

ATTEMPT TO BLOCK WALKER DECISION

Gov. Roosevelt Served With Second Court Order Restraining Him From Passing On Mayor's Fitness For Office.

Executive Chamber, Albany, N. Y., Aug. 23.—(AP)—White John J. Curran, chief counsel to Mayor Walker, argued before Governor Roosevelt today for the dismissal of a court order, so-called obtained from a Klagnon Supreme Court, which is an order restraining the governor from passing upon the mayor's fitness until after the court heard arguments on the legality of the proceedings.

Walker the order issued today not a provision one obtained by George Donnelly, secretary of the From Chamber of Commerce will hold up the removal hearing, the governor's legal counsel explained.

John J. Bennett, Jr., attorney-general, who argued against the order, said that the court has no jurisdiction to intervene in the executive duties of the governor.

Both the Walker order and the Donnelly order, come before Justice Hisey of a special term of the Supreme Court tomorrow.

Curran throughout the hearing has contended Mr. Roosevelt's action as a judicial officer that the proceedings are judicial in nature.

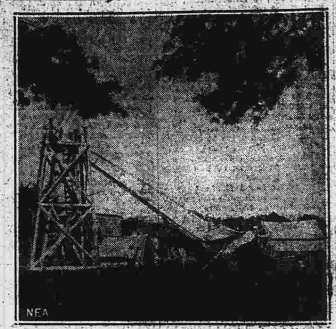

Walker should be given the right to face his accusers and cross-examine them, Mr. Curran also argued.

CONGRESSMAN OPPOSES ST. LAWRENCE PROJECT

Lamney, of Ohio, Calls It An Ill-Advised, Expensive Business Venture; Would Hurt U. S. Ho Claims.

Washington, Aug. 23.—(AP)—The projected St. Lawrence water way was described today in a statement by Representative Lamney (D., Ohio) as "just another ill-advised, expensive governmental business venture."

The statement issued through his office says that Congress should not spend the money for the project, which would cost \$80,000,000 and advance the date of completion to 1945.

"According to my information, our country is in a financial straits and it is not possible to undertake such a project," Lamney said.

"It is a project which would benefit comparatively few manufacturers and exporters living overseas."

COX AND HARVEY SPLIT ON PARTY

Each Nominated For President By Own Group; United Party Fails.

St. Louis, Aug. 18.—(AP)—East and west still were twin today in the "Blue Shirt" followers of the Rev. James R. Cox, Catholic priest of Pittsburgh, supported by automobiles and motor trucks back to their homes in the east and the supporters of W. H. (Cox) Harvey dispersed to their homes in the south and west.

Luncheon plans to unite the followers of both leaders under the common banner of a Jobs-for-Liberty Party, for a united nationwide political campaign this fall, had ended in failure as the weary delegates struggled home after separate conventions that attracted only a handful compared with the thousands who had been expected by the leaders.

Cox Is Nominated Father Cox, who led about 800 of his "Blue Shirt" followers here from Pittsburgh, was nominated for president at the Jobs-for-Liberty party, return of the free silver movement of the 90's, remained the presidential nominee of the Liberty Party. Failure of the leaders of the two parties to agree on a common candidate brought an end to plans for a fusion.

Dr. V. C. (Tad) Silk City, Okla., surgeon, and a Mason, was nominated as Father Cox's running mate and Frank E. Hamman, Tacoma, Wash., real estate man, was nominated for vice-president of the Liberty Party in place of Andrew S. Nordstrom, of Los Angeles, who was nominated with Harvey last year.

18 Feet Platform The Jobs-for-Liberty adopted Father Cox's 18-foot platform for social relief and economic reform, while Harvey's group adopted a six-point platform embodying Harvey's demands for government ownership of banks and utilities, and for a new monetary system without a metallic standard.

Only about 800 persons attended the Jobs-for-Liberty convention and about 100 attended Harvey's meeting, held in a boathouse a mile from the Creve Coeur lake speedway, fifteen miles west of St. Louis, where th Liberty Party met.

Some parts of China levy 60 different taxes upon citizens.

HOOVER IS SCORED BY BISHOP CANNON

(Continued From Page One) that a new amendment be adopted, which amendment will permit the states to legalize the manufacture and sale of intoxicants but which will contain a guarantee that the Federal government will prevent the return of the saloon and violation of the laws of dry states.

"Until Hoover specifically formulates a provision whereby he proposes to prevent the return of the saloon his proposal is simply an indefinite and gutting generally. How will he define where the legal hotel or restaurant or drinking parlor ends and the illegal saloon begins?"

Really preventing the return of the saloon or its equivalent will be far more difficult, he said, than it has been to enforce the Eighteenth Amendment.

"I am delighted at my acquittal," he said before leaving for Carson's home. Mrs. Keith-Miller likewise was delighted.

"I knew old Bill would come through," she said.

LANCASTER FREED OF MURDER CHARGE

(Continued From Page One) adopt toward Mrs. Jesse M. Keith-Miller, Australian dying companion whose affections Clarke won from him.

"Please do not ask me about that," he begged questioners. "I don't know now what answer I should give you."

But One Ballot Lancaster, arrested May 2 on a first degree murder charge, was acquitted yesterday on one complete ballot that followed four hours and fifty-eight minutes of deliberation by a jury made up of men. The trial lasted more than two weeks.

Young Clarke was found fatally wounded April 21 in the room of two men occupied in Mrs. Keith-Miller's home here only a few hours after Lancaster had returned from a business trip to learn of the couple's new-found love. Lancaster and Mrs. Keith-Miller maintained Clarke shot himself because of despondency over finances and his physical condition.

As Lancaster sought to reconstruct a program of work shed future routine as the guest of his

AVIATION'S FUTURE IS CALLED BRIT

Washington, Aug. 18.—(AP)—A hopeful outlook for American air transportation was seen today by Senator Vincham (R. Conn.) in a presidential address before the 11th annual convention of the National Aeronautic Association.

"The number of passengers carried in 1931 was considerably greater than the number carried in 1930," he said. "The number carried in 1932 will be at least ten per cent more than the number carried in 1931."

"As a matter of fact, American aviation has not gone proportionately as far down or as far backward as have other forms of transportation."

Surveying the aviation outlook, Mr. Vincham said he believed the American aeronautics has nine outstanding trends today.

Patrols and confidence in the future; quieter engines for passenger transport; increased comfort for air travelers; air marking of cities and towns; more opportunity for reserve pilots to fly; development of speed planes to bring more records to the United States; development of commercial airships for transoceanic transportation.

Included in the delegates plans for the day was a reception by President Hoover at the White House after which they were to see the President award distinguished flying crosses to Wiley Post and Harold Gatty, for their 1931 round-the-world flight.

PLOTTING TO KILL RACKETEER KING

(Continued from Page One) prisoners through their attorney, Samuel Leibowitz.

"This is the most wholesale homicide arrangement in the history of this country," the attorney said, "and it will also be the most wholesale discharge of defendants in the history of criminal procedure."

A passerby stumbled over Bassano's body, tied in a sack, on a Brooklyn street, Aug. 8. Police decided the murder was probably done by friends of the late Volpe Brothers of Pittsburgh—James, Arthur and John—who were killed in Bassano's coffee shop in Pittsburgh in July.

Bassano, the police believe, was lured to Brooklyn on the pretext of a business deal, wine and dined, then garroted and stabbed. Twenty-two stab wounds in his body were explained on the ground that it is a gangster rule to compel all persons present at a killing to inflict at least one wound on the victim, to the end that all would be guilty and none would squeal.

Four of the men arrested yesterday were from Pittsburgh, Buffalo, Trenton and Niagara Falls. Among them was Robert Anasario of Brooklyn who only a few months in the death house of Sing Sing prison for a murder in Brooklyn, got out on appeal and was released after a second trial.

The police said the killers of Bassano were to have been rewarded at last night's fête by payment of \$5,000 each and offered "increased rates" for killing the "New York racketeer."

TO SURVEY REACHES

Bridgeport, Aug. 18.—(AP)—A survey of the beaches of Fairfield county, from Housatonic River to the New York State line, will be made by the Fairfield County Planning Association next Sunday afternoon with cooperation of a corps of assistants of between 40 and 50. The survey will take place at the peak of day for bathing.

The tide will be high at 2:35 o'clock and the survey will be made about 3 o'clock. Although of minor importance, it will be the first comprehensive survey of the association and at the same time one of the most interesting.

Eight towns included in the study are Greenwich, Stamford, Darien, New Rochelle, Westport, Fairfield, Bridgeport and Stratford.

R. P. STRONG DIES

New Milford, Aug. 18.—(AP)—Robert P. Strong, 66 member of the general trading firm of Beem & Strong died at Danbury hospital today where he had undergone a surgical operation.

Mr. Strong had held various town offices, and prior to coming here 34 years ago he had represented his native town, Warren, in the General Assembly. He had been on the town board of finance since 1927 and was chairman of the New Milford Fire Association directors.

He leaves a widow and a sister, Miss Agnes Strong of New Preston.

AUTOIST EXONERATED

New Haven, Aug. 18.—(AP)—Frank Augustine was absolved by Coroner James J. Corrigan today of blame for the death of James A. Wood, who was fatally injured August 4 while riding in Augustine's truck.

The vehicle caught fire while the men were returning from Waterbury. Augustine lost control of the wheel and the truck hit a tree.

ALFALFA BILL MURRAY SENDS CONTRIBUTION

New York, Aug. 18.—(AP)—Democratic National Chairman James A. Farley said today that one of the first contributions to Governor Roosevelt's presidential campaign was sent in by Gov. "Alfalfa Bill" Murray of Oklahoma.

Farley said Gov. Roosevelt would be introduced when he addresses the Ohio state convention at Columbus Saturday by former Gov. James M. Cox. Gov. Roosevelt will return to Albany Sunday.

Harry M. Flaherty, chief justice of the Chicago Criminal Court, said at Democratic headquarters today he believed there would be a Democratic landslide this year both in Illinois and the nation.

"The Democrats of Illinois have never in their history been so well organized and united as they are today," he said.

BARRICADES REMOVED BUT OFFICERS ON HAND TO PREVENT TROUBLE IN ILLINOIS

Taylorville, Ill., Aug. 18.—(AP)—Christian county officials today removed barricades and deputy sheriffs which had blocked all roads leading into the county. Their action cleared the way for entrance of disaffected union miners who had threatened to march upon the busy Sheriff Charles Wieseke barred the roads last week to prevent interference with miners who wished to work at the new lower wage scale. He told his deputies to stand aside and return to their homes in readiness for instant duty if trouble developed.

He indicated he would arrest any troublemakers. Union pickets in other counties had persuaded some of their fellow members to desert their picks and drift in protest to the wage agreement declared in effect one week ago.

Six planes carrying officers of the Illinois National Guard reconnoitered the situation over the county late yesterday but did not land.

Trouble developed shortly after dawn at Toronto, five miles south of Springfield. About 150 disarming miners glimbed aboard a train of empty coal cars, uncoupled them and broke up the train at Glenora, a few miles further south. The

BEHIND THE SCENES IN Washington

Washington, Aug. 18.—The news which seems more likely that any other to decide the 1938 election is which side of the presidential commentators on politics seem prepared to discuss.

Those who insist that the president has registered such a new low water mark of popularity that he will be unable to carry re-election are outnumbered by those who believe that the people on which side their bread is buttered, that the good old American in the mass will cause them to realize that Mr. Hoover is the candidate of safety.

Anything for a Laugh. For parties these nights! Every host seems to feel it incumbent upon him to think up some new assignment for his guests if the host would be satisfied with bridge or conversation, then usually one of the guests goes up with a couple of ideas for a guessing contest or something.

MADE TO ORDER. The gentleman who has made the guests who are invited with all of the parties this question of how many voters are going to accept from many years of Hoover becomes one of fundamental importance to what has generally been called the "New Deal"...

WHERE'S THE FIRE? POINTED COP QUERY

Sarcastic Says Motor Vehicle Head But Conveys Right Meaning.

"Where's the fire?" is sometimes the sarcastic inquiry of a policeman when some motor vehicle operator is omitted to exercise judgment in traffic because he is in too much of a hurry. The question, albeit not exact, nevertheless expresses a proper attitude toward the situation and, Robbins R. Stowell, Commissioner of Motor Vehicles says, "Explains in a few words what is the most common form of failure in about all instances of American performance."

In a special warning in exceptional cases of lawlessness when children are playing in the streets, Commissioner Stowell declares it to be a common failure to believe that the busy hours of the day are over the the moment no longer congested by moving and parked cars and that the streets are clear. He says that the chief danger for motor vehicles is past and that motorists should be alert to persons who will find it necessary to travel are subjected, are less in number and degree.

"It is quite possible," he adds, "that the number may be smaller than when all the people and vehicles are out, but certainly as to degree those hazards are more numerous to be more dangerous because owing to the absence of the second factor and operators are not so alert."

Care Needed
"It is obvious that the care which is needed for safety, when there are only a few cars out, is different in degree from that needed for when many cars are traveling along at a slow rate of speed on a main street."

"The best safeguard of all for each performer in all traffic is of course the formation of the habit of taking it easy and deciding each problem on a basis of full performance, in short, not taking any chances either with his own ability or as a guess upon the ability of another."

"If the individuals of the nation were all alike in the formation of habits of care, consideration, prudence, and the standard of exercising these qualities were expressed by the phrase that to think and act second is the proper thing, probably there would be very few motor vehicle accidents."

Up To Individual
"It is too much to expect that people can ever be made over in the course of a year or two in an extent where marked changes for safety in traffic are shown, but it is possible to expect that here, there is a thoughtful person, if any such there be, may then be having attention called to situations in which he has allowed his car to get out of control, whether through carelessness or by experience which frightens him, or by police action which warns him, on consideration of his conduct arrive at a point where he grants a little more care."

"These particular hours which seem to be so safe because of a wash of business and pleasure and hurry of the day apparently are over, really are the most dangerous. After five o'clock in the afternoon, especially in the summer months, to be safe in the kind of traffic which then exists, every person taking part in it must be conversant with the whole situation and know of his own knowledge the particular dangers which exist, and how they apply to his case."

"To point out this fact is to direct attention to the part of Connecticut in the program of safety which is being worked out in the United States."

Overnight A. P. News

Boston—Candidate of Mrs. Celia Read Mahern of Woburn who is seeking the Democratic nomination for the House of Representatives from the 18th Middlesex District, is protested on grounds of "immorality" for the late the Corrupt Practices Act by "receiving and soliciting" funds for her campaign through the conduct of two whist parties.

Medford, Mass.—Miss J. Margaret Nolan, 28, reports she was robbed of \$1,200, the weekly payroll of the Northern Steel Company.

Boston—Director John J. Shields of the Municipal Employees' Bureau volunteers to carry on his work for the unemployed without his \$15,000 a year salary until the city reconsiders its refusal to appropriate funds for operating expenses.

Chelsea, Mass.—General alarm fire destroys the lumber yards of Segal and Ostrovitz with damage estimated at \$75,000.

Boston—Dr. Edward W. Taylor, neurologist, dies after illness of three months. He was 66.

GloUCESTER, Mass.—Coast Guard amphibian sent to aid of fishing boat Mary J. Landry finds craft off Mattineus, Me., and reports it was in no trouble.

Provincetown, Mass.—Authorities prevent showing of a Soviet film for the benefit of Harry, Ky, miners on the grounds it constituted a fire hazard.

Chelsea, Mass.—Chelsea Chamber of Commerce charges state has been negligent in investigation of fire and that collusion between property owners and insurance adjusters has given the city the highest insurance rate in the United States.

Lynn, Mass.—Welfare department rejects diet proposed for Lynn's needy, saying that, among other things, it had too many prunes in it.

CARE IN ROADSIDE DINERS IS URGED

Important Features To Be Noted In Selecting Eating Places Listed By Health Board.

Simple precautionary observation on the part of motorists in the selection of roadside eating places and of places from which drinking water is taken was urged as a means of avoiding sickness by Warren J. Scott, director of the Bureau of Sanitary Engineering of the State Department of Health, in the department's weekly broadcast last night.

Just what things to look for before deciding upon a place to dine along the highway were explained by Mr. Scott during the program to the department's "Sanitation Family." He also advances the present series is following.

Many of the roadside eating places are of high quality with respect to sanitation, he stated, but others are not. Food should not be cooked in the open nor left uncooked on the stand, since dust from the street and flies quickly make its wholesomeness doubtful. There should be proper screening to keep out all insects. Garbage should be disposed of in properly covered receptacles for similar reasons. Soda should be dispensed in sanitary paper cups or in the bottle with a stopper. Clean water, preferably from a public supply, should be used for drinking and for dipping. Sanitary conditions of the rest room is also of great importance.

Mr. Scott also warned motorists not to drink from wayside wells or springs unless they are marked by the State Department of Health as being sanitary. No matter how clear and clean the water of a roadside stream may appear it may carry germs from a source of pollution further upstream. Care in this respect will avoid typhoid and other diseases. When embarking on a motor trip, it is best to carry drinking water from home in a thermos bottle.

BIG DRUGGISTS PARLEY
Toronto, Ont., Aug. 13.—(AP)—Twenty-five hundred druggists from the United States, Great Britain and Canada will take part in the Canadian-American Pharmaceutical Convention here Aug. 23 to 27.

It will be the largest gathering of druggists ever held in the United States and will be under the joint auspices of the American Pharmaceutical Association, the Canadian Pharmaceutical Association, and the Ontario Retail Druggist Association.

Queer Twist In Day's News

Hollywood—Brown eyes may be vivid, but blue eyes apparently have more chance to make good in the movies. "I have," says a "great advertisement," "just enough brains to serve my mouth shut, my ears open and present a good expensive appearance. Do you need a front, for your business?"

Washington Courthouse.—If Stephen Ulrich Phillips pulls out his trotting horse to victory in the feature race of the Fayette County Fair today, he will consider it just another proof that youth will be served. Phillips, who has raised horses for more than 75 years, says he is "90 years young."

Colorado, Italy.—Alfredo Toranelli is back in jail a second time but not this time. You may be sure, in charge of the commissary department. He is scrubbing floors this time. Jailers charged that after he was released from his first internment it was discovered much of the prisoners' food was sold in the prison market.

Canberra, Australia.—New Guinea is done by fly—but they are not a zoological freak. The fringes, in case by airship. Everything for the rapidly growing population on the Edie Creek and Bulolo goldfields is sent from the coast by plane. The last cargo consisted of five cows.

Brisbane, Australia.—For seven years not a drop of rain has fallen on the great central tableland of Queensland. Everywhere the land is strewn by the skeletons of sheep and cattle. But a couple of seasons of good rains will give government experts believe.

Colorado Springs.—Meredith Haro, 62, retired New York lawyer, at his summer home near Fort, Colorado.

Cleveland.—James W. McGuire, 35 years a member of the Associated Press staff at Cleveland, died after an operation.

Ottawa.—Mrs. Bessie Magill, 60, mother of the Canadian writer, Mrs. Madge McBeth, at her home here. She was a native of Eikon, Md.

WAPPING

Miss Maryjane Pitt and her mother, Mrs. Grace Smith of Eastford, Conn., were in Wapping, N.Y., last Saturday to spend the week there. Mr. Collins also accompanied them and will spend the week there also.

Several from this place will probably attend the Wapping Camp Meeting, which opens this year on August 20, and will continue through August 28.

Mrs. Ruth Rockwell of Edgewater, N.Y., has been spending a few days at the home of Mrs. Elmer Broughton of South Windsor.

Mr. and Mrs. Lester Adams of Woodstock, Vermont, who have lived for a few years in Wapping and Manchester have adopted a 14-month-old girl, Lucy Ellen.

OVER 5,000 HOMELESS

Houston, Tex., Aug. 13.—(AP)—The hurricane area of coastal Texas, where 38 persons died slowly, was being rehabilitated today.

Red Cross relief stations in Angleton, Freeport and West Columbia, where the storm's destruction was almost complete, reported the problem of emergency relief well in hand. In Brazoria, where citizens previously had reported the population "degenerately hungry," Red Cross representatives carried additional food supplies.

For the homeless upwards of a division of Texas National Guard.

HIGH TAXES ON APPLES MAY HIT NEW ENGLAND

Ottawa, Ont., Aug. 13.—(AP)—The fact that Australia has a large apple crop this year has intensified her demand at the Imperial economic conference here for increased British preference on Dominion wheat fruits, to the possible disadvantage of United States exporters.

Apple constitute about the only fresh fruit shipped to Great Britain by American growers and they now pay a 2 per cent ad valorem import duty. Empire apples have free entry but the question has been raised whether the present tariff offsets the ocean freight from the Antipodes.

"There was said to be a fair chance today that the British may agree to enhance the Australian advantage by making a minor upward revision of the ad valorem rates on foreign fruits which might mean that New England and Shesandob Valley apples no longer could be offered to the British consumer at the current price without reducing the income to the producer."

American apple standards are pretty well known to British mer-

DEATHS LAST NIGHT

Colorado Springs.—Meredith Haro, 62, retired New York lawyer, at his summer home near Fort, Colorado.

Cleveland.—James W. McGuire, 35 years a member of the Associated Press staff at Cleveland, died after an operation.

London, Aug. 17.—(AP)—Lord Kylsant, once the great power behind British shipping interests and chairman of the Royal Mail Line, was released at 7.10 o'clock this morning from Wormwood Scrubs prison where he served a sentence of 18 years for falsification of his company's financial statements.

He was greeted by his wife, who drove to the prison from her home in fashionable Mayfair to be on hand when he was released.

Lady Kylsant said her husband's first home when he arrived at their home was to lie down for a rest.

"He was very tired," she said, "and of course the best weariness. We are grateful for the kindness shown by everybody and we plan to go to Greenwich, my old home in Wex, later today. I think we will stay there until fall."

Lord Kylsant entered prison last November after his conviction at a sensational trial had been upheld by the C. C. of Appeals. His year, the customary deduction for good behavior, ended today.

WOW! HE MUST BE USING THAT FRESH GASOLINE

Hitler Is Warned

Berlin, Aug. 13.—(AP)—A warning that the German government would promptly to block any attempt by Adolf Hitler to use his National Socialist Party troops to seize the government was from Hitler today from Chancellor Franz von Papen.

The chancellor said he expected his government to remain in power "a long time."

The warning was given in an interview late last night in which von Papen reiterated Germany's demand for equality in armaments with other nations, and asserted that the Wehrmacht no longer could submit to being treated as a second class power.

With reference to Hitler and the storm troops, however he said he had received assurances from the Nazi leader the troops would not be used for any attempt at a coup d'etat.

FLOODS ARE RECEDING

Edin, Okla., Aug. 13.—(AP)—Relief work in northwestern Oklahoma was pressed today as floods receded, leaving 700 American tractors, several missing, hundreds homeless, rail and highway traffic disrupted, and damage estimated as high as \$2,000,000. At Cherokee, which bore the brunt of the deluge, two persons were dead and more than 500 homeless.

Overflows from the Skeleton river north of Guthrie drove 75 families from rural homes and interrupted highway and rail traffic. The U. S. Highway No. 77 bridge across the river was partly washed away and the Santa Fe railroad's bridge was under water.

About 75 kind business houses were flooded and damage to paving was heavy.

At Alva, the principal damage was to livestock, many head in lowlands having drowned.

Highways rapidly were being opened as debris established.

COME ON SADIE... WE CAN MAKE IT!

WHAT? Such a thing as "stale" gasoline? Absolutely. Think about it a minute and you'll see why.

Gasoline evaporates. The most volatile parts—important "easy starting" elements—slowly float off into thin air. A chemical change occurs, too. So that the longer gas is stored, the more important power elements it loses!—the fochler it gets.

Another thing. When gas is stored too long, sticky compounds form. These sticky compounds foul your motor—may clog valves and carburetor. And stale gas knocks more, too—particularly on hills.

These are the reasons why refiners have tried to stop the deterioration of gasoline. These are the reasons why Gulf is pleased to announce a system that assures you of getting FRESH-MADE gasoline. Here's how...

Get THAT GOOD GASOLINE—its fresh

Stale gas is feeble—fresh gas packs power

Gulf makes the best gasoline that can be produced—and about it a minute and you'll see why.

And Gulf has geared up its distribution system to rush this FRESH-MADE gas to you like some perishable food!

We have placed huge refineries in many sections of the country—so that every Gulf filling station is close to a source of FRESH gasoline. A huge fleet of trucks speeds FRESH gas to Gulf stations every day.

Get 100 cents worth of power from your gasoline dollar. Get FRESH gasoline with FRESH, full power. Get Gulf. Use nothing else—and have a cleaner, quieter, faster motor.

CURTIS VOICES OPPOSITION TO REPEAL OF LAW

(Continued from Page One)

of their will on the question of amending the Constitution and makes no distinction as to the Republicans of the members of the party because of their stand on prohibition.

After expressing his appreciation of the distinction conferred upon him in being the second man to be nominated by his party for the vice presidency, Mr. Curtis declared one by one the tariff, immigration, the farm problem, proposals for governmental economic reforms, part in government, labor, and congressional efforts to amend the depression.

He said that after comparing "new bills" with the old ones, he found that the present administration is in power at the time to check depression and that the present administration is bringing relief "we are justly entitled to" and that these efforts are bound to succeed.

Mr. Curtis quoted figures in support of his contention the present administration is in power at the time to check depression and that the present administration is bringing relief "we are justly entitled to" and that these efforts are bound to succeed.

SENSE AND NONSENSE

The Fleckle Miss
Prosperity, a comely maid,
Was once my steady girl,
We danced and dined and trotted
In constant pleasure whirl.

But she was but a light o' love
For when there came a day
That she was not so plentiful,
She gaily tripped away.

It is reported that the Brushville Baseball Team lost the game with the Pea Ridge Senators last Saturday because their star pitcher ripped his pants and had to go out of the game. A case where a stitch in time would have saved the nine.

Joan (watching visitor from Chicago)—I think it awfully clever the way he can roll that cigar from one corner of his mouth to the other.

Hercule—If I expect they have to learn to do that, seeing they're holding both hands above their heads last their time.

At a dinner I well known professor was introduced, as follows: "You have been giving your attention so far to a turkey stuffed with sage. You are now about to give your attention to a sage stuffed with turkey."

Professor—Will you please stop exchanging notes in the back of the room?

Student—Them ain't notes. Them's dollar bills. We're shootin' craps.

Professor—Oh pardon me.

Doctors have proved that an ordinary person retains only one-third of what he hears, which goes to prove that a woman isn't an "ordinary person."

Stray shots: The older a man grows the more he cares for comfort—and the less of it he obtains... One has to keep up if the wife keeps it to be kept up... No golf course is complete without a woman's bench at each tee... The best reason a girl can have for starting a diary is that she knows enough about men, to fill a book... Home is where the grumbling is... The world may owe us a living but like a lot of other debts it is at times rather hard to collect... You have to think out some things for yourself—nobody can help you... Success is the privilege of doing what you want to do, when you want to, and as you want to... Most women do not know what they want until they discover what their husbands do not want... Character is the diamond that scratches every other stone... Love, sweet child, is the last word in a letter asking for money... Digging in a garden may improve one's philosophy more than the reading of books.

Clara—Your husband has a new suit.

Edith—No, he hasn't.

Clara—Well, something's different.

Edith—It's a new husband.

The boy who has never had to wear a pair of heavy boots all winter doesn't know the real joy of going barefoot in the summer.

Accused—How could I commit burglary when I can't write my own name?

Plumber (to his wife)—Donna believe them cartoonists, honey. I ain't never found no lady in no bath tub.

It was in front of the Art Institute on Michigan avenue in Chicago during the recent Democratic National convention, where two large stone lions stand guard on each side of the steps.

Democrat (to newboy)—How often, my lad, do they feed those two big lions?

Newboy (quickly)—Whenever they roar, sir.

An old Indian went into a bank to borrow some money.

Banker—What can you put up for security, that is how many ponies do you have?

Old Indian—Got 100 ponies.

Six months later the old Indian came in with a very large roll of bills and paid the note. As he turned to leave, the banker said:

Banker—We let you have money when you needed it, now why don't you deposit your extra money with us?

Old Indian (grunting)—All right. How many ponies you got?

"I am so weak, doctor," the chronic female complainer said. "Take an iron tonic," replied the doctor.

"I have been taking one," she replied. "But it hasn't done me any good. I am so weak that I can hardly walk a dozen yards."

"Take a taxi," he growled.—Die Grune Post.

THE SURE CURE
"I am so weak, doctor," the chronic female complainer said. "Take an iron tonic," replied the doctor.

"I have been taking one," she replied. "But it hasn't done me any good. I am so weak that I can hardly walk a dozen yards."

"Take a taxi," he growled.—Die Grune Post.

JUST BRAGGING
LUCILLE: What do you do when you see an unusually beautiful girl?

MURIEL: I look for a while, then I get tired of looking at her and I lay the mirror down.—Fainfinder.

FLAPPER FANNY SAYS:
The world may owe us a living but like a lot of other debts it is at times rather hard to collect... You have to think out some things for yourself—nobody can help you... Success is the privilege of doing what you want to do, when you want to, and as you want to... Most women do not know what they want until they discover what their husbands do not want... Character is the diamond that scratches every other stone... Love, sweet child, is the last word in a letter asking for money... Digging in a garden may improve one's philosophy more than the reading of books.

Clara—Your husband has a new suit.

Edith—No, he hasn't.

Clara—Well, something's different.

Edith—It's a new husband.

The boy who has never had to wear a pair of heavy boots all winter doesn't know the real joy of going barefoot in the summer.

Accused—How could I commit burglary when I can't write my own name?

Social butterflies seldom are found among the wall-flowers.

ABOUT TOWN

Mr. and Mrs. Rufus Robinson of 33 Woodbridge street have as their guests during August, Mr. and Mrs. Edward B. Lewis and family of Baltimore, Md. Mr. Lewis is executive secretary of the Baltimore Urban League, one of the branches of the National Urban League in New York City.

ROWDIES PLUNDER WEST SIDE FARM

Word has been received from Mrs. Branch Stanwood, President of the Hartford County Council, that an invitation has been extended to Alexander-Shea Auxiliary to take part in the Legion Commemorative Parade to be held in Waterbury Saturday. The parade will form on Field street. Ladies are requested to wear their auxiliary uniforms. The Department Commander is anxious to have a good representation from each organization.

Wilbur T. Little Says His Patience Is At An End and Will Take Action.

A group of rowdies are courting plenty of trouble by their actions on property leased by Wilbur T. Little of Spencer street, east of Foley street, known as the Jefferson farm. It has been found that organized groups have plundered the motion picture, stolen corn and not satisfied with a general plan of destruction, they took four or five haters of the cows and took away their feed trough.

Mr. Little says he has been very lenient about the matter, and is willing to think that there is some excuse for persons taking a few ears of corn or some milk if they are hungry. But he insists there is no justification for a wholesale milking of the cows, stealing of the haters and feed troughs, to say nothing about the destruction of corn stalks, and various occasions and it is hoped many will be present to greet him.

Mr. and Mrs. Sidney McAlpin and children are occupying their newly acquired property on Henry street, better known as the Gottschalk vacation at Indian Neck.

Mrs. Mary Frederickson of Highland Park who has been confined to the Memorial Hospital for several weeks, is gradually improving, but it will be some time before she is strong enough to leave the institution.

Mr. and Mrs. Charles P. Findlay of Alliston, Mass., are spending two weeks with Mrs. Findlay's parents, Mr. and Mrs. Albert Hentingway of Summit street.

Mr. and Mrs. George H. Hall of New York City, who are spending several weeks at the dining house at Oakland, have as their guests this week Eugene Spencer of Pittston, Pa., his daughter, Mrs. Gene Remley, and her son, John.

Mr. and Mrs. Charles P. Findlay of Alliston, Mass., are spending two weeks with Mrs. Findlay's parents, Mr. and Mrs. Albert Hentingway of Summit street.

Mr. and Mrs. George H. Hall of New York City, who are spending several weeks at the dining house at Oakland, have as their guests this week Eugene Spencer of Pittston, Pa., his daughter, Mrs. Gene Remley, and her son, John.

TAX LEAGUES QUESTION POWER TAX COLLECTION

Object To Inclusion of Flat Rate in Per-County Bill; Bowers For Two-Party Liberty.

The postpaid petition of the executive committee of the "Temporary League" was held last night in the high school hall, President S. G. Bowers presented the slate of executive officers, which were elected without opposition. No nominations were made from the fifth school district but these will be presented for consideration of the members at a later meeting.

The members of the executive committee, elected from the various school districts were as follows: First district, Joseph Doyne; Second district, Charles Roban; Fifth district, Forrest Buckland; Seventh district, Andrew Healey; Eighth district, Joseph Chartier; Ninth district, Harold Koala; Members at large, Walter Mahoney, Louis L. Grant and Theodore Zimmer.

President Bowers outlined the local effect of the Federal tax bill, one section of which he said had been changed in conference in Congress from a tax on the manufacturer of electric energy and into a tax on the consumer, now being charged on the mill at the rate of a per cent including the flat rate as well as the electricity consumed. He urged members to bring in their electric

Bill to the committee of the League. Mr. Bowers said that the League would be glad to accept any party, provided it was a party of like opinion for the purpose of opposing the proposed tax collection.

President Bowers gave it as his opinion that voters registered on any party, provided it was a party of like opinion for the purpose of opposing the proposed tax collection.

President Bowers gave it as his opinion that voters registered on any party, provided it was a party of like opinion for the purpose of opposing the proposed tax collection.

AGAIN WE SAY TEMPERED RUBBER. ADDS THOUSANDS OF EXTRA MILES, YET IT COSTS YOU NO MORE! The most important thing to discover when buying a tire today is this: Is it built with Tempered Rubber? If so, you can be absolutely sure of thousands of extra miles. It has been scientifically developed for extra life by the Goodyear Tire & Rubber Company working in conjunction with the great colleges that the U.S. Royal Air Force uses. As a 1936 airplane has other kinds of rubber, so a 1936 automobile has other kinds of rubber. And we'll accept your old, worn tires on part payment. Tempered Rubber is an exclusive development of the Goodyear Tire & Rubber Company and is used in building all U.S. Tires.
