STATE'S DELEGATES VOTE RATIFICATION

Small Crowd Witnesses Brief Ceremony That Places Connecticut 12th on List to Join Wet Column.

State Capitol, Hartford, July 11.—(AP)—Carrying out the mandate given to them by the Connecticut electorate, 50 delegates to the state convention today unanimously ratified the Congressional resolution for repeal of prohibition.

The convention, unique in the history of Connecticut, took less than an hour to vote for the elimination of the 18th Amendment from the Federal Constitution and then heard Governor Wilbur L. Cross predict that National repeal was not far off.

DELEGATES CONVENE. State Capitol, Hartford, July 11.—(AP)—Directed by the people of Connecticut to write an end to National prohibition, fifty delegates met in convention today, pledged to ratify the Congressional resolution to repeal the 18th Amendment.

PROHIBITION TEST COMES NEXT WEEK

Wets and Drys to Watch Results When Alabama and Arkansas Vote.

Washington, July 11.—(AP)—The real test of the probable fate of prohibition, most all the interested agree, will come a week from today in the Alabama and Arkansas referendums.

Other Dates. In Nebraska and South Dakota, Nov. 6, 1933, has been definitely picked.

BOMB AT 6 TO GIVE THE WORD ON FIREWORKS

If Blast Is Heard It Means Show Will Go On— If No Bomb Bursts Display Will Be Given Tomorrow.

Despite threatening overhanging clouds and predictions of possible showers this evening the Legion fireworks committee stated at 3 o'clock this afternoon that they would progress with plans for tonight's display at the Old Golf Links off East Center street.

Hope For Break. The display tonight will be discharged starting at nine o'clock, dependent entirely upon the weather.

WRECKS AN ENGINE VALUED AT \$10,000

Union City Youth Charged With Theft of Locomotive He Tried to Run.

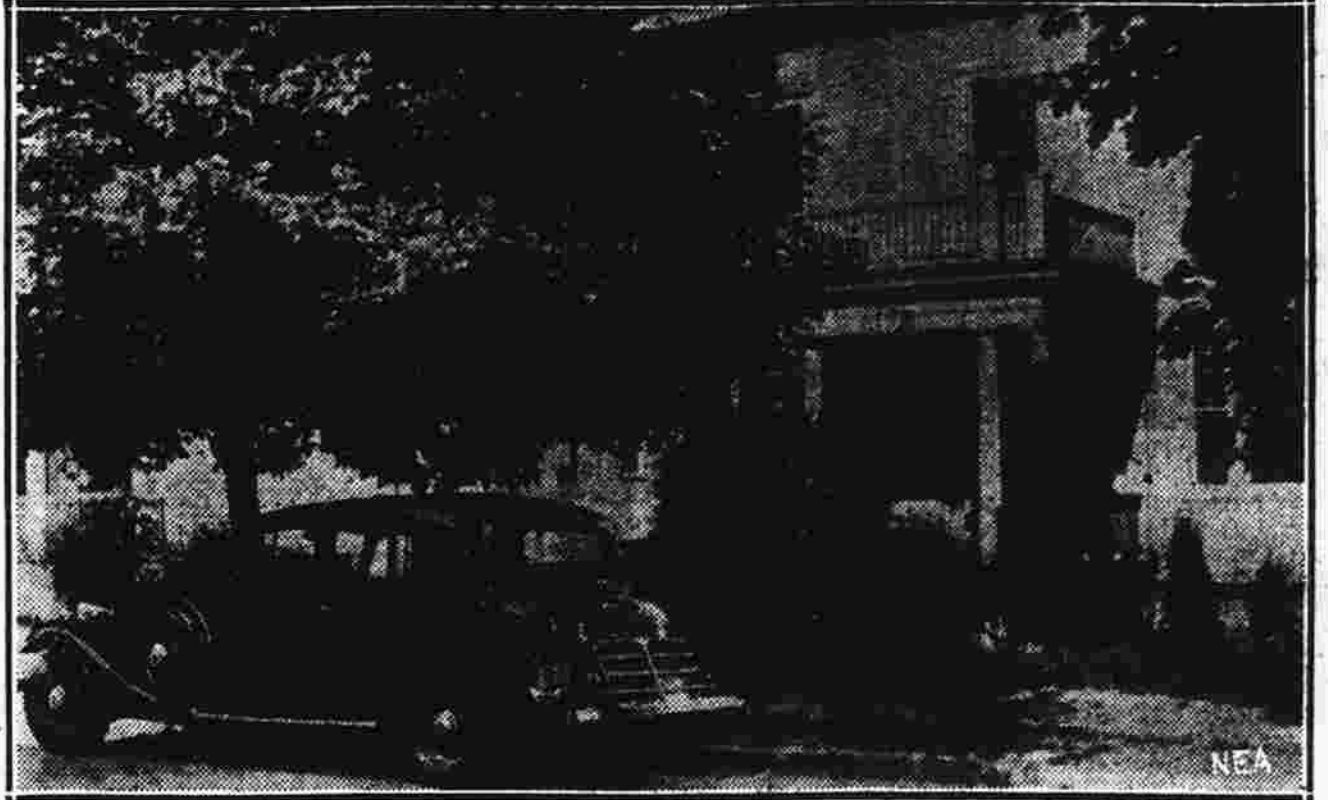

Milford, July 11.—(AP)—Charles Wysocki, 17, of Union City was charged today with the theft of a locomotive after officials of the Connecticut Light and Power Company asserted that it was an engine valued at \$10,000 in the company yards here.

Engine Wrecked. Employees of the light company told the authorities, they heard a crash and after investigating, they found the switching engine, had crashed into a line of coal cars and was badly damaged.

Moscow Hospitals Filled With Victims Of Typhus

The Hague, July 11.—(AP)—Reports from Moscow today said the red capital is suffering from an epidemic of typhus of alarming proportions for this time of the year.

Where Nephew of Political Leaders Was Kidnaped

This is believed to have been the scene of the abduction of John J. O'Connell, Jr., son of an Albany, N. Y., sports promoter and nephew of Edward and Daniel O'Connell, outstanding figures in Democratic politics in New York state.

CODE MESSAGE TO ABDUCTORS

In answer to a letter of instruction from the kidnapers of his nephew, John J. O'Connell, Jr., Daniel P. O'Connell inserted this code message in an Albany newspaper. It lists the names of eleven men whom the O'Connell family was willing to have act as intermediaries in arranging the young man's return.

PROPOSED FREIGHT CHANGES ADD COST

"Less Than Carload" Shippers Would Have to Truck from the North End.

The possibility that local business concerns will find their shipping and general freighting costs increased if a proposed change in railroad facilities at the south end is made, was called to attention today by Edward J. Murphy, president of the Manchester Chamber of Commerce.

It is evidently so simple for a utility concern in this State to abandon a service and so extremely difficult to re-establish this same service when the need is again felt, that as President of the Chamber of Commerce, I deem it a necessity to call attention to the "less than carload shippers" as to the possible handicaps which may follow in the wake of the abandonment of a principal part of the service now rendered by the South Manchester Railroad to such business firms or manufacturers who now use this service.

From the Herald of July 5th we read the following clipping: "Men employed on the South Manchester railroad since it was discontinued as a passenger carrying railroad, have been notified that their services with the road will end on July 15. On the following Monday, July 17, the local line will be taken over by the 'New Haven' railroad. There will be but one freight office maintained, as the shipping and receiving of freight will be registered at the Manchester freight station. The section work will be taken over by the Manchester section gang. The final details of the operation of the road will be decided upon before July 17."

"Following the publication of this item I conducted a partial survey of this service and learned that the freight rates to the terminal of the South Manchester Railroad were identical with that of freight in a down at the Manchester freight station.

"It was learned too, that the average freight forwarded over this branch in 'less than carload lots' to merchants and manufacturers was about 6 tons, daily and running as high as 2,800 tons per month for many months of the year. Firms using this branch for carload lots, as well as lesser amounts at times, are: Cheney Brothers, Rogers Paper Company, Case Brothers, The Woodland Paper Mills, The Louis Poirer Coal Co., The Herald Publishing Company, The Schaller Motor Company, The Bantley Oil Service, The Manchester Lumber Company, The Seaman Coal Corp., and the Hayes Coal Company. Thus it would seem that this branch known for many years as the Cheney Railroad has been providing a business service for many other corporations as well as its own needs.

"If no protests are forwarded to the Public Utilities Commission in advance of the usual hearings, which would in this case be conducted at the two freight offices affected, it is very probable that the plan of the New Haven Railroad to close this South Manchester Freight Office and transfer the work carried on and by the two employees to the Manchester freight office, would become effective as of July 17th.

"This will entail all of the merchants and manufacturers receiving by freight, merchandise in small lots to haul such merchandise the additional two miles from the Manchester freight station at a hauling expense to them and at no reduction in freight rates for such shipments.

"The Manchester freight office is at the present time much undermanned and the additional duties which this transfer will entail will of a necessity, slow down the handling of all freight shipments to the larger part of our mercantile section.

Very truly yours, Edward J. Murphy, President Manchester Chamber of Commerce. July 11, 1933.

MERIDEN BANK OFFICIAL HELD FOR HIGH COURT

Treasurer of Puritan Bank Charged With Embezzlement of \$11,000 of Banks' Funds.

New Haven, July 11.—(AP)—Louis C. Dossin, treasurer of the Puritan Bank and Trust Company of Meriden was charged with embezzlement of \$11,000 of the bank's funds today in a bench warrant issued by Judge Patrick B. O'Sullivan. Dossin, who was arrested at his home in Meriden by County Detective Stanley Glanville of New Haven, was arraigned before Judge Sullivan and held for the September term of Superior Court. His bail was set at \$3,500.

Dossin made no plea as he appeared without counsel. State Attorney Samuel E. Hoyt said he will give an opportunity to plead in September.

His arrest followed a complaint made by the state bank commissioner after a bank examiner found a shortage in his accounts. Officials of the bank announced Sunday that Dossin had confessed he was responsible for the shortage and that he had used the money from time to time for living expenses.

Bank officials said Dossin made small withdrawals from various accounts and thus escaped the scrutiny of bank examiners. They added that Dossin later issued a dummy collateral note to cover the amount of deficit. It was after demand was made on the collateral note that the shortage was discovered.

An announcement from the bank said the shortage was covered by insurance.

ORGANIZE VETERANS BURIAL COMMITTEE

John L. Jenney Named Chairman of Group Seeking Cemetery Location.

Selectman John L. Jenney was appointed chairman and James Sullivan, secretary of the Ex-Service Veterans' Burial Committee at a meeting of the group held last night in the Army and Navy Club. The committee inspected the East cemetery and tentatively approved a suitable location for which formal application will be made to the Selectman later to be set apart as a 'Soldiers' Field.'

"Plans for the proposed administration of the cemetery will be made by the committee and will be presented for the approval of the Selectmen when completed. The committee will meet to discuss the plans further next Monday night at the Army and Navy Club.

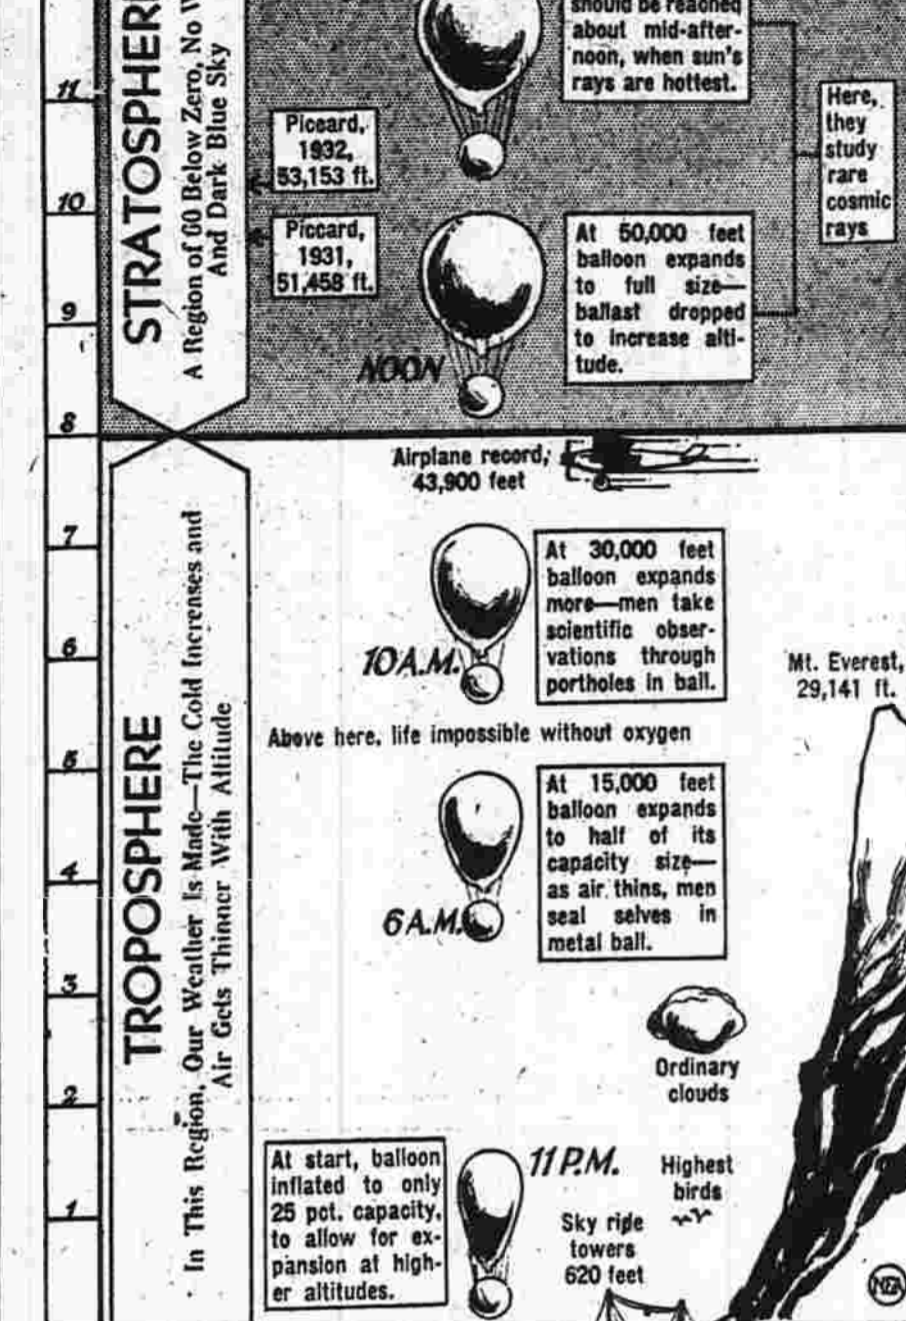

According to plans, yet tentative, it is expected that a Permanent Cemetery committee will be selected with one member from each ex-service organization being elected to that group. A special committee of at least two members would pass on all applications for burial in the plot, if turned over to the committee for administration as a Soldiers' Field. The committee last night decided that the veteran and his wife should only be entitled to burial under the provisions of the cemetery plan.

GILEAD Hart E. Buell was taken to Windham Community hospital Sunday. He has a serious leg trouble and amputation is considered necessary by the attending doctors. Clayton A. Hill was taken to the Hartford Retreat early Saturday morning after having suffered a shock and becoming violent. At this writing his condition, in some respects, is better. Mr. and Mrs. Floyd Fogli and their daughter have returned to their home after passing a week at Point O' Woods. A daughter was born to Mr. and Mrs. Romulo Saglio at the Hartford hospital Saturday morning. Mrs. A. H. Post, Mrs. Charles Fish and her children motored to the shore Friday and called on Mrs. W. E. Hibbard at the Hibbard cottage at Black Point and also called on Mr. and Mrs. Floyd Fogli at Point O' Woods. Miss Doris Hutchinson of Manchester spent the week-end with relatives here. The Misses Olive and Eileen Warner are assisting their grandfather Mr. J. Warner, deputy food commissioner in his office at the State Capitol for a few weeks. Albert C. Gilbert of Jamaica, Long Island, was called to the home of his mother Mrs. Hart E. Buell Sunday because of the serious illness of Mr. Buell. Miss Mildred Stone of Hartford spent the week-end with Mr. and Mrs. Clifford R. Perry. Several local young men, one from Marlborough and two from New Britain were brought before Justice J. E. Jones, July 5th, charged with breach of the peace. They pleaded guilty and fines were remitted, jail sentences suspended and probation in effect for one year. Saturday afternoon Norton and Charlotte Warner joined with their grandfather, W. J. Warner and his office employees on a trip to the shore. The Christian Endeavor Society will have a food sale on Hebron Green, Saturday the 15th at 1 o'clock, d. s. t. They hope to have baked beans, pies, cakes and doughnuts, all home-made. The regular meeting of the Orange will be held Tuesday evening. Mr. and Mrs. E. W. Buell visited their daughter, Mrs. Howard Tyson in Glastonbury Sunday afternoon. Mrs. Tyson shipped and fell in her home recently and fractured her shoulder. She will be in a plaster cast for several weeks.

ABOVE THE STRATOSPHERE

ABOVE THE STRATOSPHERE, which extends to about 20 miles up, is the great void, never penetrated except by unmanned weather balloons carrying instruments to about 22-25 miles.

As altitude increases, temperature again goes up and at 25 miles it approximates that of ground level, while at 35 miles it is believed to reach 212 degrees, the boiling point of water.

This graphic sketch shows how Prof. Jean Piccard and Lieut.-Com. T. G. W. Settle plan to make their balloon flight into the stratosphere from the Chicago World's Fair. Starting at 11 p. m., so as to take advantage of the cool night air, they will rise slowly until daylight and then go up rapidly as the gas in their partly-inflated balloon expands in the thinner upper atmosphere and under the heat of the sun's rays.

The sketch also shows relative altitudes of clouds and the world's highest mountain peak and the altitudes attained by Prof. Auguste Piccard, brother of Jean Piccard, in his two European ascensions into the stratosphere—a record that Jean Piccard and Commander Settle hope to beat.

NATION GOING WET SAYS DRY LEADER

"Pussyfoot" Johnson, Says the More Speeches He Made the Wetter the States Became.

Binghamton, N. Y., July 11.—(AP)—Returning to his home at McDonough, near here, after a four months tour of the northwest, William E. "Pussyfoot" Johnson, internationally known prohibitionist, today told the Binghamton Press that "we are in for a five years' drunk."

"There is no use sounding sacred conch shells, trying to lull ourselves into a sense of security," said Pussyfoot, "we are not immune from poison like a mongoose. The country is trying to execute a St. Vitus dance in an eagle's nest."

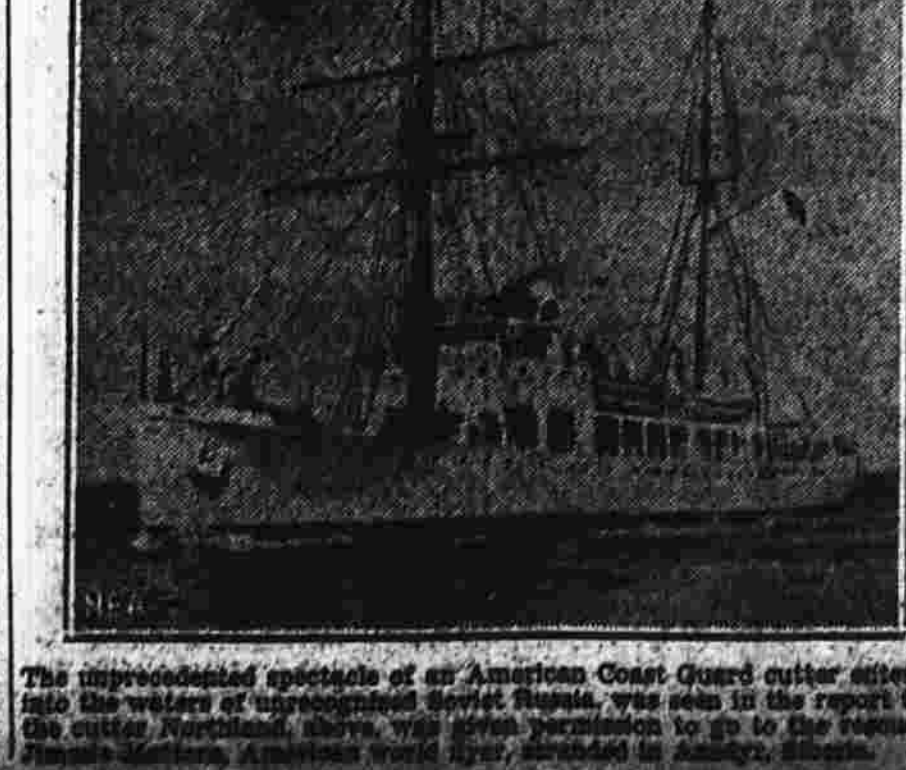

Pussyfoot explained that he was going "to kick around his farm" for a couple of months. "I made about 200 dry speeches in the far northwestern states," he said, "but did no particular good. The more speeches I made the wetter the country became so I decided to beat it home while the going was good."

GOVERNMENT ACTS ON BREAD PRICES

(Continued From Page One) Miles City, Montana; and Charleston, West Virginia. To Check Advances Frederick Clemson Howe, who heads a section in the farm administration to protect the interests of consumers, said that "every effort will be made to check advances in food prices where they are unjustified."

Howe asserted that it is "obvious that dealers in many cities are taking advantage of the government's efforts to raise commodity prices."

THREE NEW COUNTERFEIT BILLS IN CIRCULATION

One, Ten and Twenty Dollar Notes Make Their Appearance in This State.

Three counterfeit bills of United States paper money made their appearance in the southern part of the state on Saturday and storekeepers and others throughout Connecticut are being warned to be on guard against a possible general distribution of the bills. The denominations detected are \$1, \$10 and \$20.

The \$1 bill is described by bankers as a poor piece of work that should not deceive any one, the portrait of Washington being considerably blurred, and the bill having a greasy appearance. The \$10 bill, is more likely to deceive. It is a Federal Reserve note bearing the portrait of Alexander Hamilton, and the serial number B 165,388,82 A. The portrait is considerably blurred and will not deceive one used to looking for irregularities. The back of the note is an excellent imitation, but the bill is an eighth of an inch shorter than the genuine article.

The \$20 bill is a better imitation, bears the portrait of Andrew Jackson, but like the \$10 bill the portrait is rather blurred and the bill has a somewhat greasy look. It is also a Federal Reserve note with the serial number B 844,587,07 A.

COMMUNITY PLAYERS' OUTING TOMORROW

To Go to Crystal Lake at Four O'clock in Afternoon; Members to Bring Guests.

The Community Players will have an outing tomorrow afternoon and evening from 4 o'clock on, at Sandy Beach, Crystal Lake. Richard Owens is chairman of the committee making arrangements. Others assisting him are Miss Sylvia Hagdorn, Miss Ruth Smith and President Karl Keller. The members have the privilege of inviting guests. Luncheon will be served at 7:30, after a program of swimming, boating and other sports. The headquarters for the party will be at the first cottage on the second road on the right, past Gross's wayside stand at Sandy Beach.

HARRIMAN DENIED FALSIFYING BOOKS

Doctor Tells Court Banker Had No Knowledge of \$300,000 Entry.

New York, July 11.—(AP)—Joseph W. Harriman, former chairman of the Harriman National Bank and Trust Company, told his physician last April he had no knowledge of an alleged \$300,000 false entry on the bank's books.

This was brought forth today by the physician, Dr. Smith-Ely Jelliffe, mental and nerve specialist, in testimony at a Federal Court hearing to determine the banker's mental fitness to stand trial on a charge of falsifying the bank's books. Dr. Jelliffe, who testified last Friday he considered Harriman mentally incompetent, said he examined the banker April 16 with two other specialists, and Harriman professed complete ignorance of the purported falsification.

Dr. Jelliffe quoted Harriman as saying he had a personal fortune then of \$10,000,000 and that he could have financed any deals or stock purchases himself if he had known the need for it.

"I said 'you are accused Mr. Harriman of making or causing to be made some false entries, the purport of which was to deceive the examiner,' Dr. Jelliffe testified. 'He said he knew nothing at all about it, that he had made none and had given no orders. 'I told him he was further accused of diverting money from the bank to the securities company in the amount of \$300,000 to purchase the bank's stock. 'He said 'I have no recollection of having done any such thing, or given any such orders. If I had known I could have bought the stock at any time. I was worth \$10,000,000.' 'The physician said there was 'a definite flattery' of Harriman's emotional reaction on that date making him mentally incompetent to grasp the significance of the charges against him. 'He seemed to show no insight or intrinsic grasp of the whole situation.' He was impressed, he added, with what he considered evidence

TUESDAY, JULY 11.

BARGAIN DAY.

The operations of the foreign exchange market are intriguing, like the study of the anatomical structure of the little red ant, though possibly a shade less vitally important.

Encouraged by a small but notoriously enraged group of reactionary newspapers numerous small bodies of minor manufacturers and middlemen are doing their evil utmost to defeat the purposes of the National Industrial Recovery Act.

Washington, July 11. — One of the things that has confounded official Washington about the "brain trust," which is popularly supposed to be running the government, is the fact that nobody ever sees any of them.

Former Motor Vehicle Commissioner Robbins B. Stoekel decided, many months ago, without consulting the newspapers of the state and without explaining his course, to suspend furnishing to the press for publication the periodic lists of driving licenses suspended by his department.

It is impossible to say with certainty that the man Schuster, who has confessed to being the hit-and-runner who killed a Rockville mill worker on the Ellington road a little over a week ago, would not have been driving his car that night had the fact of his license suspension been published.

the name of every person whose right to operate a motor vehicle in this state has been revoked. Mr. Stoekel's tender consideration for the feelings of these offenders was quite overdrawn.

ALABAMA'S VOTE.

With the Alabama election on the repeal of the Eighteenth Amendment coming next week, repeal advocates in that state are now predicting that out of the expected 225,000 votes ratification of the anti-prohibition measure will receive at least 137,500, leaving not more than 87,500 to the drys.

Alabama is really the sheet anchor of the drys in their eager hope of being able to block actual repeal. If they lose that state they will no longer cling to any real expectation of keeping prohibition in the Constitution; whatever fight they put up after that will be a mere matter of form.

GET OFF THE TRACK.

Encouraged by a small but notoriously enraged group of reactionary newspapers numerous small bodies of minor manufacturers and middlemen are doing their evil utmost to defeat the purposes of the National Industrial Recovery Act.

There is, of course, no faintest trace of business improvement that is not the direct and obvious result of government interference, and if government should cease its interference or should fail to insist on the 100 per cent fulfillment of its recovery program inevitably we would be back, in a trice, to the position of last February.

Against these destructive fragmentary forces the great industrial machine of the country is being brought into alignment. It may become necessary to destroy the obstructive elements. If it does become necessary then they will be destroyed. Neither folly nor aversion is going to be permitted to stand in the way of America's recovery.

MEDICAL SPECIALISTS.

There has been no much mourning in print over the "rapid disappearance" of the general practitioner in medicine and the wholesale conversion of the profession to specialization that we have long wondered to what extent these lamentations were true.

handbag and with the facilities of his office and his neighboring hospital. That would leave 15 per cent of the medical practice to be attended to by the 40 or 45 per cent of the doctors who go in for the shorter course, the leisure for research—and the larger fees—of the specialist.

ON THE EDGE.

Almost everybody has, at some time or other, beheld the proceedings of two small boys who do not like each other, who have been especially warned not to fight but who are, none the less, fascinated by the notion of blacking the other fellow's eye.

Far up on the north Asiatic coast the Japanese and the Soviet Russians are pulling and hauling each other about, each seizing the other's fishing vessels and each arresting the other's nationals as spies.

SOME ANSWERS TO QUESTIONS ABOUT CATARRH

Almost 60 per cent of all of the letters I receive have some mention about catarrhal disorders. Here are some of the most common of the questions asked:

First: "Do I have to move to another climate to cure my catarrh?" The answer is that catarrhal troubles are curable in any climate.

Another frequent question is this: "Is catarrh catching?" The answer is that catarrh is not a contagious disease though some times contagious diseases may increase the amount of mucus that is eliminated.

Another question: "Is catarrh a very serious disorder?" Answer: An average case of catarrh is annoying but not especially dangerous.

Another question: "Is catarrh a very serious disorder?" Answer: An average case of catarrh is annoying but not especially dangerous.

Book Turns 'Talkie' For Blind; It's Done By Electric Gadgets

Detroit, Mich. (AP)—A machine that makes books talk is the new device upon which Glean E. Watson, inventor, is working.

Watson's device is a small disc about an inch in diameter for each letter of the alphabet.

The characteristic impulses of the letter signals through a system of condenser the proper magnet which releases a tiny phonograph disc upon which has been recorded the corresponding spoken letter.

# NINE RUNS IN EIGHTH GIVE YANKS THE GAME

Remarkable Rally With Tigers Leading 5-1 Before That Stanza—Results of Other Games.

By HERBERT W. BARKER Associated Press Writer

Maybe the New York Yankees aren't the same formidable baseball machine that overpowered all opposition last year, but it still does not do to count them out until the last man has been retired. Bucky Harris and his Detroit Tigers were sailing along with a 5-1 lead yesterday when the world champions clubbed over nine runs to the eighth and earned a 10-6 decision, which enabled them to cut Washington's lead to three games. The Senators dropped a 3-2 decision to Cleveland in 12 innings. Earl Averill tripled with Willie Kamm on base gave Cleveland its triumph over the high flying Senators.

Grove's Thirteenth Lefty Grove hung up his 13th victory as the Philadelphia Athletics nosed out the Chicago White Sox 3-2 in 11 innings in the first game of a double-header but the Pale Hose came back to take the nightcap, 7-1, behind Milt Gaston's three-hit pitching. Ed Coleman's homer with none out in the 11th decided the opener. The St. Louis Browns scored eight runs in the second inning and coasted to a 9-5 victory over the Boston Red Sox. The only National League game of the day saw the Pittsburgh Pirates down the Phillies, 3-2, and moved into third place ahead of the idle Chicago Cubs. Fred Lindstrom's single with the bases full in the ninth decided this battle.

## JOHN H. JACKSON LEADS YALE '34 VARSITY CREW

Freshman Captain Elected Captain of Blue Eight—Son of New Haven Publisher.

New Haven, July 11.—(AP)—John H. Jackson of New Haven has been elected captain of the Yale Varsity crew for next season, the Yale Athletic Association announced today.

Jackman was elected Saturday night after the Yale crew finished second to Washington in the National Intercollegiate Rowing championship at Long Beach, Cal. A Junior, Jackson is captain of a freshman crew and stroked the varsity boat during his sophomore year. He rowed number 6 in the losing race against Harvard last year and was moved to number 4 for the National regatta. He is the son of John D. Jackson, publisher of the New Haven Register.

## AUSTRALIA AGAIN IN TENNIS WORLD

Jack Crawford's Victory at Wimbledon Puts Down Unders in Running.

New York, July 11.—(AP)—Whether the tennis world faces a new era in which Australia will dominate as of old will be partly answered this week-end when the newly crowned King of Wimbledon, Jack Crawford, leads the forces from down-under against the English in the European zone Davis cup finals.

If successful against England as many expect, the Australians will renew their old rivalry with the Americans next week with the right to challenge France for the cup hanging on the outcome.

Not since 1914, when the trophy went back to Australia to remain until after the World War when matches were resumed, have the forces from down-under successfully withstood the Americans.

The United States Two Bills—Tilden and Johnston—went to Australia in 1920 and brought the cup back with them and it remained here until 1927 when the French began their lengthy reign.

## WEE WEST LIBERTY SETS REMARKABLE ATHLETIC RECORD

West Liberty, W. Va., July 11.—(AP)—Out of 229 skrimishes on the field of athletic competition in seven years, the West Liberty Teachers have been returned victors 218 times, lost the spoils only 11 times.

Under the guiding genius of Coach-of-all-sports Harry F. Sweeney, the "Hilltoppers" have won a place of distinction in the sports armament of smaller colleges with their outstanding record:

- Baseball—won 85 games, lost 2.
- Football—won 65, lost 6.
- Basketball—(four years) won 68, lost 3.

Small Student Body West Liberty draws its student corps from the irrawy-crested youth of the coal and steel sections of West Virginia, Ohio and Pennsylvania. Only so far back as 1928, athletic prowess was an unknown quantity at the Hilltop school, located on the outskirts of Wheeling.

Year's Record Score It was Halback Kershall of West Liberty who accumulated football circles last season by scoring 11 touchdowns in one game, registering 71 points altogether. West Liberty won, 137 to 0.

Later he played professional football at Steubenville, Ohio; pro basketball at Wilkes-Barre, Pa., and pro baseball at Olean, N. Y.

## Springtime In The Rockies; How Those Trout Are Biting

Summer doesn't come to the Jackson Hole country's Teton range until about August, and in the meantime anglers are pulling out some of those tremendous Mackinaw trout for which the region is famous. A 30-pound beauty taken from Jackson lake is shown above.

Summer doesn't come to the Jackson Hole country's Teton range until about August, and in the meantime anglers are pulling out some of those tremendous Mackinaw trout for which the region is famous. A 30-pound beauty taken from Jackson lake is shown above.

Jackson, Wyo., July 11.—(AP)—It may be broiling hot in most of the United States, but it's still the shank of the cool springtime "wey up here in the Tetons—and those scrapping Mackinaw trout are just "bitin' good."

Anglers for trout in the placid streams of the lower altitudes may well gasp at the tales they tell of the mighty fish that abound in the high waters of Jackson lake and the rushing streams of the Jackson Hole country.

Twenty-five pounds, 30 pounds—and there's a legend of the catch of a 60-pounder. Government experts say they have reason to believe there are trout weighing 75 pounds in Jackson lake!

One Record Broken Already Stream fishing will not be good until late in July. It's springtime up here until then, with the warm sun melting acres of hard-packed snow to send streams out of their banks. Despite high water, one record of the angling fraternity has been broken, however.

J. S. Sabin o Ogden, Utah, landed a 19-pound fish in the Snake river below Moran dam. The biggest previous catch was 18 pounds, by one of the anglers here. At Jenny's lake the record is 34 pounds. S. N. Leek tops all others with a 42-pounder out of Jackson lake.

The Mackinaw is somewhat different from his first cousins, the trout in the eastern brook and the native trout. He has small scales, while the others have none. When he weighs 10 to 100 pounds, he has brown spots along his back, but when bigger he is likely to be a pure silver. He is named for the Mackinaw river and Mackinaw lake in Canada.

## Six-Day Bicycle Races—Pouf! French Hold Race As Is A Race

Paris, July 11.—(AP)—American cycling fans who at blary eyed until the small hours at six-day bicycle races have nothing for endurance on French fans who each year follow breathlessly the "Tour de France" lasting twenty-seven days.

For almost a month every Frenchman who has a bicycle and cyclist are thick in France follows the "tour" mile by mile through the newspapers, the radio and the news reels and when the procession comes through his town takes the day off to be on hand.

Carloads of reporters follow the racers tirelessly and report by the column on how Leduc took the mountain roads on high and Pelissier pedaled in the rain.

## Paikowski and Szymanski

No, the two fellows above aren't Polish diplomats. They're a couple of Milwaukee boxers who made good in sports. Frankie Paikowski, left, is known as Frankie Parker on the tennis court. The rest on the right, Al Szymanski, better known to American League pitchers as Al Simmons, the country's leading hitter. They met in an exhibition game last night at Milwaukee.

## BLUEFIELDS PLAY CITY SERVICE TEAM

Strong Hartford Team to Play at West Side Grounds Saturday.

The Bluefields team has booked a game with the strong City Service team of Hartford, the game to be played at the West Side diamond Saturday afternoon. Play will start promptly at 3 o'clock.

The City Service have beaten some of the best teams in this section. Some of the victims of this outfit are: The Gold Sox of Wetherfield and the Orioles of Hartford. The Orioles is the team that nosed out the Bluefields in a 14 inning game recently.

The Bluefields have on their roster a lad who has all the makings of a stellar ballplayer. This lad is 15-year-old Eddie Raguskus who covers first base for the Bluefields. "Ski", as he is known to his friends, has already proved his worth in several games this year. Last Saturday afternoon it was his hit that scored the winning run in the eighth inning. Bating is not only his specialty, but he is also a clever fielder. He has made several fine catches and has stopped some hard hit balls which many other ball players would have failed to handle. The game Saturday is well worth attending if only to see this coming star in action.

## TONIGHT'S ARENA CARD BEST OF THE SEASON

Crystal Lake Fans to See Some First String Bouts—Pinkham Brothers Are Booked.

Matchmaker George Groch of Sandy Beach Arena, Crystal Lake, announced this morning that the ten all-star bout card he will present at the arena tonight will be the finest he has presented this season. With the arena idle last week George has been busy lining up and listing only first string boys for the amateur boxing fans tonight.

Without mishap to the simon pure he has engaged to compete on this show, it is assured ten real sensational bouts. Foremost among the teams entered for tonight George will feature the Hartford boys, Al Pinkham, Steve Pinkham, Tony Pantillo, Bill Polowitzer and Kingfish Balesano. Al Pinkham is the present amateur bantamweight champion, and he packs a wallop in his right hand that spells the floor for the one who stops it with his chin. Steve Pinkham on the other hand is a cage borer and a pleasing boy to watch work. Tony Pantillo another bantamweight has a most colorful way of using his dukes, and stands at present one of Connecticut's better boxers. Polowitzer and Kingfish are the type of fighters who can meet anyone and give just the fight the fan goes for.

A team of the better boys is listed from Springfield, Mass., with two golden glove winners among them. On a past show at the Arena this team showed very well. Bobby Michaels, Tony Burke and Johnny Lynn of Worcester are to again show their wares. Ray Landry, Sam Bernier and Norman Lash are down from Danielson. New Britain, Rockville, Willimantic and Meriden are also entered with a fast contingent of gladiators.

The first bout on tonight's card is listed promptly for 8:30 p. m.

## Y. M. C. A. JRS. TRIM THE WEST SIDE JRS.

The Hudsons of the West Side Junior League got off to an early five-run lead in the game with the Chrysler's yesterday at the West Sid; but errors, coupled with the hitting of Rose, McPartland, Pitt and Bentley of the Chrysler's, accounted for 10 runs in the first four innings, enough to win. ## WOOLLAND A. C. WINS

The Woodland A. C. won its first game of the season by defeating the Hilliard A. C. 7 to 5 Sunday. Gracilio held the visitors to three hits while his mates collected eight off Stan Shimkus.

Gracilio also led his team with the stick, collecting three out of four. The Woodland A. C. would like to arrange games with teams averaging from 15 to 16 years of age. To arrange, call on the manager at 1000 Hilliard.

## Special Three Year Trophy to Be Put Up— Expect Unusually Large Number of Entries This Year — Other Awards.

The sixth annual town championship tennis tournaments in men's and women's singles and doubles will get under way on Monday, July 18 and entries for 18 tournaments will be recorded at the East Side Recreation Center not later than 9 o'clock, Saturday evening, July 15. The time of play in the early rounds will be largely at the discretion of the players, but it will be helpful if the player in submitting his entry states the time most suitable for his play.

Regular Here Due to Manchester's distinct enthusiasm for tennis, Frank Busch, Recreation director will this year place in competition, a three-year trophy. This to-be-coveted award is a new challenge to the absolute reign of Walter "Ty" Holland, champion for five successive years. It is expected that Holland will defend his title again this year. The trophy will create a double incentive of overthrowing the local "Czar" of the courts and giving to the winner a leg of the new trophy. A large field of entries in the men's division should be drawn.

Other Awards The winners in the singles and Men's doubles, the latter event to be held in August, will obtain permanent possession of suitable awards. These also will be donated by Director Busch of the Recreation Centers, who is sponsoring the tournaments this year. The tournaments are under the direction of James Britton to whom all inquiries may be addressed.

## BEN JEBY KEEPS TITLE; OUTPOINTS TERRY IN NEWARK

Newark, N. J., July 11.—(AP)—A greatly improved Ben Jey continued to rule a part of the middleweight boxing world today, despite the efforts of a two-fisted Jerseyman to squeeze into the title picture.

Jebly, recognized by the New York Boxing Commission as the world champion, outpointed Young Terry of Trenton in a blistering 15-round oombat before 12,000 fans in Dreamland Park last night.

Uses Left Jab Meeting Terry's rushes with a left jab and right uppercut, he piled up a wide margin in the first eight rounds, winning, in the opinion of Referee Whitney Healey, six of them.

Then, he let down a bit, but kept on even terms until the 13th and 14th rounds, when he was again on the last two. Realizing he needed a knockout to win, the challenger disregarded his own bleeding face, tore in with both hands to Jeby's body and had the champion worried.

The decision was unpopular, but the referee awarded nine rounds to the champion, four to the challenger and called two even.

## BUDDIES TRIM ACES IN FREE-HITTING GAME

Score Nine Runs in First Two Innings to Win Easily. Although outed 12-10 the Buddies defeated the Aces by an early inning start. The Aces bowed in defeat yesterday afternoon to the West Side Buddies by the lengthy score of 14 to 10. The game was somewhat of a slugfest with waged by a dozen errors.

The Victors scored nine runs in the first two innings when Borello allowed five bases on balls, his team mates made two errors and were touched for three hits.

In the third inning Cooke relieved Borello but the Buddies nipped him for nine hits and five runs to add another scalp to their string. Tedford, Brimley and Healey collected two hits while the Aces collected two hits from the Buddies. Muldoon, Tierney and Nell were the big guns for the Aces.

### A Fish Story That May Aid Medicine

What may result in a major contribution to medicine is the sensational discovery that old aquarium water—especially water harboring tropical fish—contains an agent that cures skin diseases. C. W. Costas, experimenting with the "magic water," is pictured at the New York aquarium, where hundreds of persons seeking the "Bacteriophage" treatment were turned away.

### OPEN FORUM

HARTFORD CIVICS COURSE

To the Editor of The Herald: Last year at this time the "Friends of Hartford" sponsored and paid for a three weeks civics class conducted at the Hartford Public High School. The work of the class consisted of hearing lectures by various heads of municipal departments in Hartford concerning their work, and of discussion on municipal problems. The class was largely attended and terminated in general satisfaction.

This year the "Friends of Hartford" are again holding two such classes which began yesterday and will continue five days a week through July 29. The morning session which this summer will study State government is held from 9 to 12. The afternoon session conducted by Prof. Rohn for the advanced study of municipal government is held from 4:30 until 6.

The "Friends" are eager to spread the influence of their worthy motives as widely as possible so I ask if the Herald will please extend through its columns their invitation to everyone to come to any or all of its classes. A special invitation is held out for tomorrow (Wednesday) afternoon at 4:30 when Governor Cress is scheduled to give his Phi Beta Kappa address "The Scholar in Politics" delivered at this year's commencement in Harvard. Enter the Hopkins street building.

SENSE and NONSENSE

**Pronouncement**  
We have got to get together if the world is to survive. We have got to face and weather it. We have got to meet tomorrow with more get-up than today. We have got to lend and borrow. We have got to build our way. We have got to help each other. We have got to hire and buy. We have got to cheer up brother. We have got to try and try. We have got to make concessions. Or the world will go to 'pot'; 'Got's' the best of all expressions—An' the only bet we've got.

Cheer up. The sun still shines. In fact, an astronomer—what would we do without 'em—says it will continue to shine for at least fifteen trillion years.  
Coming events cast their shadows. But most of us are so busy telling what's going to happen, which really means what we want to see happen, that we don't see these vivid signs that are cast before us.  
About the time the modern child has demolished the last of the "unbreakable" dolls, it begins planning on its first "permanent" wave.

**HOT BREEZES:** Some men are born rich, others earn riches, while a large army has a good sucker list. . . . So live that "the only way out" will not be to snuff out your own life. . . . Has it ever occurred to you that sometimes a feat is of more real worth than victory? . . . The reason we can't save money is because our neighbors are always doing something we can't afford. . . . A wise bride and groom will save all the shoes thrown at them. . . . Outsiders generally like the black sheep of a family better than the favorite son. . . . Two-pants suits just increase the difficulty of remembering where that key is. . . . A man sometimes educates a daughter so that in later years she may be able to criticize his grammar. . . . Husbands are like eggs; keep them in hot water too long and they are likely to become hard-boiled. . . . Much of the charity that begins at home is too feeble to get across the street. . . . In the old days the word economy was pronounced stinginess. . . . It's easier to hope for the future, than it is to buckle down and get ready for it. . . . Wise is the self-made man who comes to the conclusion that his product is mostly a pain in the neck. . . .

Man—My debts give me so much anxiety that I cannot sleep a wink at night.  
Neighbor—But how do you manage to keep going?  
Man—By sleeping in the daytime.

The man who gets caught in a breach of promise suit finds out that a girl's heart is like a street car—'PAY AS YOU LEAVE.'

American Indians never had any swear words in their language, we are told. But then the Indians never played golf, elected a Congress, or engaged in spring or fall house-cleaning.

Barber—Hair out, sir?  
Depressed One—No, throat, please.

**Debtor**—It must be awful to be a debt collector. You must be unwelcome wherever you go.  
**Collector**—On the contrary, practically everybody asks me to call again.

An excellent way for single men and women to wear out their old clothing is to get married and start rearing a family.

**Helen**—That Miss Brown can't tell a thing without exaggerating.  
**Judith**—Did you ever ask her age?

**Auto Salesman**—Do you suppose it will take long for your wife to learn how to drive the car?  
**Husband**—It shouldn't. She had had 12 years experience driving me.

POLICE COURT

The marital troubles of the Joduin family of 447 Main street was given an airing in the Manchester police court this morning when Elie Joduin, the father, was arrested on complaint of his wife, Yvonne Joduin, and had him charged with assault. The row according to the woman took place about 9:30 last evening, when she claimed that her husband struck her and she was so injured that she required the attention of a doctor. The eldest son Paul Joduin, arrived home just as the row was about over. He said that he did not see his father strike his mother but found her on the floor. She was helped to bed and a physician called. The family also notified the police and Joduin was placed under arrest. The Joduin have five children, four of whom live at home.

The court learned the gist of the trouble when Elie Joduin, the accused, took the witness stand in his own defense. He said the row was almost of daily occurrence. He denied emphatically that he had struck his wife. He said his wife had taken on one of her periodically bursts of temper in which she always accused him of being familiar with other women. He defended himself with the use of a pillow and all that he did was to push her away. Mr. Joduin maintained that his wife was insanely jealous of him and for no good reason. In order to keep peace in the family he scarcely ever went anywhere except in company with his eldest son. He recited his effort to earn a living for the whole family and was willing to do so, if only he would be allowed to live peacefully. The man's story was so convincing that Judge Johnson continued the case for two weeks, in order that the probation officer might learn more of the family and their troubles.

MILL AND HALF TAX IN NINTH IS URGED

Annual Meeting To Be Held Tomorrow Night; Several Appropriations Cut.

A tax of 1 1/2 mills will be recommended at the annual meeting of the Ninth School District to be held in High school hall tomorrow evening at 8 o'clock. Money raised by the tax will be used to pay off \$13,000 or one half of the temporary notes now standing against the district on recreation property. It is estimated that one half of a mill will do this and the remaining one mill will raise enough to cover the other appropriations which will be recommended. There will be recommended an appropriation of \$12,000 for recreation work, which is \$2,000 less than was recommended last year; \$10,000 for library; \$10,000 for interest and bond payments due on the West Side recreation building and \$13,000 for temporary notes. There will be \$4,000 recommended for the miscellaneous account. The library appropriation is \$1,000 less than that of a year ago, when there was an extra expense in the cost of moving. It is estimated that the rate of 1 1/2 mills will raise between \$40,000 and \$50,000 in taxes and the appropriations recommended total \$40,000.
