

FIFTY-SIX ARE KILLED IN A PRISON MUTINY

73 INJURED IN REVOLT

**Convicts in India Slaughter
Six Guards, Steal Their
Rifles and Ammunition;
Two Hours of Hand to
Hand Fighting Follows;
40 Convicts Dead; Fight
Until Ammunition is Ex-
hausted and Then Sur-
render.**

Rangoon, Burma, India, June 24.—(AP)—At least 56 persons were killed and 73 wounded in a mutiny in the Central Jail here this afternoon after malcontents had denounced the Simon report.

Several hundred prisoners were returning from their employment in the workshops to the main halls for their meal when they suddenly rushed the sentries guarding the inner gates.

They slaughtered six of the wardens and seized their rifles. The mutineers then fought their way to an outer gate where they were halted by half a dozen determined guards.

Prison Surrounded

The outer guards held several hundred of the desperate convicts at bay until the arrival of the military police who surrounded the prison.

Two hours of hand-to-hand fighting between the convicts and the military police ensued. The latter were the victors.

The casualties as made known soon after the fighting subsided included killed: two sentries and 11 guards; two military police, one truck driver, 40 convicts.

The injured: 41 guards, 60 convicts.

Steal Ammunition.

After the convicts had secured the weapons of the inner wardens they raided the prison armory, all equipping themselves with arms and ammunition.

They then retraced their steps to the workshops.

Taking cover wherever they found it, in the workshop and without its walls, the convicts kept up the battle with the forces of the law until their ammunition was exhausted. They then surrendered.

REPORT ON INDIA PRAISED BY PRESS

Newspapers Say Simon Report
Furnishes Excellent
Plan for India.

London, June 24.—(AP)—The British press as a whole received the report of the Simon commission on Indian statutory reform favorably, although commenting that the recommendations called for close study.

The Times remarked that the recommendations probably would be profoundly altered by the time they have gone through the round-table conference, joint committee of both Houses of Parliament, and Parliamentary debates. The paper got a "broad impression that the commission's conclusions fit the facts with unanswerable logic and furnish a plan of self-government fitted to the special conditions of the case and unlimited except by the safeguards against its own collapse."

The report, the Times says, "marks the most hopeful advance of our generation toward solution of the problem of India."

The Daily Mail, voicing the Imperialist view, thinks one of the strongest arguments in favor of the proposed plan of federalization is that "it will virtually eliminate the mischievous cry for Dominion status." The paper asserts that the report shows the immense risk of setting up anything like Home Rule in India.

The News and Chronicle, which takes the British Liberal view, said: "The proposals bring within sight an All-India constitution of the only kind suited to that vast country and should be the beginning of the last phase of India's political development."

The only pronounced adverse view taken by the Laborite, Daily Herald, it grants many of the commission's judgments as right but says that the report as a whole leads toward indefinite stabilizing of the present system.

Sober for 156 Years; On Way to Visit U. S.

Istanbul, Turkey, June 24.—(AP)—A Turkish passport stating that the owner's birth year is 1774 and stamped with a six month's United States visa will carry toward New York this week Zaro Agha, who claims he is the oldest man in the world.

He has traveled in bygone centuries, having, he declares, fought with Napoleon in Egypt and in Greece during the war in 1825. Now Zaro Agha has selected America for a "Twentieth Century Odyssey" because as a fervid Moslem, he feels he wants to pay his respects to the land where, as the Koran bids, wine is held wicked, his own country having backslid in this respect.

Zaro says America will be sure to appreciate the man who has been dry for 156 years. He hopes to get into the movies.

"Dozens of Americans have written me to come," he said in Kurdish today. "A rich American lady who owns eight battleships and four yachts has invited me to visit her. She sent me a dollar. I may decide to marry her."

Zaro made this observation in the presence of his eleventh - Kurdish wife, whom he is leaving behind. She listened placidly and without comment. Zaro refused to divulge the possible twelfth Mrs. Zaro's name.

PRESIDENT KEEPS UP VETERAN BILL ATTACK

**Declares Measure Passed
Yesterday is Bad Legisla-
tion; Says He Doubts If
Country Is In Favor of It.**

Washington, June 24.—(AP)—President Hoover today renewed his attack upon the World War veterans relief bill, declaring it was bad legislation.

At his regular Tuesday press conference, the President said the bill passed 66 to 9 by the Senate yesterday was not formulated any more in the interest of the veterans than of the taxpayers.

He expressed doubt that the country would support such legislation, describing it as wasteful and discriminatory.

It would affect 75,000 veterans and was unfair to others who would not be benefited by it, the President continued and violates the integrity of the government.

Text of Remarks.

The text of the President's remarks was:

"In this problem we are dealing with sick and disabled veterans. Except for some marginal cases the government has long since generously provided for the men whose disabilities arise from the war itself.

"These cases before, except for a comparatively small number of maimed ones, are in reality men disabled from incidents of civil life since the war.

"The whole matter is one that must be approached in a high sense of justice and utmost sympathy. But this veterans bill is just bad legislation. It is not more in the interest of the taxpayer, the financial burdens, the amount of which has again been reaffirmed by General Hines, and they were even increased by Senate Amendments yesterday, do constitute a serious embarrassment to the government and to the country, but there are other objections even more serious.

Serious Problem.

"This bill selects a particular

12 DIE OF HEAT IN CHICAGO AREA

Thermometer Registers 97
In City—Reading in Iowa
Shows 132 Degrees.

Chicago, June 24.—(AP)—Terrific heat, setting a new season's record at 97 degrees caused twelve deaths in Chicago yesterday.

The weather man had predicted thundershowers would end the city's suffering during the night, but dawn found the thermometer edging upward in the eighties.

In other parts of Illinois, temperatures went even higher and Centralia reported pavements buckling under a heat of 106 degrees. Lincoln, Neb., was 102 degrees hot and a thermometer on a porch with a southern exposure at Edgewood, Ia., had the almost incredible reading of 132 in the sun.

The high temperature readings were general over the entire corn belt and even up into the "summer resort territories" of Wisconsin and Michigan. One had to go as far north as Minnesota and the Dakotas

ISLE OF MALTA IS NEW CENTER OF DISCUSSION

**Britain Suspends Constitu-
tion Following Dispute
Between Governor and
Vatican.**

London, June 24.—(AP)—The British government has decided to suspend the Maltese Constitution temporarily in view of a tense political situation in the island arising from a prolonged dispute with the Vatican.

Premier MacDonald announced the government's decision in the House of Commons today. He said: "In view of the situation in Malta the government has decided with considerable reluctance that it has no alternative but to sanction temporary suspension of the Constitution."

Governor to Rule

The prime minister said full legislative and executive authority would remain in the hands of the governor.

The existing ministry, the premier said, will remain in office and will be available in a consultative capacity if the governor wishes to make use of their services.

The necessary legislation to give effect to the suspension will be submitted to His Majesty in Council as an emergency measure forthwith.

The prime minister explained that the urgency of the situation in Malta was brought out fully in the recent Blue Book, giving full information "regarding the intervention of the Vatican in the temporal affairs of the island. The position created by this intervention has, in the opinion of the government, made it undesirable for the time being to hold the general election now due."

The Maltese political situation has been precarious for a year and a half owing to a conflict between Church and State.

When church authorities ordered the transfer to Italy of a Maltese monk who was a British subject, Lord Strickland, the prime minister, ruled that foreigners could not remove a British subject from British territory against his will.

Lord Strickland himself is a Catholic but he implied that Maltese churchmen were interfering in temporal affairs. The churchmen answered by forbidding their con-

FUNERALS OF SIX HELD IN ANSONIA

**Large Number of Mourners
Attend Services of War
Veteran and Family.**

Ansonia, June 24.—(AP)—The funerals of Raymond C. Spang, his wife and their four children, all victims of the tragedy at West Rock in New Haven last Saturday were held today. A large number of mourners and spectators attended the service and witnessed the funeral procession.

Mr. and Mrs. Spang were buried on the 12th anniversary of their marriage. It would have been Spang's 35th birthday. He was born, married and buried on June 24.

The bodies of the family members had been at an undertaker's since Saturday after they had been brought from New Haven where, from the top of a cliff the insane man had hurled his wife and four children to their deaths and later killed himself by a jump.

After the church services were held by Bugler Francis Avery.

Funeral Procession.

The funeral procession was then formed under direction of Captain

STATE PRISON NOW BACHELORS' HALL

**Fourteen Women Prisoners
At Wethersfield Trans-
ferred to Niantic.**

Hartford, June 24.—(AP)—The Connecticut State prison at Wethersfield became "bachelors' hall" today. The fourteen women prisoners were taken by special bus to the new State prison for women at Niantic at 12:30 this afternoon when the heavy gates were opened for less than a minute for them and then closed for ever on female prisoners.

The transfer was made quietly and without ceremony, but not without some humor and pathos. The women, dressed in their Sunday white dresses could not suppress their feelings. This unexpected event meant for them. To the three "ifers" in the group it was something of a holiday—a two hour motor bus trip in the open territory. To all of them, however, it was, primarily the beginning of a life in a new institution where new experiences were to be encountered.

No Name Is Yet Chosen For the Lindbergh Baby

Englewood, N. J., June 24.—(AP)—Public interest in the son born to Colonel and Mrs. Charles A. Lindbergh was centered today upon the choice of a name.

Despite the reticence of Lindbergh and other members of the Morrow household, the public seemed to take it for granted that the child would be christened after Charles Augustus, Jr., after his father's name.

Combining that of his father and his maternal grandfather, Ambassador Dwight D. Morrow.

Unofficial word filtered past the guards at the gate of the Morrow estate that Mrs. Anne Lindbergh and the son born on her 24th birthday were "making satisfactory progress."

Many Messages.

A messenger boy toiled up the hill to the Morrow home at half

SOUTHERN CROSS IS NEARING UNITED STATES ON ITS HOP

WINGING HIS WAY TO U. S.

Captain Charles Kingsford-Smith, distinguished Australian pilot, seeks to accomplish one more ocean-flying feat before he goes home to marry and settle down. If he makes the crossing from Ireland to New York, he will have practically circumnavigated the earth in record-breaking hops.

AIRPLANE AT PORTLAND READY TO HELP FLIERS

**If Southern Cross Runs
Short of Gas It Will Be
Refueled Over Ocean If
Necessary.**

Portland, Airport, Scarborough, Maine, June 24.—(AP)—Preparation for possible refueling of the Southern Cross now on its way across the Atlantic went on apace today with arrival at noon, of a refueling plane from Valley Stream, N. Y.

The plane piloted by Harold Fisher and carrying a mechanic stopped at Boston enroute here.

Paul Gibson, local manager of an oil company said he had been advised no landing would be made at Old Orchard Beach but that the Southern Cross would proceed to an airport here where an attempt would be made to refuel it.

Gibson said several contacts would probably be needed to replenish the plane's supply of gas and oil.

Should the fuel of the Southern Cross be running low as the plane comes down the Maine coast it is planned to send the refueling plane to the airport at Rockland, 80 miles up the coast and attempt the transfer of fuel at that point. It was said the maximum fuel transfer possible on one trip would be 125 gallons.

REFUELLING PLANE READY

Valley Stream, N. Y., June 24.—(AP)—A plane which will refuel the Southern Cross in Maine if additional gasoline is needed, took off from Curtis Field today at 6:55 a. m. (E.S.T.) for Portland, Me.

Using Portland as a base the refueling plane will be prepared to go as far out as necessary or as its

(Continued on Page 2.)

EIGHT FLIERS DIED IN WESTWARD HOPS

**Only One Successful Flight
When Bremen Lands on
Greenley Island.**

New York, June 24.—(AP)—With only one successful westward airplane crossing of the North Atlantic on record against eight lives lost in vain attempts, Major Charles Kingsford-Smith and his comrades in the airplane Southern Cross face a formidable obstacle in the law of averages for success in their flight from Ireland to New York.

The lone successful flight was that of the Bremen in which Baron von Huenefeld, Captain Herman Koehl and Colonel J. C. Fitzmaurice flew from Ireland to Greenley Island, near Labrador, in 1928. The flight took 84 hours and 32 minutes. The fliers had planned to land in New York but were forced down far off their course.

Those Who Died

Westward North Atlantic flights which ended in death were:

May, 1927—Captains Charles Nungesser and Francois Coll who hopped off from Paris for New York.

Aug. 1927—Princess Lowenstein-Wirtheim Captain Leslie Hamilton and Colonel E. F. Minchin who left Upavon, England for Ottawa, Ont. March, 1928—Captain Walter H. G. Hinchcliffe and the Hon. Elsie Mackay who attempted a flight from Cranwell, England, to New York.

In the three foregoing flights none of the participants was ever heard

(Continued on Page Three.)

KEEPING IN TOUCH WITH SHIPS, LAND

**Late Reports Place Airplane 990 Miles from Cape
Race—Speed Increases to 100 Miles an Hour as Load
Lightens—Completes First Half of Over Water Lap
Between Ireland and Newfoundland; Fly Through
Fog for Nearly an Hour—Cheery Messages from
Crew Show the Members Are in Good Spirits; Weather
on This Side Reported Favorable.**

By Associated Press

The Southern Cross, America-bound from Port Marnock, Irish Free State, with her crew of four intrepid fliers, this afternoon emerged from a fog through which she had flown for more than an hour. The adventurers had completed half of their over-water jump to the North American mainland.

Her nose was pointed straight for Newfoundland, where Captain Kingsford-Smith and his mates hoped first to sight land.

The airplane had been making 100 miles an hour, according to her radio messages to steamships and shore. She evidently passed out of wireless range with Baldonnel at about midday, then picking up the S. S. Volendam at 8:40 a. m. E.S.T. and the S. S. Ingoma at 10:00 a. m. E.S.T. Weather conditions were reported good.

The fliers were in excellent spirits and optimistic of their success.

S. S. Ingoma, June 24.—(AP)—The westward bound airplane Southern Cross reported her position as 990 miles from Cape Race, Newfoundland, in a message to the steamship Ingoma at 3 p. m. Greenwich time (10:00 a. m. Eastern Standard Time).

The following message was received from the Southern Cross:

"Latitude 51.20 North, Longitude 29 West. Steering, 261. True speed 100 miles an hour. 3 p. m. Greenwich Meridian time. 990 miles from Cape Race."

Message from the Southern Cross to the Ingoma indicated that the plane was on a true course toward Newfoundland and had practically completed the first half of the over-water lap between Ireland and Cape Race. The plane was directly over the steamship lane between southern Ireland and Cape Race—and despite reported foggy conditions appeared to be holding her course.

The steering direction "261" indicated that the plane was heading west and slightly south, which would take her along the Great Circle course toward Cape Race.

NEARING HALFWAY Baldonnel Airdrome, Irish Free State, June 24.—(AP)—As cheer- ful as crickets, the crew of the fa- mous airplane Southern Cross to- day were racing across the North Atlantic with their radio keeping up a spirited stream of messages and their propellers eating up the mileage between Ireland and New York.

At 1:30 p. m. British Summer time (7:30 a. m. Eastern Standard time) the tri-motored plane, which already has a triumphant crossing of the wide Pacific to its credit, was 800 miles out on its daring voyage and was rapidly approaching the halfway mark on the over-water lap between the coast of Ireland and Cape Race, Newfoundland.

The plane had averaged a little more than 88 miles an hour since its departure from Port Marnock at 4:27 a. m. (10:27 p. m. Monday, E. S. T.) and had increased its speed up to 105 miles an hour as her heavy load of gasoline grew lighter.

Members of Crew

The four men aboard her, Captain Charles Kingsford-Smith, J. W. Stannage, radio operator; M. E. Van Dyk, assistant pilot, and Captain J. T. Saul, navigator, were in gay spirits as was indicated by their many messages picked up in Baldonnel and London as well as by ships at sea.

The sky was slightly overcast, but the ocean was calm and conditions seemed favorable for a fast hop across the North Atlantic which already has taken a heavy toll of brave airmen—and several women—who sought to make the first westward crossing.

Undeterred by these tragedies of recent years, Captain Kingsford-Smith flooded the air with cheerful messages.

"Slightly overcast," said a message picked up in London at 1:15 p. m. "ocean like mill pond. Traveling 100 miles an hour. If conditions were like this always, ocean flying would be easy."

It was cold, high up there over the Atlantic, but the fliers were dressed for it and their messages

showed no loss of zest for their great adventure.

"Shooting suns and things!" said one message received shortly after 10 o'clock. "Gee, icy cold outside. I bet Van and Smith are feeling it. We are all wrapped up like Polar explorers but it is still pretty nippy."

The Southern Cross left the Irish coast at 5:15 a. m. G. M. T., (12:15 a. m. E. S. T.) and then sped westward over the Great Circle course of the line toward Cape Race, the southeasterly tip of Newfoundland. It is approximately 1,800 miles between the coast of Ireland and Newfoundland.

Crossed Only Once

Only once before has this stretch of turbulent water been crossed successfully in a westerly direction. That was by the monoplane Bremen, manned by Colonel James Fitzmaurice, an Irishman, and two Germans, Captain Hermann Koehl and the late Baron von Huenefeld. Even they fell short of their goal, landing at Greenley Island, a lonely spot on the coast of Labrador where they remained for days before they could be brought southward.

Captain Kingsford-Smith's most famous previous flight was his trip from Oakland airport on the coast of California to Wheeler Field, Honolulu, and thence by way of the Fiji islands to Australia, his native land. That was in June, 1928.

FINAL INTERVIEWS

Port Marnock, Irish Free State, June 24.—(AP)—In a final interview given a few minutes before the Southern Cross took off for New York today, Captain Charles Kingsford-Smith, its pilot, expressed belief that the flight would be successful.

"I am certain of doing this flight," he said. "We have taken so many precautions against dangers that I don't believe any exist. I have the most accomplished crew that will ever be found and all the elements of success are embodied in the Southern Cross. I hope to be back in Ireland within a month."

Captain J. T. Saul, navigator, said: "I have every confidence we shall succeed." M. E. Van Dyk asked, "why should there be any doubt about getting there?"

Their Rations.

Each man has his ration of sandwiches—eggs, cheese and tomato—a quarter of a pound of coffee, and a half pound of chocolate. Captain Saul and Stannage in the cabin of the plane will not use the two pilots in the cockpit throughout the flight, if necessary passing them notes by means of a stick. This would be done in the event of failure of the engines, from which Captain Kingsford-Smith would be able to release the gasoline suddenly. He believed the empty tanks would keep the plane aloft for several hours.

Should the head-winds retard the flight of the plane, Captain Kingsford-Smith said before he left he might send out a message seeking assistance in refueling in the air between Cape Race and New York.

(Continued on Page Two.)

TREASURY BALANCE

Washington, June 24.—(AP)—Treasury receipts for June 21 were \$30,002,012.24; expenditures \$30,469,593; balance, \$375,202,242.26.

EIGHT CANDIDATES FOR MERIDEN JOB

Meriden Man Seeks Position At State School—Position Attractive One.

Meriden, June 24.—(AP)—The special committee of the board of trustees of the Connecticut School for Boys held a session here today at which time they interviewed eight candidates for the position of superintendent vacated through the death of John A. Tinsley, of Barbourville, Ky., superintendent elect and considered letters from four others.

James J. Burns of Meriden was one of the candidates for the position who was interviewed. Mr. Burns, former professional baseball player, has for the past several years been active in boys work in this city.

Although Edward S. Boyd, former superintendent was at the school this morning it was stated that his presence had nothing to do with the selection of a successor to Mr. Tinsley.

Men present were from all sections of the east and others who applied were from far distant parts of the country. Indications are that the salary which was to have been paid Mr. Tinsley, \$6,000 a year with his living quarters and meals, is attractive to men schooled in juvenile correction work.

HUGE CROWD ATTENDS CARNIVAL FIRST NIGHT

Jobber Midgets and Bourdin Feature Attractions; Many Novelty Booths.

The largest crowd ever to attend an American Legion carnival turned out last night for the third annual carnival at Dougherty's lot on Center street, and witnessed the parade of the Fire, Drum, and Bugle Corps of the Manchester and Rockville posts.

The novelty booths and concessions were well patronized as were the side shows but the greatest attraction of all proved to be the high grade special acts engaged by the Legion. The headliners were the Jobber midgets of New London, billed as the smallest married couple in the country. Their 5,000 home on wheels attracted much attention.

Bourdin, famous escape artist, drew a lion's share of applause, in his act featuring rope tricks, handcuff escapes, straight jacket escapes, and a human volcano. The wonder of the evening, which brought amazed exclamations to the lips of the crowd, was Ralph Kahn's performance in playing the Theremin, an invention that produces music merely by waving the hands over it.

The feature acts will be presented again tonight and another crowd as large if not larger is expected to attend. The Ferris wheel, whirling merry-go-round, and merry-mixup are set for another evening of thriving business.

DIRIGIBLE "NEPONSET" MAY MAKE VISIT HERE

Expect to Bring Biggest Commercially Owned Airship to Town in Near Future.

If plans now being made are perfected the largest commercially owned dirigible in the world will visit Manchester and those desiring will be given rides over the town in the big blimp. Morris Elman, local estate dealer, has been making an effort to bring the "Neposet" here through Charles Prendergast, the publicity representative employed by the owners of the airship. Prendergast has recently purchased a new home on Girard street here from Elman.

The "Neposet" has already visited Willimantic and Middletown and the ship was given a big welcome in both cities. Arrangements are now being made by Elman, E. J. McCabe, the C/umber's executive secretary and Ronald H. Ferguson, of The Herald. If a date for the coming here of the dirigible can be set a reception committee will be named immediately.

The "Neposet" is made of metal duralumin, is 280 feet long and 38 feet in diameter. It can carry four persons in addition to the crew. About 100 passengers can be carried in one day's work giving passengers a five minute ride. The big metal bag is filled with helium, a non-inflammable gas. If the ship comes here the field to the north of Marvin Green will be used as a landing place.

AIRPLANE AT PORTLAND READY TO HELP FLIERS

Preparations were made to obtain quick action from Canadian authorities for a permit to pass over Canadian territory if Captain Kingsford-Smith should desire a refueling contact before reaching the United States.

ROCKVILLE FIGHTING PETITION FOR BUSES

Hearing Last Night Demands Good Service Be Guaranteed by Connecticut Company.

Rockville officials went on record last night as opposed to the removal of trolley service in favor of bus transportation unless the Connecticut Company can guarantee adequate and economical service the equivalent of the present means of transportation.

A resolution drawn up by Thomas Noon attorney at law, was accepted by the people attending the hearing in the Town Hall in Rockville last night and Mr. Noon was named as a member of the committee which will go to Hartford Thursday to the hearing before the Public Utilities Commission when that board convenes to hear the Connecticut Company's bid for substituting bus for trolley service.

Mr. Noon's endorsed resolution is as follows: "Resolved: That it is the sentiment of this meeting that our representatives at the hearing upon the petition of The Connecticut Company before the Connecticut Public Utilities Commission on Thursday, June 26, 1930, be and they are hereby instructed to oppose the prayer of said petition with reference to the removal of the trolley unless and until said representatives shall take definite position to be opposed to the interests of Rockville and vicinity; and said representatives are further instructed to oppose the grant of a bus franchise to said The Connecticut Company unless and until said company shall agree with the concurrence of the Public Utilities Commission to furnish adequate bus service at satisfactory rates in accordance with said Company's informal assurances heretofore given."

The hearing was called to order by F. J. Prichard at 7 o'clock and lasted two and a half hours. Timothy Lynch, the first speaker, proposed that the Connecticut Company be made give up the franchise for a year. His motion, however, lacked support. J. R. Quinn told of the lack of any transportation service in Tolland and Ellington.

The fact that the trolley company has been losing money for several years on the Rockville line was brought out by P. Ainsworth who asked his listeners if they thought it fair to expect a continuation. W. Stephens of Vernon was the spokesman for the lower section of the town. He maintained that if the buses were run on the highway to Rockville, the people in these sections of the main highway, would be compelled to walk at least half a mile to reach the trolley. He favored a new road around the corner at Dobsonville.

Mayor A. E. Waite stressed the fact that Rockville needs better service especially in the east end of the city and in Stafford. H. H. Willard of Vernon stated that if a person went to Stafford on Saturday he could not get back to Rockville until Monday. Mayor Waite said that if the trolleys are removed one advantage will be the removal of fire hazards and rills from the streets which then could be made wider.

F. S. Nettleton of the school board, spoke in behalf of the school children and asked that a transportation committee be named to look after their needs. To the question of whether the Connecticut Company was holding up the building of a new road to Hartford and why, Mayor Waite answered by saying that the Public Utilities Commission wishes to use the tracks for part of the highway.

There were no further developments of major importance today in the dog poisoning epidemic at the west side where three animals died Sunday night.

Police Lieutenant William Barron is conducting the police investigation and today went to New Haven for the completion of an analysis which will reveal the nature of the poison which was fed the dogs through the meat scattered about the homes of the owners on Winter and Chestnut streets.

There were no additional casualties today.

ABOUT TOWN

Miss Margaret Robshaw of Huntington street is a house guest of Mrs. Lindon Little of Willimantic, at her summer home at Groton Long Point.

Sergeant Henry Heinholt, long connected with the Stafford Springs Barracks of the state police, who was recently promoted to his sergenty, has been placed in charge of the Westbrook barracks. This is a busy post because of the frequency of automobile accidents in its territory. Sergeant Heinholt has been detailed to many investigations of this kind while at the Stafford Barracks and has gotten at the real cause of many fatal accidents. He will turn in police circles in Manchester and throughout Tolland county.

LUTHERANS MAKE REPORT Bristol, June 24.—(AP)—The value of property owned by the Atlantic District of the Missouri Synod of Lutheran churches was estimated at \$9,000,000 today by Dr. Henry Birkner, president of the district.

The estimate was contained in Dr. Birkner's annual report which he read. Dr. Birkner also said 2033 persons had been baptized and three thousand confirmed in the district in the past year.

The remainder of today's session was taken up with discussion of the Augsburg confession adopted as the foundation of the Lutheran church 400 years ago.

State Briefs

YOUTHS BORROW AUTO Norwalk, June 24.—(AP)—Four youths enroute to Albany in a car taken without permission, ended their journey in Norwalk early this morning, when their actions aroused the suspicion of the police and they were taken into custody on the Boston Post road. Although Robert Perchault of 117 Madison avenue, Bridgeport, told the officers that his employer had allowed him to take the car, E. P. Brennan of 107 Westfield avenue, Bridgeport, the owner of the automobile, said that the car was taken without his consent. He refused to press any charges however, and the quartet was released.

NEW PHONE BUILDING New Haven, June 24.—(AP)—The Southern New England Telephone Company today announced the award of a contract to the Industrial Construction Co., of Hartford for the erection of a new six-story telephone building in the capital city. The project will cost approximately \$1,500,000.

The building will face Bushnell Park and will occupy two-thirds of a city block. It will house the telephone station of the American Telephone & Telegraph Co., and will contain a large toll switchboard in addition to new dial equipment. Commercial offices will occupy the first floor.

The telephone company announced work on the project will be started immediately.

BANK DIVIDEND New Haven, June 24.—(AP)—An extra dividend of 1 per cent in addition to the regular dividend of three per cent will be paid by the Union and New Haven Trust Company today. The dividend was announced today by W. Perry Curtis, president. Stockholders of record June 25 will receive the dividends.

Latest published statements of the trust company show total assets of \$15,228,978.83 and total funds in trust of \$2,268,915.25, an increase of more than \$30,000,000 since 1926.

TILSON AN ELK New Haven, June 24.—(AP)—Representative John Q. Tilson, floor leader of the House today holds an honorary life membership in the New Haven Elks lodge. He became an Elk last night at a testimonial meeting in his honor. Political leadership, state and national significance attended. Among those who paid tribute to Col. Tilson were former governor John T. Tener of Pennsylvania, Representative Sol Bloom, New York; Mayor Thomas A. Tully, New Haven; Deputy State Attorney General Ernest L. Averill, former Rep. J. B. O'Sullivan.

PRISONER RE-ARRESTED New Britain, June 24.—(AP)—When Peter Saul, 34, of Broadway, in New Britain, Mass., completed a 90 day jail term in Schenectady, N. Y., yesterday, he was re-arrested and brought to this city to be tried on a charge of having obtained \$8,000 by fraud, from Miss May Booth in October 1929. It is alleged that he represented to her that he could sell her stock in a New York bank advantageously if she gave him stock and money in exchange. When she complied with his suggestion, he vanished. The police say.

Saul will be given a hearing in Police Court Thursday morning. He is being held under \$10,000 bonds.

SEIZE RUM BOAT New London, June 24.—(AP)—Laden with a full cargo of assorted liquors to the estimate of 700 sacks, the oil screw vessel the Antigestine of New York was seized today in Block Island Sound near Montauk Point by the Coast Guard Patrol Boat C-289 from the local base.

Four men, the crew of the vessel, were placed under arrest and with vessel were brought to the State Pier. The seizure was made at 2 o'clock.

NOLLE BURGLAR CHARGE Waterbury, June 24.—(AP)—James O'Brien of Hartford and Henry Policonis of Waterbury received nolles on charges of robbery this morning in the local Criminal Superior Court after the main witness for the State wavered in his identification after offering testimony of a burlesque nature. William Goodspeed, 70, an engineer of the New Haven railroad who was held up on South Leonard street last November was the only witness called and part way through his testimony State's Attorney Lawrence L. Lewis informed the court that the State could not go on and Judge Newell Jennings agreed that no juryman could convict on such evidence as Goodspeed was giving.

INJURED BY FALL Middletown, June 24.—(AP)—Joseph J. Fleetwood, 43, living at Momauglin and employed by the Connecticut Company was thrown or fell 20 feet from a ladder at the carbarns here today and was seriously hurt. It was thought he came into contact with a charged wire. His injuries are to the pelvis bone. He was taken to Middlesex hospital.

MRS. FORBES DIES Middletown, June 24.—(AP)—Word came here today of the death in New York city of Mrs. Bertha Parker Bacon Forbes, wife of Robert W. Forbes, sister of Judge of Probate Curtis S. Bacon of this city. Mrs. Forbes after transferring to Yale from Wesleyan became star linesman on the Yale '06 football team. He was married in 1908.

Mrs. Forbes also leaves a sister Mrs. Emma B. Nugent, wife of Colonel George A. Nugent of Fortness Monroe.

DEATH ACCIDENTAL Norwich, June 24.—(AP)—Coroner Edward G. McKay, in a finding made public today held no person responsible for the death of John Brennan, 24, of Hopkinton, R. I., suffered fatal injuries on May 15, when the automobile he was driving crashed head-on with a bus operated by the Groton-Stafford Traction Co., on the Boston Post road in Stonington.

MRS. CLARK'S BROTHER AT LONDON SESSIONS

Bishop Lea Attending Lambeth Conference; Service Broadcast Tomorrow.

Tomorrow morning at 7 o'clock, and lasting for one hour, the Thanksgiving Service commemorating the restoration of St. Paul's Cathedral, London, England, will be broadcast in this country over a network through WJZ. This is one of the preliminary services in connection with the Lambeth Conference. The King and Queen of England and members of the Royal family will be present and all bishops attending the conference have been invited to attend the service.

It is interesting to note that fifty six American bishops of the Protestant Episcopal church, including Bishop Acheson of Connecticut, are expected to be in attendance. Among the English bishops, the Right Rev. Arthur Lea, bishop of South Japan, and brother of Mrs. Alfred Clark of South Manchester, will be present. Bishop Lea has expected to visit his sister en route to Lambeth, but press engagements necessitated his taking the fastest route, via the trans-Siberian railway. Writing from Moscow, after six days of travel across Siberia, he says that the possibilities of that country are endless, likening it to the Canada of the north shores of Lake Superior. Bishop Lea expects to visit Rev. Alfred and Mrs. Clark early in October.

Lambeth Conference which meets every ten years is a gathering of the bishops of the Anglican church throughout the world, irrespective of nationality or color. After preliminary services the bishops gather for a quiet day on July 4th in Fulham Palace, London. On July 5th, the bishops will convene at a special service by the archbishop of Canterbury in Canterbury Cathedral. July 6th the great opening service of the conference will take place in St. Paul's Cathedral, London. The subsequent weeks will be given to earnest consideration of vital matters concerning world problems as they affect the Christian church.

LOCAL D. A. R. CHAPTER VISITS PEOPLE'S FOREST

Twenty of the members of Oxford Parish Chapter Daughters of the American Revolution attended the outing at the People's Forest in Barkhamsted yesterday and were given a most interesting and profitable day. The outing was held at a special service by the archbishop of Canterbury in Canterbury Cathedral. July 6th the great opening service of the conference will take place in St. Paul's Cathedral, London. The subsequent weeks will be given to earnest consideration of vital matters concerning world problems as they affect the Christian church.

The celebration yesterday was one of the given at the People's Forest. The first was in 1924 when an Indian pageant was presented and 5,000 people attended. A second meeting was held last year at the unveiling of a stone, and the present celebration was called the Laurel pageant because of the blossoming of these beautiful flowers in bloom at this season.

Only local storm areas were predicted for mid-Atlantic which should cause little trouble, Dr. Kimball said.

STRAWBERRY FESTIVAL AT BOLTON GRANGE

Fine late strawberries from South Bolton will be used tomorrow for the strawberry festival which the members of the Bolton Grange will hold at the Community house in Bolton Center. As their advertisement on the back page of today's Herald will show, they are making a bid for local patronage at the hours of 6 and 8 o'clock daily. A variety of refreshments, salads in variety, relishes, rolls, coffee and home made strawberry short cake with whipped cream will be served at a moderate charge. Strawberries may be had in various ways if desired.

The committee of Grangers in charge of the supper is, Mrs. Maxwell Hutchinson, chairman; Mrs. Oscar Anderson, Mrs. R. Kneeland Jones and Miss Elsie Deer.

12 DIE OF HEAT IN CHICAGO AREA

(Continued from Page One.) and upper Michigan to avoid the torrid interior.

Flee Heat Waves Chicago had its miles of lake shore as a haven from the heat and the beaches from Evanston on the north to Chicago Beach on the south swarmed with people well into the night. The parks became campaign-grounds for entire families fleeing the stuffiness of skyscrapers. Even threatening skies boding electrical storms failed to deter them.

The list of 12 Chicago dead was greater than the entire death list from heat for the summer of 1929. Fourteen more midwestern states reported oats and corn parched for lack of rain, and gardens withering.

SOUTHERN CROSS NEARS U. S. IN ITS FLIGHT

(Continued from Page 1)

This has never been tried on a trans-Atlantic flight. The Southern Cross has been in direct communication with the airport authorities since her take-off.

The message received at 10:30 British time, gave the position of the airplane as about 550 miles off the Irish coast. The message received at 12:55 British summer time (6:55 a. m. E. S. T.) would, according to the speed then gained by the Southern Cross, place the fliers more than 750 miles from their point of departure.

They had up to that time averaged roughly 82 miles an hour, with a steady acceleration of pace due to the gradual lightening of load by consumption of gasoline.

Big Load at Start. The ship was heavily loaded at the take off, with enough gas for a three-hour margin of safety after the entire calculated distance of flight.

Her speed had been estimated at the take off and for the first several hours at 85 miles. An earlier message, at 10:15 a. m. British time read: "Shooting suns and things! Icy cold outside! Bet Van and Smith are treling it. We are all wrapped up like Polar explorers but it is still pretty nippy."

Another message timed 11:05 a. m., read: "Eleven a. m., 53.15 North. 16.57 West. "Average ground speed since leaving coast 82 statute miles per hour. This is satisfactory and leaves us good margin."

"All aboard O. K. Are cheerful. "Airplane revolutions 1675. Air speed now 100 miles per hour."

SOME OF THE MESSAGES New York, June 24.—(AP)—The New York Times radio station today received the following messages from the airplane Southern Cross attempting a flight from Ireland to New York.

1:31 a. m. (E. D. T.) All O. K., but strong head winds. (Sig) Kingsford-Smith. 1:40 a. m. Head winds, but conditions good. (Sig) Kingsford-Smith. 1:55 a. m. Southern Cross just passed over a number of trawlers. Very cheerful to see other people out in this waste. Everything going O. K. Air speed 100 miles per hour. Revolutions 1750 per minute. Altitude 500 feet. Air temperatures 48 degrees. Estimated ground speed 75 miles an hour.

2:21 a. m.—Have just been having look at chart with paddy. Seems everything is breaking our way. Plenty of ships on course from which to confirm our position by direction finder. 2:25 a. m.—Hope to be working steamship Albatic, Minnedosa and Melita around midday. Getting hungry. Guess I'll have a nibble. (Sig) Kingsford-Smith. (The steamships Albatic and Minnedosa were off the New Foundland coast this morning, both eastward. The Melita, westbound, left Glasgow Saturday.)

3 a. m. Headwinds still fair strength. However, we tanked for a 38-hour supply of petrol. (Sig) Kingsford-Smith. BAD WEATHER AHEAD New York, June 24.—(AP)—Fog, overcast skies and winds of increasing velocity await Captain Kingsford-Smith and the Southern Cross off the New Foundland coast, Dr. James H. Kimball, meteorologist of the Weather Bureau, said today.

This is the usual weather, Dr. Kimball said, and should offer no great hazard to an experienced flier. "The wind is from the west, but the winds are fresh to strong southwesterly, of about 12 miles an hour velocity, apparently not dissimilar in strength to the head winds the Southern Cross bucked on the first half of her journey from Ireland."

Only local storm areas were predicted for mid-Atlantic which should cause little trouble, Dr. Kimball said. London, June 24.—(AP)—Radio amateurs here picked up a series of messages from the airplane Southern Cross which said the plane was headed westward across the Atlantic toward New York at the rate of 105 miles an hour. She was keeping an altitude of 2,000 feet, in an icy kind of sky. The last of the messages was timed 10:05 a. m. British summer time (4:05 a. m., E. S. T.).

The rate of speed given in the messages indicate that at the last time mentioned, 10:05 British time, the plane had travelled about 550 miles of its 3,264 mile course from near Port Marnock to New York.

FOGGY ON THIS SIDE. St. Johns, N. F., June 24.—(AP)—Unless the weather changes during the day, Captain Kingsford-Smith and his companions aboard the Southern Cross are likely to encounter the dense fog which has enshrouded the southern coast since early last night. A sharp watch will be kept for the aviators who expect to sight Cape Race before shaping their course to the south for New York City.

FLYING IN FOG. London, June 24.—(AP)—The Dutch Liners today noted the Associated Press that the trans-Atlantic airplane Southern Cross at 1:40 p. m., G.M.T. (7:40 a. m. E.S.T.), and that the Southern Cross then was maintaining a speed of 100 miles an hour. The airplane was flying in a fog.

P. U. C. HEARING. Hartford, June 24.—(AP)—The petition of the New Haven Railroad Company for authority to eliminate a dangerous condition in Noank by the elimination of two grade crossings was heard by the Public Utilities Commission this morning.

LIONS CAMP FOR YOUTH MAY BE AT BOLTON LAKE

Will Be Available for Use of Various Organizations for Girls and Boys.

Announcement was made last night at the regular weekly meeting of the Manchester Lions Club in the Hotel Sheridan that plans for the establishing of a Lions Welfare Recreation Camp, with bathing, boating, and outdoor sport facilities, together with a clubhouse where local junior organizations can arrange their summer programs, were on the road to completion, having been under way for some time under the direction of the committee on special activities, headed by Albert Knoff, of New Haven.

The details of the project have not been completed but committees are at work pushing the project through as quickly as possible. The camp site will probably be at Bolton Lake. The Lions Camp will be given over for the use, free of charge, of the various boys' and girls' organizations in Manchester, such as the Boy Scouts, Girl Scouts, church and school organizations, or for any other worthy cause.

The idea of such a camp grew out of a request to the Lions for assistance in the building of a Girl Scout camp at Bolton. The committee decided that it would be better to build a permanent camp which any children's organization could call their own and could use at any time for hikes, outings, etc.

The chairman of the special committee today said: "Such a project has never before been offered by the Manchester service club for the use of all children's organizations. It will fill a long felt want in the community."

It is expected that within the next few days completed plans covering the construction and management of the camp will be under way. Albert Knoff, F. Gordon, McCarthy, Howard Crosby, William Hunevan, Hugh Campbell, Joel Nichols and Thomas Conran are working on the special committee.

The speaker at last night's meeting was Mrs. Joseph Stephen C. Hale, who spoke on "Girl Scouting." Mrs. Fred Johnson, Girl Scout captain, answered questions put by the Lions relative to the requirements of a suitable recreation ground and camp facilities at a nearby lake.

Mrs. Hale pointed out that there are now 300,000 Girl Scouts in the United States, among 300 girls comprise eight troops in Manchester. The Girl Scouts are between the ages of 10-18. The Brownie Packer is a junior organization for girls under ten. Mrs. Hale outlined the merit badges awarded for proficiency in various branches. She spoke also of the Girl Scout camps at Lake Gardner and Camp Merritt. Last year four local Scouts went to camp and this year seven have signified their intentions of attending.

2ND CONGREGATIONAL FESTIVAL PLANNED

To Be Held July 1 on Lawn of North End Church Parsonage, Committee Decides.

Ralph Brown, chairman, and his associates on Second Congregational motion picture committee, has set the date of Tuesday, July 1, for a big lawn festival to be held on the grounds at the parsonage on North Main street. The committee has engaged the Salvation Army band to give a concert and this will be one of the first of the series of open air musicals the organization is to give this summer. It is some time since the band has been heard in this section of the town and it is believed their music alone will be a great attraction, not to mention numerous booths where a great variety of foods and refreshments will be offered for sale.

Those who are working to make the affair a success are Mr. and Mrs. George E. Borst, Ralph Rockwell, John Wolcott, David Williams, Meredith Stevenson and E. P. Walton. The profits will be used to settle up the balance yet unpaid for the motion picture equipment.

The British Empire occupies about one-quarter of the habitable surface of the earth and its population exceeds one quarter of the estimated number of the human race.

PRICES DROPPING ON MARKET TODAY

Several Issues Go Lower Than They Did During the Recent Crash.

New York, June 24.—(AP)—A bear drive against the rail stocks depressed the general level of these shares close the resistance points of last November on the Stock Exchange today, several individual issues breaking through the bottom prices of last year. A long list of important shares from all groups sold off \$2 to more than \$5.

Before the unsettling downturn of the rails, the market had been dull, fluctuating uncertainly. During an interval of short covering in the morning, many important stocks gained \$2 to \$8, but practically all of these advances were cancelled by early afternoon. Renewed weakness of the wheat market was disappointing to Wall Street and made stocks vulnerable to bear drives. July wheat dropped more than 2 cents, establishing another new low for the past 16 years, under 90 cents a bushel.

Southern Railway sold off more than \$5, reaching the lowest level since 1925. St. Louis-San Francisco dropped nearly as much, recording the lowest point since 1926. Rock Island sagged more than \$3, getting back to the levels of 1927. New York Central, New Haven, Missouri Pacific, Reading and Delaware and Hudson dropped about \$2 to \$4 to new low levels for the year or longer. Atchison sold up \$4 in the early trading, only to drop more than \$10 from the top.

Sears Roebuck dropped \$5 to the lowest price since 1927. U. S. Steel, American Telephone, General Electric, Westinghouse Electric, Western Union, Consolidated Gas, American Can, A. M. Byers, and Warner Bros. sold off from \$2 to more than \$3.

WORCESTER BANKS UNITE RESOURCES

Worcester, Mass., June 24.—(AP)—The Worcester Bank and Trust Company and the Worcester County National Bank, together with the group of Worcester county banks controlled by the latter, will become affiliated under a common ownership and management if the stockholders ratify the action taken by their directors today. The stockholders will meet July 8.

The merger would involve combined resources of upward of \$83,000,000 and combined deposits of \$70,000,000. Under the plan the Worcester Bank and Trust Company, will purchase the stock of the Worcester County National Bank by an exchange of shares.

The purchase will carry with it ownership of the Second National Bank of Barre, Clinton Trust Company, North Brookfield National Bank, Spencer National Bank and the First National Bank of Worcester. The Worcester County National Bank has already merged with the Fitchburg Bank and Trust Company.

John E. White, now president of the Worcester Bank and Trust Company will be the executive head of the affiliated banks, as chairman of the board of directors of both the Worcester Bank and Trust Company and the Worcester County National Bank. Walter Putta, now president of the Worcester County National will be president of both banks.

WOULD CONTINUE P. O. SUB STATIONS IN TOWN

Chamber Believes Same Service Would Result With Federal Building at Center.

E. L. G. Hohenthal, Jr., President of the Chamber of Commerce in an interview this morning, revealed the plan that he expects the Chamber would work for and which he feels confident would meet with the approval of the post-office department, his opinion being based on some recent interviews with post-office officials. Should the people of Manchester want a new central post office on the government site at the Center, the people of the north end would get practically the same service as they have now, especially having box service and the various other services such as money order, registry, and stamp service in their own station at Depot Square, and it is further expected that some of the present post-offices would be continued as sub-stations.

The president in an interview, stated that already several prominent persons have expressed their viewpoint in favor of the new post office but he very emphatically declared that the Chamber of Commerce was not taking any definite stand further than to conduct the present survey and to let the exact situation as to the desire of commerce and industry regarding a new post office and Federal building.

Mr. Hohenthal stated that the Chamber office was mailing a special letter including a card to 650 most prominent citizens of the town and is asking them to return their vote one way or the other. "This is the business of the Chamber of Commerce," he said, "to make a study of such a situation." He is very anxious that those receiving letters give their earnest consideration to the matter and return their vote to the Chamber office promptly.

PUBLIC RECORDS

Warrantee Deed. John G. Hawley of West Hartford to Aidwin D. Frink of East Hartford, land and buildings on Lynes avenue.

ENTERPRISE WINS

Newport, June 24.—(AP)—The Enterprise won the second of the series of yacht races for the honor of defending the America's Cup off here today. The Yankee finished second and was followed by the Westamo, Whirlwind, Vanite and Resolute, in that order.

FIREWORKS SALE THIS YEAR O. K.'D

But They Must Not Be Discharged in Public Place, Meeting Decides.

Fireworks may be sold in Manchester for Fourth of July celebrations this year but they cannot be discharged on any public street or park here, according to a by-law voted by a special town meeting last night.

When the by-law was presented it had been amended at the last minute by the Board of Selectmen making it effective July 5. This was done when it was brought out that about \$1,500 in fireworks had already been purchased by dealers locally.

Police Commissioner Rogers explained why the by-law was made effective July 5 and then Rev. Allen presented an amendment making all but the first section of the proposed regulation effective July 5.

The meeting voted to purchase the South Manchester Sanitary and Sewer district rights of way for the building of the dry brook culverts and to purchase the storm sewer already constructed between the dry brook and Spruce street.

William Scheldge inquired when the town was going to make use of these rights of way. Chairman Thomas J. Rogers said that the board intended to start work of the construction immediately.

In successive votes the meeting accepted the following streets: Clinton street, Victoria Road, Proctor Road, Henderson Road, and Kensington street.

EXPECT BARONOUSKY GIRL TO RECOVER

Transferred to Retreat, However, to Receive Neurological Treatment.

Miss Alice Baronousky, north end young woman who tried unsuccessfully for the third time to commit suicide a few days ago, is expected to live.

Miss Baronousky's condition was at first regarded as extremely critical and little hope was held out for her recovery.

However, despite her improvement surgically, Miss Baronousky has not gained mentally, being very difficult to handle.

OPERATION MEANS LITTLE TO CHIZIUS

Joseph Chizius, owner of the clothing store on North Main street in the Hartman block, underwent an operation at the Manchester Memorial hospital this morning.

Mr. Chizius was around his store, during the early part of the morning and at 8:10 drove his automobile to the hospital, met the doctor, sat down in a chair, had the tonsils frozen and removed.

One hundred years ago 75 per cent of this country's population was required on the land for the production of food.

HELGE PEARSON PUPILS IN TWO NIGHT RECITALS

Will Be Held Tonight and Tomorrow Night at the Swedish Lutheran Church.

For the first time since arrival in Manchester five years ago, Helge E. Pearson, organist and musical director of the Swedish Lutheran church and also instructor in piano, organ, and theory, will close the present season of his piano and organ classes with two recitals to be held at the Swedish Lutheran church tonight and Thursday evening.

Assisting on tonight's program will be Miss Elsie Berggren, soprano, and an octette from the Glee Club of which Mr. Pearson is instructor.

Thursday evening the Imperial Male Quartet and G. Albert Pearson, bass soloist, will assist.

In that this is the first appearance of Mr. Pearson's pupils in recital, an unusual amount of interest is being shown.

The programs will include numbers by such composers as, Grieg, Beethoven, Grainger, Torquisen, Schubert, Chopin, Gounod and Wagner.

JACK CHENEY WINS ON TWENTIETH HOLE

Defeats W. Carson of Westport in First Round of State Golf Tourney; Grant Tops Ahern.

Hartford, June 24.—(AP)—Bobby Grant of Wethersfield, Hartford district champion, evened the score of a year's standing by defeating Dow Ahern of Willimantic 5 and 3 in the feature championship division match of the thirty first annual golf championship tournament this morning at Wampanoag Golf Club, West Hartford.

In the event at New Haven last year Ahern put Grant out of the running in a first round match.

Paul Hixson of Brookfield, New England champion, and 1928 State champion, defeated Davey Polson of Highland 6 and 5.

D. S. Gamble of New Haven defeated Joe Curtin of Goodwin Park, a caddie gofer, 4 and 3.

A. C. Giles of New Britain defeated Harold S. Lake of Hartford 3 and 1.

J. P. Cheney, Jr., of the Manchester Country Club, won his first round match from W. Carson of Westport, one up on the twentieth hole.

FUNERALS OF SIX HELD IN ANSONIA

Niels I. Poulsen, American Legion district commander who had charge of the funeral, assisted by Patrick Reedy, commander of the Ansonia unit.

There were five hearses, the bodies of little Raymond and Donald being placed in one. Over the casket of Spang was spread the American flag.

The cortege was headed by a platoon of police under Chief John J. Mahoney and at the East Denby line it was met by a police escort of that town which went with it to Mount St. Peter's cemetery.

At the cemetery there were six graves in the family plot. Father and mother were laid beside each other, and then the children in order of their ages.

Committal service was read by Chaplain Nicholas Ferruso of the American Legion. The color bearers were Fred Davis, with the American flag; Matthew Shortell with the legion standard.

It was made known today that Mrs. Spang had notified the hospital of her husband's return and Dr. M. C. Bain, medical officer in charge had acknowledged her message.

Other information today was that two months ago Spang was examined by an expert of the Mental Hygiene Society who recommended that he be put in an institution.

Mr. Chizius was around his store, during the early part of the morning and at 8:10 drove his automobile to the hospital, met the doctor, sat down in a chair, had the tonsils frozen and removed.

One hundred years ago 75 per cent of this country's population was required on the land for the production of food.

EMERGENCY DOCTORS

Dr. M. E. Moriarty and Dr. T. H. Weldon will be on duty to answer emergency calls tomorrow afternoon.

ABOUT TOWN

The choir of the Swedish Lutheran church will meet at 7 o'clock tonight.

Mrs. Harry Armstrong heads the supper committee for Temple Chapter's past matrons and past patrons' night.

The family of J. H. Quan of Park street have opened their White Sands Beach cottage for the season.

Mrs. F. A. Verplanck of Main street is at the Weekapaug Inn, Weekapaug, R. I., for two weeks.

The family of G. H. Wilcox of Greenhill street are at their cottage at Point O'Woods, South Lyme.

Mr. and Mrs. Michael Kleinschmidt of 33 Mather street were surprised Saturday evening by about 45 guests from this town.

Mrs. W. T. Morton and son Irwin of Hudson street are at Douglassville, Pa., for two weeks.

MISS MORIARTY'S PUPILS IN RECITAL TOMORROW

Watkins Studio to Be Scene of Presentation of Vocal and Piano Students.

Miss Arlyne C. Moriarty, well known local musician, will present her vocal and piano pupils in their first public recital tomorrow evening at 7:30 at Watkins Brothers studio, 11 Oak street.

The program of 22 numbers will consist of piano solos and duets, vocal solos and violin selections. The recital was induced to make the studio a public one by request of numerous friends who wished to attend.

To them she extends a most cordial invitation and to all others interested.

Miss Arlyne C. Moriarty

Miss Moriarty, who is one of the town's younger artists has been heard of late in several enjoyable vocal programs from the studios of WTIC at Hartford and has been entered at that station as a junior artist.

She has made many stage appearances here and in Hartford which have been the subject of much favorable comment.

Miss Moriarty at an early age entered the Hartford School of Music, later while attending Mt. St. Joseph Academy, she received a diploma for her high degree of proficiency in the study of voice, piano and organ.

ISLE OF MALTA IS NEW CENTER OF DISCUSSION

gregations to vote for Strickland's party in the next...

The feeling became intense May 23, when an English-born Nationalist attempted to assassinate the premier. A demonstration took place outside the Catholic Cathedral in Malta June 8 when word spread in the streets that the Catholic archbishop had upheld the church's right to interfere in matters of state.

It is the latest stage of the contest for the island government and the Holy See have issued statements of their positions, the British publishing a "Blue Book" which alleged Vatican interference in Malta and the Holy See answering with a "White Book" which held that the church had a constitutional right to participate in the Maltese government.

PRESIDENT KEEPS UP VETERAN BILL ATTACK

group of 75,000 to 100,000 men, makes provision for them in the most wasteful and discriminatory way conceivable and entirely neglects the equal rights of...

"Furthermore, the very basis of the bill, sets up an untruthful, and, according to our physicians, a physically impossible 'presumption' and predicates its action upon this. For instance a man who has served a few days in the army in his home town or in camps and afterwards enjoyed seven to twelve years of good health, then after all that time incurs any affliction, is thereby declared to have a disability due to the war and is to be compensated or pensioned on the same basis as the man who suffered in the trenches and from actual battle. It contains many other discriminations and injustices.

These things violate not only the fact but the very integrity of government. It is a sad thing for our government to set standards of subterfuge to our people. It is unfair to all other veterans who have become disabled in civil life.

It is unfair to the whole spirit of the World War veterans.

There are emergency cases and marginal cases which I have insisted should be cared for and which will be cared for, and there is the additional necessity for us to study the broader subject exhaustively before we plunge.

60 TROLLEYS BURN.

New York, June 24.—(AP)—A street car barn and 60 trolley cars were destroyed by fire at Woodside, Queens, this morning, causing a loss estimated at \$500,000.

The fire was attributed to a short circuit.

FORM DRAMATIC GROUP TO GIVE SHORE SHOWS

Local Young Men to Present Popular Plays at Summer Places This Year.

With a charter membership of five, the Warjater Players came into existence last night for the purpose of staging amateur dramatics at shore resorts during the summer months.

The organization meeting was held at the home of James Wilson on Arch street and the following tentative officers elected: Wilson, vice-president; Walter Williams, secretary; and Benjamin Radding, treasurer.

The other charter member is Robert Marshall. It was voted to limit the membership to 20 and after a discussion on the vehicle to be presented first, "Nothing But The Truth," was chosen, to be given at Crescent Beach, Wednesday evening, July 30.

A tentative cast was also picked and the play will go into rehearsal next week. Anyone wishing a try-out for a part is asked to get in touch with Terrence Shannon.

All of the present members of the Warjater Players have had stage experience with Sock and Buskin, the Town Players, or the Studio Players of West Hartford. It is the plan of the players to present "Nothing But The Truth," at other beaches if their presentation at Crescent Beach is successful.

CLOSED AT NOON WEDNESDAYS

TUESDAY, JUNE 24, 1930.

VETERANS' PENSIONS

Three aspects of the passage of the veterans' pension bill present themselves for serious consideration. The action of the Senate in passing the measure was non-partisan, 33 Republicans as well as 32 Democrats voting for it and only six Republicans and no Democrats voting against it.

REAL HEROES

In the midst of constant revelations of graft, laxity and incompetence in police and other official circles, the frequent debunking of synthetic notables, and the consequent false but widespread impression that all gold is tinsel and every diamond glass, it is a relief now and then to be brought face to face with records like those of the two hardboiled old warhorses Chief John Kenlon and Assistant Chief "Smoky Joe" Martin, both of whom are now found to be physically worn out and who are to be retired with all the honors that the great city of New York can bestow on them.

GOING BOLSHIE?

We shall, we believe, do more than some Connecticut newspapers will do, when we acknowledge the receipt of a copy of the platform of the Socialist party of Connecticut. We shall do more than some newspapers, we believe, when we give our reason for not printing it. It is too long.

A QUIETER FOURTH

If there are—and we know there are—a large number of Manchester persons who are disappointed that the town is not assured of a non-explosive Fourth of July this year, they have, unless they were among those present at last night's town meeting, no right to complain.

IS HE SEEING THINGS?

Such a Chinatown personality is Mr. Eng Ying Gong, one time tong president, who collaborated with an American newspaperman, Bruce Grant, on an opus titled "Tong War."

AMERICANS HONORED

Brussels, June 24.—(AP)—Simon and Abraham Flexner, members of the managing board of the Rockefeller Foundation, were proclaimed Doctors Honoris Causa at the dedication ceremony today of the new medical buildings of Brussels University.

Health and Diet Advice

By DR. FRANK MCCOY

MEASURE BELIEFS CAREFULLY

As we live, we learn. Some of our learning comes in the hard school of experience, and some from hearing of the experience of others. We are being constantly surrounded by propaganda from all sources, suggesting to us that certain things are good for us, or bad for us, and it is sometimes a little difficult for one to know just what is good or bad, especially when it comes to the important subject of health and diet.

CONY ISLAND TRICK

The Cony Island police station resembled a huge toy nursery and during the afternoon 125 lost children were reclaimed there by tearful parents.—New York Times.

IN NEW YORK

New York, June 24.—Just about the time everyone announces that Chinatown has changed its ways and gone in for Americanized business methods, out pop a few old-fashioned highlanders and guerrilla warfare among the tongs spreads from Doyers street to Harlem.

QUESTIONS AND ANSWERS

(Muscular Paralysis) Question: J. H. asks: "Will you please state whether or not a case of muscular paralysis can be cured?"

Answer: Many cases of muscular paralysis are curable. The trouble usually comes from a blood clot on the brain which presses upon the nerves going to certain muscles.

(More Protein Needed) Question: D. F. R. asks: "Can a business man of 31 years of age..."

WASHINGTON LETTER

By RODNEY DUTCHER

Mr. Fish certainly hopes to put on a better show in his own home town.

Washington, June 24.—The House investigation of the red radicals, sponsored, launched and chairmaned by Congressman Hamilton Fish of New York, will move in July up to the chairman's own backyard, where Mr. Fish hopes it will be getting a lot more publicity than it has had in its first few days.

ROCKVILLE

Fire Monday Afternoon

The Rockville Fire Department responded to a fire in a shed owned by Charles Bloniarz of 119 Brooklyn street on Monday afternoon at 3:30. All apparatus making excellent time. The rear of the shed was badly damaged and the prompt arrival of the department saved the home, as the shingles had already caught fire.

AMERICANS HONORED

Brussels, June 24.—(AP)—Simon and Abraham Flexner, members of the managing board of the Rockefeller Foundation, were proclaimed Doctors Honoris Causa at the dedication ceremony today of the new medical buildings of Brussels University.

Wednesday Morning Only! Metal CAMP CHAIRS 59c. Just the folding chair for camp, cottage or as an extra seat in your car. Frames and backs of metal, finished olive-green, with seats of khaki duck. Fold into a very small space and are easily packed under seats of cars, etc. Regular \$1.25 value. Limited number. Cash and carry. WATKINS BROTHERS 55 YEARS AT SOUTH MANCHESTER

ward's church at 3 o'clock. The exercises opened with the procession of graduates, the girls dressed in white and the boys in blue serge. The children sang "O Vision Bright" after which the rosary of the Blessed Virgin exercises took place. Prizes were presented and prizes awarded, followed by the singing of the hymn "Sacred Heart of Jesus."

Prizes were awarded as follows: American Legion medals for outstanding pupils: Bernice Morin and Edwin Jordan; Irish History, A. O. H. prizes, Grace Canderman and Helen Bretel. Gold medal for highest average, Grace Vanderman; gold medal for scholarship, Bernice Morin and Robert Frutting; gold medal for improvement, Robert Morin.

There were thirty-two members in the graduating class. St. Joseph's Graduation. The graduation exercises of St. Joseph's school was held in the school hall on Sunday night, with a large number of the parents in attendance. The program follows: Opening address—Lawrence Depula.

Pantomime—"America"—Pupils of the higher grades. One act comedy—"The Wash Woman"—Graduates. Daisly drill—Pupils of the lower grades. One act comedy—Pupils of higher grades. Colonial dance—4th and 5th grades.

Class song—"The Gold and Blue"—Graduates. Presentation of diplomas by former pastor, Rev. F. Wladasz of Stamford. Members of the graduating class include: Leocadia Liszewski, Irene Jaski, Martin Rogalski, Joseph Jantoni, Estelle Deptula, Mary Suchecka, Janette Jantoni, Auerlia Siowinaka, Phyllis Raczakowski, John Deroszowski, Meclaus Deptula, Felix Zeleniski, John Chimelewski, John Dobosz, Edward Konegalski, John Jantoni, Martin Konegalski, Aloysius Orlowicki, Joseph Jakiel, Esalauz Bloniarz, Stanley Roszczeski.

Master prizes were awarded to Janette Jantoni and John Deroszowski. There were also several awards for twenty pupils of the lower grades. Myers-Canavan. Miss Margaret Canavan, daughter of Mrs. Sarah Canavan of 121 Orchard street, this city, and Michael Bernard Myers, son of Mr. and Mrs. M. J. Myers of 18 Bright street, Northampton, Mass., were united in marriage this morning at St. Mary's church, Northampton. Rev. F. F. Cummings, pastor of the church officiating. Miss Mary Swider of this city attended her sister as matron of honor, and the best man was George F. Myers, brother of the groom.

The bride wore a gown of white chiffon and veil of tulle and venetian lace which fell from a cap of orange blossoms and pearls. She carried a shower of bridal roses and lilies of the valley. The matron of honor wore a dress of peach chiffon and picture hat to match. She carried Tallman roses. Following the ceremony a reception was held at the home of the groom's parents, after which the couple left for a wedding trip by auto through the New England states.

Mr. and Mrs. Myers will be at home 18 Bright avenue, Northampton after July 1. To Hold Recital. The advanced pupils of Mrs. Ruth McKinstry Cooley, teacher of piano, will give a recital at the latter's home in Ellington on Saturday afternoon, June 25, at 2:30. Those who will take part are: Lawrence Rostek, Rose Stocker, Leonard Butler, Dorothy Purnell, Eleanor Butler, Erwin Kellner, Doris Schlauf, Doris Dowling, Sylvia Cox, Moritz Metcalf, Marion Gilpin, Margaret Kelly, Stella Pilska and Esther Goldfield.

A recital by the less advanced pupils was held at the home of Mrs. Cooley on Saturday last. Funeral of Robert G. Flamm. The funeral of Robert G. Flamm, who died at St. Francis hospital on

NEW DRY DIRECTOR. Washington, June 24.—(AP)—Preparing to take prohibition out of the Treasury after the end of Mr. Woodcock's term in the Justice Department has selected A. W. W. Woodcock of Salisbury, Md., for the task of directing enforcement. As Federal district attorney for his state and more recently as an aide to Hoover law enforcement commission in its prohibition studies, Woodcock has acquired an experience which the department says, makes him well equipped for his new post.

As district attorney the department said in announcing the selection, Woodcock made an "excellent record" and "gained the respect of his state for the fair, fearless and efficient manner in which he performed his duties." FORBIDS LONG FLIGHTS. Mexico City, June 24.—(AP)—President Ortiz Rubio today issued a formal order forbidding military aviators from engaging in long-distance flights. The President said he had decided that no more Mexican fliers were permitted to risk their lives in perilous flights having no specific purpose. The order included Colonel Roberto Fierro, who was forbidden to continue his flight to South America and Europe. The President said that this flight merely would be repeating what already had been done by aviators of other nations.

INDIANS IGNORE BRITISH REPORT

Bombay, June 24.—(AP)—Leaders of the civil disobedience campaign, by which Indian Nationalists are striving to gain independence, declared today that the recommendations of the Simon commission on statutory and constitutional reform would stiffen their movement. They consider that it meets none of the Swarajist, or home rule, demands.

As part of their boycott of the Simon commission from its inception, Nationalist leaders officially ignored the report, but actually they considered its recommendations in the most minute details. Even to Mahatma Gandhi, in prison, at Poona, was presented a copy of the recommendations by the government, according to newspaper accounts.

As part of the plan to ignore the Simon commission, the leaders said that there would be no processions of protest nor mass meetings anywhere, but that there would be a gradual increase in the Swarajist, or Nationalist resistance movement, in all centers where passive resistance is now being carried on.

Not Disappointed.—"We are not in the least disappointed as we never expected anything in our favor," V. J. Patel, former Speaker of the Indian Legislative Assembly who resigned at the beginning of the civil resistance movement, said to the Associated Press.

"We expected a long fight in the first place," he said, "and it is now clear that we will struggle for months, perhaps for years, and then with a smile, of course I am supposed to ignore the recommendations but as a matter of fact I have been pouring over the details for the last two hours."

Boycott Indicated.—"There is absolutely nothing in them which would start to satisfy most Indians, no matter to what party they belong. Our boycott of the Simon commission is now fully vindicated. No member of the All-India National Congress will care to consider the recommendations for a moment. There is no suggestion of an immediate grant of freedom anywhere."

"In fact the recommendations will stiffen our attitude throughout the country and nothing will satisfy us now except complete independence. Some would have been satisfied with dominion status but their attitude has stiffened and now they will fall in line with the majority."

TOLLAND.—The annual picnic of the Cornelia Circle was held at the summer cottage home of one of the members, Mrs. W. B. Bean, Inspiration Point, Tolland road, Friday afternoon with a large gathering present. The day was ideal for the occasion and a most delightful time was enjoyed by all present.

The annual meeting of the corporation of the Savings Bank of Tolland will be held Monday afternoon at the office of the bank on Monday, June 23, for the election of officers for the ensuing year and the transaction of any other business to come before said meeting.

Mrs. Richard Murphy of Springfield and Webster, Mass., and Mrs. Laura Hodges of Springfield were recent guests at the Steele House.

Miss Alice E. Hall a teacher of Home Economics at the Seymour High school is home for the summer vacation.

The primary room pupils at Hicks Memorial school had their school picnic on the school grounds Monday afternoon. The teachers, Mrs. Erva Doyle was assisted in the games by Mrs. Emery Clough.

The grammar room pupils of the Hicks Memorial school, with their teacher, Miss Mary L. Tomkins will hold their picnic Tuesday at Crystal Lake.

The pupils of the River district with their teacher, Mrs. Ada Rhodes held their picnic at Evergreen Park town of Stafford, last Friday.

Miss Florence Meacham, teacher at the Junior High school in New Britain is at her home for the summer vacation.

Mrs. Charles Newcomb with several relatives from Holyoke, Mass., were recent guests of friends and family at the home of their daughter, Mrs. George Nelson Bowers and family of West Hartford.

Mr. and Mrs. Loren Bush and son Robert and Miss Ruth Hansen of Bristol were guests Saturday of Mrs. Emma Crandall.

There was a large audience at the Federated church services Sunday morning to listen to the new pastor, Rev. J. A. Davidson of Atlanta, Georgia.

A dinner and theater party was given in Hartford Friday evening in honor of Miss Edna Crandall's coming marriage to Edmund Rublee of Brooklyn, N. Y.

Overnight A. P. News

Washington—Senate passes World War veterans bill in face of almost certain veto by Hoover.

New York—Will of Henry C. Folger, leaves \$10,000,000 to finish and maintain Folger Shakespeare library at Washington.

Washington—A. W. Woodcock named director of Prohibition Bureau.

Cynwyd, Pa.—Nelson Aldrich Rockefeller, son of John D. J. R., marries Miss Mary Todhunter Clark.

Washington—Tinkham says Cannon has not denied his charges that he violated Federal Corrupt Practices Act.

Chicago—Fifteen thousand visiting Rotarians and friends see tableau showing the reception accorded Rotary ideals in 62 nations of world.

Washington—Thomas W. Lamont notifies house banking committee he will be unable to appear on date he is wanted for questioning on German reparations bonds.

Mobile—Harold Herbert Schroeder started back to Indiana for investigation of burning of unidentified body in his automobile.

Washington—House Republican leaders decide to send \$138,141,902 rivers and harbors bill to conference.

Port Marmock, Irish Free State—Kingsford Smith and three others hop off for New York in airplane Southern Cross.

London—Second half of Simon commission's report recommends an All-Indian Federation under British crown instead of Indian independence.

Bombay—Weekly government statement says there is still cause for anxiety in tribal conditions in northwest frontier province.

Mexico City—Message report American cotton buyer shot and killed in Torreón by negro cook.

Boston—Widespread search begun for Oliver B. Garrett, who failed to appear yesterday to face trial on indictments charging extortion.

Portland, Me.—Preparations made for quick refueling of airplane Southern Cross if it should land at the airport after flight from Ireland.

Worcester, Mass.—William M. Butler, candidate for nomination for United States Senator, declines to discuss prohibition in address.

Bennington, Vt.—Gifts of \$1,116,000 towards required \$2,500,000 for proposed college for women at Old Bennington announced; opening set for September, 1932.

Boston—Arizona Department of American Legion awarded first place in line of march at parade during National convention in October.

Worcester, Mass.—Trial of Leon Trudeau for murder of wife adjourned to permit 12 men serving in civil session of court to be available to complete panel of jurors called for service.

Boston—School committee passes order making residence in city compulsory by teachers after next January 1.

Concord, N. H.—Three Waltham men held for trial July 7 in case of assault upon Miss Catherine M. Haggerty, telephone operator.

Queer Twists In Day's News

New York—Captain R. D. Archibald, British flier, plans to carry an automobile on his flights hereafter, mainly for picnics when he lands somewhere. He has come from England with the auto, a tiny thing weighing half a ton and three feet high. A plane he is having built has parking space.

West Palm Beach, Fla.—George W. and Alfred Gwynne Vanderbilt with six schoolmates have left on an all-summer hunt for devil fish off the west coast of South Africa. Specially constructed motor boats have been shipped ahead.

Alfred, 18, and George, 16, are the sons of Mrs. Charles Minot Arny and the late Alfred Gwynne Vanderbilt.

New York—Lindbergh's double is here from France with his prize creation, a boon to mankind, a shirt collar and tie, all in one piece. Jean Claude D'Arheze had a ride on the Claude Bourget on a May night in 1927, but the boys who get the news from ships couldn't see much resemblance to the colonel except height. Jean is a designer of men's wear.

Charlotte, N. C.—Male dress reform in hot weather has ascended. Johnny Kytte and Dick Merrill, pilots, flew into town wearing bathing suits and parachutes.

New York—In war against inferior booze sold by Bowery speakeasies the Salvation Army has opened a buttermilk bar, two cents for a half-pint glass. Some customers have been enthusiastic, saying it satisfies.

Boston—Bugs have been menacing navigation. The Lighthouse Bureau has found that swarms of hornets were responsible for several gas and whistling buoys six miles or so off shore ceasing to function.

New York—A chemically treated wood that acts as its own fire extinguisher has been tested at the laboratories of Columbia University. The touch of flame produces a protective moisture like glue. In a test a door two inches thick held off fire six times as long as a metal door.

Brentwood Heights, Calif.—For faithful and loyal service Peter E. Boyle, master sergeant at Governors' Island, N. Y., receives \$5,000 under the will of the late Colonel Charles H. Payne under whom he served at various Army posts and in the Big War. Boyle is about to retire on pension after 30 years in the Army.

New York—Will Mahoney, whose specialty is making folks laugh at vaudeville performances and musical comedies laugh at his falls, has insured his backbone for \$100,000.

Shanghai, June 24.—(AP)—Nationalist military dispatches today claimed success in fighting on all three war fronts.

A Suchow dispatch said the Nationalists in the past 24 hours had forced the rebels to withdraw toward the Chihli provincial boundary and westward toward Kaifeng, the Honanese capital.

Advice from Changsha, capital of Hunan, asserted the nationalists south of the Yangtze river throughout the provinces of Hunan and Kiangsi were hemming in the rebels and forcing them to retreat southward toward Kwangsi, from which province they had started on the march which too, them all the way to the Yangtze river.

Previous government dispatches told of Nationalist gains in Shantung province, along the Yellow River.

The Nationalist censorship has cut off news reports from foreign sources in the fighting zones.

TARIFF RECEIPTS SOAR.—Washington, June 24.—(AP)—Whatever else the new tariff bill does or fails to do for the country, it already has added a two-point increase in revenues of \$14,000,000.

The estimate was made possible when the Treasury Department in its regular daily statement of government receipts for the close of business June 20 reported June incomes from tariff duties of \$59,000,000 which compared with \$55,000,000 in the same 20 days last year.

Virtually all the increase in the Customs is attributed to the usual last minute rush of importers to get shipments into the United States before the law became effective.

WIDESPREAD HUNT FOR GARRETT

Boston, June 24.—(AP)—Widespread search was under way today for Oliver B. Garrett, former police liquor raider, who failed to appear for trial yesterday on indictments charging extortion.

Police in 75 cities and towns of New England, New York City and state and New Jersey were asked last night to maintain close watch. Preparations were made to send 5,000 circulars describing him throughout the country.

A default warrant for his arrest was issued by Judge David F. Dillon, trial judge, after he failed to appear. The indictments charged extortion from John F. Sullivan, former proprietor of the peddocked Hotel Ritz.

Mrs. Florence H. Garrett, his wife, and Mrs. Lillian M. Hatch, who were to be tried on allied charges, will be tried later when the former policeman is found, District Attorney William J. Foley said.

Ball Forfeited.—Foley said later he would sue at once to have Garrett's \$12,000 bail forfeited. Bondsmen for the two women yesterday decided to surrender the pair and orders were issued for their arrest.

Private detectives who had been watching Garrett, reported a multi-plied that he had dropped out of sight between midnight Friday and 8 a. m. Saturday morning. His automobile was found in Franklin, near

TWO BOYS DROWNED

Framingham, Mass., June 24.—(AP)—Two boys who went to see a circus train arrive in town last night later decided to go swimming and drowned during the night.

The pair, John Francis Sheehan, 21, and Joseph D. Martini, 15, failed to return to their homes by midnight after talking of going to see the train unload. Boys at the station said the two were no longer there at midnight and search was begun by police.

Their clothing was found on a bathing beach as Larned's pond about 4 a. m. and a searchlight revealed their bodies in water 20 feet from shore. Policeman Norman D. Snell recovered the bodies.

SHIP AND CREW LOST.—Oslo, Norway, June 24.—(AP)—News was received today that the Norwegian sealer William Boot was lost with her crew of 14 off the east coast of Greenland during the winter.

NEW HAVEN'S SURPLUS CALIFORNIA WOMAN Lost 47 lbs.

Boston, June 24.—(AP)—The New York, New Haven and Hartford railroad today reported a surplus for the month of May, 1930, after all charges, including preferred dividends and guarantees, of \$500,970. The amount represented a decrease of \$377,963 from May, 1929.

The surplus for the five months ending May 31, 1930, was reported to be \$3,785,768, a decrease of \$740,965 from the same period last year.

Total operating revenues for the month were \$10,519,800, compared with \$12,027,076 in May 1929, the report said. The gross revenue for the five months was \$50,528,385, compared with \$56,524,694 for the five months ending May 31, 1929.

Operating expenses decreased \$1,219,131 for the month and \$3,533,255 for the five months ending May 31.

WOULD ADMIT FLAME FREE.—Washington, June 24.—(AP)—A resolution to permit the Dornier Do-X, giant German flying boat to enter the United States free of custom duty has been introduced by Representative Johnson, Republican, South Dakota.

A trans-Atlantic flight of the massive plane, which, powered with twelve motors, carried 150 passengers on a flight last year, was proposed some months ago.

Johnson said unless the plane were permitted free entry, it would be assisted approximately \$30,000 customs duty.

INDIANS IGNORE BRITISH REPORT

Bombay, June 24.—(AP)—Leaders of the civil disobedience campaign, by which Indian Nationalists are striving to gain independence, declared today that the recommendations of the Simon commission on statutory and constitutional reform would stiffen their movement. They consider that it meets none of the Swarajist, or home rule, demands.

As part of their boycott of the Simon commission from its inception, Nationalist leaders officially ignored the report, but actually they considered its recommendations in the most minute details. Even to Mahatma Gandhi, in prison, at Poona, was presented a copy of the recommendations by the government, according to newspaper accounts.

As part of the plan to ignore the Simon commission, the leaders said that there would be no processions of protest nor mass meetings anywhere, but that there would be a gradual increase in the Swarajist, or Nationalist resistance movement, in all centers where passive resistance is now being carried on.

Not Disappointed.—"We are not in the least disappointed as we never expected anything in our favor," V. J. Patel, former Speaker of the Indian Legislative Assembly who resigned at the beginning of the civil resistance movement, said to the Associated Press.

"We expected a long fight in the first place," he said, "and it is now clear that we will struggle for months, perhaps for years, and then with a smile, of course I am supposed to ignore the recommendations but as a matter of fact I have been pouring over the details for the last two hours."

Boycott Indicated.—"There is absolutely nothing in them which would start to satisfy most Indians, no matter to what party they belong. Our boycott of the Simon commission is now fully vindicated. No member of the All-India National Congress will care to consider the recommendations for a moment. There is no suggestion of an immediate grant of freedom anywhere."

"In fact the recommendations will stiffen our attitude throughout the country and nothing will satisfy us now except complete independence. Some would have been satisfied with dominion status but their attitude has stiffened and now they will fall in line with the majority."

TOLLAND.—The annual picnic of the Cornelia Circle was held at the summer cottage home of one of the members, Mrs. W. B. Bean, Inspiration Point, Tolland road, Friday afternoon with a large gathering present. The day was ideal for the occasion and a most delightful time was enjoyed by all present.

The annual meeting of the corporation of the Savings Bank of Tolland will be held Monday afternoon at the office of the bank on Monday, June 23, for the election of officers for the ensuing year and the transaction of any other business to come before said meeting.

Mrs. Richard Murphy of Springfield and Webster, Mass., and Mrs. Laura Hodges of Springfield were recent guests at the Steele House.

Miss Alice E. Hall a teacher of Home Economics at the Seymour High school is home for the summer vacation.

The primary room pupils at Hicks Memorial school had their school picnic on the school grounds Monday afternoon. The teachers, Mrs. Erva Doyle was assisted in the games by Mrs. Emery Clough.

The grammar room pupils of the Hicks Memorial school, with their teacher, Miss Mary L. Tomkins will hold their picnic Tuesday at Crystal Lake.

The pupils of the River district with their teacher, Mrs. Ada Rhodes held their picnic at Evergreen Park town of Stafford, last Friday.

Miss Florence Meacham, teacher at the Junior High school in New Britain is at her home for the summer vacation.

Mrs. Charles Newcomb with several relatives from Holyoke, Mass., were recent guests of friends and family at the home of their daughter, Mrs. George Nelson Bowers and family of West Hartford.

Mr. and Mrs. Loren Bush and son Robert and Miss Ruth Hansen of Bristol were guests Saturday of Mrs. Emma Crandall.

There was a large audience at the Federated church services Sunday morning to listen to the new pastor, Rev. J. A. Davidson of Atlanta, Georgia.

A dinner and theater party was given in Hartford Friday evening in honor of Miss Edna Crandall's coming marriage to Edmund Rublee of Brooklyn, N. Y.

"Coming events cast their shadows before"

TRIED AND TRUE!

When tempted to over-indulge

"REACH FOR A LUCKY INSTEAD"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted" Your Throat Protection—against irritation—against cough

"I have come to the conclusion," writes Sir Henry Thompson, M.D., F.R.S., "that more than half the disease that embitters human life is due to avoidable errors in diet." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight, and, by avoiding over-indulgence, maintain a modern, graceful form.

KILLED BY POLICEMAN

Providence, R. I., June 24.—(AP)—Vincent Cunningham, 20, was dead today from a bullet wound and Patrolman Edmund F. Bodkin had been suspended and had entered a plea of not guilty to a manslaughter charge.

Cunningham was fatally wounded, police said, when Bodkin fired after his fleeing form early yesterday to frighten him. The officer had started to question three men and two women in a stalled automobile which answered the description of a stolen car, police said.

His body was found behind a nearby building four hours later.

DAILY RADIO PROGRAM

Wednesday, June 24. The rare combination of four carefully blended contrapuntal lines presented in these selections by the Fröhne sisters during the hour which follows the broadcast of the Fröhne sisters Tuesday night at 8 o'clock. These four young women are sisters of the famous Fröhne sisters. A group of hits from the "Musical Box Revue" will be featured by an orchestra with vocal soloists in a program of songs old and new to be broadcast by the same chain of stations half an hour later. Frank Black, director, has also orchestrated several Hawaiian tunes which will furnish an added highlight. Monday will be sung by Frank Luther, tenor.

OIL FIRMS ATTACK CONNECTICUT LAWS

Constitutional Court Sitting In New Haven to Hear Arguments. New Haven, June 24.—(AP)—A Constitutional Court, the third to meet in Connecticut in the last 30 years yesterday heard the opening arguments of leading oil companies, in their attack on the constitutionality of the state law limiting the grades of motor lubricating oils to be sold in Connecticut. Judges A. N. Hand, Edwin S. Thomas and Warren B. Burrows were on the bench in Federal Court.

HINT AT TORCH MURDER

Mobile, Ala., June 24.—(AP)—Authorities prepared today to act swiftly against Harold Herbert Schroeder, 35, accused of murdering a woman in connection with his burning automobile near Indianapolis, May 31. Schroeder apparently was undecided whether he would fight extradition and Sheriff George LeWinkler of Marion County, Indiana, went to Montgomery to be present for the arrival of requisition papers, expected during the day at the office of Governor Bibb Graves.

ENTERING LAST WEEK IN POPULARITY RACE

Miss Gladys Dickson Leads With Over 4,000 Votes; Miss Rossi Is Second. A dark horse entry spurred into first place in the State theater contest to discover Manchester's Most Popular Girl as the race for the honor entered into its final week yesterday, but the field still remains well bunched with the final outcome a toss-up between at least six entries.

MEXICAN PLOT FOILED

Mexico City, June 24.—(AP)—A supposed plot against the life of former President Portes Gil was exposed by La Prensa today with the announcement that timely discovery alone "prevented the attempt from being successful." According to the newspaper a large car with curtains drawn had been circling the residence of Portes Gil, while men had hidden in the shadows along the street. The former president sometimes walks out at night.

PRATT & WHITNEY CO. GETS ARMY CONTRACT

Washington, June 24.—(AP)—The War Department today approved contracts for 876 new airplane engines, costing \$5,336,559. The expenditure will cover a contract for \$2,802,763, awarded to Pratt and Whitney Aircraft Company of Hartford, Conn., for 694 "Wasp" 450 horsepower engines, and one for \$1,533,796, to the Curtiss Aeroplane and Motor Company of New York for 40 engines of 425 horsepower and 152 engines of 600 horsepower.

WTIC PROGRAMS

Travelers Broadcasting Service Hartford, Conn. 30,000 W., 1050 K. C., 232.3 M. Tuesday, June 24, 1930. 4:30 p. m.—Happy, Go and Lucky. 4:30—Famous Women in History "Prothonotaries."

NEARLY SEVEN MILLIONS FOR GREATER NEW YORK

New York, June 24.—(AP)—The 1930 population of Greater New York is between 6,891,435 and 6,901,435 according to final census figures of four of the five boroughs and an estimate of the population on the Bronx, made today by G. M. Payles, a census supervisor of the borough. The lower estimate would show an increase of 22 per cent in the five boroughs.

TODAY IS THE ANNIVERSARY

THE CABOTS' DISCOVERY On June 24, 1497, John Cabot, an Italian sea-captain living at Bristol, England, and his son Sebastian, discovered North America when they arrived at a point believed to be Cape Bratton.

NOTRE DAME CAPTAIN LEADS COLLEGE GOLF

Oakmont, Pa., June 24.—(AP)—Larry Moller, captain of the Notre Dame golf team, turned in a good 76 to lead the field in the first qualifying round of the National Intercollegiate championship when the first score here reported today. Quincy, Ill., boy played great golf over the second nine, getting a par 35. His score, four over par on the 35, high, well-trapped Oakmont course, was a good mark for the rest of the collegians to attack.

INJURED BY BLAST

Pawtucket, R. I., June 24.—(AP)—Thomas Burns, 30, an attendant at the Flint filling station here, was blown through the floor of his station during the morning by an explosion which demolished the structure in which he had been standing. Burns, suffering from a possible fracture of the spine and other injuries was taken to the Pawtucket Memorial hospital.

FIND SHIP WRECKAGE

New London, June 24.—(AP)—Pieces of wreckage and a broken ring buoy from a sunken vessel believed by the Coast Guard to be the sailing yacht Varuna of New York, were brought to the Coast Guard Academy wharf today by the Coast Guard cable ship Pequot, which came here for boiler overhaul and to work on cables in this vicinity.

FAMOUS AUTHOR DIES

Clarkburg, W. Va., June 24.—(AP) Melville Davison Post, 59, well-known short story writer, died today in a hospital here. While riding a horse on June 10 last in country estate near here, Post was stricken and was brought to a hospital here. Blood transfusions improved his condition, but he suffered a relapse last Thursday. With comatose veins of the aorta, which was the cause of death.

DIES SAVING TWO

Montréal, June 24.—(AP)—Two young girls owe their lives to their heroic rescue from drowning in the St. Lawrence river by a priest who died in saving them. The girls, bathing at Verdennes, yesterday, got beyond their depth. Father Cloran, S. J., prefect of discipline at Loyola college here, noticing their difficulty, swam to help.

QUOTATIONS

"They say we have become a nation of two families. Right. They say we had to get a second car so the wives could have one, too. Wrong. We had to get a second car so the husbands could have any car at all." —Frederick L. Collins, author.

SLUGGED AND ROBBED

Windsor, June 24.—(AP)—Jack Loquan of 271 Bellevue street, Hartford, was found unconscious early today on the roadside near the Bert Nolan place in Gridin district. He had been hit on the head with a blackjack and robbed of \$90. Morris Kichin and Henry Crilling of Tariffville who found Loquan notified Constable Maurice Kennedy. Loquan was given medical attention and taken to the Hartford police station.

BOY SAVES WOMAN

New Britain, June 24.—(AP)—Turning on five jets of the gas stove in the kitchen of her home, this afternoon Mrs. Marion Schewsky, 22, of 141 Broad street, sat down to write a farewell note to her husband. As she was overcome, a boy playing basketball in the yard smelled the gas and noticed her condition. He called the police and the woman was saved from death as she was about to become unconscious. The note declared her love for him and that she would die for his happiness. It mentioned the name of another woman and instructed him to "be sure to love" her.

PLANE PILOT KILLED

Wichita, Kas., June 24.—(AP)—Ray Field, Wichita pilot was killed at an air show yesterday at Braley Airport when racing three other planes at a speed of 120 miles an hour his plane nosedived when banking at a turn.

CLOSE CONTESTS AT 5TH'S SESSION

Harmony, However, Features Annual Meeting at Keeney Street School.

Harmony was the keynote at the annual meeting of the Fifth School District at the school on Keeney street last night. There were contests for office, which were mighty close, but nobody said a hard word about any other person and when the meeting, which was five minutes late in starting, was over it was found that a new record for a full meeting of the district had been established, it taking less than an hour and a quarter.

Without any contest Everett Wickham was selected as moderator and Fred Sadler was appointed the clerk of the meeting. Following the order of the call the first business was the reports of the officers of the district. Edward Keeney, the first member of the school committee submitted a verbal report in detail. The receipts for the year which he explained, minor repairs made to the building and the school put in first class condition. He had previously stated that there was under consideration a plan whereby a better grade would be made around the school.

The report of the district was read in detail. The receipts for the year amounted to \$8,448.06 of which amount \$4,764.50 was paid by the town and \$3,683.56 from the state stock tax; \$1,651.62 from taxes and \$2,000 borrowed money from the Savings Bank of Manchester. In the disbursement \$4,764.50 was teachers and plant operations amounted to \$205.22; plant maintenance, \$234.24 and \$414.34 for administration. There was paid to the Home Bank and Trust Company \$2,500 and interest and after reducing the debt \$500 there was still \$130.52 in the bank. The indebtedness of the district was given as \$3,128.58, divided in three notes, one of \$2,000 another of \$1,045 and a third of \$83.58. This report was accepted without debate.

The report of the treasurer, Robert McLaughlin, was presented and read by the treasurer. It showed the total tax due to be collected \$1,746.41 with interest of 33 cents brought the total to \$1,746.74, but there was an error of \$8.10 to be deducted leaving a net amount of \$1,738.64. Of this amount there was turned over to the treasurer as of June 16, 1930 a total of \$1,651.62, with a balance of \$44.80 on hand and uncollected taxes of \$42.22. This amount corresponded with the rate book. This report was accepted.

The bill from the Ninth District of \$306 for tuition of pupils in the Ninth District in the seventh and eighth grades of the Ninth District for the school term just ended was received and ordered paid. This bill will not be paid, however, until the sufficient money on hand and the treasurer was not empowered to borrow any in the meantime. Up to this time there was no trouble of any kind and it looked as though there was going to be no contests in the election of officers, but such did not prove to be the case. The nomination of officers was made by the committee. Walter Snow was also nominated. This made necessary a vote by ballot.

When the ballots had been spread and the tellers had checked and each others count the vote was announced:

Total number of votes cast	62
Necessary for a choice	32
Edward Keeney	32
Walter Snow	30
Edward Keeney was declared elected.	

For second member of the committee the name of Henry Jordan was presented as was that of Oscar Magnuson. Again a ballot was required, resulting:

Total number of votes cast	65
Necessary for a choice	33
Jordan	33
Magnuson	31
Scattering	1

The moderator declared Jordan elected. For a third member of the committee the name of Mrs. Louise Hagenow was presented as was that of Albert Johnson, again making necessary a ballot with the following results:

Total number of votes cast	65
Necessary for a choice	33
Mrs. Hagenow	34
Mr. Johnson	28
Scattering	2

The two scattering votes went to Albert Swanson. Mrs. Hagenow was declared elected. The selection of a clerk was without opposition, Irving Wickham getting the election without opposition, one vote doing the trick. Fred Fry, the treasurer, was likewise honored, having no opposition and the clerk cast the one ballot for him.

The collector's position brought out one more, and the last contest of the evening. The name of Fred Sadler was presented and it looked as though he might be elected by one vote, but the name of Walter Snow was suggested by a woman. The result:

Total number of votes cast	65
Necessary for a choice	33
Sadler	33
Snow	32

amendment to make the date September 1 and there was no opposition to this change. The letter from the chairman of the Ninth District explaining why it was necessary to charge \$20 a year for each pupil attending the Ninth District grades, was read. It was voted to continue this practice and pay the tuition, there being 24 pupils who are now in the Ninth District school.

ROBSON IS UNOPPOSED AT KENTUCKY PRIMARY

Frankfort, Ky., June 24.—(AP)—U. S. Senator John M. Robson, Bourbonville, Republican, will be unopposed in the Kentucky primary election, August 4, for renomination for the long and short terms. His Democratic opponents will not be opposed in the primary either. The time for filing candidacies expired at midnight. Frank Williamson, Ashland capitalist and chairman of the Kentucky Crippled Children's Commission, will be the Democratic nominee for this short term of four months to fill the unexpired term of Frederick M. Mackey, who was made ambassador to Germany and whom Senator Robson succeeded by gubernatorial appointment. Judge Miles M. C. Bowling, Green, master of the Kentucky Court of Appeals and the grand sire of the Odd Fellows of the World, will be the Democratic nominee for the full six-year term. L. L. Walker, Republican, Eighth district, is the only representative not seeking reelection. Three women, all Republican, are seeking Congressional seats. They are Mrs. Katherine Langley, incumbent, tenth district, Mrs. Marie C. Heller, fifth district, opposing J. Lincoln Newhall, incumbent, and Mrs. John David Allen, seventh district, opposing Robert Blackburn, incumbent.

SANDY BEACH DANCES

Sandy Beach Ballroom at Crystal Lake has announced two outstanding features for this week starting tomorrow evening when Ray McLaughlin and his popular and versatile orchestra, that has become one of the leading dance bands of Hartford will feature the program at Sandy Beach. This orchestra has played at College Inn, Palm Gardens, K. of C. hall and various well known ballrooms in and around Hartford for several months and has built up a large following of admirers who find in this splendid dance band an entertaining combination with perfect dance rhythm. Tomorrow evening, the management of Sandy Beach ballroom will also put on a prize fox-trot for a purpose of gold and the best dancers of the state will enter the contest which promises to be a pleasing feature of the excellent program. The admission tomorrow evening will be 50c.

Saturday night, the incomparable Mal Hallett and his marvelous orchestra will come to Sandy Beach for a special engagement and this announcement is being received with unusual interest throughout the state. Mal Hallett and his orchestra recently returned from a successful engagement at the Coconut Grove ballroom at Hollywood, Cal., and while on the coast made several records for Warner Bros. "Vitaphone" pictures. The band is known from coast to coast and their Columbia records are in thousands of homes throughout the country. Saturday's engagement of Mal Hallett at Sandy Beach will be one of the biggest attractions of the season, and a capacity crowd is certain to visit Eastern Connecticut's most popular ballroom to see and hear America's jazziest dance band.

OPENING STOCKS

Yesterday's extensive covering movement failed to carry over into the new session, and after the opening orders were executed, the market turned heavy, with pronounced pressure against pivotal industries. Estimates of another substantial reduction in steel mill production this week, and the weekly condition statement of Federal Reserve member banks, showing a gain of \$51,000,000 in loans on securities, indicated a drop in brokers' loans for the same period of \$211,000,000, encouraged bears to try for lower levels. Trading, however, was comparatively dull. U. S. Steel, after opening unchanged and selling a shade higher, soon showed a loss of a point. Other shares losing a point or more included North American, Warner Bros., Radio, Consolidated Gas, and Loews. American Can, American Telephone, Westinghouse Electric and Western Union lost 2 to 3 points, and Case 5. Easing tendencies appeared at the opening of the wheat and cotton markets. During the initial transactions, Atchafalaya American Tobacco, and Columbian Carbon gained 2 to 3 points, and Underwood Elliott, National Biscuit, American Rolling Mill, Standard of California and others mounted a point or more. Foreign exchanges opened steady with sterling cables at \$4.85.

Chicago, June 24.—(AP)—At 6:40 a. m. (C.D.T.) today, Kenneth and John Hunter, piloting the refueling endurance plane "City of Chicago," had been aloft 302 hours in their attempt to break the world record of 420 hours plus held by the "St. Louis Robin." At the 300-hour mark, 109 refueling contacts with the ground crew had been made. To escape the blistering heat, the fliers yesterday and last night hovered around an altitude of 8,000 feet.

THRONGS ARRIVE AT ICELAND TODAY

Hundreds of Tourists from All Over World Attend 1000th Anniversary.

Reykjavik, Iceland, June 24.—Hundreds of tourists from America and Europe swarmed into Iceland today on ocean liners of various nationalities. The harbor was filled with ships bearing visitors to the celebration of Iceland's 1000th Parliamentary anniversary. The visitors will use their ships as hotels during their stay because Reykjavik was crowded with celebrants before their arrival. Reykjavik today was so full of visitors that hundreds already had taken recourse to a tent city on the Tingvallir plain. Permanent structures at Tingvallir comprise only King Christian's modest residence, lodge and another frame homestead, which will be occupied by the Swedish crown prince. Festivities will begin Thursday with a sermon on the plain by the bishop of Iceland. The King will open the Altung and there will be receptions to various foreign deputations. Friday evening there will be the first meeting of the Altung in A. D. 930. On the following day statues of Lief Erikson, one of Iceland's discoverers, and Hannes Hafstein, Iceland's first premier, will be dedicated.

RED DESCRIBES ATHEISM'S GROWTH

Moscow, June 24.—(AP)—Emeljan Yaroslavsky, head of the Soviet Society of Militant Atheists, has a long article in today's Pravda on the growth of Atheism in Soviet Russia. He calls upon the Communist Party Congress opening tomorrow to give anti-religious workers throughout the country clear, definite instructions for continuing their war upon God. While pointing out that the Atheist movement in Russia has grown enormously until the Society of Militant Atheists now numbers 3,500,000 against only 87,000 three years ago Yaroslavsky admits religious still is a mighty force in Russia and must be attacked from every quarter. He says that next to the famous Tretyakov picture gallery, the Central Anti-Religious Museum at Moscow is the most popular institution for visitors in Russia. He urges the necessity of establishing a model anti-religious museum on a large scale which will have world significance.

Characterizing religion as a "fortress of reaction" Yaroslavsky urges atheists throughout the country to enlist the services of doctors, lawyers, artists, writers and scientists for a renewed assault upon the church. He warns anti-religious workers, however, against repeating the excesses of this spring when attempts were made to proclaim entire districts Godless and close churches on a wholesale scale by administrative measures. "Religion is still a powerful citadel," he concludes, "and we cannot annihilate it in the twinkling of an eye as so many of our members believe."

GIRLS WEARING SHORTS

Huntington, W. Va., June 24.—(AP)—Shorts have come to the Marshall college campus—but the fair young co-eds, not the men, are wearing them. What the men will do about it has not yet become evident. The new outfits consist of dark blue silk shorts, reaching to a few inches above the knee and low necked sport shirts. Whether socks are worn or not appears to be a matter of preference. No official statement was forthcoming from college officials on the matter of co-eds in shorts but the belief seemed to prevail that college authorities would not interfere.

COLUMBIA

Mr. and Mrs. Stanley Field are the proud parents of a baby daughter born Sunday morning at the Clarke hospital in Willimantic. The baby has been named Phyllis Anne. The Hebron Boy Scouts and the Columbia Scouts played a game of baseball Saturday afternoon near Young's Filling Station, with the Columbia boys winning by a score of 12 to 2.

HUNT FOR GUNMAN IN LINGLE DEATH

Chicago, June 24.—(AP)—State Attorney J. A. Swanson indicated today that an investigation of rumored collusion between public officials and gangsters was being held in abeyance only until the slayer of Jake Lingle, Tribune reporter can be brought to justice. Replying to a question whether he was investigating reports that Lingle was shot down because of his intimacy with police officials on the one hand and gangsters on the other, Mr. Swanson said: "The state attorney has not overlooked conditions that existed prior to the assassination of Lingle. The state attorney will not overlook them and at the proper time I will direct an action against those responsible. This action is only being held in abeyance for the time being so as not to jeopardize a possible solution of the Lingle murder itself."

BYRD'S NEXT STOP

New York, June 24.—(AP)—Rear Admiral Richard E. Byrd left aboard the destroyer Bainbridge at 5:25 a. m. (E.S.T.) today for Albany where he will be presented with the state's distinguished service medal by Governor Franklin D. Roosevelt. On the trip up the Hudson, it was announced, a stop would be made at Poughkeepsie. The vessel was to arrive at Albany at 3:30 p. m. Accompanying Admiral Byrd were Mrs. Byrd; his mother, Mrs. Eleanor Byrd; his brother, Thomas Byrd, and Paul Siple, the Boy Scout member of the Byrd Antarctic expedition. Prior to boarding the destroyer, Admiral Byrd made an inspection of the stationary training vessel Illinois of the New York naval militia.

WAPPING

There was an automobile accident last Saturday afternoon on the Rockville road almost opposite Avery street. A party was traveling from Bridgeport to Boston, when their car seemed to skid and finally went over landing on the top, with two persons underneath, a man and a woman. Help ran to assist them and they turned the car over, the two people seemed to be not seriously hurt. The auto was badly damaged. Mrs. Dorothy D. Donahue of New York has been spending the past week at her home here. Mrs. Donahue with her sister, Mrs. Ernestine D. Sullivan, motored to Providence, R. I. to visit their uncle William Files, last Thursday, returning to their home here Sunday. Mrs. Marion F. Pierce, principal of the Buckland school, took her graduating class to Black Point over the week-end to the cottage of Mr. and Mrs. Edgar Stoughton, Mrs. Eleanor Stoughton accompanied them also Miss Irene Buckland and Mrs. Andrew Healey of Buckland.

OFF ON BLIND HOP

San Antonio, June 24.—(AP)—Hopping off at Brooks Field at 5:02 a. m. (C.S.T.) today, Captain William C. M. Ocker, Army air corps began a blind flight to Washington, N. C. He was controlling the plane from a covered cockpit. The army observation plane was equipped with a flight integrator, invented by Captain Ocker and Lieut. C. J. Crane who accompanied him on the flight as a safety pilot. The integrator, a model airplane mounted on the instrument board, combines the functions of a bank indicator, inclinometer and turn indicator. Lieutenant Crane will make all landings from the uncovered cockpit. "The plane will make several stops, spending the night at Dayton, Ohio. They expect to land at Bolling Field, Washington, Wednesday morning."

HONISS'S OYSTER HOUSE

Why not stop at the H—O—H for some of their Fresh Lobster Meat, Crabmeat, Shrimp, Soft Shell Crabs, Steaming Clams, Open Long Clams and Chowder Clams. We also serve in our Dining Room a "Five Course Lobster Shore Dinner" each day from 4 to 8 p. m. for only \$1.50.

ford, last Friday afternoon, June 20. Mrs. George C. West spent the day last Sunday visiting with friends and relatives in Rockville. There were twenty-five people including all the school teachers of the Wapping grammar schools, who motored to Sound View where they had a house party at the cottage of Mrs. Nellie A. MacLaughlin, superintendent of the South Windsor schools, over the week-end. Mr. and Mrs. Lisic West motored to Hanover last Sunday afternoon and his little son returned with them, where he will spend his summer vacation.

REV. KEITHAN EXPLAINS Ootacamund, Madras, India, June 24.—(AP)—The Rev. Ralph Keithan, expelled from India and from the missionary organization of which he was a member, today arrived here to explain to the governor the incidents which caused his banishment. Mr. Keithan expected to explain how he came to entertain Reginald Reynolds, Nationalist propagandist, at his mission bungalow. Mr. Keithan said he was in sympathy with the present political movement but did not take an active part because of his pledge of neutrality, according to an interview with the Reuters correspondent.

When In Hartford why not stop at the H—O—H for some of their Fresh Lobster Meat, Crabmeat, Shrimp, Soft Shell Crabs, Steaming Clams, Open Long Clams and Chowder Clams. We also serve in our Dining Room a "Five Course Lobster Shore Dinner" each day from 4 to 8 p. m. for only \$1.50.

FOR RENT—7 ROOM cottage at 144 New Britain Road, White Sands, Black Hall, Conn. Call Park Hill Flower Shop. Telephone 5463.

FOR RENT—5 ROOM furnished cottage at Myrtle Beach, windows and veranda screened in, all improvements, \$35 per week, including gas and electricity. Apply 143 Florence street. Phone 7214 or 8881.

ARGENTINE STUDYING IN COTTON SPINDLES

Washington, June 24.—(AP)—New England states ranked second only to the cotton growing states in number of spindles in place and in operation on May 31, the Department of Commerce revealed today when it made public preliminary census figures for the industry throughout the country.

The figures gave the number of spindles in place for all states as 34,207,374. Of these 28,374,434 were operated at some time during the month compared with 28,860,332 for April and 30,937,182 for May 1929.

For the entire country the active spindle hours were 6,729,109,384 or an average of 107 per spindle in place. For New England states the spindles in place were 13,831,842 of which 9,456,896 were active.

Massachusetts which had 5,543,874 spindles active in May against 7,902,866 in place, led the New England states in volume of operation but its average hours per spindle were only 132, the same as Maine, in contrast with 137 for Connecticut and 149 for New Hampshire. Rhode Island, which came next to Massachusetts among the New England states both in number of spindles in place, 2,173,880, and in the number of those in active operation 1,313,152, had the lowest average hours per spindle.

SMOKE PEACE PIPE

Gayhead, Mass., June 24.—(AP)—A breach between the Algonquin and the Wampanoag tribes stood healed today for the first time since Chief Philip executed an Algonquin kinsman back in the days when pilgrims were fighting the obstacles of the New England wilderness.

The hereditary chieftain of the Wampanoags sat in council with the Algonquins here last night. The 80 conferees smoked the pipe of peace and the Indians on this island, Martha's Vineyard, again became affiliated with the dominating Massachusetts tribe.

Ladybugs are being praised in England and the United States for use as parasites on greenflies and other insect pests.

FOR SALE—BRAND NEW five room modern flat with two car garage beneath. Reasonable. 184 Eldridge street. Inquire 55 Elro street, telephone 6776.

SURPLUS IN TREASURY SET AT \$223,000,000

Washington, June 24.—(AP)—The Treasury's surplus for the 1930 fiscal year reached \$233,020,522 last Saturday.

As disclosed today, the government income then aggregates \$4,198,313,144 while its total expenditures since July 1, were \$3,885,297,622. The receipts were \$142,000,000 more than collected in the same period last year but the surplus was \$14,000,000 less.

While the surplus exceeded \$223,000,000 last Saturday, it may not be so great on June 30 as expenditures in the last week may reduce it. A year ago on the same day the surplus was \$237,000,000 while at the end of the year the surplus was \$188,000,000.

Expenditures for the present year have exceeded expenditures for the same period of the 1929 fiscal year by \$157,000,000.

Income tax receipts for the present month have amounted to \$497,000,000, bringing the total for the year to \$2,381,607,020, an increase of \$85,000,000 as compared to the same period of the previous year.

Custom receipts, which have shown a spurt within the last ten days, now total for the year \$575,839,211, a decrease of \$13,000,000 as compared with last year.

NEW ENGLAND SECOND

Washington, June 24.—(AP)—New England states ranked second only to the cotton growing states in number of spindles in place and in operation on May 31, the Department of Commerce revealed today when it made public preliminary census figures for the industry throughout the country.

The figures gave the number of spindles in place for all states as 34,207,374. Of these 28,374,434 were operated at some time during the month compared with 28,860,332 for April and 30,937,182 for May 1929.

For the entire country the active spindle hours were 6,729,109,384 or an average of 107 per spindle in place. For New England states the spindles in place were 13,831,842 of which 9,456,896 were active.

Massachusetts which had 5,543,874 spindles active in May against 7,902,866 in place, led the New England states in volume of operation but its average hours per spindle were only 132, the same as Maine, in contrast with 137 for Connecticut and 149 for New Hampshire. Rhode Island, which came next to Massachusetts among the New England states both in number of spindles in place, 2,173,880, and in the number of those in active operation 1,313,152, had the lowest average hours per spindle.

AUTO VICTIM DYING

Norwalk, June 24.—(AP)—Mrs. George Knapp, 45, of Lewishor, N. Y., is in the Yorkville hospital in a critical condition today with fractures of the skull and arm, and internal injuries, sustained last night, when her expensive roadster overturned in Smith Ridge road, New Canaan.

Passing motorists pulled the unconscious form of Mrs. Knapp from her burning machine after it had left the roadway to climb an embankment and over turn. The New Canaan fire department extinguished the fire.

BEETHOVENS CLOSE SEASON IN BANQUET

Unusually Fine Gathering at Swedish Church Celebrates Successful Year.

With the wonderful spirit of good fellowship, which has brought the club to its present position in this community, present as usual and in evidence throughout the evening, the Beethoven Glee Club brought to a close its fifth successful season with a banquet in the vestry of the Swedish Lutheran church last night.

The program opened with the singing of grace by those present, and a prayer by Harold Bolton, one of the club members who lies seriously ill at the Memorial hospital.

Chief Ullan Osano served a delicious chicken dinner which met with the hearty approval of the members and guests.

The Imperial Male Quartet, consisting of Fred Soderberg, Sherwood Anderson, William Johnson, and G. Albert Pearson, opened the entertainment with a group of quartet numbers.

Next William B. Halsted amazed the gathering with baffling feats of sleight of hand and magical wizardry that brought the house down with applause.

Miss Elsie Berggren, widely known local soprano, was introduced by Postmaster Albert J. Robinson, as one who has helped out the club many times during the year.

Clarence P. Quimby, Manchester High School principal, gave a most inspiring talk or co-operation and good fellowship in general and when he had finished it was the consensus of those present that he was highly interesting and well worth listening to through an entire evening.

The quartet sang another number and then Helge E. Pearson, organizer and director of the Beethoven club, was called upon.

Custom receipts, which have shown a spurt within the last ten days, now total for the year \$575,839,211, a decrease of \$13,000,000 as compared with last year.

Miss Eva M. Johnson, accompanist for the club, and Miss Elsie Berggren and G. Albert Pearson, club soloists, were presented with gifts from the club in appreciation of their work in the past.

The party was brought to a successful close by singing of "Auld Lang Syne."

NOON STOCKS

New York, June 24.—(AP)—After selling off slightly in the early trading on a renewal of bear pressure, stock prices rallied in the late forenoon today, but the market turned dull on the advance. Indications of the strong buying which had figured in yesterday's rally were influential in bringing out further short covering.

Early losses of 2 to 3 points in American Can, American Telephone, Westinghouse Electric and Western Union were more than regained. U. S. Steel, after sinking to 155 1/4, crossed 157. Several rails showed strength, notably Union Pacific, Louisville and Chesapeake and Ohio, Great Northern; preferred touched a new low.

Call money renewed at 1 1/2 per cent.

PIRATES SHOOT PASSENGERS

Hongkong, June 24.—(AP)—Fifty buccaners wearing soldier's uniforms overhauled a Chinese steamer today near Kongmoon, 50 miles south of Canton, shot several passengers, kidnaped 100 Chinese for ransom and took loot valued at \$20,000.

The passengers were shot when about 20 of them jumped overboard and started swimming toward the shore. The pirates shot most of them, only a few escaping.

SENSE and NONSENSE

ON YOUR VACATION. It's awful to get sunburned. For sunburn causes pain: Just think of that, vacationers. And you won't mind the rain.

The Troubles of a Flapper. A weeping maiden claimed our eye. "Why," we asked, "must sweetness cry?" "I've taken off so much," she said. "That tears are all I now can shed."

You might know there's something wrong with misery because it loves company.

You can lead a horse to water—but first, try and find a horse and water.

Wife—I won't be your slave! Hubby—You couldn't be—slaves are useful.

Modern styles have almost stopped figures from lying.

First Cop—How do you like the new patrol wagon? Second Cop—It'll do in a pinch.

The biggest job for the head of the house is to foot the bills.

She—I can't dance another step, your feet are killing me.

Always be courteous and you'll always be pestered by bores.

Lindbergh crossed the ocean, Washington crossed the Delaware; The girl merely crossed her legs But—they all got there.

Henry—I understand that some of these movie kisses last through fifty feet of film.

Cleveland—That's nothing. I have had some that lasted over a half mile of concrete pavement.

The time-killer is not content with killing his own time but must kill the time of others who need it in which to make a living.

Only yesterday Dora wanted to know if Chicago was noted as a

FLAPPER FANNY SAYS

Whoever said that girls are poor losers wasn't talking about weight.

great packing center, just because everybody up there packs a gun.

Edith—Did you like the gangster? Evelyn—Oh, he was simply killing.

Some folks will never be convinced that the best place to live is within their income.

A nightgown can't be worn out.

Most girls keep that school girl complexion in a vanity.

Wife—Dear, you can't imagine how I worry when you're away. Hubby—Oh, you shouldn't do that, I'll always return, you know.

Wife—Yes, that's what I worry about.

For a woman the greatest fader is marriage and the greatest fresher is becoming a widow.

And if you think you need more exercise that's probably a sign you need more rest.

Now while you haven't much to do be a good time make out your list of victims to send Christmas cards to.

There's many a pocket flask near the seat of the government.

Don't lose your head, girls, you may find it on somebody else's shoulders.

Gunmetal finish is something one acquires by living in Chicago.

DID YOU KNOW THAT—

One of the most remarkable kitchens in the world is to be found at the Lister Institute for Preventive Medicine, Chelsea, England, where meals are prepared daily for nearly 3000 different types of germs.

And it must have taken a pretty bold script to sign. Probably the last symbol on the measure was an exclamation point.

If the president plans to converse with those Indian chiefs who have invited him to join their tribes on his western trip, we're afraid he's in for another arm conference.

Today's best wheeze concerns the new club which has been started in the White Mountains for the exclusive use of asthmatic men.

Germany has recommended that milk instead of coffee to be used in its army. What you might call carrying their liquidation program to an extreme.

WASHINGTON TUBBS II

Giving Cucumbria the Once Over By Crane

THE TINYMITES STORY BY HAL COCHRAN—PICTURES BY KING

(READ THE STORY, THEN COLOR THE PICTURE.)

The pottery man sat down to a lunch, as Clowzy said, "I have a hunch that many of these great big jars are big enough for me. At least I'm going to try and hide in one, by crawling right inside. The rest of you please close your eyes as tight as they can be. Then when I'm hidden, I will yell. Then you see who's the first to tell which one I'm in. You all can look and it will be real fun." So, all the rest blindfolded quick and Clowzy thought that he was sick. They don't think I can hide, thought he. I'll show them that I can. He crawled inside a jar somehow and then he shouted, "Ready now." The Tinies all began to look while Clowzy kept real still. The jar he picked was on its side and behind. The Tinies rode an hour and quite a pleasant time was spent. This sure gives me a thrill. Then Scouty spread a pleasant grin and loudly shouted, "Hey! I win! I've found wee Clowzy! Here he is!" And all the bunch ran up. Soon Clowzy crawled outside and then, said he, "Let's try this once again. Somebody else hide this time. It's like crawling in a cup. They played the game an hour or so. The Travel Man then said, "Let's go! I want to take you for a ride in something very queer. It is a Russian buggy and I know you all will think it grand. Be patient for a minute and I'll have one drive up here." The buggy came and all jumped in. "All right," cried Coppy, "Let's begin this pleasant ride." The driver said, "Giddap!" And off they went. The Travel Man was very kind. To make more room he stayed behind. The Tinies rode an hour and quite a pleasant time was spent. (The Tinymites visit a quaint eating place in the next story.)

ABOUT TOWN
Mrs. Ethel B. Lederhose of Los Angeles, Cal., and Miss Isabel Dahlquist of Portland, Conn., were guests yesterday of Mr. and Mrs. Leon A. Thorp, of Tanner street.

Children of Second Congregational church school with their parents will enjoy a social in the vestry of the church this evening at 7 o'clock. A program will be given including the motion pictures, "Alice in Wonderland" and a comedy reel. There will be games and refreshments for all.

Catherine Opalach, daughter of Mr. and Mrs. Teofil Opalach of 411 North Main street, was given a surprise party at her home Saturday evening by about fifty of her friends. Games were played and a buffet lunch served.

The Ladies Sewing Circle of the Lutheran Concordia church will leave the church at 9:30 tomorrow morning for an outing at Riverside Park.

The midweek service tomorrow evening at 7:45 at the South Methodist church will be conducted by several of the young people recently returned from college.

The Ladies Sewing club of the Lutheran Concordia church will have their annual outing tomorrow at Riverside Park. A bus will leave the church at 10 o'clock and all who are going should be there at 9:30. In case of rain the outing will take place Thursday.

Mrs. Elliott Washburn and her sister-in-law, Miss Ella Washburn of Delmont street, are registered at the Hotel Griswold.

Mr. and Mrs. Edward J. Murphy of Strickland street are in New London in attendance at the annual State Convention of the Connecticut Pharmaceutical Association which is holding a two-day session at the Hotel Griswold.

The Girl Scout camp, at Gardner Lake, which opens July 5 for the season will be filled between the dates of July 19 and August 2. Manchester scouts who plan to go will have to make reservations for before and after those dates.

The Picnic club of 15 ladies, and some of their daughters will have an outing at Watch Hill tomorrow, making the trip in several automobiles. They will make their headquarters at the Birthday cottage where Mrs. Mary Behnfeld will serve a dinner for the party.

The final setback party of the season will take place tomorrow evening at the West Side Recreation Center, and on Saturday evening by about fifty of her friends. Games were played and a buffet lunch served.

Miss Edie Calve of Manchester Green is receiving congratulations for good work and high standing in art designing, which she has been studying at a Minnesota school.

Donald and Dorothy Willis of Delmont street, left this morning for Annapolis Royal, Nova Scotia, where they will spend a vacation of two weeks.

MISS SCHULTZ PLANS EUROPEAN TRIP

Sails Saturday for Two Months Tour on Continent; Will Go Into Italy and Visit Paris.

Miss Edythe Schultz of 258 Oak street will embark on a two months tour of Europe at five minutes after midnight Saturday, sailing on the S. S. "Rotterdam," from Holland-American Pier, foot of Fifth Avenue, Hoboken, New Jersey.

Four other girls will make up the party, Miss Ramona Suesman, of Rockville, and Miss Ina Birdsey, Miss Esther Fowler, and Miss Martha Hoffman, of Meriden. The tour is under the management of the Walter H. Woods Company of Boston, Mass.

The trip itinerary includes stops in Holland, Germany, Italy, France, England and Switzerland. The liner will land at Rotterdam, Holland on July 8 after which the party will visit Scheveningen, Haarlam, Isle of Marken, Volendam and Amsterdam. They will take the morning express to Cologne and will steam up the Rhine to Mayence, going from there to Heidelberg and then to Nuremberg. From Nuremberg, the morning train will take the party to Munich and in the afternoon they will arrive in Oberammergau, where they will witness the Passion Play.

After reaching Lucerne the five travelers will visit Furka, Grimsel and Brunig Passes, going from there to Milan and Venice via the St. Gotthard route. After spending a day in Venice sightseeing they will go over the Apennines to Florence, where the galleries will be visited. Naples will be visited next and a day will be spent in a drive to Pompeii, Amalfi, and Sorrento. The party will stay in Rome for two days of sightseeing, leaving there for Genoa, thence along the Riviera to Nice and from Nice a drive over Grande Corniche to Monte Carlo. And then, Paris with a drive about the city and an afternoon visit to Versailles. London will be the final destination before sailing for home from Southampton on August 9 to arrive in New York August 18.

Very Truly Yours,
JAMES A. IRVINE,
Welfare Officer, Dilworth-Cornell Post 102.

Mr. James Irvine, Welfare Officer, American Legion, South Manchester, Conn.
Dr. Mr. Irvine:
Just a few lines letting you know that I arrived at the hospital at 10 o'clock in the a. m. of June 20th, and the doctors here started in to examine me shortly after I arrived. So far they have taken X-ray pictures of my chest and teeth. Monday I will go through the eye, ear, nose and throat exam. I have no idea what the program calls for next, but know that they have a regular routine of exams that we will have to go through before we can leave here.

GREEN RENAMES ALL OF ITS OFFICERS

Dozen Voters Present to Hear Reports; Dissension Is Not Part of the Schedule.

Scarcely a dozen persons attended the annual meeting of the Second School district held last night in the Manchester Green school which shows one of two things. Either the residents of that locale are very well satisfied with the manner in which the district's business is handled under the present personnel or else there is lack of interest in district affairs.

In either event, the meeting was short-lived and harmonious. There was no opposition whatsoever to the reelection of the complete list of officers, nor to the funds appropriated for work or improvement felt necessary. A sum of \$1,000 was voted for the installation of a vacuum cleaner system in the school and \$175 for the employment of a summer playground instructor.

The treasurer's report showed that \$5,000 of the present debt has been paid during the past year. There remains about \$57,000 which was incurred principally through the erection of the school and its recent addition. The same tax rate as last year was again levied—4 mills on the dollar—to be paid September.

Officers named to succeed themselves are Russell B. Hathaway, district treasurer; Millard Park, clerk; Miss Ellen J. Buckley, collector of tax; Robert E. Hathaway, auditor; Mrs. R. H. Burnham, Raymond E. Goslee and Walter J. Buckley, district committee.

Memorial Temple Pythian Sisters will meet in Odd Fellows hall this evening, when plans for the membership drive will be made. The officers are requested to be present and to wear white if possible as the annual memorial service will take place.

OPEN FORUM SARDELLA PRAISES LEGION'S SERVICES

Is Now at Veterans Hospital for Examination; Thanks Welfare Officer for Help.

Editor, The Herald.
Enclosed I am sending a letter received from Veteran Jerry Sardella which might be of interest to a great many readers of The Herald. If you care to publish it we will appreciate the favor.

Jerry Sardella is at the U. S. Veterans hospital in Washington, D. C., for observation on account of a gun shot wound received in service in France. He is receiving compensation of only a 15 per cent disability and it is hoped that after the examination he will receive compensation at least for a 50 per cent disability. Since returning from the service it has been impossible for Sardella to return to his former occupation of silk weaver. It is necessary for him to accept a job which will allow him to sit down a part of the time.

Very Truly Yours,
JAMES A. IRVINE,
Welfare Officer, Dilworth-Cornell Post 102.
The letter follows:

I have no idea what the program calls for next, but know that they have a regular routine of exams that we will have to go through before we can leave here.

There are about 150 disabled soldiers here from all parts of the United States, they are still wearing that war wrecked expression on their faces, but are still game to battle for health which they bravely and cheerfully gave to their country and flag.

From what I hear they all speak very highly of the American Legion and of the great interest that it is taking in helping the disabled veterans to get what they are justly entitled to and are very proud to be a member of such an organization.

I cannot give you any definite information in regards to when I will be back home, but am hoping that I will be in a position to let you know the next time I write to you. Please give Dr. Knapp and the rest of the members of our Post my best regards.

Sincerely Yours,

DAVID CHAMBERS CONTRACTOR AND BUILDER

68 Hollister Street

PLENTY OF HUNTING RIGHT ON MAIN ST.

Pine Trees at Locust Street Corner Picked as Convent Hall of Feathered Flocks.

The old gag about being able to buy a gun on one side of South Manchester's Main street to go hunting on the other side, is true in a sense, but it is not necessary to buy the gun. A bow and arrow will do the trick and it is not necessary to be a Robin Hood to get results.

Along Main street from the State gasoline station to Locust street, surrounding the house occupied by James Rowland, assistant prosecutor of the Manchester town court, are many pine trees. When dusk comes the trees become the nesting place for many birds. Some do not sleep well during the night and along after midnight, when most people are off the street or in bed,

the chirping of the birds goes on. The trees are so thick that the birds can not be seen, but there must be hundreds of them in the trees judging from the noise they make. Nobody disturbs them and food is left around to encourage their staying. A shot gun would bring down a whole flock if shot without any particular aim in the tree.

HOSPITAL NOTES

A daughter was born last night at the Memorial hospital to Mr. and Mrs. Erich Loos of East Hartford. Mrs. Anna Gustafson of 357 Center street, Ernest Bantley of 44 Porter street and James Oliver of 44 North School street were admitted.

The Luther League of the Swedish Lutheran church will hold an outing to the Boy Scout cabin in Glastonbury Friday evening. It is planned to hike to the cabin although transportation will be provided if necessary. Miss Ruth Benson is chairman of the committee in charge.
