she had tried to make herself unpermitted to it was entirely possible she might never see him again.

CHAPTER XXI Lorene Elcott proved to be a smart, thin woman who carried a forgolette and had never quite learned to manage it.

How handsome he was! She loved the way he kept in step with her. She loved his calm obliviousness to the stir they were causing on the floor.

When America was at war with England in 1813, an Indian known as O'Mia was executed on a gibbet set up a few feet from the present site of the Old Stone Church in Cleveland, O.

Then she rose triumphantly. But it was evident that being a buyer meant nothing to Larry. When Ellen rang the bell he became convinced of her earnestness, and, at the same time, abruptly cross.

"What do you mean?" she asked. "What do you mean?" he echoed foolishly.

Ellen looked at him sharply. She wondered for a moment if he had been drinking. The lights had been dimmed for a moonlight wait.

She was so close by that New Yorkers look upon as a sort of sixth borough. That annoys some of the 135,000 Yonkers, because their city (bigger'n Albany) has a strong community spirit.

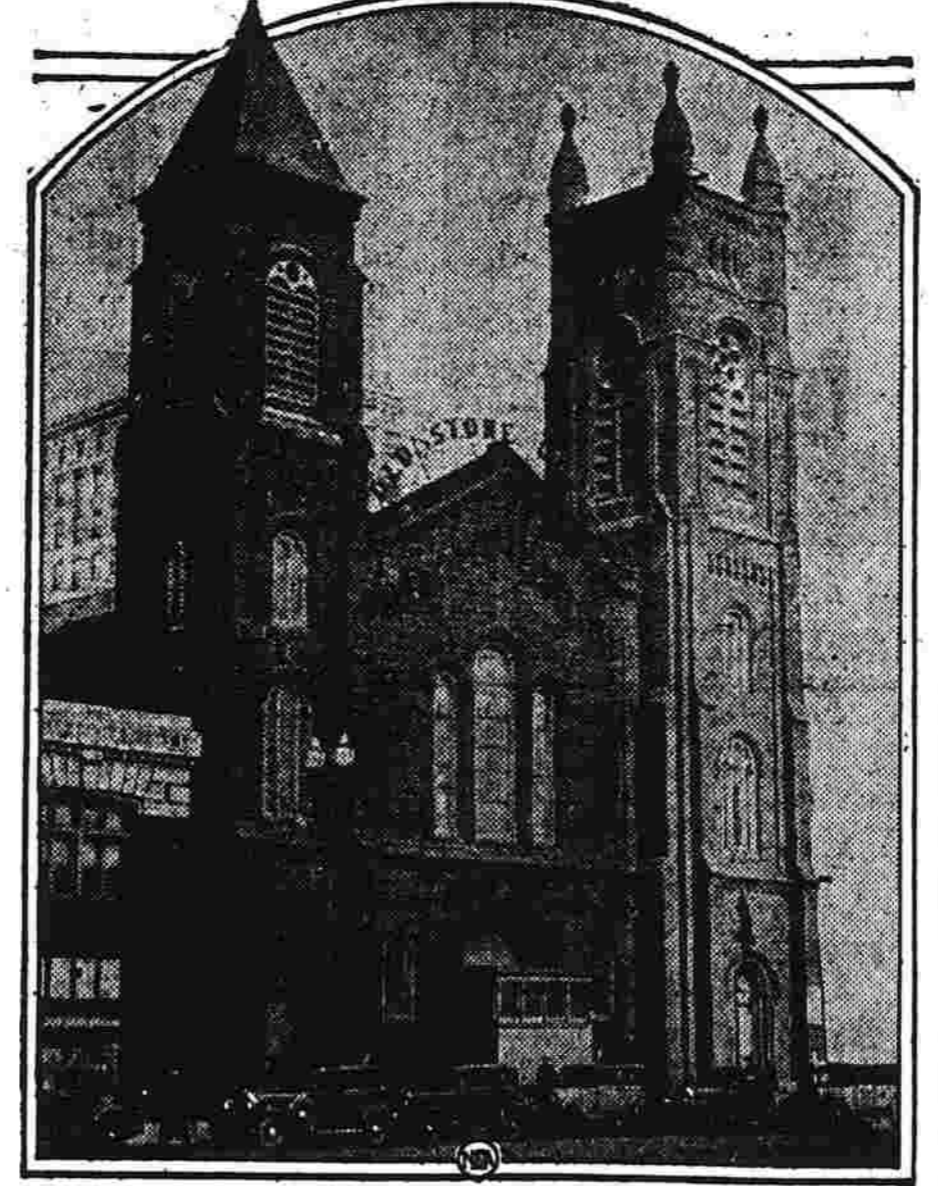

There's quite a colony of resident celebrities, many of whom have their business headquarters there. They're plenty of arty folk up there—writers, actors and such, as well as bankers and big business men.

One of the hardest criticisms against the successful business woman today is that she seldom looks very happy.

NOTED REFORMER DIES

Buenos Aires, Argentina, Feb. 26—(AP)—Dr. Juliet Lanteri, who spent most of her life fighting for women's rights and children's care, died today from injuries suffered in an automobile accident Tuesday.
Dr. Lanteri organized the first International Women's Congress in Buenos Aires in 1910, which was the first South American conference to advocate child care.

TODAY IS THE WORLD WAR ANNIVERSARY
GERMANS ATTACK U. S. TROOPS
On Feb. 26, 1918, the British hospital ship *Genar Castle* was torpedoed and sunk in the Bristol channel. Loss of life was placed at 164.
The Germans, in a trench raid on American-held positions on the western front, used gas in attaining temporary success. Five U. S. soldiers were killed and nearly 100 others wounded.
German and Austrian planes bombed Venice, damaging two churches.

AUTO SHOW EDITION OF HERALD PLANNED

All Dealers and Accessory Men To Be Represented in Tuesday's Issue.

A ten-page supplement of The Herald will be issued Tuesday in connection with the Golden Opportunity Automobile Show that will open at the State Armory Wednesday afternoon and continue through Saturday. The supplement will carry the advertisements of ten automobile dealers and nearly thirty accessory men and other exhibitors.

Opens in Afternoon
The show will open at 1 o'clock Wednesday afternoon, the opening day having been designated as Children's day. Between 1 and 5 o'clock children will be admitted to the show. After that time, children under fifteen years of age must be accompanied by their parents or adults. The show will start at the same hour each day and continue through the evening until 10:30 o'clock. Al Behrend's orchestra will furnish music on Wednesday and Friday evenings, and Bill Waddell's orchestra will play Thursday and Saturday.

Elaborate Decorations
The canopy and strings of electric lights and a huge "Auto Show" sign will be erected in front of the Armory today. The inside of the Armory will be elaborately decorated as it was at the recent Masonic Ball, only with several additional features. In addition to this there will be 28 gaily colored and attractively designed booths across the east and down the sides on the north and south sides, with each booth having a six-foot column in each front corner, with an electric dome light on top of each post. The booths have been built by the Trade School carpentry department. Each auto dealer will have a large white column with a modernistic gold ornament on top and all auto dealers' signs will be on gold backgrounds. The C. R. Burr Nurseries are furnishing ferns and plants and the entire decorations are to be carried out on the idea of gold in harmony with the "Golden Opportunity" name.

VOTE ON WAGE CUT
New Haven, Feb. 26 (AP) — Ballots cast by trolley men on the Connecticut Company's proposal to reduce wages ten percent throughout the State were being counted by a committee today. The result of the vote however, was not expected to be made public until it had been reported to company officials. It was indicated a decision might be announced late today or tomorrow.

Each publication will be criticized on a score sheet so

the editors of the publications may profit by the judging. The results of the contest will be announced at the convention which will be held at Columbia University on March 10, 11 and 12, 1932. This convention is the largest of its kind in the world, a total of 1615 boys and girls, editors and staff, members of their publications and their faculty advisers, being in attendance last year. SALOONS IN BERLIN ARE OUT ON STRIKE

12,000 of Them Close Up Shop While City Thirsts; Protest High Taxes.

Berlin, Feb. 26—(AP)—"Beer strikers" today claimed that 12,000 Berlin saloons had answered their call to refuse to sell beer until the government price czar, Carl Goerdeler, lowers the tax and prices of Germany's favorite beverage.

Berlin saloons began taking up the "strike" about a week ago after many other cities throughout the country had begun to feel the pinch of anti-beer tax campaigns.

The movement came before the Berlin Saloonkeepers' Union last night, and they decided by a vote of 800 to 150 to refuse to sell beer against the high tax, which was imposed in one of the Bruening emergency decrees.

The saloonmen resolved to shut off spigots at 3 a. m. today. The authorities had to be known that they intended to meet the retailers demand "about half way" within a few weeks, probably a few days before Easter, but this was unsatisfactory to the union.

When Chancellor Heinrich Bruening late last year appointed Dr. Carl Goerdeler as price dictator for Germany, a heavy tax was slapped on beer, and protests began to come in.

Under the decree, however, there was no appeal from the government's drastic policy, and saloonkeepers soon began to talk strike, because they had to turn a great percentage of their revenues over to the government.

Soon the provincial authorities found that they could buy everything but beer in striking saloons. Thousands of establishments shut off their beer spigots in Hamburg, Munich, and Kiel, and in smaller cities.

CONGRESSMEN HEAR OF KIDNAPING EVIL

Washington, Feb. 26—(AP)—The sinister trail of the racketeer through the United States mails was described vividly today before the House post office committee.

From mid-west cities, particularly St. Louis and Chicago, came the cry for a weapon to deal with threatening letters.

Kidnapings, intimidations of jurors, frightening of important witnesses in criminal cases were cited as proof that the mails have become a powerful influence in perpetration of crime.

Representative Cochran (D., Mo.), author of a bill which provides punishment for sending such letters through the mails, told of the urgent demand for it by citizens' committees, Chambers of Commerce and police chiefs.

St. Louis, with its state line problem complicating criminal dealings, sent C. A. Newton of its citizens' committee organized to deal with the kidnaper and racketeer; Walter Weisenberger, president of the Chamber of Commerce, and Joseph G. Grek, chief of police, to testify.

From Chicago came Robert Isham Randolph, of the Chicago citizens' committee.

Weisenberger displayed a kidnaping map of the United States showing kidnaping cases and convictions. Along with the kidnaping map was a fugitive map, with arrows marking the huge population centers where a mere crossing of state lines would complicate justice.

MADE \$50,000 YEARLY FROM LOTTERY BUSINESS

New Haven, Feb. 26—(AP)—Irwin W. Weiner, former wealthy hockey club owner and sports promoter, testified under protest today in bankruptcy court that he had earned \$50,000 annually from 1924 to 1930 in the operation of a treasury balance lottery.

Weiner who recently filed a bankruptcy petition, at first refused to testify concerning this phase of activities, asserting that such testimony would incriminate and degrade him. Refused in bankruptcy David M. Richman, however, overruled the objection and insisted upon presentation of the evidence.

Examined by counsel for the creditors, Weiner at the opening of the hearing last week testified he had lost \$60,000 in a business venture. He refused to disclose what the nature of this venture was.

Weiner told the court today he had operated the lottery enterprise in New Haven and its vicinity.

NEW ARCHBISHOP

Quebec, Feb. 26—(AP)—Enthroned as Archbishop of Quebec last night, Mgr. J. M. R. Villeneuve chanted his first pontifical high mass in his new Diocese at the Basilica here today. Mgr. E. C. Lafane, rector of the Basilica, assisted the archbishop in the office of priest. The sermon was preached by Mgr. Georges Gauthier, co-adjutor bishop of Montreal. The vast edifice was filled to the doors. There was a full choir.

MAY RETURN SWORD GIVEN TO PERSHING

Washington, Feb. 26—(AP)—A sword and other gifts presented to General Pershing in 1925 by President Gomez of Venezuela are being kept at the State Department until the commander of the A. E. F. is authorized to accept them.

This was explained today after General Rafael De Nogales of Venezuela had appealed to the department to return the sword to his country's National Museum.

Nogales, explaining he was an avowed enemy of President Gomez, said the sword was "a priceless treasure belonging to the country and sacred to all South America." It was once owned by the Venezuelan patriot Paez.

In official quarters, it was suggested that if a desecration of the nation's historical archives was involved in President Gomez's gift, Nogales should ask the Venezuelan Legislature to take the necessary action.

The sword, a decoration of the Order of the Liberator and an album of photographs taken during a visit by General Pershing to Venezuela, were presented him through that country's minister at Washington. An act of Congress is necessary before an officer can accept gifts from foreign countries.

COLUMBIA

Mr. and Mrs. H. W. Porter have received word that the baby daughter of their son Randall Porter, born in Omaha, Neb., on Feb. 8, has been named Susan Helen Porter.

Mrs. Raymond Lyman and two children spent the week-end and Washington's birthday in East Hartford at the home of Mrs. Lyman's sister, Miss Laura Collins.

Mrs. Edith Schutt and Samuel Mather of Setauket, L. I., were guests at the home of Mrs. Florence Budge.

Three car loads of young people from Hartford spent Washington's Birthday at the lake, and during the day skated on the lake, although they reported the surface had softened so that it was not very good skating.

The Misses Adella and Ahlene Budge, who have been active members in the Happy Go Lucky 4-H Clothing Club for the past four years, are starting another Clothing Club for the younger girls.

They met at the hall Tuesday afternoon and Miss Grover, County Leader organized the club. There were 8 girls present, with three others expected to join. They will meet every other Saturday afternoon, starting this week.

They elected officers as follows: President, Irene Seigel; vice president, Lucy Derosa; secretary, Virginia Macht; treasurer, Carol Lyman. Virginia Collins and Katie Postanski were also present, making the 6 to sign up.

At the meeting Tuesday afternoon some of the parents and interested friends were present, also the committee chosen by the Master of the local Grange to assist in forming various 4-H clubs among the girls and boys.

It is hoped to start a canning club soon for the girls, and a garden club for the boys. The committee of the Grange consists of

EDISON DROPS SUIT

Wilmington, Del., Feb. 26—(AP)—William L. Edison, a son of the late Thomas A. Edison, announced today that a settlement had been reached in the suit he had filed contesting a portion of his father's will.

Mr. Edison, beyond stating that a settlement had been reached, would not discuss the matter today. He did say, however, that it was about to file suit at Newark, N. J., when a family conference was held, and court action was never started.

After that negotiations proceeded, and a settlement was reached about January 20.

The will of Thomas A. Edison was filed in New Jersey October 29, 1917. The bulk of the estate was left to Charles and Theodore Edison with a provision that they may divide the residue of the estate among all six children when and as they shall deem judicious.

Also, fresh beef is used in all Columbia beef soups (although corned beef could be used according to law in "beef" soup).

These are some of the reasons for Columbia's Soups' added tastiness, added food value. And behind their goodness lies the story of this country's most unusual example of Industrial Democracy.

SOUP... made by COOKS WHO CARE— in these remarkable Co-operative Kitchens

You'll Like That EXTRA Rich Broth in COLUMBIA VEGETABLE SOUP

And the selection of delicious vegetables, too—all favored in the most appetizing style. Columbia Vegetable Soup contains extra fine broth, slightly thickened—although the Federal and State laws permit the use of much more cereal thickening in "vegetable" soup without mention on the label. Likewise, Columbia Chicken Soups contain all chicken meat (although a considerable percentage of beef is permitted by law in "chicken" soup).

Every Cook is an Equal Partner!

Columbia soups are made in kitchens which are controlled 100% by the working force. The workers themselves are the company. The capital is controlled by the workers. The entire management is in the hands of the workers. Each worker is guaranteed that he will suffer no unemployment—is guaranteed a living wage, 52 pay checks a year, full medical, hospital and dental attention without cost for himself and dependents, vacations with pay, old-age pensions, and the five-day week.

A Successful Plan

This is the great Hapgood "experiment" which has been made a matter of comment in newspapers in every part of the United States; in fact, all over the world for more than ten years. Now it is past the "experimental" stage. The plant has been operating successfully in the hands of the workers for many years, while making most of the best known brands of soups in the United States. Today the Columbia Conserve Company, in addition to making these well-known brands, is also offering soups under its own name, the "COLUMBIA" brand.

Try These Soups on This Liberal MONEY-BACK OFFER! Serve TONIGHT any of the 16 Columbia varieties. If you don't agree it is the most delicious soup you have ever tasted return the container and your money will be refunded.

GOOD BUSINESS

"What does your father do when one of his horses is ill?" "Do you mean just unwell or very ill?" "Very ill. Why do you ask?" "When a horse is just unwell, dad gives it medicine, but when it is very ill, he sells it."—Die Wocheim Bild, Oltzen.

Some ice has been harvested on some of the smaller ponds in Columbia. At the present time it looks as though very little ice would be cut on the lake this year, as although it is of sufficient thickness, it is open water around the edges, which makes it almost impossible to get out to the ice.

The Columbia Athletic Association is rehearsing a three-act play to be given here in the near future. Rev. A. W. Mellinger is coaching the rehearsals.

The Tolland County Chopping contest will take place Saturday on Robert Foot's wood lot in Gilead. Following the contest there will be an inspection of the wood lots of Clair Robinson on Post Hill and Justin Isham of West street.

Wednesday evening at the parsonage there was a meeting of workers and those interested in the different activities of the church, to discuss plans for the spring work of the church and its societies.

says Miss Claire Andree at the Manchester Herald Cooking School

LIFE'S AUTUMN

"If you cannot do a kind deed, speak a kind word; if you cannot speak a kind word, think a kind thought."

The damps of autumn sink into the leaves and prepare them for the necessity of their fall; and just as insensibly are we, as years close around us, detached from our tenacity of life by the gentle pressure of recorded sorrows.—Lander.

Rugs should be cleaned for sanitary reasons. Send them to Dougan's for a thorough shampoo. Phone 7165.

Oriental Punch

1 cup sugar.
1 cup water.
Boil to a syrup with 6 cloves, a one inch stick of cinnamon and a piece of preserved ginger about the size of a walnut.
Cool, add juices of 3 lemons, 3 oranges and a drop of green coloring matter. Serve with chopped ice and mint leaves.—Margaret Justin.

Cookies, pies, cakes, and doughnuts for the children's lunch. And don't forget to try some of the Blue Ribbon Bread when you are making sandwiches. Call 8856—Blue Ribbon Bakery.

When you are baking ham, to give it a very delicious flavor, has it with a half cup of vinegar to which two tablespoons of grape juice has been added.

With the efficiency and modern facilities the New Model Laundry has at its disposal, why not let it take care of the hardest task among the household duties. Phone 8072.

To remove the ugly white spots caused by drops of water on a polished surface, rub them with camphorated oil, and they will disappear.

Some say that Spring is around the corner, but in the meantime, "blue coat" will protect your home from the effects of March weather. W. G. Glenney, 4149.

If you wish your house ferns to look healthy and attractive, give them a bath at least once a week. To do this, set the plant pot in a tub of water and let it remain there for a short time. And don't forget to wash the leaves at the same time so that they will be free from dust.

Why not patronize the home product? The West Side Dairy milk is produced and pasteurized under the strictest sanitary conditions right in Manchester.

When you press heavily embroidered linen, place it right side down on a heavy turkish towel and press it on the wrong side with a very hot iron, and be sure the linen is very damp.

Saw some new lounging and beach pajamas in Marlow's today. Several of the styles were in pretty percale prints and some were of rayon applied in attractive contrasting colors. They are all one dollar each and come in sizes 16 and 17.

Do not keep your electric iron exposed in the kitchen, for the steam which arises from cooking will permeate it.

LONG SEARCH ENDS FOR BOOTLEG HEAD

Chicago, Feb. 26.—(AP)—A puzzled lake boat pushed its nose through the heavy fog at the South Chicago crib where a boy idly watched its approach.

"Any there, lad?" shouted one of the crew. "Which way to Chicago? We've sailed this bloomin' tub a month, it seems, with nothing but the fog ahead."

"You're way too far south—back 12 miles or so," and the "tub" churned back the way it came.

That encounter of the lad with the Sea Hawk one foggy night in 1929 sent government agents from the middle west to the Florida coast and along the seaboard to New York in a dogged quest for Abe Moss as the head of a huge bootlegging syndicate and owner of the "tub" allegedly used to smuggle liquor from Canada to Chicago and points en route.

The search ended yesterday at Providence, R. I., with the arrest of Moss, and the government prepared today to return him here to face liquor indictments along with several of his alleged smuggler-employees.

Because the crew of the Sea Hawk asked him for directions while lost in the fog en route from Milwaukee, the boy thought the craft was in distress and ran to the Coast Guard station to summon a government vessel.

The Coast Guardsmen found the Sea Hawk safely tied at Navy pier, just off the bustling Loop, and, in turn, called government agents, who said they found a cargo of liquor in the Hawk's hold and arrested Harry Marshall of Alpena, Mich., one of the crew. William Loeple of Chicago, a truck driver, was also seized and government agents said he admitted all but 300 cases already had been transferred from the boat to trucks ashore when the Coast Guard called.

Federal officers said they traced ownership of the Hawk to Moss.

VITAMIN B IN BRAN. RESEARCH REVEALS
Also Has "Bulk" to Further Assist Elimination, and Iron for Blood

One of the functions of Vitamin B is to help tone the intestinal tract, and promote elimination. Now, laboratory experiments show Kellogg's ALL-BRAN contains this valuable vitamin.

In addition, ALL-BRAN brings a plentiful supply of "bulk"—which provides the "ballast" needed to exercise the intestines.

This "bulk" in ALL-BRAN is similar to that of lettuce. Inside the body, it is different from the way you see it in the package. It absorbs moisture, and forms a soft mass which gently clears the intestines of wastes. Special cooking processes make ALL-BRAN finer, milder, more palatable.

Another healthful element brought by ALL-BRAN is iron. Tests show this cereal has twice as much usable iron as the same weight of beef liver.

Check common constipation—with its frequent headaches, loss of appetite and energy—by eating this delicious cereal. How much pleasanter than taking pills and drugs—so often habit-forming.

Just eat two tablespoons daily—sufficient to overcome most types of constipation. If your intestinal trouble is not relieved this way, see your doctor.

Appetizing recipes on the red-and-green package. Made by Kellogg in Battle Creek.

RASKOB'S INFORMATION ON HOOVER'S CAMPAIGN

New York, Feb. 26.—(AP)—John J. Raskob, chairman of the Democratic National committee, hears "on good information" that President Hoover will run for reelection on a prohibition referendum platform "if his party should adopt such a platform."

The statement was made by Ras-

kob following a speech before the New York Young Democratic Club. He pointed out that the President has been regarded by drays as their leader and that if he should run on a platform favoring a referendum on prohibition the drays would consider him "a Judas, and will vote for the devil before they vote for him."

He took occasion to deny that he ever had discussed with former Governor Alfred E. Smith the question of presidential possibilities.

GOVERNOR REMEMBERED

Dedham, Mass., Feb. 26.—(AP)—Governor Franklin D. Roosevelt of New York was bequeathed \$1,000 in the will of Livingston Davis, Boston banker allowed by Judge J. R. McCool in Norfolk county Probate Court today.

Davis, who like Governor Roosevelt was a member of the Harvard class of 1904 made his bequest "in grateful remembrance of joyful comradeship."

The bulk of the \$550,000 estate was left for the use of Davis' family.

SHOUSE AS GUEST

Furnish Your Home—

 —With companionship and have joy.

Thankful
 Teacher (to twins)—And so you two were born on Thanksgiving day, were you?
 The Twins—Yes, ma'am.
 Teacher—Then your parents have something to be thankful for, haven't they?
 The Twins—Yes, ma'am; they say they're thankful we weren't triplets.

A little boy, in a (nearby town) church, tired of the long kneeling during a prayer, decided he could stand it no longer. Finally he leaped to his feet and shouted, "Last one up's a bigger baby!" His mother was not the last one up.

Jim—I don't mind looking after your horses, but I don't want to be called the hostler.
 Tom—Oh, that's all right—I'll call you our stabilizer.

Lady (to trusty)—Are you sure you have time to show me through the penitentiary?
 Trusty—Yes, madam, I have ninety-nine years.

John—Have you ever loved before?
 Agnes—No, John; I have often admired men for their strength, courage, good looks or intelligence, but with you, dear, it is all love, nothing else.

Head Librarian—Young man, we are about to close the desk; is there anything you would like to take out?
 Well, yes, how about the tall one in the tan dress?

A Boston school teacher asked her class to name the twelve greatest men in the world. One boy wrote: The Harvard football team ... 11
 Charlie Chaplin ... 1
 12

Two battered old wrecks were sitting on a bench in the Boston Common, when one remarked: "I'm a man who never took advice from anybody."
 "Shake, brother," said the other, "I'm a man who followed everybody's advice."

She—Oh, John, I've just discovered that the woman next door has a hat exactly like mine.
 He—Now, I suppose you'll want me to pay for a new one.
 She—Well, dear, that would be cheaper than moving.

Example is the most powerful sermon to modern youth than all the writers. . . . Men praise your good judgment when you agree with them. . . . These are the days when we would like to be a small boy again, even though we had to put up with a sore toe and sunburned shoulders. . . . There happens just one of two things. Either people use the government, or the government use the people.

An airplane limerick: "There was a young lady from Maine, who got horribly sick in a plane, not once but again, and again and again and again, and again."

Friend—You ought to take a day off and go fishing.
 Constant Foller—No, I'd rather stay in the office and think about fishing than be out in a fishing boat thinking about work.

The Solution
 This depression is as lasting as you make it. It depends entirely on the point of view. If you're full of pessimism and can't shake it, it's not the world that is to blame—it's you.

Attention is attracted by what you do, not by what you think ought to be done.

ONE OF MANY
 ARTIST: See that picture? What do you think of it? A thousand wouldn't buy it.
 CANDID FRIEND: Yes, I'm one of the thousand.—Answers.

TAKING NO CHANCES
 A Jew and a Scotsman decided to go into partnership and bought a bus. The next morning both showed up as conductors.—Tilt-Bits.

PUTTING A STOP TO IT
 "Good heavens, girl, you are getting uglier every day!"
 "Well, at least, that's something you can't do."—Pele Mele, Paris.

FORCED TO SUFFER
 "What is the name of that selection your daughter sang?" asked the music-loving guest.
 "That wasn't a selection," replied the father. "It was forced on us."—Answers.
