VOL. LII, NO. 262. (Classified Advertising on Page 8) MANCHESTER, CONN., SATURDAY, AUGUST 5, 1933. TEN PAGES PRICE THREE CENTS

MILK PRICE GOES UP THROUGHOUT STATE

Control Board Fixes Minimum Price to Be Paid Farmers—Reasons for the Raise.

Hartford, Aug. 5.—(AP)—The state milk control board yesterday set 7 1/2 cents a quart as a minimum price to be paid farmers for their milk, thus meeting one of the demands of organized dairymen, who threatened to strike unless such action was taken.

At the same time, the board announced dealers would be permitted to charge 14 cents a quart for milk at retail, an increase of two cents to consumers. A portion of the increase the announcement said, was due to increased dealer costs under the National Recovery Act.

While most of the leaders of the farmers movement could not be reached at a late hour last night for comment on the board's action, Ralph Hemingway of North Haven, who presided at a meeting of producers there last night, said the so-called Wadhams resolution demanding the higher price and control of the surplus by farmers would be presented to the board despite its action.

The resolution, which first was agreed on at a recent meeting in this city, was adopted last night by a unanimous vote, as it was the night before at a similar meeting in Willimantic.

The new increase in milk prices is effective August 10, the date the board's ruling yesterday. The time limit for board action before presenting a petition to Gov. Wilbur L. Cross asking for their removal.

The other demands of the producers were not mentioned in the board's ruling yesterday. They are that farmers be permitted to control surplus milk, that the fluid milk market be allotted to producers, and that a committee of dairymen be named to protect farmers' interests.

Expanded Study

The increase in the milk price to consumers, and the price to be paid farmers was made, the board said in its announcement, after an extended study of farmers' problems.

The statement said two factors had increased costs to producers. The first was the drought which had caused pastures to dry up, and the second that farmers had been forced to draw on winter feed supplies during a period of shortage.

The board said: "The month of August and the several succeeding months is the period during which milk production falls to its lowest point. This has two effects on the market price of milk. The first is the natural law of supply and demand, which means that during the shortage of supply the price rises, and secondly, that the milk producers must receive additional income for their diminished product."

"It is felt that the consumer will be able to bear the increased cost of retail milk due to the wide program of employment and re-employment as a result of the Federal regulations stimulating industry throughout the state."

The board also announced that it had delayed action on setting a minimum price for milk sold by producers until the temporary injunction against the board's authority to fix prices had been set aside.

Judge Arthur Ellis of Litchfield, who heard the injunction petitions in chambers this week, denied demands of independent milk dealers in New Haven county that the state law creating the board, be ruled unconstitutional.

NEW YORK TEAM LEADING TOURNEY

David Burnstein and Howard Schenken Ahead in Bridge Matches.

Ambury Park, N. J., Aug. 5.—(AP)—David Burnstein and Howard Schenken of New York went into the lead early this morning in the Masters' pair contest of the annual summer contract tournament of the American Bridge League.

They had a total of 642 match points. The finals, with 28 pairs competing, are this afternoon.

F. Hal Sims and Waldemar von Sedwitz dropped to fourth place with 503. Mr. and Mrs. J. H. Leonard of Washington were sixth with 501 1/2. Henry P. Jaeger and Edward C. Wolfe of Cleveland were tied for tenth with 493 1/2.

The semi-finals of the team of four event will be played tonight and the finals tomorrow.

David Burnstein, Oswald Jacoby, Howard Schenken and Richard L. Fey of New York defeated Fred G. French's Philadelphia team in a grave finale.

Tear Gas Closes Stock Exchange

High excitement prevailed in New York's financial district when brokers, gasping for breath, were driven from the Stock Exchange by fumes which police said came from tear gas bombs thrown into an open pipe of the ventilating system. Though no one was reported overcome, trading was suspended for the day. Here's the scene as emergency police squads arrived on the scene.

WOODS WORK BENEFITS HEALTH OF RECRUITS

Reports from State Camps Give Examples—How Nervous Young Man Was Cured.

New Haven, Aug. 5.—(AP)—That the work of President Roosevelt's forest army is having as good an effect on the recruits as it is on the forests was evidenced today in the reports of camp leaders.

The budding up of strong, confident young men from weak and nervous youths, who originally entered the Civilian Conservation Corps was reported to Forester R. M. Ross of the Connecticut Forest and Park Association.

From Camp Robinson in East Hartland, came the story of Leo Lejole of Danbury, who entered the corps after working for a year in a Danbury fur factory.

Doctors said Leo had "shakes." His job had been to hang wet fur pelts in the drying room of the factory after bringing them from the carroting room.

After seven weeks of outdoor work at Camp Robinson, Leo was strong, his hands were steady and he showed new weight and color.

Then came the test. Leo's brother, Vital was seriously ill and needed blood. Leo went to Danbury July 14, and gave a pint and a half of the blood his brother needed.

Saved His Life

The next day Leo returned to camp, ready for work. And Dr. S. N. Mullins and Dr. I. A. Amos, who performed the transfusion said Vital will recover.

The camp captains attributed a major part of the healthy effect of the forest life to the neatness of the camps.

Journalist Arrested as Reprisal for Arrest of Germans in Austria.

Berlin, Aug. 5.—(AP)—Dr. Paul Goldmann, who for 30 years has been the Berlin correspondent for the Vienna Neue Freie Presse, was arrested today as a reprisal for the detention of three German newspapermen in Vienna.

Dr. Goldmann, who is 68, is in delicate health and is suffering from a heart ailment. The foreign press association is therefore trying to obtain his early release.

(The Germans were arrested in Vienna for allegedly writing carelessly about the Austrian government and for suspected complicity in undercover Nazi activities.)

London Doctor Reports Discovering Flu Cures

London, Aug. 5.—(AP)—Two cures of influenza pneumonia by serum similar to the for immunizing ferrets against "flu" were claimed today by Dr. Ronald Hare, a London investigator.

In telling how he treated two women, one of whom was dying, Dr. Hare said "both cases reacted in a very dramatic fashion" and recovered.

The serum was prepared from human beings convalescing from influenza. Recent announcements that ferrets could be infected with the "flu" virus were considered highly important because of the possibility that the germ could be isolated and an antidote be found for humans.

Dr. Hare reported in the Lancet, British medical journal, that his first case, a woman of 27, was in a grave condition.

TRUCE IS DECLARED BY CAPITAL, LABOR

French Fliers Start On Atlantic Flight

Brooklyn, Aug. 5.—(AP)—A 25,340 miles, set last February by trans-Atlantic flight to "nowhere" began today when Lieut. Maurice Rossi and Paul Codos, French aviators took off from Floyd Bennett field at 4:41 a. m., e. s. t., in an attempt to set a distance record.

They planned to cross the ocean by way of New Foundland and the Great Circle route and then "just keep going." Persia, Africa or Russia may be their landing place, they indicated, but they would prefer to land in Karachi, India. Their direction after reaching the Scilly islands off the English coast, will be determined by weather.

The record they look to smash to

Named After Flier
The monoplane of Rossi and Codos is called the "Joseph Lebriz" in honor of the famous French flier who was killed in 1931 and it carried 1,770 gallons of gasoline. This tremendous load led observers to fear a crash on the take off, and as a result city and U. S. Navy fire

SEC. HULL BACK IN U. S. VISITS THE PRESIDENT

Denies Report That He Will Resign "Now or Hereafter"—Answers All Questions Freely.

New York, Aug. 5.—(AP)—Secretary of State Cordell Hull returned from London today and went immediately to Hyde Park to see President Roosevelt, with no intention of resigning "now or hereafter."

The secretary, who is chairman of the American delegation to the world monetary and economic conference now in recess, arrived on the steamer President Harding and was taken to the summer "White House" in an automobile.

Congressman S. D. McReynolds, chairman of the House committee on foreign affairs and also a member of the American delegation, accompanied Hull.

Hull met reporters at quarantine with a prepared statement in which he said that "to preach the failure and futility of the world economic conference at this premature stage, would be to preach a gospel of despair."

Answers Questions
Later, he stood in the waiting room of the ship and answered most of the questions put to him frankly and sincerely.

"The conference, despite any confused reports about its status," he said, "is still alive and has a thoroughly viable and comprehensive organization to direct its affairs during the recess period."

Later, he stood in the waiting room of the ship and answered most of the questions put to him frankly and sincerely.

SALES ON 'CHANGE FAR BELOW MARK

Five Days' Business Equalled One Day's Work in Recent Rally.

New York, Aug. 5.—(AP)—The Stock Market took its second Saturday vacation of the summer today after a week of minor price changes and extremely apathetic trading climaxed by Friday's tear-gassing.

Market temperatures were in distinct contrast to the weather. Sales for the five trading days made a total that was below the aggregate for some of the recent single sessions, which offered striking testimony to the change that had come over speculative spirits since the big shake-out. The undertone was fairly firm.

WRITERS PROTEST GOLDMANN ARREST

Berlin, Aug. 5.—(AP)—Dr. Paul Goldmann, who for 30 years has been the Berlin correspondent for the Vienna Neue Freie Presse, was arrested today as a reprisal for the detention of three German newspapermen in Vienna.

Dr. Goldmann, who is 68, is in delicate health and is suffering from a heart ailment. The foreign press association is therefore trying to obtain his early release.

Stratosphere Flight Fails; Settle Unhurt By Descent

Chicago, Aug. 5.—(AP)—Man-of-Progress, in which the latest attempt to pierce the earth's atmosphere at a greater height than ever before ended abruptly today morning, when Lieut. Commander T. G. W. Settle came to earth in a Chicago rat road yard.

A heavy fog was blamed for the late failure. The Century

For First Time in Nation's History, War Times Excepted, There Is Complete Unity in Industry—Moratorium Declared on Strikes and Lockouts.

Hyde Park, N. Y., Aug. 5.—(AP)—President Roosevelt is ready to announce a general truce between American capital and labor on all disputes pending establishment of the recovery codes.

Representatives of employers and workers on the advisory board of the industrial recovery administration, including the leaders of capital and labor, have agreed with General Hugh S. Johnson, the industrial administrator, on a moratorium on strikes and lockouts.

For the first time in American history, excluding war times, there is the apparent assurance of complete unity in industry in behalf of better days.

Truce Is Declared

The general declaration of peace was presented early today by a truce in the bituminous coal mine, war which President Roosevelt won through the appointment of a board of three to settle disagreements while a new order for this industry was established through the industrial recovery administration.

The hard-working, direct-hitting Hugh Johnson, who worked out this agreement with the President, brought it here together with the general strike moratorium in a dramatic airplane ride from the capital.

Those on Board

Members of the advisory board who reached the strike and lockout moratorium include the chairmen of employers and labor. On the board are such men as Gerard Swope, chairman of the board of the General Electric Company, and William Green, president of the American Federation of Labor.

Sitting about the common conference table with Hugh Johnson in Washington, these spokesmen of industry took off their coats, got down to brass tacks and agreed to shake hands and work it out together.

It is expected to mean the immediate end of any of the existing labor disputes and assure a peace to endure until charters have been made for all industries fixing hours of work and minimum wages.

TO EXTEND PLAN

Washington, Aug. 5.—(AP)—Rapid extension of the principle of Federal arbitration in labor disputes was looked for in some quarters today in the wake of the recovery administration's successful negotiation of a truce in the Pennsylvania coal strike, which had become threatening as the movement spread from its beginnings in one mine, was announced at mid-week simultaneous by President Roosevelt at Hyde Park, and John L. Lewis, president of the United Mine Workers in Washington, after Hugh S. Johnson, recovery administrator had flown to the Roosevelt home with the results of a night and day of negotiating.

Much Competition

"American divorce markets are competing in the sort of cut-throat

STRIKE IN HAVANA PARALYZES TRADE

Over 24,000 Quit Work—President Threatens Martial Law.

Havana, Aug. 5.—(AP)—Despite governmental threats to fight strikes with martial law and bans on union meetings, truck drivers, messenger boys and tobacco workers joined more than 24,000 other employees today in strikes that kept most industrial activity at a standstill.

To a direct question asking him if he considered the economic conference a success, Hull replied: "The conference is just getting well commenced—the question is like asking a man if he has quit beating his wife."

He was told that Henry Morgenthau, Sr., had said on his return from London yesterday that "a town meeting" of 63 nations could not hope to be successful.

"I should pity the future as a civilized world," this is the limit of our capacity to go forward toward human progress," the secretary said.

"If you want to consider the future either viewpoint is accurate in a sense. Nothing if of more value that to have sixty or seventy nations represented by their embassies

(Continued on Page Two)

STRIKE IS ENDED

Brownsville, Pa., Aug. 5.—(AP)—Lusty cheers from the throats of tired pickets early today greeted the ending of the coal strike in Pennsylvania's soft coal fields.

Over nearly two weeks some fifty thousand to seventy thousand miners in western Pennsylvania will pick up their dinner pails and

TO ISSUE LOANS FOR HOMES SOON

Expect to Begin Work in State Next Week; Branch Offices.

New Haven, Aug. 5 (AP) — With most of the preliminary work completed the Connecticut branch of the Home Owners Loan Corporation expects to begin the actual issuance of loans next week, thus blocking foreclosure proceedings against property holders in financial distress.

Officials of the Connecticut branch said appraisal of property on which Federal mortgage bonds are sought is already under way in the New Haven area. After titles have been searched, interim certificates will be issued in exchange for mortgages. These certificates will later be replaced by bonds of the home owners loan corporation.

The corporation's state office announced the first of these certificates probably will be issued next week.

Under the direction of Peter M. Kennedy, state manager, the Connecticut branch will be selected for the branch offices in Bridgeport, Waterbury, New London and Hartford. To facilitate the handling of applications and inquiries, the main office at New Haven—virtually bare of all furnishings when opened Monday—has been equipped with a telephone switchboard, desks, filing cabinets and other equipment.

It was estimated today that inquiries and applications representing a total of about \$5,000,000 in loans were received during the week. Kennedy has estimated that the Connecticut branch will be required to handle between \$10,000,000 and \$100,000,000 in loans.

The Bridgeport branch, in charge of James D. Lawler, began receiving applications yesterday. Lawler estimated at the close of the day that about 100 applications for loans approximating \$325,000 were received.

The Waterbury branch will open Monday. No definite date has been set for the opening of the offices in

Hartford and New London, although these are expected to begin operation early next week.

The major posts in the Waterbury and Hartford offices have been filled. Kennedy has still to name chief appraisers and counsel for Bridgeport and New London. He is also waiting for a ruling from the state attorney general as to whether savings banks and savings departments of other banking institutions may accept the Federal mortgage bonds as legal investments.

ABOUT TOWN

Miss Louise Letourneau who has been spending a week with Leo A. Fortin of 68 North Elm street, has returned to home in West Hartford.

Mrs. Ida Woodhouse, president of the American Legion Auxiliary; Commander John G. Mahoney of Dilworth-Cornell Post, American Legion, and Adjutant Victor Bronks, representing the Department executive committee, are the guests today of the Seventh District Committee of the Legion at the Old Home Day exercises in East Hampton.

Miss Edna England of School street and Miss Frances Strickland of Strickland street will spend the coming week at Crescent Beach.

The Cecilia club will have a special rehearsal Tuesday evening at 7:30 at the South Methodist church.

William Asmus of Middle Turnpike West has been spending the past week at Coventry Lake, returning today.

The Ladies Aid society of the Polish National church on Golway street will be in charge of the Sunday picnic tomorrow at 2 o'clock at Happonday Pavilion on Oakland street.

Sunset Rebekah Lodge will meet Monday evening in Odd Fellows hall. Mrs. Jessie Wallace, chairman of the local committee, urges all who can do so to make returns for the annual field day of Odd Fellows and Rebekahs, at this meeting.

Miss Edith and Miss Nona Pearson, who have been spending their vacation at Hancock, N. H., have returned to town.

King David Lodge of Odd Fellows, Shepherd Encampment and Sunset Rebekah lodge will have an outing Saturday afternoon, August 12, at Forrest Buckland's farm in Hills-town.

Mrs. Ethel Crosby of Robert Road is visiting friends in Keene, N. H.

Mrs. W. T. Morton of Hudson street will spend the next few weeks at her old home in Douglasville, Pa.

The family of L. J. Tuttle are at White Sands Beach for their vacation.

Nelio Havunou of Plainfield, driving a Ford coupe, collided with the end of a sedan driven by Wilfred Jolley of Bank street, Manchester, at the intersection of Center and Main street at 10:45 this morning.

Mr. Jolley had passed the corner going north as the car from Plainfield came from the east. Both were driving slowly. The Jolley car was caught between the running board and the rear left fender, lifted into the air and as the bumper was pulled from the Plainfield car it setled down. Officer Griffin intervened and left the question of damages between the two drivers, making no arrests.

FAMILY RELATIONS IN NEED OF CODE

(Continued From Page One)

competition that our industrial codes are seeking to eliminate from the business world."

Asserting that Reno has built up a "\$3,000,000 annual divorce racket," Dr. Maier said: "Unfortunately, American Churches have contributed an unholy share by glorifying divorce; by acknowledging annulments, particularly for the wealthy; by condoning re-marriage, notably in the instance of the socially or politically prominent, and by closing an ecclesiastical eye on the ravages of birth control."

"While the scriptures admit divorce only on the basis of marital unfaithfulness, petitioners in American domestic courts have listed halitosis as an 'act of extreme cruelty,'" he continued.

The conference is the Institute's second and has a registered attendance from 16 different states. Professor Herman Brase of the Massachusetts State Teachers College is presiding.

M. E. E. A. DISCONTINUES AS FUNDS COME TO END

Increase in Industrial Employment Here Makes Service Less Necessary.

As has been indicated for some time, the board of directors of the Manchester Emergency Employment Association, Inc., yesterday voted to discontinue the work of the association, due to lack of funds and the rapid increase in steady employment locally. The directors felt that these factors have diminished the necessity of maintaining the organization.

The association was formed nearly nine months ago by Executive Vice President E. J. McCabe of the Chamber of Commerce, Herbert McCann, formerly of the employment department of Cheney Brothers, has been manager since the association was created.

During the past few months, the principal project of the association has been the improvement of the North End playgrounds, for which \$8,054.70 was appropriated.

It is expected that a week will be spent in closing the books of the association and in making a survey of those still unemployed. All who can register with the association as still without employment are requested to notify Mr. McCann by the end of the next week. Current figures show that out of 1,343 unemployed 340 have returned to work.

TRUCE IS DECLARED BY CAPITAL, LABOR

(Continued From Page Two)

go back, probably Monday, to their jobs in the pits.

Return of the miners will restore a weekly payroll of approximately \$750,000 and end hectic days of strike and disorder in one of the world's largest soft coal mining areas.

At Harrisburg Governor Gifford Pinchot said National Guardsmen will be withdrawn from Fayette county as soon as conditions warrant. The heart of the strike zone has been under semi-martial law and militia-patrolled since last Monday.

"If the strike had not been broken it might easily have settled down to an entire recovery program," Pinchot said.

A somber note pervaded the jubilant air of thousands of weary pickets as they prepared to attend the funeral today of Louis Padorsky, the lone fatality of the strike.

With all the pomp at their command, some 3,000 mine comrades will march in a funeral procession to a little graveyard at nearby Allison, Padorsky's home.

Padorsky, a World War veteran, was fatally shot Tuesday in the picket lines at the H. C. Frick Coke Company's Colonial mine No. 3.

REGISTRARS ACCEPT TWENTY APPLICATIONS

Registrars of Voters R. N. Veitch and Edward Moriarty yesterday accepted 20 applications from persons to be made voters. One applicant was registered as a Republican and six applications for transfer from the Republican to Democratic list was also filed. The next session of the Registrars will be held next Friday afternoon from 1 to 10 p. m., d. s. t.

HOSPITAL NOTES

Daughters were born at the hospital yesterday to Mr. and Mrs. Jesse A. Hills of Andover and to Mr. and Mrs. Wilfred Johnston of 25 North School street.

Thomas McCann of 113 Autumn street and Miss Charlotte Reichardt of 44 Cambridge street were admitted yesterday.

Mrs. Thomas Maryin and infant son of 13 Cedar street was discharged today.

GETS DEATH THREAT

Manila, P. I., Aug. 5 (AP) — A threat of death because of his opposition to provisions in the Philippine Independence Act was received today by Manuel Quizon, president of the Insular Senate and dominant political figure of the islands.

The typewritten note received at Baguio read:

"You better stop your campaign against the Hare-Hawes-Cutting act or I will assassinate you the same way the late Premier Inukai was assassinated."

Premier Teiyoshi Inukai of Japan was shot in 1932.

Weddings

Young-Curran

Miss Emeline H. Curran, daughter of Mrs. Emeline Curran of 200 Maple street, will be married this afternoon to Ralph Alvin Young, son of Mr. and Mrs. Herbert Bercley Young of Bristol. The ceremony will be performed at 4 o'clock at the South Methodist church by the Rev. Leonard C. Harris, who will use the single ring service.

Baskets of seasonal flowers, palms and ferns decorate the chancel, and pillars in the center aisle are festooned with streamers of white silk ribbon, surmounted with baskets of gladiolus and other flowers.

Collins Driggs will play a number of selections on the organ while the guests are assembling and the bridal music. He will also accompany Mrs. Adelaide Pickett, who will sing "Dawning" and "Oh, Promise Me."

The bride, who will be given in marriage by her cousin, Thomas Curran, will be attended by her sister, Miss Dorothy May Curran, of Norwich. Kenneth Miller of Bristol will be best man for Mr. Young.

The ushers will be Edwin Johnson of Hartford, Arthur Patterson and Clarence Goranson of Bristol and Carl Webber of Willimantic. The wedding gown of the bride will be of white satin with train. She will wear a bridal veil and carry a shower bouquet of white roses, gypsophila and maiden hair fern.

The bridesmaid will be attired in yellow organdy, with large blue hat and accessories. Her arm bouquet will be of yellow Perpetua roses, delphinium and maiden hair fern.

The ceremony will be followed by a reception for 250 guests in the banquet hall of the church, which has been beautifully decorated with flowers, ferns, palms and softly shaded lamps. The bride party will receive in front of the platform, an early colonial oak table on which the bride's cake will be placed until cut by the bride and distributed to the guests.

Light refreshments will be served by girl friends of the bride.

The couple will leave later for a wedding trip, the bride wearing a gray Boucle ensemble with fox fur. They will be at home to their friends after October 1 at 200 Maple street.

The bride is a graduate of Manchester High school and Connecticut Business college. She was employed by the Aetna Fire Insurance company and has been prominent among the young people of the South Methodist church.

Mr. Young is a certified public accountant with the firm of Touche, Niven & Co. of New York City and a lieutenant in the U. S. Army Reserves.

Secretary to Wed Governor Pollard

The engagement of Governor John G. Pollard of Virginia and Miss Violet Elizabeth McDougall, his executive secretary, has been announced by Miss McDougall's mother, Mrs. Ellen McDougall, a resident of Winthrop, Canada. Miss McDougall, 44, was above in a recent portrait, is 44; the governor, 61.

OBITUARY

DEATHS

Frederick Knofskale
Word has just been received here of the death of Frederick Knofskale, a brother of Mrs. Ott Seeler, Mrs. Harry Bowers and William Knofskale, all of this town, at St. Louis, Mo. He would have been 63 years of age in a few months. Mr. Knofskale formerly lived here his last stay in Manchester being about eight years ago.

He leaves two other sisters, Mrs. Louis Wirrala of Hogota, N. J., and Mrs. Augusta Kaise of Norwich. The body will be sent here for burial. Funeral arrangements are as yet incomplete.

FUNERALS

Mrs. M. A. McCabe
The funeral of Mrs. Margaret Ann McCabe who died at her home Thursday night will be held tomorrow afternoon at 3 o'clock at her home, 11 McCabe street. Rev. Marvin S. Stocking of the North Methodist church will officiate.

The bearers will be Joseph Ferguson, Jr., Joseph Tedford, Walter Tedford, Edward McCann, William Chambers and Fred Hope. Burial will be in the East cemetery.

FRENCH FLIERS START ON ATLANTIC FLIGHT

(Continued From Page One)

apparatus was assigned to the field along with police emergency squads.

The take-off, however, was perfect and a small crowd cheered as the plane soared away over Jamaica Bay.

The Frenchmen were grimly silent and business-like as they climbed into their ship. They carried an elaborate food supply, prepared by a French chef. It included five boned chickens, two quarts of chicken consommé, 36 oranges, 24 bananas, 24 lemons, eight bottles of water and seven quarts of black coffee.

Have Wireless
Their ship—a \$100,000 craft with a four blade propeller, has a 34 meter short wave set, call F-ALCO, with which they planned to maintain wireless communication with Paris and other points.

Rosal is an officer of the French aviation corps. He is 32, married, and lives in Paris. He was a war flier and has three thousand hours flying to his credit. On this flight, he is navigating and is serving as radio operator and co-pilot.

Codes is a commercial flier stationed at LeBourget field, and also is married with a wife in Paris. He is 37 years old, learned to fly after the war, in which he served in the infantry and artillery, and has six thousand hours in the air.

Their plane has a narrow body with enormous wings. On the sides of the fuselage are painted French and American flags. On the rudder is "Bleriot 110." In preparation for their hop off, Floyd Bennett officials painted white lines the full length of the field, to serve as guides for the fliers, have no vision for or aft, only sidewise.

WEATHER REPORT

New York, Aug. 5 (AP) — Dr. James H. Kimball, noted weather expert, said today the French fliers Codes and Rosal, according to present indications, would have favoring winds for three-quarters of their flight across the Atlantic and over Europe.

"This afternoon or tonight," he said, "there are indications that they will find themselves in a short stretch or overcast and rainy weather. That bad weather is the storm which passed here the night before last. This morning its center was near Cape Race.

"Tomorrow morning they will be flying into good weather, with following winds."

He said that the weather indications were good, considering the long distance the fliers planned to travel.

STRIKE IN HAVANA PARALYZES TRADE

(Continued From Page One)

U. S. Ambassador Welles has sought to mediate.

Omnibus and taxi drivers conferred with Secretary of Interior Zuberbarreta and a solution of their grievances seemed likely, their requests having been met. Unless they decide to support other striking organizations, they may resume work tomorrow.

Nearly 200 strikers have been arrested.

Military units were called to Sanata Clara Province after several violent demonstrations. Eleven persons, including three policemen were hurt in outbursts in the Cienfuegos.

Meanwhile Ambassador Welles discussed further with opposing factions a program of reforms, including a modified presidential plan of government.

AGREE ON CODE

Bridgeport, Aug. 5 (AP) — The Connecticut Dress Manufacturers association has agreed to reduce hours and increase wages.

The working week spokesmen of the organization said, will be reduced from 48 to 40 hours, and hourly and piece work rates will be adjusted so the worker will receive the same wages for the new week as for the old.

The new schedule approved at a meeting last night will be effective Monday and will affect 50 plants employing 8,000 workers.

ASK STORES TO CLOSE TO HONOR C. E. HOUSE

Merchants Division, C. of C., Makes Request for 3:45 Monday, Just Before the Funeral.

As a token of tribute and respect to Charles E. House, dean of local business men by virtue of 61 years as a Manchester merchant, who died yesterday noon after a brief illness, the executive committee of the Merchants' Division of the Chamber of Commerce today requested that all stores, and especially those on Main street, close at 3:45 o'clock Monday afternoon for the balance of the day.

The funeral services for Mr. House will be held at 4 o'clock Monday afternoon at the Center Congregational church and the closing at the hour stated above will permit his many friends in the retail field to attend the services.

Rev. Watson Woodruff will officiate and burial will be in the East cemetery.

Friends may call at the home at 193 East Center street tomorrow from 10 o'clock on to pay their final respects to one of Manchester's outstanding business leaders.

BUILDERS, CONTRACTORS TO HOLD CODE MEETING

All Those in State Asked to Attend Gathering at Hartford Next Wednesday.

Executive Vice-president E. J. McCabe of the Chamber of Commerce has sent letters to all builders and contractors in Manchester, announcing that an important meeting of the men in the building industry of the state will be held next Wednesday at 2 o'clock in the afternoon at the Hartford Electric Light building on Pearl street.

Vital information concerning the future code of fair competition for the building industry of this state will be discussed. The meeting is called by a new state association.

The letter states that this new association is on a fair and sound basis. No membership requirements are in force now and the meeting is open to every man in the building line. The method of procedure in formulating a code will be explained at this meeting.

SEC. HULL BACK IN U. S. VISITS THE PRESIDENT

(Continued From Page One)

sadors or heads of governments reach understanding."

War Rumer
Discussing that part of Morgenthau's interview in which he had said that Europe was on the brink of war Hull asserted:

"I am not quite so pessimistic. The purpose of the conference is to meet and constructively and reverently deal with both economic and military problems. I am trying to say there is a more optimistic view that can be taken, though I say that with a great deal of respect for Mr. Morgenthau, who is a more capable judge than I.

"There is no question that if we leave off peaceful conferences and peaceful understanding there will be both economic and military chaos."

He would not discuss possible recognition of Russia because "it would take me hours to go into the pros and cons of the question."

On a report that he was planning to visit South American nations to arrange trade treaties he commented:

"I want to get home and unpack my grip before I plan another trip, but it is true that I am deeply interested in all phases of Latin American affairs."

LINDBERGH'S SURVEY GREENLAND ROUTES

First to Cross from West to East—Next Stop to Be Iceland.

Scoresby Sound, East Greenland, Aug. 5 (AP)—Colonel Charles A. Lindbergh landed here this morning from Holstenberg, the first man to cross Greenland by air from west to east.

Colonel Lindbergh said that his flight over the island ice which had been accounted one involving numerous perils was on the contrary in every respect satisfactory with weather and visibility ideal.

The American aviator, who is making an aerial survey of the North Atlantic area, intends to remain three days in this the youngest Danish colony in Greenland. All the inhabitants including the sheriff are Eskimos, with a single exception, and are unable to speak or understand any language except Eskimo.

There is no aviation depot here but Laue Koch, noted Danish explorer, has placed sufficient fuel on the countryside and Lindbergh to enable him to reach Amgamsalik where he will meet the supply ship Jellinge Tuesday morning.

After visits to inland ice areas in this neighborhood, Colonel Lindbergh plans to fly to Alureyrl, on the northern coast of Iceland.

TROPICAL HURRICANE STRIKES BROWNSVILLE

Brownsville, Texas, Aug. 5 (AP) — Wreckage of damaged homes and buildings littered the countryside and cities of the lower Rio Grande valley today as residents sought to determine if there was loss of life from a brief tropical hurricane.

Point Isabel and Brownsville, at the mouth of the Rio Grande, were directly in the path of last night's storm which swept inland from the Gulf at a velocity of nearly 80 miles an hour, blew for two hours, then veered suddenly and lunged southward into Mexico.

The principal concern was felt for 25 or 30 persons marooned in Colonel Sam Robertson's DeMar hotel, on Brazos island and for 10 or 12 Coast Guardsmen at the government station on Padre island. Communication with both islands was severed late yesterday.

Scarcely a building in Point Isabel escaped damage. Brownsville was hit heavily.

JUVENILE COURTS

Hartford, Aug. 5 (AP) — The value of the juvenile court in the struggle to combat crime is demonstrated by the fact that over six per cent of 11 delinquent children handled by such courts were committed to reform institutions in 1932 as shown by the report of Kenneth L. Messenger, chief juvenile court probation officer of the state, recently made public.

SUNDAY SCHOOL LESSON

THE STORY OF RUTH

Text: Ruth 1:6-10, 16-22. The International Uniform Sunday School Lesson for Aug. 6.

By WM. E. GILROY, D. D. Editor of The Congregationalist

This lesson and the next deal with two good and notable women of different types, whose lives were in different spheres, but who alike illustrate the finest and deepest things in womanly character.

In studying the character of Ruth, and the lessons that come to us from her life, we ought to read the book as a whole. It is one of the stories, beautiful in conception and in writing, that come to us from the ancient world, and to separate a part of it from the whole would be as much out of harmony with the conception and interest in its context or to take a part out of a story which is a unified whole.

The setting of the story of Ruth is in the time of the Judges in Israel, a period of social unsettlement and strife in which there had come, also, hard times.

Under these conditions Elimelech and his wife, Naomi, with their two sons had emigrated to Moab, east of the Dead Sea. Here, in the course of the years, misfortune befell them in a strange land. The father died, and the two sons, who had taken wives from the Moabites, also died, leaving Naomi with her two daughters-in-law, Orpah and Ruth.

Bereft of her own family and in the hope of finding a more favorable environment in her own land of Judah, Naomi decided to seek her native country. Daughters-in-law and mothers-in-law do not always have much in common, but in this case both daughters-in-law were determined to go with her. The three set out on their journey, but Naomi finally yielded to Orpah's urging and remained in her own land. Ruth, however, persisted in her purpose and loyalty, declaring that under no circumstances would she leave Naomi.

This is the central point of the story and its teaching. It is a story of the intensity of affection and of loyalty in adversity. In the end, Orpah who turned to her own people, seems to suffer in comparison with Ruth, but we should not be too ready to see any discrepancy in character.

Orpah was naturally anxious to go with Naomi, but Naomi, realizing the difficulties that might beset women journeying into a strange land, urged both her daughters-in-law to remain in Moab. There may have been circumstances that influenced Orpah in finally yielding to Naomi's insistence that she remain with her own people.

Without questioning the loyalty of Orpah we may, however, turn to emphasize the persistency of the faith and loyalty of Ruth. Among men, the story of Damon and Pythias has interested the entire world in its revelation of friendship, but here is a story of relationship between women quite as moving and inspiring.

Our lesson ends before Naomi and Ruth have reached the land of Judah. There are new adventures before them. Ruth manifested not only her loyalty but her energy, and the two women found their early support in the new land as Ruth gleaned in the field after the reapers, gathering the meager portions of the harvest that were left.

How these experiences led to her marriage and to happier days for the two loyal women, into whose lives so much sorrow had come, must be left to the story of the book itself. It was a story that through tragedy came to a happy ending and the vindication of so noble an ideal of loyalty and friendship.

WAPPING

Miss Anne Hassler, a teacher of the third grade of the Wapping Grammar school, is attending summer school at the Normal school in Oswego, N. Y.

Miss Emma Hart, a granddaughter of Mrs. Emma Skinner of Wapping, was taken to the Francis Hospital, Hartford, where she underwent an operation for appendicitis on Wednesday.

The M. H. F. W. club will leave early next Sunday morning in Raymond W. Belcher school bus for Hammonasset Beach, where the members will spend the day with Mr. and Mrs. Raymond W. Belcher and daughter Blanche.

Miss Sarah Bristol and Truman C. Hills attended a meeting of Miss Bristol's alumni of the Bay Path Institute, at Hotel Kimball in Springfield.

Harold Hart of Wapping is spending a week at Connecticut State college, where he is attending the Older Boys Conference.

Mrs. Alice (Nevers) Scagel, who has been ill at her home here for three weeks, suffering from arthritis, is improving.

WHAT LOVE IS

By GEORGE HENRY DOLE

Love is not a mere sentiment, a feeling or vanishing sensation. If we touch a book, there must be a book to cause the feeling. If we feel love, there must be something substantial to cause the feeling. We have lived so long upon the material plane that many have come to think that nothing is real that cannot be handled, seen, heard, or detected by one of the five senses. Materialism so dominated the world that even the existence of a spiritual world was denied, and multitudes imagined that death ends all, because they could not conceive of anything but the grossest forms of matter. The most superficial reading of the Word will show that the spiritual world is as substantial as the material world, yes, even more so, for it underlies it and holds it in order. Hence the spiritual is more substantial (standing under) than the material world. This fact set some evidence by proving that the deeper nature is penetrated, the more enduring and powerful are those elements, which a short time ago were not known to exist. The cosmic ray is mightier than X-ray. X-ray is more powerful than radium and radium is mightier than the magnet. Suppose each should penetrate to the realm of the purely spiritual, would it not be real, substantial and mightier than all below it?

CHURCHES

THE SALVATION ARMY. Adjutant Reginald Martin.

Services for week beginning Saturday, Aug. 5.

An open air service will be held Saturday night at the corner of Birch and Main streets beginning at 7:30. The Sunday services will begin at 9:30 a. m. with a company meeting (Sunday school). Classes are formed for all ages, and everybody, the old and young are invited. This is followed by a Holiness meeting at 11 o'clock.

A praise meeting of music and song will be held in the park at 3 p. m. and an open air service in front of the post office at 7 o'clock. A great Salvation meeting at 7:30 p. m. in the Citadel. A bright, happy, convicting and convincing meeting. All are welcome.

The band under the leadership of David Addy will give a concert on the band stand in the park Tuesday evening beginning at 8 o'clock. Wednesday the Young People's League will hold a service at the Citadel, the subject for the meeting is "Zechariah." Thursday will witness an open air service at the corner of Birch and Main beginning at 7:30 p. m. The Holiness meeting Friday night at 8 o'clock will be held in the Y. F. Hall.

These meetings are all public and every one is urged to attend.

SOUTH METHODIST EPISCOPAL CHURCH. Leonard C. Harris, Pastor.

10:45 a. m.—Morning worship. The Union Services of the Center Congregational and the South churches will continue throughout August in the South M. E. church. Preacher, the Rev. Leonard C. Harris of the South church. Subject of sermon Sunday, "The Religion of Jesus and Christianity."

Music: Prelude—Invocation.....Dallier Anthem—The Prayer of the Penitent.....Matthews Anthem—Lord of All Being.....Andrews Postlude—Prelude and Fugue in D minor.....Bach Organist and director, Archibald Sessions.

7:00 p. m.—Open Air Service at the outdoor pulpit. A Gospel Sing, with David Hutchinson, bass, as soloist. A brief Gospel message will be given by the pastor. If weather is inclement, the service will be held in the Chapel.

Tuesday, 7:30 p. m., the Cecilia Club will hold a special rehearsal of the musical pageant which they are to present Sunday evening, August 20, at the Willmantic Camp Meeting. Every member is urged to be present.

ZION LUTHERAN High and Cooper Streets. Rev. E. F. R. Stechholz

Sunday school at 8:30 a. m. Service in English at 9:30 a. m. Text of sermon, Matt. 7:15-23. (Gospel of the 31st Sunday after Trinity). Subject: The general appearance and the special marks of false prophets.

A short meeting of the Sunday school teachers will be held immediately after the Sunday school.

The Bulletin Board of Ex-Service Organizations.

American Legion

The department membership bulletin of July 28th, listing the total membership of each post in the department as of July 24, and their delegation strength to the department convention in New London on August 24, 25, and 26 shows Bait-Locke Post No. 6 of Hartford as having the largest number of delegates, 7, with Post No. 3 at Stamford with 6, and No. 9 at New London with the same number. District totals show No. 2, New Haven, with 74 delegates and our own (Hartford County) with 70, No. 2 Fairfield 45; No. 4 Tolland and Windham 31; No. 5 New London 22; No. 6, Litchfield 27; No. 7, Middlesex 22; a total of 301 for the state. The delegates representing our post will be Commander Mahoney, Adjutant Bronke, Welfare Chairman Bray and Command Post Captain Cerev.

The regular monthly meeting of the department executive committee, will be held at the Hotel Garder, Hartford, Wednesday, August 9th at 8 o'clock.

Mrs. Ida Woodhouse, president of the Unit, Command Post John G. Mahoney and the adjutant Victor W. Bronke, representing the department executive committee are among the invited guests at the Old Home Day celebration sponsored by the Legion posts of the 7th district, held at East Hampton today.

Commander Joseph Treadwell will be marshal of the parade at the celebration at East Hampton in which all drum corps taking part will be strictly legion corps. Our own corps will no doubt give some of the others represented a run for some of the cash prizes totaling \$300 dollars which will go to the winners.

The local members of the committee having gained one of its objectives in securing sufficient reus to rate four delegates to the convention, are now busy rounding up other delinquents in an effort to equal last year's total. We wish to urge all those who have not secured their 1933 membership cards to do so at once so that on the closing date of August 19th all will be paid up.

Some interest is being shown in the contest announced by department commander Treadwell to determine who the three lucky legionnaires will be who will leave New London by plane, flying to Philadelphia and returning as an escort to National Commander Johnson who will address the delegates at the convention on Saturday. Everyone has a chance to win who secures a re-up of a new member before August 19th and who will drop into a box at headquarters, so go to it boys, bring in a few members and get a free ride. The following men have had their names dropped into the box. Commander Mahoney, John Jenney, Donald Hemingway, Frank Cervini, Everett Kennedy, Victor E. Cook.

Some time within the next week or so the membership will be contacted by Chairman Edward Brown and his New London marching delegation committee to ascertain who will go to New London on Aug. 23rd to take part in the parade on the closing day of the convention. Ed. says that he'll have at least 50 of the boys marching to the rat-a-tat of our drum corps. More power to you Ed.

Baseball is not the only outdoor sport that will furnish friendly competition between the boys of the V. F. W. Wednesday according to the latest news coming from the managers of the golf teams of both outfits. At the Manchester Country Club next Thursday evening nine men of the Post will try to out-drive and out-put nine of the lads wearing the colors of the V. F. W., and so fooling this is going to be a regular golf match. The total number of points will determine the winner. Although beaten in baseball by the V. F. W.'s the Legion will also win a victory through Thursday's match a winner by a very good margin with such good golfers as Frank D'Amico, Bill Stevenson, Jack Hayden, Ronnie Ferguson, Bob Hathaway, Jack Jewey, Otto Sorenson, Frank Cervini. We concede that Bert Moseley an' Cap Peterson might have a chance with a couple of the Legion team that are in-and-outers, but that's just a mere possibility. Others on the V. F. W.'s team who will probably reduce their waistlines but not their scores are Harry Roth, Bill Fortin, Harry Mathiason, Lawrence Redman, Babe Wetherel, Neal Cheney. What will be at stake in this match other than their golfing reputations we do not know, but we would venture to predict that the Army and Navy Club will be the first stopping place after the match is over and then plenty of alibis, or what have you?

EMANUEL LUTHERAN CHURCH. Rev. K. F. Erickson, pastor.

9:30 a. m.—Sunday school and Bible classes.

10:45 a. m.—English service. Sermon by Theological Student Herbert Gustafson of Meriden. No evening services.

The Brotherhood will hold their annual picnic Saturday afternoon at Ed Berggren's farm on West Center street, leaving the church at 1:30 o'clock. All are welcome. Anyone in need of pastoral services is asked to call Herman Johnson, tel. 5517.

CHURCH OF THE NAZARENE. Harris B. Anthony, Pastor

9:00 a. m.—Morning prayer service.

9:30 a. m.—Church school.

10:45 a. m.—Morning worship. Sermon by Rev. War' Albright, pastor of the Church of the Nazarene, Springfield, Mass.

6:30 p. m.—Young People's hour in charge of Gladys Wilson and Marion Turkington.

7:30 p. m.—Evangelistic service. Sermon by Rev. Ward Albright.

Wednesday, 7:30 p. m.—Mid-week prayer service.

Friday, 7:30 p. m.—Class meeting.

ST. MARY'S EPISCOPAL. Rev. James Stuart Nell, Rector

Sunday, August 6th—Eighth Sunday after Trinity.

10:45 a. m.—Holy Communion and Sermon. Sermon topic: "Naboth's Vineyard."

7:00 p. m.—Evening Prayer and Sermon. Sermon topic: "The Other Sheep."

The Week: Tuesday, 7 p. m.—Boy Scouts. Session of the Church School omitted during July and August; resumed second Sunday in September.

CONCORDIA LUTHERAN. Rev. Karl Richter

English service, 10 a. m. German service, 11 a. m.

POLISH NATIONAL CHURCH. Galloway Street. Rev. Peter Latas

8:30—Children's Mass.

10:30—Mass.

2:00—Sunday picnic at Happyland Pavilion on Oakland street.

GOSPEL HALL. 415 Center Street

10:45—Morning service.

12:00—Sunday school.

CHURCH NINES TANGLE

The German Lutheran baseball team will play the Hartford Trinity Lutherans tomorrow at Bluefields 8:15.

The Hartford Trinity club is rated as one of the best Lutheran teams in the state and only for Lankey's air-tight pitching the game is Hartford last Saturday would not have been as closely contested. Two of their players were picked on the All-Hartford church team. So the German Lutherans will be in for a hectic afternoon. The probable batteries: Hartford, Trinity, Vetterli and r.m.d.; German Lutheran, Winslow, Ebercrum and E. Warner.

lary the best of luck in their food sale which is being held today in the J. W. Hale store. The sale will start at 2 p. m. A large assortment of home-made bread, cakes and pies have been donated, and everything points to a very successful sale. Members of Mone-Ypres post can help by buying.

Members of the Post who own automobiles are earnestly requested to assist the picnic and bring their cars as many will be needed to convey the large crowd which will be present. If there are some members who find they can't spend the day with us could help by bringing loads to the lake and returning for same at night. Let's all help.

All members of Mone-Ypres Post who intend to donate some material for the Auxiliary Rummage sale next Thursday, August 9, are requested to telephone 3996 for collections.

Mone-Ypres Auxiliary

Everything is in readiness for our food sale which is being held today in Hale's store on Main street. The committee in charge have been working so faithfully for a successful sale and asking for the kind cooperation of all ladies of the Auxiliary. Those donating are requested to have their donations priced and delivered by 1 p. m. Mrs. Lewis Milligan, chairman of the committee, has the following list:

The sewing circle met at the home of Mrs. Albert Lindsay on Edgerton street last Thursday evening at 2 p. m. and another very interesting session was held with 16 ladies present. Refreshments were served by the hostess and all present voted a very enjoyable evening. The sewing circle will not meet this Thursday owing to the rummage sale.

Mrs. Scott and her committee are working very hard to make the rummage sale which will be held in a store in the Johnson block, next Thursday, August 10, a success. All the ladies who are intending to donate material for the sale are requested to get in touch with Mrs. Scott, 194 Center street or telephone 3996. All donations will be thankfully received so let's get together and make this sale a big success.

The ladies of the Auxiliary will meet tomorrow morning and hold our first annual picnic. The ladies with their families will meet at 10:30 a. m. in front of the Orange Hall. From there we will proceed to Bonaire where the picnic will be held on the estate of E. J. Holl. Box lunches will be carried and a good time is assured those that attend. So here's trusting for a good day.

While enjoying lunch at Columbus on Friday, Mary Thompson, youngest daughter of Comrade and Mrs. James Thompson of Mone-Ypres, was instrumental in saving the life of another girl. This girl while bathing had wandered out of the bath and lost her nerve. Seeing her danger, and without hesitation, Mary swam to her assistance. Mary held on to the struggling girl until other helpers came to her assistance. The girl was safely brought to shore and soon recovered, and her life was saved.

The Auxiliary also adds their congratulations and say, Well Done, Mary.

While enjoying lunch at Columbus on Friday, Mary Thompson, youngest daughter of Comrade and Mrs. James Thompson of Mone-Ypres, was instrumental in saving the life of another girl. This girl while bathing had wandered out of the bath and lost her nerve. Seeing her danger, and without hesitation, Mary swam to her assistance. Mary held on to the struggling girl until other helpers came to her assistance. The girl was safely brought to shore and soon recovered, and her life was saved.

The Auxiliary also adds their congratulations and say, Well Done, Mary.

Mr. and Mrs. Louis Twining and Wallace Post, who are passing the summer at Coventry Lake, were visitors at Mr. and Mrs. A. H. Post's Wednesday. Shirley Field accompanied them on their return for a visit.

On Monday Mr. and Mrs. C. Daniel Way and Charles D. Way Monday were the Misses Mary and Elizabeth Gleason of Essex, Miss Mabel Welles, Mrs. Louise Siegra and her son Bert of Middletown.

The Sunday school members and a few others motored to East Hampton, Wednesday and passed the day at the lake. The picnic came to a sudden end when a thunder storm broke over the town.

Daniel Way is in Vermont this week on a business trip.

Mr. and Mrs. C. W. Hutchinson and their children attended the Field Day of East Central Pomona Grove in Coventry Wednesday.

Sherwood Keefe is suffering from an infection in his hand and is being attended by Dr. Frederic Wilcox of Willimantic.

Mr. and Mrs. C. W. Hutchinson visited Colchester Grange Wednesday evening.

The Ladies at the north-end of Gilead street are indulging in picnic suppers now and then. The last one was held Saturday on the Ellis lawn.

Mr. Duran and her son Ernest of Wallingford spent Thursday with her daughter, Mrs. Floyd Fogli.

Miss Mary Griswold and her sister have returned to their home in Berlin after passing a week at their cottage here.

Ned Burt of Stamford was a visitor on Wednesday at Charles F. Burt's. The rain Thursday, night helped much to keep growing crops alive and the cooler temperature adds to one's comfort after the torrid heat of the past week.

EQUIPOISE IS NAMED FOR SARATOGA EVENT

Saratoga Springs, N. Y., Aug. 5.—(AP)—C. V. Whitney nominated his handicap champion, Equipoise, for the 31st running of the Saratoga handicap today, giving the five year old son of Pennant-Swinging a handicap of 13 pounds. The total earnings of the \$300,000 market. The race, at a mile and a quarter, carried a purse of \$2,500 added with about \$6,400 going to the winner. Equipoise already has earned \$23,710.

Equipoise, however, was asked to carry the terrific burden of 142 pounds, and give away from 19 to 40 pounds to seven rivals.

Seems like the weatherman is helping out the repeal campaign. Where's the farmer who isn't tempted to vote wet this summer?

ROCKVILLE

BOY INSTANTLY KILLED BY CALIFORNIAN'S CAR

George Kies, 14, Victim of Crystal Lake Road Accident; San Francisco Man Held.

George Kies, aged 14 years, son of Mr. and Mrs. Frank Kies, of Crystal Lake was instantly killed early last evening when struck by a car driven by George H. Eckert of San Francisco, Cal.

The automobile was headed towards Stafford Springs at the point where the road branches off to Sandy Beach. Young Kies, who had been sitting on the fence, ran across the road in front of the oncoming car.

Eckert swerved to the left off the shoulder of the road and onto the gravel fill in front of Carl's Filling Station, but his car struck the boy, killing him instantly.

State Policeman Jesse Foley of the Stafford Springs Barracks, and plumebers of Rockville will meet at the Town Hall, Memorial building, Tuesday night to discuss and to take action on the new code. All members are expected to attend as business of importance will be acted upon.

Eckert is held at the barracks pending the coroner's finding.

Forty posts of the American Legion are to gather in Rockville tomorrow, for the Fourth District meeting which will be held in Memorial building. A very interesting program is being arranged by District Commander William C. Pfunder.

Among the posts are the following: Putnam, Rockville, Stafford Springs, Ellington, Coventry, Danielson, North Grosvenordale, Somers, Hebron, Hampton and East Woodstock.

A short talk is to be given by Captain E. P. Armstrong, department treasurer.

This will be the last meeting over which District Commander William C. Pfunder is to preside as the newly elected commander, Wendell Bosworth of East Woodstock, is to be installed at New London where the state convention will be held on August 24, 25 and 26.

A social hour will follow the meeting and refreshments will be in charge of a committee consisting of Clayton Thrall, chairman; William Poehner, Hilmar Krause, Miss Emma Bate, Mrs. Mary Sloan, Mrs. North Grosvenordale, Somers, Hebron, Hampton and East Woodstock.

The campaign to keep undesirable out of Rockville recently inaugurated by the police resumed in the first case being brought into court yesterday morning, with it fine and imprisonment.

Steve Burke of Westfield, Mass., arrested on Thursday by Captain Richard Shea, was charged with intoxication before Judge John E. Fink. He was found guilty and fined \$3 and costs of \$10.18, which he paid.

George Johnson of Broad Brook was charged with intoxication. He was fined \$1 and costs, which he paid.

The third offender was Michael Dunn, no permanent address, charged with intoxication and breach of peace. He was fined \$7 and costs of \$10.18. In default he was committed to Tolland County Jail for seventeen days.

The campaign against intruders was started to keep all looters out of Rockville, particularly the Gypsy sections. Two bands of the gypsies have passed through Tolland County within a week but they did not stop in Rockville because of the reception they met on previous occasions.

Martin Patrick Burke, 33, died at his home off West street on Thursday night about 11:30 o'clock. Death was due to the infirmities of old age. He was born in Ireland and came to Rockville when he was 16 years of age. For over a score of years he was employed by the Hookman Mills Company as a truckman, retiring about twenty years ago.

Mr. Burke was one of the oldest settlers in this territory and took an active part in all town affairs. He was a member of St. Bernard's Catholic church, and Court Snipic, Foresters of America.

Mr. Burke is survived by two sisters, Mrs. C. H. Cropper of Derby and Miss Belma Burke of Rockville, also several nephews and nieces.

The funeral will be held from the Burke home on Monday morning at 8:50 o'clock and from St. Bernard's Catholic church at 9 o'clock. Rev. Francis C. Hinchey, assistant pastor, will officiate.

Notes

Alfred F. Ludwig, president of the Hygienic Ice Company, was called to Boston yesterday for a conference. Mr. Ludwig is a director of the New England Ice Dealers' Association and is attending the meeting held at Hotel Statler.

William Fense, manager of the Scott Store on Union street, has tendered his resignation to take a position in the South. Mr. and Mrs. Fense will leave for North Carolina within a few days where he will be employed in one of the Southern National Department Stores. After a month's service in the main store of the concern Mr. Fense has been promised a store of his own as manager.

Miss Beulah Durfee of Prospect street is spending her vacation at Indian Neck, Branford.

The Rockville Lawn Club is to hold a benefit dance in the Sandy Beach ballroom on Wednesday evening, August 8. The entire proceeds will be used for charity.

Mr. and Mrs. Howard W. Kibbe of High street are entertaining the former's brother, Charles Kibbe of Hartford.

Mrs. Corinne Sykes Spencer of Rockville and her daughter, Miss Julia Spencer, are the guests of Mrs. Charles Phelps at her summer home at Eastern Point.

The regular meeting of Aiden Skinner Camp, Sons of Veterans, was held last evening in the G. A. R. hall.

Miss Marie Oliver of Brooklyn, N. Y., is the guest of her cousin, Miss Laura Minor of High street.

The mills of the Hookman Mill Company in Rockville closed last night at 11 o'clock instead of working through until 8:30 this morning. This is part of the National Recovery Act program.

Mrs. Rose O'Brien of McLean street, who has been taken suddenly ill following the death of her husband, is reported as resting comfortably.

Miss Annie McGuane of Cottage street is the guest of her brother, Rev. John McGuane and his sister, Miss Rose McGuane of Noroton.

A union service at the Rockville Baptist Union Congregational and Methodist Episcopal churches will be held at the Rockville Methodist Episcopal church with Rev. Charles E. Johnson in charge.

The master carpenters and plumbers of Rockville will meet at the Town Hall, Memorial building, Tuesday night to discuss and to take action on the new code. All members are expected to attend as business of importance will be acted upon.

Among the posts are the following: Putnam, Rockville, Stafford Springs, Ellington, Coventry, Danielson, North Grosvenordale, Somers, Hebron, Hampton and East Woodstock.

A short talk is to be given by Captain E. P. Armstrong, department treasurer.

This will be the last meeting over which District Commander William C. Pfunder is to preside as the newly elected commander, Wendell Bosworth of East Woodstock, is to be installed at New London where the state convention will be held on August 24, 25 and 26.

A social hour will follow the meeting and refreshments will be in charge of a committee consisting of Clayton Thrall, chairman; William Poehner, Hilmar Krause, Miss Emma Bate, Mrs. Mary Sloan, Mrs. North Grosvenordale, Somers, Hebron, Hampton and East Woodstock.

The campaign to keep undesirable out of Rockville recently inaugurated by the police resumed in the first case being brought into court yesterday morning, with it fine and imprisonment.

Steve Burke of Westfield, Mass., arrested on Thursday by Captain Richard Shea, was charged with intoxication before Judge John E. Fink. He was found guilty and fined \$3 and costs of \$10.18, which he paid.

George Johnson of Broad Brook was charged with intoxication. He was fined \$1 and costs, which he paid.

The third offender was Michael Dunn, no permanent address, charged with intoxication and breach of peace. He was fined \$7 and costs of \$10.18. In default he was committed to Tolland County Jail for seventeen days.

**WHAT WILL HAPPEN
IN GERMANY WHEN
HINDENBURG DIES?**

**That Is the Question Many
People Are Asking as
Aged President Declines.**

Morris Gilbert speculates on the future of Hitlerist Germany in the article below, the last of six which he wrote for this newspaper.

By MORRIS GILBERT
NEA Service Writer.

Cologne, Rhineland, Aug. 5.—What will happen in Germany when President Paul von Hindenburg, the Grand Old Man of war and the post-war years, dies? That is what many people have long been asking.

For, viewing Germany during the past decade, it seemed at times that only the burly frame of the ancient Field Marshal—now 86 years old—stood between order and chaos.

Already in some informed quarters the death of "Der Alte," as far as it concerns the Hitler regime is discounted. Certainly under the terrific impact of Hitler and his forces, Hindenburg's prestige has diminished.

Rumor asserts that his faculties are declining. Cruel anecdotes are told including the one of the workman who is supposed to have left his lunch, wrapped in paper, in one of the rooms of state in the Presidential Palace in Wilhelmstrasse, now under repair.

"What's that paper?" demands an aide of the President.

"It's a workman's lunch," he is informed.

"Take it away, quick," the aide commands, "before the Old Man signs it!"

**Political Power
of Von Hindenburg**

One power, Hindenburg's defenders point out, still remains out of Nazi hands, in the grasp of the President. That is the Reichswahr, that grim, technically proficient, militarily convincing body of 100,000 men, any one of whom is reputed officer-material.

True, comes the answer. But the Reichswahr owes fundamental allegiance not to any one man but to Germany itself. Who controls Germany, controls the Reichswahr.

Nor can it be ignored that Hitler commands approximately a million armed men himself. This force consists, according to a general reckoning, of 600,000 S. A. (Sturm Abteilung—"brown shirts") 200,000 S. S. (Schutz Staffeln—black-uniformed Hitler bodyguard and strong-arm squad) and 200,000 members of the Stahlhelm and other private armies now in process of incorporation with the Nazis.

So, some people argue, the political power of Hindenburg becomes more and more academic. Those rash enough to attempt to predict the future perceive a project on the part of Hitler to enlarge the Presidential powers constitutionally, to be followed by assumption of the office himself, with Hermann Goering, big, blonde, dynamic Hitler adjutant, in Hitler's present office of Chancellor.

**Factors Affecting
Germany's Export Trade.**

The future trend of German economic policy can perhaps be surmised from the economic and political facts at hand. A basic fact is that Germany, despite her most ardent nationalistic yearnings, is not economically self-reliant.

But there is no good reason to believe that Germany is maintaining, or can maintain, her export markets, much less improve them, just now. As a banker observed to this correspondent, "German goods are not fashionable these days." Political developments, principally, of course, the persecution of the Jews, have gone far to kill Germany's exterior distribution. In Munich, where the perfect beer is brewed, not a case was sold to the beer-averse United States from the middle of May through three weeks of June, according to American trade authorities. This is not the time when the world in general feels like starting to buy German.

**Hitler's Answer to
Political Isolation.**

Politically isolated by Jewish and Catholic persecution and the world's distrust, fixed on the gold standard for equally political reasons, yet dependent on the outside world for economic improvement, Germany simply can't expect immediate recovery, competent authorities declare.

But Hitler is fully aware of this, and he has an answer for it. Granting that the national standard of living must fall, let Germany accept the sacrifice in patriotic mood. Such, on high authority, is Hitler's purpose. Germany's great need, in the Nazi analysis, is not to rise above depression but to assert German self-respect by finally gaining a larger share of the world's future.

Let depression continue, Hitler virtually preaches, if by so doing Germany's next generation can gain her "place in the sun"—return of her colonies, cancellation of the Versailles Treaty, and readjustment of her Eastern frontier.

Meanwhile, the Nazis hope to make Germany self-sufficient in war-time at least. She lacks five essential commodities for this: cotton, copper, petroleum, alcohol and rubber. Aluminum is being substituted for copper where possible. Artificial petroleum is being produced, it is reported. Alcohol is being made from potatoes. Germany is having the same expensive fun with rubber substitutes as other countries. Only in cotton is the quest unsuccessful. There doesn't seem to be anything "just as good."

"Halt Uns Fliegen!"— Help us fly!

The big sign stands above a glider airplane stationed in the square before Cologne's towering, glorious Cathedral. A swarm of "Hitler-jugend" moves through the square, shaking coin-boxes for the cause of Germany's air development. Many people contribute.

Each time a contribution is made a youth releases a toy balloon. The breeze is southerly. The balloons roam, in patches of three or four, across the great Gothic face of the cathedral drive past finally, and soar into the void. "Germany's future is in the air." Such is the title of a book of Air Minister Goering's, on sale everywhere in the land.

On the ground, also, in Cologne—this is written on Sunday—there is excitement. A big demonstration of workers marching is in progress. Similar demonstrations of the "N. S. B. O." are going on among the workers all over the Rhineland and in the neighboring Ruhr. The N. S. B. O. is the Nazi organization of workers "cells" which are hoped to supplant the labor unions in industrial Germany.

The men are respectable, lower-class folk, not yet in uniform. Their term of probation before they can become full-fledged Nazis is long. They all wear Nazi armbands, however.

The procession strings lengthily along the Rhine. There are thousands marching, thousands who used to be Socialists, thousands who are Catholic. You can't detect zest. The men plod. But they are conforming. They are bowing to Nazi Gleichschaltung—unification. The bands play the Horst Wessel song. The sound echoes back from the walls of the Cathedral.

Overhead, the toy balloons soar crinkly—tiny, bright-colored frivolous globes.

"Germany's future is in the air," says Goering.

He seems to be right.

**Queer Twists
In Day's News**

New York, Aug. 5.—(AP)—That report about the stork was a trifle premature. A rumor that a baby zebra had been born at the Zebra corral, a day or so too early.

"We expect the blessed event any night now," said Keeper McBride. "Baby zebras are always born at night, when nobody is around. Twenty minutes after birth the infant is able to walk and run."

Excelsior Springs, Mo.—Herman, a homeless wire-haired terrier, hitch-hiked a ride with profit to himself.

He leaped into the motor car of Dr. E. A. Ezzei, a veterinarian, on an ailment, took him home and cured him.

Pullman, Wash.—Henry Travis spent many hot days tilling his wheat land this spring, but now he can cool off.

In a competition, his wheat tested high, contained no smut, and brought a yield of 5 bushels to the acre.

Pullman grain growers presented him with three gallons of ice cream.

Oakland, Calif.—Police questioned the judgment of Leonard Durate, 19, in selecting the back yard of Marie Pacheco's home as a place for target practice.

Miss Pacheco, 47, said the crack of Leonard's revolver as he fired away at cans kept reminding her that she broke their engagement a week ago.

Durate will have to explain to the judge.

Beloit, Wis.—District Attorney Roscoe Grimm has scored three holes in one. The third came on the 188-yard second hole on the Municipal golf course here. He scored his first in 1922, the second in 1930.

Galesburg, Ill.—For more than a year C. J. Snell, 61, looked for a job—unsuccessfully.

Finally he landed one. His work was to push a wheelbarrow loaded with gravel, on a construction job. He fell dead on his first day from heart trouble.

Hammond, Ind.—After seven years of work, Andrew Baber, a watchmaker, has perfected a mechanical man that is able to talk, walk, dance and shoot a pistol, with Baber's aid.

Galesburg, Ill.—Tom Reynolds and his family of seven have taken over as living quarters the den in a park zoo which formerly was occupied by bears.

**Kenney Explains
Home Loan Laws**

**Issues Statement Showing
Need of Legislation Here
to Free Banks' Hands.**

New Haven, Aug. 5.—State Manager Kenney of the Home Owners Loan Corporation has issued the following statement:

"It has been called to our attention that there is apparently a misunderstanding on the part of many home owners as to the attitude taken by savings banks and other banking institutions in regard to the acceptance of the bonds issued by the Home Owners Loan Corporation in exchange for real estate mortgages held by the banks, and it seems desirable that the public should understand the situation.

"The Connecticut statutes governing the investments of savings banks and the savings departments of other banking institutions which have been placed on our statute books from time to time for the protection of savings bank depositors, provide that these banks may invest only in United States securities, for which the faith of the United States is pledged to provide payment for principal and interest.

"Principal Not Guaranteed

"Although the United States government has guaranteed the principal of interest to maturity on the bonds of the Home Owners Loan Corporation, the maturity of these bonds being 18 years, it has made no provision for the payment of principal, and until such provision has been made these bonds cannot be accepted as legal investments for savings banks and savings departments of trust companies or for trust funds, unless and until the State of Connecticut passes enabling legislation or a ruling giving broader interpretation to existing legislation.

"No ruling has as yet been made by the state authorities that savings banks can exchange existing investments such as mortgage loans for bonds which are not legal investments for present debt.

"These restrictions do not apply, however, to the exchange of real estate mortgages held by other corporations or individuals for the bonds of the Home Owners Loan Corporation, and they might not apply to mortgages or real estate held by the state banks under a broader interpretation of the present state laws, provided these mortgages or real estate had been taken or were about to be taken by foreclosure.

Legislature Had Adjourned.

"The act which provides for the issuing of the bonds of the Home Owners Loan Corporation, was not passed by Congress and approved until June 13, 1933, at which time the Connecticut State Legislature had adjourned, so it was not possible for the Legislature to enact any legislation, which would enable the banks to accept these bonds, under certain conditions, for real estate mortgage loans.

"It is further apparent that until the situation is clarified by the enactment of legislation or a ruling which would make these bonds legal investments, there is little chance of the banks being legally able to cooperate to any extent with the Home Owners Loan Corporation.

"The banks of Connecticut have shown a full appreciation of the present distressed condition of the home owners and are cooperating, as far as they are legally able.

"A home owner finds a banking institution in this state reluctant or unwilling to exchange their present mortgages for the bonds of the Home Owners Loan Corporation, I trust they will realize that it is not because of their unwillingness to cooperate in the solution of the distressed home owner, but rather because of the legal restrictions which render them unable at this time to do so."

Quotations--

We don't want to listen to harangues. You must submit facts to back up your assertions.

—General Hugh S. Johnson, recovery administrator.

Prices must not be stimulated to go so high as to unbalance the supply and demand situation.

—Henry W. Wallace, secretary of agriculture.

I think that today we rather feel that people have too many ideas.

—Dr. Simon Flexner of the Rockefeller Institute for Medical Research.

By strength and stupidity youth sometimes elbows experience out of the way, but experience wins finally.

—Henry Ford, automobile manufacturer.

We have discovered by hard experience that life does not consist of the abundance of the things we may possess and that we cannot feed our souls on corn and wine or on bread and circuses.

—Bishop John Newton McCormick of Michigan.

Maybe the reason people say race track bettors "follow the ponies" is because the average bettor never gets ahead of them.

**Kemp's Again Makes 5-Sale
Record For The Frigidaire**

Frigidaire are in great demand this summer, according to Samuel Kemp of Kemp's, Inc. He reported today that the store sold five of the machines Thursday, the same number as was sold in one day a week ago. At least one Frigidaire has been sold each day during the past week. The high quality of the article and the increase in employment are believed by Mr. Kemp to be largely responsible for these many sales. Large and small stores in town reported increases in the volume of sales Thursday night and everywhere is the attitude that conditions are definitely improving daily.

**ICKES STANDS PAT
ON CITY DEALINGS**

**Tells Ely Public Works
Group Will Not Create
Political Machinery.**

Washington, Aug. 5.—(AP)—Secretary Ickes in his capacity as administrator of the \$3,300,000,000 public works fund, today stood firmly on his position that the Federal government should deal directly with municipalities and informed Governor Ely of Massachusetts, the Public Works Administration could not delegate its responsibility to a board such as has been proposed in Massachusetts.

Ickes received from Ely a letter in which the governor said he thought it advisable to "confirm" a telephone conversation which the secretary two days ago in which he asked that Ickes agree that no public works money be extended to Massachusetts municipalities except on projects approved by a board to be set up by the governor.

"Affront To Sovereignty

"This Ickes has refused to agree to and Ely claimed the secretary's position was "an affront to the sovereignty" of the commonwealth.

In replying, Ickes informed the governor the Public Works Administration could not put any agency in a position in the disbursement of the public works fund where political pressure might have any influence. In refusing a claim by Ely that it was not a prerogative of the Federal government to deal directly with subdivisions within a state, Ickes stated that "throughout history" the Federal government had dealt with municipalities, and cited postoffice construction, internal revenue offices and lighthouses as among the matters which had been discussed with political subdivisions.

Congress Stand

The act setting aside the funds for public works and creating the public works administration, Ickes wrote to Ely, was one by Congress and that the Public Works Administration was the only one charged by Congress with the responsibility of making advances for projects and the terms under which advances were made.

A question might even be raised, the secretary continued in his letter, as to the authority of such a board as Ely proposed to function on the question.

The full text of the two letters was not immediately available.

FACT AND FICTION
ARE MINGLED HERE

Recollections of Broken-Down
Noblemen Entertaining

By BRUCE CATTON

If you don't mind how thoroughly fact and fiction can get mingled in the reminiscences of a broken-down nobleman, you ought to get a good deal of amusement out of "Pull Devil, Pull Baker," by Stella Benson.

In the writing of this volume Miss Benson had the assistance of an aged wreck who styles himself, and possibly is, the Count Toulouse Lautrec de Savine. The count, once an ornament of the Russian nobility, was high and dry in a treaty port hospital in China when Miss Benson found him. He was old, broken in health, penniless, friendless; but he was full of dazzling tales about the astounding adventures he had had, and he was able to beg \$10 with an air of distinction and he was quite sure that a bright future awaited him. So Miss Benson took down his autobiography, presenting much of it just as he wrote it.

The count's English is an entertainment in itself, with spelling never seen before on land or sea. He writes of his "hyg family" of the "noty girls" he has known, and of their "smole fets," or "fechenible" society in old Russia and of the "grand sensation" his life has been—quaint enough, and highly amusing if you take it in small doses.

As for his career—well, the count seems to have been everywhere and to have done everything. He was once elected czar of Bulgaria, he helped build the trans-Siberian railway, he has visited every country, broken innumerable feminine hearts and conducted himself, always as an officer and a gentleman.

Miss Benson has presented all of this with just the right air, neither condensing nor over-credulous. All in all, it makes an unusual sort of book.

Harper's is publishing it, at \$2.50.

Three speakers of the House of Representatives during the past 33 years graduated from the same law college, Cannon, Clark and Longworth.

GIANTS BLOSSOM OUT AS A TEAM OF SLUGGERS

Rec To Sponsor Doubles Net Tourney

BLUEFIELDS AND WEST SIDES IN SERIES OPENER TOMORROW

BOTH TEAMS READY FOR 1ST CLASH IN TOWN TITLE EVENT

Newbauer and Godek Named as Opposing Hurlers; Play Starts at 3.15 at West Side Playgrounds.

All is in readiness for the opening clash of the baseball series for the town championship tomorrow afternoon at the West Side diamond at 3:15 o'clock, when the Bluefields and West Sides will battle for nine innings in an effort to clinch the first victory. The teams are evenly matched, as indicated in the recently published records for the season, and it is thought that tomorrow's winner will probably be the eventual champion.

The series opens without the usual newspaper hallyhoo connected with local events of this kind. For the first time in many years, all arrangements for the championship were settled at the first meeting of the clubs participating. The Bluefields remain a slight favorite to capture the opener but are not given any decided advantage.

Indications point to a light hitting game in as much as Godek and Newbauer will be the starting pitchers. Newbauer has a fast curve ball which no doubt will puzzle the West Sides while Godek is credited with having a crosstime which has turned back as many as 12 strikeouts in one game. Godek is known to be at his best in this affair as far back as when he worked for the Bom team. Nothing much need be said about Newbauer's ability in as much as he showed his wares by pitching 14 innings against one of the fastest semi-pro teams around here and having been credited with 21 strikeouts.

The game should be interesting especially for the many fans who will see the two teams battle for the first time for these reasons. The Bluefields have an assortment of plays seldom seen in semi-pro ball and you never know when they will pull a play which may upset the dope. The club plays heads up ball at all times and they also have youth in their favor, consisting of players who have the benefit of four years of high school coaching.

Depend on hitting. In contrast to this the West Sides boast of a team of much older and experienced players, anyone of which are capable of breaking up a

"Hank" McCann

LOCAL MAN THROWN ON LAKE MAT CARD

George Godfrey Pins Charlie Witichin in Three Minutes at Sandy Beach.

George Godfrey, 220, had little trouble last night at the Stafford Springs Stadium in winning from Charlie Witichin of Galloway street, Manchester, in a thirty minute limited wrestling match, one fall to decide. It took the one-time black hope of the fistie ring but three minutes with a few choicest throws in before he caught Witichin, lifted him over his head and then as Witichin was spread in the air, dropped him to the floor where the big negro fell upon him, winning by what is known as a spread eagle and a body hold.

The great old man, three times champion, Stanislaus Zbyzsko, 47, 55 years of age, showed that he was still good. With all his age and weight he gave more of an exhibition of good condition than some of his younger performers and he won from Stanley Stickey, heavyweight champ of Connecticut. Three other events were on the taking two straight falls to win. The crowd was well entertained. It is the present plan of C. D. K. Club to hold wrestling matches each Thursday night at the Crystal Lake Arena.

Hiring And Firing Process Builds Knoxville Winner

By ROY HUTCHENS

Knoxville, Tenn., Aug. 5.—(AP)—By the simple process of hiring and firing, R. G. Allen, veteran Knoxville baseball club owner, has built a 16-man team which is leading away at the 1933 pennant gates of the Southern Association. Exactly 23 players—one obtained in a trade and the others signed without cost—were given pink slips before Allen hit upon a winning combination. Out of the entire lot, Allen bought but one player. This was Bill Rabb, right-handed pitcher. Of the other present members, two were obtained "in trades" and 13 were signed as free agents.

After Memphis won the first half of the season, ending June 27, Knoxville jumped into the lead in the second half and set a fast pace. If second half winners, they will meet Memphis in a playoff for the flag. "In view of the depression, our attendance was problematical this year," Allen says. "We started out to build our club in a conservative, safe way, without much outlay of money." Allen's starting lineup failed to click. Most of the players were sent on their way and new faces ap-

SWIM TITLES AT STAKE IN TOWN MEET, AUG. 12

start this year. The Bluefields are managed by Ray Adiso. This youngster is new to baseball in this vicinity but nevertheless has shown promise of going further in his career. He has handled the Bluefields this year. Ray says this is the first time he has managed a winning team.

Foley Is Coach. The Bluefields have a fine coach in Jim Foley who is coaching the Bluefields for the second successive year. Although Foley is not a playing coach this year his ability is well known from past seasons when he always played a stellar game around second base. Jimmy is sort of a quiet fellow but is known to be always alert for the break which will turn in his favor.

In contrast to this type of coach Hank McCann when right is with out an equal at shortstop. Fighting every minute especially when things seem to be against his club Hank rallies his men at every opportunity as the record of only five losses out of 17 games shows. Hank is a great showman and a money player showing his wares to the best advantage in front of a large crowd.

Expect Big Crowd. All in all the officials of both clubs feel that in offering the array of talent just mentioned that the hundreds of fans who have already planned to attend this game will feel duly repaid for the price of admission. Both clubs have operated all season at a loss brought about by the lack of work but with things getting back to normal as they are the officials are looking for the biggest turnout of the year. Ralph Russell will call the strikes and balls and Bill Brennan will call the bases.

SHIELDS AND PARKER MEET IN NET FINALS

Southampton, N. Y., Aug. 5.—Frank Shields' drive toward his third title in as many weeks brought him up against tennis' latest "boy wonder," Frankie Parker, in the final round of the Meadow Club's 48th invitation tournament today.

A tennis "reversal" at 22, Shields ruled the favorite over the 17-year-old holder of the National City Courts crown but a closely fought final was in prospect. While Shields was trouncing Bryan M. Grant of Atlanta in the semi-finals yesterday, 6-0, 6-3, 6-2 Parker was subduing the defending champion and topspeed player, Sidney E. Wood of New York, 6-4, 6-4, 6-4.

Yesterday's Stars

By ASSOCIATED PRESS
Pie Traynor, Pirates—Drove in run which beat Cardinals with single in ninth.
Ben Cantwell and Bob Smith, Braves—Pitched double victory over Dodgers, allowing 11 hits.
Hank Greenberg, Tigers, knocked in all Detroit runs in 3-2 victory over White Sox.
Paul Richards, Giants—Batted in five runs against Phillies.

The Pirates will meet the Jefferson Club of Rockville at Henry Park in that city this afternoon. The team will leave the Old Golf Lots at 1:15.

Seven Hambletonian Eligibles Were Sired By Winners Of Event

Goshen, N. Y., Aug. 5.—(Special)—Six sons and one daughter of 1932 and now promising contender for the Hambletonian title will parade to the post when the greatest trotting race in the world is called at William H. Cane's Mile Track here on Wednesday, August 14.

Spencer, with a three-year-old record of 1:59 1/2, trotted home the victor in the 1928 Hambletonian. This year he may see one of his youngsters repeat his noble feat, for he has a better-than-average chance; Lincoln Spencer, popular hill, Spencer the Great, better-than-average; Spinster, and Spencer McElwain.

FUN BEGINS AFTER 1ST 2 MUSKIES ARE CAUGHT

The Fish Hit Hard, But the Flies Hit Harder, Says Donahue; Boy! What Man-Eaters! He Exclaims; Here's Story of His Trip.

EDITOR'S NOTE: This is the third of a series of six articles on big game fishing in the Canadian north woods.

By JIMMY DONAHUE
NEA Service Sports Writer
Hudson, Ont., Aug. 5.—After the first two muskies were caught in Musky Lake, the fun really began.

With Shorty, our guide, Jim and I arrived on the lake about 9:15 in the morning, and before noon the had caught an returning to the water in the muskies, the largest weighing 14 pounds, and the smallest seven.

And so, with the sun beating down on the lake at a temperature of 90, and the deer flies making life increasingly annoying, we pulled away on a rocky point of land to eat and escape the noonday heat.

Shorty was cook as well as guide. He took the "dinner fish" Jim had caught and started to clean it at the edge of the water. The way he performed the task was a lesson.

He cut the fish behind the head down to the back bone on each side. Then he ran his knife along the bone, parallel to it, cutting the flesh from the fish down to the tail. Then he peeled off the skin with his knife, leaving a big "lunge" steak, about 18 inches long, four inches wide and an inch thick. Then he repeated the operation on the other side of the fish.

All the while he had bacon frying in the pan, and it smelt, mingling with that of coffee and the woody aroma of the forest. The bacon, clean and the bacon grease ready, he dropped in a huge slab of butter, let it mix with the grease, and dropped in the fish, covered with flour, and in a few minutes he was biting into a golden musky.

Those shore dinners are a delight. Tired from a morning in the wind and on the water, you eat your fill of fish, onions, radishes, green vegetables from the home garden, and tea. And then, if you're wise, you'll shun the "hot sun, have a satiated slumber, roll over and doze for an hour.

We were back on the water by 2:30, and hustled out our lines. The west shore of the lake was weedy. It was there Shorty headed.

Jim chose to troll with his spinner, but I wanted to try out the new assortment of baits in my tackle box, and I was soon laying down a barrage of plugs and spinners along the shore.

It didn't make much difference what you offered the fish. They went after everything, particularly if it had a dash of red and a bit of bright metal on it.

In all, during about five hours of fishing that day, we hooked and landed 14 "lunge", keeping four of the largest, and lost an even dozen more!

On the way back to camp we learned the value of a good heavy pair of woolen socks. I had donned a light pair before leaving camp. But with the sinking of the sun the deer flies, no larger than a common house fly, came out to pester man and beast. Heavy socks are a great comfort when the deer flies attack your ankles.

The pests drove game, both large and small, down to the creek between Musky Lake and Little Lake Vermilion, where they lounged in the water up to their nostrils to keep the flies off. Rounding a bend in the stream we disturbed a huge bull moose, not 25 yards from us, who moved out of the water, grunted a few times and poured off into the bush.

Arriving at camp, we opened the four "lunge" we brought back to find

PAUL JESANIS AND BOB C. SMITH ARE DEFENDING CHAMPS

Won Title from Holland-Bissell in Straight Sets Last Year; Entries Close Friday; Expect Big Field.

A tennis tournament for the town doubles championship will be sponsored by the Recreation Center, it was announced today, and entries for this tournament will be received at the School street Rec up to next Friday evening, at which time the draw will be made in order that play may start next Saturday.

Last year's tourney drew one of the largest fields in local net history, when 72 players were entered, comprising 38 teams. Paul J. Janis and Robert C. Smith, seeded No. 3, captured the title with a thrilling straight set victory over Walter Holland and Earl Bissell, winner and runner-up, respectively, in the town singles play last year. The scores were 6-1, 7-0, and 6-3.

Four Seeded Teams
Holland and Bissell were seeded No. 1. Rev. Watson Woodruff and Thomas Hawley were seeded No. 2. Janis and Smith, No. 3, and Robert H. Smith and Harman Zuyes, No. 4. Holland and Bissell reached the finals by sweeping four matches without the loss of a set, losing only fourteen games in competing so.

Champs Won Every Set
Among their victims was the team of Smith-Zuyes, which came through to the semi-finals with three straight set victories. Woodruff and Hawley won their first two matches and then defaulted to Brozowski and Sears, who were eliminated in the semi-finals by Janis and Smith. This latter combination did not lose a set in winning the title but dropped thirty games. One match was won by default.

Individual Prizes
It is hoped that all local tennis players will enter this tourney. Players should pair up as soon as possible and file their team at the School street Rec. The draw will be made next Friday night by James Britton and the schedule of the first round will be announced Saturday morning so that the tourney may get under way over the weekend. Individual prizes will be offered to the winners and runner-ups.

SUB-ALPINES OPEN HARD SLATE TODAY

Face Miller's Nine Here; Play Twice Tomorrow, Including Tit With Green.

This afternoon at 3 o'clock the Sub-Alpines will be held at the R. G. Miller nine from Hartford. The game will be played at Mt. Nebo. Leo Johnson who pitched so good against the R. G. Millers in the first game, will start for the Alpines. The Alpines is tomorrow morning's game against Manchester Green in the deciding game of the series. The Green won the first game 14 to 7 but the Alpines came back strong to win the second 12 to 1. Sturgis or H. Fraser will twirl for the Alpines while Spillane or Cooney will be the Green choice.

Warehouse Point A. C. who met and defeated the local Pirates twice will be played tomorrow afternoon at Warehouse Point. Elmo Mantelli or Johnny Mikoliet will pitch.

ACES-HIGHLAND PARK RESUME SERIES PLAY

Baldwin A. C. will play Highland Park a second American League game tomorrow afternoon at 1 o'clock at Mt. Nebo field. The first tilt was won by Baldwin A. C. by the close score of 5 to 4. If the Aces win again tomorrow they will advance to the finals of the league, playing the winner of the Green-Arrows series.

If the Highland win, a third and deciding game will be played the following week. In either case both teams will strive their utmost to win one trying to end the series and the other to prolong it. With such conditions a good game is bound to be the result.

DEFENDS LINE TITLE
Portland, Ore., Aug. 5.—(AP)—Robert Lee Miller of Jacksonville, Fla., and Charles Ferrera of San Francisco battle for the 1933 National public links golf title today. Miller is defending champion. Ferrera won in 1931.

The weather man predicted more rain for the 96 hole final but saw only light showers compared with the downpour of yesterday, when the finalists waded victoriously through the quarter and semi-finals.

PILE UP 23 HITS, ROUT PHILLIES AGAIN, 18-1

GREEN IS WINNER OF HURLER'S DUEL

Scores Lone Tally in 4th to Top Coughlin's Service Station, 1-0.

By HUGH S. FULLERTON, JR. (A. P. Sports Writer)

Last evening at Jarvis Grove, occurred one of the tightest baseball games between Manchester Green and Coughlin's Service Station, the former winning by the close score of 1 to 0. It was a great game to watch all the way through, with first one team and then the other "treating" to mess things up, and each pitcher rising to the occasion upon demand, to thwart such evil intentions by just naturally striking out batsmen when strikeouts were most needed. The opposing hurlers were Captain Spillane for the Green, and "Pop" Edgar for the automobile valets. "Pop" fanned eleven of the Hublardites, and Cap'n Spillane disposed of seven in the same way. The only only and winning run was scored by "Eddie" Segar scampering home from third when "Huck" Escarbert cracked out a clean single in the fourth.

Tomorrow morning at Mt. Nebo most of the Manchester fans will gather at 10:15 to witness the final game of the series being played between the Green and the Sub-Alpines. This game is for blood and mistakes. Each team has won one game of the series, both teams have about ninety per cent of the "stake" already spent, and neither team means to lose, so whatever else may occur fans are sure to see at least nine innings of scrap and more scrap.

The Green tomorrow afternoon at 3 p. m. will take on the North End Arrows at Jarvis Grove, for the second game of the series. Between these teams of the Manchester American League. The Green won the first game played last Sunday, and if, as Manager Hubbard confidently predicts, they again best the Arrows, Manchester Green will have but one more team to defeat for the championship of the League.

The Jarvis Brothers, players on the Green team, have invited the entire squad to an old-fashioned "Corn Roast" at their farm, on Sunday evening, whether this party will be a celebration, or just a convenient way for the Green boys to "wash their" depends largely on how the games come out.

Leaders Duplicate Record

Set Wednesday; Total 58 Hits, 42 Runs in 3 Games; Klein Leads Nat Hitters with .386; Simmons Has Edge on Foxx with .358.

By HUGH S. FULLERTON, JR. (A. P. Sports Writer)

The New York Giants, who were holding the National League lead on pitching alone, suddenly have blossomed out to a team of hitters. They set up a season's scoring record in their current series with the Phillies Wednesday and just to prove it was not a "fluke" they duplicated Wednesday's 18 to 1 score yesterday. The Giants piled up 23 hits to make their totals for three games 58 hits and 42 runs.

Fall To Goin On Bucs
Every Giant except Lefty Clark, the starting pitcher, who was relieved by Carl Hubbell in the second, had a hand in the hitting. The Giants failed to gain on the weekend, but in the seventh placed Burleigh Grimes first mound appearance since he returned to the Cardinals.

Braves Press Cards
The fifth place Boston Braves out the Cardinals margin to two games by taking a double header from the Brooklyn Dodgers 4-1 and 3-0 behind fine pitching by Ben Cantwell and Bob Smith, making his first start since he was bought from Cincinnati pitched a four hit shut-out.

In the only American League game, the Detroit Tigers went into Detroit place, passing Chicago as they downed the White Sox 5-2 in 11 innings. Vic Borrell allowed the Hoos only six hits.

Nat Leaders Advance
New York, Aug. 5.—(AP)—The National League's batsmen took all the play away from their American League rivals during the last week, staging an advance on an almost unbroken front while most of the leaders in the junior circuit dropped back.

Chuck Klein, Phillies ace, advanced his mark to the highest level of the season, .386, in the week ending yesterday. In the last game, Klein smacked out 15 hits, adding 16 points to his average.

The leading ten hitters in each major league follow:

HARRIS TAKES 1ST NET MATCH EASILY

Eliminates Tom McPartland in Love Sets in Town Title Tennis Play.

Making his first appearance on local courts, Carleton Harris swept his way to an easy victory over Tom McPartland in a first round match of the town title tennis tourney, winning in straight sets without losing a game. The scores were 6-0, 6-0. Harris will meet the winner of the Gosman-Metcalfe match in the second round.

Harris displayed a "in" driving game in his conquest of McPartland but the latter's many errors decided the eventual outcome of the match. Harris is hailed as the "dark horse" of the tournament and may spring a few surprises as the tourney progresses.

This was the only match reported played.

HURLER OF BOMB SOUGHT IN BOSTON

(Continued from Page One)

th street but being very desirous of hitting you send this also. Am coming to New York and want you to handle publicity as you did here in Boston but will be of a more spectacular sort. Can you get me a pass to N. Y. Stock Exchange, the grain pit or curb?"

Officers were sent to Daniel's Somerville home. Mrs. Daniels said her husband was in New York but that she suspected him back "to-night." A police guard awaited his arrival.

ANOTHER FAKE BOMB

Danovian said the reference in Daniel's letter to handling publicity "as you did here in Boston" was to a "fake bomb" sent to Mayor James M. Curley of Boston some time ago. At that time, Police said, Daniel admitted leaving the "bomb" on the mayor's doorstep and said he had done it to get publicity for the newly formed party. He was not held at that time.

HEARD HER RIDE

"The next thing I remember was somebody saying 'It's the English fliers.'" Mrs. Mollison said two of her dearest were accomplished the night of the crash. The first was to hit America non-stop and the second to hear police sirens.

NOTED ARTIST DIES

Mystic, Aug. 5.—(AP)—Charles H. Davis, internationally known artist, died at his home here this morning. Mr. Davis was born January 7, 1856, in Amesbury, Mass., the son of James H. and Elizabeth Coffin Davis. He spent many years in France studying and working, but his art is distinctly individual and original. He is represented in the outstanding art museums of this country and has received every honor that it was possible to bestow on him in the world of art.

SEEK GUNWOMAN

Chicago, Aug. 5.—(AP)—A blonde gun-woman, whose two male companions shot, stab and slug their way to freedom, today became the object of a city-wide police search.

THE TINY TITLES

(READ THE STORY, THEN COLOR THE PICTURE)

"We still have crackers. Quite a few," said Golly. "Tell you what, let's do. We'll close the lid and hide the box inside the old sea chest."

"Then, when we're hungry as can be, we'll get it out quite easily. Right now I think 'twould be real smart if we'd all take a rest."

"Oh, let's not be so stingy, son. I think it would be lots of fun to feed some fish," said Shrimpy. "They are real good friends of mine."

"Just see how they're being banging round. They're sure that nice food will be found, 'cause they have seen us eating." Scouty then said, "Sry, that's fine."

"Wee Dotty took a cracker and a fish at right out of her hand. Another Tiny shouted, 'Goodness me, how they can stuff!'"

"The whole bunch fed them for a while and then kind Shrimpy, with a smile, said, 'Now, let's put the box away. The fish have had enough.'"

(A fisherman and his son get a big surprise in the next story.)

The New Deal in Pictures—No. 9 Saving Mortgaged Homes

Text by John M. Gleissner—Sketches by Don Lavin

The home mortgage act was passed to help the thousands of small owners who in danger of losing their homes through foreclosure proceedings. It provides issuance of \$2,000,000 in federal bonds, bearing 4 per cent interest, to be exchanged for mortgages. The government guarantees the interest on the bonds.

SENSE and NONSENSE

HIGH POWERED GAS: Why is it that it always takes two people to drive a car with one hand? Chickens in the car have wrecked more autos than chickens in the road. . . . Perhaps the best way to make people stop at railway crossings is to put up barbecue stands. . . . Everyone makes a mistake now and then, but why pick out a grade crossing for a background? . . . It's a wise young doctor who settles down near a railroad crossing. . . . In old days, too, there was a filling station on every corner, but it had shiny mirrors and brass hardware. . . . When a woman living in an apartment wishes she had a place with a front porch she means she wishes she had a car. . . . Did you ever stop to think that the distance between heaven and earth is but the thickness of brake-lining? . . . The age of miracles isn't past. Many a filling station man can get 17 gallons in a 16-gallon tank. . . .

Salesman—You will sink nearly out of sight in the luxurious cushions of this lovely new car. **Lady (decatively)—**No, thanks! When I ride in a new car I want to be plainly visible to everyone.

Stranger—Friend, at what price do you value the cow I saw yesterday in the field by the railroad? **Farmer—**Are you the tax assessor, or has a train killed her?

Lady (at busy street corner)—I certainly shall cross, officer. I've as much right on this street as that truck has. **Officer—**Sure you have, lady—but leave me your name and address before you start.

Policeman—Your wife has fainted. She needs some air! **Scotchman—**Let's take her around the corner to the filling station. The air is free there.

When you marry a man it's like buying a car, after the first year, both auto and love, seem to depreciate in value.

Small Boy—Daddy, what is the difference between a pedestrian and a jay-walker? **Conventional Father—**A pedestrian is a person who walks when you are walking. A jay-walker is a person who walks when you are driving.

As careful motorists know, there is no feature of the automobile more important to safe operation than the brakes, and considering the low cost of having them adjusted or repaired, it is nothing short of criminal to drive when they are not functioning properly.

The young couple were making their first long motor trip. They were driving to Chicago to attend the Century of Progress Exposition. They had blown out two tires, ruined their clothes in a sudden rainstorm, paid ten dollars to be pulled out of the mud and then had lost their way. The husband got out with a flashlight to inspect a signboard.

Wife (calling to him)—Are you on the right road, dear? **Hubby (grimly)—**We sure are, but we didn't know it. **The sign read: "TO THE POOR HOUSE."**

Mother—This is a picture of Elijah going to heaven in a chariot of fire. **Little Clara (pointing to halo)—**Oh, look! He's carrying an extra tire on his head.

If you can't start your car when you are in a hurry to get some place, it's a misfortune; but if you can't stop when occasion demands, it's a calamity.

He was walking around aimlessly in a large department store when the floorwalker approached him and said: **Floorwalker—**Looking for something? **The Man—**Yes, my wife. **Floorwalker—**Would you mind describing her, please? **The Man—**Well, she's a sort of limousine, with heavy tread and usually runs in low.

ABOUT TOWN

Mr. and Mrs. George Duncan of Lewis street, Mr. and Mrs. Francis McCullom of South Main street and Dr. and Mrs. E. V. Gordon and baby of Guilford will leave tomorrow for a vacation to be spent at York Beach, Me.

Rev. F. C. Allen will preach tomorrow morning in the union service of the North Methodist and the Second Congregational churches at the latter edifice during August. During the vacation of Mr. Stocking he will preach Sunday morning at 9:30 at the Methodist church in Vernon. His subject will be "Supreme Challenge." A women's quartet will provide music at the union service at the Second Congregational church tomorrow morning, consisting of Miss Althea Murdock, Mrs. Frank Vittner, Miss Mary and Miss Alma Bailey.

The drum and bugle corps of Dilworth-Cornell Post, American Legion, will participate this afternoon in the field day program at East Hampton, sponsored by the Seventh District, American Legion of Connecticut.

The regular meeting of Anderson-Shea Auxiliary will be held at the State Armory Tuesday evening at 8 o'clock. Plans will be completed for an outing to be held in the near future.

M. E. CAMP MEETING SET FOR AUGUST 19-27

Rev. L. C. Harris to Be Speaker at First Sunday Service at Willimantic Grounds.

The Willimantic Camp Meeting, conducted by the Methodist Episcopal Church, will open Saturday, August 19, and will continue through August 27. Two popular dates this year will be the opening date, August 19, at 8 o'clock when the Nutmeg entertainers will be heard in a series of songs, sketches, music and comedy, and on Saturday, August 26, at the same hour when a popular concert and entertainment will be conducted by Howard T. Pierce and L. Theron French. The latter was last year associate pastor of the North Methodist church.

Rev. Leonard C. Harris, pastor of the South Methodist church, will be the speaker at the morning service, Sunday, August 20. A large number of local Methodists attend this camp meeting yearly.

COMBINED ODD FELLOWS TO PICNIC NEXT WEEK

Local Lodges to Join in Outing at Buckland Home in Hillstown on Saturday.

Saturday, August 12, 1933, the combined lodges of Odd Fellows, Sunset Rebekah, Shepherds Encampment and King David Lodge, will hold their annual picnic at the home of Forrest N. Buckland in Hillstown. Noble Grand Stanley Nichols of King David Lodge, assisted by Noble Grand Mrs. Emma Dowd of Sunset Rebekah Lodge in charge of the affair which will start promptly at 2:30 o'clock. The picnic will be for all local Odd Fellows and their families and the committee wishes it to be understood that any Odd Fellow belonging to any lodge outside of Manchester will also be welcome.

Basket lunches will be pooled and served by a refreshment committee in charge of Thomas Brown. A prize committee under Miss Evaline Pentland, will assist the general chairman. Transportation for members without cars will be available at Odd Fellows' Temple, Main and Center streets, not later than 1:30 o'clock next Saturday. The affair was largely attended last year at the same place. Most of the preliminary arrangements will be taken care of by Mr. Buckland, who is a Past Noble Grand of King David Lodge and active in the work of the lodge. There will be a ball game, track sports for the children, and other activities during the afternoon.

FIFTY LUTHER LEAGUERS HUNT FOR TREASURE

Nearly fifty members of the Luther League of the Emanuel Lutheran church attended the treasure hunt and "hot dog" roast held last night. The hunt ended at Erickson's farm on Hartford Road, where the remainder of the program was held. Refreshments included "hot dogs," coffee and watermelon. Games were played after a brief business session at which Miss Edith Johnson was elected delegate to the Hartford District convention at New Haven, September 2, 3 and 4. Last night's affair was in charge of Herman Johnson, Mitzi Berggren and Irving Carlson. The next meeting of the League will be a Lawn Social, to be held Friday evening, August 18.

OPEN RIFLE RANGE AT NOTCH TODAY

Colonel Bissell to Fire the "Golden Bullet" as Co. G Inaugurates New Era.

Colonel Harry B. Bissell, Chief of Staff of the 48rd Division, will fire the first "golden bullet" this afternoon at 2 o'clock, opening the new state 200-yard rifle range for service at the new Bolton Notch state-leased properties in rear of College Inn. A large delegation of officers of the 189th Regiment, C. N. G., will be present at the dedication ceremonies, including regimental officers and Major Irving E. Partridge, Jr., battalion commander.

Invitations have been sent by Chairman Raymond E. Hagedorn to Adjutant General William F. Ladd and a long list of officers of the regiment and battalion. Members of Company G will serve on the reception committee, headed by Lt. Hagedorn and have everything in readiness for the opening ceremonies.

Sought Several Years For several years Company G, under Captain James H. McVeigh, has tried to locate a suitable spot for a company rifle range convenient to the State Armory, where the members of the company could increase their proficiency as marksmen. Several such spots were looked over and finally work was begun on a range in rear of the College Inn. Shortly after the members of the company had started operations Colonel Bissell inspected the location and obtained a state lease of the property and took over the work for the state, members of Company G doing the work under the direction of Lt. Hagedorn. The latter was ably seconded by Sergeant Howard Cassels as foreman of construction of the range.

The range is 200 yards long, the terrain from the firing point to the butts being a level field for one half of the distance, the rest a small valley. The butts are of field and quarry stone construction, pointed with cement and are of sufficient thickness to withstand heavy firing. The targets are of the latest type, steel sash, weighted and balanced so that they may be operated with a minimum of effort.

Field Telephone A field telephone line has been strung from the butts to the firing point along the north side of the range. Toilets have been constructed near the firing point and a storage shed for targets and other range material has been built in rear of the butts. A shower bath is located within the butts, water being piped for use in the shower and for drinking purposes from a fine spring in F. U. hills.

Refreshments will be served by the committee from Company G to the guests in a grove near the firing point. Company G will assemble at the range today at 1:30.

Officers of the company are enthusiastic over their new acquisition, one of the best in the state. Although much hard work has been done by members of the company, the prospect of training a large number of marksmen in the company on a range of this type is regarded as ample reward.

Today's Program The program for this afternoon is as follows: 2 p. m., Address of welcome, Lieut. Raymond E. Hagedorn, chairman of the reception committee, following the address of welcome the range flag will be raised; 2:15, Introduction of guests by Captain James H. McVeigh, commanding Company G; inspection of range; 2:45, Official opening of the range by Col. H. B. Bissell, chief of staff of the 48rd National Guard Division; 3:00, Competitive firing, prone, sitting and kneeling; 3:30, "Competitive firing," off-hand position; 4:00, Competitive rapid firing; 5:00, Individual matches; 5:30, Retreat and award of prizes. Refreshments will be served by the company throughout the entire afternoon.

TELLS POLICE HIS WIFE HAS GONE, LEAVING 3

Pasquale Urmano Reports That His Young Wife Decamped While He Worked.

Mrs. Pasquale Urmano of 25 Purnell street, age 20, mother of three children, has been absent from her home at 25 Purnell Row since Wednesday morning, having left a note for her husband, who is 26, telling him that she was not coming back.

Pasquale, employed in a paper mill in town, told the police that he has been away from home much at night because of his work and that for some time his wife has been neglecting the children. On Tuesday night or early Wednesday morning, he said, he took occasion to let it be known that he did not like the way she was acting and on Wednesday morning, while he was at work, Mrs. Urmano left home. The couple were married when Mrs. Urmano was fifteen. There are three children, all of whom the mother left behind.

Richard Martin, local correspondent for the Hartford Courant, was due to arrive home last night from his vacation spent in New Hampshire. Before leaving Manchester he purchased a new car and made the trip in it. Yesterday, on his way home, he ran out of oil at Framingham, Mass., and a burnt bearing resulted. He telephoned that he would wait over until this morning and return by train. Last year his car was smashed up while traveling through Vermont.

WITH RESPECT. There is so little that we can do when one we love has passed on—but that little we will wish to do in a fine, a fitting manner. Let us arrange for the last services.
