## HINT AT DECREASE IN WATER CO. PRICE

New Figure Must Be Approved By Cheney Directors Before Made Public.

At a meeting of the Board of Selectmen's committee on the purchase of the Cheney Brothers utility company, held yesterday afternoon at the Cheney Brothers main office, a new price for the South Manchester Water Company and the South Manchester Sanitary and Sewer District was given the town, contingent upon the approval of the Board of Directors of Cheney Brothers, a meeting of which will be held Monday. The new figure was not made public. In view of the latest developments in the utilities matter, it has been definitely decided that no action will be taken in this connection at the adjourned annual town meeting. The proposal has been given continual study by the special committee and the full Board of Selectmen since the Bennett and Terry appraisal was delivered to them six weeks ago.

Since the town meeting was given the Selectmen, a review of the figures by Cheney Brothers officials has been made, and it is understood that the new price is somewhat lower than the \$1,300,000 asked by the company. The Selectmen are planning for open meeting at which time the voters will be given the entire facts and figures in the proposed purchase plan.

## THEATERS AT THE STATE

George O'Brien and Maureen O'Sullivan in Zane Grey's "Robbers' Roost", and Nancy Carroll and John Boles in "Child of Manhattan" are the feature attractions at the State tonight and Saturday. "How romance" brings about a change of heart in a would-be catfish rustler forms the theme of Brooke Grey's "Robbers' Roost". The story is based on actual fact; real happenings that took place in the South-west, and Zane Grey built one of his best stories around them. George O'Brien portrays the leading character in the story in a manner that surpasses any of his previous screen efforts. Maureen O'Sullivan, the heroine of "Tarzan", also adds new laurels to her screen fame.

"Child of Manhattan" is the dramatic story of the life and loves of a beautiful New York girl dancer. Nancy Carroll is seen in the title role and she has John Boles opposite in the principal male lead. Miss Carroll is seen to excellent advantage and John Boles was never better. Excellent support is given the two stars by a cast which includes: Buck Jones, former well known western star; Tyler Brooks, Nat Fendleton and Clara Brandick. A new serial, "The Lost Special", a railroad story, will start Saturday. This serial will be shown on Saturday only for twelve weeks.

A smashing double feature program will be shown at the State tonight, Monday and Tuesday. Ronald Colman and Kay Francis in "Cynara", and Joan Bennett and Spencer Tracy in "Me and My Gal" make up the program. "Cynara" is an intensely dramatic picture that leaves little to be desired in the way of good story excellently acted and flawlessly directed. "Me and My Gal" is just the opposite in type of story. It is a rollicking comedy, with Spencer Tracy at his wis-

## LOCAL 'DRYS' ATTEND ASSEMBLY HEARING

W. C. T. U. and Various Church Organizations Represented in Session Yesterday.

Many Manchester supporters of prohibition were among the gallery which listened to the debate between wet and dry leaders before the Judiciary Committee of the Legislature yesterday afternoon in Hartford. Among them were Mrs. George H. Wilcox, former president of the W. C. T. U. here, Mrs. William Rush, Mrs. Ruth Watkins, Mrs. Leon Fogel, Mrs. George Morrow, Miss Ruth Wicks and Mrs. Robert Burr.

There were also probably many others who went unobserved. Altogether, there were several hundred people, mostly supporters of the prohibition cause, present for the hearing. Many were unable to gain admittance. Mrs. Wilcox said that about 1,000 drys signed slips. The dry representatives wore white ribbons with the motto, "Obeyance Not Repeal." They applauded loudly at every opportunity when statements were made to their liking.

Seven bills were up for preliminary hearing before the Judiciary Committee but the one that was chiefly interested in was one intended to repeal the state enforcement act. The Manchester people present represented not only the W. C. T. U., but also several church organizations. Mrs. J. Leslie Harty, president of the W. C. T. U. here, was unable to be present as were Mr. and Mrs. C. F. Quinsky, Eugene Traiber, president of the Brewers Union in New Haven, came in for several hours and listening as he attempted to testify. He retorted: "Only ignorant people act this way. Probably a good glass of beer would do some of them good."

A little later he said he was born and brought up in the beverage business and asked the gallery if he looked like a drunkard. "Yes," shouted the prohibition advocates much to his surprise.

## CONNOLLY'S MISSION STIRS FREE STATE

### Irish Wonder If Senator Is Trying To Float a New Loan In America.

Dublin, Irish Free State, Feb. 24.—(AP)—Silence of the government regarding Senator Joseph Connolly's mission to the United States, popularly connected with flotation of a loan in New York, has aroused widespread interest among citizens of the Irish Free State.

Senator Connolly, newly installed minister of lands, arrived in New York February 17, ostensibly to arrange only for repayment of a loan by Americans to the Irish Republic proclaimed in 1916 by President Eamon de Valera.

Mr. De Valera, who was born in New York, went to America in 1920. He lectured in several of American cities, collecting \$10,000,000 for the Irish Republic.

Only half the money had been used when the Anglo-Irish treaty was signed. Litigation which eventually ended in the New York Supreme Court produced an order that the unexpended balance of the money be refunded to the subscribers.

Valera's Promise

For each dollar subscribed De Valera's government proposes to repay \$1.25 either in stock or cash. Payment of \$10 and \$25 bond certificates will be completely in cash and on bond certificates from \$30 upwards will be in stock. The stock will be in Irish Free State government securities at 3 1/2 per cent per annum, not subject to Free State Tax, payable yearly and redeemable in five years.

Speculation has been aroused in the Free State by the dispatch of a government minister in connection with repayment and well-informed

observers say that De Valera intends making an effort to recapture some of the money for the Free State by floating another loan.

## GENERAL ASSEMBLY ACTS ON REPEAL MACHINERY

(Continued From Page One)

minority representation on boards of county commissioners, reported unfavorably by the judiciary committee, was tabled.

A bill providing centralized purchasing of state supplies was rejected after being unfavorably reported by the judiciary committee. Others rejected included a measure amending the statutes regarding suits against the highway commissioner in the seizure of land for highways, providing for retirement of disabled state employees who have served 20 years at half pay and giving the governor power to nominate all judges.

## IN THE HOUSE

Hartford, Feb. 24.—(AP)—The House today refused to entertain bills providing for centralized buying of supplies and equipment for state institutions and agencies.

Despite protests from the Democratic side the bills were rejected.

Committee spokesmen declared that the present system of individual buying was considered as best fitted to the needs of the state. Representative R. J. Wameter of Middletown, led the unsuccessful fight for adoption of the bills, claiming that great savings would be effected.

One judgeship resolution was favorably reported by the judiciary committee. It was that of Frederick Schofield as judge of the town court of Waterford.

A committee of conference, was named to meet on the disagreeing action of the two Houses on the Danbury Traffic Court bill.

The Senate accepted the committee's report and rejected the bill which would abolish the Traffic Court, while the Senate rejected the report and passed the bill. Majority Leader Raymond E. Baldwin and

Representative Radford of Greenwich, were named to meet with a Senate committee and instructed to adhere to the former action of the House.

The name of the Connecticut Agricultural College was changed to the Connecticut State College under the provisions of a bill passed under suspension of the rules. The bill was passed in the Senate yesterday.

A measure providing for bi-party representation on county boards of commissioners was rejected by the House, with the Democratic representatives voting for its passage.

Twelve judgeship resolutions were received from the Senate and tabled for printing in the calendar.

Favorable reports were received on two West Haven bills, one changing the town into six voting districts instead of the present three, and the other eliminating the to-be-made lists.

The pension plan for National Guardsmen who have served more than 30 years was unfavorably reported by the military affairs committee and rejected.

## FOUR MEN KILLED IN GERMAN RIOT

### Many Injured As Result of Fights Over Politics In Various Communities.

Berlin, Feb. 24.—(AP)—Four more persons were dead and many others injured today as the result of political rioting in various cities of the Reich.

A Reichsbanner man at Leipzig and a policeman at Dortmund were slain yesterday and two opponents of Hitler died in Berlin and Hanover from previous injuries.

A leftist source told the Associated Press that leading Communists feared they would be seized any moment by the government as hostages and that they no longer dared to return to their homes. They were reported changing their sleeping quarters every night.

At Dortmund police banned all Communist meetings following continued disorders. Many persons were injured in rioting in the Silesian cities of Breslau and Hindenburg when Nazis stormed Socialist meetings.

order to gain Republican support for certain appointments.

Spellacy sent Bergin a letter yesterday challenging him to repeat word for word, the speech he made in the Senate at some point where his remarks would not be privileged.

## ANSWER TOMORROW

Hartford, Feb. 24.—(AP)—After a conference with Senator David Goldstein and Dr. Edward G. Dolan, Senator Frank S. Bergin said today he would withhold until tomorrow a reply to the letter of Thomas J. Spellacy asking him to repeat outside the Senate the speech in which he called Spellacy the "perennial betrayer of the Democratic Party."

Bergin said he would issue a statement from his office in New Haven.

## PROSPECTS BRIGHT FOR MINOR LEAGUE

### Yankees Lead Move To Establish Baseball Circuit In Eastern Cities.

New York, Feb. 24.—(AP)—Minor league baseball's prospects for 1933 have taken a decided turn for the better, in the east at least. Plans now are underway looking toward reorganization of the Eastern League, rehabilitation of the Middle Atlantic circuit, and revival of the old New England league.

The New York Yankees, through George Weiss, generalissimo of their minor league interests, are associated with sponsors of two of these movements. They are prepared to operate a franchise in Springfield, Mass., if the Eastern League reorganizes, and would like to establish a new "farm" at Wheeling, W. Va., in the event that the Middle Atlantic circuit solves its problems and decides to operate during the coming season.

Claude B. Davidson of Boston has been the moving spirit in attempts to revive the New England league, a small-town circuit which folded up a couple of years ago. Weiss revealed that the Eastern League, if revived, probably would operate on a much more compact scale than formerly when Richmond and Norfolk in Virginia, and Allentown in Pennsylvania, held memberships. Plans now are for franchises in Springfield, Hartford, Worcester, Providence, New Haven, Bridgeport and possibly Pittsfield and Waterbury.

"What we want," Weiss said, "is a league where each hop is a bus ride."

Definite decision with regard to the Wheeling project, he said, may be reached when the Middle Atlantic League meets there on Sunday. Two days later, Weiss, as vice-president of the Binghamton, N. Y. club will meet with directors of the New York-Pennsylvania League at Williamsport Pa., to decide whether or not the league shall be raised from a class "B" to a class "A" rating. Authority for the change has been granted by the National Association of Professional Baseball Leagues.

Weiss favors the change since it will permit a maximum salary limit of \$4,250 per month as compared with \$2,000 for class "B" leagues. "At our last meeting, several clubs voted in favor of a \$3,000 limit and I am hopeful we can get together on something like that."

True, Chancellor Hitler's cabinet has a grave responsibility—but think of his barber!

## FAMOUS ATTORNEY DIES IN NEW YORK

### (Continued From Page One)

He was a representative of New Mexico on the Colorado River Commission in 1921-22 and was counsel for the United States on the St. Lawrence Waterways Commission in 1923.

He left the Department of Commerce in 1927 and served as director of the joint committee of National Utility Associations until last year.

The faculty of law of Northwestern University awarded him the Litchium Foundation prize for his book on "The Law of Radio Communication," published in 1927.

Besides his widow, he is survived by a son, Stephen E., Jr., of Las Vegas, New Mexico; two daughters, Mrs. Ferdinand L. Bailey of Sewickley, Pa., and Mrs. Neal Brown, of Las Vegas, and a sister, Mrs. Henri de Magnin, of Bronxville, N. Y. The body will be sent to Las Vegas for burial.

### Recreation Center Items of Interest

The largest number of people to attend the popular community dances conducted at the East Side

Recreation Center since they were started turned out for last night's dance. There were over 400 paid admissions. Doyle's Brown Derby, that popular Danceland band of Hartford, made a tremendous hit with many extra features, singing, special lighting for musical instruments,

and peppy rhythm. Also on the evening's program was Betty Donovan, the Girl Trombonist whose ability as a finished musician was applauded.

There are just as many men making their mark today as ever—but they're using red ink.

### FIVE CENTS A DAY THIS CAMP'S WAGES

#### Hundreds of College Men and Mechanics Glad To Get Food and Lodging in South

Jacksonville, Fla., Feb. 24.—(AP)—Skilled workmen—some of them college graduates and specialists in highly technical lines—are working at Camp Pose: nest here for a nickel a day and their keep to beat the depression "trap."

On this 1,000 acre tract where 40,000 men trained during the World War and where the National Guard several states hold summer maneuvers, Jacksonville is in a large measure, taking care of its transient, employed with funds from the Reconstruction Finance Corporation.

And the men—400 or 500 strong over since the camp opened nearly three months ago—are happy. That is, those who have been there for a time. They come in feeling pretty low. Jobs are scarce where they have been and the winter has been bitter cold.

Their work largely is confined to improvements at the camp. Trained electricians are rewiring the entire tract. There is a fire department, voluntarily organized, which has repaired an old army fire wagon of the 1918 vintage.

**Exterminating Bugs**  
An experienced entomologist has been busy working on shrubbery, exterminating bugs and insects and practicing tree surgery of some of the moss-covered, gigantic oaks along the picturesque banks of the St. Johns river. The head cook is a native of Holland formerly was a colonel in the Mexican Army.

In command of the camp is T. E. Besselleu, a former officer in the American Army who was wounded in France. His lieutenant is an old cavalry sergeant who also was a World War officer and saw service in France.

Eighteen per cent of the men at camp are ex-service men and a military air prevails in the self-government there.

Of the more than 700 men who have passed through the camp since its inception a few months ago, only three have been illiterate. There is no room here for "hoboes" or professional panhandlers and radicals are willing to carry their share of the load or who try to stir up dissension are quickly excluded.

From 17 to 70, victims of the economic unrest. All of them are single or unmarried.

When the men make application for admission they are asked few questions—their names, residence and former occupations. They are given rigid physical examinations on admission.

When their clothes or shoes wear out they are supplied with new ones and they may call them their own if they stay a month. Most of the shoes are furnished by the Red Cross. The Salvation Army collects the men here and transports them to the camp in trucks. Out of the nickel a day wages the men pooled enough to equip a pressing shop and barber shop. The nickel however usually goes for postage. One thing that has helped many of the campers to obtain jobs has been the fact that they have a permanent address—that is, permanent enough to allow them to exchange mail with prospective employers.

### Weddings

**Plank-Bell**  
Miss Margaret Bell, daughter of Mr. and Mrs. Isaac Bell of 19 Newman street, was married last evening to William LeRoy Plank, son of Mr. and Mrs. Samuel W. Plank of Hebron avenue, Addison. The ceremony was performed at the home of the bride's parents at 7:30 by the Rev. Harris B. Anthony, pastor of the Church of the Nazarene. The single ring service was used. Miss Evelyn Johnston, a close friend of the bride, was bridesmaid, and Victor Adamson, best man. The bride who was given in marriage by her father wore a gown of light blue flat crepe with accessories to match, and shoulder bouquet of pink roses and sweet peas. The bridesmaid's gown was of aquamarine blue silk crepe with matching accessories and shoulder spray of yellow roses.

The ceremony was followed by a reception for 50 guests from this and other towns. The decorations of the hall home were in pink and white streamers and pink and white out flowers.

Mr. and Mrs. Plank left later in the evening for a wedding trip to New York City, the bride wearing a traveling ensemble in navy blue. On their return they will make their home for the present with the bride's parents. Mrs. Bell was formerly employed in Cheney Brothers' cravat department and Mr. Plank is employed in the laboratory of the Hockanum Mills of Rockville.

**FIRE IN MORGAN HOUSE**  
Watford, England, Feb. 24.—(AP)—A fire at J. P. Morgan's country residence, Wall Hall, at Aldenham, caused considerable damage to the servants' quarters today.

The glass fell inside and one woman passenger, who left the car before it reached the Manchester line, was out.

## NEW FORD V-8 PUT ON DISPLAY HERE

**Big Crowd Sees Car At Local Dealer's Rooms At 1069 Main Street.**

A steady stream of visitors viewed the new Ford V-8 cylinder 112-inch wheelbase motor car when one was put on display today at the showrooms of the Manchester Motor Sales, Ford dealers, at 1069 Main street. Throughout the day the crowds about the car showed unusual interest in the new bodies and their appointments. The new Ford is the most powerful ever built. Fourteen body types are available, including both standard and Deluxe types of the Roadster, Phaeton, Coupe, Tudor and Fordor Sedans. The Cabriolet and Victoria are exclusive Deluxe types.

**Flowing Streamlines**  
The new Ford bodies are characterized by a new and distinctively modern note, with flowing streamlines. The front and ensemble of sloping Vee Radiator grille, new skinned fenders, newly designed lamps, horn and bumpers, is most attractive. The windshield has a 20-degree slope. A wide choice of body colors is available. Colored wheels are optional on the Deluxe types.

**Bodies are of all-steel construction and therefore sturdy, strong and safe. Many of the joints are by electric welding. Body interiors are exceptionally roomy, the bodies being materially wider and almost a foot longer than formerly. Seats are wide and deeply-cushioned. Front seats in closed cars are adjustable. A choice of broadcloth or mohair upholstery is used in the standard body types; broadcloth, mohair and beford cord in the Deluxe models.**

**Convenience**  
The interiors reveal a number of convenience features. The instrument panel is directly in front of the driver with a roomy package compartment at the right. The co-incident ignition and steering lock is located on the steering column bracket. The doors are unusually wide, allowing easy access to the seats. Doors on all closed models may be locked from the inside. A single key operates both co-incident lock and door locks. On all Deluxe models a concealed ash receiver is located in the center of the instrument board with a cigar lighter just above it. The Deluxe Tudor and Fordor sedans and Victoria are also provided with an ash tray in the rear compartment.

**Safety Glass**  
Safety glass is used in the windshields of all body types and in the rear windows of cars with rumble seats. Deluxe body types are fitted with safety glass throughout, while standard body types may be similarly equipped upon special order. All closed cars are fitted with dome lights while the Deluxe body types have cow light and rear compartment arm rests. The Tudor and Fordor sedans and Victoria have a convenient radio available. All Deluxe cars are equipped with twin matched horns and two tail lights.

Through achievement of Ford engineers, the two cylinder blocks and crankcase are cast in a single

## GRAND JURY PROBE OF KIDNAPING ON

Denver, Feb. 24.—(AP)—A new investigation, this time by a County Grand Jury, was under way as the twelfth day passed since the kidnaping for \$60,000 ransom of Charles Boettcher, 2nd, son of a Colorado millionaire family.

The Grand Jury investigation was ordered by District Attorney Earl Wettengel after a conference with Claude K. Boettcher, multi-millionaire father of the missing man, at the close of a day in which more clues in the case were investigated and labeled worthless and the elder Boettcher had issued an ultimatum to the kidnapers.

In a statement through the press Boettcher said: "Return my son unharmed and I guarantee to deliver \$60,000 ransom to you." But he warned the abductors that if the 31-year-old son was not safe at home by midnight next Saturday, all previous offers would be withdrawn and he would proceed with "such action as may then seem advisable."

Police Chief Albert T. Clark was the only witness summoned by the Grand Jury last night. He was in the jury room only eight minutes. District Attorney Earl Wettengel refused to disclose his future plans but indicated other witnesses, including the kidnap victim's father would be summoned.

## SON OF COLORADO MILLIONAIRE HAS BEEN MISSING NOW FOR TWELVE DAYS.

**Houdaille Absorbers**  
The wheels are 17 inches in diameter and of the Ford welded steel spoke type. Tires are of 5.50 inches section. The frame is cushioned by transverse cantilevers and a straight radial roller bearing at the rear. This design permits maintaining permanent alignment of the pinion with the ring gear under all driving conditions and results in extremely quiet axle operation.

## EDUCATIONAL PICTURES AT NORTH END CHURCH

Travel Reels on Program To Be Presented At 2d Congregational Church Tomorrow.

Rev. F. C. Allen of the Second Congregational church has arranged a special program of educational pictures, to be shown at the church tomorrow afternoon at 4 o'clock, which will be of interest to both children and parents. One reel deals with sugar cane and illustrates the different operations of harvesting to the finished product. Another picture a steamer trip on the broad St. Lawrence, with views of Montreal and other places of interest. There are three additional reels, giving a variety of entertainment at a nominal admission fee.

Sunday morning Rev. Allen will preach a sermon of special appeal to the young people of the community. It is expected the Christian Endeavor members will attend in a body, and a cordial invitation is extended to all young people who are not members of that society. The volunteer choir will provide music.

## ANNOUNCE ENGAGEMENT

Mr. and Mrs. George Minor of 270 Oak street announce the engagement of their daughter, Miss Barbara G. Minor, to Daniel Blesso, son of Mr. and Mrs. Nocco Blesso of Hartford.

## "HAD CONSTIPATION SINCE BIRTH OF MY FIRST CHILD"

Then Mrs. King Discovered ALL-BRAN

We quote from her voluntary letter:  
"I have suffered from terrible constipation since the birth of my first child—9 years ago! I have tried everything and nothing had any lasting results. Very recently I tried your 'ALL-BRAN' with no faith in it at all. Much to my surprise, I have not had to take any medicine since starting to use ALL-BRAN, 8 months ago."—Mrs. Doris Eyrig King, 16 Abbey Road, Oxford, England.

Laboratory tests show ALL-BRAN contains two things which overcome constipation: "Bulk" to exercise the intestines; vitamin B to help tone the intestinal tract.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. Inside the body, it forms a soft mass, which gently clears the intestines of wastes.

Certainly this is more natural than taking patent medicines—often harmful. Two tablespoons daily are usually sufficient. If not relieved this way, see your doctor.

ALL-BRAN also supplies iron for the blood. At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

"Hey, Lady Bug, come over here. Now, don't be frightened. Come right near," exclaimed the friendly cricket cop. "These lads are friends of mine."
"You should be glad to shake their hands. They're visitors in Big Bug Land. I'm trying to treat them right, so they will think this place is fine."
Old Lady Bug then snapped her wings and said, "I know lots of things. I'm smart enough to tell when little lads are quite all right."
"Some lads will always pester me, but not these boys. I plainly see that they are kind. That's why I will not fly right out of sight."
Then Scouty said, "We think that you are pretty, with that brilliant hue upon your back. I just love red and so do all the rest."
"O, thank you, sir," the bug replied, as it walked up to Scouty's side. "I'm glad you like my looks. I always try to be my best."
"Hey, don't you lads all come with me. There are a lot of things to see. I'll gladly show you 'round this place. It will not take us long."
"Say! That is a good plan for today. Just follow Mrs. Lady Bug and nothing will go wrong."
And then the funny cricket cop quite suddenly began to giggle. "See you lads, lads." It said, "I'm all the fun you can see."
"O, yes, I have some more to do. The Lady Bug will see for you. She'll think of some arrangement that you lads can see."
It wasn't very long until the Tinywits all got a thrill. An old granddaddy longlegs rushed up to them, with a shout.
"Hey, Lady Bug, you're a beauty. I've seen you before. You'd better come and try to get it."

# SENSE AND NONSENSE

After the 5-day week the next 5 days probably will be the 5-day week end.

Friend—Don't cry, little boy. You will get your reward in the end.  
Mother—Please so. That's where I allow do get it.

**MOST PEOPLE WILL WORRY THEMSELVES SICK ABOUT THE CHANCES OF EATING TOADSTOOLS FOR MUSHROOMS, YET THEY'LL DRINK ANYTHING THAT COMES IN A BOTTLE.**

A woman who keeps house is apt to turn up her nose at the woman who boards—but she envies her just the same.

You court a maid, you wed, and then, I must record with pain, she finds you will not do, and so, you're off to court again.

Sam—Bill Coggins got home late last night and had quite a row with his wife.  
Joe—Dignor?  
Sam—Nope. She licked him.

**SHORT PANTS:** The girl with personality has it on the pretty one because she doesn't have to look her best. . . . When a girl accepts a boy's offer to share his life with him, she often has to share his heart with a lot of other girls. . . . What worries Mother is when Daddy is working half time where he spends the other half. . . . When a baby appears in a printer's family naturally he wonders what type of child it's going to be. . . . One big cause of failure is the fact that so many men are working at things they are not fitted to do. . . . If you haven't been denounced by something or somebody, why you're really not popular yet. . . . The only thing a man acquires these times without considerable effort is a birthday. . . . We often allow ourselves to get very mad about things that really don't concern us at all.

Polly—Every time I catch my husband flirting I make him buy me something to wear.

Dolly—What a wardrobe you must have, my dear.

In these days of progress we have pulmotors and oxygen tanks to keep breath in the body, but the number of divorces shows the desperate need of a way to keep love alive, too.

Doctor—Don't get so despondent, my dear young lady, you'll soon pull through.

Girl—Oh, it isn't that, Doctor. But just think of the money I've spent on apples to keep you away.

The fisherman does not figure that he has bought the string of fish he caught even though they cost him ten times the market price.

**SOMETIMES A BOY RUNS A GIRL RAGGED TO GET MARRIED, THEN EXPECTS HER TO GO PRACTICALLY IN RAGS AFTER THEY'RE MARRIED.**

Ginsberg—Mista Ottist, I want you should make me a doughnut sign.

Painter—Certainly, Mr. Ginsberg, but I thought you were a butcher, not a baker.

Ginsberg—Sure, I am a butcher; I want it a sign "Doughnut Hendl de Feesh."

Mike—When ye married I suppose yer wife placed her fate in her hands.  
Pat—Not on yer life! She placed 'em agin me back.

**STRUGGLE ON,** You may not be doing as well as you would like, but you are accomplishing more than the one who gives up and refuses to try.
