HEBRON WOMEN DESCRIBE MEXICO

Mrs. Champe, Miss Lord Attend Reception Given by Ambassador Morrow.

A letter received within a day or two by Mr. and Mrs. Everett G. Lord from their daughters, Mrs. Howard C. Champe and Miss Clarissa Lord, her sister, who is spending part of the summer in Mexico City, tells of their attendance at a reception given by Ambassador Morrow to the members of the Mexican Seminar, now being held in Mexico City. The Seminar is a co-operative study of Mexican life and culture, and is attended by representative citizens of the United States, including many writers, editors, clergymen of all denominations, both Catholic and Protestant, and many other professional people. It has been in existence since 1926, having for its object the education of American public opinion as to the culture, the achievements, and the ambitions of the Mexican people.

Ambassador Morrow made a speech of welcome to the Seminar members and a famous Mexican orchestra played and sang very inspiringly. Their costumes were very picturesque. They wore the broad felt hats, tight trousers, big red or blue ties, and their shirts were painted or embroidered in Indian designs, both front and back. Delicious refreshments were served in Mexican fashion. The Rev. H. C. Champe and Miss Clarissa Pendleton, who is visiting Mexico, also attended the reception.

Miss Lord also wrote of one of the Seminar trips to the ancient city of Puebla, which she describes as being very beautiful, clean and prosperous, and different from any other city in the world. It is 7,000 feet above sea level. Almost anything can be bought there, and all the people look clean, ambitious and healthy. There are also Indians there who trot along barefooted, carrying heavy loads on their heads and backs, men, women and children. The view is described as being magnificent beyond words. On the return trip one of the busses carrying a load of twenty-five Seminar people broke down and an excitement bordering on hysteria was caused. As it happened, John Champe, the eight-year-old son of the Rev. and Mrs. Champe, was the only person with the bus who was able to speak Spanish, and he was called on to interpret for the crowd in their endeavors to get things righted up in order to start on their way again. The little fellow has seemed rather sensitive about his ability to talk Spanish when with English speaking people, and sometimes can hardly be induced to speak to Spanish questions in English, but on this occasion he did his duty manfully and fluently, and the needed help was soon secured.

INDIAN PREACHER AT WAPPING CHURCH

C. C. Mathew To Be Guest of Rev. and Mrs. H. B. Miner Over the Week End.

The Wapping Federated church has been fortunate in securing the services of Cheruvathur C. Mathew of Kunafikulam, S. India. He will preach in the morning at the usual service of worship at 10:45 a. m., next Sunday, July 27.

Mr. Mathew is a graduate of the Madras University, India, and has taught High school in the government service for seven years. He belongs to the old indigenous church in India called the Syrian or St. Thomas church, which has a membership of over one million and is independent of any missionary society or control. Mr. Mathew graduates from Columbia University, New York, in December next with a Ph. D. in education. In view of the present situation in India the visit of Mr. Mathew should prove of interest, and the church is expecting a large number to take the opportunity of listening to this brilliant young member of the new generation in India.

Mr. Mathew is the guest, over the week-end of Mr. and Mrs. H. B. Miner, at the Wapping parsonage.

The Wapping Christian Endeavor society has invited all the societies belonging to the Manchester C. E. Union to participate in a supper picnic meeting on Flax Hill on Sunday evening at 6:30. Mr. Mathew has promised to speak at this gathering. All young people will be welcome.

Mr. Miner, the pastor of the church at Wapping, will preach at Storrs Community church on Sunday morning.

ITALY'S DAPPER KING STAYS ON AS OTHERS FALL

BY ANDRUE BEEDING

Rome.—(AP)—Italy's dapper King Emanuel III will celebrate the thirtieth year of his reign July 29.

Thirty years ago on that day King Humbert fell before an assassin's bullet and Victor Emmanuel stepped into his father's kingship. His formal ascension took place August 9 and 11.

King Victor Emanuel is one of the longest ruling monarchs in Europe. Only the Scandinavian kings approach him.

He has 10 years' seniority over George V of England, Russia, Austria, Greece and Portugal were swept aside and the former rulers of Spain, Rumania and Bulgaria died, he has gone on.

Loved by Subjects

Today, at 61, he is in prime health and an indefatigable horseman and an extensive yachtsman. He has survived many difficulties and his figure is enshrined in the hearts of 43,000,000 subjects.

After the war there were two chaotic, communistic years when the House of Savoy seemed about to fall.

Then came Mussolini.

In eight years of Fascism, Victor Emanuel has admittedly occupied second place, obscured by the dynamic Duce.

But it is said that the king acceded to Mussolini's demands through a desire to preserve his people from further anarchy.

Ended Estrangement

Last year, the king ended the 59-year estrangement between his house and the Vatican.

The next month he saw his son, Crown Prince Humbert, married to Princess Marie Jose of Belgium.

Victor Emanuel is essentially a soldier. He is practically never seen except in uniform.

A very little man physically, he appears to best advantage on horseback.

His Montenegrin wife, taller than he by well more than a foot, towers over him. He does not like to stand alongside tall people and refused to permit a photograph to be published because it showed him beside a tall farmer.

He was never happier than dur-

Costs 85 Cents A Month To Lose Pounds of Ugly Fat

Thousands of Women Know This Is True

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose unhealthy fat that you don't need and don't want and at the same time feel better than you have for years?

How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration?

How would you like to get your weight down to normal and at the same time develop that urge for activity that makes work a pleasure and also gain in ambition and keenness of mind?

Get on the scales to-day and see how much you weigh—then get an 85 cent bottle of Kruschen Salts which will last you for 4 weeks. Take one half teaspoonful every morning in a glass of hot water—do not overeat—walk a little each day and when you have finished the first bottle weigh yourself again.

Now you can laugh at the people who pay hundreds of dollars to lose a few pounds of fat—now you will know the pleasant way to lose weight slightly fast and you'll also know that the 85 cent bottle of Kruschen Salts is worth one hundred dollars of any fat person's money.

Leading druggists America over sell Kruschen Salts—you can always get it at North End Pharmacy, Fiske's Pharmacy or Margall Drug Co.—Adv.

SEIZE BIG CARGO OF CHOICE LIQUOR Masquerading As Fisherman Vessel Is Caught Off Block Island.

New London, July 24.—(AP)—Masquerading in the guise of a sword fisherman, with hold stocked with a cargo of assorted liquors to the estimated amount of between 400 and 500 cases, the 45-foot fishing boat Blanche R., of New Bedford registry and with South Dartmouth, Mass., as her home port, was seized last night off Block Island by the Coast Guard destroyers Downes, which brought her to the Coast Guard base here today.

The Downes sighted the Blanche R. about 8 o'clock last night and overhauled her shortly before 9 o'clock. The fishing boat stopped at a signal from the destroyer and a boarding party from the service vessel was sent aboard her. The cargo of liquor was found, the Blanche R. seized and her crew placed under arrest.

Taken In Tow The arrested men were taken aboard the destroyer, which took the Blanche R. in tow for this port. Heavy fog which rolled into Block Sound waters and the local harbor delayed the arrival of the destroyer and her prize at the Coast Guard base here until 9:30 this morning.

Officers questioned the members of the crew and listed names which they gave. It was said that no important information was given by the men, and the names which they gave were not announced for publication, Commander L. T. Chalker, chief of staff of the destroyer force saying that they would be withheld until after the commissioners hearing. It is believed that the fishing boat received her cargo after making contact with a larger craft.

BLASTS CRIPPLE POWER, MINES FORCED TO CLOSE

Providence, Ky., July 24.—(AP)—A series of dynamite explosions crippled power lines early today and forced the closing of two coal mines recently reopened after labor trouble that began April 1. The dynamite was planted under power line poles at six places and in addition charges were exploded at both ends of a highway bridge across the Illinois Central railroad's spur track leading to the Harris Coal Company's mine. The bridge was damaged but did not fall. The home of Sidney Johnson, a negro miner, was burned down and that of Sam Cates, a white miner, was fired into during the explosion which threw approximately 350 men out of work. The mines forced to shut down were those of the Diamond Coal Company and the Meador-Young-Holt Company. The Wynne Coal Company and the Gem Coal Company mines reopened this week, continued in operation. Disorders and the dynamiting of power line poles at Clay and at Colton were reported and hundreds of shots were said to have been fired at Clay.

He was said to have come to Mexico several weeks ago, ostensibly to clean up the affairs of the Soviet commercial attaché's office which was closed some months ago when the Moscow Agent Makar was expelled from Mexico.

The Lady of the Fans

Probably she won't get a chance to appear like this in the court room. But graceful Faith Bacon wanted the cameramen to bear witness to the fact that she wears those fans which she carried onto the stage in Earl Carroll's "Vanities." Faith's dance was one of the reasons why the show was raided by New York police and why Carroll and nine members of the cast were charged with presenting an indecent performance. She was accused of having on only her birthday suit.

NEW YORK BANK FINED MILLIONS IN BRAZIL

Rio De Janeiro, Brazil, July 24.—(AP)—A \$3,000,000 fine imposed by a Federal bank inspector on the National City Bank of New York for alleged infractions of the banking laws through exchange transactions in the Sao Paulo branch several months ago has been remitted by decision of the minister of finance with the approval of President Washington Luis. The bank inspector last January investigated certain exchange transactions and declared that he had found irregularities for which he imposed the huge fine. The National City Bank placed \$3,000,000 in the Banco do Brazil on March 14 as a guarantee of payment and then appealed the decision. The decree announcing a regularity, however, stated that the regular fine of a few thousand dollars would be imposed for the lack of necessary revenue stamps on some of the exchange documents.

DISCOVER A CURE FOR TREE SITTING

Chicago, July 24.—(AP)—The old reliable status, which may be depended upon to provide a "don't" for almost everything that anyone might want to do, has finally provided a cure for tree-sitting. Careful search of the law has uncovered no specific ruling against tree sitters, but it has found a rule striking at fathers and mothers of tree sitters, which amounts to the same thing. Carl J. Appell, assistant corporation counsel, had discovered that parents may be fined \$100 and sent to jail for three months for allowing their children to endanger their lives and limbs. The law is dusty with age, but still it's the law. Police today were to be given orders to get the boys out of the branches by nightfall. The only tree sitters who viewed the threatened police invasion without alarm was Steve Makowski, who is 19 years old and therefore outside the authority of the juvenile officers. Besides he has an attorney all ready to get a writ of injunction.

SUB TAKES TESTS

Provincetown, Mass., July 24.—(AP)—The giant submarine V-3, first of the nation's "submarine cruisers," was to cruise to Boston harbor today to take on ordnance supplies after satisfactory buildup trials. Speed tests on the surface and while submerged were made off the harbor yesterday with Navy officers and builders aboard. Lieutenant Commander James H. Brown, Jr., commander, said the submarine had a cruising radius of 15,000 miles and could remain at sea 60 days without refueling or taking on supplies. Seven officers and 81 men will man the craft. The V-3 will be delivered to the Portsmouth Navy Yard, August 1, and the official Navy trials will be held in October.

LADY OWEN SHOOT WIFE OF PHYSICIAN

Wealthy Titled Woman Jealous Because Doctor Breaks With Her.

Vergennes, July 24.—(AP)—Lady Owen, a wealthy titled woman and the French-born widow of Sir Theodore Charles Owen, who last night was arrested under charges of shooting and wounding the wife of Dr. Paul Gastaud, Paris radiologist, was today taken before the investigating magistrate here. This official sought to find out details of Lady Owen's tragic romance with the Parisien doctor. Mme. Gastaud is in a critical condition.

Lady Owen told Examining Judge Latrielle that she loaned Dr. Paul Gastaud 100,000 francs for his clinic. "That in my opinion was what began to spoil things," she said. When the doctor told her of his intention to break with her, she said, she became so angered that she bought a revolver.

When she arrived at the Marly-leroy home of the Gastauds, a friend and associate of the doctor tried to reason with her. "I wished, however, at all costs to see Madame Gastaud, who was in her garden, embroidering," she continued. "When Madame Gastaud came to meet me I fired several times at her through my silks shawl." Lady Owen appeared to be quite calm. In the afternoon she lighted one gold-tipped cigarette after another. She appeared much surprised when the judge told her she must go back to jail.

BALDWIN EXPECTED TO QUIT AS LEADER

BY MILTON BRONNER London, E. M. G., 1905, E. M. G., 1909, E. M. G., 1913.

The above cryptic sentences look as if they might be the secret code signals of a navy about to enter into battle; but, instead they are simply the war-cries which on three separate occasions have rent the Tory party of Great Britain. Translated, they mean that in 1905 the cry was that "Balfour must go!" Balfour had been Tory prime minister. He was still leader. A few years later, in yielding to constant pressure, he gave up the leadership and turned it over to a younger man.

In 1913 the Tory battle cry was "Bonar must go!" This referred to Bonar Law, who was then the leader of the Tory party. But the war on him was unsuccessful. He held on until 1921, when he resigned owing to ill-health. At present the cry is "Baldwin must go!" This refers to Stanley Baldwin, former Tory premier and at present leader of the official opposition in Parliament. A Series of Troubles Baldwin's fate is the present great enigma of British politics and it is interesting to Americans because the United States has several years ago to settle Britain's war debts. He has been vigorously denounced by thousands of Britons ever since. But his present trouble has nothing to do with the debt. The complaint is that he is a leader who does not lead. Many of the old ones, too, are violently opposed to the naval treaty of the recent London Naval Conference. But Baldwin sat tight until 142 of his back-benchers signed a paper asking him to take action. Then he brought down a motion to have the naval treaty submitted to a parliamentary select committee.

But that is only a small part of his worries. Lords Beaverbrook and Rosebery, the greatest newspaper proprietors in Britain have started a churning campaign for "Empire Free Trade." This means creating a sort of British United States in which the component parts would be the United Kingdom, Ireland and the colonies. A tariff wall would be erected against the rest of the world. The movement has received tremendous impetus from the high tariff bill now before the American Congress. But the sky in the continent so far as Baldwin is concerned, is that the Empire Free Traders are so much in earnest that they are even in favor of taxing food that comes from foreign countries. Baldwin is afraid to go to the country in an election in which his opponents could say he favored taxing the people's food. He tried to compromise by saying he would do nothing until the people passed upon this matter in a referendum. But Beaverbrook, Rosebery and many prominent Tories will have nothing to do with a referendum. They want to fight the whole thing out in the next parliamentary elections. While Baldwin has been hesitating, a big fight has been made upon the Tory party machine. The result is that I. C. Davidson, the party manager, named by Baldwin, has resigned. Promptly following this came the triumphant cry "Baldwin must go!" It is even stated that Neville Chamberlain was to succeed him in the leadership. He was in Baldwin's last cabinet as minister of health as was his brother, Sir John Chamberlain, who was secretary for foreign affairs. But Baldwin's friends at once let it be known he had no intention of resigning. Nevertheless, the belief still persists that this fall he will step down and out.

Incidentally, this fight within the Tory party has given another lease of life to Premier Ramsay Mac-Donald and his Labor government. "Ramsay Mac" has abundant troubles of his own, the greatest and most serious of which is the unemployment question. The last campaign largely made its last campaign upon this question and was swept into power. Now, instead of solving or even partially solving the problem, it is confronted by the fact that unemployment figures have gone up by 800,000. Sir Oswald Mosley resigned from the government because of this fallacy. His action, coming upon so many other things, has shaken the Labor party to its foundations. It has been announced that direct charges aid is going to be a direct charge aid is going to reshuffle his cabinet.

PARLEY IS POSTPONED

Lisbon, Portugal, July 24.—(AP)—Cornerstone exercises and popular celebrations lasting for three days will prevent the Portuguese minister of the interior from calling his conference with provincial governors and mayors on Sunday or originally planned. Instead, the president of the republic and all members of the cabinet will attend the ceremony of laying the cornerstone for the new Port Setubal on Sunday. These ceremonies will be followed by popular celebrations lasting three days. The conference called by the minister of the interior for Sunday, and now postponed to Wednesday, is to consider the new constitutional charter which is to restore authority to the Parliament. The highest importance is attached to this meeting in political circles.

TOUCHING THE HIGH SPOTS

Aviation isn't the only air-minded business in the world, as these two lumberjacks will tell you. They do most of their work at altitudes up-wards of 100 feet. At the left is Ed Serger, 120 feet up on a giant Douglas fir tree which he has just topped. When the top falls away, Ed gets a violent shaking as the tree vibrates to its very roots. To the right is a squirrel's-eye view of Philip Grabinski, champion high climber, pausing for a rest while descending a tall tree which he has just "limbed" in preparation for the high climbing and tree topping contests at the Longview Rolloe.

Portuguese Colony Of West Africa Reeling Under Economic Ills

Angola, Portuguese West Africa, (AP)—After five lean years, this once prosperous colony and cornerstone of the Portuguese African empire finds itself with an almost unparalleled economic illness gnawing at her vitals. The trouble is both economic and political. It was caused primarily by the heavy slump of coffee, rubber and other raw materials on which the prosperity of the colony depends, and was lately aggravated by an armed rebellion. Among the measures taken by the Lisbon government to meet the unrest is the "Colonial Act." Under this decree the high commissioner-ship is abolished and the duties of the minister of colonies at Lisbon. Certain prerogatives of the high commissioner, such as the right to grant concessions and obtain foreign loans, are withdrawn and the post is changed into a governorship. The first official to hold office, under the changed conditions, was Colonel Bento Roma. He succeeded General Filomeno da Camara, whose dismissal was demanded following the assassination of the deputy high commissioner, Lieutenant Moraes Sarmiento. But Col. Roma was confronted with such a staggering problem that he sent in his resignation. Senhor Antonio Oliveira Salazar, Portugal's financial wizard, who is acting colonial minister, is putting

VEHICLE SHOW TO COME NEXT

Another Amusing Program Promised At West Side Next Wednesday P. M.

Now that the Pet Show has ended, interest is being focused on the next of the summer season series of Wednesday afternoon activities, namely, the Vehicle Show. This event will be held at the West Side Playgrounds next week Wednesday. The "grand march" will begin promptly at 2 o'clock. It yesterday's interest in the Pet Show was in foregone conclusion: it seems a large crowd of women and children will be present. The attendance at the Pet Show yesterday must have been close to 500.

The classification will be announced by Recreation Center official within a few days. It is expected that they will be somewhat similar to those in vogue last year, yet to a certain extent different. Bicycles and baby carriages will constitute the bulk of vehicles on exhibition, most of them being decorated with various colored ribbons. A week from next Wednesday will come the Costume Show. These weekly Wednesday afternoon events will continue through the summer months.

Another big event on the playground program for next week is what will be known as "Boys Night," a new event which has just been arranged. There will be athletic competition between boys 16 years or younger frequenting both playgrounds. Baseball, tennis, volleyball and horseshoes will constitute the bill of fare. According to the playground instructors, many of the boys have made surprising progress in various sports and they hope that the parents of the boys will take the opportunity to see for themselves the splendid work that is being carried on in the playgrounds.

NO WINE ACCOUNTS

Washington, July 24.—(AP)—Bubbling champagne and choice wines at government expense are forbidden luxuries in American embassies and consulates abroad under an executive order just signed by President Hoover. In addition to liquors, three other items are taboo under the order. They include hire and repair of autos, printing and engraving expenses and club dues.

Among the items permitted under the appropriation are receptions at the missions, on American national holidays, flowers and wreaths for weddings and funerals, tips and gratuities, dinners, formal and informal functions and special entertainments.

DEMS. START CAMPAIGN

New Haven, July 24.—(AP)—It may be hot weather but not too hot for the Democrats to plan their fall campaign. An early start was made today by James J. Walsh of Meriden today set Thursday, July 31 at the time, and the Stratford Hotel at Bridgeport as the place for the meeting of the state committee to fix the time for party primaries which are state wide and in which delegates will be elected to the convention. New London already has invited the committee to select that city for convention and members have favored that city as a convention center.

BOY STEALS LETTERS

New Haven, July 24.—(AP)—The plan of a 14 year old boy to reap a reward for returning letters which he had stolen, has been shattered by postal officials and local police. The boy, police said, confessed that during the past two weeks he had stolen mail from families in an exclusive apartment house. He told officials he intended to return the letters, 250 of which were recovered and hoped to be rewarded. His story was to be that he had found them in a park. Many of the letters contained money orders and checks.

Boys aren't content any more to aspire to become presidents. Now, days they write biographies about him.

He was temporarily premier of Rumania at the time of King Carol's return.

SUBPOENA ISSUED FOR RED OFFICIAL

New York, July 24.—(AP)—A subpoena was issued today by the special Congressional committee investigating Communism in the United States, for V. P. Delgass, a vice president of the Amtorg Trading Company, who has been mentioned as the American head of the OGPU, Soviet secret political police. Delgass had been ordered to appear at the hearing yesterday but was not there. Again this morning he was absent, and P. A. Bogdanov, Amtorg president, said he had told Delgass on both days to present himself. Counsel for Amtorg, official Soviet purchasing agency in the United States, told the committee he believed he knew why Delgass was not there. Reason for Absence "Well, that's exactly what I'd like to know," said Chairman Hamilton Fish. "What is the reason?" "The reason," said the lawyer, "we believe to be the statement of Grigory Bessedovsky, former Soviet charge d'affaires at Paris, as American head of the OGPU."

The Bessedovsky statement, presented several days ago, asserted that Communist propaganda is being disseminated in America through Amtorg. As soon as this information was given to him, Representative Fish ordered the subpoena issued and a search begun for Delgass.

CANADIAN GENERAL FINED FOR ENTRY

Failed to Report Arrival by Plane in U. S. and Pays \$500.

St. Paul, Minn., July 24.—(AP)—An investigation by President Hoover's office of the action of United States Customs agents at St. Paul, who recently fined Major General J. A. McBrien of Canada, \$500 for alleged failure to report arrival by plane in the United States has been promised in a letter from George Akerson, secretary to the President.

General McBrien, well known in aviation circles, flew from Canada to Chicago thence to St. Paul after sending a telegram to the former city notifying the Customs Department when he would arrive. Because Chicago has not been designated officially as a port of entry, no Customs agent recorded his entry. After reaching St. Paul, General McBrien made another effort to report his entry but representatives of a local airways company, said they could find no Customs agent's. The next day, however, a Customs agent took General McBrien into custody and he was fined \$500 for alleged failure to report to the Customs Department as required by law. General McBrien paid the fine.

DANCING JUDITH BY CORALIE STANTON and HEATH HOSKEN COPYRIGHT, 1930 BY CHELSEA HOUSE

BEGIN HERE TODAY Judith Grant, artist's model lover...

NOW GO ON WITH THE STORY CHAPTER XXXVII Judith had her great dinner party...

Madame de Toros hesitated a moment before she stopped. She looked very hard at the girl, almost as if to give her the opportunity of passing on...

They drove there in silence. Judith took up hardly any room in her corner. Gideon shifted his feet nervously the whole time.

They refused it, and he did not sit down. He walked up and down. He was agitated—more so than she would have believed possible.

eyes would not meet hers. His paler she was starting. He looked blue about the lips.

He could hardly get the words out. The sweat stood in beads on his forehead. He might have been a raw gambler staking everything he had.

"I really want me to marry you," she said. "I want it more than anything on earth."

"I don't know what you want," she said. "I don't know what you want."

"I don't know what you want," she said. "I don't know what you want."

"I don't know what you want," she said. "I don't know what you want."

"I don't know what you want," she said. "I don't know what you want."

remembered that hot day vividly, and what Clara Jenkins' companion had said.

"I do mean it, truly, Mr. Punch." The red came back into his eyes. His voice grew thick.

New Smartness for Junior

Pattern price 15 cents in stamps or coin (coin is preferred). Wrap coin carefully.

It's so utterly smart and different! The buttoned wrapped arrangement of the blouse with rolled collar reveals the Russian influence that makes it so distinctive.

Manchester Herald Pattern Service

For a Herald Pattern of the model illustrated, send 15c in stamps or coin directly to Fashion Bureau, Manchester Evening Herald, Fifth Avenue and 29th Street, New York City.

HAVE YOU HEARD?

You can create the illusion of having matching footgear for every colored frock you own, without buying several pairs, by the following trick.

YOUR CHILDREN

All signs fall in hot weather, that is, behavior impeccable during the rest of the year often takes the bit in its teeth during the summer months and boits.

HOW TO SHOP

The only straw hats that are really worn by hand are the Panamas and the Bangkoks. Guayaquil, Ecuador, is the great center of the so-called Panama hat industry.

SISTER MARY'S KITCHEN

The summer dessert often fills an unusual place in the menu, without being just a pleasant-tasting last dish, it can be the main part of the meal, furnishing the nourishment usually provided by meat and potatoes.

RICH ICE CREAM

You can have rich ice cream in any fresh fruit flavor you want, by using vanilla, mixing it with berries, peaches or whatever you want and putting it back to re-freeze in your mechanical refrigerator.

WEEK-END LUGGAGE

New lightweight week-end bags come in smart-toned khaki and hold, in their wardrobe and, about four frocks, with ample room for shoes, sports things and underwear in the bottom.

NEW COSTUME

A new black flat crepe evening gown has a deep back, décolletage and ruffled sleeves which extend to the elbow.

THIS AND THAT IN FEMININE LORE

Raspberries are still to be found in the markets or on the roadside fruit stands. Serve perfect berries on glass plates with grape leaves under them.

Office Girl To V. P. At the recent gathering in New York of business and professional women, where everyone in turn was introducing herself and describing her business, a healthy, pleasant, capable looking woman rose and said, 'I am Grace Roberts, Omaha milkman!'

Even on hottest days one must have something hot and something cold to make up a well balanced meal. A soup purée contains much food value.

In nearly every home there are books for which it is hard to find shelf space. Quite a number may be cared for if the rows are brought forward to the edge, and the space in back of them utilized by standing up extra books on edge at right angles to the rows in front.

Apples are now beginning to come into the market, and since the valuable mineral salts lie close under the skin it is advisable to eat them without peeling, after first washing them well.

ISLE OF PINES SAYS NUNS GOT TREASURE MAP

Sante Fe, Isle of Pines—(AP)—Rumors persist that Sisters of Charity who operate a citrus farm near here, have come into possession of several ancient maps indicating the location of a long-hidden hoard which is believed to consist of church property of great value.

Stockings will look new longer if, after the first washing or two, a little mild tea dye is added to the rinse water.

Purses should be cleaned as they are used, and in front of a mirror. For they should be becoming. Your height and build determines the purse you should buy quite as much as materials do.

When BABIES are Upset... BABY Ills and ailments soon twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tomorrow? Have you a bottle of Castoria ready?

NEW EARRINGS Pendant earrings that use a combination of jewels are new and smart. Carved jade combine with coral to make a handsome pair.

METALLIC CHIFFONS Richly brocaded and metallic striped and figured chiffons are ace high in the new mode for delicate blouses for afternoon, for dinner frocks and ensembles for autumn evenings.

The Finer the Fabric... DOUGAN'S NETWORK... The more easily it is ruined by poor cleaning methods. Isn't it silly to risk expensive clothes that you cherish for the sake of saving a few cents when you are having them cleaned?

FLOODS IN ENGLAND. (AP) - Hundreds of persons were homeless and destitute as a result of the flood which devastated the valley of the Esk river.

The waters which rushed over the area after a terrific cloudburst had almost subsided today, but rain still was falling for the fourth successive day, making the task of relief workers much more difficult.

At Sleights, which is still isolated workers tried to improve some way to get across the river. They hoped to have a temporary bridge in position tomorrow.

SENSE and NONSENSE

Sermons
I'd rather see a sermon than hear one any day.
I'd rather one would walk with me than merely tell the way.

Government of the majority, by the majority, and for the majority gives the minority, a severe pain in the neck.

Having a talking picture of your wife is all right if you are deaf and blind.

Pretty Saleswoman—Don't you want a talking machine in your home?
Bachelor—My dear, this is so sudden.

The home is safe so long as women are more interested in cooking schools than card games.

Perhaps we should pass a law against dandelions. The dandelions would pay as much attention to it as some citizens do to other laws.

A member of a western legislature was making a speech on some momentous question. In concluding he said, "In the words of Daniel Webster, who wrote the dictionary, 'Give me liberty or give me death!'" One of his colleagues pulled at his coat and in a hoarse voice whispered, "Daniel Webster didn't write the dictionary; it was Noah."

"Noah nothing!" replied the speaker, "Noah built the ark."

There is no tragedy comparable to that of old age without funds to pay for its uselessness.

Hubby—Does she look her age?
Wife—No, she overlooks it.

"The fig is up," said the doctor as he viewed the man who died of St. Vitus dance.

One woman who wouldn't look another woman in the face is sure to look her in the back when they pass on the street.

The Honeymoon is over when the bride discovers that her husband makes the same kind of noise her

FLAPPER FANNY SAYS

Some people say they're home-sick because they're sick of home.
father did when he parts with some money.

Good habits are easier formed than bad ones broken.

Covering up the truth opens up an argument.

You don't need a license to hunt trouble, nor dogs to scare it up.

Did you ever see a mosquito wrestle with temptation?

Proud Father—It ain't necessary, now that we have the talking movies.

No matter how well any man or woman why know their stuff if they have mean dispositions, it does them no good.

Dad—Why, Mildred, I am surprised! Aren't you going to give your brother part of your apple?
Mildred—No, daddy. Eve did that and she's been bawled out for it ever since.

Friends, like stars, shine brightest when one's world is dark.

Sarah—How did the wedding go off?
Fanny—Fine—until the parson asked the bride if she'd obey her husband.

Sarah—What happened then?
Fanny—She replied: Do you think I'm crazy? and the groom, who was in a sort of daze, said, I do.

God give us men. And women instead of 40-year-old flappers.

PERHAPS.
"Darling! I won a medal at the cookery school."

"Wonderful. But tell me, what is this I am eating?"

"Your medal."—Tit-Bits.

ABOUT TOWN

Word has been received from relatives of Clarence Tomm, 32 Myrtle street from Easton Park, Colo., where he is now engaged as a chef in Rocky Mountain Park Hotel. Young Tomm says the thunderstorms back East are nothing compared with those prevalent in the Rockies. Until they are turned off and everybody hopes the terrific bolts of lightning will not strike. They seldom do but the storm is so close that it appears more terrifying.

The hike planned by patrol 4, Girl Scout Troop No. 2, will take place Saturday afternoon, July 26. All members wishing to go on the hike are to meet at the home of the patrol leader, Frances Packard, 63 Wells street at 11:30. Each girl is to bring frankfurters, fruit, something to drink, cookies; also her song sheets. Each Scout is requested to come in uniform, with shoes and stockings in keeping and no jewelry. It is planned to take pictures of the group. The scouts will return about 6 o'clock.

The outing of the Army and Navy club auxiliary scheduled for the coming Saturday, has been postponed until further notice.

Parents and friends of the children who have been attending the North End church vacation school, are reminded of the program to be given tomorrow evening at 7:30 in the vestry of Second Congregational church. Children of the primary, junior and intermediate departments will have a part in the demonstration, and tables will display the handiwork of the pupils, many of which will be on sale during the evening. Letters have been mailed to supporters of the school inviting them to attend the entertainment and exhibit, and all others interested will be cordially welcome.

Mrs. Benjamin F. Crehore of High street, before her marriage in June was Miss Gladys Knowles, will be matron of honor at the marriage of her sister-in-law, Miss Sarah Elizabeth Crehore to Francis Proctor Brown, Jr., of Hartford, son of Mr. and Mrs. F. F. Brown of Providence, Saturday afternoon. The ceremony will take place at Faith church, Springfield, at 4 o'clock. Miss Crehore was one of the bridesmaids, and Mr. Brown, who was a classmate at Brown University of Mr. Crehore, was an usher at the wedding of Miss Knowles and Mr. Crehore at St. Andrew's Episcopal church, Saturday evening, June 28.

Miss Maude Cameron, a school teacher in Ballymena, County Antrim, Northern Ireland, has been visiting the past few days with Mr. and Mrs. James Maguire, of Vernon, formerly of Strat street. Miss Cameron was accompanied by Isaac Wetherhead, a mutual acquaintance of hers and the Maguires. She has been making an extensive tour of this country and sails tomorrow from Quebec on her return to Ireland. Her trip was highly satisfactory in every way but she would have preferred it a bit cooler, Miss Cameron said.

Manchester people who have occasion to auto through East Hartford via Silver Lane will be pleased to know that E. S. MacPherson approved an expenditure of \$65,000 for a new highway via Carroll Road to Silver Lane that will cut out the Church Corners route. A new culvert will also be built over the Hockanum river making travel that way much easier.

Leonard Kingman, George Davis, Irving Carson of South Manchester and Phil Nestor of Hartford have returned from a two weeks' vacation spent at Mallet's Bay, Lake Champlain, Vermont.

Ernest P. Williams who has been spending a two weeks' vacation with his parents, Mr. and Mrs. John M. Williams of Hudson street, has returned to New York City.

John Corbin of 39 Pleasant street, Rockville, paid a fine of \$10 and costs in the Manchester police court this morning for driving an automobile without a license. He was arrested by Patrolman Lucius Thrall.

Mrs. Marie Sharp Watson and daughter Shirley, of Hamilton, Ontario, are visiting with Mrs. Watson's parents, Mr. and Mrs. William Sharp of Summit street.

Mrs. Mabel Case Viot of Highland Park, who has been traveling in Europe, is returning on the Aquitania, which is expected to dock in New York tomorrow afternoon.

Miss Peggy Hughes has returned to her home at 277 Spruce street after a visit at the home of Mrs. King, a friend, at Paterson, N. J., where she spent the past week.

**Seek Way To Willimantic
By Canoeing River Here**

Two boys emerged from the underbrush near Woodland last evening, bearing on their sunburned shoulders an Indian canoe and camp duffie. They marched up to a trolley crew and asked the way to Willimantic.

"Right along this road," said the track boss.

"But we've got a canoe," responded the youths. "We'd like to go by water if possible."

They told the crew their story. It seems they left their native Vermont city bordering on the Connecticut river, intending to visit a friend in Willimantic. They made the week-long trip alright until the Hockanum was reached. Here they found numerous obstacles in the form of shallow water, stumps, sand bars, until they decided to give it up and reach their destination by larger stream, if one could be found winding its way towards the Thread City.

On learning that transportation by water was out of the question, they came to South Manchester and decided to call up their friend in Willimantic and to be transported, thither by truck. This was done at the Oakes filling station while the attendants looked over their unique camping equipment, and the 10 gallon hats shading their bronzed faces.

After the youngsters were shown how to use the dial phones the boys went to a show and left for Willimantic when the truck arrived at 11 o'clock. Years ago canoeing was considered an excellent way to spend a summer vacation, but with the building of dams on the streams making numerous portages necessary, it has fallen off in favor.

**PERFECTING DETAILS
FOR FLOWER SHOW**

Local Men Prominent In Activities of Connecticut Horticultural Society.

President Charles M. Murphy and Secretary Lafayette J. Robertson, Jr., and a large committee of members of the Connecticut Horticultural society are working out details of the exposition to be held at the State Armory in Hartford, September 12, 13 and 14. They are out to make it the greatest exhibit of fall flowers, fruits and vegetables ever held in the state, in fact it is already being advertised as the "All-Connecticut Horticultural Exposition," and it is hoped people from all over the state will attend.

Prizes to be offered at the show will run up well towards two thousand dollars in cash, besides the medals of the society, appropriate cups, silver and pewter vases and other awards. Additional prizes will be gratefully accepted and the donors should communicate with Mr. Robertson at 219 Church street, Hartford, and all who plan to exhibit should notify him at the earliest possible moment.

The society, which has been flourishing for forty years and is now stronger than ever before, will be assisted by the Connecticut Pomological society, which will have charge of the fruit department. Fruit packed according to Connecticut standard grades will be featured. Others who will cooperate will be the state Grange which is expected will have an exhibit covering 60 square feet. Hartford's municipal park department will have a noteworthy exhibit, as will the Nurserymen's association, commercial vegetable growers, landscape gardeners, the Hartford Market Gardeners association and other state and private organizations too numerous to list. Some forty garden clubs throughout the state will be eligible to exhibit, as well as children's school garden, nature and botany clubs.

There are some unusual features connected with the coming show, namely: a large banquet for the evening preceding the opening day, the charge of an admission fee to those who are not members, of fifty cents on Friday and Saturday and twenty-five cents on Sunday. Children will be admitted at special rates.

**AUTO ACCIDENT MARS
EMBLEM CLUB PARTY**

Go To Mrs. Wm. Reeves' Home In Windsorville - Five Injured En Route.

Forty-three of the members of the Rockville Emblem club set out for the annual outing at Mrs. William Reeves' home at Windsorville yesterday. Early arrivals were in high spirits until the news reached them of the serious accident to five of the members from Rockville, Mrs. A. L. Chapdelaine of the Rockville House, Mrs. Margaret Finley, Mrs. Russell Finley, Mrs. Max Smith and Mrs. Robert Brown, who was driving.

The party had almost reached the scene of the outing when it is believed a tire burst causing the automobile to turn over twice down an incline into a field, a complete wreck. Mrs. Chapdelaine's head was forced through the rear window. Her collar bone and several ribs were fractured and scalp badly lacerated. The other women were severely cut and bruised. All five were removed to the Rockville hospital and today are reported to be as comfortable as can be expected.

Manchester members of the club declared it to be a miracle that any of the women escaped alive.

Three of the rooms on the lower floor of the Reeves home were converted into dining rooms. The floral decorations and table covers carried out the colors of the order, purple, yellow and white. A delicious dinner was served by Mrs. Reeves and her assistants, consisting of chicken soup, chicken à la king in petty shells, mashed potatoes, buttered carrots, string beans, lettuce, tomato and cucumber salad, celery and olives, rolls, pineapple parfait and coffee.

Dinner over, the members occupied the afternoon in playing bridge and straight whist, on tables placed on the lawn under the trees. Mrs. Mary Grasiadio won first honors in bridge, Mrs. Irene O'Laughlin, second, and Mrs. Julia Conrick, third, the highest score, Mrs. Anna Evers, in whist, Mrs. Anne Willeke held second, and Mrs. Anna Drayton, third.

Mrs. Reeves was assisted in making the arrangements by her mother, Mrs. J. J. Williams, of this town, her sister, Mrs. Fred Hoyle, and sister-in-law, Mrs. George H. Williams.

Aeronautical exports from France last year were valued at \$8,577,320.

That the automobile owned by Lorenz that figured in a Hartford murder is now owned by a Manchester man.

That despite official pronouncements about the recent bout at Hurley Stadium, Battalino fans here are still "regued."

That Hartford bootleggers have scratched Manchester off their list for the time being because they don't like to pass the inspection points where special police are watching for corn borer. No inspections are made coming east but the "wisehelmers" just don't like to pass the places.

That a couple of other "lovestones" are being watched by police as are a couple of automobile parking places where pelters are wont to spend the late hours thinking they are in seclusion.

**TEMPERAMENTAL TORCH
OBEYS FIRE ALARM ONLY**

Just Won't Be Put Under Control and Threatens to Burn Things Up Until Firemen Call.

An acetylene blow torch that just simply insisted on self expression despite all efforts to subdue its enthusiasm initiated an alarm of fire from Box 51 at Charter Oak and Spruce streets at 6 o'clock last evening.

Peter Bonino, of the firm of Bonino & Lewis, who run a battery and accessories establishment on Charter Oak street, was using the blow torch to weld some battery parts when it became temperamental. Peter tried to shut off the flame but it refused to be denied, having developed a leak in the tank valve or some similar trouble. Bonino managed to get the torch line adjusted with an empty gas tank supporting the flaming torch so that the buzzing fire did not come into contact with anything inflammable. Then, to play safe, he had somebody connect the torch line to a fire alarm in the alarm. When the firemen arrived they stood by until the acetylene tank had burned itself out.

Then everybody, including a flock of rubberneck automobiles, went home.

The annual Sunday school picnic will be held on the grounds at the North Methodist church Saturday afternoon of this week at 2 o'clock. The officials of the school will see to it that a generous supply of ice cream, watermelons and cool lemonade is provided. The boys who attend are asked to bring fruit and the girls sandwiches.

**LEGION TO HAVE
FULL PROGRAM**

Opens Today in Bridgeport; Los Angeles To Visit On Saturday.

Manchester Legionnaires and Auxiliary members attending the annual convention of the American Legion at Bridgeport, which opens today, are in for a busy time if they take in all the various activities planned for the three days' meeting. The culminating event will take place on Saturday in the form of a parade of 7,000 persons who will march in the shadow of the United States Navy dirigible Los Angeles which has been assigned to hover over the city during the demonstration.

Mayor Edward T. Buckingham of Bridgeport welcomed the delegates at the opening meeting this morning at 9 o'clock. The auxiliary convened at the Stratfield, and the Legionnaires began consideration of business at 9:30 o'clock at Central High school. Rear Admiral O. D. Murrin, commander of scout cruisers division of the Atlantic fleet, addressed the men.

After a past president's luncheon at the Stratfield for the auxiliary, the members went to go to Pleasure beach at 1:30 o'clock. At 2 o'clock the Bridgeport Junior baseball team was to play the Bristol Legion team in an American Legion Junior world series game at Newfield park.

At 2:30 o'clock there was to be a memorial service at the Stratfield. Betty Owens, past president of the New York state auxiliary, will speak at the auxiliary banquet tonight at 7 o'clock. At 8 o'clock a four-hour sail on the "Ramona" is scheduled. At midnight the 40 and 8, honorary branch of the Legion, will have a Grand Chemnot at the Stratfield.

Friday Program
Convention sessions will be resumed at 8 o'clock Friday morning. At 2:15 o'clock the civic clubs of the city will join the Legion at a luncheon at the Stratfield.

Congressman Schuyler Merritt, National Vice Commander Frank Scholer, Jr., a blind veteran of Philadelphia, Captain A. C. Pickens, commander of the U. S. S. Detroit which will be anchored in the harbor during the sessions, and Chief Justice George Wheeler will be the speakers. George W. Hawley will act as emcee.

At 2 o'clock Friday afternoon the 40 and 8 delegates will begin their convention in American Legion hall.

A monster air meet will be conducted at Bridgeport airport on Friday afternoon. It is expected that Captain Frank Hawk, who recently was towed across the United States in a glider will be on hand to give an exhibition.

Harry Generous, state aviation inspector and flight commander for the National Guard, has arranged

two air races as features of the air meet. One of these races will be between training ships. The Governor's airplane built by the Huntington Aircraft Company and christened here recently by Governor John H. Trumbull, will be on exhibition with several Sikorsky ships and a giant 18-passenger Concor. Edward Barber, new pilot at the airport, and Mr. Generous will entertain with stunts. The meet will get under way with an aerial parade over Bridgeport.

A second moonlight sail on Long Island Sound on the "Ramona" will begin at 8 p. m. Friday and continue until midnight.

Open air dancing at Pleasure beach will start at 8:30 o'clock.

The 40 and 8 will assemble at 8:30 p. m. at the Plaza and parade on John street to Main street, to Bull's Head, and counter march to the Plaza where busses will be available for those who desire to witness the annual "wreck" of the 40 and 8 at Pleasure Beach park.

Initiation of candidates for the 40 and 8 will be conducted at 8:30 p. m. Friday.

A midnight revue will be held at Pleasure beach at 11 p. m. and a joint banquet of the 40 and 8 and the 5 and 40 will be held at Pleasure Beach Shore House at midnight.

Election of officers of both the Legion and auxiliary will feature the closing convention sessions on Saturday morning.

Parade at 2:30
The parade will get under way at 2:30 p. m. Saturday and proceed from Bull's Head through Main street to State street; west on State street to Park avenue; and thence to Seaside park. The reviewing stand will be erected in front of the home of Chief Justice Wheeler on Park avenue. Following the parade there will be a National Guard retreat and Legion Drum Corps competition at Seaside park.

The 40 and 8 and Drum Corps of Bridgeport Legion will meet for rehearsal on Wednesday night at the race track at Seaside park instead of at the State Armory as was previously planned.

the RITZ

They're putting it on, and no mistake, these wise young women with a nose for the new. Ever since the RITZ appeared in our corset department, they've been putting it on—and keeping it on.

The RITZ, you know, is the brand new Nemo-flex foundation—soft, light, flexible—yet really molding (for in spite of its lightness it DOESN'T STRETCH but retains its shape.) They are a Nemo-flex development—made of small strands of round elastic with so much stretch that you'll forget all about garter runs. Then there's no buckle to show through your frock or to be sat on.

Add these garters to all its other features—its flexibility, its molding qualities, the fact that both garters and shoulder straps are detachable (making it as easily laundered as lingerie)—and we're pretty sure that once you see it, you too will be putting on the RITZ.
