

ELECTRIC COMPANY CUTS RATES IN NEW OFFICES

(Continued from page 1)

keepers and others, who do not use their installations as freely as they would if they felt that they could afford to, to employ electricity with much greater freedom and without substantial if any increase in their bills.

This also is a two-account system, with a flat rate plus a meter reading. Under it the company demonstrates that a customer who has a 3 K. W. of lighting load and one H. P. in several motors, and whose bill under the present schedule would be \$4.67 a month would pay, under this optional schedule, only \$4.00 a month. It is regarded as probable that this premium on the free use of lighting installations will lead storekeepers to more extensive window lighting, perhaps to the practice of keeping their window displays lighted even on the evenings when the shops are closed.

There is also a slight change in the present commercial schedule by which the maximum rate of 11 cents per kilowatt hour is reduced to 10 cents, effecting a saving, automatically, to the smaller commercial users of lighting current.

Bigger Business

The theory on which the new schedules have been worked out is that the fuller use made of existing installations the more cheaply the company can afford to furnish electric current; that "wholesale" dealings in electric current, like any other commodity, are more economical than "retail" dealings if the plant exists and the fixed charges remain—that volume of business and volume of usage are desirable to all parties in the transaction.

The new officers of the Electric Company, into which the office force is just moved and which are to have their formal opening tomorrow, are a marked improvement over the former quarters in size and in the facilities they afford for rapid and efficient handling of the company's business.

Opening Tomorrow

After weeks of preparation, the new office and store are now ready for the formal opening tomorrow. The beautiful showroom, which has already attracted much attention, will be the scene of lively activity from 8 a. m. until closing time, with demonstrations of leading electrical appliances, free souvenirs, and a display of many new styles in merchandise that will make Christmas gifts of lasting satisfaction.

Waffles will be served by a

demonstrator from Landers, Frary & Clark, who will exhibit Universal products, electric refrigerators, whose use entitles the owner to the new, low electric rates referred to above, will be shown by representatives of local dealers. Watkins Brothers have Kelvinators, Alfred A. Gressel has Frigidaires, and M. H. Strickland has General Electric refrigerators on display at the electric company's salesroom.

Souvenirs For Visitors

All visitors to the new showroom tomorrow will be given souvenirs of the occasion. They will see something new to Manchester, a demonstration of electric ranges, the use of which will undoubtedly soon be very popular here under the new cooking rates.

Those who buy Sweeper-Vac cleaners will receive the \$10.50 floor polisher free, as a special concession for the opening celebration. The sale of Miller Lamps will be continued, and questions about electric ironing will be answered by the demonstrator of the Thor Ironer.

There should be something that will be of special interest to every user of electricity in Manchester. It is expected that most of the company's customers will arrange to visit the new quarters sometime during the day or evening and participate in the festivities.

EVERY BENEFIT DOLLAR TO GO TO SUFFERERS

All Services and Theater to be Given Gratis For Sunday Performance.

Tickets for the benefit performance which will be given in the State theater on Sunday afternoon for the flood victims of the East Hartford district are going fast, it was said today by George H. Waddell and Henry Needles, members of the committee in charge.

Manager Jack Sanson of the State theater said today that he is determined to give the benefit performance a program that will be better than any ever seen here. As an added attraction he has arranged for the appearance of Sam Kaplan, formerly director of the State orchestra, and his Capitol theater orchestra of New Britain.

The theater, the services of the operatives, the orchestra and its director are being donated for the benefit show. Every cent that comes in at the box office and from the outside sale of tickets will be turned over to the relief authorities in East Hartford.

Tickets are on sale at the State theater and by J. P. Lamb, chairman of the Manchester chapter of the Red Cross.

SUIT OF DUCHESS ON IN BRIDGEPORT

(continued from page 1)

6 o'clock the following morning. Fave stated he "watched the duke because I did not like the treatment the duchess was getting."

Chigi's Statement

Another deposition was that from Sigismonta Chigi, son of an Italian prince and a cousin of the duke. He said that the duke, in speaking of Miss Lorenzino, said: "She is nice, kind, and new to me, and she entertains well. Relative to the divorce action, Chigi said, the Duke remarked to him he was glad he and his wife were through."

Then followed two depositions taken here in Bridgeport by Attorney Robert G. DeForest, last June. The Duchess of Torlonia was called to the stand by her counsel. As she answered the first few preliminary questions she lost her composure, and wept softly. When she had left the subject of her children, she wiped her tears away.

Tells of Marriage

The duchess told of being married in August, 1907 at her home in Belle Haven, Greenwich, when she was nineteen. Upon learning of her husband's affair with the Lorenzino woman, she said, she went to see the woman and talked with her but could get no satisfaction. The duchess said that when she asked her husband to stop his attentions to that woman for the sake of her children, he answered: "I am proud of it."

In June, 1925, the duchess informed the court, during a violent scene in the Torlonia palace, her husband broke off a piece of a chair and knocked her unconscious after he had discovered that she had been following him and Miss Lorenzino. The duke and duchess never lived together after this episode, and in July, 1925, came back to America with her three children. She went to Italy the following October and a separation was obtained from the Italian court.

Cross Examination

On cross-examination the attorney for the duke attempted to attack the naturalization of the duchess last July and also raised the question as to her intention of residing permanently in America when she returned in December, 1925.

Asked whether she knew that someone had tried to get her entry record changed, the duchess said: "I only wanted my American citizenship and I didn't care what they did."

Then the defense attorney brought out that the duchess address is given as New York City in the New York social register, that

UNCLE SAM TO DECIDE BROADCAST LOCATION

Government Will be Final Judge as to Whereabouts of WTIC Station.

That the United States government will have the final say concerning a broadcasting site for the Travelers Insurance company, operating Station WTIC, was the information received by George E. Rix, secretary of the Chamber of Commerce today. D. A. Read, assistant secretary of the company, replied today to a letter sent to him by Mr. Rix concerning the possibilities of Manchester as a site. Mr. Read's letter follows:

"Replying to your letter of November 10 addressed to the Directors of The Travelers Insurance Company, regarding the proposed location of our transmitting station in some suburb of Hartford, we have not as yet given serious consideration to any particular locality, nor would the representation of a committee from any particular community affect our decision as to the location."

"The principal thing in locating a transmitting station is that we have the proper electrical resistance from the ground. We must also consider its location as to nearby hills, and then too, the station must be at a distance far enough out so that we will not broadcast over any nearby thickly-populated settlement."

"It may be that you do not know that the Government, after all, will approve the location of our station. They will not allow us to go into a thickly inhabited district, and this is one of the particular reasons why we are moving out from Hartford."

(continued from page 1)

dreds of persons killed in private feuds, bootleggers' wars, and general criminal activity that grew out of prohibition. They refer only to agents' activities.

"Loose Talk"

Characterizing the Edwards assertion as "too much loose talk," Lowman said:

"It is a notable fact that since January 1 but five citizens and three prohibition agents have been killed in connection with enforcement of the dry law."

"This is a much lower casualty list than in any former year and results from the special emphasis in regulations, and instructions to agents, putting an absolute ban on the use of firearms except in self-defense."

Lowman asserted that in a majority of killings, investigation by the treasury has exonerated them from blame. Few of the agents have been convicted in courts. Private citizens meeting death at the hands of dry agents with a few exceptions have been criminals seeking to avoid arrest, or have been killed in shooting affrays around wildcat distilleries, according to Lowman. He maintained that in most cases shooting by dry agents has been in defense of their own lives, when attacked by bootleggers or fired upon from ambush by moonshiners.

The committee reports its drawing up of a series of fourteen questions for communities to answer about themselves as a first step toward an economic survey, and also urges the necessity of "community bookkeeping" as essential to constant knowledge of whether the community is gaining or losing economically.

Easy to Keep the System Sweet at Any Age

Many people who never have to take a laxative eat a candy cascaret now and then. Do you know why?

They have found that cascara sweetens the whole system—brings an immaculacy of person that means everything. It prevents bodily chemistry from ever making one unconsciously offensive to others. And what a perfect regulator of the bowels!

Salts affect the lining of the bowels. Milder salts leave a coating that the blood must carry off through the pores. How much better to cascade the system and cause the bowels to expel everything by normal muscular contraction. To say nothing of the cleaner, sweeter condition that lasts for days—a wholesome condition that makes the use of deodorants quite unnecessary in January or July! Men and women whose years have brought on sluggishness often find that a cascaret only once a week is all the tonic they need.

Cascara is splendid for children, too, and they love the taste of this candy laxative which every drug store has for 10c and 25c.

MOTORCYCLE, AUTO MEET IN NORTH END COLLISION

Edward Dunn Escapes With Slight Hurts When He's Knocked Off Wheel.

Edward Dunn, 19, 10 Short street, was injured in an accident at the intersection of High street and Elm Terrace yesterday afternoon and taken to Cheney Brothers' medical department for treatment. He was not seriously hurt and according to the attending physician, will be out of work only a day or two. His chest and abdomen were bruised. Dunn was knocked off his Harley Davidson motorcycle by a Ford truck driven by Frank Anderson of 218 Oak street. Dunn was going south on Elm Terrace about to turn into High while Anderson was proceeding east on High about to turn into Elm Terrace. They met at the intersection.

Both front tires on the automobile were punctured and the wishbone broken. The handle-bars of the motorcycle were broken and both machiases were otherwise damaged. Motorcycle Policeman R. H. Wirtalla investigated. No arrest was made.

SWIMMING CLASS FOR YOUNG GIRLS STARTING

A new series of weekly swimming lessons for girls between the ages of 8 and 12 will begin at the School street Recreation Center Friday afternoon of this week. A 45 minute period from 4 o'clock until 4:45 has been reserved for this class.

During the past year, there have been four "terms" of twelve lessons each and they have proved very popular. Already a score or more of girls have learned to swim and dive and they are now being given instruction in junior life-saving tests. Associate Director Ruth M. Calloun, who has charge of this instruction, says that any mother who wants her daughter to learn to swim should see that the girl signs her name at the Recreation office before Friday's class starts.

RED CROSS TEAMS BUSILY AT WORK

East Hartford Case Brings Work of Organization Into Spotlight.

The annual Red Cross Roll Call in Manchester began in earnest today when the teams engaged in canvassing started their rounds of the town. Each team has been allotted a certain territory and will be responsible for the streets in that territory.

To take care of those who are not at home when the canvassers call, or who live in sections of the town which may not be covered by workers on the teams, the Red Cross has established a membership in quarters in the O'Leary building on Main street where memberships may be registered.

Manchester officials of the Red Cross point to the work in East Hartford as an example of the ready response the organization makes to appeals for help in districts which are stricken by floods or other catastrophes.

New England Needs East Hartford was hit severely by the recent flood in the Connecticut River valley and a lot of relief work in the sections affected has been done by the Red Cross. Relief is also being brought to other sections of New England which were flooded, and money is needed to carry on this work.

Manchester has always responded to calls for help in a generous manner and we who are in charge of the drive this year expect the Roll Call to go over the top, Fred Van Ness, chairman of the Roll Call, said today.

"We can see, through the work that is being done in East Hartford, right close to our own town, that the Red Cross is a vital force in America. It is something which does a great humanitarian work."

"But this work costs money and the money must be taken out of the treasury of the organization. It is for the purpose of replenishing this treasury that the work may go on that the Roll Call is made."

ADVERTISE IN THE HERALD—IT PAYS THE BOOK OF KNOWLEDGE: (136) The Glow Lamp We have seen how Sir Humphry Davy invented the arc light by placing carbons over the ends of two wires. Barnet light, off New Jersey, has an arc light of thirty million candlepower. Such lights were more suitable for outdoor lighting, however, or for some vast inclosure. The problem was to make an electric lamp suitable for the home.

SKETCHES BY DENNIS SYNOPSIS BY BRAUCHER Another who found a way was Thomas Alva Edison, born in 1847, and regarded down to the present time as one of the greatest inventors of the age. The difficulty was to get some material in the lamp to take the place of the carbon sticks. At first platinum was tried, but found very costly and soon burned away. Edison baked strips of bamboo till they became carbon, while Swan soaked threads of cotton in acid and then baked them. (To Be Continued)

**SAILOR IZZY MURPHY
AT RIALTO TOMORROW**

Vaudeville Bill Repeats Tonight Then Comes George Jessel's Masterpiece.

Another large audience watched a well balanced bill of vaudeville and motion pictures at the Rialto theater last night. The program which includes, in addition to three acts of vaudeville from Clements Entertainment Bureau, "Publicity Madness", starring Lois Moran and Edmund Lowe in a non-stop flight on the wings of laughter, will be shown for the last time tonight.

Tomorrow Manager All has booked a film that should win the approval of hundreds in "Sailor Izy Murphy, featuring George Jessel. It will be shown Thursday and Friday only for the same popular prices of ten and fifteen and ten and twenty-five.

Acid Scalp

How many carefully coiffured heads can stand the test of eyes only inches away, and reveal not a speck of dandruff? How many women can warm to the dance, and know their hair will have no taint for the partner who holds them close?

No one can be sure who has acid scalp. If you even suspect this acid condition of the scalp, it is time for Danderine. The scientific preparation will neutralize any acidity; and dissolve all dandruff if there is any. And it always gives the hair itself a lovely softness and sheen. It will wave better, hold a wave longer, and behave better all the time if you just occasionally apply a few drops of Danderine. Try it! Every drug store has this perfect conditioner of the scalp and hair, and a thirty-five cent bottle lasts for weeks.—adv.

Murphy, a resourceful young perfume salesman. In an attempt to sell his "Dream of Love" perfume to M. Jules, a wealthy merchant, Izy falls in love with the daughter, and is at once kicked out.

Urged by his partner to prefer charges, Izy is trying to serve papers on M. Jules, when he hears that the rich man has left with Marie for parts unknown. He rushes to the pier, where he finds the yacht in charge of maniacs under the leadership of one "Orchid Joe."

Izy introduces himself as a fellow nut and soon wins Joe's confidence. After a series of rollicking and unbelievably ludicrous escapades, Sailor Izy comes through, and sits pretty on top of the world, with the pretty Miss Marie at his side.

WAPPING

Friday evening, Nov. 18, is the time, and Wapping Center School hall is the place to spend a pleasant evening, the Y. M. C. A. boys and the High school girls will give their annual play, "Forest Acres."

The Misses Larrabee of Waterville, Maine, and Harry Frink of this place, will sing between the acts. The South Manchester High school orchestra will furnish music. The proceeds are to go towards fixing up the Community House.

The Y. M. C. A. basketball team has been practicing twice a week and are now in good condition. The first game will probably be played on next Saturday evening at the Parish House.

The Parent-Teacher Association held their regular meeting at the school hall on Monday afternoon. A short program was enjoyed by all. There was a piano and violin selection by Miss Dorothy Frink and Miss Helen Frink, a recitation by Mrs. Arthur Sharp, and a vocal solo by Mrs. Arthur Frink.

Miss Betty Bracey of Hartford, was a week-end visitor at the home of Miss Almira Adams of this village.

Mr. and Mrs. Robert Cobb and four children, Raymond, Dorothy, Betty and Arthur, of Columbia, spent the day Sunday, at the home of Mr. and Mrs. Harry W. Snow.

The teacher training class will have their fourth lesson at the Federated church next Wednesday evening at 7:30 o'clock.
Rev. Truman H. Woodward, Mrs.

ANDOVER

Henry Nevors, Miss Harriett Sharp, Levi Dewey and Sidney F. Stoughton all motored to West Hartford and sang with Professor Munson's class at the Choral Society on last Sunday evening.

Royal Webster of Manchester will be leader in the Christian Endeavor meeting next Sunday evening.

The orchestra music was much enjoyed Sunday evening at the Christian Endeavor meeting. Those playing were Rev. Mr. O'Brien, violin; Malcolm Thompson, flute; Edward Hamilton, saxophone; Elsworth Mittens, cornet; and Ha Hamilton at the organ.

Mrs. Ella Jones and Miss Mary Coppola spent Tuesday in Coventry, the guests of Mrs. Addie Allen.

The Andover Christian Endeavor Society has received a very cordial invitation to the semi-annual meeting of the Willimantic Christian Endeavor Union to be held in Mansfield Center Congregational church Saturday afternoon and evening. It is hoped as many members as possible will attend the meetings.

George Platt, Sr., will give a dance in the Town Hall Saturday. There will be both round and square dances. Refreshments will be served during intermission.

The Manchester Electric Co.

ANNOUNCES

NEW RATE REDUCTIONS

EFFECTIVE DEC. 1, 1927

**SCHEDULE B-1
COMMERCIAL LIGHTING**

- 1—Maximum Rate of 11 cents reduced to 10 cents per K. W. Hr.
- 2—This Reduction will effect substantial savings to the greater majority of our Commercial Lighting Customers, whose use of current is comparatively small.

**SCHEDULE B-2
OPTIONAL COMMERCIAL LIGHTING WITH MISCELLANEOUS SMALL POWER.**

- IT IS
- 1—An alternative to Schedule B-1.
- 2—A Two Part Rate, i. e., a Flat Rate plus Meter Charge
- 3—New to Manchester, and popular elsewhere.

IT COMBINES

- 1—Meter Consumption of Lighting with accompanying Small Power. i. e., Motors and Appliances.

Its Very Low Energy Rate

5 cents, or Less, per K. W. Hr. Will Prove Very Attractive To Those

- 1—Who are now burning their Installed Lighting Load freely.
- 2—Who desire to make a more extensive use of their present Lighting Equipment, than they are now doing.
- 3—Who would like to install modern, up to date, Store and Window Lighting, and burn the same more freely than they could afford to, under the old 11 cent Block Schedule, or under new Commercial Light Schedule B-1.

SCHEDULE A-3

Optional Combination Lighting and Cooking Schedule for Residences.

This Schedule is for Private Residences who desire to use Electric Ranges or other large Electric Units. The 4 cent per K. W. Hr. Energy charge enables a customer to operate an Electric Range at a much lower rate than is obtainable on our regular 5½ cent Residential Area Schedule.

Call at our new office, No. 773 Main Street, and let us explain these New Rate Reductions.

POWER AND APPLIANCE DEMAND.

50% of Kw. of Counted Load, except that in no case, shall this be less than 75% of the large Single Unit.

LAMP RENEWALS UNDER SCHEDULE B-2.

For Customer's whose demands do not exceed 100 K. W., Lamps will be renewed as in Regular Commercial Lighting Schedule, B-1.

EXAMPLE

SHOWING THE METHOD OF FIGURING BILLS ON SCHEDULE B-2:

The bill is made up of two parts: The Flat Rate, and the amount based on the meter readings. Assume that the customer has 3 K. W. of Lighting Load and 1 H. P. in several motors. The Billing Demand would be made up as follows:

LIGHTING—		
100% of the first K. W.	1 K. W.	
85% of the next 2 K. W.	1.7 K. W.	
Total Lighting Demand		2.7 K. W.

POWER—		
50% of 1 K. W.	.5 K. W.	
Total Billing Demand		3.2 K. W.

The yearly Flat Rate would be: 3.2 K. W. at \$45 a year—\$144, or per month \$12.00.

To this is added the amount determined from the Meter readings.

Assume this customer used 480 K. W. Hrs. for Light and 100 K. W. Hrs. for Power.

This would amount to:		
500 K. W. Hrs. at 5¢	\$25.00	
80 K. W. Hrs. at 4¢	3.20	\$28.20

Total Monthly bill, Light and Power under this New Rate\$40.20

The Customers Combined Light and Power bills under the Old Rates would be\$46.67

Saving to customer who uses his installed Load freely\$6.47 per month

Schedule A-3 Optional Combination Lighting and Cooking Schedule for Residences

This Schedule is available only for Private Residential use, as an option to Regular Residential Lighting Schedule A-1, for Lighting and the usual small household appliances, when combined with an Electric Range, Refrigerator, or other large Current Consuming devices, subject to the approval of the Company as to sizes and types.

COMBINATION FLAT RATE AND METER.

- (1) Flat Rate, \$1.08 per year for each 100 Sq. Ft. of Floor Area, payable monthly. (Same measurement basis as in Residential Lighting Schedule A-1.)
- Plus (2) 4 cents per Kilowatt-Hour, by meter.

LAMP RENEWALS UNDER COMBINATION LIGHTING AND COOKING SCHEDULE.

LICENSES SUSPENDED

The weekly list of operators whose licenses to drive automobiles in Connecticut have been suspended for one year for driving while under the influence of liquor was given out today at the state motor vehicle department as a part of the effort to reduce this highway menace. There are thirty-six names on the list. Four cases were appealed. Two were Connecticut operators convicted in other states. The department statement advised people to notify the department or the police in case they should see any of the suspended drivers operating motor vehicles.

MRS. BURR CHOSEN HEAD OF LOCAL WOMEN VOTERS

Manchester League, In Annual Meeting Hears Address of Mrs. Josepha Whitney.

Mrs. Louis St. Clair Burr was elected president of the Manchester League of Women Voters at the annual meeting held yesterday afternoon at Chestnut Lodge. Mrs. Burr has been one of the most active members since the organization of the league. She has been leader of the classes in parliamentary law which the members have been holding and represented the local branch at the state meeting of the Connecticut League at Waterbury last week.

Mrs. Charles Johnson was elected first vice-president and Mrs. George H. Wilcox second vice-president. Mrs. Max Bengs, the retiring president, was chosen treasurer and Mrs. Howell Cheney executive-at-large. The election of a secretary will take place at the December meeting.

Musical Interlude
The "surprise" number, furnished by Mrs. W. Robertson and Mrs. George F. Borst, proved to be two piano solos, played in her usual finished style by Miss Marion Jacobson.

Mrs. Louis St. Clair Burr gave a brief report of the meeting at Waterbury, dwelling mainly on the items which go to make up the year's budget of \$16,000, which covers dues to the National League, expenses of the League of Women Voters' Bulletin, programs, publicity and clerical salaries.

Mrs. Whitney Speaks
The speaker of the afternoon was Mrs. Josepha Whitney of New Haven, who has addressed gatherings of women's clubs in town heretofore, and whose achievements in a political way are widely known. Mrs. Whitney represented the Non-Partisan Association at the World Court in Geneva, attended council meetings. Her subject yesterday was, "Christ or Mars, Temporary Armistice or Lasting Peace." She presented a fund of information on a vital subject in a most pleasing way.

An animated discussion followed Mrs. Whitney's talk and she answered a number of questions put to her by the new voters. Following the meeting Mrs. Max Bengs the retiring president gave

a tea at her home on Pitkin street for the old and new officers and the guests of the afternoon, Mrs. Whitney.

Brownie Pack No. 1 will meet tomorrow at 3:45 at the kindergarten of the Hollister street school. This branch of the Girl Scouts formerly met at the Manchester Community club.

ENGINEER KILLED

Canaan, Conn., Nov. 16.—James Harding, a Mount Vernon, N. Y., civil engineer, was instantly killed, his son Joseph B. Harding, sixteen, was so badly injured that his recovery is not expected, and Mrs. Harding and another son were seriously hurt here this afternoon when an

automobile driven by Harding skidded and went into a roadside fence. The Hardings had been visiting in Falls Village and were on their way to call on friends in South

Canaan when the accident occurred. Harding's head was crushed when a board from the fence plunged into the car.

From a Real Estate Man:

"I consider this form of insurance (Life Income Plan) a desirable investment for part of my surplus, particularly because the proceeds will not be affected by changing business conditions."

Thanksgiving Dinner

—the Supreme Test of a Gas Range

JUST any old kind of a dinner will never do for Thanksgiving Day.

And so—it behooves every housewife to see that her kitchen is equipped with a range that will make the cooking of a wonderfully good meal easily possible.

Many ranges demand far too much attention. Others can never be depended upon for satisfactory results.

The new model Cabinet Gas Ranges which we are now offering to local housewives, however, answer every requirement of the housewife for convenience, good looks, economy and satisfaction.

"Read it," said Jones nervously. "Regret to state your wife has tumor, signed F. B. Hopkins, M. D."

Jones dropped the receiver and turned a white face to his friends. "Heavens," he said, "my wife has twins."

Jack Lockwill Back at Rocklake

Through the middle of the toppling plotters Jack went. He tore open the door of the old foundry and raced away into the darkness, baffling pursuit. But not until they had reached the locked door of Hampton House did the pursuers give up.

Early the following day, another notice appeared on the Gym bulletin board. It was unsigned, unusual, and somewhat puzzling to the most of those who read it.

"Yes, they're all here," said Jack, after he had inspected the contents of the package. Then he handed the film to Maddox. "But I'm sorry Hargon didn't bring them himself. I know I'd have enjoyed a little chat with him."

ABOUT TOWN

Delta Chapter, No. 51, Royal Arch Masons, will confer the Royal Arch degree in the main lodge room of the Masonic Temple tonight. A large attendance of chapter members is expected at the meeting.

Aaron Cook, Jr., is seriously ill at his home in Manchester Green. Mr. Cook, who is in his 85th year, suffered a shock recently and his entire right side is paralyzed.

Robert Mercer of Elro street who has been seriously ill for several weeks, was yesterday removed to the Hartford hospital.

Albert McLachlan of Ridge street is slowly regaining strength after a long illness. Mr. McLachlan is president of the F. T. Blish hardware company.

A large attendance is expected at the meeting of the Masonic Temple Friday night when the Hartford chapter of DeMolay will work two degrees on a large group of young men. Any Master Mason can attend the meeting and local men who are sponsoring the affair hope to see many of the local Masons present.

 70x80

\$5

From the Leading Mills in the Country

OUR Annual \$5 Blanket Sale which was held about six weeks ago was planned when the blankets were purchased last April. Up to the time of the sale there were three cases of blankets (about 150 pairs) which had not been received. They were some of the best values that we had planned and as they have just arrived at the store we are including them in this sale. A number of blankets in this lot contain up to 51% wool.

These blankets were bought from one of the leading mills in the country through our New York buying syndicate which buys over thousands of cases of blankets. This power enables us to offer our customers the maximum of quality at a minimum of price.

Part Wool Double Blankets \$5

Splendid quality, part wool blankets that come in a large size, 66x80 inches. Fluffy, warm, wool blankets that come in good looking plaids in rose, green, gold, blue, gray and lavender. Nicely bound with a sateen binding to match. Come in and see these blankets tomorrow!

51% Wool Filled Blankets \$5

We have another lot of about twenty-five of those 51% wool filled blankets that are included in this sale. We can truthfully say that we cannot recall in the old days, back in 1914 before the war, as selling at this price. They come in block plaids of rose, blue, gold, tan, gray, and green. Double blankets that regularly sell for \$6.98. Large bed size—70x80 inches.

A SMALL DEPOSIT WILL HOLD ANY BLANKET UNTIL WANTED

\$7, \$8 and \$9 Wool Blankets \$5

Part wool double blankets in plain white with colored borders in blue, gold, rose and lavender. They are our regular \$7, \$8 and \$9 blankets but, on account of being slightly soiled and rubbed we are including them in this sale at \$5. Three sizes to choose from: 60x80, 66x80 and 70x80 inches.

Esmond 'Two-in-one' Blankets \$5

These are the well known and nationally advertised Esmond "Two in One" blankets. New patterns and colorings in blue, rose, lavender and green. There are also a few Indian blankets in this lot. Two sizes: 66x80 and 70x80 inches.

Plaid Wool Blankets \$5

Fluffy, warm, double wool blankets in attractive plaids of rose, blue, gold, lavender, etc. Sateen binding to match. Size 70x80 inches.

DEMONSTRATION AND SALE
Lady Pepperell Sheets and Pillow Cases

A Lady Pepperell Representative

Will Be in the Store the Rest of This Week.

She will explain the luxury and economy obtainable in Pepperell sheets and cases. She will also show the correct manner in which to make beds, as well as to give helpful hints on the care of the bed clothing.

The luxury of Lady Pepperell sheets is well known throughout America. It is one of the finest and longest wearing sheets we know of. If you want finer sheets, whiter sheets, sheets that will wear longer, than this sale will be of extreme interest to you. Lady Pepperell sheets come with a marking label for your private laundry mark.

NORTH END HAS TWO CRASHES IN 5 MINUTES

State Policeman Involved in One of Two Accidents Few Rods Apart.

Two automobile accidents occurred at the north end of the town last night but no one was injured. They happened about five minutes apart and within a dozen rods of each other.
 At 6:15, a Ford coupe operated by William Brennan of 427 Main street and a Jewett Coupe driven by Terrance Griffen of 147 Madison

street, Hartford, a member of the state police contingent at Stafford, collided at the intersection of Main, Hudson and Hilliard streets. The officer was driving east across Main into Hudson, having come out of Hilliard, which is directly opposite. Brennan was coming down the steep hill headed north. Trying to avoid a crash he turned into Hudson along with Griffen, but the cars collided. Only slight damage was done.

At 6:20 a Studebaker sedan driven by Frank Rydliewicz of 14 Kerry street and a Buick sedan, operated by William Kataveck of 74 Stark-weather street, came together at the intersection of Main and North Main near the silent policeman. Kataveck was going north on Main and turned into North Main about
