commercial stunt that comes along. I would as soon see a child of four smoking a pipe and drinking her whiskey straight as flaunting an artificial permanent wave.

Take healthful yeast in this pleasant form. Made into delicious root beer at home with Williams' Root Beer Extract.—adv.

TRAGEDY IN KITCHEN

Most Culinary Mistakes Are Easily Rectified—And Here's How.

Very often the bride in the kitchen decides that sauce pans and spiders and oven are bewitched. Everything burns for her. "Things" never burned in her mother's kitchen. She must remember that her mother learned through years of experience the exact amount of water needed to cook potatoes just right. She must learn that time files "when her back is turned" and keep close watch of the minutes until her experience has taught her to gauge time.

But when the potatoes do boil dry and start to burn, put the pan at once into a larger pan of cold water and then shake the potatoes out in a clean pan or bowl for mashing or creaming. If the scorching has not been great, no one will ever know it happened. If, however, there is a hard dark brown crust burned on one side of the potato carefully cut away the burned part and after mashing and seasoning as usual, add grated cheese and one well-beaten egg. Pile in a baking dish and bake in a moderate oven for fifteen minutes.

Any vegetable that has just started to burn can be placed in the pan of cold water and shaken or scraped from the burned pan into a fresh one for reheating and seasoning.

One precaution to keep in mind when cooking potatoes that have been cut in halves leaving a smooth flat surface, is to be sure that the rounded side of the vegetable rests against the sauce pan.

Acquire the habit of shaking any pan of vegetables cooking on the stove.

Use extreme care in salting delicately flavored vegetables like asparagus and peas, asparagus especially requires very little salt. If the soup has been salted too generously, add from half a cup to a whole cup of sliced raw potatoes. Let stand ten or fifteen minutes, remove and serve. The potatoes will absorb the excess salt.

Life's Niceties HINTS ON ETIQUET

1. Where does the groom's mother stand in the receiving line after a marriage ceremony.

2. Is it necessary or proper for the groom's father to be in the receiving line?

3. Are place cards used at a wedding breakfast or supper?

The Answers. 1. Near the bride's mother or next to the bridesmaids.

2. Not necessary, but proper.

3. No.

DRY CLIMATE MAY BRING RELIEF TO SUFFERERS FROM ASTHMA

By DR. MORRIS FISHEIN Editor Journal of the American Medical Association and of Hygiene, the Health Magazine. Climates with relatively low humidity are believed to give relief to patients with asthma. Apparently this is due to the beneficial effects of the dry air, which extracts moisture from the tubes leading to the lungs.

Investigators in the department of medicine of Western Reserve University in Cleveland determined to make a special study of this factor in relation to the diseases mentioned. In the experiment persons were asked to breathe through a sponge which was saturated with a solution of calcium chloride, which has the power of extracting moisture from the air. The physicians found an increase in the vital capacity of the lungs after breathing dry air in 44 per cent of the patients, showing definitely the value of this procedure. Patients with asthma varied in their response to the method, but persons with decompensated hearts were quite definitely improved.

Modern Comfort

By Olive Roberts Burton

Katherine Fullerton Gerould writes on "Modern Comfort" in one of the recent magazines. Frankly, according to Mrs. Gerould, modern comfort in the accepted sense is modern discomfort. For instance take the telephone. "One of the greatest luxuries of the times," says she, "is not to have one's name listed in the telephone book."

Isn't it true? We are constantly and cruelly accessible. We plan a day of work; peace and quiet and hours of uninterrupted are necessary to our plans. The phone rings. And instantly we are let in for something that someone else is planning for us. People cannot march their hobbies in to you through your front door. You can, at some pains, weep them out if you wish.

But they can march them in to you over the telephone. Isn't it true that in order to have our lives as we would order them for ourselves we are constantly putting up barricades and laying a defensive barrage against the intruder who insists on interesting you in his own affairs.

The radio? You may have one and love one! But the neighbor may have no radio and he isn't likely to love yours as it floats through hallways and crosses courts, nor will you love his.

Automobiles? I don't know. We see more scenery, but we see it faster and remember less, and appreciate less what we do see, do we not? We get there sooner, but why the rush? We are very noisy and the smell of spring blossoms is smothered by the aroma of hot brakes.

Airplanes? I saw fifty varieties at Bolling Field the other day. Like an old lady I overheard there. "I liked the silver one best." That's about what the lay public knows or ever will know about them.

I went to Mount Vernon one day. That struck me as comfort. A white house with broad green acres on a river. Their own farm, their own gardens, their own horses and raised their hay. They spun their linens and stuff for clothes. They had guests, gave parties, and had time to talk and walk. The good old days truly!

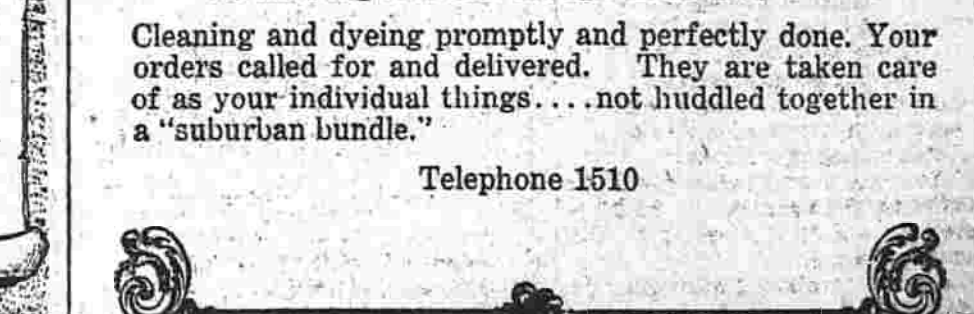

No telephone, no phonograph, no radio, no automobile! I envied Martha Curtis Washington. Likely George was a great man, not in spite of, but because of, the lack of "modern comfort."

Community Nine Bows to Team of Sluggers, 6 to 3

S. M. H. S. Athletes Score Two Victories; 50-49, 12-11

Lupien's Triple and Boggini's Single Bring in Winning Tally Against Windham; Locals Hammer Out Seventeen Hits; Play Poorly in Field; Wiley Hero.

Brilliant relief pitching by Wiley and heavy and consistent batting by the team as a whole, were the lone obstacles which prevented Windham High from snatching the first of its annual two game series with the local high school nine Saturday at the stadium. Manchester played poorly in the field but looked like a million dollars at bat, piling out 17 hits. The final score was 12 to 11.

Team Can Comeback

The most important revelation during the nine long innings of haphazard baseball was the fact that, unlike many teams that have represented S. M. H. S. in the past years, the 1927 edition is one that can fight an uphill battle. By means of playing in the fifth and sixth innings, Manchester spotted the visitors a six run lead and then turned about-face and struck back viciously evening all the six tallies and scoring one more for good luck and victory.

Jerry Holmes started on the mound for Manchester and pitched good ball until the fifth inning. In this frame he blew up allowing five hits but was given raged support by his mates. Seven Windham tallies crossed home plate. Al Peterson was called to the mound to complete the inning but barely started the next before he wavered and Coach Kelley had to call upon his last resort—the old dependable, southpaw, Wiley, who, only two days before, had twirled masterful ball to beat Bulkeley High in London 5 to 3. And Wiley was able to fulfill the assignment. He held the visitors without another tally the rest of the game and allowed them but one scratch hit, an infield pop which he almost snared himself.

Minzler's Timely Bingle

When Wiley went to the mound, the fans began to have hope that Manchester might overtake the Windham nine. Two runs for Manchester came in the last half of the sixth and four more in the seventh tying the score. Pop Wintzler's long double to right-center brought in Holland and E. Dowd with the tallies that knotted the count.

With the score tied in the last of the eighth, Al Lupien, Manchester left-fielder, the boy who made that great catch the other day, crashed a triple over the left-fielder's head. Coach Callahan sent in McLearn to relieve Dillon who had taken Usher's place on the mound a couple of innings before. McLearn got Foley on strikes, a rare occurrence, but Nite Boggini came through with a neat single to left that scored Lupien with the winning run.

Totals	50	49

Minus the services of Captain Billy Hall, one of its principal point-scorers, the S. M. H. S. track team succeeded in nosing out Meriden High Saturday afternoon in the city by one point in one of the closest and most thrilling schoolboy meets in Connecticut in several years. The final score was 50 to 49.

It was a nip and tuck contest featured by as strong rally by the Manchester athletes in the final event. The local team was trailing by seven points when Billy Johnson, after placing fourth in the broad jump trials leaped to third place on his sixth and final attempt. This assured Manchester of a chance to win if it placed first and second in the final event—the 440 yard dash.

Intense excitement prevailed as Coach Pete Wigren selected his entries for the crucial event and sent them to the starting line. S. Deming, Meriden entry took the lead at the start and managed to hold it until the last 35 yards. It looked like a sure Meriden victory but, summoning all their reserve strength, Sheridan and Cheney of Manchester caught Deming and shot ahead to break the tape in the open mentioned for a 50 to 49 victory.

Hall was hor de combat because of an injured ankle and this was a serious blow to Manchester in the pole vault, broad jump and high jump. Manchester was defeated 23 to 3 in these events.

"Butch" Kittel again shattered the local school record for the shot put when he threw it 39 feet three and one-half inches. It was one foot better than his effort in the New Britain meet here the previous week which also broke the school record. In the discus, Kittel lost first place by a mere half-inch, 93 feet against 92 feet 11 1/2 inches. The results of the various events: 100 yard dash: J. Demming, Meriden; 2. Sheridan, Manchester; 3. Jones, Meriden. Time: 1:2.5.

Shot put: 1. Kittel, Manchester, 39 feet 3 1/2 inches; 2. Polbano, Meriden, 38 feet 7 inches; 3. Deming, Meriden, 37 feet 2 inches. Pole vault: 1. Sheridan, Manchester, 3 feet 3 inches; 2. and 3. Leavitt, Meriden and Scarlatto, Manchester, 9 feet.

Javelin: 1. Markham, Manchester, 135 feet 4 inches; 2. T. Chambers, Manchester, 134 feet 10 1/2 inches; 3. J. Cervini, Manchester, 128 feet 6 inches. Discus: 1. T. Chambers, Manchester, 2. Tyner, Meriden; 3. Potts, Meriden. Time: 2 minutes and 16 seconds.

High jump: Tie between Leavitt, Pelton, Gay and Sackett, all of Meriden. Five feet. 220 yard dash: 1. Sheridan, Manchester; 2. Cheney, Manchester; 3. J. Demming, Meriden. 25 1/2 seconds. Mile run: 1. McCluskey, Manchester; 2. O'Day, Meriden; 3. Leavitt, Meriden. Time: 5 minutes, 32 seconds. Broad jump: 1. J. Demming, Meriden, 18 feet 7 1/4 inches; 2. Leavitt, Meriden, 18 feet, 3 1/2 inches; 3. Johnson, Manchester, 17 feet, 10 1/2 inches. 440 yard run: Sheridan, Manchester; 2. Cheney, Manchester; 3. S. Deming, Meriden.

Whitney Won \$100,000 Whiskery Wins Derby

By DAVIS J. WALSH, I. N. S. Sports Editor.

New York, May 16.—To him who hath, all things are given. Harry Payne Whitney, son of John but honest parents, today was on the verge of breaking all records, including that of Harry Sinclair, another notable victim of circumstances, for total winnings on the race track during one and the same season. Mr. Whitney was down to his last fifty million on Saturday but the situation fortunately improved very rapidly and by nightfall Harry's situation was not so desperate.

For between sunrise and sunset his horse, Whiskery, had won the Kentucky Derby as only a good horse can, and the circumstance was worth precisely \$51,025. And in case Harry starts to run short again he can draw on the \$55,400 that he won last Monday. For Harry is the sort of fellow who has more than one horse and another of his string, Bostonian, happens to have been the winner of the Preakness. To him who hath, all things are given, and it must be conceded that Harry Payne Whitney is receiving today. The horse owner doesn't live who wouldn't give his right nostril to win either of the big stake races at Pimlico and Churchill Downs. The man who wins both is just naturally a born beneficiary.

Half Million Earnings. It all goes well, the Whitney stable's earnings should total around a half million dollars at the end of the 1927 campaign. And all should go very well. They are saying today that Whiskery might have won the Derby if Jock, the early trail blazer, had had a rider like Sande on his neck. However, the writer didn't see the race that way. He saw only that Whiskery had all the running of the field in the stretch, where running counts, and the colt looked the part of the fastest and best thoroughbred in the race.

No horse was interfered with, no horse had the slightest excuse. And so the inference must be accepted that colts like Black Panther, Rolled Stocking and Rip Rap, which ran tenth, twelfth and thirteenth respectively, were good horses when they had it, which probably was never.

STROKE SAVERS

BY DOBBSY CRUICKSHANK

I believe that most golfers would follow a lot better if they stopped fooling around with fancy grips, changing off and on with the seasons. I advise a man to use the grip which is most natural to him instead of trying to get an interlocking grip or a Vardon grip. Some like the two-handed grip with all the fingers on the shaft. It is a natural grip that most players take without professional instruction. As for my personal likes, I grip the club with my left hand as in this picture. I like to get out on the closer in for the approach shots.

THE NUT CRACKER

BY JOE WILLIAMS

GOLF THRILL.

You can talk all you like about homers. And ninth inning rallies and such. You can rave about hockey and polo. I'm sorry I can't hand them much. In boxing and baseball and wrestling. There isn't a thrill I have seen. To match that heart-crossing reaction of striking one clean across the green.

What a Kick!

Bertram Lewis

Here's an unusual photograph of a British soccer player demonstrating his antipodal kicking ability. He is Bertram Lewis, goal-keeper of the Arsenal team at Highbury, Whitechapel. The freak kicking exhibition was snapped in a recent game played in England.

SAINTS DRUBBED BY ADDISON 13-1

Eighteen Errors Made By Two Teams; White Gets Two Triples; Practice Session Tomorrow Night.

Playing with a makeshift lineup, the St. Mary's were badly beaten yesterday afternoon in Addison. The score was 13 to 1. Dutch Kenbell pitched eight innings and Harry Mathewson finished the game.

Eighteen errors were committed according to the score submitted by Manager Bulla, ten by Manchester and eight by Addison. Manchester's lone run came in the first inning. From then on, it was just a case of how big the Addison score would be. White led the batting for the winners with two triples.

FURNITURE FASHIONS AT GARBERS' EXHIBIT

Hartford Dealers Formally Open "Salon of Finer Furniture Tomorrow."

Milliners and modistes have semi-annual openings to show what is new to wear. Motor men have annual shows to exhibit what is new to drive. Now Garber Brothers inaugurate a Furniture Fashion Show to exhibit what is new in furniture for the home.

There are always created, there are hundreds of furniture designers in the country who daily try to translate the period styles of earlier masters and also their own versions of the ultra-American furniture styles—and, therefore, there are as many different styles of furniture as there are in most everything else.

This show has been carefully planned. Nothing has been left undone to make it interesting to everyone. This is the first show of its kind to be held in Hartford and will be repeated semi-annually by Garber Brothers. The show will continue all day and until 10 in the evening for three days beginning tomorrow, Tuesday, and also Wednesday and Thursday at the new Manchester Plumbing & Supply Store.

It is quite interesting to note the progress this furniture establishment has made since July of 1923. Their show room floor space has increased in that time from 3,000 square feet to 60,000 square feet, now, besides the immense floor space occupied by their Living Room Furniture factory, warehouse and shipping department, Garber Brothers now occupy both twin buildings which were built by the Cheney Brothers in 1853 and were originally occupied by the now internationally famous Cheney Brothers silk mills.

The outside bricks have been sandblasted. A new Colonial doorway now marks the entrance. The inside has gone through a complete transformation. Little does one dream, when looking at the unsimulating appearance of the exterior, that the interior is so attractive. Garber Brothers' new department, "The Salon of Finer Furniture," which formally opens tomorrow, is carpeted throughout and has a very expressive display of the finer grade of furniture.

SALVATION ARMY SERVICES

The services at the Salvation Army yesterday were conducted by members of the Corps Cadet Brigade. In the morning service Miss Maxwell was the soloist. In the afternoon service was given over to music and singing and Corps Cadet Rachel Lyons was the speaker. At the evening service Mrs. Commandant Abbott made the address. Members of the band were away assisting at Holyoke, Mass., and Pawtucket, R. I. Commandant Abbott went to Rockville and conducted the service in the M. E. Church last night in the absence of Rev. Saljis, who was out of town.

LOCAL MAN IS DEAD AT SINGAPORE, INDIA

Mr. and Mrs. Bernard J. Dunn, of 28 Hamlin street, have just received word of the death of their son, Bernard J. Dunn, Jr., 41, in the Marine Hospital at Singapore, India, on February 29.

Mr. Dunn, who was born in Norwich and who had lived in Manchester for a few years, was in the British Marines during the World War and at the time of his death was quartermaster on the H. M. S. Duetin.

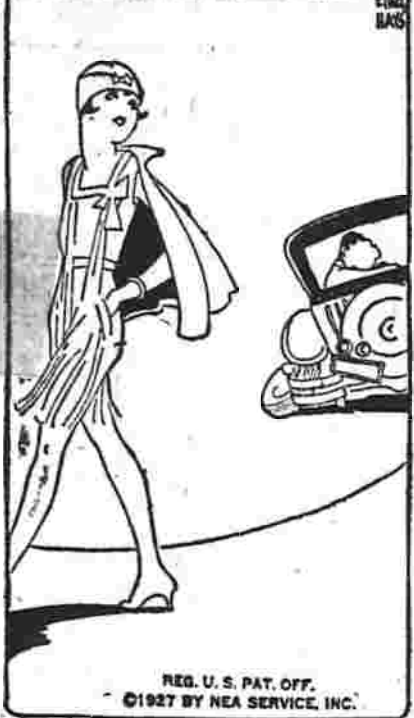

Mr. Dunn will no doubt be remembered by members of the old Tiger football team of which he was a member.

FLAPPER FANNY SAYS:

There's some good in every-thing—even a car, that won't run.

NOW YOU Ask One HOW'S YOUR SPELLING

Today's list of questions starts off with an old-fashioned spelling bee. The answers are on another page.

- 1-The following words are incorrectly spelled. Can you correct them? Paralell, fundemental, Guage, harrassed, terrific. 2-What new state was created east of the Mississippi during the Civil War? 3-What city is its capital? 4-What does "orthography" mean? 5-Who is George Brennan? 6-With what major league team does George Kelly play? 7-Give within ten cents the par value of the pound sterling in American money. 8-In what state is the Rapahanock river? 9-Who designed the Civil War battleship Monitor? 10-In what year did Philadelphia last have a team in the world series?

There's joy a-plenty in this world To fill life's silver sup, If you'll only keep the corners Of your mouth turned up.

"My husband is the most unob-servant man. He can talk to a woman for a half hour and never notice a thing they have on."

"The sins of the fathers shall be visited upon the children even unto the third and fourth generations. Ditts war taxes.

"Mary may be as pretty as a picture," said Dumbdora's kid brother, "but, gee, what a friend to!"

Scenery is that green stuff the family looks at while dad keeps his eye on the road.

(Read the Story, Then Color the Picture)

The elephant took quite a load, and as the band of Tinies rode, they laughed in glee, and Scouty said, "I'll bet we took a sight. At first I really was afraid, but now real friends with him we've made, and though he has a lion's head, I'm sure he will not bite. Old Daffydoe stood right close by, and soon the Tinies heard him cry, "Giddyap, there Bosco! Do your best to carry them aroun'." So Bosco trotted like a horse, and 'twas't long, of course, until he had them laughing as he shook them up and down. Right over hills and dales they went, and when an hour of fun was spent, the funny looking elephant just squatted to the ground. Wee Clowny jumped and took a flop and Carpy said, "Here's where we stop." And then they looked behind them and old Daffydoe was found.

SENSE and NONSENSE

Old-fashioned kids talked of the house that Jack built moderns wonder whose Jack built it.

A friend of a local doctor was a stranger in the neighborhood and had been brought to a dance at the local deaf-and-dumb hospital by an old friend, the doctor.

"How on earth can I ask a deaf-and-dumb girl to dance?" he asked, a trifle anxiously. "Just smile and bow to her," replied the doctor.

The reason men find it so difficult to mend their ways is because they neglected the sitch in time.

By CHARLES HIMSELF Sing a song of farm relief, Cur cribs are full of corn. We looked to Coolidge for some help, And got a lot of scorn.

"This government report states that the life of a paper dollar is only seven or eight months."

"Well, I have never had one die on my hands."

It is quite often true that the advice you dislike is exactly what you need.

If you are cheerful, brisk, practical and forward looking you will attract the same kind of people.

Don't waste your time in pursuing the almighty dollar. Get started early and stay at it late.

It is usually the man with plenty of money, who proclaims that poverty and happiness go hand in hand.

Henry Ford is more than a man. He is an epoch.

Another good test of blood pressure is to find an employe's feet on your desk.

"Want to buy a mule, Sam?" "What ails de mule?" "Nothing."

"Then what are you sellin' him to?" "Nothing."

"I'll take him."

Many a man wishes he could out-law his inlaws.

ABOUT TOWN

The Ladies of Columbus are scheduled to bowl the team representing Campbell Council, K. of C., this evening on the Casino alleys. The second three games will be rolled next Friday evening at the K. of C. alleys.

The regular monthly meeting of St. Mary's Young Men's club will be held this evening at 8 o'clock.

The members of King David Lodge of Odd Fellows who are employed in the Machine-Electric departments of Cheney Brothers will go to Windsor on Wednesday evening to work the second degree for Falisado lodge of that town. A large number of the members of the lodge are planning to accompany the team. Automobiles will leave Odd Fellows hall at 7:30.

Robert and Mary Mercer have sold their 4 family house situated on the corner of Edgerton and Center streets to Mary Blanchard and Adele Gross. The sale was made by the Robert J. Smith agency.

Mrs. John Wright of Locust street, left today for Philadelphia, N. Y., where she will attend the graduation of her granddaughter, Miss Muriel Taylor, at the high school in that city. Mrs. Wright plans to remain in Philadelphia for a month, it is understood.

Mrs. Ann Waddell, millinery purchaser at the J. W. Hale company, is in New York today on a business trip.

The S. E. S. club will hold a whist party tonight at the home of Miss Ethel Anderson of 92 Ridge street.

The handsomest trout shown in town this season was on display in the Barrett street fish store. It was a two-pounder and was caught by Harry Olender of Mill street.

Eight candidates will be initiated into membership by Manchester Division, No. 1, A. O. H. on Thursday evening in St. James's hall at 8 o'clock. Final reports will be heard from the committees on the ball and the anniversary banquet. A social time will follow.

ARCHITECTS AT WORK ON NEW PARISH HOUSE

Boston Firm to Draw Plans For New Building on Center Church Land.

It was learned today that a committee from the Center Congregational church has made arrangements with the firm of Hutchins and French, Boston architect, to develop plans for the proposed new building near the church. The Boston men are coming to Manchester shortly to study the situation and develop plans. It was stated.

The committee from the Center church went to Boston recently to study the plans of similar buildings and to discuss the matter with architects there. The proposed buildings will be a sort of a community house in which everything not directly connected with the church will be held. It will contain rooms for the Sunday school meetings, week-day meetings, assembly hall, kitchen and for public gatherings and other affairs.

ORGANIST DIES

Stamford, Conn., May 16.—Bereno R. Ford, organist and choir director at the Universalist church here and previously at the Methodist and Presbyterian churches, died in Stamford hospital today at the age of seventy after a brief illness. He was born in Milford and studied music under noted teachers including Dudley Buck. Funeral services will be held here tomorrow.

W. A. Smith, Jeweler IS OPEN FOR BUSINESS IN HIS NEW STORE In State Theater Building

FIVE AUTO MISHAPS HERE IN WEEK-END

No One Injured Although Some Cars Are Badly Smashed Up.

Five automobile accidents were reported in Manchester over the week-end but no one was injured. Two drivers were arrested, one for operating an automobile while under the influence of liquor and one for reckless driving.

The first accident occurred at 7:45 Saturday night on Main street in front of the Home Bank and Trust company streets, when automobile operated by Elmer H. Glinack of South Main street backed out of a parking space into a Ford truck driven by George Conil of Glastonbury which was proceeding north. Slight damage resulted. Officer David Galligan investigated.

The second of the four accidents occurring Saturday night came at 8:20 at the junction of East Center and Brookfield streets, when automobiles operated by Herbert House of 201 East Center street and Sidney B. Beinhelm, 50 Britton street, West Hartford, collided with small damage. Officer Robert McLeary investigated.

At 10:20 two automobiles collided head-on on East Center street. Stanley Brazausky, of 55 North street, driver of a Studebaker sedan, was arrested by Sergeant Jack Crockett for reckless driving. His car struck a Franklin touring car driven by Fred Luck, Keeney street. Luck was driving west on East Center street and the other car coming in an opposite direction, suddenly swerved in front of him. Both cars were badly damaged, police say. In court this morning Brazausky pleaded guilty to the charge.

At 11:30 Saturday night Henry Calabria, of 28 Dudley street, was arrested by Sergeant John Crockett on a charge of driving while intoxicated. His Paige sedan going north on Wetherell street, struck a Chevrolet touring car operated by Herbert Hampton of 243 Wetherell street which was proceeding east on Wetherell street and then struck a telephone pole. Neither car was badly damaged. In court this morning Calabria pleaded guilty.

DEATH OF JOHN H. REMER

John Harvey Remer, 47, of Windsor, Vermont, died last Wednesday afternoon after a fifteen weeks' illness with heart trouble. For many years he was employed as a telegraph operator in Bolton where he lived for many years.

In addition to his wife, Mrs. Katherine Remer, the former Bolton resident is survived by his mother, Mrs. Eunice A. Robinson, of Watertown, N. Y.; three daughters and two sons. One daughter is Mrs. Joseph Prentice of this town and the other two are Eunice and Ruth Remer of Windsor, Vt. The sons are Frederick M. and George H. of Hartford.

The funeral was held Friday afternoon at the home in Halls-Terrace and burial was in the Ascuney cemetery in Windsor.

This is bedding week at Benson's Furniture Exchange. Bigger and better values. Mexican floss, 7-inch Imperial edge mattress, \$22.50. Look in our windows, or better, come in. 649 Main street. —Adv.
