

EWALD WITNESSES REFUSE TO TALK

For Second Time Remain Silent on Story of \$10,000 Loan to Politician.

New York, Aug. 21.—(AP)—The principals in the Ewald case who by their own testimony before a county Grand Jury figured in a \$10,000 loan made by Mrs. Ewald to a Tammany leader at about the time George F. Ewald was made a city magistrate, refused today for the second time to tell their story to a Federal Grand Jury.

Martin J. Healy, the Tammany leader; Mrs. Ewald, the registered magistrate's wife and Thomas T. Tommaney, sheriff's clerk, declined several weeks ago to tell a Federal Grand Jury about the alleged loan.

Then a few days later they related freely to a county Grand Jury how Mrs. Ewald had loaned Healy \$10,000 without interest in 1927 and Tommaney had handled the money. The note for the loan, she said, was lost.

Again Refuse

Today before a Federal Grand Jury again they refused to tell the story which U. S. Attorney Tuttle wishes to get into Federal records with a view to taking action if it developed that income taxes had not been paid on the money.

While the three were remaining mum at the Federal building, the county Grand Jury investigating the Ewald case suspended its activities today because Governor Roosevelt had given the matter to the state attorney for scrutiny.

The county Grand Jury failed to indict anybody after hearing the story of the loan, then changed its mind yesterday and reopened the case.

NOTED ARCTIC EXPLORER KILLED IN AUTO CRASH

Cresco, Iowa, Aug. 21.—(AP)—Sigurdur Christian Gysmundson, Arctic explorer and lecturer, is dead, the victim of an automobile accident. He was 49.

After braving many dangers in the frozen north, rescuing an ice-bound ship at one time at the risk of his life and escaping from a death sentence at the hands of Russian Revolutionists, the explorer met death when the automobile in which he was riding yesterday overturned.

With Gysmundson were Flor E. Zapata, 27, Filipino student at Kansas State Agricultural College, who was fatally injured and Jack Randall, Kansas City, who was seriously injured. They were members of a Chautauque troupe.

The explorer, a friend of Vilhjalmur Stefansson and Roald Amundsen, resided in Wenatchee, Wash.

An icelander by birth, he spent many years in the waters of Alaska and Siberia. While he was captain of the Polar Bear, fur trading ship, he saved an ice-bound Russian ship and its crew from starvation.

SWEET VOICED NEWSIES PLANNED FOR FLORIDA

Miami, Fla., Aug. 21.—(AP)—The day may come when the brazen voiced captain of industry, who won his way to fame, after a modest start as a vendor of newspapers will be replaced by a capitalist whose sweet singing of headlines amid the busy marts of trade won him success.

City Commissioner E. G. Sewell has a plan which he believes would bring that about and he has proposed to the Miami City Council that the experiment be started. Here is his plan:

That newsboys be selected for the quality of their voices.

That a commission be established to prohibit the raucous hawking of their wares.

That daily newspapers dress their news boys in attractive uniforms.

The commission has not acted.

RATES ON COTTON

Washington, Aug. 21.—(AP)—A general revision of railroad rates on cotton was ordered today by the U. S. C. C. to be effective next January 10.

In its main features the order left practically undisturbed the present cotton rates applying to the southeast quarter of the country, but reduced rates applying to the Mississippi valley to the point of equalizing them with the eastern rates. It provided for cotton rates in the southwest on a basis ten per cent higher than that applying in the southeast; and it altered the export rates on cotton to Texas seaports in such fashion as to decrease the charges levied for short hauls and increase those applying to long ones. It required also the equalization of Mobile with New Orleans in the matter of cotton export rates.

PROOF OF CONVICT LABOR

Hoquiam, Wash., Aug. 21.—(AP)—Representative Albert Johnson, head of the House immigration committee, has collected affidavits which he said proved lumber, wheat and other commodities received in the United States from Russia were produced by "Soviet induced labor."

The Treasury Department, he said, demanded such proof before the government would act to enforce anti-dumping and other clauses in the new Tariff Act.

In spite of the turmoil in China, the office punster points out, they still manage to keep coolies busy.

ATTENDANT TELLS OF SWIFT SUICIDE

Was in Room When Millionaire's Son Drew a Revolver and Shot Himself.

New York, Aug. 21.—(AP)—The story of the suicide of William E. Swift, Chicago packer's son, was told yesterday by the only witness to the act at an inquiry by Chief Medical Examiner Norris.

The witness was Riddolph Heitmanek, short, blond, muscular "attendant," who said he was summoned last Saturday evening, at 9 o'clock, to the private Park avenue sanitarium of Dr. E. S. Cowles.

Dr. Cowles told him, he testified, that Swift was an alcoholic patient and had been there "off and on" since last November. He had returned on his last visit two days before, and a woman nurse had reported Swift had a revolver under his mattress.

"Dr. Cowles told me to go up there, and when Swift was asleep to get the gun," Heitmanek related.

"I said Swift was on the bed when he entered and remained there until about 10:15 when he sat up suddenly and said, 'I'm going to jump out the window, and nobody can stop me.'

"I prevented the Leap

"I leaped after him and beat him to the window and shoved him back to the bed. Swift lay down on his left side. I let go of him and had just started around the foot of the bed when Swift said, 'I'm going out.'

"I glanced around and saw the gun in Swift's right hand, with the muzzle against his heart. I jumped at his shoulders forced him flat on his back with one hand on his right shoulder, and was reaching for the gun when it went off."

"The attendant said he put the gun on the dresser and called Dr. Cowles, at whose direction he stayed in the room until the medical examiner arrived, which, according to official reports was an hour and a half later."

ARMOUR CO. OFFICIAL HURT IN AUTO CRASH

Chicago, Aug. 21.—(AP)—G. M. Willetts vice president of Armour & Co., was injured perhaps fatally and 20 passengers of a Greyhound lines bus from Kalamazoo to Chicago were shaken up in a collision between the bus and Willetts' automobile.

Willetts is 60 years old. His skull is believed to have been fractured. The collision resulted when the Willetts chauffeur made a left turn directly in the path of the bus. None of the passengers in the bus was injured severely enough to require medical attention.

A. Eger of Chicago, driver of the bus, was held for questioning pending the outcome of Willetts' injuries.

DIES OF LOCKJAW

Waterbury, Aug. 21.—(AP)—Lockjaw of mysterious origin, it was learned today, caused the death Monday night of 6-year-old Irene Delaney, daughter of Mr. and Mrs. James E. Delaney of 45 Laval street, Waterbury. Following no apparent casual infection, rigidity of the neck set in during the night and the child died two days later with locked jaw.

Physicians were perplexed at the absence of original infection. The only scratches the child is known to have had was an irritation of the heel three months ago. Tetanus usually sets in, according to medical authorities nine days after infection, but cases have been known to develop later.

BANK AS TRUSTEE

New Haven, Aug. 21.—(AP)—The Union and New Haven Trust Company has been named by Judge John Rufus Booth as temporary succeeding trustee to all trustee mortgages held by the Connecticut Mortgage and Title Co., which was placed in receivership last week.

Holdings of notes under trustee mortgages will appear in Superior Court in October to show cause why the succeeding trusteeship should not be made permanent.

MAY EXHUME THE BODY OF GREENWICH DOCTOR

Greenwich, Aug. 21.—(AP)—Representatives of the New York Life Insurance Company inform police here today that they may take steps to reopen the investigation into the death of Dr. Eugene S. Alling, 42, of Edgewater Drive, Sound Beach, who died Feb. 13, last, and to exhume the body to determine, if possible, the exact cause of death.

Dr. Alling, connected with the Palmolive-Peet Company, of New York was found dead in the kitchen of his home by his wife. Medical Examiner Dr. John A. Clarke, who was called in at the time, gave the

cause of death as accidental asphyxiation by gas. It is claimed by the insurance company and police that the case was suicide.

Mrs. Esther Alling, widow, as administratrix of the estate petitioned the Probate Court here on May 12 for an extension of time for filing the inventory of the estate, the inventory having filed on June 11, the estate totaling \$10,819.82. The insurance company, she claims, owes her \$7,500 as double indemnity, having paid only \$7,355.44, the face value of a \$15,000 policy.

THIEVES GET MANY

Automobile thieves have an easier time in France than they do in the United States. Approximately 3,000 cars were stolen there last year, and only 439 recovered by police.

STATE COURT UPHOLDS PINCHOT'S NOMINATION

Philadelphia, Aug. 21.—(AP)—Gifford Pinchot's nomination for governor by Pennsylvania Republicans at the primary last May was upheld today by the State Supreme Court.

The court denied the petition of Francis Shunk Brown, principal opponent of Pinchot, to throw out approximately 60,000 ballots cast in Luzerne county on the ground that they had been mutilated by perforations.

Pinchot carried Luzerne county by a plurality of 26,000 and the en-

dred state by about 20,000. Had Brown's petition been granted he would have been the nominee by 6,000.

SUE STATE OFFICIAL

New Haven, Aug. 21.—(AP)—Four suits totaling \$38,000 were filed in Superior Court today against John E. MacDonald, state highway commissioner, as a result of an auto accident which occurred last January in Cheshire.

The plaintiffs are Thomas E. Cahill, Democratic general registrar of voters in this city, and Celia Foster, who seeks \$25,000 each; May D. Foster who asks \$10,000 damages and Mrs. Gertrude Fowler, who seeks \$5,000. They charge that the highway commissioner was negligent in failing to maintain a sufficient guard rail at the side of the highway.

The plaintiffs were injured when a car driven by Cahill left the college highway and toppled over into a ditch.

IL DUCE'S KIN DIES

Cesenatico, Italy, Aug. 21.—(AP)—Premier Mussolini arrived here at 5:30 a. m. today in an automobile and went at once to Villa Gregorini where the body of his nephew, Sandro Mussolini, who died yesterday, was laid out. There was a touching scene when the Duce met his brother, Sandro's father.

The funeral of Sandro will take place Friday. The family has requested that no flowers be sent, and that the money which would be spent on floral pieces be devoted to Fascist charities.

FAIRYLAND TOM THUMB COURSE—AND INVENTOR

Scenes above are typical of the Fairyland miniature golf course "above the clouds" at the summit of Lookout Mountain, Chattanooga, Tenn., where the first national open tournament in miniature golf will be played in October. Natural rock formations, vines a and trees supply many hazards to the course. Upper right is Garnet Carter, the man who originated the game, standing beside one of several artificial gnomes which add to the quaint picture of the golf layout.

Midget Golf Tourney At Game's Birthplace

The average miniature golf player, "ain't seen nuthin'" until he comes to the original Tom Thumb course at Fairyland, atop historic old Lookout Mountain here. The best of the hundreds of thousands who indulge in the "putt-putt" pastime will have an opportunity to try their skill on this famous course October 20, 21 and 22, when for the second straight year Gus Payne of Cleveland is the North American clay target champion, although he had to win a three-way tie to keep the title.

Payne, A. M. McCrex of Lamar, Mo., and E. D. Martin of Columbus, Wis., finished in a deadlock with each having broken 199 out of 200 targets in yesterday's shooting of the Grand American Handicap Trap Shoot Tournament in progress here. In the shoot-off, however, Payne broke 25 straight targets, while McCrex could score only 23 and Martin 20. Payne won the title a year ago with the same score.

The women's North American championship went to Mrs. J. A. Murphy of Freehold, N. J., with a score of 185, one better than Mrs. Norman V. Fillet of Houston, Tex. Miss Alice M. Crothers of Chestnut Hill, Pa., took third with 181. Shirley Beregard, Jr., 15, of Galveston, Texas, shattered 95 out of a possible 100 targets to win the junior championship.

COMMUNITY CLUB TIES FIREMEN IN 6 INNINGS

The Community Club nearly got revenge last night when they played the Firemen in a return game, but it narrowed down to a pitchers' battle between McGonigal and Fidler and ended after six innings in a 2-2 deadlock. Fidler did not allow a hit in four innings and McGonigal allowed but two.

PIRATES IN TIE WITH ATHLETICS FOR LEAGUE LEAD

Trim Yankees, 9-3; Play-off Series to Begin Friday Night, Best Two Out of Three.

Standing of League		
Athletics	8	4 568
Pirates	8	4 568
Red Sox	7	4 515

The regular schedule of the West Side Baseball League came to an end last night when the Pirates trimmed the Yankees to go into a tie for first place with the Athletics who have led the League throughout the season. The score was 9 to 3 after five innings of play.

The Athletics will play the Pirates, the West Side "darkhorses" Friday night at the Four Acres at 6 o'clock. Manager "Swick" Gustafson has refused to divulge the names of his players but promises to have a first-class team on the field to beat the Athletics. It is expected that "Hokey" Gustafson will lead the Athletics. Gustafson will play for the Pirates and Kelly will be the batter for the Athletics.

The fourth was the big inning for the Pirates last night. The score was tied at 3-3, the Yankees having scored three runs in the first and the Pirates one in each frame. Ten men batted starting with Johnny Hedlund, who singled to left, Chaplainman was safe on a sacrifice bunt when J. Hewitt erred, and Raynor was also safe on a sacrifice bunt when Billy Dowd threw wild.

The difference in the score for the local girls obtained 14 hits to 13 for the Rockville girls but the latter team made every hit count.

The annual competition for the Manchester swimming championship will take place Saturday afternoon at 2 o'clock at Globe Hollow with a larger list of entrants and a greater crowd expected than ever before in the history of the event. The meet will be run on a point basis, the boy or girl in the class which they enter who wins the most number of points being awarded first prize; the winner of the second largest number of points, second prize, and the third highest point winner, third prize.

The meet has been arranged by the Recreation Centers in three distinct classes with similar events for both boys and girls. The classes are: Junior class, boys and girls; intermediate class, boys and girls; senior class, boys and girls. Gold, silver and bronze medals will be awarded first, second and third place winners respectively in each class.

A large silver loving cup for the senior class of both boys and girls, put up last year in a contest, it must be won three times for permanent possession, will be the prize to be striven for. The cup's defenders, Eddie Markley, who won it in the senior boys' class, and Stella Arson, who won it in the senior girls' class, will again compete in the hopes of winning their second leg on the trophy.

The two cups are kept at the East Side Recreation building until they have been won three times by the same person. The annual town championship in swimming has attracted more and more attention from year to year and interest in the competition has drawn crowds up to 5,000 people to the shores of Globe Hollow, scene of many a swimming triumph in bygone years. Aided by fair and warm weather the contest should draw another huge gathering Saturday afternoon.

AS SEEM CERTAIN OF SECOND PENNANT

While the National League pennant race goes merrily on today, far as to lose half its remaining games, winning up the season with 98 victories and 56 defeats, Washington must win 25 of its remaining 34 games to tie the Yankees who now have 97 victories and 56 defeats. The Senators continued their chasing yesterday by beating the Browns 14 to 4. The other American League clubs had a day of rest.

ALL HOPE ABANDONED OF FINDING EDITOR

Baltimore, Aug. 21.—(AP)—Search was at an end today for the body of Van Lear Black, Baltimore publisher and capitalist and world fier, who disappeared Monday night from his yacht. All hope that he might have survived was abandoned here, but filing of his will is expected to be delayed a week or more. The instrument will dispose of an estate estimated at from \$15,000,000 to \$40,000,000, it is believed.

Mr. Black, publisher of the Baltimore Sun and Evening Sun, was known as the wealthiest man in Maryland.

Following the hearing at New York today before federal steam-heat inspectors, Captain John J. Kelley planned to return to Baltimore in the yacht, the Sabalo. He planned to make another search for the body near the position of the yacht, about 12 miles off the New Jersey coast, when Mr. Black disappeared.

DRY CASES INCREASE BY 324 DURING MONTH

Washington, Aug. 21.—(AP)—The close of the first month of prohibition enforcement under the Department of Justice found the number of cases awaiting disposition on the dockets of the Federal Courts increased by 324.

This was revealed today by the first of a series of monthly reports to be issued by Prohibition Director W. W. Woodcock.

Arrests for the month of July totaled 6,524; cases bound over to the Grand Jury by U. S. commissioners, 3,824; cases placed on the docket 1,918; convictions, 1,885; acquittals and cases not pressed, 202; unfinished cases on the dockets, July 31, 22,497.

The average of all sentences imposed was 15.28 days and the average fine was \$199.50. A total of 307 permanent padlock injunctions were granted; together with 148 judgments for forfeitures.

TO OPEN TOWN HALL

Newtown, Aug. 21.—(AP)—The new town hall made possible by gift of the late Miss Mary Hawley will be formally opened tomorrow and the deed of the property given to the selectmen by Arthur T. Nettleton, chairman of the building committee.

For two days the hall will be open for general inspection and a musical program will be part of the entertainment, both evenings. Tomorrow afternoon Newtown's first municipal talking movie show will be given and it will be repeated.

TAXICAB IN RIVER

Sault Ste. Marie, Ont., Aug. 21.—(AP)—A taxicab with an unscrutinized number of passengers skidded on the bridge over a power canal in Sault Ste. Marie, Mich., last night and went through the railing into the canal.

Perly Smith, driver, was known to have lost his life, but it could not be learned whether he had any passengers, nor how many. One observer thought there were three persons in the cab with Smith.

OPENING STOCKS

New York, Aug. 21.—(AP)—Stocks in the main were steady to firm at the opening of today's market. U. S. Steel, Radio, General Electric, International Telephone, Montgomery Ward, Dupont, Kroger and National Dairy rose 1/4 to 1/2. American Tobacco B mounted 3/4, and Case 1 point. On the other hand, American Smelting and Southern Pacific each lost a point and Gillette 1 1/4.

The price movement was narrow and the market appeared to be unable to find itself. Trading was extremely dull and price changes largely fractional on either side of the previous closing levels.

Renewed bear pressure against Gillette and Autoprot sent them down nearly 1/2 and 2 points, respectively. Diamond Match, which rose 2/4 yesterday, fell back 3/4. National Biscuit and Cerro De Pasco list a point each. Such shares as American Telephone, Westinghouse Electric and Electric Power and Light sagged fractionally.

On the other hand, Worthington and Case rose 2, United Aircraft and Loew's 1, such issues as Borden, Republic Steel, Fox, Reynolds Tobacco Co., Allegheny Corp., Allis Chalmers, Electric Auto, Littell and International Harvester, gained about 1/2.

Overnight news was mixed. The omission of the Shell Oil dividend, and a description of the petroleum situation as unsatisfactory by the management, was unsettling. On the other hand, Dr. Julius Klein of the Department of Commerce disclosed in an article in the American Magazine that a poll of the country's leading bankers found two-thirds looking for good business by October.

Foreign exchanges opened steady, with sterling cables at \$4.87 3-32.

TO QUIZ WILSON

Boston, Aug. 21.—(AP)—Inspector John Maguire of the Portland, Me., police, arrived here today to question John Panca, known in the prize ring as Johnny Wilson, former middleweight champion of the world, in connection with "the handcuff murder" of Patrolman M. T. Connelly of the Portland police.

Chief of Police A. Haskell, of Portland accompanied him.

Little more than a year ago the ex-boxer was questioned by New York officials in the slaying of Frankie Marlowe, fight promoter and alleged racketeer in that city. Patrolman Connelly's body was found in the Portland waterfront, handcuffed by his own bracelets. He had been drowned.

Wilson informed police headquarters that he would present himself for interview today.

THE CAT CAME BACK

Wallingford, Aug. 21.—(AP)—Believe it or not, a cat belonging to Mr. and Mrs. Phillip Merriam of 365 South Orchard street, made its way back to its home here from Willimantic after a week's traveling.

Mr. Merriam and his family decided recently to pay a visit to relatives in Massachusetts. One of the children, much attached to the family pet, wanted Tabby taken with them. When the party reached the outskirts of Willimantic the cat began to wail and scratched things in the car. The Merriams were forced to turn the animal loose in the hope it would be picked up by someone.

On the termination of the visit, the Merriams returned to their homes here and were surprised one morning to discover that the cat they had released in Willimantic had returned to its home here. Mr. Merriam is city engineer of the city of New Britain.

K. OF G. CONVENTION

Boston, Aug. 21.—(AP)—A day of buying and a night of dancing was planned today for the closing session of the Knights of Columbus' 40th annual supreme convention. The buying is in charge of the ladies' committee, who will conduct a tour of Boston's shops and the dancing is scheduled as "Massachusetts Night" at the supreme convention ball.

Automobile rides and boat rides were topped off yesterday by the election or re-election of the following supreme directors: Daniel A. Tobin, Brooklyn, N. Y. (re-elected); William J. Guate, New Orleans, (re-elected); Francis Fantoux, Montreal; John Heavel, Asheville, N. C.; and James H. Carroll, Lewiston, Me.

KING CAROL BLAMES HELEN FOR TROUBLE

Vienna, Aug. 21.—(AP)—A Rumanian statesman with the closest connections with the court at Bucharest but who, for political reasons, could not be quoted, today declared that the reason for postponement of the coronation of King Carol, was the obstinate attitude of the King against reconciliation with Queen Helen.

Carol, the statesman said, based his attitude against reconciliation upon the following argument: "When I left Rumania, I abandoned all of my rights it was the duty of my wife to follow me. The whole world, including my parents, were perhaps justified in opposing me, but my wife was not. Despite all, she left me and went over to my enemies' camp and allowed herself to be used by them against me and she herself demanded a divorce notwithstanding my lawyers' protest."

"My sentimental wanderings had nothing to do with my departure from Rumania, which was of a purely political character. I opposed the dictatorship of M. Bratianu, which I regarded as injurious to both the nation and the dynasty."

The Bratianus have avenged themselves severely on me and my own wife has played some part in this unworthy game. "I can forgive all of my former opponents but can never become reconciled with my wife."

ELECTRIC COMPANY STRINGS NEW CABLES

The Manchester Electric company is running wire from the transform station to the new station on Hilliard street. From the substation on Hilliard street light wire is being strung through cables to different points in the north section of the town and one cable runs up Woodridge street to the intersection of Parker street, where it continues in cables to Middle Turnpike and then to poles that carry the power to Bolton.

It was only a short time ago that the residents of Bolton secured a charter for the Bolton Electric company and the number that now use power in that town has increased that the new cable that is being strung is to carry twice the voltage as the one now in use. The office of the Bolton company is located in the South Manchester office of the Manchester Electric company.

DISCOVER STOWAWAYS

Brussels, Aug. 21.—(AP)—Upon arrival of the Congo ship Elisabethville at Antwerp today police went aboard her and, at the instruction of the Portuguese government, arrested 15 passengers who had embarked at Lisbon.

Investigation revealed that two Portuguese, Sr. Concelao, 57, and Antonio Francisco, 30, with Concelao's wife, had lured twelve other Portuguese into embarking for Antwerp, from where they had been promised transportation to the United States and splendid jobs when they got there.

The three had extracted considerable money from their twelve victims, all of whom will be sent back to Portugal.

GARFIELD'S KIN KILLED

Portsmouth, N. H., Aug. 21.—The body of Mrs. Helen Newell Garfield, 64, daughter-in-law of the late President Garfield, will be sent today for her mentor Ohio home, where funeral services will be held. Mrs. Garfield died yesterday at the Portsmouth hospital of injuries received Monday in an auto accident.

Her husband James R. Garfield was touring New England when he escaped uninjured from the crash that cost Mrs. Garfield's life. The automobile struck a pole after a tire blew out.

Chicken Pie Remains The Farms Best Dish

Mrs. Archie Palmer Serves Big Helpings in True Country Style—Proves Herself Specialist in Kitchen.

That grand old meal—chicken pie—was missing with all the good fellowship that accompanied the cooking and serving of a good harvest dinner.

Unwilling to forget the fine art that was earned over many a town house range, Mrs. Palmer prepared and advertised a good old-time New England boiled dinner a few weeks ago to be served at her home on Lydall street just beyond the intersection of Vernon street. The plan was a success from the start. Many there were, who had attended those famed suppers in Coventry, and remembered the quality and success of those spreads of other days.

Last night the former Coventry harvest supper specialist put a chicken pie supper at the earnest solicitation of her many friends. And these same friends came in twos, fours, eights and sixteens and every possible combination in between. And the fixings were there as usual and they went away satisfied as they did years ago in Coventry. It was the same kind of chicken pie that they had learned to plan for when Coventry had a "big night."

And the fixings were there as usual served in the good old country style. Which proves that individual interest is not so centered in style and dress up when it comes to a real old fashioned meal, especially if they came from the country and keep their memory fresh on the doings of their time.

That grand old meal—chicken pie—was missing with all the good fellowship that accompanied the cooking and serving of a good harvest dinner. Unwilling to forget the fine art that was earned over many a town house range, Mrs. Palmer prepared and advertised a good old-time New England boiled dinner a few weeks ago to be served at her home on Lydall street just beyond the intersection of Vernon street. The plan was a success from the start. Many there were, who had attended those famed suppers in Coventry, and remembered the quality and success of those spreads of other days.

Last night the former Coventry harvest supper specialist put a chicken pie supper at the earnest solicitation of her many friends. And these same friends came in twos, fours, eights and sixteens and every possible combination in between. And the fixings were there as usual and they went away satisfied as they did years ago in Coventry. It was the same kind of chicken pie that they had learned to plan for when Coventry had a "big night."

And the fixings were there as usual served in the good old country style. Which proves that individual interest is not so centered in style and dress up when it comes to a real old fashioned meal, especially if they came from the country and keep their memory fresh on the doings of their time.

MARION TERRY DIES

EDDIE STARTS EAST

Municipal Airport, Los Angeles, Aug. 21.—(AP)—Eddie Schneider, newly crowned east-west junior transcontinental speed king, took off at 6:17:30 a. m. (P.S.T.) today in an effort to establish a new west-east junior transcontinental air record. He planned to make his first stop at Albuquerque, N. M.

Roosevelt Field, N. Y., Aug. 21.—(AP)—Ted Lundgren, who plans to fly around the world, hopped off this morning for Washington, accompanied by Roger Q. Williams. They said they would return this afternoon.

Mr. and Mrs. Palmer moved to Manchester where carpentry work was to be had in plenty. But to Mrs. Palmer it was like losing a friend.

ERRORGRAMS

YES, THESE ALLIGATORS ARE VIVIPAROUS, THEY LAY THEIR EGGS IN THE SAND, COVER THEM, AND GUARD THEM TILL THEY HATCH. THAT'S THE BEST ONE I EVER SAW HERE ON THE NILE.

Neither here nor there.

There are at least four mistakes in the above picture. They may pertain to grammar, history, zoology or geology. See if you can find them. Then look at the scrambled word below—and unscramble it, by switching the letters around. Grade yourself 20 for each of the mistakes you find, and 20 for the word if you unscramble it.

CORRECTIONS

(1) Crocodiles, not alligators, are found in the Nile. (2) Egg-laying reptiles are called viviparous, not viviparous. (3) The hind legs are missing from the larger crocodile. (4) Crocodiles cannot turn their heads, owing to the construction of the neck. (5) The scrambled word is NOWHERE.

The same evening at Portland, George V. Hamlin, first selectman of New Britain and president of the New Britain Rural Road Improvement association will speak at a meeting to organize an association in that town.

Thursday evening, September 4, Mr. Marsh will speak at a republican town caucus in Burlington on the subject of improved rural roads.

POLITICS
Politics, in this state and throughout the Union, seems to be more than unusually spiteful this year—more talk, and crasser, than common outside of Presidential campaigns.
Pinehurst's organization doesn't talk politics—either with customers or among the personnel, who can talk politics without getting hot and grouchy. Getting hot up and grouchy is no good—not when you have a lot of work to do and a lot of people to meet and know that good temper and courtesy are expected of you at all times.
Good temper, courtesy and friendliness are essential Pinehurst qualities. So politics is "out."

rene church and several years ago the church officials bought a cottage house for the use of the pastor. The parsonage is located on a nearby street. There are several other reasons which influenced Rev. E. T. French to accept the city though it is perhaps somewhat unusual to do so in the middle of the church year. His last pastorate was at Lynn, he has a son married and living in Wollaston and his daughters, Miss Anna and Miss Edna French are students of the Nazarene college at Wollaston.
Although the Nazarene church here voted to accept the Rev. Mr. French's resignation, it was by no means unanimous. Since coming here the pastor and his wife and family have made many friends in the church and town. Their son Daniel who is also a Nazarene minister has supplied for his father when the latter was unavoidably absent, and Mrs. French has been an able assistant in the active work of the church and the Women's Missionary organization. While there have been many changes in the membership rolls caused by death and removals from town, the church has made an appreciable gain in members and in efficiency during the pastorate of Mr. French. While his parishioners deeply regret his departure, they realize that the field for usefulness will be larger and the members of the family will not be so far apart in their new location.
Rev. E. T. French will remain here until the middle of September, preaching for the last time on Sunday, September 14. After that it is expected an evangelist will be at the church over three Sundays. It is probable the church will not call a permanent pastor until the beginning of the official year, supplying the pulpit by evangelists and students from the Nazarene college until that time.

LOCAL BOY GENIUS AS A TRUMPETER
Astounds Meeting at Willimantic With His Ability on Instrument.

Manchester may yet have opportunity to acclaim one of its native sons as a genius of the musical world, judging by reports that are filtering in from the Willimantic Camp Meeting, where Chester Shields, Jr., son of Mr. and Mrs. Chester W. Shields of 136 School street, is appearing as trumpet soloist with Justin Lawrie, light and grand opera tenor of New York City.

By an odd freak of circumstance the local boy was given a chance to demonstrate his wonderful ability with his instrument Tuesday. Lawrie who was scheduled to sing fell asleep when resting from a stroll in the woods. Bishop W. F. Anderson, who was at the camp at the time, immediately got young Shields to substitute and the boy played the difficult "Stabat Mater" with such ease that he caused somewhat of a sensation among the audience.

The 12 year old boy has been hailed by Lawrie as a genius and a Mrs. Bidwell, former accompanist of the Metropolitan Opera and with Sousa, has been as loud in praise of his accomplishments. Shields will appear in programs at the camp all this week and in the final concert Saturday.

The boy prodigy has been playing a trumpet for three years and is at present taking lessons of Charles Hatch, one of the leading band

organizers and players in the state, at the Hartford Conservatory of Music. Naturally gifted at music, he is one of the foremost pupils in the class. It was while playing at the conservatory that Shields came to the attention of Mr. and Mrs. Frank Staple of East Hartford, who invited him to the Willimantic Camp Meeting.
Shields is a member of the Junior Salvation Army band. He has appeared in the South Methodist church here and in the leading churches of Hartford, and Foot Guard hall. Among the many difficult operas which he has mastered with ease is the "Carnival of Venice," which if played by an adult is something of an accomplishment, but when played by a 12 year old boy approaches the miraculous.
