DREISER A WITNESS

Boston, April 17.—Trial of Donald S. Friede, New York publisher of Theodore Dreiser's "An American Tragedy," charged with publishing obscene literature, was resumed today before Judge George H. Hayes and a Suffolk county jury.

The author, called to the witness stand, had little chance to testify concerning his book, as most of the questions asked by his counsel were objected to by the prosecution.

Meanwhile, the Ford Hall Forum's 21st anniversary frolic, called a "Mockery of Censorship" was but a memory today. The dramatic highlight was reached when Mrs. Margaret Sanger entered with a gag over her mouth. And there was also the presentation of Percy Marks, handcuffed, being led by Gardner Jackson, dressed as a policeman.

Among those present was Clarence Darrow, famous criminal lawyer who scored hypocrisy.

DEFINITE RESERVATIONS AT TOWN PLAYERS NEXT

Numbered Seats to Be Sold Instead of Usual General Admission.

Because the Town Players believe that the usual Manchester plan of "rush" reserved seats is not fair to the person who pays more for a good seat, the organization will sell definite reservations for "A Bill of Divorcement," Wednesday, April 24, so that the holder of a reserved seat ticket will have a seat waiting for him regardless of the time when he reaches the Circle theater.

The holder of a general ticket may, by paying an additional amount exchange his ticket for a reserved seat. The reserved seats will be sold at the East Side Recreation Center until 6:00 o'clock on Wednesday, April 24, when any which remain will be taken to the Circle theater and sold at the box office.

This step is a part of the Town Players' policy of adopting less unbusinesslike methods which will be in keeping with their use of a real theater and their selection of plays

whose quality involves the payment of a high royalty for the production.

Although the south of England enjoyed good weather in 1928, in Westmoreland it was one of the wettest years on record, with a total rainfall of 72 inches.

Flames leap outwards from the surface of the sun at the rate of 20,000 miles a minute and sometimes reach a height of half a million miles, according to a California scientist.

CUBS' FOOTBALL BENEFIT TONIGHT

A variety of excellent entertainment is offered at the Circle theater this evening, where the Cubs football team are to hold their annual benefit. The program comprises vaudeville, amateurs, screen novelties and a big screen special, "The Main Event." Music during the entire performance will be provided by McKay's orchestra of eight pieces. The performance will begin at 7:30 o'clock.

The program is so arranged that late comers will be enabled to see the entire program as the feature picture, which will be shown first, will be again presented. Although there has been a good advance sale of tickets, reservations have been made for the general sale this evening so that friends and supporters of the Cubs and those seeking an evening of splendid entertainment need have no fear of being unable to obtain comfortable seats.

The proceeds to tonight's benefit will go toward the improvement of the Mount Nebo playing field, accident insurance and current expenses. It is not generally known, but never the less it is a fact, that the Cubs have done considerable unheralded charitable work during the past year. This afternoon the Cubs, through the courtesy of Manager Von Pilski of both the State and Circle theaters, aided the milk fund committee in its performance to obtain funds.

Since the expulsion of Buddhism by the Yi dynasty in the fourteenth and fifteenth centuries, the Korean people have been accustomed to the use of meat as an article of diet.

BABIES GAIN BY THIS SIMPLE METHOD

Doctors say, souring waste in baby's digestive tract is usually back of any failure to gain weight according to schedule. And the best proof, this is true, is the quick way, weak, fretful, puny babies improve when you cleanse their stomach and bowels and put them in order with a few dashes of purely-vegetable, pleasant-tasting Fletcher's Castoria. This gentle, harmless preparation is the doctor's first thought to relieve those ill babies and children, such as colic, gas, constipation, diarrhea, colds, etc. Just be sure you get genuine Castoria in the bottle that bears the Fletcher signature.

KING'S DAUGHTERS HERE OPEN JUNIOR CIRCLE

Impressive Service of Admission Is Held—State President Attends.

Ever Ready Circle King's Daughters sponsored an impressive formal admission service last evening at Second Congregational church for the Junior circle which it has recently organized.

The program was as follows: Organ Prelude—Mrs. R. K. Anderson. Hymn by the Congregation—"Bless be the Tie that Binds." Address of Welcome—Rev. F. C. Allen. "Largo" by Handel—G. Clef Glee Club. Scripture Reading—Miss Ethel Fish. Prayer—Rev. Marvin Stocking. "Jerusalem" from Gail, by Gounod—Glee Club. Admission Service—Mrs. George Prior. Offertory—

Greeting to new members—Miss Annie Waters. Reve Anglique by Rubinstein—Glee Club. Mizpah Benediction. Mrs. George Prior, for four years international president of the King's Daughters, and now president of the state branch, gave a short address to the new circle. These eight girls have chosen for their name "The Sunnyside Circle."

They will hold their meetings at the Sunnyside School with Miss Fish then leaving. To each girl Mrs. Prior gave a verse, to some, the Beatitudes and to others "A Merry Heart Doeth Good Like a Medicine." "Be of Good Cheer," "The Lord is My Shepherd" and "Feed My Lambs."

In her address, Mrs. Prior took for a text, "Her Name Shall be Remembered." She went on to illustrate famous women whose names will always be remembered—Clara Barton, founder of the Red Cross; Frances Willard, organizer of the W. C. T. U.; an' Mrs. Margaret Bottomo, beloved originator of "The King's Daughters." She urged the girls to make their lives useful as true Daughters of the King.

Miss Annie Waters, retiring county president, told the girls of several circles in Hartford recently celebrating their 20th, 30th and even 34th anniversaries. She said these older circles were especially glad to hear of younger circles being started.

The young women of the G Clef Glee club rendered three very beautiful selections accompanied by Mrs. R. K. Anderson at the organ and directed by their leader, Helge Pearson. This ministry of song greatly added to the beauty and significance of the service.

When pins were first invented, in the fourteenth century, the mak-

er was allowed to sell them only on the first two days in January. The pins were so expensive that it was the custom to give as a present a sum of money to be used as "pin-money." Hence the term.

SOUND, intelligent advice on child training. Practical and sensible. The sort of advice that parents everywhere can use and profit from.

An oft-repeated question today is "What is the younger generation coming to?" We hear it from pulpits, read it in magazines and books.

We believe the answer lies with the parents themselves—in conscientious application to the task of child training. And Olive Roberts Barton, successful both as mother and writer, contributes daily a valuable column on this all-important subject.

STORM BALKED TROLLEY CARS LATE YESTERDAY

During yesterday's storm the Connecticut Company managed to maintain the operation of its cars on regular schedule until 4:30 in the afternoon. Then two poles were blown down in the West street section of Rockville, cutting off the power from the sub-station at West street and leaving the cars insufficient power to travel at the usual rate of speed. Cars beyond Talcottville made the grades with difficulty and could not be sent along in pairs. This continued until 6:30, when the poles were cut away and the high tension wire which had been broken was repaired. It was necessary to "pull" the high tension wires while this was being done and this resulted in the slowing up of all cars on the lines from Burnside out, including the South Manchester line.

COLUMBIA

Miss Mildred Latham, who has been in Willimantic for several weeks has returned to Columbia and is staying with her sister, Mrs. Florence Badger.

Rev. T. Newton Owen, a former Columbia pastor, stayed over night Thursday at the home of Mr. and Mrs. H. W. Porter, on his way home to Maine.

Miss Alice Hennequin who has been in St. Joseph's hospital several weeks following a serious operation, returned to her home in Columbia last week.

Mrs. Ruth Jacobs has been spending several days at her cottage at Grotton Long Point. In the absence of the pastor, Rev. John Howell, the Columbia pulpit was occupied Sunday morning by Mr. Bean, a fellow student at the Newton Theological Seminary. His subject was, "Love's most difficult problem" and his text was "Love your enemies." His talk to the children was on "Keep your hearts with all diligence."

Miss Myrtle Collins spent the week-end in East Hartford at the home of her sister, Miss Lura Collins.

Mr. and Mrs. Raymond Lyman motored to Wethersfield Sunday afternoon to visit Mr. Lyman's mother, Mrs. E. E. Lyman.

Next Friday afternoon Miss Stark, representing the Davis Baking Powder Company will give a demonstration at the hall on cakes and frostings. All ladies are invited. The meeting will be at 1:30.

There was a meeting of the Christian Endeavor society Sunday evening as the local society was invited to meet with the Hebron society, at which a deputation from Wesleyan was in charge.

The annual meeting of the Columbia Burying Ground Association was held Saturday evening at the chapel. The following officers were elected: President, E. P. Lyman; vice-president, William Wolf; secretary and treasurer, C. E. Hunt; finance committee, H. B. Hutchins, William Wolf, H. C. Isham.

The temperature Sunday was in decided contrast to a week ago, today's temperature at noon being 38 as against 38 last Sunday. The ground has been white with snow most of the time for the past few days, which it is feared will prove disastrous to trees and shrubs which got such a start during the warm days.

Theaters

At the State
"In Old Arizona," the William Fox all-talking Movietone picture now playing at the State theater, is considered by leading film critics to be the most unusual screen attraction of the season. This is probably true in one sense of word in that it is the first talking picture to be made out-of-doors that employs sound effects of any kind. "In Old Arizona" is a colorful and thrilling story of life and love along the border of the Rio Grande. It takes you into the quaint atmospheric setting of a Mexican town and shows the audience the adventures of gay handellers and smiling sonatas. Those prominent in the cast are Edmund Lowe, who plays the part of a soldier seeking thrills and finding plenty of them; Warner Baxter, who essays the part of a Mexican bandit and beautiful Dorothy Burgess who is ideally cast as a Mexican beauty. All three of these stars are seen and heard to the very best of their ability.

The companion feature for today and tomorrow presents Rod La Rocque, the dashing young hero of many sparkling comedy-drama, in his latest Pathe starring vehicle, "Love Overnight." A Tiffany-Stahl Colorclassic will be shown in conjunction with the two features, Friday and Saturday of this week. The State will present Paramount's new 100 per cent all-talking picture, "The Dummy."

ROMANCE SHATTERED

Washington, April 17.—The romance of Lillie Roosevelt Lee, daughter of Mr. and Mrs. Robert Roosevelt, and cousin to Mrs. Nicholas Longworth, has gone on the rocks, and she is back at her parental domicile.

James Lee, young Boston and Washington clubman who tried newspaper reporting for a while, is in New York. Their one child is with Mrs. Lee's parents. The couple eloped in May, 1922.

No cause for the separation could be ascertained today, and it became known through the fact that Mrs. Lee gave up her local home to return to that of her parents.

BELL OUT ON BAIL

New York, April 17.—With Samuel E. Bell, elderly oil producer, free on \$10,000 bail charged with second degree manslaughter in connection with the death of Arthur Morgan Smith, wealthy Cleveland business man, attaches of District Attorney Joab Bantow's office were busy at work today assembling evidence to present to the Grand Jury.

The manslaughter charge, in the event of conviction, carries a possible 15 year imprisonment sentence, a \$1,000 fine, or both. The charge against Bell came as the aftermath of a dinner party at the Hotel Marguery here when

as the party guests were leaving, Bell and Smith engaged in an altercation as to which should escort Mrs. Robert L. Brown, attractive southern society matron, of Louisville, Ky., to the Hotel Plaza where she was staying.

It is alleged that Bell knocked Smith to the ground, inflicting injuries which resulted in the Cleveland man's death a few hours later. Evidence in the case will be placed before the Grand Jury early next week, possibly Monday, it was said.

Forty aldermen from Chicago took a short vacation in Excelsior Springs recently. There was quite a lot of construction work going on at the time and the officials whittled away the time watching and listening to the riveters.

FARMS' RICH FRIEND

President Hoover's understanding of farm relief, as evidenced by his message to Congress, seems to be that the United States government should put itself in the position of the wise, well-to-do and deeply interested friend who sets himself to the task of assisting a hard working and exemplary young man to make his way in the world without placing him under undue obligations or undermining his self-reliance or sense of responsibility.

OBsolete Cruisers

During the cruiser controversy in the last Congress, when our statesmen so gallantly went ahead with the authorization of some fifteen 10,000-ton cruisers, this newspaper had the temerity to assert that the ships would be obsolete before they were launched but that nobody cared anything about that so long as the building of them and the manning of them gave plenty of jobs and made promotion in the Navy quicker.

NEEDS RENOVATING

If the national House of Representatives fails to adopt the resolution presented this week by Mr. La Guardia of New York, calling for a complete investigation by a House committee into the entire bankruptcy practice in the inferior courts of the United States, it will not be because there isn't urgent occasion for such an investigation.

Alexander And Grimes Feature Opening Games

Rain Washes Out All Games In East and May Duplicate Stunt Today; Need Shorter Schedule.

Washington, April 17.—President Hoover's baseball arm may be kept in cotton wool for another 24 hours. He is scheduled to throw out the first ball of the season here today at the opener between the Nationals and the Athletics, but early this morning game prospects were dubious. The capital has had 48 hours of continuous rain, accompanied by falling thermometer. It was cold and still drizzling this morning. They will play it at all possible, however, club officials said.

Boston, April 17.—Rain and soggy playing fields again today upset the opening of the baseball season here, with the Brooklyn Dodgers ready to play the Braves in the first game of the National League race and Harvard and University of Maine ready to open the college diamond season.

New York, April 17.—Baseball being a young man's game and there being no argument about it, perhaps it isn't worth mentioning today that two of the four games featuring the semi-inaugural of the major league season yesterday were won by a couple of citizens who were young even before you and I, Maggie, Burleigh Grimes, a pitcher of his 16 years, and poor, old doddering Alexander, starting his twentieth season in baseball at the tender age of 42, simply could do no better than usual. All they could do was win.

Alexander and Grimes added a side dish of apple fritters to the "youth must be served" menu by shutting Mr. Hornsby's Cubs right out for the first seven innings. Youth, as a matter of fact, was served yesterday. It was served with an assortment of first class pitching all day long and today it could take the blindfold test with its eyes open. Of course, there is perfectly good explanation for Alexander's performance. Everybody knows that extreme care and barber's lotion have kept him young all these years.

Need Shorter Schedule. Outside of these pertinent developments, yesterday's 50-proof opening, with the entire east rained out, was worthy of attention only because it furnished further evidence to baseball that it can't play a 154-game schedule in as many playing days. This, in fact, is an excellent time to get indignant at the ball magnates, since annually a high dudgeon overcomes me in this connection and I think it might be well to have my dudgeon early. The logical procedure is to change the climate that obviously has changed during recent years is to start later and finish earlier, with everything decided on a basis of 140 games. Baseball, of course, will ignore any such suggestion in a great, big way, I suspect it, in fact, is having a vulgar interest in money. Anyway, it will be opening day in the east again this afternoon and just another ball game in the four cities of the west. The latter saw plenty of good pitching yesterday, and above the performances of Alexander and Grimes. Sam Gray showed tendencies toward resuming his campaign of frightfulness where he left off with the Browns last year by limiting the White Sox to a run and five hits and Whitehill, Shaute and Hudlin at least gave a good average performance during the Indians 11-inning decision over the Tigers.

Incidentally, the pennant chances of the Cardinals and Pirates benefited accordingly with Alex and Grimes getting away, running. Start Season Today. The east's premiers today will feature the appearance of Mr. Ruth, the celebrated bridegroom, at the Yankee Stadium. The Yanks, trying for a league record with four straight pennants, will draw the Boston Red Sox and a 60,000 crowd, provided the weather man rides up on a galloping horse with his reeve. In Washington, Walter Johnson again will make an attempt to get his Senators into action against another hot contender, the Athletics, and it is understood that President Hoover will be among those present, unless he goes and forgets his nice, new gold pass. The remaining eastern openings are to feature the Phillies and Giants in Philadelphia and the Dodgers and Braves in Boston.

ONLY 98,000 FANS SEE OPENING GAMES. Although the Pittsburgh-Chicago game at Chicago set an opening day record of 50,000 for the Cubs, yesterday's four baseball inaugurals attracted a total of only 98,000 fans due to unfavorable weather. Fifteen thousand saw Detroit play Cleveland; the attendance at the St. Louis-Cincinnati game was 25,500 and only 7,500 saw the White Sox-Browns opening.

BRUSHING UP SPORTS . . . By Laufer

Perhaps a wind at his back did help Claude Bracey, young Rice institute sprinter, run the 100 in 9.4 seconds at a recent relay meet in Texas. Of course, this time won't be recognized as a world record for the short sprint, but it is convincing proof that the Texan must be considered one of the greatest sprinters of all time. It was just a year ago that Bracey came into national prominence when he stepped off the 100 in 9.5 seconds. The wise ones said

And This Means Big Help to Cards; Batting Hero of Team's Opening Victory. New York, April 17.—The St. Louis Cardinals' prospects of retaining the National League championship this season were enhanced somewhat today by the fact that Chick Hafey, their slugging outfielder, has fully regained the use of his left eye through a special pair of glasses. The Californian contends that his eyesight is 75 per cent better than it was last fall, when he suffered from a severe attack of sinus trouble in his port orb.

Boston, April 17.—With 32 new entries today the list of entries for the Boston Athletic Association's Patriotic Day marathon from Hopkinton to Boston today reached 190. This is the third largest list in the history of the Unicorn's long grand. Last year was "Olympic Year" and the entries reached the enormous total of 286 with 243 starters.

STATISTICS

Table showing statistics for Kaminsky and Gardner.

LOSES A BIG LEAD

Kaminsky had a lead of 20 points at the midway mark and was leading by 21 with three-quarters of the block over.

BRILLIANT COMEBACK

The statistics reveal that the men fared about even in scratch shots, safety plays and high runs.

NATURALLY, THE BREAKS WILL HAVE AN IMPORTANT PART IN SETTLING THE ISSUE IF THE SCORE IS CLOSE.

AND, IN CONCLUSION, LET ME REPEAT THAT IT OUGHT TO BE A GREAT BATTLE TONIGHT.

MURPHY-BERTHOLD LEAD BY 111 PINS.

Table showing final scores for Kaminsky and Gardner.

Kaminsky Beats Gardner 105 to 100 Last Night But Latter Retains Six of His 11 Point Lead; Brilliant Comeback by Gardner is Feature.

Scratch shots: Gardner 8, Kaminsky 6. Safety shots: Kaminsky 16, Gardner 14. Fouls made by: Gardner 2, Kaminsky 0. High runs: Kaminsky: 13 and 12. Gardner: 12 and 12.

BY TOM STOWE

Johnny Gardner will enter the final block of his town championship pocket billiards match with Billy Kaminsky tonight leading by the slim margin of six points.

Kaminsky won the second leg of the match last evening at the School Street Recreation Center when he defeated Gardner by a score of 105 to 100.

It was sterling defensive play in the form of well planned and neatly executed safety shots during the latter part of the match that enabled Gardner to retain part of his lead.

Gardner was playing a very "tight" game during these racks leaving Kaminsky scarcely a shot when he concluded his runs.

The statistics reveal that the men fared about even in scratch shots, safety plays and high runs.

Naturally, the breaks will have an important part in settling the issue if the score is close.

And, in conclusion, let me repeat that it ought to be a great battle tonight.

Murphy-Berthold lead by 111 pins.

Scratch shots: Gardner 8, Kaminsky 6. Safety shots: Kaminsky 16, Gardner 14. Fouls made by: Gardner 2, Kaminsky 0. High runs: Kaminsky: 13 and 12. Gardner: 12 and 12.

SHAD TAKES A DIVE.

Fancy being able to buy a nice fat Maryland Shad for 23 cents a pound! Who ever heard, in any recent times, of any such a price around good Shad? Of course there was a period, in our grandfathers' days, when ten cents apiece was the going figure on native shad during their season—but how times have changed since then! There have been plenty of seasons when you couldn't get a respectable shad for less than a couple of dollars. Just THINK of 23 cents a pound for bucks and 33 cents for roe fish! Best get that order in quick! There's going to be a full line of Fresh Fish beside the Shad tomorrow.

Strawberries are unusually fine. We are able to serve you with some nice red-ripe ones, sweet and flavorful, at 42 cents. They are NICE.

More than a few of our customers feel that butter, for a long time, has been tasting a bit too much of money. We suggest that they try our present Roll Butter at 49 cents. It's excellent.

Phone 2000 about the fish, the berries, the butter or any other conceivable thing in the food line. Especially we suggest the call to 2000 if the article you want is one you've had some difficulty in finding elsewhere. Pinehurst keeps many de luxe food items not usual in most stocks.
