# MISS EARHART REACHES IRELAND

## DOCTOR BEATEN UP; GIRL THEN KIDNAPED

### Wealthy New Haven Physician Reports That His Companion Was Carried Off By Two Bandits.

Derby, Conn., May 21.—(AP)—Dr. Royal Finney, wealthy retired physician of New Haven, reported to police today that two men had abducted Miss Agnes O'Neil, his companion on an automobile ride, after they had beaten him severely.

### Carry Off Girl

The bandits, one of whom was armed, dragged Dr. Finney from his machine, beat and robbed him of his watch and \$16 and then drove away with Miss O'Neil after they had thrown him into a clump of bushes.

Dr. Finney said he walked to the main highway after regaining consciousness and was picked up by a motorist who drove him to the Derby police headquarters. Police said they had found no clues as to the whereabouts of Miss O'Neil and the physician's automobile.

### Tried To Steal Rings

Dr. Finney, a former Derby resident, was wearing two valuable diamond rings when he was kidnapped. He told police the bandits were in the act of the rings on his finger.

The physician said he became acquainted with Miss O'Neil about three weeks ago and that he knew very little about her. He estimated her age at about 22 years.

### NATION'S BUSINESS TAXED TOO HIGH

#### Commerce Chamber Makes Complaint—Also Asks for Changes in Laws.

San Francisco, May 21.—(AP)—American Business, pictured as burdened by taxes and harassed by government interference, today was offered a diagnosis of economic aches, together with suggested remedies, in resolutions adopted by the Chamber of Commerce of the United States.

Henry I. Harriman of Boston, was given the duty of directing the curative treatment as he succeeded Siles H. Stray of Chicago as president.

Adoption of resolutions and election of Harriman concluded the twentieth annual convention of the organization last night.

Resolutions were headed by demands for government economy and removal of interference of restrictive laws.

Prohibition was not touched on by resolution but a committee was appointed to prepare a referendum on the question to the member organizations.

Suggest Changes  
Repeal of provisions of the Agricultural Marketing Act, under which the Federal Farm Board has bought and sold commodities in so-called stabilization activities, was demanded.

## ORDER ALL DOGS HERE CONFINED

### Outbreak of Rabies Forces Strict Rules To Be Issued By Board of Health.

Action was taken this morning by the Board of Health of the Town of Manchester to confine all dogs in town to kennels or homes or leashes owing to an outbreak of rabies. The situation became serious last week when 11 treatments were given persons bitten by a dog which was later killed and a positive report was given the Board of Health. The outbreak began last January when a dog affected with rabies was reported and four Pasteur treatments given.

### Persons Bitten

Last week another dog owned by William C. Cheney was killed and the head sent to the State Board of Health and a report given that the animal positively had rabies. Another dog is under confinement and suspected of having the disease. Three Pasteur treatments have been given persons bitten by the last one to become affected.

The treatments given the 18 persons who came in contact with the three affected dogs run over a period of fourteen days, a treatment each day during that period, the state-paying the costs of the treatments.

### Acts With State

Dr. D. C. V. Moore, chairman of the town Board of Health yesterday conferred with Charles L. Johnson, State Commissioner of Domestic Animals, and the local Board of Health was given power to act as the local Board of Health in co-operation with the town Board of Health within five days as required by statute.

When the state takes charge of the rabies situation next week, the area will be thoroughly inspected and the order of confinement extended to surrounding towns if other cases are found.

### Effective Today

According to the order published in today's Herald the Board of Health is acting under the provisions of Section 240 and Section 239 of the General Statutes which permits the local Board of Health to take action in cases of this nature until the state comes in.

### THOMAS MAY HEAD SOCIALIST TICKET

### Delegates Gather in Milwaukee For National Convention—Score Both Parties.

Wilwaukee, Wis., May 21.—(AP)—Three hundred men and women who believe that the present economic disturbance is the twilight of capitalism were assembled here today for the National convention of the Socialist Party.

In the Milwaukee auditorium, as the meeting got under way, were representatives of Socialist organizations in 48 states, many of them young men and women just starting careers as party workers and eager to lend a hand in an attempt to re-shape America's social structure. Some of them hitchhiked or traveled in other precarious ways, to participate in the nomination of a Socialist candidate for president, and to help make the party's platform.

### Fight Old Parties

It is a convention without competition between possible nominees. Some delegations have expressed mild preferences for some individuals, but the important considerations to delegates is the party program. That will be, it was predicted, "a war without truce or compromise against old parties." The Republican administration particularly will be a target.

### Morris Hillquit of New York, chairman of the National executive committee, is temporary chairman of the convention and he opened the session with a keynote address. The agenda proposed by preliminary meetings of the National committee.

Plane's-eye View of Soviet May Day

Winding sinuous streams of humanity, converging upon Moscow's famous Red Square, are strikingly shown in this aerial photo taken during the May Day demonstration in the Soviet capital. At the right may be seen an edge of the famous Kremlin, and before it, the Tomb of Lenin, with reviewing stands erected on each side. Upper right is the Church of St. Basil. The building lower left is a former church and convent which now houses a historical museum and government office.

## ASK FEDERAL RELIEF FOR COUNTRY'S JOBLESS

### Methodists Agree That Resources of States Are Almost Exhausted—Little Improvement of Situation.

Atlantic City, N. J., May 21.—(AP)—Immediate Federal relief for the unemployed and a six-fold program to remedy the present economic situation were recommended to the Methodist general conference in two committee reports which took their places on the calendar today.

In appealing to the conference to urge upon the President and Congress "the imperative need of immediate Federal relief," the first committee report stated that private charity and state relief funds, which have heretofore borne the burden, have now been reduced "to starvation level and will soon be exhausted."

"Thirty-seven of the largest cities in the United States report no signs of improved employment and one of them reports that at the end of the third winter 700,000 unemployed," the recommendation set forth.

The six-point plan, suggested as immediate steps in the direction of an improved economic order, requests concrete proposals in answer to the appeal voiced by the board of bishops, in their Episcopal message, for a drastic reform in the relations of capital and labor.

Speaking of present economic conditions as "economically unsatisfactory" and "far short of the fulfillment of the Christian standard of life," the second report declared, "labor is an indispensable partner in the creation of wealth, yet today we face the fact that society provides no adequate economic security for those who help produce its wealth. Meanwhile, the financial control of the world is tending to be concentrated in the hands of a few, who thereby are able to have luxuries while others are in want, and to exercise undue power over their less favored fellow-men."

For the alleviation of such a condition and to better economic conditions, the report asks the conference to recommend:

- 1.—The replacement of the present policy of "unplanned, competitive individualism by a planned industrial economy definitely aiming at the assurance of economic security by regularity of employment and the consequent elimination of economic uncertainty from the mind of employed."
- 2.—The offsetting of technological and general unemployment by shortening the hours of labor, thus providing that labor "shall share with capital the advantages of scientific progress."

Washington, May 21.—(AP)—Only one ballot was needed to select the vice presidential candidate, Martin Van Buren of New York, received 283 votes, Philip F. Hays of Virginia, 49, and Richard M. Johnson of Kentucky, 26.

## POLICE DOUBT CURTIS' STORY ABOUT MOTIVE

### Believe He Was In Some Way Connected With Run Runners and That He Was Assisting Them.

Hopewell, May 21.—(AP)—The possibility that John Hughes Curtis' story of his astonishing escape from a prison in London today is false in part, received police attention today.

A portion of the Norfolk ship-builder's confession that his intermediation in the Lindbergh baby case was a hoax already was considered disproved. That was the portion in which Curtis explained his purpose in the elaborate lies was to get money by the sale of his story to newspapers.

Police pointed out that the hoax was three weeks old before Curtis attempted to sell his story; and that even so, he could not hope to find any buyers unless he recovered the stolen Charles Augustus Lindbergh, Jr., which he must have known was impossible, inasmuch as his negotiations were not negotiations at all.

An inquiry was quietly under way to learn if Curtis may not have had some other motive, quite removed from the sale of his "story," for inventing the deception. It was recalled that due to the "delicacy" of the negotiations with a vessel at sea, Coast Guard craft refrained from their usual careful patrols in some waters, fearful of causing the collapse of negotiations for the baby's ransom.

As a result of this relaxed vigilance, run runners were able to move more freely, and to land on Long Island without running the customary gauntlet of Federal craft, authorities pointed out.

### Lawyer Engaged

From Norfolk came word that an attorney had been engaged to defend Curtis from the charge of obstructing justice on which he is held, in lieu of \$10,000 bail, in jail at Flemington, N. J.

### POLICEMAN KILLED IN AUTO ACCIDENT

#### His Auto Struck By One Driven By Woman—She Is Held By Police.

New Haven, May 21.—(AP)—Eugene J. Wilhelm, a policeman of the Dixwell avenue station, died in a hospital late last night shortly after he had been injured in the collision of his car with that of Miss Caroline Larabee of Greenfield, Mass., at a street intersection on the edge of Beaver Park area.

The officer received a fractured skull and a crushed chest while Miss Larabee was injured. She was held on a charge of driving charge swerving, from Coroner J. J. Corrigan.

### On Way Home

Wilhelm had been at the station to receive his pay envelope and was on his way home, traveling out Dixwell avenue, when the collision occurred. The cars came together, that of the woman striking the officer's car on the left side.

Removal of the torso of impact of the crash was Miss Larabee's rate of speed was fast. Eye witnesses claimed the officer was driving at a moderate rate.

The officer was taken from the scene to the hospital.

## Democratic Party Formed One Hundred Years Ago

Washington, May 21.—(AP)—One hundred years ago today, the first Democratic National convention opened in Baltimore.

It was far different from the modern political convention. The party's presidential candidate had been re-nominated by several state Legislatures, according to the previous custom, but the convention adopted a resolution endorsing his nomination.

The session made no attempt to adopt a platform, but adjourned at the end of the second day after paying a call to Charles Carroll of Calverton, last surviving signer of the Declaration.

## ENGINE TROUBLE CUTS SHORT HOP TO PARIS

### Husband Overjoyed When He Hears News

New York, May 21.—(AP)—viewed Miss Earhart after she landed. "Of course, I'm overjoyed," Putnam said, "but we know her well and we're sure she'd do it. She has more calm courage than any person I ever knew. Please let me thank the Associated Press warmly for being the first to break the news to me."

## CORPORATION PAID FOR WALKER'S TRIP

### \$10,000 Letter of Credit Handed To New York Mayor Before Journey.

New York, May 21.—(AP)—Mayor James J. Walker's travels abroad in 1927 and to California in Tom Mooney's interest last year, the one allegedly on a \$10,000 credit letter bought by a bus corporation agent, the other not paid for as yet, brought a demand from the city investigation committee today that the presiding chief magistrate explain them in detail next Wednesday.

Seabury counsel for the legislative body during the Seabury case, J. H. Watson, said that with it another document tending to show that the debarred official, finding Paris and the Lido expensive playgrounds, had overdrawn his credit \$5,000 during the 40-day sojourn.

Seabury named J. Allan Smith, then New York sales agent for Fageol Motors Company, a mid-west concern, as the original purchaser of the letter of credit. Smith, Seabury brought out also, gave his personal check to meet the overdraft. The special investigator adduced the testimony through Richard R. Hunter, former vice-president of the Equitable Trust Company, and another witness.

Hunter testified Smith had the \$10,000 credit delivered to the mayor at City Hall in the presence of State Senator John A. Hastings, political contact man for the Fageol concern.

## AVIATOR REPORTS EXPLORER ALIVE

### Survivors On Mountain Signal To Flier That Lost Man Is Found.

Fairbanks, Alaska, May 21.—(AP)—Huge black letters in the snow, "O and S safe," informed Pilot Jerry Jones on a flight over the Muldrow glacier camp of the Carpe comic ray expedition yesterday a long-missing member had been found.

The "S" he said confirmed his belief after seeing three men at the camping spot that Nicholas Spadevich, unreported for 12 days on a return by foot through the wilderness here, had returned safely to his starting point.

## GOVERNOR BACKED BY SMITH FACTION

### Make Cross Chairman of Delegates and Make Fitzgerald Vice Chairman.

Hartford, May 21.—(AP)—Governor Wilbur L. Cross has the support of the Smith supporters, the controlling group among the Connecticut Democratic convention delegates, as chairman of the delegates.

At a meeting here last night supporters of the 1928 presidential nominee unanimously approved the selection of the governor, and also voted to support former Mayor David E. Fitzgerald of New Haven, candidate for National committeeman, as vice chairman.

Support of the governor by the minority group favoring the candidacy of Governor Franklin D. Roosevelt is expected.

## Woman Flier Crosses Ocean Successfully — Flew Through Fogs and Storms For Hours, She Reports; Lands in Pasture Outside of Londonderry, Had Had Trouble For Last Ten Hours.

Culmore, Ulster, Ireland, May 21.—(AP)—Amelia Earhart Putnam, the first woman ever to fly the Atlantic alone, landed here this afternoon. Culmore is five miles from Londonderry.

Londonderry is the capital of the County of Londonderry in North Ireland.

It is situated on the Foyle, five miles above Lough Foyle and 128 miles from Dublin.

The city has for years been an active seaport. It was a stronghold of the Orangites and in 1689 it held out successfully against the forces of James II.

London, May 21.—(AP)—The Press Association reported from Londonderry, Ireland, this afternoon that Amelia Earhart Putnam, solo trans-Atlantic flier, had landed there.

Mrs. Putnam, the news agency said, was unhurt. She had had trouble with her exhaust manifold which had burned out.

"I had this trouble (with the exhaust manifold) for about ten hours" the press association quotes Mrs. Putnam "and for a lot of the way I was flying through stormy rain and a little fog."

"When Mrs. Putnam landed, the press association said, she declared: 'I've done it.' 'I had to land here in the pastures outside Londonderry,' she continued.

"I'm not a bit hurt and I think the plane is all right. I had trouble with my exhaust manifold which had burned out.

"In addition the gasoline gauge had broken, probably in the storm last night, and I had a little leakage so I decided to come down. I landed in an open field."

"To my friends in New York," Mrs. Putnam went on, "I want to send this message: I am very glad to have come across successfully, but I am sorry indeed I did not make France. I am going to speak to my husband as soon as I can by the Atlantic phone."

Her First Thought  
Putnam, New York publicist, said Mrs. Putnam telephoned to their office from a hotel at Londonderry.

"My first thought on getting here," she said, "was to call up so that my safe landing might be known without delay."

Her Second Crossing  
Once before, in June, 1928, the flier crossed the ocean in an airplane, but that time she was a passenger. Asked to compare her first flight with her second, she said: "There is no comparison. On this go I was flying low the whole time and had to rely on myself. I am afraid I am a bit deaf after the terrible roar of the engine in my ears all the time, but at any rate I have done it."

"I want to find out what I shall do," she continued. "I think I may go to London but the only clothes I have with me are the flying suit on me now, and I haven't much cash."

Manchester Evening Herald
HERALD PRINTING COMPANY, INC.
13 Manual Street
South Manchester, Conn.
PUBLISHED EVERY EVENING EXCEPT SUNDAYS AND HOLIDAYS

on which they know themselves to be right.

Also, besides believing in the Republican party they want to see the Republican party win.

DR. BUTLER AND US
A week ago yesterday The Herald sprang an idea which, while presented in good faith, it expected would be laughed at or ignored.

The result of the Ohio primaries, in which prohibition dictatorship was overwhelmingly defeated, should give the leaders of both great political parties courage to seek the one effective way in which the liquor question can be removed from the coming Presidential campaign absolutely and the country freed to give its attention to questions of vital economic import.

On Thursday of this week Dr. Nicholas Murray Butler, president of Columbia University and influential member of the liberal wing of the Republican party, sprung a new idea, too. It happens to be the same idea, except that Dr. Butler proposes to carry it much further than The Herald ever dreamed of.

There are twelve very important names in the group, which is headed by Owen D. Young. It remains to be seen whether these twelve great men can do anything.

There is scarcely an individual in the lot, whether he rates as banker or industrialist, who is not essentially a fiscal technician.

There are twelve very important names in the group, which is headed by Owen D. Young. It remains to be seen whether these twelve great men can do anything.

Perhaps the assemblage of all these great names, the marshaling of the influence of so many tremendous corporations and tremendous banks, may do some good. It is doubtful if it will be much.

At all events one result seems to be in promise. If the Young committee folds it should mark the end of dependence on the brains of the banking world to get us out of the mud.

VERMONT GOES FOR
The fact that Vermont Republicans have voted in convention in favor of a plank in the national Republican platform pledging the party to re-annulment of the Eighteenth amendment need occasion no surprise.

Meriden is pluming itself on the fact that it preserves a reasonable degree of order with a police force of 37 members while its population is about 30,000, a cop and a quarter to each thousand inhabitants, while it takes three and six-tenths policemen to keep each thousand of Jersey City's people on their good behavior, Boston three and a third, and Chicago two—though, of course, the Chicago cops don't make out so very well. The average for the country is close to two cops per thousand.

Meriden does very well, but where does she get off compared with Manchester? Here we have a total of fourteen regulars on the payroll to look after 22,000 people—just under two-thirds of one whole policeman to the thousand.

With the militarists openly declaring the future of Japan following a military murder of that country's premier, Russian Soviet leaders officially deny reports of mobilization of reserves and all the country

with preparations for military offenses. School children, university students and the great masses of the workers, men and women, are being rapidly instructed in the use of guns, rifles and gas masks. Japan continues to keep her face turned toward the Manchurian-Siberian frontier. There may be no immediate war but conditions in both countries are such as throughout history have eventually had their climaxes in armed strife.

It is believed that Russia already has moved a very large number of troops, said to be a quarter of a million, into Eastern Siberia in anticipation of one of Japan's now celebrated surprise attacks, and that she is even now well prepared to turn back any possible Japanese foray against Vladivostok or any other part of Soviet territory.

Russia's standing army is almost three times as large as that of Japan. So is her reserve force. Her army is probably as well equipped and she has infinitely greater resources upon which to feed a long war.

The Japanese militarists have jockeyed themselves and their country into a perilous mess.

IN NEW YORK

The Frum Press
New York, May 21.—The actor's boarding house, picturesque landmark of New York's west End, has disappeared as suddenly as a magician's rabbit. In fact, one of the last tenants was said to be the rabbit of an itinerant conjurer.

Even when stage conditions were better, the barnstorming jugglers, hoofers, and team acts were im-provident fellows who paid if—and when. Often I have wondered why they were so miserably poor, and why they were so miserably poor.

Each Broadway star is deluged with wires, flowers and notes of congratulation, whether an opening spells failure or success.

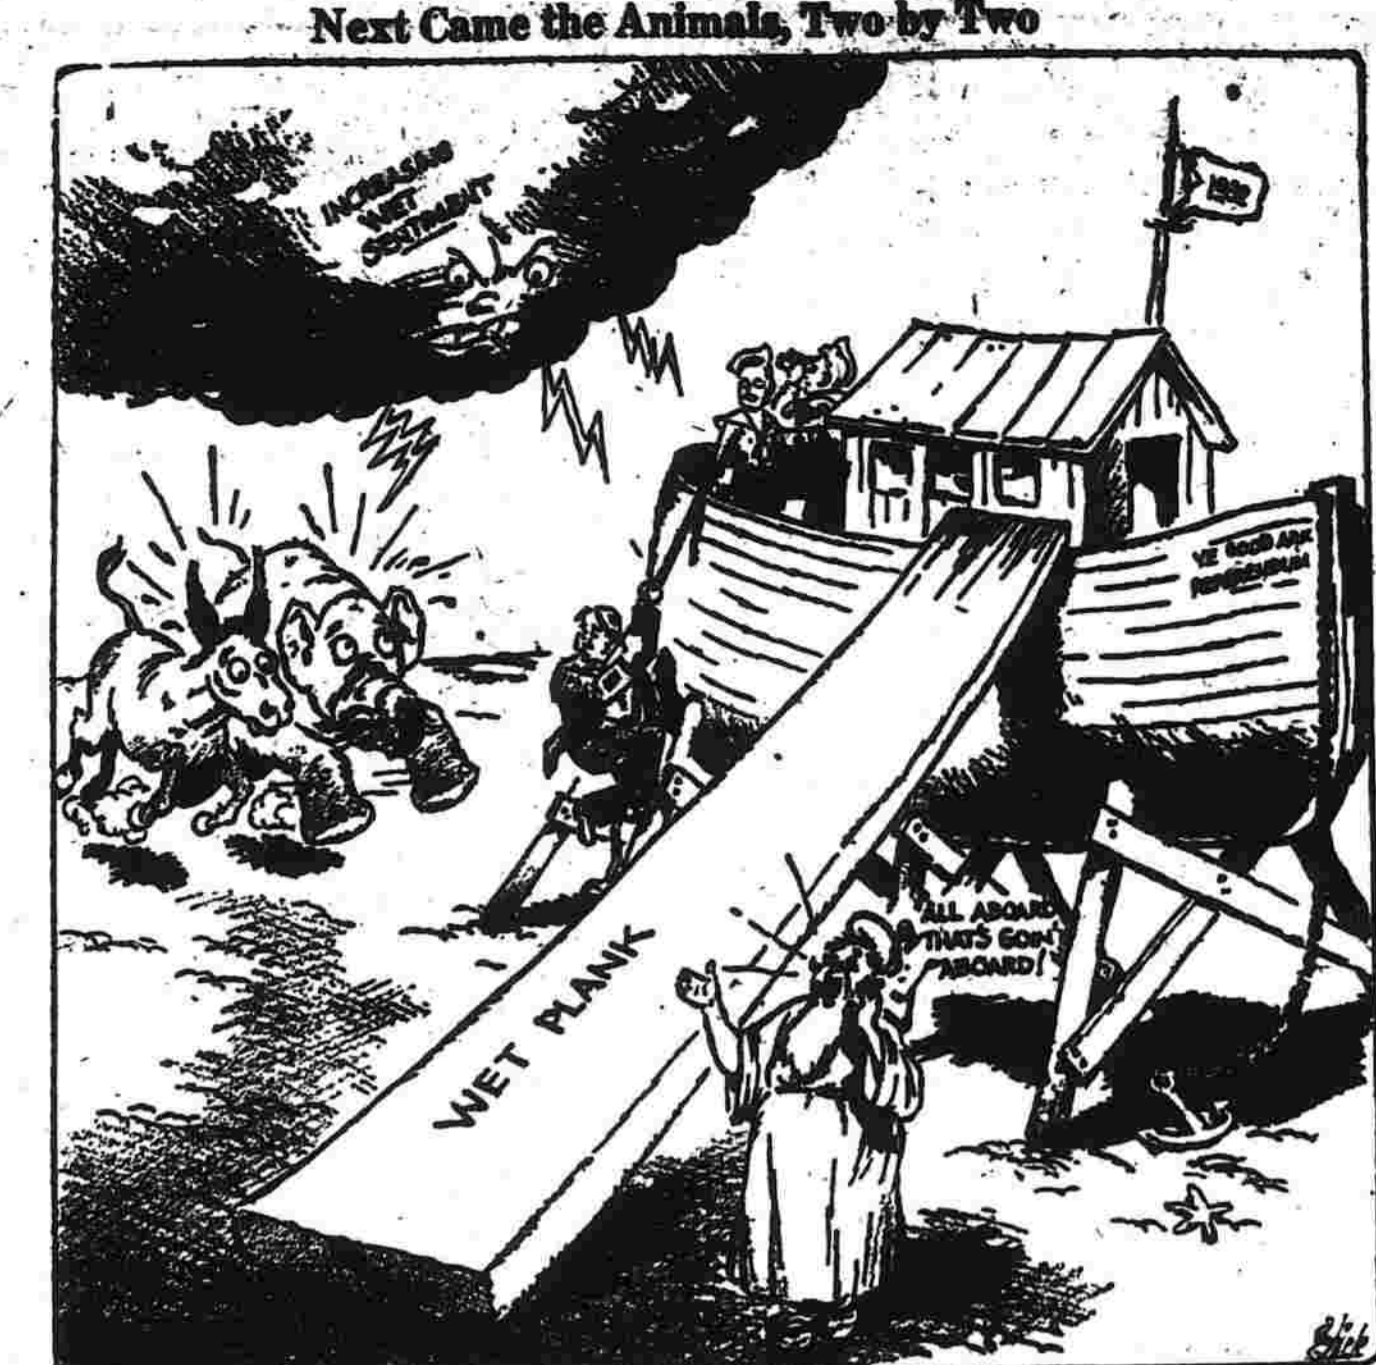

Kidding Each Other
Each Broadway star is deluged with wires, flowers and notes of congratulation, whether an opening spells failure or success.

All of which is too big an order. But we are more than ever convinced, after finding ourselves in such eminent company as Nicholas Murray Butler in the matter of the prohibition plank deal; that our idea was quite a long way from being a loony one.

POLICE FORCES
Meriden is pluming itself on the fact that it preserves a reasonable degree of order with a police force of 37 members while its population is about 30,000, a cop and a quarter to each thousand inhabitants, while it takes three and six-tenths policemen to keep each thousand of Jersey City's people on their good behavior, Boston three and a third, and Chicago two—though, of course, the Chicago cops don't make out so very well.

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

PRICE STABILIZATION MEASURE IS NEWEST 'DEPRESSION REMEDY' BY RODNEY DUTCHER

Washington—Once more we must caper about, clasp hands and exclaim, "Oh, goody!" The nation is again to be rescued from the trough of depression.

Democrats Offer This One
The latest sure-fire recipe for restoration of prosperity is the bill, passed overwhelmingly by the House, which provides for the establishment of the Federal Reserve to restore prices to the average of the 1921-29 period and keep them there. The Reserve is supposed to keep on buying up government securities, thus making the price of credit available to the banks in increasing quantity.

It's a credit inflation—or "restoration" measure—credit and loans have been rushed through partly to stall off such demands as those for inflated soldier bonus currency and bimetalism.

Price Decline Bemoaned
It's a credit inflation—or "restoration" measure—credit and loans have been rushed through partly to stall off such demands as those for inflated soldier bonus currency and bimetalism.

WALKER'S PRIVATE CAR WAS NEVER PAID FOR
New York, May 21.—(AP)—The expense of a private car for Mayor James J. Walker's trip to California last fall in behalf of Tom Mooney may never be paid for.

Poets' Rendezvous

NEW ENGLAND COUNTRYSIDE (From The Coming Tower)
Among them all I do not find A mind that smiles into my mind, Or that odd look, tender and wise, That marks an angel in disguise, Or even that grin of good intent Worn by the simple innocent.

With a trace of heaven's tears congealed On the musty, ragged brown of it— There it lay. That sunny day, On a peace-time field in Finders, Just to say, In God's name you're—"Twas for you he died—in Flanders."

FEEP FROGS (From The New Yorker)
A flock of bells is shaken through the night, Hurried, confused, and shrill; The eager music, thin and silver-bright, Trembles along the hill;

Not to each other will we say That we have heard it, Nor even to ourselves; But it is there. Always—in our ears the great and quiet murmur of its falling, the unseen rain of our life's hours, Washed in dark rivers to one sea.

AN OLD TIN HAT
An old tin hat— With the scars of war almost concealed— With the goggles grow through, the bow of it; With the fate of some one thus "recovered" By the rusty, jagged hole in it.

SWIMMING FOR HEALTH
Swimming is one of the most healthful of exercises, and at the same time it is interesting and enjoyable.

Swimming is one of the most healthful of exercises, and at the same time it is interesting and enjoyable. It is one of the best ways for adults to continue the joy of playing a healthful sport.

QUESTION 8 AND ANSWERS
(Nightmares)
Question: P. L. writes: "I have a brother who wakes every night and jumps out of his sleep screaming that someone is going to kill him. I have taken him to several doctors, had his adenoids and tonsils removed, which the doctors told me was the cause. He is about 24 years old, his work is not hard, and he does not get on going to bed. What should be done, as I am afraid he will be killed in a fall through the window?"

ANSWER: Your brother no doubt suffers from indigestion from eating the wrong kind of food, or wrong combinations of food at his evening meal. It takes about six hours to digest a well-balanced meal, and if he is making indigestion, he is unable to have the most trouble from five to ten hours after eating dinner. Nightmares occur at from one to two o'clock in the morning, after the stomach has become exhausted through hours of battling with incompatible food mixtures.

ANSWER: If your son lives on a properly balanced diet and gets plenty of exercise and rest, the use of any transfusion at this age will probably not be harmful to him, as the quantity of the blood of a healthy person increases rapidly.

THE INTERESTS OF THE WORLD... and of the Lindberghs were closely opposed from the beginning, and the colonial called in police," say the writers.

The conclusion is not new, nor are many of the facts and theories that are related of the Sourland abduction.

THE INTERESTS OF THE WORLD... and of the Lindberghs were closely opposed from the beginning, and the colonial called in police," say the writers.

Dial Twisters

Kate Smith has a new theme song which will be heard during her future broadcasts. It was composed especially for her by Irving Berlin.
I have been told that if I would get up at a reasonable hour in the morning I could still hear Ed Cook. So the way I see it, I am going to be on a national radio-up, it is confined now to eastern stations.
Wrightley has decided to withdraw two of his presentations from the air, Myrt and Marge, the more popular of the two, will be heard for the last time on May 27. They may return again in September. The Lone Wolf Tribe was last heard on April 22.
The Camel program, with Tony Wons, Morton Downey and Bernard's orchestra, has May 29 for its last appearance. This program has no scheduled return date, yet.
The Prince Albert program, with Old Hunch and Albee Joy, is off the air. No plans have been announced for its return.
These vacant periods with others to follow will leave plenty of time for the musical program.
Arthur Rosenberg may be heard over the air under the name of Arthur Tracy, the Street Singer.
Ed Wynn pays a continuity man \$350 a week to write his radio patter.
The National Broadcasting Company has begun to think that the public is getting too much of a good thing in being able to see most of the programs, while being broadcast, for nothing. It has been decided to charge an admission fee for the privilege when the new NBC-RCA building is completed. A howl will be heard, probably, from the theaters if these plans are carried out.
Nearly all the better known announcers have, at some time or another, been trained in music or voice culture-(how is that-for spitting infinitives?)
Wayne King, whom Walter Winchell helped along the road to fame, has signed a long-term contract to present his orchestra in a series of Sunday broadcasts.

MARCONI'S AIDE SHOT

Rome, May 21-(AP)-The Marchese Luigi Di Soldi, right hand man of Guglielmo Marconi and a participant in the first trans-Atlantic radio transmission in 1901, was shot today by a discharged employee. He was not gravely injured.
His assailant was a telegrapher whom he discharged six years ago. Police said the man was seeking revenge.
Three shots were fired and all of them effective. The Marchese was wounded in the right shoulder and the right side of the neck.
He was shot from behind as he was entering his office. The three shots were fired in quick succession and the Marchese staggered through the door.
The office force dashed down the broad stone stairs after the assailant. Meanwhile the guard on duty at the lower entrance rushed up the stairs and arrested him.
NEW MEXICO INTEREST
New York, May 21-(AP)-Provision has been made for meeting interest charges on all railroad obligations due up to July 1. E. G. Buckland, president of the Railroad Credit Corporation said today after the monthly meeting of the corporation.
He added, however, that the corporation's receipts were falling below and its expenditures were running above the original expectations. He said that when the corporation was formed it was estimated that its receipts would be upward of \$100,000,000 and its disbursements to meet interest due by railroad this year would be about \$60,000,000. Now it appears that about \$100,000,000 would be required by the roads to meet interest charges, while the corporation's revenues would amount to between \$55,000,000 and \$60,000,000.

JUNE WEDDINGS IN PREPARATION

New York Society To Turn Out For First On June 18; Other Society Events.
New York, May 21-(AP)-The social event being given first place on the June calendar of fashionable New Yorkers is the wedding of Miss Florence Baker, daughter of Mr. and Mrs. George F. Baker, to T. Sufren Taylor, son of Mrs. T. Sufren Taylor, Sr. and the late Mr. Taylor. The place will be the Episcopal church of St. John's of Lathrop, Long Island, and the time June 18.
The forthcoming 5th annual Cleared Horse Show at the estate of Mr. and Mrs. Vincent F. Clark at East Norwich, June 8 and 9, has attracted the interest of the Long Island Colony. A novelty will be a special class for family chauffeurs, in which horsemanship alone is to be considered.
Miss Betty West of Westbury is chairman of the sponsors. Her assistants include the Misses Mabel Carvan, Virginia Davis, Barbara West, Katherine Oweh, Lucretia Osborn, Barbara Chase, Violet Osborn, Marion Durand, Nancy Redmond, Joan Davidson and Virginia Penneyer; also Peter Hissell, James Curtis, F. Trubee Davidson, Jr., and Richard L. Davison.
Mr. and Mrs. M. P. Thatcher have opened Shadows' Edge, their Glen Head place. They have had as their guest Mrs. Thatcher's brother-in-law, Lord Esher, of England, who recently arrived from abroad.
House parties are being arranged in the Matinecock, Lathrop and Piping Rock districts for guests attending the wedding next Saturday in St. John's church. Miss Marjorie Y. Kane, daughter of Mr. and Mrs. John P. Kane, and Mr. E. H. Gerry, son of Mr. and Mrs. Robert L. Gerry, of New York; and Delhi, N. Y.

QUOTATIONS

An income can never be made through gambling. A gambler can not hold his winnings. He must go one in going on, he inevitably loses.
-S. Beach Chester, noted English gambler now "reformed."
The day is not far when the Spaniards will realize that I was not such a bad king, after all, and that I did do something for the welfare of Spain.
-Alfonso, ex-king of Spain.
We do not do things in this country by revolutions in the sense that word is used, but here, as elsewhere, the people are restive and resentful because they recognize that governments are not meeting the purposes for which they were established.
-Senator William E. Borah, of Idaho.
These are hard days, critical days, but they are days in which it is worth while to live and toil-stirring days.
-Chief Justice Charles Evans Hughes.

Country Club

George Gerahwin is writing music for a new show to star Jack Buckley in this fall-"There's Always Juliet" closed sooner than expected because Herbert Marshall and his wife, Edna Best, had contracts demanding their immediate departure for Hollywood.
Jackie Cooper, Hollywood's favorite youngster, is to make a personal appearance here Sunday night. He will make only one appearance, and that at a benefit show to be given by theatrical press agents.
Miss Alice Yeomans is visiting Dr. and Mrs. Fielding Wilkinson and other friends in New York. Calvin Hutchinson called on Judge Sumner in Bolton, Sunday.

FIRST LADY GUEST AT GARDEN PARTY

Washington's Fashionables Do Most of Their Entertaining Out of Doors.
Washington, May 21-(AP)-Washington society did most of its entertaining in the Capitol's famous gardens this week.
Mrs. Herbert Hoover signaled the movement to the open air by motoring to Mount Vernon for tea one afternoon. She was the guest of the Regent of Mount Vernon-those representative ladies from many states, who own the home of the First Lady and live in the house during their annual sessions; with Mrs. Hoover went Mrs. Edgar Richardson, New Canaan, Connecticut, a White House guest.
There was a rural note, too, in one of two big affairs attended by Mrs. Hoover during the week. The Iowa Society, to which both the President and his wife belong, honored her at its annual ball. She was presented with a bouquet of corn flowers, buttercup and delphinium after being greeted with the favorite Iowa melodies, "The Iowa Corn Song" and "The Little Brown Church in the Vale."
The secretary of agriculture and Mrs. Arthur M. Hyde entertained at dinner in honor of Mr. and Mrs. Hoover in the Mayflower Hotel.
One of the most colorful lawn fetes of the week was a charity benefit at Zeta Brook, the residence of Colonel and Mrs. Arthur O'Brien. Society leaders garbed in fancy rural costumes danced and enjoyed special entertainment features.
On Friday the fashionables assembled at the National Woman's Country Club for a colonial tea. The affair was arranged by this group and the Colonial Dames Club. Mrs. Charles L. McNary, wife of the Senator, was in charge of amusements.
Today was the last home show of the season at the Colonial Dames Club. Mrs. Hoover has taken a box, and Vice President Curtis heads the long list of patrons and patronesses.
Debutantes meanwhile are eagerly arranging to attend June Week at West Point and Annapolis. Many of the younger group are dancing informally on roof gardens, and small teas and garden parties are numerous.
Tours of the loveliest gardens in progress under the direction of garden clubs will continue next week. A few of the diplomatic corps already are leaving for summer haunts, but most of them will remain here a while longer.

BRILLIANT IDEA NOT APPRECIATED

Chicago Man Invents Yardstick That Will Tell the Age of a Child.
Chicago, May 21-(AP)-How old is 44 inches? Herman Demming appeared yesterday at the offices of the street car company with what he said was the answer. In his hand was a measuring stick, 44 inches long.
"Pop, years," he explained, "street car companies have offered special rates for children under six years of age. But what the age was, my yardstick solves the problem. It has been determined that the average height of a 6 year old is exactly equal to the length of this 44-inch stick. I am prepared to supply one for each conductor at a reasonable price."
The company hasn't done anything about it yet.

Advance Guards

Thrusts and Counters of Interest to Local Soldiers.
Howitzer Cannoneers. Private Watson Mowzer completed his three years of service May 20th and was honorably discharged.
Two men, Harold E. Ellis of Rockville and Herman J. Lange of East Hartford have been enlisted from the waiting list to fill the vacancies caused by recent discharges.
One more man will be taken into the unit before the next drill. The recruit squad included a total of nine men this week; this number included those recently enlisted together with the members of the waiting list.
Private George R. Barber has moved to South Coventry but is able to come to drills regularly.
The place next Tuesday. The monthly inspection will be made by the company officers; the uniform for the inspection will be flannel shirt, cotton breeches and campaign cap. Mess Sergeant Moriarty and the company cooks will serve a dinner after drill.
Orders for the Memorial Day parade formation were published at drill this week. Detailed information will be given in this column next week.
Corporal William DeHan has returned to his home from the Manchester Memorial Hospital and is recuperating from a severe attack of pneumonia. A member of the unit will welcome "Bill's" presence in the company as soon as he is able to return.
The rapidly approaching camp training period is the chief topic of conversation in the armory at the present time. After each drill groups congregate to discuss what happened in former years and what may happen this year.
Transfer to the National Guard Reserve has been effected for Private Ist Class Philip Salwitz, who is employed evening in Hartford.
Private Gunner E. S. Rosendahl is incapacitated by rheumatism in the knee. While he is able to get around it is impossible for him to drill.
Private George P. Helm was unable to drill this week due to injuries sustained in a fall from a staking. A number of stitches were necessary to close the wounds. He will probably be able to report for duty next week.
Due to the fact that the Memorial Day parade duty will be voluntary by vote of the company, the drill next Tuesday night will be the last of the season.

Munargo including steamer round trip between New York and Nassau and 7 days at the Royal Victoria Hotel, \$125. Sailings fortnightly on Saturdays at 3 p. m. All Sailings from Pier 64, North River, Manhattan

BRIDGEPORT DIVORCES

Bridgeport, Conn., May 21-(AP)-Among divorces granted in the Superior Court today by Judges Alfred C. Baldwin and John Rufus Booth are:
William L. Fotheringham, a club maker and designer, at the Springdale Club, was granted a divorce on the grounds of desertion from Beatrice Wright Fotheringham, whom he married in England, March 1, 1920.
Juanita Dornell White of Wilton, who married Donald Wentworth White Oct. 12, 1921, of Plushing, N. Y., was granted a divorce from him today by Judge Booth, on grounds of intolerable cruelty.
Emily Ross, a seamstress at a Norwalk laundry, was freed from George W. Ross of Wethersfield by Judge Booth on the ground of intolerable cruelty.
According to the testimony of Mrs. Ross her husband used foul language before her children, and his second weakness was beating his wife.
Now they are talking about changing the laws to let the minority have more of a say in government. How about changing them to give the majority a chance first?

NEW WAR INVENTION

Schenectady, N. Y., May 21-(AP)-A voice was carried over a light beam from the dirigible Los Angeles to the ground here last night in a demonstration by the Navy of a "secret" method of communication from the air expected to be highly important in war time.
Engineers said an enemy could not listen in on light beam communication as it could on wireless, and the mirror which picked up the light beam was invisible to observe.
The transmission experimented with by officers of the airship and scientists of the General Electric Company, a two foot mirror on the roof of a laboratory, picked up the beam and a photo-cathode cell transformed the light-borne frequencies into sound and voice which were broadcast over a National radio chain.
The Los Angeles turned homeward toward Lakeland immediately after the experiment.

# NOW OPEN FOR PUBLIC INSPECTION

*Manchester's First And Only Modern*

# ICE MANUFACTURING PLANT

OWNED AND OPERATED BY

## L. T. WOOD CO.

The artificial ice we are producing in this modern plant is purer than the city water you drink for we use only city water from the main that has been refiltered in our own plant before being converted into ice. The ice we are producing has all the appearances of hard, dense, natural ice and is absolutely free from impurities and contrary to rumor has not the slightest taste of ammonia for there can be none because there is absolutely no contact between the ice and the refrigerant that produces it.

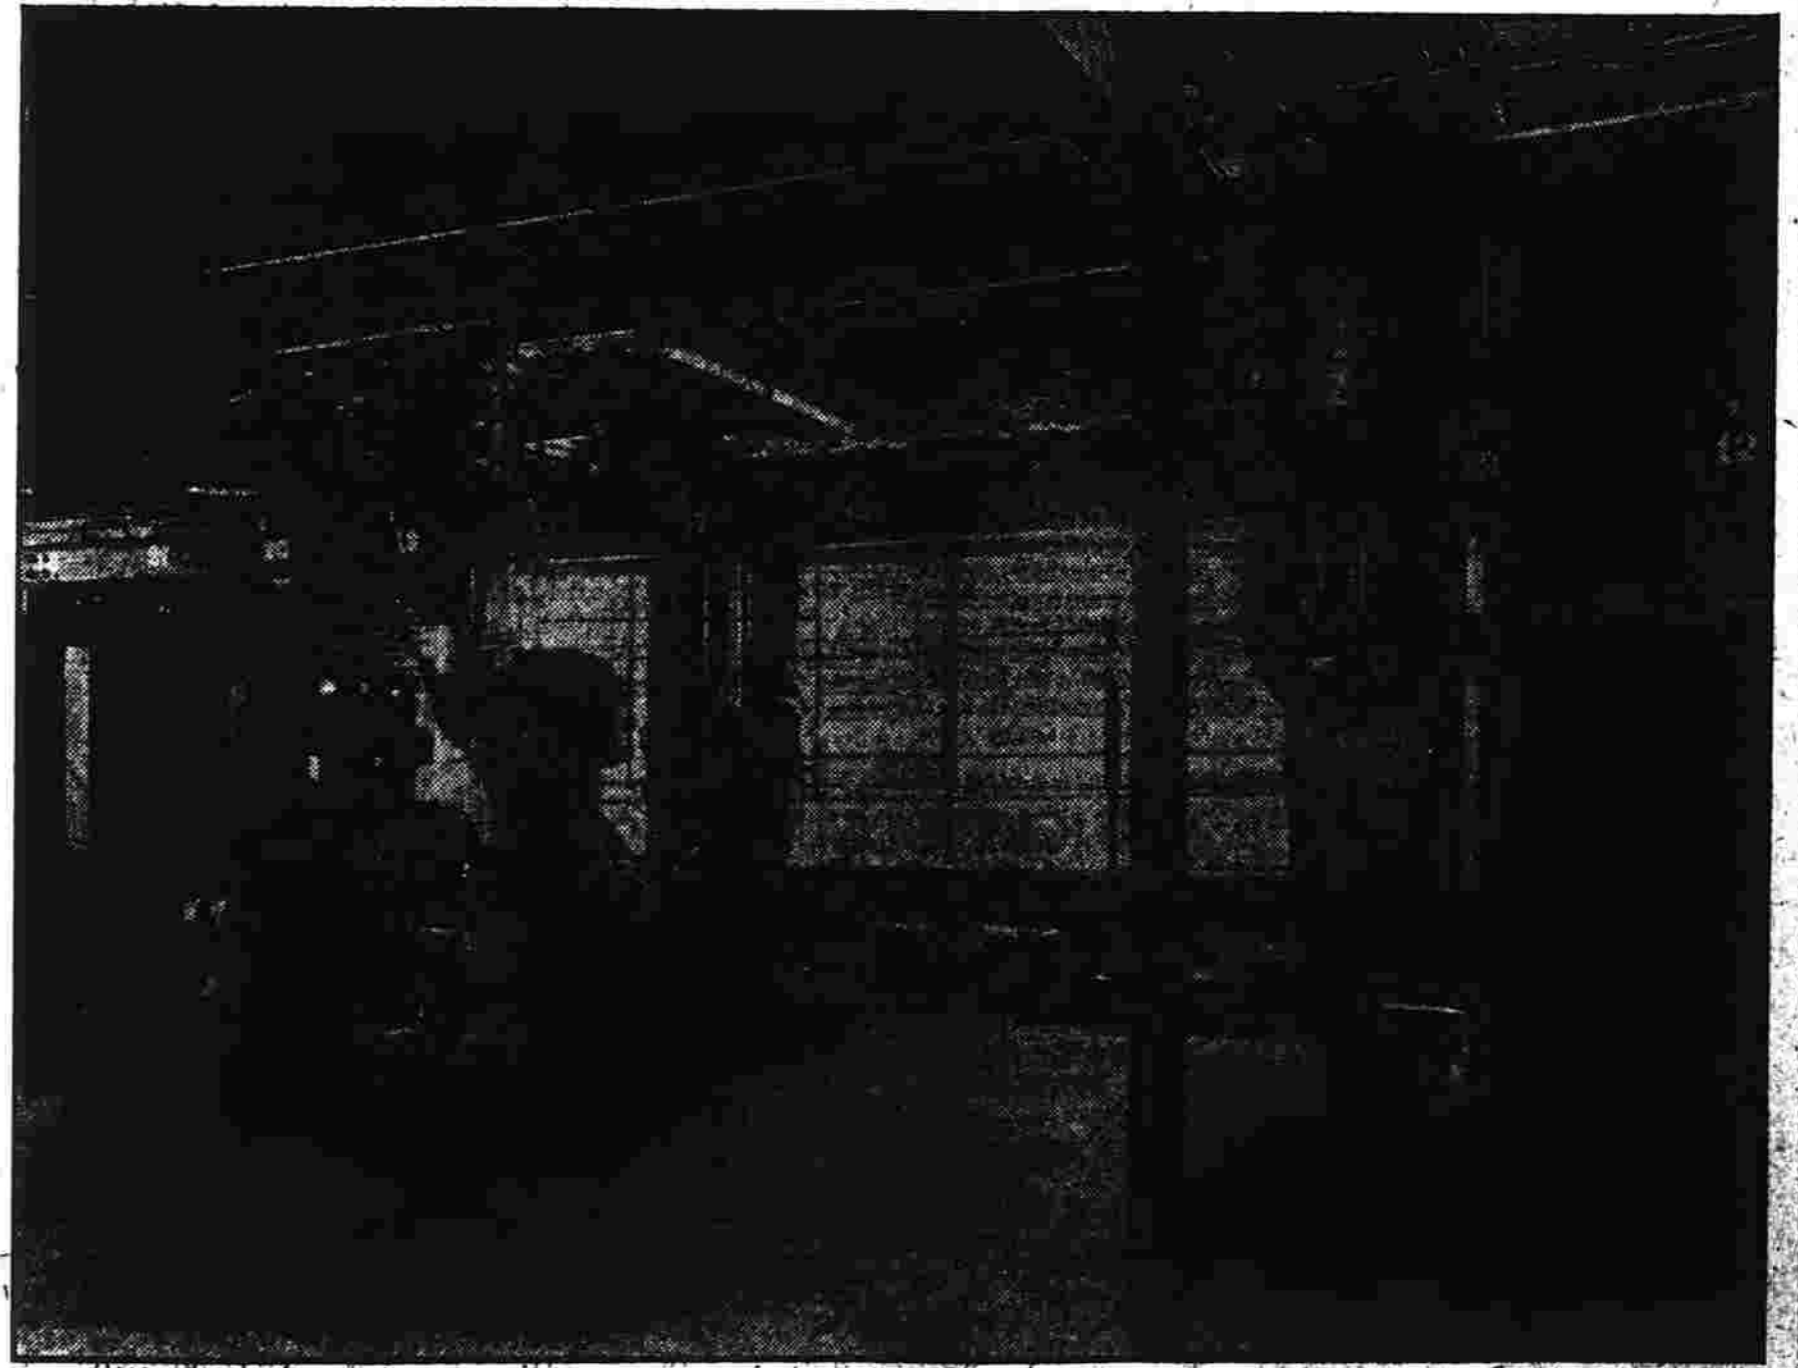

With this modern plant located in the heart of the town and capable of producing all the ice needed by our customers at any time we will be able to serve you better than ever before. Our delivery system has been speeded up with the elimination of former long hauls from icehouses we maintained in and near town. For first class service at reasonable prices just call 4496. Let us continue to serve you in an efficient and satisfactory way with absolutely pure ice.

This picture shows the front of our new plant facing Bissell street. In the center is the new main office, arranged for efficiency and close contact with the plant. To the left is the loading platform where the trucks receive their ice from the storage room. The two small doors just above the platform lead directly out of the main storage room. The larger door leads out of a smaller storage room which is used for small deliveries. The platform is protected from the weather by the overhead hood seen above. Temperatures in the ice storage room are kept from 6 to 8 degrees below freezing.

This picture shows the ice making room. The large area in the center of the picture shows the top of the freezing tank with the removable covers over the ice cans. At one end you see the automatic measuring tanks for fresh water, the automatic dumper, the ton and a half electric crane that handles the ice cans and to the left rear the ice scoring machinery. Suspended from the crane is shown a group of six cans ready to go to the automatic dumper to be emptied of their cakes of ice.

Herewith is shown the power plant that does the work. The entire plant is electrically equipped throughout with electric motors doing all the work. The two large machines in the center are the compressors that provide the refrigeration. The motors on these compressors are operated by 2300 volt current which is an unusually high voltage. They are so arranged that one can be stopped and the other put in operation in a few minutes by opening and closing a few valves. In the background is the large panel switchboard controlling the entire electrical equipment and behind that and enclosed by a brick wall is the high tension transformer vault.

## Aces-Stafford Springs Playing Here Tomorrow

With Gems At Rockville, West Side Game Will Be Lone Baseball Attraction In Town Sunday.

The Ace A. C. composed of all local players, will open its home season tomorrow afternoon at 3:00 o'clock at the West Side field playing Stafford Springs. The Aces, a few years ago considered one of the strongest younger teams in the state, have banded together most of all their old stars and a few new ones and this year they have a stronger team than they had a few years ago.

## FULLER DEFEATS BERG WITH EASE

New York, May 21.—(AP)—A decisive defeat of Jack (Kid) Berg, British whirlwind pugilist, by Tony Canzoneri's lightweight title "shot" immediately, this depending on whether Madison Square Garden goes through with its plans of pairing him off with Kid Chocolate, Cuban phantom, in a final "elimination" before the indoor season closes. But it seems a safe bet that the Boston scrapper will be carried before the summer season closes.

## NEW ENGLAND MEET

Providence, R. I., May 21.—(AP)—Holy Cross, rated as underdog, may go to the finals of the New England Intercollegiate track and field championship meet with the largest number of qualifiers—twelve in number.

## TRADE DEFEATS STAFFORD, 21-18 IN ODD BATTLE

Almost 40 Hits Made In Free Scoring Slugfest At Stafford Yesterday.

The Manchester Trade school baseball team played the Stafford High school in a return game at the Highland Park grounds yesterday and won by a score of 21 to 18. The game proved to be a regular slugfest with the mechanics having the advantage, collecting 24 hits for a total of 35 bases.

Stafford started a murderous barrage in the second inning necessitating the removal of Lennon from the slab in favor of Kovis. Kovis finally stemmed the mad rush of the invaders but not before they put across a commanding lead of eight runs. From this point on until the 8th inning the fighting Staffordites were held well in check.

## Yesterday's Stars

Larry French and Paul Wanser, Hartford—Former head Cardinals to two hits; latter equalled Major League record by clouting four doubles.

## Last Night's Fights

Chicago—Billy Petrolle, Fargo, N. D., outpointed Bat Battalino, Hartford, Conn. (10); Tony Canzera, Tampa, Fla., outpointed Pete Wistort, Chicago, (6); Mickey Patrick, Chicago, stopped Larry Udell, Aberdeen, S. D., (8).

## Hillhouse Is Favorite In State Track Meet

New Haven, May 21.—(AP)—Fever, the Manchester High School Hillhouse High School athletes from this city entered the fourth annual Connecticut Interscholastic Athletic Conference meet today favorites to retain their championship in spite of the loss of two stars.

## High School Captures Eighth Game In Row

Berger Allows East Hartford Six Hits As Locals Win 9 To 4; Rautenberg Keeps Hitting.

Manchester High won its eighth straight baseball game of the season by defeating East Hartford High at the West Side playgrounds here yesterday afternoon. The score was 9 to 4.

Manchester High won its eighth straight baseball game of the season by defeating East Hartford High at the West Side playgrounds here yesterday afternoon. The score was 9 to 4.

The fielding gen. of the game was contributed by Rautenberg, when he caught a long drive from the bat of Chopus in the sixth. The hit looked like sure triple. Incidentally, Chopus also pulled down a line drive near the left field foul line, that cut short Manchester's hectic rally in the third. Lupien contributed two splendid throws to the plate from right that, out off runs.

Rautenberg's two hits boosted his season's average to .484, which gives him the individual batting leadership of Coach Tom Kelley's steadily improving outfit, which has yet to meet defeat this season.

## CORNELL FAVORITE OVER YALE CREW

Ithaca, N. Y., May 21.—(AP)—Yale's hopes of winning the mythical eastern sprint rowing trophy in the balance at the Yale-Cornell regatta highly touted eight and a vastly improved Princeton boatload in the two mile Carnegie Cup race on Lake Cayuga today.

## LOCAL NET TEAM LOSES TO HARTFORD

Manchester High's tennis team lost to Hartford Public High 4 to 2 here yesterday afternoon. The next match will be played with Weaver's team Monday. Yesterday's results follow:

## YALE-HARVARD TRACK MEET IS THIS AFTERNOON

Honors Appear About Even; Record, Hallowed and Lee In Limelight.

Cambridge, Mass., May 21.—(AP)—Harvard and Yale's 39th annual dual track engagement opened at the stadium today with the Crimson around Gene Record and Pan Hallowed and set her two intercollegiate champions a hard task. She looked to Record and Hallowed for 20 points—From Record in the high and low hurdles and from Hallowed in the mile and half-mile runs.

Clifford Gustafson, former holder of the record for the 100 yard dash at Manchester High, and now coaching at Greenwich High, writes he will enter a team of 16 athletes including a very competent miler.

Manchester's track team competes against Bristol in that city next Tuesday. Other schoolboy sports for next week include: two baseball games—at Rockville Wednesday and Meriden here Friday; three tennis matches—Rockville here Wednesday, Meriden here Friday; also a track meet here Saturday with West Hartford.

Captain Al Lupien leads his Harvard baseball team into Worcester today to play Holy Cross. Brown plays at Cambridge Wednesday and Harvard returns the favor at Providence Decoration day.

## SHAMROCKS WIN

The Shamrocks defeated the West Sides 5 to 2 in a Y.M.C.A. twilight baseball league game at the north end last night. "Woody" Wallatt pitched for the winners. It was announced that R. K. Anderson has donated five dollars for the first home run of the league season. Last night's summary:

Shamrocks (4)

Up Ha Goss  
The Chicago Cubs called off negotiations for the purchase of the young Sacramento southpaw, Tony Wright.

Five Years Ago Today—Joseph B. Whelan's three-year-old Chance Shog, beat Sweepster by two lengths to win the 884 running of the Withers Stakes of one mile at Belmont Park. The victory was worth \$25,260 to Owner Wisnawski.

Two Years Ago Today—Babe Ruth, back in the game only six days after his six weeks suspension, gave a ride at Umpire Ehlken's decision retiring him at second base when he threw a handful of dust in the umpire's face.

## FLOORED IN FIRST BILLY OUTCLASSES 'BAT' AT CHICAGO

Hartford Batter Proves Game Bat Cannot Match Skill and Punching Power of Fargo Express; Reels In Eighth But Wins Tenth.

Chicago, May 21.—(AP)—Bat Battalino ought to be about ready to admit that Billy Petrolle can kick him. The former world featherweight champion, fortified with rare courage, stood in the ring in the Chicago stadium last night and traded slugs with the old Fargo Express and even knocked him down for a count of nine in the first round.

In the middle of the first round, a whistling left hook landed squarely on Petrolle's chin and he went down to remain as long as he dared. But at the end of the round he was popping the Hartford youth with vicious lefts to the body and rights to the head, and neither side could claim an advantage today.

Floyd Cave Herman, Cincinnati's candidate for president, kept the Reds in the running with a home run in the last of the ninth, depriving Warneke of a shutout. Benny Frey and St. Johnson divided the job of pitching for the Reds, holding the Cubs to seven hits.

The loss out Chicago's advantage to two games over the Boston Braves, who were achieving a 10 to 0 triumph over the Phillies. "Ruck" Betts, the Braves' 33-year-old "rookie", yielded five hits in winning his fifth straight. Wes Schulmerich hammered two home runs for the winners.

Larry French proved that Steve Swetonic is not the only pitcher on Pittsburgh's staff when he blanked the Cardinals, 5 to 0, on two scintillating hits in his winning bid for the fifth straight. Wes Schulmerich hammered two home runs for the winners.

Lefty Gomes pitched steadily ball in the pinches to beat Washington, 6 to 3, and keep the Yankees on top in the hot American League race. The Yankees sewed it up in the third round when they tagged young Monte Weaver for four hits and as many runs.

## EXCLUSIVE!

In the Gillette BLUE SUPER-BLADE, you get the important advantage of ingeniously tempered shaving edges—much harder than the slanted center—a feature patented by Gillette.

# SENSE AND NONSENSE

... And not a little wisdom did the old negro woman show when she said: "Ah, jes' wears de world as a loose garment!"

White Friend—Well, Mose, how is your better-half this morning?  
Mose—She's bettah, thanks, sah; but boss, yo' shore is careless wif yo' fractions.

Rastus White—Lightnin' nebba hab strikes twice in de same spot.  
Sambo Johnson—Ah knows it—dat spot am gone.

Students at the A. & T. College (for colored) at Greensboro, North Carolina, recently had the following subject for debate: "Resolved, that it is more exciting to see a man thread a needle than to see a woman drive a nail."

What we need most in this country is some one who can take the all out of railroads.

Nellie, aged four, was gazing intently at her aunt's hat.  
Aunt (at last)—Well, dear, what do you think of it?  
Nellie—Oh, I think it's all right. Mother said it was a perfect fright, but it doesn't scare me a bit.

It has about reached the point in this country where you can get about everything on credit except money.

Wife's Mother (to gardening-son-in-law)—I hope you're being careful when you dig up a worm, Richard. Remember it can feel and think just as well as you can.

Some women marry men to reform them, but the most are satisfied merely to inform them.

Do You Remember Way Back When folks ate victuals instead of vitamins?  
... and 18-day diet was unheard of?  
... kids ran errands for a cent and mowed the lawn for a nickel?  
... a session in the barn with Dad took the place of psychology?  
... you used to go to the slaughter house for a "football"?  
... the "boys" played checkers in the old back room?  
... the boys stood on the corner to watch the hobbie skirts go by.  
... "One minute please, while we change reels," used to be thrown on the silver screen?

It is quite awhile before a girl realizes that a man's "forever" means merely "until I get tired"—and still longer before she learns that his "never" means "not until the next time."

Customer—Hey, waiter, were these catfish dead before they were cooked?  
Waiter—Sure, I skinned them alive and they died of embarrassment.

Places Always In Demand:  
Front seats at the show,  
Back seats at church,  
Any old seat in Congress.

Some girls like men who are cavemen and rough. But most of them like the men who has something tender about him, especially legal tender.

We demand the best roads, schools, and help create new offices—and then kick about high taxes.  
If you would know whether a man's scheme is honorable, ask him whether he prayed over it or consulted a lawyer.

Wife—How do you like me in my new gown, dear? I got it for a ridiculous price.  
Husband—You mean you got it for an absurd figure.

First Street Cleaner—I hear you made a killing in the stock market?  
Second Street Cleaner—Not exactly. I just cleaned up a little along the curb.

The minute a boy leaves a circus or a movie he nags you to buy him an ice cream soda, and makes life miserable for you if you don't.

## PARIS RAIDS

On the night of May 31, 1918, German aviators made an air raid on Paris.  
Bombs were dropped in all parts of the day, causing 18 deaths and millions in property damage. Railroads north and northeast of Paris were also attacked, but the bombs dropped did slight damage.  
Russia was experiencing the horrors of war. On this day cholera broke out in Astrakhan and in the Caspian Sea region. This plague, although stopped after a short period, took a large toll of lives.  
The War Department received reports that the first of the U. S. field armies had been organized and was in service in France. The total strength of this army was about 200,000 men.

## FLAPPER FANNY SAYS:

**MUSICALS**

Featuring Merrifield Electrical Orch., Chester Schields, Cornist, G. Cliff Oetel, Male Quartet, Bennett Vacation Church School, and Congregational Church. **TUESDAY, MAY 24, 8 P. M. Admission 25c.**

**ABOUT TOWN**

Assessor L. C. Clifford, Jr., of 596 Center street, who has been ill for some time with a severe attack of bronchitis, is showing gradual improvement.

The American Legion rifle team will meet at the State Armory at 1:30 o'clock this afternoon.

Group 4 of the Memorial Hospital Linen auxiliary, Miss Mary Hutchison, leader, will meet for work Monday afternoon at Center Church House.

A month's mind mass will be held in St. Joseph's Cathedral, Hartford, Monday morning, at 8:30 for Bridget Breen by Rev. John Kelley.

The Ladies Missionary Society of the Swedish Lutheran church served a supper to more than 75 persons last night. A short program was presented, including a group of songs by Miss Elsie Berggren, readings by Miss Marion Olson, and a report of the conference at Worcester, Mass., recently, by Mrs. P. J. O. Cornell.

A full dress rehearsal of the patriarchal degree team of Shepherd Encampment, I. O. O. F., will be held at 7:30 Monday evening at Odd Fellows hall followed by a strawberry shortcake supper.

Nelson S. Kingsbury, street commissioner of Hartford, will be the principal speaker at the meeting of the Manchester Retail Credit Association to be held next week Tuesday evening at the Hotel Sheridan. Mr. Kingsbury is extension manager of the Hartford Better Business Bureau. It is expected that practically all members of the local organization will be on hand to hear the Hartford man speak.

Miss Mary McGuire, William Griffin and Mathew Merz head a committee from among the men and women of St. Bridget's church in charge of a bridge, whist and setback party Monday evening at 8 o'clock in the parish hall. The usual prizes, refreshments and a social time will be had and the general public will be welcome.

A public setback party for the benefit of the Degree of Pochontas will be held Monday evening at 8:30 at the home of Mrs. Michael Fitzgerald, 46 Pearl street. The usual prizes will be awarded and refreshments served.

All members of the British-American club are requested to meet at the clubrooms at 10:15 tomorrow morning to attend the British-American Good-Will service at the South Methodist church, in celebration of Empire Day, May 24. Dr. R. S. Moore of Providence will be the guest preacher.

The Holy Name society of St. Bridget's church will receive communion in a body tomorrow morning at 8:30. A visiting priest will be at the church this evening.

Daughters of Liberty No. 125 are requested to assemble at the South Methodist church tomorrow morning at 10:30 to attend in a body the British-American Good-Will service.

Officers of Temple Chapter, O. E. S. will meet tomorrow, Sunday evening at 7 o'clock at the Masonic Temple for a rehearsal of the memorial service.

A complaint was made to police yesterday that a gang of boys have been playing on the fire escapes and roof of the Cheney Mills on Forest street. The watchmen repeatedly drove the boys away but they returned when the patrolman left. An example will be made of those persisting in this dangerous practice.

**CENTER CHURCH MEN'S OUTING ON TUESDAY**

Will Be Held At Hebron Game Club—Cars Leave Temple At 4 P. M. and 5:15 P. M.

On Tuesday evening, May 24, the Center Church Men's League will hold an outing at the Hebron Fish and Game Club with games, campfire stories and refreshments. All members and others interested are urged to avail themselves of this opportunity for an enjoyable spring outing.

Cars will be leaving the Masonic Temple between 4 and 5:15 p. m. and all wishing transportation should be there as early as possible after 4 p. m.

**ANOTHER SURPRISE GIVEN MISS DAVIS**

A surprise party in honor of Miss Doris M. Davis, director of young people's work at the South Methodist church, was held last night at the McCormick cottage on Coventry Lake, attended by about 45 members of the Epworth League and their friends. Miss Davis, who terminates her service at the local church next month, was presented with a purse of money. Refreshments were served, including hot dogs, sandwiches, coffee and cake.

**Manchester's Date Book**

Today. Children's program at Center church at 8 o'clock p. m.

Next Week. Wednesday, May 25—All-membership meeting of Chamber of Commerce at State Trade school.

Friday, May 27—Entertainment at Center church by young people's groups.

Saturday, May 28—Dedication of Lithuanian hall on Golway street. Next Month.

Saturday, June 11—M. H. S. Bristol baseball game at West Side playgrounds.

Tuesday, June 21—M. H. S. graduation.

Friday, June 24—Opening of two-day state convention and field day of Loyal Order of Moose here.

Saturday, June 25—State Masonic Veterans at Temple. Opening of two-day sessions of 16th annual convention of the New England Conference Luther League at Swedish Lutheran church.

**GOOD WILL SERVICE SUNDAY'S FEATURE**

**British-American Bodies To Attend S. M. E.; Confirmation At Swedish Lutheran.**

The program in local churches tomorrow is headed by the Good Will service to be held at the South Methodist church at 10:40 o'clock, to which various British-American organizations in town have been invited. The speaker will be Dr. Robert S. Moore of Providence and his subject will be "International Good Will." At the Zion Lutheran church on Cooper street, a class of seven children will be confirmed at 8:30 o'clock in the morning, and at the Swedish Lutheran church a class will be confirmed at 10 o'clock, in charge of Rev. Carl S. Franzen. Miss Elsie Fuller of the Hartford Theological Seminary will speak at the evening service at 7:30 o'clock at the North Methodist church.

**LUTHERAN YOUNG FOLK OF 2 TOWNS GUESTS HERE**

The Young People's Society of the Concordia Lutheran church entertained the New Britain and Ferryville Leagues in the church parlors last night. A fine program was given by the Concordia League which included a tap dance by William H. Gess, a monologue by Mildred Weber, novelty piano selection by Fred Warner, soprano solo, "Deep In My Heart" from the "Student Prince", by Anna Gluck and "Bobby Stutters" by Ernest Tureck. There were refreshments and games. Local league member will motor to New Britain this evening to attend the annual bowling banquet of the state Luther League.

Free Home Demonstration.

**CAR IS WRICKED, CANT FIND DRIVER**

**Neither Rockville Nor State Police Know About Goat Farm Crash This Morning.**

William Cousins of 20 Adams street, Waltham, Mass., is believed to have been the driver of a Whippet sedan which was wrecked at the state highway intersection near the Goat Farm just north of Talcootville early this morning.

The car, owned by the Shell Gas Company, was apparently coming down the road from Vernon Center and went off the road in rounding the corner toward Hartford—a point where numerous accidents, some of them fatal, have occurred since the new road was opened last year.

The Whippet ploughed through three fence posts and was badly damaged. All glass except the windshield was broken. The driver is believed not to have been injured. Rockville and state police denied knowledge of the accident which occurred about 1 o'clock this morning.

**TO USE 9TH DISTRICT'S TENNIS COURTS SUNDAY**

Permits To Be Issued Through Concession Stand On West Side—Will Stop Abuses.

Due to the fact that the Recreation Centers are closed on Sunday and that tennis courts are in great

Hartford Road, South Manchester, Conn.

**Times Changed**  
**—But his will didn't**

He was fond of horses, so in his will, made 25 years ago, he established a fund—to build watering troughs for their benefit.

When his will was recently probated there was money for this purpose. But where were the horses?

The automobile had changed all that. But the old gentleman had failed to change his will.

Keep your own will up to date. And when you are making changes, don't overlook the modern practice of having a corporate executor to settle your estate. This is our specialized business.
