Mrs. Henry Vaillant of 88 Hilliard street received a telephone call Tuesday night informing her that her father, who had worked all day, had been taken suddenly ill and that his condition was serious. Mrs. Vaillant was about to start for Willimantic when the word reached here that her father had died. Her father was Octave Mahus, and was a former store keeper and millwright in the American Thread Company's plant in Willimantic for over 40 years. In addition to Mrs. Vaillant he is survived by another daughter and five sons, a brother and a sister. He was a native of Willimantic.

BETTER CONDITIONS

New York, April 14.—(AP)—Carl Gray, president of Union Pacific railroad said today he thought that road, in common with other western carriers, would have an upturn in tonnage traffic after August, although he was not sure this would be translated into substantial increases in revenues.

"The most hopeful sign in our territory now," he added, "is the good moisture condition of the soil. The wheat movement so far is only moderate. However, there is more wheat on the farms than at this time last year and this wheat must be moved some time."

Union Pacific's net railway operating income in March was better than in February, Mr. Gray said.

SENSE AND NONSENSE

Knowledge is Power.
Tommy was fond of squeaking tooth paste out of his shiny new tube. His mother, finding it necessary to limit the amount to the purpose in view, warned him one morning not to take too much.
Tommy—How much may I take?
Mother—Oh, a little bit, about the size of a bean.
Tommy gave the tube a tremendous pinch and out shot a long ribbon of paste.
Mother—Tommy! Do you wish to be punished? Is that the size of a bean?
Tommy—Sure, Mom. This is a string bean.
Henry—How sweet of you to back that horse because it had the same name as mine!
Jacob—It had the same habits, too. It got there half an hour late!
