DR. DOLAN HITS NRA CRITICISM AS UNOFFICIAL

Chairman of State Recovery Board Spikes News Story Calling This State a Slack- er—Praises Attitude.

Dr. Edward G. Dolan, of this town, chairman of the State Recovery Board, today discredited a news item appearing this morning criticizing Connecticut's attitude towards NRA as emanating from official sources. This state has been among the leaders in the opinion of both the Administration and the New England Advisory Board, Dr. Dolan stated.

State A Leader

The Connecticut board has been working with the New England Advisory board in effecting the purposes of NRA, and no criticism has been directed against this state by the New England leaders. On occasion the Administration has asked Connecticut for advice on matters of moment in Washington because this state has been so far in advance of others in adhering to NRA principles.

Writes the President

Dr. Dolan today dispatched telegrams to President Roosevelt and General Johnson asking for specific charges that may have been directed against Connecticut's response or attitude towards NRA. He is confident that the reported charges will be discredited and that this state will be given a clean record. If any criticism does come from the Administration steps will be taken immediately to rectify the trouble, Dr. Dolan said.

Praises Goss

If the news story coming from a Washington correspondent this morning can be interpreted as criticizing the work of John H. Goss of Waterbury, in charge of the consumer-employee drive in this state, Dr. Dolan said, he wished to be understood as extremely grateful for the cooperation being given by Mr. Goss. The State Chairman was highly complimentary of the work being done by Mr. Goss, saying that his record of 75 per cent employers already enrolled, is comparable with the best in the country.

Newspaper's Attitude

Dr. Dolan was regretful that there had been any reflection either upon the attitude or the cooperation of "certain newspapers". Cooperation has been 100 per cent, he stated, and preferred to be quoted as saying that all the newspapers have been "over generous" in the amount of space given to promotion of the NRA. No request for cooperation has been refused by any newspaper in the state, he said.

"Two Way Street"

In discussing the attitude towards NRA in this state Dr. Dolan referred to the statement he made when appointed chairman of the Connecticut Recovery board saying that we are "on a two-way street and we must progress without interruption in order to reach our destination." His attitude has been one of conciliation, he said, and he

REDS NOW ACTIVE IN CUBAN AFFAIRS

At One Demonstration U. S. Envoy's Acts Are Severely Criticized.

Havana, Aug. 23.—(AP)—Reports of further Communist activities in eastern Cuba were watched with increasing concern today by government officials. Almost daily since the downfall of the Machado regime demonstrations have occurred in Santiago, capital of Oriente Province. At one gathering, the activities of U. S. Ambassador Sumner Welles in the mediation of the Cuban political situation, were heatedly criticized. Speeches against the provisional government under President Carlos Manuel de Cespedes also were made to groups, composed largely of working men.

Red Literature

Hand bills said by police to be of Communist origin, were distributed in Havana. They charged Dr. De Cespedes with "Imperialistic tendencies," and said Communists would march on the presidential palace today and set up a "proletarian President."

Meanwhile, the criminal section of the Supreme Court Friday, will pass on a deposition seeking the extradition of former President Gerardo Machado and others, from exile for trial on charges ranging from murder to malfeasance. One Machado aide, accused by leaders of the revolution of terrorism, former Havana district Commissioner Guillermo Urrutia, committed suicide. Seventy-eight reputed members of Machado's strong arm squad are now in Principe prison.

VOTERS TO PASS UPON UTILITIES BONDS TONIGHT

Final Action on Approving Details of Issue to Be Taken by Special Town Meeting at High School.

Voters of the Town of Manchester will meet tonight in High School Hall at 8 o'clock, d. s. t., to vote on the issuance of \$650,000 of bonds as part payment for the Cheney utilities, the South Manchester Water Company and the South Manchester Sanitary and Sewer District.

Approval was given the purchase of the companies and the appropriation of \$60,000 by a special town meeting held July 21. Previous to that meeting the Selections presented to the town meeting, the board held the opinion that another town meeting would be necessary to specifically approve the issuance of bonds of the type determined on.

Started in June

A petition for the sale of the properties by Cheney Brothers was filed with the Public Utilities Commission on June 29, and was approved by the Commission on July 19. In the specifications to the Public Utilities Commission, Cheney Brothers listed the present value of the South Manchester Water Company at \$1,024,456 and of the South Manchester Sanitary & Sewer District at \$383,196, with \$20,000 additional for maps and plans of both companies, bringing the total valuation of the combined properties to \$1,427,652.

The sale of the properties will be effective, if the bonds are approved by the voters, on September 1. The town agrees to make no assessments upon any person or corporation for the cost of existing sewers and properties.

It is further agreed in the contract that Cheney Bros. will assume the obligation of the Rogers Paper Company regarding sewage disposal from the latter plant. The town will assume the expense of operation and maintenance of the

ENGLISH SAVANT SCORES NRA PLAN

Claims It Will Play No Part in Eventual Recovery of U. S. Trade.

Banff, Alta., Aug. 23.—(AP)—President Roosevelt's recovery program, Prof. T. E. Gregory, of London, told the Institute of Pacific Relations here last night, will play no part in the eventual recovery of business in the United States.

Gregory's Arguments

"The NRA program," Prof. Gregory said, "consists of an attempt to increase wages and shorten hours, and a plan to do this for a short time, this might be successful. With every industry doing the same thing, however, the net result to the community as a whole would be that no change at all has been effected."

TREASURY BALANCE

Washington, Aug. 23.—(AP)—The position of the United States Treasury August 21 was: Receipts \$7,678,588.75; expenditures, \$11,734,899.78; balance, \$1,223,478,038.75; custom duties for the month, \$22,478,322. Total receipts for fiscal year (since July 1) \$306,455,094.05; expenditures, \$218,379,265.58 (including \$188,388,562.28 emergency expenditures). Excess of expenditures, \$208,924,181.53.

Ten Die As Gale Hits Atlantic Seaboard

The gale that swept up the Atlantic seaboard from Cape Hatteras to Boston, taking at least 10 lives, struck with greatest fury the coasts of New Jersey and Maryland, capsizing and scattering hundreds of craft. One of the craft, the tugboat Point Breeze, is shown off Seven-Foot Knoll Lighthouse near Baltimore, Md., just before it was swept over on its side and sank. The engineer perished.

ATLANTIC COAST SWEEPED BY RAGING NORTHEASTER

Old Dominion Liner Sends Out SOS—Thousands of Dollars Worth of Damage Reported on Seaboard.

New Haven, Aug. 23.—(AP)—The United States Weather Bureau here issued storm warnings which forecast heavy rains and winds of gale proportions late today and during the night for Connecticut.

The bureau predicted the coast of New England would be severely lashed by the approaching storm which may reach a velocity of 40 to 50 miles an hour.

By ASSOCIATED PRESS

Caught between a raging northeaster and a tropical hurricane blowing up from Bermuda, the Atlantic seaboard found no respite today from five days of storm and gale which already have wrought death and destruction over a wide area.

NEWSPAPER EDITOR FOUND MURDERED

Coshocton, Ohio, Aug. 23.—(AP)—Bound and weighted down with a hammer, a plow point and lead slugs, the body of Fred S. Wallace, 61 years old, missing newspaper publisher, was found in the Muskingum river two miles from here last night.

Body Found on Edge of Stream Bound and Heavily Weighed Down.

Dr. F. W. Craig, county coroner withheld his verdict, while Prosecutor Russell E. Lyons began a study of the publisher's disappearance three days ago and the circumstances of his death.

Need of Standards

Continuing the commissioner said: "There is need of all these standards in the employment of teachers. The teachers' work may not be measured as readily as others by mechanical means, as hours a week, or by the number of classes per day or by the pupil-teacher load, nor can a minimum salary be effectively determined. Still, the fact remains that, on account of the economic pressure of the last two years this fall will open with many teachers very seriously overworked in pupils' load and in daily and weekly assignments. Also, many standards for the first time will have wages so low that no margin for liberal expenditures is possible. At the same time, there are hundreds of teachers out of work, both those who have had successful experience and those who have had adequate training. The school officers of every town should consider their ob-

DISTRESS CALL FROM STEAMER BATTLING GALE

Second Message from Liner Off Virginia Coast Says "Housing is Breaking"— Vessels Rush to Scene.

New York, Aug. 23.—(AP)—A second SOS distress call was sent out by the coastal steamer Madison shortly before noon, eastern standard time, today.

Others On Way

Other vessels on the way with aid were the Coast Guard cutter Carabasset and the Coast Guard destroyer Upham.

CLEVELAND BANKS COME UNDER PROBE

Cleveland, Aug. 23.—(AP)—U. S. District Attorney E. B. Freed today announced an investigation of the closed Union Trust Company and Guarantee Trust Company would be made soon by a staff of auditors and investigators sent here by the U. S. Department of Justice.

FATHER COUGHLIN CRITICIZES BANKS

Detroit, Aug. 23.—(AP)—In striking language, the Rev. Fr. Charles E. Coughlin, bitter critic of Detroit banking methods, today denounced before the one-man bank investigating jury the "mismanagement" which, he said, "wrecked" the Michigan banks and brought about the closing of the city's two National institutions.

PRIEST SAYS MISMANAGEMENT CAUSED CLOSING—SAYS HE WARNED THE GOVERNOR.

Fr. Coughlin, who followed United States Senator James Couzens to the witness stand, offered his testimony in dramatic tones before a courtroom that could not hold all who tried to enter.

TO FIX THE PRICE OF NATION'S MILK

Washington, Aug. 23.—(AP)—The government is about to fix the price paid for milk in the country nearly every doorstep in the country.

KILLED BY AUTO.

Norwalk, Aug. 23.—(AP)—No date has been set for the inquest into the death of John Solloway, Norwalk storekeeper who was instantly killed last night on the Post road when struck by an automobile driven by Morris Bergman of Worcester, Mass., and 277 West 17th street, New York city.

EXPECT BREAK SOON IN DISCUSSION OVER NATION'S COAL CODE

TRADE FAILURES ARE ON DECREASE

New York, Aug. 23.—(AP)—Statistics on business defaults indicate that the bankruptcy mill has been grinding at a much slower rate during these last several months. The figures also suggest the removal of some of the shoals on which many commercial and industrial enterprises cracked up during the past three years.

Debates Overshadows All Other Conferences at Washington—President Keeping Close Tabs On Situation—Retailers Con- tinue Their Talks—Ma- rine Workers Also See Johnson.

Washington, Aug. 23.—(AP)—The serious problem of shaping a final code of fair practice for bituminous coal again today overshadowed manifold activities of the recovery administration, but the only word on progress was that a "break might come any time," and that not only Administrator Hugh S. Johnson but President Roosevelt himself was keeping constant tabs on developments.

Marine Workers

A group of seamen representing the Marine Workers Industrial Union and headed by A. H. Jones of Baltimore, arrived at the office of Johnson to present a demand for a code for ship crews, longshoremen, and harbor workers.

Downward Trend

How sharply has been the downward trend in failures is well illustrated by the business index which, for the first three weeks of August, stood at 88.5 compared with 90.4 for July, 99.5 for June and 179.4 for January. For August last year the index was 164.6.

Plan Calls for Restricting the Middleman's Profit to Spread of 5-6 Cents.

Washington, Aug. 23.—(AP)—The government is about to fix the price paid for milk in the country nearly every doorstep in the country.

Government Sends Experts To Fight Sleeping Sickness

St. Louis, Aug. 23.—(AP)—Science rallied today to an intensified fight against sleeping sickness, mysterious malady which has killed 18 persons and attacked 183 others in St. Louis and vicinity.

St. Louis, Aug. 23.—(AP)—Science rallied today to an intensified fight against sleeping sickness, mysterious malady which has killed 18 persons and attacked 183 others in St. Louis and vicinity.

FOG HOLDS POST AT WORCESTER

Globe Girdler Expected in Hartford But Is Long Overdue Now.

Hartford, Aug. 23.—(AP)—While 1,000 people waited at Brainard field for Wiley Post, this morning, Captain Harry W. Generous took off from Hartford for Worcester in an attempt to bring the globe-circling pilot through bad weather in the northern part of Connecticut. Post spent last night at Worcester and was forced to delay his start for Hartford by fog.

CLEVELAND BANKS COME UNDER PROBE

(Continued From Page One) they were refused a license to reopen after the March banking holiday. They have paid out \$57,000,000 a first dividend.

MATT'S NO HOARDER, AND HE PROVES IT

Matt Metz, north end barber, is no gold hoarder. But knowledge of that fact didn't ease Matt's conscience much this morning when he found a \$250 gold piece in his till. That little bit of yellow metal went into his bank deposit pronto today so that it would get out of his possession as quickly as possible.

ATLANTIC COAST SWEEP BY RAGING NORTHEASTER

(Continued From Page One) that the craft was in immediate need of assistance. The ship left New York for Norfolk yesterday. Reports from along the eastern seaboard told of thousands of dollars worth of damage by the hurricane and the possible loss of life. Communication along the entire Maryland shore was cut off at an early hour.

Named Bishop

The Rev. Charles Hubert Le Blond, above, director of charities in the Catholic diocese of Cleveland, O., for nearly 23 years, has been named bishop of St. Joseph, Mo., succeeding the late Bishop Francis Gilfillan.

Officers Trade Wives But In Legal Manner

Leavenworth, Kas., Aug. 23.—(AP)—For love's sake, two Army officers have traded wives, legally. Says Captain William B. Bradford: "It is natural for a man to fall in love with another man's wife, and for a woman to fall in love with another woman's husband."

ABOUT TOWN

Manchester Loyal Orange Lodge No. 99 will hold its regular meeting in Orange Hall, Friday evening at 8 o'clock. Mr. and Mrs. George Somerville of Amsterdam, N. Y., who have been spending a few days with Mr. and Mrs. James Vennar of Griswold street, left this morning on a tour through the White Mountains.

CANDIDATES MUST FILE BY MONDAY

Few Proposals for Primary Nominations Left With Town Clerk Yet.

At a meeting of the town Democratic committee Friday night, a slate of candidates for town offices will be selected and will be filed for the fall primaries. The final date for filing is August 28. Town Treasurer George H. Wadell, Town Clerk Samuel J. Turkington and Town Tax Collector George H. Howe said today that they will be candidates for re-election. Selections: Sherwood G. Bowers and Aaron Cook, have also signed their intention of becoming candidates again this fall: for reelection to the Board of Selectmen. David Chambers, local contractor, is the first new candidate for Selectman. None of the candidates have yet filed except Clarence H. Anderson, candidate for the Board of Assessors and Charles Sweet, Constable.

OBITUARY

DEATHS

CRUSHED BY STONE, AMBROSINI DEAD

Natalie Ambrosini, 49, of 176 Bissell street, proprietor of the Manchester Monumental Company, at 157 Bissell street, died yesterday afternoon at his home from injuries received on August 15 when he was pinned beneath a large monument which he was delivering in the St. James' cemetery.

EXPECT BREAK SOON IN DISCUSSIONS ON NATION'S COAL CODE

(Continued From Page One) tive conditions in the retail industry. "UNFAIR COMPETITION" Washington, Aug. 23.—(AP)—Small retailer, whose investment is not more than \$500, were called the sources of unfair competition today by A. Lincoln Wiser, president of the United Business Men's Association of Chicago, at the resumption of hearings on the retail code.

DR. DOLAN HITS NRA CRITICISM AS UNOFFICIAL

(Continued From Page One) proudly points to the fact that six labor disputes have already been settled satisfactorily. Another strike is on his hands in Norwich today involving 1,000 employees. He intends to approach this one in the same manner, and he is confident it will be settled.

VOTERS TO PASS UPON UTILITIES BONDS TONIGHT

(Continued from Page One) purification plant, and will charge a portion of such cost against Cheney Brothers according to the volume of their sewage, estimated quarterly. After Year's Filing The proposal for the purchase of the combined properties was approved after nearly a year's deliberation and research by a special committee of the Board of Selectmen, consisting of Chairman of the Board, Wells A. Strickland, George E. Keith, Sherwood G. Bowers and Aaron Cook, with the recommendation that the purchase be approved by the voters of Manchester at a meeting to be called after such purchase be approved by the Public Utilities Commission of Connecticut. The original price asked by Cheney Brothers at the outset of the negotiations was \$1,200,000, which was reduced to \$1,150,000 after several conferences between the directors of the company and the Selectmen.

HOSPITAL NOTES

Joan McGrath of 130 Porter street and Charles Mattingly of 25 Benton street were discharged yesterday.

DIES ON TROLLEY

Waterbury, Aug. 23.—(AP)—Frederick Snyder, 64, of 29 Beacon street, died of a heart attack on a trolley car at 10:15 a. m., today. He was bound for Lakewood, a municipal park and lake, for a day's fishing. The trolley man saw Mr. Snyder turn pale and slump in his seat. He topped the car near a doctor's office, but Mr. Snyder was dead when the medical man reached the car.

In the first case of its kind, three employees of a Chicago race track have been given prison sentences for doping horses. Race track fans can testify, however, that this is not the first time race horses doped proved all wrong.

over and above other available witnesses, could supply such facts? No one, of course.

When Dan Flynn of Woodside, Queens, New York, turned in five phony fire alarms the other night just because he had an irresistible urge to do something to make folks notice him, he confessed himself to be a human being.

People go on the stage or into the movies, they write books, they learn how to make bears jump through hoops, they play football, they sit on the top of flagpoles, they get nominated for public office, they buy a new hat, primarily for exactly the same reason that Dan Flynn turned in fake fire alarms.

It would be a pretty serious business if the people of this state were to accept the impression that the NRA or the administration itself actually held any such opinion of Connecticut. Perhaps before this is printed there may come from the national capital an emphatic denial that any such opinion obtains there.

WEATHER CODE. One code that hasn't as yet been formulated, and which uphappily is unlikely to be, is a code for weather forecasters.

MR. HOOVER'S POSITION. Herbert Hoover lost nothing of the esteem of his fellow citizens by declining the invitation of the Detroit bank grand jury to appear before it and explain "the attitude of the administration" last February toward the two big banks in that city which were later closed.

THOSE AMAZING BANKS. Senator Couzens' declaration before the bank grand jury at Detroit that long before the bank holiday two of that city's institutions kited checks between themselves in such a way as to show for each \$6,000,000 more in cash assets than it really had is not, after all, so very surprising.

THE POPULAR HYLAN. Former Mayor Hylan of New York was due to be nominated for the mayoralty today by the New Deal party. The call for the nomination says: "The present mayor with his high-tax ideas was selected by two politicians. One of his main opponents was selected by nine politicians."

FIND OLD PISTOL OF AN ADVENTURER

American Expedition Brings Back Story of Walker, Soldier of Fortune.

New Orleans, Aug. 23.—(AP)—The incredible story of an American soldier of fortune who took Nicaragua with 200 men was recalled today by a find of an expedition that returned from Central America with Mayan relics, a dinosaur's foot and an old pistol.

Students of the history of Central American civilization were excited over the Mayan finds, carved stones, some 1,500 years old. Paleontologists grew interested in the supposed fossilized bone. But the pistol caught the eye of the romantics.

Gregory Mason of the University of Pennsylvania, head of the expedition, said the gun, a muzzle loader, was believed to have belonged to William Walker, American soldier of fortune of the '40s and '50s. It was obtained from a native near Trujillo, in Spanish Honduras, where a firing squad ended Walker's Nicaraguan reign in 1860.

Walker was a Tennesseean—a doctor, lawyer, editor, soldier, duelist and adventurer. As glamorous as any figure in a novel, he led a little army of 200 into Nicaragua, overthrew the government and established himself as President.

There, he ruled with a heavy tribute until himself overthrown by Guatemala in a war financed by the first Cornelius Vanderbilt. He pistol thought to be his will rest in the Metropolitan Museum of Art in New York.

The Mayan relics, believed to antedate any found before, include a stone used to sacrifice humans, a ceremonial bone carved like a camel and a mortar and pestle for grinding corn. They go to the University of Pennsylvania Museum.

The bone, believed to be the first portion of a dinosaur found in Central America, goes to the American Museum of Natural History.

HEBRON

Mr. and Mrs. William Keenan and children of Hartford were Sunday guests at the home of Mr. and Mrs. Clarence E. Porter.

The Hebron Baseball team defeated the Storrs College baseball team in a game played last afternoon at the Kibbe field. Report says the score was 7-2.

The Rev. J. S. Neil, rector of St. Mary's church, Manchester, and a summer resident of Hebron, will officiate at St. Peter's Episcopal church next Sunday, August 27, at 11 a. m., and will celebrate the Holy Communion. Mr. Neil has been here through the summer with his family when possible, but has not had a real vacation since he came to his Manchester church taking up much of his time and energy.

A good many Hebron people have been troubled with a water shortage, wells having given out. Even the recent rains have not as yet supplied the lack.

Paul Thompson of New Haven visited his son, Paul, Jr., Sunday at the Edward A. Smith farm. With him came Albert Beecher, also of New Haven. The two young men plan to enter Connecticut State Agricultural College in the fall. Young Thompson is doing practical work on the farm in the meantime.

Mrs. Everett G. Lord on Tuesday accompanied her son-in-law and daughter, the Rev. and Mrs. Howard C. Champe and children of Lebanon, on a trip to Horseneck Beach, near New Bedford, where they are guests for a few days of the Rev. and Mrs. Euden Mills of Forest Hills, N. Y., at their seaside cottage. They made the trip by automobile.

Supervisor of schools Charles M. Larcomb and Mrs. Larcomb, of West Hartford, are spending a vacation camping in their Burnt Hill property. Mr. Larcomb was formerly a supervisor of the Hebron schools and Mrs. Larcomb, the former Mertelle Goodwin, was a teacher in the Hebron Green school several years ago.

Mr. and Mrs. Merton W. Hills and their infant grandson motored to Waterbury Sunday, where they were guests of Mrs. Hill's brother, Attorney Heart Wilcox and family. Mr. Wilcox, who was seriously injured in an automobile accident some months ago has practically recovered his health, although still somewhat lame from the effects of his injuries. It is thought that in time he will entirely throw off his lameness. His son, John, who graduated from Williams College in the spring, is also at home for a time.

Mrs. C. M. Merrill of Providence, who has assisted for the past few weeks in the care of Mrs. Rosella Waldo, goes to Willimantic on Saturday of this week where she has a position. Mrs. Waldo's health is good and she does part of her own work, but feels safer with a companion. She expects her sister-in-law, Mrs. Cora Waldo of South Glastonbury, to spend a little time with her until she can secure a permanent companion.

Allan L. Carr, reader, presided from the theme, "Diversities of Gifts," at the 11 a. m. service at St. Peter's Episcopal church last Sunday. Mrs. Vincent Price, who is spending the summer at Amston at "Shady Pines," sang an offertory solo, "O Love That Will Not Let Me Go," with organ and violin accompaniment. Mrs. Price is a salaried singer in her city home church.

An error occurred in this column with regard to the teacher hired for the Jagger school. Mrs. Frank Rathburn will teach the school. A Tri-County Union Christian Endeavor meeting is scheduled for next Sunday evening, at the Westchester Congregational church. The principal feature will be a Vinton Pagoda Lecture. Mr. Vinton, the lecturer, has been a resident of Burma, India, for seventeen years, and his lectures on the subject are quite famous. Local Endeavor meetings will be omitted.

REVISE STATE SANITARY CODE TO INCLUDE BEER

"Taverns" Brought Under Regulation by Amendment—Drug Stores Also Included.

Return of that foamy beverage called beer is having more far-reaching effects than might be imagined, for the State Department of Health in its weekly bulletin today announced a revision of the State Sanitary Code to include "taverns" under the regulations concerning cleansing of glasses, care of toilets, protection of foodstuffs and personnel.

The revision of the Sanitary Code likewise brought "drug stores" under these same regulations. The provisions for sanitation previously did not apply to drug stores other than those which served food and thus came under the "restaurant" classification to which the regulations have applied for some years.

Under the amendment, the regulations concerning glasses or other drinking utensils are the most interesting, although no more important than the rest and for its own protection the public patronizing taverns, drug stores and restaurants should refuse service if all are not observed. The theory that a drink containing a small percentage of alcohol "purifies" the glass in which it is served is classified by health authorities as nonsense. To be protected against spread of disease from others who have used the same glass, the patron should insist that this regulation be observed:

"Single service cups, dishes, spoons and drinking straws shall be protected from flies and dust. All glasses, cups, knives, forks, spoons or dishes, that are subjected to repeated use, shall be thoroughly washed after each use by cleansing with hot water and soap and then rinsing in clean hot water, or by other process approved by the local health officer." Rinsing a glass in a tank of cold water is not protection against the spread of disease.

Other regulations applying to taverns, drug stores and restaurants may be summarized as follows:

Water supplies provided for drinking or dish washing must be sanitary. Fly-tight privies or water-flushed toilets must be provided and maintained in sanitary condition. Fly-tight containers for garbage and rubbish shall be provided. Floors, walls, ceilings, counters, tables, etc., must be kept clean and windows screened against flies. Foodstuffs stored or exposed for sale must be protected from flies and dust and kept at least eighteen inches above the floor. Food to be eaten without cooking, must not be stored directly in contact with ice. Refrigerators must be kept clean. Beverages not bottled must be kept in fly-tight containers and removed only by faucets. No person who has any communicable disease may be allowed to work in any such place.

TO GIVE EMPLOYERS' SIDE OF RECOVERY PROGRAM

Trade Organizations Criticize the Labor Policy of Federal Works Board.

Chicago, Aug. 23.—(AP)—The Council of American Industries, claiming to represent 500 trade organizations, today was ready to start its own side of presenting "the employers' side of the picture" in developments under the National Recovery program.

Organized last night after two days of closed meetings attended by secretaries of a number of industrial associations, the council, A. C. Reese, its chairman said, was not for the purpose of attacking unionism but to "keep members informed of code developments and to assist both the government and industrialists to co-operate under the various codes."

Reese, who is also manager of the Associated Industries of Utah, said a committee will be sent to Washington to offer names of industrial leaders who can assist the government with industry's viewpoint in the formation of codes.

The labor policy of the Federal public works administration was criticized in a statement by Noel Sargent, secretary of the National Association of Manufacturers, who attended the meetings.

"The official policy of the public works administration is to give the public building trades union a monopoly over employment on any projects using Federal funds," said Sargent. "The government cannot rightfully collect funds from all classes of citizens and use such funds to arbitrarily discriminate between equally competent citizens in the same trade or occupation."

GET ACQUAINTED PARTY

Thompsonville, Aug. 23.—(AP)—The welcoming hand of the Thompsonville Rotary Club to former residents of Clinton, Mass., who have settled here following the dismantling of the Clinton plant of the Bigelow Sanford Carpet Company and removal of equipment here, will be extended at a "get-acquainted" party the evening of August 30.

Within the last three months nearly 200 persons have come here from Clinton, 125 of whom were given employment in the Bigelow Sanford Mills.

The "get-acquainted" program will be a band concert, talks on the history of the town, and introductions of guests to club members, interspersed with an entertainment by the latter.

ANDOVER

Miss Evelyn Schatz, daughter of Frank Schatz, was married to Henry Ammann of Hartford Monday afternoon at the home of her father. Miss Lawrence Schatz, sister of the bride, was bridesmaid and Charlie Ammann, brother of the bridegroom was best man. The bride was dressed in white lace and carried a bouquet of white gladioli. The bridesmaid wore a gown of light blue Canton crepe and carried a bouquet of garden flowers. Wedding breakfast was served to 23 guests following the ceremony which was performed by Rev. Wallace I. Woodin, pastor of the First Congregational church, Andover. The house was beautifully decorated with gladioli and other flowers. Mr. and Mrs. Ammann left Tuesday morning on an automobile trip through Connecticut, New York and other places.

Mr. and Mrs. Benjamin Elmore of Rocky Hill spent the week-end with Mrs. Elmore's parents, Mr. and Mrs. Louis B. Whitcomb. Leslie Standish, who was taken to the hospital in Willimantic Monday, passed a very restless night.

Mrs. Richard Jenson of Birmingham, Michigan, is visiting her aunt Mr. Ralph Bass.

DISPUTE OVER TIME ON RADIO IS SETTLED

Britain's Political Parties Squabble Over Which Should Be Allowed Longest Time on the Air.

London.—(AP)—A dispute among the three great political parties over the broadcasting of political opinion by radio has been settled after four years of disagreement, by a joint arrangement with the British Broadcasting Corporation, a government institution. The squabble was concerned

almost entirely with the amount of time speakers of the various parties were to be allowed on the air.

The Conservatives argued that because theirs is the largest party in the House of Commons they should have the most time. The Liberals and Labor contended that numbers gave no true indication of political importance.

It has now been arranged that speakers and topics will be chosen by a committee of the parties. Contrary to usual practice, the B. B. C. will not censor these political speeches.

Thus far nine speakers have been chosen. They are Ramsay MacDonald, prime minister; Stanley Baldwin, lord president of the council; J. H. Thomas, dominion secretary; Walter Runciman, president

of the Board of Trade; Oliver Stanley, Parliamentary under-secretary for the home office; Sir Herbert Samuel, Liberal leader; George Lansbury, Labor leader; Arthur Greenwood, Labor member of Parliament; and Sir Stafford Cripps, also a Labor member.

Mr. Baldwin will open the series Oct. 12. Fifteen minute periods have been allotted to speakers. Winston Churchill, who has frequently demanded radio facilities to speak on the Indian question, made no comment when he was told that there was no place for him in the three-party arrangement.

Four years are required to grow a good ash plant suitable for making into a first-class walking stick.

ATTEMPT TO UNIONIZE FORD COMPANY PLANT

Newark, N. J., Aug. 23.—(AP)—An attempt to unionize the Ford Motor Company plant at Edgewater was launched today with at least partial success indicated.

After some 300 of the 2,600 employees at the plant had listened to three American Federation of Labor organizers here last night, it was announced that about 75 per cent had signed union pledges.

One of the speakers, Charles Jennings of Jersey City, an A. F. of L. organizer, said that a number of open shop auto plants in Detroit

are becoming unionized and 5-1 unions are recognized in Ford plants in foreign countries. Tribute was paid to the organizing genius in industry of Henry Ford, who is an open shop advocate.

The workers were reminded that under Section 7 of the NRA blanket code, the right of employees to organize without fear of losing their jobs is recognized.

RELIEVE ECZEMA

Don't suffer needlessly. Stop the itching and induce healing—begin now to use

Resinol

Blowout Proof!

RIVERSIDE TIRES

have LATEX WELDED CORDS

(100% PURE LIQUID RUBBER)

which prevent Cord Separation . . . the cause of blowouts

Do you know this? An average size tire goes round 395 times every minute at only 35 miles an hour! Think what happens when you drive at this speed—or faster! Friction develops scorching heat inside your tires! In many tires other than Riversides this heat separates cords! It weakens the tire, forms internal blisters! When you hit a rock or a bump . . . BANG! A blowout!

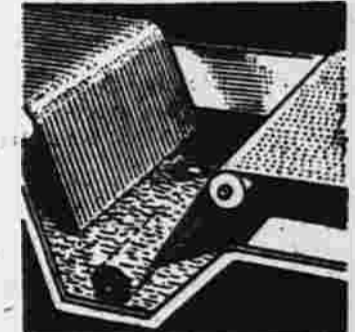

You need the added protection Riversides give you! Riversides' Cords—the heart of the tire—are made from extra strong, long staple, premium cotton. Every cord in every ply is dipped in LATEX—100% pure, liquid, virgin rubber. This welds the cords into a super strong unit! It gives Riversides the strongest tire carcass made! It prevents cord separation . . . the cause of blowouts!

Why We Save You Money

Of course Riversides are made in one of America's largest and best tire factories. BUT—they come direct to us—minus the manufacturer's selling and general overhead expense. That's a saving. The second saving comes from Wards low cost method of distribution. These two reasons explain why we sell high quality tires for less. It's simple to figure out for yourself why Riversides are better in quality, mileage, and safety than any other tire at the same price.

Cord Separation
This shows how cords inside tires other than Riversides are separated by heat. Cord separation causes internal blisters, weakens the tire. A blowout is the result! Riversides are Blowout Proof because of Latex dipping!

Latex Dipping
By an extra process, every cord in every ply in all Riverside tires is dipped in Latex. This welds the cords into a super strong unit that defies cord separation and blowouts!

*RIVERSIDE TIRES will not blow out under normal road conditions during the life of the tread if they are kept properly inflated in accordance with the specified air pressure.

Wards Unlimited Guarantee

For your protection every single Riverside tire is guaranteed by Wards to give service that is satisfactory to you. No time limit! No mileage limit! A tire has to be extra good—has to be extra safe to be backed by the strongest tire guarantee ever written!

Save with Safety on RIVERSIDES one of America's finest Tires

Prices as low as

\$3.60

What the Blue Eagle means to you and how you can get it

The President's Reemployment Program is advancing to complete success. No such sweeping demonstration of the unity of a whole people against a national danger has ever been made. • In this vast surge of patriotism it is necessary to keep our common purpose always clear. When 125,000,000 people attempt to act as one man, there are sure to be some misunderstandings. It is time to restate as clearly as possible the aim of the whole endeavor and the duty of each individual. • That is the purpose of this message—to state officially, briefly and clearly the simple rules for common guidance. • It is an evidence of the self-sacrificing service of the whole country that this newspaper has donated this space. In that spirit the whole country is acting. • This plan depends wholly on united action. That unity is almost complete. In the next few days let us close up every gap in the ranks and nail the flag of the Blue Eagle on the door of every man who works another man.

Hugh Johnson

OFFICIAL EXPLANATION OF THE PRESIDENT'S REEMPLOYMENT AGREEMENT

(Sometimes mis-called "The Blanket Code")

This Agreement binds you to put its terms into effect from the time you sign the Certificate of Compliance until December 31, 1933; but when the President has approved a Code for your trade or industry, that Code takes the place of this Agreement.

You agree:

Child Labor

(1) After August 31, 1933, not to employ any person under 16 years of age, except that persons between 14 and 16 may be employed (but not in manufacturing or mechanical industries) for not to exceed 8 hours per day and those hours between 7 A. M. and 7 P. M. in such work as will not interfere with hours of day school.

This means that after August 31, 1933, you agree not to employ any children under 16 years old in any kind of business. You may employ children between 14 and 16 years old, but only for three hours a day and those hours must be between 7 in the morning and 7 at night, and arranged so as not to interfere with school. You agree not to employ any children under 16 years old in a manufacturing or mechanical industry, at any time.

Maximum Hours

(2) Not to work any accounting, clerical, banking, office, service, or sales employees (except outside salesmen) in any store, office, department, establishment, or public utility, or on any automotive or horse-drawn passenger, express, delivery, or freight service, or in any other place or manner, for more than 40 hours in any 1 week and not to reduce the hours of any store or service operation to below 52 hours in any 1 week, unless such hours were less than 52 hours per week before July 1, 1933, and in the latter case not to reduce such hours at all.

This means that you agree not to work any of the kinds of employees listed in this paragraph (except outside salesmen) for more than 40 hours a week. This paragraph covers all employees except factory workers, mechanical workers and artisans. However, no limit on hours and no minimum wage applies to purely agricultural labor, domestic servants, or persons working for you solely on a commission basis; but, if you have persons working for you who are guaranteed a base pay in addition to their commission, then their base pay plus commissions must equal the minimum wage.

This Agreement sets no maximum on the number of hours you may keep your business open. You agree not to keep your wholesale, retail, or service establishment open less than 52 hours a week unless it was open less than 52 hours a week before July 1, 1933. Even then you agree to keep it open as long as you used to keep it open before July 1. Of course, if you have always kept your store open shorter hours in the Summer months you can continue to do so this Summer, but you should pay your employees the same amount each week that they will get when you keep your store open full time.

The stores with more than two employees which remain open the longest are contributing the most to carrying out the purpose of the Agreement. The stores with two or less employees which can be open only the minimum number of hours required, are doing the most to fulfill their part.

(3) Not to employ any factory or mechanical worker or artisan more than a maximum week of 35 hours until December 31, 1933, but with the right to work a maximum week of 40 hours for any 6 weeks within this period; and not to employ any worker more than 8 hours in any one day.

This means that if you are employing factory or mechanical workers or artisans, you agree not to work them more than 35 hours a week and not more than 8 hours in any one day.

When you have more than the usual amount of work to do and can't get additional workers, you may employ this class of employee up to 40 hours a week in any 6 weeks, but even in this case you must not work them more than 8 hours a day.

(4) The maximum hours fixed in the foregoing paragraphs (2) and (3) shall not apply to employees in establishments employing not more than two persons in towns of less than 2,500 population which towns are not part of a larger trade area; nor to registered pharmacists or other professional persons employed in their profession; nor to employees in a managerial or executive capacity, who now receive more than \$35 per week; nor to employees on emergency maintenance and repair work; nor to very special cases where restrictions of hours of highly skilled workers on continuous processes would unavoidably reduce production but, in any such special case, at least time and one-third shall be paid for hours worked in excess of the maximum. Population for the purpose of this Agreement shall be determined by reference to the 1930 Federal census.

This means that there are certain employees whom you may work longer hours than are allowed by paragraphs (2) and (3) P. R. A.

If your business is in a small town (population less than 2,500 by the 1930 census) and you do not employ more than two persons, the limit on hours does not apply to these employees. If your town is really a part of a larger business community, the limit on hours does apply to these employees.

The limit on hours does not apply to your employees who are wholly or primarily managers or executives, as long as they receive \$35 a week. Professional persons, like doctors, lawyers, registered pharmacists and nurses, may be employed without any limit on hours.

Where employees are doing emergency jobs of maintenance or repair work, they may be kept on the job for

longer hours, but you agree to pay them at least time and one-third for hours worked over the limits set in paragraphs (2) and (3) P. R. A.

There are a few very special cases where highly skilled workers must be allowed to work more than the limit of hours in order to keep up output on continuous processes, but, here again, you agree to pay them at least time and one-third for the hours they work over the limits set in paragraphs (2) and (3) P. R. A.

Minimum Wages

(5) Not to pay any of the classes of employees mentioned in paragraph (2) less than \$15 per week in any city of over 500,000 population, or in the immediate trade area of such city; nor less than \$14.50 per week in any city of between 250,000 and 500,000 population, or in the immediate trade area of such city; nor less than \$14 per week in any city of between 2,500 and 250,000 population, or in the immediate trade area of such city and in towns of less than 2,500 population to increase all wages by not less than 20 per cent, provided that this shall not require wages in excess of \$12 per week.

This sets out the schedule of minimum wages which you agree to pay all employees, except factory or mechanical workers or artisans. The wages are set out in terms of dollars per week, but if your employees are paid by the hour, you may use the following schedule:

| Place of Business: (Population by 1930 Census) | Minimum Wage: |
|---|--------------------|
| In cities of 500,000 or over..... | 37½ cents per hour |
| In cities of between 250,000 and 500,000..... | 36¼ cents per hour |
| In cities of between 2,500 and 250,000..... | 35 cents per hour |

If your business is in a town of less than 2,500 population, you agree to raise all wages at least 20%. If raising all wages 20% causes you to pay over \$12 per week, then you need only pay the \$12 per week.

If there is any doubt in your mind as to whether your business is in the "immediate trade area" of a city, you should ask your local Chamber of Commerce or other similar organization for a decision on the matter. The general rule is that the "immediate trade area" is the area in which there is direct retail competition.

(6) Not to pay any employee of the classes mentioned in paragraph (5) less than 40 cents per hour unless the hourly rate for the same class of work on July 15, 1929, was less than 40 cents per hour, in which latter case not to pay less than the hourly rate on July 15, 1929, and in no event less than 30 cents per hour. It is agreed that this paragraph establishes a guaranteed minimum rate of pay regardless of whether the employee is compensated on the basis of a time rate or on a piece-work performance.

This fixes the minimum wage which you agree to pay factory and mechanical workers and artisans. The following schedule may help you to find out the proper rate:

| If the rate for the same kind of work in the same community on July 15, 1929, was: | The minimum rate which you agree to pay is: |
|--|---|
| More than 40c an hour..... | 40c an hour |
| 30c to 40c an hour..... | The July 15, 1929, hourly rate |
| Less than 30c an hour..... | 30c an hour |

Instead of paying by the hour, you may pay by the week at a rate which gives the same weekly earnings for a week of 35 hours. For example, instead of 40 cents an hour, you may pay \$14 per week.

If you had a contract on or before August 1, 1933, with a learner or apprentice, you do not have to pay him the minimum wage, but no one should be classed as a learner or an apprentice who has ever been employed as a regular worker in your industry.

(7) Not to reduce the compensation for employment now in excess of the minimum wages hereby agreed (notwithstanding that the hours worked in such employment may be hereby reduced) and to increase the pay for such employment by an equitable readjustment of all pay schedules.

Two official interpretations—No. 1 and No. 20—have been issued, explaining this paragraph. You can get copies of these at your local Chamber of Commerce or from the nearest N. R. A. representative.

Anti-Subterfuge

(8) Not to use any subterfuge to frustrate the spirit and intent of this Agreement which is, among other things, to increase employment by a universal covenant, to remove obstructions to commerce, and to shorten hours and to raise wages for the shorter week to a living basis.

This is the heart of the whole Agreement. The President's Plan is to cure the depression by increasing purchasing power. You can help him put this plan over by voluntarily signing this Agreement to shorten hours and raise wages. There is no force to compel you to sign this agreement. It is not law. It is a personal agreement between you and the President. The President expects you to do everything in your power to carry out the spirit of the Agreement after you sign it. This means whole-hearted cooperation by really earning the Blue Eagle—not by just getting it and then not doing your part.

It would be a "subterfuge to frustrate the spirit and intent of this Agreement" to sign it and then put all of your employees on a straight commission basis—or any other trick to avoid doing what you promise to do.

HOW TO EARN THE BLUE EAGLE

1. Sign the President's Reemployment Agreement (P.R.A.).
2. Shorten Hours of factory workers to 35 hours per week, and of all other employees to 40 hours per week. (See paragraphs 2, 3 and 4, P.R.A.)
3. Raise Wages (See paragraphs 5, 6 and 7, P.R.A.).
4. Don't Employ Child Labor. (See paragraph 1, P.R.A.)
5. Cooperate with the President. To do this:
 - (a) Live Up to the Agreement. (See paragraph 8, P.R.A.)
 - (b) Don't Profit. (See paragraph 9, P.R.A.)
 - (c) Deal Only with Others "Under the Blue Eagle." (See paragraphs 10 and 12, P.R.A.)
 - (d) Get a Code in by September 1st. (See paragraphs 11 and 13, P.R.A.)

HOW TO GET THE BLUE EAGLE

1. Sign the President's Reemployment Agreement.
2. Mail the Signed Agreement to your District Office of the Department of Commerce.
3. Put the Agreement into Effect (as outlined above in "How to Earn the Blue Eagle").
4. Sign a Certificate of Compliance. This is a slip distributed with the Agreement. It says: "I/We certify that we have adjusted the hours of labor and the wages of our employees to accord with the President's Reemployment Agreement, which we have signed."
5. Deliver the Certificate of Compliance to Your Post Office. The Postmaster will give you your Blue Eagle.

EXCEPTIONAL CASES

1. Where a Code Has Been Submitted. (See paragraph 13, President's Reemployment Agreement). If your whole Trade or Industry is unable to live up to the President's Agreement, you should get together at once, with other employers in your Trade or Industry and, in a group, submit a Code of Fair Competition to N. R. A. in Washington.
- Since it takes some time after a Code has been submitted for it to be finally approved, your group may petition N. R. A. to substitute the wages and hours provisions of your Code for the wages and hours provisions of the President's Reemployment Agreement.
- If N. R. A. finds that the Code provisions are within the spirit of the President's Reemployment Agreement, it will consent to such substitutions. If N. R. A. does consent there will be an official notice in all the papers. You may then put the substituted provisions into effect in place of the indicated paragraphs of the President's Reemployment Agreement. In this case you should add to your Certificate of Compliance the following clause: "To the extent of the provisions of the President's Reemployment Agreement which have been substituted for the provisions of the Code submitted by the Trade/Industry."
- If the substitution is consented to after you have already put the President's Reemployment Agreement into full effect, and after you have already gotten your Blue Eagle, you may still put the substituted provisions into effect without signing another Certificate of Compliance.
2. Where a Code Has Been Approved. If a Code of Fair Competition for your Trade or Industry has already been finally approved by the President, you need not sign the President's Reemployment Agreement in order to get the Blue Eagle. The same is true if you are subject to a Code which has been put into effect temporarily by agreement between the President and representatives of your Trade or Industry; but in either of these cases, you must sign a Certificate of Compliance, adding to it the following statement: "We have complied with the operative provisions of the Code for the Trade/Industry."
3. Cases of Individual Hardship. (Paragraph 14, President's Reemployment Agreement). If there are some peculiar reasons why a particular provision of the President's Agreement will cause you, individually, a great and unavoidable hardship, you may still get the Blue Eagle by taking the following steps:
 - (a) Sign the Agreement and mail it to your District Office of the Department of Commerce.
 - (b) Prepare a petition to N. R. A. setting out the reasons why you cannot comply with certain provisions, and requesting that an exception be made in your case.
 - (c) Have this petition approved by your Trade Association if there is no Trade Association for your business have your petition approved by your local Chamber of Commerce or other representative organization designated by N. R. A.
 - (d) If the Trade Association, or other organization, approves your petition, send it to N. R. A. in Washington with this approval.
 - (e) Comply with all the provisions of the Agreement except the one you are petitioning to have excepted.
 - (f) Sign the Certificate of Compliance, adding to it the following clause: "Except for those interim provisions regarding wages and hours which have been approved by the Trade Association, I/We certify that we have adjusted the hours of labor and the wages of our employees to accord with the President's Reemployment Agreement, which we have signed."
 - (g) Deliver this Certificate of Compliance to your Post Office. You will receive a Blue Eagle, but before displaying it, you must put a white bar across its breast with the word "Provisional" on it. If your petition is finally approved by N. R. A. you may take the bar down. If your petition is not approved by N. R. A. you must comply with the Agreement in full.
4. Union Contracts. If you have a contract with a labor organization calling for longer hours than the President's Agreement allows, and this contract was made in good faith by collective bargaining and cannot be changed by you alone, try to get the labor organization to agree to a reduction to the maximum hours allowed by the President's Agreement. If the labor organization will not agree, you may apply to N. R. A. for permission to work your employees as many hours a week as the contract calls for. Send to N. R. A. a request for this permission, with a certified copy of the labor contract, and any statement of the fact you desire.
- This application will be handled by N. R. A. in the same manner as an application for relief in cases of individual hardship, filed under paragraph (14) P. R. A., but it will not be necessary to obtain the approval of a trade association or other organization. If N. R. A. approves your application or is able to bring about any modification of the contract, you will then be granted permission to work your employees in accordance with the contract as originally written or modified, and can then sign the Certificate of Compliance adding to it the following: "Except as required to comply with the terms of the Agreement in effect between the undersigned and the (Name of Labor Organization)."

Anti-Profiteering

(9) Not to increase the price of any merchandise sold after the date hereof over the price on July 1, 1933, by more than is made necessary by actual increases in production, replacement, or invoice costs of merchandise, or by taxes or other costs resulting from action taken pursuant to the Agricultural Adjustment Act, since July 1, 1933, and, in setting such price increases, to give full weight to probable increases in sales volume and to refrain from taking profiteering advantage of the consuming public.

The object of this paragraph is to prevent profiteering or speculation, so that prices will not rise faster than purchasing power, and destroy the President's plan. The danger to be avoided was pointed out by the President on June 16, 1933, in the statement which he made on signing the Recovery Act. He said, then:

"If we now inflate prices as fast and as far as we increase wages, the whole process will be set at naught. We cannot hope for the full effect of this plan unless, in these first critical months, and, even at the expense of full initial profits, we defer price increases as long as possible. If we can thus start a strong, sound upward spiral of business activity our industries will have little doubt of black-ink operations in the last quarter of this year. The pent-up demand of this people is very great, and if we can release it on so broad a front, we need not fear a lagging recovery. There is greater danger of too much feverish speed."

If you were selling your merchandise on July 1, 1933, below cost, you may take your cost price on that date as the basis for determining the allowable increase under this paragraph.

Cooperation

(10) To support and patronize establishments which also have signed this Agreement and are listed as members of N. R. A. (National Recovery Administration).

The success of the President's Reemployment Agreement Program depends upon public support going to those who raise wages and shorten hours in accordance with this Agreement, in order to repay them for the extra expense which they have incurred in doing their part.

Codes

(11) To cooperate to the fullest extent in having a Code of Fair Competition submitted by his industry at the earliest possible date, and in any event before September 1, 1933.

This Agreement is a temporary measure to tide over the time from now until all employers and employees can cooperate under Codes of Fair Competition under the National Industrial Recovery Act. You agree, in this paragraph, to do all you can to have a Code submitted for your trade or industry before September 1, 1933.

Appropriate Adjustments

(12) Where, before June 16, 1933, the undersigned had contracted to purchase goods at a fixed price for delivery during the period of this Agreement, the undersigned will make an appropriate adjustment of said fixed price to meet any increase in cost caused by the seller having signed this President's Reemployment Agreement having become bound by any Code of Fair Competition approved by the President.

This Agreement will, usually, increase the costs of those who sign it. The purpose of this paragraph is to pass any such increased costs along from one signer to another, and so on to the consumer.

If you have a contract made before June 16, 1933, to buy goods at a fixed price, you agree to make an arrangement with your seller so that you pay him for the extra cost to him caused by his having signed this Agreement, or having come under a Code approved by the President.

In some cases the final buyer is the Government, which, under existing law, is generally not allowed to pay more than the contract price. The President has announced that he will recommend to Congress that appropriations be made to allow the Government to pay its part by paying Government contractors who have signed the Agreement for their increased costs. The President has also appealed to the States and cities to take action permitting them to do likewise.

You should have no fear that, because your buyer has not signed, you will be left with the increased cost on your alone. The President expects every employer to sign this Agreement.

Substitutions

(13) This Agreement shall cease upon approval by the President of a Code to which the undersigned is subject; or, if the N. R. A. so elects, upon submission of a Code to which the undersigned is subject and substitution of any of its provisions for any of the terms of this Agreement.

As pointed out in the explanation of paragraph (11) P. R. A. above, the President plans to have all business govern itself under Codes, and therefore Codes should be promptly submitted. If N. R. A. finds that the wages and hours provisions of a Code which has been submitted are within the spirit of this Agreement, N. R. A. will authorize your industry to operate under those provisions rather than under the wages and hours provisions of this Agreement.

Exceptions

(14) It is agreed that any person who wishes to do his part in the President's Reemployment Drive by signing this Agreement, but who asserts that some particular provision hereof, because of peculiar circumstances, will create great and unavoidable hardship, may obtain the benefits hereof by signing this Agreement and putting it into effect and then, in a petition approved by a trade association of his industry, or other representative organization designated by N. R. A., may apply for a stay of such provision pending a summary investigation by N. R. A. If he agrees in such application to abide by the decision of such investigation, this Agreement is entered into pursuant to section 4 (a) of the National Industrial Recovery Act and subject to all terms and conditions required by sections 7 (a) and 10 (b) of that act.

If you really want to do your part in the President's Reemployment Program, sign this Agreement. If some particular part of this Agreement causes you, as an individual employer, great and unavoidable hardship, you may obtain relief by taking the steps outlined under the heading "Cases of Individual Hardship."

Save this sheet as your official source of information. If there are any problems in your mind which are not cleared up by this explanation, get in touch with the official N. R. A. representative in your community.

LEHMAN MAY AID IN RACKET PROBE

New York Governor to Be Asked to Assist in Jury's Investigation.

New York, Aug. 23.—(AP)—The possibility that Gov. Lehman may be asked to assist in the investigation of an alleged alliance between New York city politicians and racketeers was seen here today as the Grand Jury went ahead with plans for its probe.

Justice Kernochan is expected to testify tomorrow. It was his testimony and that of Medalle before a Senate committee on racketeering last week which led to the investigation.

Medalle disclosed today that he named politicians he alleged are connected with racketeering when he testified yesterday.

SENSE and NONSENSE

CLOUDBURSTS—Every time we ask anybody to cash a check we wonder if we really do look like a crook.... If mistakes were crimes most of us would be in jail.... A man never fully realizes how golden silence is until he tries to buy it.... Nothing else reconciles you to hateful people like the discovery that you can use them.... The only way you can convince a job hunter that the country is safe is to give him a job.... No woman ever had a handbag big enough to hold all she wanted to put into it.... A homely girl begins to enjoy life about the time a pretty girl is tired of it. When man rides the earth of every manna, there will still be man.... The good parties are the ones you miss.... Order may be heaven's first law, but it is earth's last realization.... Once a month every man complains of his family's extravagance.... Every day in every way life becomes more complicated.... Truth is stranger than fiction—and a lot of people seem averse to associating with strangers.... There is fear that when prosperity returns in full force it may bring back the high-powered salesman.... Some day it will be up to the voters of the country to choose between politicians and professors.

No picnic is complete until the discovery is made that somebody forgot to bring the salt.

Woman—Do come and spend the evening with us. My daughter, Dorothea, will sing and play, and at there at 9 o'clock sharp.
Visiting Gentleman—I will be here at 9 o'clock sharp.

Visitor—What beautiful furniture you have—I just love it.
Woman—So does the man who sold it to us. He comes and sees it every Monday.

"EVEN THE BEST OF US FEEL A GREAT TEMPTATION TO DO ENTIRELY TOO MUCH OF OUR WORK TOMORROW INSTEAD OF TODAY."

Patron—Never mind my order. I can't eat where there's a smell of paint.
Waiter—If you'll wait a minute, sir, those two young ladies will be going.

The reason mother's stockings always have runs in them is because sister doesn't give them to her until they get that way.

THE DANGEROUS PART OF FALLING IN LOVE WITH A PAIR OF PRETTY LEGS IS THAT YOU HAVE TO MARRY THE WHOLE GIRL.

A Foolish One.
The tulips never do get kissed. But notice, if you please. That though the lamon has no waist, 'Twill often get a squeeze.

"One of the saddest things about life is that marriage so often proves a permanent cure for love sickness."

An efficiency expert was sent out in the Colorado mountains to advise the miners. One old miner, driving the expert through the snow and cold, spread a buffalo laprobe over the knees of both of them as they sat side by side.

Expert—You ought to turn the hair of the inside. Don't you know it is a great deal warmer to have the hair next to your body?
The old miner obeyed, and then sat there chuckling.

Expert—What are you laughing about? Are you laughing at me?
Miner (finding it difficult to restrain himself)—I was just thinking about the buffalo. What a fool he was all his life long not to know a simple thing like that.

Elmer—Have you really the heart to deny me one little kiss—when I beg most sincerely?
Eloise—A matter of principle, I never give anything to beggars.

Those who borrow Reconstruction Finance Corporation money are warned that they must pay it back. That's what you get for being born on this side of the Atlantic.

ABOUT TOWN

A pre-natal clinic will be held tomorrow morning at 10 o'clock at the Health Center on Hayes street.

Albert Spalding, master violinist, will be the guest artist at the Berkshire Playhouse in Stockbridge, Mass., Saturday afternoon of this week at 2:30 o'clock.

The Amaranth Sewing club will have an all-day outing tomorrow at Mrs. Lulu Bidwell's cottage at Coventry Lake.

Manchester Camp No. 2640, Royal Neighbors, held its annual outing Sunday at Andover Lake. The headquarters was the spacious old farmhouse, over 100 years old, which is available to cottagers at the lake for such gatherings.

The Silk City Flute Band will hold a meeting at 13 Brathead Place Saturday morning and not Thursday as stated in last night's Herald.

Linna Lodge, No. 72, Knights of Pythias, will hold its regular meeting at Orange Hall at 8 o'clock tonight.

Mr. and Mrs. Joseph Grimeson of West street and children have returned home after spending a few days at Andover Lake.

Mr. and Mrs. James C. Robinson of Greenhill street left this morning for an automobile trip through Maine. On their return to Connecticut Mr. and Mrs. Robinson will vacation at Woodmont until Labor Day.

Miss Beulah Filbig, daughter of Mr. and Mrs. Theodore Filbig of 203 Main street, will leave on Friday for the Century of Progress Exposition. She will also stop at Niagara Falls and other places of interest en route.

Ralph Salvatore of Walnut street is passing his vacation at duties at the Bon Ami factory by taking daily trips to the nearby shore resorts.

Clarence H. Anderson, insurance agent of 647 Main street, today filed nomination papers for Assessor. Charles A. Sweet filed papers for Constable last week.

Mrs. Katherine M. Finlay of 24 Park street is visiting the family of her son, Stuart, in Hamden, Conn.

Mrs. Helen C. Bayne of 22 Forest street has returned after spending some time at Kittery Point, Maine.

TWO DOGS KILLED HERE BY AUTOS YESTERDAY

Two dogs were run over and killed by automobiles in Manchester yesterday. A bull dog owned by Mrs. Martha Gibson of East Center street was killed in front of the small store at 332 East Center street in the afternoon, when run over by a car driven by William J. Freiver of 46 Elizabeth street, Hartford. The dog had run directly in front of the automobile, too late for the driver to stop.

Earl Wright of Copper street was the driver of the other car, which struck and killed a police dog owned by Mrs. C. Christiansen of 46 Woodland street on Woodland street early last evening. The circumstances were similar to the other mishap, the dog running in front of the car before the driver could come to a stop.

DR. C. M. PARKER DENTIST Telephone 6-8492 54 Pratt Street Hartford, Ct. Dentistry that will please you, at a price you can afford to pay.

OVER 300 SIGN NRA AGREEMENTS HERE

Hale's advises you to buy Cotton Articles NOW at These Prices!

On August 1st the government placed a tax on cotton used by manufacturers. On August 30th this tax will be placed on retail stocks. We bought large quantities of merchandise in advance and are prepared to take care of a very large volume of business; but on account of the rise in wholesale costs since we made these purchases, we cannot guarantee these prices after our present stocks are sold. The high quality and full size standards in this Hale merchandise will prove most economical and satisfactory in the long run. Unless the quality is there, unless the full size standards are maintained, merchandise is not a bargain at any price. We suggest that you consider your wants carefully and BUY NOW before the prices advance.
