veit of New York to an inquiry several days ago for a definite statement of his position in the fight for Massachusetts presidential delegates, indicated he would have been willing to have compromised with the forces of former Governor Alfred E. Smith.

The governor's reply said: "Some time ago I gave my son, James, the definite authorization to be used only in the event that Mr. Donahue was not willing to go along with some kind of a formula which would have made a contest wholly unnecessary."

The authorization referred to was the power of attorney, which under Massachusetts statutes is necessary to allow candidates for delegates to a national convention to be recorded as pledged to a particular presidential candidate. Donahue is Frank J. Donahue, chairman of the Democratic state committee and leader of the Smith forces.

Donahue recently filed the authorization of former Governor

Smith for the use of his name in the forthcoming primaries. The Smith slate, headed by Donahue, is headed by U. S. Senators David I. Walsh and Marcus A. Coolidge and Governor Joseph B. Ely.

Last minute efforts to effect a compromise between the Roosevelt and Smith forces were unsuccessful although Mayor James M. Curley, Roosevelt leader, charged the Smith men were given several opportunities to compose their differences in the interest of party harmony but failed to take advantage of them.

NEUTRALS HOPEFUL AT PEACE PARLEYS

But Chinese and Japanese Are Gloomy As Negotiations Are Resumed.

Shanghai, March 24—(AP)—The Chinese and Japanese armies went methodically about the business of grooming their troops of war outside Shanghai today as formal peace negotiations finally got under way in the International Settlement.

China was represented by General Tai Chi, Shanghai's military garrison commander, succeeding General Chiang Kiang Kai, who walked out on the opening session yesterday, declaring that he could not sit as military delegate unless Japan named a full-ranking general to sit opposite him.

The first session started at noon and was very brief. When the delegates fled out of the British consulate both Chinese and Japanese were gloomy, but the neutral observers were in a hopeful mood.

"It's too early yet to tell what will be forthcoming," said the Japanese cautiously.

"No progress was made; absolutely none," was the way the Chinese put it.

British hopeful "We are full of hope," said Sir Miles Lampson, the British minister to China.

Meanwhile the military forces of General Yoshinori Shirakawa continued to strengthen their positions along the 12 1/2 mile ultimatum limit around the city. Likewise the Chinese were digging in busily opposite them.

There was evidence that the negotiators were up against a stiff problem. Specifically they were trying to arrange a formal armistice providing for withdrawal of Japanese troops into the International Settlement, and establishment of a neutral zone.

Chinese observers held to the belief that the Japanese would insist on a gradual withdrawal by stages, with a provision that would leave their troops in the Kiangwan and Wousung sectors indefinitely.

The Japanese were represented as refusing to accept the Chinese view, point that the Japanese withdraw entirely and quickly, leaving the zone in Chinese police hands.

Later in the day it was learned that the language handicap was slowing up negotiations considerably. It was necessary for interpreters to translate back and forth among Japanese, Chinese, English and French.

It was understood the negotiators would resume their labors on Friday, and the delegates said that no common language was possible, making it necessary to continue four-way interpretations.

ROOSEVELT WINNER DOWN IN GEORGIA

Atlanta, Ga., March 24—(AP)—Governor Franklin D. Roosevelt of New York won Georgia's 28 convention votes in yesterday's Democratic presidential preference primary by overwhelming Judge G. H. Howard of Atlanta, who advocated the candidacy of Speaker John Garner.

Roosevelt had a popular plurality of about 10 to 1 on the latest tabulation and 398 of the possible 410 county unit votes had been placed in his column with five counties missing.

Latest returns gave Roosevelt 51,071 popular votes to Howard's 5177.

Georgia was the first southern state to hold a preference primary. It is the adopted state of Governor Roosevelt who visits Warm Springs regularly for his health.

Thomas (Pat) Gillen, who managed Howard's campaign pledged he is nominated at Chicago.

Francis H. Trimble, 20, of Ben Avon, Pa. William H. Zink, Jr., 20, of Steubenville, Ohio.

Norton V. Coyle, 19, of Pittsburgh, is in the Easton hospital with lacerations of the face and a possible fractured skull. The condition of E. Bruce Hill, Jr., 20, of Pittsburgh with a broken back, still is critical.

The driver of the car, Barton C. Dunn, 20, of Pittsburgh was treated for shock and released.

Russell Saylor, of Easton, driver of the other car was slightly injured. The students were thrown out of their car which rolled over and began to burn. Both of the drivers, Saylor and Dunn, told the authorities they saw each other on the knoll too late to avoid colliding.

NOT WINSTED, CHICAGO! Chicago, March 24—(AP)—The sign Mr. Samuel Fink carried spoke for itself. It read: "Samuel Fink experienced Mod carrier, now out of work, wishes position. Will furnish his own instrument."

This puzzled investigators. So did the fact that Mr. Fink emerged from a building they were watching at about the same time every day. They suspected he was distributing liquor in that hood so yesterday one of them called a policeman. He stopped Mr. Fink, reached up and took a bottle from his hood, took one drink, and then spat it out.

"Water," he cried, "that's what it is—water." Mr. Fink laughed for just then the janitor hurried up to the policeman and said: "So here's where you are. Out here arguing with a hood carrier and while you are doing it a lot of birds are in the bag get away with a truckload of hooch."

EVERY WOMAN

Pessimism is a pygmy not a power; it puts a brake on nature's progress and never boosts you onward.

For a delicious, appetizing meal, patronize the Coffee Shop on Main street. Their unusual and varied menus cannot fail to attract you.

To make vegetables retain their fresh color, add a small particle of soda to the boiling water just before putting in the vegetables.

Of course a wise housewife will never have the idea of laundering heavy blankets and fussy curtains, etc., especially during the spring cleaning period. She will unhesitatingly phone 8072 and let the New Model Laundry do the work.

If milk accidentally boils over in the oven or on the stove, simply sprinkle a generous amount of salt on the burning milk, and then brush off. It saves hours of labor in cleaning.

A bright and attractive home always gives complete satisfaction for the effort and work involved. Olson's carry a full line of materials needed.

Among the costume jewelry novelties are silver finish charm bangle bracelets, slender and delicate, with anchors and similar nautical motifs around them.

Not until you have tried it are you aware of the supreme quality and excellence of "blue coal." Order from W. G. Glenney—4149.

If rubberized shower curtains are spread out across the rod immediately after using, they will last much longer than when left to dry in folds.

Among the many interesting things in Hale's basement are some ideas of Easter gifts for children. They are attractive little wooden carts in bright colors, drawn by Peter Rabbit himself, and are filled with gayly colored Easter eggs.

To free a room from the odor of tobacco smoke, put a lump of crystal ammonia in a jar with three or four drops of oil of lavender. Add a few tablespoonsful of boiling water and let the jar stand uncovered in the room.

You can always be sure of the best and most courteous car service at the Depot Square Garage.

Instead of scouring and scraping dirt pots and pans, boil water in them to which has been added a little washing soda. This is a much easier method and just as satisfactory.

Milk puddings and cream soups are in order as a delicious source of nourishment. To derive the most benefit, use the rich natural milk from the Waranoke Farm Dairy.

BANK ARRANGES LOAN FOR TOWN

Savings Institution Here Lets Manchester Have \$25,000 To Pay Teachers.

In order that the school teachers in town might have their salaries for over the Good Friday and Easter holidays Town Treasurer George H. Waddell today made arrangements with the Savings Bank of Manchester for a loan of \$25,000.

The policemen have been taken care of through a loan from the Mutual Benefit Association. The inability of the various communities to sell their bonds and thus secure funds for current expenses has made it extremely difficult for some of them to carry on.

It was indicated today that the Savings Bank is in a position to make another such loan if the town needs it in the near future. Town Treasurer Waddell said today that Manchester is fortunate in having a financial institution as healthy as is the local Savings Bank.

V. F. W. OBSERVES 1ST ANNIVERSARY

Crowd of 700 Attends Impressive Ceremony in State Armory Last Night.

A crowd of 700 people including Departmental, Hartford County and Statewide representatives of the Veterans of Foreign Wars, attended the first anniversary ceremonial held in the State armory last night, honoring Anderson-Shea Post of this town.

Veterans Honored One of the most impressive ceremonies ever presented here opened the three hour program last night when Comrades John Allen of Hudson street and Jimer I. Hotchkiss, veterans of the Civil War and John Anderson of West street, brother of Ernest G. Anderson, the first Manchester man to be killed in France, and for whom the post was named, were accorded honorary membership in the post.

As the honored men stood at the altar in the middle of the armory floor, Commander Joseph Moriarty invited the State Department Commander to perform the service of honorary membership.

18 Obligated A class of 18 recruits were obligated into membership by degree team of the V. F. W. Post of New Britain following the honorary service. The service conducted in the darkened drill floor over a period of 30 minutes was impressive and well conducted.

Flag Presentation Mrs. Burr presented the beautiful American flag to Commander Moriarty and the latter accepted for the post.

Grouped around the altar of the post during the presentation ceremony were the officers of Orford Parish Chapter, D. Star Spangled post auxiliary, department color sergeant and guards and Anderson-Shea post color guards, John Pentland and Harry Mathiason. The new colors were posted for the first time by command of Commander Moriarty.

Other Speakers Others who spoke briefly were Mrs. Edward Waterman, president of Mary Bushnell Cheney, U. S. W. Auxiliary, Captain John L. Jenney, Commander of Dilworth-Cornell Post 102, American Legion; Fred E. Baker, senior vice-Commander of Mons-Ypres Command, British War Veterans, Harry Hilton, Commander of War Cheney Camp, U. S. W. V., Clarence Martin, president of the Army and Navy club and Past Commander Archie Kilpatrick of Anderson-Shea post.

STATE GAME BOARD TO FREE 24,000 PHEASANTS

Lower Prices For Birds, With License Revenue Large, Makes Big Purchases Possible.

Sales of hunting and angling licenses in 1931 were but slightly affected by business conditions, according to figures received from town clerks and compiled today at the Hartford offices of the Connecticut State Board of Fisheries and Game. A loss in revenue of only \$6,152 is revealed for 1931 as compared with 1930 totals.

Licenses sold for the two years were as follows: Hunting and trapping, 1930, 22,024; in 1931, 22,738; angling, 1930, 29,170; in 1931, 28,547; combination, 1930, 9,483; in 1931, 8,641.

Revenue from sales of all licenses in 1931 was \$205,351 as compared with \$211,851 in 1930. With little loss of revenue the state game authorities are taking advantage of depressed prices for pheasants. Already 3,000 adult pheasants have been purchased for liberation and orders are about to be placed for 3,000 more.

In addition to the spring releases it is planned to purchase 18,000 pheasants for release in late summer. The combined total of 24,000 pheasants will constitute the largest number ever released in one year by the state.

Orders have been placed for 300 northern bobwhite quail, which will make the largest annual purchase of these game birds. Many quail have been distributed among Connecticut breeders to encourage domestic propagation.

Washington, March 24.—(AP)—The new beer amendment proposed by Representative Cullen (D., N. BRITAIN TO PROCEED

London, March 24.—(AP)—Great Britain intends to proceed without deviation with its program for India, Sir Samuel Hoare told the House of Commons today, and will not be deterred from it "by threats or force or sudden alarms." The secretary for India said it was essential to settle India's communal dispute and that no constitutional advance was possible without a settlement, but that the government is not prepared to accept the deadlock which still exists between the Hindus and the Moslems. These communities must agree among themselves, he said, and meanwhile "it is the duty of this country to maintain law and order and to prevent India from drifting into the chaos of Anarchy." The emergency ordinances enacted to combat the civil disobedience campaign will remain in force as long as the present emergency continues, he said.

It didn't take the Tinymites long to raise their voices, good and strong, and shout to Driver Duncy, "Now, be careful how you drive. We'll climb aboard and go with you, but you must promise we won't do a lot of crazy things. We want to end our trip alive." "Don't worry," Duncy snapped, "I'll see that you're as safe as the Tinymites bakery wagon's wheels. I know that nothing wrong you'll do. I'll time you from the time you start and see how long it takes."

SENSE AND NONSENSE

A group of Chinese boys were discussing the relative merits of the two bill boards, one advertising Carnation Milk and the other advertising Bull Durham.

One of the boys was explaining the signs to the other in this way: "In America they have he cows and she cows. The she cow gives the milk and the he cow gives the tobacco."

A local man told a story the other day which is worth repeating. Two boys were returning from Sunday school and were discussing an important subject. "Do you think there's a devil?" asked one little fellow. "Naw," said the other, "It is just like Santa Claus, it's your dad."

God give me the strength of a pioneer
And the faith of his hardy soul;
Provide me with courage to persevere;
Make me fight 'til I reach my goal.

Defendant (in loud voice)—Justice! Justice! I demand justice.
Judge (rapping for order)—The defendant will please remember he is in a courtroom.

Son—Father, to what do you attribute your success?
Dad—Hod work, me lad, hod work.

Ed—Did you smile at your recent troubles as I advised you?
Ned—Yes, darn you, and my wife hit me over the head with a broom and told me to wipe the silly grin off my face.

The Bad, Bad Boy!
I saw a pin upon the floor,
I saw a boy within the door,
I saw the boy, he saw the pin,
I saw his face, his devilish grin;
I saw him stoop with look intent,
I saw the pin when it was bent;
I saw him put it on a chair,
I saw its point was in the air,
I saw a man all tired out,
I saw him looking all about,
I saw him take a seat, and then
I saw the man get up again.

Was this boy good as some you meet?
Don't ask the man who took a seat.

Jim—Is Gertrude homely?
Sam—Well, if her face is her fortune, her husband didn't marry her for money.

Rimer—Do you think I should put more fire into my poetry?
Editor—No, quite the reverse.

A lady was telling her doctor that her maid objected to going to the Isle of Wight again, as the climate "was not embracing" enough, and added, "What am I to do with such a woman?" The doctor replied: "You had better take her to the Isle of Man."

There are more than 100,000,000 sheep in Australia which produce some 2,000,000 bales of wool every year.

LOVE—AT A PRICE
Husband and wife were watching an intense love scene at the movie. When the hero was doing his stuff his wife nudged him. "George," she said in a hoarse whisper, "why is it that you never make love to me like that?" "Why, not, indeed! Do you know the salary that fellow gets for doing that?"—Answers.

A GUIDE POST
MAN WITH HEAVY BEARD: I want a haircut, singe and shampoo. I want my beard trimmed and clipped, and—er—where can I put this cigar?
BARBER: Would you mind keeping it in your mouth, sir? It'll be a sort of landmark. — Passing Show.

The date of Wednesday evening, April 27 has been set for an "All Parish" banquet for members of the church which form the North Methodist larger parish.
