

GIRL TELLS STORY AT PASTOR'S TRIAL Sunday School Teacher Says Clergyman Threatened Her With Violence.

Muncie, Ind., March 30.—(AP)—Assertions of an 18-year-old Sunday school teacher that the Rev. G. Lemuel Conway threatened her with violence when she resisted amorous advances last December, were before the jury today on a charge of attempted criminal assault continued in Circuit Court.

Miss Helen Huffman testified last yesterday that after inviting her to ride downtown, Mr. Conway, then pastor of the Madison street M. E. church, instead took her in his automobile to a lonely spot near a brook in the country.

When she repulsed his advances, the witness said, he minister threatened to pull her hair and asked her, "How would you like to find yourself with your head in the mud of that creek and your shoes floating down the river?"

Mr. Conway has been suspended from his pastorate by a church jury which found him guilty recently of imprudent ministerial conduct.

ROADSIDE WORK FURNISHES JOBS, SPARES CHARITY

Keith Tells Highway Institute That Paring Appropriations Is False Economy, Creates Unemployment.

Amherst, Mass., March 30.—Legislation proposing either to abolish state programs of roadside development or to reduce appropriations for this work is false economy, since it would throw thousands of men now employed out of work and add them to the numbers already being supported by direct charity.

Luther M. Keith, director of the Bureau of Roadside Development of the Connecticut State Highway Department, declared today in speaking before the Highway Improvement Institute at the Massachusetts State College.

"I believe that everyone will subscribe to the fact that it is better to give employment than to furnish a dole," Mr. Keith said. "And when we stop to consider the sources of work that can be furnished to the unemployed we find that the activities are limited in number. It is impossible to start manufacturing or any form of industry to furnish employment and so it seems that certain types of construction work, landscaping and forestry are about the only activities that can be utilized for this purpose."

Mr. Keith described the extensive operations of the Connecticut Bureau of Roadside Development for the purpose of showing that expenditure of money for roadside improvement at the present time is justified not only because of the employment it furnishes, but also because of the valuable return to motorists and the state in general.

ARREST GANDHI'S SON Calcutta, India, March 30.—(AP)—M. S. Aney, acting president of the Nationalist Congress, and 50 other Congress members, including Ram Das Gandhi, son of the Mahatma Gandhi, were arrested today in connection with a session of the organization which had been banned.

ROCKVILLE CITY TREASURER WOULD TAKE HONORARY OFFICE

Rockville Can Save Bond's Cost By Merging Sinking Fund Custody With Treasury.

The question as to whether City Treasurer Parley B. Leonard would accept the position as treasurer of the City's sinking fund was settled yesterday when Mr. Leonard stated that he would assume the duties of the office if tendered him.

No salary is attached to this office. It is an honorary position and for many years has been held by Representative Sherwood C. Cummings. No fault whatever has been found with the way that Mr. Cummings conducted the office, but the city could save the \$100 which has to be paid for the \$10,000 bond required by the depositing of the sinking fund ordinarily does not require ten minutes time during the year. Its work consists in the endorsement of a check from the U. S. Treasurer's office and the depositing of a savings bank to be added to the city's sinking fund account.

This year there will be no work to do as Mr. Leonard states no money will be added to the sinking fund.

Union Church Night Mrs. Walter H. Skinner, church historian, delivered a very interesting sketch last evening of the activities at the Union Congregational church for the past year.

"Church Night," an annual event, was held in the church social rooms with a large number in attendance. The sketch contained a detailed report of the year showing all the activities for 1932, including the growth of the older societies and organizations and the forming of several new organizations as well as welfare work undertaken.

The program opened with selections by the Little Symphony Orchestra of which Carl Frutting is the director. This group, consisting of young boys, was highly praised.

Rev. George S. Brooks, pastor, gave an interesting talk on the activities of the church for the past and coming years. A social hour was enjoyed by Rev. and Mrs. Brooks and family members of the church.

Refreshments were served. Higgins Explains Dr. William L. Higgins, congressman from the Second Congressional district, will return to Washington this week, will return to Washington within a few days. The congressman was called home by the fact that Mrs. Higgins was seriously ill.

Dr. Higgins yesterday endeavored to clear up a misunderstanding which has been current in Tolland County. It has been stated that he was "changed in mind and decided to hold his offices in this section."

Dr. Higgins states that he did make a statement prior to election that he wouldn't "give up" these offices but did not say anything about resigning. He says his present term as county commissioner will expire on October 1 and that he will not seek to be re-appointed to the office.

"Men's Night" Friday The Every Mothers' Club of the Rockville Baptist Church has arranged a unique program for Friday evening at the church social rooms at which time "Men's Night" will be enjoyed.

A supper will be served by the committee and every member has been requested to bring her husband.

A short entertainment program will be presented including a dramatic sketch. The committees in charge consists of the following: Mrs. Emma Axel, Mrs. Frank Hayes and Mrs. Carl Chapman in charge of the supper, while the entertainment will be in charge of the

following: Mrs. Frank Long, Mrs. Eugene Edwards and Mrs. Ora Darcey.

Must Sign Petitions Each applicant for a city building permit in the future will have to sign his application in person according to a regulation announced by Mayor Albert E. Waite. A majority of the applications for city building permits have been received over the telephone by City Clerk Raymond E. Hunt. Due to the fact that the council voted that each applicant be limited to the work outlined on the permit, City Clerk Hunt did not care to take the responsibility for the wording of the permits. This brought about the inquiry as to why they were not signed by the applicant or his duly authorized agent. No permits will be granted in the future which are not properly filled out and signed.

BIG RAIL TERMINAL DEDICATED TOMORROW

Cincinnati Station, Costing \$41,000,000, Is Described As The Most Modern In The World.

Cincinnati, March 30.—(AP)—Cincinnati tomorrow will dedicate its new \$41,000,000 Union railroad terminal, described as the most modern in the world.

More than 50,000 visitors from many parts of the country are expected here to see Harry A. Worcester, vice-president of the New York Central lines, formally present the gold key of the new station to Mayor Russell Wilson.

Governor White of Ohio and former Gov. John J. Cornwell of West Virginia, now chief counsel of the Baltimore and Ohio railroad, will speak at a civic dinner in the evening.

Executives of the country's leading railroads and officials of numerous states will be at the dedication, which will mark the end of construction work begun five years ago.

Railroads were not to have begun operating out of the terminal until April 2, but the Ohio river flood, which put nearly a foot of water in the old Central Union depot, necessitated five of them moving to the new station March 19. They were the Big Four, the Baltimore and Ohio, Chesapeake and Ohio, the Louisville and Nashville and the Southern. The Pennsylvania and the Norfolk and Western will operate out of the terminal within a few days.

WAPPING

The funeral services for Mrs. Chester Grant were very largely attended from her late home on Tuesday afternoon. Rev. Harry S. Martin, a former pastor of the Congregational church here, officiated, and was assisted by Rev. David Carter, pastor of the Federated church. There were many beautiful flowers. The bearers were her grandsons and nephews, Jack Grant, Horace Grant, Douglas Grant, Delano Wheeler, Donald Johnson and Clyde Johnson. The burial was in the family plot in the Wapping cemetery.

Wapping Grange held their sixth regular meeting at the School hall last Tuesday evening with 118 patrons present. There were eleven different Granges represented, as follows: Tunxis, Good-Will, Manchester, East Hartford, Ellington, Vernon, Hilltown, East Windsor, Hebron, Enfield and Wapping. The third and fourth degrees were conferred. A degree team from Tunxis Grange did fine work in the third degree. Deputy L. Ellsworth Stoughton was present and inspected the Wapping Grange. A supper followed the work.

Mrs. Elam Belknap of Wapping, Mr. and Mrs. Edward Gates and Mrs. Farnam of New London motored to Northampton, Mass., last Friday where they called on friends. The trip of this place met last Saturday and cleaned up the ruins of the fire of the local parish house, making a great improvement around the center of the town.

Wallis Burnham has been confined to his bed with grip and tonsillitis for several days.

There was a large attendance at the special town meeting which was held at the Town hall in South Windsor last Tuesday evening.

NEW HAVEN ROAD'S ASSETS INCREASE

Annual Report Issued To Stockholders Today—Operating Costs Cut.

The annual report of the New Haven Railroad, just issued to the stockholders by J. J. Felley, president, shows an increase in the total assets of the company during 1932 of \$727,901.45, the grand total being \$598,762,904.46.

A decline of \$25,357,842 in operating revenues resulted in a decrease in net income for the year 1932 of \$9,572,916, and a deficit of \$393,047. The report points out that the volume of traffic during the past year "was less than one-half of the capacity of the plant and equipment," with revenues on miles of track slightly higher than the 68.88 per cent of the year previous. The report states that the physical property of the company has been maintained consistent with the low volume of traffic, but that with any appreciable return of volume it will be necessary to increase maintenance expenditures.

Pointing to efficiency of operation during the past year, the report shows that average freight train speed was better than any previous year except 1931, while the percentage of passenger trains operated on time was the highest in the road's history. The corporate surplus stands at \$1,570,742.30, a decrease of \$3,666,766.05, as compared with 1931. The report states that the company is progressing "as rapidly as legal restrictions can be removed" with further coordination of all forms of transportation in which the company is engaged, which includes rail, trolley, water and highway service, "with a view of producing the best service possible at the lowest cost of the most economical forms of transportation."

The road, according to the report, is also experimenting more extensively than ever before with reduced fares for excursions, week-end trips, night travel and special parties, to encourage passenger travel. It is also pointed out that four dining cars and two de luxe passenger coaches have been equipped with air conditioning apparatus, and that "additional passenger cars will be equipped as conditions warrant."

Operating expenses were reduced \$16,128,516, or 23.3 per cent, a ratio of 70.67 per cent being maintained slightly higher than the 68.88 per cent of the year previous. The report states that the physical property of the company has been maintained consistent with the low volume of traffic, but that with any appreciable return of volume it will be necessary to increase maintenance expenditures.

Overnight A. P. News

Salem, Mass.—John A. Deery, 46, president of the closed Salem Trust Company, is sentenced to a year in the House of Correction on charges growing out of an investigation into the bank's closing.

Boston—Paul de Bruyn of Germany, winner of last year's B. A. Marathon, notifies officials he will be a starter in their April 19th race from Hopkinton to Boston.

Malden, Mass.—The Converse Rubber Company which for a year has been under receivership reopens and by the end of the week about 700 employees will be at work.

Boston—Unofficial estimates indicate that about \$2,000,000 will be cut from the annual payroll for Federal employes in the Boston district under the 15 per cent reduction announced today that a van loaded with no alcoholic beverage shall be sold in this country.

Mrs. Rushmore Patterson of New York and Washington, vice chairman of the allied forces and, as such, head of the women's division, announced today that a van loaded with the organization's possessions departed for Washington yesterday. No office has yet been chosen in the Capital.

She said the purpose of the move was for better co-operation with the emergency prohibition committee, which was formed some weeks ago by 37 dry organizations. Colonel John E. Edgerton, of Lebanon, Tenn., is chairman. The committee plans to organize the drys in each state. A meeting for that purpose in New York will be held in Syracuse on April 25 and 26.

Commenting on the fight over the Dunning bill in the New York Legislature, Mrs. Patterson said: "In New York state the best fight is apparently going to narrow down to a fight between Tammany Hall and the open country. The way the Dunning bill is being handled very clearly indicates this."

She expressed the belief that it will be possible for the country to retain the 18th Amendment, but added: "Whether repeal shall come or not, the merry little war between the brewers and the drys will continue."

The 18th Amendment is not our goal, anyway," she said. "It is only what we consider the best road to our goal, which is that eventually no alcoholic beverage shall be sold in this country."

She went on to predict that the drinking of alcoholic beverages would some day pass out "just as the horse and buggy have passed out."

"The one idea of temperance is moderation," she continued. "My experience in dealing with alcohol is that there is sufficient immoderation wherever alcohol is found to be an economic and social menace."

About beer: "Beer is such a stodgy drink and so un-American!"

Most of the damage and casualties occurred in nearby streets, where small dwellings were ruined. Walls were blown out, floors collapsed and inhabitants rushed to the street screaming. Many persons were cut by flying glass.

One Tasteless Dish.. THAT SPOILED THE WHOLE DINNER! A successful hostess tells how to avoid this minor tragedy! Your guests, of course, are always polite about it. They tell you that the soup is "very nice," that the gravy is "excellent," that the vegetables are "just right." But watch their faces... and how much they eat... and you'll know their real opinions. And that spoils the whole dinner... for you at any rate... you who had tried so hard to make the meal a complete success. "That's what realism," observes a noted hostess, "is that food is a product of Nature and never uniform. Neither vegetables, meat nor the conditions under which they are cooked are the same from day to day. There's an unavoidable element of uncertainty about every meal prepared and, if you're smart, you never let the uncertainty disturb you. You just do your best and do it with a smile. A few dashes of Maggi's Seasoning has served many a dish from being tasteless, has changed many a soup, gravy and stew from the commonplace to the supreme. Try it in your own kitchen and see how it makes the delicious natural flavor of the food itself. It is not spicy. Not a table condiment or sauce. SENSE AND NONSENSE

One good way to cure "ill" is to put a "W" in front of it.

Friend—What caused the explosion at your house?
Man—Powder on my coat sleeve.

Some men who don't extend themselves very much to get along, are willing to work themselves almost to death to have some fun.

The mud thrower never has clean hands.

Reporter—I've got a perfect story.
Managing Editor—Did the man bite the dog?
Reporter—No, a bull threw a congressman.

Only the brave deserve the fair, but only the rich can support them.

Prof.—What three parts is womankind divided into?
Student—The intelligent, the beautiful and the majority.

Once they crossed the street to dodge the man from whom they had borrowed. Now they cross the street to seek him for another five.

Friend—What do you take as a remedy for your insomnia?
Man—A glass of wine at regular intervals.
Friend—Does that make you sleep?
Man—No, but it makes me content to stay awake.

Then there was the varnish manufacturer who sent his daughter to a finishing school to acquire a little polish.

A philosopher has said truly that "gossip" is always a personal confession either of malice or imbecility and persons should not only abstain from it, but by the most thorough culture relieve themselves from all temptation to it. It is a low, frivolous and too often a dirty business.

Worry is interest paid on trouble before it is due.

Mother—Junior, you're a naughty boy. You can just go to bed without your supper.
Junior—Well, Mother Dear, how about that medicine I've got to take after meals?

GOOD BUSINESS RULES: A man who has several employees under him has posted up a typewritten sheet where they may all see it. It bears the above caption and the following rules:

1. Don't lie, it wastes my time and yours. I'm sure to catch you in the end, and that's the wrong end.
2. Watch your work, not the clock. A long day's work makes a long day short, and a short day's work makes my face long.
3. Give me more than I expect and I'll pay you more than you expect. I can afford to increase your pay if you increase my profits.
4. You owe so much to yourself that you can't afford to owe anybody else. Keep out of debt or keep out of my place of business.
5. Dishonesty is never an accident. Good men, like good women, can't see temptation when they see it.
6. Mind your own business and in time you'll have a business of your own to mind.
7. Don't do anything here which hurts your self-respect. The employe who is willing to steal for me is capable of stealing from me.
8. It is none of my business what you do at night. But if dissipation affects what you do the next day, and you do half as much as I expect you'll last half as long as you hoped.
9. Don't tell me what I'd like to hear but what I ought to hear. I don't want a valet to my vanity, but I need one for my dollars.
10. Don't kick if I kick. If you're worth while correcting you're worth while keeping. I don't waste time cutting specks out of rotten apples.

Flapper (to her boy friend)—John, you're awfully slow.
Boy Friend—I'm afraid I don't grasp you.
Flapper—That's just it.

On Center street near New street, about 5:15 yesterday afternoon when Mail Collector Thomas Donnelly stopped his automobile to pick up the mail from a box in front of Matthew Robb's home an automobile driven by a man named Borst, attempted to pass between the mail car and another car. The result was a sidewipe in which a fender of the mail truck was bent. Donnelly had stepped out of his car and was not injured. Tomorrow evening at the Whiton Memorial hall the play will be given again, and the young people are hoping for an equally large turnout of the church people and many others.

WEATHER SMILES ON SPRING OPENING

Large Crowd Brought Out For Big Merchandising Event Here Today.

The first real touch of spring-like weather came to Manchester today to grace the Spring Opening event, sponsored by leading local merchants and the fine weather combined with the remarkable values and completely new lines of merchandise offered brought huge crowds to the shopping center at an early hour this morning.

Judging by early reports, Spring Opening will be a huge success. It is expected that even greater crowds will take advantage of this outstanding opportunity to purchase merchandise at the lowest price levels in many years tonight, when the stores will remain open until 9 o'clock.

Virtually every merchant on Main street is participating in this event and the display windows have been decorated along lines to harmonize with spring, the latest fashions in wearing apparel and other lines in the brilliant and gay colors that are typical of spring.

WINS ACCIDENT SUIT AGAINST LOCAL MAN

Charles E. Gowdy Awarded \$5,500 From Joseph Hauk—Accident a Year Ago.

Charles E. Gowdy of this town was awarded damages of \$5,500 against Joseph Hauk of 55 Fairview street by Judge Ernest A. Inglis and a jury in Superior Court yesterday, and Oliver A. Holgren of East Hartford, co-plaintiff in the action, was awarded \$125.

The suit was brought as a result of an accident on April 1 of last year, when the plaintiffs were injured when the car in which they were riding was struck by the defendant's car at West Center and Fairview streets. Hauk was arrested on a charge of reckless driving and took an appeal from the fine imposed in the local Police Court.

John C. Blackall and Charles H. Blackall appeared for Gowdy and Holgren and Judge William S. Hyde represented Hauk.

These Are "Happy Days" As Compared With 1858

Some people of the present generation who may have gained the idea that the present depression is the worst financial calamity that ever hit the country, may be a bit surprised to be informed that conditions way back in 1858 were much worse. Edwin Ferris of Oak street comes forth with a letter he received from a relative in Waterloo, Iowa, dated April 23, 1858, which tells quite graphically of the trials and tribulations of that era.

The letter, written by Francis Case of that little mid-western town, mentions prices of farm products and they make the present day prices look like prosperous days by and coming out victorious last night winning over the Junior's North Ends, 23 to 16.

For second place we have one more game between the Buckland Ramblers and Falcons to play off. Beginning next Wednesday, all the teams which have been in basketball will begin a series of volleyball contests.

Following the volleyball league we will have a round of indoor baseball. The Ramblers had a good close game with the Electrical Boys of the Trade school last night winning over the Electrical Boys, 27 to 24.

Buckland then took the scalp of the Wild Cats, 22 to 24. Following that the last game of the evening was between the Crescents and the Celtics from the East Side. This was a close game all the way through but the visitors finally won by three points.

Don't forget the big final game tomorrow night at 7:30 between the Mers Fillers and the North Ends. The North Ends are out to tie up the series on this game.

Mrs. Elizabeth Palfier, of 14 Middle Turnpike, West, returned home last evening from St. Francis hospital, Hartford. She had been confined there for nearly a week because of a broken right arm she had sustained because of a fall at her home.

Y. M. C. A. Notes

The women's department monthly meeting was held last night in the social room of the Y. M. C. A. These gatherings are always of interest to the women's department and seem to be enjoyed.

Mrs. C. R. Burr and Mrs. Simonds had prepared an exhibit of Mexican pottery, rugs, blankets, bird pictures, etc., which was colorful and interesting. Mrs. Simonds spoke on conditions "In Mexico." Afterward Mrs. Shearer, Mrs. Dougan, Mrs. Luettgens and Mrs. Crockett served refreshments.

The last team of the basketball floor had some sandwiches from the surplus.

The Cubs basketball league came to a successful close with the Junior Oxfords winning every game.

The miniature wedding will be presented at 1:15 p. m., 4:15 and 8:10, with all Hartford children, however, under twelve years. The

POLICE COURT

Willard G. Smith, an inmate of the town almshouse, was brought into Police Court this morning on a charge of assault, after a fight in which it is claimed that he struck James Wells, another inmate. The case was continued until tomorrow, when Wells could not be located to press complaint. Smith, in no uncertain terms, declared that he was not guilty of the charge.
