

WAVE OF SABOTAGE ENGULFS GERMANY

Dynamite and Hand Grenades Hurled in a Dozen Cities; Hundreds of Windows Smashed.

Berlin, Aug. 6.—(AP)—Dynamite and hand grenades from the arsenals of political factions gave a new touch today to the violence which has swept through Germany for the past six weeks.

In a wave of sabotage, dynamite damaged buildings in half a dozen places, and several persons narrowly escaped injury from bombs.

At Breslau, Ernst Eckstein, head of the Social Labor Party, was shaken out of his bed when a bomb was thrown from a speeding automobile through his bedroom window. The room was wrecked but he was not hurt. He told police he suspected the National Socialists.

A dynamite explosion broke 300 windows and caused extensive other damage at Brunswick. The charge was planted in a narrow street inhabited by workmen. There were numerous injuries from flying glass, but nobody was seriously hurt.

At Schwerin a building occupied by the Socialist newspapers was damaged by vandals, presumably political opponents. All the windows and glass doors were broken.

Bombs Are Thrown

A department store in Karstadt was damaged by a bomb. A hand grenade was thrown into the bedroom of the chairman of the Catholic Church Council in Schum. It started a fire which was put out quickly, and the chairman was not hurt. He said he had been threatened in the past by National Socialists.

Another bomb was thrown at Muelheim into a window of the Labor office, damaging the City Hall and breaking glass in nearby buildings.

All these incidents took place despite the government's threat of severe punishment for anyone guilty of such acts.

FRENCH SUGGEST NEW DEBT ANGLE

Paris Newspapers Would Link Debts and Tariffs To Gain Quicker Results.

Paris, Aug. 6.—(AP)—French newspapers today featured a suggestion that war debts and tariffs be linked together, instead of debts and disarmament as proposed by Senator Borah.

The suggestion was made in connection with the move for a commercial agreement between France and the United States.

Discussing the memorandum presented to Premier Herriot by Ambassador Edge Thursday pointing out grievances of American interests against the recent Franco-Belgian trade pact and the French quota limiting imports from the United States, the newspapers said American tariff laws are making special arrangements with France difficult.

France is likely to seek compensations in the financial field, they said.

Easter Work

The financial newspaper L'Agence Economique et Financiere said it was legitimate to suppose that compensations "may be found more easily on financial than on purely commercial grounds."

Le Matin said it special advantages were given the United States if it was felt in French circles that France should be able to obtain some concessions in the domain of financial arrangements.

"Thus," it added, "it may be that debts and tariffs would be linked more or less together. This, in any case, would be more acceptable and normal than to see debts and disarmament joined, as Senator Borah proposes."

Officials Silent

The foreign office declined to comment on the newspaper observations except to say that there were made on the papers' own responsibility.

The Edge memorandum was being carefully studied, foreign office officials said, but no definite policy has yet been formulated. It was stated in American quarters it was stated there has been no intimation in official exchanges that a move would be made to link war debts with tariffs or trade.

DRY ORGANIZATIONS MAY NAME LEVITT

Latest Move in Fight Against Bingham at the Senator Is Not Worried.

Hartford, Aug. 6.—(AP)—Albert Levitt, who unsuccessfully sought the Republican gubernatorial nomination two years ago was injected today into the anti-Bingham campaign as a possible candidate for the U. S. Senate.

The Rev. Ralph H. White of New Haven, spokesman for a group of Republicans favoring prohibition who have banded together in an effort to prevent the renomination of Senator Bingham said dry leaders proposed to nominate their own candidate on the Independent Republican Party if the senior Connecticut

UPTURN IN MARKET HITS PESSIMISTS

Reaction Shows Whole Nation Rejoicing That Things Begin To Look Brighter.

New York, Aug. 6.—(AP)—The psychological reaction from a state of profound pessimism, which started quietly more than a month ago, attained a larger stature in the financial markets this week.

Stimulated by pools and rumors of pools, but also by a more general readiness to expect the best rather than the worst, prices of stocks and commodities moved sharply higher. Stocks completed a recovery of approximately fifty percent of their March-June declines. Bonds, with a record of uninterrupted advance during July, began August in the same cheerful frame of mind. Staple products were almost unanimously stronger.

Too Spectacular

The advance, especially by stocks, left some skepticism in its wake on the theory that it had not only been too spectacular but that business news to date, making allowance for normal seasonal movements, failed to justify excessive bullishness. Nevertheless, continued reports of plant reopenings and expanded activity by smaller industrial lines were sufficiently numerous to command attention.

The inflow of gold continues one of the most important manifestations of world confidence in America. This increase has amounted to more than \$82,000,000 in seven weeks, accomplished largely through releases from earmark. There has been heavy buying of dollars abroad and banks say they expect a further swelling of our gold stocks. Meanwhile, the Bank of France is beginning to lose metal.

Bright Reports

Speculative enthusiasm was whetted by word that leading banks were planning a substantially capitalized corporation which would facilitate commodity purchases by manufacturers desirous of increasing inventories.

Banking statistics were favorably regarded for the second successive week. Currency circulation had a normal, turn-of-the-month rise of \$88,000,000, but member bank borrowings were reduced by a similar amount. The reserve system, despite gains in gold, put \$5,000,000 into government securities.

In the retail and wholesale markets there is reported an appreciable change in sentiment. Inquiry for many lines is said to have increased as confidence gains and purchasing power is built up by the appreciation in securities.

MONKS IS INSANE, SENT TO ASYLUM

Wealthy Boston Man Missing For a Year Is Finally Found In the West.

San Diego, Calif., Aug. 6.—(AP)—Allan Bradford Monks, wealthy middle-aged member of an old New England family, was under commitment today to the State Hospital for the Insane at Norwalk, Conn.

The San Diego County Lunacy Commission found him insane after a hearing at which several physicians testified yesterday. Judge C. N. Andrews signed the papers, and ordered Monks transferred to the hospital today.

Monks and his wife, Antoinette Girardo Monks, were charged several months ago with issuing worthless checks. The subsequent search revealed that Monks' relatives in Boston had not heard from him in a year, and had closed an account maintained for him by the estate of John P. Monks, his grandfather.

Wife Is Arrested

Mrs. Monks later was arrested in San Francisco, and soon after Monks was found in a Long Beach, Calif., rooming house. He was unable to give a coherent account of himself, and was taken to the psychiatric ward of the county hospital for examination.

Mayo Shattuck, attorney for the estate in Boston, who came here to visit Monks, revealed the man once was regarded as a front rank chess player. Shattuck said Monks was a descendant of Governor Bradford, who financed the Pilgrims.

The criminal charge against Monks, authorities said, would be dismissed. Mrs. Monks is expected to appear in court Aug. 12 for preliminary hearing.

Monks first appeared here several years ago and for a time operated a small shop.

PARAGUAY WILLING TO CALL A TRUCE

But Bolivia Declares She Is Forced To Go Ahead With War Plans.

Paraguay, signified willingness today to declare a truce in the Gran Chaco dispute with Bolivia declared she was compelled to go ahead with preparations for armed defense "in view of active mobilization by Paraguay."

The attitude of both nations was expressed in replies to notes sent by the United States and eighteen South and Central American nations, requesting an amicable settlement.

Matters Complicated

Peace efforts were complicated however by reports of a renewal of fighting in the Chaco area. A Bolivian patrol fired on an outpost of Fort Presidente Ayala late yesterday, but the attack was repulsed, the report said.

The Paraguayan Treasury considered a plan to raise war funds by paying 25 to 50 per cent of its August salary roll in national defense bonds.

Paraguay's Proposal

Paraguay's proposal for a truce, as outlined in the reply to the 19 neutral nations, included a provision that the truce be declared on the basis the status June 1, a condition to which Bolivia has objected.

A thousand school children asked the Paraguayan general staff yesterday for permission to form a fighting regiment.

Governor Moore 'Gassed' In Mock Attack by 'Mob'

See Girl, N. J., Aug. 6.—(AP)—Governor Moore's summer cottage on the edge of the parade ground of Camp Moore.

On rushed the "rioters" clad in blue dungarees and bowling "socks." Toward them advanced the forces of the law with gas masks and glistening bayonets. When Decker thought the time was ripe, he gave the command to set off eight tear gas canisters.

A great cloud of gas floated upward and blew right toward the governor's cottage. It gassed the governor, gassed dignitaries attending him, gassed 1,300 bystanders. Everybody wept.

The "rioters" drank soda pop.

VOTERS IN CALIFORNIA SWING TO DEMOCRATS

Registration Shows Party Has More Than Double Strength It Had Two Years Ago At Primary.

San Francisco, Aug. 6.—(AP)—Democratic registration for the California state primary August 30 is considerably more than double the party primary vote two years ago.

Registration figures from all but six of the state's 58 counties prove the situation.

Taking the six counties into consideration, the Republicans have lost 91,748 potential votes or 5.99 per cent of their registration in two years.

TRADE AGREEMENTS NEAR AT OTTAWA

British To Make Decisions Next Week—Probably Are Compromises.

Ottawa, Ont., Aug. 6.—(AP)—The plans of the Dominions for trade agreements with Great Britain was all in the hands of the British delegates today. The British were expected to begin making their decisions next week.

The two exceptions were the Irish Free State and India, whose delegates indicated they did not come to the conference to treat with Great Britain. In each of the other instances, the Dominions asked the mother country for a protected British market for their products, chiefly agricultural.

There was a tacit promise that the British answers would be transmitted, beginning Monday, but there was no indication these would be made public.

Seek Compromises

Those close to the British said the delegation undoubtedly would seek some compromise. As it stands, they are asked to break virtual monopolies for Denmark and Argentina on bacon and chilled beef, practically to exclude Russian lumber and to raise trade barriers against wheat from the United States and other foreign countries. The British prefer Danish bacon, it was pointed out. Huge English financial interests would be at stake in the exclusion of Argentine beef. Russia pays off her commercial obligations to the United Kingdom with lumber, amounting to \$150,000,000 last year. Besides, Great Britain depends on foreign markets, including the United States, to take more than half her annual exports.

WALKER DECISION IS EXPECTED SOON

Gov. Roosevelt Means To Clean Up Affair Before He Starts On His Campaign.

Albany, N. Y., Aug. 6.—(AP)—With his decision on Mayor Walker expected next week, Governor Roosevelt is pondering the case in his last week and at home before making a series of Saturday campaign addresses.

It is believed the Democratic presidential candidate wants to announce his decision before speaking at Columbus, Ohio next Saturday.

He has asked the New York mayor to have his answer to Samuel Seabury's rebuttal to his defense against removal demands ready Monday. Political observers believe that will give Mr. Roosevelt time to conduct a hearing, if he desires, and still prepare his decision before the week is out.

To Hold Parley

He had planned to discuss the Walker testimony with John C. Mack of Houghsboro, one of his counsel in the case, but Mack was ill today. The governor discussed the case yesterday with his other counsel, Martin Conboy of New York.

There will be little rest for him in the following two weeks. On August 27, he is scheduled to address New Jersey Democrats at Sea Girt, N. J., and the following Saturday, September 3, he will speak at Bridgeport, Conn.

OPERA HOUSE BURNS

Bathurst, N. B., Aug. 6.—(AP)—The opera house here, valued at \$60,000, was destroyed by fire yesterday. Motion pictures, sound equipment and stage scenery were included in the loss. It was a modern, well-equipped structure.

CROSS KEEPS MUM ON RENOMINATION

Refuses To Comment On Subject Before It Comes Up At Convention.

Hartford, Aug. 6.—(AP)—Governor Wilbur L. Cross is not inclined to discuss the possibility or probability of his renomination at the Democratic State convention next month. Every effort to get the governor to comment on the probability of his being a candidate for re-election has been good naturedly turned aside, and matters more agreeable to the governor have been discussed.

Asked Directly

The governor, who on Friday returned from Lake Sunapee that he might be present at Niantic on Sunday when Governor's Day will be featured at Camp Cross, was asked definitely whether he would be a candidate for re-election.

"I do not care to comment on it," replied the governor, and he indicated that he had anything at all to say in the matter—it would be said at the convention itself.

BANKER KIDNAPED AFTER BANK FAILS

Beaten Severely At His Home and Then Taken Away In Car By Gang.

Taylorville, Ill., Aug. 6.—(AP)—John E. Colegrove, 68 years old banker, was kidnaped from his home after being beaten and today was thought by police to be in the hands of a gang of extortionists or persons disgruntled over the \$1,500,000 failure of his bank.

The banker who was at liberty on bond pending appeal of his recent conviction and sentence to prison on charges growing out of the bank failure was attacked in his home late last night and then carried away in an automobile.

Hear Screams

Colegrove returned to his home about 10 o'clock last night. Shortly thereafter Mr. and Mrs. Andrew Benson, proprietors of a nearby store and two customers heard the elderly banker screaming. They reached the scene just as the banker was pushed into the car.

Evidence of a struggle in the house was found. Furniture had been broken and the floor was spotted with blood. A bullet hole was shot on the floor and concluded the banker had been shot. Later, finding the leather covering of a black-jack which had been broken they decided the banker had been beaten so severely with the black-jack that it was broken.

FUMES KILL MAN

Norwich, Aug. 6.—(AP)—The body of Leonard A. Bogue, a truckman was found yesterday afternoon, fully clothed, on a bed in a room of his gas-filled kitchen. Four burners in the kitchen were open. Officials said he had been dead two days.

STOCK BUYING SENDS PRICES UP ON MARKET

Gains Ranging From Several Cents To More Than \$1 Reported At the Opening; Brokers Increase Staffs.

New York, Aug. 6.—(AP)—Stocks soared ahead in a fresh wave of buying today. Gains ranging from a few cents to more than \$1 a share appeared at the opening and were substantially extended in the active early dealings, blocks of 1,000 to 5,000 shares were numerous.

Leaders rising a dollar or more included U. S. Steel, American Telephone, Case, Consolidated Gas, Union Pacific, Union Carbide and American Tobacco Co.

A few pivotal issues quickly met profit-taking, but the general market tapered off only slightly and activity continued at a feverish pace.

Argument Staffs

Brokers, forced to augment their depleted staffs because of the heavy increase in business this week, reported larger inquiries from all parts of the country as well as maintenance of the foreign buying.

Overnight news included reports that plans for the so-called commodity pool were going forward at conferences being held here. From Europe came advices that the British and French capitals had been impressed by the prairie fire enthusiasm of our market, while the London "Economist," a prominent financial publication said there was reason to believe "the giant of the west" has passed the crisis of his sickness," even if it was too soon to predict that America was within sight of economic recovery.

Sterling exchange was again weak off 1.5-2 cents at the opening to a cable quotation of 83.45-1.2, suggesting further buying of dollars.

CHILD DIES IN CRASH

Ansonia, Aug. 6.—(AP)—Edward Wallace, Jr., 14 year old son of Mr. and Mrs. Edward Wallace of 7 Howard avenue, Ansonia, is dead, Mr. and Mrs. Nicholas E. Pace of Bromfield, N. Y., and Achille Pochi, proprietor of Osark truck farm, Fifth street, Derby, are in Griffin hospital and Mr. and Mrs. William Pagas of 15 Howard avenue, Ansonia, and the infant son of Mr. and Mrs. Pace suffered minor injuries as a result of an accident on the Derby avenue road near Race Brook last night in which a machine owned and driven by Mr. Pace was hit in a head-on collision by the Pochi car.

The Wallace boy died at Griffin hospital this morning at 3:35 from a fractured skull and other injuries. Pochi was discharged from the hospital this morning.

Officer Joseph Cummings of the Orange police department stated this morning that Pochi was being held on a technical charge awaiting a report from the coroner.

ACROSS SEEKS DIVORCE

Reno, Nev., Aug. 6.—(AP)—Mrs. Julia Calhern, known on the stage as Julia Lydig Hoyt, the society actress, has filed suit for divorce against Louis Calhern of New York. She charges cruelty.

They were married September 17, 1927, in Noroton, Conn. She requested that papers in the case be sealed and the hearing be held behind closed doors.

57 MINERS KILLED

Tokyo, Aug. 6.—(AP)—Fifty-seven miners were killed today in a gas explosion at the Sorachi coal mine on the northern island of Hokkaido, forty miles northeast of Sapporo.

Fifty bodies were recovered.

CALL HERALD TONIGHT ON McCLUSKEY RACE

The Herald will furnish the town with results of the final of the 3,000 meter steeplechase shortly after 8 o'clock tonight. Information may be obtained by calling The Herald office, tel. 5121. The event will be run at 8 o'clock (E. D. S. T.) and it is expected that the results of the race will be received here by 9 o'clock. Those interested in obtaining the results are asked not to call in before that time in order that calls may not be duplicated.

STATE MUST ASSIST ITS PAUPERS EVEN IF FUNDS ARE GONE

SEVEN QUESTIONED IN RECLUSE DEATH

Hartford, Aug. 6.—(AP)—The State of Connecticut is required to furnish care for State paupers regardless of whether an appropriation is made for that purpose or whether an insufficient appropriation is provided by the Legislature. State Agent Raymond F. Gates is so advised by Attorney General Warren B. Burrows in an opinion made public today. The advice of the attorney general was sought by Col. Gates because the appropriation made by the General Assembly has been exhausted and the state agent inquired whether an additional appropriation is required to meet the emergency.

The opinion of the attorney general in the matter is as follows:

"We are in receipt of your recent communications setting forth in substance that under Section 1713 of the General Statutes, revision of 1930, certain towns have furnished necessary support to certain state paupers residing in their towns, that said towns have rendered bills for such support and claim reimbursement therefor, and that you are satisfied after examination and investigation that the amounts contained in the claims are true and that the reimbursements claimed are reasonable.

The Inquiry

"Your inquiry to this office is whether or not you should certify such claims for payment to the comptroller in view of the fact that the appropriation made for your department by the General Assembly of 1931, for the support of State paupers is exhausted.

"Section 1713 of the General Statutes provides among other things that any town, through its selectmen, shall, under such conditions as shall be otherwise provided by the State, furnish necessary support to all State paupers therein, or sent from such towns to any hospital in this State and shall be reimbursed by the State therefor. The State agent, in view of the fact that the disbursements are reasonable, shall certify them for payment.

"Under this statute it appears that it is mandatory upon the State agent to certify the claims in question for payment, inasmuch as the other provisions of this statute have been satisfied.

State Must Pay

"Under Section 1710 of the General Statutes all State paupers shall, if in need of relief, be provided for by the State agent at the expense of the State. This is also a mandatory provision in keeping with the general policy of this state that all persons becoming paupers shall receive immediate care, irrespective of whether or not the town, municipality or the State may ultimately be financially chargeable for such support. The town within which the pauper finds himself at the moment of needing relief is charged the duty of furnishing such relief. Afterwards, the financial responsibility and its adjustment can be determined, but the duty of immediate relief is fixed and certain.

Duties of Agent

"Section 1713 and 1715 of the General Statutes, revision of 1930, respectively, provide for methods of direct relief by the State agent through contracts made with other private agencies of with towns. Neither of these forms of relief, however, are now operative, since the State agent has not yet found it advisable. Since neither of these other methods of support are in existence, the provisions of Section 1713 apply and become mandatory upon the towns charged with furnishing relief in the first instance, and upon the State agent to certify claims for reimbursement.

Purpose of Statute

"To make the performance of these mandatory provisions dependent upon the existence of an adequate appropriation would defeat the purpose of the statute under consideration. It is not conceivable that the State enacted these beneficent laws for the care of its unfortunate, solemnly agreeing to reimburse towns having occasion to furnish necessary support to persons properly chargeable to the state, and at the same moment through lack of sufficient funds intended to meet or even insure the very purpose for which the statute was enacted.

"The care of paupers is a governmental duty recognized since the establishment of our state government and cannot be denied because of failure to appropriate. It is the duty of the State to provide sufficient funds to meet the obligation of the statute."

(Continued on Page Two)

STATE MUST ASSIST ITS PAUPERS EVEN IF FUNDS ARE GONE

SEVEN QUESTIONED IN RECLUSE DEATH

Natchez, Miss., Aug. 6.—(AP)—The eccentric Richard Dana, bearded and long-haired recluse, was among seven persons questioned today in the inquiry into the slaying of the equally eccentric Janet Surget Merrill, spinster.

Arrested with him was his housekeeper-guardian, Miss Octavia Dockery. They live on a plantation which adjoins that of Miss Merrill. In addition police held three white men and two negroes.

The list comprised besides Dana and Miss Dockery, the following men: John Geiger, a logger who identified a coat found in the Merrill home as his property; Odell Ferguson and T. W. Carr, white, and George Sims and R. Norman, negroes, who were trailed by bloodhounds.

Had Had Argument

Dana and Miss Dockery had had an argument with the state woman which adjoins that of Miss Merrill. In addition police held three white men and two negroes.

The body of the spinster with three bullet wounds was found in a clump of bushes 200 yards from the dwelling.

The dining room bore signs of a struggle. There was blood on the floor and bullet holes in the wall. Drawers downstairs were left open but the authorities scouted a robbery theory on the claim Miss Dockery had little money left from the one-time sizable estate of her father, Ayres Merrill, former ambassador to Belgium and southern planter.

Little Information

Little accurate information could be gleaned on Miss Merrill's private life in recent years. For many years she had lived in a small cottage in the spacious home a mile out of Natchez with a forbidding sign on her gate: "No visitors wanted."

Richard Dana, her neighbor, also pursued the community. Born of an aristocratic family he had retreated to his ancestral plantation home and shunned people. If a visitor approached he would hide behind a tree. Finally he was adjudged incompetent to handle his affairs and his housekeeper, Miss Dockery was appointed his guardian.

STATE MUST ASSIST ITS PAUPERS EVEN IF FUNDS ARE GONE

SEVEN QUESTIONED IN RECLUSE DEATH

Hartford, Aug. 6.—(AP)—The State of Connecticut is required to furnish care for State paupers regardless of whether an appropriation is made for that purpose or whether an insufficient appropriation is provided by the Legislature. State Agent Raymond F. Gates is so advised by Attorney General Warren B. Burrows in an opinion made public today. The advice of the attorney general was sought by Col. HITS DAUGHTER AS 200 LOOK ON Kerry Street Man Heavily Fined For Assault—Other Court Cases Today.

Frank Deputia, of 11 Kerry street, charged with assault on his daughter Steffie and also breach of the peace, and intoxication, was found guilty in town court this morning by Judge Raymond A. Johnson and was fined \$10 and costs for drunkenness, \$10 and costs for breach of the peace and \$15 and costs for assault.

200 See How Judge Johnson in rendering the verdict said that with an estimated crowd of 200 people gathered at the scene of the assault and with the testimony of the investigating officer, and the subsequent unwillingness of the two daughters, Frances and Steffie to testify or give the story of the assault, the court was not going to make a fool of and be found cause in each count.

Deputia was arrested at 7 o'clock last night when a complaint was made to police that the father had choked, slapped and kicked Steffie Deputia. On the stand Steffie broke down and plainly showed her unwillingness to testify. Frank, a brother failed to appear.

Non-Support Case Robert Sloan of 151 Summer street was brought in court this morning by his wife, Annie, charged with non-support. In the testimony given by Mrs. Sloan who has only been married to Mr. Sloan a short time, she blames the two grown sons of Sloan as the cause of all the trouble between them. On the stand this morning Mrs. Sloan testified that the boys made life miserable for her, and called her vile names on occasion, and threatened to "stick knives into her."

Sloan told the court that he had gotten "all worked up" trying to have the boys mind his wife and had thrashed them on occasion. Mrs. Sloan said that her husband sided with the boys and would not take her word in reference to the trouble.

Judge Johnson dismissed the case, advising the parties to try and settle matters their own way in an amicable manner. The case of Hugh McIntosh of 111 Cedar street, charged with non-support of his wife, living at 137 Maple street, continued 60 days when he gave evidence of having tried to make voluntary payments of \$10 per week by exhibiting sheaves of postal money order receipts over a two-year period.

McIntosh employed at Cheney Brothers, said that he has been on part time, sometimes getting little more each week than would pay his board bill. He exhibited receipts for the past six months totaling \$228 and said that he had borrowed \$40 from his sister to keep up the payments for the support of his two children.

Judge Johnson continued the case two months to allow the defendant to continue payments, as evidence pointed to the fact that he had made every effort to do so within the limits of his circumstances. Guy J. Bruyette, fined \$10 and \$5 yesterday for driving an automobile with improper brakes and passing a stop sign was sent to jail in default of payment.

PREMIER OF CHINA RESIGNS POSITION

Shanghai, Aug. 6.—(AP)—Wang Ching Wei, president of the Executive Yuan and as such virtually prime minister in the Nananking government, resigned suddenly today.

It was a dramatic and unexpected development which arose from his dissatisfaction with the "passive policy" of the northern military authorities with respect to Manchuria.

Wang Ching Wei was one of China's most thoroughgoing patriots, urging a finish fight against Japan while the two countries were embroiled in the vicinity of Shanghai several months ago. Nevertheless it was he who signed the peace agreement last May, ending the Shanghai Incident. The control Yuan of the National government thereupon moved to have him impeached because he had signed without referring the agreement to the legislative department. The move failed and Wang was cleared.

His first came into international prominence more than twenty years ago when he was implicated in an attempt to assassinate the prince regent. He was condemned to life imprisonment but was released after the outbreak of the revolution in 1911.

GIBSON GIRL IS BACK

Chicago, Aug. 6.—(AP)—It looks now like the Gibson Girl is coming back, but without her hips. Such, at least, was the impression given by a preview of costumes to be shown at a fall style show Monday.

The bodices and waistlines are up, but the skirt lengths are down. The costumes have the top-heavy effect of the old Gibson Girl, but the new skirt has none of that womanly voluminous curves. It is perfectly straight or wrap-around.

CHURCH LAWN FETE A GREAT SUCCESS

Over 300 Attend Festival Last Evening At Emanuel Lutheran Church.

More than 300 persons attended the lawn festival given by the Lutheran League of the Emanuel Lutheran church on the church grounds last night, the affair being a huge success both financially and socially. The program was presented by the Beethoven and G. C. Clubs and instrumental quartet from the Salvation Army.

Colored lights were strung over the lawn and refreshments, consisting of coffee, cake and cookies, ice cream, soda and candy, were sold at various booths. Tables and chairs were placed about the lawn for the comfort of those in attendance. The Salvation Army quartet played at various intervals throughout the evening and their selections were well received. The G. C. Clubs sang singly and combined, under the direction of Helge Pearson.

The standing committees of the Lutheran League were in charge of the lawn festival, with Ivar Scott, vice president, as general chairman.

DAHLMAN DRIVER OF ACCIDENT CAR Niantic Man In Serious Condition After Crash Thursday Night—Auto Wrecked.

It has been definitely established that Dexter Dahlman of 29 South street was the driver of the automobile which figured in the serious accident near Niantic Thursday night, sending four persons to the hospital, one critically injured. Dahlman and Harry E. Thoren of 224 West Center street, another passenger in the automobile went over an embankment.

Pat Clark of Niantic was the person seriously injured and his name is on the danger list at the Lawrence Memorial Hospital. Other persons treated for minor injuries were: Ray Briggs, Ann Colver and Louise Lounsbury. The car, owned by Thoren, was badly wrecked.

MRS. REYNOLDS WILLING TO GIVE HERSELF UP

Winston-Salem, N. C., Aug. 6.—(AP)—Libby Holman Reynolds, the missing torch singer, will come to Winston-Salem in "considerable less than a week" to answer charges of the fatal shooting of her husband, Smith Reynolds, her millionaire husband, Benet Pollock, one of her attorneys, said today.

Meanwhile, Pollock added, no further moves will be made by Alfred Holman, the young widow's father, to arrange bail for his daughter, indicted with Al Walker, young Reynolds' friend and chum, in connection with Reynolds' death July 6.

Pollock declined to say where the former Broadway favorite is at present, but he indicated that she had come to Winston-Salem voluntarily whenever her father gave the word. Reports here yesterday were that Holman planned to bring Libby to Winston-Salem within the next 48 hours.

OPENING STOCKS

New York, Aug. 6.—(AP)—In one of the most active openings of the Stock Market of the year, the bull movement rolled merrily on today, but again encountered scattered profit taking.

During the first half hour, advances of 3 to 5 points were registered by American Telephone and Electric, American Telephone and Telegraph, and issues up to a point or more included American Tobacco, "B", American Water Works, Santa Fe, Union Pacific, Consolidated Gas, John Manville, U. S. Steel Common and Preferred, and others. U. S. Steel and American Telephone yielded part of their gains.

Bullishness on America in Paris and London was still said to be persisting, which continued to spur Wall street traders to further speculation for the rise. The British pound sterling continued its decline, partly reflecting the transfer of British funds to this center. It was also rumored that some Continental speculators were going short of sterling, while going long of dollar securities.

The week-end business and mercantile reviews said that the principal change in business had been in sentiment, with the rise in securities and a number of commodities tending to overcome excessive caution. Evidence of actual expansion of business activity to date, however, were described by "Business Week" as slight, tentative and uncertain. Some important banking quarters suggested that bullishness should be kept within reasonable bounds.

Sterling cables opened at \$3.45, of 1/4 cents, a new low on the movement, and the French franc was again shade lower, suggesting that continuance of the movement might shortly bring a flow of gold from Paris.

AUSTIN JOHNSON WINS SCHOLARSHIP AT CLARK

Honorable If He Maintains High Standard—Was Honor Student In High School.

Austin S. Johnson, son of Mr. and Mrs. Simon Johnson of 71 Church street, and a graduate of Manchester High school with the class of 1931, has been awarded a James G. Clark scholarship at Clark University at Worcester, Mass. The scholarship is renewable each year providing the recipient maintains a high level in his studies.

Johnson graduated from High School as an honor student and delivered the salutatory address at the graduation ceremonies. He was editor-in-chief of the school paper; president of the Debating club, a member of the Sock and Buskin Club, French Club, Student Council, Triangular Debating Team and the track squad.

ITALY IS STAGING NAVAL MANEUVERS

Taranto, Italy, Aug. 6.—(AP)—The biggest naval maneuvers Italy has staged since the World War went into action today in the central Mediterranean along a coastline of 1,600 miles. One hundred surface ships, including Italy's new fast cruisers, 30 submarines, and 23 squadrons of airplanes participated.

Premier Mussolini observed the action from the yacht Aurora. The principal object of the sea games, which will last several days, is to determine how Italy can best keep open her trade channels in time of war. The minor objects are to perfect communications systems, improve co-operation between air and sea forces, and provide efficient coastal defense.

Regular commercial telephone interurban communication in Italy south of Naples practically ceased this morning as Fleet B, under Admiral Moreno, took possession of the shores of the Gulf of Taranto, at the foot of the Italian peninsula, and the north African colonies of Tripoli and Cirenaica. The telephone systems, used for military and communications Fleet A, under Admiral Ernesto Burzagli, has the lower Adriatic coastline and Sicily.

Fleet B is assigned the task of getting several convoys safely from ports in Tripoli and Cirenaica across the Mediterranean to Taranto.

Wall Street Briefs

New York, Aug. 6.—Completion of International Telephone and Telegraph Company's contract for an interest in the Ericsson Telephone Co. of Sweden is expected shortly, according to advices from abroad. International's claim to the controlling stock of Ericsson has been in abeyance temporarily owing to complications arising out of the difficulties of the Krueger and Toll Co., which formerly controlled Ericsson. The latter is an important manufacturing and operating unit in the foreign telephone field.

Unfavorable dividend changes in the past week totaled 43 against 30 in the preceding week, the Standard Statistics Co. reports. Favorable changes numbered 8 compared with 6.

Steel ingot production in July fell to 792,533 tons, the lowest for any month for which there is a comparable record, says the American Iron and Steel Institute. The output was 104,742 tons below June, and 1,095,047 tons under July, 1937. Steel operations for all companies averaged 14.96 per cent of capacity compared with 18.96 per cent in June and 24.17 per cent in July last year, according to the Institute.

PICCARD NEARLY READY

Zurich, Switzerland, Aug. 6.—(AP)—Professor Auguste Piccard, Belgian scientific conqueror of the stratosphere, planned today to take off in his balloon Monday for a second flight into the upper atmosphere.

There was a possibility, however, he said, that the final checking of the delicate scientific instruments will take with him, as well as the necessity for favorable weather might delay the start until the latter part of the week.

He hopes to remain in the stratosphere several hours making observations, but he is not after an altitude record this time. He would be quite content, he said, if he reaches a height of 45,000 feet. On his previous adventure he rose more than 50,000 feet.

CRISIS IN U. S. IS PASSED SAYS BRITISH AUTHORITY

London, Aug. 6.—(AP)—The growth of unemployment, the widespread failure of banks, the drain of gold to Europe and the growth of hoarding by the distrustful public, "These were justifiably regarded with serious apprehension but the passage of panic seems to have been averted. The process of hoarding is being checked, the banking position is salvaged and the psychology of the people steadied."

There are also indications the paper said, that "in the world generally, the steepest phases of the depression are past."

INJURIES AND ILLS PLAY BIG PART IN THE MAJOR RACES

Hartford, Aug. 6.—(AP)—Three men faced charges of manslaughter today as a result of a fatal attack on John Randall, 23, of Watertown, Mass.

The trio held in \$5,000 bonds each after their arrest in West Hartford last night are Louis Di Salvo, 22; Fred Caganio, 25 and Albert Sapia, 22.

Randall's fiancée Miss Angelina Di Cicco, 18, her sister Lena and Harold Edwards identified the three arrested, police said, as the men who attacked Randall Thursday night, after he had resented insulting remarks made by them.

Dr. Henry N. Costello, medical examiner said a blow on the head caused Randall's death.

800 MARCHERS LEFT

Johnstown, Pa., Aug. 6.—(AP)—Thwarted in earlier efforts to clear Camp McCloskey of the last remnants of the tattered Bonus Expeditionary Force, leaders sought today to charter a train to complete their task.

Eddie Atwell, representative of Commander W. W. Waters, and Mayor Eddie McCloskey carried on separate negotiations with the Pennsylvania railroad while announcement was made that funds from the B. & O. F. treasury here and at Washington would be used to defray transportation.

Atwell said the railroad requested information on the number of men to be moved and that indications were given that all would be taken out of Johnstown by noon.

A check showed about 400 Pennsylvania, 300 New Yorkers, 50 each from Massachusetts and Connecticut and a scattering from other states. Most of them wandered about the city last night and joined thousands who watched an American Legion parade.

THINK THREE MURDERED

Palping China, Aug. 6.—(AP)—Lieutenant Robert H. Soule, assistant United States military attache, is going to Sianki tonight to investigate the disappearance of Henry Ekvall, an American employed by the China United Motors Company of Hankow.

Reports to the legation from Hankow said Ekvall disappeared on a motor trip from Kamsi province to Sianki and was last seen July 23, twenty miles from his destination. He was accompanied on that trip by the Rev. G. D. Torvall of the Swedish Scandinavian Alliance Mission, with American headquarters in Chicago. Mr. Torvall was business manager for the China International Famine Relief Commission of Kansu. A Japanese whose identity could not be learned also was with them.

Officials here expressed the fear that all three had been murdered.

PREMIER RESIGNS

Stockholm, Sweden, Aug. 6.—(AP)—Carl Gustav Ekman, prime minister of Sweden since June, 1936, resigned today, another victim of the collapse of Ivar Krueger's farming empire.

As the leader of the Popular-Liberal party, Ekman had made a contribution to the party funds. At the present rate of exchange that amounts to about \$90,000. An official communique said that was the reason for his resignation but the statement added that the money already has been returned to administrators of the Krueger concern.

LOCOMOTIVE EXPLODES; THREE PERSONS KILLED

Levi, Que., Aug. 6.—(AP)—Engineers and safety experts of Canadian National railway today investigated the explosion of a locomotive yesterday when three lives were lost.

Francoise Rousseau, a brakeman of the Quebec group, was instantly killed when the engine of the locomotive drawing a freight train suddenly exploded just outside St. Malachie station. Arcadius Tabet of St. David, Charley, his fireman, were sent hurtling through the air by the force of the explosion, and died of wounds and burns some hours later. The car-shattering explosion sent 13 freight cars toppling from the rails. The locomotive was a twelve-ton, four-wheel model and had cleared a trestle when it exploded under the "Foraker Act" in 1924.

OBITUARY

FUNERALS Alexander Turkington The funeral of Alexander Turkington of 80 Ford street will be held tomorrow afternoon at 2 o'clock at the home of Rev. M. E. Moulton of Augusta, Maine, a son in law of the deceased will officiate. Burial will be in East cemetery. Friends are requested to omit flowers.

WAVE OF SABOTAGE ENGULFS GERMANY

strong measures to put an end to such disturbances. A bomb demolished a restaurant at Ortelberg, but no one was hurt. In the same town a bomb planted in front of the tax office failed to explode.

Six shots were fired at the home of the National Socialist leader in Anklam. The bullets struck the adjacent apartment of a Socialist, whose father, mother and son were wounded.

At Altona sixty Nazi storm troops were arrested when police heard shooting. They had been hired as strike-breakers by an industrial firm.

HOSPITAL NOTES

Louise Lenti, 270 Gardner street, Mrs. Sarah Kilmer, Burnside, Mrs. Effie Taylor of 239 Porter street were admitted to the Manchester Memorial hospital yesterday.

Fannie Trivigno, 33 Homestead Miss Ella Martin, 1163 Tolland Turnpike and Mrs. Mary Desautels of 45 North street and Joseph Deyorito, 115 Main street were discharged yesterday.

Dr. Ross Cassinari of 81 1-2 Charter Oak street was admitted this morning.

I. C. C. RULING

Washington, Aug. 6.—(AP)—The Interstate Commerce Commission today denied transcontinental carriers the right to reduce rates on sugar from San Francisco bay to Chicago, St. Louis and related points to a figure lower than the charge to intermediate points.

The railroads sought to reduce rates in an effort to meet competition by way of the Panama Canal and the Mississippi river to St. Louis and by the Panama Canal through the New York ship canal and the Great Lakes to Chicago.

This business has been growing steadily, causing the railroads to lose a large tonnage of sugar. Under the fourth section of the Interstate Commerce Act the commission is authorized to permit such departures under proper conditions. The commission said it felt that the present rates were sufficiently low.

RASKOB ESTATE SOLD

Wilmington, Del., Aug. 6.—(AP)—The estate of John J. Raskob, former Democratic National chairman, at Claymont, Del., six miles north of Wilmington, and known as "Arch-meat", has been sold to the Fremont-stratensian Fathers of St. Norbert College, Depere, Wis. it was announced today.

The property, it was stated, will be converted into a boys' preparatory school. The Raskob home was built in 1916 at a cost said to have been more than one million dollars. The Raskob family for more than a year has been living at their Maryland home, known as "Mostly Hall", near Centerville. The sale price was not announced.

ABOUT TOWN

Miss Geneva Pentland of Foster street and Miss Lillian Resodon of West Center street left today for a two weeks' vacation to be spent at Hampton Beach, N. H.

VOTERS IN CALIFORNIA SWING TO DEMOCRATS

(Continued from Page One) years, while the Democrats have gained 68,241 or 23.8 per cent. The Democrats gained 32.88 per cent over the registration for last May's presidential primaries, compared with a 4.65 per cent increase for the Republicans.

Here are the state's registration figures, compared with the registration for the May primary, and for the August state primary two years ago.

Today May 1937 Aug. 1939 Rep. ... 1,448,111 1,311,413 1,346,413 Dem. ... 1,145,715 1,277,129 1,245,414 Others ... 119,430 126,048 124,377

Without considering the six counties missing from today's tabulation—Mono, San Mateo, Shasta, Sierra, Sonoma, and Tehama—the Democratic registration since the May primary has increased 150,480 over the registration of the Republican gain of 54,438. The six counties had a 1930 registration of 47,022 Republicans and 15,003 Democrats.

Every county tabulated shows an increase in Democratic registration over 1930, while only eight counties show Republican increases. Forty-four counties show decreased Republican registration.

The Democrats declare many registered Republicans will vote Democratic in the general election in November. They feel California President Hoover's home state will swing out of the Republican column for the first time since 1918.

President Hoover's home town-ship, Palo Alto is definitely in the Republican column with 4,731 Republicans and 1,607 Democrats.

DRY ORGANIZATIONS MAY NAME LEVITT

(Continued from Page One) Senator becomes the nominee of the regular Republican Party. May Name Levitt Dry leaders indicated that Levitt acting chairman of the Independent Republican Party of Connecticut might be put forward as Senator Bingham's opponent.

The possibility was also hinted at that the campaign against Senator Bingham might be extended to include candidates for Representatives in Congress.

Bingham outspoken foe of prohibition, remained unperturbed by the opposition which has developed to his nomination and said he was "glad the drys are raising the question at this time."

STATE MUST ASSIST ITS PAUPERS, IS LAW

(Continued from Page One) would be of no practical benefit to enter into a prolonged discussion of this question, since our Supreme Court has a number of times recognized the principle above set forth, and only recently referred to it in the case of Groton-Stonington Traction Company against the town of Groton.

"We therefore advise that you should certify the claim in question to the comptroller for payment."

SUNDAY SCHOOL LESSON

THE TEN COMMANDMENTS

Text, Ex. 20:1-11. The International Uniform Sunday School Lesson for Aug. 7.

By Wm. E. GILBOY, D. D. Editor of the Congregationalist.

The ten commandments have laid the moral consciousness of the world and have influenced the course of human life in a way that cannot be accounted for merely from the standpoint of their outward authority.

In the record of the transmission of these commandments to the Jewish people through Moses, the element of the miraculous figures largely. They were engraved upon tables of stone that Moses brought down from the mountain, but in more outward circumstances could have given to these commandments their social force and sanction if they had not had inherent worth and authority for men in their relationships with one another.

Are these commandments binding upon the Christian conscience? Are they a part of a law which every Christian recognizes as his obligation toward God and to his fellow man?

It depends somewhat upon what one means by that question. There were those in the time of Christ who interpreted the fourth commandment—the law of the Sabbath—in such a way as to destroy its spiritual meaning and reality. They were outraged when Jesus healed the sick upon the Sabbath Day, and they were amazed that the disciples of Jesus, when they were hungry, should have walked through the grain fields on the Sabbath Day plucking the grain and winnowing it in their hands and eating it to relieve their hunger.

Jesus met such a situation squarely and firmly. He said that the Sabbath was made for man and not man for the Sabbath. This would seem to be the plain teaching of Jesus concerning the commandments as they were given by Moses—namely, that they are authoritative for human life, but that they are to be interpreted and applied in the light of the larger law of love and of the truth of succeeding revelation.

Manifestly, if the commandments are to be interpreted in a strict and literal way, the modern Christian world has departed very far from their observance. One would not have to search very far to find a Christian church filled with "grave images." Though these may not have become in any sense objects of idolatry, they have in some cases taken to themselves very great reverence.

It was not amazing that in the days of the Reformation, and of the Puritan revival, many should turn sternly against such practices in the church, evidently finding warrant for their attitude in these commandments. Yet in our time in this modern day would hardly be ready to condemn the sculptor's art. We relate the commandments rather to the idolatrous practices in Israel which Moses was zealous to stamp out.

Similarly, the law of the Sabbath, whether we defend or denounce modern conditions, is very differently interpreted in modern times, and it is doubtful whether we could live under modern conditions in our complex city life if effort were made to obey and enforce the commandment with the literalness with which it was obeyed and enforced in smaller and more primitive communities both in ancient and in modern times.

Many people in a modern city would starve, or go hungry, if nobody worked on Sunday. We have come to see that the spirit of such a commandment is somewhat different from its letter just as Jesus suggested.

The tragic thing is the realization that to such a large extent we have departed in our modern life from the spirit as well as from the letter. Measured against the ends and the problems of mankind these commandments stand the test. They emphasize the things we need for human relationships if such relationships would be fair and just toward all in the community.

ZION LUTHERAN. Rev. H. F. R. Steinhilber. Sunday school at 8:30 a. m. Service in English at 9:30 a. m. Text of sermon, Gen. (1st Book of Moses) 22:24-31. Subject: Jacob's fight of faith.

THE LAWS OF THE SPIRIT

BY GEORGE HENRY DOLE International Sunday School Lesson Text, Aug. 7th. "Thou shalt love the Lord thy God, with all thine heart, and with all thy soul, and with all thy might."—Deut. 6:5.

Mathematics is a vast and intricate science. The average man can not follow the expert mathematician. All, but a very few, use only the elementary principles of arithmetic. Spiritual laws, the laws governing the mind, affection and thought, the life of the soul, and the welfare of the spirit, are more accurate and more intricate than mathematics. The sum of them in the highest is infinite wisdom. In the understanding of these laws, we can advance to eternity. Relatively only a few become experts.

The great masses of the people might have the advantages of the expert, the infinite laws of God are reduced to the ten commandments; and these ten are summarized in the two great commandments, love to God and to the neighbor; and these two are reduced to the one new commandment, to love one another as the Lord loved us. Of all things, true religion is the most profound and comprehensive; yet it is made most simple. "What doth the Lord require of thee but to do justly, and to love mercy, and to walk humbly with thy God." I heard a pompous speaker say that the commandments should be requests, not commands. They are just what they should be. God knew what is best for man. Those who so exalt the ego as to reject com-

CHURCHES

CHURCH OF THE NAZARENE. H. B. Anthony, Pastor. Sunday, August 7. 9 a. m., Prayer service. 9:30 a. m., Sunday school. Classes for all ages. 10:45 a. m., Morning worship. In the absence of the pastor on his vacation the morning message, will be given by Robert Bulla. 6:30 p. m., Young People's Service. 7:30 p. m., Evening service in charge of the pulpit supply committee.

For the Week. Wednesday, August 10. 7:30 p. m., Mid-week Prayer Service. Friday, August 12. 7:30 p. m.—Class meeting.

SECOND CONGREGATIONAL CHURCH. Rev. F. C. Allen, Pastor. 10:45—Union service at this church, with Rev. L. Theron French of the North Methodist Larger Parish as the preacher. Organist F. A. Wilbur will render the following musical program: Prelude, Larghetto, Kuhlman; Soprano Solo, I Heard the Voice of Jesus Say, Harris. Mrs. Neal Taylor. Offertory, Andante, Beethoven. Postlude, March, Scott.

ST. MARY'S EPISCOPAL. Rev. J. S. Nell, Rector. Sunday, August 7th—Eleventh Sunday after Trinity. 8:00 a. m.—Holy Communion. 10:45 a. m.—Union Service at the Center Congregational church.

The Week. Tuesday, 7:00 p. m.—Boy Scouts. Sunday, August 14th—Union Service at St. Mary's church. Sunday, August 21st—8:00 a. m.—Holy Communion. Church School, Men's Bible Class and Highland Park Sunday School will be resumed Sunday, September 11th.

SALVATION ARMY. Ensign George D. Williams. Company meeting, 9:30 a. m. Classes for all ages. Those not attending Sunday school in town during the summer are invited to attend this meeting. Holiness meeting, 11 a. m. Afternoon service, Center Park, 3 o'clock. The Salvation Army Band will play a half hour preceding the meeting. Open Air Meeting, East Center street near Masonic Temple, 7 p. m. Every soldier is expected to be in line. Salvation meeting, Army hall, 7:30 p. m. Ensign and Mrs. Victor Diamond and the Ensign's father, for many years a bandmaster in London, are expected to assist in the week-end services.

Windsorville. Rev. M. S. Stocking will conduct the Sunday morning service at the Windsorville church. At the close of the service the monthly council meeting will be held.

Vernon. Rev. Stocking will speak at the Vernon Methodist church in the afternoon at 8 o'clock on "Christ Among the Common Things of Life." At the close of the service the monthly council meeting will be held.

CONCORDIA LUTHERAN. Corner Webster and Garden Streets. H. O. Weber, Pastor. English service 10 a. m. German service 11 a. m. There will be no services on the 14th and the 21st of August. Pastor and Mrs. Weber will spend a few weeks' vacation in New Jersey visiting friends.

EMANUEL LUTHERAN CHURCH. Rev. E. E. Erickson, Pastor. 9:30 a. m.—Sunday School and Bible Classes. 10:45 a. m.—Morning service in English. Sermon by the pastor, "Are You Sincere?" No evening service.

The Week. Friday afternoon the Men's Society will hold a picnic at Pine Grove Tavern on Tolland Turnpike, leaving the church at 4 o'clock. Other members will leave at 8 o'clock.

A Thought. And why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye?—Matthew 7:3.

CRITICISM IS OUR WEAK POINT.—Goethe.

ACTRESS STRANGLED. New York, Aug. 6.—(AP)—Hearing on a homicide charge against June Martin, burlesque actress, Chicago, was postponed today because her attorney would not concede that strangulation was the cause of death of the defendant's roommate.

MILLIONAIRE DIES. Cleveland, O., Aug. 6.—(AP)—Philip A. Mowbray, 75, millionaire inventor and manufacturer of Ashland, O., died today as the result of automobile injuries received in an automobile accident near Ashland last Memorial day.

COMPLETE SERVICE AT PORTERFIELD'S

Modern Equipment and Experienced Workmen At Spruce St. Station.

The Porterfield Tire Works located at the corner of Spruce and Pearl streets, offers to the motorists of Manchester a thoroughly complete service by experienced workmen aided by only the best of modern equipment.

The business was started over ten years ago by two brothers, George and Arthur Porterfield. What, compared with the present station, was a mere hole in the wall on School street. It has steadily grown through the efforts of these boys to please and thoroughly satisfy every customer until today it rates as one of Manchester's finest service stations.

Fast Service. The service yard at Porterfield's Tire Works is located on Pearl street at the rear of their building which faces Spruce street. This service yard, scarcely larger than a garage, is divided into two bays at a time, is ideally arranged for the convenience of the motorist. The drive-ways that afford entrance and exit are spacious enough to avoid any cramping of the steering wheel while stopping here for service.

The shop carries on the Porterfield idea of perfect service. Here is located in one department the vulcanizing and tire repairing equipment that by the new and improved methods can make a tire damaged by curb or cut as serviceable as it was before being so damaged. Brake jobs are all handled in another department where all the work is checked and thoroughly tested on one of the new Raybestos Scientific Brake Testing Machines. Motorists are invited to have their brakes checked or adjusted at any time on this equipment.

The Porterfield Tire Works are local distributors for the Selberling and Norwalk tires, and Steelscot Rubber Enamel, the new auto paint anyone can use successfully. They also carry a complete line of auto accessories.

"Keep your motor running cool." Is the advice of Arthur Porterfield of The Porterfield Tire Works. An overheated motor means trouble, and nine times out of ten it is caused by a clogged radiator. A hot motor from poor circulation means a waste of gas and oil, a laboring motor and the possibility of repairs unless remedied promptly. An overheated motor costs you money.

Motorists experiencing trouble of this kind are requested to drive their car to the Porterfield Tire Works for a free inspection. If the trouble is in the circulation caused by a clogged radiator they have the equipment to remove all the incrustation and sediment and leave the radiator core clean without harm to the radiator in any way.

Tire Heat. Mr. Porterfield also says that the average motorist can prevent a tire from flexing too much heat is generated by the flexing of an automobile tire. After the car has been run for a mile or so all he has to do is get out and put his hand on the tread and feel how hot the tire is.

"Tires get very hot due to the constant flexing they undergo," said Mr. Porterfield. "This is unfortunate, too, because rubber is a very poor conductor of heat, which is one of its greatest enemies. But it is equally fortunate that a way has now been discovered to dissipate the heat generated in the tread of a tire. Recently Selberling introduced an air-cooled tire. Tiny transverse holes in the tread suck air in and out, thus keeping the tread cool. Naturally, the cooler the tread the longer the life of the rubber. This process is very simple and direct but it has never been achieved in a practical manner before because of the numerous difficulties in manufacturing such a product."

MARLBOROUGH

The Dorcas society are rehearsing the play, "The Old District School At Blueberry Corners," which will be given August 20 at the vestry of the church.

A school board meeting was held at the library Thursday evening. Miss Fanny A. Ellah has returned from Boston where she spent a few days with relatives.

Miss Elizabeth Hinckley of Windham is a guest of Mr. and Mrs. E. B. Lord. Miss Elizabeth Cooley of Wethersfield is a guest of Mr. and Mrs. E. Allan Blah.

Miss Lydia T. Lord and four of her Sunday school pupils and Howard Hinckley of Windham motored to Camp Woodstock on Sunday. The monthly Tri-County Christian Endeavor Union meeting was held in Columbia Sunday evening and quite a number from here attended.

The selectmen held their monthly business meeting Monday evening at the library. Miss Rhoda Fuller of New Haven has been spending some time with her sister, Miss Rachel Anna Fuller, in Tarrytown, N. Y., in April, 1924, attracted nation-wide attention. The night before the ceremony, his bride composed music to the Lord's Prayer to be sung at the wedding and since then the composition has been adopted by many churches in this place recently.

Where Autoists Get Service. Porterfield Tire Works at Spruce and Pearl Streets.

ONLY FOUR REGISTER FOR PRIMARY LISTS

The registrars of voters, sitting yesterday for the double purpose of registering voters by party affiliation for primary purposes and receiving application of new voters "to be made," had no occasion to go home exhausted by their labors last night. There were just four enrol-

WAPPING. Elmer O'Dell of West Hartford is spending his vacation at the home of his cousin, Harold Forsheron, of Deering street, Wapping. Edward Stumpf is spending the summer with his grandmother in Brandon, Vermont. Mr. and Mrs. Tift and children of Cohoes, New York, have moved into the house with Mrs. Tift's sister, Mrs. Esther Deming. "Melodious Night" is the subject of the Wapping Grange meeting August 9. Mrs. Franklyn G. Welles, Jr., is the chairman of the evening's program. A group of fine musical numbers and one or two musical games have been arranged. Mr. and Mrs. Harold J. A. Collins have been spending a few days camping out at the shore. Mr. and Mrs. John A. Collins and daughter, Miss Faith M. Collins, enjoyed a trip to Long Branch, New Jersey, last Wednesday. Mr. and Mrs. Ralph E. Collins left last Thursday for a motor trip through New Hampshire and to Old Orchard, Maine. Mr. and Mrs. Harold O. Miller, Mrs. Alice Eldridge and Herbert Mansfield, all of Springfield, Mass., were the guests at the home of Miss Etta I. Stoughton recently. Mr. and Mrs. Edgar J. Stoughton and Miss Eleanor Stoughton are spending July and August at their cottage at Black Point and Miss Etta I. Stoughton has been enjoying her vacation also. Things aren't so bad as they might be, after all. Just imagine that instead of a wheat surplus, we had too much spinach.

POPULAR LOCAL PEOPLE ARE 25 YEARS MARRIED

Senator and Mrs. Smith, Mr. and Mrs. Lucius Foster and Mr. and Mrs. John Hand Among Them. In the list of marriages of Manchester people twenty-five years ago this month appears the record of the marriage of Senator Robert H. Smith and Miss Elizabeth Eyles. The twenty-fifth anniversary of their marriage dates from tomorrow, August 7. Senator and Mrs. Smith are observing the anniversary by taking a trip to Bermuda. Among other marriages that took place in the month of August, 1907, was that of Lucius Mcintosh Foster, now connected with Case Brothers. His was a double wedding as on August 10, 1907, Mr. Foster married Miss Emily Leona Andrews of East Hartford and on the same day Miss Etta Leola Andrews, a sister of Mrs. Foster, was married to Howard Bradley Skinner of Rockville. Both of the brides had been residents of Vernon before moving to East Hartford. On August 29, 1907, John Hand, one of Manchester's well known residents, took Miss Lillian Gardner, a South Manchester girl as his bride and both are still residents of Manchester. One great advantage to loving in December as you did in May is that the sun tan will be gone by December.

FINAL WARNING

For you to buy a good dependable used car at about 50% of its regular value. TOMORROW, SUNDAY, is positively the last day of this stupendous, record-breaking bargain event. Don't forget we have the largest and finest assortment of used cars in Manchester and tomorrow is your last opportunity as prices have been slashed to the lowest possible levels. NEVER AGAIN WILL YOU HAVE SUCH AN OPPORTUNITY AS RIGHT NOW. THESE PRICES SPEAK FOR THEMSELVES.

TODAY and SUNDAY

Positively the Last Day Tomorrow. 5 days free trial. License tags free with every car.

Table of car prices: 1926 Chevrolet Sedan \$29, 1931 Dodge Sport Roadster \$395, 1926 Chevrolet Coupe \$29, 1931 Dodge Coupe, R. S. \$397, 1926 Dodge Sedan \$39, 1932 Plymouth Coach \$444, 1927 Essex Coach \$49, 1932 Plymouth Sedan \$445, 1928 Chevrolet Coach \$78, 1930 Dodge 8 Sport Sedan \$447, 1928 Dodge Victory Sedan \$145, 1930 Dodge Sen. Sport Coupe \$389, 1929 Chevrolet Coupe \$149, 1931 Dodge Sedan, D. H. \$497, 1929 Plymouth Coupe \$165, 1930 Buick Sedan \$497, 1929 Ford Coupe \$139, 1931 Dodge Coupe, 8 cyl. 6 W. It has not already been deeply pondered by the Hoover administration, let him seek them elsewhere than among those who attended the late Senator's dinner here on October 12, 1931, or listened in on Senator Walcott's speech on that occasion.

ONE WAY OUT It is just now developing, as this newspaper has already suspected, that it is not going to be such an easy matter for Connecticut municipalities to get their fingers on jobs of that R. F. C. relief money as Governor Cross so happily, even gaily assumed it was going to be.

STEARLING THUNDER It is a little difficult for Manchester people who attended the dinner given by this town to George F. Titt, lord mayor of Manchester, Eng., last October, to understand precisely how Senator Borah's declaration in favor of linking reparations and debts revision with disarmament, as proper subjects for an international conference, comes to be endowed with the quality of originality so freely attributed to it.

While we haven't the slightest desire to witness an expensive extra session of the Legislature and while we are by no means eager to have our good old state descend to the condition of a pauper and struggler in the federal bread line, we cannot regard without some apprehension the relief situation of the approaching winter if the state government is to prove indifferent and useless in the emergency.

DOCTORS AND VETERANS The doctors put critics of their sustained wartime charges into a bit of a hole during the Congressional hearing on hospitalization at Kansas City Thursday when their representatives made the point that the government is a serious competitor of the medical profession through its enormously lavish provisions for free treatment of war veterans.

There was no reaction, either favorable or actively unfavorable. The suggestion fell on deaf ears. Nowhere—save perhaps in a single senatorial seat dedicated to the use of the state of Idaho—was the slightest interest aroused.

There was no reaction, either favorable or actively unfavorable. The suggestion fell on deaf ears. Nowhere—save perhaps in a single senatorial seat dedicated to the use of the state of Idaho—was the slightest interest aroused.

degree the care given by the government to actually disabled veterans or to the dependents of soldiers and sailors who lost their lives in the war. It is, however, proposed to do away with the expenditure of hundreds of millions of dollars—every cent of which must come out of the pockets of the people—in wholly unjustifiable gifts to a large group of men whose only claim on the country is that once upon a time, when their nation got into a war, they did not run and hide or lie out of their common duty of defending it.

THE MA CANARD The Herald may be pardoned, perhaps, for indulging in a very small chortle over the fact that it was, so far as we are aware, the only newspaper anywhere hereabouts which refused to accept at face value the Japanese report of the "killing" of the Chinese General Ma Chan-Shan. As we said at the time that report was redolent of the odor of soap. There were details that did not fit the least bit the probabilities. And it was exactly the sort of propaganda that grows out of such psychological conditions as those of the Japanese military mind.

Health and Diet Advice By Dr. Frank McCoy

VEGETABLE FLOUR After the water has been evaporated, dehydrated vegetables can be milled into a flour. A proportion of this dried vegetable flour may be added to foods such as crackers, macaroni, or ice cream, and serves the double purpose of overcoming the acid-forming tendencies of the richer foods and disguises the flavors of the vegetables.

Political Follies of 1932

TRYING TO GET R. F. C. MONEY LOAN MONEY BE BE POPULAR GAME DUTCHER BY ROBERT DUTCHER

Washington—Trying to get money out of the new federal home loan system is likely to become a popular national game.

The idea has been very prevalent that the administration was trying to set up a system through which the individual home owner or prospective borrower of a home could borrow directly from the government.

limits of this act" and it would appear that the only limits, if any, were that the property must not be assessed at more than \$50,000 or be larger than a three-family house.

Other Limitations The home loan banks will make loans to the other eligible borrowers on long term amortizing mortgages up to 60 per cent of the unpaid balance but not more than 50 per cent of the appraised value of the real estate collateral.

It is hoped to help eliminate second mortgages and also renewals with attendant charges by encouraging the amortizing financing of homes. The second mortgage is regarded as the chief bugbear of home ownership; the costs on second mortgages run between 10 and 20 per cent.

MEMBERSHIP REQUIRED OF ELIGIBLE BORROWERS, is obtained by buying stock in the banks to the amount of a minimum of 1 per cent of the total due on all home mortgages of the member carries, with a minimum subscription of \$1500. Stock not purchased by members is to be subscribed for by the Reconstruction Finance Corporation which may issue securities for the purpose to the extent of \$125,000,000.

NEW YORK

Nothing in particular and everything in general... Funnest sight in New York is Primo Carnera, ring giant, and a watch-fobbed gift friend who sparkles up at him like that... Harold Lloyd's rule to let no outsiders on his set is based on the theory that his gags will be stolen and used elsewhere.

Among the more amusing yarns being passed around is the one about Mimi Green, young screen actress, and Cary Frink, the movie critic... In the course of her questioning, Cary asked: "And Miss Green, who do you think the finest movie actress?"

Plenty in a Name For a "natural" you nominate Kestis Speed, of the New York Sun, as the best newspaper name... And we think the Harlem word "dicky" to be the most expressive term for high-hat folk... Molla Mallory, ace swimmer of a few years back, is one of the depression's victims... For a time she found work in the sport clothes department of a Manhattan emporium and now plans her own shop.

WATKINS BROTHERS, Inc. Funeral Directors ESTABLISHED 57 YEARS CHAPEL AT 11 OAK ST. Robert K. Anderson Funeral Director Phone: Office 5173 Residence 7494

"They say..." KILLED BRUTUS Brutus was a good dog, the friendly, tail-wagging, smiling kind of dog. Wanting to be petted he jumped upon the lady, who was frightened. The person she told this to said Brutus had jumped and snapped. The next person had said Brutus was frothing at the mouth. Some boys saw Brutus and threw stones. Brutus ran. "Mad dog! Mad dog!" the boys cried. Brutus was cornered and shot. From gossip to scandal is a short step, and heaven help the person or thing against whom the public mind is poisoned. Successful merchants and manufacturers are those who realize the mischief that can be created by "They say." These business men, determined to say the truth, themselves, about their own merchandise and service, employ advertising to protect themselves and the public from half truths, from falsehoods and from the common garden variety of ignorance that works havoc among the very best of intentions. These merchants and manufacturers are under no delusions. They know they cannot tell untruths about their products and get away with it because there is nothing that will bring ruin so fast and sure as to turn the bright, white light of publicity on inferior wares or unsatisfactory service. Advertising forces manufacturers to compete for your trade and your dollars. It compels the offering of better merchandise, better service, fair prices. You can trust the advertisements in this paper! Manchester Evening Herald

ROCKVILLE

JOBLESS, ACTOR TRAVELS ON BIGGER KIDDIE CAR

His Rockville in Roundabout Journey From West Coast To Home In Albany.

Steven Croydayle, 48, who claims to be an actor "resting," came into Rockville late last night...

Croydayle says he lost his engagement in the depression and had to find some means of transportation...

Plans Slightly Homes The old Chapman place in Tolland has been sold to Benjamin H. Gilpin...

A fire cobble-stone castle will be built high up on the hilltop. A landing field, bridge-paths through the woods...

The hilltop is a beautiful site from which all the surrounding country can be seen.

The Chapman place is an old-fashioned type landmark and is at the junction of four country roads.

Harold C. Hawkins, building contractor of Mansfield, well-known in Rockville, has been served with papers in suits for damages of \$12,500...

Mrs. Maxey sues for \$10,000 and Mr. Maxey for \$2,500. Attorney John Blackall of Hartford is counsel for the plaintiff.

The Democratic Town committee met on Thursday night and voted that each member should do his share toward raising money for the Democratic "victory fund" for the coming national campaign.

The quota for the town is \$289.60 and each member is expected to raise \$10. It was decided that the women members of the committee should plan a series of card parties.

Miss Margaret McGuane was named chairman. Maurice L. Sprunting was appointed treasurer for the town fund drive.

Razing Gas Holders The Rockville-Williamantic Lighting Company is having the two old gas holders at its Maple street plant

demanded as they are no longer needed. These two holders were erected about 75 years ago. They were used mainly when Rockville manufactured its own gas.

At a recent meeting of the City Council, Alderman Kerwin Little stated that the health committee had investigated a petition from a number of Pillsbury Hill residents who want a sewer.

Building Permits Building permits have been granted by the City Council as follows: Erasts of John Schwars, to demolish coal shed and rebuild, 15 by 46 feet at 96 Nye street; new one to have steel roof.

Mrs. Gertrud Tennstedt, 2-story veranda, 42x7 at 18 Oak street. Frank P. Robertson, veranda addition to present veranda, 8x16, at 15-21 Market street.

Paul Rau, remodel veranda, 24x8, rear 37 1/2 Union street. The petition of Steve Naggy, Sr. for a dwelling house and garage, the former 24x2 at Turnpike Road and M. J. Webster for building a henhouse, were returned to the petitioners as the information was incomplete.

A petition from M. J. Webster for permission to demolish one-family house at Earl street into a two-family dwelling was not acted upon as no permit was needed.

Notes A daughter born to Assessor and Mrs. William V. Sadiak of Grand street on Wednesday night at the Rockville City hospital died on Thursday morning, living but 10 hours. Burial was in St. Bernard's cemetery.

George J. Herzog of 44 Orchard street has been named administrator of the estate of his father, John F. Herzog.

Miss Evelyn Haskell of Grove street left on Wednesday for Maine where she will spend three weeks visiting relatives and friends.

Rev. and Mrs. C. E. Johnson and family of Union street left Thursday noon for Vermont where they will visit their parents and other relatives.

Mrs. A. F. Little of White street has returned from a visit with relatives in Providence, R. I.

Mrs. Belle Deere of McLean street has left the Hartford hospital where she underwent an operation and is at the home of her sister, Mrs. George Corwell of Springfield, Mass.

Mr. and Mrs. Michael Nantak have moved from Grove street to the Dickinson home on Lawrence street. Mr. and Mrs. E. H. Cobb and family of Rheel street are enjoying a vacation in Chebeque Island, Maine.

NOT TO VISIT U. S. London, Aug. 6.—(AP)—Prime Minister Ramsay MacDonald has no intention at present of going to the United States. It was authoritatively stated today in connection with reports that he or some member of the delegation to the imperial economic conference was about to go to Washington to discuss the debts issue.

It was said Mr. MacDonald has not yet decided what will be the best way of approaching the United States on this question, nor does he believe anything can be done until after the American election.

Ten-Shun Buddies The Bulletin Board of Ex-Service Organizations.

Anderson-Shea Post, V. F. W.

The total of 55 names of wounded Manchester veterans have been forwarded to the office of Congressman Augustine Lonergan in Washington, for submission to the War Department as a unit for the George Washington Bicentennial Purple Heart Decoration.

Anderson-Shea Auxiliary, V. F. W. There will be a meeting of the Hartford County Council in a grove off Forbes street, East Hartford tomorrow afternoon at 2:30 o'clock.

In the course of the work, looking over the various records of men entitled to the award, it is interesting to note the number of citations and multiple wounds occurring in the list of Manchester veterans.

For instance, the committee found that one Manchester veteran had been cited four times for courage under fire and for extraordinary conduct in a trying situation on the front.

Several members of the Auxiliary attended the institution of Merrill C. Smith Post in Danvers last Saturday. All reported having a good time.

British War Veterans Rainford Trotter, eldest son of Comrade Charles Trotter of the Stone-Yves Post, who has been seriously ill the past two weeks, is now resting comfortably and hopes to be fully recovered within the next few days.

ALL-CALIFORNIA FINAL East Hampton, N. Y., Aug. 6.—An all-California final sent Helen Jacobs of Berkeley against Mrs. L. A. Harper of Oakland for the Madison club's annual tennis singles championship today. Mrs. Jacobs was favored over Mrs. Harper.

Verdun Medal. Applications for these medals, giving full name, rank and organization, with Army serial number and exact date and place of service, may be forwarded to the National Service Bureau, Veterans of Foreign Wars, of the U. S. 331 Tower Bldg., Washington, D. C. Applications should be accompanied by \$1.00 to pay for cost of medal, money order, postage and registration fee.

Every pensioner of the Spanish-American War period who is entitled to his money, children should prepare now a set of pre-widow papers. Why? Because it usually takes from six months to usually years for a widow or the guardian of minor children to gather the necessary evidence after the veteran's death in order to secure a pension.

In many cases the required evidence is never found and the pension never granted. The necessary papers and directions may be had by writing the V. F. W. National Service Bureau, 331 W. National Building, Washington, D. C.

Anderson-Shea Auxiliary, V. F. W. There will be a meeting of the Hartford County Council in a grove off Forbes street, East Hartford tomorrow afternoon at 2:30 o'clock.

Refreshments will be served to all members. Anyone wishing to bring their families will have to bring a basket lunch for them. Baseball, games and dancing will follow the business session.

Instructions for reaching the grounds are as follows: Go out Silver Lane to Forbes street; turn left on Forbes street and follow signs to the grove.

The next meeting of the Auxiliary will be held in the armory August 19 at 8 o'clock. It is expected that several ladies will give the organization at that time and it is hoped that a large number of members will be present.

The Auxiliary wishes to extend congratulations to Comrade and Sister Clarence and Bertha Wetherell of 123 Wells street on the birth of a son.

Several members of the Auxiliary attended the institution of Merrill C. Smith Post in Danvers last Saturday. All reported having a good time.

British War Veterans Rainford Trotter, eldest son of Comrade Charles Trotter of the Stone-Yves Post, who has been seriously ill the past two weeks, is now resting comfortably and hopes to be fully recovered within the next few days.

A blister on the hand received from rowing a boat became infected and blood poisoning entered the boy's arm and hand.

Rushed to the Memorial hospital, the boy had to undergo two operations before the poison could be arrested. The boy is still in a weak condition, but is improving daily. We extend our sympathy, not only to the boy, but also to his parents, and hope for a complete recovery of the boy's health very soon.

Freddie Baker, son of our Vice-Commander is home again after enjoying a month's training at the C. T. O. camp at Fort Adams, R. I. The boy enjoyed his first military experience immensely.

British Pension Payments The \$1,000,000,000 mark in expenditure on war pensions has just been passed—a notable milestone in the history of the Ministry of Pensions. This expenditure began in 1914, when disabled men in the Great War qualified for pensions, and it has thus been spread over 18 years.

Expenditure on war pensions is now rapidly declining, and it will continue to decline with increasing rapidity until about 1940 when the Ministry is likely to be wound up.

Another milestone recently passed by the Ministry is the \$30,000,000 mark of annual expenditure. The last year was the first one in which war pensions have cost less than that figure.

About \$49,000,000 were spent and the number of recipients was less than 2,000,000. In 1931, the peak year was the first one in which war pensions have cost less than that figure.

Less than half of the present beneficiaries are officers and men. The others are nurses (1,056); widows (187,790); parents and other dependants (454,750).

The number of ex-service men in receipt of pensions is 491,850. About 2,000 ex-service men die each year, but the deaths in expenditures on pensions is accelerated by a good many other factors. Perhaps the most constant factor is the re-marrying of pensioned widows. That figure hovers with remarkable consistency around the 2,000 mark.

Just now the number of children attaining the pensionable age limit is about 60,000 a year.

Last year the number of hospital in-patients was still 2,900 and more than 20,000 ex-service men received medical and hospital treatment.

Mons-Yves Post takes this opportunity to congratulate Clarence Wetherell. Clarence became the father of a bouncing baby boy born at the Memorial hospital last Tuesday night. And in conclusion, may I add that our chaplain successfully completed the 100 yard dash in 12 seconds, last Friday night. Congratulations. And "So long till next Saturday."

Queer Twists In Day's News

Los Angeles—Harold Duncan, brother of the Duncan sisters of stage and screen, found that curiosity can do more things than kill a cat. He said he visited the Hall of Records to see if there were any had check charges against him.

While he was looking police arrested him for writing a \$63 check without enough money in the bank.

New York—Playing a game, Leonard Gummy, three years old, crept into a cardboard box in a gutter. A heavy truck came along and crushed him to death.

Washington—Here's an operation that is being delayed as long as possible—it might mean war to the surgeon. The big king cobra at the national Zoological Park has gone blind. But if the blindness affects

his appetite and thus threatens his life, the snakes will have to be cut away from his eyes.

Washington—A famous slipper is going to get again. Laid out for most of the time because he is secretary of the navy, Charles Francis Adams headed for Miami, Fla., for a vacation week-end. The man who shipped Adams to his 1920 victory over Sir Thomas Lipton's craft will spend most of his holiday at a yacht's wheel.

Springfield, Ill.—A bit of unruled paper with some words on it is being offered for sale. The writing begins "four score and seven years ago" etc. Mrs. Margaret O'Herron of Streator announced the sale of the original manuscript of the Gettysburg address. She said it was given her by Robert T. Lincoln, son of the Emancipator.

Umatilla, Pa.—Mrs. Anna Chess, 58, killed a woodpecker to feed her large family. It was the kind of woodpecker, it turned out, that is protected by state game laws. Mrs. Chess is serving 30 days in jail.

St. Kilda, one of the Outer Hebrides, has no post office, so stamps cannot be purchased there. Letters are put into the cans with the necessary amount of postage stamps to sleepkin boys. These are cast upon the water and allowed to drift until picked up.

EXPECT BIG CROWD AT DANCE TONIGHT

Second in Series To Be Held at Kennedy Street Clubhouse by the Sons of Italy.

From all reports of the advance ticket sale for the dance this evening at the Sons of Italy home, a large crowd is expected. This is the second of a series of dances to be run by the Sons of Italy. The orchestra, under the leadership of Leonard Macdonald is planning to play several of the latest snappy dance numbers.

Fishing Is Only One of the Sports You and Your Family Can Enjoy at Lake Amston. WHERE LOTS CAN BE BOUGHT FOR \$19 DOWN 8 Years to Pay Balance. Running Water and Electricity, Too. Directions: Go south on South Main street through East Glassbury to the New London Turnpike to the rotary traffic junction at Marlboro, swing left to Hebron along Route 14, then right along Route 55 to Amston. Entrance to Lake is at Amston Village.

NO SIR! IT CAN'T WEAR SMOOTH! SEIBERLING Air Cooled TIRES. PORTERFIELD TIRE WORKS. Corner Spruce and Pearl Streets.

Plymouth is in the spotlight BECAUSE AMERICA "LOOKED AT ALL THREE". You can't fool the American public—especially in times like these. They're looking at all three lowest-priced cars with critical eyes. Driving all three with an open mind. And increasing thousands and thousands are picking the new Plymouth. They admire Plymouth's smart styling, its new beauty.

OUR NEW RADIATOR WASHER RESTORES FULL CIRCULATION. We can make your radiator work as good as new, and at very small cost. This new machine cleans out all the incrustation and sediment—leaves the radiator core CLEAN so that you get maximum circulation—without harm to the radiator. DRIVE IN TODAY FOR FREE RADIATOR INSPECTION AT PORTERFIELD TIRE WORKS. Corner Spruce and Pearl Streets.

WELDING. FOR QUICK REPAIRS to your auto engine or any metal part of the car, take our tip and make use of our acetylene welding process. It is not only quick and effective and economical also. Let us examine your engine and chassis to see what is needed. PORTERFIELD TIRE WORKS. Corner Spruce and Pearl Streets.

Why take a chance? The old story.... brakes wouldn't hold.... crash, splintered glass, twisted steel and—the hospital! Get after those brakes right now—before it's too late. Drive around and let our brake specialists inspect the brakes. Perhaps an adjustment will put them in fine shape. If new lining is needed, we'll use genuine Silver Edge Raybestos applied by the Raybestos Method—strong, sturdy, dependable. Safety first, last and all the time. We line 'em while you wait. Raybestos BRAKE SERVICE. PORTERFIELD TIRE WORKS. Corner Spruce and Pearl Streets.

HERALD TO BULLETIN STEEPLECHASE

Crowds Boo Finn's Unethical Tactics

Lehtinen Does a Zigzag In Front of U. S. Athlete

But Firm Wins Decision After Hour's Debate Among Officials — Bill Carr In Most Sensational Race Defeats Ben Eastman In 400 Meters To Smash To Bits Old Record.

Los Angeles, Aug. 6.—(AP)—On a day that calls for a big hand for a great little guy, Bill Carr, for his marvelous four hundred meter triumph over Ben Eastman in 46.2 seconds, the tenth Olympiad was shaken today by reverberations from the greatest upheaval since the battle of 1908.

The cause of the dissension was Lehtinen's interference with Hill in an extraordinary stretch duel, during which the Finn three times crossed his American rival.

It was more than an hour after the finish, marked by an unprecedented demonstration of booing by many in the crowd of 40,000, that Lehtinen formally was declared the winner by Referee Arthur Holz of Germany, who asserted his exclusive powers, short of a formal United States protest, by stating in his belief Lehtinen's interference "was not willful."

Again Hill tried to get around his rival, but once more Lehtinen anticipated the move. They were almost shoulder to shoulder then and close to the tape which Lehtinen broke first by a matter of inches.

Like the flashing beacon that it was on a stormy day, Bill Carr's crowning triumph in the 400 meters, giving the United States its first sweep of the three Olympic short distance races in 20 years, stamped the little thoroughbred from Arkansas and Pennsylvania, as the greatest quarter mile of all time.

Before this race there still were a few "die hards" who would not bring themselves to believe Carr was the master of Ben Eastman, the Pacific coast favorite.

Big Ben himself said to Gus Kirby, the American judge: "Bill's just fast for me. You don't need to sympathize. I know when I'm licked by a better runner."

EGAN, EVANS BACK TO OLD GOLF FEUD IN WESTERN EVENT

Have Worn Crown 12 Times Between Them; "Chick's" Brother and Son Plan To Enter.

Rockford, Ill., Aug. 6.—(AP)—Two old "war horses" of the fairways, H. Chandler Egan and Charles "Chick" Evans, will give the 1932 Western amateur golf championship a thrill when the white pellets start flying over the Rockford Country club course August 22.

Egan now in his 48th year, but back on the strong game that brought him the Western title in 1902, '04, '05 and '07 and the National amateur championship in 1904 and '05, isn't regarded as a set-up by any means by his youthful rivals.

Evans, golf's most notorious victim of missed putts, is far from the shillmaker that swept to western titles eight times between 1909 and '23, but word has spread that he has been playing his best golf in five years.

Two generations of the Egan family compete in the big tournament this year. In addition to the former champion, his brother, Bradshaw, and his son, William, plan to play.

Walker Cup Conflict. Because of the fact that the Walker Cup matches are slated for Brookline, Mass., beginning September 2, many other stars, including the English team members, will be missing from the "tournament picture. However, several western stars may come in as late entries.

For the "straight and narrow" shotmaker, the championship Rockford course doesn't hold any terrors. It isn't so very long and the greens are fair. It is well trapped, the fairways are laid out to penalize bad shots and three holes border a river. Par is 71.

BASEBALL

NO. 2 WINS Mullins in the box last night for Hose Company No. 2, limited Hose Company No. 3 to four hits, beating the Spruce street Firemen, 7-1. Off to an early lead in the first three innings, No. 2 was never headed although the Central station men rallied to count three runs in the last half of the 7th. Mullins was the heavy stick for No. 2 with two hits out of four times up.

Score by innings: Number 2 0 3 3 0 0 1-7 Number 3 0 0 0 0 1 3-4

VOLLEY BALL MATCH

Quite a bit of rivalry has been aroused between the married men and the single men of the West Side. First the married men cocky and challenged the Bachelors to a baseball game which was to have been played last Wednesday night but was postponed to a later date because of rain.

GREEN SMOTHERS FOREIGN WAR VETS; WIN EASILY, 13-6

Vets Fade After Good Start; Lack of Practice Evident; Green To Play Colored Giants Tomorrow.

Manchester Green smothered the V. F. W. with hits and runs last night at Jarvis Grove grounds, the Green winning easily in a six-inning contest, 13-6. The vets were weak at field, making at least four errors and several wild heaves around the infield and plainly showed the lack of practice.

The Green will play the Colored Giants Sunday at Jarvis Grove at 2:30 sharp. This is the hardest team that the Green has run up against this season so ought to give the followers plenty of action.

Score by innings: Manchester Green (13) A. B. R. H. P. O. A. E. FOXX LEADS HURST BY A SINGLE POINT

Has Batting Average of .361 And Is First In Four Other Departments.

New York, Aug. 6.—(AP)—Don Hurst's record of Jimmy Foxx runner-up in the principal high-light of the major league batting contest this week as the inter-league slugger struggled to approach anything like a decision.

Hurst, the Phillies ace, kept bright on the heels of the Athletics' leader as each held first place in his league, but he never quite caught up. After yesterday's games Foxx led by a single point, .361 to .360.

Few changes were recorded during the week in the averages of the leading batters in either league. Following Hurst in the National came O'Doul, Brooklyn, .354; Klein, Philadelphia, .353; F. Wanser, Pirates, .348; Cincinnati, .334; Ott, New York, .330; Stephenson, Cubs, .329; Herman, Reds, .328.

Here is how the slugger shaped up after yesterday's games: National: Runs, Klein, Phils, 110; hits, Klein, Phils, 161; runs batted in, Klein, Phils, 106; doubles, F. Wanser, 43; triples, Herman, 16; home runs, Klein, 25; Ott, Giants, 21; stolen bases, Klein and Frisch, Cards, 14; pitching, Swetonic, Pirates, 11-3; Warnake, Cubs, 16-5.

McCLUSKEY IN ACTION

Above is the smiling face of Joe McCluskey, America's outstanding hope in the 3,000 meter steeplechase finals, which will be run this afternoon at Los Angeles. This photo shows McCluskey splashing through one of the water hazards in his victorious race at the Penn Relays, prior to his selection for the Olympic team.

DRAFTSMEN FIRST IN TRADE SCHOOL BASEBALL LEAGUE

Win First Half of Schedule With Five Victories, One Defeat; Resume Play September 9.

LEAGUE STANDING First Half. Team W L Pct. Drafting 5 1 .833 Electric 4 2 .667 Machine 3 3 .500 Carpentary 3 3 .500 Totals 24 6 5 15 4 4

In the final game of the first half of the Trade School League schedule, the Machine defeated the Carpentary 7-4, behind the steady pitching of their star hurler, Jakiel. Jakiel held the Machineists to 6 scattered hits and was invincible except in the third, when the Carpentary tallied two runs on two errors and singles by Wilson and Keith. In the other half of the third, the Machineists put the game on ice by scoring four runs. Schaefer doubled and Rykowski repeated to score Schaefer. Kovis and Rykowski scored off errors by Koslowski, McAdams and Black, scored on Jakiel's single. Jakiel, besides pitching effectively, drove in 3 runs with timely singles. Schaefer, Rykowski and Gill also hit hard for the Machineists. Wilson, Koslowski, McAdams and Keith were the main-springs for the Carpentary.

The Drafting lost their first game of the season at the hands of the Electric 6-4. Hastings, hurling his first game for the Electricians, held the Drafting to 5 hits and pitched air-tight baseball except for the third inning, when the Drafting nicked him for three runs. The Drafting team led until the last inning, when the Electricians scored 4 runs. Brown, second string pitcher for the Drafting, hurled well until the fifth, when he issued a number of passes and received poor support from his teammates. For the Electricians, Adams and Conahan hit hard while Hoffman, Rubacha and Flori, as usual, were the stars for the Drafting.

HERE IS ANOTHER OLYMPIC RECORD; AUGUST FOOTBALL!

College Stars of East and West Battle Monday Night; Secrecy Veils Opposing Strategy.

Los Angeles, Aug. 6.—(AP)—Another "new Olympic record" has been made many times at the 1932 games, but there's another one to be made Monday night.

A flock of football players from Princeton, Yale and Harvard will meet the best California, Stanford and Southern California can muster.

Not only will it be the first time American football has been played at the Olympic games it will be the first time it has been played anywhere on an August night. It will be no trick at all to make a football attendance record for an August game. There surely will be 75,000 spectators, maybe more.

Los Angeles, Aug. 6.—(AP)—The Chicago White Sox of 1906 were known as "Hitless Wonder", but they, as a team, had nothing on Carey Selph, present Sox third-sacker.

Two smashing Harvard backs, Crickard and Stareschewsky, have great ball juggling ability and Taylor of Yale and White of Harvard are not far behind.

Bob Seeds scored twice on two infield outs on grounders by Selph and again when Carey forced another mate at second.

Chicago, Aug. 6.—(AP)—The Chicago White Sox of 1906 were known as "Hitless Wonder", but they, as a team, had nothing on Carey Selph, present Sox third-sacker.

Expect a Close Finish In McCluskey's Event

BRIDGES PITCHES FINEST BASEBALL OF MAJOR SEASON

Allows Only One Hit, Faces Only 28 Batters As Detroit Whitewashes Senators, 13-0.

By HERBERT W. BARKER Credit young Tom Davis Bridges of Detroit with the best pitched game of the major league season.

The 25 year old righthander pitched the Tigers to a 13-0 victory over the Washington Senators yesterday, allowing one hit and facing only 28 batsmen.

He retired the first 28 Senators to face him, only to have pinch hitter Dave Harris break the spell with two out in the ninth. After Harris had cracked the first ball into left field for a clean single, ruining Bridges' chances at a no hit game. Sam Rice was retired for the final out.

It was the second one hit game of the year in the majors and the second by a Detroit pitcher. Earl Whitehill, veteran southpaw allowed the St. Louis Browns one hit July 4, but walked two men, Bridges walked no one and fanned seven.

The Cleveland Indians pulled closer to second place by outpointing the Boston Red Sox 7 to 2 while the Philadelphia Athletics were dropping a ten inning 9 to 8 decision to the Browns. The league leading Yanks were held idle by rain at Chicago.

In the National League Bill Walker came close to duplicating Bridges performance as the New York Giants beat the St. Louis Cards 8 to 2. Walker gave two hits, both of them home runs by Ray Blades and Jimmy Wilson.

The rampant Phils blasted Roy and Smith for 15 hits and handed the Chicago Cubs a 9 to 2 beating. Red Lucas pitched the Cincinnati Reds to a 2-2 verdict over the Boston Braves.

Finals To Be Run At 8 O'Clock, "Our Time," and Soon Afterwards You May Call To See How Joe Fared In Race of His Career—Competes Against Ten of World's Best Athletes.

The finals of the 3,000 meter steeplechase will be run at 8 o'clock this afternoon or 8 o'clock, E. D. S. T., and the results of the event will be available at the Herald office on Bissell street shortly after. The Herald has made arrangements to obtain the results immediately on completion of the steeplechase and local admirers of Joe McCluskey may learn how he fared against the foreign athletes by calling The Herald office, tel. 5121.

Feature Event It is expected that the steeplechase will be one of the feature events of seventh day of the Olympics and a grueling battle is expected between Iso-Hollo, the Finnish star, and the Fordham Flash, McCluskey believes he will be in perfect physical condition for the race and will enter the event with the determination to annex another Olympic title for the United States.

Undoubtedly, the Olympic record set by Iso-Hollo in the trials of the steeplechase will be shattered this afternoon, when the ten leading steeplechasers in the world get into action. McCluskey predicts that the time will be seven seconds faster than Iso-Hollo's mark, or about 37. McCluskey finished only two feet behind the leader in his heat of the trials and seems certain to place at least second.

ACES PLAY TOMORROW

At 8 o'clock Sunday afternoon at the West Side field the strong All-Rockville team will oppose the Aces. Mantall or Webber will pitch for Rockville while Sturgeon, Godek, Hewitt or Neubauer will pitch for the Aces.

The probable lineups are, for Rockville, Ambros, if; Kulick, 2b; Finney, 3b; Foster, cf; Burke, ss; Webber, 1b; Brown, c; Nolan, rf; and for the Aces, McCook, 3b; Boggs, ss; Stavitskiy, 1b; Varrick, rf; Burkhardt, if; Brennan, cf; Hewitt, 2b; Huband, c.

SENSE AND NONSENSE

A colored porter in a Virginia hotel was asked why rich men usually gave him small tips, while poor men were liberal.

Colored Porter—Well, sah, boss Ah don't know, 'cept the rich man don't want nobody to know he's rich, an' de pore man don't want nobody to know he's pore.

Old Uncle Lorenzo from out near Yanceyville spoke a "mouthful" when he said: "We needs no' judges on de bench an' fewer on de street corners."

Little Woman (with sad reflections)—He used to kiss me every time our train passed through a tunnel before our marriage.

Her Bosom Friend—And doesn't he do so now?

Little Woman—No, he takes a drink.

Harry—I'm forgetting women.

George—So am I. I'm for getting a couple as soon as possible.

LOOSE STUFF: A market expert is a man who can make wonderful paper profits. . . . We are looking for fewer roadside shoppes this summer because of the slump. . . .

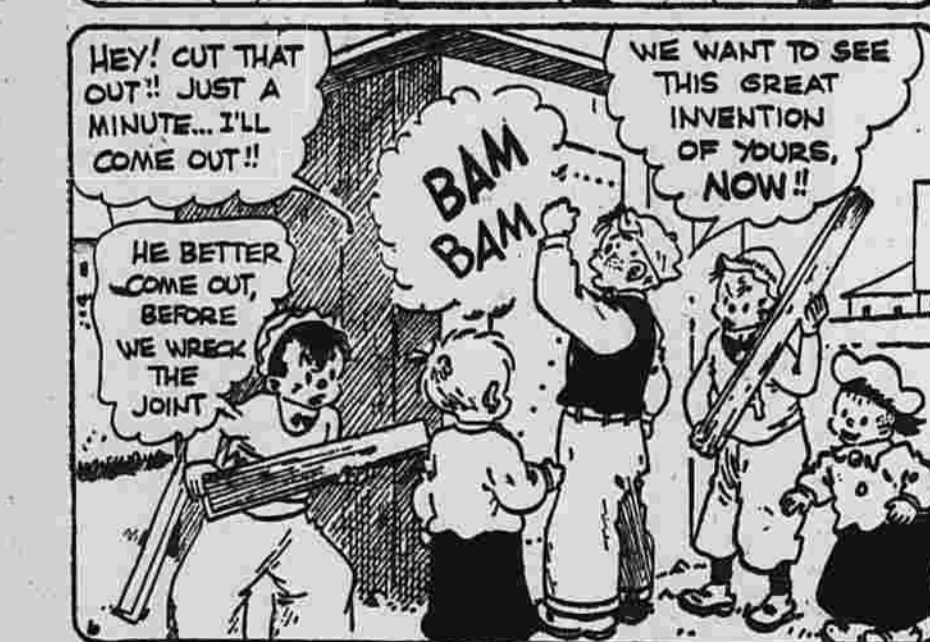

FLAPPER FANNY SAYS: After the first big battle is over, another crop that isn't worth the cost of production is wild oats. . . .

President—Our bank has gone through a reorganization period.

At 28 the average man's ambition is to enter the White House; at 58 his ambition is to keep out of the poorhouse.

Newedd—I wonder why it is we can't save anything?

FRECKLES AND HIS FRIENDS

We asked a well-known man whether he had enjoyed the weekend. He said that he had. He explained that his wife was on a trip and that he had kept house alone.

Wife—Your wife will be pleased.

He—You think so. Well, you don't know my wife. She'll be so mad she won't speak to me for a week.

A Laugh A laugh is just like sunshine, it freshens all the day.

CAN'T INSULT DOG "Look here," said one angry fellow to another.

"I did," replied the other.

"Take off your coat," shouted the first.

SO SICK MRS. TOMPKINS: When my husband stays out all night I refuse to give him any breakfast.

MRS. SMYTHE: That may do for Mr. Tompkins, but it wouldn't punish my Jim at all.

ABOUT TOWN

Schaller Motor Sales, Inc., have delivered a new Dodge Six sedan to C. E. Wilson of Manchester. Mr. Wilson has been an enthusiastic Dodge owner since 1915 and this new Dodge makes his 20th car by the same manufacturer.

Mr. and Mrs. George Duncan of Lewis street and Mr. and Mrs. Francis McCullum of Oak street will spend the next two weeks at York Beach, Maine.

Attractions at the Berkshire Playhouse in Stockbridge this afternoon at 2:45 and evening will be Cornelia Otis Skinner in her presentation of "The Wives of Henry VIII" and a group of character sketches, and Patricia Collinge in "There's Always Juliet." The play for next week is "Broken Dishes," with Donald Meek as the star and several other actors of the original New York company.

Mr. and Mrs. James Sullivan of Elroy street who are spending their vacation at their summer cottage at Crystal Lake, were surprised by a party of their friends who called upon them Thursday evening to celebrate their tenth wedding anniversary. The guests brought with them a china dinner set and the essentials for a buffet lunch.

Mrs. Fannie Wilson of Pawtucket, R. I., is visiting her sister, Mrs. John Graham of 31 Wadsworth street.

Mrs. W. F. Biles of 125 Hollister street who underwent an operation Thursday at the Hartford hospital is making satisfactory progress but will be unable to receive her friends for several days.

Mr. and Mrs. Roy Farris of Birch street received a letter from their 10-year-old son, Ronald, who has been spending the past two weeks with his maternal grandparents, Mr. and Mrs. E. S. Rankin of Frederickton, New Brunswick, to the effect that he had made the trip alone to St. Johns, more than 60 miles to visit his father's people. He is expected home next week in care of Richard McKinney who has also been visiting relatives and friends in Canada.

Mrs. P. W. Taylor of Porter street is confined to the Memorial hospital with a fractured ankle sustained in a fall downstairs at her home.

A committee from the auxiliary to the Veterans of Foreign Wars will meet at the Army and Navy clubhouse Monday evening at 8 o'clock with the outgoing committee of Anderson-Shea Post. The auxiliary committee is composed of Mrs. Florence Peterson, Mrs. Florence Sullivan, Mrs. Evangeline Small, Mrs. Elizabeth Maher, Mrs. Gertrude Buchanan, Mrs. Lillian Ubert.

Mr. and Mrs. Richard Langer of Ridge street will spend the next ten days in Manchester, N. H., and Old Orchard Beach, Maine.

Hose Company, No. 1, of the Manchester Fire department will hold its regular business meeting Monday evening at the fire headquarters. A drill at 7 o'clock will precede the meeting. The outgoing committee composed of Arthur Coseo, chairman, Patrick Griffin, Joseph Coughlin, Thomas Shea and Conrad Apel has decided upon William Reeve's place at Windsorville for the annual picnic to be held tomorrow. The firemen will leave the fire house at 9 a. m.

Mrs. Bertha Bergeron of the Chamber of Commerce staff begins a month's vacation today.

G. Albert Pearson and Clarence O. Anderson attended the alumni banquet of the Summer School of Music at Skidmore College, Saratoga Springs, N. Y., last night.

YOUTH'S ESSAY WINS HIM ANOTHER PRIZE

Richard Pond Gets State Award For Composition On Prohibition—Gets Check Today.

It was recently announced by the State W. C. T. U. that Richard Pond, 15-year-old son of Mr. and Mrs. L. M. Pond, of 102 Benton street, was the winner of the state prize in the W. C. T. U. essay contest. This contest is carried on through the schools and it was necessary for Pond to win the local and county prizes before his essay was submitted to state competition. The county prize was an award of a two-dollar and a half gold piece which together with his recent prize of ten dollars will make a total of over thirteen dollars that he has won for his composition entitled, "Why the Drink Habit Would Prevent Me From Becoming a Good Sailor."

Pond will enter high school in the fall, taking the college classical course. He recently returned from Camp Woodstock where he has spent his summer vacation for the past five years. During his stay there he won the treasure hunt. A graduate of the Barnard school last June he took part in the eighth grade play and was a speaker at the graduation exercises. "Dick" as he is usually called, also won the seventh grade speaking contest. He received his check with a letter today from the State W. C. T. U. congratulating him on the excellence of his composition.

NORTH COVENTRY MAN FACES LIQUOR CHARGE

Joseph Miller Arrested By Federal Agents—To Be Presented In District Court In September.

Joseph Miller of North Coventry was yesterday brought before the United States Commissioner Charles J. McLaughlin in Hartford on the charge of violation of the prohibition law. The arrest was made yesterday morning at his farm in North Coventry where Federal prohibition agents paid an unexpected visit and in the search found, it is claimed, 30 gallons of liquor. The search, the accused was told, had been made on a complaint that liquor was being made and sold at the farm. Miller waived examination and will be presented in the September term of the United States District Court. His bonds were placed at \$500 and were furnished for his appearance.

MARRIES PAIR, THEN JITNEYS THEM ON WAY

J. of P. Symington Extends Automobile Courtesy To Newlyweds He Just United.

Leroy E. Chapman, 36, giving his occupation as a salesman, a native of Mansfield, but at present living in Hartford, and Miss Antonette Remor, 36, daughter of Joseph and Teress Remor of West Willington, a nursemaid living in Hartford, were married in Manchester Thursday afternoon by Justice of the Peace Harold R. Symington. They were anxious to get to West Willington to tell the news to the bride's parents so Mr. Symington, after the ceremony, took them to Depot Square in time to catch a Rockville bound bus. At Rockville they intended to engage an automobile to take them to West Willington.

TWO CHAMBER GOLF MATCHES YESTERDAY

Two third round matches were played at the Manchester Country club yesterday in the Chamber of Commerce golf tournament. Fred J. Bendall defeated J. C. Cary 2 and 1 and Harold Alvord eliminated Leroy Slocumb 6 and 4.

In the doctors' tournament Dr. Leverne Holmes defeated Dr. Mortimer Moriarty 2 and 1.

An all-bill tournament was played yesterday at the club. There were two ties for low net. John Hyde with a 74 and two off tied Harry Benson with a 76 and four off.

HUGE CROWD SEES WATER CARNIVAL

Estimate 8,000 Attended Events Yesterday At Globe—Novelty Races.

One of the largest crowds estimated at 8,000 people ever to witness a day-long water carnival at the Globe Hollow pool assembled morning, afternoon and evening yesterday. The affair, an annual event, was conceived and put over by Frankie Busch, swimming director of Globe Hollow and is a distinct credit to him and to those who assisted throughout the day.

Novelty Program
 The program, postponed from last Wednesday because of rain, included all sorts of novelty and comedy events such as dog races, watermelon races, oaloon and ping-pong races and other events which caused the big crowd during the afternoon and evening.

Swimming was in order early yesterday, due to the excessive heat. From 1:30 p. m. until 3 o'clock Director Busch and assistants formed Moser's "Buck" team and the bath house and started issuing the candy, fruit and soda to one of the largest crowds of children ever gathered together at one point in town.

Contributions
 A glance at the list of contributions is indicative of the number present to enjoy the carnival and presents. The American Candy Company contributed 1,200 lollipops; the Royal Ice Cream Company contributed 900 ice cream cones; Mohr's Bakery 300 doughnuts; Blue Ribbon Bakery 250 cup cakes; Manchester Bottling Company 300 bottles of soda; Beach-Nut Company packages of candy; Everybody's Market and Kramer 450 apples. Kittle's Hale's, Pinehurst, Canale's, Manchester Public Market, Anderson-Noren, George England, Moser's, Buck's and Patterson's markets contributed cookies and kibbles supplied 80 pounds of peanuts.

The entire gathering was served an assortment of everything, and there was enough left to go around almost twice. It was one great day for the kids at Globe Hollow yesterday.

First Event
 The afternoon events were run off after the goal things had been passed out. Leo McSweeney of 207 Spruce street won the egg and spoon race (swimming to the raft with an egg in a spoon) and Mildred Aron of 26 South Main street won the event for the girls.

The boys' balloon race (pushing a balloon to the raft) was won by Tony Iuliano of 207 Spruce street and Phyllis Donlon of 987 Silver Lane took the event for the girls. Phyllis also won the girls' ping-pong race and Horace Russell of 84 Wall street topped the boys in getting the little ball over the raft.

The relay race, combining the breast, back, side and crawl strokes was won by the West Side team composed of O. Orfittell, Sam Pratt, W. Groot and H. Orfittell.

Evening Events
 Another great crowd, more equally divided among children and adults, were on hand for the opening of the evening events which got under way shortly after 6 o'clock. Clarence Martin, newly elected member of the Recreation Committee officiated as announcer. He stressed the importance of holding events of this nature, and spoke of the interest shown by the large attendance of children and adults at the West Side Club outing for children last week and the Globe Hollow carnival. Martin praised Life Guard Frank Busch for the fine manner in which the Carnival had been initiated and carried through.

In the exciting duck chase, Salvatore Squatrito and Eddie Litwinski, High School swimming star, won from the large number of entries, each winning a duck after a long chase. Litwinski's win last night was the fourth in successive Globe Hollow annual water carnivals.

DUNHILL BANKRUPTCY SCHEDULES FILED

Liabilities of \$97,687 Listed—Aaron Johnson Listed As Biggest Creditor of Store Here.

(Special to the Herald)

New York, Aug. 8.—Schedules in bankruptcy were filed in Federal Court here today by the Dunhill Chain Stores Corp., in business selling men's, women's and children's wearing apparel at 691 Main street, South Manchester. Seven other stores are operated in as many states. Total liabilities are listed at \$97,687, of which \$58,832 is in unsecured claims. The book value of the assets is given as \$249,820 and the present value \$121,480, including \$80,000 in installment accounts receivable.

An involuntary petition in bankruptcy was filed against the corporation July 1. The main offices of the concern, of which Reuben Smith is president, are at 215 Fourth avenue, New York. Aaron Johnson, 69 Linden street, South Manchester, is creditor for \$780.

Mr. Johnson is owner of the block in which the local Dunhill store is located.

BUCKINGHAM MARKET TO BE OPENED AUG. 19

New Farmers' Wholesale Mart Has 65 Selling Members On Its Roll Already.

The proposed Glastonbury fruit and produce market, organization of which was recently effected among fruit and truck growers of parts of Glastonbury, Bolton and Coventry following the demonstrated success of the South Bolton market, will be opened on Friday, Aug. 19, at Buckingham Corner, East Glastonbury, to win the back race. The most humorous event of all was the special race and diving comedy stunt, put on by John Sprout, blanket-sergeant of Company G, two years ago at Camp Devers.

Special Prizes
 The special prizes, all bathing suits, contributed by Marjory Timmy Holloran, Grant's and McClellan's were drawn by Ray French, Birdie McKeon, Albert Starr and Edward Walsh. Competitors only were allowed to enter the drawings.

The crowd was held in suspense during the underwater swim from the raft to the dock. Walter Moser alone made the distance and the crowd was puzzled until it was announced that a rope had been strung from the raft to the dock, enabling the swimmer to pull himself along it under water, resting under the dock before making the return trip.

Frank Busch, swimming instructor and life guard at Globe Hollow was pleased over the success of the Carnival and wishes to publicly thank all those who contributed candy, food and drink for the kiddies, and also those who helped in any way during the conduct of the affair.

ASK THE MAN WHO OWNS SOME

Henry Schaller

The Largest and Best Assortment of Used Cars Ever Offered for Sale in This City.

It's now going on and will continue until Sunday night, August 12th at 8 o'clock. Come early and the first choice is yours.

For weeks we have been preparing for this sale—mechanics, painters and tire men, in fact everybody has done their share of the work—and now we have assembled one of the largest and best stocks of good reconditioned Certified Cars ever offered at one time in this entire community. We certainly used the big sale on prices—and have stretched our terms to the limit. If you ever intend to buy a car—now is the logical opportunity—when prices are low—terms long and quality predominant. We stand back of every sale and if you buy you must be satisfied. Our guarantee goes with this sale. Open every evening, so come any time—day or night—but be sure and come. Don't miss this sale for if you do you will never be sorry but once and that will be all your life.

Early buyers get the best selection so hurry. The reason for this sale is that we are overcrowded and have many used cars that we have no room for owing to the tremendous demand for Dodge and Plymouth cars.

Don't forget Sunday is positively the last day. Signed, HENRY SCHALLER

He'll tell you we're right—there is more heat in 'blue coal'. Yet it costs no more! You get more from it; you pay no more for it!

'blue coal' is clean, solid anthracite—every lump. No rock, no slate, no refuse. No waste—burns down to a fine, clinker-less ash. Burns fiercely when the drafts are open; sleeps gently when they're closed; banks perfectly at night; responds quickly in the morning.

Buy it—try it—compare it. Phone your order . . . now! Learn the pleasure of real heat-comfort!

* Apologies to Packard—another high quality product.

ADVERTISE IN THE HERALD—IT PAYS

An average citizen states his own platform.

"It's UPTURN we want, NOT RETURN"

"Things don't turn back. They go ahead."
 "Business can't be what it was in 1929—or in 1923, for that matter."
 "The so-called good old times will never come back. But good new times—maybe even better ones—will come forward."
 "Let's think about them. Let's plan for them."

Good Bank and Trust Company doctrine, too!

Planning for the future is the essence of our business. In our work as Executor and Trustee particularly.

As Executor and Trustee under wills, and trust agreements, it is often years before we are called on to act. A generation or two will pass before we finish paying income from certain Trust Funds left in our care.

THE MANCHESTER TRUST CO.
 SOUTH MANCHESTER, CONN.

Peaches FREE
 A 2 Quart Basket of Pero Peaches Will Be Given Away Saturday and Sunday.

A ticket will be given with each purchase and peaches can be obtained at Pero's Fruit Stand on Oakland street. Do not fail to take advantage of this great offer. Great opportunities await you at Campbell's. You can get more for one dollar than any other place in town.
