CALIFORNIAN FLOODS ARE NOW SUBSIDING

Only Danger is Report That Feather River Still Continues to Rise. San Francisco, Calif., March 28.—Northern and Central California emerged today from the destructive floods which ravaged towns and agricultural areas for a period of some 48 hours.

NEW KATE ADAMS FOR MISSISSIPPI PACKET SERVICE

Memphis, Tenn.—The memory of Kate Adams, cherished along the Mississippi River from source to mouth for more than half a century, will live again in iron and steel when the historic old steamer is rebuilt and put back into active packet service.

ROBITUARY

FUNERAL OF MRS. REBECCA MCKEOWN. The funeral of Mrs. Rebecca McKewon was held this morning at 9 o'clock and in St. James' church at 9:15 where the mass was celebrated by Rev. William P. Reidy.

MRS. SOPHIA DEMAR

Funeral services for Mrs. Sophia Demar were held this morning at 9 o'clock in St. James' church.

LENGTHY OIL FIGHT IN MEXICO SETTLED

After 11 Years U. S. and Southern Republics Come to Agreement—Morrow Praised. Mexico City, March 28.—After a controversy which continued over a period of eleven years, the governments of the United States and Mexico have reached an accord today on the subject of American oil concessions in Mexico.

EPISCOPALIANS SEE HOSTILITY IN UNIVERSITIES

Chicago, Ill.—A wave of hostility to religion is sweeping the University of Illinois and Northwestern University, according to a report just published of the Episcopal church commission.

FALLING TREE TOP JUST MISSES AUTO

Heavy Section of Oak Tree Drops Between Parked Cars On Main Street Today.

Automobiles owned by Richard G. Rich and John Smith, Jr., of Deming street were near to being wrecked this afternoon when the top of a large oak tree fell upon them in their parking spaces on the west side of Main street.

FIND DYING WOMAN BEHIND LOCKED DOOR

No Wounds or Bruises and No Poison—Neighbors Heard Screams and Groans. Boston, March 28.—After all methods of resuscitation had failed to revive Mrs. Florence Kirwin, an attractive and wealthy woman, who was near death at City hospital today, authorities stated they were mystified because no wounds or bruises were found, and no trace of any known poison was discovered.

BRITISH SHIPPING IN FIRST GAINS SINCE BIG WAR

London.—Despite the tremendous handicap placed on private ownership by Government Control of the Merchant Marine, the British shipping industry is on the upward grade, for the first time since the war.

AMERICANS IN MEXICO DIE AS PLANE FALLS

Pilot Was the Son of Anna Katherine Greene, Famous Novelist. Mexico City, March 28.—The American consul today was making every effort to communicate with relatives of the three American fliers who were killed when their Fairchild plane crashed at Toluca, fifty miles from here.

RADIO LICENSES.

Washington, March 28.—Temporary licenses under which approximately 16,000 amateur and 2,000 commercial radio stations have been operating will be terminated on July 1, it was announced by the Federal Radio commission today.

LIE IS PASSED AT SENATE PROBE

Washington, March 28.—The lie was passed at the Senate coal hearing today between John L. Lewis, president of the United Mine Workers and Charles P. Belden, counsel for Ohio operators.

20 HURT IN WRECK

New York, March 28.—Twenty persons were injured today when a train of the Long Island railroad was wrecked at Sunnyside, Queens.

TRAIN DERAILED

Emmet, Neb., March 28.—A fast passenger train on the Chicago & Northwestern Railroad struck an open rail here today and the locomotive, baggage car and smoking car hurtled into a ditch.

TWO KILLED IN CRASH

Bonner Springs, Kansas, March 28.—Two stockmen were killed and five others injured in a rear end collision on the Union Pacific tracks near Lorens, east of here, when a Pacific train ran into the rear of a Rock Island railroad livestock special bound for Kansas City.

BLACKMER RESIGNS.

Denver, March 28.—Henry M. Blackmer, missing Teapot Dome witness, resigned today as a member of the board of the Midwest Oil Co., it was announced by T. A. Dines, chairman of the board.

TO SEEK FUGITIVES

Washington, March 28.—The Department of Justice is preparing a brief on the question of indicting J. E. O'Neil and H. M. Blackmer, fugitive Teapot Dome oil witnesses, it was disclosed today with the information that the brief is virtually completed.

Rockville

Milne Is Named

The City Council held a meeting Tuesday evening and the following were elected, Superintendent of public works, George B. Milne whose term is for two years, corporation of counsel, Judge John E. Plink, rate-maker, Raymond E. Tunt, milk inspector, Dr. J. Ralph Morin, treasurer of sinking fund, Sherwood C. Cummings, health officer, Dr. H. Metcalf, collector of city taxes, Frederick H. Holt.

Plans have been completed for the annual banquet of the Rockville Chamber of Commerce which will be held Thursday at the Rockville House. It is expected that over 125 will attend. The committee in charge of the affair have left no stone unturned in making this one of the best events in years. A turkey dinner will be served by the host and hostess, Mr. and Mrs. A. L. Chapdelaine. An unusually interesting program has been prepared and Jack Barry, of the Clements Entertainment Bureau of Hartford, will feature with song leading. Those attending will find it hard to resist singing Barry's songs which will include popular and old time favorites, also solos by Jack himself. A professional act by the "Two Blackbirds" of Boston will keep the hall rolling in the acts consisting of music, songs and comedy. Clarence F. Quimby, principal of the South Manchester High school, will be the principal speaker of the evening. Mr. Quimby who won his way into the hearts of all who heard him at the Men's Guild banquet of St. John's Episcopal church, will give an interesting talk touching on the serious and humorous side of life. There is every indication that the time Thursday evening will be one of the most enjoyable and successful in the history of the Chamber of Commerce.

Men's Union Smoker
The Men's Union of the Union Congregational church have completed plans for the smoker which will be held this evening in I. O. O. F. hall. A. E. Waite in this city spent much time in completing the program for the evening and it is expected the Odd Fellows' hall will be well filled. Refreshments and smokes will be served following the program.

Speeders Warned
Police Capt. Stephen J. Tobin was on West Main street yesterday noon trying to stop the auto workers from speeding on their way home to dinner. Several complaints have been received about the speeding at noon time. Tuesday the autists were warned against further speeding.

Notes
Damon Temple Pythian Sisters held its first Past Chiefs Night in Foresters' hall Monday evening.

Two candidates were initiated. Following the meeting refreshments were served and a social hour enjoyed.

Hope Chapter Sewing club held a very successful whist Tuesday afternoon at the home of Mrs. E. H. Metcalf and Mrs. Louis Weir. The prizes were won by Mrs. Emeline Ludwig, Miss Phoebe Brown and Mrs. Fred Neff.

Mrs. Nellie Gainer has returned to her home in Plainville after spending a few days with Mrs. George Thompson of Talcott Ave. Mr. and Mrs. John Krikak of Windermere avenue, announce the coming marriage of their daughter: Anna to Edward Horton, son of Mrs. Gertrude Wilcox of Windermere. The marriage will take place some time in April.

John McFerran of Clifton, N. J., has been spending a few days with his son, Joseph, of this city. The Ladies Aid society of the Methodist church will meet at the home of Mrs. Claud Blison of Orchard street on Friday afternoon.

MILLER PLACE SOLD.

A quitclaim deed was filed today in the office of the Town Clerk releasing from Cheney Brothers to William and Rachael McCormick all claim to the house and land known as the George Miller place on East Center street. The quitclaim is given, among other considerations, on the payment of a mortgage of \$9,500 and interest due to date. The dwelling was formerly occupied by the late George Miller, official of Cheney Brothers, who died some years ago. Mr. and Mrs. McCormick have occupied the house since they purchased it.

STORE SOLD WITHOUT NOTICE OF INTENTION.

Robert Gann, of New York, owner of the Workingman's store at 893 Main street, has sold the stock, fixtures, goodwill and personal property to Harry M. Gann of this town. No previous notice of intention to sell had been filed with the Town Clerk, as required by statute. The sale is not a conditional one, but the property is conveyed outright to the buyer.

MAY SETTLE STRIKE

Washington, March 28.—The way was paved today for settling the strike of miners in the Scranton, Pa., district coalfields, which includes the turbulent Pittston mines, through a meeting of the international officers of the United Mine Workers and the executive board of District No. 1 of that organization.

In a statement issued at the temporary international headquarters here today, it was stated the problems which have brought about the conflict between the miners and operators can be worked out locally through machinery provided in the existing agreement under which the miners have been working.

KIWANIANS VISIT IN WILLIMANTIC

Guests of Rotary Club as President Quimby Makes Address There.

Thirty or more members of the Manchester Kiwanis club went to Willimantic last night to attend the weekly meeting of the Rotary club there at the Nathan Hale hotel. Clarence P. Quimby, principal of the Manchester High school was the speaker and the Kiwanians went down there in support of their leader as Mr. Quimby is president of the Manchester Kiwanis club. His subject was "Character Building of the Youth," and it was conceded to be one of the finest speeches ever given before the Rotary club. The Kiwanians who were absent missed a real treat. Those who attended felt proud of their president.

FEAR OIL DRAINAGE

Washington, March 28.—A new draft of the Navy Department's bill to protect naval oil reserves from drainage by private companies was virtually completed by a House naval affairs sub-committee today. With committee sentiment already apparently in favor of the measure it is expected to be reported to the House this week for action.

The new draft was demanded by some members who declared that the President should be jointly responsible with the Secretary of the Navy for any trades designed to clear all leases out of Elk Hill reserve No. 51 in California. In appealing for the bill, Secretary of the Navy Wilbur declared that the great reserve is in danger of being drained by a Standard Oil Company lease in the heart of it.

RE-ELECT DIRECTORS

Pittsburgh, March 28.—Giving a vote of confidence in the policies pursued by the board of directors, 25 stockholders of the Pittsburgh Coal Company today re-elected five members of the board whose terms expired this year. The 25 stockholders represented 517,018 shares.

ABOUT TOWN

Wilbur C. Hills of South Windsor, has sold his 17 acre tobacco farm to Mrs. Annie Kupchunas of South Windsor. The sale was made through the Robert J. Smith agency.

Mrs. George House of 49 Benton street has received word of the death yesterday afternoon of her brother, George F. Anderson in Plymouth, Mass. Mr. Anderson's sister died four weeks ago Friday. Mr. and Mrs. House will leave tomorrow for Plymouth to be present at the funeral which will be held Friday.

The Army and Navy club auxiliary will hold a meeting at the clubhouse tomorrow evening at 8 o'clock. All members are urged to be present, also to provide sewing. Mrs. Henry McCormick will instruct the members of the newly organized sewing class on any details they may desire help upon.

FLYERS STILL WAIT

FAVORABLE WEATHER

(Continued from Page 1.)
Baldonnell to Mitchell field is approximately 3,500 miles.

Dublin, March 28.—Captain Hermann Koehl today reiterated his confidence in the success of his contemplated trans-Atlantic hop westward over the Atlantic in an interview with an International News Service Staff correspondent.

"We will strike a course straight for Newfoundland," Koehl declared. "We expect the aid of an easterly breeze which will enable us to reach America in less than twenty hours." Meanwhile a strong westerly wind continued to balk Koehl and his two companions in starting their flight. Other weather conditions were also reported as being unfavorable at the Baldonnell Airfield.

The start of the flight is now entirely dependent upon the arrival of good weather.

BRIDGE APPROVED

Washington, March 28.—The War Department today approved the application of the Lake Champlain bridge commission to construct a bridge across Lake Champlain between Crown Point, N. Y., and Chinney Point, Vermont. Congressional authority for the project was granted in a special act approved February 15, 1928.

Keith's

Spring Display of Armstrong's Linoleum

For Every Floor in the Home

Embossed Handcraft Tile Inlaid, Two Tone Jasper Linoleum, Handsome Marble Inlaid, Quaint Little Dutch Tiles, Pretty Printed Linoleum patterns, and the other designs you read about in the magazines.

SEE IT! TOUCH IT!

THESE FLOORS ARE DIFFERENT

With Armstrong linoleum floors it will take less time to do your housework and of course this will give you more time to do the dozen little things you're always wanted to do. For these modern floors never need to be scrubbed. A twice a year waxing gives them a protective film. Then all that is necessary is an occasional dry mopping and the floor fairly glows—ever ready for guests.

It's so easy to have New Armstrong floors installed. Our men come in the morning and when they leave at night your floor is down—cemented right over the old floor, over a quiet layer of builders' deadening felt. Drop in some day this week. Bring your room measurements. Then you can select just the Armstrong's Linoleum Floor you want and we'll tell you how little it will cost you.

REPUBLICANS AWAIT MAINE CONVENTIONS

To Pick Delegates Tomorrow: Fear Hoover Will Get His First Jolt.

Augusta, Me., March 28.—Maine tradition may hand the presidential candidacy of Herbert Hoover its first big jolt when the Republicans of this state meet tomorrow to name the men who will vote as delegates at the national convention in Kansas City.

Hoover sentiment in Maine is said for the most part to be closely aligned with the candidacy of Governor Ralph E. Brewster for the United States Senatorship against the present incumbent, Senator Frederick Hale. Tradition in the state, however, has always been in favor of unpledged delegations.

ORGANIZE STATE "OWLS"

New Haven, Conn., March 28.—Mrs. Alice Pattison Merritt, of Hartford; Mrs. Helen Lewis, of Stratford; and Mrs. Edith Valet Cjok, of New Haven, are drawing plans to incorporate the "Conspicuous Owls" and so perpetuate the memory of 89 women who served in the Connecticut Legislature of 1927 and those who served in earlier sessions. Five of the eight counties of the state were represented here yesterday when the organization was instituted as a permanent affair. The members meeting in the Yale Faculty club and electing Mrs. Merritt president, Mrs. Lewis vice-president and Mrs. Cook secretary and treasurer.

8 MILLION VERDICT IN DUKE CASE, STANDS

Newark, N. J., March 28.—The \$8,000,000 verdict against the estate of the late James B. Duke, tobacco king, in a suit brought by George D. Haskell of Boston, Mass., before Federal Judge William N. Rutledge, stands according to a decision of the court today.

The court also denied the motion of the plaintiff asking settlement of \$24,000,000 damages and counsel fees of \$300,000 and the motion brought by the defense asking for a new trial to set aside the \$8,000,000 verdict.

WORLD COURT DEFEATED

Washington, March 28.—The effort of Senator Gillette, Republican of Mass., to revive the issue of American participation in the World Court, met a quick death in the Senate foreign relations committee today.

The committee, considering the Gillette measure in executive session, unanimously decided that the President and the State Department were without power to modify Article 5, and that the Senate would not.

ALDERMAN INDICTED

Chicago, March 28.—Alderman Cyrus Haffa and nine others were indicted here today by a Federal Grand Jury for conspiracy to violate the National Prohibition Law. Haffa and the others are charged with having made liquor sales to two members of the Federal Intelligence department.

COLD SPELL CHECKS NEW ENGLAND FLOOD

Two Men Dynamiting Ice Jam Are Drowned in Gorham, N. H.

Montpelier, Vt., March 28.—Cold weather today checked the onrush of waters of the ice swollen streams of northern New England that threatened a repetition of the November flood. The cold wave that descended unexpectedly dried out many muddy roads that were almost impassable and prevented great damage to railroad roadbeds in this section.

Two lives were lost in the latest New England flood. The fatalities occurred at Gorham, N. H., in the new cut on the Peabody river. Two men were dynamiting an ice jam to prevent it from damaging a bridge down stream. The ice was suddenly swept from under them, and they were plunged into the turbulent stream and drowned.

Vermont, which suffered most in the November flood, again found its roads flooded and bridges threatened with destruction. Deep mud holes between this city and Burlington made motor traffic impossible except for light cars.

PILSUDSKI DEFEATED.

Warsaw, March 28.—Marshal Pilsudski, who was a candidate for president of the new Sejm (Parliament) was defeated after a stormy session.

EASTER FLOWERS ORDER EARLY

Anderson Greenhouses

PARIS-NEW YORK PHONE.

Paris, March 28.—Wireless telephone service between Paris and New York was established today.

M. Bokanowski, of the foreign office, held a 12-minute conversation with New York, being the first person to use the telephone to use the telephone on this side.

GOOD DIGESTION IS NOT LUCK

End Indigestion Without Dieting.

To be free from indigestion, dyspepsia, flatulence, acidity, water-brash, heartburn or other distressing stomach "upsets" is not a matter of luck but just a matter of care. But, mark you, not a care in diet either, for even the greatest stomach sufferers can eat what they fancy without disagreeable after-effects if they will only take a little "Pape's Diapepsin" to make things right with their stomachs.

Nearly all digestive troubles are due to excess acid which accumulates in the stomach causing food to ferment and painful gases to form. By instantly neutralizing this harmful acid "Pape's Diapepsin" brings prompt relief and restores to normal the disturbed digestive processes, as well as soothing, healing and strengthening the acid-weakened stomach lining.

WEDNESDAY, MARCH 28, 1928

PROGRESS, NO BOOM

It is coming to be realized that business is 'getting better instead of worse. And with that realization is coming another, which helps to make clear the apparently fearsome depression of the past few months...

Automobiles driven at anything like their potential speed on the level or downhill have always been driven recklessly in fact, though all possible care—speed considered—be employed.

When the people of the country recognize, if they ever do, that there is a definite limit to the speed with which any object can move in safety on the highways...

Now, there is quite sure to be a reaction from the nervousness. The man who crossed the weakened bridge long enough ago to have recovered from the shakes is liable to develop a lofty disregard for weakness in bridges.

Here in Manchester the uptake in the silk business is marked. There is profound reason for congratulation all around. But it will be good for us to bear very steadily in mind that, though our faces are turned to the sunlight and there is nothing in the future to fear...

COAL DEFI

The West Virginia Coal Operators Association challenges the right of the Senate investigating committee to examine the books and records of member companies. This policy, if successfully perverted, may nullify the Senate's attempt to bring the whole business of coal mine operation and coal marketing into the light.

If the coal men refuse to submit their records to examination by the representatives of the people they will be automatically barred from ever again appealing to the people, as they have so often done in the past, for support in their numerous conflicts with their employees, and from expecting the public to accept statements as to wages, profits, losses, etc., proof of which they have already refused to submit.

It must be remembered that the coal associations are the self-appointed custodians of the nation's basic fuel supply. They did not create the fuel—they merely got possession of it. It is not socialistic doctrine to maintain that they should not be permitted to exercise that possession utterly as they please, without accountability or control.

brains and diligence of its owner. As well maintain the right of a corporation to get possession of the air that human beings must breathe, and to market it in any way it might please and charge any price it could extort, without submitting to control of admitting accountability.

AWAKENING?

Some glimmering of support for the Herald's insistence that speed is the basic cause of the vast majority of automobile killings comes from the Waterbury Republican, which says:

"Signs of a better realization in the automobile world of the pressing urgency of the issue of safety have been apparent in recent months. In line with this fuller awakening, here and there indications of revolt against the emphasis placed by the automobile trade on speed have been noticed. Some brave persons and newspapers have ventured to question the advisability of the much boomed increase in speed of the 1928 auto, thus actually affronting the Great God Speed, popularly supposed to be sacred to every American."

We are profoundly glad to hear it. However, there is room for a tremendously increased amount of frankness in this matter. Even newspapers like the Republican, restive under a sense of greater or less responsibility for public opinion on this life and death business, are overly given to employing the word "recklessness" for "speed."

Automobiles driven at anything like their potential speed on the level or downhill have always been driven recklessly in fact, though all possible care—speed considered—be employed. They simply cannot be stopped quickly enough to prevent disaster in case of sudden demand.

When the people of the country recognize, if they ever do, that there is a definite limit to the speed with which any object can move in safety on the highways—and that that limit is far short of the potential speed of the faster automobiles, we may begin to get somewhere in safety measures.

Meantime the state of Connecticut might change its attitude toward the issue and begin to regulate highway traffic with a view to slowing it down a little rather than to speeding it up.

KILLING THE GOOSE

Two of the most famous symphony orchestras in the country, the New York Symphony and the Philharmonic, have consolidated.

The new organization is to be known as the Philharmonic-Symphony Orchestra of New York. Both components have had long and illustrious careers, the Philharmonic, established in 1842, being the second oldest symphony orchestra in the world, while the Symphony has been in existence for just fifty years.

News stories dealing with the subject go extensively into the histories of the orchestras and even into the expectations of the backers of the merger, but only inferentially do they explain why it has been deemed expedient to make only one first grade orchestral organization play where two played before. The inference may be drawn from the terse statement that the New York Musician's union had demanded that every member of the orchestras receive a salary of at least one hundred dollars a week.

How professional musicians in the metropolis are going to get a living if they keep on eliminating the jobs it is difficult to see. Hundreds of them used to have regular employment in the theatres until their demands made it impossible for the managers to employ large orchestras—any orchestra at all, in many cases. And does anyone imagine that the merged Philharmonic-Symphony is going to employ anywhere near as many musicians as the two separate orchestras have in the past?

Unions may work where the labor of the worker is an absolute necessity. But it is ruinous to the followers of arts which, at a pinch, can be dispensed with.

DIRTY PURISM

A West Hartford youth, student at Dartmouth and editor of a college magazine, has resigned his editorship because the printers of the magazine refused to handle articles written for it, on the ground that they were in violation of the New Hampshire purity laws. It is impossible for any one who has not read the articles in question to pass an opinion on the case, so far as the issue between printers and editor is concerned. But certain thoughts are suggested. One of them is that it may be an excellent thing for college students to be brought face to face with this issue of personal liberty which is being forced on the country by disciplinary zealots or departmentists or bullying bigots or whatever you may please to call that mischievous group of fanatics whose aim in life

FACTS ABOUT CONNECTICUT

(102) Automobile Parts; Engines; Repair Work. Although Connecticut does not have a commanding place in the automobile industry, several million dollars worth of parts and bodies are manufactured here yearly. The value of motor-vehicle bodies and parts turned out by 29 Connecticut factories during 1925 was \$7,827,275, or 5% of the country's total of \$1,523,279,923, according to the census of manufactures. Four years earlier the value of Connecticut's product in this industry was \$2,738,623. Connecticut wage earners during 1925 averaged 1.109, and their wages totaled \$1,480,135. Materials cost \$2,291,922. During 1925 Connecticut factories manufactured engines and water wheels valued at \$4,346,082; and did building and repairing of ships and boats (steel and wooden) worth \$2,107,003, and car and general construction and repairs in electric railroad repair shops worth \$1,217,276. Nearly 1,000 wage earners were engaged in turning out engines and water wheels. Their wages totaled \$1,421,174, and materials cost \$1,332,801. The products turned out were worth 1.3% of the total value for all states. Connecticut's ship and boat building during 1925 amounting to \$2,107,003, represented 4.1% of the total for the United States. The average number of wage earners in Connecticut during 1925 was 675; their pay totaled \$1,025,868. Materials cost \$744,291. There was an average of 356 wage earners employed in car repairing, their wages totaling \$527,962. Their output was 1.4% of the total for the United States. Materials cost \$513,665. Tomorrow—State Banks and Trust Companies.

seems to be the spiritual torture of their fellows. The young man or woman who comes out of college without having learned that among his fellow citizens is a certain proportion of these mischief makers, and that they can be depended on to intrude into every possible relationship and activity of existence, has missed an exceedingly important part of education. Because, if the people of this country are to enjoy any real liberty, it will have to be through recognition of the existence of a bitterly determined if small tyrant class, and through defensive organization against that troublesome minority.

If flaming youth begins to direct its flames toward the institution of legislative manipulation in the interest of narrow ignorance and self-minded purism we can see the finish of the fanatics. At times New York reminds one of a great number of small towns, suddenly plunged together by the accident of a landslide or earth upheaval. These neighborhoods, separated only by a street crossing, are complete units, having little in common with each other either in atmosphere or population.

One of the most striking contrasts can be found in the proximity of two such widely different districts as Chelsea and Greenwich Village. At 15th street the "Village," after rambling amiably over considerable territory, melts into the Chelsea District. "Old Chelsea" has carried its staid dignity down through the years, while the Village continues to be looked upon as Manhattan's version of the famous "Latin quarter" of Paris. The striking change is encountered by the simple procedure of crossing a street.

The best of the "absent-minded" gags we've heard lately concerns the husband who was deeply engrossed in making out his income tax when his wife suddenly cried out: "Heavens—baby's swallowed the ink! What shall I do?" "Use a lead pencil, you sap," was the absent-minded gent's reply.

There's a New York hotel that changes the nationality of its diners each night. Thus, for instance, one night there is French cooking, one night Russian cooking, Chinese, Hindu and so forth. The menu travels around the world in the course of a month and then starts all over. Chefs from each land take turns arranging the menus. One has merely to wait a few days to obtain some favorite dish, whatever its geography. Former dwellers in every corner of the globe can be found there.

I am told that orchestras from each nation soon will be added to give an additional international flavor. Incidentally this "international dining" is getting to be quite the vogue, even though home-made gin remains the great Manhattan beverage.

GILBERT SWAN. A THOUGHT The thing is true according to the law of the Medes and Persians, which altereth not.—Daniel 6:12. Law should be like death, which spares no one.—Montesquieu.

and not a fish, that the battle of Zolnic happened in 1986 A. D. and that George M. Dallas was vice president under James K. Polk. "Cordially yours, 'J. BOOMBOOM McWHORTER."

Washington, March 28.—Senator J. Boomboom McWhorter, presidential candidate, has answered Senator Borah's prohibition questionnaire with a wringing declaration of principle which doubtless will echo down the corridors of time. It is generally agreed that Senator McWhorter's reply is the most successful of any to date and that if candidates were to be chosen on the basis of answers to Borah, McWhorter would virtually win by default.

Some of the wet leaders and some of the dry leaders agree that McWhorter's position is now unmistakable and entirely satisfactory. Other wet leaders and dry leaders feel that Senator McWhorter could have been somewhat clearer and hope that he will express himself more forcefully from the stump as to just what he will do about law enforcement and upholding the Volstead act.

Here is the text of the McWhorter reply: "Dear Senator Borah: 'I am not in the habit of answering questionnaires because oftentimes a man does not know what he is getting into, but I am in full sympathy with the purposes of your inquiry and furthermore am fully convinced that if I remain silent you will be likely to say mean things about me and at this stage of the campaign the less mean things said about a man, the better. There are enough people saying mean things already and I would like to take this opportunity to deny with every ounce of emphasis in my being the calumnious rumors that I am only a stalking horse for the man you think I am a stalking horse for. I am a stalking horse for McWhorter and he alone.

"It has always seemed to me that my record spoke for itself, but whenever its voice seemed a trifle weak I have been happy to assist it with mine own.

"I have always been one of the very foremost proponents of legislation to abolish the inch worm and to put teeth in laws which would restrict its spread. This country is not big enough for both us and the inch worm.

"Those acquainted with my views know that I am thoroughly convinced of the absolute uselessness of the inch worm and in all my career no living man has been able to arise before me and successfully defend the inch worm.

"As you know there has never been any inch worm in Europe, where they have the metric system of measurement.

"I am firmly opposed to all kinds of snakes and worms, but I am especially opposed to the inch worm.

BEDROOM OUTFITS

for Spring Home Makers

4 Finely Made Pieces \$202.50

Or make up your own suite!

You may select as many pieces of this suite as you can use for it is one of our many "open stock" patterns. The pieces are made of walnut and gumwood with fancy maple overlays, richly finished—inside and out. Bed (full size or twin size) \$140.50, Dresser \$58.50, Chest \$45, Vanity \$58.50, Chair or bench \$12.60.

4 Walnut, Maple & Gum Pieces \$154.80

or select as many pieces as you can use.

This suite, like the one described above, is constructed of walnut and gumwood with maple overlays on top drawers. The pieces can be purchased separately at these extremely low prices: Full size Bed \$32.40; Dresser \$41.40, 4 drawer vanity (not shown) \$46.80, Chest \$34.20, Bench or Chair \$8.10, Rocker \$9.

Refrigerator Club

The most successful Refrigerator and Range Clubs we have ever held are now forming. \$3 delivers any refrigerators on easy terms—and you receive the CASH PRICE. \$5 for your old refrigerator—liberal allowance on your old range.

3 Pc. Bedroom Group \$99.50

Here is still another suite constructed of walnut and gumwood with maple overlays on the top drawers—for this is a popular Spring combination of woods. 36-inch chest, 44-inch dresser, and full size bed, exactly as sketched, are included.

What Will the Future Bring Her?

Will she be the charming woman you dream of now? Will she radiate joy and success? Or will happiness pass her by?

You can answer these questions with a piano. Give her a piano and you give her the key to charm and culture, popularity and happiness. Give her a piano and some day you will be even prouder of her than you are now.

Watkins Easter Music Club makes it easy to own a piano this Spring. \$5 delivers any one of the fine rebuilt upright or player pianos in our stock and the balance is divided over the next 2 1/2 years. And you still receive the low Spring Sale price!

Watkins Selected Rebuilt Pianos range in price from \$50 to \$450.

WATKINS BROTHERS, Inc.

EXCLUSIVE REPRESENTATIVES FOR CRAWFORD AND CHAMBERS RANGES

TWO THEATERS DROP FULL TIME POLICIES

Circle to Close For Season, Rialto to Go on Four Day Schedule.

Two of Manchester's theaters have announced changes in their schedules which will be observed during the spring and summer months. The Rialto theater announced yesterday that it would be open only on Friday, Saturday, Sunday and Monday from now on. Manager Jack Sanson announced today that the Circle theater on Oak street, owned by the Hoffman Brothers Enterprises, owner of the State theater also, will be closed for the season after Saturday and may not be reopened until Labor Day.

In-and-Out Theaters
The Circle has observed a policy of closing every summer and for part of each season it is open only part of the week. Recently it has been operating on a full schedule, open every day during the week and on Sunday evenings.

The Rialto has had several owners or lessees during the past year or two and the theater has been closed at different times while waiting for new owners to take possession. Lately, however, it has been open every day.

RARE OLD PAINTING BY TINTERETTO IS SOLD FOR \$21,000

London.—Another romantic story of a rare "old master" being hidden away in a garret for years with its value unrealized has been told here with the sale of an original painting by Tinteretto, which its owner sold for \$21,000.

Five years ago, the painting was bought by Thomas Perry, an upholder in a London suburb, for less than \$100. Perry's wife admired the frame and perceived that the painting was at least above the ordinary, so the purchase was made and for a while the picture hung in the alcove of Perry's modest home.

Fearing her children would damage it, however, Mrs. Perry took the picture to her husband's workshop, and there it stayed for many years. A dealer once happened in and made an immediate offer of \$200, and when others followed him with larger offers, the Perry's realized that fortune had come their way.

Accordingly, the Perry's sent the painting to one of the large auction rooms here, and it was sold under the hammer. The picture was bought by Frank Sabin, a well-known collector, for the price stated above, bringing the Perry's a profit of \$20,000.

The picture represents Diana kneeling beside Endymion.

CIVIL WAR VET DIES

Willimantic, Conn., March 28.—Arthur P. Benner, 85, commander of the local G. A. R. post, is dead at his home here today after a short illness. Funeral services will be held Friday afternoon.

Mr. Benner served in the Sixth Maine Volunteer regiment during the Civil War and fought in fourteen battles. He was wounded at Gettysburg.

After the war he was in the lumber business and later in the grain and feed trade in Hartford. Still later he came here and conducted a monument works with a branch in Rockville.

Mr. Benner is survived by his wife and one daughter.

Cheer up! We know a radio soprano who has tonsillitis and won't be able to sing for a couple of weeks.

Surprised!

Artists say there's not a prettier profile in Manchester, but ordinary people compliment her more often on her wonderful mass of soft, gleaming brown hair. She's Ada Adams, lovely New York City girl who lives at 130 East 57th Street.

"I was certainly surprised," says Miss Adams, "to see how easy it is to keep my hair soft, shining and easily manageable by the new method so many of my girl friends are using. I don't have to shampoo nine more than once a month now. Danderine keeps it so clean. It makes my scalp feel just wonderful and I never have a sign of dandruff any more. And Danderine is so simple to use. All you do is put a little on your brush each time you fix your hair."

Danderine quickly removes that oily film from your hair and restores its natural color and lustre. It keeps bobbed hair in place without showing. It stops dandruff. It isn't sticky or oily. All drug stores have the generous 35c bottles.—Adv.

HEBRON

About twenty members of the various agricultural clubs of the town went last Saturday to the "round up" at Storrs. Mrs. Della Porter, Mrs. Truman C. Ives and Mrs. Mark Hills, leaders in the work went with the clubs. The "Go To It" Calf Club and the "Dew Drop In" Girls took part in the singing contest with other clubs of the state. The "Go To It" club won the first award of a cup given by the American Legion, for the best work of any club in the county along agricultural lines. If this award is taken for three years the cup remains the property of the club, otherwise it goes to next year's winner, and so on. Miss Thelma Cummings took the second award, a small cup, also given by the Legion, for her essay on Calf Raisings. This was written in humorous vein. Miss Ruth Kinney was given a seat of honor at the ball game. Her work in the agricultural clubs has been of superlative excellence in the state during the past year.

Hebron and Gilead Christian Endeavorers joined in the Union meeting of the tri-county C. E., at Colchester Sunday evening. A missionary from Africa gave an unusually interesting stereopticon lecture to a large audience made up of members from six or more of the Endeavor societies from the surrounding towns.

Mr. and Mrs. N. S. Strong of North Plains were week-end guests of Mr. and Mrs. Truman C. Ives.

Mr. and Mrs. Clarence Hamilton of Hartford and Miss Irma Lord of the State Normal Training School, Willimantic, spent the week-end at the home of their parents, Mr. and Mrs. Loren M. Lord.

Grinton Will of Mamaroneck, Robert Will of Wesleyan University, and Miss Fitzroy of Mamaroneck, were Sunday guests of friends here.

Mr. and Mrs. Roger W. Porter and Mr. and Mrs. Herbert Porter visited the Porter sea shore property at Giant's Neck, Niantic, on Sunday.

A birthday party was given recently in honor of Mrs. Edward Fredericks at her home in Hopevale. Mrs. Fredericks is a daughter of the late Patrick Deasy, formerly of this place. The party was given in a manner fitting the observation of St. Patrick's Day, with new and original games and stunts, and with decorations and refreshments appropriate.

Harry Tennant was the guest of his sister, Mrs. Leon Rathbone, over Sunday.

Mr. and Mrs. Charles Hilding of New York spent the week-end at the home of their mother, Mrs. John Hilding and Miss Victoria Hilding.

Mrs. Edwin T. Smith and her son, Edward A. Smith visited the House of Representatives in its morning session Monday. Mrs. Smith also visited the Seymour School in West Hartford of which her daughter, Miss Florence E. Smith is principal.

Mr. and Mrs. Ames W. Sisson, Misses Marion Smith and Marlon Woodward, and Donald Coates went on Sunday to Brookfield, Mass., where they spent the day as the guests of Mrs. Lillian Kennedy, Mr. Sisson's niece.

Changes in the library schedule which have recently been made public give the time when the li-

brary is open as follows: Tuesday, from 2 to 5 p. m.; Friday, from 6 to 9 p. m. This schedule has been in force for the last few months. In former years the library was open both afternoon and evening on Tuesday and Friday.

Men sent out by the Central Connecticut Light and Power Company have been trimming trees along highway on the Amston-Colchester road and other parts of the highway, in preparation for the installation of electricity through the town. State Highway Warden Luther M. Keith, visited the town Saturday and inspected some of the trees which it was thought best to cut. No trees are allowed to be cut on the state highway except under his orders.

Fred E. Post of Gilead was taken seriously ill on Tuesday and is under a physician's care. His illness is said to be caused from a digestive trouble and at the last report he was in a more favorable condition.

Mrs. Frank Waldo has been suffering from a severe cold the past week.

The traveling on the country roads unimproved by the state is still in a precarious condition. It has been in a state of freezing and thawing nearly all winter and now the mud is as troublesome as ever. Some improvement is noticed, however, and the roads seem to be slowly getting settled. The condition in front of the school house at the center is causing comment. The mud is so deep there the planks have had to be placed in order to allow the children to get back and forth from the school house to the pavement in front. The paving stones are also partly submerged leading to the library and planks

have been placed there so that the patrons can go for at least a part of the way without getting into the mud. This setting back of the water from the main road has been aggravated by the failure to drain the area facing the school house and library in a proper manner.

A man in a Bowery curio hall will drink a bottle of ink that any customer brings in. Probably an old habitue of the night clubs.

Millions of Families Depend on Dr. Caldwell's Prescription

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as they are today. People lived normal, quiet lives, ate plain, wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system, so he wrote a prescription for a laxative to be used by his patients.

Dr. Caldwell M.D. AT AGE 83

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will also always have

a bottle handy for emergencies. It is particularly pleasing to know that the most of it is bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for elderly people. All drug stores have the generous bottles.

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.—Adv.

STEFANSSON ON MEAT DIET SAYS IT GIVES ENERGY

New York.—Vilhjalmur Stefansson, Arctic explorer, has been subsisting for two weeks on a 100 per cent meat diet.

"It's O. K.—for me at any rate," he said at the end of the twenty-third day.

In fact he "felt a little more energetic" than when he started.

Stefansson has been eating nothing but meat for so long a period for the purpose of scientific demonstration. The experiment was conducted by the Russel Sage Institute of Pathology as part of extensive study of diets which it has been carrying on for the past fifteen years. The institute wanted information on the effects of an exclusive meat diet on head production and blood pressure.

Gains Weight

Karsten Anderson, who accompanied Stefansson on many of his arctic expeditions, went him one better. He has been living on nothing but meat for nearly two months. At the end of that time Anderson reported no change in his physical well being.

"I gained a few pounds, but I was otherwise unaffected," said Anderson.

The experiments were conducted in New York City. The diet consists of steak, roast beef and tongue. Calf's liver was prescribed once a week.

"I'm convinced that the meat diet is an excellent one, but I would not recommend it for every one," said Stefansson. "It would be too expensive. The meat of various kinds which I have been consuming is equivalent to three sirloin steaks, and might cost \$5 and \$5 a day at current restaurant prices."

No Harmful Results

Stefansson said he wanted to prove to skeptical vegetarians that he could live on an all-meat diet in New York's temperate climate without harmful result. He remarked that the meat-eating Eskimos usually die of old age or injuries and that as a rule they are well-built, being neither thin nor fat.

While Anderson gained weight, Stefansson lost five pounds. When Stefansson started on his meat diet he felt lackadaisical about getting up in the morning. Now, he said, he "feels like jumping out of bed and getting to work."

Stefansson and Anderson planned to continue the meat diet indefinitely. The experiment is in charge of a committee of twelve physicians headed by Professor Raymond Pearl of John Hopkins. The committee found no evidence in Stefansson of high blood pressure, hardening of the arteries, kidney trouble or other ailments attributed to meat eating by some doctors. Anderson was also found to be in good physical condition.

LICENSES SUSPENDED

A list of operators whose licenses to drive automobiles in Connecticut have been suspended for one year for driving while under the influence of liquor was given out today at the state motor vehicle department as part of the effort to reduce this highway menace. The department statement advised people to notify the department or the police in case they should see any of these drivers operating motor vehicles.

EAGLES HAVE NO FEAR OF ROARING AIRPLANES.

Cleveland, O.—A pair of bald American eagles living high in the crotch of a red oak tree on a farm in Clyde, O., which is on the air-mail route west of Cleveland have no fear of planes according to John Barr on whose place they make their "home." Sometimes these large National birds take the air when a plane flies over their nest and follow it for several miles; and frequently the big birds sit on a limb, just roll their eyes upwards at the giant featherless bird which has usurped their airways.

Old King Tut's Excavations Aren't In It With These

2 FILMS AT CIRCLE TODAY AND THURSDAY

"Wallflowers" and "Fingerprints" Today; "By Whose Hand" and "Driftin' Sands" Tomorrow.

Double feature bills are the rule at the Circle today and tomorrow with a complete change of program on Thursday for one day. The features today are "Wallflowers," pictured from the famous novel by Temple Bailey, and "Fingerprints," a crook comedy starring the famous comedienne, Louise Fazenda.

Tomorrow's features are "By Whose Hand," a story of murder in which Ricardo Cortez is featured, and "Driftin' Sands," with Bob Steele in the leading role. Each is a different type of story but both are good.

Like all the works of the popular author, "Wallflowers" had a wide circulation in book form, and the story, consequently, is known to hundreds of thousands of readers throughout the country. The picture based on it is said by critics to do full justice to the masterly literary work.

A fine cast, chosen by Meehan after exhaustive search, has been assembled for the picture and includes Hugh Trevor, Mabel Julianne Scott, Jean Arthur, Lola Todd, Charles Stevenson, Mrs. Temple Pigott, Craufurd Kent and Reginald Simpson.

"Finger Prints," was adapted from the Arthur Somers Roche mystery thriller by Graham Baker and Edward Clark and filmed under the able direction of Lloyd Bacon. The cast includes such well-known screen stars as Helene Costello, Myrna Loy, George Nichols, Martha Mattox, Franklin Pangborn, Ed Kennedy and William Demarest. You will enjoy the human hot-potch which pussyfoots through the dangerous and rambling interior of the old house that is new!

NO DOUBT

Vicar: I am very sorry indeed to hear of your loss, bereavement Mrs. Lane. I should have thought that to have drowned himself would have been the last thing your husband would have done.

Mrs. Jones:—It were.—Timber.

Parlisan men who earn their living by dancing will be classed hereafter as laborers. All heavyset gentlemen just past 45 can see the justice in this.

FASCISM CRISIS IN ITALY IS LIKE THAT FACED BY TROTSKY

That Fascism in Italy is undergoing a "crisis that curiously resembles the Trotskyist crisis in Soviet Russia," was charged in a special dispatch to the Daily Herald, the British labor organ, from a special correspondent on the Italian frontier.

"A number of the most prominent Fascist leaders," the article declares, "including Signor Farinacci, formerly Secretary-General of the Party and Signor Rossini, acting Secretary-General of the Fascist Trade Unions, are being threatened with severe disciplinary measures, including expulsion from the Party and deportation to the Lipari Islands.

"These 'oppositionists' are accused of trying to create a faction within the Fascist Party. They are accused of demanding the 'democratization' of the Party.

"They accuse the Government, through the Ministry of Corporations, of being in league with the profiteers and the big employers, and of checking every attempt by the Fascist Trade Unions to resist wage cuts or to enforce observation of the Labor Laws.

"They have launched in the unions the slogan 'No More Wage Cuts,' and they are demanding the restoration of the right to strike.

"The Government is threatening strong measures. At Fascist parades in Bologna and Milan, Signor Arnaldo Mussolini, the Duce's brother, have announced that there will be no compromise, and that any section expelled from the party would 'become a bare and lifeless branch and last no longer than a fire of straw.'

"The Fascist authorities in several Italian towns had to prohibit the staging of Farinacci's melodrama, 'Risurrezione' as its performances, it was feared, would give a pretext for Farinacci to demonstrate against the present system of government."

A sailing vessel, with sharp bow, built and rigged for the utmost speed is known as a clipper.

"THE ENEMY" SHOWING AT THE STATE TODAY

Famous Picture With Lillian Gish as Star Here With "On to Reno," Marie Prevost Comedy.

One of the most talked-about plays in recent years is Channing Pollock's "The Enemy" in which the playwright has succeeded in conveying the idea that war is the enemy of civilization. A few months ago this play was made into a moving picture and the film is showing at the State theater today and tomorrow as part of a double feature bill. Starred are Lillian Gish, in what is said to be her greatest role, Ralph Forbes and others. Miss Gish is the little Austrian girl, loved by an Austrian boy and an Englishman, the latter firm friends. The World War comes along, however, and wrecks the beautiful friendship when the boys fight over the conflict.

Terrific days in Vienna when

Austria is reduced to a state of starvation follow. War profiteers have bled the country and food is at a premium. There is no means of getting food and clothes so the young girl goes out on the street to sell herself for bread.

Miss Gish plays the role of the tragic Paull whose family is rent asunder by war hatred, and who becomes the victim of the bitterest of tragedies through artificial hatreds between people of different nations. Ralph Forbes appears in the leading male role as her lover, Carl, torn from her on their wedding day by war, and Ralph Emerson, George Fawcett, Frank Currier, Fritz Ridgeway, Karl Dane, Billy Kent Schaefer, John Peters and others of note are in the cast.

The second feature on the bill is "On to Reno," with Marie Prevost, a story of easy divorce.

**GETTING READY TO MOVE
LOOMIS HOMESTEAD BACK**

**State Making Plans to Widen
Highway at Green's Danger-
ous Corner.**

Workmen in the employ of the State Highway department are busy today making plans to move the Loomis homestead at Manchester Green in preparation for the widening of the highway at the junction of East Center street and Middle Turnpike.

Several months ago the state bought this property so that the corner which is a dangerous one, could be reduced. The house will be moved back on the lot allowing for a much better view around the corner. This is one of several preparatory moves being made by the state before starting actual work in reconstructing the Manchester-Wilimantic highway.

BOY SCOUT NEWS

**TROOP 6, BOY SCOUTS,
DEFEATS TROOP 1**

Monday night at the Harding School troops 1 and 6 met in the first of a series of inter-troop contests. A large crowd was there to watch the boys go through their events, fighting all the time to gain first place.

Two hours of activities, showed that Troop 6 of the So. Methodist church are still in the front in contest work, for when the score was counted they were ahead by four points. Troop 1 pushed right ahead in the last three events taking first place in stretcher making, Morse signalling and the obstacle race, netting them eight more points, making the score 16 to 12.

Several of the contests were very close and the judges had to take everything in detail to decide the winner. The friction fire event was won by Remig of Troop 6, making fire in 14 seconds, by winning this event Remig tied the old record held by Burr of the same troop. This is the first time in two years that Burr has been beaten in this event.

The eight scouts making up the potato race team for Troop 1, performing in Class A shape, they easily defeated their opponents. The rescue race teams were very evenly matched, Troop 1's team coming in in 5 seconds and Troop 6 in 6 seconds.

Ray Benson, life scout of Troop 5 and Eric Modean, Manchester's only Eagle Scout were the judges. Too much cannot be said for both young men for they handled the meet in fine shape, all contests being run off in good time.

At 9:15 both troops lined up and stood at attention while Scoutmaster Dear presented a knife to the scout who showed the best progress in the last three months. There was also a hatchet presented to the scout that wrote up the best hike story on a hike which was recently held.

The scoutmasters made their announcements to their respective troops, and the meet closed with the scout prayer.

A list of the events and the winners follow:

	Winner	Pts.
Scoutercraft	6	6
Staff Relay	6	6
First Aid	6	6
Potato Race	6	6
Friction Fire	6	6
Rescue Race	6	6
Semaphore	6	6
Knot Tying	6	6
Stretcher Making	6	6
Morse Signalling	6	6
Obstacle Race	6	6

Scouts Notes
Troop 6 will have rehearsal for its play tonight at the church at 6:45 o'clock.

On Saturday afternoon the troop will hike to the cabin at Highland Park to spend the night. Each boy is to bring his own blankets, cooking equipment and eats for supper and breakfast.

The series of inter-troop contests which are being held at present are open to the public and the Scout officials extend an invitation to all Scouts' parents to be present.

On Thursday April 5th the Scoutmasters' troop will hold their monthly meeting at the Rec.

ABOUT TOWN

The monthly session of the Court of Honor of the Manchester Boy Scout Council will be held in the School street Recreation Center tomorrow evening at 7:30. Thirty-three Boy Scouts have made applications for merit badges and eight have applied for first class ratings. All Scouts who are coming up for their first class rank should bring their stories of a hike, their maps, and law and oath cards.

Miss Flora Stanley and Miss Henrietta Devon have returned to their home on Main street after a three weeks' visit in Florida. They speak in terms of enthusiasm of the fine weather. They went by steamer and were able to sit out on the deck the greater portion of the time. They made several stops on the return trip and in North Carolina visited friends they had not seen for 15 years.

Ernest Lilley of Hartford will be in charge tonight, and every Wednesday evening throughout the season, of the athletic activities of Center church boys. The younger boys will assemble at 7 and the older boys at 8 o'clock.

A daughter was born this morning at the Memorial hospital to Mr. and Mrs. Roycroft Walsh of 417 East Center street.

The regular meeting of Linn Lodge No. 72, K. of P., will be held in Orange hall at 8 o'clock this evening.

Guests were present from Hartford, Glastonbury and Hockanum at a surprise birthday party given in honor of Mrs. Charles Miller of 125 Adams street.

King David Lodge of Odd Fellows for the first time in several years will work the third degree in full form at its meeting Friday evening, August 8. Simonson who is in charge will be assisted by Cleon Chapman. It is urged that all the members who can possibly do so attend the meeting in Odd Fellows hall Friday evening and witness the exemplification of the degree.

Lucille, five year old daughter of Mr. and Mrs. Urbane House of 92 Valley street is ill with scarlet fever and the home is under quarantine.

**TO ATTEND CONFERENCE
OF PLAYGROUND DIRECTOR.**

Director Lewis Lloyd, of the Recreation Centers here, will attend the New England Conference of Recreation Executives in Boston next week Tuesday, Wednesday and Thursday.

The conference will be held under the auspices of the Playground and Recreation Association of America, Community Service of Boston and Park Department of the city of Boston. Incidentally the municipally managed playground in America was started in Boston in 1883.

In attendance will be recreational directors from all over New England. Mr. Lloyd has attended the conferences before. The various activities promoted by such institutions will be discussed in detail. Noted speakers are on the program.

Mr. Lloyd plans to return to Manchester late Thursday night. He will make the trip by train leaving next Monday.

**FLOOD CONTROL BILL
DUE TO PASS TODAY**

Washington, March 28.—The new \$325,000,000 compromise flood control bill was due for consideration by the Senate today with all indications pointing to its passage by an overwhelming vote.

A poll by International News Service indicated there would not be more than a dozen votes cast against the bill in the Senate unless unexpected opposition develops during the debate. The fundamental principles of the measure as finally presented to the Senate by Senator Jones, Republican of Washington, met with the approval of all factions interested in flood relief.

Its outstanding provisions called on the government to bear the entire cost of flood control works, endorsed the principle of local contributions but credited the flood area states with past contributions.

FUNERAL OF PETER WODEL

The funeral of Peter Wodel of Glastonbury, who died at the Memorial hospital yesterday morning after three years' illness, will be held at the undertaking parlors of William P. Quish on Main street at 8:30 tomorrow morning with a service at St. James' church at 9 o'clock. Burial will be in St. James' cemetery.

Local Ducks Will Paddle Against Suffield Tonight

Thompsonville Bowler Meets Murphy Tonight

Andy Humphries Hot After Our Champion's Scalp; Special After Match Too.

Howard Murphy, town duckpin champion, and Andy Humphries, Thompsonville wizard, will hook up in a twenty game home and home match starting tonight with the first ten games at Murphy's alleys. The final leg will be rolled at Thompsonville next Wednesday night.

A purse of \$100 a side is said to be at stake. The match should be exceptionally interesting if advance reports are worth anything. Murphy and Humphries are reported to be very evenly matched. In the American Legion league, they have met twice. The Thompsonville pin artist beat Murphy by fourteen pins in their three games here and up in Thompsonville, the boys tied. In an aftermath, Murphy won by two pins. All of which tends to prove that bowling lovers are in store for a real treat tonight.

The foul line will be observed. This will be closely watched by the commander of the Wethersfield post of the American Legion. A large crowd is coming down from Thompsonville to watch the match. However, Murphy will not be without rosters himself.

After the Murphy-Humphries match, there will be ten games of a two-man match between a south end team composed of Jack Saidella and Frank Chappell against Pete McLagan and Bobby Brennan of the north end. The final leg will be rolled over north.

INTERESTING

Mr. Solomon: What is your eldest son doing—the one who swallowed a gold piece when he was a child?
Mr. Cohen: He is at the First National Bank.
Mr. Solomon: Do you get interest on him?—Passing Show.

NEWCOMER

One of the newcomers to be shown by the Brooklyn Dodgers this season is Del Bissonette, a first sacker from the International League. This young man wields a heavy club and moves his feet swiftly and is expected to guard his corner of the Robins' infield with much finesse this summer.

Local Sport Chatter

Murphy's Nighthawks will bowl at Bristol Friday night. Their lineup will consist of Howard Murphy, Joe Canade, "Ike" Cole, Frank Cervini, Frank Chappell and Jack Saidella.

Coach Jerry Fay of the Community Club says that he does not expect to use Nino Boggini of the High School team in the town series although Boggini practiced with the team the other night.

Neither has Jerry positively made his mind up whether or not he will play in the series himself. He figures he has everything to gain and nothing to lose if he plays and there are some who think in view of his position as director of the Community Club, he should not compete in the series. However, north fans are banking heavily on his help in attempting to bring at least one title across the tracks and the chances are that he will fling caution to the wind and play. Jerry said yesterday that he would decide definitely one way or the other tomorrow night.

Jarle Johnson and Jud Gallup are expected to stage an exhibition pocket billiards match at the City Club sometime within the next few weeks. Gallup beat Johnson 300 to 290 for the town title recently and there are some who still believe Johnson is a better player. The match yesterday was surely not an life of a champion and the match with Joe Cotter on the books for next Tuesday night.

The boys say that the Sport Chatter column is read more than anything else on the sport page and that they like to see it in the paper that they like to see it in the paper every night. They don't stop to think how hard it is sometimes to scrape up material to insure its presence. So, if you have got any small items of sport news, don't hesitate to send them in, either by mail or telephone. Every bit helps.

Manchester High is going to miss the McKee street stadium this summer when the baseball and track seasons roll around. The High school teams are planning to use the Side Playgrounds, but the Trade School baseball and track teams are too, so all in all, it looks like busy time at the West Side with many confusions in dates.

Elmo Mantelli won the pocket billiards tournament conducted among high school students at the Rec. A 50-17 victory over Larry Maloney and a 50-40 decision over Eddie Dziadosz gave Mantelli the title.

The Aces baseball team will hold an important meeting tonight at the home of Manager Leslie Bronkie at 457 Center street. All members are requested to be present at 7 o'clock sharp.

AN OPEN SECRET

"And they are keeping their engagement a secret, aren't they?"
"Well that's what they are telling everybody."—Tit-Bits.

BRAVES ARE AFTER PIPP OF THE REDS

Boston Team Needs Another Good Man For Its Infield; Only Weak Spot.

By DAVIS J. WALSH.
New York, March 23.—Having not what they thought they wanted in Lester Bell and what they didn't have any reason to expect in Rogers Hornsby, the Boston Braves apparently are in a bind. The writer is informed today that the Braves are trying to swing some kind of a trade for Wally Pipp, first baseman of the Cincinnati Reds.

If the deal is made—and nobody seems to know how far they have gone with it—the Braves would find themselves in possession of an infield for the first time in years. If it isn't made, the Reds still will have two first basemen in Pipp and George Kelly and the Braves virtually none at all—unless Dick Burros comes back to the pace he knew in 1925. Burros' position is the outstanding weakness in the Boston club at the moment.

Don't Need Pipp.
Frankly, it is a bit difficult to see Cincinnati's position in the proposed trade. The Reds don't need Pipp and probably would be glad to do business for him. But the Braves have a man like this, they need him themselves.

Walter Gautreau might answer the query and maybe they would be willing to send Burros along, too, provided Hendricks decided he wanted a man like that around to fill in for Kelly while the latter was indulging his flare for versatility. Hendricks is a hard-boiled trader and might be expected to look down the barrel at anything that didn't give him more than fifty per cent the better of it. According to his probable way of figuring, Gautreau isn't good enough for the Boston infield and, therefore, couldn't be good enough to help Cincinnati.

Perhaps the Braves have to get a third club into the transaction and thus enable everybody to get what they want.

PATCH UP DIFFICULTIES

One of the arch-enemies of a decade has resulted in a treaty of peace and wrestling is back in the good grace of Madison Square Garden. Which means that Tex Rickard and Jack Curley have parked their gats, hung up their knives in the kitchen and decided to be pals.

The spectacle of the czar of boxing allowing his mahogany desk to be a foot rest for the czar of wrestling is almost as strange to behold as that picture of John McGraw with his arms around the shoulders of Ty Cobb in a friendly embrace. For the enmity between Rickard and Curley was so deeply rooted that it seemed forever beyond the light of reason.

Rickard once said that he would permit his Garden to be used for anything that the customers and he is of the type of a business man who usually does not allow sentiment or prejudice to influence his activities.

But when Rickard—like the way of all the old westerners—gets a hate on someone, he has been known to keep it. He had one for years on Curley and he kept it. He has one now on Jack Kearns and he won't do any kind of business with any fighter belonging to Kearns.

Age mellowed fiery dispositions, they say, and perhaps it was that tempering influence of time that cooled Rickard's heat against Curley. But even if it may be said that the Garden corporation forced Rickard's hand, he stuck it out for

THAT'S WHAT TOMORROW

Night Really Is In Herald League; Interest Runs High.

Tomorrow's the night that will have a very important bearing on the outcome of The Herald Bowling League which has only two more sessions to complete its two round schedule.

The Masons with a comfortable lead of four points over the Cubs, have what appears to be easy opposition in the Beethoven Glee Club but the latter team is fully aware of its chance to leap into fame by halting the Masons and will leave no stones unturned in this direction.

The Cubs expect to have a merry time at the expense of Highland Park, but the boys from the land of purer air cannot afford to lose all four points for fear of being knocked down into the cellar position again. If the Masons and Cubs both win all four points, the latter will have to win the same from the Masons the final night to tie the league standing. If the Cubs lose a single point and the Masons win everything, it will be all over but the shouting although the schedule will be completed.

The race for getting out of the cellar position is also creating considerable interest. The Knights of Pythias are at present sipping the wine but it is hard to tell who will have that privilege tomorrow night.

MURPHY'S GIRLS IN NEW STATE LEAGUE

Meet Meriden Here Tonight and There on Friday; Dozen Teams In League.

Manchester is to be represented in the State Girls Bowling League which has just been organized with a membership of twelve teams.

The local team is composed of Captain Jennie Lucas, Nan Taggart, Clara Jackmore, Mae Sherman and Irene Gee. It was organized by Howard Murphy to represent his alleys in the league and will be known as Murphy's Girls.

The first match for the local team will be rolled here tonight against Meriden. These two teams will hook up in a return match at Meriden Friday night. Last year, Manchester finished sixth in the league.

Other teams in the league are the Casinos and Charter Oaks of Hartford, Rogers Recreation of New Britain, Wallingford, Branford, Bridgeport, Waterbury and Plainville.

KNOW YOUR SPORTS

- What is the greatest number of ber of games lost in success—ston by a major league pitcher?
- Give greatest distance a baseball has ever been batted.
- Nabors, with the Athletics, lost 19 games straight in 1916. Sheehan, with the same club the same year, lost 16 in a row.

Ed Walsh, famous pitcher of the Chicago White Sox, on Sept. 30, 1911, using a fungo bat made of light wood, batted a ball 419 feet 1-2 inch.

TOMMY THINKS SO

Teacher: Tommy, you've not done a stroke of work this morning, and I've told you again and again that the devil finds work for idle hands to do.
Tommy: Yes'm.
Teacher: Now take your copy-book and write that out 20 times.
—Tit-Bits.

Newsy Notes From The Training Camps

St. Petersburg, Fla., March 23.—Although the New York Yankees celebrated the 48th birthday of Manager Miller Huggins by losing to the Reds again yesterday, 6 to 4, better times are in sight for the boys' champions. From now on they hit New York, they will play only Minor League opponents.

Yesterday's setback was the Huggins' eighth defeat in the Grapesfruit League. They got ten hits off Luque and Rixey, but errors by Koenig and Collins and Hank Johnson's wildness proved costly. The Yanks will take on the Buffalo Bisons today.

Augusta, Ga., March 23.—The series between the New York Giants and the Boston Red Sox ends here today. O'Doul's single in the tenth gave the Giants yesterday's game by a four to three margin.

Miami, Fla., March 23.—The Brooklyn Robins begin a four game series with the Boston Braves here today. The batting averages of the Brooklyn regulars to date are: Tyson .429, Herman .393, Hendrick .342, Ricoonda .333, Bissonette .314, Bancroft .280, Freigau .227.

Los Angeles, Cal., March 23.—A deal was rumored on foot here which will bring Ray Jacobs, Los Angeles infielder, into the Cubs fold in exchange for a pitcher and outfielder. The Bruins are also expected to place some of their rookies today. Phil Welert is slated to be returned to San Francisco. The Cubs continued their exhibition winning streak yesterday, trouncing Hollywood seven to five. Cuyler's four hits in five times up, paved the way.

BUNION DERBY
Los Lunas, N. M., March 23.—C. C. ("Cross Country") Pyle gave Albuquerque only a microscopic view of his short-panted athletes as they pushed eastward today into the desert fastness toward their 25th night control.

When the hell and no field started from Los Lunas this morning, Arne Soumlinen, Detroit medic, held the lead with an elapsed time of 144 hours, 2 minutes for the 855 miles from Los Angeles.

Peter Gavuzzi, Southampton, England, displaced Andrew Payne, Claremore, Okla., in second place by capturing the old Laguna-Los Lunas lap in handy fashion in 7:20:30. His elapsed time is 147:02:46, and Payne's 147:26:57.
Olli Wantinen, New York's diminutive Finn, continued to demonstrate that he has conquered "Shin Splints" that handicapped him early in the going by finishing third.

SECOND GAME OF SERIES WON'T BE ON GOOD FRIDAY

Rec and Community May Play Next Wednesday, Manager Clune Says; First Game Friday Night Just the Same.

The date of the second game of the town baseball series between the Rec and the Community lives scheduled for a week from Friday night at the State Armory, will be changed. When agreements were reached Sunday afternoon, it seems that the officials of both clubs forgot that the date in question is Good Friday.

Just what night the second game of the series will be waged on has not been decided. A consultation between officials last night ended in a hot argument with no results attained. The Community does not want to play Thursday night because that is Holy Thursday and desires to stage the game Wednesday.

Captain Harold Madden of the Rec team, however, signed to play with the Plainfield team at the very beginning of the season and if he should fail to appear in Plainfield next Wednesday night, it might seriously affect him financially as all of the Plainfield players have quite a piece of change coming to them.

Manager Ben Clune said this morning that Madden is scheduled to play in Plainfield tonight and that he would discuss the matter with Manager Salisbury at that time in effort to be excused without a fine. If he can get off for that night, Manager Clune said the second game would be played on Wednesday night.

Meanwhile arrangements went forward for the first game of the series which will be played at the Rec Friday night. It is expected that a crowd of between six and eight hundred persons will witness the opening skirmish. The rivalry between the two teams runs high irrespective of the fact that the Community club players are not all from the north end. Reports today were to the effect that a large number of north end fans are planning to attend the game Friday night in a body.

OPEN FORUM

THAT "DENTAL" WORK

Editor, The Herald:
You were right on your job toward informing our townspeople that the Connecticut Company were undertaking some "dental work" along their tracks on that part of Main st. between the Center and the station. Your editorial columns have spoken in no uncertain manner on numerous occasions of the treacherous condition of those tracks and no doubt you have thought that as long as you were fighting the issue single handed (apparently) that you would make the announcement of that "dental work" as brief as possible, but you missed a golden opportunity not to amplify the slipshod manner of treating the decayed cavities along both side of the tracks minus a binder under the "filling" so that the patient will not again come back with a grievance and demand redress. The "Doctor" might be compelled by the powers-to-be (incidentally the street commissioners) to have that work done in a more sturdy manner, so that, if the Conn. Co. thinks it is more advantageous to have their car wheels travel on it instead of tracks that it will have a firmer foundation. That street (if I am correct) belongs to this town and I presume that the tracks are there by granted permission, with a proviso, that said tracks shall at all times be kept in a safe condition, and all work toward repairs shall be supervised and a final inspection be passed on same by our proper officials. Has it been, or being done in the present case? I venture to say no. The motor car wheels will now travel (when completed) in a trough instead of a rut, and will never be right until the town insists on registering disapproval and demands that this dangerous right of way shall be made safe instead of perilous.

Perhaps after there are a few more three car collisions and miraculous escapes from fatal consequences—and the town drawn into a legal defence, will this town take an inventory of itself to protect beforehand by asserting its rights and upholding such dignity as it deserves, when occasion requires.
J. HENRY CLAY L.

BILL HAYWOOD DYING

Moscow, March 28.—Bill Haywood, former Chicago I. W. W. leader, who fled America to escape going to jail today faces death from diabetes here.

A week ago, Haywood was removed to the Kremlin hospital, suffering from a severe attack of diabetes.

Physicians attending the former American labor leader today declared that his condition was extremely serious and that complete recovery was impossible.

Although his heart action is very bad, the physicians held out hopes that Haywood would rally sufficiently to pull him through this crisis.

The chief entomologist estimates Australia's loss through insect pests at \$100,000,000 a year.

**Film Artists On The Air
In Big Program Tomorrow**

These movie stars will broadcast from Hollywood in the Special Dodge Presentation of March 29. They are, from top left, going clockwise, Dolores Del Rio, Norma Talmadge, Charlie Chaplin, Douglas Fairbanks, D. W. Griffith, John Barrymore.

BY DAN THOMAS

Hollywood, Calif., March 28.—Six of the most famous stars of the cinema colony here have become radio entertainers.

Every day for the last week, the United Artists studio has resembled a radio broadcasting studio more than a motion picture factory. All because the film stars have been practicing for the program they will broadcast over the National Broadcasting Company's chain of forty stations on March 29, under the sponsorship of Dodge Brothers.

This program, which it is believed will be heard by approximately 40 million persons, will include the greatest galaxy of talent ever put before a microphone in

a single hour. The hour will be 10 to 11 eastern time. The hour will be 10 to 11 eastern time. The hour will be 10 to 11 eastern time.

Graham McNamee, famous New York announcer, will turn the "mike" over to Douglas Fairbanks who will act as master of ceremonies in introducing Dolores Del Rio, Charles Chaplin, Norma Talmadge, D. W. Griffith, and John Barrymore. Paul White and his band will play between the cast of the film notables.

The broadcasting problem for this program is one of the most difficult ever attempted since McNamee and Whiteman will "do their stuff" from New York, while the movie talent will broadcast from Fairbanks' bungalow at the United Artists studio here. That will necessitate perfect synchronization of the New York and Hollywood programs with individual performances timed to the second.

In addition to acting as master of ceremonies, Fairbanks will give a brief talk for boys interested in athletics. Miss Del Rio will make

her debut as a singer with a three-piece musical accompaniment. Chaplin will entertain with a series of humorous anecdotes in various dialects—a pastime for which he is famous in Hollywood's social circles.

Miss Talmadge will discuss Hollywood as the new world style center for women. Griffith will talk on love and marriage. And Barrymore will recite the famous soliloquy from "Hamlet," with a special musical accompaniment.

Their aggregate earning capac-

ity running into more than five million dollars annually makes these movie stars the highest paid group of entertainers who have ever broadcast on a single program. And the "fan" mail of nearly every one is considerably greater than that of almost any radio entertainer.

**BLISH HARDWARE CO.
ISSUES SEED CATALOG**

26th Annual Booklet Now Being Sent Out—Expect Record Spring Business.

The F. T. Blish Hardware Co. is now sending out its 26th annual seed and implement catalog. This catalog has grown to be a large affair and is looked for by hundreds of farmers throughout Manchester and many surrounding towns. It is attractively laid out, fully illustrated and printed on a nice grade of paper. It is made up by the Blish Hardware Co. entirely and is printed locally. It shows a complete line of seeds, garden and farm tools, farm accessories, hardware and paint. An adequate stock is carried to back up the advertised line.

The Blish Hardware Company is one of the few concerns in this state that buys their bulk seeds direct from the grower and puts them up under their own supervision. Their lines of farm machinery are of the largest and best known manufacturers in the country.—The John Deere Plow Co. and The International Harvester Co.

Earl G. Seaman says that they now have more orders booked for spring and summer delivery than ever before. Prospects for the coming season seem very good and he looks forward to a record business.

NEW S-4 PROBE

Charlestown Navy Yard, Boston, March 28.—While the Naval Court of Inquiry into the submarine S-4 tragedy was in Washington today after a surprise visit to the submarine in drydock here, another group of investigators viewed the shattered undersea boat. The second group was the Board of Investigation and Survey, headed by Rear Admiral L. A. Bostwick.

In the opinion of investigators the forty men of the S-4 died by drowning and not by suffocation, although it was only a matter of minutes as, weakened by chlorine and carbon dioxide gases, they dropped in the water, were revived and dropped again continuing, until death came.

63rd BOMB TODAY

Chicago, March 28.—Another bomb, Number 63, in the current series, was exploded early today in front of the beer pump and supply store of Emil Seller. The proprietor, who lives with his family overhead, told police he had recently refused to allow ward politicians to put campaign posters in his windows.

WINTRY BLASTS CHASE BABY CARRIAGES TO COVER

Tradition says that the month of March comes in like a lamb and goes out roaring like a lion and this year seems to be no exception to the time-worn belief.

Those who had come to believe that Spring was already here, changed their minds quickly last night when the temperature dropped to around twenty-five degrees above zero and the wind blew chill down many a spine.

The complete change in temperature which came on during the afternoon had a marked effect on the number of persons on the streets. The afternoon before there were at least fifty baby carriages on Main street at one time. Yesterday afternoon there were only two or three at the same hour.

A concrete road in Colorado contains gold ore valued at \$3000 per mile.

Overheard at the Breakfast Table

"Seems to me the coffee is extra good this morning. Did you make it stronger than usual, or what?"

"I wondered if you'd notice it. No, I actually used a little less, but I'm trying out a different brand from the Manchester Green Store."

"Well, it's good enough for me; better stick to it."

Women and Children First

By this rule of procedure do men reveal in a crisis their chivalric ideal of protection.

In less conspicuous ways the same ideal is expressed in their every day conduct.

In taking life insurance, for instance. Over seventy billions in force testifies to the American husband and father's feeling of responsibility for the protection and well being of dependents.

FEATURE ARTICLES ABOUT INTERESTING WOMEN

GIRL ALONE

THIS HAS HAPPENED When she is four years old Sally Ford is left at the state orphanage...

lornly on the outskirts of the little town. "And yet I suppose the alarm has been given and the constables are on the look-out for us."

CHAPTER XII "No, David, no, no! I can't go back to the orphanage! I'd rather die!" Sally gasped.

David dropped his bundle, took her hands and held them tightly. "I can't run away from this thing, I've done, Sally, I'm sorry. I thought I could, I'm going to give myself up, after I've seen you safely back in the Home. I'll explain to your Mrs. Stone, make her believe—"

"You're a plucky kid," David said gruffly. When it was quite dark David spoke again: "We'll make a bunk for it now, Sally. I know this part of the country well. My grandfather's farm adjoins this one, with only a fence between the two bay meadows. We can cut across his farm, giving the house and barn a wide berth. Then we'll strike a bit of timberland that belongs to old man Cosgrove. That will bring us out on a little-traveled road that leads to Stanton, 22 miles away. Think you can make it, Sally?"

She crouched beside David on the bank of the tiny stream and drank thirstily from his cupped hands. The going was more dogged, less mysteriously thrilling when they had at last reached the dirt road that was eventually to lead them to Stanton, a town of four or five thousand inhabitants, the town in which the woman who had brought her 12 years ago to the orphanage had lived. Days before Sally had memorized the address before destroying the bit of paper on which Miss Pond, out of the kindness of her heart, had copied Sally's record from the orphanage files.

"I suppose they're going to spend Sunday here," David remarked. Then he turned toward Sally, beheld the miracle of her transformed face. "Why, child, you want to go to the carnival, don't you? Poor little Sally!"

But for once Sally was not listening to him. She was running toward the cars, from which the engine had been uncoupled, and as she ran she called shrilly, joyously, to a young man who had dropped catlike from the top of a car to the ground: "Eddie! Eddie Cobb! Eddie!"

MRS. GOODUE BETTER
Northampton, Mass., March 28.—Mrs. Calvin Coolidge, by her cheering presence, is keeping her mother alive, according to physicians at the bedside of Mrs. Lemira Goodhue. But even Mrs. Coolidge cannot long ward off death. The President is ready to leave Washington at a moment's notice.

QUAKE KILLS 30
Rome, March 28.—With seven bodies recovered, soldiers were engaged today in rescue work in Udine province where a severe earthquake did extensive damage yesterday. The injured are estimated at from 30 to 40.

THE VILLAGE OF Versagnis was nearly destroyed. The village priest had just celebrated a thanksgiving service for the population's escape in Monday's earthquake when the new tremors began. The church in which the thanksgiving service had been held collapsed a few minutes after the congregation had left it.

THE AMERICAN worker today has at his command the mechanical power equal to 43 men.

FLAPPER FANNY SAYS:

An income is something you can't live within or without.

A LITERAL ONE.

From PEN to INK sounds like an easy enough change, but these little words cause a lot of trouble sometimes, you know.

Word puzzle grid with the words PEN and INK.

THE RULES

1-The idea of letter golf is to change one word to another and do it in par a given number of strokes.

2-You can change only one letter at a time.

3-You must have a complete word, of common usage, for each jump.

4-The order of letters cannot be changed.

Speaking of typographical error, we ran across this one the other day, "Newspaper Pants for Sale."

Many a woman regrets that she didn't have the training of her husband from the time he was a child.

Usher (to cold, dignified lady): "Are you a friend of the groom?"

The Lady: "Indeed, no! I am the bride's mother."

Home is where the keys were left, in the other pants of the two-pants suit.

SENSE and NONSENSE

One of the advantages of being a free born American citizen is that when you want to do anything you can go right ahead without asking anybody—except your wife, the police, your boss, your life insurance company, your doctor, and the neighbors.

People who live in summer suits should go south for the winter.

Some people won't like talking movies—too much competition on reading the sub titles.

Signs. When I feel red flannel scratchin' an' the snow don't squeak no more.

The fire burns its brightest an' the chimney roars the more, Then the thermometer acts just crazy with its rushin' up and down, An' I hear a heap of talk 'bout that Easter frock an' gown.

Then I find myself a wonderin' how my fishin' tackle is, An' Bud gets out his marbles an' fails in his school quiz.

Ma allows the sap's a runnin in the maples by the mill, An' the mare acts kind o' skittish, like her colt that we call Bill.

Then a few birds start a flyin' on their regular northward swing— Man, I just can't keep from shoutin', "gosh, I'm glad it's almost spring."

Male: A person who thinks he is a great help around the house because he doesn't leave his towels on the bathroom floor.

Kill time and it will send back ghosts of poverty to haunt you.

Many a woman talks to herself while her husband is present but she does not suspect it.

The fellow worth while is the man with a smile when his garter comes down in the middle of the aisle.

"Mary," admonished the hard-pressed husband as he eyed the milliner's bill, "if you can't learn to pass a hat, I'll soon have to."

With drug stores multiplying as fast as corner groceries, that schoolgirl complexion seems likely to decorate little sister for a generation or so.

"The up-to-date girl does not cry," says a critic. No! Look at the price of face powder!

It is computed that man has made some 32,647,389 laws. And has not yet managed to improve on the Ten Commandments.

1948 Mother: "Say didn't I give you permission to go around the world last week. You'll be going to Mars for dates at this rate. For a month now, you can't go farther than Paris for a week-end."

Only thing you can tell by some watches is what time it isn't.

"The man who isn't sure of his ground will take water every time."

An open mind is all right if you know when to close your mouth.

ABOUT TOWN

Rev. E. P. Pharesor of Manchester will be in charge of the prayer meeting at the South Methodist church tonight at 7:30. Every official member of the church is urged to be present to take part in the transaction of an important piece of business which must be disposed of.

Mohr's Bakery Company delivery truck met with an accident this morning on Main street. The rear axle broke as the truck was coming out of Pearl street onto Main and it had to be towed to Smith's garage on Bissell street.

There will be bridge, straight whist and setback games at St. James' Parish hall on Park street tonight under the auspices of the Ladies of the Parish. There will be three prizes in each, a first, a second and a consolation and also a door prize. Refreshments will be served.

Mrs. Charles F. Marshall of 35 Cambridge street, is seriously ill with pneumonia at Manchester Memorial hospital.

A son was born to Mr. and Mrs. Philip Pratt of New Haven Monday morning at the home of Mr. and Mrs. Fred A. Johnson whom she was visiting on Wellington road. Mrs. Pratt, who was Miss Lillian Christensen of Deep River, is Mrs. Johnson's niece.

Dancing both old-time and modern will be enjoyed at the Buckland school assembly hall this evening. The dance is under the auspices of the Ways and Means committee of the Parent-Teacher association.

Miss Helen L. Haviland, director of religious education at the South Methodist church will be the speaker at the monthly gathering of officers and teachers Friday evening at Second Congregational church. Church school leaders of the North Methodist church have also been invited.

A Lenten service will be held this evening at the Zion Evangelical church on Cooper street.

The Eastern Star Bridge club will meet Friday with Mrs. Wesley Robbins of Summit street.

Rev. J. S. Neill will preach at the Lenten service this evening at St. Luke's church, South Glastonbury, and the rector of that church, Rev. Marcus Simpson will be the Lenten preacher at St. Mary's church here tonight.

and William T. Carr. Mr. Carr's trophy was a "Toonerville trolley on which to ride home. Everybody had a jolly time.

Mrs. Thomas Gannon of Main street has returned from a visit with her sister, Mrs. Fred Parker of Bridgeport who has been seriously ill.

Mr. and Mrs. George W. Hills of Wapping entertained a party of Manchester people at bridge last night. First prizes were won by Mrs. Samuel Richmond and George W. House and the consolation awards fell to Mrs. Hiram Grant.

SUSPECT VIBRATOR OF BIGGEST NOISE

Or Maybe an Outside Line Causes It—Radio Sleuths Running It Down.

The report of the radio reception interference committee at the public meeting of the newly organized Manchester Radio Listeners' Association at the Recreation Center Auditorium last night, was encouraging to those interested in the elimination of various forms of static.

Most important was the announcement by the committee that they believe they are on the trail of the cause of an exceptionally loud and persistent noise which has bothered radio listeners throughout the center of the town for a long time. By checking with the detecting machine, the possible causes have been reduced to two—an outside electric line and a vibrating machine.

Lays Off Tonight
Tonight the latter will be idle and during that time the interference committee will try to discover the exact cause. In addition to this particular task the committee has ferreted out the causes of poor reception in several parts of the town and these have either been remedied or soon will be. Among the causes were electric heating pads and dirty motors.

About fifty persons of the 127 members were present at the meeting. John L. Rehnartz, local radio expert, gave a very interesting stereopticon talk of his trip to the Arctic with Donald McMillan.

\$1,800 OF \$2,000 COUNTY "Y" QUOTA ALREADY IN

Clarence P. Quimby, chairman of the committee which is attempting to raise \$2,000 as Manchester's quota in the Hartford County Y. M. C. A. drive, said today that \$1,800 of this amount has already been realized and that the rest is expected before the beginning of the fiscal year, May 1.

HIGH SCHOOL NETS HANDSOME PROFIT FROM DAY OF FILMS

Principal Clarence P. Quimby estimated this morning that the High school will realize between \$250 and \$300 profit for the Seniors' Washington Trip Fund as a result of the motion picture benefit performance yesterday afternoon and evening at the State theater.

There were four complete shows and all were well attended. In all, well over a thousand persons were in attendance. The feature film was "The Road to Romance" starring Ramon Novarro. The High school orchestra played several selections during the performances.

PHONES Pinehurst "GOOD THINGS TO EAT" CALL 2000

CHILDS-STEFENSSON

The Childs restaurants are trying to make vegetarians out of their customers. Vilhjalmur Stefansson is trying to prove that a human being can thrive on just meat and water. Neither of them makes any great hit with us.

We note the kind of teeth that the Creator gave to mankind and we guess, from that, that the idea was for us to eat more than one kind of food. Anyhow, most folks in this world have been eating flesh, fish, vegetables, fruit and nuts—when and if they could get them—for quite a spell. It's our suspicion that they will keep on doing so, Childs and Stefansson notwithstanding, for quite a spell longer.

The vital point is that the food, whatever its kind, must be good of the kind. A steady diet of sardines would be better than a diet of spoiled squash; the Spanish war soldiers would have done better on boiled rice than they did on embalmed beef.

Pinehurst holds no brief for any fad diet. But it is very earnestly enlisted in the cause of absolutely good food. That is our one dietary fad—it is a fad. And it is never out of our minds.
