AL SMITH HAS ALREADY 248 SURE BALLOTS

If He Keeps Up Present Rate He Will Get the 734 Votes Needed to Land the Nomination.

Washington, April 6.—Democratic leaders who are anxiously following with pad and pencil Gov. Al. Smith's progress through the primaries and state conventions thus far held, estimated today that if he can maintain his present pace he will get the 734 votes necessary to nominate him for the presidency at Houston.

Some of them do not believe Smith can maintain the rate of progress he has thus far made, pointing out that most of the states which have already acted constitute very fertile territory. Others however, believe he can and cite figures to substantiate their claims. In any event, Gov. Smith today has 248 delegates either pledged or promised for him—with two-thirds of the country yet to be heard from. This is seven more votes than he had on the first ballot at Madison Square Garden four years ago.

Where Votes Came From

The 248 votes came from Arizona, Idaho, Louisiana, Maine, Michigan, Minnesota, New Hampshire, New York, North Dakota, Wisconsin, Alaska, Philippines, and the Virgin Islands.

Interesting Study

The gains that Smith has chalked up in three states provide an interesting study for the political calculators. Comparing the pledges and instructions of the thirteen states and territories that have thus far acted in his behalf this year he has made the following gains over his 1924 vote as shown in the 77th (high point) election: Arizona 6, Idaho 8, Louisiana 20, Maine 7 1/2, Michigan 16 1/2, Minnesota 9, New Hampshire 4 1/2, New York 2, North Dakota 5, Wisconsin 3, Alaska 1, Philippines 3, Virgin Islands 3.

PROBE VENIREMEN FOR MONDAY TRIAL

Sleuths Investigating Private Lives of All Who May Sit On Sinclair Jury.

Washington, April 6.—Federal agents and private detectives today were completing an exhaustive inquiry into the private lives of the 550 men and women from whom the jury will be selected to try Harry F. Sinclair millionaire oil magnate and sportsman, next Monday for criminal conspiracy to defraud the government of the Teapot Dome naval oil reserve.

See the Town As It Looked 70 Years Ago.

Changes in the map of Manchester. The flourishing city as it now is and the city it was 70 years ago. Contrasts that are amazing and almost unbelievable to those of this generation.

84 P. C. REDUCTION IN CHICAGO CRIME.

Chicago, April 6.—An 84 per cent. reduction in crime during the month of March in Chicago as compared with March last year was shown here today by the efficiency list of operations of the Detective Bureau.

"MOTORS" STARTED BREAK IN MARKET Phenomenal Rise in Prices Was Not Born in Wall St. Expert Says.

New York, April 6.—When the closing gong of the New York Stock Exchange sounded at three o'clock on Thursday, it rang down the curtain on the end of the fifth week of the most spectacular and turbulent stock market ever known to this or any other generation.

The agreement reached only after a threatened break between L. P. Loree, sponsor of a fifth trunk line between east and west, and the railroad officials who favored the four-trunk system. The break was averted by Otto H. Kahn, a member of Kohn, Leob & Co., bankers for Loree and his proposed system.

FORD ON ARRIVAL SILENT ON RUBBER

Southampton, England, April 6.—Henry Ford, American automobile manufacturer, who arrived here today upon the liner Majestic, refused to discuss the rubber situation. He declared that his visit to Europe is "partly for business and partly for pleasure."

It was reported in London that Ford's visit might result in large purchases of crude rubber from British and Dutch interests now that the price has been forced down by Premier Baldwin's announcement that government restrictions upon the production of rubber in Malaya and Ceylon will be removed on Nov. 1. Belief was expressed that the sharp decline in the price of rubber might induce Ford to abandon his project to establish large rubber plantations in Brazil.

RAILROADS TO COMBINE INTO 4 LINE SYSTEM

Worth From Five to Ten Billions and to Control 50,000 Miles of Trackage; The Preliminary Plans.

New York, April 6.—Regrouping into a four-trunk line system of railroads worth from \$5,000,000,000 to \$10,000,000,000 and operating more than 50,000 miles of trackage, was reported today to have been agreed upon by powerful executives after a series of meetings held behind closed doors in this city.

Big Step Forward

The agreement marks a long step forward toward consolidation of the eastern lines, but it does not mean that this goal—which railroad executives have been working on for months has been achieved.

Started March 3

"Buying of the stock began on March 3rd, and the first day's activities boosted the stock eight points to 143. It was not until after the whole 200,000 had been acquired that the public was acquainted with the details, and then the stock was selling around 165. Concluding, however, that the stock still offered unlimited possibilities for income and profit, American investors rushed into the market to buy at any reasonable price and General Motors soared to within a point of 200.

OIL TANKS BURN; 3 MILLION LOSS

U. S. Sailors in Cuban Waters, Help Firemen to Fight the Flames.

Havana, Cuba, April 6.—The fire which swept the three refineries of the Standard Oil Company on the outskirts of Regia was controlled today after it had caused \$3,000,000 of damage. The fire is believed to have been of incendiary origin.

United States sailors from the battleship Wyoming helped the firemen to prevent the flames from spreading into the town. Nineteen sailors were overcome by fumes. Forty-one residents of the fire zone were injured, including one woman. The fire was still burning this morning, but had been localized. Soldiers and police were guarding the district.

They'll Try Westward Flight

Where countless others have failed—attempting to fly across the Atlantic ocean from the old-world to America—two American girls are now to try. The girls, Miss Mildred Johnson (left) of Philadelphia, and Miss Esther Warner of Portland, Ore., are shown here as they appeared at the Tephelof aerodrome in Berlin, where they are making their plans.

Girl In Man's Clothes Tries To Kill Envoy

Warsaw, April 6.—An 18-year-old Russian girl, Salina Hoppen Waldentyonowicz, forced her way last night into the Soviet Embassy here and tried to assassinate the Russian ambassador, M. Bogomuloff. The girl was a member of the Russian Monarchist organization of Vilna.

MANY SECTS NOTE DAY OF CALVARY

Protestants Join in Good Friday Observance; Services of Catholics. Protestant churchgoers in Manchester turned toward St. Mary's Episcopal church today where the annual three-hour service on "The Seven Last Words of Christ" was being held.

MR. VOTER— meet the next president

WHEN you vote in this year's presidential election, will you be voting for a man—or just a name? In other words: how well do you know the leading candidates for the presidency? Do you know them as flesh-and-blood figures, or are they mere reputations to you?

BAD WEATHER DELAYS FLIGHT OVER THE POLE

Outside World Thought Capt. Wilkins Was Already on Way—His Message Received Today.

Seward, Alaska, April 6.—Delayed by cloudy weather, Captain George H. Wilkins, noted Australian explorer and his pilot, Carl Ekelson, were today awaiting a favorable opportunity to take off at Point Barrow on the contemplated aerial expedition over the North Pole to Spitzbergen.

THOMPSON IS JOYFUL OVER COURT RULING

Chicago, April 6.—City and county authorities today were claiming victory in the brush with government officials over the custody of Myron Cafey, federal prohibition agent who is accused of shooting Municipal court bailiff, during one of George E. "Hard-boiled" Goldings' dry raids here recently.

Man Who Shot Court Official Must Stand Trial in Chicago Court.

Chicago, April 6.—City and county authorities today were claiming victory in the brush with government officials over the custody of Myron Cafey, federal prohibition agent who is accused of shooting Municipal court bailiff, during one of George E. "Hard-boiled" Goldings' dry raids here recently.

SHELLS FOR SANDINO SEIZED IN NEW YORK

New York, April 6.—Sixteen thousand rounds of ammunition of American manufacture, presumably for use by General Somochovar, were seized aboard a steamer bound for Honduras today, following the arrest of the second engineer.

KILL TAX REDUCTION OR KILL ALL RELIEF PLANS, HOUSE WARNS

DEPEW FUNERAL HELD TOMORROW

If Duties Permit, President Coolidge Will Attend the Ceremonies in New York.

New York, April 6.—Elaborate preparations are being made today for the funeral of Chauncey Mitchell Depew, distinguished statesman, financier and railroad executive who died at his home here early yesterday in his ninety-fourth year.

Bishop to Officiate

Bishop William T. Manning, Bishop Ernest M. Stires and the Rev. Rolin H. Brooks will officiate at the religious rites at St. Thomas church tomorrow.

WINDSOR, ENGLAND, APRIL 6.—King George and Queen Mary, who came to Windsor castle for the Easter season, attended Good Friday services today in the castle chapel.

GUATEMALA CITY, APRIL 6.—A conference to adjust the boundary dispute between Guatemala and Honduras opens today at Puerto Cortes under the chairmanship of Roy Davis, U. S. minister to Costa Rica.

MEXICO CITY, APRIL 6.—Nearly fifty rebel prisoners were taken by federal troops in a fight near Jalapa, Guanajuato, according to word received here today. A great arsenal containing rifles, ammunition, pistols, dynamite and bombs was found. A rebel leader was killed and several others wounded.

LUGANO, SWITZERLAND, APRIL 6.—Baron Herbert de Juvallat, Italian vice consul, who has been under treatment here for a nervous complaint, is in the hospital today suffering from a bullet wound in the head. The police say he tried to commit suicide. His condition is critical.

BERLIN, APRIL 6.—The \$5,201,000 gold bullion from Soviet Russia, which the United States refused to receive, is being shipped to Germany, it was learned today.

LITTLE ROCK, ARK., APRIL 6.—With three known dead from storms and one from forest fires, disaster again threatened sections of Arkansas today as several streams reached flood stage following heavy rains.

CHICAGO, APRIL 6.—Wilmington, N. C., came to the front with a 38 to 25 victory over Rock Springs, Wyo., here today in the first game of the consolation basketball tournament held at the University of Chicago. In a game that was decided only a fraction of a second before the final gong barked, Naugatuck, Conn., defeated Portsmouth, Va., 37 to 35 in the consolation tourney. HOLD DOPE PEDDLER

WASHINGTON, APRIL 6.—Kill the tax reduction bill or kill all special relief legislation. This warning was served on Congress today by Senator William H. King, Democrat of Utah, who pointed out that the legislative program of Congress now authorizing a total of \$1,750,000,000 of federal funds. If this program is enacted into law, King declared, the Treasury surplus will be wiped out like a "drop in the bucket" and the government confronted with a terrific deficit. If tax reduction legislation is enacted out of top of this, King added, the deficit will be only that much greater.

NEW APPROPRIATIONS

All these measures were approved today. Appropriation bills are being introduced in the House. The Treasury Department, it was learned, is recommending a tax cut of \$200,000,000 included in its estimates of the appropriations necessary for fiscal 1929. It did not take into account farm relief, the Columbia river basin project or the new naval construction program, authorized by the House. With these and other proposed appropriations eliminated, the treasury would have a deficit of \$100,000,000 and predicted a \$100,000,000 deficit if the tax cut was extended to \$300,000,000.

CONGRESS MUST CUT DOWN ITS PRESENT PROGRAM OF NEW APPROPRIATIONS, THE UTAH SENATOR SAID, OR ABANDON TAX RELIEF LEGISLATION FOR YEARS TO COME.

SENATOR KING SAYS IF MEASURE IS NOT SIDESTEPED THE TREASURY SURPLUS WILL BE WIPED OUT—CONGRESS MUST CUT NEW APPROPRIATIONS, HE DECLARES.

Washington, April 6.—Kill the tax reduction bill or kill all special relief legislation. This warning was served on Congress today by Senator William H. King, Democrat of Utah, who pointed out that the legislative program of Congress now authorizing a total of \$1,750,000,000 of federal funds. If this program is enacted into law, King declared, the Treasury surplus will be wiped out like a "drop in the bucket" and the government confronted with a terrific deficit. If tax reduction legislation is enacted out of top of this, King added, the deficit will be only that much greater.

Cable Flashes In Foreign News

London, April 6.—Any doubt that may have been felt about the authenticity of the newspaper advertisement announcing the birth of a baby boy named Richard Kier Pankhurst is dispelled by the fact that the boy, Miss Pankhurst's son, is named after his father. Miss Pankhurst gave him her own name, along with the Christian names of two famous English Socialist-Labor leaders—Miss Pankhurst and Ethel Lawrence. Miss Pankhurst is living quietly at her home in London. Her friends and admirers declare that her latest "revolution act" is merely the expression of her opposition to the modern form of legal marriage. Miss Pankhurst believes that legal marriage fetters a woman's freedom and puts her in a form of "bondage." It is felt here that the affair will arouse much comment both in England and America.

Be Well Dressed for Easter and Pay for Your Clothing Through Our Club Plan

\$10 Down and the Balance in 10 Equal Weekly Payments. We Also Give 5% Discount for Cash.

SUITS

We have a wonderful array of suits, many of them created by the fashion designers of Fashion Park and Charter House. Both of these brands of clothing which we sell are well known throughout the country. All the wanted fabrics in two and three button models. Most of these suits have 2 pair of pants. Others have knickers.

\$25.00 and up

Blue Serge Suits

AMERICAN LEAGUE IN THE MAKING

Twelve Pan-American Nations Sign Pact to Settle Future Disputes.

Washington, April 6.—With the establishment here today of a twelve-nation Pan-American commission to settle all controversies between the republics of the American continent is functioning for the first time in history.

The venture is regarded as a possible beginning of an American League of Nations.

The commission, composed of Dr. Jose Veres, minister of Uruguay; Dr. Enrique Olaya, minister of Columbia, and Don Juan C. Chaves, charge d'affaires of Panama, is set up under the provisions of a treaty written at the fifth Pan-American conference at Santiago, Chile, in May, 1923. Twelve of the seventeen signatory American nations have ratified.

The treaty empowers the commission to settle all controversies which for any cause whatever, may arise between two or more signatory powers. The machinery is unique in that the commission's duty to receive protests unqualified, save only that questions involving constitutional provisions of one power may not be examined.

The principal significance of this new machinery, in the opinion of diplomatic observers, is that it provides a court to which any member nation may bring its complaint regardless of the attitude of the second party to the dispute.

The treaty provides that whenever any member nation reposes a complaint with the permanent commission a special commission of inquiry, composed of five members, shall be automatically constituted to examine the law and the facts of the controversy. Findings of the commission of inquiry have no force as judicial decisions or arbitral awards.

SUES FOR \$25,000 FOR LOSS OF TOENAIL

Atlanta, Ga., April 6.—Grover Hartley, former catcher of the New York Giants, has filed suit for \$25,000 against the Georgia railroad for the loss of a toenail on his right foot.

Hartley claims as the result of the injury, his catching and throwing suffered, and he was released by McGraw to Indianapolis. The accident occurred April 6, 1926, when a flagman stepped on Hartley's great toe as the latter was strolling barefooted through the Pullman, en route to New York from the Florida training camp.

The suit filed by Hartley alleges that as a result of the injury he was accustomed to throw considerable weight on the toes of his right foot, and that the injury caused him to flinch and pull away.

SAYS D. A. R. IS NOT KU KLUX AUXILIARY

Orange, N. J., April 6.—Mrs. William A. Becker, state regent of the D. A. R., today answered the charges made by William Allen that the D. A. R. "blacklist" party inspired by the Ku Klux.

Becker denied that the D. A. R. is the "Ku Klux Klan in clothing" and she insisted that the D. A. R. has published no "blacklist".

Becker says the organization has no means to any speaker, no means to any speaker, no means to any speaker, and she is loyal to the Constitution of the United States.

"Don't think for a minute that subversive influences in the country. It is constantly guarding against those who preach destruction of the home, the school, the church, and the state. What better things can a daughter do to learn to help her government?" Mrs. Becker was quoted as saying.

WRECK BLOCKS TRAFFIC

Springfield, Mass., April 6.—Traffic, both east and west, over a main line of the Boston & Albany railroad was tied up for hours as the result of a freight wreck at Woronoco, 20 miles west of this city.

Twelve box cars, loaded with merchandise, were derailed from an east-bound freight train. Three cars derailed, and the embankment and the others spread over both tracks.

A hot box, railroad men said, was believed to be the cause of the derailment, which occurred at 8:45 a. m. Thereafter traffic had to be detoured.

NEW SPEED TRIAL

Daytona Beach, Fla., April 6.—In each condition permit, Ray Keesh placed to make an official speed test in his 36-cylinder racer on the beach at low tide this afternoon. Beach conditions appeared unsatisfactory but Keesh may decide to make the attempt after all.

Today's test which will make an effort to break the record of 29.8 miles an hour, has received the approval of the American automobile Association, following installation of a reverse gear in the triplex.

HOLD TWO SUSPECTS

Bridgeport, Conn., April 6.—With the arrest at Darien today of James Merly and Paul Sencuilli, each eighteen, the Bridgeport police now have six alleged automobile thieves under their care, all arrested this week. Merly and Sencuilli were caught with an automobile which Joseph Brousky, of this city, claims was stolen from him.

CONDITION OF STATE ROADS

Road conditions and detours in the State of Connecticut made necessary by highway construction, repairs and closing, announced by the State Highway Department as of April 4th; are as follows:

Route No. 1
The Boston Post Road is under construction in Stonington at Westport and while this section is being used by traffic during construction, it is necessary to use caution in passing through.

Norwalk—Armory Hill section of the Boston Post Road. Grading work started. Slight delay to traffic.

Westport—Compo Hill section of the Boston Post Road. Construction work started. East bound traffic detours around block, west bound traffic goes through job.

Milford—Boston Post Road, from Devo Center to Washington street under construction. No delay to traffic.

Brandford—R. R. Underpass under construction by the N. Y. N. H. & H. R. R. No delay to traffic.

Route No. 2
Glastonbury—Glastonbury-Portland road is under construction but open to traffic.

Wallington—North Colony street is under construction; no delay to traffic.

Meriden—North Colony street is under construction; no delay to traffic.

Route No. 3
Waterbury—Mildale Road is under construction. No detours.

Waterbury—Mildale road. Southington Mountain, is under construction. No detours. Short delay around rock cut at top of hill. Traffic should take road thru Cheshire.

Brooklyn—Danielson Road in the towns of Killingly and Brooklyn are under construction, open to traffic.

Willimantic—Hartford Road in Columbia is under construction open to traffic.

South Britain—Overpass, grade crossing elimination. Steam shovel grading under way. Short delays probable.

Ridgefield—Danbury Ro. d. Steam shovel grading under way. No detours necessary.

Route No. 8
Thomaston, approaches to Reynolds Bridge are under construction. No detours.

Torrington—Thomaston. Castle Bridge is under construction. No detours.

Route No. 10
Haddam—Road under construction from Higganum to East 1 d dam Bridge; no delay to traffic.

Hartford—Saybrook Road in the town of Saybrook to be oiled the latter part of week.

East Granby, Tarrifville—Granby Road, from College Highway for a distance of three miles to Tarrifville to be oiled.

Route No. 114
North Brandford & North Haven, Middletown-New Haven road. Grading started. No delay to traffic.

Route No. 118
Hamden, Dixwell Avenue, grading work commenced. No delay to traffic.

Route No. 120 and 147
Woodbridge-Amity Road. Grading work, slight delay to traffic.

Route No. 119
Danbury—Mill Plain Road being

"MOTORS" STARTED BREAK IN MARKET

(Continued from Page 1.)

many industries in 1927, had gradually crystallized bearish sentiment in the financial district, and whole sale short selling of the industrial stock leaders had been indulged in, not only in Wall street, but in most of the speculative centers throughout the country. The market was heavily oversold, while stocks of the railroads, oil companies and other industries which had made a poor showing in 1927, had been so completely liquidated that practically all the stocks were in strong hands.

While all this was in progress, individual and corporate wealth in the United States had been steadily increasing. Since 1924 wealthy Americans have been coming to security markets for safe and attractive forms of employment for their ever-increasing surplus funds. Bond prices in the intervening period had risen to such an extent that they were no longer attractive, and investors more and more sought the Stock Market.

Excellent Conditions.

In this realm of security purchasing these investors found conditions very much to their liking. Not only could they derive an excellent income from high grade stocks, but appreciation in stock market values brought them profits they never dreamed of. More and more they purchased the dwindling supply of stocks, even as they increased in the price they paid; but this made little difference, since the higher they moved, the more buoyant they appeared to be.

Naturally, the influx of such persistent buying toward Wall street and the Stock Market in a very receptive mood. The "big bulls" and the pools, knowing the extent of the short interest in General Motors, United States Steel and other market favorites, were ready to "whop it up," not only for the satisfaction of nailing the bears' skin to the barn door, but to cash in the splendid profits which always accompanies such a process. Thus we have seen the most aggressive pool work ever known to the speculative district, and this accounts in a large measure for the success of 4,000,000 share days, so long forecasted but never realized until this year.

KNOWLTON IS HELD BY THE GRAND JURY

(Continued from page 1.)

the season accumulating new evidence, searching for the murder weapon in camps and cottages in a wide area about the roadside spot in Concord where the body was found. Interviewing friends and relatives of the accused and examining his roadster, which the prosecution said he cleaned with chloroform. A burned camp in Natick was searched without success.

Prisoner Calm.

Refreshed by a night's sleep, at East Cambridge jail, young Knowlton showed no concern over his plight, declaring his innocence.

His heart-broken wife, Mrs. Gladys Bragg Knowlton, mother of his 6-year-old son, was standing loyally by her husband. She promised to clear him with an alibi but was heart-sick over learning of his secret trysts with the Beverly teacher.

The latest witness in the case, according to authorities, is a Boston man who has identified Knowlton as the man he saw with a crying girl in an automobile on a lonely road between Framingham and Natick last Friday afternoon. Miss Stewart's body was found about 7:45 o'clock Friday night. She had been dead an hour.

Against this identification, however, was the statement of Clarence C. Rhodes, employee of Knowlton in the latter's Framingham Battery station, that "the boss" did not leave until 4 p. m. Friday and the statement by Mrs. Knowlton that she can account every minute of her husband's time between the hour he left the station until long after the time the body was found.

According to District Attorney Robert T. Bushnell, the Framingham young man admitted driving Miss Stewart from Framingham to Beverly Thursday night but claims he did not see her after eleven p. m. Thursday.

District Attorney Bushnell said he would ask for a true bill for murder from the Grand Jury. If an indictment was returned Knowlton would be arraigned immediately in Superior Court here. If a no bill is found the charge against him in Concord district court will be dropped, it was stated at the prosecutor's office.

MANY SECTS NOTE DAY OF CALVARY

(Continued from page 1.)

service was the observation of the Stations of the Cross, Framingham and Natick last Friday afternoon. At St. Bridget's church the Unveiling and Adoration of the Cross took place this morning at 7:30 and the Stations and Adoration of the Cross at 2 o'clock in the afternoon. This second service was presided at 7:30 in the evening. Rev. C. T. McCann, pastor of St. Bridget's church, announced today that Rev. Fr. Casimir of West Springfield, a member of the Order of Passionate Fathers, may be in attendance here on Easter Sunday. He was not sure of the identity of the visiting priest, but is expecting Father Casimir because he has been at this church in the past.

EUROPE NOMINATES DAWES FOR PRESIDENT

New York, April 6.—If European opinion had its way, Vice President Charles G. Dawes would win the Republican nomination for President.

This is the belief brought back from abroad by former U. S. Senator J. Hamilton Lewis, of Illinois, who returned today on the steamship Roma.

Lewis declared that France and Germany are watching the American political situation with keen interest. Dawes is a favorite candidate, he said, because of a belief that he would lend his aid to readjustment of the reparations agreements and to other matters which would be of great help in stimulating trade and improving economic conditions.

ICE DEALERS ORGANIZE

Springfield, Mass., April 6.—Along with April heat wave today the ice dealers of New England met.

Following the disbandment of the Connecticut and Massachusetts ice dealers association at their convention held today, the New England association was formed. The new association will have members from all six states of the section.

The following officers were elected in the new association: President, John H. Hill, Natick; Vice-presidents, for Maine, Edward P. Langley, of Lewiston; for New Hampshire, A. K. Freeport of Manchester; for Vermont, E. F. French of Springfield; for Massachusetts, Leroy Barrett of Boston; for Rhode Island, E. C. Sweet, of Providence; for Connecticut, C. L. McEvert, of Hartford; treasurer, Howard Bartlett of Boston, and secretary, Edward H. Davenport of Cambridge.

MRS. KNAPP IN COURT

Albany, N. Y., April 6.—Former Secretary of State Florence E. S. Knapp, first woman elected to an important office in New York state, this afternoon appeared in Supreme Court and pleaded guilty to six indictments charging her with four felonies and two misdemeanors in her administration of the \$1,200,000 census fund of 1925.

The indictments charging Mrs. Knapp with grand larceny and the making of false audits were handed up to Supreme Court Justice Stephen Callaghan by a special Grand Jury after it had been in session six hours yesterday and had heard the testimony of 24 witnesses.

Harold Obenaut of Windsor avenue has been elected teller of the First National Bank to succeed Kirk M. Wood, who recently passed away. At the directors' meeting today the following changes were made. Curtis F. Fryer becomes bookkeeper and assistant teller and Ethel G. Squires becomes assistant trust officer and assistant teller.

Norwich Staff to Install Local Elks
Lawrence E. Milles, past exalted ruler of Norwich Lodge No. 430, B. P. O. E., and his staff will install the newly elected officers of the Rockville Lodge on Thursday evening, April 12th. Following the in-

stallation there will be an entertainment and refreshments. Michael Roberts of Stafford Springs is the Exalted Ruler elect.

New Engineer
Edward Sharkey has been engaged as engineer at the American Mill. Mr. Sharkey served as fireman and engineer on the S. S. Lehigh.

Clayton George Heald Wheel Club
The Wheel held a very important meeting last evening at which time the following officers were elected: President, Clayton George; vice-president, Fred Plummer; treasurer, Harry Stone; secretary, Kenneth McCreery; house committee, Leon Stone, John Reid, Harold Monahan and Edmund Smith.

Notes
Sigmund L. Dillon Schneider of University of Pennsylvania is spending the Easter holidays at the home of his parents, 99th Ward street.

Allan Lisk is confined to his home on Union street by illness.

Bernard Satryb has returned from a three months' vacation touring Europe.

Stanley Dobesz Post No. 14 of the American Legion will have a sale of Easter lilies in front of Exchange Block on Friday and Saturday. The proceeds will be used for Legion work.

RAILROADS TO COMBINE INTO A LINE SYSTEM

(Continued from page 1)

The report, referring inquirers to W. W. Atterbury, president of the Pennsylvania railroad, who presided at the meetings.

In Wall street, it was generally believed that Loree's Lehigh Valley holdings probably had been traded to the Pennsylvania in return for an important part of the new alignment. The Wabash railway, which runs from Buffalo to Chicago and western points and in which Loree has large holdings, may be shared with the Baltimore & Ohio, which has desired that road. The New York Central had been reported as able to receive the Delaware, Lackawanna & Western.

Among those present at the deliberations this week were President Atterbury of the Pennsylvania; Loree; P. E. Crowley, president of the New York Central; Daniel Willard, president of the Baltimore & Ohio; J. J. Berner, president of the Erie; O. P. and M. J. Van Swerigen of the Nickel Plate; A. J. County, financial vice-president of the Pennsylvania; and George V. Shriver, senior vice-president of the Baltimore & Ohio.

AL SMITH HAS ALREADY 248 SURE BALLOTS

(continued from page 1)

figures. They point particularly to the Smith gains in the west—in Idaho, Minnesota, North Dakota and Arizona—a territory that is not popularly supposed to be friendly to Smith because of his wet views. They point, too, to the geographical spread of the territory affected—from Maine to the Philippines, and from Minnesota to Louisiana.

The anti-Smith people, while admitting the seeming significance of the figures, contend that they nevertheless are misleading. They contend that Smith will never break into the solid south, save Louisiana, to any appreciable degree, and that a combination of the dry south and west will be sufficient to keep the New York governor from ever attaining two-thirds of the 1,100 delegates in the Houston convention.

CAT STEALS HALF-SISTER AWAY FROM OLD TABBY

Adopts Sole Survivor of Brood When Her Own Kittens Vanish.

The mother instinct of a cat, intensified because her litter had been taken away from her, is described by a Hamlin street resident, owner of an old cat and her daughter.

The old cat had a litter of kittens four weeks ago, and her daughter by a previous marriage had a litter this week. All but one of the old mother's litter were disposed of and all the young cat's litter have been taken away.

Now the daughter has seized on the offspring of her mother and has appropriated it as her own. She nurses it and gives it the same care as she would have given the members of her own litter.

The four-week-old kitten is almost as big as its half-sister but this does not seem to worry the foster-mother at bit. The foster-mother tries to carry it back into the box every time it escapes. She can't carry it; she just drags it along. And all this time the real mother

of the kitten goes on serenely, never worrying about her daughter. She has accepted the situation philosophically and has made no trouble for the daughter who has taken over the destinies of the younger kitten.

The Conkey Auto Co. have delivered the following cars this week: Dictator sedan to Mrs. Nora Donnelly of Cooper street; Dictator sedan to James L. Rogers of Russell street.

Two Years to Pay

Kemp's Music House

DIRECTOR KILLS SELF WITH DUELLING PISTOL

Greenwich Village Musician Unable to Pay Rent For Hotel Rooms.

New York, April 6.—Success was just around the corner for Perke Hamburg, but just around the corner was too far away to answer the immediate financial needs of the brilliant musical director. He killed himself with a duelling pistol in a hotel here early today.

Hotel officials said Hamburg had been unable to pay when asked for an advance payment on his suite of rooms. But in a few short weeks he was to have received \$1,000 in cash and \$500 a week thereafter for acting as musical director of a forthcoming theatrical production, according to a contract found in his pocket. A theatrical producer had signed the contract, but Hamburg had not.

Hamburg, a widely known Greenwich Village character, was the moving spirit in the recent renaissance of Gilbert and Sullivan operettas on the New York stage. During the coming season, he was to have been associated with David Belasco, whom he had called his "old maestro." He was 35 years old.

HIGH COURT CASES

Bridgeport, Conn., April 6.—Twelve Fairfield county cases and thirty-three from New Haven will be heard by the Supreme Court of Errors during the April term opening here next Tuesday. Chief Justice George W. Wheeler, who has been ill at his home here, has recovered sufficiently so that he is expected to sit on the bench.

MRS. WILSON MUM

Washington, April 6.—Mrs. Dallett Wilson, who shot her husband in New York and obtained her liberty under \$25,000 bail, was in seclusion today at the Wardman Park hotel here. She refused to see anyone.

Elmer F. Quinn of New York, her attorney, said Mrs. Wilson was suffering from nervous shock and in need of medical attention.

ABOUT TOWN

Thomas F. Sullivan of Main street, well known mason contractor, and Mrs. Irma Berard of William street, were married Monday morning at 8 o'clock at St. Mary's French church in that city.

Funeral services for Timothy Mahoney were held this morning at the undertaking rooms of W. P. Quish and from St. Bridget's church at 9 o'clock. Burial was in St. Bridget's cemetery.

Frank Lanz, who has spent much of the past few years in China will speak at the meeting of the Manchester Kiwanis club, Tuesday, April 10, at the Hotel Sheridan. His subject will be "Changing Scenes in China." R. K. Anderson will furnish the attendance prize.

The Golden Rule club will meet this evening with Miss Elena Burr, 302 West Center street.

PRAISE JUDGE HYDE'S DEFENSE OF FLORIAN

Members of Bar Congratulate Local Attorney For Case That Attracted Attention.

Judge William S. Hyde of this town is receiving congratulations from members of the bar for his admirable defense of Stuart R. Florian of Southington, charged with plotting to rob the Plantsville National Bank last June. The jury stood 8 to 4 for conviction but was unable to reach an agreement and was discharged.

This was Judge Hyde's first criminal case of such importance although he has been a familiar and important figure in the civil side of the Superior court for a number of years.

FIRST HEAT CASE

Boston, Mass., April 6.—The first heat case of the year was recorded today when Miss Helen Wayland, of Cambridge, collapsed at Summer and Washington streets. She was given first aid and sent to her home.

SAFETY SCHOOL FOR MOTORISTS WHO BREAK LAW

Chicago.—Flaming youth cannot be blamed for the increase in automobile accidents, and speeding in Chicago, according to a survey made here, but jazzy grandpa with his bald pate.

Among 400 motorists fined on speeding charges here in one day, age outnumbered youth more than two to one, statistics reveal. Women, although reputed to be less careful in their driving of automobiles than men, are rare offenders.

The average age of the male speeder was found to be 44 years. Safety Classes
For this reason the West Park Commissioners, controlling all boulevards on the West Side of Chicago, decided to form a motorist safety "school" at which drivers convicted of minor infractions of the law are given the rudiments of safety in driving.

In its session the school has taught more than 41,000 persons. "The average motorist doesn't willfully violate the law," explained Dr. Francis E. Thornton, "teacher" at the motorist school. "Mr. Average Motorist always has an excuse for speeding. He had to catch a train, go to the hospital, his wife was sick etc. No one means to break the law but it happens just the same."

School A Success
Dr. Thornton explained proper

methods of passing up another motor car, problems of finding parking space, speeding, right-of-way and other cases which assail the average motorist daily. The school has had 179 sessions and has proved to be a success in the opinion of the park commissioners. For minor infractions of the mo-

tor law in Chicago, persons are not brought to a speeder's court but are required to call at a city motor bureau and pay their own fine to clerks. Repeated violations, however, necessitate a court appearance. Dante was born in Florence, Italy.

CONSTIPATION CAUSES NIGHTMARE DAYS

But the road to relief is simple

What a terrible thing it is to drag through the days! Dead-tired. Listless. With aching head and drooping shoulders—tell-tale symptoms of neglect! Yet, constipation is making life just such a round of despair for thousands of men and women. And leading to serious disease in the end.

What a pity they don't know that ALL-BRAN is guaranteed to give prompt relief—safe and easy prevention. Kellogg's ALL-BRAN is 100% bran—100% effective. Doctors recommend it. Two

tablespoonfuls daily—chronic cases, with every meal. A delicious, healthful cereal—in place of habit-forming drugs. Serve with milk or cream, or with fruit or honey added. Use in cooking too. Sold at all grocers. Made by Kellogg in Battle Creek.

STANDARD OIL COMPANY OF NEW YORK

IS YOUR CRANKCASE READY FOR SPRING?

Socony dealers will save the motorists of New York and New England many thousand dollars this week by asking courteously, "Is your crankcase ready for spring?"

WE have instructed Socony dealers to ask this question.

Cars are ruined every spring because owners merely add a little clean oil to the dirty, diluted oil that has been in the crankcase all winter.

Now, at the beginning of warm weather, is a good time to get this straightened-out. Winter driving is hard on motor oil. Cold weather starting demands repeated use of the choke, shooting raw gasoline into the cylinders. Some of this seeps down into the crankcase, cutting the oil, diluting it. This thin, diluted oil is almost as bad as no oil at all.

Every automobile engine accumulates dirt. Some of this comes in through the air-intake as dust. It is collected by the oil, and eventually it gathers in the bottom of the crankcase as a sediment.

It contains grit. Oil that has grit mixed in it ceases to be a good lubricant and tends to become a grinding compound. And grinding compounds are worse than no oil at all.

Drive in to the most convenient Socony Station and tell the Socony man to get your crankcase ready for spring. He will drain the old oil. He will flush your crankcase with Socony Flushing Oil. This cuts out all the sediment and leaves in place everywhere a thin protecting film of lubricant. Then he will fill up with Socony Motor Oil.

You pay only for the small cost of the oil. There is no charge for the service.

Set aside the few minutes today that are needed for this service. Insure the joy of your spring driving. Protect yourself against expensive repairs later on.

Socony Gasoline and Motor Oil
must pass 13 rigid tests
before they reach your car.

MOTOR BOATING RACING SEASON TO OPEN MAY 30

Boston.—The busiest racing season in the history of the outboard motor boat is anticipated this summer by Commodore H. Ross Madocks of the New England Outboard Motor Boat Association.

Although the racing season will be officially opened with the events that are scheduled on Lake Quinsigamond in Worcester, Wednesday, May 30, the outstanding race of the season will be in the proposed ocean marathon from Boston to New York, June 18th next. During the summer period from May 30 to the summer closing on Labor Day, the racing schedule, which still remains open is expected to list between forty and fifty races in various sections of New England, the majority of which will be in inland waters.

The Boston to New England race which will be charted over a 261-mile course through the Cape Cod canal will bring many well known racers into competition in the longest ocean race ever attempted by the tiny outboard motor craft. There have been already 30 entries, including two women, and it is expected that this number will be nearly doubled between now and the date of the race.

Two Women Entrants
Miss Helen Henschel, an 18 year old New York racer, well known in outboard motor circles, filed her application to participate in the race during the Boston Motor Boat Show. The only other woman, thus far entered, is Mrs. R. V. Noyes of Cambridge who has stated that she will accompany Mr. Noyes on the trip over the long course.

Preliminary rules for the marathon were recently completed at a meeting here. There will be a grand prize awarded to the first boat to reach the finish line at Flushing, Long Island, New York. Gold medals will be awarded to the drivers of the first B and C Class boats to finish; and silver medals to those finishing second and third, and bronze medals to all who finish the race.

The racing hours will be from 5 a. m. to 9 p. m. Motors up to and including the Class C will be eligible to enter the race. Only members of the New England and New York Outboard Motor Boat Association will be admitted in the race.

Twelve Races Scheduled
Twelve races are scheduled for the opening day of the racing season on Lake Quinsigamond, these events to cover from two to ten miles. The course will be one mile in length.

Some of the other events scheduled for the coming season to be conducted under the auspices of the association, are the following:

Maine—York Harbor, Portland, Boothbay, Camden, Northeast Harbor, Bar Harbor, Bangor, Rangeley Lakes, Moosehead Lake and Sebago Lake.

New Hampshire—Lake Winnepesaukee.

Massachusetts—Osterville, Fall River, New Bedford, Onset, Springfield, Worcester, Boston, Newburyport, Gloucester, Manchester, Edgartown and Wellfleet.

Vermont—Burlington and Rutland.

Rhode Island—Narragansett Pier, Newport and Providence.

Connecticut—Bridgeport, New Haven, Hartford and New London.

MODERN BOYS ARE MANLY SAY DENVER EDUCATORS

Denver.—Joseph D. Becker, field secretary of the Knights of Columbus recently announced the opinion that because most of the teachers employed in public and parochial schools are women, boys are becoming more and more effeminate. He said the modern boy carries vanity cases, play "ukes" in the moonlight, and even goes so far as to wear silk B. V. D.'s.

Dr. H. V. Kepner, principal of West Denver High School denounced the idea that boys have become more like the so-called weaker sex. "For thirty years I have been dealing with boys in large cities," said Dr. Kepner. "There always have been a majority of women teachers in the schools. Yet, never have I seen more manly boys than those of this generation."

Superintendent A. L. Threlkeld of the Denver Public Schools, and Judge Robert W. Steele, of the Denver Juvenile Court also joined in the protection of the modern western boy.

WAPPING

Pleasant Valley School is rejoicing over the fact that the school, though small, has produced a boy, little but mighty in his efforts. William Zdanec, age seven, won the five dollar gold piece, given by the Wapping Grange, to the child who gathered the greatest number of caterpillar eggs nests. William gathered 1765. His teacher's name is Miss Gertrude Freytag.

Wapping school had eighteen pupils who were very faithful in their efforts to help exterminate the caterpillar. Nellie Kupchunas, age eleven, a pupil in Miss Blanche Finesilver's room, won the girls' second prize of two dollars and a half for gathering 644 nests. John Kuchunas, age thirteen, in Miss Annette Burkhardt's room won the boys' second prize of two and a half dollars collecting 1446 nests.

All the schools of the town are to have a spelling contest, on Parent's Day, which comes in May. This contest is to determine which school stands the highest in spelling, and what grades are 100 per cent.

Mrs. Margaret Purford, left on Thursday of this week for Brooklyn, New York, where she will spend the Easter vacation with her sister and brother-in-law, Mr and Mrs. George Rattray. She expects to return to her home on Foster street, next Tuesday.

Ivan West is working for LeRoy Strong, running the sterilizer for the next few weeks. Only a very few of the members of Wapping Grange attended the Neighbor's Night at Andover.

QUINN'S

Grange, last Monday evening, as the invitation was delayed. Only those who saw it in the paper knew anything about it.

Miss Marjolin Slade of Ellington has been a recent guest at the home of Mr. and Mrs. George West of Foster street.

Mrs. Margaret Purford has given up her apartment in Hartford and is to stay at her home on Foster street for the summer. She will commute back and forth to her work at the Hartford Charitable Organization. Her room mate, Miss Marjolin Slade was married last Saturday and has gone to keeping house in Glastonbury.

The burial service of Arthur Skinner, who died at the home of his sister, Mrs. Wolcott Griswold, of Hartford, was held at the Wapping cemetery on Wednesday

afternoon. The bearers were James M. Preston of Manchester, Wolcott Griswold and Truman Griswold of Hartford and George Fernald also of Hartford. There were many beautiful floral pieces.

Wapping Grange were invited to Coventry Grange for Neighbor's Night, last evening, and furnished a part of the program.

Mrs. Susie Waters, who has been acting with Mrs. Alice S. Griswold, since the illness of her brothers, will continue to stay there for the present.

Emil de Arbourg, a farm hand who has worked around this town for a good many years, is very sick at the home of Mr. and Mrs. Walter S. Nevins. He has tuberculosis, and is not expected to live from one day to another. He was in the Hartford hospital for about three

VILLAGE SMITHY FINED ON BOOTLEGGING CHARGE

Hampden, Mass.—Grave suspicion of Longfellow's Village Smithy's attitude upon the liquor issue was aroused in this town at the Town Hall. Many of the villagers now snicker when some very

bright youngster, recites the poem of the Smithy and the strength of his arms.

Norman Canedy, village smithy, who plied his trade beneath a spreading chestnut tree, was ac-

cused by the State Police of selling moonshine "as strong as iron bands." He was tried, convicted and fined on the charge.

ACHIEVEMENT

Milliners and modistes invite you to semi-annual openings so that you may know what is new to wear. Motor men invite you to annual automobile shows that you may know what is new to drive. Garber Brothers invites you to a Furniture Fashion Show . . . so that you may know what is new for the home. It is going to be a great event.

The expressive floor displays will open your eyes to a collection of furniture styles as smart as the latest gowns from Paris. For gathered together from leading Grand Rapids furniture manufacturers and other large manufacturers in the country, who are co-operating with us . . . and including a multitude of productions from our own shop are stocks of such volume, stocks of such vastness and variety the like of which Hartford has never before seen. Furniture which speaks with authority the words of good styles, good taste and comfort. Plan to attend . . . with your family and friends.

FRIDAY, APRIL 6, 1928

GOOD FRIDAY

This is the accredited anniversary of the day, almost nineteen hundred years ago, which, with the second day thereafter, gave to the world the Christian religion.

Without the betrayal, without the desperate cruelty of an impassioned mob, without the callous time-serving of a potent magistrate, without the heartless cross, without the unspeakable agony borne with superhuman serenity, the epoch of the Nazarene could not have blazed its white hot line square across the history of the race.

There had been inspired teachers before; there had been men endowed with the gift of prophecy and with righteous wisdom beyond the measure of their fellows.

It was the most sublime, the most magnificent gesture ever employed to command the attention of the world. Now, nineteen centuries later, it is still recognized as the most dramatic tragedy of all time.

FESS, BUTLER, HOOVER

The New York Herald-Tribune is quite confident that the selection of Senator Fess as the keynote of the Kansas City convention is a pro-Hoover move.

Perhaps the Herald-Tribune is justified in these views. But it has possibly lost sight of the circumstance that Mr. Butler is a peculiar headstrong and sometimes quite wrong-headed sort of individual who has not had, actually, such a great deal of experience in politics.

As to Mr. Fess' Hooverism—it may be recalled that his one declaration in favor of the secretary's candidacy was a mere peeping in the grass compared with his previous strident demands for another term for Mr. Coolidge.

We would like to be as sure as the Herald-Tribune affects to be that everything is lovely among the national committee steersmen so far as Mr. Hoover is concerned.

feel confident that the National Committee leaders understand the sentiment of the party's voters.

TOUGH WATERBURY

Forty-four out of the hundred troopers of the Connecticut State Police were taken away from their other duties Wednesday and mobilized at Waterbury to make a series of raids on gambling houses.

Apparently Waterbury has been growing tough. It never was the whitest of lily-white towns and according to statements made by the state attorney conditions over there demanded attention if the city wasn't to be permitted to become a miniature edition of Chicago.

There have been too many murders, too many cases of exploitation of girls, too much gang development and too much all-around hard-guyism in Waterbury, for the decent people of the city to rest content.

But the mere staging of a gambling raid isn't really going to make Waterbury a good town. It is one thing to arrest and another to convict; one thing to convict and another to punish effectually.

In this connection it is of some account, perhaps, that the Ministers' Association saw fit to bring into Connecticut spotters belonging to probably the most unpopular and meddlesome organization in New England—the Watch and Ward Society of Boston.

If the Connecticut State Police are to be employed on such jobs as this—which may occasionally be necessary—it should be only in cases that are pretty nearly airtight.

SEX IN POLITICS

Women Democrats are demanding larger recognition in the selection of delegates to the Houston national convention of their party.

Apparently there is nothing incongruous in such a claim. In the minds of these feminine Democrats. Yet is it not true that their very attitude is a contradiction of the theory of equal suffrage?

There are those who maintain that the whole theory of self-regulation of women voters into sex groups demonstrates on their part a lack of understanding of the elements of the theory of universal suffrage.

It is entirely possible that there are many and as good political brains among women of the Democratic party of Connecticut as among men.

After three weeks of inquiry the anticipated result of the coroner's investigation of the St. Francis dam disaster in California is forecast by the finding of the district attorney's board of engineers and

FACTS ABOUT CONNECTICUT

Compiled by the CONNECTICUT CHAMBER OF COMMERCE

(108) Banking Resources Triple.

Connecticut has banking institutions of great magnitude and recognized ability. This is but natural in view of the vast insurance and manufacturing interests with headquarters in the state.

Few states can boast of such rapid growth of their banking institutions as can Connecticut. In twenty years the total resources of the national banks, state banks and trust companies and savings banks have increased more than \$900,000,000.

The state banks and trust companies have made the most rapid growth, having increased in number from 32 in 1907 to 93 at present. Assets have increased from \$39,413,851 in 1907 to \$362,886,020 on September 30, 1927.

There are 39 building and loan associations, 38 of which have assets totaling \$20,614,416. Of the 107 licensed loan companies operating in the state today, 99 reported aggregate assets of \$5,673,312 last year.

geologists, just reported to the jury. The St. Francis dam was a good dam, the report says. It was properly planned and properly built.

WASHINGTON LETTER By RODNEY DUTCHER

Washington, April 6.—If this year's quota of starving inventors adds materially to the national death rate, here's the reason: The Patent Office is clogged with 95,000 applications for patents.

Nothing has been said about the fact that the Los Angeles Power and Water Bureau knew for days that the dam was weak and had men puttering at it, but did nothing whatever to relieve the strain and protect the lives of the people of the San Francisco valley by letting the impounded water run off.

For two years the Patent Office was allowed an extra force of examiners and then that was withdrawn. Beginning in July about 50 more examiners will be added, but that won't be anywhere near enough to catch up with the business unless Americans stop inventing things.

More than 550 examiners, most of them underpaid, are now working like truck horses and each one can handle about 50 cases a month. About 100 examiners resigned last year to accept more money elsewhere.

New York, April 6.—There are a number of little "inside tips" connected with getting around in Manhattan which prospective visitors would do well to jot down in their note books.

Not the least of these has to do with getting seats for Broadway attractions. One of the loudest protests to go up, not only from visitors but residents as well, is directed against the practice of "scalping" tickets.

It's also a good idea to drop in at Grey's Drug Store, which is the famous "cut rate" agency of Broadway. Here a list of shows are listed for which seats can be obtained at a good discount.

In taking taxicabs, be careful to note the signs painted on the sides, or displayed in lights! New York has "gyp" cabs and popular-priced cabs. The low-priced taxis are plainly marked "15 and 5," where as the "gyps" display no price notice.

Which agency reminds me: Don't let the "gyp" hotel people convince you that all the popular-priced rooms are gone. It's an old gag in Manhattan to advise the visitors that only expensive rooms are left. Be sure to make inquiry before signing on the dotted line.

Be careful what night club you attend! There are more "gyps" for visitors in this business than in any other. Don't buy anything you don't have to. A bottle of Shasta or ginger ale is enough. Try to get there just before the show—somewhere after midnight. Never mind side glances you may get from the

walters. And, whatever you do, pay no attention to the sidewalk workers who hand you cards advising the patronizing of certain resorts. These are almost certain to be "holdup" resorts.

Brighten Floors This Spring

DON'T be afraid of color in your home. It is color that gives it cheer, life and interest. Of course you must cling to some definite color scheme but be sure to have some brightness there, don't let it be drab and uninviting.

WORK AND LAUGH DEPEW'S FORMULA

Famous American Who Died Yesterday, Had Novel Mode of Living.

New York, April 6.—"Work and laugh," was Chaucer M. Depew's formula.

"Let me talk to a man for five minutes and I can tell you whether he will live to be 95," he said.

"If I have lived longer than others," he told an interviewer a short time before his death, "it has been because I had the will to be wiser than others. Take eating. Most people eat what they like; I eat only what I like me."

For years Mr. Depew had not touched alcohol or tobacco. He was, therefore, an auto-prohibitionist. Speaking of smoking he once said:

"I once smoked as many as 25 cigars a day. I smoked my way through books, business and banquets. My idea of a regular rest was a big fat cigar."

Stopped Smoking

"Finally, I decided that this orgy must end. The place to cut off a dog's tail is just behind his ears. There is no such thing as gradually breaking a habit. I simply stopped smoking."

"There was a considerable drinking contingent down at Washington in my day. There also was a most persistent covey of 'cut-ins' who hung around places where certain senatorial gentlemen were wont to drop in for a little nip. The game was to wait until a likely buyer happened along, then stroll in and join the party. I saw so many brilliant gentlemen dulled by over-indulgence in liquor that I figured out a way to keep clear. It was champagne.

Champagne Gag

"When one of my wet colleagues invited me to foregather with him for a cup or two or three I would explain to him that the only drink that agreed with me was champagne. Naturally, after such a confession, danger for me was practically eliminated."

Proper recreation was another element that added to the vigorous old age of Mr. Depew.

"Managing the affairs of a great railway system means a stiff day's work for all concerned," he said. "Many of my colleagues carried their work with them day and night, and came to the office still tired with the fatigue of the previous day. That was not my practice. At five o'clock in the afternoon I went home and took a nap for ten minutes, to which habit I had trained myself, and then turned to quite another interest in life."

VAUDEVILLE TOMORROW AT LEADING THEATER

State Presents Five Acts and Double Feature Bill—"Two Flaming Youths" Principal Feature.

For the big ending of this week Manager Jack Sanson of the State Theater has prepared an unusually good bill. The Saturday program will include two big features and the usual five good acts of metropolitan vaudeville. Then on Sunday he will present Mary Pickford in "My Best Girl."

The features tomorrow are "The Law of the Range," starring Tim McCoy and Joan Crawford, and "Two Flaming Youths," with Chester Conklin and W. C. Fields in the leading roles.

"Two Flaming Youths" has been most appropriately named. The plot deals with the romantic and business adventure of Fields, as the owner of a defunct circus, and Conklin, who plays the sheriff of a small town. Each becomes infatuated with the same wealthy widow, and each suffers plenty of agony when that widow's heart goes in another direction.

Fields is the proprietor of a museum of oddities. There are strong men, humin pin-cushions, fire eaters, jugglers and others of the same unique ilk in his menage.

"Two Flaming Youths" is full of comedy complications, and in these complications Fields, Conklin, Mary Brian, Cissy Fitz-Gerald, George Irving, Jack Ludden and others become entwined.

Love and romance receive a far higher place in "The Law of the Range" than is usual in productions of a western type. Joan Crawford has the leading feminine role and her love scenes with McCoy are staged with a fervor and spirit. In one particular incident where, believing him to be the desperado who has held up the stage, she yet shields him from the avenging posse, both McCoy and Miss Crawford rise to the heights of dramatic acting.

The climax of the picture, as directed by William Nigh, is even more sensational while Bodil Rossing, who plays the role of McCoy's mother will bring tears to the eyes of any mother who ever had a son in like circumstances.

Features at the State today are "The Patsy," with Marion Davies in the leading part, and "Once and Forever," a story of modern times.

FURNITURE FASHION SHOW IS NEW IDEA

Garber Brothers, Hartford, Plan Big Event at Their Store All Next Week.

A Furniture Fashion Show will be held at Garber Bros., Hartford all next week. The event is new to Hartford and will undoubtedly create a great deal of interest.

All of the leading manufacturers in Grand Rapids, which is the acknowledged center of the country, are cooperating with Garber Bros. in this big affair.

Garber Bros. are well situated to hold such an event as any place in the city and in addition to the location they have the floor space to work with, some 60,000 square feet and more. They have the reputation of selling fine furniture and enjoy the patronage of thousands of Hartford and suburban customers. This Furniture Fashion Show is something that is culmination of months of careful planning and much hard work. One will see some of the finest handicraft of the furniture industry at the show. Everyone is welcome and the immense display rooms will be open every evening during the show.

The furniture to be shown is authentic in every detail and new styles as yet unknown to the public will be exhibited at the show.

FORMER LOCAL MAN MARRIED IN N. Y.

(Special to The Herald)

New York, April 6.—A license was issued here Thursday to Frank J. Jacobson, forty-three, a post office clerk, formerly of South Manchester, and Miss Alma R. Johnson, thirty, of 30 Kingston street, Hartford, for their marriage later in the day in the Chapel of the Municipal Building, Deputy City Clerk Joseph J. McCormick performing the ceremony.

Mr. Jacobson, who was born in South Manchester, the son of John E. and Anna Gustafson Jacobson, now lives at 179 Sigourney street, Hartford. He divorced his former wife, Grace Moore Jacobson, in Hartford in September, 1915.

Miss Johnson is a native of Sweden, the daughter of Anders A., and Albertina Nelson Johnson.

A THOUGHT

For the fashion of this world passeth away.—1 Cor. 7:31.

FEATURE ARTICLES ABOUT INTERESTING WOMEN

GIRL ALONE ANNE AUSTIN

THIS HAS HAPPENED SALLY FORD is "famed out" to CLEM CARSON, prosperous farmer, the summer she is 16 and leaves the attic orphanage...

she added briskly, as she began to rake the stacks of coins into a large canvas bag. "Oh!" Sally breathed, clasping her hands tightly in her lap...

you see Gramma Bangs? Oh, Mrs. Bybee, if I could go to see her again! Mrs. Bybee's stern, long, hatchet-shaped face had softened marvelously...

been hired to take you when she was a maid in a swell home in New York, and she had to beat it—that was part of the agreement—so there never would be any scandal on your real mother. She didn't know whose kid you was—so the old lady said—and when the money orders stopped coming suddenly she didn't have the least how to trace your people...

NOW GO ON WITH THE STORY CHAPTER XX AS SALLY ran across lots to the side-tracked carnival train, she buried her precious new memory of David under layers of anxiety and questions...

"Of course I won't tell," Sally assured her earnestly. "But, how did you find out anything?" She felt that she could not bear the suspense a minute longer.

"Oh!" Sally moaned, covering her hot face with her little brown-painted hands. "Then Gramma Bangs thinks I'm a bad girl—oh! Did you tell her I'm not?"

"I reckon every kid's said that a hundred times before she's old enough to have good sense," Mrs. Bybee scoffed. "Now, dry up and scoot to the dress tent to put some more make-up on your face. The show goes on. And take it from me, child, you're better off than a lot of girls that join up with the carnival. You're young and pretty and you've got a boy friend that'd commit murder for you and protect near did it and you've got a job and enough loose change to buy yourself some big rigs by the time we hit the Big Town."

"Maybe—maybe I'll have a mother and a sweetheart, too," she marveled, as she climbed, breathless, into the coach which had been pointed out to her as the showman's private car.

"It was not really a private car, for Bybee and his wife occupied only one of the drawing rooms of the ancient Pullman car, long since retired from the official service of that company. The berths were occupied on long trips by a number of the stars of the carnival and by some of the most affluent of the concessionaires and barkers, a few of the latter being part owners of such attractions as the "girlie show" and the "diving beauties."

"But—I don't understand," Sally protested, her sapphire eyes clauding with bewilderment. "The money? What money? Did she mean my father?"

"I thought that at first, too," Mrs. Bybee nodded her bobbed gray head with satisfaction. "But lucky I didn't say so, or I'd have given the whole show away. I just 'yes, indeed' her, and she went on. Reckon she thought I might be taking exceptions to the way she'd been running on about how pitiful it was for 'that dear little child' to be put in an orphan's home, so she tried to show me that my 'sister' had done the only thing she could do under the circumstances."

Since the carnival was in full swing at that hour of the day, Sally found the sleeping car deserted except for Mrs. Bybee, who called to her from the open door of drawing room A.

"It's still there, and there's still a swing," Mrs. Bybee admitted. "One of those dirty-faced little brats was climbing up and down the ropes like a monkey. Well, I reckon that's where you used to live, right enough. I asked this woman—name of Hickson—if any of her neighbors had lived there many years, and she pointed to the house next door and said 'Old Lady Bangs' owned the house and had lived there for more'n 20 years. This old Mrs. Bangs—"

"Bangs! It was Gramma Bangs who swung me! I remember now! Gramma Bangs. She made me a rag doll with shoe-button eyes and I cried every night for a long time after I went to the orphanage because mama hadn't brought my doll. Did order absolute rest for several days.

Under such conditions, not only physical but nervous breakdown may occur and the attention of a physician be necessary.

Daily Health Service HINTS ON HOW TO KEEP WELL by World Famed Authority

HERE'S GOOD ADVICE ON DIET FOR THE TRACK ATHLETE EDITOR'S NOTE: This is the second and concluding article of a series on track athletes.

Build as a means of relieving dryness and thirst. Coffee and Alcohol Strong coffee should not be taken with a view to overstimulation, since the overdosing with caffeine may do the athlete as much harm as good.

BY DR. MORRIS FISHBEN Editor Journal of the American Medical Association and of Hygiene, the Health Magazine According to Dr. Arno Arnold who has given special attention to the training of track athletes in Germany, the best diet is a well mixed diet containing meat, vegetables, fruits, and, in fact, a little of all of the things that are considered good for the human being.

All experts in the training of track athletes warn against the taking of alcohol under any conditions while in training. It is true that alcohol is a concentrated substance which aids in supplying energy. On the other hand, it also bears a definite relationship to the co-ordination of fine movements and this co-ordination is perhaps more important than the energy that may be derived from the alcohol.

Too Much Water The track athlete is also likely to overfill himself with water, because of the exercise that he takes. Practically all medical authorities forbid great quantities of water, and it is therefore recommended that drinks, such as lemonade or cold tea, be taken instead of great quantities of water since a smaller quantity of such a drink will satisfy thirst.

The same considerations apply to the taking of nicotine in the form of tobacco. While smoking in ordinary amounts is not found to be harmful to the average man, an overdose of nicotine may seriously interfere with fine co-ordinated movements. For this reason, trainers do not permit the use of tobacco by track athletes.

An experienced runner may not drink at all after running, but merely wash out the mouth with

Home Page Editorial Consider the Illegitimate Child by Olive Roberts Barton

I do not know the statistics concerning illegitimate children. But one thing is sure, they are not on the decrease.

True, a girl, feeling that her child will have a name and a chance, may have less scruple about the hook or ring. But men will likely have more.

Life's Niceties HINTS ON ETIQUET

1. What is one of the most important rocks of rudeness upon which marriages are wrecked?

2. Is it necessary for either to be especially rude just because they dislike the other's friends?

3. What are some of the "don'ts" a wife or husband should avoid under these circumstances?

The Answers 1. The discourteous attitude of husbands and wives to each other's friends.

"Ideal Fashions"

The Printed Vogue 1552—Lines that more or less define the figure, place smart emphasis on this frock of printed satin.

1552—Lines that more or less define the figure, place smart emphasis on this frock of printed satin. Seams that extend from shoulders to hemline are skilfully placed to break any appearance of width and give a flattering slenderizing effect.

1553—This year a child's wardrobe would be incomplete without a flowered cotton frock. A scalloped collar, trim pockets and bow sash of plain contrasting fabric add dainty trimmings to this pretty frock which is designed for girls 4, 4 and 5 years of age.

The WOMAN'S DAY by ALLENE SUMNER

"Have you been reading Fred's stuff in the magazines?" a mutual friend of "Fred" asked me the other day. I confessed I hadn't. The mutual friend was insistent. "But you must! Don't you read New Yorker and Harpers and Century and Vanity Fair and—several others?" I did, but couldn't place Fred's stories.

Here's a turning of the tables! Many a wife has made fame for her husband as she wrote or painted or acted or otherwise under her married name. But I never before heard of a husband who saw no reason why his wife's own name shouldn't be perpetuated from his own fame.

1554—This year a child's wardrobe would be incomplete without a flowered cotton frock. A scalloped collar, trim pockets and bow sash of plain contrasting fabric add dainty trimmings to this pretty frock which is designed for girls 4, 4 and 5 years of age.

NOT SO GOOD. Feminists who set upon the appointments of Mme. Kollontay as ambassador to Mexico from Russia as a feather in the cap of successful woman may not be so much crowing since their feather was sent home and a man given her job.

HAND EMBROIDERY. Graduated dots, squares and other figures are worked by hand in silver or color on many a new Spring coat or ensemble. Hand-embroidery is very good.

MARYE and MOM Their Letters BY RUTH LEWEY GROVES

Marye, my dear: The kind of lecture you need is a good one from Alan on extravagance. Thirty dollars to listen to a Swami—whatever they are—preach a lot of nonsense about love! I never heard of such foolishness.

And when you turn away from the realities of life to seek diversion and thrills in the teachings of a person who has nothing in common with you and your mode of life you will find yourself in trouble.

But how a young woman who is happily married to a respectable man can take an interest in such things is beyond my comprehension. You may be sure that husbands never appear to their wives as spiritual lovers, Marye.

Bridge Me Another BY W. W. WENTWORTH

1—First hand bids one spade. Second hand passes. What should third hand bid when holding: spades—X X X; hearts—X X X; diamonds—X X; clubs—A Q X X X?

2—First hand bids one spade. Second hand passes. What should third hand bid when holding: spades—A X; hearts—X X; diamonds—K Q X; clubs—Q J X X X?

3—Hearts are trumps. Seven cards, diamonds and trumps have already been played and opponents trumps have been exhausted. The declarer now holds: spades—X; hearts—X; clubs—X X X X. Dummy holds spades—K Q J 10; clubs—A X. How should the declarer play?

ORGANDEE SLIP. New chiffon bouffant gowns are being fashioned over slips of organdy which hold them out. A maize one is posed over flame colored organdy.

TWEED ENSEMBLE. A reddish tan tweed ensemble has its circular skirt attached to a plain tan crepe puma waist that has long sleeves and a Chinese neck.

NEW PARASOLS. Checked, polka dotted and figured parasols now come in "individual sizes," that is they are so small they can shield only one from sun or rain.

EVENING WRAP.

Sheer velvet shirts in tremendous fullness around a gold brocaded off-the-shoulder yoke to fashion a stunning evening cape.

The expression "The game's not worth the candle" arose when candies were expensive and card-playing for money was prevalent.

Women Grateful For New Cream

You will just love this new wonderful cleansing cream containing Cocoa Butter, which melts into the skin removing all dirt and grime. Great for dry or loose skins. Keeps your complexion peachy and youthful. Prevents approaching wrinkles. Ask for MELLO-GLO Cleansing Cream—the companion to the famous MELLO-GLO Face Powder. J. W. Hale Co., South Manchester.—Adv.

THERE is nothing quite like Bayer Aspirin for all sorts of aches and pains, but be sure it is genuine Bayer; that name must be on the package, and on every tablet. Bayer is genuine, and the word genuine—in red—is on every box. You can't go wrong if you just look at the box when you buy it.

ANDOVER

Mrs. Charles Faulkner and grandson, Duane are spending the Jewish holidays with relative in New York.

Among the town people calling in Willimantic Thursday were, Allison L. Frink, Mr. and Mrs. Guy Bartlett and Mrs. George Platt.

Guy Bartlett Jr., is at home from Storrs College for the Easter vacation.

Andover is slowly growing. Raymond Goodale is building on property bought of Mrs. Mary Jewett and Arthur Nye of Willimantic is having land cleared and ploughed that he bought of Allison Frink, getting ready to build this coming summer.

Mr. Bass who built a garage on the place he bought of Lewis Berrie, intends making improvements on the place this year and expects to build a house next year.

Arthur Nye and daughter Grace of Willimantic were callers in town Wednesday evening.

The contest for the highest number of tent caterpillar egg masses closed Thursday April 5th. Prizes were awarded as follows: Five dollars in gold to Joseph Gasper with the highest score, 4,357 egg masses.

In the sixth, seventh and eighth grades for the highest scores, two dollars and a half in gold to Harry Schorse with a score of 2,209 egg masses and one dollar to Russell Thompson with a score of 1,356 masses.

In the third, fourth and fifth grades two dollars and a half in gold to Norman Hale with a score of 4,309 and one dollar to Victor Olson with a score of 3,182 masses.

In the first and second grades, two dollars and a half in gold to Susy Mickalk with a score of 961 masses and one dollar to Roland Allen for 729 egg masses.

The total score for the whole school was 25,113 egg masses, 11,828 having been gathered by the third, fourth and fifth grades, 10,549 by the sixth, seventh and eighth grades and 2,736 by the first and second grades.

MEETS HIS BROTHER AFTER FORTY-THREE YEARS

Lynn, Mass., April 6.—Edwin E. Pool, of Los Angeles, and George F. Pool, of this city, sons of a local clergyman, were together today seeing each other for the first time in forty-three years. The brothers were brought together by a third brother, James, who left a large sum of money for the hire of detectives to trace Edwin, who went west. A sister, Mrs. Ida Eames, of Evanston, Ill., is coming here for the re-union.

GOVERNMENT PLANS BUILDING PROGRAM

Washington, April 6.—A new list of projects under the government's \$300,000,000 building program was sent to Congress today by President Coolidge.

Appropriations aggregating \$15,462,500 were requested as initial cost on land purchases and buildings ultimately to cost \$87,255,000.

The largest item was \$14,250,000 for post office and other government buildings at Chicago. An appropriation of \$300,000 was asked to start this work.

Two \$2,000,000 appropriations

THOUSANDS OF EASTER LILIES BEING BOUGHT

The flower business in Manchester is better today than it has been for many Easter seasons. It was said today by John G. Pentland of the Park Hill Flower Shop.

Although it is difficult to estimate, Pentland figured that approximately six thousand Easter lily blossoms would be sold in Manchester this week. The standard price of fifty cents a blossom which has prevailed for the last eight years still obtains.

Mr. Pentland said that bulb stock was also selling better this season.

MONKEY BUSINESS.
THE SNOB: The Fitz-Smythes come of very old stock.
THE CYNIC: Yes. Their family tree goes back to the time when they lived in it.—Answers.

FLOOD WARNING

Hartford, Conn., April 6.—A warning from the United States Weather Bureau here that a moderate rise of the Connecticut river might be expected within the next 48 hours, was issued today.

The cause was given as the sudden melting of ice and snow of the northern tributaries due to warm weather.

WOODS BLAZE GIVES FIREMEN A BATTLE

The busy season of the South Manchester Fire department was continued yesterday afternoon and this morning, and a still alarm to which Companies 3 and 4 responded resulted in a fight which lasted over an hour. This fire occurred at 2:45 yesterday afternoon in the woods opposite the mill of the Rogers paper company on Charter Oak street.

The fire in the woods was stubborn, one of the worst that the department has encountered. This morning another alarm was sent in, this time for a fire at the rear of 226 West Center street. This one was small and no damage was done.

Chief Albert Foy said today that these fires make a total of 18 since the first of March.

LAWYER ARRAIGNED

Springfield, Mass., April 6.—Former City Solicitor Scott Adams, disbarred attorney, was arraigned today in District Court on a charge of larceny of \$2,988 from Mrs. J. Stevenson, of Plymouth, Connecticut, an aged woman.

He was said to have acted as her counsel in a sale of real estate and to have taken her check for that amount, later cashing it. The case was continued until May ninth.

MONTREAL GETS HAINES.

Hinky Haines, former Penn State grid star, will play with Montreal in the International League this year.

Rec Will End Its Season Against Bristol Tomorrow

Hooks and Slides

HAGEN COMING BACK
There are any number of incentives that contribute to ambition but the greatest of them perhaps is the need of dough. Babe Ruth might never have staged his great comeback if he wasn't broke flat after he had thrown away a fortune several years ago.

The incentive to swell up the bank roll is expected to be the whip that may get Walter Hagen back this year to the position he once held at golf's greatest match player.

He admitted to friends during the winter that he had to get back into the big money this year. He made a lot of money during the boom in Florida, both in real estate activities and in the pursuit of golf, but he lived handsomely and when the Florida golf market slumped his business went with it.

He also lost some money last year when he was prevailed upon to get into a promotion scheme to

finance the Rochester International League baseball club, and he had a lucky escape in that he did not lose all of the \$25,000 he put into it.

There is hardly a possibility that Hagen ever will become a public charge, but it takes a lot of money for the Haig to live as the public has been accustomed to expect of him. He has the reputation and style of a king to keep up and he has to work to do it.

Hagen plans an international campaign through the British open and a big money match with Archie Compston, the British pro.

His ambitions and his pretensions plans will not be scoffed at because when the Haig is in the mood to do something with a golf club he can do it. When he has to do it there is no limit to his possibilities.

Dempsey Not Broke
There were stories told last year that Jack Dempsey was broke and that he had to return to the ring to recoup his fortunes. It wasn't harmful publicity, and Dempsey never took the trouble to comment on the stories.

For particular reasons, Dempsey probably figures that it's to his own interest to keep his personal business affairs private. Perhaps he was in need of ready cash—or rather could use cash advantageously instead of converting some of his holdings.

Dempsey lives high, but he is very practical and he never will go broke. He has a comfortable fortune tied up in a trust fund so that he can't touch the principal; and the interest will keep him fixed nicely as long as he lives.

The Babe's Finances
After the Babe got smart to himself, he invested in a lot of insurance and went for a trust fund himself.

He drew \$70,000 last year from the Yankees and he not only deposited every one of his pay checks but he saved \$25,000 of his earnings from his various sidelines.

The reformation not only was the financial but the physical salvation of Ruth. And if he takes care of himself he has at least two years ahead of him as a \$100,000-a-year man, or better.

TOWN CHAMPIONS TO WIND UP SUCCESSFUL SEASON IN GAME WITH THE MAPLE ENDS

Exhibition Games Mean Little—Evans

BY BILLY EVANS

How seriously should the baseball fan or manager take the results of the spring training games? That question is raised by the many decided reversals of form that have featured the exhibition games this spring in the major league training camps.

Several years ago in making my tour of the training camps in the role of sports writer, I came upon the Yankees at St. Petersburg, looking for all the world like a bush league outfit.

For some reason the club just couldn't get going. When the pitchers held the opposition in check, the Yanks were feeble as the bats. When the sluggers took liberties with rival club's pitchers, the Yankee twirlers were even easier to hit.

Some of the traveling experts accused the Yanks of not taking the role of sports writer, I came upon the Yankees at St. Petersburg, looking for all the world like a bush league outfit.

For some reason the club just couldn't get going. When the pitchers held the opposition in check, the Yanks were feeble as the bats. When the sluggers took liberties with rival club's pitchers, the Yankee twirlers were even easier to hit.

Jimmy Malcolm to Appear With Bell City Outfit; Game Starts at 9:15; Herb Smith Referee; Rec Girls In Preliminary.

Basketball will hibernate in Manchester for the summer months after tomorrow night at which time the newly crowned town champions, the Recreation Center aggregation, will close its 1927-28 season against the Bristol Maple Ends.

The game will be played in the Rec Gym and Herb Smith will referee. Manager Ben Clune announces that play will not start until quarter past nine in order that the store help may see the contest. The Rec Girls will play in the preliminary.

Bristol and Manchester have long been bitter rivals and nothing could be more appropriate for rolling down the curtain than a game between these two towns. The Bell City has been beating the Silk Town much too often of late to set at all well with fans here and tomorrow's game should be well worth seeing.

The Rec beat the Maple Ends in Bristol earlier in the season in a close battle by four points and tomorrow night the visitors will be strengthened by the appearance of their coach Jimmy Malcolm, rated as one of the best players in the state. Malcolm is a member of the Bristol New Departures.

In addition to Malcolm, the Maple Ends will bring "Dutch" Leonard, "Tug" Zetarski's brother, Herb Carlson, Laskar and the Brannick brothers. "Sugar" Hugret and "Buck" Zetarski would be with the Maple Ends if the High school team were back from Chicago.

The Maple Ends are Bristol's most promising athletic organization. They have attracted considerable attention in the past during the past season drawing large crowds. This is the organization that started the contributions to send Bristol High to Chicago with a \$100.

Manager Clune announced that the regular season will start, Elmer Mantell and Tommy Faulkner at forwards, Roy Norris at center with Captain Harold Madden and Sherwood Bissell at guards. Tony Holland will replace Faulkner and Ding Farr will go in for Bissell during the game, according to the present plans.

This will be the first, last and only appearance of the Rec Five since it won the town championship by whipping the Community Club in two straight games by 23 to 17 and 27 to 24 scores, and a large crowd is expected to turn out to bid them farewell until next fall.

Only Two Cage Champs Retained Their Titles

Three Stars of Undeclared Pitt Team Scored 757 Points; Princeton Strength Surprising; Purdue and Indiana Tie In Big Ten.

BY BOB MATHERNE

When Pennsylvania defeated Princeton in a play-off game to win the Eastern Intercollegiate championship, the 1928 basketball season came to an end with only two champions of the previous year in possession of their crowns.

Montana State repeated in the Rocky Mountain Conference and Arkansas for the third successive year won in the southern division.

The 1928 college champions are Penn and Pittsburgh in the east, Purdue and Indiana in the Big Ten, Mississippi in the south, Arkansas in the southwest, Oklahoma in the Missouri Valley, Montana State in the Rockies, and Southern California on the Pacific coast. The Navy won the service championship.

It may seem strange to rank Pittsburgh, not a member of any conference, with Penn in the east—but what else can you do with a team that won 21 straight games and played seasonally all season? They're entitled to a claim to eastern honors, and perhaps national honors.

In winning 21 games, against five Big Ten teams and outstanding eastern teams, Pitt accumulated an average of better than 48 points a game.

"Ham" Hyatt, a sophomore forward, was the outstanding Pitt player. He looped 120 field goals and 52 foul shots, a total of 232 points, and was praised in scoring by Wroblewski, with 247 points, and Captain Reed with 218 points. It is doubtful if any trio on one team outscored the Pitt stars.

If any one team deserves national recognition, this writer casts his vote for Pittsburgh, assuming jointly the title worn by Michigan in the year previous, McCracken, for Indiana, and Murphy, for Purdue, were most valuable players, sharing with Walters of Northwestern high scoring honors for the conference, all-star five.

Although given only an outside chance to win the southern cham-

Newsy Notes From The Training Camps

Norfolk, Va., April 6.—The New York Giants hung up their twelfth straight victory in beating the Washington Senators at Charlotte, N. C., yesterday, four to nothing.

Denver, held the Nats to two singles, and Billy Terry and Shanty Hogan hit home runs.

The teams play here today.

Charlotte, N. C., April 6.—The New York Yankees were all set to slaughter the local team here today. The world's champions finally hit their stride against Knoxville yesterday, swamping the Sally Leaguers 14 to 4. Leo Durocher, St. Paul rookie, clouted a triple and a homer and Babe Ruth hit a single, a double and a triple.

Raleigh, N. C., April 6.—Manager Robinson of the Dodgers was elated today by the batting of Jigger Tatz and Rube Bressler in Brooklyn's 15 to 2 victory over Atlanta yesterday. Stutz socked a home run and Bressler got four hits.

The Robins play Raleigh today.

SWIMS GIBRALTAR.

Cueta, Morocco, April 6.—Miss Mercedes Gletts, London's tylist-swimmer, today holds the distinction of being the first swimmer to successfully navigate the Strait of Gibraltar.

Undaunted by six previous failures, the girl swimmer entered the water at Frifa, Spain at 7:50 o'clock yesterday morning and reached the shore a Punta Leona, Spanish Morocco, at 9 o'clock last night.

Aided by favorable currents and moderately tempered water, the girl crossed the 27-mile stretch of water in thirteen hours and twenty minutes.

Prior to her attempt to conquer the Gibraltar Strait, Miss Gletts had successfully negotiated the English channel.

FENCING TORUNAMENT.

New York, April 6.—The intercollegiate fencing championships will be concluded here today.

Columbia University's swordsmen won the sabre team championship by capturing every bout.

Norman Cohn, Columbia captain, won the individual championship. He defeated Nussbaum of Yale, defending champion.

MELHORN WINS

Richmond, Va., April 6.—"Wild Bill" Melhorn was \$1,000 richer today as a result of leading a crack field of golfers in the Richmond open. Melhorn's 72-hole total was 283, four strokes ahead of Joe Kirkwood, who finished second. Melhorn scored 69-7 for his final 36 holes, two under par.

DELANEY MATCHED TO MEET SHARKEY

To Fight at Madison Square Garden on April 30, It Is Announced.

New York, April 6.—The signing of Jack Delaney and Jack Sharkey for a 15-round bout at Madison Square Garden here on April 30, and the announcement that Gene Tunney will defend his heavyweight title only once this year, today had ended negotiations for a match between Delaney and Tommy Loughran, light heavyweight champion.

Joe Smith, Loughran's manager, declared that the appearance of Delaney against Sharkey would ruin the gate for a match between Tommy and Delaney, who formerly held the title.

Joe Jacobs, manager of Delaney, had been unwilling to sign for a promotion of Tex Rickard because he had thought his man might get a match with Tunney under the promotion of Jim Mullen and Humbert Pugazy, Rickard's rival. Jacobs abandoned hope for a Tunney match, however, when the champion announced in a telegram that his agreement with Rickard would preclude him from engaging in more than one heavyweight fight this year.

Tunney added that he probably would sign with Rickard for 1929 previous to his bout with Tom Heeney.

1ST. DAVIS CUP MATCH.

Mexico City, April 6.—The American tennis team faced Mexico here today in the first of the American Davis Cup matches.

Many observers predicted that the United States stars, led by the veteran "Big Bill" Tilden, would make a clean sweep of the matches.

Two singles matches were scheduled for this afternoon. Johnny Heenesey, Indianapolis youngster, was paired with Richard Taylor in the first match. The feature match between Tilden and Robert Kinsey, champion of Mexico, was to conclude the day's activities.

•• What is the greatest number of plays ever made in a season by a team in organized baseball?
 •• What is the greatest number of bases stolen in one season?
 •• What is Cobb's greatest record for playing in consecutive games?
 •• Has Joe Sewell any chance of breaking Everett Scott's record for playing in consecutive games?
 •• Yes, late in the year. He played in 13 games, was at bat 48 times, got 21 hits, and his average for the season with the Nats was .437.
 •• St. Paul, in the American Association, made 213 double plays in 1927, which broke the record of the Beaumont Texas League club of 208 made in 1926.
 •• Lange, with the Chicago Cubs in 1897, stole 100 bases. Cobb came near breaking this in 1915, with 98 thefts.
 •• Yes, a slight chance. Sewell has 733 in a row to his credit. Scott had 1307. If Sewell takes good care of himself he is likely to continue as a regular at least four more seasons.
 •• **GODFREY TO MEET HANSEN**
 •• George Godfrey, the big black and Knute Hansen, the Dane, are scheduled to fight in New York for Humberto Fuzary early in May.

Spring Soccer Season To Open Here On Sunday

CHENEY BROTHERS TO TACKLE GERMANIA CLUB AT WEST SIDE

New Britain Eleven Strengthened But Manchester Has Same Players as Last Year; Game Starts at 2:30.

The familiar band of the pigskin will be heard again Sunday afternoon when the spring soccer season gets under way in Manchester. Cheney Brothers and the Germania Club of New Britain are scheduled to meet at the West Side Playgrounds in a Manchester-Hartford District League game. Play will start at 2:30 sharp with Frank Pearson of this town as referee.

WALSH PICKS YANKS TO WIN THE PENNANT

New York, April 6.—Having arrived at the age of discretion, by forced marches and in the face of congenial restraints, the writer today is rating the American League strictly according to early April prospects, as he sees them, five days in advance of the Major League openings. He will not make the usual flur in early October values, which constitute a declaration of how the clubs, if they wish to avoid one's instinctive displeasure, must finish six months hence.

NEW HAVEN EAGLES SOLD TO NEW YORK

New Haven, Conn., April 6.—The New Haven Eagles hockey team is to become a farm for the New York American hockey team for the next five years, and players owned by the New York Americans will play games in the Canadian-American League under the franchise owned by the New Haven Arena Co., according to a supplementary statement issued here today following yesterday's sale of the Eagles to the Americans. The franchise owners have entire control over the games that may be played here, under the agreement.

CHAPPELL'S 135 HIGH IN BRISTOL CONTEST

Frank Chappell's 135 was high the other night in Bristol when Murphy's Night Hawks beat the Palace Five two out of three games and by total pinfall, 1593 to 1533. Jack Saldella was low man. If he had hit any kind of a score in the third game, the local team might have had the high team single.

BRISTOL'S DEFEAT WAS PREDICTED HERE

Yesterday's prediction in the Herald that the mental strain of the first two games might prove Bristol's downfall, apparently came true when the City state champions were eliminated late last night by Little Carr Creek, Ky., small in name, but not in size. The score was 19 to 13. Bristol registered but three field goals, one by Hugert, Zetarski and Roberts. The Carr Creek defense was high perfect. The first quarter ended 2-2 and at halftime, Bristol trailed 11 to 5. At the end of the third quarter, Carr Creek was on top 15 to 11. Bristol shot seven fouls and Carr Creek five. The victory sends the Carr Creek team into the quarter-finals.

Chicago, April 6.—A team of ransy mountaineers, hailing from Carr Creek, Kentucky, stood out today as top favorite to win the national intercollegiate basketball tournament being played at the University of Chicago.

PICKS UMPIRES

Chicago, April 6.—President E. S. Barnard of the American League today announced the assignments of umpires for the opening games of the league season. They follow: Washington at Boston—Owens, Geisel and Campbell.

RUTH'S SAVINGS

New York, April 6.—Babe Ruth saved \$70,000 in 1927 and Lou Gehrig made more on a month's barnstorming tour last fall than he Yankees paid him for the entire season, it is revealed in an article in the current issue of Collier's Weekly.

TWO SOUTHERN OPPONENTS Knute Rockne's Notre Dame football team will play two southern eleven at South Bend, and Georgia Tech at Atlanta.

The Cubs and the Masons broke even in the final session of the Herald Bowling League last night which gives the latter's team the five-man bowling championship of the town by five points, the same lead they held when last night's matches started.

Seven teams will receive a cash prize at the banquet at the Hotel Sheridan next Thursday night for finishing in the first seven positions. They are as follows: Masons, Cubs, West Side Rec, Knights of Columbus, Center Church, Cloverleaves and the Bon Ami.

Highland Park succeeded in getting into the last place in the Herald Bowling League last night by trimming the Beethoven Glee Club three out of four points while the Knights of Pythias were losing the same to the West Side Rec. The teams were tied for the cellar position previous to last night's games.

Frank Cervini, captain of the Knights of Columbus team, held his lead in the individual average race, winning the ten dollar prize by nosing out Tommy Conran of the Cloverleaves by fifteen pins. His final average for the sixty-four games he rolled was 103.52 while Conran had 103.37. Ernie Wilkie was next with 103.31 and Alex Canade fourth with 103.03. Joe Wilson passed Howard Murphy for fifth place with a final average of 102.51, Murphy's being 102.5.

The race for high individual honors was so close, four men being in the hundred and three and a fraction class that the entire scores of each of the five leaders were checked up at midnight last night by Beanie Schubert, Joe Canade, Frank Cervini and the writer. They were found to be correct to the figure with the exception that Conran received credit for a score of 90 one night, when he actually made but 80. This made no material change, however, simply giving Cervini a fifteen pin margin instead of five. Anyone of the leaders is welcome to check up his scores at any time.

Sam McAdams and Herb Stevenson were the big guns for the Masons in their match with the Cubs while Otto Nelson and Frank Anderson kept the Cubs in the balance. The first game went to the Cubs by 58 pins, but the Masons won the next two by closer margins, the last by four pins. Tommy Conran hit a score of 125 in the Cloverleaves-Center Church match and Bobby Brennan turned in an 130. Humphries was best for the club team. All three games were close.

Charlotte, N. C., April 6.—Licking the Senators has become a habit with the Giants. The New Yorkers won again yesterday 9 to 4. The Senators got but two hits off Walker, while the Giants were pounding Gaston and Braxton for nine.

Frank Cervini rolled well under a hundred in his final three games against the British Americans. The K. of C. won the first two games, but the British Americans, as usual, won pinfall by taking the last game easily.

Highland Park had no trouble winning the first two games and pinfall from the Beethovens which won the last by seven timbers. Hussey rolled well. With Auggie Brozowski hitting the pins good, the Bon Ami beat the St. Bridget's two out of three games after losing the first by four pins. The next was one sided but the last pretty even. After being swamped in the first game, the K. of P. came back strong to win the second game from the Rec by three pins and then lost the last. The Beethoven forfeited its match with the Center Church.

At a special meeting of the team captains after the matches, Frank Anderson and Howard Murphy were named to assist the writer in making plans for the banquet next Thursday night. It was agreed that the Hotel Sheridan was the best place to hold the good time.

New York, April 6.—Jack Dempsey will never fight again in the opinion of his former manager, Jack Kearns, who has arrived in New York to press his suit for \$700,000 against the old heavyweight champion.

"Dempsey is shot," Kearns declared, "I don't think he can ever get in shape to fight a good man. I don't know about his eyes but he knows he's through. He's nearly 33 years old and doesn't need the money."

"Jack is worth close to \$3,000,000 in real estate, bonds, other investments and ready assets. I hope to make a dent in his bankroll when our case comes to trial."

The Kearns-Dempsey litigation breaks out again on April 16 in the Federal District Court here. Kearns arrived from Chicago accompanied by Mickey Walker, middleweight champion.

Kearns has closed with Promoter Jim Mallon for a match between Walker and Ace Hudkins, Nebraska welterweight, in Chicago on June 19.

Opposition to this match developed today when Tom Donohue, president of the National Boxing Association, said he would not approve Hudkins as an opponent for Walker and would instruct the Illinois Boxing Commission to that effect. Hudkins was not on the list of challengers named by the N. B. A. and Walker is now under suspension from that body.

Kearns thinks he can straighten Walker out with Donohue. Kearns has two other matches in sight for Walker. One is with Leo Lomski at catchweights to be fought in Newark, N. J.

Three of the most famous players baseball ever had—Speaker, Collins and Cobb—are on the same club for the first time this season. All three are with the Philadelphia Athletics.

The most northerly course in the world is said to be a golf course at Skagway, Alaska, just 400 miles from the arctic circle.

OBSTACLE FOR WOMEN. There's one occupation still barred to women in California. The state officials recently refused to give a woman a license as a boxing promoter in that state because she was a woman.

SHARPE LEAVES CORNELL. Dr. Al Sharpe, football coach at Yale and Cornell for years, has signed to be in charge of athletics at Washington University in St. Louis next year. He is at Cornell now.

DEMPSEY THROUGH, KEARNS DECLARES

Former Manager Says Jack Can Never Get In Shape Again For a Match.

New York, April 6.—Jack Dempsey will never fight again in the opinion of his former manager, Jack Kearns, who has arrived in New York to press his suit for \$700,000 against the old heavyweight champion.

"Dempsey is shot," Kearns declared, "I don't think he can ever get in shape to fight a good man. I don't know about his eyes but he knows he's through. He's nearly 33 years old and doesn't need the money."

"Jack is worth close to \$3,000,000 in real estate, bonds, other investments and ready assets. I hope to make a dent in his bankroll when our case comes to trial."

MADAME NINA GRIEG IN CONCERT AT AGE OF 82; CALLS JAZZ TERRIBLE

Copenhagen. — Madame Nina Grieg, widow of the celebrated composer, Edward Grieg, recently gave a concert in this city. She is now eighty-two years old and for many years was known to be a fine singer. Later she took up the study of piano and, although she became a remarkable performer, has given but two public concerts during her long lifetime: the first one was more than sixty-two years ago. "Modern jazz music is terrible," says Madame Grieg, "and I don't see how it can live at all. Of course we old people are always talking about the good old times in the good old times, but certainly music was superior when Grieg and I were young."

quitted you of the charge of bigamy, you are free to leave the court and go home.

PRISONER: Thank you, your honor, but — which home? — Belfast Evening Telegraph.

THE RACE WAS OVER.

Helen: I fear I have made a mistake.

Ruth: Why?

Helen: Jack proposed in a taxicab. The minute I accepted he paid the fare and we got out and walked. —Tit-Bits.

RADIO EXPERTS DIAGNOSE CASE

Trying to Find Out How Few Stations Can Be Dispensed With.

Washington, April 6.—Radio broadcasting went under the X-ray again today, preparatory to its semi-annual major operation.

Broadcasting "experts" from the War and Navy Departments, Bureau of Standards and private industry, met with the Federal Radio Commission and started a new diagnosis of the disease which has kept radio in a constant state of heterodyne fever for three years. The commission today took under consideration several plans by which the re-distributed clause of the new radio act may be administered without eliminating long-distance reception and at the same time giving each section of the country an equitable distribution of stations.

Plans for reallocations contemplate the setting up of national, regional and local groups of stations, of probable maximum powers of 20,000, 500 and 100 watts. The channels upon which these groups of stations will operate are to be equally apportioned among the five radio zones.

National Channels
From thirty to fifty national channels, thirty-six to fifty-six regional channels and four local channels are considered likely. On the cleared channels for the national stations three would be but one station per wave length, assuring satisfactory "DX'ing."

On the regional and local channels several assignments would be made in each zone. Radio commissioners are hopeful that assignments may be so arranged to make possible the simultaneous operation of from 240 to 270 stations. Plans call for simultaneous broadcasting by from 30 to 50 national stations, 90 to 140 regional and 100 local stations. Assignment of channels to states will be made on a population basis. One plan provides distribution of the national channels to be used by high power stations. New York would have four and Massachusetts one.

OBITUARY

VIRGINIA STEVENSON.

The funeral of Virginia Stevenson seven years old daughter of Mr. and Mrs. John H. Stevenson of 186 Center street, will be held at 2:30 tomorrow afternoon at the home. Rev. J. S. Neill, rector of St. Mary's Episcopal church, will officiate. Burial will be in East Cemetery.

ABOUT TOWN

The regular weekly meeting of the King David Lodge of Odd Fellows will be omitted this evening on account of the holiday.

Mr. and Mrs. Harry Kitching and Leonard Kingman of 827 Main street left today for Sanford, Me., where they will spend Easter.

Miss Hannah Radding, underwriter at the Syracuse, N. Y., service office of the London and Lancashire Indemnity Company of Hartford, is spending a few days with her parents at 140 Summit street.

John Custer, former Manchester man, and Lewis Kye, a friend, are in town today visiting friends and relatives. Mr. Custer has been in the employ of the Chromogravure Company at Boonton, N. J., for five years. They made a Ford trip to Manchester in Custer's Ford touring car in slightly less than six hours.

Manchester physicians started on their new schedule of office hours today. It gives them one more night a week off—Friday. The usual Friday afternoon office hours still obtain.

Carl Pries of Pearl street has purchased an Essex sedan from W. R. Finker, Manchester automobile dealer.

Among other signs of spring yesterday was the first 1928 appearance of motorcycle policemen from Manchester Police Headquarters.

Mrs. Jennie Bennett of Glastonbury was admitted to Memorial hospital last night and Alfred Bacon of 334 Center street was admitted this morning. The only discharge was Aaron Radding of Summit street.

Main street saw an unusually large number of automobiles parked along the curbs this morning. Traffic on Main street was heavy, including a large number of out of state cars. Storekeepers reported a continuation of their heavy selling of last night and expect that the heavy buying will be resumed tomorrow.

Ernest Custer of Summit street has bought an Essex coupe and Howard Murphy a Ford sedan from W. R. Finker through the agency of R. F. Montie.

Miss Helen L. Haviland, director of religious education at the South Methodist church, is confined to her bed through illness. She has been under the care of a doctor since Tuesday.

The Lifesaving Scouts of the Salvation Army here are preparing for the big demonstration they are to give in the Citadel on Wednesday evening of next week. The program will include dialogues and drills with stereopticon views. Money realized on the demonstration will go toward the summer camp fund of the troop.

HIGHLAND PARK

There will be no meeting of the Girl Reserves tonight. The executive committee of the Girl Reserves will meet Monday evening at 7:30 at the Highland Park clubhouse.

Ernest M. Zwick, Manchester student at Springfield College, is home for the Easter vacation period.

CARRIES CAR DECORATION UNKNOWNING, A WEEK

A well-known bachelor who is employed in the Lower Mills of Cheney Brothers has been wondering for a week why his fellow employees give him the well known "razzberry" every time they see him but he is still in the dark as to what it is. The solution came out today, not to the bachelor, but to a Herald reporter.

A week ago some of the girls in the mill decided to play a joke on the bachelor. They tied a pair of baby shoes to the rear of his automobile and he has been driving around Manchester ever since, unaware of the decoration.

PHILLIPS ARRESTED.

New York, April 6.—John M. Phillips, Queens sewer pipe king, was arrested today in the Alton hospital at Miami, Fla., on a charge of evading government taxes, it was announced here.

PHONES Pinehurst "GOOD THINGS TO EAT"

GLORIFIED GRASS

There is a saying in the East to the effect that when a lion eats an antelope he is, after all, eating only glorified grass.

Which is another way of pointing out that an animal, or a man, is in the last analysis what his food is. And so far as the physical being is concerned, there is a lot of truth to it. Any doctor will tell you that.

Good food, well people. Poor food, sickly people. Partially developed people.

It is America's greatest material blessing that in this country there is available a greater variety of good food, in abundance, than in any other country in the world. Also, it must be admitted, there is some that is not so good.

This, however, is true: There is so much good food that there is absolutely no necessity for the intrusion of food that is not good on any table. It is a matter of care, precaution.

Naturally the housekeeper is not always in a position to exercise that precaution. She has to depend on her dealer. But for the dealer there is no excuse if he sells poor food. It is his business to know his commodities—every last thing about them.

It is a Pinehurst principle to supply nothing but good food—under no circumstances to have anything to do with inferior food products of any kind. And to KNOW.

Meat Department

Fresh poultry is always much in demand for Easter. We will have fancy capons roasting chickens, fowls for fricassee.

Specify Sinclair Fidelity hams and you will be pleased with the delicious flavor.

Pot roasts, rib roasts of beef, legs of lamb, fresh pork for roasting, nice roasts of pork, at 23c lb.

Store will be open 6:00 a. m. Saturday—please phone your order as early as it is convenient—it will help us much.

Famous Italian Singer Coming

Antonio Netto

Announcement was made today of the appearance here Sunday, May 6, of Antonio Netto, noted singer and a member of the Venetians, Boston and New York grand opera company.

The concert will be held at the High school hall under the auspices of the Sons and Daughters of Italy, a Manchester organization. Mr. Netto, director of the Venetians, received his early musical education in New York, later going to Milano, Italy, where he was admitted to the Royal Conservatory of Music of Giuseppe Verdi.

In addition to being a fine singer and artist, Mr. Netto is also a flute virtuoso, having recorded for the Columbia Graphophone Company and assisted such fine artists as the famous soprano, Giamina Dewitt of the La Scala Opera Company. Mr. Netto will be accompanied at the piano by Mrs. Louisa Netto.

A telephone message travels at the rate of 56,000 miles per second.

BABY ABANDONED
Bridgeport, Conn., April 6.—A baby boy was abandoned on the steps of Bridgeport hospital today and was discovered by the mother of one of the nurses as she was leaving after a call. No clue to the child's parentage has been discovered.

HARTFORD'S ELECTION IS STILL IN DISPUTE

Democrats Contend That Moderator Has No Right to Postpone Inquiry.

Hartford, Conn., April 6.—Chances for a real contest over the city election of last Tuesday, were increased today when the right of U. E. Guthrie, city moderator, to act on the election was questioned by political leaders.

Guthrie today postponed until next Tuesday the continued city meeting at which the vote of last Tuesday was to be ratified or rejected. The meeting originally was scheduled for today but the holiday interfered.

Leaders today contended that Mr. Guthrie's power to act is gone because he has permitted more than 24 hours to elapse since the polls closed before he canvassed the vote. Mr. Guthrie himself insisted he has the right to canvass the vote when he desires.

Meanwhile the City Council, acting on strictly political lines, has voted to validate the election. The count was sixteen for validation and nine against. Three members of the council were absent.

Democrats insist they will ask for a recount when Mr. Guthrie has finished his work. They say that the voting machines totaled more ballots than the check lists contained.

AUTHORITIES BAN MINT SLOT DEVICE

Machines That "Pay" in Candy or Nickles Ordered Out of Action Here.

Upon orders from Prosecuting Attorney Charles R. Hathaway, Manchester police late yesterday afternoon warned all Manchester store proprietors having a certain type of slot machines in their possession that their operation is nothing short of gambling and against the law.

The proprietors were notified that hereafter they would be prosecuted if they continued to operate the slot machines. It is understood that there are only nine of the machines in Manchester. Notice of the ban was given to the proprietors at 3:30 yesterday afternoon by Motorcycle Policemen Rudolph Wirtalla and Patrolman John McGinn.

Examined by Police The machines were examined by Lieutenant William Barron and Patrolman McGinn yesterday following several complaints which have come to police headquarters from parents of young boys who have lost considerable money "playing" them.

The machines contain rolls of mints and tokens. If one hits a lucky number, he gets a varying number of tokens and has the option of getting a roll of candy for each one or cashing it for its face value, five cents. These machines are said to be in operation in many cities.

KEITH CLUB ALL HET UP OVER ITS COMING SPREAD

Furniture Sellers to Have a "Regular Time" at Lobster Palace on Wednesday.

There is a lot of enthusiasm over a dinner and entertainment which the Keith's Furniture Club will stage at the Lobster Dining Room in Hartford next Wednesday evening. This will be the club's first major affair and everyone at the store is looking forward to the event.

The entertainment committee is working "tooth and nail" as the chairman, Louis B. Hennequin, puts it, and the club members say the entertainment ought to be a pip.

A glee club has been organized consisting of Bill Keith, Frank Chamberlin, the young man with the charming tenor voice, Al Millward, Bill Murphy, Edna and Modern Clarence LaCose, who sings bass, Betty Clulow and Helen Graham.

The general committee send this message to the members of the club: "It's a pretty dull day when there isn't something of a surprise nature doing at Main and School streets, but April 11 will be the night of all nights, so dust off your tuxedos, boys, and mend the moth-holes or you'll be bemoaning your luck for not being an early bird and getting the best seat at the table."

Every healthy chap's a feaster Thus he celebrates his Easter.

BLIZZARD IN WEST

Chicago, April 6.—Omaha, Nebraska, is isolated by a severe blizzard, according to reports here early today.

All wires to the Nebraska city are down and telephone and telegraph companies reported almost all wires out west of Des Moines, Iowa.

The Nebraska storm came in the wake of a series of tornadoes, which earlier in the week swept over Oklahoma, Kansas and Texas, taking a toll of seven lives and causing heavy property damage.

Chicago was darkened today by a heavy fog which presaged stormy weather. The temperature here dropped overnight from 60 degrees to near freezing.

AVIATOR ARRESTED

Hartford, Conn., April 6.—Walter H. Mitchell, 29, of 2312 Loring place, the Bronx, New York, was today awaiting the arrival of New York police who are seeking him on a charge of issuing worthless checks. Mitchell arrested at Brainard Field yesterday afternoon by George Panatits, state inspector of aircraft, when he landed there with a plane, was sent to jail in default of \$500 bail when he was arraigned in Police Court today.

Inspector Panatits held the visiting aviator as a fugitive from justice and then turned him over to the Hartford police for safe keeping.

GANG VENGEANCE

Waltham, Mass., April 6.—Recalling the threat of gang vengeance made against those who testified for the Commonwealth in the so-called "Carbarn" murder case, police today were searching for four murderous young thugs who brutally attacked Osborne Wingate, 26, of Waltham, with a lead pipe. Wingate was a star witness for the state in the trial which sent three convicted murderers of an aged Waltham carbarn watchman to the electric chair.

Winston Churchill, is the name of both a British statesman and an American novelist.

FOR SALE - 6 ROOM HOUSE with bath on Hackmatack street... KANSAS AND TEXAS: SIGN ARMISTICE IN WAR OVER CYCLONES: Topeka, Kan. - An armistice has been signed between the states of Kansas and Texas, with regard to their tornado and storm records. Governor Ben S. Paulen, of Kansas, received an almanac, published by a Dallas newspaper, in which "nada" appeared. Taking exception to this, the Kansas governor gained statistics from Washington, which revealed, that of five southwestern states, Texas was ranked third in the relative amount of damage done by cyclones while Kansas was ranked fifth.

ARCHITECTS TO HOLD ANNUAL CONVENTION AT ST. LOUIS IN MAY: St. Louis, Mo. - The sixty first annual convention of the American Institute of Architects will be held here May 16, 17 and 18 with health and safety in the building industry as the keynote topic. As one of the largest industries in the nation building construction faces economic problems which the public has a right to demand shall be studied by the three factors - architects, builders and workers - according to D. Everett Waid, former president of the Institute and a member of the committee on an important part of the safety program which the specifications he can and should require while the building is being constructed for the safety of the workmen and for those who will occupy the building later.

By Frank Beck: I'M JUST AS GLAD I'M NOT A MILLIONAIRE. WHEN THE PAPER COMES AT NIGHT I DON'T HAVE TO GRAB THE FINANCIAL PAGE AND FIGURE UP HOW MANY STOCKS I'VE FANNED OUT ON ME. NO, SIR, NONE OF THAT HERE. TODAY AND TOMORROW STUFF FOR MINE.

As one of the largest industries in the nation building construction faces economic problems which the public has a right to demand shall be studied by the three factors - architects, builders and workers - according to D. Everett Waid, former president of the Institute and a member of the committee on an important part of the safety program which the specifications he can and should require while the building is being constructed for the safety of the workmen and for those who will occupy the building later. But while the primary responsibility for the operations rests upon the architect, cooperation is also needed from the general contractor and each sub-contractor and finally in equal importance from the mechanics of many trades by intelligent personal care, Waid declared. The artist has sketched here the entrance into Wasatch National Forest, Utah, of a flock of sheep. Forest officers count the flocks before they leave the corral in order that the government may determine the amount of the fee due for the use of the range. The forest ranger must know something about raising cattle, sheep and horses. Many railroad ties are cut from the national forests. They are counted and stamped with a "U. S." by forest officers before they are marketed. The government charges the cutter so much per tie hewed from green or dead trees picked out by men of the forest service. (Next: Our Feathered Friends)

FLAPPER FANNY SAYS:

Not every diamond is a stepping stone to the altar.

SENSE and NONSENSE

Critic—"You have made your hero too hotheaded, I'm afraid." Budding Author—"How do you mean?"

"Well, he has a lantern jaw to begin with. And so his whole face lit up! His cheeks flamed, and he gave a burning glance, and then, blazing with wrath and boiling with rage, he administered a scorching rebuke."

Parents are not always careful about who kisses the girls when they are babies, but when they grow up some of them are even more careless about that than their parents were.

In the spring a young man's fancy fondly turns out schemes to loaf.

"Bill's awfully absentminded, isn't he?" "Why?" "Why, the other night he was driving his sister over a lonely road and when they came to a dark stretch he had parked the car before he realized it was his own sister."

LETTER GOLF

Out where the oil wells gush the mud is sometimes pretty bad but there are other ways of having OIL make MUD of which letter golf is one. Par is five and one solution, that you may be able to beat, is on another page.

Letter golf grid with letters O, I, L, M, U, D.

THE RULES

- 1-The idea of letter golf is to change one word to another and do it in par a given number of strokes. Thus to change COW to HEN, in three strokes, COW, HOW, HEW, HEN. 2-You can change only one letter at a time. 3-You must have a complete word, of common usage, for each step. Slang words and abbreviations don't count. 4-The order of letters cannot be changed.

Their Good Work. The wild flowers blooming all around. Seem desperately trying to cover up with rindance. The pesky dandelion.

Puzzle: Find the easy in easy sayments. Speaking of degradation: think of the punch bowl converted into a aquarium for gold fish.

THE TINYMITES

READ THE STORY, THEN COLOR THE PICTURE

The sun shone brightly over the Tinymites moved and, as the Tinymites moved, we Scouty said, "We sure heaps to be real thankful for everywhere we go, it seems to have new fun. It's just like us. Just think, we've taken to wonder places by the sea. The rabbit took a lively bound and then slowed up to look around. "Oh, look," cried Scouty, "There's a little town not far ahead. Giddap there, rabbit!" So, once more, the little rabbit gaily tore. Said Scouty, "That was nice of him. He did just as I said." They reached the town. It was a treat. "I wonder whom we're going to meet," said Copy as the rabbit stopped. And then there came a man. "I am the butcher man," said he, "so hop out of that pan."

(The Tinymites meet some queer new friends in the next story).

ABOUT TOWN

Miss Emma M. Clover of Woodbridge street who has been spending the winter at West Palm Beach will leave Florida shortly for the trip home, stopping at different places on the way.

The Men's Choral club will rehearse as usual this evening at the South Methodist church, and as the spring concert is to be given next Wednesday evening in High school hall, Director Archibald Sessions hopes for a full attendance at all the final rehearsals.

Andrew Jespersen of North School street is spending the weekend in New York City.

Group 2 of the Memorial Hospital Linen auxiliary will meet to sew at the School street Recreation Center Monday afternoon at two o'clock.

The regular meeting of the Manchester Green Community club this evening will be followed by a lecture on the new stereopticon by Miss Mabel Lapham, principal of the Green school.

Chapman Court, Order of Amaranth will meet this evening at the Masonic Temple. The business will include the ceremony of initiation. The past matrons and past matrons will come together after the meeting to discuss plans for the birthday celebration.

Mrs. G. D. Olds, veteran missionary of Japan will be the speaker at the missionary meeting Sunday evening at 7:30 at Second Congregational church.

Miss Anna Sullivan, teacher in the Buckland school is spending the Easter vacation in Worcester, Mass.

Mr. and Mrs. William C. Cheney left yesterday afternoon for a trip of several months to the Orient. Mr. and Mrs. Cheney are accompanied on the trip by a party of New York people. Mr. Cheney is making the trip in the interests of the Silk Association of America.

Members of the Men's Friendship club of the South Methodist church will meet the new pastor of the church, Rev. Robert A. Colpitts, on Monday evening. Dinner will be served at 6:30. Following the supper a business meeting will be held at 7:30 and a social get-together meeting at 8:15. There will be a speaker and the evening will be free and easy.

Rev. W. P. Reidy, rector of St. James's church will be the speaker at the monthly meeting of the Buckland Parent-Teacher association Monday evening. Y. W. C. A. girls of Hartford will provide the program. Plans are progressing for the costume masque which the association will give in the assembly hall of the school Wednesday evening. Four prizes will be given for the best and funniest costumes.

The monthly meeting of the Star of the East, Royal Black Perceptory No. 13 which would ordinarily take place this evening has been postponed until Tuesday, April 17, at which time several candidates will receive a higher degree.

William Carr was sent to jail for 15 days by Judge Raymond A. Johnson in the police court this morning for intoxication. Carr was arrested on complaint of his mother has been before the court on several previous occasions.

REV. R. A. COLPITTS WILL ARRIVE HERE TOMORROW

Rev. Joseph Cooper and Mrs. Cooper Leave Today For New Home in Norwich.

Rev. Robert A. Colpitts of Fall River, appointed to the pastorate of the South Methodist Episcopal church at the Southern New England conference of the Methodist church this week is expected to arrive with Mrs. Colpitts in Manchester tomorrow. Mr. Colpitts will preach his first sermon here on Easter Sunday.

Rev. Mr. Colpitts comes here after having been pastor of the Union church in Fall River for seven years. It was during his pastorate there that a new \$400,000 church was built. He was also signally honored at the late conference by being chosen one of the three ministerial delegates to the General Conference of the Methodist Episcopal church which will be held in Kansas City in May.

Rev. Joseph Cooper and Mrs. Cooper left today for Norwich where Mr. Cooper will be pastor of the Trinity Methodist church.

WILD GEESSE FLY OVER SEVERAL NIGHTS IN ROW

Spring is here, according to residents of the west side who have been hearing the honking of wild geese on several nights this week. The birds have been flying in their traditional triangle toward the north, skirting the town on the west side.

On moonlight nights flocks have been observed flying rather low, their cries sounding clearly. As far as can be learned, no flocks of the geese have alighted in this vicinity, however.

For the past three nights the peepfrogs have been chorusing from every swampy spot in this vicinity.

HAVE RECORD RUSH OF EASTER BUYING

Stores Here Crowded Last Evening; Some Had to Extend Their Hours.

Manchester retail stores report an unprecedented Easter buying rush last night. Main street was crowded all evening and extra help in the stores was hard put to handle the steady stream of customers. Clothing and haberdashery stores reported a rush of business that in some places lasted until long after the usual closing hours. Flower shops were crowded with people buying Easter lilies or bouquets.

Easter trading, some merchants said, had not been so good up to last night but with the impetus it received then the merchants expect Saturday to be one of their record trading days.

The remarkably warm weather of the last three days is credited with the suzzeness of the big trading spurt.

CHURCH MEMBERS BUILD UNUSUAL STAGE SETTING

Scenery For "Claudia" at Center Congregational, Fine Work By Amateurs.

Ingenuity and industry of a volunteer group of men, members of the Center Congregational church have provided a striking stage setting for the religious play "St. Claudia," which is to be produced at the church auditorium, on Easter evening.

The play, which centers about Claudia, wife of Pontius Pilate, and which won, in 1924, the prize offered by the Drama League of America for the best play on a religious subject, calls for a setting representing the open court of the palace of Pilate at Jerusalem—a rather ambitious bit of scenic art.

Several members of the church tackled the job, however, and after a good many hours of hard and skillful work the setting is in place today, completed as far as it can be until just before the production. It will have to be taken down again, because of regular Easter services in the morning and a baptism in the afternoon, but the amateur stage carpenters and scene painters will hustle the fittings into place late Sunday afternoon.

The setting consists of a colonnade of four square pillars fronting a court which is backed by a low stone wall, the niche standing on an eminence. Beyond the stone wall are visible the domes and upper portions of the palace, with the tree grown city of Jerusalem spread out in perspective in the middle and far distances. The wall and the more distant features are painted on a single drop, but so excellent is the perspective that from the auditorium floor that fact is scarcely detectable. The colonnade is built of some sort of fabricated board and is colored to represent stone.

The coloring of the drop is brilliant without garishness and the effect is really that of an ancient oriental city bathed in sunlight.

The group who achieved this unusual success in non-professional scene making consists of R. LaMotte Russell, Holgar Bach, William J. Parks, with John Olson painting contractor, assisting to the extent of mixing colors and "laying off" the stone wall markings. The same group did all the carpenter work involved, which was not a little. Louis N. Heebner and James McCaw, also members of the Center church, will attend to the lighting effects, which are important.

Incidentally Rev. Watson Woodruff, pastor of the church, declared that he has the "best gang of doers," when things need to be done, that he ever encountered in any church.

should be pointing at the zero mark on the dial.

If the needle, under this condition, is pointing toward the charge side, the generator is overcharging the battery. If it points toward the discharge side, the generator isn't charging enough and the lighting system is draining the battery.

Pointing of the needle at zero, with lights working and car going at 25 miles an hour, shows that the generator is supplying just enough energy to light the lights while the battery is resting. The energy the generator supplies during the day goes into the battery to keep it prepared for the job of starting the car.

If the generator has been adjusted to this point properly and the needle begins to move over toward the discharge rate despite this adjustment—the assured your battery is drained dry. Another sign of this state of the battery is dimming of the headlights.

Then, all that's needed is to re-charge the battery and go on.

The ammeter also will tell when the battery terminals are corroded. The needle will shift over to the discharge side. Cleaning of the corroded terminals will bring the needle back to the zero mark.

The charging rate of the generator needn't be any higher than about 10 amperes, at 25 miles an hour, except when the automobile is being used more often at night than by day, or there is much starting and stopping.

If the generator keeps charging at a higher rate, there is the liability of burning out the headlights or tail light.

This, in fact, is one of the causes to look for when the headlamps burn out too often. The generator charging rate need only be reduced slightly to correct this fault.

That should best be done by a service station ignition man.

CARS SHIPPED CHEAP
Automobile transportation by rail in England is cheap. The rate is three pence a mile over a minimum of 50 miles. Two adults must accompany the shipment, however.

The Modern Camel

Spring having come, the motorist should give his automobile the same thorough cleaning and overhauling that the housewife gives her home.

Winter has been hard on the car, and various things have to be undone in the mechanism that had to be done for the hard winter.

Besides, a clean automobile gives the owner a sense of pride and satisfaction in his automobile and gives him a fresh start in its careful operation.

But most important is taking off the winter and preparing the automobile for warmer weather.

First the cooling system. If glycerine has been used in the car, the solution might be drained out, allowed to settle, skimmed off and kept for next winter—if we're as economical as all that. For the remaining glycerine is just as good as new.

At any rate, whether it be glycerine or alcohol, the liquid should be drained out and the system thoroughly cleaned and again tightened up. Running water through the system, while the engine is running, is the best method.

Then, with a fresh supply of water, the cooling of the car for summer is cared for in this tire. If there's a winter shudder, that too should be taken off.

The carburetor now may be adjusted for leaner mixture, for there will be less difficulty in starting the engine and keeping it going.

A quarter turn of the adjusting screw is all that is needed for this. The instruction book tells how this may be done for your particular car, but if you're not sure even then as to the proper way to turn, or the right screw to adjust, it would be better to run the car into a service station for that operation.

In the matter of spring cleaning, there's the important task of getting all the muck and grease off the chassis underneath the body, while the body itself is being washed.

Then all joints should be greased, the oil should be changed in the crankcase, a heavier grease should be put into the transmission and parts that need oiling should be attended to.

The battery, too, should be filled with distilled water.

And now, since the days are getting longer, there's not so much of a drain on the battery's power. Therefore the generator may be adjusted for a slower rate of charging, in order to keep it from overcharging the battery.

The tires need inflation to their proper pressures. Usually the front pair sets two or three pounds

less pressure than the rear. But care should be taken that they should not be inflated to any higher pressure than that recommended by the manufacturer.

At the same time, the tread should be inspected carefully for cuts and other bruises. They should be filled with the rubber preparation sold by the various tire companies. This would lengthen their life considerably.

The spare tire should also be inflated. It would be advisable to release all the air in this tire, if it has not been in use for some time, and put in fresh air to the pressure of the rear tires. Then, if the spare is needed to replace a front tire, it is easy to let out some of the air to conform with the required pressure.

After the body has been cleaned, little cracks and nicks will be found here and there especially at the joints, where the lacquer has been chipped off.

Tab these places with some enamel before the moisture gets in and cracks off more of the lacquer finish.

These spots are found especially along the molding and the fenders, at the bolts. A dab of black enamel at these spots will enhance the appearance of the car and will prevent further chipping of the finish.

AS THE AUTO GOES SO GOES BUSINESS

New York, April 13.—The picking up of automobile production in this country should be encouraging to all other businesses, says O. P. Pearson, statistician of the National Automobile Chamber of Commerce.

Figures, he says, show that automobile manufacturers buy 14 per cent of the rolled steel and iron, 30 per cent of the domestic production of gasoline and other materials in vast quantities.

Naturally, he adds, increased production of motor vehicles increases the market for these products, which boosts business in general.
