

CONSUMERS PROTEST STATE MILK PRICES

Join Restaurant Owners and Independent Dealers in Hartford — Suggest Con- sumers' Strike.

Hartford, Aug. 11.—(AP)—A committee of consumers today joined with restaurant owners and independent milk dealers in protesting against the increase in milk prices to the State Milk Control Board.

The price increase was effective yesterday and represented a jump of two cents a quart to 14 cents to consumers.

The committee, named last night at a meeting here of 200 consumers, most of them housewives, appeared before the board in person today to lodge their protest.

Denunciations of both the milk board and dealers were heard at the meeting while some of the speakers urged an immediate consumers strike in protest against the increase.

Some suggestions for combating the milk price jump were that every housewife leave a note to her milkman discontinuing milk until the price is reduced, a plan for picketing milk plants, and a direct appeal to Governor Wilbur L. Cross.

Morris Glasseman of Hartford, who called the meeting, urged that the consumers strike be extended for a two weeks period and that housewives use condensed milk as a substitute for the products of dairies.

Max Maron of Hartford who presided, pointed out that milk prices had increased four cents to consumers since March and asserted that 12 cents a quart for milk was an ample price.

Another speaker, Samuel Steinberg, asserted that the two cent increase would "mean taking milk from the mouths of babies."

The speakers also protested against recent increases in the price of bread and suggested that the increase was due in September.

Suggestions also were made for the picketing of bakeries by housewives.

While consumers planned to carry their protest to the board, another conference between farmers and the board was scheduled for today.

ANSONIA PROTESTS.

Ansonia, Aug. 11.—(AP)—At a meeting of milk dealers of Ansonia, Derby, Shelton and Seymour held here last night, the opinion was expressed that a two cent increase in the price of milk per quart was too much.

It was voted that the price of milk by the pint be reduced one cent and approval of the state milk board to such a reduction will be sought. Consumers, it was argued, are not able at this time to stand a two cent increase in the price of milk per quart and dealers fear a reduced demand and surplus left on their hands.

SEEK AN ACCORD IN WAGE DISPUTE

Shoe Workers in Bay State Say They Get Less in 40 Hours.

Washington, Aug. 11.—(AP)—Agreement on a wage increase for striking Massachusetts shoe workers was sought today at a conference under the guidance of Secretary of Labor Perkins.

The wage increase would compensate workers for a loss of income under an agreement for shorter hours entered into by shoe manufacturers in the Boston area.

Employers reduced hours of work from 48 to 40 a week, which resulted in lower income for piece work on shoes. The strikers today sought a plant percentage increase to compensate for this loss.

After the conference with Miss Perkins, representatives of the manufacturers and the workers went into a discussion with Charles E. Wyzanski, solicitor for the Department of Labor, to seek a plant wage increase to remain in effect about a month. This tentative increase would hold until a new price list is established under the permanent industrial code of fair competition now being promulgated under the National Recovery Administration.

LINDBERGH'S PLANS

Juleshaab, Greenland, Aug. 11.—(AP)—Colonel and Mrs. Charles A. Lindbergh hoped weather conditions would favor a flight today to Angmagssalik where they planned to continue to Isjavik, Iceland, and their northern air mapping tour.

Observing, it was said, they may return to the United States aboard their supply ship.

NATION CONTINUES BUSINESS UPTURN

Mercantile Review Says That Extension of Retail Trade Is Growing Wider.

New York, Aug. 11.—(AP)—The business upturn which continued for 16 weeks has been resumed after a brief pause caused by uncertainties surrounding the new industrial codes and a restricted seasonal recession in some lines, Dun and Bradstreet, Inc., said today in its weekly trade review.

Extension of retail and wholesale distribution has been wider than was commonly reported, the review said, and rested on a real need for merchandise rather than a speculative desire to see advantage of any probable fluctuations in price trends.

Looking ahead, the agency envisaged the straightening of the upward sales curve in the opening fall months as more than counterbalancing any slackening that may appear in the next few weeks.

Retail Trade

"Retail trade" asserted the review, "has continued to hold the gains made during the last several weeks, having been bolstered steadily by the generous response to the August clearance sales which have been general throughout the country."

"Increasing buying power has served to check the usual midsummer decline in evidence at this period and department stores are holding volume to an increasingly greater extent at a level above that for the comparative period last year."

"Restored public confidence, the approaching termination of the vacation holidays and early preparation for the requirements are among the encouraging features which should result in further retail expansion during the next few weeks."

The review noted that "wholesale buying has been resumed with all its former vigor and wholesale dry-goods sales have spurred sensationally."

JOHNSON ISSUES BUY NOW ORDERS

President Also Says Old Blue Eagle Firms Will Be Awarded U. S. Contracts.

Washington, Aug. 11.—(AP)—A presidential order and government aid example ushered along today the National Recovery Administration's organized campaign to "buy under the blue eagle emblem" of industrial recovery. Closely following the remark of Hugh S. Johnson, recovery administrator, that it "would be curious" if the government dealt with firms not coming in under the recovery program, President Roosevelt last night kicked the administrator's words with a presidential order that all government contracts would be cancelled if the contractor did not comply with the recovery code. Government contracts eventually will include a big part of the \$3,300,000,000 public works fund.

At almost the hour the Presidential order was issued, Johnson, in an address at Baltimore, said "The public must buy now it must buy under the blue eagle and it must buy to the full of its reasonable and prudent needs."

With its buying campaign definitely launched, the NRA pressed its efforts to swing more industries under recovery codes designed to raise pay and create more jobs.

The bituminous coal industry code, in a jangle of conflicting ideas by operators and unions, entered the third day of public hearing.

Auto Industry

The administration planned to begin similar hearings August 18 on automobile business.

Capital and labor were not so prominent in another problem, the setting up of a code of fair competition for the grain exchanges.

Here the issue appeared to revolve around the declaration of George N. Peek, chief farm administrator, that the grain exchanges must make further efforts to "clean house," before their code would be accepted.

LEAPS FROM WINDOW

Chicago, Aug. 11.—(AP)—James Brit, 42, a Boston machinist, jumped from the second story window of a Loop hotel today, breaking an ankle when he landed on his feet. He said he jumped when he heard pounding in his door and feared robbery. He had left his money with the hotel clerk for safe keeping.

Cuba In Grip Of Political Strife

Grim evidence of wholesale killing—crimson pools in a side street of Havana give mute testimony to the sanguinary massacre that occurred near the Presidential Palace when guards fired on demonstrators celebrating a report that President Machado had resigned. Here natives stand in awe-stricken silence at the spot where several of their countrymen fell.

SEES ECONOMIC DEATH FOR CODE VIOLATORS

General Johnson Warns Sign- ers They Must Obey Rules or Blue Eagle Will Be Taken Away.

Washington, Aug. 11.—(AP)—A flat prediction that a case of revocation of the "Blue Eagle" emblem of compliance with the National Recovery Administration will arise and that it will mean "economic death" to the offender was made today by Hugh S. Johnson, the NRA administrator.

At his press conference, Johnson promised that violators of modified presidential reemployment agreements would be disciplined if it were found that they were not complying with their pledge to raise wages and increase employment by shortening work hours.

He added, however, that he intended to let the situation rest for a brief period in the hands of local committees.

"But the time is coming," Johnson said, "when somebody is going to take one of these Blue Eagles off of someone's window in a clear cut case."

Economic Death.

"And that is going to be a sentence of economic death," the administrator added sternly, leveling his finger at the newspapermen gathered before him.

Question concerning the status of intrastate utilities and similar businesses, Johnson said, that while they might not be within the regulatory power of the National Recovery Act, the Blue Eagle could reach them.

He pointed out that the possibility of strictly intrastate operations being beyond Federal control in one of the reasons "for this Blue Eagle business."

Working Well

"This Blue Eagle doesn't know anything about intrastate and interstate commerce," the administrator said, "and I think it's working out pretty well."

The administrator repeated that it was not intended to set up a police organization within the recovery administration. He said one of the reasons the Federal Trade Commission had failed to accomplish the objectives set for it by its proponents was that it had become a "policeman."

"Violations of permanent codes, where they are not cleared up after conciliatory action by the administrator, will be referred to the Federal Trade Commission and then to the Department of Justice if necessary," the administrator explained, but said:

"We are going to assume good faith until we see something different."

Not Responsible

He charged, also, that he was not responsible for telegrams telling 1,800 employed under the Prohibition Bureau that the reorganization would automatically remove them from the payroll. They knew that already, he asserted, and furthermore they knew which of them would be immediately re-employed.

"It is duplicity, double-crossing and double-dealing such as was indulged in in this matter that has been practiced on numerous occasions in this bureau by subordinates since I became the director," he said.

He also wrote to Attorney General Cummings, under whose Justice Department the Prohibition Bureau now functions, that the telegram incident was "another one of the multifarious acts of disloyalty."

American Breaks Record By Flying Upside-Down

Los Angeles, Aug. 11.—(AP)—A verted flight with determination. Yankee boy who practiced his stunt in an old kitchen chair has relieved a bear, wronged and for short periods. Gradually he lengthened the intervals in the chair, taking the air meantime to see how his theory worked out in actual flight.

"The first five minutes were the hardest," remarked Burcham after he had righted his small biplane, landed and received the congratulations of the Italian Air Force officer. "You get a dull ache over your eyes at first, but it doesn't get any worse. My legs got tired, straining against my safety belt, and the leaking oil bothered me a little."

CUBAN LEADERS AGREE MACHADO SHOULD QUIT

Indict Hartford Man For New York Murder

New York, Aug. 11.—(AP)—It was understood that Terasowich and Kenefic had appeared as witnesses before the Grand Jury that returned the indictment.

Dr. Sylla, who was 60 years old, was found strangled in his fashionable East 90th street apartment July 24. His pockets and the apartment had been rifled.

The indictment was disclosed when the men were arraigned in Homicide Court on charges of suspicion of homicide, on which they had been tentatively held.

Magistrate H. Stanley Renaud dismissed the tentative charges against the two men and turned them over to detectives to face the indictment.

PRESIDENT PLANNING NEW DEAL FOR CUBANS

Program Provides for Sugar Production Quota and Complete Reorganization of the Debts of the Island.

Hyde Park, Aug. 11.—(AP)—Outlines of the State Department's program for a new order in Cuba became known today as President Roosevelt silently waited for an early response to his declaration for an end to political warfare on the island.

It was learned a program providing for a sugar production quota, a complete reorganization of the external and internal debt of the country on a lower basis, and new deal for land development and reorganization of the island.

House servants, scrub women, storekeepers brought in their savings for investment. The magistrate was smiling smoothly, until there was a little difficulty about the interest on Maria Blessing's \$5,000.

False Security

Maria, a charwoman, went to see Attorney Owen S. M. Tierney, a former assistant Federal attorney. He found, he said, that Miss Blessing's \$5,000 was represented by a real-estate bond form on which all reference to mortgage security had been stricken out so that it was little more than a promissory note.

Tierney had the broker arrested. Two hundred Yorkville citizens crowded to court some of them weeping. They heard Tierney say

FLAMES THREATEN FISHING VILLAGE

100 Boats Ready to Carry Residents to Safety If Fire Spreads.

St. John's, Nfld., Aug. 11.—(AP)—Fears that hundreds of fishermen were homeless on the shores of White Bay stirred the capital early today and efforts were made to get reports of progress made by a forest fire that had been out of control in the north country for several days.

Last reports before midnight had described a wall of fire advancing on Burlington, where 100 boats were ready to carry villagers to safety if evacuation of the settlement became necessary.

Houses Destroyed

Five houses, four stores, a saw mill, 300,000 feet of timber and 400 carloads of pulpwood had been destroyed and other buildings were threatened by hungry flames that raced through areas dried and scorched during more than a week of drought.

Wireless communication with the district has been cut off by the fire and reports of the damage came from the government steamer Prospero, which was standing by ready to assist the fishermen and their families.

TREASURY BALANCE

Washington, Aug. 11.—(AP)—The position of the Treasury August 9 was: Receipts for August, \$81,715,287.99; expenditures, \$38,026,233.86; balance, \$43,691,054.13. Customs duties for month, \$8,456,883.81. Receipts for fiscal year (since July 1), \$235,764,251.59; expenditures, \$390,495,381.51 (including \$121,719,743.33 for emergency relief). Excess of expenditures, \$154,731,130.12.

RESULTS

Wednesday evening Mrs. L. N. Paisley of 487 North Main street lost a willow basket containing a pocketbook, pair of glasses, slippers and smock on the Dobsonville or Rockville road. Last night every one of the missing articles were returned, due to a classified ad in The Herald. The facts speak for themselves. Mrs. Paisley says:

"It certainly pays to advertise."

His Own Political Organiza- tion Submits Plan That President Step Down in Favor of General Alberto Herrera, Present Secre- tary of War— Violence Flares Anew as Car Car- rying Police Is Bombed.

Havana, Aug. 11.—(AP)—Members of the executive committee of President Gerardo Machado's own Liberal Party said today that the government had submitted to United States Ambassador Sumner Welles a counter-proposal by which the President would surrender his office to General Alberto Herrera, the present secretary of war.

The Popular and the Conservative parties already have demanded that the President step down, and now his own political organization has come forward with a plan accomplishing the same object.

The action of the Liberals in part reversed their decision yesterday when they held that Ambassador Welles was guilty of "intermeddling" and that his mediation activities were prejudicial to the sovereignty of Cuba.

Ramon de Leon and number of members of the Liberal executive committee gave confirmation that the counter-proposal had been submitted.

By this plan the present secretary of state, Gerardo Herrera, would resign and General Herrera would be appointed by President Machado to his post.

Leave of Absence

Thereafter General Machado would ask Congress for a leave of absence, thus opening the way for General Herrera to assume the presidency in conformity with the provisions of the Cuban Constitution.

General Herrera's occupancy of the presidency would be transitory, it was said. The reason behind the proposal that the police be placed in the hands of the Liberal Party, to which President Machado belongs, is unwilling to surrender power immediately without a period of readjustment. General Herrera also is a Liberal.

Once he ascended to the presidency General Herrera would form a National Cabinet representing all the political factions, and the work of mediation in the Nation's political conflict would be continued.

This counter-proposal was advanced after Ambassador Welles, who has been in charge of the work of mediation for several weeks, had advanced a plan similar in outline.

The Welles plan was that President Machado appoint a secretary of state acceptable to all parties and that the President then ask for a leave, turning over power to the secretary of state, who would succeed him and set up a permanent administration.

The counter-proposal understood to have been advanced by the government provides that after the accession of General Herrera and in subsequent mediation negotiations, the man accepted as satisfactory by all factions would be made secretary of state. Thereupon, General Herrera would surrender the Presidency and the regular rule of succession would operate.

Opposition's Choice

Members of the opposition to the present administration favor the eventual succession to the Presidency of Manuel de Cespedes, one of Cuba's best-known diplomats who served as minister to the United States from 1914 to 1922 and subsequently as secretary of state. He is a son of the leader who launched Cuba's ten-year war for freedom in 1895 and subsequently became the president of the first revolutionary government.

The counter proposal of the Machado government came at a time when the general strike which has held Cuba in its grip for days was fast approaching a full-fledged revolutionary movement.

Street Car Bombed

In Havana this morning there was an instance of the regular rule of succession would operate.

At many points in the interior—such as Ciego, Holguin, Trinidad, and Santa Clara—public feeling was at the boiling point and the beginning of revolutionary activity was considered almost inevitable unless the problem of the Presidency was immediately solved.

Between 300 and 500 armed and mounted men were reported to have assembled near Ciego. For the time being they remained peaceful.

In Santa Clara province telephone wires were cut, but no important lines were affected.

The government meanwhile continued to defend officially that the strike was nearing a solution, but the central strike committee in Havana reported that delegates

SCAFFOLD BREAKS, MAN BADLY HURT

Another Catches Hold of Rope and Is Rescued by Firemen.

New York, Aug. 11.—(AP)—One man was critically injured, another dangled for 20 minutes from a rope 85 feet above the sidewalk and traffic was tied up for more than half an hour after a sign painter's scaffold broke in the Bronx today.

The men were engaged in painting the wall of a storage warehouse in 156th street when the accident occurred.

George Wilkins fell to the roof of a one-story building and suffered a fractured skull and other injuries. Physicians said he may not live.

Phillip Stack, the other painter, was the man who did the dangling. He grabbed the end of the scaffold rope and held on until rescued by firemen.

Hundreds of curious gathered to watch the rescue work and police reserves had to be called out to permit stalled motorists to move on.

NOYES TURNS BACK PIERSON, 5 AND 4

Medalist Plays Steady Golf to Win First Match in New Haven Tourney.

New Haven, Aug. 11.—(AP)—Sidney W. Noyes, former Yale star, playing the same steady golf that won him medalist honors, defeated Andy Pierson of Middletown, 5 and 4 today as match play got under way in the New Haven Country Club invitation golf tournament.

CUBAN LEADERS AGREE THAT MACHADO RESIGN

(Continued From Page One)

from all unions were determined not to stop the movement immediately. The diplomatic corps discussed reports that the minister from Cuba, Antonio Buzon, had made a speech to a private group of Cuban representatives in which he condemned the general attitude of the United States as unwarranted.

APPEALS TO WORKERS

New Haven, Aug. 11.—(AP)—Francis A. Henson, in a broadcast which he signs as a member of the executive committee of the Connecticut Congress of Farmers and Workers today issued a call for a meeting here September 8, to discuss their problems.

TO EXHUME BODY

New York, Aug. 11.—(AP)—The body of Charles V. Lenahan, general superintendent of plants for the New York Edison Company, was exhumed for an autopsy today at the request of his widow, who moved to Danbury, Conn., following his death.

TO SHIFT VACCINATION CLINIC TO TOWN HALL

Pre-School Service Formerly at Hospital Will Be Moved to Municipal Building.

Dr. D. C. Y. Moore, Chairman of the Manchester Board of Health, will hold a vaccination clinic in room 12 in the Municipal building, Monday afternoon at 4 o'clock. This service for pre-school children unable to pay has formerly been done at the hospital clinic.

ABOUT TOWN

The Daughters of Liberty, L. O. L. No. 125, will meet in Orange Hall on Monday evening at 8 o'clock. A class of candidates will be initiated. A social will follow the meeting in charge of Mrs. Susan Colgrove.

LOAN FLOTATION TO FINANCE ROAD

Washington Lodge, L. O. L., will hold its regular meeting tonight in their hall, the meeting to start at 7:30 as there is to be a class initiated in the Orange degree. Officers and men of Company G will assemble at the Armory tomorrow afternoon at 1:30 for rifle practice at the new range at Bolton Notch.

HOSPITAL NOTES

Mrs. Mary Hurst and her daughter, Miss Lucy Ann Hurst, 7, of Main street, South Glastonbury were admitted to the Manchester Memorial hospital as patients following an automobile accident on Oakland street. Miss Lucy Ann Hurst was treated for a possible fracture of the right arm and her mother for dislocation of the shoulder and deep laceration of the scalp.

MENOCAL'S PLEA

Miami, Fla., Aug. 11.—(AP)—A plea that the United States spare Cuba the indignity of intervention in its political affairs has been addressed by the American people by Gen. Mario G. Menocal, former president of the island Republic and opponent of the Machado regime. Branding Machado a "de facto" President, General Menocal issued a statement from his home last night declaring, "It would constitute a terrible irony if Cuba should pay with its honor for the fall of the despicable man whom she so solemnly repudiates."

THREE CHENEY GROUPS TO FORMULATE CASE

Loom-fixers, Smash Pliers and Spare Hands Seek Minor Readjustments.

An advertisement was inserted in The Herald today for a meeting of loom-fixers, smash pliers, and spare hands to be held at Odd Fellows Hall at 8 o'clock tomorrow morning. The inserter of the advertisement was reticent as to the purpose of the meeting. It was learned from other quarters however, that the meeting is called to bring about a readjustment of minor discrepancies that these classes of workers say has arisen out of the general readjustment of conditions and wages with the recently increased activity at the mills of Cheney Brothers.

REGISTRARS WILL SIT TILL 10 THIS EVENING

Primary Registration and New Voters' Applications Will Be Received. The Registrars of Voters will be in session this evening until 10 o'clock to list voters with the party of their choice before the Republican and Democratic primaries, which will be held on September 12.

DOUBLE-CROSSED, SAYS DALRYMPLE

(Continued From Page One) ty to me while director of prohibition. CALLED A LIE New York, Aug. 11.—(AP)—J. Bertram Wegman, former Prohibition Bureau attorney mentioned by Major A. V. Dalrymple in connection with "double crossing" in the case today said the statement of the reeling prohibition director was "a plain, unvarnished lie."

WOULD SETTLE ESTATE

Middletown, Aug. 11.—(AP)—Relatives of John Fitzpatrick, missing since 1926, applied to the probate court today to have him declared legally dead so his estate valued at about \$5,000 may be settled. Thomas Cantwell of Middletown, the last person known to have seen the missing man alive, told the court he and Fitzpatrick were together for the last time at a Baltimore race track. The estate consists of government bonds and money in a savings account.

ROCKVILLE

ROCKVILLE MILLS GO ON NRA SCHEDULES

Forty Hour Week With Increased Wages to Become Effective Next Monday.

Plans were completed yesterday by the woolen mills of Rockville for the revision of the working hours under the National Recovery Act and the new hours will become effective on Monday. Notices were posted in all of the woolen mills yesterday stating the changes which are to be made.

The Hockanum Mills Company posted notices in their seven mills stating the adjustments in the hourly and piece work rates. This mill reduces its working week from 48 to 40 hours. In addition to the adjustments, the hourly and piece rate will be increased ten per cent.

The notices posted yesterday call for the first shift to start work at 7 o'clock working until noon and the afternoon shift from 1 p. m. to 4 p. m. This applies to the two shift basis work starts at 7 a. m. working until noon and from 12:15 p. m. to 3:15 p. m. for the first shift. The second shift starts at 3:30 p. m. working to 7:30 p. m. and the above hours are for eight hour shifts each, five days per week. Monday to Friday inclusive, or a maximum of 40 hours per week. The time mentioned in the notices is daylight time until further notice.

Second Notice

The second notice posted by the Hockanum Mills Company yesterday was as follows:

"In compliance with the terms of the Code filed by the National Association of Woolen and Worsted Manufacturers and approved by the President of the United States, effective, Monday, August 14, 1933, these mills will be operated on a basis prescribed in the Code of a maximum forty (40) hours per week for each shift.

"This code does not apply to hours of labor for repair shop crews, engineers, electricians, firemen, police, mess and supervisory staff, ship-fitting, watching and outside crews or cleaners.

"To all those to whom the code applies, adjustments in hourly and piece work rates will be made to compensate for the reduction in hours from our standard work week of forty-eight hours to the maximum of forty hours per week, stipulated by the Code.

"In addition to the adjustments in the preceding paragraph, hourly and piece rates will be increased ten (10) per cent, effective August 14, 1933.

"All employees then receiving less than the minimum pay prescribed by the code will be paid at the rate of 25 cents per hour or fourteen (\$14) dollars per week for forty (40) hours of labor.

Signed: "The Hockanum Mills Company," August 10, 1933."

Other Companies
The James J. Regan Manufacturing Company posted notices effective August 14, calling for forty hours from 7 a. m. to 12 noon and from 1 p. m. to 4 p. m. These hours are for forty hours a week. This firm also makes the ten per cent increase in wages.

The Horton Manufacturing Company, manufacturers of the well-known "Kingfisher" fish lines, will operate five days from 8 a. m. to noon and from one to five p. m., operating from Monday to Friday.

The Talcott Brothers Company will follow the schedule of the Hockanum Mills company and Regan Company.

Trade Union Awaits Codes
The master carpenters, painters, and plumbers of Rockville have completed preliminary plans for a new National Recovery Act code. These three branches have appointed committees. The builders' committee consists of Emil Halcher, and John Gottier of Rockville and H. W. Pratt of Willington. The painters have named Fred Arens, Edward Jackson and Frank Green. The plumbers have named Frank Rizy, William Schaeffer and Patrick J. Johnson.

The committees from the different groups are expected to meet in joint session within a few days and present the code for the contractors, master painters, carpenters and builders. It is hoped to put the new code into effect within the coming week.

Special Election Monday
Sample ballots have been received by Town Clerk John B. Thomas for the special town election which will be held next Monday, August 14, relative to whether the election of the town officers shall be held annually or biennially in the future. Town Clerk Thomas has been distributing the sample ballots, which contain only a yes or no vote. They are on distribution in the town clerk's office. Memorial building.

Very little interest is being shown in this special election and it is considered doubtful if over one-half of the voters will cast ballots.

Charity Dance Tonight
A big attendance is expected at the Sandy Beach Ballroom at Crystal Lake tonight for the annual charity dance to be held by Rockville Lodge of Elks. Guests are expected from all parts of New England. The proceeds will be used for charity welfare work throughout Tolland County during the Christmas holidays. Manager George Bokis of the Sandy Beach ballroom has donated the use of the ballroom. Music will be furnished by the Elks Orchestra.

Notes
William W. T. Squire of New Britain, secretary of the State Department of Public Welfare, has been named to represent that department on the board of management of the Tolland County Temporary Home for Children at Vernon Center, succeeding Kenneth L. Messenger.

Carl A. Henig of Rockville recently caught a bass at Snipic Lake weighing 5 pounds 9 ounces.

Several cases of whooping cough have been reported in Rockville to the Board of Health, all being mild.

County Coroner John H. Yeomans of Andover has not made his finding in the death of George Kies, Jr., of Crystal Lake who was killed on Friday. The testimony was completed on last Tuesday evening but the inquest was continued until August 20 because of the serious condition of the members of the Schoon automobile party, particularly the driver.

Damin Temple, Pythian Sisters, will hold a meeting in Red Men's Hall on Monday evening to complete plans for their annual outing.

Mr. and Mrs. Frank G. Schlipback of Pleasant street on a three months' trip to the World Fair at Chicago and the west coast. Miss Edith Casati, assistant town clerk, accompanied by her mother, Mrs. Mary Casati, is spending a week at Pelham Bay, N. Y., with relatives.

The auxiliary of Ellen G. Berry Post, Sons of Veterans, will hold a business meeting in the G. A. R. Hall on Monday evening. A social hour will follow the meeting.

TREE SLOWLY FILLS OUT SMITHY'S 100-YEAR HOOP

Chagrin Falls, O.—(AP)—Year by year a tree in the village park of Chagrin Falls is vindictive of the judgment of Henry Church, blacksmith-sculptor, whose carved stone animal figures stood in front of his shop for many years.

Around the tree is an iron ring, placed there by Church in 1873, bearing the inscription "Please let me be upon this tree, until a century I shall see."

Church estimated the size the tree would be in 100 years, and made the ring of it. The hoop is being filled out gradually.

HOT IN VIENNA

Vienna, Aug. 11.—(AP)—The heat wave in Central Europe caused seventeen prostrations in Vienna yesterday and seventy in Budapest. Beer consumption in the Hungarian capital reached a new record and ice factories were unable to supply the demand, with the result that most ice cream parlors were closed temporarily.

BOLT STRIKES CAMP

Coutances, France, Aug. 11.—(AP)—Lightning striking in the midst of 150 children, who were performing setting-up exercises today at a vacation camp at Gouville Sur-Mer, hurled all of them to the ground, fatally burning a twelve-year-old boy and instantly killed the nineteen-year-old instructor. Seventeen of the children were severely bruised in the ensuing panic.

HIGH JUNK PRICE MEANS RUSTY END FOR 'GRASSHOPPER'

London, O. (AP)—Rising scrap metal prices have spelled "end of the line" for the last vestiges of a midwestern railroad empire visaged more than half a century ago by promoters who sought to build a line between Cincinnati and Columbus.

Railroad crews are wrecking and tearing up the rusty rails of the famed "grasshopper" division of the Detroit, Toledo and Ironton railway.

The "grasshopper" line, so dubbed by inhabitants along the route because of its infrequent trains, stretched 21 miles between Port William and Jeffersonville, O., a junction with the D. T. and I. formerly owned by Henry Ford.

The division was abandoned last year. It had been the only section completed by the old Miami Valley and Columbus Railway Co., which started the venture back in 1877.

Only part now left of the enterprise is a six-mile spur between Sedalia, O., and Jeffersonville, over which thousands of tons of farm products, coal, road materials and livestock continue to be moved.

LEGION IS DRUBBED BY ROCKVILLE 8-1

The Rockville Legion club gave the Legion team a good trimming, last night at the Rockville Fair Grounds by handing the locals an 8-1 defeat.

Thompson, the Rockville pitcher, gave the Legion team but 3 hits while his teammates got to J. May for 8 including 3 doubles. Weird fielding and a succession of errors contributed to the locals' downfall as 5 runs were handed to the Rockvillians in this manner. Although the Rockville team is composed of boys, older than the Legion players, they did not outclass them. The second game of the series will be played next week at Manchester, the exact date to be announced as soon as a diamond can be reserved.

Scores by innings:
Rockville..... 201 230 0-8
Manchester..... 001 000 0-1

COVENTRY

Mr. and Mrs. John E. Kingsbury motored to Huntington, L. I. Monday, returning Tuesday with their two children who have been visiting their uncle, John A. Masiell in Long Island.

Wednesday the annual Sunday school picnic of the Second Congregational church was held at Berville's in South Coventry. About 75 people attended.

Mrs. Henry Barnes has returned after a short visit with her nephew, Henry Schell, in New Jersey.

Miss Dorothy Storrs is visiting Mrs. Edith P. Havens for several days.

Herbert Hall, Jr., is visiting his uncle, Bryon W. Hall, in Coventry.

Next Tuesday evening the Ladies Fragment Society will serve another shortcake supper. Peaches will be the attraction. The supper will be served in the Coventry Grange hall from 6 o'clock on.

Miss Kathryn McKnight has gone to Rocky Hill to work for the month of August.

Saturday the Ever Ready Sunday school class will hold its annual picnic.

Miss Laura Shaw was scored with a 100 per cent record, being the second person in the state of Connecticut to receive 100 per cent in an inspection of 4-H gardens.

The Coventry Happy Gardeners will hold their annual garden tour and "dog races" next Tuesday beginning at 1 o'clock at the home of the leader, Gilbert Storrs. Everyone is invited to attend the tour.

NURSES SAVE HOSPITAL

London, Aug. 11.—(AP)—Fifty nurses at Brockley Hill hospital, Dorsetshire, formed a bucket brigade today and saved the hospital from the advancing flames of a health fire which has been burning four days.

Elsewhere in England fires in woods and heaths caused considerable damage and kept hundreds of workmen and volunteers at work. Flames 25 feet high destroyed many acres of grass at Kirby Cheshire, and threatened large residences.

One hundred acres of oaks were destroyed in the Chantry woods of Essex.

Spanish Supreme Court has a tough case brought by a girl who demands the right to fight bulls. Only right the bull has is habeas corpus.

ANDOVER

Rev. and Mrs. John H. Fitzgerald of Bay Ridge, L. I., were dinner guests of their mother, Mrs. Helen Fitzgerald, and sister, Mrs. Lewis Phelps, Tuesday evening. Mr. and Mrs. Fitzgerald were intending to spend the month of August at their Hebron home but have changed their plans and will spend it at a beach near New Haven.

Mrs. Clarice Yeomans was a visitor in Willimantic Wednesday.

Mr. and Mrs. Lewis Phelps were dinner guests of Mr. and Mrs. Carroll Bailey at Clinton Wednesday evening.

Mark Bass spent the week end at his summer home, Elm Crest, returning to New York Sunday afternoon.

The Girls' Friendly Class held a picnic at the home of Mrs. Charles Wright Tuesday evening. There were 15 girls and 6 boys present.

Mrs. Robert Parker visited her son Robert, Jr., at their camp at Halifax, Mass. Thursday. Miss Virginia Parker of Bridgewater, Mass., who has been spending a week with her uncle and aunt, returned home with Mrs. Parker.

George Nelson, R. F. D. carrier, has been notified that his route will be changed to South Coventry from Bolton. Charles Friedrich's route will cover Gilead and Bolton. There will be three routes instead of four as at present. Mr. Friedrich will cover 39 miles and Mr. Nelson 44 miles making a much longer day for each.

Mrs. Mark Bass and Carroll Wright were callers in Willimantic Thursday.

The Congregational church will be closed the last two Sundays in August and the first Sunday in September, reopening again September 10. Rev. Wallace Woodin will take a three weeks' vacation.

WAPPING

The South Windsor Garden Club met at the home of Mrs. Lewis Main, Wednesday afternoon.

Rev. and Mrs. Harry S. Martin motored to Fortmouth, N. H., recently where they spent a few days visiting relatives.

Mrs. Elmer Stoughton has been confined to her home with a sprained ankle.

FOREST FIRE RAGING

Halifax, Aug. 11.—(AP)—While fire rangers and villagers worked side by side against advancing forest fires in two Nova Scotia counties, Royal Canadian Mounted Police today investigated circumstances pointing to the belief at least one outbreak had been caused by deliberate human agency.

In Hants county, where fires have been burning in three districts since Monday, rangers found piles of stacked brush ignited in several places, and reported the circumstance to the Department of Lands and Forests.

HITLERITES ARRESTED

Vienna, Austria, Aug. 11.—(AP)—Two Hitlerites were arrested at Linz today and charged with planning to assassinate Prince Ernst Rudinger von Starheimberg, leader of the Fascist Heimwehr (Home Guard).

AMUSEMENTS

"Midnight Mary" Heads Double Bill
"Midnight Mary" with Loreta Young and Ricardo Cortez plus Zane Grey's "Man of the Forest" with Randolph Scott, Harry Carey, Buster Crabbe, the Lion Man and a host of Western stars, are the two pictures on today's double feature program at the State. "Phantom of the Air" with Tom Tyler, a thrilling serial in twelve chapters will be started on Saturday afternoon.

No matter how much she has learned about children's diseases, when Dr. Mary Stevens' baby is taken sick, all her skill can't save him. There had been a fight before that, to know whether she should have him or not.

It took courage and a lot of unselfishness, and the strong love of the boy with whom she had gone through medical school—the father of her child—to bring Mary Stevens back to a realization of her duty to the world. But if she couldn't save every case—she could save many. So Mary Stevens came back. It's all grippingly portrayed in "Mary Stevens, M. D." with Kay Francis and Lyd Talbot at the State, Sunday, Monday and Tuesday.

HARBOR AND CARDINALS AT RAU'S ON SATURDAY

Coming direct from Yoen's Chinese-American Restaurant in New York City, Buddy Harrod and his Cardinals will meet their radio

OPEN FORUM

APPROVES DOLAN COMMENT
Editor of Herald:
Allow me to congratulate you on your able and very gracious editorial on our fellow townsman, Dr. Dolan.

It set at rest any misgivings I may have held regarding your real feelings towards our Democratic leader. Coming from an organ of such strong Republican tendencies as the Herald, it is all the more pleasing. Then, also your willingness to set before the eyes of your readers an out-of-town paper's estimate of his character and fitness for office was also most gratifying.

To a large majority of Manchester Democrats, Dr. Dolan has always shown that he is the leader your editorial so ably describes, and is entitled to all honor and credit.

But, like all towns of similar size, Manchester has its full quota of politicians who will never grant that among them is one fitted for leadership. I am one of those who believe that your editorial was a true estimate of Dr. Edward G. Dolan.

12 Months To Pay At Slight Extra Cost

WORLD FAIR TRIP FARMER'S BARGAIN

Conn. F. B. F. Plans Six Day Tour Costing \$37.50 Which Covers Everything.

An opportunity to witness A Century of Progress—the World's Fair of 1933—has been made available to all Connecticut Farm Bureau members...

George A. McKay, secretary of the Federation, in announcing the trip emphasizes the fact that this Century of Progress tour has been arranged to coincide with the present financial status of a large proportion of Connecticut farmers...

The round trip to Chicago with all side trips and sightseeing tours will be nearly 2,000 miles, yet the total cost of the whole trip including meals, hotels, admissions to the fair, boat ride, etc., will be less than two cents a mile (\$37.50 per person)...

Those going on the tour will find everything planned and arranged for them from the time they board the train until they return home. The trip will start by train from New Haven at 9:50 a. m., standard time, and go to Springfield, where the famous Exposition Flyer of the Boston and Albany Railroad will carry the tourists across the Empire State arriving at the Niagara Hotel, Niagara Falls, for the first night...

The return trip is somewhat different as a restful night on a luxurious lake steamer has been planned. A fast train leaving Chicago on Tuesday will carry the party to Cleveland, Ohio where they will board a steamer for an all night trip on Lake Erie from Cleveland to Buffalo. On Wednesday, August 30, the party is again picked up and carried by train to New Haven where they should arrive before dark.

One of the features of the tour will be a 30 mile sightseeing trip of Chicago. On this tour, those who wish will have an opportunity to visit the stock yards and packing houses. Other points of interest will include the world's largest building, Chicago's Merchandise Mart, Chicago Board of Trade and Wheat Pit, Chicago Art Museum, Tribune Tower, Navy Pier, and dozens of other world famous places.

If the party numbers over 300 people, a special train will be operated on a schedule most suitable to the party. It can leave later and arrive earlier, both coming and going. Each county that makes 50 reservations will be provided with a special car. The accommodations for this tour are limited to 400 people and reservations will close on August 15, if that number has been secured.

Complete information and applications for reservations may be secured from each county farm bureau or direct from R. D. Fuller, District Passenger Agent, Room 202, Union Station, Springfield, Mass.

FAMOUS CHINESE ARMY DEFEATS RED FORCES

Shanghai, China, Aug. 11.—(AP)—General Tsiang Kai-Shek's famous Nineteenth Route Army, heroes in the defense of Shanghai against the Japanese last year, today defeated 40,000 Communists in a powerful counter-attack between Changchow and Lungyen in southeastern China. General Tsiang's forces yesterday were reported as having been thrown back by the Red army, which threatened to invade Amoy, an important seaport east of Changchow, after being forced out of Kiangsi province by General Chiang Kai-Shek's campaign.

Advices from various sources in Fukien province, in which Amoy is situated, said Tsiang succeeded in cracking the Communist lines, causing the Reds to fall back demoralized.

Meanwhile, according to reports from Canton, airbombers in the Cantonese Army battered the Communists' rear lines and the Reds' thrust toward Changchow and Amoy was considered shattered at least temporarily.

FEW SEE METEORS

Washington, Aug. 10.—(AP)—Rain and overcast skies early today disappointed astronomers at the Naval Observatory here in their efforts to observe the Perseids, the shower of tiny meteors that annually fall on earth for a few days this time of year.

The astronomers are hoping for better weather tonight between midnight and dawn when the meteors should appear in their greatest profusion in the northeast sky. They may appear at the rate of 20 to 30 an hour.

Geologist says the earth is shrinking and that mountains all over the world are dropping. Good chance to try inflation.

AMERICAN IS MISTAKEN FOR BANDIT IN TURKEY

Teacher in College Driving On Lonely Road Is Shot in Foot by Soldiers.

Istanbul, Turkey, Aug. 11.—(AP)—Raymond S. White, an American teacher of the Smyrna International College, was wounded in the foot last night by Turkish gendarmes who mistook him for an escaped brigand as he was motoring at high speed from Bergama to Smyrna.

White and three friends had visited the Bergama ruins, leaving for Smyrna before dawn. The gendarmes had fixed a trap along the Bergama-Smyrna road for the famous brigand Chivour Ali, whom they had traced as far as Bergama.

Driving along the lonely road at 50 miles an hour, White did not hear the challenge of the gendarmes nor their first shot into the air. Thereupon the gendarmes shot lower, hitting him in the foot. He was taken to Smyrna for treatment. His condition was not serious.

MATHEWSON IN N. Y. TO CONSULT DOCTORS

New York, Aug. 11.—(AP)—Christopher (Christy) Mathewson, Jr., who was severely injured in an airplane accident in China last year, in which his bride of two weeks was killed, arrived in New York today to consult specialists he hopes will mend his broken body.

The son of the famous baseball player came by train from San Francisco. He reached this country August 7. Taken from the train in a wheel chair, the young aviator plainly showed the effects of the great battle he has fought to regain his health since the loss of his left leg. Mathewson went to China two years ago as an instructor in the government's aviation school and his marriage while there to Margaret Phillips of Philadelphia, followed a romance of four years.

He was taking his bride on her first airplane ride in Shanghai when the crash occurred.

PRINTERS ACCEPT CODE

New Haven, Aug. 11.—(AP)—A code for the printing industry was approved by the proprietors of 40 printing plants in New Haven and vicinity at a meeting last night. The code, which spokesmen said was identical with President Roosevelt's blanket code with a few exceptions, provides for a forty-hour week and a scale of minimum wage rates which would affect six hundred employees.

The agreement would be put into effect immediately, to be replaced by the permanent code of the industry, when it is approved by the National Recovery Administration.

AUTO VICTIM DIES

Danbury, Aug. 11.—(AP)—Manuel Bastos, 32, died in the Danbury hospital early this morning from injuries received in an automobile accident here late last Sunday night. The car which hit three trees and turned over several times in rounding a curve down hill, was operated by Joseph De Santos, of Miametuck, N. Y., who is under \$2,000 bail for appearance in the Danbury traffic court a week from next Monday. Peter Perry of Danbury, who was a passenger in the automobile, is confined to the hospital with injuries.

FIRST LADY CONTINUES HER VACATION PLANS

Leaves Tonight for Virginia—To Be Back as White House Hostess on Oct. 4.

Washington, Aug. 11.—(AP)—Mrs. Franklin D. Roosevelt, for those who have been wondering, will be officially back in her role as White House hostess October 4. Until then, she said today, she will consider herself free to seek recreation, visit friends and do the tasks that fall to her as an individual.

She picked the first Wednesday in October to be again "at home" for the social season, since that's when her husband also will have completed his various trips and begin "settling in" for the winter.

Before that date Mrs. Roosevelt will have several more vacation jaunts.

With her Val-Kill furniture factory partner, Miss Nancy Cook, and her secretary (Mrs. Malvina Thompson Scheider, she will leave tonight for White Top Mountain, Va., for a folksong festival. Forty years ago, her father lived at Abingdon, near White Top.

She will spend only one day, returning to the White House early Sunday morning for several days. Then, she'll be on for Elysée Park.

For two weeks in September, Mrs. Roosevelt expects to camp in the Adirondacks.

When she does return to Washington, she will have as a friendly, volunteer helper, Mrs. James Helm, who as Miss Edith Benham was secretary to the second Mrs. Wilson.

REGISTER ACCEPTS CODE

Torrington, Aug. 11.—(AP)—The Torrington Register has telegraphed its acceptance of the American Newspaper Publishers' Code and has put all its provisions into effect.

No Two Ways About It This is the Year of All Years to Buy Your Coat EARLY!

Sage-Allen's August Sale of Fur-Trimmed COATS \$58

Fur prices are rising... So are the prices for fine woolsens... and they're going up by leaps and bounds. But these beautiful coats are another example of Sage-Allen's careful investing, when prices were low... And we urge YOU TO INVEST now, while we can offer you the best of the new season's coat fashions at this extremely low figure.

Sketched: Triple tucks at the shoulders and a close Ascot collar of Jap mink make this green suede-like coat the "peak" of fashion.

We know that you cannot find a better selection of furs, materials and styles than those we are offering for \$58. Buy now... and with the knowledge in mind that coats such as these cannot be duplicated for the price!

 FRIDAY, AUGUST 11.

SOFT COAL REBELS.
 With the Pennsylvania bituminous coal miners back at work on assurance by the federal government that it would see that they got a square deal, it is unqualifiedly up to that government to make good its guarantee. That drastic measures may become necessary in doing so is indicated by the attitude of the operators toward the National Recovery movement as demonstrated at the hearing on a soft-coal code.

It is quite evident that the bituminous operators of at least two groups, the Northern Coal Control Association and the Smokeless and Appalachian Coal Association, producers of half the country's bituminous fuel, do not propose to raise wages, release the grip of the operators on the "company unions," or submit to government supervision of the code which they have prepared. In other words they do not intend to alter in any material way the situation of poverty, strife and warfare that for years has existed in the soft coal fields, or to do anything whatever to aid in the vast scheme of stimulated National Recovery.

At the same hearing spokesmen for civic organizations established in the soft coal zone told the NRA officials that the operating companies maintained a system of company stores charging prices from 10 to 30 per cent higher than other merchants; that they kept private armies of deputy sheriffs paid out of their earnings; that they leased houses to their employees containing clauses that forbade the tenants to have visitors who had not been approved by company officials; that boys under eighteen were employed in perilous occupations in the mines and others under 16 in dangerous outside jobs; that the operators exercised a definite control over the economic and social life of the miners and their families.

None of these things are the coal operators willing to give up. They refuse to recognize the sovereignty of the United States over their industry. They propose to defend their feudal rights, seemingly, to the last ditch.

Against the sort of tyranny described the miners have revolted again and again in the past. With the feudal system continuing there can be no peace in the soft coal regions. With the liability of an interrupted fuel supply at any time the industrial rehabilitation of the country cannot be assured. It becomes necessary that the coal barons be dealt with according to the exigencies of the situation. There need be little anxiety. They will be.

NEWSPAPER CODE.
 This newspaper has not yet signed the Publishers' Code. It has not the least expectation of failing to sign that code or whatever code for the newspapers may be approved by the National Recovery Administration—this one has not been, up to the time of this writing. But we prefer to wait long enough to see whether the code prepared by the American Newspaper Publishers Association is really to be our code. Meantime we have a sort of feeling that we would as lief be in the position of a non-signer as to sign any code with so poor a grace as is shown by some of the publications which are making so much of a virtue of accepting a code which is merely tentative and at the same time putting up their backs like scared cats and serving warning that they are not going to let any government agency restrain the "freedom of the press."
 To our way of thinking that is a rather silly gesture of defiance, shaking a fist at a phantom of the imagination.
 Long ago, when the scheme of putting the industries under codes

was first discussed, it was quickly announced by the Washington authorities that any licensing system that might be established would have to exempt the newspapers because of the Constitutional prohibition against infringing the liberty of the press.
 Nobody proposes to restrict the freedom of the press; nobody but a few of the newspapers themselves—who evidently quickly forgot what they have printed—has the slightest apprehension of any governmental interference with their complete liberty. We can see little to shout about in signing a code and then saying in effect: "We can follow it or not as we like because the Constitution protects us from all penalties."
 Actually we can see more worth in adhering to the spirit of the NRA undertaking, without signing, than in signing something with about 60 per cent assent and 40 per cent of defiant reservation.

A FIXED DOLLAR.
 A New York Times Washington correspondent says that persons close to President Roosevelt have become convinced that he has set his price level objective at the mark which obtained in 1924 or 1926 and that, when that level has been attained, it is his purpose to establish a "commodity dollar" which will fluctuate within limits in line with general commodity movements instead of remaining as a constant factor through all periods of changing values.
 The Times man might, perhaps, have been more happy in his choice of words in describing the kind of dollar he quite certainly had in mind and which, it is highly probable, he is right in saying the President has in mind. But perhaps the correspondent is less to blame than the English language, which is seriously lacking in words adequate to the task of dealing with the relationship between money and other things.
 At all events what is desperately needed and what, no doubt, Mr. Roosevelt wants, is a dollar that will remain stable with general commodities. We can't see where it is at all correct to say that such a dollar would "fluctuate in line with general commodity movements," because it would not, really, fluctuate at all. Neither would the general commodity level, because that level and the dollar which would be its mere reflection, would become the yardstick of values. Other things might fluctuate—profits, real estate, securities. But the dollar and the commodities to which it would be tied would constitute the sun around which all other values must revolve.
 It is precisely because of the belief that a correctly established commodity dollar would not fluctuate, either in or out of line with anything, that Mr. Roosevelt probably wants to establish it. If ever there were a fixed dollar it would be one based on and linked with the seventeen basic commodities.

CERTAINTY OF REPEAL.
 Measured by the Literary Digest's prohibition repeal poll, after the poll itself has been measured in 20 cases—not counting the incomplete returns from Arizona—by the actual election results, the resistance of the drys to the elimination of the Eighteenth amendment appears utterly hopeless. Using this basis we find only two states in the Union likely to refuse to ratify repeal and only two others in which the drys appear to have a reasonable chance of success.
 According to the Digest's summary comparing its poll forecasts with the official results of the elections, we find that the polls have been, so far as tested by final results, amazingly accurate. Among the twenty states cited as already voting the actual vote exceeded the percentage in favor of repeal, as indicated by the poll, by percentages varying from a fraction of one to seven in ten states; while the repeal vote fell short of the poll indications in nine states by practically similar percentages. In one state a convention plan made comparison impossible.
 For example, the widest discrepancy among states voting more heavily for repeal than the Digest's poll indicated was in Arkansas, where the Digest forecast was 52.24 per cent for repeal and the actual vote was 59.24 per cent wet. In Tennessee the Digest had received a test poll showing a repeal vote of 51.46 per cent and the official vote turned out to be 51.73. Variations of two or three per cent were the rule, both in those states where the wet vote ran ahead of the forecast and in those states where it ran behind. In no instance so far has the Digest's poll been contradicted, as to the result itself, by the official vote.

In view of the close following of the forecast by the actual vote, it is interesting to note that among the states yet to act there are only

two, Kansas and North Carolina, where the Digest poll gave a plurality against repeal and in each of these the margin was less than one per cent—in North Carolina the poll resulting in almost exactly an even split. In two others the wet majority constituted less than sixty per cent of the whole number polled. In all the remaining states the preponderance of repealists ran from sixty per cent upward.
 Since no election so far held has upset the Digest's figures appreciably it is fairly safe to assume that at most the anti-repealists could never carry more than four states out of the forty-eight. That they have a ghost of a chance of carrying the thirteen necessary to block repeal probably nobody in the country now believes. It would not be in the least surprising if they did not succeed in a single one.

ITALIAN FASCISM.
 The charter of Italian Fascism has been closed. August first marked the expiration of the time limit for those who sought admission to the party to make application. No more members will be taken in save the children of present Fascists, and their children in the course of time. There are 42,000,000 people in Italy. Two million of them, adults, are members of the ruling party. If the present order continues, therefore, about five per cent of the Italian people will constitute the class in control.
 There are, it must be admitted, certain attractive features about this kind of a governmental concept. It insures, at least, that intelligence and, to some considerable degree, culture will be in the saddle. It safeguards a nation, at least for a time, against the liability to sudden ascendancy of mob rule and the seizure of control by ignorant and vicious demagogues.
 But after all it is a system which has never yet operated successfully for very long at a time—and under various names and forms it has been tried pretty often. Class rule carries with it its own self-poisons. No country in all history has ever yet developed a ruling class—whether ruling openly or indirectly—capable of keeping its own aspirations within practicable limits. Invariably such a class sooner or later becomes too interested in its own well being and too indifferent to the well being of the majority to make a permanent success of its system. At long last the masses revolt and class rule comes to an end.
 Italian Fascism has been skillfully entrenched; it is working, to all appearances, like a charm. But who would even hazard a guess as to its status a hundred years from now—or twenty?

Remember that a slight bow of the baby's legs is normal. If the majority to make a permanent success of its system. At long last the masses revolt and class rule comes to an end.
 Italian Fascism has been skillfully entrenched; it is working, to all appearances, like a charm. But who would even hazard a guess as to its status a hundred years from now—or twenty?

A Thought

Trust in the Lord, and do good; so shalt thou dwell in the land, and verily thou shalt be fed.—Psalm, 37:3.
 If we had strength and faith enough to trust ourselves entirely to God, and follow Him simply wherever He should lead us, we should have no need of any great effort of mind to reach perfection.—Fenelon.

HEALTH--DIET ADVICE

BY DR. FRANK McCUOY
 Questions in regard to Health and Diet will be answered by Dr. McCoy who can be addressed in care of this paper. Enclose stamped, self-addressed envelope, for reply.

BOW-LEGS USUALLY DUE TO MALNUTRITION
 One with bow-legs may be able to hide the deformity to some extent with clothing, but in a bathing suit the condition is very apparent and may spoil the appearance of an otherwise well-formed figure. I receive approximately an average of twenty letters a week about the correction of this deformity. Unfortunately, most of the letters are from men and women who are themselves suffering from this deformity, rather than from mothers or fathers who wish to correct the condition in children. Few adults would be affected with this deformity if the knowledge of preventing it had been widely known when they were infants. I is sad, indeed, that bow-legs are allowed to develop because the cure is so easy in babies, but becomes increasingly difficult as the bones harden during maturity.

Most babies are born somewhat bow-legged because of the confined position, but the legs should straighten until there is no noticeable bow at the age of two years. The development of normally shaped limbs takes place in practically every instance if the baby is properly fed. In the contrary, few cases of congenital deformities or contracture due to infantile paralysis, physical treatment or the wearing of braces may be needed at least for a time.
 Most cases of bow-legs, however, are due to a prolonged mal-nutrition or the deficiency disease, rickets. These conditions are readily corrected during infancy or early childhood by the use of a correctly balanced diet, though, after the bones have reached their full growth, there is little probability of improvement. Most cases of bow-legs are caused by the baby's diet containing starch and sugars and not being rich enough in bone-building substances. It should be remembered that babies require no starchy food and that wholesome milk with the addition of orange or tomato juice supplies all of their requirements. If the mother notices that the child's legs are bowed enough to be alarming, she may be able to correct the deformity by giving the baby sunbaths which enable it to use the bone-building calcium it obtains in its food. Sometimes the diet contains plenty of calcium, but through a lack of vitamin D the child is unable to make use of this condition is corrected either by the use of sunbaths or the addition of vitamin D to the diet.

Remember that a slight bow of the baby's legs is normal. If the majority to make a permanent success of its system. At long last the masses revolt and class rule comes to an end.
 Italian Fascism has been skillfully entrenched; it is working, to all appearances, like a charm. But who would even hazard a guess as to its status a hundred years from now—or twenty?

HIGHWAY NETWORK IN MANCHUKUO TO HELP DOWN CRIME

Changchun, Manchuria.—(AP)—As an aid in suppression of brigandage, the Manchukuo government has started construction of a network of highways.
 The program calls for 50,000 miles of roads at a cost estimated at \$35,000,000. The work will require 10 years.

Roads Speed Government
 Announcement of the project emphasizes that economic aspects of the plan has been overlooked by the pressing need to give greater security to the 30,000,000 Chinese, Manchus and foreigners who inhabit the new state's 450,000 square miles of territory.
 But the government hopes also to facilitate the functioning of its administrative system, which has been handicapped by lack of communication.

Only Native Workers
 It is planned to build about half the network in the first five years. About a third of the roads will be first class, stone-paved highways, 45 feet wide and connecting the principal cities and ports. The remainder will be divided between 35-foot "all-weather" roads and 25-foot roads.
 Native material and labor will be used throughout.
 "He tried to kiss me and I got mad and shot him," reports an Illinois girl. Man's on the spot either way these days. Some girls get mad if you don't try.

BEHIND THE SCENES IN Washington

By Rodney Datcher

Washington, Aug. 11.—One school of economists believes that the best possible monetary policy at this time is no monetary policy at all. There are reasons to believe that Roosevelt has been taking advice from that school.
 He has vast powers for inflation of currency which he has not used. Some time ago he left it be known that he was figuring on a return to the 1926 price level and his decision to refuse to participate in currency stabilization at London was explained in a way to confirm that intention.
 Prices shot up in anticipation. But they paid no attention to purchasing power. Economists here—there are hundreds of them—went into agitated huddles. That development simply didn't square with the big recovery campaign. The economists felt that Roosevelt, by dwelling on the 1926 price level, was queering his own game.

Some of them told him that, diplomatically. He should have no policy until the recovery program had been worked out—or, at least, should pretend he had none. Meanwhile, the administration was being forced to call for the NRA blanket code in an effort to avert the crash that was threatened by the yawning gap between production and prices on one hand and payrolls on the other.
 Roosevelt has flirted with var-

ious currency plans, but the best information is that he is at present embracing none. Recently, after he had denied reports that he was about to devalue the dollar, a correspondent asked him for confidential advice as to what might be expected. Roosevelt laughed and replied:
 "If you asked me to write a story about it for you, I couldn't write it myself. There just ain't no story!"
 You will be putting specially issued NRA three-cent stamps on your letters very shortly now. The stamp will be oblong-shaped and will show the "NRA" initials in large size with an engraving of figures representing capital, labor, government and consumers marching into the foreground.
 Andrew W. Mellon's aluminum industry had a bright idea. It would bring in a code with the suggestion that no hearings on it need be held. The idea was brought to Washington, but it never got beyond home plate.
 Everything goes so rapidly here these days that no one pretends to be able to keep track of it all. But probably the speediest performance is that of the treasury's colored messenger boys as they cover up their rice track sheets with newspapers whenever anyone approaches their desks in the corridors.
 Someone was asking the other day: What's become of Gen. Lincoln Andrews, Roy Haynes, Amos Woodcock and the other fellows who used to be national prohibition administrators.

THE BARGAIN HOUND

It's worth driving miles to get some of Per's Carman peaches. These are the white peaches that are especially for eating rather than for canning. You'll want some for they're simply delicious.

Here's a bit of variation in one of those nourishing drinks—select one egg, 1-2 cup grape juice, one teaspoon of sugar. Beat the egg yolk and white together with a fork and add the sugar and grape juice—and lo, you have Grape Eggnog.

The Weldon Beauty Salon, Hotel Sheridan, gives lasting permanent waves for \$4, \$6, \$8, \$10 and \$12.

For the most formal occasions the crepe de chine opera pump has the daintiness and comfort so necessary to mid-summer footwear. White satin pumps are also always proper and they may be dyed to match your frock.

If you are interested in riding I suggest you go to Allen's Riding School, East Middle Turnpike. You'll find some beautiful horses, and excellent saddle equipment as well as an attractive dressing room.

If you are playing lots of tennis and golf and your feet are beginning to feel a bit too tired to go on, bathe them night and morning in cold water and boric acid, also sprinkle boric powder into the shoes and stockings.

Has everything failed to take a grease spot out of your rug? Try Vanco—it works.

When you buy your new fall footwear, be sure to include at least one pair of walking shoes with sensible heels. If you can't bear to wear heels that are absolutely flat, at least see that they are no more than one and one half inches high.

The Remnant Room library at Cheney Hall will be open in the afternoon from 1:30 to 5:30 o'clock during August. Among the newest books all of which have been reduced to 4 cents a day are "Anthony Adverse," "Little Man, What Now?," "As the Earth Turns," "Arches of the Years," and "House of Exile."

The manner in which you cut fresh flowers from your garden has a great deal to do with the length of time they'll last. Remember that it is best to cut them in the early hours of the morning before the sun gets too hot. Place them immediately in cold water and set the bowls in the coolest spots in the house and change the water twice a day.

Carnera Knocks Out Baer - But It Is Only For Italy

New York, Aug. 11.—(AP)—The biggest scandal of the year has broken wide open in boxing. Max Baer, the champion, was knocked out by Primo Carnera in two rounds. Authority for that statement comes direct from the manager of Carnera himself, Louis L. Sorel, the little Italian banker who took over the huge Italian's affairs where Leon See dropped them. "It is so, yes," admitted Sorel today. "He goes, yes. In two rounds. Boom. But of course it is only for Europe." For Europe? "Yes, for Europe," explained Sorel. "For the United States. For over here, you know, we go two fast rounds to a draw. Then, everybody happy."

of the present summer season, is going to be thoroughly rehearsed before it is put on. "You understand it, of course?" Sorel questions at the worried looks about him. "It is for the moving pictures in Hollywood." "Baer, he is making this picture and in it he fights for the championship. Carnera is the champion. So he wants to fight Carnera. All right. Carnera signs today to fight Baer in the movies. So it is agreed. Two times we make the pictures of the fight part. In one they fight a draw. That is for here. In the other Carnera knock him out. That is for Italy and all Europe. Ah. How Italy like that." "Business has been very good with Carnera since he won title," Sorel says, and it is reported that he is to get \$80,000 more than he received for his end of the gate in which he won the title from Sharkey, for his "act" with Baer. Carnera will leave August 24 for California.

POLICE DISCOVER 500 GALLON STILL

Stamford, Aug. 11.—(AP)—Two men and a woman were arrested last night by Stamford Police in the seizure of a 500 gallon still and two 1,000 gallon vats at the Old Hendries homestead on Fairfield avenue, near the Greenwich line. The plant was completely equipped and police estimated it had been in operation for about two weeks, although the property had been rented since May 25. When in operation, police estimate the plant is capable of turning out 50 gallons of alcohol a day. The three arrested gave their names as William Leggat, 49, of Hendrie avenue, Riverside, a real estate dealer, Rudolph Bovi, 43, who gave the Hendrie homestead as his address and Mrs. Helen Parkington Hagan, 21, of 4 Osborn street, Norwalk. Police say that Leggat and Bovi are connected with the Norwalk Perfume Company and that Bovi is a resident of Norwalk. A young son and daughter of Bovi, were found in the Hendrie home when police searched the other three, but were not held. The vats were full of a mash compound of sugar and yeast when police seized the place, but little of the manufactured product was found. One of the heaviest rainfalls ever recorded in the United States was at Taylor, Texas, on September 9-10, 1921, when 22 inches of rain were recorded for the two days.

PRESIDENT PLANNING NEW DEAL FOR CUBANS

(Continued from Page One) cipracoal tariff is nearing completion. The State Department and friends of Cuba in the United States have been negotiating the plans for the last four months. While Mr. Roosevelt is maintaining the strictest silence awaiting developments in the Cuban crisis, very obviously the Cuban New Deal program is what he wants to establish in behalf of the island as soon as the disorders end. Message Secret There was no amplification today at the Summer White House on the message given by the President to Ambassador Cintas to relay to President Machado. Some reports express a belief the President has invited Machado to this country. It would be a way to assure the Cuban head of safety in return for withdrawal, but neither the President nor his aides would confirm such a proposal. The proposed sugar quota has reached the stage of fixing the figure. A limit of 1,750,000 tons of sugar which could be shipped to the United States has been mentioned but the State Department is looking favorably upon a higher allotment. Restriction Plan The sugar restriction plan is to apply to the whole region, includ-

Do not beat the egg whites too much for angel food cake or it will be too dry. The whites should be beaten until they form a point when the egg beater is removed.

Have you heard about Watkins' Summer Range Club Plan? Here you have an opportunity to buy a new gas or gas and coal range on a twelve months payment plan with no interest rates and the old prices still in effect. These ranges have table tops, and ovens that may be heated by either gas or coal.

Generally speaking waist positions and skirt lengths remain unchanged. Really low waist lines are non-existent.

The Lily Beauty Parlor gives hot oil shampoos and electrical treatments that bring the hair back to its normal condition. For an appointment dial 7484.

Having a few home made cookies on hand helps you solve the dessert problem these hot days. A dish of fresh or canned fruit, served alone, may make the family think that you didn't spend time enough planning the dessert course. Serve home-made cookies with the fruit and they will change their minds.

At Weldon's Drug Store you can get one of those chain saws that are unsurpassed for cleaning windows and mirrors and they are only 69 cents.

You'll be glad to know that Garone's have some unusually large alligator poars for only 22 cents each and also some luscious honey dew melons, red raspberries and blackberries. And for a fresh vegetable sandwich or salad their native tomatoes at 25 cents a pound and their iceberg lettuce are just what you'll want.

There aren't many of us who can have Adrian design our gowns as he does for Joan Crawford and Kay Francis, but we may take the next best way of getting Hollywood lines and distinction in our clothes by buying one of the new Hollywood patterns at Cheney's Sales Room for 15 cents.

A touch of mentholatum on dry lips before retiring lessens their redness, and a carefully selected cold cream has its restful uses. All these little comforts are within reach of the slimmest pocketbook and make life a little more liveable during summer from the physical angle.

Kemp's have an unusual household feature in their Franklin Portable Ironer. No more broken buttons if you use this ironer. It presses the most delicate lingerie and men's clothing equally as well. It's extremely quiet in operation and can be hung on a convenient hook when not in use.

Take eight slices of buttered white bread, sixteen thin slices of cucumbers, four tablespoons of salad dressing, three tablespoons of finely chopped green peppers, one-eighth teaspoon of salt and eight leaves of lettuce. Open the slices of bread, sandwich fashion. On one half place the lettuce, tomatoes and cucumbers. Mix the rest of the ingredients and spread on the rest of the vegetables. Close the sandwiches, cut off the crusts and cut each sandwich in half crossways. Serve these on a platter garnished with parsley, sweet pickles and lemon slices.

To prevent the smoke that often makes the cooking of hot cakes unpleasant tie some salt in a cloth and rub the griddle with this instead of greasing it.

Marianne

ing other producing countries such as Porto Rico, Hawaii and the Philippines. It would apply the same system of controlled production, and consumption as the President is seeking in this country on wheat and cotton.

The financial situation as a factor in the island disturbance is discounted by officials. There is not much sign of interference by the big creditors who "ave invested heavily in Cuba. However, the State Department program does contemplate a sweeping revision of the Cuban debt in the interest of reducing taxes. Another factor is a decentralization of land owning. Apparently in recent years there has been a tendency in the island for the small plantation owners to sell out and go to the villages.

It is understood that Mexico, another of the sugar consuming countries, is co-operating fully in a regional sugar plan which has as its big purpose the stabilization of this great money crop of the neighboring islands.

ON WAY TO CUBA Washington, Aug. 11.—(AP)—Cuba's political deadlock brought about by President Machado's refusal to resign continued today with Ambassador Oscar Cintas speeding toward Havana and State Department officials in frequent communication with Ambassador Sumner Welles there by telephone. The Cuban envoy to this country left by train for Miami before day-break to fly to Havana tomorrow to repeat to Machado his conversations with President Roosevelt and Secretary Hull. Telephone conversations between the State Department and Ambassador Welles this morning revealed no marked change in the political situation. The next step of the United States if Machado fails to meet the demands in Cuba that he resign in the interest of peace, was not revealed by Secretary Hull and his associates. That is a bridge they will not cross until they reach it, and then only under direct instructions from the President. Hope still prevails that mediation yet will solve the Cuban political problems.

STOLE A MILLION FROM POOR FOLKS

(Continued from Page One) that he alone had in his safe claims for \$1,000,000 in mortgage participation certificates issued by Strack. Faces went white when Tierney added these are not worth a nickel. They heard a deputy assistant attorney general say Strack was "worse than a robber." As the prisoner was led away they rushed hysterically toward him, but police closed around him and escorted him away.

ADDITIONAL INSPECTOR FOR MOTOR DEPARTMENT

To Check Up Court Cases in State—\$45,000 in Fees Not Collected.

Hartford, Aug. 11.—(AP)—The State Board of Finance and Control yesterday authorized Motor Vehicle Commissioner M. A. Connor to appoint an additional inspector in the department at a salary of \$2,000 with an additional \$1,000 for expenses. The purpose of the additional inspector, it was explained by Commissioner Connor

today, is to check on the disposition of court cases in the state, where accused are presented for violation of motor vehicle laws.

"When I assumed the duties of motor vehicle commissioner there was approximately \$460,000 which had apparently been collected by court clerks and which had not been turned over to the state. This money must be collected, and in addition, abstracts which are required to be filed by court clerks showing the disposition of cases have not been received. A most careful check of all courts is to be made to see that the law on both these points is observed.

"The failure of the court clerks to file proper abstracts can be attributed only to slackness, which has continued over a period of years. This will no longer be permitted."

"DEAD" MAN RETURNS

Torrington, Aug. 11.—(AP)—John Vergilio, mourned as dead following receipt of a letter stating he had been killed in a train wreck in Italy, has safely arrived at his home here.

Vergilio had been visiting a daughter in Lucera, Italy. While on a train enroute to Naples, he met a friend and stopped over at Benevento for a visit. The train was wrecked several miles farther on. Several were killed, some being mangled beyond recognition. His daughter, unaware that Vergilio was visiting his friend, notified relatives here that he had been killed.

RUSHING HOLLYWOOD STATION TO COMPLETION

Workmen are rushing to put the finishing touches on Schaller's new Hollywood Super-service station on East Center street which will be open for business tomorrow. It will be one of the most modern elaborate service stations in Manchester and vicinity. Uniformed employees will be in attendance.

Schaller Motor Sales Inc. now have fifteen people in their employ. Ronald Lingard, formerly connected with James M. Sharrer, became connected with the organization yesterday. Formal announcement of the

opening of the new Hollywood station will be made tomorrow. Schaller's have a large garage and service station on Center street and also operate the Maple Super-Service Station on Maple street.

SWEATSHOPS DOOMED

Hartford, Aug. 11.—(AP)—Connecticut sweatshops "see the writing on the wall," and in numerous instances have raised wages and reduced the work week to 40 hours, despite the fact they have not signed under a code yet. This is reported today by Deputy Commissioner of Factory Inspection William J. Fitzgerald, who has been following up complaints where the state law is involved, and reporting to the Federal administration violations of the NRA discovered in the course of his departmental work.

American Made! Wire Nails Cost LESS At Ward's 5c per lb. You want tools that do the job right—but cost little. Includes images of various tools like a ratchet brace, hammer, and vise.

For the LOVE OF EVE by Lucy Walling

BEGIN HERE TODAY EVE BAYLESS, pretty assistant to EARLE BARNES, advertising manager of Bixby's department store, secretly marries DICK RADER, a construction superintendent. Dick opposes her continued employment and pleads for a home but Eve is determined to go on working.

NOW GO ON WITH THE STORY CHAPTER V

Dick had stopped at the Y. W. C. A. for Eve's mail on his way to the station to meet her. There was a large envelope from her mother, containing letters for her and for Dick. Eve's parents had been asked not to announce the marriage.

"Why, bless her heart!" said Dick. "It must have taken her a whole evening to write this. It's a great many years since anyone called me 'Dear Son'."

And indeed it had taken Mrs. Bayless a whole evening to compose that first painstaking letter to her new son-in-law. Kate Bayless, plump, patient and domestic, was suffering the tortures of rheumatic fingers incurred from years of hard toil in the interior of her family.

Henry Bayless—or "Hank" as he generally was known—was secretly proud of his wife and daughters and praised their achievements to outsiders. But it was his firm belief that encouragement would cause them to overdo and therefore they seldom heard these words of praise.

Soon after his marriage to Kate, Hank had established a small butter and egg route. His earnings had to be stretched with the utmost care. He had covered the cost of educating his two daughters, kept up the home and put by something for old age. It had been the dream of his life to have a business of his own.

Gradually, a large stock company, however, absorbed all the butters and egg routes of the neighborhood. Hank's with the rest. After that he secured work with a company manufacturing passenger elevators. His work was to assist in assembling, the parts and check for possible errors.

Despite all this careful saving and economizing, Kate Bayless had managed to lay by over the years a small but steadily growing accumulation of dollars. Unknown to Hank, she had deposited this money in a building and loan association.

A Setting To Whet Lagging Appetites

Nothing whets lagging appetites so much as food served out of doors. When your family refuses to eat these hot days, try serving a few al fresco meals.

Have simple furniture that won't get ruined by rain. Don't take your very best china and linen out into the yard for picnic meals. Tablecloths of some dill-oil variety are best. They won't show spots and they save laundry. You simply wipe them off with a damp cloth.

perturbation. After she had had far more schooling than he had originally planned she rented a downtown studio and taught dramatic expression. The venture lasted only one year but in that time she was able to save enough to take her to Lake City 500 miles distant where she enrolled in the school conducted by the Lake City Advertising Club.

Eve had taken the only job she could get, working in the basement of a department store. Her father, figuring up the cost of Eve's education, grumbled when he learned how much she was earning.

Probably do her a lot of good, though," he grunted. "She can use some of those six-cylinder words to sell bargains."

In just what way this experience was to benefit Eve her father would have been surprised could he have heard her that same week delivering a protest against blatant advertising before her class. It happened that there were several advertising executives in the audience and among them was Earle Barnes of Bixby's store.

"That girl is made of good stuff," Barnes commented to the man beside him. Months later he recognized Eve when she applied to him for a job.

Eve's work in the advertising office at Bixby's was a source of gratification to her parents. This latest surprise—her marriage to Dick Rader whom her father and mother had never seen—was received with mixed feelings.

Kate prayed that her daughter had found a good husband. "The money—that comes with time and age if you work hard enough," she

had written Eve in her simple, kindly way. "If he is a good man—that is everything."

Eve had written Dick that she would wait to have breakfast with him the morning she returned from New York, so he had ordered the belated meal sent to their suite. He suggested having dinner served there too, but Eve preferred to dine in the hotel restaurant.

Two hours passed, three hours—and still Dick did not return. Neither did the telephone. Eve slipped off her velvet frock and hung it away. Mechanically she applied cleansing cream to her face and removed the make-up.

"Hello?" she answered. "Is Mr. Rader there?" A woman's voice—low, urgent, distressed—came over the wire.

A dozen distorted thoughts flashed through Eve's head. What woman could be wanting Dick? What woman knew he was here? And why that anxious tone of voice?

"Mr. Rader is not here at the moment," she answered, trying to conceal her surprise. "Do you wish to leave a message?"

"If you thin he'll be back within a few minutes I'll hold the line, please."

Dick returned just then. "The call is for you," Eve said. She went into the bedroom, closing the door behind her. She sat down before the dressing table and bustled herself with powder puff and lipstick. She could not hear Dick's words but thought she detected deep concern in his voice. A moment later he tapped on the door.

YOUR CHILDREN

By Olive Roberts Barton

People familiar with public playgrounds will tell you one thing. They are used to capacity—and more.

Of all the free things that tax money goes for, there is nothing more persistently patronized than these breathing spots for the children. If you know nothing about them, hang around one some day from eight o'clock in the morning until eight at night and watch the constant stream of children from one to sixteen—and over—and under—going to and from these places.

Benefits the Majority And observe the pains taken by the supervisors of play to keep these youngsters busy and happy and safe.

How much better it is than having the little folk dully putting in time on hot steps, on broiling sidewalks, or in stifling tenements! We must not forget that not the minority, but the majority of children these days have no other place than these to play in. They come from every walk of life, of course, but chiefly from the underprivileged ranks.

I pay this tribute to those cities which have, in the face of hard times, budgeted their funds to cover the upkeep of these parks. Furthermore, many cities have even gone the limit and developed new ones.

The good deed cannot be overestimated. And I hope the idea continues and spreads with the advent of better times.

For years I have been urging more parks. Then, in the face of the impossibility I kept silence. But now toward end of the year, and another summer, it is time to plan for the future. I have one suggestion to make. More small neighborhood parks.

To buy or subsidize property for a real playground, to outfit and man it, is a rather ambitious project. This very fact may prevent city solons from considering any appreciable addition at the present time to the park fund already appropriated.

What does not cost so much, however, are the small spaces here and there, unusual and wasted, that could be plowed and leveled and sowed with grass seed and then used for an open space to play in.

Walking through our own city I see so many districts far removed from park zones where the children have no place to go. The available playgrounds are too far for them to reach. In many of these districts the city owns property, some of it eye-sore in the present condition, that could be raked and cleaned up for small neighborhood parks at very little cost.

Later on when times are better simple equipment could be installed. Anyhow, fall is a good time to put in seed if there is to be sod for next year.

THIS STYLE'S IN BLOOM! Gay Floral Design Gives Dash and Charm To This Printed Frock, Ideal for Cocktail Hour

A printed ensemble of soft reds and blues in a rhythmic floral design makes this dress a particularly lovely midsummer costume. The wide, set-in satin sash, three-quarter jacket and charming hand-made flowers, worn at the point of the V-neckline, are interesting fashion notes. The outfit can be worn on the street, but is especially good for the tea or cocktail hour.

Monday's Menu BREAKFAST: Chilled tomato juice, cereal, cream, codfish balls, muffins, milk, coffee. LUNCHEON: Stuffed onions, tomato and banana salad, toasted muffins, chocolate milk shake. DINNER: Baked ham, scalloped potatoes, chard with lemon sauce, watermelon and green pepper salad, blackberry cobbler, milk, coffee.

average taste. Salt, or course, and often pepper and a hint of spices, increase the piquancy of tomato dishes.

Cut a slice from the stem end of tomatoes and scoop out seeds, taking care not to injure shape of tomato. Sprinkle inside with salt and invert to drain. Mix bread crumbs, celery and nuts. Add seasoning and melted butter and enough tomato pulp to make slightly moist. Fill each tomato with stuffing and arrange in a shallow baking pan. Cover tops with fine bread crumbs and put a dot of butter in the center of each. Bake about thirty minutes in a moderate oven. When done slice a spatula or bread cake turner under tomato and lift carefully to hot platter. Garnish with parsley and serve.

The Roosevelt "Raw Deal" is the biggest bologna ever perpetrated. —Howard Scott, technocrat.

Quotations--

Franklin Roosevelt is one of the most relaxed human beings I ever knew. No matter how hard he works nor how terrific his problems, he is never tense. —Frances Perkins, secretary of labor.

Prohibition has ruined the manners of our people. They have been taught to sneak underground into cellars, dark places, like rats for a crust. —Francis Gorman, New York hotel manager.

I cannot see any vision, any imagination and enterprise in our politics. We have not even any brain trust. —David Lloyd George, M. P.

It isn't a matter of how many words you speak, but how well you speak them. —Marie Dressler, actress.

World-wide conditions were a contributory cause to our disaster, but we must admit our deplorable state is largely of our own creation. —Senator Arthur Capper, Kansas.

Women marry because they don't like to work. —Mary Garden.

World-wide conditions were a contributory cause to our disaster, but we must admit our deplorable state is largely of our own creation. —Senator Arthur Capper, Kansas.

VELVET TOPS THE MODE

RIGHT—A FEDORA OF CEL-GREY VELVET.

A BOOK A DAY

BY BRUCE CATTON FAMILY'S TROUBLES PICTURED IN NOVEL

How Financial Reverses Are Met Makes Story

By BRUCE CATTON "Once They Were Rich," by D. L. Murray, is a rather leisurely English novel about a country family which suffers a financial comedown; and aside from the fact that the author never quite seems sure just what kind of book he is trying to write, it is not bad entertainment.

The father of this family is a superannuated professor, and the household consists of himself, his wife, two daughters and their son. The beginning of the story reveals the whole tribe as a bunch of hopeless incompetents, and just as you are trying to decide which of the three children is the most ridiculous the news arrives that the family fortune has vanished.

Immediately everybody reveals an unsuspected substratum of honesty, substantial courage and ability. One daughter establishes a chicken farm. Another turns an honest penny by helping a neighboring stock-raiser with his horses. The son develops ability as an automobile mechanic. Mother proves that she can cook and make beds without a whimper. The professor, after fumbling the ball a couple of times, starts knitting mufflers for a drygoods store.

SISTER MARY'S KITCHEN

BY SISTER MARY Fresh tomatoes are coming in locally early and they are at their best when they are "home grown" and sun-ripened. Fully matured, naturally ripened tomatoes are rich sources of vitamins A, B, and C and should appear daily in our menus as long as they are obtainable.

Tomatoes make an economical substitute for oranges while the citrus fruit is scarce and high. Keep in mind, however, that tomatoes have only half the vitamin C content of oranges and use them in proportion. Other fresh fruits and vegetables add their share of the C vitamin and help to keep up the necessary standard.

A recent investigation regarding the iron content of certain fruits and vegetables reveals that the juice contains only a small part of the iron in oranges and tomatoes. This definite bit of scientific information is of great value to the homemaker since it enables her to make the most of her foods.

Ways of Serving The ways of serving tomatoes are countless. From breakfast to dinner they find a welcome. A toasted bacon and tomato sandwich is an appetizing innovation in the breakfast menu. A tomato juice-cocktail is a stimulating first course for a luncheon or dinner or breakfast. Stuffed tomato salads are almost legion, the number being limited only by the cook's imagination. Fruits, vegetables and meats—including fish and poultry—combine splendidly with the pleasant tartness of tomatoes.

Evening Herald Pattern

And As Simple As Falling Off a Log to Make It

By HELEN WILLIAMS Illustrated Dressmaking Lesson Furnished with Every Pattern You'll want this attractive frock because of its slim lines and flattering details.

It's so easy to put it together, and unbelievably inexpensive. It is fashioned of gay blue and white dotted voile, so enticingly cool and chic. You can wear it for resort or for town.

Style No. 2694 is designed for sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32 and 40 inches bust. Size 16 requires 3 7/8 yards of 39-inch material with 3-8 yard of 2-inch ribbon. Price of Pattern 15 Cents Make the Most of Your Looks! For vacation clothes, for the mountains, lakes, seaside or that tour you have often talked about, see a copy of our new book of Summer Fashions. You will like these special articles. Send today for your copy of the new book, enclosing 10 cents in stamps or coin. Address Fashion Department.

GLORIFYING YOURSELF

By Alicia Hart

THE RIGHT WAY TO USE COSMETICS

Don't let the use of one wrong cosmetic defeat the purpose of the right ones. Most beauty preparations have to be used in conjunction with some others. And one won't do any good unless you follow it up with another preparation designed to go with it.

For instance, pore cream will do very little good unless you use an astringent or skin toning lotion, too. Nor will muscle oils strengthen the muscles of your chin if they are applied without a patting treatment.

You can get a ready-made patting cream or you can make one yourself by fastening soft cotton pads over the end of a shoe tie. Smear a little muscle oil on your chin and then pat it in with the patting cream.

It is usually a good idea to use one brand of cosmetics and skin preparations. Mixing several brands on your face may not work at all.

Cosmeticians have realized more and more that no woman wants to buy large containers of a product until they have tried it. Consequently you can get complete sets of lotions and creams put up in little-larger-than-sample jars. These give you a chance to find out what you are using before investing in more expensive, full-size jars.

Daily Health Service

Hints on How to Keep Well by World Famed Authority

ADVISED WHERE POISON HAS BEEN TAKEN Measure to Cleanse Stomach Helpful Pending Arrival of Physician; Most Poisons Have Antidotes

By DR. MORRIS FISHERIN Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine

The human being is subject to various kinds of possible poisonings from foods and drugs, from mushrooms and all sorts of similar toxic substances. There are poisons constantly used in industry which may get into the body and thereby produce severe illness.

In any case of poisoning certain procedures are immediately desirable. First, try to ascertain the nature of the poison taken. An empty bottle in the vicinity, the presence of some of the substance in a cup or utensil, or the presence of the poison on the tablecloth or floor or clothing may be a valuable sign.

By smelling the breath and examining the mouth of the patient, the physician may determine poisons. If the patient has taken the poison accidentally, he will probably be willing to tell the physician if he is conscious.

DO YOU KNOW THAT—

Maybe everybody isn't getting a vacation this year, but we know of one bill collector who's been camping on our doorstep most of the summer. Short day has been eliminated by the New York Stock Exchange. But not the short sales. They won't have saved all the possible taxes until they put a real estate tax on coffee grounds. Chicago Police Turn to God, says headline. Well, it's high time something was being done about our game anyway.

Parmalee Of Giants Again Misses A No-Hit Game

BISSELL ELIMINATES HARRIS IN STRAIGHT SETS, 6-4, 6-3

Over 200 Watch Close Match for Semi-Final Berth; Steadiness Is Factor in Victor; Girls' Champ Reaches Finals; Several Matches Slated Over Week-End.

Playing conservative, unspectacular tennis, Earl Bissell stroked his way into the semi-final of the town tournament before a crowd of more than 200 persons at the school courts late yesterday afternoon, eliminating the highly-touted "dark horse" entry, Carleton Harris in two hard fought, exciting sets.

Sets Slow Pace Choking his racket, Bissell played a slow but relentless game from the start. Harris was first to serve and took the first game. Bissell evened the match on his own service and then, when games were three-all, broke through Harris's service in the seventh game, deuced it twice and took the lead. He then won his own service to lead 6-3 but Harris came back to win the next game only to lose the deciding one at love.

Breaks Through Often In the second set, Bissell broke through in the opening game with an ace on his opponent's service, but Harris retaliated by taking the second game. Bissell tightened up and swept the next two games with the loss of only two points. Harris fought an uphill battle all the way in the second set and took the seventh game after it had gone to deuce three times to make the score 4-3. But Bissell won handily on his own service and then broke through again to capture the ninth and deciding game, after it went to deuce twice.

Matches Scheduled Sturgeon and O'Leary are scheduled to play tonight at the High School courts, the winner to meet Lebo Urbanetti, seeded No. 5. One of this trio will face Bissell in the semi-finals. Holland is scheduled to play Herman Bassett tomorrow afternoon at the High School courts at 2 o'clock and the winner will meet Carl Johnson, seeded No. 6, Sunday morning at 10 o'clock, also at the High School, for the right to meet Jimmy Britton in the semi-finals. It is planned to hold the two semi-finals on Sunday morning, August 20.

Champ Advances In the girls' tourney, Gladys Lamprecht, defending champion, advanced to the finals with a straight set victory over Mary Antonio, 6-2 and 6-2. Eleanor Huebner, seeded No. 2, will meet Elizabeth Washiewicz tomorrow morning at the High School courts at 9:30 o'clock for the right to meet the title holder in the finals.

Doubles Entries Latest entries in the doubles tourney include Robert Dexter and Allan Dexter, Lebro Urbanetti-Carl Johnson, William Leone-Louis Geor, Jr., Walter Klein-John Hechtum, Walter Holland-Earl Bissell and Robert J. Smith-Eddie Markley. The entry list will close tonight at 8 o'clock.

The point score of the Bissell-Harris match was as follows: Bissell 242 424 6524—35-6 Harris 414 141 4340—28-4 Bissell 424 424 546—35-6 Harris 241 142 724—27-3

Buddies WIN The West Side Buddies topped the Berkshire Industrial Farm by the score of 15-5. The Buddies nicked Pease for 12 hits. Tedford got three out of four trips to the plate. Haefs and McCurry collected two apiece. Pease got the only two hits for Berkshire Boys.

Table with columns: A.B.R.H.P.O.A.E. and rows for Ford, Frasier, Judd, Haefs, Tedford, Gustafson, Sargent, Vennart, Chapman, McCurry, and Totals.

Table with columns: A.B.R.H.P.O.A.E. and rows for Santiago, Sulfriff, Pullner, Fello, Dowd, Nick, De Brault, Armistage, Pease, and Totals.

Two base hits: McCurry, Pease; hits off McCurry 1, Gustafson 1, Pease 12; sacrifice hits, Frasier, Tedford; double plays, Pease to Santiago; left on bases, Buddies 4, Berkshire 2; base on balls off, McCurry 2, Gustafson 1, Pease 1; struck out by, McCurry 8, Gustafson 3, Pease 2; time, 1:15; umpire, B. McConkey and E. Jolly.

Expect Huge Entry List In Swim Meet At Globe Tomorrow

Tomorrow afternoon at 2 o'clock will also have a harder fight on her hands as it may be necessary to step up some of the classes under the senior and with some of this competition her title is in danger. The under water swim with no age limit and open to all will be for the swimmer making the furthest point away from the starting pier. This event is not included in point score of any other class. Prize awards will be merchandise donated by the Manchester merchants and purchase orders for merchandise issued by the Recreation Centers that may be used in any local store. Entries are coming fast and a large field is expected to compete with all those who wish to enter requested to do so before noon tomorrow at the Globe Hollow canteen or phone 5627.

WEST SIDES BATTLE ALL-STARS TONIGHT Don't forget the game this evening between the West Sides and Tommy Sipple's All-Stars. Already talk has covered the town upon learning Jackson Taylor will be with Sipple's All-Stars which no doubt will probably mean the largest crowd of the season. All baseball fans in town have heard of Taylor's record with Buckley High and are out to see what he will do against the West Sides meet of whom have played with Manchester High school. He has a fast ball coupled with a good curve. Although a hit wild he has some of the following strikeouts per game 25, 22, 21, 19, 18, 15. Manager Lefty St. John says he was very fortunate to get Taylor. The West Sides will practically use the same lineup they have used all season with the exception of Hank McCann who will possibly be out of the rest of the season with a leg injury which he got last Sunday against the Bluefields.

Sport Chatter So much time was taken up by the wrestlers on the lower part of the card of wrestling at the Sandy Beach Stadium last night that it was not until 11:15 that the main wrestling match between Stanislaus Zbyzsko and the one-time colored fighting flash, George Godfrey, was gotten together. The time for the show to close was 11:30 and their match was to be unlimited or until one man had secured a fall. Both worked hard in the short time that was allowed them and the quarter of a ton of beef that they represented fell and tossed around the mat with no fall resulting.

Last Night's Fights By Associated Press Detroit—Mose Butch Pittsburgh, outpointed Tony Tassi, Detroit, 10, North Adams, Mass.—Steve Carr of Meriden, outpointed Johnny Plich, New York, 10. Dallas, Tex.—Tracy Cox of Indianapolis, outpointed Lou Avery, Tulsa, 10.

FIRST HALF TITLE GOES TO DRAF-TEX

Team Has Won Five Games and Lost One in S. T. S. Inter-Department Loop.

The first half of the Trade school baseball league has been completed with each team playing six games apiece. The race proved to be close and interesting as the teams were pretty evenly matched. The Draf-TEX team copped the honors for the first half.

The second half will get under way after Labor Day and the winner of each half will then meet in a little world series to settle the issue. Standing of first half: Draf-TEX 5 2 Electric 4 2 Carpentery 3 3 Machine 2 4

Draf-TEX vs. Electric Draf-TEX clinched the pennant for the first half of the Trade school league by plastering a 17-9 defeat on the Electric. Haberman went the route for the Draf-TEX. Johnson, Farwell and Karahis pitched good ball, but numerous errors helped the Draf-TEX to its winning margin. Makulis and Haberman did the heavy stick work for Draf-TEX, while Liebman, Karahis and Babel connected for two bingles each.

Table with columns: A.B.R.H.P.O.A.E. and rows for Hoffmann, Giovannini, Quartus, Haberman, Keish, Johnson, Benson, Makulis, Abrattis.

Six More Entries Than Last Year in Hambletonian Stake Event August 16; Sky Is Clouded With Favored Dark Horses. Goshen, N. Y., Aug 11—The Kentucky Derby of the trotters, the \$50,000 Hambletonian Stake, has clouded the sky with favored "dark horses." When this race comes off here Aug. 16, the boys who do the betting can shut their eyes, take their pick and stand as good a chance as the next one of winning.

Usually the earlier stages give horsemen and fans a fair idea of what's what as far as the Hambletonian victor is concerned. Certain advance races are considered proof-proof barometers. But not this year. King Ben, William H. Crane's likely colt, won the first heat of the Matron Stake at Cleveland in 2:04 3-5 and was set up as favorite until he threw a shoe in the second heat, fell sick, and dropped out of the running. But he came back in the American Stake No. 1 at Salem, and his backing is strong again.

Spencer McIlwain, who won the Matron stake at Cleveland after King Ben met with misfortune, was a 2-1 winter book favorite for the Hambletonian and although not up to standard after North Randall, he still has his following. Mary Reynolds, with victories in the Championship Stallion Stake at Cleveland, and the Fenitular Farms event at Toledo, was classed as the outstanding three-year-old of the country and a sure-fire winner at Goshen. But that was before Brown Berry waited away with honors in the American Stake at Rockingham.

Brown Berry, owned by the Lytle Brothers of Plainfield, N. J., so casually triumphed over Mary Reynolds that the colt has stamped himself of championship caliber. Walter "Long Shot" Cox has a horse in the Hambletonian that carries a threat in each hoof. He is Atlantic Volo, owned by L. O. Blake of New York. Trained carefully all winter and spring, this horse, not considered to have a chance early in the year, won the three-year-old Castleton trot at Salem so handily that he forced himself into the limelight.

Other colts and fillies which have been performing well to date and who should not be far behind the leader at Goshen, are: Hollywood Postie, to be driven by his millionaire owner, John L. Dodge of Lexington, Ky.; Sir Raleigh, owned by Allan J. Wilson of Boston, and a winter book favorite at 2-1 with Spencer McIlwain; Calumet Donald, owned and driven by Will F. Cason, the driver who piloted the Marchioness home victor in the Hambletonian last year, and Dick Reynolds.

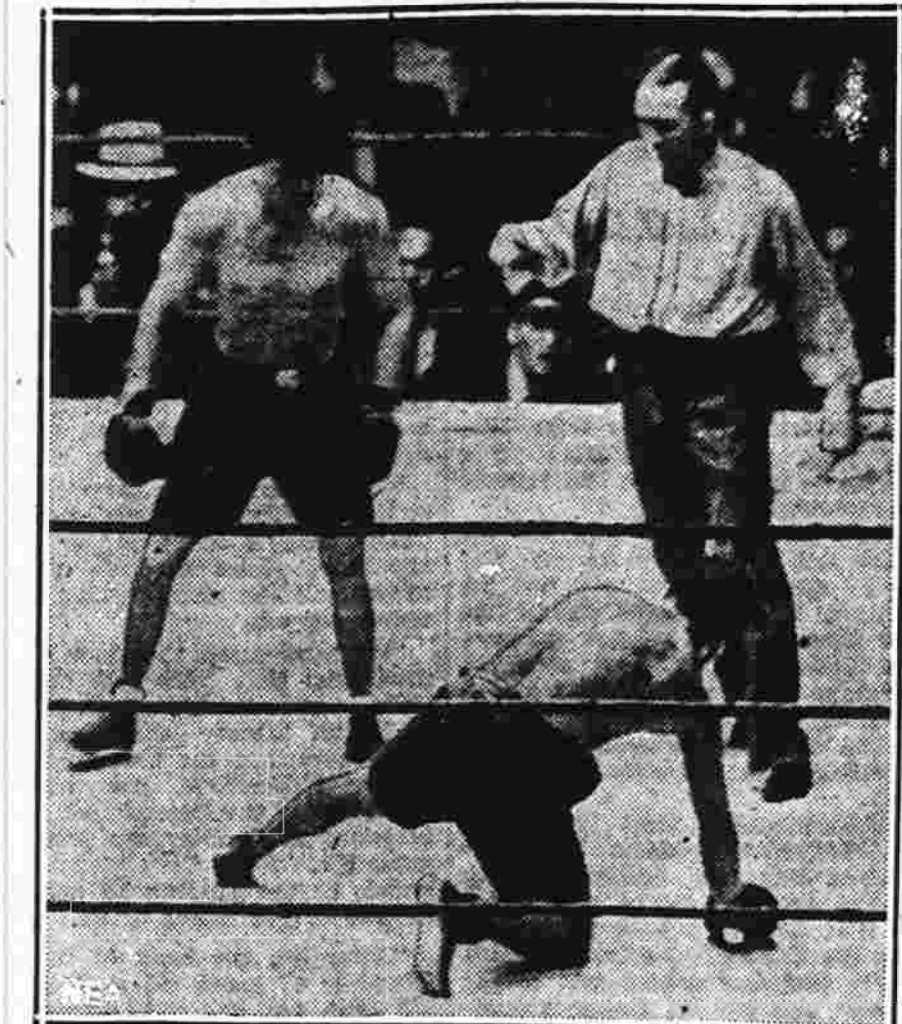

PLAY AT WILLIMANTIC Tomorrow afternoon the Bluefields will travel to Willimantic where they will meet the Harvard and Heart A. C. of that city. This team boasts a very strong aggregation and have defeated some of the best teams in this town. The Bluefields will start with its strongest team with Kovis probably on the mound. The Bluefields will practice tonight on their field at McKee street. All players are requested to be at the field at 6:10.

Table with columns: A.B.R.H.P.O.A.E. and rows for Daniels, Phelps, Orlowski, Saccoccio, Reedy, Boothroyd, Smith, Skopke, Ivanicki.

Score by innings: Machine 602 10-9 Carpentery 009 12-5 Two base hits: Phelps; home run, Yost; hits off Hill 8, Daniels 4, Orlowski 2, Phelps 8; stolen bases, Carpentery 21, Machine 18; left on bases, Carpentery 7, Machine 2; base on balls, off Hill 5; hit by Skopke, 1; error, Saccoccio, Orlowski, Turck, Skopke; struck out, by Hill 10; Danie's 3; Phelps 6; time, 1:20; umpires, Crowley, Higgins.

PLAY AT WILLIMANTIC Tomorrow afternoon the Bluefields will travel to Willimantic where they will meet the Harvard and Heart A. C. of that city. —And Another Title Falls

Once holder of the welterweight title, 22-year-old Lon Brouillard of Worcester, Mass., became the middleweight champion by knocking out Ben Jedy, defending champ, in the seventh round of their bout at the Polo Grounds, New York. Brouillard is shown standing over the tottering champ after administering the knockout blow.

ATHLETICS BLANK GREEN TO CLINCH SERIES, 2 TO 0

SAVITT GEMS FACE WHISKERED OUTFIT Oppose House of David in Game at Bulkeley Stadium Tonight at 8.45 p. m.

Tonight under the Nights' at Bulkeley Stadium, the Savitt Gems will play the whiskered House of David team, with the playing field brilliantly illuminated with the same portable lighting system that proved so satisfactory when the Gems defeated the Cuban Giants, last Friday night.

One of the players with the team is Moose Swaney who embraced the House of David faith some several years ago and has since grown a luxuriant beard that almost completely hides his features so familiar to fans when Swaney was the ace pitcher for the Hartford Club of the Eastern League. This team has been playing most of its games in Greater New York where it has been consistently defeating such clubs as the Buchwicks, the Kennerly Farmers, the Baysides and others in the fastest semi-pro outfits in that section.

So highly is the House of David club regarded by the Savitts that Manager Bill Gleason is reserving Bill Morrell, pitching star of the Gems for the game. Morrell's next engagement thereafter, will be next Monday when the Gems play the Boston Braves in an exhibition game, starting at 4:15 o'clock. Rabbit Maranzville will, of course, be the star individual attraction of that game, although the Braves have guaranteed their regular line-up throughout.

SUB-ALPINES OPPOSE STRONG OUTFIT HERE The fast, scrappy Warehouse Point team will meet the Sub-Alpines tomorrow afternoon at 3 o'clock at Mt. Nebo. Leo Johnson or Bingo Sturgeon will start for the locals. Warehouse Point holds victories over such teams as the Check Bread and Mahoney Service teams from Hartford.

The starting lineup for both Saturday and Sunday's games will be: Joe Raynor if, Jimmy O'Leary 2b, Nino Boggtini c, Horse Boggtini ss, Ding Farr 1b, Sullivan cf, Lovett 3b, Antonio or Sartor rf, Sturgeon, Johnson or H. Fraser p.

Managers Green and Baldwin A. C. will clash in the first of a best two out of three game series for the championship of the Manchester American League. The game will be played at Jarvis Grove, home grounds of the Green. The Bluefields have so far this year been unable to beat the Baldwins, and with recognition as leaders of the league as an added inducement, may be expected to put up their battle of the season. The Baldwins by twice defeating the Highland Park team, and the Green by administering the same treatment to the North End Arrows, automatically come together in this series to determine which shall represent the Manchester American League in the expected fight to name the best team in town.

Managers Green and Baldwin A. C. will clash in the first of a best two out of three game series for the championship of the Manchester American League. The game will be played at Jarvis Grove, home grounds of the Green. The Bluefields have so far this year been unable to beat the Baldwins, and with recognition as leaders of the league as an added inducement, may be expected to put up their battle of the season. The Baldwins by twice defeating the Highland Park team, and the Green by administering the same treatment to the North End Arrows, automatically come together in this series to determine which shall represent the Manchester American League in the expected fight to name the best team in town.

Managers Green and Baldwin A. C. will clash in the first of a best two out of three game series for the championship of the Manchester American League. The game will be played at Jarvis Grove, home grounds of the Green. ALLOWS TWO SAFETIES, BLANKS PHILLIES, 4-0

SLATE OF 4 BOUTS ON HARTFORD CARD Young Right Hander Huris Perfect Ball Until Seventh When Spell Is Broken; Senators Increase Lead to 3 1-2 Games Over Idle Yankees.

Jim Clinkstock Will Meet Karl Zysko in Main Go at South Park Monday.

Hartford, Aug. 11.—Big Jim Clinkstock, Osage Indian, will meet Karl Zysko, nephew of the famous Stanislaus Zbyzsko, in the main bout, two falls in three event on Proctor Jim Downing's all-star wrestling show in South Park here on Monday night, Aug. 14. The card shapes up as one of the best ever arranged for presentation in this section.

Clinkstock, rapidly climbing the heights to a championship match, only last week defeated "Bull" Martin at New Haven, while Zbyzsko recently held John Spellman, former Brown grid brilliant, to a half hour draw in the City of Elm.

The balance of Downing's program is one of rare action possibilities with Sam Cordevano, Italian star and now coach of the Columbia University football team's line, meeting M. J. Chaplin of Chicago, in the semi-final time limit fray and two other good matches on tap.

In one of these Roland Kirschmeyer, blond batter from Oklahoma, will clash with Len Madson, former Colgate All-American football ace, while Glenn Munn, of Nebraska, meets Benny Ginsberg, Chicago's Nebrew comedian, in the other. The first match goes on at 8:30.

GAME IS POSTPONED The game between the V. F. W. and the Legion scheduled to be played tonight at 6 o'clock at Jarvis Grove has been postponed until next Tuesday night, due to the game between the Senators and the Yankees. The game will be played at Jarvis Grove on Monday night, August 14.

The Washington Senators made the same improvement in their position in the American League standing, boosting their lead over the New York Yankees to 3 1-2 games over the Boston Red Sox. Rain halted the Yankees game with Philadelphia's Athletics. The Chicago White Sox advanced to threaten the fourth place rivals, Detroit and Cleveland, by beating the Tigers, 6-5, in the other game on the program, Sad Sam Jones gave the Tigers only eight hits.

FOOD & MARKET PAGE

GROWERS, MARKET WILL REOPEN SOON

Produce Raisers May Rely on Private Sale Instead of Auction at Oak St. Lot.

A meeting of the members of the Vegetable and Fruit Growers Association of Manchester, Inc., will be held tonight in the Sub-Alpine Club to discuss the matter of disposing of produce soon to come into the market. Cucumbers and cauliflowers in much larger quantities than ever before raised in this vicinity will be ripening very soon and there will also be a heavy crop of late peas. Peaches will start to come in, though in small lots, next week, to be followed by much later quantities a little later.

Settle Auction Question

The meeting tonight will set the date for the re-opening of the Oak street wholesale market and will also discuss the question of continuing the auction system through which some \$45,000 was netted in strawberries. The association may decide not to auction but market at private sale.

There will be such a variety of grades among the fruit and vegetables brought to the lot that some members are of the opinion that

LATEST STOCKS

New York, Aug. 11.—(AP)—The Stock Market dawdled differently today as grains displayed weakness and the speculative public apparently wrapped itself in another mantle of cautiousness.

Professionals seemingly accounted for what little activity there was in share transactions and both buyers and sellers were so far apart in many instances that they were unable to get together on quotations. The ticker tape idled monotonously in the early hours and prices generally milled about unimportantly. Wheat was quite heavy at Chicago and other grains sagged sympathetically. Cotton drifted toward the easy side. The dollar was almost stationary in foreign exchange dealings. Bonds were fairly firm, but dull.

Stocks that managed to edge up fractionally to around a point included Santa Fe, Johns-Manville, Montgomery Ward, American Locomotive, Baldwin Locomotive, Chesapeake Corp., National Steel, Industrial Rayon, Union Pacific and U. S. Industrial Alcohol. Among the more active losers of similar amounts were American Can, American Telephone, Consolidated Gas, Chrysler, Du Pont, General Motors, Western Union, U. S. Steel, Case, National Distillers and Celanese.

Stock Market judgments generally appeared to be following an hour-to-hour routine, with most traders ready to jump in any direction. While there was little pessimism to be found in the majority of board rooms, at the same time there was no great amount of optimism observable. Various financial analysts were of the opinion that a healthier market situation would be built up by a further drifting of prices in a relatively narrow range over a period of a week or so.

Early buying in Baldwin Locomotive, American Locomotive and a few of the other railway equipment stocks reflected not only a pickup in business for some of these companies but the probability that a number of the important carriers will have to be kept in condition to handle the growing volume of traffic which has accompanied recent industrial progress.

Week-end trade reviews pointed out that the upswing in commerce had been resumed after a brief pause brought about by uncertainties surrounding the new industrial codes. Declination of unemployment, with a resultant increase of buying power, it was found, have served to check much of the usual midsummer decline in the retail section. Further expansion in public consumption was expected over the next few weeks.

ARMY HAS LOST INTEREST IN LADY OF BEDLOE'S ISLE

New York, Aug. 11.—(AP)—The Lady of Bedloe's Island won't carry the torch for the Army any more.

The trouble is simply this: The Army no longer can support it in the style to which she had become accustomed.

Two years ago she got lit up. That was the Army's dollops. The Army spent about \$40,000 and the Lady of Bedloe's Island was lit like the marquee of a cinema house—floodlights and that sort of thing, to make her lovely by night as she is lovely by day.

The Army was extremely proud. Nothing is too good for its women folk.

Unfortunately, some gentlemen in Washington became impressed with a need for economy. They looked over the books and came on that item of \$40,000 for prettifying the Lady of Bedloe's Island. Forty thousand dollars just to get a lady properly lit. Preposterous! "Generals," said the gentleman

in Washington, addressing the Army, "we profess to have as much admiration for feminine beauty as the next fellow; and we are not denying that perhaps in our day we, too, were ray blades."

"I cannot agree, however, that in these times any such sum as \$40,000 should be spent to light any lady. Besides, she's not a torch; and she isn't going anywhere anyway."

"We have come, therefore, to the conclusion that from now on the Statue of Liberty—shall cease to be a concern of the United States Army. Henceforth, she will be cared for by the Department of the Interior, which is a very good department, though little given to romance or the practice of spending \$40,000 to get ladies lit up."

"After all, the Lady of Bedloe's Island is 47 years old, and weighs 225 tons, and she can't expect to be treated like a chorus girl."

AUTOMOBILE BURNS; FOUR ESCAPE DEATH

Danbury, Aug. 11.—(AP)—Three women and a chauffeur who were taken to the Danbury hospital last night following an accident several miles north of this city, in which their automobile was destroyed by fire, barely escaped death in the flames. It was disclosed today, when State Policeman Harry Tucker, who took part in their rescue, made his report at the Ridgefield barracks.

The policeman, on his way to his home, passed the place a moment after the automobile left the highway, overturned and burst into flames. With the assistance of persons from passing automobiles, he

opened the doors of the car and dragged the occupants out. Flames enveloped the car a moment afterward.

The women, Mrs. Hannah Cohen, of New York, Miss Muriel Rawie, and Miss Estelle Karaman, both of New Rochelle, and their chauffeur, Robert Robertine, of New York, will be able to leave the hospital today.

JOBLESS, KILLS SELF

Bristol, Aug. 11.—(AP)—John Blaski, 65, jobless for three years, committed suicide at his home yesterday by inhaling illuminating gas. He was reported as having been depressed for some time.

The suicide verdict was given by Dr. Arthur S. Brackett, medical examiner.

Blaski leaves his widow and several children.

ROCKVILLE PLANT GOES UNDER BLANKET CODE

DELICIOUS CEREAL OVERCOMES COMMON CONSTIPATION

ALL-BRAN Provides "Bulk," Vitamin B and Iron

Kellogg's ALL-BRAN meets a basic need of the American dietary. It supplies "bulk"—so helpful in correcting common constipation. In eleven years, ALL-BRAN has won millions of satisfied users.

New tests show added reasons for the success of ALL-BRAN. Laboratory experiments prove that, in addition to "bulk," it provides vitamin B to help tone the intestinal tract.

The headaches, loss of appetite and energy that so often result from constipation can be overcome by this pleasant cereal. How much better than using pills and drugs.

ALL-BRAN is mild. Its "bulk" is much like that of lettuce. Within the body, it absorbs moisture and forms a soft mass, which gently clears the intestines of wastes.

Two tablespoonfuls daily are sufficient to overcome most types of constipation. Chronic cases, with every meal. If not relieved this way, see your doctor.

Another benefit of ALL-BRAN is that it has twice as much blood-building iron as an equal amount by weight of beef liver.

Serve as a cereal, or use in cooking. Tempting recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

DOLAN, MURPHY TO SPEAK AT PHARMACY MEETING

A number of Manchester pharmacists are planning to attend a testimonial dinner to be given to Hugh P. Bierne, secretary of the Board of Pharmacy Commissioners of the state, at the Wilcox Pier restaurant, New Haven, next Monday evening.

Mr. Bierne is a former president of the State Association of Pharmacists and in the capacity of legislative leader in the last Assembly was able to secure several acts of legislation for the benefit of the

DOLAN, MURPHY TO SPEAK AT PHARMACY MEETING

Upwards of fifteen hundred invitations have been issued for the dinner at which many of the Republican and Democratic leaders of the state will speak and which speaking program includes Dr. Edward G. Dolan, collector of internal revenue, and Edward Murphy, president of the Connecticut Pharmaceutical Association and a member of the Board of Pharmacy Commissioners. Mr. Murphy has been selected to make the presentation address to Commissioner Bierne.

NOTIFIED OF ONE-THIRD ADVANCE IN PRICES

Rubinow's Anticipation of Higher Marks Verified But Concern Bought at Bottom.

In announcing their August Sale of Coats, Rubinow's are pointing out the extreme wisdom of making coat purchases at the present time. Rubinow's are affiliated with a buying syndicate which comprises over 300 stores, having an aggregate purchasing power of many millions of dollars, and possessing the benefit of years of accumulated experience. This syndicate, at a special meeting last May, after a careful consideration of market conditions, decided that prices were due to advance and purchased heavily of fur and material at the low June prices. Events of the past few months have shown the wisdom of this policy and Rubinow's are now passing on to their customers the savings in raw materials have risen substantially in price since that time, and the new NRA codes have added to labor costs as well as commodity costs.

To illustrate to what extent prices are rising, Mr. Rubinow quoted a letter from his mail of this morning, one of many letters to the same effect: "Please note that orders will not be accepted for less than 33 1-3 per cent increase over the original prices. To save time in filling your orders, kindly mark the advanced prices on same."

Mr. Rubinow remarked that women who plan to get a new coat for the coming Fall and Winter will do well to visit Rubinow's where they will find coats not only priced 30 per cent to 50 per cent below present costs for similar coats, but also, manufactured from materials and furs chosen from the pick of the market, and selected with Rubinow's traditional good taste.

88 GIRLS REGISTERED AT WOODSTOCK CAMP

Y Institution Starts Off With Double the Enrollment of Last Year's Camp.

Camp Woodstock for girls starts today with 88 girls registered for the two weeks' camping period. The girls live in cabins, seven girls and a leader in each cabin. Mrs. W. D. Crockett of the Manchester Y. M. C. A. is in charge of the camp but due to the illness of her mother will be unable to be at the camp all the time. Miss Elizabeth Proctor, a former counsellor at the camp, will take charge of the camp in Mrs. Crockett's absence.

All campers are expected in by noon today. After dinner all girls will be weighed in and then will go to the waterfront to be graded "bud-dies" for all the period. An excellent group of leaders will take care of the water front headed by Miss Winifred Reynolds of the New Britain Y. W. C. A. She will be assisted by Gladys Vansant of Ardmore, Pa., Frances Green of New Britain, Anne Generous of Plainfield, Barbara Kilbourne of Meriden will have charge of sports and will assist the leaders in charge of swimming with boats and canoes. Other leaders are Mrs. David Hamilton, of the Manchester Y. M. C. A. who will be a craft leader. Mrs. Ella Pehl Brimble in charge of the youngest group of girls; Drucille Bevin of East Hampton, assisting in crafts and sports; Grace Goveen of Central Village, assisting in crafts and dramatics; Esther Sutherland of Manchester, assisting in crafts; Olive Baker of North Grosvenordale, in charge of the commissary and dining room; Helen Talcott of Glastonbury, assisting in dramatics and sports; Lella Hazeltine of New York City, in charge of nature study; Nancy Judkins of Mt. Vernon in charge of craft work; Abbie Scott of Putnam, in charge of devotions; Mrs. Henry Keeney of Manchester, camp nurse.

The camp has more than doubled its enrollment over last year's registration. This is the largest registration for the girls' camp since 1929. This enrollment is largely due to the efforts of the Women's Committee for the Girls Camp of Camp Woodstock. This committee was organized in the winter and special meetings have been held to discuss plans for this summer. Mrs. Howard Boyd from Manchester has been a very active member of this committee. It was largely due to her efforts that Manchester has such a large group of girls going to Woodstock for the next two weeks.

The following girls will be at camp: Betty Boyd, Marian Buck, Dorothy Case, Jean Crockett, Frances Cude, Dorothy Coleman, Jean French, Fatu Galinat, Hazel Hamilton, Emma Lou Kehler, Joyce Kahler, Valerie Miller, Katherine McGrath, Grace Noren, Mary Johnsonson, Doris Pahl, Dorothea Smith, Marian Smith, Agnes Shearer, and Mary Louise Walsh.

Parents and friends are invited to visit the camp at any time after 2:30 each day. Sunday, August 20, will be the special visiting day for all parents and friends of campers. A swimming meet will be held in the afternoon. All who can are asked to come to the church service conducted by the campers at 10:30 Sunday morning. This is an out-of-door service conducted entirely by the campers without any adult assistance. Camp Woodstock is a delightful spot and those in charge will be glad to welcome visitors at any time.

BACK TO WHITE HOUSE
Hyde Park, N. Y., Aug. 11.—(AP)—Preparing for his departure tonight for the Capital, President Roosevelt announced today plans for a return here in another week and a cruise back to Washington at the end of the month aboard the yacht of Vincent Astor, the *Mourmelon*.

EMPLOYMENT AT PEAK IN TALCOTTVILLE MILLS

One of the heartening industrial developments in this area was made known yesterday when it was stated at the office of the Talcott Brothers Company at Talcottville that under a two-shift program adopted in co-operation with the NRA program there were employed at the mills this week a greater number of persons than ever before in the long history of the concern.

SIX MORE ROAD JOBS GO TO CONTRACTORS

Pandolfo Brothers of Hartford Awarded That On Pine Street, Columbia.

Commissioner John A. Macondo announced today the award of six road jobs, bids for which were received on July 17 and July 31. The successful bidders are as follows:

Town of Morris: Station and East Shore roads to Oneglia and Gervasio, Inc., Torrington.

Town of New Canaan: Bridge on North Wilton road to Frank Panzer, Stamford.

Town of Columbia: Pine street to Pandolfo Brothers, Hartford.

Town of Danbury: West Lake road to A. J. Kovacs Danbury.

Town of Brooklyn: Three sections to Lane Construction Company, Meriden.

Town of Sterling: Three sections to Lane Construction Company, Meriden.

ODD FELLOWS TO JOIN IN OUTING TOMORROW

Three Fraternal Units to Picnic at Farm of Forrest N. Buckland.

Manchester's Odd Fellows lodges, King David Lodge, Shepherd Employment and Sunset Lodge of Rehoboth will hold their annual picnic in the grove on the farm of Forrest N. Buckland, Hillstown Road, tomorrow afternoon at 2:30 o'clock. The outing will be open to members of the lodges, their wives, friends and children.

The transportation committee has made arrangements for those that do not have cars. Those without means transportation are requested to meet at Odd Fellows Hall, not later than 1:30 p. m. Picnickers are requested to take

ALONG BASKET LUNCHES. THE REFRESHMENT COMMITTEE WILL TAKE CHARGE OF THE BASKETS AT THE GROVE.

Recreation Director Frank Busch has loaned baseball and horseshoe pitching paraphernalia. Miss Esmeline Pentland, in charge of the junior sports program, has arranged a list of events for children of all ages with prizes. Stanley L. Nichols and Mrs. Emma Dowd are joint chairmen of the outing committee.

Worry over the depression has increased baldness, says a Chicago scientist. And we always thought the crisis the nation has just gone through was a hair-raising experience.

HOLD CONFIDENCE MAN

Chicago, Aug. 11.—(AP)—The arrest of a man police said had been identified as William Ernie Mead, 59 years old, alleged confidence man said by authorities to be wanted in 28 different American cities, was revealed here today by Herbert Graham, U. S. Postal inspector from New York.

The inspector said Mead had served prison terms in London and San Quentin, but had successfully evaded arrest for the last 17 years. The latest exploits of which he was accused, he said, was the alleged deceiving of Parker C. Morton of Whit-

man, Mass., out of \$65,000 at Jacksonville, Fla.

Inspector Graham was sent here from New York by the government especially to capture Mead, who was accused by police of having come to Chicago to prey on visitors to a Century of Progress.

WOMEN STAND BY THEIR MEN FOLK IN COAL STRIKE

Use Sharp Tongues as Weapons Fighting Shoulder-to-Shoulder at Mines.

Uniontown, Pa. — Across the frontier of the coal mine strike districts near here, women are standing by their men doing picket duty. Sharp words are their implements against non-union laborers. Some joined the line because they stood by the cause, but most of the picketers came because John or Stanislaus or Pete were there.

"Why shouldn't we?" Mrs. Catherine Borris, wife of one of the miners, asked. "Those men work hard for us."

A bride of six months—a grandmother of 50—these are the women who rub elbows in that stiff, flexible line that is stretching out of Uniontown to Footedale, Grindstone, Republic, and is now spreading over most of western Pennsylvania. There is some doubt that even signing of a "picketing truck" in groups, their jering words to the strike-breakers who came in on left the mines, acid in many tongues.

All during the hot days, the women whose husbands or fathers or brothers are on strike, patrolled in groups, their jering words to the strike-breakers who came in on left the mines, acid in many tongues.

Fighting Words
"Yellow, scab, coward!" they hurled after the dusty figures emerging from the mines and into the cabbage patch. "Why can't you be a decent guy and help win the strike?"

Before the Colonial mines at Grindstone, where one man is already dead and others were shot,

bricks were thrown by the strike-breakers into the picket line. Women stood their ground as well as the men, even though the stones grazed them in passing.

They helped wash wounds of men hurt in the brief but fiery clash—and all the time, rumor grew deeper in their hearts; the neighbors in the patch, who until the strike was whipped into action had been their friends.

For the most part, however, they consoled themselves with hope of victory as they walked back and forth near the entrances of mines still open. Many are already closed to avoid violence.

Both Sides Picket
Not to be outdone by the picketers, women whose husbands had refused to walk out and who were still working, were also at the front.

At Edenborn, several of these women were armed with wipers stronger than words.

When a knife was taken away from one negro woman, she protested loudly. "If anyone is going to kill my man, I'm going to kill right back," she said.

Dressed as For Holiday
The background of the mine strike in the coal areas is in strange contrast to the bloodshed. Right beyond the framework of the shafts and tipples stretch green fields and neat gardens. Blue skies, with fantastic flocks formed by clouds, touch the horizon in the distances.

Even the company houses in the patches give no evidence of the strife outside. At Footedale they are painted in greens and reds and browns, most of them with a flower bed in front and a kitchen garden in the back.

The women themselves are colorful as they keep pace in the picket line with their men.

Younger ones dressed as carefully for the occasion as they would have for a dance or movie. With bare legs and socks, sleeveless silk dresses and a hangle or two, they looked as if they were bent on a holiday. Only the thin mask of fear around their eyes betrayed their anxiety.

A Seven-Year Hat
The older women, mothers and grandmothers, wore duster caps—with wide, flaring brims and "Mother Hubbard" dresses. Their

shoes, many of them with soles wired together, betrayed long wear. "How long is it since you have had a new hat?" one was asked.

And she answered—"Seven years. I've made an old black felt do winter and summer. Why even when my sister died over to Monongahela City, I couldn't afford to buy a decent hat to wear to the funeral."

And to another, "How long since you have seen a movie?"

The woman laughed. "A movie! Good heavens, it's so long since I've even been to Brownsville that I'd get lost on the street there today."

That is one of the reasons these women picket back and forth in the hot sun of midsummer days. They want their husbands to have shorter hours and more pay—"so we can see a little movie now and then instead of having the little they earn taken away from them for food and rent bills."

A live lobster is green: due to a chemical change in boiling, the color changes to red.

ANNUAL DOLL PARADE ATTRACTS BIG CROWD

Edith Bolles, Doris Hennequin, Ruth Muldoon Win Prizes in East Side Event.

The annual doll and doll carriage parade at the East Side playground last night was witnessed by a large and interested crowd. The decorated doll carriages added a great deal of color to the event.

The entrants were Margaret Oakes, 80 Birch street; Jean Costello, Birch street; Ruth Matchett, 51 Bissell street; Petrina Giglio, 90 Oak street; Edith Bolles, 39 Cottage street; Virginia Chadwick, 64 Birch street; Doris Hennequin, 28 Cottage street; Margaret McCarthan, 81 Birch street; Gladys Bell-

chi, 134 Birch street; Anna Dellaferra, 72 Oak street; Ruth Muldoon, 29 Cottage street; Jane Hubbard, 91 Chestnut street; Barbara Donnelly, 91 Chestnut street; Nancy Hubbard, 91 Chestnut street, and Elsie Clarkson, Chestnut street.

The judges, Mrs. Frank Burgh, Mrs. Clarence Martin and Mrs. Pagan, gave the final awards to Edith Bolles for the best sewing; Doris Hennequin, for largest wardrobe; Ruth Muldoon, for best decorated carriage.

The dolls had been dressed as a playground project, which developed surprising talent and industry among the little "mothers." The project was run under the direction of Miss Fenerty and she announces a similar event on the West Side next Thursday afternoon.

A platinum wire has been made with a diameter of only one-thirtiethousandth of an inch.

TWO WIVES CLAIM CAPT. DEEDS' BODY

Flier Killed in China Is Alleged to Have Married Both Women.

Kansas City, Aug. 11.—(AP)—Mrs. Betty Deeds, first wife of an American aviator killed in the Orient while instructing Chinese fliers, has sought unsuccessfully the arrest of Mrs. Marie Deeds, who claims to have married Capt. E. F. M. Deeds four days before he crashed.

The Jackson county (Kansas City) prosecutor refused to issue a warrant when Capt. W. R. Barnes, an attorney who served in the World War with Deeds, could cite no violation of law when he appeared in behalf of Wife Number 1.

Mrs. Betty Deeds, 34, asserts the Captain never divorced her. Mrs. Marie Deeds, 23, a former movie extra, claims Deeds obtained both a Mexican and a Chinese divorce to be certain of his freedom. Each claimed to be the widow when the body arrived in San Francisco from China and again yesterday when it was brought here for burial.

Mrs. Marie Deeds, mother of Deeds, lives here.

Both women said they would attend funeral services today.

QUESTIONS AND ANSWERS

Nicotine Poisoning
 Question: Mr. Victor J. H. asks: "Will you please give me the symptoms of nicotine poisoning?"
 Answer: Nicotine acts principally on the brain and spinal cord, first causing nervous excitement and then death. The cause of death is apparently paralysis of the respiratory center and violent contraction of the intestinal tract. Nicotine absorbed by the blood is excreted unchanged by the saliva and kidneys. Pure nicotine causes death almost as quickly as prussic acid. Six mgms. are considered fatal. There are several cases of suicide which were caused by swallowing a plug of tobacco. Poisoning has also resulted from drinking a brew made of tobacco leaves. Nicotine poisoning from smoking, however, is almost impossible since most of the nicotine is destroyed by the burning.

Is Low Blood Pressure Dangerous?
 Question: Mrs. Georgia A. asks: "Does low blood pressure in adults ever prove serious?"
 Answer: Low blood pressure means weakness, and, although many people live years before a serious disease develops, it is, nevertheless, true that any general weakness which produces low blood pressure is a forerunner of very serious disorders. I would suggest that you overcome this condition by following the advice given in my article on this subject which I will gladly send to you in return for a large, self-addressed envelope and a three-cent stamp.

A crocheted basket can be stiffened with diluted gum arabic.

Queer Twists In Day's News

Denver, Colo.—Eight million dollars worth of gold was washed into Denver by the Cherry Creek flood last week, water board engineers estimated.

Samples of the silt have been assayed 20 cents in gold to the ton. But authorities said the silt which

Refresh yourself at lunch

Kellogg's for Coolness!

carried the gold here is spread so thinly over the landscape it cannot be "mined" profitably.

New York—Dogs are to have their day. "Animal Hero Day," will fall on Oct. 28. Dogs that have performed heroic actions or shown conspicuous devotion to duty, will be honored.

Davis, Okla.—J. J. Allen, who celebrated his 109th birthday this

week, lived here three years before "meeting" one of his daughters, whom he has not seen for 34 years. He remarried at the age of 80, and became the father of twins. More than 150 of his descendants attended his birthday celebration.

Paramus, N. J.—Sevens are causing Arthur Arnott nightmares these days. His wife accused him in court of striking her seven times.

So Judge Abram Lebson sentenced Arnott to seven nights in jail. He is locked up at 7 p. m., and released at 7 a. m., to go to work.

Chicago—Dr. Hugh W. MacMillan of Cincinnati predicted that human teeth are destined to become useless appendages—in a hundred million years or so.

In a semi-jocular vein he told delegates to the centennial dental

congress that concentrate predicted foods in the distant future would make teeth unnecessary.

Omaha—In the pocket of her late husband's hunting coat, Mrs. Stella A. Fort found his will. It meant for her the difference between his entire \$8,000 estate and the widow's half interest.

Evanston, Ill.—Despite her somewhat frail figure of 110 pounds,

Miss Sarah M. Scott, a supervisor of nurses, did this: When a 210-pound six-foot man allegedly tried to seize her in an "L" station she scratched and kicked. The man staggered away. Three blocks away police caught him and had to take him to a hospital for medical treatment. They said they identified him as Paul McMahon, a former reformatory inmate.

MENUS For Good Health

A Week's Supply Recommended By Dr. Frank McCoy

- SUNDAY**
 Breakfast—Spinach Omelet; Melba toast; Apricot sauce.
 Lunch—Mushroom soup; Buttered asparagus; Celery; Ripe Olives.
 Dinner—Baked Belgian hare; Creamed cucumbers; Green beans; Melon ball salad; Berries.
- MONDAY**
 Breakfast—Coddled eggs; Melba toast; Stewed prunes.
 Lunch—Fresh fruit, all desired of one kind.

SENSE and NONSENSE

THE DIFFERENCE Why will a girl waste her time on a man Who tries to forget her as fast as he can? She calls it love, he an impression. She talks of Eden, he cites the depression.

Few people are planning to take vacations this summer for fear of having a permanent vacation after they return from the trip.

Dick—That fellow thinks he can sing like Caruso.

Dora—They say Caruso had a wonderful voice. I guess he did most of his practicing while he was marooned on that desert island with Friday.

All slow workers don't do their work well, they may do very little and do that poorly.

Auntie—Well, Junior, give me a kiss and you shall have a nice new penny.

Junior—No auntie, that's not enough; that's what I get at home for taking cod-liver oil.

Some people have just returned from their vacations. Others are just naturally gloomy.

Veva—There's a rainbow 'round my shoulder and— John—Don't be dumb—it's only my arm.

Willi Hayes says vulgarity on the screen doesn't pay. He ought to know, having been around when it was given a thorough trial.

Man—This looks like the umbrella I lost. Neighbor—It shouldn't—I had a new handle put on it after I got it.

"Since there has been so much talk about frozen assets it is possible the origin of 'cold cash' is explained."

Diner—This isn't a very good looking piece of meat. Waiter—Well, you ordered a plain steak.

Dry Remarks... Speech may be silver, and silence gold, but paper money seems to be doing all the talking these days... We've always noticed that when a boy gets up to his ears in love he's more careful about washing them... No matter how much a man may know, when he refuses to learn any more, he soon becomes ignorant... Those who saved money for a rainy day are earnestly hoping that the wet season is about over... Still another trouble is that one half of the world doesn't care whether the other half lives... There is more wickedness in the city because the small town man goes there to celebrate.

THE FELLOW WHO SPENDS HIS TIME LOOKING FOR THE POT OF GOLD AT THE END OF THE RAINBOW WILL HAVE A GOOD LONG REST NOW THAT WE ARE OFF THE GOLD STANDARD.

Shoe Shop Repairman—Well, here's your shoes all soled. Where's the money? Scotchman—Yes, where is it? Your sign says "SHOES SOLED WHILE YOU WAIT FOR ONE DOLLAR." I'm still waiting for that dollar.

IT IS REVEALED THAT IT TAKES EIGHT MINUTES TO BAKE A PRETZEL, THUS GIVING THE NEW BEER A CHANCE TO AGE.

Poor as the farmers are, they still set forth a dinner that town folks hanker for.

The President—This plan of re-organization is very ingenious. It does us credit. The Director—Also it does our creditors.

"Women may not know much, but just about all of them that have any sense are pretty well on to the men."

Ever notice that the man who boasts that he never reads the paper always knows instantly if it happens to contain something he believes contrary to his personal interests?

FLAPPER FANNY SAYS:

People who balance their diet seldom fall off in weight.

WASHINGTON TUBS II By Crane

Comic strip 'Washington Tubs II' showing a man in a bathtub with speech bubbles like 'BURN, BLAST! YE! BURN!' and 'THE CREW TRAPPED IN THE FORECASTLE—CHOKING—GASPING FOR BREATH.'

OUT OUR WAY By Williams

Comic strip 'Out Our Way' showing a man in a bed with speech bubbles like 'SURE, SURE! YOU KNOW HOW TA MAKE YER OWN BED, TA RIGHT— BUT LISSEN, WORRY WART, ARE YOU GOIN' IN, ER COMIN' OUT?'.

SALESMAN SAM He Acts The Part!

Comic strip 'Salesman Sam' showing a salesman in a circus setting with speech bubbles like 'WHAT SA MATTER, BOSS, SOMETHIN' GO WRONG?' and 'WOW! WHAT TOUGH LUCK!'.

THE WORRY WART. By Small

Comic strip 'The Worry Wart' showing a man in a bed with speech bubbles like 'GOOD GOSH! CAN'TCHA SUGGEST SOMETHIN' TO HELP TH' SHOW OUT?'.

GAS BUGGIES The Spark of Genius By Frank Beck

Comic strip 'Gas Buggies' showing a man in a car with speech bubbles like 'WHY DOESN'T SOME INGENIOUS SOUL INVENT A JUG WITH A GLASS BOTTOM SO A MAN CAN SEE AT A GLANCE WHETHER IT'S EMPTY OR NOT...'.

YOUR INTUITION AMAZES ME... By Frank Beck

Comic strip 'Your Intuition Amazes Me...' showing a man in a boat with speech bubbles like 'IF YOU WANT MORE CIDER, JUDGE, HERE'S FIFTY CENTS!'.

ABOUT TOWN

A new grocery store has been opened at 74 East Center street, in the Orange Hall Block. It is a Home Circle Store and is being conducted by Mr. and Mrs. A. Grande. The store is attractively laid out and a full line of groceries, meats, fruits and vegetables is carried.

Miss Florence Seelert of West Center street left today for Chicago where she will attend the Century of Progress Exposition. The return trip will be made by way of the Great Lakes with stops at Milwaukee, Wisconsin; Detroit, Michigan; Cleveland, Ohio and Buffalo, New York.

The Red Men's annual outing and clam bake will be held Sunday, August 13, at Steiner's Grove, Bush Hill Road, from 9 a. m. until 8 p. m. There will be a program of sports, music and plenty of eats. Clam chowder will be served from 10 o'clock on. The menu will be: Clam chowder, steamed clams, sweet and white potatoes, mackerel, broilers, brown bread, rolls, corn and pickles. In the event of rain the bake will be held indoors.

Mrs. James McVeigh of Oxford street, regent of St. Margaret's Circle, Daughters of Isabella, is in Montreal, Canada, where the national convention of the order is being held. She is representing St. Margaret's Circle. The convention will close this evening.

Miss Miriam Karlsen of Golway street left this morning for a two weeks vacation. She drove to New York City and from there has arranged to take a trip by stage bus with stopovers on her way to Chicago, where she will visit the World's Fair and return by train.

Because of the number who wish to attend the state meeting of the Barbers Protective Association meeting on Sunday from Manchester it has been decided to postpone the starting of the trip from 10 o'clock in the morning until noon on Sunday. The party will leave from in front of Station A post office and will go to New Haven, the meeting place having been changed to that city from Waterbury, first selected.

D. J. McCarthy of Main and Hollister streets, who has been at the Manchester Memorial hospital undergoing medical attention, this afternoon returned to his home.

William Dalton of the Dalton Radio Shop leaves tomorrow with his military unit for a two weeks tour of duty at Camp Ethan Allen.

Isaac Cole and John Limerick, town auditors, are conducting the annual audit of the town books.

All members of the Manchester Pipe Band who are going to Sebree tomorrow are requested to meet at Orange Hall at 2 o'clock sharp.

The Elm Tree Tavern, owned and operated by the Manchester Home Club, will serve steaming clams free tomorrow night. The tavern was formerly the club residence and is located on Brainerd Place and has plenty of parking space.

The Concordia Luther League has invited the Bridgeport League here tomorrow for a baseball game and social. The game will be played at the Bluefields in the afternoon followed by a social in the church parlors. All members of the Concordia League are urged to be present, both at the game, if possible, and the social.

MOTHER, DAUGHTER INJURED IN CRASH

Miss Lucy Hurst of Glastonbury May Have Fractured Skull.

Mrs. John A. Hurst of Main street, Glastonbury and her daughter, Miss Lucy Ann were seriously injured yesterday afternoon at 4:45 when an automobile driven by Mr. Hurst suddenly went out of control at is turned into Oakland street from Tolland Turnpike and struck a tree on the west side of the road, about 300 feet from the intersection.

Miss Hurst was the more seriously injured, suffering a possible fracture of the skull, while her mother has a dislocated and fractured shoulder blade. H. E. Graham of 569 Jordan street, New Haven, also a passenger in the car, and Mr. Hurst, received minor injuries.

A small calf in a jurlap bag in the car escaped injury. After the accident the calf was loosed from the bag and was led to a nearby farm for safekeeping. None of the occupants of the car could account for the accident. The automobile was being driven slowly at the time of the accident, witnesses told the investigating officer.

At the hospital this afternoon it was reported that Miss Hurst's condition was still serious. Her mother was somewhat improved.

Items of Interest Recreation Center

The life savers distributed to the children at the Picnic and Sports Night at the West Side Wednesday night were donated by Live Savers, Inc., of Fort Chester, N. Y., through the courtesy of their representative in this section, Miss Guggenheimer. Inadvertently, the company's name was omitted from the list of firms that donated to this event.

BLUE EAGLE LIST

HERE REACHES 152

Twenty-One More Sign NRA Blanket Code and Go On Approved Roll Today.

Twenty-one names were added to the list of local signers of the NRA blanket code today, bringing the total to 152. The latest signers are: Davidson's gas station, Manchester Public market, M. Merz and Son, Oakes Filling Station, Elite Studio, Smith Jewelry Company, Van's Service Station, Garden Grocery Store, Princess Candy Shop, James Leslie, Pine Street Barber Shop, Urbanetti's Shoe Repairing, Henry W. HOLD STOUTNAR INQUEST IN HARTFORD TODAY

Policeman Walter Cassells and witnesses in the fatal accident of July 28, on Oakland street, when Raymond Stoutnar, 17, son of Mr. and Mrs. John Stoutnar of 351 Tolland Turnpike was struck by an automobile driven by Mrs. Otto Custer of Rockville, were ordered to report this afternoon at 1:30 at an inquest to be held by Coroner William H. Leeds of Hartford County in the Hartford County building. Stoutnar, a prominent member of the Manchester High school track team, died on July 28 from injuries received when Mrs. Custer's car struck the bicycle Stoutnar was riding into the road in front of Brunner's Market on Oakland street. Mrs. Custer was arrested on a technical charge of reckless driving following the accident.

POLICE COURT

Miss Mary Alford of Wapping pleaded guilty this morning in town court to operating a motor vehicle without a licence and driving under the influence of intoxicating liquor and was fined \$10 and costs on the first and \$100 and costs on the latter charge by Judge Raymond A. Johnson. Miss Alford was arrested by

Policeman Joseph Prentice on Deming street, near the Oakland bridge early this morning when she narrowly escaped hitting a hydrant as she drove her car down the road in a zig-zag course. She was taken to the police station and examined by Dr. Le Verne Holmes and adjudged intoxicated. George E. Duchesneau of 76 Robbins Drive, Wetherfield, pleaded

not guilty to speeding and was found guilty and fined \$10 and costs. Officer Raymond Griffin said he trailed Duchesneau from McKee to Winter street, clocking him at from 52 to 53 miles per hour through traffic. Duchesneau testified that he had never been arrested before for speeding and said his driving of a car with which he was not familiar might have accounted for excessive speed.

Y. M. C. A. Notes

The bon fire with stunts and a marshmallow roast this week drew a good sized crowd. Comic races, high jumping for marshmallows, lighted candle relay, stunt initiation by the girls were features. There were two bonfires so that all could toast marshmallows. The tennis court is in fine shape

since the recent rains and is in use most of the time. This afternoon the Hollywood boys are on the baseball field with their team and our Juniors will return the game with them Monday morning. The art work of the girls in the craft class is going finely. The sewing tables are nearly finished. The main work this week has been the painting of pictures on glass. The play "The Gooseherd and the

Goblin" will be given on the campus Saturday evening at 7 o'clock under the direction of Mrs. Joseph Handley. A week from Saturday all members of the Y. M. C. A. and their friends are invited to attend the annual picnic at Camp Woodstock. Cars will leave here at 1 p. m. Persons wishing supper at the camp are asked to notify the Y before the 16th.
