LEAGUE URGES DRASTIC CUT IN SCHOOL COSTS

Adopt Resolution Asking One Superintendent; Seen As Consolidation Step; Incorporation Effected.

At its meeting last night the Taxpayers' League became officially the Manchester Taxpayers' League, Inc., by adopting the articles of incorporation...

That, however, was only a formality. The major business of the meeting was the reception of a report from the committee on reduction of school costs...

Whereas, two superintendents of schools in Manchester are unnecessary and even ridiculous, it is moved that all schools systems be combined under one superintendent.

Plan Deep Cut The report of the committee on school expenditures to the executive committee was prepared by Louis L. Grant of Tolland Turnpike, Buckland, and was read by Sherwood G. Bowers.

STATE'S LABOR FAVORS PLAN TO AID JOBLESS

Secretary Egan Says Interstate Commission's Program of Insurance Is Far Reaching.

Bridgeport, Feb. 25.—(AP)—The viewpoint of organized labor in Connecticut toward the report, and the plan in it, of the Interstate Commission on Unemployment Insurance, on which body Professor W. J. Couper, deputy state labor commissioner, is the state's member, given today by John J. Egan, secretary of the Federation of Labor, was that the plan is the best yet submitted.

It is a job we want, not unemployment insurance. He held the opinion that no unemployment insurance plan would be worth consideration which leaves the matter to the employer and his employees to work out.

FOES' COUNTER DRIVE PUSHES BACK JAPS

'I'm Not a Candidate' Is Trumbull's Answer

Hartford, Feb. 25.—(AP)—Whether there was any foundation to an assumption being widely entertained by political writers and active Republicans that his party would turn to him as the man who would offer the most vigorous competition in the next campaign. Other than to say in reply to a question, that he has not been asked by party leaders to accept the gubernatorial nomination, the former governor would make no further comment on the political situation at this time.

SOUTH METHODISTS HOLD CONFERENCE

Rev. R. A. Colpitts Invited To Return As Pastor—Rev. Scrivener Here.

Rev. George G. Scrivener of Norwich, formerly pastor of the South Methodist church, and the present superintendent of the Norwich District, presided at the fourth quarterly conference last evening, the most important business meeting of the church year, which was held in the chapel. The pastor, Rev. R. A. Colpitts, called for an expression of appreciation of the fine supper which had just been served in the banquet hall by the ladies' missionary societies, under the direction of Mrs. Inez Truax, and they were accorded a rousing vote of thanks.

who live in the center of the town but families in scattered sections. He also briefly referred to the opportunities he had accepted during the year of speaking before service clubs, fraternal organizations and other churches. He paid a tribute to the sympathy and support he had received from local retired ministers and their wives. If they had whispered one syllable of criticism, he said, it must have been on the Bolton Hills where the winds drove it away. He told of the splendid work the women of the church had quietly performed under the direction of Miss Jessie Reynolds, social service worker for the town, who knows the worthy and the unworthy, in providing baskets of food at Thanksgiving and Christmas and in establish-

ing a used clothing depot at the church, which has proved such a blessing in these trying times. He spoke in terms of the highest praise of the work accomplished among the young people by Miss Doris M. Davis, director of religious education, while completing her final year at the Hartford Seminary foundation. He said she would leave with the Goodspeed of every one in the parish.

Superintendent Scrivener said it was a delight to both Mr. Scrivener and himself to again greet their friends in the South Methodist church, and to assist in completing their organization for the year ahead. Mrs. J. Howard Keith, chairman of the nominating committee presented the list of officers and committees and they were declared elected. Mrs. Mabel Rogers, served during the evening and the minutes were duly approved and read at the close of the business. Others on the nominating committee were Rev. R. A. Colpitts, Mrs. Paul Ferris, H. Ross Lewis and R. W. Wilson.

The committee on pastoral relation held a meeting previous to the departure of George E. Keith for Florida and the Rev. Crowell for a Mediterranean cruise. At this time the unanimous request was made for the return of the pastor, Rev. R. A. Colpitts, and F. J. Bendall was elected a new trustee.

Rev. Colpitts reports a comprehensive report of the work of the various organizations of the church during the year just passed, and stated that despite the perplexity and trouble due to the depression, the activities of the fourteen or more organized societies carried on with vigor. He lauded the loyalty of the workers in the various departments of the church school, and the three local preachers, Miss Alice Harrison, W. E. Keith and C. A. Davis, for their able assistance during the year. Rev. Colpitts spoke of the desire of Mrs. Colpitts and himself to make as many pastoral calls as possible, not only on those

tion as so grave as to threaten the stability of society. Drastic revision downward of the costs of all items in our town expenses, that admit of adjustment, are necessary if the reduced incomes of the taxpayers are to meet those expenses and the growing costs of unemployment. "At this time it is customary for the Board of Education to enter into contract with the teachers for the coming year; for this reason your executive committee feels it should bring before you for your consideration the school expenditures. Comparing as they do nearly 50 per cent of the town's costs, they represent the item of major importance in the budget. To meet these expenses at 80 per cent of the school expenses are represented by salaries their reduction becomes the chief objective in adjusting the costs of schools to the reduced ability of the taxpayer to pay.

Mr. Rogers recommended a cut in salaries from 15 per cent to 25 per cent in three brackets. First: \$4,000 and above, 25 per cent; second: \$2,500 to \$4,000, 20 per cent; third: below \$2,500, 15 per cent. "An out of 15 per cent is well beyond the cost of living and so, representing no reduction in real wages, imposes no hardships on those who receive it. We are convinced of the justice of a graduated reduction for at this time when so many are suffering for bread, the freedom of giving first consideration to supplying the essentials of living in making any adjustment of salaries cannot be questioned. Those teachers who receive the lower salaries have a larger margin over the cost of living than those receiving the higher salaries and the burden of the reduction should be distributed in proportion to the ability to carry it.

ANOTHER BIG CROWD AT COOKING SCHOOL

which dashed off in the direction of Kiangwan. Foreigners Nervous. All of the International Settlement and especially the French concession showed considerable nervousness because of an attack by the Japanese planes on the Lungshu railway station, two miles south of the French concessions. The inhabitants feared that their own line positions, their rifle and machine gun fire continued and occasional bombing of their artillery from the rear indicated their heavy guns still were working although their bombardment was weak compared with the thunderous fire from the Japanese guns.

DEAD CARRIED BACK

As the battle raged large numbers of Japanese dead and wounded were brought out of the front line but it was stated most of them would not be picked up until hostilities ceased. United States officials in the International Settlement said they would soon announce a plan by which all Americans in the whole Settlement area could be concentrated quickly for evacuation in case of an emergency. Americans in Hongkew, chief target for the Chinese artillery were warned a few days ago to evacuate that section and most of them complied. In announcing their preparations today U. S. officials said they did not consider the danger greatly increased yet, but they thought it best to have their plans made before an emergency arose.

REDS MOVE TROOPS

Mukden, Manchuria, Feb. 25.—(AP)—The Red (Japanese) News Agency corresponded at Harbin said today that unconfirmed reports had come there of a movement of several thousand Soviet-Russian soldiers toward the Scharin frontier, presumably because of apprehension in connection with Japanese troop movements in northeastern Manchuria. At the same time it was learned here that General Viro Tamon's expedition against Chinese rebels in the vicinity of Impeno had been delayed because of difficulties in obtaining transportation on the Chinese Eastern railway.

ABOUT TOWN

Joseph Pero, of the Pero Orchards, and manager of the Pero store and fruit stand on Oakland Street today announced that the store and stand will be closed for the next two months, beginning next week. It is getting near time for the Pero to start work in their orchards and their farm on Avery Street, which they will be unable to give their time to the store. As soon as the store and stand are opened again Mr. Pero said he would notify his patrons through The Herald.

Whenever there arises an international controversy involving one or more Oriental countries there is always brought into discussion of it the phrase "saving face." The importance of "saving face" is supposed to be very much greater, in the Eastern point of view, than in that of the West.

We are all perfectly familiar with the psychological process underlying that every ancient saw about the school boy who, when another threatens to "knock his block off," blusteringly demands, "Do you mean that?"

That is merely burlesque face saving. No individual, no nation loves to be flouted and belittled. Certainly the American nation has no fondness for any such experience.

On several occasions the United States has admonished Japan concerning its policy in Manchuria and in China proper. And each time Japan has rather gone out of her way to do some particularly objectionable thing by way of showing us where we get off.

This is a highly significant, even a portentous declaration. Clearly, the indicated policy could not be maintained if any other nation were permitted to do in China what Japan is doing there, what she already has done in Manchuria.

ceived all previous protests, how are we going to save our face? If we don't mean, not merely part of what Mr. Stimson says but all of it, it would have been much better to keep still.

America, too, must save her face. There are two face saving courses that she can follow, in this Eastern muddle. She can state her determination to see that the integrity of China and the open door policy are not violated, and be prepared to back up that declaration with whatever force may be necessary, or she can withdraw altogether from the situation and let events shape themselves as they may without any pretense of interference on our part.

If Mr. Stimson has any assurance that the will and the strength of America is behind his declaration of principles, well and good and nobly done. If, however, he is merely running a bluff and taking a gambler's chance with this national face of ours the result is extremely likely to be that it will be repeatedly and insultingly slapped.

LEAGUE AND SCHOOLS. If the members of the Taxpayers League had been, three years ago, as largely in favor of the economies of school consolidation as from their action last night they now appear to be, it is entirely possible that the schools of Manchester might be costing the taxpayers considerably less than they now are.

Last evening the League, its embattled anti-consolidationists much calmed down by the passage of time and the influence of the depression, manifested a disposition to flirt quite openly with the consolidation idea. To be sure its position, as indicated by the proposals of its leaders, does not appear to be as yet one of head-and-heels conviction as to the merits of bona fide consolidation.

On one point, however, the Taxpayers League sees quite clearly. It realizes that the schools of Manchester, like the schools of every other town and city in New England, are costing not only more than the communities can afford but a great deal more. And there is much more wisdom than folly in the League's declaration that those costs should be reduced by 25 per cent.

That any such proposal, earnestly made, would create dismay and panic in educational circles in this or any other town in the state goes without saying. Yet it may very easily come about that just such slashing cuts will simply have to be brought about.

Excessive school expenditures work in two ways to overload the communities with taxes. They not only impose a terrific burden in themselves but, because the schools constitute by far the heaviest item of municipal expense, they set the pace for all other departments of expenditures.

Winnie Ruth Judd, making mandatory an appeal to the Supreme Court of the state in cases of first degree murder conviction.

This law is humane. It is calculated to make assurance doubly sure before the state takes the life of a criminal. In effect it is merely insistence on a review of the trial by the highest tribunal in the Commonwealth.

The defendant convicted, the trial judge proceeds with all solemnity to pronounce sentence of death, declaring that on such and such day the convict is to be hanged by the neck until dead, etc. And the convict knows and the judge knows and every child in the state knows that no such thing will or possibly could transpire.

WHIGS AND G. O. P. When former Governor Stokes of New Jersey declares that if the Republican party does not take a firm and definite stand on prohibition it will be following in the footsteps of the old Whig party, which ruined itself by trying to straddle the question of chattel slavery, he raises a voice that is entitled to consideration and makes an historic point worth remembering.

No question that intimately affects the lives of a majority of the American people can for long be successfully kept out of politics—after all what is politics but the disposition of questions intimately affecting the lives of the people?

## AMERICANS READY TO LEAVE SHANGHAI

If Danger Threatens All Will Be Removed To Manila Or the U. S.

Shanghai, Feb. 25.—(AP)—All Americans who reside at the Astor House Hotel, one of the landmarks of Shanghai facing Soochow Creek, were cautioned by American officials today to leave there and retire to safer location but most of them had declined to move up to late today.

The advice was given because of the apparent danger from Chinese shells which fell last night very near this spot as the artillery attempted to shell the Japanese flagship *Fusumo* anchored in the Whangpo.

The women and children of employees at the German Consulate which is within a stone's throw from the flagship already have been evacuated.

Earlier today American officials announced they would soon make public a plan for a general evacuation of the city by American residents in case this became necessary. Authorities at Manila were asked what facilities are available there for Shanghai's American residents. It was understood Manila's reply was that they were extensive.

The plan, as outlined by the authorities is for concentration of Americans in less dangerous areas, such as public buildings, schools, churches and clubs in case it should be necessary to evacuate any portion of the settlement.

Outlying Districts  
In the event outlying districts become generally untenable American locations there would be concentrated in downtown districts in buildings, arrangements for which have been made.

The third part of the plan would consist in the removal of all Americans from the entire Settlement area to steamers in the harbor and to American properties on the opposite side of the river. After this was accomplished, evacuation to other localities would begin, with Manila considered the most likely location, although many undoubtedly would proceed to the United States.

Take Over Shops  
In the event of such a general evacuation all American shops in these waters would be taken over to transport American citizens.

A renewal of Mayor Wu Teh-Chen's warning to United States Consul General Cunningham against permitting the Japanese to use the Settlement as a base of operations, caused fresh apprehension that the Chinese were planning to increase their artillery fire upon Hongkew with a view to eradicating from that portion of the Settlement all Japanese bases of operation, including the Japanese wharves, the consulate and the flagship *Izumo* at anchor nearby.

Japanese naval officials aboard the *Izumo* said today they did not intend to move in spite of the Chinese warning and American, British and Italian officials on their cruisers nearby took a similar attitude.

Mrs. Gustave Schadtie, aged 82, died at her home here Wednesday afternoon after a long illness. Mrs. Schadtie came here from New York City almost thirty years ago. She leaves beside her husband, two sons, Gustave M. Schadtie of this place and Fred Schadtie of Cromwell and one daughter, Mrs. Gustave A. Flewke of this place, sixteen grand children and seven great-grandchildren. Burial took place Friday afternoon at Hillside cemetery, this town. Rev. E. T. Thienes officiating. The bearers were Leon L. Buell, T. W. Doberrenz, Howard B. Lord and John A. Fuller.

An entertainment will be held in the library hall Friday night in celebration of the 200th year of the birth of George Washington. The program consists of dialogues, music, recitations, etc., after which the audience will be served refreshments.

The monthly Tri-County Christian Endeavor Union meeting will be held Sunday evening at Hebron. Frank Coan, a missionary from India will be one of the speakers. Myron Lord, John Rank, Jr., and Claude Hodge who are in the 8th grade at school enjoyed a trip to New Haven last week. One of the places they visited was the Natural History Museum where they gathered subject matter for graduation. William Caffyn took the boys.

Most of the dairy farmers of this town attended a district meeting in Westchester on Monday of the Connecticut Milk Producers' Association. The purpose of the meeting being the signing of contracts for the year beginning April 1.

An auction of farm, stock and farm implements was held at Edward Walden's Tuesday. The Misses Lydia T. Lord and Mae Hannon of Hartford spent the week-end at their homes in this place. John A. Fuller has been called to do duty in the U. S. District Court Grand Jury at New Haven. Miss Fanny A. Ellis, who is a teacher in Glastonbury spent the week-end and holiday at her home in this place. The schools began their winter term Wednesday morning, Feb. 24. Diplomats trying to prevent fighting in China should take a few tips from the managers of champion box fighters.

## TO GIVE MILTON'S ODE TO PARRY MUSIC HERE

"Bluest Pair of Sirens" To Be Sung At South Methodist Church Sunday Evening.

In their musical program of next Sunday night, the choir of the South Methodist Episcopal church will celebrate the birthday of one of England's most notable composers, Sir Charles Hubert Hastings Parry. John Milton, as a young man, wrote the "Ode to a Solemn Music" for a celebration in one of the great country houses of Old England.

These "Bluest Sirens" Voice and Verses of Milton's Ode were first introduced to the musical world of London, in Parry's setting in 1887 by the Bach choir. Parry was born Feb. 27th, 1848, and his early musical career at Oxford showed much promise, but the production at the Gloucester Musical Festival of 1880 of his "Prometheus Unbound" brought the conviction that a new composer had arisen to revive the art of Choral writing. Fullert's confirmation of this was given when the Bach choir produced the "Bluest Pair of Sirens." There is apparent great mastery of accentuation, and a wonderful power of handling great masses with the utmost breadth and simplicity of effect, and of using the voices of the choir in obtaining climax after climax, until an overwhelming impression is created.

In 1900 Parry succeeded Sir John Stainer as professor of music at Oxford, and received the honor of knighthood. In English musical matters, he is considered the most important figure in English art since Purcell. Following this number on Sunday night's program, the choir will sing the "Sanctus" from the B minor Mass of J. S. Bach. It was for the first production of this work in England that the now famous Bach Choir was organized in 1875. The first hearing took place in St. James Hall, April 26th, 1876, and was such a success that the choir was converted into a permanent organization of which Queen Victoria consented to become a patroness.

## CARDOZO APPOINTED

Washington, Feb. 25.—(AP)—The expected unanimous approval to the nomination of Judge Benjamin N. Cardozo of New York as associate justice of the Supreme Court was given by the Senate without any more than the bang of a gavel.

It took ten seconds at the close of yesterday's session to ratify President Hoover's choice of a successor to the venerable Oliver Wendell Holmes, who retired under the weight of great age. Justice Cardozo, is not expected to take his place on the highest bench until March 14. He has some work ahead of him on the New York Court of Appeals of which he is chief judge, and after next Monday the Supreme Court will recess until the March date.

## IN A TOUGH SPOT

Chicago, Feb. 25.—(AP)—It looks like Nathan Chapman is out of luck.

It's all for him if he gambles and it seems likely he'll go there anyway if he doesn't. His wife, Bessie, who divorced him yesterday, charging he was an inveterate gambler, wants back all money. Her attorney said that ought to be easy if Nathan's luck was any good, but there's a court injunction out which specifically says that he mustn't gamble.

By Monday the court expects to find out what Nathan has done to solve the problem.

## NEW JAP DESTROYER

Osaka, Japan, Feb. 25.—(AP)—The new Japanese destroyer *Inazuma*—meaning "Lightning"—was launched today at the Fujinagata dockyard here. The destroyer is a 1,700 ton ship capable of 34 knots an hour, carrying six 6-in. guns. It is the 24th to be completed of a powerful class of 1,700 ton destroyers of which the last is now nearing the launching stage at the Sasebo navy dockyard.

"FIRE SALES"

Editor, The Herald:

Fire Sales have become so prominent lately both here as well as in other towns and cities that they will soon overlap regular sale events. It is to be expected that a complete clearance of damaged merchandise be offered to the public at greatly sacrificed prices, but how this business is being abused and our public being taken advantage of, is a caution, and upon investigation the following will be found to be hard facts.

In going to these fire sales you will find that prior to the opening of the store for the "Big Event" that quantities of merchandise that have never been sold or displayed in the store, is heaped on the counters or displayed according to the type of merchandise being offered. This merchandise in many cases has been bought at ridiculously low prices elsewhere and unloaded for the big spread at an increased price, and in many cases at higher prices than you could purchase the same or better merchandise in other stores, as at this type of sale it is felt by the merchant that you honestly believe you are getting outstanding bargains.

The doors and windows are boarded in advance of the "Fire Sale" to make you believe the windows would have been broken by the vast throngs that will force an entrance to get some of the merchandise at give-away prices, and no doubt there has to be some value, but scattered among these are the so-called "dogs" that were parked there the night before. Recent furniture fire sales were fine examples of what you must watch for, and where fire damage represented a matter of a few hundred dollars, at least \$5000.00 worth in one case and \$20,000 worth in the other was represented as damaged by fire or water, and you bought the "Dogs" that had layed on the floor or in someone else's warehouse for years not months, at prices under ordinary conditions they could never have sold them.

My caution to you is to not buy too hastily. Weigh in your mind the cost of reconditioning the article whether it be a dress or a dining-room suite, and then determine if fresh merchandise of first quality and style could not have been purchased elsewhere at even a lower price. Is the mechanical contrivance you bought or you looked at, at the fire sale going to stand up, or will the immediate repairs or future service going to make your purchase more expensive than as though you bought it from a legitimate source with a service guarantee. Don't be too eager to follow the crowd into "Fire Sales" as in many cases of this type the cards are stacked against you.

No doubt many of you readers will take out the items you bought and will believe that there is a great

## REFUSES TO RETRACT

Cambridge, Mass., Feb. 25.—(AP)—The Harvard Crimson, undergraduate daily publication has refused to apologize for a recent editorial criticizing the Spanish Jesuit order as no longer an "Incorruptible organization."

The Crimson maintained its previous stand in a reply to a demand for an apology from Rev. Michael J. Ahern, S. J. of Weston College. The Crimson said it believed its original editorial of January 21 unassailable and that it maintained its original position "reinforced by the advice of reliable authorities."

The statement concluded: It (the Crimson) therefore feels that no retraction of the statements is necessary and that the incident requires no further comment.

## TWO COPS KILLED

Mineola, L. I., Feb. 25.—(AP)—Two Nassau county patrolmen were killed today when he patrol automobile in which they were riding was struck by an automobile in which rode two men. They were charged with murder.

The patrolmen were Alvin Bortward, 32, (of Maude street and Grand avenue, Hempstead) and Milton Verty, 27, (of Valley Stream). Each was married and each is survived by a widow and children.

The occupants of the other car, Robert Koehler, 30, (of 8736 110th street, Richmond Hill), and Walter Eisenhard, 27, (of 108-27 164th street, Jamaica), were arrested about a mile from the scene. Captain Emil Morse said they were intoxicated and could not remember the details of the accident, which occurred on the Hempstead pike not far from the Belmont race track.

## ROCKVILLE

### Stamp Exhibit

The Rockville Stamp Club held its annual exhibit at the store of Gustave Friedrich on Village street on Tuesday, and all day people from this city, Holyoke, Middletown and other cities called to see the splendid collection of stamps, many of which were very rare. Collecting stamps is not a fad but an established hobby among people throughout the United States and other countries.

Many of the younger people are interested and have joined the Junior club. Twenty-five members of this club had stamps on exhibition on Tuesday and prizes were awarded in two classes, one for best all around collections of United States stamps and general collection. Raymond Pitney, James Devin and Dorothy Friedrich, were awarded prizes in the first mentioned collection and Charles Schmalz, Walter Schober, Fred Pfau and Alan Backofen for the general exhibit. The prizes were valuable stamps.

It is planned to make the stamp exhibit an annual affair, as many are becoming interested in the display. Herbert O. Clough is president of the Rockville Stamp Club.

### Emblem Club Bridge

The Rockville Emblem Club held a public bridge party at the Elks Home on Wednesday afternoon. There was a large gathering and prizes were awarded as follows: First, Mrs. William J. Crockett of Manchester; second, Mrs. E. W. Burns of Rockville; third, Mrs. D. G. Robinson of Manchester. The committee in charge was: Mrs. George Graziano, Mrs. James Foley and Mrs. Molly Foley of Manchester; Mrs. Nettie Farrell, Mrs. Margaret Finley, Mrs. John E. Flaherty, Mrs. Peter Fagan, Mrs. Frank Hall and Mrs. Albert Heller.

On Wednesday, March 2, there will be a members' social and Mrs. Raymond Hunt of Rockville is chairman in charge.

### Entered in Contest

Miss Margaret McLean, Home Economics teacher at the Rockville High school, has entered her pupils in the National Meat Story Contest in which the top awards are to be university scholarships.

The contest is an annual educational feature for high school girls taking home economics, the present contest being the ninth. It is conducted under the National Live Stock and Meat Board, and has the endorsement and support of the U. S. Department of Agriculture.

The girls are now busy on the essays which must be in the hands of the judges not later than March 15.

### Luther League Program

The Luther League of the First Lutheran church will meet this evening at 8 o'clock, at which time a special program in commemoration of the 200th birthday of George Washington will be presented. A reading of the Life of Dr. Martin Luther will also feature. An urgent invitation is extended to all members.

### Cooperating With Y. M. C. A.

For the first time in several years the Tolland County Y. M. C. A. is co-operating with the churches of the county and the Y. M. C. A. of Wesleyan University is arranging for a series of visits by Deputation Teams from the college. Three such visits have been arranged. One on February 26-28 at South Willington; March 5-6 at Tolland, and March 11-13 at Rockville.

H. O. Clough Gives Talk  
Damon Lodge, Knights of Pythias, held a most interesting meeting in Castle hall last evening. Herbert O. Clough, superintendent of schools, gave a most interesting talk on "George Washington."

Edward Lehmann presided at the meeting and the first rank was conferred on a class of candidates. Twenty-five year jewels were presented to several of the members.

### Ice Situation Here

Alfred Ludwig has his men busy at Snipe Lake cutting ice eight inches thick. Although he has given up hope of gathering enough from his pond and lake for the summer supply he will get in a fairly good supply. Many farmers in the section are taking advantage of the present cold spell and are harvesting a supply, some having to go many miles to secure it.

Howard West, local ice dealer, is cutting enough for present use of customers.

Funeral of Mrs. Walther  
The funeral of Mrs. Eva L. Walther, wife of Fred Walther, who died at her home on Snipe street on Sunday, was largely attended from her late home on Tuesday afternoon at 2:30. Rev. Edward L. Nield, pastor of the Baptist church, officiated and burial was in Grove Hill cemetery.

Mrs. Walther was born in Rockville, the daughter of Willard and Mary (Dart) Griswold. She had resided in Rockville all her life.

Besides her husband she leaves two sons, Harvey and George, of Rockville; two daughters, Mrs. Viola Taylor and Miss Lillian Walther, of this city; two brothers, Harvey Griswold of Rockville and Frank Griswold of Jacksonville, Fla.; one sister, Mrs. Melvin Goodrow, of Dalton, Mass.

### Mid-Week Service

The mid-week Lenten service at the Ellington Congregational church will be held this week on Friday evening instead of Thursday. Rev. C. E. Johnson, pastor of the Rockville Methodist church, will be the speaker. Special music will be furnished by Mr. and Mrs. Clyde Cordtsen.

### Speaker at Ellington

Rev. Fred B. Eaker, missionary for many years in South Africa, will give an address on Sunday evening at the Ellington Congregational church on "Africa and Its Needs." The address will be illustrated by many beautiful and interesting stereopticon slides. He is an able speaker with a stirring story.

### Notes

Robert Coleman of Minterburn Court is visiting relatives in New York City this week.

Miss Sylvia E. Wearman, teacher at the County Home school, is spending a few days at her home in Watbury this week.

Mrs. Philip Nisan with young son

has returned from the Rockville City hospital to her home on High street. Miss Camille Morin has returned to her home on Windsor avenue after two weeks' visit with her sister, Mrs. Archie Vigard, of Willimantic.

## BOY SCOUT NEWS

### Training For Citizenship

One of the ways of intelligently using leisure time is by playing games of skill. If games are to make their contribution to the kind of education that fits boys and girls for citizenship in a democracy, these games must aid somehow in developing the qualities of a good citizen. The scoutmaster in a troop develops such qualities as initiative, leadership, co-operation and intelligent obedience. Through to formation of habits, mental and emotional attitudes and knowledge, the leader arranges the whole play situation so that qualities as initiative, leadership and co-operation are exercised for the good of the group and towards ends that are worth while.

There may be initiative in a bad cause as well as a good one. Because of the inherent interest of boys in play, the scoutmaster has one of the greatest opportunities for citizenship training in the whole educational field. The Boy Scouts of America give such opportunities to scouts in their program. Just visit a scout troop and observe the games as played in scouting.

J. G. DEAN,  
Field Scout Executive.

## Queer Twists In Day's News

Williamsville, N. Y.—The fellow who held up Mrs. Alma Wooster last week, robbing her of \$125 was only fooling. He sent it back to her yesterday.

Washington—Miss Dorothy Bayliss, 24, was married here last night to Lieut. Oscar Rumbo, 26, in Argentina, which sounds absurd but is perfectly legal. It was a proxy matter and was arranged to facilitate Miss Bayliss, rather Mrs. Rumbo's, entry into Argentina, for which country she will sail tomorrow. They'll be remarried there, just to be sure.

Joliet, Ill.—Warden Hill of the state penitentiary lined up all the inmates and said: "One of you is a thief." This came as a bombshell to the murderers, hijackers, gangsters and crooks.

The warden said somebody had stolen the prison's football and two football suits. If the low person who did it fails to return the articles, there will be no more football.

Chicago—Lowell Mason, campaigning for the Republican nomination as attorney general, is stumping the state by airplane.

When his father, the late United States Senator William E. Mason,

campaign for election he used a horse and buggy.

Pittsburgh—One of the nurses at Presbyterian hospital has a date for Saturday night—with a burglar!

The fellow climbed into her room yesterday and was about to clamp his hand over her mouth when she screamed and then reconsidered. "I can't hurt a girl like you," he

said. "How about a date Saturday night?"

What could the nurse say but yes? So that's the way it is.

There was plenty of tale spinning around the hangars during that combination strike and lockout of those Cleveland pilots.

## FARLEY'S REMOVAL STARTING RUMORS

### Political Observers Wonder What Tammany Hall Will Do At the Convention.

Albany, N. Y., Feb. 25.—(AP)—The Farley ouster behind him, Governor Franklin D. Roosevelt's friends and foes alike were wondering today how Tammany would "take it."

Tammany was not expected to say or do much to answer that question until the Democratic National convention in Chicago in June, when the votes of the big bloc of delegates controlled by the Wigwam will tell the story.

Sheriff Thomas M. Farley, removed from office yesterday by the governor, is one of the big figures in Tammany. From the time last fall when the legislative body investigating New York's administration began to look into his record, the question at the Capitol was not so much whether the governor finally would remove him but what effect his action would have on his Presidential candidacy.

Tammany, said the political observers, would never forgive the governor if Farley were ousted. The west and south these same persons said, would not forgive him if he allowed the sheriff to remain in office.

Tammany's answer at the party convention will tell whether the Republican investigation of New York City threw a stumbling block into the path of the Roosevelt candidacy. The Democrats have charged the investigation was ordered in the hope of finding campaign material for this fall. There have been many charges that the Republicans were trying to embarrass the governor. All of these the Republican leaders have denied.

## SEEKING TO ORGANIZE DRAMA CLUB AT Y

Mrs. Joseph Handley Prime Mover — Schedules Meeting For Week From Tonight.

Mrs. Joseph Handley of North Elm street, who has had considerable experience in coaching amateur dramatics for schools and organizations at the north end of the town, is organizing a dramatic club to be affiliated with the new Y. M. C. A. The first meeting is scheduled for Thursday evening, March 3, at 8 o'clock at the building on North Main street, when it is expected an out-of-town speaker well qualified to discuss on such a project will be present.

Through the columns of The Herald, Mrs. Handley makes a special appeal to all interested in dramatics, both from the standpoint of acting or interest in the spoken drama, to attend this meeting.

## WAPPING

Mrs. Augusta Berger has as her guest this week Miss Clara Van Scott of South Manchester.

The burial service of the Rev. John Squires was held at the family plot in the Wapping cemetery on Tuesday afternoon. Rev. Mr. Squires was a former pastor of the Methodist church here for several years.

Mrs. Wheeler who has been quite ill at the home of Mr. and Mrs. F. E. Eldwell in South Windsor was taken to her home in Bloomfield, N. J., last Sunday, her son and his wife accompanying her.

There were five tables of bridge at the Garden Club party which was held at the home of Mrs. H. S. Martin Friday afternoon.

Wapping Grange held its third regular meeting this year on Tuesday evening at the school hall with forty-four members present and nearly all wore old-fashioned costumes as it was Washington and "Ye Olden days" night. After the regular business meeting the following program was presented: A vocal solo by Oscar D. Strong, roll call, an exercise by eleven of the sisters entitled "Washington," vocal duet by Mr. and Mrs. Levi T. Dewey, "A Paper of Pins," paper by Walker N. Foster and a play entitled "When Martha and George Return" by four of the members, Miss Margaret Welles, Homer D. Lane and Mr. and Mrs. Harold Turner. After the meeting old fashioned dancing was enjoyed.

The play "Go Slow, Mary," a comedy in three acts, which the Dramatic Club of Wapping Grange presented at the local hall on February 5, was so well received that they have been invited to present it again this evening under the auspices of the Farley Teachers' Association. Dancing will be enjoyed after the play.

Miss Etta I. Stoughton had as her guests over the week-end her brother, S. Frank Stoughton of Delaware and her nephew, Sidney F. Stoughton of Alden, Pa. They came by automobile arriving here about 10 p. m. Saturday. They all motored to Springfield, Mass., to the home their sister, Mrs. Harold D. Miller, where they enjoyed a fine dinner together. They left on Monday afternoon for Trenton, N. J.

The Wapping Center schools closed yesterday afternoon at 3 o'clock and the children were taken by bus to the State theater in Manchester to see the picture entitled "Washington the Man, and the Capitol."

### EXPOSURE CAUSED DEATH OF GIRL

#### Body Found Almost Naked In Clump of Bushes; Worried About School Work.

Philadelphia, Feb. 25.—(AP)—Exposure caused by a mental lapse, tentatively was assigned by authorities today as the cause of the death of Miss Elsie Flothmeyer, a 22-year-old college student, whose body was found in a clump of brush in the northeast section of the city late yesterday.

The young woman, daughter of the Rev. and Mrs. Frederick Flothmeyer of this city, had been missing since she left her father to go for a walk 24 hours previously.

The body was naked except for a girdle and a shoe, and her legs and face were scratched as if by briars. Her clothes lay in a pile about 70 feet away.

Had Mental Lapses  
"This girl was subject to mental lapses," said Joseph LeStrange, assistant police superintendent. "I believe she suffered one Tuesday when she disappeared. She wandered around in a daze until exposure began to weaken her."

"I have heard of many instances where persons take off their clothes when suffering the agonies of exposure. I believe that is what happened in this case."

Police withheld a positive statement as to the manner of her death pending an official examination by a surgeon.

Mrs. Flothmeyer said her daughter had worried about her school work and that two years ago was in a hospital for a mental illness.

The body was found by a group of boys who were among those searching for the girl.

## GREEN PEOPLE TO HAVE SOCIAL GET-TOGETHER

### Another of That Section's Popular Gatherings To Be Held Saturday Night.

Another monthly social and get-together of the people of the Manchester Green section of the town is planned for Saturday evening of this week, under the auspices of the Community club. Under the direction of Miss Margaret Spring, a teacher in the Manchester Green school, the two-act comedy drama, "Sally Lunn" will be presented by the following club members: Mrs. E. B. Iman, Mrs. W. H. Dowd, Miss Mabel Lanphar, Miss Spring, Raymond Goslee, Hans Jensen and Louis More. Mrs. Inman, who is general chairman of the committee, is arranging for additional numbers of entertainment.

Mrs. Martha Cone is chairman of the committee on refreshments which will be served after the play. Dancing will follow to music by McKinney's orchestra of Coventry. The usual good time is anticipated by members of the Green Community club, friends and general public.

## MINERS DECORATED

### London, Feb. 25.—(AP)—Nineteen miners from Durham were decorated by King Edward today with the King Edward Medal for bravery.

The investiture was held in the Throne Room of Buckingham Palace where His Majesty received the miners in private. It was a reward for their having risked their lives when a cavern occurred at the Hedley mine to rescue a fellow miner who was buried under a heap of stone.

They worked nine hours under dangerous conditions and almost immediately after they had rescued their comrade, the tunnel in which they had been working collapsed.

Although white is very visible, it is too dazzling in sunshine. For that reason authorities in the south of France are discussing having all main roads colored red, with secondary roads green or yellow.

## GUARDS LOSE ON TECHNICAL FOUL

**St. Mary's Beat Locals For Third Time When Captain Gustafson Is Penalized For Criticizing Decision; Score Is 31-30.**

A four game basketball series between the St. Mary's of East Hartford and the Manchester National Guards came to a conclusion last night with the Saints winning three times and outpointing the Guards by five points, 122-117. The Saints took the final game last night 31 to 30.

**TWO PICTURES**

Hundreds of boys, two rings and a tournament leading to the national amateur championships... short, swarthy boys with bulging muscles... skinny lads with long muscles... crowds around the rings ready to cheer or laugh.

Among the headlines newspapers might as well keep standing are: AGUA CALIENTE TRACK SUSPENSIVE AND SENATORS SEEK ANOTHER HURLER.

**Here They Go!** Tommy and Paul are called to the center of the ring... a cheer goes up... the two young men raise their hands above their heads... a reply to their friends... they listen soberly to the referee's instructions... they return to their corners... the bell rings.

Tommy is awkward... Paul is a fighter... you can almost tell by the way they take their stances that this one is in the bag for Paul... they spar... suddenly Paul brings one right up from the floor, flush on Tommy's chin... down he goes... on Paul dances to his corner... he stands doing a sprightly little shuffle... Tommy never moves... a few minutes later in one of the dressing rooms, Tommy is brought around... he gasps, "I guess I ran into one."

On the way home that night, the ringiders comment: "Did you see the wallop that Paul was his-name fastened on Tommy somebody-or-other?"... they laugh... it's part of the game.

Judge Landis' favorite occupation is tinkering with a motor boat that won't run. That ought to refute those critics who think the Judge is something of a crank.

**In Another Stadium** Thousands of faces packed around the arena... the lights go out, except those above the ring, leaving the faces in semi-darkness... there is thunderous applause as two men climb into the ring... One of the boxers is young... "Hurrah for the Kingfish!" is the cry that goes up as he takes his seat in a corner... for the other man there is a tremendous ovation... "He's a resounder!" "Hey, Jack!" "Waasay! Dempsey!"... and the second fighter smiles and bows his acknowledgment.

The first round is slow... not many minutes have passed before realtoring sweeps over the crowd that many they have come to see they never will see again... the old Dempsey punch... the old whirlwind action... the weaving and bobbing, followed by sudden crushing blows... the old man just about he is very tired.

All that's lacking in the Dempsey ball-hon is the statement that Jack is trying to bring back the championship to the United States.

Giving Him the "Bird" The second round is the same... ineffectual mauling from Dempsey... wild swings from the young Kingfish... jarring back the old champion's head time after time... ripping body smashes that make the old Mauler hang on... it appears the Mauler is just feeling his way through.

The third round is the same... then a long "hoop" begins... they want action... they want Dempsey to shoot that left hook winging in here... and see the Kingfish go head over heels... like Willard Carpenter went... like the Mauler just puffs... not a chance.

At the ring-side sits a little old man, peering up through weak eyes... Bat Nelson... "he's not half bad, at that; for a man who has been out of the ring nearly five years"... but there are other sounds, too... newspaper men at the ringside remember the Dempsey that was... and shake their heads... "he's a champ"... "It's not worth it!"

On the way out the crowds chatter... men look around knowingly... they have been "in at the kill"... it's part of the game.

## CAMPBELL DRIVES 253 MILES AN HR. ON DAYTONA BEACH

**47 Year Old Englishman Breaks Own Record In 12 Cylinder Bluebird Despite Wind.**

Daytona Beach, Fla., Feb. 25—(AP)—Three automobile speed records which Malcolm Campbell, the 47-year-old Englishman established here yesterday were unsatisfactory to him and he was prepared to try to better them today.

Streking down the beach at low tide yesterday in the face of none so favorable course and wind conditions, Campbell broke his own previous marks by driving the mile at 253.968 miles an hour, the kilometer at 251.840 and the five kilometers at 241.56 miles an hour.

His 12-cylinder Bluebird racing car was clocked one way over a five mile distance at 244.200 miles an hour but timing traps failed to work on his second run and he was not allowed a record for that distance. Regulations require a driver to be timed two ways over a designated course to establish a record.

On his first run south over the 12 miles course Campbell was clocked in 13.46 seconds over the measured mile for the astounding speed of 237.485 an hour. His second run was timed at 14.89 seconds for a speed of 241.775 miles an hour. The average for the runs was 14.175 seconds for a two way speed of 253.968 miles an hour.

The new record for the mile exceeded by 8.235 miles an hour the former mark of 245.738 he established in the same car here last year. He bettered his own time over the mile by .47 of a second.

Campbell's average two way time over the five kilometers was 46.30 seconds for an average speed of 251.340 miles an hour. His previous kilometer record was 240.086. His average two way time over the five kilometers was 46.30 seconds for an average speed of 241.569 miles an hour. His old mark for the five kilometers was 216.045 miles an hour.

Because of a strong head wind Campbell said he was greatly disappointed with his trials yesterday and that if the wind subsided by low tide today he should be able to lower all his records by a wide margin.

**BOWLING**  
**MIXED DOUBLE MATCH**  
Mae Sherman and Leo Sarazen won a close match from Mary Strong and Dominick Beletti by 21 pins. Mary Strong had high single of 127.  
Strong . 94 80 127 84 101—488  
Beletti . 101 107 107 118 122—555  
195 187 224 202 223 1041

Manager Joe Farr would like to hear from bowlers who are going to enter the Mixed Double tournament.

In a five game total pin fall between Dominick Beletti and Leo Sarazen, Beletti came out on top by a margin of 20 pins.

Beletti who was feeling pretty cozy last night challenged Mary Strong, offering 15 pins hand-in-hand in which he easily won. He then took on Mae Sherman under the same conditions, but found a stumbling block. Mae took two out of three. He then challenged Marcella Karpin but Miss Karpin did not have her bowling shoes with her so the match was set for a later date.

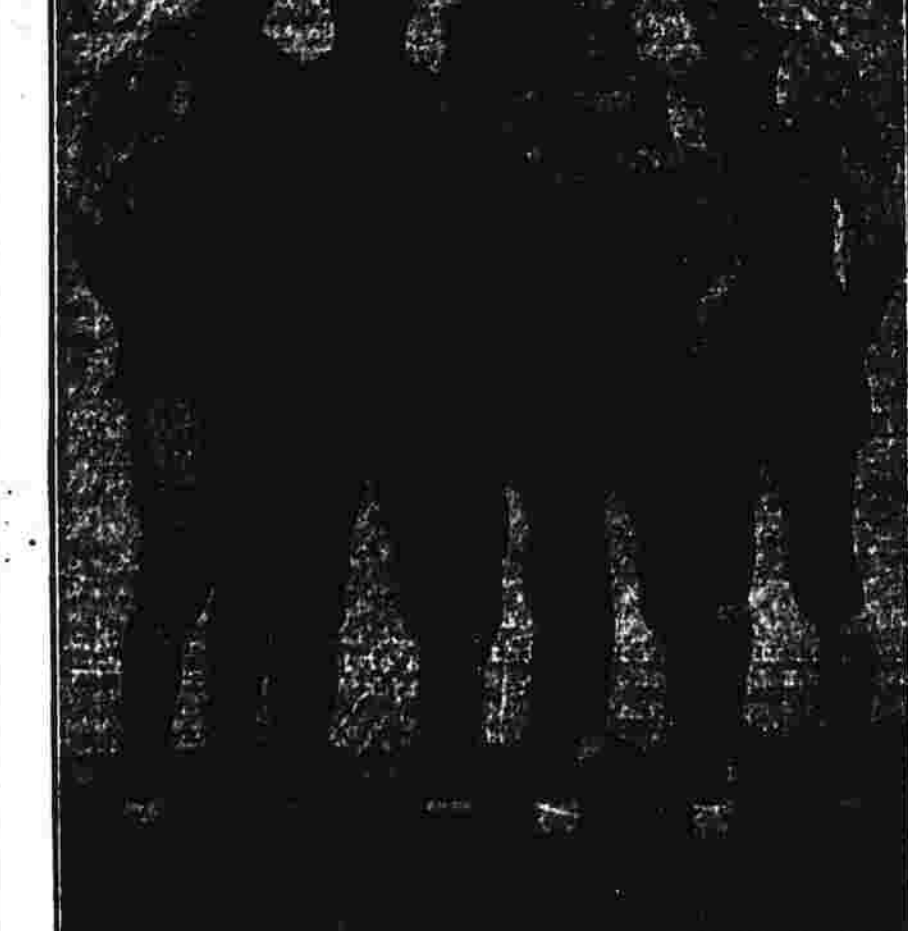

The New London team will be back in town tonight for another match at Murphy's alleys.

**HOCKEY**  
**MAROONS-AMERIKS**  
New York, Feb. 25—(AP)—While several disputed places in the National Hockey League standing provide added incentive to the league teams that meet in tonight's two games, the question whether or not the N. Y. Americans can overcome the Maroons in their struggle for third place in the Canadian section, still is one of the most interesting subjects for conjecture.

After three straight victories, the Montreal Maroons received a severe setback last night from the Chicago Black Hawks, losing 1 to 1. The defeat left the Maroons three points ahead of the Ameriks but they schedule only eight games left on their schedule against the New York team.

Chicago's triumph increased its second place margin in the American division to three points. Detroit faces the Toronto Maple Leafs tonight in its last visit to Toronto. The Leafs hopeful of getting back into a tie with the Montreal Canadiens for the Canadian division lead are the favorites. The Boston Bruins also are the underdogs against the New York Rangers.

## Baltimore Orioles Pose

Pictured above are the Baltimore Orioles, claimants of the basketball championship of their race in the south, that expect to play the Renaissance later in the season for the world title. Tomorrow night the Orioles come here to oppose the National Guards at the state armory.

## Southern Champions Playing Here Tomorrow

**Baltimore Orioles Praised Highly In Press Reports; "Specs" Moten Leading Star.**

The Orioles of Baltimore, Maryland, come to Manchester tomorrow night to oppose the National Guards in what appears to be one of the of the season. The southern gentlemen claim the championship of their section and have won an amazing percentage of their games.

A brief introduction of the members of the Oriole team follows: "Specs" Moten—Formerly member of Leland Big Five of Pittsburgh. Now the Orioles high scoring ace holds down a forward position.

"Speed" F. Caffey—One of the fastest men on the court plays at the center guard position.

"Joe" Steele—has already played at forward and guard and is one of the best utility players that one could have on a club.

"Chic" Carey—Formerly member of the N. Y. Collegians holds down the other forward position.

"Jumpin'" Joe Mills—One of the leading scorers in the country. Stands 6 ft. 5 in. tall.

"Buster" F. Carter—Former Original Buffalo star plays the other guard position.

Press reports collected by Manager Archie Seale of the Baltimore team pour verbal praise on the Orioles for their ability. Here are some of the clippings: Daily News, Pasaic, N. J., Jan. 17, 1931: The Al. Smith Democratic Club was extended to an extra period to squeeze out a thrilling victory over the Baltimore Orioles, one of the greatest Negro organizations in professional basketball.

## TRADE DEFEATS MUTES 22 TO 20 FOR 12TH WIN

**Baskets By Kovis and Jolly Bring Victory For Locals In Thrilling Contest.**

Manchester Trade made it twelve out of thirteen yesterday but came seriously near losing its second game of the season to the American School for the Deaf of West Hartford at the Rec gym. Manchester won 22-20. Only three more games remain on Manchester's schedule.

The two teams were pretty evenly matched and each fought hard all the way. Once again it was Kovis and Sebek who led the Trade attack. Jolly and Sendrowski being held to a single field goal, Jolly was banished in the closing minutes for a brief rumpus with a visiting player.

The first half ended a tie and the score was still deadlocked at the end of the third period. In the final quarter after both teams had missed several foul shots, Kovis executed a neat follow-up shot under the basket to put Manchester ahead by two points. Captain Jolly hit the bull's eye from mid-floor to make it four.

Martin, the A. S. D. ace, slipped free to score his fifth field goal and when Jolly was banished Ewan made the foul to place the score at 23-20. Sendrowski's foul shot ended the scoring and was a relief to the supporters of the Trade School who plainly showed their concern over the outcome.

Earlier in the season in Hartford, the Trade nosed out the A. S. D., 13 to 8 in a tight defensive battle. The only difference yesterday was that the shooting was a bit more accurate on both sides.

In the preliminary yesterday the A. S. D. seconds trimmed Manchester 24 to 21 with Wilson and Lampher leading the attack. Rossi was outstanding for Manchester.

**SECOND ROUND PLAY IN JUNIOR Y TOURNAY**  
With six teams still in the running for the County YMCA Junior Basketball Championship, the second round of play will get underway this week Saturday at 4 p. m. at the Manchester YMCA when the Farmington Junior High school will meet Brook Grammar school, winners last Saturday over the Manchester Arrows. At 4:45 p. m. the Herald Newsboys, who last week overtopped the Thompsonville YMCA team, will match up against the Thompsonville second team. On Saturday, March 6th, the four teams remaining in the tournament will meet in the semi-finals with the finals to be played on March 12th.

**GOLF WINNERS**  
St. Petersburg, Fla., Feb. 25—(AP)—Willie Macfarlane today picked up his pocket another \$500 when he played his way to first place in the \$1,800 St. Petersburg open golf tournament yesterday with a 54 hole score of 208. Macfarlane put together cards of 72-69-69 to nose out Dave Hachney, of Lowell, Mass., by one stroke. Walter Hagen, Johnny Farrell and Billy Burke finished down the list and got only \$25 each.

## Victory Over Rockville Proves The Difference

**Local Sport Chatter**

Windy City Team Suffers 43-16 Lacing At Armory In Manchester's Final Home Game; Kerr High Scorer; Seconds Win Easily.

Hank McCann who did a mid-season somersault from the Rec to the Guards was so enthused over the town series that he forgot to take his suit to East Hartford for the game last night. A thoughtful teammate didn't forget.

Interest in the town series seems to be growing rapidly. It was the chief topic of conversation in town sporting circles last night when the news was exclusively announced in The Herald.

The Rec Five will practice at 7:30 tonight at the Rec gym and Manager Jimmy Gorman requests all members to be on hand promptly. Practice session will be secret and spectators not permitted in the hall. The series starts a week from tonight in the Rec gym.

The second game will probably be the following week on a Wednesday, but this has not been definitely settled.

Manchester Trade has three more games to play. Tomorrow it journeys to Stafford Springs and then meets New Britain in New Britain next Wednesday and Bridgeport here next week Friday. New Britain is the only team that has defeated Manchester this season, accomplishing the feat 27 to 25.

The last chance to see the Guards in action before the town series starts will be tomorrow evening when they oppose the crack Baltimore Orioles at the state armory. The Flotilla orchestra will play for dancing.

Manchester High has closed its home season in a most auspicious manner and now has but two more games to play, at Middletown tomorrow and at Willimantic the following Friday.

It becomes more and more apparent that the Guards can thank their lucky stars Paul Briggs is not with the Rec Five this season. If he were, the Rec would enter the series favored to win. Even members of the Guard team admit that Briggs would probably be the difference between the two clubs.

**Spring Big Basketball Surprise; Indians Now Down In Fourth Place.**

New York, Feb. 25.—(AP)—Dartmouth's Indians, recently the leaders of the Eastern Intercollegiate Basketball League found themselves down in fourth place today after one of the season's major upsets while Columbia, the defending champion had things all its own way at the top.

Pennsylvania, beaten in four straight league games and figured as an easy victim staged a stirring second half rally at Hanover last night and handed the Indians their first straight league defeat 32 to 22.

Two games Saturday with Columbia's visit to Princeton topping the list can just about settle the title race. The Lions have lost only one out of six league games while Princeton has won five and lost two.

80 Years of Hindenburg

BY MILTON BRONNER

European Manager, NEA Service (Copyright, 1932, NEA Service, Inc.)

WHEN HISTORY WAS IN THE MAKING—These two old war-time photographs show General Hindenburg (left) and Kaiser Wilhelm going over plans for a battle.

Berlin, Feb. 25.—In the gray light of an early morning in the latter part of August, 1914, an old gentleman in civilian attire nervously paced up and down the railway platform at Hanover, accompanied by a solicitous old lady. It was Paul von Hindenburg and his wife, waiting for the special train which was speeding from the west front in Belgium, bearing General Eric Ludendorff, who was to be his chief-of-staff.

The two men had never met. All that Ludendorff knew about Hindenburg was that he had attained high rank, had retired, had reached the age of 87, but was, nevertheless, reported to have sharp wits and considerable military ability. It is doubtful if Hindenburg knew that much about Ludendorff.

German military headquarters were greatly displeased with Colonel-General von Fritzsche, who was in command in the east and who was clamoring that he must withdraw his troops beyond the Vistula. This would mean giving up most of East Prussia to the Russians, and if the Germans were then beaten, would open the way for the Russian steam roller to go crashing towards Berlin.

Then somebody at G. H. Q. remembered Hindenburg; that he was an East Prussian and had formerly been stationed at Koenigsburg; so that he was probably well acquainted with the terrain. Ludendorff was also an East Prussian. It would be a good scheme to send the older man as general and the younger man as strategist. So said, so done.

When Ludendorff's special train drew in, he stepped down, saluted and shook hands. It was the first time the famous pair had ever met. They quickly boarded their train and started off in haste for Koenigsberg.

The German situation was serious enough. Their army had General Rennenkampf, with a huge Russian army on one side and General Samsonoff, with another army further south. Maybe Hindenburg knew something about the hatred between the two Russian commanders, which had begun in the Russo-Japanese war. Whatever it was, he determined to put his fortunes to the test.

He withdrew most of the troops facing Rennenkampf, leaving a slight screen. He concentrated all the troops he could secure in an endeavor to draw Samsonoff into a trap. It succeeded.

The Russian army was almost annihilated. Ninety thousand prisoners were taken. Samsonoff dug out himself from the battlefield which Hindenburg named Tannenberg. It was the revenge for the defeat his ancestors had suffered here nearly 500 years before.

reached the Carpathians and saw the Austrians in Bukowina run away. But Russia's strength was broken, as events were soon to prove when she sued for peace. History was to show that Hindenburg, then nearly 70, had succeeded, where Napoleon failed, in conquering the land of the czars.

Then things came to a standstill, but the Allies scored by bringing Roumania with a million men into the war. In the meantime, Falkenhayn denied further troops to Hindenburg. He needed them all for the luckless and savage attack on Verdun, where the flower of the German army perished in a futile effort to crush the French.

By July, 1918, the Kaiser and his flatterers came to a sense of realities. Accompanied by Falkenhayn and others, they came to the castle of Pless in Upper Silesia. Hindenburg and Ludendorff went for- ward.

Falkenhayn resigned and Hindenburg was made commander-in-chief of all the armies, with Ludendorff as his quartermaster general.

The new chief at once decided there must be no more Verduns. The German armies on the west must stand on the defensive for the time being. The first business in hand was to attend to those Rumanians, Bulgarians and Turks who were set in motion and in a swift and ruthless campaign the Rumanian army was put out of business.

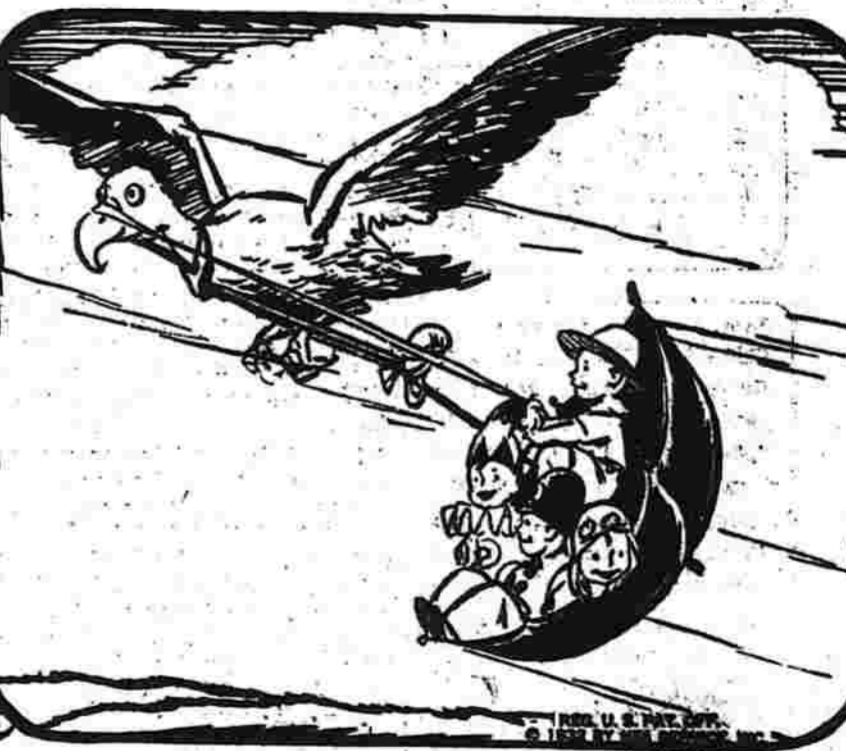

Hindenburg could now pay some attention to the west. He might well have said to his Kaiser what Foch said to Clemenceau: "You give me supreme command in a lost battle and ask me to be happy about it."

Everywhere the Germans had performed prodigies in arms, but the British and French armies were themselves performing heroic miracles and the Russians still gave signs of fighting strength. England's grip on the sea had tightened and her blockade of Germany had made the people of the Kaiser feel the bitter pangs of hunger.

NEXT: The new commander-in-chief of all Germany's armies takes charge on the heels of starving Germany's "turnip winter" in 1918. . . . The allies are halted, and the great German drive of March, 1918, brings their darkest day in the World War. . . . American doughboys at the Marne, and the turn of the tide from mad to worse. . . . the ashes of November. . . . an old hero retires for the second time.

TOO GOOD BOARDING HOUSE MISTRESS: I am afraid I'll have to let you go. You're not the kind of cook I want. COOK: But, ma'am, I understood all the boarders liked my cooking and ate hearty. BOARDING HOUSE MISTRESS: Yes, so I have observed—Pat-finder.

(READ THE STORY, THEN COLOR THE PICTURE) The big umbrella swooped real fast and Scouty said, "This will not last so very long. I'm sure that we are going to hit the ground." And then they heard scared Duncy yell, "If this was rubber 't' would be swell, 'cause when we landed, right back into air we'd surely bound."

ADOLPH HITLER MADE CITIZEN OF GERMANY

Berlin, Feb. 25.—(AP) — Adolph Hitler, technically a man without a country, became a citizen of Germany, eligible for the presidency, today when the State of Brunswick appointed him councillor to its Berlin Legation.

The National Socialist leader is an Austrian by birth, but he lost his citizenship in that country by serving in the German army during the World War. After the peace both Austria and Germany denied he was their citizen. Since then he has consistently refused to apply for citizenship in the normal way on the ground that he disdained favors from what he called the "November Republic."

Since his ascendancy in politics, several efforts have been made to provide him with the necessary qualifications for high office. The most recent was a plan to make him a professor at the Brunswick Technical University, but the faculty apparently spoked that, fearing to jeopardize the academic standing of the school, since Hitler is in no way qualified for a professorship.

ASKED TO PAY \$30,000 WITH \$10,000 INSURANCE

Hartford, Feb. 25.—(AP)—How to pay \$33,000 of judgment from an insurance policy of \$10,000 is a question to be asked of the Supreme Court by lawyers interested in the cases of four persons who were injured in an automobile accident on the Berlin turnpike on May 17, 1931.

The four judgments were obtained against Clifford De Loy who is employed as a prison guard at Wethersfield. All four suits were brought in September. Two were tried to the court without jury and George M. Kofsky of Hartford obtained a judgment of \$8,886.38 for personal injuries and injuries to his car, and he also obtained a judgment of \$5,000 as administrator of the estate of his mother, Catherine Kofsky, who was killed in the collision with his car.

Anna Dorothy and Winifred Trainor, young women who were employed in Hartford and were injured in the De Loy's car had a trial of their cases on the jury later than the Kofsky cases. Miss Dorothy, whose legs are permanently paralyzed, obtained a verdict of \$15,000. Miss Trainor, also severely injured, obtained a verdict of \$4,500.

ADOLPH HITLER MADE CITIZEN OF GERMANY

Berlin, Feb. 25.—(AP) — Adolph Hitler, technically a man without a country, became a citizen of Germany, eligible for the presidency, today when the State of Brunswick appointed him councillor to its Berlin Legation.

The National Socialist leader is an Austrian by birth, but he lost his citizenship in that country by serving in the German army during the World War. After the peace both Austria and Germany denied he was their citizen. Since then he has consistently refused to apply for citizenship in the normal way on the ground that he disdained favors from what he called the "November Republic."

Since his ascendancy in politics, several efforts have been made to provide him with the necessary qualifications for high office. The most recent was a plan to make him a professor at the Brunswick Technical University, but the faculty apparently spoked that, fearing to jeopardize the academic standing of the school, since Hitler is in no way qualified for a professorship.

Today Minister of Agriculture Engelberg Dolphus and Vice-Chancellor Franz Winkler were seized by an attack of the disease. Former Chancellor Ignaz Seipel was recovering, but doctors prescribed a sea voyage or a holiday as soon as he can travel.

INFLUENZA IN AUSTRIA

Vienna, Austria, Feb. 25.—(AP)—Influenza has half the Austrian Cabinet in bed. Chancelor Karl Buresch has been ill several days and Finance Minister Emanuel Weidenhofer went to bed yesterday. The chancelor is said to be improving.

# SENSE AND NONSENSE

**Five Things**  
 If your lips would save from alps,  
 Five things observe with care,  
 Of whom you speak, To whom you speak,  
 And How and When and Where.

If your ears would have from fears,  
 Five things keep meekly hid;  
 Myself and I and Mine and My,  
 And what you Do and Did.

**Steno**—I'm going to be married Saturday, and—  
**Her Boss**—And so you're going to quit.  
**Steno**—Oh, no! I'm just going to tell you that I'll be needing more money.

"I had a dream the other night, Casey, an' it taught me a great lesson."  
**Bedad**, an' what was the lesson, Pat?  
 "Twas like this. I dreamed I was in Rome, an' I had an audience with the Pope—as great a gentleman as any in the district, an' thot's no lie. Thinks I, would a duck swim an' seoin' the whistly an' lemons an' sugar on the sidewalk. I told him I wouldn't mind if I had a wee drop of punch. 'Cold or hot?' asked Rivrence. 'Hot, yer Holiness,' says I. Ah, what a mistake I made!

"I don't see anything wrong—"  
 "Ah, but listen, boy. His Holiness stepped toward the kitchen for the b'llin' water: an' before he got back, I woke up. Nex' time, I'll say, I'll take it cold, yer Holiness, while the water's a-gettin' hot!"

**Restaurant Proprietor** (belligerently)—Listen, Mister, when you eat here you don't need to wipe off the plate, see?  
**Mild-mannered Gentleman**—I beg your pardon. Force of habit, you know. I'm a baseball umpire.

**Yes, When the Others are Worn Out!**  
 Hush, Christmas necktie,  
 Don't you cry,  
 Paper'll wear you  
 By and by.

Only a short time ago it got so cold that two high school boys had to pull up their socks. There isn't as much credit these days attached to the fact that your great grandparents came across in the Mayflower as there is whether you come across at the grocery store. . . . The only time it pays to cry over spilled milk, is when you can get the restaurant proprietor to pay for a new dress. . . . Everybody is always talking about a monopoly being formed, but so matter in what line, it is rarely achieved and, when it is, it doesn't last long.

Roll on, thou deep and dark blue sea  
 Keep rolling on for all of me.  
 On you I can not waste a glance  
 While bathing beauties 'round me prance.

"Miss Curley" said the office manager to his stenographer, "I would suggest that you do not write letters to your young man during office hours. Smith & Jones report that we sent them a shipment of love and kisses instead of the tar and axle grease that they ordered."

**Madam**—(to Chinese man-servant)—After this, when you enter my bedroom, please knock. I might be dressing.

**Chinaman**—Me don't need knock. Me allays lookes in kleehole first.

**Millionaire** (addressing meeting)—I came to this country without a shirt on my back, and now I have accumulated two million.

**Awed Voice**—Why, you'll never wear them out.  
 Some fall to recognize opportunity until they see her back. . . . It is all right to dream, but wake up and give your dreams a chance. You see, by saving all you earn you will have money to share with the fellow thrown out of work by your saving. . . . There is many a good thing lost by not asking for it. . . . Men put off things they ought to do, an' women put off things they ought to wear. . . . Attention is attracted by what you do, not by what you think ought to be done.

**GETTING IT**  
**MRS. KANE**: Before we were married my husband said that nothing was too good for me.  
**MRS. BLAINE**: And now?  
**MRS. KANE**: He thinks I ought to be satisfied with nothing. — Answers.

**THE ACID TEST**  
**"Look here, you said you would do anything for a pal."**  
**"Well, didn't I give my wife a divorce so you could marry her? What more could you ask?"**  
**"I want you to help me get a divorce from her and then take her back."**—Pathfinder.

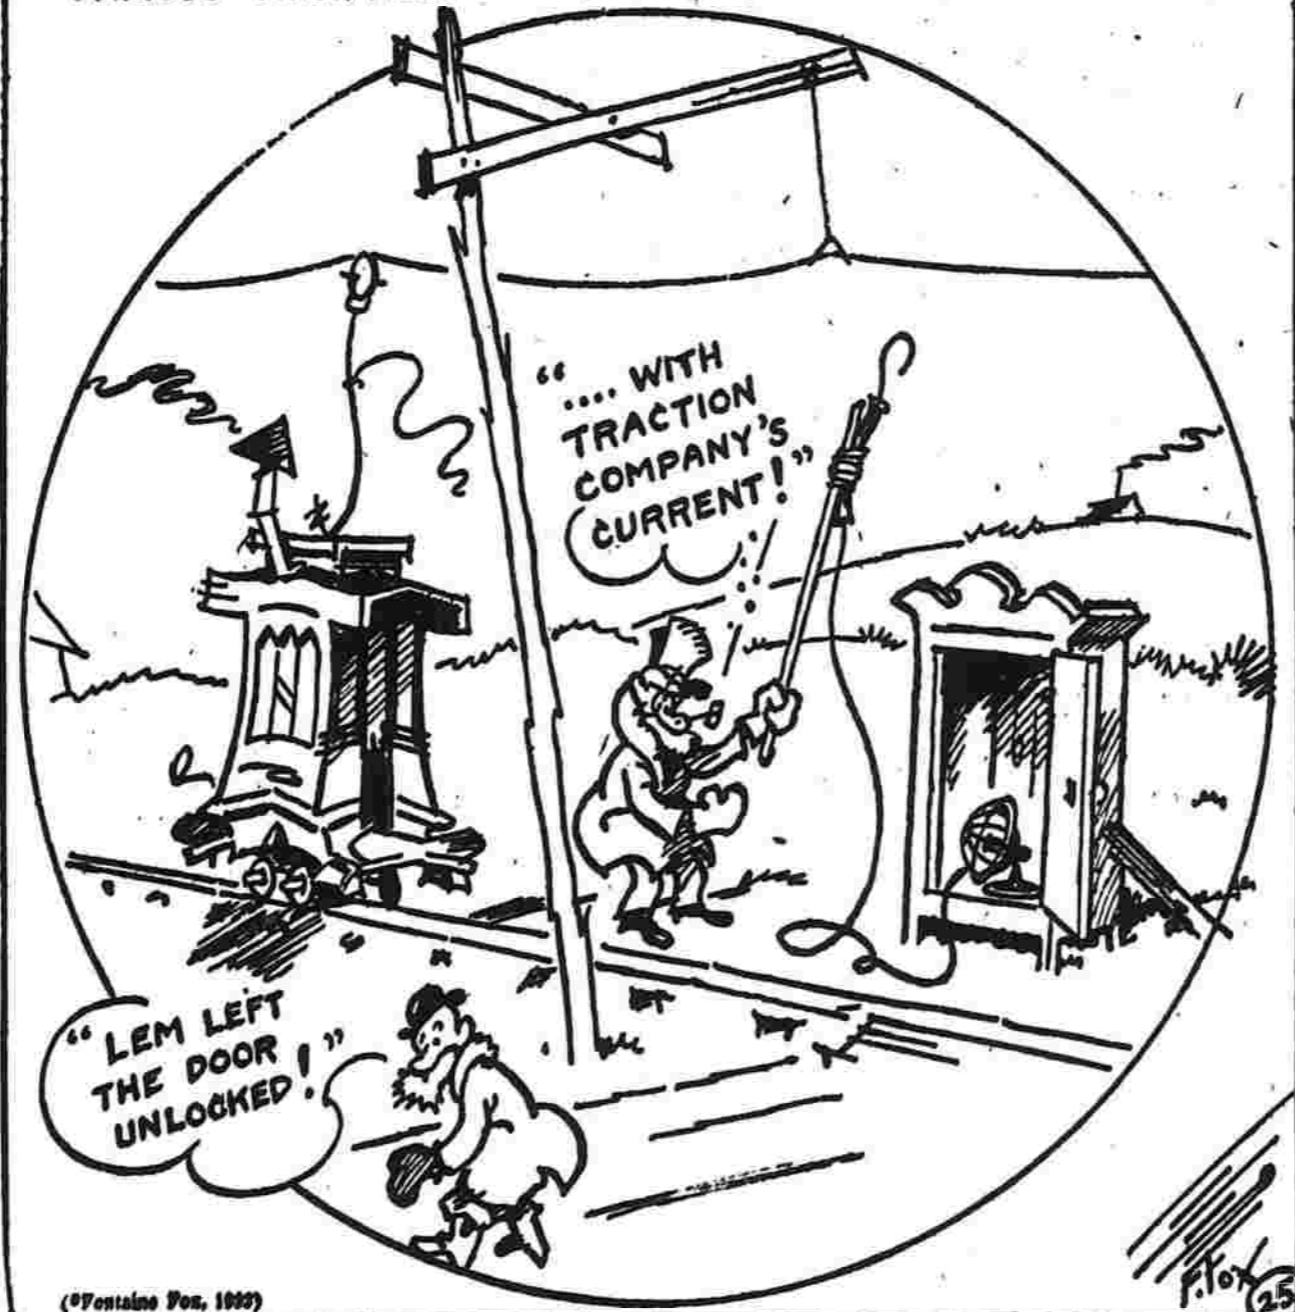

**A SWELL FEELING**  
**DOCTOR**: Can you tell me how you felt when you were first ill?  
**LITTLE BOY**: Yes, doctor— awfully pleased at not having to go to school.—Passing Show.

Friday evening, March 4, is the date set for the "church night" program of the South Methodist and St. Mary's Episcopal churches at the School Street Recreation Center.

Women of the Moose held their regular meeting last night at the Home club on Brainard Place. The business included the initiation of candidates. A social time with refreshments followed, and a drawing was held on the suit case for which the members have been canvassing. David Hadden of 121 High street drew the lucky number. It was voted to have a public setback party, Thursday, March 3 at the Home Club.

**ABOUT TOWN**

Rev. J. Stuart Neill, rector of St. Mary's Episcopal church will give the principal address at the Washington party of the Daughters of Liberty and Orangemen of Washington Lodge in Orange hall tomorrow evening. His subject will be "George Washington, the Man." The Center Flute band will play patriotic airs and the Manchester Bagpipe band will also have a part in the program. The Daughters of Liberty will serve a supper in the banquet hall at 7 p. m.

A special business meeting will be held at the Second Congregational church tomorrow evening at 7:30 to consider the church finances.

**FOOD**  
 SERVED IN HOME STYLE  
**Quick! Courteous!**

The Friendly Bridge club will meet tomorrow afternoon with Mrs. Irving Wickham of Bridge street.

Ward Cheney Camp, U. S. W. V. will hold its regular meeting tonight at 8 o'clock in the State Armory.

The South Methodist church board will meet this evening at 7 o'clock. Following the business session Miss Doris M. Davis will conduct a Junior demonstration class and Rev. R. A. Colpitts will give a test to the adult pupils.

**\$1,200 To Consumers Of Electricity In Manchester! \$1,200**

The Taxpayers' League of Manchester, Incorporated, is now ready to proceed with a rate case against the Manchester Electric Company, and to have action begin along those lines as soon as sufficient money has been raised to defray the expenses of such a rate case.

The concessions lately granted to the Town by the Manchester Electric Company in regard to street lights for this year were made, not as a result of using "molasses" toward the company, but solely because pressure of the only sort they understand was brought to bear on them, through the efforts of the Taxpayers' League.

Moreover, these concessions are only of a temporary character, and do not apply in any way to residential and commercial rates for electricity in Manchester.

At the meeting of the Manchester Electric Company's officials and the Board of Selectmen of Manchester on last December 28, Mr. Samuel Ferguson, President of the Company, was asked if rate reductions in other towns served by his companies were going to apply to Manchester.

**"No! Not While We Are Under Fire!"** was his immediate reply.

You can readily see that Manchester people stand little or no chance to benefit by any voluntary reduction in rates on the company's part until the company gets good and ready to make one.

It is going to take more than "molasses" or even vinegar to pry any rate revision loose from the Manchester Electric Company. Unless we are mistaken, it will take nothing less than dynamite—in the form of adequate legal action.

If sufficient funds are forthcoming, the league plans to engage as counsel for the case Professor Albert Levitt, who spoke before a meeting of the League here last November. Professor Levitt's facts and figures concerning the Manchester Electric Company are just as true now as they were then. They have never been satisfactorily disputed or refuted.

This rate case, if undertaken, will have more results than the possible reduction of electric rates here in Manchester.

It will endeavor to determine whether the sky is the limit for the earnings of Public Utility Corporations, or whether their incomes and profits shall remain within reasonable bounds.

It has been estimated that a sum of not less than \$1200.00 will be necessary to meet expenses involved in taking the case up through the Connecticut Supreme Court. The Taxpayers' League is ready to act.

**THE REST IS UP TO YOU.**

If it happens that the rate case is not promoted for any reason, the money will be returned to the contributors upon application. If part of the fund is used, the League reserves the right to keep the remainder for its future financial needs. No names of donors will be published or made public.

Any of the League's officers and members of the Executive Committee, in addition to other authorized canvassers, will accept your contributions. If the canvassers do not happen to see you, try to see them.

The League can use a few more people as canvassers who can give the time to this drive. If you are interested, see Matthias Spiess, President of the League, for credentials, etc.
