## FIFTY DEATHS TRAIL IN WAKE OF COLD WAVE

### Two Fliers and Steamer Missing — Many Ships In Distress As Premature Winter Weather Arrives.

By Associated Press.  
Two fliers and one steamship were missing today in premature winter weather. Three other ships were in distress. More than half a hundred deaths were attributed to cold and snow.  
Planes were sent to search the ocean between Cuba and Florida for Mrs. J. M. Keith-Miller, Australian flier, who took off from Havana yesterday in the face of high winds and a rough sea for Miami on her way to Pittsburgh. She failed to reach Miami and it was feared she had been forced down at sea.  
Another search was under way over the eastern end of Lake Erie and northern Ohio for William E. Griffin of Berea, Ohio, who failed to reach Cleveland in a flight from Hamilton, Ont. Airport officials at Cleveland said he might have flown directly into the blizzard raging over the northern part of Ohio Tuesday.

### Steamer Missing

Coast Guard craft from Marquette, Mich., and other Lake Superior stations were seeking trace of the Canadian grain carrier Maple Bay, missing with her crew of 21 since she put out from Bate Gris Bay Tuesday and ran into a heavy storm.

The Canadian steamer Simcoe, with a crew of 22, was in distress off Fairport, Ohio, in Lake Erie. Ships which went to her assistance, said the vessel was listing dangerously.

With her propeller gone, the steamer Uphur was drifting off Cape Hatteras, N. C., waiting for assistance after heavy seas parted the tow line by which she was being taken in port by the steamer George W. Barnes. Coast Guard boats were sent to her assistance.  
The British steamer Wearbridge reported that she was unmanageable and drifting in a gale of 150 miles off Cape May, N. J. The Coast Guard cutter Sebago put out from Norfolk to go to her aid.  
More than two score deaths were traced to the frigid weather which extended over the mid-west, sending the mercury in many places to below zero. At Duluth, Minn., 12 below was registered and sub-zero readings from one to eight degrees were recorded in other points in Minnesota, Wisconsin, Iowa and Illinois.  
In New England the cold and snow resulted in eleven deaths. Ice covered highways, causing numerous auto accidents, led to several of the fatalities.

## SHIRES' PRIDE IS HURT AGAIN

### Arthur The Great Sold By Washington To Milwaukee Minor League Club

Chicago, Nov. 29.—(AP)—The next episode of the Horatio Alger book career of Charles Arthur Shires, the self-confessed great man, will have its scene at Milwaukee. He will wear the baseball livery of the Milwaukee Brewers of the American Association.  
Shires yesterday was sold by Washington to Milwaukee for \$10,000, marking his return to minor league baseball. The great one "as obtained from the Texas League by the Chicago White Sox in 1928 and finished the campaign at first base. He was under suspension a good share of the 1929 season for breaches of training rules and for engaging in fist fights with Manager Lena Blackburne.  
He spent last winter as a heavy-weight boxer.  
Under Manager Donie Bush, Shires jured and played in games for the Sox. Bush traded him to Washington. The great man served as a pinch-hitter for Washington and chafed by idleness, asked Manager Walter Johnson to send him to the minors where he could play regularly, but his request was refused.  
Meanwhile he has been in Hollywood, Cal., acting in one-act talks. Recently he was married to a University of Wisconsin co-ed.  
Shires hailed the sale as a "great break," saying that his "talents are too great to be wasted on a major league bench, and I will have a chance to play myself back into the majors."

## SIX LIQUOR DEATHS

Greensboro, N. C., Nov. 2.—(AP)—Six deaths in less than a week from drinking poisoned liquor—supposedly distasteful alcohol—were counted today in Guilford county. All the victims were negroes.

## MISTAKES LOCOMOTIVE FOR AUTO, THEN BANG!

Avoca, Ia., Nov. 29.—(AP)—Lewis Sick is sick.  
The reason back of his indisposition is explained by the fact that he mistook a vehicle with one light for an automobile. The vehicle turned out to be a locomotive which met his own car at a grade crossing and carried it a considerable distance down the tracks.  
One bruise and a broken nose, however, were suffered by Sick.

## MARGOT EINSTEIN WEDS IN BERLIN

### Daughter of World Famous Relativity Expert Marries Young Russian Writer.

Berlin, Nov. 29.—(AP)—Professor Albert Einstein, who sets a relative value on things, allotted just one-half hour of his time this morning to see his daughter, Margot, married at the Municipal Marriage Bureau.  
The savant, who has been working until the early morning hours on an occasion and wears a hat just 30 minutes to give the bride away to Dr. Dimitri Marianoff, young Russian writer on scientific and artistic subjects. He failed to carry out his program and because of illness was late he lost a half hour in getting back to his own quarters to work.  
Ten minutes before the ceremony, which was set for 10:30 a. m., Einstein, his daughter, and Dr. Marianoff emerged from the professor's home and seemed greatly surprised to see several cameramen outside.  
"No, no, do not photograph," he exclaimed, greatly distressed. But finally he was persuaded to tarry a moment.  
No Special Dress  
While customarily in Germany a bride's father sports a top hat for such an occasion and wears a tuxedo and full dress to the church, in case there is a church wedding afterwards, nothing in Herr Einstein's appearance indicated the solemnity of the occasion.  
He seemed just to have emerged

## BISHOP GRISWOLD DIES IN CHICAGO

### Head of Chicago Diocese of Episcopal Church Passes Away After Long Illness.

Chicago, Nov. 29.—(AP)—Death came to the Rt. Rev. Sheldon Munsion Griswold, 69, bishop of the Chicago Diocese of the Episcopal Church, in an Evanston hospital last night after a long and courageous fight against a lingering illness.  
A general breakdown and heart disease which necessitated his removal to the hospital seven weeks ago, were the cause of death.  
For days the bishop had been in a state of coma, with life sustained during his last week by the injection of fluid nourishment. He did not regain consciousness before he died.  
Long Service  
Bishop Griswold's death ended a long service for the church, although he was head of the Chicago diocese for less than a year. He was chosen last February as successor to the late Most Rev. Charles Palmerston Anderson, who at the time of his death last January, was the presiding bishop of the Protestant Episcopal Church of the United States.  
One of his latest expressed wishes was that he be buried in Chicago, rather than be taken back to his native New York state.

## ALCOHOLIC DEATH

East Hampton, Nov. 29.—(AP)—James Maxwell, 39, died suddenly at his home today, a victim, doctors say, of alcoholism.

## Fourth Degree is Latest To Trap Guilty in Chi

Chicago, Nov. 29.—(AP)—The point in walked Captain James Fleming.  
"What," said Fleming addressing the sergeants, "what do you mean by insulting this respectable business man? Now release him and apologize."  
They did, but followed him to a room where they reported he met a companion to whom he said:  
"Well, the robbery story went over all right when I saw the captain. Now we'll divide the cash."  
Tommen and his companion were arrested. Both, the police said, confessed.

## MADRID IN GRIP OF RIOTS AND GENERAL STRIKE

"Death to the King! Viva la Republica!" shouted armed rioters in the streets of Madrid when, as shown below, police broke up demonstrations following a clash between labor and political agitators and officers. The civil guard is pictured above as it marched from headquarters against the rioters. While gripped by the general strike, practically all the city's business houses were closed, and King Alfonso's palace was heavily guarded by machine guns. Several persons were reported killed during the course of the disturbances.

## ALL HOPE IS ABANDONED FOR MRS. KEITH-MILLER

### Plucky Australian Flier Believed Lost In Ocean Between Havana and Florida—No Trace of Plane.

(Copyright, 1930; all rights reserved by the Ass'd. Press.)  
Havana, Nov. 29.—(AP)—A premonition of death which she thrust aside through fear of being thought a coward, haunted Mrs. J. M. Keith-Miller, plucky Australian woman aviator, whom air officials here feared today perished yesterday in an attempt to fly from Havana to Miami.  
Practically all hope has been abandoned for her safety, searching parties in six airplanes from here and Miami having flown for hours over the stretch of Gulf and Florida Keys without trace of her or the plane in which she set out at 9:11 a. m., yesterday on a comparatively short jump to Miami.  
Odds Against Her  
Friends of Mrs. Keith-Miller made here since her arrival last week said just before she took off, "I've had this feeling ever since I crossed from Florida and somehow or another I can't shake it off."  
Continuing, she called her plane an "unlucky crate, one which anybody but myself would refuse to fly" explaining that it was a conditionally licensed ship which she had "rescued from a junk pile" and reconitioned.  
Confesses Fear  
"Everyone gives me credit for being brave, and to make a go of it I never let them think otherwise," she confessed. "But really I am afraid, especially at night. I'm over water, or mountains or rough country. I got lost in the Alleghenies not long ago and the fog seemed to

## QUEEN MARIE PLANS TO LEAVE RUMANIA

### Vienna Hears That She Will Live In Paris—Cannot Get Along With Her Son.

Vienna, Nov. 29.—(AP)—Reports here are that Queen Marie of Rumania, married by her headstrong son, King Carol, will take up a semi-permanent residence in Paris when she goes there soon.  
Information here is that the Dowager Queen and her son are at greater odds than ever, and that the atmosphere in Bucharest since his spectacular return from exile to take the throne held by his son, Michael, has had a bad effect on her health.  
One report current here is that Carol has been planning an edict which would prevent his mother and Queen Helen from attending or organizing public functions and would make them take up abodes assigned to by Carol.  
Blow to Marie  
This intention, according to the report, has been a "harsh blow" to Marie, who all her life has been accustomed to taking a big part in her country's affairs.  
Another report heard here is that Mme. Magda Lupescu, with whom Carol lived while in exile, has been installed at the palace in Bucharest.  
Washington, Nov. 29.—(AP)—The Rumanian Legation today denied a report that Mme. Lupescu was living in the royal palace at Bucharest.  
The legation stated Mme. Lupescu is not and has not been in Rumania since the arrival of the king last June.

## THINK FOREIGNER KILLED 4 PERSONS

### Police Have Good Description of Man Seen Near Farm House.

Poughkeepsie, N. Y., Nov. 29.—(AP)—The slayer of the family of four stabbed to death on their Stanfordsville farm near here on Wednesday night was believed by authorities today to be a foreigner of whom they had a good description. They said James Hueston Gersonod, his wife Mabel, and their children, Raymond, 10, and Bernice, 18, were murdered for purpose of robbery, as they found open pocketbooks in the farmhouse and \$100 the farm-

## PARIS REPORTS THAT PREMIER WILL QUIT JOB

### Tardieu Fears He Will Not Get Vote of Confidence After Recent Financial Scandal.

Paris, Nov. 29.—(AP)—Reports were current in Paris today that Premier Tardieu would surrender his leadership of the Cabinet to his political tutor, Raymond Poincare, former president and premier.  
Paris filled with rumors, but M. Tardieu, who knew the answers to the questions which were being asked everywhere, held his tongue.  
The most widely circulated report was that M. Tardieu, who received a majority of only 14 votes on a question of confidence in the Chamber of Deputies yesterday, would not wait for a possible vote of lack of confidence as an outgrowth of the financial scandals, but would present his resignation to President Doumergue at once.  
Political wisecracks, who claimed to know whereof they spoke, said if this happened M. Poincare again would be asked to take the helm of the ship of state, and forming a ministry of "sacred union" as he has done before in perilous moments, would include M. Tardieu in its roster.  
Opposition Plans  
There were renewed indications that the opposition parties will try to force Tardieu out of a policy of passive resistance.  
Leon Blum, Socialist leader, has taken the position that the Tardieu Cabinet is now in tatters because of the resignations of the minister of justice and two under-secretaries. The Radical Socialists insist that the Cabinet has lost its moral authority.  
The premier during the day turned over numerous documents bearing on the Oustric bank failure to a sub-committee of the investigating commission.  
Albert Oustric, head of the bank which failed, has vehemently protested his arrest on an old charge of complicity in swindling and defalcation with three other bankers and brokers arrested at the same time.

## CROSS TO RETAIN EXECUTIVE CLERK

### New Governor To Keep Frank D. Rood, Republican; Clerk For 52 Years.

Hartford, Nov. 29.—(AP)—Frank D. Rood, who has served the state as executive clerk in the governor's office for fifty-two consecutive years, will be retained in that capacity by the incoming governor, Wilbur L. Cross, the latter's executive secretary and invited Mr. Rood to announce today.  
Mr. Wynne visited the State Capitol yesterday afternoon to look over the field in preparation for the inauguration ceremonies on January 7. He spent some time in the governor's office and invited Mr. Rood to serve with him during the term of Governor Cross. Mr. Rood said today that he has accepted this invitation and in January, though a Republican, will find himself in the service of his fourth Democratic governor. He served under Governor Waller in 1893-95, under Governor Morris in 1895-96 and under Governor Baldwin in 1911-15. Mr. Rood's long experience in the governor's office and his knowledge of the state's affairs as well as his popularity both with the general public and the personnel at the Capitol are the factors that led to his re-appointment.  
Second Appointment  
Mr. Rood's appointment is the second made by the incoming governor, the first being that of Mr. Wynne.  
Dean Cross is now preparing for the appointment of a military staff and will probably be able to announce his election early next week, Mr. Wynne said. An entire new staff with the exception of the adjutant general and the surgeon general is expected.  
Besides spending some time with Mr. Rood, Mr. Wynne visited other departments with which he had contact while he was executive secretary for Governor Baldwin.

## PRESIDENT NAMES DAVIS' SUCCESSOR

### William N. Doak, of Virginia, New Secretary of Labor Over Opposition.

Washington, Nov. 29.—(AP)—In expressed defense of equal opportunity to office, President Hoover has gone outside the American Federation of Labor ranks to fill the cabinet vacancy left by James J. Davis.  
William N. Doak, of Virginia, has been chosen secretary of labor. In announcing the appointment late yesterday the President, answering the assertion of the Federation of Labor that the post should be filled from within his organization, "aid before the Chief Executive "the duty to maintain the principle of open and equal opportunity and freedom in appointment to public office."  
Green immediately expressed disapproval on behalf of the federation.  
Doak is executive representative of the Brotherhood of Railway Trainmen, a union not affiliated with the federation. He is the first labor secretary chosen outside the federation.  
There has been no indication in the Senate so far that objection will be raised to the appointment.

## TREASURY BALANCE

Washington, Nov. 29.—(AP)—Treasury receipts for November 26 were \$2,777,017.28; expenditures \$3,491,046.54; balance \$94,674,509.55.

## Washwoman's Big Mansion Is Filled by Society Folks

New York, Nov. 29.—(AP)—A fortune in furnishings accumulated through the negro's desire to take the kink out of his hair, is passing to the folks that put the man on a paying basis.  
On the first of a three-day auction to dispose of the \$350,000 effects of the late Madame C. J. Walker, negro washerwoman who invented a hair-straightening tonic for her race and quit washing \$10,000 was netted—mostly from white society women.  
A twelve-piece, hand-carved mahogany bedroom suite brought \$350, a Flemish oak billiard table \$225, ten high back arm chairs in the same wood \$170, and luxurious Oriental rugs which Italians kings are said to have walked on, from \$20 to \$100.  
Upwards of 1,500 bargain hunters and sight-seers thronged the mansion and grounds, to view the Japanese prayer tree and to hear the \$25,000, 24-karat gold organ play. Few came to buy and most to gape over the legendary treasures which had been closed to them in the owner's life.  
Madame Walker died in 1919, probably the wealthiest negro woman in America. Mrs. Lella Walker Robinson, her daughter, recently decreed that the furnishings, as well as the house, a show place at Irvington on the Hudson, should be sold at auction.

## HOOVER TO PLACE WORLD COURT PLAN UP TO THE SENATE

### PREDICT BIG BOOM IN FILM BUSINESS

### Motion Picture Heads Say Beginning In January Mil- lions Will Be Spent.

Hollywood, Cal., Nov. 29.—(AP)—The greatest motion picture production boom since the advent of talking pictures was forecast today for 1931 by Hollywood studio executives, who predicted the new activity would get under way before the end of January.  
Adolph Zukor, film executive, announced Paramount-Public studios would produce at Hollywood sites next year 55 or 60 feature pictures under a budget estimated at \$25,000,000. He said the company's New York studios would complete 17 new features, while the Paris plant would "shoot" a number of foreign versions.  
Louis B. Mayer, vice president of Metro-Goldwyn-Mayer, said his organization's Culver City plant would double its production. Fifty-

(Continued On Page 2.)

## YOUTHS HOLD UP 12 TAXI DRIVERS

### Before Caught General Alarm Had Brought Out Scores of Cops and Detectives.

New York, Nov. 29.—(AP)—Two youths from California and one from Pennsylvania were captured by police today after a chase in which a good share of the Brooklyn police force was enlisted.  
Police said that between midnight and four o'clock this morning the trio had robbed twelve taxicab drivers, held up three gasoline stations, and wounded one of their victims seriously.  
They gave their names as George and Edward Keegan, 19 and 21, of Los Angeles and Bernard O'Connor of St. Mary's, Pa.  
The wounded man was Henry Ludwig, 22, who was stopped and told to drive his taxicab to Sheepshead Bay, he had gone a block, he said, when his three passengers held him up, put him into the back seat and began driving leisurely through South Brooklyn, pausing now and then to rob a taxi driver, and throwing him into the back seat.  
When the car numbered five and the cab was too crowded the robbers began throwing the men out one by one. By this time, police learned, they had \$200 in loot. When it came Ludwig's turn, to be thrown out, he protested and scuffled for a weapon, which wounded him in the chest, he said, when one of the holdup men pulled the trigger.  
By this time 25 detectives were hunting the three and a general police alarm had been sounded. When the three held up Hugh Deshon, negro taxi driver, he made such an outcry a patrolman ran to the scene, and the gunmen drove off two of them firing. They abandoned Ludwig's cab and appropriated another. But the policeman and Deshon gave chase and ran the robber car onto the curb on Brooklyn's Fifth street, wrecking both cars.  
The youths were badly stunned in the collision and were captured. Police said they admitted they had come to New York as roustabouts seeking an easy living. They were about to have confessed to hold ups in half a dozen other cities.

## LEAGUE INTERESTED

Geneva, Nov. 29.—(AP)—League of Nations circles today hailed the decision of President Hoover to take the World Court protocols to Congress at once for action which would permit the United States to adhere to the permanent court of international justice.  
For some weeks observers here had been doubtful that the administration would undertake to push the protocol through the coming short session of Congress in view of pressing domestic responsibilities, but league supporters are deeply gratified at this evidence of the President's energetic interest in the move for adhesion.  
The fight for ratification will be followed at the seat of the League of Nations in Geneva with great concern. It was felt here that the presence of Frank B. Rowley's former secretary of state, on the World Court bench would influence American opinion favorably toward the court.

## Official to Co-operate

League officials said that everything in their power would be done to remove the technical difficulties in the way of American ratification. They will seek to expedite ratification by a number of states which for one reason or another have not yet recorded their final approval either for the United States adhesion protocol or of the revised statute protocol.  
Apparently there is no objection in principle to either protocol except in the case of Cuba, which has not yet found it possible to accept the revision protocol. Cuban representatives at Geneva are searching diligently, it was said today, for some way to overcome a Cuban constitutional objection. The Cubans reiterating their wish not to obstruct American entry into the court. With regard to the United States adhesion protocol it is recalled here that Cuba is the only Latin American state which has ratified it. Friends of the League of Nations and the World Court are very much pleased at the stand the American delegation recently took in the disarmament commission regarding the operation of the projected disarmament convention. Ambassador Clegg approved an article which the commission adopted, providing that any dispute arising out of the interpretation or application of the convention shall be submitted to the World Court or any other judicial or arbitral procedure in force between the contracting states.

INTENTIONAL DUPE

## FIFTY DEATHS TRAIL IN WAKE OF COLD WAVE

### Two Fliers and Steamer Missing — Many Ships In Distress As Premature Winter Weather Arrives.

By Associated Press.  
Two fliers and one steamship were missing today in premature winter weather. Three other ships were in distress. More than half a hundred deaths were attributed to cold and snow.

Planes were sent to search the ocean between Cuba and Florida for Mrs. J. M. Keith-Miller, Australian flier, who took off from Havana yesterday in the face of high winds and a rough sea for Miami on her way to Pittsburgh. She failed to reach Miami and it was feared she had been forced down at sea.

Another search was under way over the eastern end of Lake Erie and northern Ohio for William E. Griffin of Berea, Ohio, who failed to reach Cleveland in a flight from Hamilton, Ont. Airport officials at Cleveland said he might have flown directly into the blizzard raging over the northern part of Ohio Tuesday.

### Steamer Missing

Coast Guard craft from Marquette, Mich., and other Lake Superior stations were seeking traces of the Canadian carrier Maple Bay, missing with her crew of 21 since she put out from Bete Gris Bay Tuesday and ran into a heavy storm.

The Canadian steamer Simcoe, with a crew of 22, was in distress off Fairport, N. J. The Coast Guard cutter Sebago put out from Norfolk to go to her aid.

More than two score deaths were traced to the frigid weather which extended over the mid-west, sending the mercury in many places below zero. At Fairport, N. J., 12 below was registered and sub-zero readings from one to eight degrees were recorded in other points in Minnesota, Wisconsin, Iowa and Illinois.

In New England the cold and snow resulted in heavy deaths. Ice covered highways causing numerous auto accidents, led to several of the fatalities.

## SHIRES' PRIDE IS HURT AGAIN

### Arthur The Great Sold By Washington To Milwaukee Minor League Club

Chicago, Nov. 29.—(AP)—The next episode of the Horatio Alger book career of Charles Arthur Shires, the self-confessed great man, will have its scene at Milwaukee. He will wear the baseball livery of the Milwaukee Brewers, of the American Association.

Shires yesterday was sold by Washington to Milwaukee for \$10,000, marking his return to minor league baseball. The great one was obtained from the Texas League by the Chicago White Sox in 1928 and finished the campaign at first base. He was under suspension a good share of the 1929 season for breaches of training rules and for engaging in fist fights with Manager Lena Blackburne.

He spent last winter as a heavy-weight boxer.

Under Manager Donie Bush, Shires settled down, but was injured and played in few games for the Sox. Bush traded him to Washington. The great man served as a pinch-hitter for Washington and the way by illness, asked Manager Walter Johnson to send him to the minors where he could play regularly, but his request was refused.

Meanwhile he has been in Hollywood, Cal., acting in one-act talks. Recently he was married to a University of Wisconsin co-ed.

Shires hailed the sale as a "great break," saying that his "talents are too great to be wasted on a major league bench, and I will have a chance to play myself back into the majors."

### SIX LIQUOR DEATHS

Greensboro, N. C., Nov. 2.—(AP)—Six deaths in less than a week from drinking poisoned liquor—supposedly "damned" alcohol—were reported today in Guilford county. All the victims were negroes.

## MISTAKES LOCOMOTIVE FOR AUTO, THEN BANG!

Avoca, Ia., Nov. 29.—(AP)—Lewis Sick is sick.  
The reason back of his indisposition is explained by the fact that he mistook a vehicle with on light for an automobile. The vehicle turned out to be a locomotive which met his own car at a grade crossing and carried it a considerable distance down the tracks.

Only bruises and a broken nose, however, were suffered by Sick.

## MARGOT EINSTEIN WEDS IN BERLIN

### Daughter of World Famous Relativity Expert Marries Young Russian Writer.

Berlin, Nov. 29.—(AP)—Professor Albert Einstein, who sets a relative value on things, allotted just one-half hour of his time this morning to see his daughter, Margot, married at the Municipal Marriage Bureau.

The savant, who has been working until the early morning hours daily, calculated that he could spare just 30 minutes to give the bride away to Dr. Dimitri Marianoff, young Russian writer on scientific and artistic subjects. He failed to carry out his program and because a witness was late he lost a half hour in getting back to his own quarters to work.

Ten minutes before the ceremony, which was set for 10:30 a. m., Einstein, his daughter, and Dr. Marianoff emerged from the professor's home and seemed greatly surprised to see several cameramen outside.

"No, no, don't photograph," he exclaimed, greatly distressed. But finally he was persuaded to tarry a moment.

### No Special Dress

While customarily in Germany a bride's father sports a topper for such an occasion and wears a cutaway to the marriage clerk's office and full dress to the church, in case there is a church wedding afterwards, nothing in Herr Einstein's appearance indicated the solemnity of the occasion.

He seemed just to have emerged from a bath.

## BISHOP GRISWOLD DIES IN CHICAGO

### Head of Chicago Diocese of Episcopal Church Passes Away After Long Illness.

Chicago, Nov. 29.—(AP)—Death came to the Rt. Rev. Sheldon Munson Griswold, 69, bishop of the Chicago Diocese of the Episcopal Church, in an Evanston hospital last night after a long and courageous fight against a lingering illness.

A general breakdown and heart disease which necessitated his removal to the hospital seven weeks ago, were the cause of death.

For days the bishop had been in a state of coma, with life sustained during his last week by the injection of fluid nourishment. He did not regain consciousness before he died.

### Long Service

Bishop Griswold's death ended a long service for the church, although he was head of the Chicago diocese for less than a year. He was chosen last February as successor to the late Most Rev. Charles Palmerston Anderson, who at the time of his death last January, was the presiding bishop of the Protestant Episcopal Church of the United States.

One of his latest expressed wishes was that he be buried in Chicago, rather than be taken back to his native New York state.

### ALCOHOLIC DEATH

East Hampton, Nov. 29.—(AP)—James Maxwell, 39, died suddenly at his home today, a victim, doctors say, of alcoholism.

## Fourth Degree is Latest To Trap Guilty in Chi

Chicago, Nov. 29.—(AP)—The point in walked Captain James Fleming.

"What," said Fleming, addressing the sergeants, "what do you mean by insulting this respectable business man? Now release him and apologize."

They did, but followed him to a room where they reported he met a companion to whom he said:

"Well, the robbery story went over all right when I saw the captain. Now we'll divide the cash."

Toomien and his companion were arrested. Both the police said, confessed.

## MADRID IN GRIP OF RIOTS AND GENERAL STRIKE

"Death to the King! Viva la Republica!" shouted armed rioters in the streets of Madrid when, as shown below, police broke up demonstrations following a clash between labor and political agitators and officers. The civil guard is pictured above as it marched from headquarters against the rioters. While gripped by the general strike, practically all the city's business houses were closed, and King Alfonso's palace was heavily guarded by machine guns. Several persons were reported killed during the course of the disturbances.

## ALL HOPE IS ABANDONED FOR MRS. KEITH-MILLER

### Plucky Australian Flier Believed Lost In Ocean Between Havana and Florida—No Trace of Plane.

(Copyright, 1930; all rights reserved by the Ass'd Press.)  
Havana, Nov. 29.—(AP)—A premonition of death which she thrust aside through fear of being thought a coward, haunted Mrs. J. M. Keith-Miller, plucky Australian woman aviator, whom air officials here feared today perished yesterday in an attempt to fly from Havana to Miami.

Practically all hope has been abandoned for her safety, searching parties in six airplanes from here and Miami having flown for hours over the stretch of Gulf and Florida Keys without trace of her or the plane in which she set out at 9:11 a. m., yesterday on a comparatively short jump to Miami.

### Odds Against Her

Friends of Mrs. Keith-Miller made here since her arrival last week from Pittsburgh accused themselves today of not having prevented her, forcibly if necessary, from making the flight against which were all the odds of a poorly conditioned plane, extremely rough weather and above all the mental hazard arising from fright when she was flying over water.

"I don't know why it is, but something tells me 'em going down," she said just before she took off. "I've had this feeling ever since I crossed from Florida and somehow or another I can't shake it off."

Continuing, she called her plane an "unlucky crate, one which anybody but myself would refuse to fly" explaining that it was a conditionally licensed ship which she had "rescued from a junk pile" and reconditioned.

### Confesses Fear

"Everyone gives me credit for being brave, and to make a go of it I never let them think otherwise," she confessed. "But really I am afraid, desperately afraid, when I'm over water, or mountains or rough country. I got lost in the Alleghenies not long ago and the fog seemed to

## QUEEN MARIE PLANS TO LEAVE RUMANIA

### Vienna Hears That She Will Live In Paris—Cannot Get Along With Her Son.

Vienna, Nov. 29.—(AP)—Reports here are that Queen Marie of Rumania, married by her headstrong son, King Carol, will take up a permanent residence in Paris when she goes there soon.

Information here is that the Dowager Queen and her son are at greater odds than ever, and that the atmosphere in Bucharest since his spectacular return from exile to take the throne held by his son, Michael, has had a bad effect on her health.

### Blow to Marie

This intention, according to the report, has been a sharp blow to Marie, who all her life has been accustomed to taking a big part in her country's affairs.

Another report heard here is that Mme. Magda Lupescu, with whom Carol lived while in exile, has been installed at the palace in Bucharest.

Washington, Nov. 29.—(AP)—The Rumanian Legation today denied a report that Mme. Lupescu was living in the royal palace at Bucharest.

The legation stated Mme. Lupescu is not and has not been in Rumania since the arrival of the king last June.

## PARIS REPORTS THAT PREMIER WILL QUIT JOB

### Tardieu Fears He Will Not Get Vote of Confidence After Recent Financial Scandal.

Paris, Nov. 29.—(AP)—Reports were current in Paris today that Premier Tardieu would surrender his leadership of the Cabinet to his political tutor, Raymond Poincare, former president and premier.

Paris filled with rumors, but M. Tardieu, who knew the answers to the questions which were being asked everywhere, held his tongue.

The most widely circulated report was that M. Tardieu, who received a majority of only 14 votes on a question of confidence in the Chamber of Deputies yesterday, would not wait for a possible vote of lack of confidence as an outgrowth of the financial scandals, but would present his resignation to President Doumergue at once.

Political wiseacres, who claimed to know whereof they spoke, said if this happened M. Poincare again would be asked to take the helm of the ship of state, and forming a ministry of "sacred union" as he has done before in perilous moments, would include M. Tardieu in its roster.

### Opposition Plans

There were renewed indications that the opposition parties will try to force Tardieu out of a policy of passive resistance.

Leon Blum, Socialist leader, has taken the position that the Tardieu Cabinet is now in tatters because of the resignations of the minister of justice and two under-secretaries.

The Radical Socialists insisted that the Cabinet has lost its moral authority.

The premier during the day turned over numerous documents bearing on the Oustric bank failure to a sub-committee of the investigating commission.

Albert Oustric, head of the bank which failed, has vehemently protested his arrest on an old charge of complicity in swindling and fictitious stock quotations. He is being held with three other bankers and brokers arrested at the same time.

## CROSS TO RETAIN EXECUTIVE CLERK

### New Governor To Keep Frank D. Rood, Republican, Clerk For 52 Years.

Hartford, Nov. 29.—(AP)—Frank D. Rood, who has served the state as executive clerk in the governor's office for fifty-two consecutive years, will be retained in that capacity by the incoming governor, Wilbur L. Cross, the latter's executive, Kenneth Wynne of New Haven, announced today.

Mr. Wynne visited the State Capitol yesterday afternoon to look over the field in preparation for the inauguration ceremonies on January 7. He spent some time in the governor's office and invited Mr. Rood to serve with him during the term of Governor Cross. Mr. Rood said today that he has accepted this invitation and in January, though a Republican, will find himself in the service of his fourth Democratic governor. He served under Governor Waller in 1883-85, under Governor Morris in 1893-95 and under Governor Baldwin in 1911-15.

Mr. Rood's long experience in the governor's office and his knowledge of the state's affairs as well as his popularity both with the general public and the personnel at the Capitol are the factors that led to his re-appointment.

### Second Appointment

Mr. Rood's appointment is the second made by the incoming governor, the first being that of Mr. Wynne.

Dean Cross is now preparing for the appointment of a military staff and will probably be able to announce his election early next week, Mr. Wynne said. An entire new staff with the exception of the adjutant general and the surgeon general is expected.

Besides spending some time with Mr. Rood, Mr. Wynne visited his apartments with which he had contact while he was executive secretary for Governor Baldwin.

## THINK FOREIGNER KILLED 4 PERSONS

### Police Have Good Description of Man Seen Near Farm House.

Poughkeepsie, N. Y., Nov. 29.—(AP)—The slayer of the family of four, stabbed to death on their Stanfordville farm near here on Wednesday night, was believed by authorities today to be a foreigner of whom they had a good description. They said James Husted Germond, his wife Mabel, and their children, Raymond, 10, and Bernice, 18, were murdered for purposes of robbery, as they found opened pocketbooks in the farmhouse and \$100 the farm-

### PREDICT BIG BOOM IN FILM BUSINESS

### Motion Picture Heads Say Beginning In January Mil- lions Will Be Spent.

Hollywood, Cal., Nov. 29.—(AP)—The greatest motion picture production boom since the advent of talking pictures was forecast today for 1931 by Hollywood studio executives, who predicted the new activity would get under way before the end of January.

Adolph Zukor, film executive, announced Paramount-Public studios would produce a budget estimated at \$25,000,000. He said the company's New York studios would complete 17 new features, while the Paris plant would "shoot" a number of foreign versions.

Louis Mayer, vice president of Metro-Goldwyn-Mayer, said his organization's Culver City plant would double its production. Fifty-

## YOUTHS HOLD UP 12 TAXI DRIVERS

### Before Caught General Alarm Had Brought Out Scores of Cops and Detectives.

New York, Nov. 29.—(AP)—Two youths from California and one from Pennsylvania were captured by police today after a chase in which a good share of the Brooklyn police force was enlisted.

Police said that between midnight and four o'clock this morning the trio had robbed twelve taxicab drivers, held up three gasoline stations, and wounded one of their victims seriously.

They gave their names as George and Edward Keegan, 19 and 21, of Los Angeles and Bernard O'Connor of St. Mary's, Pa.

The wounded man was Henry Ludwig, 22, who was stopped and told to drive his taxicab to Sheepshead Bay, he had gone a block, he said, when his three passengers held him up, put him into the back seat and began driving leisurely through South Brooklyn, pausing now and then to rob a taxi driver, and throwing him into the back seat.

### Cab Crowded

When the victims numbered five and the cab was too crowded the robbers began throwing the men out one by one. By this time, police learned, they had \$200 in loot. When it came Ludwig's turn, he be threw out he protested and scuffled for a weapon, which wounded him in the chest, he said, when one of the holdup men pulled the trigger.

By this time 25 detectives were hunting the three and a general police alarm had been sounded. When the three held up Hugh Deshon, negro taxi driver, he made such an outcry a patrolman ran to the scene, and the gunmen drove off, two of them firing. They abandoned Ludwig's cab and appropriated another. But the policeman and Deshon gave chase and ran the robber car onto the curb on Brooklyn's Fifth street, wrecking both cars.

The youths were badly stunned in the collision and were captured. Police said they admitted they had come to New York as roustabouts seeking an easy living. They were said to have confessed to hold ups in half a dozen other cities.

## LEAGUE INTERESTED

Geneva, Nov. 29.—(AP)—League of Nations circles today hailed the decision of President Hoover to take the World Court protocol to Congress at once for action, which would permit the United States to adhere to the permanent court of international justice.

For some weeks observers here had been doubtful that the administration would undertake to push the protocol through the coming short session of Congress in view of pressing domestic responsibilities, but league supporters are deeply gratified at this evidence of the President's energetic interest in the move for adhesion.

The fight for ratification will be followed at the seat of the League of Nations in Geneva with great concern. It was felt here that the presence of Frank B. Keellogg's former secretary of state, on the World Court bench would influence American opinion favorably toward the court.

### To Co-operate

League officials said that everything in their power would be done to remove the technical difficulties in the way of American ratification. They will seek to expedite ratification by a number of states which for one reason or another have not yet recorded their final approval either for the United States adhesion protocol or of the revised statute protocol.

Apparently there is no objection in principle to either protocol except in the case of Cuba, which has not yet found it possible to accept the revision protocol. Cuban representatives at Geneva are searching diligently, it was said today, for some way to overcome a Cuban constitutional objection. The Cuban reiterating their wish not to obstruct American entry into the court. With regard to the United States adhesion protocol it is recalled here that Cuba is the only Latin American state which has ratified it.

Friends of the League of Nations and the World Court are very much pleased at the stand the American delegation recently took in the disarmament commission regarding the operation of the projected disarmament convention. Ambassador Gilman approved an article which the commission adopted, providing that any dispute arising out of the interpretation or application of the convention shall be submitted to the World Court or any other judicial or arbitral procedure in force between the contracting states.

## Washwoman's Big Mansion Is Filled by Society Folks

New York, Nov. 29.—(AP)—A fortune in furnishings accumulated through the negro's desire to take the kink out of his hair, is passing to the folks that put the marcel wave on a paying basis.

On the first of a three-day auction to dispose of the \$300,000 effects of the late Madame C. J. Walker, negro washwoman, who invented a hair-straightening tonic for her race and quit washing, \$10,000 was netted—mostly from white society women.

A twelve-piece, hand-carved mahogany bedroom suite brought \$500, a Flemish oak billiard table \$225, ten high back arm chairs in the same wood \$170, and luxurious Oriental rugs which Turkish kings are

WHEELER WOOLSEY MIGHTY STARS OF 'THE CUCKOOS' HALF SHOT AT SUNRISE

Sunday School Lesson

## Making Business Christian

The International Uniform Sunday School Lesson for Nov. 30. Making Business Christian. Luke 19:1-10.

BY WILLIAM E. GILROY, D. D.  
Editor of The Congregationalist

No better lesson upon the theme of "making business Christian" could be chosen than this story of Zacchaeus, for whatever interpretation we place upon the story Zacchaeus stands as a great example of the business man consecrating himself and his wealth to high Christian ends.

If Zacchaeus all along had been striving earnestly and faithfully to conduct his course honestly and fairly in a profession which was given over to extortion and dishonesty, that example strongly commends him.

Whereas, if Zacchaeus on the other hand had been unjust and extortionate the completeness of his readiness to make restitution marks in the surest and most definite way the sort of revolution that alone can establish Christian conditions where formerly conditions of selfishness and evil prevailed.

These two interpretations, it should be stated, have been placed upon the story as it reflects the character and former course of Zacchaeus. For the conception that Zacchaeus had all along been a man striving in an unpopular and morally dangerous calling to conduct himself honorably, the finest statement is to be found in a great sermon by Frederick W. Robertson of Brighton, on "Hindrances Overcome."

Tried to Live Right  
This great preacher of the last century in that brilliant and powerful sermon defends Zacchaeus against the imputations that have been made against his character. He represents him as a man who through his unpopular calling as tax-gatherer for the Romans, and possibly he in some other way, had become overwhelmed with evil reputation, yet who, in spite of that reputation and with all its overwhelming handicaps, had striven to live honestly and according to his best ideals.

There is much warrant for that representation, for if Zacchaeus had been a purposeful extortioner, he could hardly have restored fourfold the things that he had taken from the people dishonestly.

The natural conclusion would be that his very statement, "if I have taken anything from any man by false accusation," suggested that he was not conscious of having done so, but that if he had in any way overlooked any extortionate action, he had the strong purpose to make the matter right.

According to the Jewish law, the restoring four-fold of anything taken unjustly was the obligation of a thief, and Zacchaeus was facing the situation courageously and honestly by saying virtually, "if I have used my office for extortion, I have been a thief, and I restore the thief's portion."

Whatever interpretation we put upon the incident, the one striking thing is that Zacchaeus in his seeking of Jesus found the true triumph of all that was best in him. Whether

Text: Luke 19:1-10.

And Jesus entered and passed through Jericho. And, behold, there was a man named Zacchaeus, which was the chief among the publicans, and he was rich.

And he sought to see Jesus who he was; and could not for the press, because he was little of stature.

And he ran before, and climbed up into a sycamore tree to see him; for he was to pass that way.

And when Jesus came to that place, he looked up, and saw him, and said unto him, Zacchaeus, make haste, and come down; for today I must abide at thy house.

And he made haste, and came down, and received him joyfully. And when they saw it, they all murmured, saying, That he was gone to be guest with a man that is a sinner.

And Zacchaeus stood, and said unto the Lord: Behold, Lord, the half of my goods I give to the poor; and if I have taken anything from any man by false accusation, I restore him fourfold.

And Jesus said unto him: This day is salvation come to this house, forasmuch as he also is a son of Abraham.

For the Son of man is come to seek and to save that which was lost.

Jesus was vindicating the moral purpose that Zacchaeus had displayed all along and was bringing that former purpose to its supreme place, or whether Jesus in that moment beneath the tree brought to Zacchaeus the glorious vision of a transformed life, the resulting experience was all that Christian privilege can suggest. Zacchaeus, a man of small physical stature, stands forth as a man of giant-like proportions in his moral and religious life.

All Can Be Saved  
The salvation that Jesus brought to the house of Zacchaeus is the salvation that he can bring to every house and to every individual. The notion that business cannot be touched with righteousness and truth is economically as wrong and unsound as it is morally. More and more we are discovering that. This does not mean that there are not issues in business life where a man

has to choose very definitely between a right course of action and probable, or certain, economic loss. More than one individual has been compelled to make such crucial decisions, and it is no more true that the loss that men have been willing to accept for righteousness sake has had some corresponding economic gain than it is true that the way of the cross for Jesus was not a way of real loss.

What is true is that as in the case of the Master's going to the cross, so with every man who in business refuses even for the sake of gain to do something dishonest or dishonestable, there is something of the resurrection triumph. No gain can compensate for the loss of a man's self-respect or any gain in fortune for the death of his soul.

Some nations probably feel in sending aviators on goodwill tours that flight makes right.

## WHY THE LORD CAME

BY GEORGE HENRY DOLE.

International Sunday School Lesson Text, Nov. 30.

The Son of Man came to seek and to save that which was lost.—Luke 10:19.

The merciful attitude of the Lord toward mankind, even to the evil, is clearly revealed by His coming to seek and to save that which was lost. It may help us more clearly to see this relation of the Lord to mankind if we can think of some family where the children are and promising, "excepting one who has gone astray. In such a case the parents have the wayward child in mind far more than the others for whom they have no fears. The deepest concern, the greatest sacrifices, the heart-pains are for the one who has gone wrong. For him are the most fervent and searching prayers. The parents, as it were, leave the ninety and nine and go into the mountains to bring back the lost sheep. And if that forward child finds himself, and comes back to the true way, the rejoicing is greater than the joy over those who have been steadfast in right ways.

When the prodigal son was far off, the father went to meet him. He received his son not with rebuke and cutting words, but with a kiss. He arrayed him in fine apparel, and prepared a banquet for him. This is a true picture of the Lord's attitude

toward all sinners. Let us not be discouraged over our sins, nor mourn over them more than is necessary to lead to repentance, nor think that the Lord, because of our sins, is the less reluctant to take us back. Behold Him longing only that one return to righteousness. Behold Him as naught but mercy and love.

Scripture commends the fear of the Lord; yet we know that perfect love taketh away fear, and that fear is but the beginning of wisdom. The multitude is filled with fear when they watch one balancing himself on the top of a towering building. They fear that the performer will lose his balance and fall. That is what the fear of the Lord is. It is the fear that one lose his balance, and fall unto spiritual death. It really is not a fear of the Lord, but the fear of the effects of evil, if one fall. Man brings his own destruction by getting outside of the saving law of the Lord.

The Lord came to seek and to save that which was lost. He never saves anything to the contrary. His Spirit in us will lead us not to spurn the lost, but to seek them out and to save.

## CHURCHES

SOUTH METHODIST

Robert A. Colpitta, Minister

Doris M. Davis, Assistant.

At 10:40 tomorrow morning the pastor will preach on the subject, "The Absentee," using as his text Matthew 27:4. The vested choir will sing two numbers, "He Sendeth the Springs" by Waering and "23rd Psalm" by Schubert. Mr. McKinley will play Clara's "Melodie" for organ prelude.

The Church school will meet at 9:30 a. m. Last Sunday the school had a record attendance for the year, of four hundred and four. Both the Primary and Junior Departments had over one hundred pupils present. The Epworth League Cabinet will meet at 8:30 in the Beginners Room. At six o'clock tomorrow evening the league devotional service will be in charge of the Fourth Department, Wilfred Crossen will be the leader. Tomorrow is "Epworth Herald Day," and every leaguer is urged to renew his subscription to the "Epworth Herald."

The pastor will preach at the 7 o'clock evening service on "The Larger Christ." Mrs. Harold Symington will sing two solos "How Beautiful Upon the Mountains" and "Just for Today."

Notes  
Brownies meet Monday at four o'clock; the Girl Scouts will meet at seven o'clock on the same day. The Official Board will hold a special meeting, as voted at its last meeting, on Monday evening at 7:45. Tuesday the Boy Scouts meets at seven o'clock, and the Cecilia Club meets at 7:30. The Ladies Aid Society meets for sewing and business on Wednesday afternoon at 2:30. At 7:45 on Wednesday the Mid-Week service will be held. After the

devotional service, the group will go to the church auditorium and spend a half hour in the study of religious symbolism.

Church School Council meets Wednesday at 8:45 at the close of the Mid-Week service.

Friday at 7:30 p. m., the boys and girls of the Church school will give a recital, free and open to all of the parish and church.

Older Boys' conference meets at Bridgeport on December 5, 6 and 7. Connecticut Council Religious Education, annual meeting, on Saturday at 10:30 a. m., at New Britain.

Coming events: Thursday evening, December 11, sale by the Wesleyan Circle. Monday evening, December 15, Young People's Christmas party, Friday, December 19, play by the Girl Scouts.

METHODIST EPISCOPAL CHURCH

Marvin S. Stocking, Pastor

Tomorrow will be observed as "Every-Family-At-Church Day." There will be one service in the morning combining the Church school with worship. The bell will ring from 9:45 to 9:50, 10:00 to 10:05, 10:30 to 10:35 and 10:40 to 10:45.

The service will open in the several departments of the Church school as the bell ceases ringing at 10:05.

As the bell ceases tolling and the organ voluntary begins at 10:45 the school will join with the assembling congregation in this special worship service:

Hymn, "Lead On, O King Eternal, —"

Prayer by the congregation in unison.

Song by Primary and Beginner Departments.

Pastoral prayer followed by The Lord's Prayer.

Anthem by the choir. Responsive reading.

The Gloria Patri.

New Testament Lesson.

Offertory and Doxology.

Hymn, "Marching with the heroes" by Senior-Intermediate and Junior departments of the Church school.

Junior sermon, "The Screw In the Runner." Hymn, "Be strong! We are not here to play, to dream, to drift." Sermon, "The Shadow; Some Community Necessities." Benediction hymn, "May the grace of Christ our Saviour—"

Organ Postlude.

This service will close promptly at 11:45.

"Some Results of Reading," is the topic for discussion at the People's Service at 7:00. There is no sermon or address at these evening services, but everybody has a chance to speak. They are in every way the People's Services. Come and enjoy them.

The Week

The Booster banquet Monday night will be one of the outstanding important events in the life of the church. The plans for the alterations and improvements to be made on the church building will be shown, the method of financing explained and questions answered. There will be singing and short talks on various phases of the work. Walter Lydall of Hartford will preside. The campaign for funds will be made during the week and report made the following Sunday.

Tuesday at 2:30 at the Center Congregational church ladies parlors the W. T. C. U. will welcome all ladies interested to hear the reports of the recent National convention held in Houston, Texas. The speakers will be Mrs. L. St. C. Burr, delegate from Manchester, and Mrs. Quimby, Maine state president.

The Woman's Missionary societies will meet at 2:30 Wednesday with Mrs. W. D. Woodward, 121 Hollister street.

The girls' clubs meet Wednesday at 4:00 and the Boys' at 7:15.

PINK TABLE

Pale pink damask and black and silver centerpieces are a new table color scheme that is delectable and stylish.

## 'THE JACK KNIFE MAN'

ALL WELCOME

What boy wouldn't thrill at the gift of a pool table made just like the big ones. This one has rubber lined cushions, full set of balls, two cues, rack and chalk. Only \$7.95.

Every little girl hopes for a doll carriage on Xmas morn. Here at Keith's you'll find them in real abundance. The one sketched is offered in Sun Tan or Buff and sells for \$5.35.

Here's one of the many child's rockers we have to offer. It is made of closely woven fibre and has a cretonne covered seat. Only \$3.95.

For the little tot, this Buddy Bike will provide hours and hours of pleasure. It is strongly made and well balanced. Priced at \$3.50.

Thrills galore come with this new Sidewalk Bike. Has silent chain drive, coaster brake, mudguards and tool kit. A real luxurious toy. Only \$13.95.

(To right) A speedy flexible flyer that any child would be proud to own. Well constructed and finished. A real value at \$1.75.

Studying would be play to any youngster if he had a desk set like this all his very own. Includes roll top desk and chair in solid oak \$6.75.

A blackboard is an inexpensive and welcome gift. Opens into a desk and has movable picture roll at top. Last year we couldn't get enough of them. Come early for yours. Only \$2.95.

THE BOOK SURVEY

BY BRUCE CATTON NEA Service Writer

The literary world is teeming with authors who can take a mean and sordid story and use it to prove that life is a mean and sordid affair.

What Happened After Lady Godiva's Ride? In "Cinderella's Daughter," John Erskine is up to his old tricks again, taking old folk, tales and legends and building new structures on their roofs, so to speak.

A New Animal Story By Rudyard Kipling Rudyard Kipling has written another animal story for young people. It is called "The Servant-a-Dog."

TO EXAMINE CASINGS Washington, Nov. 29.—(AP)—Sausage casings imported from Russia, valued at between \$2,000,000 and \$3,000,000 annually, are to be brought under rigid examination after December 15.

BARUCH MANSION BURNS Georgetown, S. C., Nov. 29.—(AP)—For the second time within a year, the palatial home of Edward Baruch, New York financier, on his plantation near here, has been destroyed by fire.

NEW YORK'S DESCENT

Revelations made by a former prosecutor of the Women's Court in New York City, and later by a wretched South American stool pigeon employed by police to get evidence enabling them to "shake down" persons charged by them with violating the vice laws, have proven more shocking to the complacency of New Yorkers than all the other graft charges made against Tammany in many years.

As the persons making these revelations to the referee in the Appellate Division's investigation of minor courts stand in the position of confessing personal participation in the abominable practices they tell about, and inasmuch as it happens that the entirely separate confessions check exactly in several cases of arrest by vice squad officers, very few people will fail to believe that they are substantially true.

There had been a general impression throughout the country that while New York was probably grafted-in in many directions, some of them of recent invention, the great city was at least free from the utter sordidness and low down degradation of that period in the nineties, during the Strong administration, when the police preyed on the women of the streets shamelessly and by wholesale.

FOOTBALL There are potent signs that college football is about to undergo an important ethical change; that the professional coach will, in the not distant future, be a memory; that the "assisted" athlete will no longer be welcomed and supported on thinly disguised gratuities; that football will once more become a student's game and quit being a business.

SOVIET LUNACY It has been estimated that United States financiers and manufacturers have taken a chance on the Russian Soviet experiment to the extent of something like a hundred and seventy million dollars in long time credits and there are those who make the guess that before the five years program has been completed this country, unofficially and through its business element, will be interested in Russia to an amount three or four times the present investment.

It would appear probable that, if this situation continues to develop for a few years longer, there will be a very influential element in this country in favor of recognition of the Soviet Union by the United States government. Such recognition is probably as deeply desired by the Russian leaders as anything else, because of its inevitable effect

HOOPER ON RACKETEERS

When, in talking about racketeering, President Hoover said, "Any suggestion of increasing the federal criminal laws in general is a reflection on the sovereignty and stamina of state government," it was inevitable that every opponent of federal prohibition should leap at the opening.

Every once in a while we get a new proof that a sincere belief in federal prohibition is alien to the orderly mind of the President. There is such a proof in this opinion on racketeering. What is impossible to understand is why Mr. Hoover persists in permitting himself to be classified with the dregs when he has never yet said that he believed in federal prohibition and when his whole mental attitude is one of opposition to legislation of that general type.

IN NEW YORK New York, Nov. 29.—This is just to let the folks in Atwood, Colo., know that their home town boy, Herman Shumlin, has knocked 'em cold in the big city.

And here's a funny one fresh from the theater. It concerns several of the people who were connected with that particular gold mine, "Able's Irish Rose."

Perhaps you have wondered what happened to the performers in that place. Seemingly they had a life job. For a time it looked as though the players would leave the stage entrance finally in wheel chairs, with whisks trailing to the floor.

And here's one that might have wandered from an ancient notebook of the late O. Henry.

EXPERT DEMANDS A UNIFORM CODE

Head of Auto Association Writes Article On Need of Uniform Laws In Nation.

BY THOMAS P. HENRY American Automobile Association

Business men and business interests of the states, cities and towns are in a position just now to make a unique contribution to the economic well-being of this country. I refer to the removal of the existing divergencies and differences in the motor vehicle laws and regulations...

Model Ordinance This winter and next spring the legislatures of 44 states will convene in session and each of them will have access to the Uniform Code and Model Ordinance as a pattern for uniform legislation and control of travel and traffic on the streets and highways...

These losses and costs especially affect the vast army of 26,000,000 automobile owners in this country, and I wish to look at it from their standpoint. I refer to the average man or woman who drives an automobile on the streets and roads.

worse accident trends since their abolition. The other three acts of the Uniform Code, providing standards for the registration of motor vehicles, certificate of title laws, and licensing vehicle operators by mandatory examination and driving test, have been put into effect in part or in whole in a number of states. Yet there exists today as much diversity in different states in respect to their provisions as is found in traffic regulations and rules of the road.

Drivers Puzzled Under requirements that exist in towns and cities now, the motorist has no way of knowing what is expected of him. He may be arrested or suffer an accident at Centerville for doing the very thing that was mandatory upon him at Crossville.

What can be expected of uniformity in traffic administration and regulation? No one need indulge in the free and easy assumption that enforcement of the Uniform Code in every state, and of the Model Ordinance by every municipality, will wave a magician's wand to solve traffic troubles over-night.

It would encourage and facilitate motor touring, which involves an annual turn-over of about \$4,000,000,000 a year. It would make possible more extensive use of automobiles in cities, and increase the advantages and profits from automobile ownership.

MRS. HOOVER GUEST AT THE NAVY BALL

First Lady Escorted By Son Allan Attends Thanksgiving Day Affair At Capital.

Washington, Nov. 28.—(AP)—For the first time since entering the White House, Mrs. Herbert Hoover this week attended a ball—the annual dance given by the Navy Relief League.

The event, at which she was escorted by her son Allan, was the conclusion of an otherwise quiet observance of Thanksgiving day at the executive mansion.

Mr. and Mrs. Hoover again will be in the limelight when on Saturday afternoon, December 6, they attend a football game between the Coast Guard and the Marine Corps at Griffith Stadium.

precious ladies of the Cabinet and a few women from the diplomatic corps were asked. The younger members of the corps contributed some charming dolls dressed after the fashion of their own countries.

The President and Mrs. Hoover entertained this week the great pianist and Polish statesman, Paderewski and the notes from the piano in his suite floated through the old mansion. There are several pianos on the second floor of the White House, so an artist need not lack for a place to practice.

In the Roosevelt administration, Paderewski was invited to play in the east room and just before his arrival a messenger came carrying the artist's chair upon which he sat while playing. The chair was a simple one not much above the kitchen variety but he would use no other seat at the piano and so it followed him wherever he played.

SNOW IN MIDDLEWEST TEMPERS THE COLD SPELL

Chicago, Nov. 28.—(AP)—Snow, signaling a temporary truce in the cold wave's November raid into the middle west, was predicted for much of the area today along with moderate temperatures.

The Chicago Weather Bureau forecast indicated the probability for snow for the Great Lakes region, Minnesota, Iowa, parts of Nebraska, Missouri and Kansas, and possibly North Dakota. The western fringe of the plain states embracing the Dakotas, parts of Nebraska, western Iowa and western Kansas, however, was to remain under the dominion of the cold wave which sent sub-zero temperatures as far east as Alliance, O., where it was 3 below yesterday and an eastward movement of the cold was indicated again for tomorrow.

Casualties yesterday in the mid-west, attributed to the cold wave totaled nine. Ohio had two, Indiana one and Chicago six.

Eastern roads were reported cleared in Ohio and the air mail was resumed from Cleveland, after an interval of discontinuance from the mid-winter-like severity of the cold. Duluth, Minn., was the coldest spot in the United States yesterday with 12 below.

Eastern roads were reported cleared in Ohio and the air mail was resumed from Cleveland, after an interval of discontinuance from the mid-winter-like severity of the cold. Duluth, Minn., was the coldest spot in the United States yesterday with 12 below.

THE NEW CHEVROLET SIX

Strikingly beautiful, fleet and smart —a masterpiece of Fisher styling

In the entire field of modern coachcraft no symbol has come to mean more to the buyer of a motor car than Body by Fisher. And never has Fisher's superiority been more strikingly exemplified than in the beautiful new bodies of the Bigger and Better Chevrolet Six!

a new individuality. Interiors, too, are exceptional in every way. The new mohair and broadcloth upholstery is tailored with exceptional smartness. Seats are wider and deeper and more luxuriously cushioned. A deeper windshield and wider windows give better vision for both driver and passengers. And beautiful new hardware, of modern design, lends a final note of charm.

Working with the added advantage of a lengthened wheelbase, Fisher designers have been able to achieve in the new Chevrolet a degree of smartness, comfort and impressiveness hitherto considered exclusive to cars far higher in price.

Inside and out, scores of refinements stamp this car as a masterpiece of modern coachwork. Radiator, headlamps and tie-bar are artistically grouped to create an unusually attractive ensemble. Mouldings sweep back in a graceful, unbroken line to blend with the smart new body contours. And new colors lend

Many mechanical improvements have also been provided in the chassis of this Bigger and Better Six. Among these are a stronger frame; easier steering; a more durable clutch; a smoother transmission; and engine refinements which make the new Chevrolet a car you will be happy to drive—as well as proud to own.

AT NEW LOW PRICES

Fine as it is, the new Chevrolet Six now sells at lower prices—making the economy and satisfaction of Chevrolet ownership even more outstanding. We urge you to come in and see the Bigger and Better Chevrolet. Its modern design reflects the spirit of the times—and it represents a value which will command the interest of every buyer in the low-price field.

# Loosen Purse Strings Artist's Jobless Cure

### James Britton, Manchester's Portrait Painter, Suggests Peaceful Method of Re- storing the Circulation of Money in U. S.—A Novel Angle of the Topic Now Discussed On Every Hand.

EARLY this week the Herald man stopped in to see James Britton, the artist, who has been a resident of Manchester since last March and who is busy every day in his studio on Church street painting portraits and figure pictures.

Mr. Britton had been speaking about the exhibition of his pictures open to the public at the Hartford Woman's Club and had gotten on to the subject of art patronage. He launched into the subject of the enthusiastic appraisal of American art and proceeded to tell how art would come to the rescue of the country, now admittedly in a state of depression.

Playing False  
"My idea of the real trouble in the United States today," said Mr. Britton, "is that too many people are playing false. In my profession as an artist I come in contact with a great many people of wealth. It is my observation that a great many people of wealth put themselves to a good deal of trouble to misrepresent their circumstances. They make a study of covering up their wealth."

"In normal times the tight-wad is a rather amusing creature, but in hard times like the present he assumes an aspect little better than that of a thief."  
"These tight-wads should be forced to loosen up and turn a certain percentage of their heavy surplus into legitimate channels of trade. For instance, some Americans in their knees where they spend so much of their time worshipping the Great God Greed, and cajoled into producing the keys of their strong boxes."

SUGGESTS NEW METHOD  
IN LOOSENING UP  
"YES, I will admit," continued Mr. Britton, "that the great difficulty in this 'loosening up' process would be experienced without having resources to that time-honored old battle cry, 'Money or your life!' Let me suggest a peaceful and harmless method."

"Let it be done by art—by the Art of Literature. Let the writing men begin and never let up until the stream of gold flows sufficiently to restore all the industry to their former prosperous grind; until every worker is reinstated at his bench of labor. Put them to shame. Shame will do it. Shame will release the surplus from the tight coffers. The press must point the finger."

Power of Art  
The Herald man suggested to Mr. Britton after looking over the many beautiful pictures in the studio of the Church street home that there was an invisible power in art.

"Yes, indeed," replied Mr. Britton, "the pen is still mightier than the sword. Even in portraiture there is an unseen power that grips the people in some instances. I could tell you many interesting stories in this connection. I'll confine myself to one that bears slightly on the matter of unemployment."  
"Several years ago I painted a portrait of a man who had become quite a worry to his relatives because of his distaste for work."  
"The picture was not a commission as neither the subject or his relatives were in circumstances permitting the purchase of paintings. The man had fallen into contempt because of his indolence and really seemed quite hopeless."  
"I decided to put him to the task of sitting, near the idea of giving him something to do and partly because he was a picturesque subject. The sittings were quite a tax on his endurance but he bore up like a soldier. From day to day I could see him as often the unwelcome serious. He would stand looking at the unfinished picture and shake his head sadly. He complimented me on the work and said when it was finished that I had turned him inside out. He had been revealed to himself!"

"As soon as I was through with the picture, he sought employment and found it, becoming a successful man of business. I cite this case to show how art in all its branches can exert a decided influence for good."

## World Affairs Are Discussed By Manchester Artist Today.

Is the United States going to smash?  
Is the most prosperous Nation in the World a failure?  
Is the citizenship of the Nation riddled with degeneracy?  
Are the people of the United States the biggest hypocrites in the world—the sharpest tricksters—the loudest boasters—the meanest snobs?  
Is not the government—Federal, State and Municipal—the most corrupt in the world?  
Is not the crime of murder so rife in the United States that it has become almost an industry, murder by gunplay, by speed mania on the highways, by the process of commercial freezout?

Such are the questions being asked today all over the world concerning us—the Nation that shot up in a hundred and fifty years to dizzy heights of prosperity and suddenly went—CRASH!

Where are the prophets that were hooted down a few years ago when they warned the United States that the fate of Imperial Rome awaited us? Bring out the soothsayers and let them tell what the future still holds.

THE LAND OF THE DOLLAR IS ON THE RUN!  
Will it slide entirely off the rim of the Earth or is it just merely taking its morning exercise?  
These are some of the things that James Britton, noted Manchester artist attempts to solve in today's feature story.

Discusses Art  
The sum total of money spent by Americans for foreign art and by Americans in foreign travel is sufficient to restore American enterprises to prosperity.

"When I say that art can accomplish a cure for this evil tendency I use the term in the widest sense. Those who write can do much to right the condition by using the power of satire. The tight-wad should be ridiculed into an understanding of his culpable position and the snob who in times of National stress makes a flash of his money by the enrichment of foreign interests should likewise be put to shame."

"I don't like to scold—I would much rather praise people, but times are out of joint and must be set back in the proper groove—even if it takes some severe jolts to do it."

Advances Art  
The attendance competition among the six squads which ended with the last drill this month was won by the fifth squad under the leadership of Corporal Frank Vittulo. Prizes for the members of the squad will be awarded at some time in the near future.

Company G  
Company G will resume drills Monday after a respite due to the Meriden and Armistice Day drills which gave the boys a night off in each instance as each formation took the place of the regular drills. Payrolls have been made out, signed and forwarded to the State Armory, Hartford. Paychecks are expected Monday night, December 8.

## DR. KNAPP'S GROUP LEADS IN CANVASS

### Mrs. George Cheney's Team Gathers Most Member- ships For Red Cross Drive

The section of Manchester west of Main street and north to Middle Turnpike contributed over half of the total amount of \$2,440.60 raised by the local Red Cross drive for membership, which ended officially Thanksgiving Day, according to figures released today. This territory was canvassed by Division No. 3 under the leadership of Dr. Robert P. Knapp for contributions totalling \$1,262.25. Of this amount nearly two-thirds was obtained by the team captained by Mrs. George Cheney, the figure being \$836.

Memberships continue to trickle into the headquarters at the Chamber of Commerce but will not add materially to the total announced. The result of the house to house canvass as reported by each of the twelve teams under their respective divisions follows: Division No. 1, Mrs. Charles Strickland, leader, canvassing the territory north of Middle Turnpike; captains, Mrs. James Shearer, \$22.50; Mrs. Frank Williams, \$56.88; Hayden L. Griswold, \$171.25; Karl Keller, \$79.25, a total of \$329.95.

Division No. 2, Mrs. Stephen C. Hale, leader, canvassing territory east of Main street and north to Middle Turnpike; captains, Mrs. C. Ely Rogers, \$109.00; Mrs. T. E. Broonan, \$127.15; Mrs. W. R. Mitchell, \$199.10; Mrs. Burt Andrews, \$214.85, a total of \$650.10.

Division No. 3, Mrs. George Cheney, leader, canvassing the territory north of Middle Turnpike; captains, Mrs. James Shearer, \$22.50; Mrs. Frank Williams, \$56.88; Hayden L. Griswold, \$171.25; Karl Keller, \$79.25, a total of \$329.95.

Division No. 4, Mrs. Stephen C. Hale, leader, canvassing territory east of Main street and north to Middle Turnpike; captains, Mrs. C. Ely Rogers, \$109.00; Mrs. T. E. Broonan, \$127.15; Mrs. W. R. Mitchell, \$199.10; Mrs. Burt Andrews, \$214.85, a total of \$650.10.

Division No. 5, Mrs. Stephen C. Hale, leader, canvassing territory east of Main street and north to Middle Turnpike; captains, Mrs. C. Ely Rogers, \$109.00; Mrs. T. E. Broonan, \$127.15; Mrs. W. R. Mitchell, \$199.10; Mrs. Burt Andrews, \$214.85, a total of \$650.10.

AUTO DRIVER HELD  
New Britain, Nov. 29.—(AP)—Matthew Skinger, 30, of 120 Smith street, was charged with manslaughter in Police Court today as the result of the death of his sister-in-law, Miss Stella Sadowski, 19, of 33 Smith street, last night when the auto Skinger was driving overturned on East street. His case was continued to December 4 and he was held under \$1,000 bond.  
Skinger was driving in the direction of Hartford about 10 o'clock. In the car with him were his wife, Miss Sadowski and Mr. and Mrs. Emory Alford, 21 Ashley street, Hartford. Skinger admitted the control of the car when he was blinded by headlights of an approaching automobile. The car overturned and Miss Sadowski was instantly killed. The others were treated at the New Britain hospital for bruises. Police claim that marks on the highway indicate that Skinger was driving at a fast rate.

FILM BAN REMOVED  
Berlin, Nov. 29.—(AP)—Despite a protest by the defense ministry the American cinema, "All Quiet on the Western Front," has been approved for display in Germany by the censorship board. Its premiere will occur Dec. 4. The defense ministry's expert had claimed that the film casts aspersions on the German Army hence on the Reich.

RIOTS IN BERLIN  
Berlin, Nov. 29.—(AP)—Three National Socialists (Nazis) and four Communists were injured and sent to hospital during a brawl here last night between the Hitler young people's organization, meeting in a restaurant hall, and Communists who broke up the meeting. Furniture in the hall was demolished.

# BUILDERS and HOME OWNERS PAGE

## A STEEP ROOFED ENGLISH COTTAGE

**EDITOR'S NOTE:** A "port-folio of 101 Small Homes" by R. C. Hunter, Architect, is offered to readers for \$2.50. Send check or money order to the Building Editor.

This simple English Cottage finds its charm in the proportions of the roof, the massive brick chimney and the interesting entrance porch on which there is just enough detail to complete the composition.

shows a variation from the usual plan; a combination living room and sun room which could also be appropriately used as a dining room, an extra first floor room which serves as a den, office or bed room as desired, a pleasant dining alcove and a convenient kitchen completes the first floor arrangement.

The roof is of shingles in variegated shades of reds and browns. The windows are stolid steel casements without the usual interior wood trim.

## LIGHT FIXTURES FOR ELECTRICITY DROP OLD FORMS

### Candle and Oil Lamp Type Give Way To Shields of Mica, Paper and Catalin.

By HENRY S. HAGERT

The last few years have seen a great change and a marked improvement in the design and craftsmanship of residential lighting fixtures. The interest of the public has been aroused not only to the practical advantages of electric lighting but to its esthetic possibilities.

Whereas formerly little thought was given to this most important problem by the average home builder, today we are witnessing an interest even among owners of the most modest homes.

The architectural profession has taken the lead in this new movement. Today we find architects planning not only the location but the design of lighting fixtures, even before the contract is signed.

They have learned that to leave this important matter until the home is nearly finished results in the hurried selection of inappropriate units which have a very detrimental effect upon the appearance of the work both within and without.

Trend Is Toward New Forms A badly made lantern, out of scale, of bad proportions and not in character with the house will have a disastrous effect upon a well planned room, and many a beautiful room has been spoiled by introducing cheap and unsightly brackets.

will be used for entertaining, but the residence loses much in charm if we endeavor to light it too brilliantly.

Next in importance probably is the scale of the fixture. This naturally depends upon the size of the room to be lighted, but we should also consider the proportions of the fixtures, which are governed by the shape of the room.

A logical plan of procedure should be adopted to assure the best possible fixture installation. The tendency is growing among the best architects to set aside an adequate allowance for this work at the time the contract is signed.

This service all good designers gladly give without obligation to the architect. Preliminary studies of the designs may be made at this time to be developed later for the owner's approval.

## FIVE YEAR EXPLORATION OF ASIA STARTS SOON

Shanghai, Nov. 29.—(AP.)—A five-year exploration of the mountains of Szechwan province for study of little known animal life will be started Sunday by F. T. Smith of Long Island, N. Y., representing the Field Museum of Chicago.

Smith will be the only white man in the expedition. Five others will be Chinese taxidermists and photographers. Native hunters and trappers will be employed within the wilds of Szechwan.

The object was to study distribution of fauna over southeastern Asia, the first undertaking of its kind ever attempted.

## SEN. HARRISON URGES UNEMPLOYMENT ACTION

Washington, Nov. 29.—(AP.)—Immediate action on unemployment legislation was demanded today by Senator Harrison, Democrat, of Mississippi, who concurred with the party leaders in voicing opposition to any movement to force an extra session.

Harrison also proposed that votes be permitted on the legislative program advanced by the Republican Independents, including the Muscle Shoals measure and a constitutional amendment to change the short sessions meeting time of Congress.

As ranking Democrat of the finance committee, Harrison suggested that the amount of the sinking fund set aside each year for public debt retirement be decreased, with provision for retirement of the debt over a longer period.

## Help Keep Manchester a Model Community

Manchester has the reputation for being a city of attractive homes. We have helped to make and keep many of these homes looking good through the medium of paint.

When your house needs painting let us know. We will give you a satisfactory job at a very reasonable price.

Painting and Decorating Contractor.  
699 Main St., South Manchester

## Curtain and Coverlet Ensemble

The quaint charm of this early American bedroom is accentuated by its net curtains and harmonizing coverlet reproducing the sampler figures.

Decorative unity between bed-spread and window curtains is this year's style development in bedroom furnishing.

If the spread and overdrapes are flowered chintz or cretonne, a floral motif is an appropriate selection for Milady's glass curtains.

With the vogue for furnishing in periods such as the Colonial, Georgian, French, and other "schools," new designs in net curtains and harmonizing coverlets are keeping pace and patterns authentically styled to period rooms are appearing.

For the bedroom in the early American manner, there are Colonial net curtains, reproducing sampler figures typical of the "raught" needlework of old, and created especially to companion them are coverlets designed in pastel colorings.

The woman clever with her needle can carry her bedroom ensemble still further by copying these designs for dresser-scarf and runners. Other designs are drawn from the hand-blocked patterns or simulate tufted candlewick spreads.

In tune with the more elaborate English-style of furnishing, there are spreads which carry rich embroidery designs on a natural background. These spreads are reminiscent of the embroideries on linen popular in the early 18th century, and harmonize with new Georgian designs in net curtains, which also find their inspiration in needlepoint and embroidery motifs.

The coverlet should harmonize with, rather than match, the curtain according to general preference.

## MULROONEY TRANSFERS DETECTIVES IN N. Y.

New York, Nov. 29.—(AP.)—Six plain clothes men and one detective of the New York Police Department, accused of complicity in a vice extortion ring in testimony before an Appellate Court inquiry into City Magistrates' Courts, were transferred today by Commissioner Mulrooney.

He sent all seven to patrol duty in outlying precincts and promised that departmental charges would be brought against them if sufficient evidence was developed.

The commissioner said the seven transfers and demotions marked "only the beginning." He began today a study of testimony given before the inquiry, at which witnesses said police had arrested innocent women on immorality charges and made possible their mulcting by lawyers and bondsmen.

They transferred today are John T. Drake, detective on an inspector's staff; John J. Glenn, John F. McHugh, John J. Stiglan, George F. Merz, John J. Quinlivan and William M. O'Connor.

## CITIES NEED MORE GARAGES. PLANNING FOUNDATION SAYS

Erection of more and bigger garages in and around congested business centers, either by the encouragement of private capital or by the municipality itself as a justifiable public service enterprise, is emphasized by the Planning Foundation of America as a means of immediate motor traffic relief.

The suggestion is the result of a survey which the planning foundation has made on traffic and parking conditions in sixty-five representative American cities. Total population of the cities is estimated at 26,770,968; total motor vehicle registration, 5,849,322; centrally located garages, 625; suburban located garages, 72; municipally operated garages, 8. These totals give an average of one centrally located garage for every 2,180 city registered cars. A committee and suburban motor vehicles were not included in the summary.

## A COMPACT HOME FOR "AVERAGE FAMILY"

BY CORA W. WILSON

Home planning should be considered from three points of view: utility, beauty and economy. Utility includes the saving of time and space, and practicability and convenience. Beauty comprises good design. Economy includes small cube and no waste.

The house pictured here is of English architecture. The floor plans show a design that is unusually compact, for as a rule English architecture is rambling.

One enters into a good sized vestibule with a coat case and proceeds into a large living room. The main details of this lovely room are the heavy oak-beamed ceiling, rough plastered walls and a well-built, large stone fireplace. Here, above the fireplace, is a heavy oak shelf, flanked by built-in seats, with open book cases above.

Dining Nook Is Feature On one end of this living room is a dining nook with ten casement windows, which will afford a view of the garden. Leading off the living room is a stone flagged pergola.

A large pantry separates this part of the house from a kitchen where every modern improvement is installed. Three nice sized closets are in the kitchen. A back entry is an added feature.

A nice sized bedroom and tiled bath also are on this lower floor so that a small family could, if desired, leave the second floor unfinished until more money could be spent or until the family increased.

For those who do need more rooms, an oak stairway of circular design leads to the second floor, where there are two large bedrooms, separated by a small hall. Here a tiled bath is placed and is accessible to both rooms.

Three closets with large storage space also are on this floor. The house is only 41 feet wide and so does not need a very large lot. The cubic content is only 30,000 cubic feet.

For further information and cost estimate, write to Mrs. Cora W. Wilson, 420 Madison Avenue, New York City, enclosing this clipping.

## AIR COMPRESSOR FORCES WATER TO HOUSE FIXTURES System, Giving Supply As Needed From Well, Runs By Gas Or Electric Engine.

BY WILLIAM HARMON BEERS

Since the compression water tank system was invented, another system has been evolved which does away with the combination air-water tank altogether. In this system an air compressor is located in the basement of the house or in an outbuilding, and the pumping apparatus is located right at the well.

This water is forced as wanted, directly from the well to fixtures instead of being stored in a compression tank. The air compressor in these systems is usually operated by power (electric or gas engine), air being compressed until high pressure is obtained, and this compressed air being forced through a pipe to the apparatus in the well.

At the well is a sort of hydraulic ram or injector which, so long as the air pressure is sufficient, delivers water under satisfactory pressure to the house fixtures. When an electric air compressor is used the entire process is automatic, but when a gas engine is used the process is voluntary, the engine being run for a few hours several times a week, according to the capacity of the outfit and amount of water required.

Gas Heaters Widely Used Of gas water-heating apparatus, the "instantaneous heater" was one of the first devices, and it continues to be used in many houses throughout the country.

In an instantaneous heater cold water flows slowly through a coil of pipe (usually of brass, bronze, copper, or other conductive metal) which comes in contact with a gas flame. After cold water is turned on and the gas burner is lighted, hot water flows almost instantly from the heater. Thus cold water entering one end of the coil, comes out hot at the other end. A very practical place to put the instantaneous heater is in the bathroom against the wall, arranged so that one end of the hot water flow pipe extends over bathtub and wash bowl.

Pilot Light Utilized To operate this type of heater a pilot light at the side is lighted, and by means of a handle is swung into position over the burner which it ignites. Water is not maintained hot constantly, but is heated only when wanted.

When a gas apparatus of this sort is used in the bathroom (or any other room, in fact) a flue should be connected with the combustion chamber to conduct poisonous vapors from the gas flame to the outside air. Persons have been asphyxiated by shutting themselves up in a small room in which an unventilated gas apparatus was burning.

Ventilation Simple Ventilation is easily accomplished by extending a small galvanized iron or nickelplated tube from the gas combustion chamber to a chimney. If there is no chimney, ordinary galvanized iron spouting such as is used to carry water from the roof to the ground, can extend through a partition, and project above the roof.

There is very little heat from a gas flame after it has been used for heating water in a coil, the only thing necessary being to carry off poisonous gases. However, it is customary to wrap such a ventilating pipe, when it extends through a partition, with asbestos paper, and all joints should be soldered tight.

## MOTOR CO. BANKRUPT

New York, Nov. 29.—(AP.)—A voluntary petition in bankruptcy was filed in Federal Court today by New Era Motors, Inc., listing liabilities of \$855,076 and assets of \$317,793.

Principal creditors were given as A. M. Andrews Investment Corporation, which is owed \$293,529 and Ashton and Russell of Chicago, \$150,000, represented by a suit for alleged breach of contract not yet brought to trial.

Principal assets were listed as stock in Moon Motor Car Company, to which it released patents for a front wheel drive car last January, and notes from stock in the Kissel Motor Car Co.

New Era Motors manufactures automobiles and licenses others to use its patents.

## SUES HIS BROTHER

New Britain, Nov. 29.—(AP.)—Marcellus J. Gerdis of Newington today filed suit for \$85,000 against his brother, John J. Gerdis, Margaret M. Gerdis, John Pustell and the Gerdis Corporation, Inc., all of this city, alleging a conspiracy to cheat him in connection with the manufacture and sale of an auto headlight indicator. The plaintiff also seeks an injunction to restrain the corporation from manufacturing the article.

He alleges that he spent \$20,000 advertising the indicator since 1924 and that during his absence from the state in 1928, the individuals named in the suit incorporated to prevent his sharing in the profits.

## Everything In Lumber and Masons' Supplies For Your New Home

When you place the contract for your new house specify that materials shall be bought from our yard. You will find that we can fill the contract to your satisfaction in every respect.

We have recently constructed sheds that enclose our entire stock of lumber including frame, siding and roofers. This means the contractor gets dry lumber here—no warped pieces.

ESTABLISHED 1906

# Murder At Bridge

by ANNE AUSTIN author of "THE BLACK PIGEON," "THE AVENGING PARROT" and "MURDER BACKSTAIRS" ©1930 BY NEA SERVICE, INC.

**BEGIN HERE TODAY**

JUANITA SELIM is murdered at her dressing table during a bridge party. After learning what happened in the early afternoon, BONNIE DUNDEE orders everyone present to take the places they held from the dealing of the "death hand" until the discovery of the body. PENNY CRAIG, the district attorney's secretary; KAREN MARSHALL, who found the body, and CAROLYN DRAKE are the bridge players. LOIS DUNLAP, Nita's only woman friend, stands beside their table. FLORA MILES, who left the room before the "death hand" goes out to the telephone in the foyer outside Nita's bedroom. POLLY BEALE goes out to the solarium, meeting her fiancé, CLIVE HAMMOND.

They start to play the hand, with Karen as declarer, and Penny acting as Nita, Karen's partner. Karen gets the bid for six spades, and after Penny, as Nita finishes laying down her cards, TRACEY MILES, Flora's husband, comes in. Penny jumps up and asks Tracey to make cocktails, and goes to the bedroom. Dundee makes a note of the time. JUDGE MARSHALL comes in and gives his wife advice. JOHN DRAKE, Carolyn's husband, comes in angrily, protesting this grisly farce.

**NOW GO ON WITH THE STORY**

CHAPTER IX

Before Drake had reached his side, she came plain upon his stern, rather ascetic features. Dundee had taken a hasty glance at the watch cupped in his palm, noted the exact minute and second of the interruption. Time out! "One moment, Mr. Drake," he said calmly. "I quite agree with you—from your viewpoint. What mine is, you can't be expected to know. But believe me when I say that I cannot afford to let the investigation of the murder of Mrs. Selim at this particular bridge hand, with all its attending remarks, the usual bickering, and its interruptions of arriving male guests for cocktails, be played out, exactly as it was this afternoon. I thought I had made myself clear before. If you don't wish me to believe that you have something to conceal by refusing to take part in a rather grisly game—

"Certainly I have nothing to conceal!" John C. Drake, banker, snorted angrily.

"Then please bow as graciously as possible to necessity," Dundee urged without rancor. "And may I ask before we go on, if you made your entrance at this time, and the facts of your arrival?"

Drake considered a moment, gnawing a thin upper lip. Heads of great food on his high, narrow forehead.

"I walked over from the Country Club, after 18 holes of golf with your superior, the district attorney," Drake answered with nasty emphasis. "I left the clubhouse at 5:10, calculating that it would take me about 20 minutes for the walk of—of about a mile."

Dundee made a mental note to find out exactly how far from this lonely house in Primrose Meadows the Country Club actually was, but his next question was along another line:

"You walked, Mr. Drake?—after 18 holes of golf on a warm day?"

Drake's pale, narrow face flushed. "My wife had the car. I had driven out with Mr. Sanderson, but he was called away by a long distance message. I lingered at the club for awhile, chatting and—er—having a cool drink or two, then I set out afoot."

"I see," said Dundee thoughtfully. "Now as to your arrival here—

"I walked over from the Country Club, after 18 holes of golf with your superior, the district attorney," Drake answered with nasty emphasis. "I left the clubhouse at 5:10, calculating that it would take me about 20 minutes for the walk of—of about a mile."

Dundee made a mental note to find out exactly how far from this lonely house in Primrose Meadows the Country Club actually was, but his next question was along another line:

"You walked, Mr. Drake?—after 18 holes of golf on a warm day?"

mind: Why had Drake, certainly not a strong-looking man, or one given to excessive exercise, have chosen to walk? And why had it taken him from 5:10 to approximately 5:33 to walk a mile or less? The average walker, and especially one accustomed to playing golf, could easily have covered a mile in 15 minutes.

With head up aggressively, Drake was undoubtedly making an effort to throw himself into the role—or perhaps into a role chosen on the spot.

"Where's everybody?" he called from the doorway. "Am I early?"

"Don't interrupt, please, dear," Carolyn Drake answered, her voice trembling now, where before it must have been sharp and querulous.

"You asked no questions, Mrs. Drake?" Dundee interpolated.

The banker flushed again. "I—yes, I believe I did, Carolyn—Mrs. Drake—explained that Karen was playing for a little slam in spades, and that she had doubted—on principle," he added acidly.

"And when I told you that Karen had redoubled and it looked as if she was going to make it," Carolyn Drake whimpers and shifted her short, stout body in the little bridge chair, "you said—why not tell the truth?—you said it was just like me and I might as well take to tattling at bridge parties."

"That was said jokingly, my dear," Drake retorted with coldness that tried to be warmth.

"Play bridge!" Dundee commanded, sure that the approximate length of the previous dispute had not been taken into whatever report Carolyn Drake had made. Then he checked himself, again looking at his watch: "And just what did you answer to your husband's little joke, Mrs. Drake?"

"The woman looked helplessly around the table, her slate-colored eyes reddening with tears, then she plunged recklessly, after a fearful look at Dundee's implacable face.

"I said that if it was Nita he was talking to, he wouldn't speak in—in that tone; that she could make all the foolish errors of over-bidding or revoking or doubling that she wanted to add he wouldn't say a word except to praise her."

"Then I may as well confess," Drake said acidly, "that I answered substantially as follows: 'Nita, my dear, is an intelligent bridge player.'"

Now make the most of this little family tiff, sir—and be damned to you!"

"Did that end the little scene, Mrs. Drake?" Dundee asked gently.

"Yes, I—I—just cried a little, but I kept on playing. And Johnny—Mr. Drake—went away, walking up and down the room, waiting for Nita to come back, I suppose."

"Then go on with the game," Dundee ordered curtly.

Silently now, as silently as the real game must have been played, because of the embarrassing scene between husband and wife, the sinister game was carried to its conclusion. Karen led the king of hearts from the dummy. Penny played her seven. Karen contributed her own dummy, and Mrs. Drake followed suit with the five.

Again Karen led from the dummy, with the four of hearts, followed by Penny's nine, the 10 from the dealer's hand, and the five of clubs from Mrs. Drake. Having taken the trick with her 10 of hearts, Carolyn Drake discarded the six of clubs, dummy the eight of hearts, and Penny the three of clubs.

How much did I—I mean—Nita and I make, Penny?

Penny's pencil was already busy at a pretense of figuring. "Plenty! . . . I'd like to know, Carolyn, if it isn't one of your most cherished secrets, what, you thought you had to double on?"

Carolyn Drake bridled and protested feebly. "I thought of course I could take two club tricks, with my ace and king—"

"Oh, well," Penny figuratively flung up her hands, though she continued to make a pretense of totting up the score, while Karen, who had risen, stood over her like a bird poised for flight.

At that instant Dexter Sprague began to advance into the room, Janet Raymond at his side, her face flaming.

"Behave exactly as you did before!" Dundee commanded in a harsh whisper. No time for cooing these people now!

Dexter Sprague's face took on a yellow tinge, but he obeyed.

"Greetings!" he called out in the jaunty, over-cordial tones of a man who knows himself not too weak.

"Where's Nita?—and everybody?—I want that cocktail shaker I hear?"

Having received no answer from anyone present, Sprague stroled through the living room and on into the dining room, Janet following. Judge Marshall had nodded stiffly, and John C. Drake had muttered the semblance of a greeting.

"Were they all overdoing it a bit—this reacting of their hostility to the sole remaining outsider of their compact little group?" Dundee stroked his chin thoughtfully.

But Penny was saying in her abrupt, husky voice: "Above the line, 1250 below the line 720, making a total of 1970 on this hand, Karen."

"Won't Nita be glad?" Karen gasped, then began to run tottering, calling: "Nita! Nita! But in the hall she collapsed, shuddering, crying in a child's whimper: 'No, no, I—I can't—go in there—'"

(To Be Continued)

**Manchesters' Needy Cases**

CASE NO. 12

There are three children in the home of Case No. 12 who mourn for their father while the worn mother leans on a sick bed. There is not much comfort or inspiration for children in a situation like this. Still they must carry on and try to outlive these early trials.

The winter salad fills an important place in the menu. It must supply bulk to a diet apt to be made up of rich and "concentrated" foods. It also must furnish salts and vitamins and maintain the proper balance of the diet. Its contrasting flavor and texture, as well as its attractive appearance, are worthwhile qualities that deserve consideration.

There is a peculiar wrench on the heart strings when one sees little children, barefooted and scantily clothed utterly ignorant of the whole scheme of existence. Obey that impulse and do your bit to help some poor child today.

## WHAT New York IS WEARING

By ANNEBELLE WORTHINGTON

Illustrated Dressmaking Lesson Furnished with Every Pattern

If you were a girl in your teens, you'd adore this snappy model with such a grown-up air.

It's so straight and slim with gracefully swinging hem.

Bone buttons from neck to hem add further distinction to this scarlet red wool jersey coat frock. The white pique collar and cuffs show stitching in red.

It's decidedly practical and up-to-the-minute.

Style No. 2849 is designed for the miss of 8, 10, 12 and 14 years.

Covert cloth is smart in dark brown with tan pique. Or maybe, you'd prefer monochrome tweed in green diagonal mixture. The same bodice sections, both front and back, could be cut crosswise, creating a very smart effect.

Size 8 requires 2 1/2 yards 39-inch with 1/2 yard 35-inch contrasting. Our large Fashion Book shows how to dress up to the minute at very little expense. It contains most attractive Paris designs for adults and children, embroidery, Xmas suggestions, etc. to fill in the size of the pattern. Send stamps or coin (coin preferred).

Price of book 10 cents. Price of pattern 15 cents.

**Manchester Herald Pattern Service**

2849

For a Herald pattern of the model illustrated, send 15c in stamps or coin directly to Fashion Bureau, Manchester Evening Herald, Fifth Avenue and 29th Street, New York City.

Price 15 Cents

**SHOE SHINES**

All new calfskin or kid shoes should be shined, before wearing. Cream polish can be used or ordinary cake polish. The shine keeps them uniform color when they commence to get soiled.

**SISTER MARY'S KITCHEN**

BY SISTER MARY

Many housekeepers find the winter salad question quite perplexing. The necessity of serving uncooked food is clearly realized, but the requisite of a hearty and head lifting becomes the standby.

The winter salad fills an important place in the menu. It must supply bulk to a diet apt to be made up of rich and "concentrated" foods. It also must furnish salts and vitamins and maintain the proper balance of the diet. Its contrasting flavor and texture, as well as its attractive appearance, are worthwhile qualities that deserve consideration.

Hearty salads of meat, fish and eggs usually are wanted for special occasions and seldom find a place in the regular menu; but cream cheese, nuts, peanut butter, dried fruits, canned fruits, fresh fruits, canned and fresh vegetables and combinations are suitable and appetizing for winter salads. Most of them always are available.

Tomato jelly is an excellent substitute for fresh tomatoes. Its bright red color makes it particularly desirable for the holiday season if a party luncheon or dinner salad is wanted. The trick of scooping out the center of individual molds of clear jelly and filling the center with extra material is particularly desirable. Any mixture that would be used for fresh tomatoes can be used for the filling.

**Attractive Combinations**

Jellied beef salad also is of a pretty red color. Combined with shredded white cabbage, a most attractive red and white salad is made. To make a vivid red and green salad, choose the greenest leaves of lettuce, shred them and use as a nest for individual molds of jellied beef.

Bright and eye-catching, carefully washed and polished, make a gay salad cut petal fashion almost to the blossom end. The core is carefully removed and the cavity filled with any preferred combination of moistened with salad dressing. The petals must be cut narrow enough to make the salad easy to eat.

Too often when lettuce is used only for the salad green—as a bed for some salad mixture—it is not eaten and is a waste of money as well as food. Lettuce rolls, an arrangement in which the salad mixture is rolled in a lettuce leaf, insure against this waste. Shredded lettuce and the tiny leaves from the heart of head lettuce can be combined with other salad material to good advantage. This makes sure of some of the valuable vitamins being eaten, even if the bed is left untouched.

**MARRIED 75 YEARS**

Pulaski, N. Y., Nov. 29.—(A.P.)—Mr. and Mrs. William Morton of Selkirk, aged 92 and 90, respectively, today looked back over 75 years of married life, dating from the day after Thanksgiving, back in 1855.

With their sons, Alamo, 70; Dennis, 73; and William, 83, and the wives and sons of these about them, the couple gave thanks for a continuance of general well being. Mr. Morton for years was a "fresh water sailor" on the Great Lakes.

Mrs. Morton recalled that her family journeyed from Munson, Vermont, to Whitehall in this state by team, took a canal boat to Rome and finished the trip to Richland in the fastest conveyance available, a cat-fish boat.

## YOUR CHILDREN

By OLIVE ROBERTS BARTON

In these days of small families selfishness is having a bumper crop of victims. For there is nothing more conducive to self-interest in a child than to have no competition for the attentions of his elders, and no one with whom to divide his favors.

Even if those adoring ones are of the sensible class that tries every means in its power to keep the youngsters from being spoiled, in many respects such training is absolutely beyond their power.

Home life in the old days was a small world. Duties were multiple and varied and each of the half dozen youngsters had his responsibilities. We know now that this old type of home with its wholesome tax or small muscles, its opportunities for developing normal reactions to other children, its varied and extensive community of interests, was an influence in the life of every child that cannot be matched now by any code of training.

**Two Kinds of Selfishness**

And so it becomes imperative for every parent of small families to concentrate on this very habit of self-interest in their children.

Selfishness here is used as a general term. It is one thing to obligate another child a bit of an apple, and another thing to say, "I don't want to walk to the store with you, Harry, I would rather read." Yet both are selfish and of the two the second form is the most pernicious, because it is this very unwillingness to put ourselves about, or to stir our coddled anatomies to oblige another, or to acknowledge a kindly obligation to our fellow beings, that is at the root of most moral atrophy today.

Every fellow for himself, the race to the swiftest, the devil take the hindmost! That is a composite motto to that many of us could work consistently in cross-stitch and hang over our doors. We are selfish, and getting more so. That is unvarnished truth.

**Need Responsibilities**

I should look around for something to put a bit of sense of obligation toward other people into a child's mind. . . . I should get something to take the place of the chickens that had to be fed, the two miles that had to be walked to school, the garden that had to be weeded, the wood that was always piling up to be chopped.

I should hunt up tasks as substitutes for the beds that had to be made, often by stubby little fingers, seams that had to be sewed, eggs that had to be carefully gathered, rain or shine. These tasks take on romance now, through the mist of years, but they were hard then, not dressed up in lyrics.

I should find a substitute for the services the children of large families had to perform for each other—anything, everything to bring out fortitude, a sense of duty, and the habit of considering self among the last.

If we are going to carry the children around in plush-lined cases, I wonder just how much backbone the race will have a century hence. We must start in now to combat the habits of self-indulgence and ease in the children.

**MILKO**

Elmer Smith, 19, noted aviator, took her first flight when she was eight, drove an auto alone when she was 12, and, without her parents' knowledge, made her first solo flight in an airplane when she was 14.

## GLORIFYING YOURSELF

BY ALICIA HART ©1930 BY NEA SERVICE, INC.

Artists have painted and poets have sung the beauty of fitting red hair. But no one, so far as I know, has ever said a single complimentary thing about red hands.

Sometimes they are caused by poor circulation, poor health in general. A physician should be consulted if this is the case. More often they are caused by neglect. The blame for that must be laid right on your own front doorstep!

Never put your hands in water that is hot. It is bound, sooner or later, to redden your hands. If you already have committed this error, begin today to bring back the lily-whiteness that your hands once had. Massage them to get a good circulation, use whitening cream and lotion and always, before beginning treatment, wash in tepid water and rinse in cold, but not too cold.

An Emergency Measure

If your hands are reddened by exposure, a bath in tan bark should be efficacious. Add a handful of tan bark—purchasable at any pharmacy—to a bowl of tepid water and soak your hands 15 minutes or so. Dry them carefully on a soft towel, apply a little bleaching cream while they are soft and pliable.

If you are afflicted with red hands, before going to a party you can hold your hands up, resting your elbows on the dresser and after a few minutes wrap a towel around each arm, tightly, above the elbow. Then rest your elbows again on the dresser for a short time. This keeps the blood from flowing too freely into the hands and while it is not a lasting aid it is an emergency expedient which gets results.

Never sleep with your hands clenched. This not only tends to redden hands, but enlarges the knuckles. Try to relax thoroughly when you retire, with your hands down at your sides, outstretched but relaxed.

None of these remedies are successful if you are in poor health. I repeat. Be sure that it is not a matter of poor circulation caused by some organic trouble. It never pays to try to treat a disfigurement without first trying to find out if there is not some cause for it that can be removed. Once that important matter is out of the way, however, the rest is up to you.

Your hands, if red, won't whiten over night. Nor in a week. Nor a couple of weeks. But constant care, massage, and bleaching are bound to have their effect. Keep at it.

**HEALTH**

ABSORPTION OF FAT REDUCED BY DIGESTIVE DISTURBANCES

(This is one of a series of articles by Dr. Fishbein on nutrition of the child.)

**BY DR. MORRIS FISHBEN**

Editor, Journal of the American Medical Association, and of Hygiene, the Health Magazine

In the intestines, digestion goes on to modify the food so that it will be absorbed and used by the body for growth and repair. Proteins are broken up into their constituents, the sugars are rapidly absorbed in the form in which they are taken into the body, starch is modified into sugars, and fats are changed by the action of the bile.

In the presence of digestive disturbance, the absorption of fat is likely to be greatly diminished. By an examination of the material excreted from the body, the physician is able to determine the extent of digestion and also whether or not there has been overfeeding, failure of absorption, or too much bacterial action.

The normal infant fed at the breast is likely to have actions of the bowels from two to four times a day. However, some infants have apparently only one action daily, whereas others may have six and still be in excellent health.

Obviously, the consistency and nature of the excretion depends on the type of feeding to a large extent. The infant that is fed on cow's milk usually has less action than one that is fed at the breast, but the material excreted is likely to be greater in amount and contain more solid material in such a case. In the presence of infection or excess nervous action, there may be much more activity of the bowels than in the normal case.

The expert can tell much from the color of the excretions. The amount of bile may cause varying from yellow to brown or green, or even black, depending on the nature of the digestion and the type of food, and whether or not there is bleeding. It depends particularly on the amount of bile and what happens to the bile in the process of digestion. A small amount of mucus is not infrequent. The solid material, in the case of the infant, is usually curds containing soap and calcium salt, whereas the presence of considerable amounts of undigested starch may cause a slimy consistency.

**A THOUGHT**

The truth shall make you free. —St. John 8:32.

Nothing is really beautiful but truth, and truth alone is lovely. —Boileau.

# Third Cub-Major Scrap Is Tough One To Predict

## Booth Fails To Make Two All-East Elevens

Braucher Rates Baker of Pittsburgh and Hewitt of Columbia Ahead of Yale's Mighty Atom; Three Colgate Men Named.

### HERE'S BIG TEN GRID SELECTIONS

Fessler, Russell, Baker Stand Out Above Other Selections Made By Burcky.

BY CLAIRE BURCKY  
NEA Service Sports Writer

There it is—the Big Ten All-Star football team. Pick it to pieces if you like, for every person, including Dr. Frank Dickinson, is entitled to his own opinion.

Those Northwestern boys who plastered Notre Dame for several minutes of a recent game, were to have comprised this writer's selection. Then Dr. Dickinson, the Illinois statistics juggler, rudely jolted my composure with the revelation that Michigan stood higher in the class than the Purple.

That left only one outlet—and don't infer that I haven't taken it. On behalf of my team, I issue a challenge to Dr. Dickinson, if he can scrape one together.

All-star teams have to have stand-outs and this one is well fortified with three. A whole handful of them are for Wesley Fessler, the Ohio State team. The other votes are for Frank Baker and Bob Russell, two very big elevens of the Wildcat combination I might have named other stand-outs, but it was pointed out that too many might make the selection resemble an all-star collection of coaches, and the trend of late has been to give the game back to the boys.

At that, most of the Big Ten mentors had a hand in the choice of this aggregation. That's why Jack White of Purdue won the quartet back post ahead of Michigan's Harry Newman, who was placed on the second team. Besides, Maynard Morrison and Jack Wheeler are considered the very best of the maize and blue players this season.

Lubratovich and Van Bibber were not the biggest tables in the conference but they were the most effective, according to the coaching corps, the very best of Northwestern and Stan Bodman of Illinois also won the favor of many observers and the latter might even have out-scored Lubratovich or Van Bibber had his mates given him any cooperation.

I pride myself on choosing two big, husky guards who can do more than the customary charging, tackling and interference running, Red Woodworth of Northwestern and Clarence Munn of Minnesota are kickers de luxe. Both have done a major share of their team's punting. Kabat and Stears enacted the fine points of guard play but neither showed the added talent of Woodworth and Munn.

The reason Jack Wheeler, the Bay City boy, made my team is because he kept Michigan going when Harry Newman failed. Wheeler's punting, hand-off, run-backs and interception of passes proved the brightest bits of all-lugging Michigan showed to the conference this season.

Do you question Lee Hanley's right to a first team berth? He was the only member of the Northwestern backfield who stood up through the whole campaign. A star passer and play director for two years, Hanley came into the ball-carrying limelight this year and did it better than his greatly publicized teammate, Broder.

Glance back now and see just what this team has. Wheeler, Fessler, Woodworth and Munn are great punters. Fessler, Hanley and White are star passers. Baker and Morrison are the entire backfield are nifty pass receivers. And after every one of their touchdown jaunts, big George Van Bibber would be handy for the goal kicking. Yeah, yeah!

**FIRST TEAM**  
Baker, Northwestern, lb.  
Lubratovich, Wisconsin, lt.  
Woodworth, Northwestern, lg.  
Morrison, Michigan, c.  
Munn, Minnesota, rg.

**SECOND TEAM**  
Van Bibber, Purdue, rt.  
Fessler, Ohio State (C.), re.  
White, Purdue, qb.  
Wheeler, Michigan, lbh.  
Hanley, Northwestern, rlb.  
Russell, Northwestern, fb.

**THIRD TEAM**  
Moss, Purdue, le.  
Marvill, Northwestern, lt.  
Kabat, Wisconsin, lg.  
Miller, Purdue, c.  
Stears, Purdue, rg.  
S. Bodman, Illinois, rt.  
Gantenben, Wisconsin, re.  
Newman, Michigan, qb.  
Berry, Illinois, lbh.  
Hinchman, Ohio State, rlb.  
Bruder, Northwestern, fb.

**YELLOW VEGETABLES**  
A nice vegetable plate for winter time is an all-yellow one, such as baked winter squash or candied yams, stewed carrots and mashed turnips molded in cups.

**MENDING HINT**  
If your son wears the knees of his knickerbockers too fast, put a patch of heavy material on the wrong side across the knees before he wears the new pants. This reinforces them beautifully and gives you something to darn to.

## BIG TEN ALL-STARS

### CONRAN'S BOWLERS ARE THE WINNERS

Some mighty nice bowling scores were turned in last night at Conran's alleys where Rockville and Manchester collided. Rockville was given a real trouncing by 193 pins. This is the first time that Rockville has tasted defeat by a Manchester team in 8 numbers of years. The local team turned in totals of 601, 616, 565; a total of 1,782 for the match. The lowest individual total was 346.

Conran started with high single of 136, while he shared honors with his teammate Keibert with a three-string total of 371.

The Manchester Girls also won by 63 pins and they bowled very consistently. Flora Nelson carried honors of 96 and 281. The girls' team is proving quite popular.

Conran's Men		Rockville Men	
E. Rudinsky	123 128 106—355	Lemek	103 103 99—305
R. Sad	121 127 98—346	Bretts	99 118 117—334
Kathavick	113 106 120—339	Carlo	103 124 121—345
T. Conran	123 136 112—371	Berthold	94 118 93—305
C. Keibert	121 121 129—371	Morin	99 108 95—297
420 432 434—1286		498 566 325—1689	

### CRESCENTS BEAT ROVERS BY 60-49

The South Methodist Boys' Club basketball league got underway in the church gym last night when the Crescents won a free scoring tilt with the Rovers, 60 to 49 in an exhibition game. The league will officially start in the near future with several teams in action. Last night's summary:

Rovers (49)		Crescents (60)	
E. Smith, rt	5-0-0-10	Haugh, rt	2-0-0-4
A. Judd, lf	5-0-0-10	H. Judd, lf	6-2-2-14
McCauley, c	2-1-1-5	W. McKimney, c	7-0-0-14
Edmondson, rg	2-0-0-4	H. Maguire, rg	11-2-2-24
W. Smith, lg	4-0-0-8	Irwin, lg	2-0-0-4
Walker, rg	1-0-0-2	29 1-1-49	

### ICYCLE RACE

New York, Nov. 29.—(AP)—The usual sprint tonight will serve as a preliminary to the 49th international six-day bicycle race opening in Madison Square Garden tomorrow night.

### Peewee Ball-Carrying Pair At Alabama Total 250 Lbs.

University, Ala., Nov. 28.—Easier than Sington or Clement, Al ticks having two of the biggest Alabama's 215-pound tackles. The tackles playing football in the south, height, Bellini scaling 185 pounds while Halk herts only 115.

Both peewee halfbacks hail from New England. Bellini comes from New Haven where he played with Yale's All-Boys Booth. Halk is a New Hampshire lad.

### SCENT POSSIBLE NOSE DIVE AS WALKER KAYOES CHRISTNER

Chicago, Nov. 29.—(AP)—Some of the approximately 4,000 who went to the Coliseum last night, to see Mickey Walker fight K. O. Christner, today believed the world's middleweight champion knocked the Akron rubber man clear out of the ring—but most of them harbored a suspicion that Christner landed among the spectators, at least partly by his own efforts.

The finish of what was listed as a ten-round bout in which Walker gave away 85½ pounds in his second raid among the heavyweights, came after 38 seconds of fighting. Walker charged out of his corner, smacking Christner with a hard right to the jaw and a left to the head, dropping him in front of the three members of the Illinois State Athletic Commission. He was up at the count of three. Another left hook caught him and he sailed backward the second and top strands of the ring.

Christner landed among the spectators and rolled over the press table, falling to the floor where he lay as the officials tolled off 20 seconds. Under Illinois rules, a fighter knocked from the ring is entitled to 20 seconds during which to return. At the end of the count he staggered to his feet and struggled through the ropes, limping on his right leg. He was helped to his corner where he said he could not continue. The fight was awarded to Walker.

No statement was available as to whether the commission planned to investigate the bout. Both were boxing for a percentage of the gate, and the meagre crowd promised a small split.

The Majors and Cubs will both hold practice sessions tomorrow morning.

### LA BARBA BARELY WINS OVER TAYLOR

New York, Nov. 29.—(AP)—For the first time in weeks, a favorite has won in Madison Square Garden, even if some of the crowd didn't think so.

Fidel La Barba, rugged Pacific coast featherweight, gained a decision over Bud Taylor of Terre Haute in the ten-round main bout in the Garden last night, but a chorus of boos greeted announcement of the official verdict.

Most of the gathering seemed to think Taylor's two staked punching had gained him at least a draw. La Barba was a 2 to 1 choice over Taylor.

Pittsburgh—Ted Zarra, Monaco, Fe, outpunched Jimmy Neal, Cincinnati, 10.

### NOTRE DAME RULES 2-1 CHOICE TO REPULSE CADETS

New York, Nov. 29.—(AP)—The call to arms sounded on the eastern football front again today but found only a dozen, or so of the section's 100 odd teams were prepared to answer. The others had laid aside the moleskins until another year.

The day's program stressed inter-sectional games. In the Philadelphia district, Washington State's Cougars, who won the Pacific Coast Conference, battled Villanova Wildcats and Temple's warriors were engaged with Drake of the Missouri Valley Conference.

Army, Georgetown and Dartmouth carried eastern banners in to foreign fields. Army deployed her unbeaten forces at Chicago Knute Rockne's rough riders of Notre Dame. At Palo Alto, Dartmouth, another undefeated eastern team, met Stanford. Georgetown claimed with Detroit's husky outfit Detroit.

Cold weather forced postponement for one week on the Carnegie Tech-Washington & Jefferson contest but another traditional rivalry remained to be renewed at Boston—That between Holy Cross and Boston College.

At Annapolis, Navy clashed with George Washington, and at Allentown, Muhlenberg took its stand against Western Maryland. The University of Baltimore and Loyola of Maryland were matched at Baltimore.

Chicago, Nov. 29.—(AP)—Army versus Notre Dame, the most anticipated football fit of the season between two great, undefeated elevens, with around 125,000 spectators to watch it on Soldier Field today.

Victory for the Army meant the Cadets' greatest campaign, Triumph over Notre Dame, and the most stride toward national championship honors. Conditions were fitted to test the merits of every man to the utmost, with promise of an icy gridiron and midwinter temperatures.

Notre Dame ruled favorite at 2 to 1—a healthy drop from the 5 to 1 quoted earlier in the week. There was little wagering, however, and most of this was on a point basis.

Coch Knute Rockne, who kept his men in South Bend until this morning, indicated that he would send out his best line at the start with the second Notre Dame backfield. Major Ralph Sasse, Army's head coach, had available his most powerful combination and indicated he would send it out at the start.

The game was to start at 2:30 (P. S. T.) and will be broadcast over stations WBZ and WABC among others.

The probable lineup:  
Army: Messinger, le; Host, rt; Sasse, c; Guiver, lg; Kessid, lb; Fair, rg; Metger, qb; Kurth, rt; Conley, lbh; Bowman, fb; Jaskwitz, rlb; O'Connor, rlb; Seabian, rlb; Hanley, fb.

## One Guess Is About As Good As Another For Tomorrow's Game

Another Victory Needed By North End To Attain Championship But Progress Toward That Realization Was Rudely Shocked By Improving Cubs Last Sunday; Majors Still Slight Favorites Because of Stronger Offensive Power.

The third chapter of the 1930 town football championship will be written into Manchester sport history tomorrow afternoon when the Cubs and Majors resume their grueling struggle at Hickey's Grove where they battled to a scoreless deadlock last Sunday. With one victory to their credit by virtue of a last-minute touchdown in the initial contest, the Majors need only to triumph once more and the title will leave the south end where it has been carefully guarded for three years. One guess is as good as another as to the outcome of the third clash.

The Cubs must win two games in order to be re-crowned champions. Admittedly the underdogs from the start, the Cubs have risen on their hind haunches and showed surprising reluctance to surrender the honey. On a basis of this unexpected strength, the Cubs' chances in tomorrow's renewal of the town gridiron classic, are greatly improved although the Majors still look like a good bet to win the series—some time before Christmas.

### HERE'S THE FIRST ALL-AMERICA AS CHOSEN BY "SUN"

New York, Nov. 29.—(AP)—The New York Sun's All-American football team was named today by its staff experts.

The selections follow:  
F. Baker, Northwestern, lb. LE  
Edwards, Wash. State, rt. LT  
Koch, Baylor, lg. LG  
Tieknor, Harvard, c. C.  
V. Baker, Southern Calif., rg. RG  
Sington, Alabama, rt. RT  
Fessler, Ohio State, re. RE  
Carlowe, Notre Dame, lbh. LBH  
Schwartz, Notre Dame, fb. FB  
Pinckert, Southern Calif., rlb. RLB  
Macaulo, Colgate, fb. FB

His effort barely cleared the line of scrimmage and struck a Cub backfield man who was standing almost on the goal line. The ball bounded back and a Major man recovered on the Cubs' four yard line for a first down, legalized by the fact that the kick went over the line of scrimmage. Less than a minute remained to play and Tommy Melkie dove through the Cub mass on the second play for the lone score of the series to date. Had Al Williams, the Cub back, been able to get out of the way in time, Melkie's kick would automatically have become a touchback and the game gone scoreless.

A Hollow Victory  
However, breaks always have played a prominent part in football games and in the sense that they mean the most of a golden opportunity, the Majors deserved the first game. Yet, what followed in the second chapter of the series tended to make the north end triumph somewhat hollow. Regardless of the fact, the Majors are now sitting pretty with one game in the bag, but they are admittedly a disappointed band of football warriors, for they had hopes of ending the series last Sunday with an impressive victory. A hand had even been obtained with which to celebrate in a fitting manner, but their services terminated with the final whistle which left the Cubs with much more cause for rejoicing.

It begins to look as though the teams are much more evenly matched than anyone realized. Possibly the Cubs have been under-rated and the Majors over-rated. It isn't easy to say which, if either, is the case. Probably a combination of both is as good an explanation as any. No one can deny that the Cubs went into the series with the worst record that ever graced a south end contender's slate while the Majors' record was the most impressive in years. The Cubs haven't scored in the past three games because of the weather. Columbus must have been the guest of honor when a Cub man last crossed an opposing goal line. Their efforts for the season show a string of eight or nine goose eggs and a loneome 27.

Hence, it is little wonder that nearly everyone figured the Majors to abuse the Cubs still further? The fact that they have been unable to accomplish this task has therefore naturally caused keen disappointment among the ardent supporters of the north end cause but they are far from discouraged. In fact they have great hopes of attaining the goal of their desire on the morrow.

Facts Favor Majors  
The cold, facts, which seem to speak louder than words indicate that the Majors have a much stronger team offensively and are therefore more liable to score than the pointless Cubs. The Majors have made a total of 28 first downs against 8 for the Cubs and have gotten inside their opponent's 50 yard line on exactly nine occasions compared to a two similar points of advance for the Cubs who lay Sunday game within a foot of scoring a touchdown that would have evened the series.

But the point of this story is that it is almost impossible to fortell what will happen tomorrow. Judging from the past two games and the marked improvement the Cubs have exhibited, no close score outcome will be a surprise, regardless of which team is on the long end of the count when the sun slips down behind the pine grove on the west side of the field. The Majors will still be the favorites but this

Philadelphia, Nov. 29.—(AP)—Washington State, high-powered scoring machine of the Pacific Coast, turns its undefeated eleven loose on Franklin Field today against Villanova's light but scrappy squad. Receipts of the regular scheduled game will be contributed to aid the unemployed.

Washington State with a record of eight victories, ruled a heavy favorite, but Coach Babe Hollingsberg said his team was not overconfident. Villano boasts one of the best passing teams in the east.

SENSE AND NONSENSE

Simple Mathematics

- 4 Dairies
- 3 Dollars
- 2 Bones
- 1 Cop

10 Days.

An unbleached gentleman, who had become the proud possessor of a typewriter the day before, brought it back the very next day.

Unbleached Gentleman—Say, boss, kin Ah change di printin' fo' another one?

Merchant—Why, certainly, but what's the matter with this machine—doesn't it work?

Unbleached Gentleman—No, suh, Ah started to write to mah gal, Emmaline, las' night, but dis machine on'y had one M.

Mother (energetically scrubbing her small boy's face with soap and water)—Johnny, didn't I tell you never to blacken your face with burnt cork again? Here I have been scrubbing a half an hour and it positively won't come off.

Boy (between gulps)—I—uch! ain't yo' little boy—uch! I see Mose, de colored lady's boy.

Old Uncle Clo says: "De reason some sillies am a-singin' in de rain is becuz dey haven't enuff sense to cum in outten it!"

Old Uncle Eph says: "Er good many grown fo'ks, lak mos' babies, seem t' git er lot of pleasure outten puttin' dere feet in dere mous'."

A young Negress, wearing almost nothing, came before the Municipal Court on a disorderly and drunk charge. His Honor, having noticed her scanty clothing, suggested that she go home and put on some clothes.

Young Negress—Jedge, Ah specs Ah kin dress jes' lak Ah wants.

Judge—You are fined five dollars for contempt of court.

Going to the clerk to pay her fine, she was asked what the fine was for.

Young Negress (haughtily)—De court says dat Ah is fined five dollars fo' temptin' de court.

Tourist—Do you get much in the way of motor traffic down here?

Old Negro—Not me, Sah. Ah wouldn't be heah now if Ah did.

Telephone Operator—Hello! Hello! Do you wish to call a number?

Sambo—No, sah, Miss, Ah don't want no numbah.

Telephone Operator—Then don't play with the telephone.

Sambo—Ah ain't playin' wif no fone. De receivah fell in de sugah bowl an' Ah's jes' been lickin' de sugah offen de receivah.

Rastus—Mandy, Ah's sorry to hab to tell yo' dat de parson dat married yo' to Absolom Johnson wus a fake an' yo' marriage isn't legal.

Mandy—Man, yo' is crazy—plum' crazy. Ah gives birt to twins 'jist dis month. Fake? Ah sho' wishes to goodness 'twas.

As Mose said when questioned about the merits of different breeds of poultry: "It all depends upon de kind Ah'm affah. De white ones is de easiest to find an' de dark ones

Stickler Solution

The apple man has 14 apples, of which Willie got half of 14, plus 1, or 8; Tommy got half of the remaining 6, plus 1, or 4, and Johnny got half of the remaining 2, plus 1, or 2. The man thus had none left. (29)

FLAPPER FANNY SAYS

A smile will go farther than a stamp where any male is concerned.

de easiest to hide. Both taste mighty good to mah.

Timid Woman (who had hired a colored boatman to ferry her across the river)—Has anyone ever been lost in crossings here?

Erastus Johnson—No'm, Mah brother was drown'd heah las' week but dey foun' him de nex day.

Negro Elevator Man (to book agent)—T'ain't no use to me, boss. Ah don't need no book. Ah knows a heap mo' now den Ah gits paid fo'.

FINIS

MOVIE DIRECTOR: Now, here is where you jump off the cliff.

NERVOUS ACTOR: Yes, but suppose I get injured or killed?

MOVIE DIRECTOR: Oh, that's all right. It's the last scene in the picture, anyway.—Pathfinder.

WELL DEFINED

TEACHER: Parse the word kids.

PUPIL: This word is a noun, but it is usually used as a conjunction. It is never declined, and more common than proper. It is not very singular, in that it is usually used in the plural. It agrees with me.—Pathfinder.

ONCE UPON A TIME

A scant 20 years ago, General Chiang Kai-shek, now president of China, was an 18-year-old boy, spending more time drinking, gambling and with Chinese "sing song" girls than with his troops.

ABOUT TOWN

A whist party and social will be held at the Community Club on Monday evening, December 1 at 8 o'clock.

Edward Keeney of Keeney street is driving a new Whippet six sedan, Deluxe model, which he purchased from the Cole Motor Sales, Manchester dealers for this make of automobile.

Mrs. Walter Joyner is entertaining her sister, Mrs. James Earns of Buffalo, N. Y.

Soon after the lease of the store occupied by the Newark Shoe Store in the Orford building had been vacated the store was leased by Nathan Marlow.

Mrs. Sophia Coleman, formerly employed in the office of Manning & Kahn while that firm was operating the tobacco warehouse on North School street, is now a bookkeeper and bookbinder for the Lynn Leather Company at its factory of Main street.

Paul Hillery, Inc., dealer in electrical appliances in the State theater building today removed into the store in the Sheridan hotel building recently vacated by the Robinson Automobile Company.

A special St. Andrew's Day service will be held in St. Mary's church tomorrow night. Dr. William Douglas MacKenzie of Hartford Theological Seminary will be the guest speaker.

Mrs. Jane Aldrich, superintendent of the Memorial hospital, who received a supply of Christmas seals in the mails yesterday afternoon, succeeded in disposing of \$40 worth before the late evening.

Mrs. Robert Martin of South Main street is chairman of the public whist party which Sunset Rebekah lodge will give in Odd Fellows hall Monday evening.

Monday evening at the Manchester Community clubhouse a progressive whist party will take place with the usual number of prizes and refreshments for the winners.

Kenneth H. Beer, charged with speeding on Center street, paid a fine of \$10 and costs in the Manchester police court this morning.

The Buckland Parent-Teacher association will hold its regular monthly business meeting Monday evening at 8 o'clock in the assembly hall.

Miss Eleanor Dwyer who is spending the Thanksgiving recess at her home on Strickland street, has as her guest, Miss Jane Clary of Seneca Falls, N. Y., a classmate at the College of New Rochelle.

Chocolates, high grade candy, 1 pound 50c, an extra pound for 1c, Princess Candy Shop, Main and Pearl streets.—Adv.

MATRESS High Quality Inner Spring \$19.75 KEMP'S Inc.

REBEKAH WHIST

Monday, December 1, 8:15

Odd Fellows' Hall

6—Money Prizes—8 Refreshments. 25 Cents.

MOVIES

EVERY SUNDAY NIGHT

Starting Sunday, November 30

TURN HALL, Manchester

Featuring CHARLES BUDDY ROGERS in "YOUNG EAGLES"

Also Comedy—Inkwell Cartoons AT 7:30 P. M.

Miss Katherine Giblin who is a student at the Arnold college in New Haven, is spending the Thanksgiving recess at the home of her parents on Cottage street.

Mrs. Robert J. Holland of High street will give a public setback party Tuesday evening, December 2, at the home of her daughter, Mrs. W. J. Wilkinson, 104 Walnut street.

Mrs. Joseph Muldoon and children of Fairfield street are spending a few days in Paterson, N. J. with Mrs. Muldoon's parents, Mr. and Mrs. Robert Kelso.

W. H. Straughan local milk dealer furnished a generous supply of milk for needy families on Thanksgiving Day.

The benefit whist for Boy Scouts of Troop 8 held last evening at the Manchester Green school was well attended.

The benefit whist for the Manchester Green Community club were in charge. First prizes were won by Mrs. Clifford Wright and Alonzo Foreman.

Paul Hillery, Inc., dealer in electrical appliances in the State theater building today removed into the store in the Sheridan hotel building recently vacated by the Robinson Automobile Company.

LEG BADLY BROKEN

DELIVERING MILK

Harry Kohls Falls On Edgerton Street When He Slips On Piece of Ice.

Harry Kohls of Bissell street is laid up at his home with a broken leg which he suffered the day before Thanksgiving in a fall.

That a drunk caused such a disturbance in the Selwitz bowling alley Thursday night, that tenants thought someone was committing suicide.

That the following incident took place on New street a few days ago and the truth of it is touched to by several witnesses.

DEMING STREET CORNER

CLAIMS ANOTHER AUTO

Two Detroit men had a narrow escape from injury last night when an automobile in which they were riding, left the road and skidded against a chain fence guarding the Hockanum river near the Oakland bridge.

Kenneth H. Beer, charged with speeding on Center street, paid a fine of \$10 and costs in the Manchester police court this morning.

The Buckland Parent-Teacher association will hold its regular monthly business meeting Monday evening at 8 o'clock in the assembly hall.

Miss Eleanor Dwyer who is spending the Thanksgiving recess at her home on Strickland street, has as her guest, Miss Jane Clary of Seneca Falls, N. Y., a classmate at the College of New Rochelle.

Chocolates, high grade candy, 1 pound 50c, an extra pound for 1c, Princess Candy Shop, Main and Pearl streets.—Adv.

CHARITY DANCE and ENTERTAINMENT

Given by St. Marys Young Men's Club

Friday Evening, December 12, 1930.

This space donated by "Glenney's", 789 Main St.

JOBLESS BUREAU

IS IN FULL SWING

Chamber of Commerce Registering Applicants For Work—44 Are Listed.

The Unemployment Registration Bureau established at the Chamber of Commerce, following a meeting of Manchester's Unemployment Committee Wednesday noon, opened yesterday morning and before the office closed last night forty-four applicants for employment had been interviewed by Secretary E. J. McCabe.

Of the 44 who applied yesterday only three were single men, the rest having families dependent upon them.

Individual interviews by Secretary McCabe brought out that the men are not transients seeking work for the winter but men who have been in the employ of local concerns as long as 27 years and who now find themselves unemployed.

A questionnaire is filled out by each applicant and the information gathered is later transferred to a card file.

By a tab system the Bureau will have available at an instant's notice the number and kinds of trade represented, and also a classification of the applicants in the order of their need.

This classification will be in three classes, the man with a family and no means of support, the man with a family and children working, and the unemployed single man.

Applications will not be considered in the order in which they are filed but will be studied by a committee to determine the neediest case which will be taken care of first.

The unemployment committee will meet at the Hotel Sheridan Monday noon to consider means of creating labor to meet the requirements of the unemployed.

G. H. Waddell is chairman of a committee of five, appointed to study the representativeness of the unemployment committee and at Monday's meeting will make recommendations as to additional members.

The Herald has opened its classified columns to worthy situations Wanted ads, which it is likely will be taken from the list of applications filed at the Unemployment Registration Bureau.

The Herald Hears

That quite a number of residents of Russell street are having trouble with their radios, due, so they say, to a youngster's ambition to emulate famous inventors at an early age.

That a drunk caused such a disturbance in the Selwitz bowling alley Thursday night, that tenants thought someone was committing suicide.

That the following incident took place on New street a few days ago and the truth of it is touched to by several witnesses.

That a drunk caused such a disturbance in the Selwitz bowling alley Thursday night, that tenants thought someone was committing suicide.

That the following incident took place on New street a few days ago and the truth of it is touched to by several witnesses.

Lieut. Charles Oliver whose resignation from G Company was announced yesterday, has not been in command of that company as stated through typographical error in yesterday's story.

REHEARSALS MONDAY

FOR "AEROPLANE GIRL"

Lions Club Musical To Be Given At State Theater On Wednesday, December 10.

Rehearsals of the Lions Club musical comedy "The Aeroplane Girl" will be held at the Recreation Center Monday, the school girls meeting at 8:30, the evening chorus at 7, and the cast of principal characters at 8:15 o'clock.

Usually attractive and colorful gowns, displayed by scores of Manchester's prettiest singers and dancers, will be revealed at the performances of "The Aeroplane Girl."

The novel designs and dainty fabrics of these new modes are sure to prove an eye-catching feature of the show, especially to the feminine patrons.

Roy Griswold, in his Zigzag Folies song hit "Girls of My Dreams," leads one of the show's most lavishly costumed numbers, during the rendition of which he will present the following features of the show: Ida Jarvis, Jennie Burke, Helen Baronsky, Clara Jackmore, Katherine Moean, Stella Olander, Mabel Sullivan, Harriet Coburn, Doris Turkington, Amanda Jarvis, Madeline Woodhouse and Katherine Opalach.

WINTER'S FIRST BLASTS

NEAR THE ZERO POINT

Biting Wind Accompanies Quick Drop In Temperature; Between 5 and 10 Above In Town.

Old Man Winter closed in on Manchester last night led by a brisk biting wind and a sinking thermometer.

The mercury dropped down to between five and ten degrees above zero. S. A. Buck reported seven above at Highland Park at 6 o'clock this morning and M. C. Peckman of Lyndalville said it was 6 above up his way at milkman's rising hour.

During the night came a squall of snow that covered the ground and made traveling conditions slippery and dangerous for automobiles and pedestrians alike.

Ice has formed on the several of the ponds in this locality the thickness varying in different sections.

William Thompson, president of the South China, Maine, Telephone company will be the speaker at the meeting of the Manchester Kiwanis club, which will be held Monday evening at Wapping. The men of that place will be guests of the Kiwanians and the meeting will take place in the evening, with supper at 6:30 in the Wapping school hall, prepared by the Federated Workers.

To put this "neighbors night" over in a big way it is essential that every member of the Kiwanis club be on hand Monday evening. If any of the members need transportation they are advised to call President Stephen C. Hale.

KIWANIANS TO MEET

IN WAPPING MONDAY

Men of That Community To Be Guests of Local Club—To Be Called "Neighbors' Night."

William Thompson, president of the South China, Maine, Telephone company will be the speaker at the meeting of the Manchester Kiwanis club, which will be held Monday evening at Wapping.

To put this "neighbors night" over in a big way it is essential that every member of the Kiwanis club be on hand Monday evening. If any of the members need transportation they are advised to call President Stephen C. Hale.

THE NEIL O'BARRA

ADDRESSES SCOTS

Chieftain of Clan McNeil Describes Homeland In St. Mary's Church Talk.

The "Neil O'Barra," the forty-fifth hereditary chieftain of Clan McNeil addressed members of Clan McNeil at a meeting last night in St. Mary's parish house.

The chief, a tall, imposing man dressed in the ancient tartan and kilts of his clan, gave the local clansmen an interesting description of the ancestral Isles of West Scotland and an interesting history of the clan that inhabited the islands of the outer Hebrides group.

Early Government The young descendant of many noted off-shore Scottish Clan Chiefs described the system of government under the clan of old Scotland, and as the first democratic form of government in existence.

Scotland and her people have been called a proud people," said the Chief. "They have made a goodly record upon the accomplishments of their ancestors. Scotland has always been to the front in science, religion and in civilization.

The speaker told his fellow clansmen about the little-known islands off the coast of western Scotland, describing in detail the beautiful scenery witnessed on several voyages through the islands of the outer Hebrides group, the means of subsistence of the crofters or tenants under an age-old law or system originating with the Clans.

The speaker described a visit to his ancestral dominion, the island of Baloch, a small dot of land lying off the west coast of Scotland, eight miles long and two or three miles wide on which 2,800 McNeil Clansmen are living today in a simple manner far from the noise of modern civilization, tending their flocks of sheep and cattle and fishing in the cold North Atlantic.

It is one of the most picturesque trips on earth," he said. "As the little inter-island boat winds in and out among the Hebrides the scene is constantly changing. Ancient castles dot many of the little rocky islands against a background of sheer rocky cliffs rising out of the sea. The silence and scenery of the ancient home of the Highland Clans is indescribable."

The speaker told of a visit to St. Kilda, the outer island of the group, 65 miles out in the Atlantic, where 70 people of an ancient clan lived until recently on the loneliest and most exposed point of land in the British Isles.

It is customary on approaching the island to fire off a small cannon to give the boat passengers a view of the countless thousands of geese in flight. When the gun is fired the geese rise from the rocks flying in a wide circle. The speaker described this scene as one of the most impressive to be seen anywhere in the world.

A short musical program by members of Clan McNeil preceded the address by the Scottish Chieftain.

HOSPITAL NOTES

Miss Olive Smith of 32 Westminister Road was admitted to the Memorial hospital last night. Miss Elizabeth Thornton of Center street died this morning. She was admitted November 14.

ADDRESSES DOCTORS

HERE ON ARTHRITIS

Manchester's Physicians Guests of Dr. Moore At Dinner and Then Listen To Dr. Fisk.

Dr. Rodney Fisk of New York was the guest speaker who addressed the staff of the Manchester Memorial hospital in the men's ward of that institution last night.

Dr. Fisk and Dr. Moore were classmates together in the New York Homoeopathic and Medical College. Sixteen sat down to the dinner and then the party adjourned to the hospital to listen to Dr. Fisk.

Several of the members of the hospital board of trustees, also some of the hospital personnel, enlarged the audience. Dr. Fisk spoke on arthritis, inflammation of the joints. He spoke as to its cause and discussed the treatment. His talk followed a survey of arthritis cases in Manchester by Dr. George A. F. Lundberg.

What Would It Cost to replace your household and personal property? To insure against loss by Fire, Aircraft, Explosion, Hall, Motor Vehicle, Rob and Windstorm will cost but a small amount. Investigate before it's too late. Telephone today. JOHN H. LAPPEN INSURANCE SERVICE 18 Little Street Phone 7031 "If It's Insurance, Lappen Can Handle It."

FORTUNES AT Auction IN an auction room in the business district of a large city, securities that have "no market" are sold weekly to the highest bidder. For the most part they are put up for sale by the executors of estates left by pathetically over-optimistic men and women. Here is a partial list of a single sale: 5,000 shares of a gold mine—\$1. for the lot 10,750 shares of a company manufacturing a moving picture device—\$26. for the lot 26,000 shares of a public utility—\$5. for the lot 2,300 shares of an oil company 42,200 shares of a silver mine 100 shares of a motor truck corporation 50 shares of a railroad 152 shares of a company manufacturing life preservers \$10. for the lot There is one way of protecting your heirs from the unhappy discovery that your safe deposit box holds any such "securities". Have us check up your investments at least once a year. Then, to protect your heirs from possible mis-investment of the money you leave, you can easily set up Trust Funds under your will, and so place the responsibility for wise investment in sound securities upon us as Trustee. Your fortune—large or small—let us help you to keep it intact. THE MANCHESTER TRUST CO. SOUTH MANCHESTER, CONN.
