# WINDSOR LOCKS SEEKS VICTORY HERE SUNDAY

### Determined To Stop Red Men At Nebo; Game Has Aspect of Grudge Fight; The Reason.

When the Red Men A. C. face the Windsor Locks town team in the second game of the local semi-pro season at Mt. Nebo Sunday afternoon, the Braves will meet a team that is determined to trounce them as badly as possible. In a letter to the sports department, the manager of the visitors states that "they better be equipped with some type of shock absorbers Sunday."

## FANS ALSO MUST KNOW GRID TERMS

### Here's Penalty Signals Used By Football Referee This Year.

The score stands 6 to 0 against the home town team. The local boys have the football on the enemy's four-yard line, with one down to make goal. The ball is snapped, the back plunges over the line, and the fans cheer for dear old Hambone. But even as the cheer resounds, a figure out in front starts gyrating, his motions resembling those of a whirling dervish who has turned cheer leader. The ball is brought back, and the fair co-ed next to you sighs, "Oh, shucks, what're they doing that for?"

The above sketches interpret the penalty signals a football referee uses to notify the stands of various rule infractions.

They have established a good record of victory and believe that will add to the string on Sunday. The Red Men A. C. have been practicing regularly for the game and are out to put the quietus on Windsor Locks.

## LEONARD TO MEET BIG TEST TONIGHT

### Tackles McLarnin In 10-Round Go; Is Conceded Little Chance.

New York, Oct. 7.—(AP)—Back into pugilism's "big money" crashes Benny Leonard tonight in what may be the last stand in his courageous fight to regain the fistic heights. The former lightweight champion, now 36 years old, tackles rough, tough and before everything else, young Jimmy McLarnin, belting lightweight from Vancouver, in a 10-round bout in Madison Square Garden.

For the benefit of the fans the referee has a set of signals given with the hands and arms, waved in this direction or that. They are either delivered directly to the stands or through a relay man on the sidelines.

This season new football rules make it harder than ever to follow a football game intelligently. His sign and then remember that he's a referee who's telling the sidelines what's the matter.

Even with all these signals, the officials haven't enough to go around. For instance, we can't recall one that signifies a penalty for the failure of a substitute to report to the umpire, or for communicating with fellow players before the ball has been put into play. The penalty for the former is 5 yards, and for the latter 15 yards. Nor can we think of any signal for the overtime-out penalty of 5 yards, the penalties connected with infringement of the fair catch rules, and of the free kick regulations.

Maybe you can send in a few signals to fill out the collection.

## COACH PICKS GRID WINNERS—TRY IT!

### Pitt's Famous Mentor Gives His Idea; How Do You Figure Them?

By DR. JOHN B. "JOCK" SUTHERLAND  
Head Football Coach, University of Pittsburgh.

(Copyright 1932, by NEA Service) The present season is ended, and with the important games of Saturday, Oct. 8, the football season may be said to be well under way. There are a score of major games in different sections. Here is my idea of how they will come out:

CHICAGO vs. YALE—Yale will be too strong for Chicago. The Yale team is a better team this year than it was in 1931.

UTAH vs. NEVADA—The odds seem to me greatly in favor of Utah.

## Punts—Passes

By The Associated Press

Providence — Springfield maybe been scheduled just to give the Brown variety some good practice for the big games to come but Bruins are going to split for the first time as if the game was a big one. They took on the gymnasts for an opening game in 1929 and came out on the short end of a 7-6 score.

NEWARK'S BEARS

## MILLERS DEFEATED BY NEWARK'S BEARS

International Champs Capture Little World Series In Sixth Game.

Minneapolis, Oct. 7.—(AP)—Newark's Bears sped homeward today with the 1932 Little World's Series honors among their memories and \$17,347.88 jingling in their pockets. A ninth inning home run was worth \$5,782.82 to players sharing in the 23-way split for it added that much to the winners' portion and defeated Minneapolis, American Association champions, 8-7, yesterday in the sixth game of the series. It was Newark's fourth victory. Marvin Owen, third baseman for the Bears made the home run drive with one on base.

## RULES ON FLYING TACKLE AND BLOCK

### Langford Explains Details of New Changes In His Second Article.

NOTE: This is second of series of four explanatory articles on the 1932 football rule changes, written especially for the Associated Press.

By WILLIAM S. LANGFORD, Sec'y National Football Rules Committee

New York, Oct. 7.—(AP)—Prohibition against the use of the flying tackle and the flying block was adopted for the protection of the tackler and blocker rather than the opponents whom they were trying to bring down.

The only change in the rule governing the use of hands and arms by players on defense is that which further restricts these players from striking above the shoulders with the palms of the hands.

## EAST SIDES PLAY PRELIM ON SUNDAY

### Meet Oriole A. C. At Nebo, Before Red Men-Windsor Locks Game.

The newly organized East Side team, coached by Squatrito and Salmond, will play the Oriole A. C. of North Manchester in the preliminary game to the Red Men A. C. Windsor Locks game, Sunday. The game will start at 1 o'clock.

## SEVERAL BIG GAMES IN EAST TOMORROW

### Yale-Chicago Battle Is High Spot; Columbia-Princeton, Bucknell-Fordham Clashes of Interest.

New York, Oct. 7.—(AP)—The eastern football season takes its final steps through the warm-up section of the 1932 campaign tomorrow and a few teams go beyond into the region of "big" games.

One of tonight's games is an intercollegiate affair which sends Washington and Jeff into the mid-west to face the strong University of Detroit eleven. In the other, Temple Owls take on the twice beaten West Virginia Mountaineers.

Chicago, Oct. 7.—(AP)—A mowmy flatched old warrior in his "dangerous seventies" packed his suitcase yesterday, winked mischievously at his cronies and set out for the greatest adventure of his career.

## RETURNS TO SCENE OF PAST TRIUMPHS

### Chicago's Stag Comes Back To Yale After 34 Years For Game Tomorrow.

It was Amos Alonzo Stag bound for New Haven, Conn., and a football tussle with his Alma Mater of 45 long years. Yale, with him was perhaps his best University of Chicago football team since 1924, a squad of 31 hustling huskies.

## SOCCER PRACTICE

The Manchester Soccer Club will hold a practice and training session at the West Side Rec at 7 o'clock tonight, and all players are asked to report. The selection committee will also meet at this time.

## SCHOOL BOARD PUTS OFF BUDGET ACTION

### To Give More Extensive Study To Subject—Howell Cheney Named Chairman.

Manchester's newly elected Board of Education, which for the first time has jurisdiction over all public schools here, convened in an organization session last night at the high school building, elected Howell Cheney as chairman and then devoted an hour and a half to discussing the \$38,300 reduction in the school appropriation which was voted at the recent annual town meeting. The board was unable to reach an agreement on such an important problem in so short a time and tabled the matter for a more extensive study.

#### Major Problem

The board felt that any attempt to take action without first making a careful study of all angles would be very unwise. It was the board's first get-together and the problem at hand is a major one. Therefore it was finally decided to devote more

time to consideration of the matter. The board will meet again next Thursday evening and the same problem will again be discussed but whether or not any action will be taken at that time is not at all certain. In brief, the board does not want to take any steps until it is sure the steps are in the right direction. It was made plain that the board does not want to take an action which might seriously injure the educational advantages of Manchester school children.

The board's discussion of the appropriation problem was held in an executive session and it was stated afterward by the official spokesman that the board had not decided whether or not it was even advisable to make a \$38,000 reduction. It was pointed out that the appropriation had already been reduced \$92,000 of which most was in teachers' salaries. Their cut had been the general equivalent of 15 per cent. Any further reduction in teachers' pay, it was pointed out, would be an imposition of hardships in many instances.

**Other Possibilities**  
As the Board of Education strove to solve the perplexing problem, some of the changes which it considered as a possible means of further curtailment of school costs were: 1. The discontinuation of all kindergartens; 2. The discontinuation of physical education; 3. Removing sewing and cooking from the curriculum; 4. The placing of more children into each room and thus making possible the dropping of a few teachers at the risk of a lower quality of education per child; 5. The closing of some of the smaller schools in the outlying districts and transporting the pupils to the larger schools; and 6. A further reduction of teachers' salaries which have already been cut 15 per cent.

Howell Cheney, member of the firm of Cheney Brothers, and a man who has been actively connected with the supervision and operation of Ninth District schools in Manchester for more than 25 years, was elected chairman of the Board of Education without opposition. His

name was placed in nomination by Selectman Thomas J. Rogers and was seconded by Edward J. Murphy. The new board replaces the three school boards which previously directed the public schools in town. Mr. Cheney had been a member of two of these boards.

**Murphy Clerk**  
There were three nominations for clerk of the board—an office which doesn't necessarily have to be filled by a member of the board. Edward J. Murphy was elected. He received five votes, John H. Hyde two and Thomas J. Rogers one. Mr. Murphy

present. The board consists of Howell Cheney, Mrs. Andrew J. Healey, R. LaMotte Russell, Harold C. Alford, Edward J. Murphy, William E. Buckley, Mrs. Lillian S. Bowers, John H. Hyde and Thomas J. Rogers.

**MARKET MANAGER**  
**WED IN WESTFIELD**  
James Bruno Takes Miss Eva Ambrose As His Bride—Now Antoinette in Berkshires.

James F. Bruno, 24, of Bissell street, manager of the Popular Market located at 855 Main street, married Miss Eva Ambrose, formerly of Center street but now of North Elm street in Westfield, Mass., on Monday.

The marriage took place in the Catholic church at Westfield followed by a reception at the bride's home in the afternoon at which there were refreshments and dancing for the guests. Mr. and Mrs. Bruno are now on a honeymoon trip in the Berkshires.

Mr. and Mrs. Bruno will reside on James street in Hartford upon their return. Mr. Bruno has been in charge of the Popular Market here for a year and previously worked in New Jersey and served as assistant manager at several Atlantic and Pacific stores. Guests from Connecticut, Massachusetts and New Jersey were present at the wedding.

**MINERS RESUME WORK**  
Terre Haute, Ind., Oct. 7.—(AP)—More than 3,300 miners in Indiana's union coal shafts tomorrow will have their first pay since signing of a new wage agreement. The mines had been idle since the old agreement expired last March 31.

The total payroll, including wages of 2,200 non-union miners and 1,500 strip miners who have been employed steadily was estimated by mine officers to total \$500,000.

**STORM WRECKS SHIP**  
Greenwich, Oct. 7.—(AP)—A 30-foot auxiliary yawl owned by a man named Harris, from Jersey City, N. J., broke loose from its moorings during yesterday's storm and crashed against a beach wall. The craft was virtually wrecked, members of the Indian Hill Yacht Club reported today.

**Re-Name Verplanck**  
R. LaMotte Russell, nominated Fred A. Verplanck, incumbent, for one year but when Chairman Cheney explained that the board had power to appoint for one, two or three years, he changed his motion to three years. It was Mr. Russell's opinion that such an appointment might help the superintendent in accomplishing certain schemes or systems which he might inaugurate. "One's enough for me", Supt. Verplanck declared. At this point the board went into executive session and decided to elect Supt. Verplanck at his present salary for a one year term.

No changes were made in any of the appointments which had been made by Supt. Verplanck upon the authorization of the previous committees which had run the town's school affairs. Clarence Wetherell and former superintendent A. F. Howes are retained as school superintendents; Edward C. Elliott, Jr., as attendance officer; Dr. N. A. Burr and Dr. LeVerne Holmes as school physicians and all of the members of the present school faculty. The matter of naming a committee on evening schools was passed in view of the permission of the State Board of Education for a temporary discontinuation of evening schools in Manchester.

**To Draw Up Rules**  
The selection of a purchasing committee was tabled until a rules committee of three members proposed by W. E. Buckley has time to draft a simple form of rules and procedure. At this point Chairman Cheney brought up the \$300,000 school appropriation subject for discussion and the board voted to go into executive session again. At 10:30, an hour and a half later, the board voted to adjourn until next Thursday at the same time and place when the matter will be further discussed. All nine members of the board and Supt. Verplanck were

## HOW BUSINESS HERE HELPED THE JOBLESS

### Manchester Firms For the Most Part Employed More Than Actually Necessary.

The fact that business conditions could easily have been far worse except for action taken by the Republican administration as stated by President Hoover in his Des Moines address, is substantiated by statements given out by heads of Manchester business concerns who relate to The Herald today brief bits about what they have done toward relieving the unemployed.

**Kept Up Personnel**  
It was pointed out by many concerns that they have done all within their power to keep their employment personnel as high as possible in the face of reduced production and lower prices. In many instances the available work has been divided among as many as possible in order that some people will not have to bear all of the burden. Then, too, work has been given to the heads of the most needy families wherever possible. This has been true in the case of town employees and those who work in stores or offices as well as the mills.

The Manchester Trust Company has not reduced its number of employees during the past year but President R. LaMotte Russell said it was plain to him that many business concerns are retaining more help than they actually need under the present conditions.

**Cheney Policy**  
Howell Cheney, speaking for Cheney Brothers, said that it had been their policy to split up the work as much as possible in order to give employment to as many persons as possible. The weekly hour schedules as low as 36 have been split in two parts, thus giving a worker 18 hours a week and the same for another.

Whenever possible married women were not given work in cases where their husbands already had jobs. In some instances there are exceptions to this rule but in general it has been enforced. The silk firm has also endeavored to give employment to the most needy families in such cases as possible without lowering the efficiency of their work.

At Bon Ami Plant  
William W. Robertson of the Oxford Soap Company, which manufactures Bon Ami said that his plant had been fortunate in that practically all of its departments have been running on full schedule. The chief exception is the mechanical end which is running between two-thirds and three-quarters full time. Practically all of the help has been retained.

Scott H. Simon of the Carlyle Johnson Machine Company offered a new light when he said that conditions would be far better today had people known what was going to happen in 1930 ahead of time. As it was, he said, many unwise moves were made that year in the hope that conditions would soon change. In his opinion the business world is paying today for some of the mistakes of yesterday. Mr. Simon said that the policy of his company at present is to retain only the help actually necessary. Others are simply out of luck, he concluded.

**Short Schedules**  
Lawrence W. Case of Case Brothers' plant at Highland Park said that his company is doing all within its power to meet the needs of all concerned. "At the start of the depression we kept all of our employees but temporarily without work on a short time basis," Mr. Case stated. "This continued for quite a period but some time ago we were forced to make some curtailments and as a result some of our employees are temporarily without work. The men now employed are averaging from two to three days of work a week," Mr. Case concluded.

At The Herald  
The Manchester Herald is another example of the attempt to fight off the existing depression without reduction of help. General Manager Thomas Ferguson has not dropped a single employee except where plant rules were violated and does not intend to do so unless absolutely necessary. In cases of necessary discharge others have been hired for their places. The Herald's employee list has remained at 34 throughout the three years of depression.

There are many other business concerns in town, that, in some way or another have done their bits toward aiding a situation which at its best has been none too good. But with better times apparently approaching, there is a general feeling of optimism on all fronts.

The depression has proved one thing, anyway. A government doesn't have to be radical to finish its red.

## P. O. MOVING JOB TO BE REAL "CINCH"

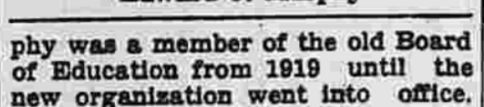

### Couple of Mail Sacks Will Nearly Hold All the Equipment That's To Be Moved.

When the time comes next January for the two local post offices to consolidate in the Federal building at the Center the job of moving into the new location will be much more simple than the average person probably realizes. No outside assistance will be required.

As a matter of fact it isn't much of an exaggeration to report that each department can almost chuck its supplies into a couple of mail sacks and truck them to the Center. All that has to be moved from the south end office, for example, are a few carriers' route cases, one small cancellation machine, some records, supplies and stamp stock.

All of the furnishings and fixings, such as desks, tables, chairs and even the lock boxes and safe are the property of the Mutual Realty Company, owners of the building. So, it is easily seen that the amount of equipment and supplies to be moved is surprisingly small. The situation at the north end office is practically the same, except for a few chairs which are post office property.

Postmaster Frank B. Crocker of the office at the south end is in receipt of orders to move into the new building as soon as it is ready for occupancy but the exact date will come through authorities at Washington. It is expected to be some time in the middle of January. If word comes to move on the 15th, a Saturday, the task will be easier than on a week day. But in either event the service will not be interrupted materially.

#### QUESTIONS AND ANSWERS (Cholecyctitis)

Question: Mrs. Verna J. writes: "I am just recovering from a mild attack of cholecyctitis and would like to know what is best for me to eat to prevent its return. Have you any literature on the subject?"

Answer: You have evidently mis-spelled the name of the disease, and I wonder if you mean "Cholecyctitis?" This is an inflammation of the gall-bladder and a fasting and dieting regimen should prove very beneficial. I have an article called "Stick Gall-Bladder" which I will be glad to send you upon receipt of a large self-addressed, stamped envelope. It will give you some very helpful information.

(Acetaphasia)

Question: M. asks: "Will you please explain what 'acetaphasia' means?"

Answer: The disorder you ask about is caused by an injury to the central nervous system and part of the brain is affected by either disease or the breaking of a blood vessel. Loss of speech results for varying lengths of time, depending upon the seriousness of the injury to the brain membranes.

(Carrotin)

Question: L. F. writes: "Recently you stated in the column that carrots eaten every day would give a yellowish tint to the complexion. About how many should be eaten, and should they be raw or cooked?"

Answer: The yellow coloring matter of carrots is called carrotin.

#### REPORT CABINET RESIGNS

Vienna, Oct. 7.—(AP)—Dispatches received here from Bucharest today said the Rumanian Cabinet of Premier Vaida Vocevod had resigned. The reports could not be confirmed here, however. Premier Vaida Vocevod arrived this morning at Romania where King Carol is participating in the Army maneuvers, to discuss the situation which has arisen over the refusal by the Cabinet to accept recommendations of the League of Nations financial committee.

It was believed in some quarters here, however, that a Cabinet resignation was inevitable and that the next government probably will be headed by Nicholas Titulescu.

WAR RISK INSURANCE BEFORE SUPREME COURT

Hartford, Oct. 7.—(AP)—The disposal of war risk insurance, payable by the month, remaining after the death of the insured, was before the Supreme Court of Errors this morning with Chief Justice William M. Maltbie presiding.

The case was that of Frank Montello, administrator, against Mary Felso, and others, New Haven county, an appeal of the decision from the Superior Court in Waterbury.

The case of the state of Connecticut against the Giant's Neck Land and Improvement Company, New London county, an appeal of the state from the Superior Court, was to be heard this afternoon.

The "guest law" pertaining to the carrying of persons in an automobile was before the court, in the case of Charles H. Russell against Lydia Parlee, Hartford county. The case arose from an automobile accident in which Russell was injured.

Other cases heard were: Felix Kalinick against the Collins Company and others, Hartford county, claimant's appeal from the compensation commissioner.

Stanley Witkowski against Stanley Goldberg, New Haven county, defendant's appeal from Superior Court.

The case of Peter Kulkanski, and others, against Stanley Maskelunis, New Haven county, was withdrawn.

RESTAURANT BOBBED

East Hampton, Oct. 7.—(AP)—Three men armed with pistols entered a restaurant last night and robbed Peter Polous, the owner and Gus James, his helper, of \$5.

Police said they had no clues as to the identity of the bandits, who fled in an automobile.

Wall Street Briefs

New York, Oct. 7.—Business failures in September dropped nearly 20 percent from August.

Heavy engineering construction contracts reported for last week totaled \$27,100,000.

Higher farm commodity prices, ideal fall buying weather and less aggressive sales policies.

The number of holders of United States Steel Common continued to increase in the three months ended September 30.

The skeleton of a woman believed to have been slain 20 or more years ago was dug up today on the farm of Victor Johnson.

St. Michaels, Md., Oct. 7.—(AP)—Dipping into Miles river near here, George H. Barnes, inspector for the state conservation department.

The body bore no clues by which it might be identified, and old residents of Woodstock were unable to recall any disappearances.

Physicists said they found indications of a fractured skull 1.645 feet below surface while digging a trench.

Four railroads merged the other day. That means a four-way split on that lonely passenger's fare.

RELIGIOUS ISSUE AGAIN BROUGHT UP

Farley Says Republicans Are Using It From Different Angle This Fall.

Providence, R. I., Oct. 7.—(AP)—Charging Republican National leaders with "conducting a campaign for the revival of the religious issue," Democratic National Chairman James A. Farley declared today.

"Four years ago," said Mr. Farley, "Rhode Island, like its neighboring state of Massachusetts swung into the Democratic column behind that great statesman, that peerless Democrat, Alfred E. Smith."

"The answer is that the Republic can leaders this time are endeavoring to capitalize exactly the same issues that they failed with here in 1928.

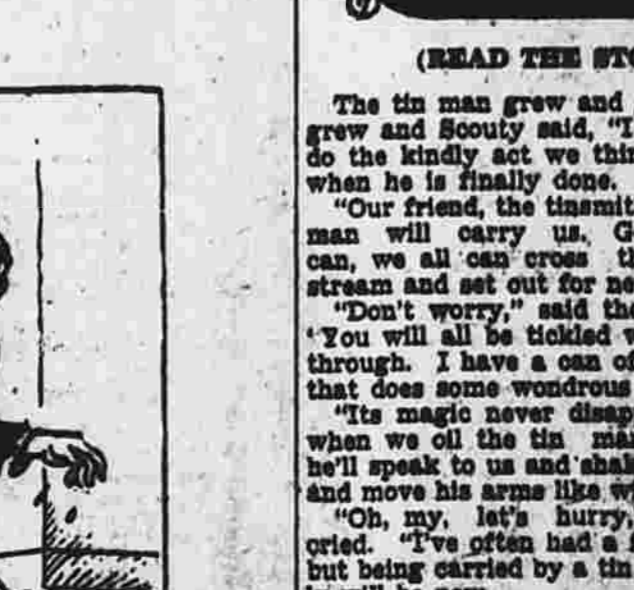

Republicans counting upon disunity in the Democratic party, he said had been bitterly disappointed by the results of the New York convention.

"I think I am quite safe in telling you that Mr. Hoover's supporters have practically given up hope in the west," said Chairman Farley.

Reports reaching here today said six inches of snow has fallen in the Great Smoky mountains National Park.

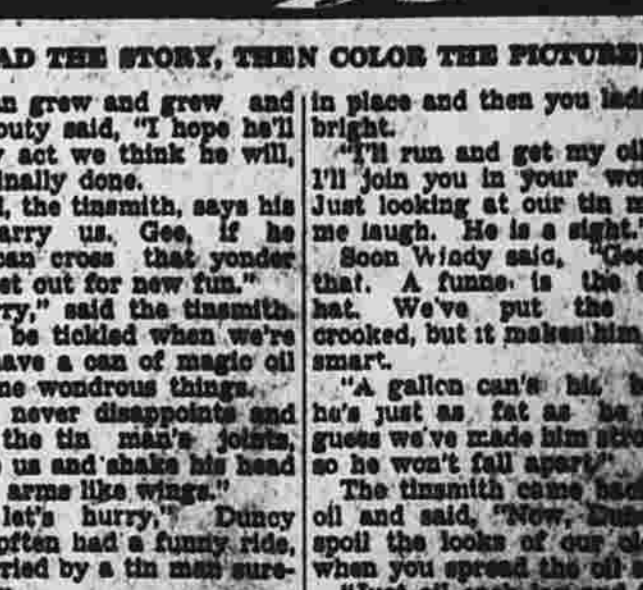

On the higher peaks it fell to a greater depth. Knoxville, Tenn., Oct. 7.—(AP)—

On the higher peaks it fell to a greater depth. Knoxville, Tenn., Oct. 7.—(AP)—

# SENSE AND NONSENSE

That "the early bird catches the worm," is something we've often been taught. And yet we may state, if the worm has slept late, it surely would not have been caught.

**Jasper**—You say you are going to marry a woman worth \$100,000, and you try to make me believe it's a love match?

**Casper**—It certainly is—I love money.

**Isn't It Funny That Temptation Always Get A Quicker Response Than Opportunity When It Knocks At The Door?**

**Harold**—Let's see, you're an optimist, aren't you?

**Gerald**—Somewhat. I believe the world is getting better every day, but I am not so sure about the nights.

A mob is always worse than its individual members, which probably explains some of the acts of congress.

**She**—Aren't you a little worried about your affairs back home, John? Are you sure that new clerk you hired is trustworthy?

**He**—Pshaw, Annabella! I ain't in the least worried about him. I always know what he is going to do next.

**She**—And what's that?

**He**—Nothing.

**It's A Modern Marriage, If He Begins Paying Alimony Before The Last Installment On The Engagement Ring Is Paid.**

**Bank Cashier**—This check has your husband's name signed to it, but he has not filled in the amount wanted.

**Mrs. New Bride**—Oh, that's all right. You just fill it in and give me all that he has to his credit.

Asked for a definition of the word "rattle," a youth said: "Well, it would be something like trying to pick up a flea with a pair of boxing gloves."

**Hubby**—What in the world do you call that? A vase or a bowl or what?

**Wife**—I don't know. The salesman just called it a bridge prize.

**THINGS I'LL NEVER UNDERSTAND:** Why anyone rides in a rumber seat. . . Why they call them "permanent waves". . . What a woman driver means when she holds out her hand. . . How a centipede keeps its feet from getting tangled up. . . The short terms

they give the big robbers and the long terms they hand the little guys. . . Grand opera. . . time tables. . . Greek waiters. . . Chinese laundry marks. . . College cheer leaders. . . Musical terms. . . How sailors get into those tight pants. . . How they get out of them. . . The Anti-Saloon League. . . Screen grid tubes. . . And women.

Do you know the difference between a woman and a telephone? No. Well, both repeat what they hear, but the telephone repeats it exactly, as it hears it.

**Barker (at the fair)**—Now, ladies and gentlemen, I've sold this tonic for 25 years, and never once heard a word of complaint. What does that prove?

**Skeptical Listener**—That dead men tell no tales.

Before they were married he whispered to her: "Were I drowning in the middle of the Atlantic Ocean—going down for the third time—you would be the last person I would think of." It made her feel very happy. After they had been married several years, he made the same speech.

It didn't seem to have the same meaning then. Besides she didn't like the way he said it. So she hit him with a plate.

July 30 of the members of Manchester Grange attended the "All-Manchester" program at Coventry Grange last night, the feature being the three-act comedy, "Efficient Aunt Em" presented for the first time by the cast of nine from Manchester Grange. Music between acts was furnished by Miss Ruth Wickham and Miss Marjorie Klesman, pianists; Walter Joyner, cellist, and Miss Grace Bowyer, pianist. The committee from Coventry Grange served fruit salad, cake and coffee.

The Community Players will have a rehearsal this evening at the Y. M. C. A. of "It Pays to Advertise," the three-act comedy they are now busy at work upon, and on Sunday afternoon the first rehearsal will take place at three o'clock at the Whitton Memorial auditorium. Organized last spring, they presented two plays with marked success, and assisted the Lions Club in a revue for its Milk Fund. They also donated \$50 to the work of the Y. M. C. A. and have given generously of their time and talents without thought of personal gain. The first play this season of the Community Players will be presented Wednesday evening, October 13, at the Whitton Memorial auditorium, and the proceeds will largely be expended in scenery and stage properties of a permanent nature for use in future productions.

The Young Peoples society of the Zion Lutheran church on Cooper street will meet this evening at 8 o'clock, following the regular choir rehearsal at 7 o'clock.
