

BLEASE LEADS IN PRIMARIES; BORAH NAMED

In California Rolph is Ahead of Gov. Young — Missis- sippi Democrats Renomi- nate Senator Pat Harrison

The 23,000-odd lead of Cole L. Blease for Democratic renomination to the Senate from South Carolina stood out today with the continuation of tabulation of votes cast in yesterday's primaries.

In California, Mayor James Rolph, Jr., of San Francisco, was running ahead of Governor C. C. Young by 30,000 votes for the Republican gubernatorial nomination. A majority of the precincts had reported.

Senator William E. Borah was renominated by the Idaho Republican convention. Both the Republican and Democratic conventions had yet to choose nominees for governor.

May Get Majority

With less than 600 of the 1,075 precincts remaining to report, Blease still had a chance for a majority of the votes cast for the three candidates in South Carolina. Unless this materializes, another contest between him and the runner-up, James P. Byrnes, will be held on September 9. The nomination amounts to election.

Mississippi Democrats renominated Senator Pat Harrison and seven of their eight Representatives in the House. It also looked as though Representative Ross Collins, the only incumbent to face a contest, had won again. The Democratic nominations there also are equivalent to election.

Use Carrier Pigeons To Get Ransom Cash

New York, Aug. 27.—(AP)—Police revealed today that kidnapers of a 16-year-old Long Beach girl were using carrier pigeons in their efforts to get a \$10,000 ransom.

The girl, Seraphina Favata, disappeared three weeks ago after an altercation with her parents. Soon her father, Anthony Favata, a real estate dealer, began getting letters signed "The Black Shirts" demanding money for his daughter's return. Finally he was instructed by mail to the \$10,000 to the legs of pigeons he would find in a designat-

THRONGS GREET GERMAN FLIERS IN NEW YORK

End Eight Day Trip From Germany by Landing An- cient Plane Near the Bat- tery—Reception Planned.

New York, Aug. 27.—(AP)—Like any ordinary mariner, Capt. Wolfgang von Gronau, skipper of the skies went down to the Customs House today to record the arrival in port of his flying Whale, in which he and five companions made an eight-day journey from Germany.

While the other three members of the crew enjoyed a late and leisurely breakfast in their hotel, von Gronau hailed a taxi and rode downtown with a friend, driving through crowds unaware of his identity.

When the Whale flying boat alighted between the Battery and the Statue of Liberty yesterday an immigration inspector went aboard from a police boat to ask the usual questions, but the customs formalities were postponed until today.

Before Capt. von Gronau left the hotel he received a telegram from the State Department at Washington, officially congratulating him and his companions on the "splendid flight" and safe arrival.

The mayor's committee was at work today on plans for a more formal city reception than was possible yesterday, when the fliers had small thought for anything but getting to its berth for a thorough overhauling of the old plane in which they had flown over Iceland, Greenland, Labrador and Nova Scotia on their way here from Germany.

HOW TO KNOW A DRY AGENT

Here's the sign that has been ordered for official cars of federal prohibition agents in order to protect innocent citizens against benefits who represent themselves as officers. Amos W. Woodcock, left, newly appointed prohibition director, is shown displaying the shield which will be flashed when his men stop suspicious looking automobiles on the road. At night the sign will be illuminated by flashlight.

EXONERATE BROOKS IN BOSTON TRAGEDY

Alarming Reports From Lima Reach His Bedside—Mar- tial Law Still in Force—No Guarantees Yet for Le- guia's Safety — Foreign Diplomats Protected.

Washington, Aug. 27.—(AP)—Captain Archie H. Brooks of the steamer Fairfax today was absolved by the Commerce Department of responsibility for the collision last June between his vessel and the tanker Finthis in Massachusetts Bay.

Dickerson N. Hoover, supervising inspector general of the Steamboat Inspection Service announced a thorough investigation at Boston and Norfolk had failed to establish evidence substantiating charges made against Captain Brooks. Forty-seven lives were lost in the disaster.

The Conclusions

Summarizing the conclusions reached from the investigations Hoover said:

"After examining thoroughly 24 witnesses this board failed to establish evidence substantiating any of the four charges, therefore, the accused master of the steamship Fairfax, Archie H. Brooks, is acquitted of the charges, and the case is closed."

The collision occurred on June 10 and resulted in an explosion on the four charges, therefore, the accused master of the steamship Fairfax, Archie H. Brooks, is acquitted of the charges, and the case is closed.

Captain Brooks was charged with making excessive speed during a fog, with unskillfulness and negligence.

Fire Controlled

The report said testimony had established the fire on the Fairfax was controlled immediately, and that a mottled fireboat was lowered and patrolled the vicinity with a spotlight for a space of two or more miles from the ship as soon as members of the crew were available for such duty. The patrol was continued three or four hours without locating any persons.

The report said that no passenger or member of the Fairfax officers or crew heard a whistle signal from the Finthis until after she was sunk, when she was hoisted and towed to the Peiping. The Fairfax was making about 3 knots per hour at the time.

"It was also established," it was added, "that the Fairfax penetrated the hull of the Finthis about four and one-half to five feet. Her cargo being liquid, the shell of the Finthis would offer the only resistance to the stem of the Fairfax, which has a displacement of about 6,000 tons; therefore the Fairfax could not have been going over 3 knots per hour, otherwise she would have penetrated the Finthis to a much greater distance."

Concerning the charge of unskillfulness, the report said evidence substantiating entries in the log that "on sighting the Finthis crossing from starboard to port, the master of the Fairfax ordered helm hard sport, which directs the vessel's bow starboard, and that the engine full speed in reverse, which while backing with a right hand propeller would naturally cut the ship's stern to port, causing the vessel to respond quicker to port helm."

"It is evident," the report added, "that the master executed any other maneuver than what he did both vessels would have been sunk and possibly all lives lost."

NEW ENGLAND MOTHERS START TRIP TO FRANCE

Gold Star Group to Visit Graves in War Zone; New Hampshire Sends the Largest Single Group.

New York, Aug. 27.—(AP)—Ten years ago this summer the parents of Lieut. Sydney Beauclerk, American aviator who was shot down behind the German lines just 13 days before the close of the World War, were preparing at their home in Concord, N. H., to make a pilgrimage to his grave in Romagne cemetery, France.

Today his mother, Mrs. Jennie Haywood Beauclerk a widow now prepared to board at last a steamer for France, with other New Hampshire mothers who are making the trip as guests of the United States government.

"From the day, after the Armistice, when we learned that he was dead—when I opened an envelope, and a photograph of his grave fell out, revealing to me that he had been killed before I read the letter from one of his friends—his father and I planned to go to his grave," she said today.

AIRPLANES BOMB FORBIDDEN CITY

Peiping, China, Aug. 27.—(AP)—Two Nationalist airplanes flying from Sinsuifu dropped six bombs in the Tartar city and the Forbidden City this morning. Only one bomb exploded, inside the Chienmen gate. No casualties resulted and there was no sign of panic among the Peiping inhabitants.

The raid was Peiping's first taste of civil war this year but was no new experience for the population, as Manchurian airplanes raided the city daily for a week during the spring of 1928, killing many civilians.

REACH NEW YORK

New York, Aug. 27.—(AP)—Nine days after their unheralded departure from Germany, Captain Wolfgang von Gronau and his three companions rested here today, having completed the fourth successful westward crossing of the North Atlantic by airplane.

They landed their Dornier-Wal flying boat off the battery wall at 2:45 p. m. (E. S. T.) yesterday, having made the last lap of their flight from Halifax in six hours. The flight fulfilled for Captain

GOEBEL SPEEDING TOWARD CHICAGO

Chicago, Aug. 27.—(AP)—The stunts, the thrills and the color of the National air races went on the air from the air today as Pilot William S. Brock, of Cincinnati, skimmed aloft with an announcer and the radio equipped ship in which he flew from Los Angeles in the men's non-stop derby yesterday.

Brock arrived a tentative third in the Derby, pending the flight of Art Goebel, the only remaining contestant, who started at 5:10 a. m. Pacific time, today.

Post First Now

Goebel must cross the finish line before 5:19:04 p. m., Chicago daylight time, to take the \$7,500 first prize from Wiley Post of Oklahoma City. Post made the flight in 9 hours, 9 minutes and 4 seconds.

This far, Eddie Schneider of Jersey City, N. J., is the youngest pilot at the field ready to take part in the meet. He is 18 years old and the holder of the junior records for trans-continental speed both east-west and west-east. This record formerly was held by Bruce Goldborough, who was injured fatally in a crash in the Vermont mountains a month ago.

The youthful pilot has entered himself in several low-power race events.

STILL NO CLUES OF MISSING BOY

Seventy-five New Haven Boy Scouts Join Search for Colebrook Child.

Colebrook, Aug. 27.—(AP)—A determined band of 300 men, women and children undeterred by the failure of three days searching, today set out in a desperate hunt for the wooded hillsides and watersheds of Litchfield county for a trace of Kenneth Swanson, two and a half year old Barre, Vermont boy who disappeared from the home of his grandparents here shortly after noon Sunday.

The searchers, led by State and Winsted police today were augmented by 75 New Haven Boy Scouts from the summer camp at Lake Umbagog. They arrived at the farmhouse early today in a motorbus and immediately took fields and woods.

While searchers are divided as to the cause of Kenneth's disappearance, some believing that the child merely wandered off into the woods and others that he had been kidnapped, all clung desperately to the hope that he was still alive.

Radio descriptions of the boy have been broadcast all over the state.

Cream Puff May Transform Grouch Into an Optimist

Hamilton, N. Y., Aug. 27.—(AP)—Here is unusual scientific news for those who enjoy eating.

Scientists at College University this fall are going to digress from the usual routine of finding out what is good for a person to eat and see if eating according to what a person likes.

Colgate will analyze the benefits of flavor, savorniness and eye filling appearance.

This work will be done in the Department of Psychology under the direction of Dr. Laird. The plans are announced in the Colgate Lab Log, which says:

"There has been a tendency in diet work for the past decade to treat man as a purely chemical machine working on calories, vitamins, minerals, carbohydrates, etc. Taste, odor and appearance of food have been largely neglected and it is these which will occupy most of our attention.

"Authorities recognize that the press of digestion is directly influ-

NOTED EDITOR ILL FROM POISONING

Lord Beaverbrook Stricken on Yacht—Most Powerful Politician in Britain.

Dover, England, Aug. 27.—(AP)—Lord Beaverbrook, proprietor of the London Daily Express and father of the Empire Free Trade movement, a dominating figure of British political antagonisms just now, was taken ill aboard his yacht today.

The yacht put in here where the publisher could receive treatment. He was said to be suffering from food poisoning. Dr. Wilson of London and Dr. Laird of Dover are in attendance.

Lord Beaverbrook has become almost overnight one of the most feared and picturesque figures of British politics. He has been engaged the past few months in a persistent and energetic campaign against the conservative organization headed by Stanley Baldwin because of its reluctance to come out for the imposition of food taxes as part of a plan for free trade within the British Empire and customs takes against the rest of the world.

He has been able to reach an immense audience with his propaganda through the huge circulation of the Daily Express, the Sunday Express, the Evening Standard, and a string of provincial papers, while his force of character and able personal intervention in the by-election campaigns have been no small factor in pushing his cause forward.

SOLITARY BLACK RIDES PULLMAN

Orders Coach for St. Louis Train, Gets in Saying He's The Porter and Off He Goes Free

Memphis, Tenn., Aug. 27.—(AP)—A negro who contrived to leave this land of "Jim Crow" cars in a Pullman all his own was sought today by municipal and railroad authorities.

A man impersonating the Pullman company's assistant superintendent in Memphis, called a railroad coach foreman by telephone and instructed him to attach an idle sleeping car to a train bound for St. Louis.

As the train departed, a negro granted access to the Pullman car by pretending to be a porter in charge of "dead head" to St. Louis. Once in, he was free to ride in luxury.

Railroad officials believe he is a former Pullman porter.

MYSTERY SHROUDS GANGSTER'S CASE

Police Can Find Neither "Legs" Diamond or Man Believed to be His Victim.

New York, Aug. 27.—(AP)—The deep mystery that still surrounds the slaying of Arnold Rothstein was wrapped today about the latest case involving the late gambler's bodyguard and lieutenant, Jack (Legs) Diamond.

Police still held three men and a woman prisoner. They still had in their possession the greatest gangland arsenal ever seized in New York but they had made no apparent progress in finding the body of Harry Western, Catskills roadhouse man, whose bloodstained car was found in the possession of a Diamond henchman. Nor had they established the whereabouts of Diamond himself.

Trailed Gangster

Last Sunday detectives seized the arsenal in a Brooklyn flat to which they trailed Harry Klein, Diamond body runner, and James Dalton, Diamond chauffeur. They arrested Klein, Dalton and Mr. and Mrs. Frederick Wither, under whose bed the guns and other underworld implements were found.

Klein told of driving a car from the Diamond estate at Acra, N. Y., here to dump it in the East river. When it was found by police it was discovered to belong to Western and it was learned that Western had disappeared from his roadhouse home between Kingston and Saugerties on Friday. Dalton said Diamond boarded the Baltic for Europe on Saturday, but there has been no verification of that.

So the case was all tangled up in mystery today, with both Diamond and Western missing and police not sure whether either was dead or alive.

CADETS IN PORT

New London, Aug. 27.—(AP)—The Coast Guard cutter Champlain arrived here today with a party of Coast Guard cadets from the scene of the mid-ocean adventure of the steamship Express.

The Express, bound from New York for Greece with cargo and a dozen or more passengers, lost a propeller in mid ocean. The cutter Champlain, having the cadets aboard for a training cruise, and the cutter Mendota went to the rescue and started to tow the disabled ship to New York. The cutters ran short of fuel. The Champlain turned over the tow to the Mendota and started for this port. The cadets will be put ashore, the Champlain will take on fuel and then hunt up the Mendota and the Express.

The Express is a Shipping Board vessel recently purchased by the Export Transportation Corporation of New York.

RECEIVERS APPOINTED

London, Aug. 27.—(AP)—Justice Humphreys today appointed a receiver and manager of the business of Lampont and Holt, shipowners, and one of the Royal Mail group of steamship companies.

The application was made on behalf of the London Maritime Investment Company as trustee for the debenture stockholders. The justice also granted the plaintiffs permission to borrow £50,000 to advance to the Lampont and Holt group.

FOUR FLIERS KILLED

Dijon, France, Aug. 27.—(AP)—A pilot, two non-commissioned officers and the wireless operator of a military airplane were killed early today when their machine crashed near Corcelles-Les-Monts, a few miles west of here.

Two other members of the crew saved their lives by jumping with parachutes. They escaped with slight injuries.

Last night while in defense maneuvers, six army fliers were killed when their machine crashed up at Chavannes, near Chartres.

DISCOVER COUPLE STABBED TO DEATH

Police Search for Youth Seen With Them Shortly Before Bodies Are Found.

San Diego, Cal., Aug. 27.—(AP)—The mysterious slaying on a beach near Ensenada, Mexico, of Francis Conlon, Monrovia, Cal., paint company manager, and Lois Marion Kettle, 23, his fiancée, occupied attention of Lower California and San Diego county authorities today.

A posse of Mexican police, border guards and San Diego police searched border hills for a youth seen with the couple shortly before they were found stabbed to death Monday.

A book and a telegram were clues investigated by authorities. The book, lying near Miss Kettle's body, had been taken from the Los Angeles library by Charles A. Parker, invalid brother-in-law of the girl.

The Telegram

The telegram received by Conlon Saturday saying "Everything is all right. Meet me, John," was sent by John de Wilde, operator of an Avocado ranch near Vista, authorities said.

Officers said de Wilde explained the telegram was in answer to an invitation to accompany Conlon and Miss Kettle to Tibjuna. Deputy Sheriff O. C. Macomber and de Wilde said Conlon arrived at a hotel at Vista, stayed there Sunday. After a trip to Tibjuna de Wilde said, Conlon and Miss Kettle left him and his wife four miles north of the Mexican town saying they were going on to Mount Lowe, near Pasadena.

Signed Register

S. E. Reachi, personal representative of Governor Joseph Maria Tapia, said immigration office records showed Miss Kettle signed the register Sunday morning at 9 a. m., as Francis and Lois Conlon. At 3 p. m., Reachi said informants told him, the couple pitched a tent on the beach near Ensenada.

Conlon's parents were the late Mr. and Mrs. Thomas Conlon of Worcester, Mass. Miss Kettle was a student in the University of California and for two years was president of the University's chapter of Phi Mu sorority.

RUSSIA HAS 500,000 IDLE

Moscow, Aug. 27.—(AP)—Official figures issued today gave the approximate total of unemployed in Soviet Russia as 500,000.

The government explained that some of these are itinerant workers who refused to remain permanently employed in one place and that the remainder are youths.

The shortage of skilled labor apparently is growing. In some districts it is impossible to find even unskilled workers.

TREASURY BALANCE

Washington, Aug. 27.—(AP)—Treasury receipts for August 26 were \$6,867,999.76; expenditures, \$2,389,189.91; balance, \$114,451,787.46.

PRITCHARD LEADING 15 MILE MARATHON

Buffalo Swimmer 250 Yards Ahead at End of First Five Miles of Swim.

Toronto, Ont., Aug. 27.—(AP)—With about one third of the 15-mile marathon completed in the Canadian National exhibition marathon swim today, Frank Pritchard, of Buffalo, N. Y., was out in front of a large field by 250 yards. His nearest competitor was the youthful Isador Sponder, of Port Colborne, Ont., who was trailing at a remarkably fast clip in an effort to cut down the Buffalo man's lead.

PRITCHARD IN LEAD

Toronto, Aug. 27.—(AP)—Frank Pritchard of Buffalo led the field in the Canadian national exhibition swimming marathon an hour after the 173 contestants began the 15-mile grind through the waters of Lake Ontario today. THROGS GREET GERMAN FLIERS IN NEW YORK

(Continued from Page One.)

From Gronau, crisp spoken veteran of the German Imperial Navy flying service, an old dream, and gained him the distinction of being the first person to land a trans-Atlantic plane in New York harbor.

Added glamor was given the flight by the fact that it was made in an old reconnoitered ship, used by Amundsen in Arctic exploration and by Captain Frank Courtine in a futile attempt to span the Atlantic.

It was estimated the fliers covered about 4,000 nautical miles in a flying time of 47 hours. En route they stopped in Iceland, Greenland, Labrador and Nova Scotia.

A shout from 5,000 throats heralded the plane's arrival here. It headed across the southern tip of Manhattan Island, circled the Statue of Liberty in salute and then came down, landing gracefully about fifty yards from the aquarium.

Miss Margery Akrigg of 124 Pearl street and Miss Ann Fody of Hartford, who have been spending their vacation in Vermont, have returned home.

BRIDGEPORT BURGLARS STEAL 400 POUND SAFE

Bridgeport, Aug. 27.—(AP)—Forcing their way through two floors into the office of the Coca Cola Bottling Company at 886 Knowlton street about 4 o'clock this morning, burglars rolled a 400 pound safe containing Tuesday's receipts estimated at about \$450, out into the street, placed it in a stolen sedan and drove away with it.

CONFESS THEY ROBBED 60 PERSONS IN STATE

New Haven, Aug. 27.—(AP)—Two New Haven youths said by police to be responsible for a series of robberies in New Haven, Milford, Wallingford and Branford, today were being held on police headquarters here under \$10,000 bonds each.

HOME IS BOMBED

Rochester, N. Y., Aug. 27.—(AP)—An unanswered demand for \$20,000 blackmail was met early today by the bombing of the home of Salvatore Psalis, retired real estate operator.

CADDIES FOR BIG GOLF SHOTS PICKED BY LOT

Fred England and Elmer Hultin Win Coveted Glory in Friday's Exhibition.

The thrill of a lifetime is in store for two Manchester boys Friday afternoon when they will have the rare honor of totting the golf bags of Horton Smith and Johnny Farrell, two of the most famous professional players in the United States, over the Manchester Country Club course where Smith and Farrell stage an 18 hole exhibition with Bobby Grant and Charley Clare, two crack amateurs of this state.

The boys who were lucky in a drawing of names from a hat this morning are Fred England of Eldridge street and Elmer Hultin of Hackmatack street Hultin will have the honor of caddying for the great stylist from Joplin, Mo., Horton Smith, who has finished third in two major tournaments here and in England this year, while England will carry the clubs for Farrell. Harold Civello of South Main street, was also fortunate in the drawing and he will caddy for Grant in the event that the latter does not bring his own club toter.

A daughter was born to Mr. and Mrs. Armand Huby of 715 North Main street, Monday, August 18.

OBITUARY

DEATHS

Robert Lacy died last night at the home of his daughter, Mrs. Louise Cross of Bolton Notch. Mr. Lacy, who was 64 years old, had been ill some time with a complication of illia. He was a carpenter by trade. Besides Mrs. Cross he leaves another daughter and two sons, Mrs. Nettie Johnson of Boston, Robert Lacy, Jr., of Redbank, N. J., and L. S. Lacy of Farmington, Va.

ABOUT TOWN

Union street is to lose one of its big elm trees, one standing at the east side near North Main street. The tree last week seriously weakened and in order to prevent it from falling at once the park department workers have trimmed out some of the heavy limbs. Eventually it will be removed.

The Lithuanian Sons and Daughters societies will hold a picnic on Sunday at Rudolph's Pine Tree Inn and Grove, formerly known as Gilman's Pines on Tolland Turnpike. It will close the activities of the societies for the summer. There will be a dinner, entertainment and dancing.

A Massachusetts sedan owned by a jewelry salesman and a sedan owned by a South Manchester woman which had been parked against the curb in front of the State Theater building, became entangled when both started to back out at the same time.

Unexcused renovation has had to be done also at the Hollister street school where the ceiling of the assembly hall was found to be in an unsafe condition. The plastering has been taken down and the room ceiling in soft pine paneling.

The grounds at this building have been graded during the summer. The Hollister street school work will be completed tomorrow, it is expected.

Edwin Olson, Upsala College student, who has been acting pastor of the Swedish Lutheran church during the summer, will preach both two more sermons in the local pulpits before returning to his studies at the university. He will preach in English at each of the services, next Sunday and the following Sunday.

An eight-pound daughter was born this morning to Mr. and Mrs. Joseph Barrett of 8 Keeney street.

Music lovers in Manchester and vicinity are reminded of the musical and social tomorrow afternoon at 4 o'clock at the home of Mr. and Mrs. Alexander Buncie on the north shore of Bolton lake. The affair is for the benefit of the church and library in that section.

Mr. and Mrs. A. L. Crowell of Highland Park are spending a week at the Lake Placid Club.

A miscellaneous shower was given to Miss Abbie Ambrose last night in honor of her forthcoming marriage next month. Many of her girl friends were present. Refreshments were served and games played and the gifts were many. The party was at Miss Ambrose's home on 16 Columbus street.

Middletown, Aug. 27.—(AP)—Mayor Frederick J. Blenheim in a letter today from Sanford H. Wadham, director of the state water commission was directed to submit a survey for a sewage disposal plant on the Connecticut River here by January 1, 1931.

It was estimated here that a sewage disposal plant would cost \$1,250,000. Mr. Wadham's order was seen as the first step to rid the Connecticut River of pollution.

New Britain, Aug. 27.—(AP)—Among the Gold Star mothers due to sail from New York today to visit the graves of their sons in France, is Mrs. E. M. Gaudette of this city, who received a Distinguished Service medal which was posthumously conferred on her son, Corp. George J. Gaudette last June. The presentation was made in this city by Major General Clarence R. Edwards, retired, wartime commander of the 26th (Yankee) Division. Corporal Gaudette a member of Company E 102d Regiment, was killed on the day he was signing of the Armistice while carrying a message from his company, which had been cut off, to regimental headquarters.

Two other Gold Star mothers from this city are making the pilgrimage to France. They are Mrs. Daisy B. Proctor and Mrs. Gracie Campanelli.

NORTH END TO HAVE 2 OPEN-AIR CONCERTS

Scene of Band Music Programs for Rest of Season to be Depot Square.

The final two band concerts in the series sponsored by the Chamber of Commerce will be given at the north end, it was announced last night by George H. Waddell, chairman of the music committee. The first will be on Friday evening, September 5, and the second on the following Friday.

The portable band stand will be erected in the west park at Depot Square. Permission has been granted by the Board of Police Commissioners to rope off the road near the railroad station, allowing traffic to pass only through the main artery.

With camp two weeks in the past, there are several things that happened at Devens that have not been fully cleared up. For instance, First Sgt. Gustafson would like to know who the birds were that played barn yard golf after taps. He would also like to know if the safe that was being moved nightly in the sleeping quarters ever was located permanently. Then there was the continuous procession of fire pails, and Cpl. Eber's credited job as barracks lookout. These incidents, and others will no doubt remain mysteries of the season of 1930.

CANT FINISH REPAIRS BEFORE SCHOOL OPENS

Union Building Renovation Not Quite Completed; Hollister Street Changes.

Sessions will have to be resumed at the Union school of the Eighth District on North School street without the benefit of completed renovation of the building. The last of the appropriations for the work was responsible for a belated start but the contractors had hoped by extra effort to get the various jobs completed. One of the immediate causes of delay was the refusal of the Board of Health to sanction the piping in the kitchen and the shipment of sanitary arrangements. This necessitated more work as well as more material than had been figured on. The work is well along but for a short time the old facilities will have to be used.

Unexcused renovation has had to be done also at the Hollister street school where the ceiling of the assembly hall was found to be in an unsafe condition. The plastering has been taken down and the room ceiling in soft pine paneling.

The grounds at this building have been graded during the summer. The Hollister street school work will be completed tomorrow, it is expected.

Advance Guards Thrusts and Counters Interest to Local Soldiers

The commanding officers of G and the Howitzer company have offered a silver cup to be awarded the winner of the pistol marksmanship contest which will be run off soon. The winner is to have permanent possession.

The Howitzer company and Co. G are to conduct attendance competitions by squads, prizes to go to the winner in each squad over a four months period. Officers of the Howitzer and Co. G are contributing the prizes.

The Howitzer company has a waiting list of several men. They will be signed up as vacancies occur.

Corporal Joseph Wright of the Howitzer company, who has entered the employ of a chain store in Suffield, has been discharged from the company as a non-resident.

With camp two weeks in the past, there are several things that happened at Devens that have not been fully cleared up. For instance, First Sgt. Gustafson would like to know who the birds were that played barn yard golf after taps. He would also like to know if the safe that was being moved nightly in the sleeping quarters ever was located permanently. Then there was the continuous procession of fire pails, and Cpl. Eber's credited job as barracks lookout. These incidents, and others will no doubt remain mysteries of the season of 1930.

Joseph Fatscher, former Howitzer company mechanic, has been promoted to Supply Sergeant, vice Sergeant Phaneuf.

The regular monthly meeting of the Howitzer company will be held in the company rooms next Tuesday night. Refreshments will be served by a committee, consisting of Mess Sergeant McCann, Supply Sgt. Fatscher, First Cook Moriarty and Private 1st Class Minor.

There will be no non-school next Monday on account of Labor Day. No drill for G Co. on Labor Day. Last Sunday's non-school was the best attended to date. Even the privates are attending.

Corporal Skoop's cold, contracted at Camp Devens, is improving.

Corporal Hentschel is to be married Saturday. The entire company from the Captain down wish you all the success in the world, Walter.

Captain Sargent, U. S. A., instructor in marksmanship, will examine the boys of G Co. on Sept. 8. This will be the final examination before going on the range Sept. 13 if arrangements can be made for that date.

Plans are now being made for the refurbishing and redecorating of Co. G's rooms in the armory. Paint has been secured, also draperies for the windows, and prices have been obtained for pool table cloth and new cups. Plans for visitors' night will be made when the improvements are complete.

Both the Howitzer Co., and Co. G are to conduct attendance contests, beginning early in September, the winner to be given a supper at the end of the four-months' period.

GIRL HERE AIDS IN PLACING DEAD MAN

Miss Beer's Address Book Locates Home of Victim of New Jersey Drowning.

A young Manchester High school graduate, Miss Evelyn Beer, daughter of Mr. and Mrs. George Beer of Highland Park, today was a figure in locating the parents of a Terry Martin of Washington, D. C., who was drowned at Asbury Park, New Jersey, Monday.

A postcard came to the Beer home this morning from the Columbia Hotel in Asbury Park addressed to Miss Beer, stating that "Terry Martin was drowned here yesterday. Would you like to locate his parents. Can you help us?" Miss Beer, however, was at Bay Path Institute in Springfield where she started the fall term yesterday. Her parents knew no such person as Terry Martin and efforts to learn of his identity through friends of Evelyn were fruitless.

Local Tragedy Feared
It was feared that perhaps the Martin in question was a Manchester man and The Herald was notified. Talking by phone with Miss Beer at Bay Path Institute, The Herald learned that Martin in question was a young man she met while in Washington last April with the Manchester High School Senior party. It appears that they had corresponded afterward and when Martin was found drowned, a letter from Miss Beer or her address was found, but no clue to his home. So the hotel officials wrote to Miss Beer.

Martin's address was found in an address book at the Beer home this morning to be 1822 Vernon street, Washington, D. C., and was wired to the Columbia Hotel by The Herald.

THOUGHT BLACK'S BODY
New York, Aug. 27.—(AP)—A body found by the United States Coast Guard off Long Branch, N. J., was identified today as that of Terry Martin, 22, of Washington, dissipating reports that it might be that of Van Lear Black, missing Baltimore publisher.

Martin was drowned on August 25, and the finding of his body had led to the circulation of rumors in the vicinity that Coast Guardsmen had recovered the body of Mr. Black, who fell from his yacht into the sea a week ago, off the New Jersey coast, and was lost.

The Ladies Missionary society of the Swedish Lutheran church will have a meeting tomorrow at 2:30 at the home of Mrs. P. J. O. Cornell. It is hoped that many of the ladies will find it convenient to attend.

FAMOUS COMEDY PAIR IN STATE'S FEATURE

'Caught Short' Shows Marie Dressler and Polly Moran at Their Very Best.

Marie Dressler and Polly Moran, the funniest male or female comedy team on the motion picture screen today, will be seen in their first starring picture, "Caught Short" at the State today and Thursday. The two funmakers have "stolen" so many pictures from the stars they were appearing with, that popular demand has been met and they are now seen in their own starring production. "Caught Short" is one long laugh from start to finish. The situations are uproariously funny, particularly in the early sequences of the picture in which Miss Dressler and Miss Moran are seen in their boarding house activities and again later when with the sudden acquisition of wealth they attempt to play the "grand ladies." The climax of the story gives the pair an opportunity for snatching another of their well known drunken scenes, the occasion being consolation for their losses in the stock market. Anita Page, Charles Morton, Eddie Dillon, Herbert Prior and T. Roy Barnes are cast in the principal supporting roles.

Tonight brings another of the popular Merchants Nights. A large number of valuable gifts, including a floor lamp, bathrobe, a pair of shoes, glassware, electric toaster, electric hatbox, congo drum, tennis racket, case and balls, table, ladies dress and automobile accessories will be presented to the holders of lucky numbers. Many excellent prizes have been presented on previous nights, but it is doubtful if prizes of equal value have been given away on any of the other Merchants Nights. These nights are made possible through the co-operation of ten of the city's leading merchants.

A well-children's conference will be held tomorrow at the Memorial hospital annex at 3 o'clock.

Principal Wilcox will be in the office of the Connecticut Business College, Old Fellows Block to meet parents every day and evening this week.

ABOUT TOWN

Mr. and Mrs. James Munsie of Center street, John T. Munsie, Mrs. James Munsie Jr. of Russell street and her mother, Mrs. William McCabe, are at Old Orchard, Maine, for two weeks.

James Tatum of Putnam, owner of the City Taxi company of Manchester, has replaced his Ford Taxicabs with sedans manufactured by the DeSoto Motor Car company. He has removed all of his Ford cars from Manchester and has in use one of the sedan models. It is his intention to add another similar car to the service here and believes that the improved car that will be in use will increase the business.

HERE'S CHANCE TO SEE REAL SEA-GOING WHALE

Pacific Ocean Monster on Exhibition Near the Bridge, Hartford—72 Footer.

The people of Manchester, now have the opportunity of trying to figure out for themselves, some facts about the whale. The whale is the only animal that science cannot 'figure out' and is the largest animal that the world has ever known—but his habits are and always have been, his own secret.

We know that he once lived on land. Science tells us that when he lived on land he was no bigger than your hand. About a million years ago someone must have told him that by "Taking to the Sea" he would become the largest inhabitant. This he has accomplished, but every whale still has rudimentary thigh bones, showing where his hind legs once were, before evolution wiped them out, and some have traces of what was once hair.

The attractive exhibit now at Morgan street near the bridge, Hartford, on a glass-enclosed steel railroad car, valued at \$50,000 by the Pacific Whaling Co., of Long Beach, California, gives plenty of food for thought about this strange mammal.

Captain Barney H. Kern and his two mates "Sherm" and "Sooty" of the whaler "Hawk" captured the 72 foot monster "Goliath," as he has been christened, some months ago off San Clemente island in the Pacific and accompany him on his trans-continental tour.

Whales make really excellent food, but the irregular supply prevents the widespread use of whale meat although occasionally it is to be found in New England restaurants, while one can often buy it canned. In flavor it strongly resembles beef.

The whale will remain in Hartford until after Labor Day.

NORTH END MAN IS REPORTED MISSING

Charles Navikas Fails to Return After Starting to Visit Hartford Bank.

Charles Navikas, 45, who lives in a house facing on Allen place at the North End, has been reported to the police as missing. He left his home yesterday morning after receiving his pay from the Hartman Tobacco Corporation, in Buckland, and started for Hartford, so he told his wife, to make arrangements with the Hartford bank to send money to relatives in Poland. He did not return last night nor was he at home this morning. In an effort to find and locate his friends of the missing man got in touch with the banker whom he was to visit yesterday and learned that he had not been there. The Hartford police said they had no such person in charge.

QUARRVILLE LADIES PLAN SALAD SUPPER

The Ladies Aid society of the Quarrville church, which is situated near Bolton Lake, will serve a combination salad supper at the church Friday evening of this week, beginning at 6 o'clock. Daylight time. The society has on several different occasions this summer served meals in the church, or outdoors when the weather permitted, and they have attracted many of the summer people at the lake and elsewhere.

Something in the way of informal entertainment will be provided, probably impersonations by Mrs. Ethel Yates and instrumental music. As the advertisement elsewhere in the Herald shows, the price is so moderate that whole families can motor out there for supper and spend the evening at the lake or in the Bolton hills.

Berlin, Aug. 27.—(AP)—A phonograph record of the voice of the late Count Ferdinand von Zeppelin, the existence of which was unsuspected, has been discovered accidentally among a lot of old junk by a local phonograph company.

A primitive wax cylinder of the vintage of 1908, still in good working order, is believed to hold the sole record of the famous aeronaut's voice. It reproduces his "appeal to the German people" testifying his faith in the type of dirigible airship made for him, after one had been wrecked at Eckterdingen.

DAWES IS INSPECTING PREHISTORIC DRAWINGS

Santander, Spain, Aug. 27.—(AP)—Europe's oldest art gallery—the art gallery of the Prado museum—made by pre-historic man probably more than 10,000 years ago on the walls of the Altamira caves near here—were ready for inspection of Charles G. Dawes, United States ambassador to Britain, upon his arrival on an archaeological mission today.

General Dawes will have an excellent opportunity to study the ways of Spain's neolithic inhabitants. The Duke of Alba, one of the foremost patrons of research into the riddles left by ancient man all over this country, expects personally to accompany the distinguished American to the famous caves considered by scientists to be of surpassing importance in the study of man's evolution.

General Dawes and Dr. George Grant MacCurdy, director of the American School Prehistoric Museum, will go to the southwestern part of Spain to see other stone age remains at Niebla and the Rio Tinto mines.

TONG MEN THREATENED

New York, Aug. 27.—(AP)—Failure of warring Chinese Tong in New York to agree to end their numerous strife brought a recommendation today from Police Commissioner Mulrooney to the Federal attorney that all Chinese found in the city illegally be rounded up and deported.

Tong leaders had been given until last night to adjust their differences, after a fresh outbreak ten days ago of Tong warfare.

The police commissioner suggested that the two district attorneys—county and Federal—confer with immigration officials in an effort to end by deportation the Tong troubles with which Chinese leaders apparently have been unable to cope.

Several years ago a bitter Tong war was terminated when authorities raided Chinatown, forced Chinese to show their legal right to be in the United States, and deported many illegal entrants.

TAXES RETURNED

Washington, Aug. 27.—(AP)—Three tax returns totaling over \$500,000 have been reported by the Internal Revenue Bureau to the Congressional joint committee which deals with such taxation problems. All were necessitated by over-assessments made over eight years ago.

The amounts were made public through the office of Representative Garner of Texas as follows: To the Union Cotton Manufacturing Company, Fall River, Mass., \$227,535; to the Crescent News and Hotel Co., Nashville, Tenn., \$161,741; to the Utah-Idaho Sugar Co., Salt Lake City, \$161,100.

BACKS OIL LAW

Fairfield, Aug. 27.—(AP)—Senator A. E. Lavery, who was Senate chairman of the committee on motor vehicles at the last legislative session, today commenting on the court decision which declared void a state law requiring uniform specifications on motor lubricating oil said he held opinion a law can be framed which will protect motorists against inferior grades of oil sold as good quality oil.

FIRE IN PLAINFIELD

Plainfield, Aug. 27.—(AP)—Fire today destroyed a barn, garage and several other buildings on the farm of George Pember, with damage estimated at between \$15,000 and \$20,000.

Volunteer fire departments from neighboring towns battled the blaze for hours but it had gained such headway before they arrived that efforts were concentrated on saving nearby buildings.

DAWES IN SPAIN FORGETS POLITICS

Visits Famous Caverns to Look at Pictures Made by People of the Stone Age.

Santander, Spain, Aug. 27.—(AP)—Charles Gates Dawes, American statesman and financier, left today the cares of his portfolio as Ambassador to the Court of St. James and devoted his 65th birthday to the enjoyment of informal research into the strange doings of men who inhabited this region from 10,000 to 20,000 years ago.

That the ambassador's conversations with the Duke of Alba, Spanish foreign minister, touched also upon some present day matters having equally interesting aspects, and including current affairs not only of Spain but the whole world, was accepted in political and business circles.

The meeting of these two diplomats, who have archaeology as their common hobby, was entirely unofficial, nevertheless, and declared to be without one single feature of political significance.

Smiles Over Reports General Dawes smiled when told of reports current in Spain that he might be here for the purpose of evolving a "Dawes Plan" whose aim would be the betterment of the depressed peseta exchange and the general low state of business. Mr. Dawes emphasized that he came to Spain to see some of its many prehistoric places and relics and that the Duke of Alba was extending every facility to that end.

The famous Dawes underlung pipe puffed its way through the Altamira caves near Santander, where prehistoric man painted the walls between hunting trips, vast ages ago when all of present Europe as far as Spain was in the grip of Arctic glaciers, and where rhinoceri, bison and reindeer, with other curious beasts, roamed the countryside.

Plans No Expedition The ambassador is attempting no new discoveries or explorations on his own hook on this particular trip. Although he has hitherto financed various investigations and other kinds of prehistoric research this journey is solely for the purpose of seeing and studying some of the many discoveries already made by other investigators.

This forenoon the general visited the museum and inspected prehistoric paintings. He manifested a close interest in the notable collection of carved bone and horn, fashioned by Stone Age man.

The visit to the Altamira caves and the nearby museum came later. There he saw some especially rare pieces of carved deer horn which are believed to have been used by early ages of man as symbols of authority, similar in usage to a more modern king's scepter.

The ambassador will leave Santander tonight for Madrid where he will visit the museums and hold conferences with noted archaeologists.

SHIPPING MAN DIES

Deep Brook, Digby County, N. S., Aug. 27.—(AP)—Edward P. Morse, who rose from shipsmith to head of a \$20,000,000 drydock firm in New York, died suddenly yesterday while supervising construction of his new home here. He was 72 years old.

At the time of his death Mr. Morse was chairman of the board of United Drydock Co., New York, which was formed about 18 months ago by a merger of his Morse Drydock and Repair Co., with five other New York companies. He started his career at Yarmouth, N. S., as a forge man in the repairing of sailing vessels.

BEING TOWED TO PORT

Boston, Aug. 27.—(AP)—Captain William Munter of the U. S. Coast Guard announced today that the S. S. Express, disabled in last week's storm while bound from New York to Mediterranean ports was being towed to port by the cutter Mendola and was 33 miles off the Georges Banks.

Every effort is being made, it was stated, to bring the vessel to port with all speed, since radio reports indicate a hurricane off Bermuda traveling north along the coast.

HENRY SIEGEL IS DEAD; ONCE MERCHANT PRINCE

Once Controlled Some of the Largest Department Stores in U. S., Dies Penniless.

Lakewood, N. J., Aug. 27.—(AP)—Henry Siegel, one time merchant prince of New York and Chicago, died in comparative obscurity here on Monday. He was more than 70 years old.

Once a financial leader, business reverses in 1914 left him almost penniless. As president of Siegel Stores Corporation, he once controlled Siegel, Cooper and Co., in Chicago; the big store, the Fourteenth Street store, the Simpson-Crawford Company in New York and the New Siegel and Co., Boston.

His reverses began when his bank, Siegel and Co., which had made loans to the stores from the depositors' money went into receivership.

Six years ago he tried to recoup his fortunes by opening a small haberdashery in Hackensack, N. J., but illness made him give up the effort.

Two titled daughters, Lady Cavendish of London and Countess Carlo Dentice De Frasso survive.

SCHOONER ADRIFT

Atlantic City, N. J., Aug. 27.—(AP)—Three sailors handed exhausted on the beach this morning in quest of aid for a disabled schooner, which they said they left adrift 16 miles out at sea yesterday with four other men aboard.

The three rowed 16 hours in a dory. When they came in sight of land it capsized and they were forced to swim two hours and a half to reach shore, they said.

Coast Guards immediately set out in search of the schooner.

The three sailors, all of Halifax, N. S., were detained by police pending the return of the Coast Guards expected some time late this afternoon. Warm food and dry clothing were given them.

KILL RIOTING NEGRO

Baton Rouge, La., Aug. 27.—(AP) Quiet prevailed today in the Louisiana prison, after the killing of Curtis Blackwell, 18, negro prisoner in a riot precipitated by more than 25 convicts who refused to work on a private rice farm and barricaded themselves in a temporary wooden cell house.

Guards climbed to an adjoining roof and gained admittance to the cell house by breaking in through a vent opening. The convicts within hurled missiles and the guards opened fire.

Blackwell was fatally wounded, a coroner's report said, by John Stovall negro trusty guard, serving a life sentence for murder.

KILLED BY ELEVATOR

New York, Aug. 27.—(AP)—An elevator in the Hotel Gotham, in Fifth avenue, ran wild today, causing a foot and killing a man.

Andrew Dublin, an assistant engineer, was repairing the car at the street level when it started upward suddenly then dropped to the bottom of the shaft, then shot to the top, crashing into a water tank on the roof. Water poured into the lobby and cellar. Dublin's body was found at the bottom of the shaft half submerged.

LAWYERS SEE HOOVER

Washington, Aug. 27.—(AP)—Several hundred representatives of the bar and bench of England, France, Scotland and Ireland, today found a full program of entertainment prepared by highest American officials and diplomats.

The party, guests of the American Bar Association at its recent convention, were invited to be guests of President and Mrs. Hoover at a garden party after luncheon, and attend a dinner sponsored by Secretary Stimson.

ELEVATOR DROPS

New York, Aug. 27.—(AP)—Four girl passengers and a 75 year old elevator operator were injured this morning when the cable of the car in which they were ascending at 482 Broadway snapped and dropped the car three stories to the basement.

John Helmus, the operator, was taken to a hospital with internal injuries, the girls had bruises and sprains.

HARTFORD CO. IDLE PLACED AT 10,373

Second in List of Counties in State — Total Unemployment Figured at 32,192.

Washington, Aug. 27.—(AP)—Unemployment in Connecticut based on census figures recently taken were made public by the Department of Commerce today and while they are classed as preliminary, they are the most accurate to date.

The explanatory comment is that figures represent persons usually working at a gainful occupation who were reported on the unemployment schedule as without a job, able to work and looking for a job. The census started April 2 and was finished in some districts in a month but in others was extended into May.

STORM NEAR BERMUDA IS NOT ON WAY HERE

Washington, Aug. 27.—(AP)—The Weather Bureau said today the disturbance now centered northwest of Bermuda was not expected to strike the New England coast, but in all probability would veer to the east before reaching the mainland.

A warning last night suggested caution to vessels off the New England coast. The Bureau said no action was taken on creation of an issue of \$800,000 in debentures, of which \$300,000 7 per cent initial series was to be issued presently.

TO CLOSE LABOR DAY

Hartford, Aug. 27.—(AP)—General and uniform observance of Labor Day by closing of banks, stores, offices and industries is indicated by a survey made by the State Chamber of Commerce. However, closing on this Saturday will be general, although most industries will close.

AUTO DROPS 175 FEET; PASSENGERS NOT HURT

Quebec, Aug. 27.—(AP)—Four tourists from New York City fell in their automobile down a 175-foot gorge into the Saguenay Cartier river yesterday and escaped alive and without a scratch.

Rolling along the highway from Dolanville toward Quebec, Mr. and Mrs. Frederick Kuck and Mr. and Mrs. Albert Packer, all of New York, found their motor car confronting another, driven by Arthur Lanier of Montreal, as they rounded a sharp curve.

Kuck, who was driving, gave his wheel a sharp twist and the car bounded through the road railing and hurtled downward into the river. It turned turtle in the water and landed with its top squarely on the bottom of the stream.

The four passengers scrambled out, swam ashore, and were taken to the St. Sacrament hospital here, where doctors could find no ill effects from the accident except a severe shaking.

STOCKHOLDERS OF THE INDIAN MOTORCYCLE CO. HAVE APPROVED THE ISSUANCE OF 40,000 COMMON SHARES TO E. PAUL DUPONT, PRESIDENT, OR HIS NOMINEE, AGAINST THE SURRENDER AND CANCELLATION OF FOUR OUTSTANDING PROMISSORY NOTES, DATED APRIL 12, 1930 AND TOTALING \$500,000.

No action was taken on creation of an issue of \$800,000 in debentures, of which \$300,000 7 per cent initial series was to be issued presently.

Wall Street Briefs

New York, Aug. 27.—Contracts awarded for new construction in the 37 states east of the Rocky Mountains during the week ended Aug. 22 totaled \$106,519,800, F. S. Dodge Corp. reports. This brought the August total to that date with \$278,851,600, a daily rate of \$34,717,000, compared with a daily rate of \$4,135,700 in July and \$18,803,200 for August last year. New construction undertaken in the territory since January 1 totaled \$3,285,283,800, compared with \$4,034,801,800 for the corresponding period last year.

Iron ore shipments from Lake Erie docks to interior furnaces during the first 24 days of August totaled 2,774,881 tons, compared with \$3,887,217 tons in the corresponding period last year.

Stockholders of the Indian Motorcycle Co. have approved the issuance of 40,000 common shares to E. Paul Dupont, president, or his nominee, against the surrender and cancellation of four outstanding promissory notes, dated April 12, 1930 and totaling \$500,000.

No action was taken on creation of an issue of \$800,000 in debentures, of which \$300,000 7 per cent initial series was to be issued presently.

Pure Oil Co. will unite with the Hookek Oil Corp. of Toledo in erecting a \$5,000,000 refinery there and development for marine facilities to care for a fleet of tankers, A. S. Hickok, president, said.

Chef Otto Manz outdid himself in his menus.

MUSICIANS' QUARREL MAY CLOSE THEATER

New Haven, Aug. 27.—(AP)—The possibility that New Haven might be without a legitimate theater this season was seen today in the announcement by Shubert Theater officials that due to inability to agree with musicians on salary terms, Lew Leslie's "Blackbirds," scheduled to open here September 1, had been cancelled and arrangements for later productions were being held up.

The musicians have refused to accept the terms under which they worked last season, it was said, demanding higher salaries and payment for weeks when the theater was dark. The condition is similar to that in Hartford where the musicians' union and the management of Parsons Theater have failed to agree on a contract for the season.

Manager E. David Eldridge of the Shubert Theater said the demands of the musicians' union imposed "impossible conditions" and said further that no additional attempts would be made by the theater management to effect a settlement.

THROWN IN WHEEL KILLED INSTANTLY

Belt on Wood Cutting Machine Breaks and Winds Around Young Man. Wallingford, Aug. 27.—(AP)—Harry B. Leete, 24, son of George H. Leete, East Wallingford farmer, was almost instantly killed when thrown into the flywheel of a wood cutting machine on the farm of his father yesterday.

Three other members of the rumrunner's crew were captured and questioned at Fort Adams hospital, the wounded man remained silent. It was believed by the Coast Guard officers, however, that the 'speedy craft' is owned by a Fall River man.

The 'Mardelle' is a mahogany cruiser, powered by three Liberty motors and is one of the most elaborately fitted rum-runners ever captured in this vicinity.

Betty Nuthall, England, and Helen Marlow, Calif., defeated Polly and Joan Palfrey, both of Brookline 6-1, 6-1.

WOMEN IN INDIA HANDICAP NATION

Improvement Can Only Come From Within, Says Lord Meston, at Institute.

Wilmington, Mass., Aug. 27.—(AP)—The lot of suffering womanhood will long deter India from entering the front rank of nations, Lord Meston, former lieutenant governor of the United Provinces of India, declared at the Institute of Politics today.

Improvement of the position of women can come only from within, he said, speaking before members of the General Conference on India Nationalism. He expressed fear that improvements will be slow and bitingly opposed to outside help and constant pressure of outside help and outside opinion would be necessary.

The handicaps of co-operation between Great Britain and India toward progress of humanity in India, he said, lie in four great evils—climate, wide-spread poverty, racial tension and caste. He termed the caste system the worst of all evils and said it is one which "only the nation itself can ameliorate."

In the field of education, he said, the leaders of Indian thought have evinced a definite zeal for reform in the social services, but "here also there is an enormous leeway to make up and much expert guidance and help will be necessary in the wise handling of all the national humanitarian services."

Regarding "racial tension" mentioned by Lord Meston, Syud Hossain, editor of the New Orient of New York and representative of the Indian people at the Near Eastern Peace Conference in London in 1929, declared the presence of the British in India was "constant invitation to Great Britain's 'self-assumed role of God's policeman,'" he said, "invariably aggravated the situation rather than relieved it."

In speaking of caste and women's education, he said India, like every other country, has its internal social problems which "her own sons and daughters must work out." It is not for "a handful of foreigners from a distance of 7,000 miles to come and teach the fellow countrymen of Gandhi and Tagore their business regarding domestic economy and social welfare," he said.

Economically, physically, educationally and morally, he said, "the people of India have suffered dire and, in some respects, irreparable national injury. All the enlightened and disinterested leaders of the people, whether Hindus or Mohammedans, Sikhs, Christians, or Parsees, were all agreed that a regime that had proved itself so rapacious and inept must be ended if it could not be mended."

To Attend National Convention Plans are being made in this city by Stanley Dobos Post, American Legion, to attend the National Convention to be held in Boston in October, and the past week a letter has been received by Commander William C. Pfunder from the New York, New Haven and Hartford Railroad Co., stating rates and other information. The convention opens on Sunday, October 5, when sightseeing trips will be enjoyed, followed by the opening session on Monday, ending on October 8. On Tuesday, October 7, there will be thousands of Legion boys take part in a big parade and the local Fifte and Drum Corps will participate. It is planned to send a delegation of about one hundred members from the local Post and Auxiliary. Lester Martin is District Chairman in charge and the following Post committee has been appointed by Commander Pfunder to make transportation plans; Thomas Shee, Ira Bowers and Roy Sanford. The appointed committee from the Legion Drum Corps consists of State Commander, Edward Newmarker, Paul Menge and William Easer. Application slips will be available the latter part of the week. 4-H Club Exhibit The Vernon 4-H Clubs held their annual field day and exhibit on Monday at the Center Church and grounds. There were about one hundred in attendance. During the day there were cooking demonstrations, dairy, chicken, and sewing exhibits. The members sold soda, ice cream and hot dogs, and the money from the sale will be used to transport products being exhibited at the Durham Fair three days, commencing today.

GREEN DISTRICT SHOWS BIG GRAND LIST JUMP

Property Assessments Increase \$160,580 — Fine Collection Record in the Fifth. William Buckley of the Manchester Green District has completed the grand list for the Second District and the figures show that the Green section has made a big increase over last year, as compared with several of the other districts in town.

The grand list on which taxes are to be collected in the Green this year amounts to \$2,832,016 against \$2,671,436 or an increase of \$160,580. The rate of tax in this district is 4 mills and there will be raised in taxes on this list \$11,928.06.

Taxes and Liens The taxes in the Fifth district are due on September 1. Robert McLoughlin who was the tax collector last year, but was not a candidate for election at the June meeting, has cleared his book. There was but two taxes uncollected in the whole list and liens have been placed against these two properties to protect the district.

Walter Keeney, collector in the Seventh, or Buckland District also has a book for this year's taxes. He has not completed the collection of all his taxes and expects that it will be necessary to place about eight liens in the district with the town clerk.

NEW PARKING PROBLEMS New Haven, Aug. 27.—(AP)—In rural sections there are parking problems, Allen Crosby of Orange found that out last night. He had just brought his car to a stop in a secluded spot in the Shingle Hill section of Orange when two holdup men confronted him and his woman companion. Crosby lost \$25 in cash and the car.

Injured At Tobacco Shed Etta MacFarland, daughter of Mr. and Mrs. William MacFarland of Brooklyn St. received a bad gash on the head, when a beam fell in a tobacco shed where she was working on Monday. C. N. G. PLANES GIVE FINE EXHIBIT HERE

Drop Advertising Balloons as They Show Unusually Fine Flying Timing. Two C. N. G. army planes flew over Manchester for the better part of ten minutes last night giving an exhibition of exceptionally fine flying. They flew in such formation that at times it appeared as though the tips of the wings would touch as they sailed through the air side by side. They would make a perfect dip as they made ready to make their turns and would fly in such a manner that one plane would be so close to the other that it seemed that it would be possible to climb from one to another.

Motors of both planes also seemed to hit as though only one plane was in operation and after flying to the east and returning back to the west would again be seen coming from the north down south, making turns over the unpopulated sections of the town. They were dropping small balloons advertising the annual Elks bazaar being held in Williamantic beginning tomorrow.

WAR VETERANS MEET Cincinnati, O., Aug. 27.—(AP)—The thinning line of Civil War Veterans today buckled down to business sessions of the sixty-fourth annual encampment of the Grand Army of the Republic.

The "Boys in Blue" continued to arrive but indications were that hardly more than 1,000 would be here for the next major activity of the veterans, the annual parade, tomorrow. Only a few hundred had been registered today and Edwin J. Foster, commander in chief, said he did not expect more than 1,500 at the most. Members of the affiliated organizations bring the attendance up to approximately 15,000.

HILLSTOWN

Mr. and Mrs. Goolyn and daughter Hazel have returned after spending several weeks in and around the state of Maryland, the former home of Mrs. Goolyn. Mrs. Thomas Rinsley who has been quite sick, is much better. Dr. Louis Moriarty has been in attendance.

Miss Emma Hancock is spending her vacation at Fossil O'Woods. Roslyn Copley of West Hartford has been the guest of Mr. and Mrs. John Mulcahy.

Mrs. W. J. Lewis of Main street who has been at St. Francis Hospital for an operation, will return home in a few days much improved in health. Chief James Murphy of Station 13 of the corn borer quarantine and his family who have been boarding with Mrs. Elliott Hills have taken a bus on South Road for a short while. They came here from Fall River.

Ward Brewer son of Mr. and Mrs. Harry J. Brewer is home from camp where he has been an instructor all summer and about Sept. 1 he returns to his college in Virginia.

NEW HAVEN ROAD GETS GRANT COAL TENDERS

The New Haven railroad has just received delivery from the American Locomotive company of two of an order of six new large capacity tenders for its fast passenger service between New York and Boston, to cost \$100,000. The new tenders have capacity for 12 tons of coal and 18,000 gallons of water, and are designed to eliminate the necessity for any stops to take coal or water between New Haven and Boston.

The two tenders just received have been placed on the locomotives hauling the Bay State and the Furlington the Bay State and the Furlington.

QUETTER ON FRONTIER

Peshawar, India, Aug. 27.—(AP)—The Malla Kbal section of the Orakassi and Chamkanni, for some time forming one of the most belligerent of the border tribes, today handed over to the authorities twenty of their leading chiefs as hostages. The situation on the northwestern frontier was quieter today with no signs of further trouble reported from Mohmand and other Afridi-Indoed districts.

AMERICAN SECURITIES ON PARIS EXCHANGE

Paris, Aug. 27.—(AP)—Fau Reynaud, minister of finance, in an interview with the Associated Press today advocated the floating of American securities in France.

"I am favorable to the introduction of American securities on the Paris Bourse," the minister asserted. "I am examining this question in all of its aspects, including suggestions which come to me from time to time from American sources."

The question of offering American securities is being actively discussed in French financial circles. The government already has secured data on necessary tax adjustments on foreign securities so that such a move might be reduced to its practical aspects before undertaken.

CARGO WORTH \$150,000 SEIZED BY COAST GUARD

New York, Aug. 27.—(AP)—The Canadian sea dory Nova V, with approximately \$150,000 worth of liquor in fifteen hundred cases, was captured yesterday by the Coast Guard off Shinnecock, Long Island, and was brought into New York harbor today by the patrol boat Cardigan.

Ten members of the crew of the Nova V were under arrest.

The crew of the Cardigan said the Nova V was sighted about ten miles off the south shore of Long Island and the Coast Guard boat held off until the vessel was well within the twelve-mile limit, then overhauled her and took her in tow.

Two customs men went down the Nova V to question the members of the crew. They reported that the prisoners were to be taken to Brooklyn for arraignment. Late today the Canadian craft will be brought to Coast Guard headquarters at the Battery.

The Nova V is 80 feet long and of British registry.

NAME OF LABOR PARTY MAY SOON BE CHANGED

Llandudno, Wales, Aug. 27.—(AP)—The political organization which put Ramsay MacDonald in office as prime minister has among the first of the items on its annual conference agenda constitutional amendments which would change the official name of the party.

One amendment put forward by the extreme Left Wing would change the name to "The Socialist Party." Moderates who formed the great bulk of the party's members, however, have an amendment which would make the official name the "Socialist and Labor Party."

There are indications that this was the name which will be accepted by a majority as representing the proper designation for the marriage of Socialism and Labor.

Labor leaders themselves have so long used the terms Socialist and Laborite interchangeably that the official party approval seemed a logical consequence. Another amendment would require all party members when eligible to belong to the trade union.

RAPS CONSTITUTION

Warsaw, Poland, Aug. 27.—(AP)—When Col. Miedinski, chief editor of the official Gazeta Polska asked Premier Pilsudski what his plans were for the future, the marshal did not mince words replying, "What is your program?"

The editor queried.

"That is a Parliamentarian's question—that is to say, a fool's query," the marshal retorted.

Premier Pilsudski declared he did not believe in the value of the so-called Parliamentarianism but neither did he wish to be a maid of all work. "Any way, the kind of foreign origin, is a stupid word," the marshal thundered, "and the people do not realize what labor is involved in governing Poland in accordance with the constitution and existing law."

The Polish Constitution, the statesman-soldier finished, was a rotten piece of work and bound to produce chaotic conditions.

RAILROAD EARNINGS

New York, Aug. 27.—(AP)—Railroads reporting today the result of July operations continued, with few exceptions, to show decreases in net operating income for the month compared with the like month a year ago. One of the exceptions was the Atchison, Topeka and Santa Fe, which showed an increase of \$29,592.

Among the roads reporting, with comparative figures for July last year, were:

	1930	1929
Atchison, Topeka & Santa Fe	\$8,182,508	\$8,152,916
Baltimore & Ohio	3,649,079	5,178,947
Burlington	2,281,182	2,633,973
Chicago & Eastern Illinois	75,529 (x)	448,157
New York Central	4,475,971	9,421,841 (x)

LONDON SWELTERING

London, Aug. 27.—(AP)—Only a few days ago London newspapers were headlining "Coldest August for Fifty Years," and similar captions, called forth by a prolonged spell of dismal, wet weather and low temperatures lasting from the early part of July.

Today summer returned to England all of a sudden and by mid-afternoon the mercury rose to 84 degrees in the shade, which is pretty hot stuff in the way of temperatures for Great Britain.

AVIATORS ADDING TO CANADA'S AREA

Ottawa, Ont., Aug. 27.—(AP)—Canada's area grows greater each year. "Every fall when exploration parties of the Dominion government emerge from the Far North they bring word of newly mapped and charted coast lines, new islands plotted in the Arctic archipelago and new areas added to the map of Canada."

In a few short weeks these parties will be reporting to Ottawa. Their work is hampered by the short summer, but slowly and surely the Far North is being mastered.

The airplane has solved many problems of the explorers. Major L. T. Burman, most famous of Canadian Arctic men, is now bound by air on a mapping trip to King William's land which was quite impossible by other means of travel. He hopes to unravel much of the mystery around the disappearance of Sir John Franklin and his men about 80 years ago.

He will take a census of the Eskimo population in some sections of the Arctic and will supervise prospecting on the Coppermine river. This area was thrown open for prospecting this year and is believed by some to hold the secret of legendary copper deposits referred to by Indians and Eskimos for many years.

SLICK LEFT \$75,000

Clarion, Pa., Aug. 27.—(AP)—An estate estimated at between \$75,000,000 and \$100,000,000 was divided in the will of Thomas E. Slick, independent oil operator, which was probated today. Slick was reputed to be the wealthiest independent oil operator in the world.

The vast fortune was left to the widow, three children and Slick's mother. While no estimate of the value of the estate was contained in the will, Slick's attorney and others closely associated with him provided an estimate of its worth.

The oil operator's mother, Mrs. Mary Slick of Clarion, was provided with \$5,000 a year as long as she lives.

The widow, Bernice Slick, of Oklahoma City, was left one-third of the estate and the remaining two-thirds was left in trust to the three children.

LICENSES SUSPENDED

A list of operators whose licenses to drive automobiles in Connecticut have been suspended for one year for driving while under the influence of liquor was given out today at the State Motor Vehicle Department as a part of the effort to reduce this highway menace. The department statement advised people to notify the department or the police in case they should see any of these drivers operating motor vehicles.

ERRORGRAMS

There are at least four mistakes in the above picture. They may pertain to grammar, history, etiquette, drawing or whatnot. See if you can find them. Then look at the scrambled word below — and unscramble it, by switching the letters around. Grade yourself 20 for each of the mistakes you find, and 20 for the word if you unscramble it.

MARS PANKSHIM
Sure shooting.

SENSE AND NONSENSE

Someone said: "Love makes the world go round"—It sure makes a lot of people dizzy.

Hubby's Housework. Well—I for one believe a man should help his wife when'er he can, I think a man's a poor old fish who won't, for instance, wash a dish!

Nor should it fill a man with gloom to tidy up the living-room. And furthermore, he shouldn't balk to take the broom and sweep the walk.

The boys who balk are those afraid someone will think that they're the maid! Or else they fear the neighbors think: "Just look at Brown—the poor old gink!"

Whereas, in fact, the neighbors cry: "Hoo-ray for Brown—the good old guy!"

At least, the wives proclaim that he is like all hubbies ought to be. And I proclaim that all through life a married man should help his wife. And gladly, too, at every chance—

But, through it all SHOULD WEAR THE PANTS!

—Charles S. Kinnison

California: "The great thing about living where I do is the climate. Why, I haven't paid a cent for coal in years."

Easterner: I just got a letter from my coal dealer reminding me that I haven't, either.

Puzzle: Find the blessing in the work that's always interfering with a fishing trip.

Leo—That's what I called a modest girl. Notice how far down the hem of her dress is? Almost to her ankles.

Clara—Don't be silly, boy! Something has slipped.

Mr. Jones—I'm bringing the boss home to dinner. Be sure to have something nice, won't you?

Mrs. Jones—Yes, indeed. I'll run right down and get that velvet gown I've been wanting.

First Celebrity—How do you like these cigarettes?

Second Celebrity—Worst I ever indorsed.

FLAPPER FANNY SAYS

The average college student can understand anyone.

It Was Not Her Name. Doctor (applying the stethoscope)—I don't like your heart action. You have had some trouble with angina pectoris, haven't you?

Rain. The golden sun is garish. On the white wall of the day, I close my eyes against it. For a vision cool and gray. Gray-furred and gray-skirted, She sweeps across the plain, And wraps me in her softness—

The army has such fine surgeons they can do a major operation on a private.

Woman—What caused your husband to leave home? Neighbor—I haven't the least idea. He just picked up and left the morning after my mother and two sisters came to spend the winter with us.

WALTER THORNTON'S FACE IS HIS RICHES

New York—When it comes to using the old bean to make a fortune, you've got to hand it to Walter Thornton.

Few people know his name, but many have seen his head and face, for he is the most sought-after young man in New York by advertisers.

A few years ago he was a brick layer. Dull season found him out of a job and, finding he had such excellent features, he started posing. Now he is making his fortune from his face.

SOME MILEAGE

Washington, D. C.—Planes carrying passengers in the United States fly more than 91,360 miles daily, according to the American Air Transport Association.

POT OF GOLD. Mexico City—Crescencio Avila, Mexican peasant in Jalisco, didn't see any rainbow, but he did discover a pot of gold.

ONCE UPON A TIME

Charles Comiskey, the "Grand Old Homer" of baseball, hailed bricks, which were used in reconstruction of that part of the city destroyed by the great Chicago fire in 1871.

THE TINYMITES

(READ THE PICTURE, THEN COLOR THE PICTURE) The Camera Man was soon all set and then he said, "I'll shortly get a very lovely picture if you'll stand up good and straight. Don't let the wild wind blow your cap and wait until you hear me snap my camera before you move. You won't have long to wait."

CHILDHOOD DAYS

Gus Williams, old time "German comedian," used to talk about "Childhood's happy days so far away." About the time you went, as a toddler, to the grocery store with a pitcher for a quarter's worth of molasses, and could scarcely reach up to the counter; and the grocer took the pitcher down stairs and filled it and, as you tried to lift it down from the counter, asked "Where's the quarter?" And in your wide-eyed innocence you told him, "In the pitcher."

Things like that don't happen to the children who come to Pinehurst. Here we remember that they are children, and need special attention and consideration—and they get it.
