SENSATION CREATED IN HOUSE OF LORDS

Laborite Shouts "It's a Shame While People Are Starving," as King George Opens Parliament.

London, Nov. 21.—(AP)—A sensation was created in the House of Lords today when just as King George concluded his speech opening the new Parliament, a Laborite, J. McGovern, cried: "What about abolition of the means test and unemployment cuts?"

"It's a shame while people are starving," McGovern, who it was recalled had been suspended from the House of Commons on several occasions for defying speakers' rulings, continued to shout.

King George took no notice of the interruption. The monarch turned and in ceremonial fashion as if nothing had happened offered his arm to the queen.

His Majesty had been on the point of doing this when the Laborite's shrill cries, with a marked burr in his Scottish accent, broke through the vaulted peers' chamber.

McGovern's outbreak climaxed Britain's most brilliant hour of pageantry and ceremony. Finished Address The King had just finished his speech, uttering "May God bless and prosper your labors," and had moved away from the throne.

The Laborite's voice rang out from the crowd of black-coated Commons assembled at the bar of the House of Lords.

The gorgeous assembly seemed stupefied. Peers in their brilliant robes and tiaras, their hands, arms and necks sparkling like stars with diamonds; foreign ambassadors and diplomats in formal uniforms and court officials and functionaries with breasts blazing with decorations, all turned eyes toward the glowering Laborite.

Nobody interfered. Several members of the House of Commons moved toward McGovern, but nobody interfered with him.

Following custom, the royal procession left the House of Lords and then the commoners trooped back through the long corridor to their chamber.

After his outburst about cuts of unemployment pay, McGovern followed with a growing protest about the magnification of the richest splendor around him.

"It's a shame—all this, while people are starving," he said, and after that came another embittered murmur: "Living on wealth created by the people."

United States Ambassador Robert W. Bingham, from a special box-like compartment to the left and below the throne on a dais where the diplomatic corps was seated, witnessed the harsh protest in the centuries-old pageantry of royal ceremonial.

In the black of evening dress, the American ambassador and a few of his colleagues were the only solemn notes in the lavish display against which McGovern protested.

Most diplomats wear uniforms. (Continued on Page Five.)

NEW JOBS PLANNED FOR 250,000 WOMEN

State Conferences to Take Up Problem Under Mrs. Roosevelt's Instructions.

Washington, Nov. 21.—(AP)—Upon state conferences next week will rest the responsibility for putting 250,000 women to work in 30 days in the administration's announced attempt to create 4,000,000 jobs by December 15.

MURDER VICTIM NOT IDENTIFIED; FIND NO CLUES

Police Believe Man to Be of Italian Race; was Evidently Wealthy; Send Out Photo, Fingerprints.

(By a Staff Correspondent)
Victim of perhaps the most bloodthirsty murder in the criminal history of Tolland County, the mutilated body of a man about fifty years old, which was found naked in a ditch 15 feet from the side of an infrequently used country road in Somers yesterday, today was awaiting identification in the morgue of the G. H. Baker funeral parlors in Stafford Springs.

Costly Dental Work Fingerprints and a photograph of the dead man was taken last evening by Ernest Kibbell, official photographer for the State Police, and these will be broadcast in an effort to establish identification. Dr. Earl Howard, a dentist, of Stafford Springs, also examined the teeth in the hope that they might give some clue as to the murdered man's name. Dr. Howard said that the teeth were in good condition and showed excellent dental care. Gold bridge work, he said, indicated the man had spent between \$250 and \$300 on his teeth.

The face of the murder victim was clearly shaven. There were no callouses on his hands. His fingernails and even his toenails were manicured. According to the State Police, he certainly was not a laborer, accustomed to hard work, nor was he a tramp. He had long, slender fingers of the type that are generally associated with mechanics or craftsmen, although there is no proof of the fact that he was either. He appeared to be an Italian, of strapping build, five feet eight inches tall, weighing 158½ pounds, a fringe of dark brown hair round a partly bald head, brown eyes and brown mustache.

Found by Youth Tony Molinsky, 18, of Hall Hill road, found the body at 12:30 o'clock yesterday afternoon as he was searching for promising sites to set traps for skunks, woodchucks and other small fur bearing animals. As he was walking along a deeply rutted road, which connects the Hall Hill road with the main Springfield highway, he glanced to the left side of the road and was horrified to see the partly naked body of a man lying face downward in some underbrush.

The feet of the man were resting on the lower strand of a barbed wire fence. A gaudy, cheap blanket commonly seen at carnivals was wrapped around the lower portion of the body, and tied tightly around the blanket was a piece of cloth. Around the neck was a green necktie with white dots, and another length of clothline measuring about 18 feet. Both the necktie and the rope were pulled closely enough to cause strangulation. The rope was tied in a sailor's knot, and another knot was made about a foot from the actual noose toward the short end of the rope. It was seen that the rope was of the woven type and used more for window shades than for clothinglines.

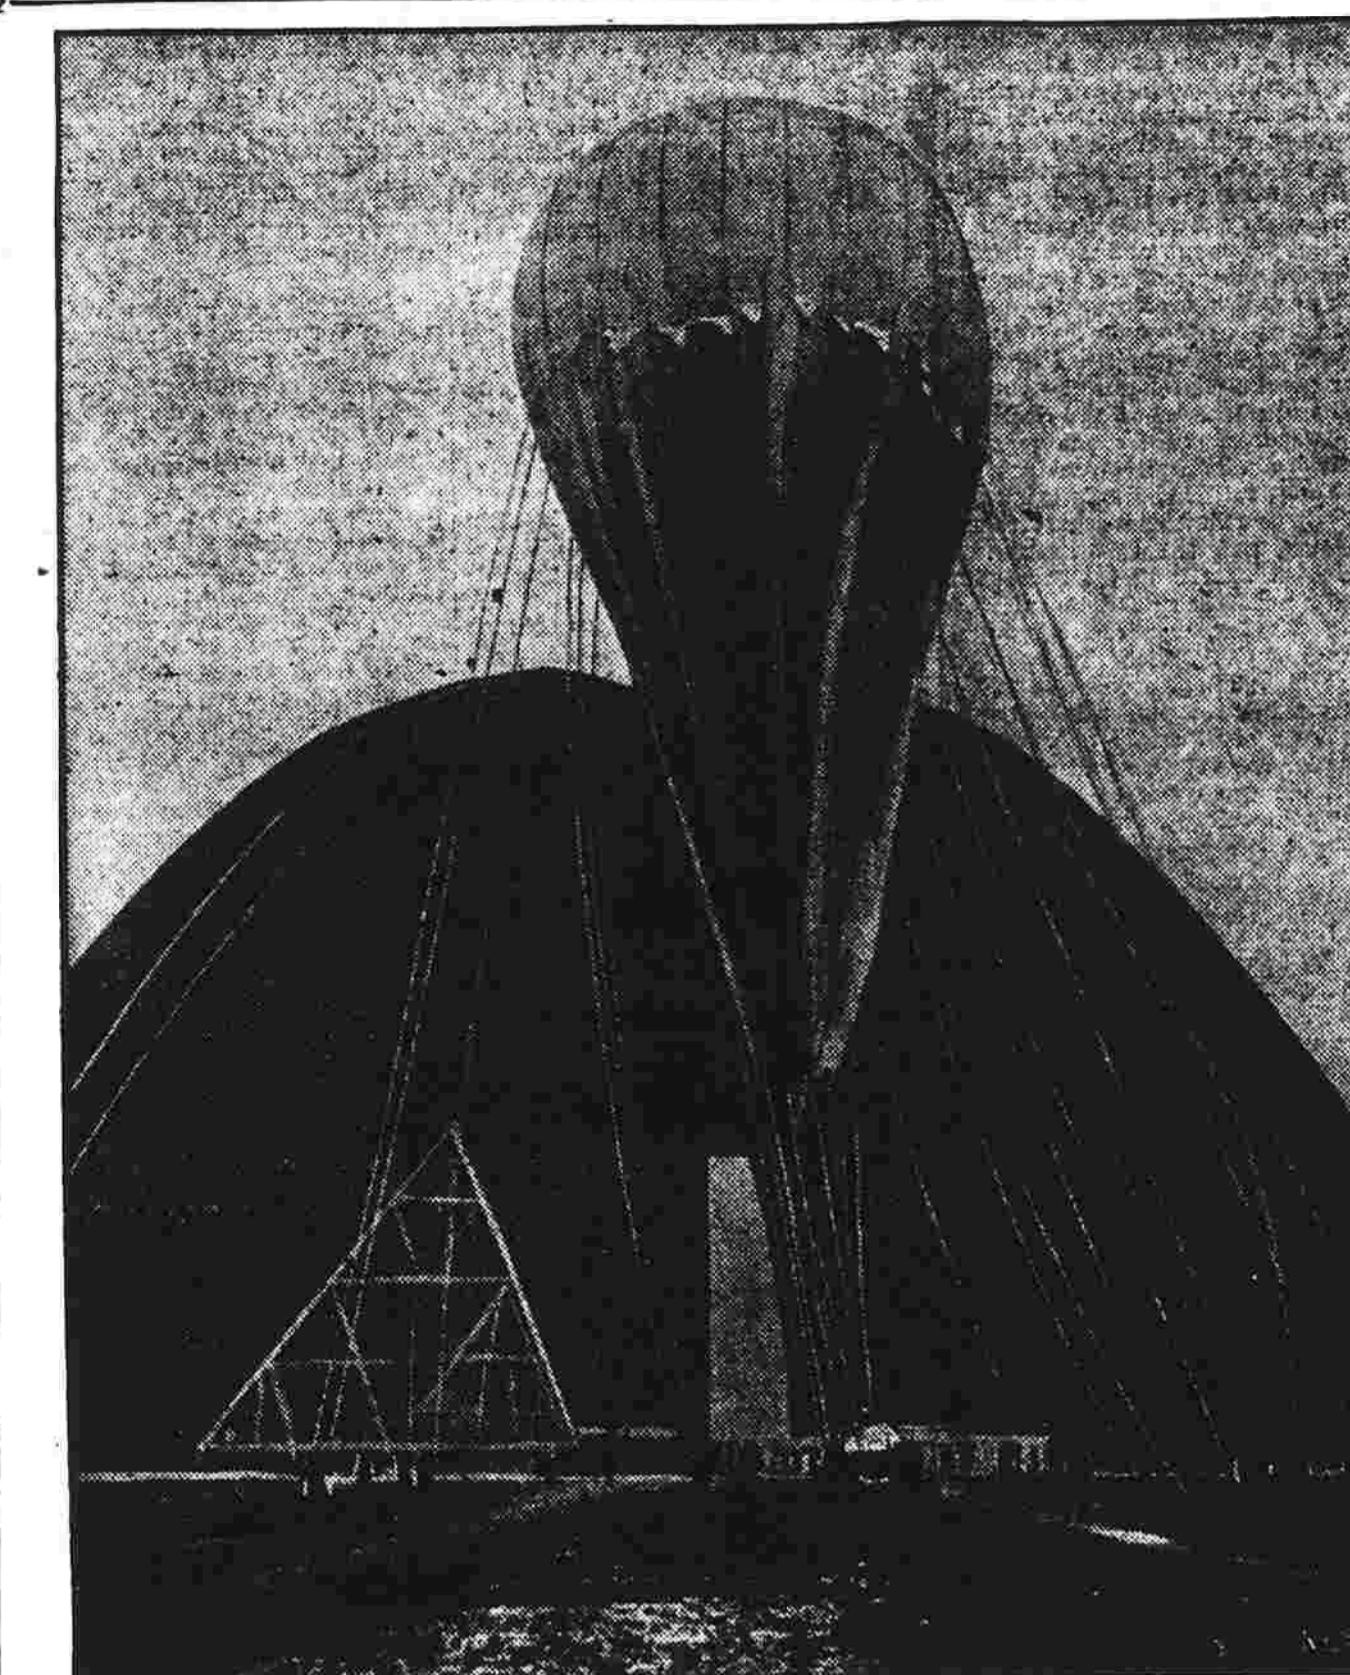

Called Doctor Molinsky, who was graduated from Enfield High school in Thompsonville last year, ran to the nearby field where Everett Worthington, a local farmer, was working. Notifying Worthington and Hanks of his gruesome discovery, Molinsky accompanied them to the home of Dr. Ralph E. Thayer, medical examiner. Dr. Thayer hastened to the scene and saw at first glance a murder had been committed.

Leutenant Russell I. Harman, of the State Police barracks at Stafford Springs, was then advised of the murder. He assigned Sergeant Harris Thuriburt and State Policeman Thomas F. Hunt, of Manchester, two of his ace detectives, to take up the investigation. After making a thorough search of the terrain in the vicinity for possible clues, the state policemen had the body removed to the Baker undertaker parlors, but not until coroner John E. Yocum, of Tolland County, had first viewed the body and had given permission for its removal.

Blood in Road Not a clue was picked up in the immediate vicinity of the spot where the body was found. A trail of blood leading from the edge of the road to the place where the body was thrown, substantiated the theory that the murdered man had been killed elsewhere and his body brought to the lonely road in Somers in an automobile for disposal. Soaked in kerosene was a portion of the gaudy blanket, a fact which gave rise to the theory that the murderer or murderers might have considered burning the body but gave up the idea because the flames possibly would have at-

Start of Settle's Daring Attempt—Balloonists Made Safe Landing

Straining at mooring lines held by her ground crew, the big gas bag which carried Lieut. Com. T. G. W. Settle and his aide, Maj. Chester H. Fordney, on their stratosphere flight is shown outside the yawning doors of the big Goodyear-Zeppelin airlock at Akron, O. In the photo, taken just before the start of the flight, attendants are seen steadying the globular gondola in which Settle and Fordney were to seal themselves when they invaded rarified atmosphere, miles above the earth.

RED PROPAGANDA IS OUT SAYS NEW SOVIET ENVOY

Communism Is Not a Thing That Can Be Imported to One Country by Another, He Declares.

Moscow, Nov. 1.—(AP)—Alexander Troyanovsky, new Russian ambassador to the United States, said today that no Communist propaganda will emanate from the Soviet embassy in Washington. His statement was made in response to a question asked in an American press conference. He exhibited an air of amusement at the query and replied: "Communism is not a thing that can be imported to one country by another. It is not a question of foreign relationship but a domestic problem. In any event, I am sure you gentlemen there will be no Communist activity on the part of any of our officials in America."

Soviet Russia's first ambassador to Washington sat under a full-

RICH SPORTSMAN MURDERED BY WIFE

She Says Sheldon Clark Struck Her First With a Billiard Cue.

Paulboro, N. J., Nov. 21.—(AP)—A bullet ended the colorful career of Sheldon A. Clark, wealthy young oil company executive and sportsman, after a quarrel with his wife last County had first viewed the body and had given permission for its removal.

Mrs. Clark, a former actress is under police guard at a hospital with a severe head injury. Death Instantaneous Clark, 35 years old son of Sheldon Clark of Barrington, Ill., senior vice-president of the Sinclair Refining Company and prominent in Illinois and industrial and civic leader, met almost instant death from a bullet in the breast while he stood in the billiard room in the basement of his 18-room mansion. A six year old son of the Clark, Sheldon, Jr., a small playmate, Nicholas Lubrano, 6, and George Johnson, a Paulboro iron worker who had been hired by Clark for some work on a light, witnessed the killing.

STATE BOARD TO CONTROL CIVIL WORKS

Details of Organization Made Known Today—Functions Include Naming Committee Here.

Town Treasurer George H. Waddell today received from Miss Eleanor H. Little, executive secretary of the Civil Works Administration of Connecticut, a general letter giving in detail an outline of the purposes, set-up, types of projects, hours of labor, wages, etc., relative to the government's efforts to make wage earners out of men now dependent upon public charity.

Study Information Albert E. Behrend, assistant superintendent of charity, and Maurice Ferris, in charge of the unemployment registration bureau, were in conference with Mr. Waddell this morning for the purpose of acquainting themselves with the information brought out in the letter. All men in Manchester now unemployed were requested today by Mr. Waddell to read in full the statement from the Civil Works Administration, so that they will thoroughly understand the situation and act accordingly when they take steps to procure work.

It was emphasized by Mr. Waddell today that only men on the charity lists during October will be given employment between now and December 15. Those on the charity rolls between October 31 and November 11 will be given second choices. Men who have not yet applied for charity but are unemployed will not be given work at least until after December 15. As 40 men already

Sense of Smell a Cause For Spread of Epidemics

Cambridge, Mass., Nov. 21.—(AP)—A discovery that the sense of smell is the mysterious avenue through which some of the most baffling epidemic spread was announced to the National Academy of Sciences today. Dr. Dimon Flemer, director of the institute, reported experiments showing the virus which causes infantile paralysis enters the brain's olfactory nerves through their olfactory nerves. The monkey is the experimental animal whose infantile

TRIP TO STRATOSPHERE ENDS IN JERSEY MARSH

Report Severe Quake Vicinity of Greenland

New York, Nov. 21.—(AP)—By coordinating data from seismographs in various parts of the world, Fordham University experts reached the conclusion today that last night's earthquake, described as one of the most violent in recent years, centered in Baffin Bay, between Greenland and Baffin Land. "That explains," a university spokesman said, "why no one has heard anything about damage. Previously we had thought the earthquake centered somewhere in the region of Central America. We do not usually look for such things in the far north, as they don't occur in that latitude frequently."

Baffin Bay is to the north of Davis Strait, across which Charles A. Lindbergh and his wife flew a few months ago on their way to Europe. The shocks were timed at 6:28:08 p. m., and 6:33:18 p. m. (Eastern Standard Time) last evening. Fordham attendants estimated its strength as "at least" equal to quakes of 1929 which severed trans-Atlantic cables.

F. Napier Denison, director of the Meteorological Observatory at Victoria, B. C., termed the recordings indicative of "the worst earthquake shock registered in 35 years of recording."

Recordings in other laboratories in many parts of the world were also interpreted as showing an unusually severe quake. A continuation of the shocks today was shown on the instruments of the Earthquake Institute at Frankfurt-on-the-Main, Germany, in London, Hungary and in Italy.

INFORMATION TO PRESS BARRED BY MORGENTHAU

Treasury Head Also Rules All Public Speeches by Department Employees Must First Be Approved.

Washington, Nov. 21.—(AP)—In addition to his order prohibiting Treasury officials from giving information to the press, Acting Secretary Morgenthau has instructed all officers or employees of the Treasury to submit all public addresses they may make to his assistant, Herbert E. Gaston, for approval in advance of their delivery. Mr. Morgenthau announced that Earle Palle would assume the fiscal duties of the undersecretary for the next few months. He is a partner in the firm of J. and W. Seligman and Company of New York City. The announcement said he was severing all his business connections upon entering the government service.

Text of Order The text of Morgenthau's order follows: Treasury Department Order No. 1. "It is ordered that the following changes in organization an procedure in the Treasury Department shall be effective immediately: (1) All statements to the Press or to the public through interviews, speeches, or public addresses by any officer or employee of the Treasury Department shall be submitted before release for approval by Mr. Herbert E. Gaston, assistant to the secretary. (2) All legal matters affecting

EX-JAP PREMIER MARKED FOR DEATH

Pugilist Tries to Stab Baron Wakatsuki But Police Interfere.

Tokyo, Nov. 21.—(AP)—The "patriotic" assassination campaign against proponents of the London naval treaty, of which Premier Yuke Hamaguchi was the first victim in 1931, struck again today—this time unsuccessfully. The target was the 67 year old former Premier, Baron Reijiro Wakatsuki, who was chief of the Japanese delegation at the London parity in 1930.

The instrument of intended attack was a ranking Japanese welterweight, Susumu Noguichi, armed with a dagger instead of his fists. With a companion identified by police as Haruo Matsui, a former soldier, Noguichi had almost reached the baron when police intercepted them. Matsui escaped, but was arrested later near the Wakatsuki residence where authorities believed he intended to make another attempt to reach the former Premier. Police took a seven inch dagger away from him. Apparently unruffled by the close escape, Baron Wakatsuki remained boarding another train to Ito, where he has a villa. "It is good to be alive," he said on the train, "but equally good to die if my time comes. I am always prepared to die."

Lt. Commander Settle and Major Fordney Land Huge Balloon Safely in Marshland—Stay All Night With Gas Bag and Then Make Way to Civilization—Had Soared 11 Miles Above the Earth.

Bridgeport, N. J., Nov. 21.—(AP)—America's first stratosphere balloon jolted to rest in the marshland southwest of Bridgeport, at 5:30 p. m., yesterday. As hundreds of persons searched the pine woods, cranberry bogs and cultivated farms in southern New Jersey, Lieut. Com. T. G. W. Settle and his aide, Major Chester L. Fordney, slept the night through wrapped up in the deflated fabric of their big balloon, awaiting daybreak.

At 8:44 a. m. Major Fordney trudged through the marshlands, walking until 9:30 a. m., when he reached the farmhouse of S. N. Johnson, nine miles southwest of Bridgeport. "I'm hungry and I'd like to use the telephone," calmly announced Fordney to the startled farmer. Then he took up the telephone and notified the world of the balloonists' triumph.

Dropped Too Fast "We had a delightful and untoward trip," Major Fordney said, "except that we came down so fast we had to throw things overboard as fast as we could to lighten ship. Although it was a pretty rapid landing, neither of us was hurt. We took our bearings, saw we were in marshy ground, surrounded by woods and that it would be best just to put up for the night. So we got out of the gondola, wrapped up in the balloon and slept for the night."

Did Not Know Time At the point Major Fordney showed he was still uncertain of the time by saying he had reached the farmhouse at 9 a. m. A bystander corrected him, and he said: "Oh, no, I guess it wasn't 9 o'clock. It was 9:30."

As he talked the major was helping himself to a breakfast of fried ham, potatoes and black coffee. Meanwhile, by telephone, he was relaying cross-country the details of the balloonists' experiences as they soared 11 miles above the earth yesterday.

As he chatted gaily Major Fordney glanced occasionally at his muddy shoes, and the marks of water which at times had almost reached his waist.

According to Lt. Commander Settle in the gondola, Major Fordney said the highest altitude reached was 59,000 but the actual height attained must be officially checked. Major Fordney said the landing was made near a marshy spot which he jolted. It was very dark and after examining the terrain and finding it difficult to get about, Commander Settle and he decided to await daylight.

The balloon, far off on the marsh could not be seen from the Johnson farmhouse. State police accompanied Fordney back to the landing spot and will guard the balloon until arrangements are made for its removal.

The landing place is more or less protected from sightseers because of the marshy ground and visitors to the spot had a messy time of it. Many Telegrams Telegrams for the fliers were telephoned from Bridgeport to the Johnson farmhouse, then relayed to the balloonists by newspapermen. One was from Soviet commissar of foreign affairs Litvinov at Washington congratulating the two men.

Another from Washington stated that an Army transport plane would be stationed at Bellefonte Field, New Castle, Del., "hoping to contact you there for return trip to Washington."

Seven airplanes had landed on the farm within two hours after the balloonists made known their landing place. Volunteers were recruited to drag the balloon and its gondola to the end of Lansing's road, about two miles from the farm and about a mile from where it landed.

WHEELS OF THRILLS Bridgeport, N. J., Nov. 21.—(AP)—Lieutenant Commander T. G. W. Settle of the stratosphere balloon said the night time landing in the marsh near the Delaware river had its thrills. He told of how his companion, Major Chester L. Fordney, had a swim to dry ground in order to get to the world the information they were safe.

Telling his story of the landing, Commander Settle said: "I realized that we were going very close to the Atlantic coast. I was sure that we were going to be blown into the sea."

CALL WILLIAM FOX TO MARKET PROBE

Movie Magnate to Be Asked How He Lost His Vast Property.

Washington, Nov. 21.—(AP)—Evidence that profits of more than \$4,000,000 were made within a few weeks by bankers who financed or guaranteed a General Theater Equipment Inc., was presented today to Senate investigators.

5,000 ARE PRESENT AT SUB LAUNCHING

Navy's Latest Warship Slips Into Water at New London—Notables Present.

New London, Nov. 21.—(AP)—The submarine Cuttlefish, newest addition for the United States Navy's fighting forces, was launched into the waters of the local harbor today from her building slip at the Electric Boat Company's shipyard at Groton, while more than 5,000 persons, including high government and naval officials looked on.

A flood of foam enveloped the bow of the craft as a bottle of champagne was broken across it as she began her slide into the water. Mrs. E. Bullard, wife of Lieutenant Commander Bullard, the superintendent constructor at the Electric Boat Company's plant, was the sponsor.

The guests assembled for the launching included Henry Latrobe Roosevelt, assistant secretary of the navy, who earlier in the day paid a visit to the submarine base. His aide, Commander Aaron S. Merrill, was with him on the visit to the base and at the launching.

Among Those Present The gathering included Charles Francis Adams, former secretary of the Navy, and Mrs. Adams, who came here from Boston. They were accompanied by Robert Weeks and John R. Macomber, financial leaders.

A delegation, headed by Rear Admiral Louis McNamee, was in attendance from the Navy War College at Newport. Rear Admiral McNamee is president of the college. In the Newport party were Captain and Mrs. Wilson Brown. The cap-

TREASURY BALANCE

Washington, Nov. 21.—(AP)—The position of the Treasury on November 18 was: Receipts \$7,094,067.43; expenditures \$12,264,882.39; balance \$1,254,132,821.97. Customs receipts for the month \$17,532,366.27. Receipts for the fiscal year to date (since July 1) \$1,004,215,214.89; expenditures \$1,423,436,194.86 (including \$663,000,000 for emergency work); excess of receipts \$1,004,215,214.89.

THANKSGIVING DAY PROCLAMATION OUT

President Names Nov. 30 as Day for Observance in the Nation.

Warm Springs, Va., Nov. 21.—(AP)—President Roosevelt today issued proclamation naming Thurs-

day, November 30, for the regular observance of Thanksgiving Day. In this haven where he won back his own health from an attack of infantile paralysis, Mr. Roosevelt wrote out his Thanksgiving Day proclamation. He cast aside the usual "whereases" of past proclamations, to ask "may we on that day in our churches and in our homes give humble thanks for the blessings bestowed upon us during the past year by Almighty God. His proclamation, handed out by a secretary, Stephen T. Early, on typewritten sheets, says:

"By the President of the United States of America—A Proclamation. Franklin D. Roosevelt, President of the United States of America, do set aside and appoint Thursday, the thirtieth day of November, 1933, to be a day of thanksgiving for all our people. May we on that day in our churches and in our homes give humble thanks for the blessings bestowed upon us during the past year by Almighty God. May we recall the courage of those who settled a wilderness, the vision of those who founded the Nation, the steadfastness of those who in every succeeding generation have fought to keep pure the ideal of equality of opportunity and hold clear the goal of mutual help in time of adversity.

"May we ask guidance in more surely learning the ancient truth that greed and selfishness and striving for undue riches can never bring lasting happiness or good to the individual or to his neighbors. May we be grateful for the passing of dark days; for the new spirit of dependence on one another; for the closer unity of all parts of our wide land; for the greater friendship between employers and those who work for them; for the knowledge by all nations that we seek no conquests and ask only honorable engagements by all peoples to respect the lands and rights of their neighbors; for the brighter day to which we can win through by seeking the help of God in a more unselfish striving for the common bettering of mankind.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed."

(Signed): FRANKLIN D. ROOSEVELT.

STATE BOARD TO CONTROL CIVIL WORKS

(Continued from Page One)

have been taken off the charity lists, work must immediately be given to 223 men, as there were 224 heads of families on the lists prior to the adoption of the civil works program.

Work for All. The plan of the government is to put every one of the 262 men on the charity lists in October to work before December 1 if the man is able to work. Mr. Waddell said today that 38 men were notified Sunday to report for work on the Summit avenue project. Two men failed to show up. Four others then were assigned to the job, making a total of 40 men who were employed under the Civil Works Administration program.

Mr. Ferris took occasion to stress the fact that those who register first will be given employment first. "The reason behoves every unemployed man to file his application at the registration bureau in the old Knox homestead as quickly as possible.

All of the old records will be used as a nucleus for the new records. For example, it is stipulated that after the men on the charity lists are given work, first consideration then will be given to ex-service men. There is nothing in the old records to show whether or not the men registered are ex-service men.

Those Eligible. Any youth over 16 years old is eligible for work under the Civil Works program. This means, according to Mr. Waddell, that if there are three youths in a family of eight able to work, and over 16 years old, they can apply for jobs. In cases where women are the heads of families, and have no source of income, they will be extended charity until provisions are made to give them work enabling them to earn wages.

Undoubtedly there are scores of unemployed men in Manchester who have managed to survive a period of inactivity without pay so far but are now rapidly reaching the end of their resources. These men will be given outright charity until the middle of December.

State Control. Control of the civil works program in Manchester will rest with a body of citizens selected by the Civil Works Administration of Connecticut. This means the dissolution of the Manchester Emergency Employment Commission, Mr. Waddell said today, unless the state organization sees fit to appoint the same members of the local civil works committee. Whether the selection of the committee will be jointly with a group of private citizens in this committee to plan the various future works projects, select the men for employment and discharge manifold other duties, is a question that rests with the state officials.

The large tractor owned by the town was pressed into use today pulling tree stumps on the Summit avenue extension project. November 20, 1933. "General Letter No. 26. Subject—Civil Works Administration. Attached are Rules and Regulations No. 1 of the Civil Works Administration. The Civil Works Boards are being appointed, and further material will be forthcoming. "In the meantime, however, we call your particular attention to three points: 1. Hours of labor, wage rates, etc. See Section 11 of the attached. Note the special wage rates for highway jobs. "2. Employees taken from relief rolls must be those who were registered in Relief Departments prior to November 11, 1933. Applicants after that date should immediately be registered with State Employment Offices or National Re-employment Offices. "3. Employees taken from relief rolls come under the Rules and Regulations for work relief and aliens and persons without settlement must be given equal chance with citizens. Very truly yours, E. H. Little, Executive Secretary."

November 20, 1933. 1. STATEMENT. The President of the United States, on November 7, 1933, created the Federal Civil Works Administration and appointed Harry L. Hopkins Federal Civil Works Administrator. 2. PURPOSE. The purpose of the Federal Civil Works Administration is to provide regular work on public works at regular wages for unemployed persons able and willing to work. The Board of the Federal Emergency Administration of Public Works has allocated to the Federal Emergency Relief Administration \$400,000,000 for this purpose. 3. ADMINISTRATIVE SET-UP. The Federal Emergency Relief Administrator is the Administrator of the Federal Civil Works Administration. The Federal Civil Works Administrator has appointed the Emergency Relief Commission as the State Civil Works Administration. The Emergency Relief Commission in its capacity as the State Civil Works Administration will appoint the Local Civil Works Boards. 4. TRANSFER OF PERSONS AND WORK RELIEF PROJECTS. All persons on work-relief and all work-relief projects under way as of November 16th, 1933, in order to share in the funds available for Civil Works projects, were transferred on November 16th, 1933, to the Civil Works Administration. The objective of the Civil Works Administration is the employment of 4,000,000 persons by November 16, 1933. Two million of these persons receiving relief on November 16th,

OBITUARY

DEATHS

Mrs. Cora E. Doane. Mrs. Cora E. Doane, widow of Samuel A. Doane, died at her home in New York City yesterday after a brief illness. Mrs. Doane was in the grocery business in this town, and was a brother of David and Will Doane, both of whom are deceased. After her husband's death in 1911 Mrs. Doane removed to New York City to make a home for her daughter, Miss Susie Doane, a graduate nurse. Mrs. Doane leaves another daughter, Mrs. Kate Loomis of Hartford, formerly of this town, widow of Norman Loomis; two grandchildren, Harold C. Loomis of West Hollywood, Cal., and Miss Dorothy K. Loomis of Hartford. She also leaves a brother, Ira Kent, whose home is in the middle west, and two great grandchildren.

Mrs. Doane was a woman of sterling character and was loved by all who knew her. She was an active worker among the young people of the Second Congregational church when she lived here, and was the only woman superintendent of the church school ever had. After her removal to New York she became identified with the Morris Baptist church and continued her activities there until the time of her death.

The body will be brought from New York tomorrow to the Buckland cemetery for burial. For the convenience of the numerous local friends of Mrs. Doane, a short service will be held at the Jacques Memorial Chapel at the cemetery about 12:45 p. m.

Thomas Heffernan. Thomas L. Heffernan of 155 Beacon street, Hartford, died Sunday night at his home. Born in Hartford, he was the son of the late Thomas and Mary (Nicholson) Heffernan. He leaves a brother, Edward S. Heffernan of Hartford, and three sisters, Miss Ann Heffernan and Mrs. Elizabeth Emmett of Hartford and Mrs. Joseph T. O'Gorman of this town.

The funeral will be held Wednesday at 8:30 a. m. at his home and at 9 o'clock at St. Joseph's Cathedral. Burial will be in St. James' Cemetery.

After shaking hands with the spectators, Colonel and Mrs. Lindbergh, with clear indications of favorable weather ahead, took off from the Portuguese naval aviation base early today and pointed their big seaplane toward Ponta Del Gada, in the Azores.

The flight from Lisbon had occupied just five minutes less than nine hours, putting their flying speed something over 100 miles an hour. Previously they were sighted at Saint Michael in the Azores group.

LEAVE LISBON. Lisbon, Nov. 21.—(AP)—Colonel and Mrs. Charles A. Lindbergh, with clear indications of favorable weather ahead, took off from the Portuguese naval aviation base early today and pointed their big seaplane toward Ponta Del Gada, in the Azores.

The flight from Lisbon had occupied just five minutes less than nine hours, putting their flying speed something over 100 miles an hour. Previously they were sighted at Saint Michael in the Azores group.

The American minister, Robert G. Caldwell, several prominent American residents, many aviators and a representative of the British Embassy saw the Lindberghs off.

Big Crowd At Pier. The crowd was on the pier before the colonel and his wife arrived in an automobile. Mrs. Lindbergh remained in the car while their baggage was being unloaded. She refused an offer of two bottles of 300-year-old port wine, explaining it was too heavy to carry in the plane.

In the officers mess at the aviation base Lindbergh signed hundreds of autographs. Then he called the chief mechanics aside and handed them a packet of banknotes to be distributed among the other mechanics.

A Sailor Friend. After shaking hands with the spectators, Colonel and Mrs. Lindbergh embarked in the motorboat, but at the last minute hopped aboard to show to his good-bye and clasp the hands of a sailor. Lindbergh said had been most helpful to him. Their plane was fueled and they soared away in an easy takeoff, swinging to the southwest in front of the historic Bethelham tower from which Vasco De Gama embarked on his famous voyage to India.

STRICKEN IN CEMETERY. Bridgeport, Nov. 21.—(AP)—Mrs. Minnie E. Ott, 68, of Devon, collapsed in Park cemetery yesterday, while placing laurel leaves on the graves of her husband and son, who were drowned off Milford nine years ago, and died late last night in St. Vincent's hospital. Grief and loneliness were believed to have brought on the attack that proved fatal.

Mrs. Ott entered the cemetery about 10 o'clock yesterday morning, going directly to the family plot. She began arranging the decorations. About noon, two grave diggers found Mrs. Ott prostrate beside the grave of her husband.

WOOLSEY LEFT \$600,000. New Haven, Nov. 21.—(AP)—An estate of \$676,698.07 was left by the late Colonel Theodore S. Woolsey, forester, who took his life at his home here on July 10, it was disclosed today in probate court.

The inventory shows that before his death, Colonel Woolsey gave to Yale University all his forestry library and surveying and forestry instruments. The rest of the estate goes to members of the family.

LAND GIFT FOR CITY.

Bristol, Nov. 21.—(AP)—A gift of 75 acres of land to be used as a public park was accepted today by the Bristol City Council from Dewitt Page, president of the New Departure Manufacturing Company. The land is located in the residential section on the Hartford-Danbury highway.

City officials said the property will be developed immediately under the Federal civil works program.

No project which a public body will be financed under the terms of the National Industrial Recovery Act, and the Rules and Regulations thereunder, is acceptable as a Civil Works project

UNOCCUPIED HOUSE IS GUTTED BY FIRE

Spruce Street Building Damaged This Morning; Think Chimney Overheated.

The one and a half story unoccupied house located at 240 Spruce street owned by George England, was badly damaged by fire at 5:15 this morning. The fire was discovered by Boleslaw Mozzer, of 241 Spruce street, who lives just across Spruce street from the house. He was unable to ring in an alarm and awakened Mr. England, who lives a short distance south on Spruce street. Mr. England turned in the alarm from the box at the corner of Spruce and Eldridge streets.

The alarm called out Companies 2, 3 and 4 and they found that the fire had started in between the partitions and was eating its way up three sides of the building, coming out through the roof. Before the blaze was extinguished the house was badly gutted.

The house has been vacant since November 15 and in order to prevent the water pipes from freezing a fire has been kept going in the furnace and there was also an oil burner in the upper part of the house. A new fire was started in the furnace last night. Just what caused the fire is not known but it is thought it may have been due in some way to an overheated chimney.

The house was one of the many at one time owned by Cheney Brothers on that street. It was purchased by Mr. England five years ago, moved back on the lot to make room for a filling station and improved. While unable to place the loss today Mr. England said that the building was covered by fire insurance.

SAYS U. S. MUST CLOSE ITS EMBASSY IN CUBA

Dr. Vila Declares That It Must Either Do That or Recognize Grau Regime.

Colon, Panama, Nov. 21.—(AP)—Dr. Herminio Portell Vila, former secretary of the "Cuban-American Friendship Council" of Washington and a renowned Cuban statesman, believes that the United States Embassy in Havana must close or the United States must recognize the government of President Grau.

One of the two "must happen," he said on his arrival here last night enroute to Montevideo for the Pan-American conference opening December 5.

He asserted United States Ambassador Sumner Welles, now in the United States, "is the worst enemy of the present regime and wants recognition only for Céspedes."

(Carlos Manuel de Cespedes was provisional president until the overthrow of his government by a coup which sent Grau to the presidency.)

The Cuban delegation continued its journey to Montevideo today.

The United States government purchased 12,500 trucks for the reforestation army. An average of less than \$500 was paid for each truck.

ROCKVILLE

SPEEDY FORECLOSURES ARE GRANTED BY COURT

December 11 Law Day Set in Two Cases—Novel Procedure in a Divorce Case.

The Federal Land Bank of Springfield was granted a judgment of \$10,785.48 in a foreclosure action against Abram Stockers of Ellington and others by Judge Patrick B. O'Sullivan at a special short calendar session of the Tolland County Superior Court held in Rockville on Monday morning. Several other foreclosures were granted.

Expert testimony was presented by the plaintiff, through Edward Kellner, Rockville real estate agent, to show the property to be valued at \$10,875.00. The law day was fixed as the first Monday in February, 1934, for defendant and on subsequent days for other mortgage holders.

A motion to erase was granted in the case of Adam Galinski against Rev. Sigmund Woronicki, pastor of St. Joseph's Polish Catholic church. In this case Galinski is seeking to collect for services as church organist for which he claims to be underpaid. The suit was brought after Rev. Woronicki dismissed Galinski. Attorney Donald C. Fisk, for the defense, maintained that the papers had not been served properly. He also alleged that the case was brought out of spite. Attorney G. C. Lessner, for Galinski, told the court that he was withdrawing from the case as he opposed the motion to erase only because he sought to leave the case clean for the attorney who will replace him.

The Jewish Agricultural Society, Inc. of New York, was granted a foreclosure judgment by default against Dore Porsetsky and others of the town of Columbia, for the amount of \$1,106.87. The law day was fixed as December 11. Madison Woodward an assessor in the town of Columbia, valued the Porsetsky property at \$2,300.

Morris L. Blonstein was granted judgment against Alfred Rosenberg of Rockville for the amount of \$87.50, being net indebtedness for coal after a counter claim of \$45 had been deducted.

The Kuhnly Plumbing and Heating Company was granted a judgment against Alfred Rosenberg for the amount of \$1,022.14 after a counter claim had been deducted for \$35. The major claim was for plumbing fixtures, while the counter claim was for supplies from the Star Hardware Company owned by Alfred Rosenberg.

Judgment for \$8,113.03 was granted on the foreclosure of first and second mortgages in the action of Eva Beasley against Samuel Kostolefsky, of Ellington, owner of the "Kosty Gardens." The law day was fixed as December 11. Fredrick J. Cooley appraised the property for the court as follows: One house in very bad condition \$2,500; one hen house in very good condition, \$1,000; one garage and store-house, \$300; three small sheds, \$150; two acres of land, \$1,500; total valuation, \$5,450. The property is unoccupied.

A divorce action of Albert E. Watson of Rockville, against Alexandria S. M. Watson, of Alford, Scotland, was also brought to the attention of the court. It was shown that Mrs. Watson came to

America on July 7, 1930, and after a few months returned to Scotland. The attorneys for the plaintiff asked the court to recognize actual service of notice of the court action upon Mrs. Watson in Alford, Scotland, presenting a registered mail card bearing her signature stating that she received a registered letter.

Judge O'Sullivan asked if any member of the bar present knew of such an action as this. There was no response. Watson identified his wife's signature, showing she received a copy of the complaint. Judge O'Sullivan allowed the finding of actual notice. This makes it possible to try this case in January, 1934, three months after the case was "in."

Judge O'Sullivan denied the defendant's motion to place upon the jury trial list the \$10,000 breach of promise suit of Laura E. Green of South Coventry against Clifford C. Lounsbury of Willimantic. The plaintiff in this action is represented by Buckley, Cresson and Dana, attorneys at law in the State insane asylum at Norwich. A motion was granted to appoint M. R. Hones, assistant attorney general of Connecticut, as guardian ad litem.

Judge O'Sullivan allowed the case to remain open until the short calendar sitting of the court on December 11, awaiting the reply from the Attorney General's office, as to what action they plan to take. It was stated in court that Mrs. Yasmer is hopelessly insane.

Two actions were declared off the list as settled, being the action of Francis J. Fritchard and others, Selectors of the town of Vernon, vs. William H. Yost and others, seeking a contempt of court action for the failure to pay \$7 weekly in a court order; and secondly the action of Bernard J. Ackerman, trustee, vs. William Nieman and others, a default and judgment for failure to plea. This case was settled by agreement.

City Court Case
Angus Thompson, of Rockville, was brought before Judge John E. Fisk in the Rockville City Court on Monday morning on the charge of violation of the rules of the road. Thompson was arrested by State Policeman Thomas Hunt of the Stafford Springs Barracks on November 17, at 5:30 p. m., on the Hartford turnpike highway between the Town Farm and the South street Junction following an automobile accident.

It was shown in court that Thompson sidwiped a machine driven by John Wallace of Wallingford on the day in question when he drove his automobile on the wrong side of the road.

Judge Fisk found the accused guilty and imposed a fine of \$7 and costs which were paid.

This case was investigated on

When Your Daughter Comes to Womanhood Give Her Lydia E. Pinkham's Vegetable Compound

Most girls in their teens need a tonic and regulator. Give your daughter Lydia E. Pinkham's Vegetable Compound for the next few months. Teach her how to guard her health at this critical time. When she is a happy, healthy wife and mother she will thank you.

Friday afternoon by the State police after a complaint had been received at the Stafford Barracks.

Democrats Organize
The Democratic City Committee has organized for the municipal election which will be held within the coming month. The committee organized as follows: Chairman, Frederick G. Hartenstein; secretary, Francis B. Cratty; treasurer, John N. Keeney; finance committee, Mrs. Williams Burke, Max Zacherlik, John McKinstry, Francis B. Cratty, Herbert Wormstedt, Mrs. Olive-Martin; publicity committee, Francis Lennon, chairman; Clarence E. McCarthy, John N. Keeney and Francis B. Cratty.

The question was brought to the attention of several of the political leaders of the city of Rockville yesterday of a default upon the part of the Democratic city committee in posting notices for the ward and general Democratic caucuses held recently.

It was shown that the notices were not published five days prior to the holding of the caucuses as required by law, having been posted only three days. The question has now arisen as to whether the Democratic nominations will be

protected by the Republican leaders.

Henry Schmidt, Republican Registrar of Voters, would not say whether the Republicans planned to contest the nominations.

Briefs

Flags are at half mast today for the late Frank H. Milne, district superintendent of the Rockville-Willimantic Lighting Company whose funeral was being held this afternoon. Mr. Milne was a member of the old Connecticut National Guard Company "C."

The first quarterly conference of the Rockville Methodist church is to be held tonight at which the district superintendent, Rev. G. C. Scribner, will be the speaker.

Tenderfoot examinations were given last evening at the meeting of the Boy Scouts Troop at the Union Congregational church.

The annual membership campaign of the Tolland County Farm Bureau opens this afternoon in the thirteen towns of Tolland county. The results of the membership contests will be announced on Friday evening at the Farm Bureau office in this city.

A public card party will be held tonight by the fourth division of

the Ladies Aid Society of the Union Congregational church at the church social rooms opening at 8 o'clock. Prizes will be awarded and refreshments will be served.

The work of collecting the personal taxes is now in full swing at the town clerk's office with Mrs. Cora Elliott in charge.

The Public Works Department sanded the streets early yesterday morning due to the light snow fall early yesterday morning. No accidents were reported about the center of the city.

INSTALL LOCAL CIRCLE'S OFFICERS IN HARTFORD

Daughters of Isabella Groups Seat Officers Jointly at Garde Hotel Sunday.

Officers of St. Margaret's Circle, Daughters of Isabella, were duly installed Sunday afternoon at a group installation of circles at the Garde Hotel, Hartford, which was attended by upwards of 500 mem-

bers. A banquet followed the ceremony.

St. Margaret's of this town are as follows: Past regent, Mrs. May McVaigh; regent, Mrs. Helen Conahan; vice regent, Mrs. Beattie Lapan; recording secretary, Mrs. Sarah Healey; financial secretary, Mrs. Alice Hunter; treasurer, Mrs. Lillian Carney; chancellor, Miss Stephanie Tunisky; monitor, Miss Nellie Smith; custodian, Mrs. Florence Catana; inside guard, Mrs. Anna Falkowski; outside guard, Mrs. Margaret Wilson; trustee for three years, Mary Tierney; two years, Mrs. Nora Keeney; banner bearer, Mrs. Josephine Emonds; organist, Mrs. Minnie Carrington; guides, Mrs. Fannie Sullivan and Mrs. Mary Brown.

WAGES INCREASED.

Bristol, Nov. 21.—(AP)—The Eagle Lock Company today announced a wage readjustment for between 700 and 800 employees.

Under the terms of the readjustment, workers will receive an increase in pay amounting to about ten per cent.

The action restores wages to the 1928 level, officials of the company said, and makes the scale conform to the fabricated metals code.

Overnight A. P. News

Lebanon, N. M.—Fire wrecks the Harrison block, with a loss estimated in excess of \$40,000.

Newport, R. I.—Mrs. Gertrude Stuyvesant Rodgers, about 94, widow of Admiral Raymond Perry Rodgers, U. S. N., dies.

Lanesboro, Mass.—Lanesboro schools forced to close until January 2, because of lack of funds.

TROJANS TO MEET
The Trojans Basketball team will hold a business meeting at William Ferguson's home at 401 Center street this evening, instead of Wednesday as formerly planned. All players are requested to be present not later than 8:30 p. m.

Why not TRY

an electric water heater on the rental plan

You do not obligate yourself to keep the heater

We will install an electric waterheater in your home with no installation charge (except in cases of special service) for your use as long as you wish on the rental plan. We also maintain and move the heater at our expense. There is no term contract. Here is your chance to "try" electric water heating.

Small monthly rentals applied towards purchase

The monthly rentals covering use of equipment, maintenance, and moving expense are very low, varying from \$2.50 for the small heater to \$3.50 a month for the large heater. Furthermore, all rentals paid in during the first two years from date of installation are credited towards purchase. If you decide to own the heater, your "trial" really costs you nothing.

A guaranteed low operating cost

Operating cost for normal use is guaranteed not to exceed a certain amount—which is surprisingly low. Be sure to ask what this guaranteed cost is for your home.

TUESDAY, NOVEMBER 21.

TIPS.

It has never seemed to us that the bespattered and bopped Grover A. Whalen, New York's most outstanding handsaker, shone as brightly in the capacity of a sage as when acting as a master of ceremonies; but we are everlastingly with him in the matter of waiters' tips.

Mr. Whalen, who is the metropolitan's NRA administrator, is trying to bring about the abolition of the tipping system. Under the President's re-employment agreement tips must not be included in the minimum wage set for restaurant and hotel workers. Employers find this ruling burdensome because, in many hotels and restaurants, the tips have hitherto constituted a large part of the employees' earnings. The patrons have really been paying the wages of the people who serve them, in large part if not wholly, and now the proprietors find themselves called on to pay them over again. Naturally they object. Naturally, too, the hotel and restaurant workers object to having the bulk of their compensation come from their tips and are opposed to the position of the proprietors who want the old system to continue.

Whale sympathizes with the waiters in their desire to be paid regular wages like other people, but he also understands that if the waiters get both tips and wages they will have a considerable edge on their bosses, who will simply have to dig down into their receipts for a greatly enhanced payroll and face the stiff problem of how to boost charges to meet it—without losing their business.

In this dilemma he proposes that the NRA recognize the right of restaurants and hotels to add to each meal check a 10 per cent service charge which shall be in lieu of any tip; then fix the waiters' wages at a proper point, putting them on the same basis as other workers.

There was a time, not so tremendously long ago, when, outside the very largest cities, if you tried to give a waiter a tip he would refuse it; you would have insulted him. He did his work, was paid by the boss and was not, he would give you to understand, a beggar or a subject for alms any more than you were.

The whole institution of tipping has grown up, in America, in the last fifty years. Before that it wasn't exactly safe to try it on. European contacts and the Pullman Car Company taught this country the very bad system of giving and accepting tips.

Mr. Whalen says: "I know of a fact that many who accept gratuities feel, in so doing, a sense of inferiority. I know that many feel that the acceptance of a tip is degrading." There appears to be something wrong with a system that causes a man to rely upon the fluctuating generosity of a fickle public for a living.

Some day some philosopher more profound than Grover Whalen will produce a great thesis on the extent to which tipping has undermined the old independence and true self respect of the American people. Meantime it is gratifying to know that at the very core of that system, New York city, there is at least one person of very considerable present influence who is putting in his best looks to get the tipping inquiry out of the life of America.

ANARCHISTS.

We don't hear much about anarchists these days, but there was a time back in the last century, when the word was as familiar and as fearsome as that of Communists or Reds during Mitch Palmer's ascendancy. The anarchist was a fel-

low who didn't believe in any law at all. They hanged a batch of them in Chicago once, it may be remembered, for bombing and killing several policemen.

Since those times the wild eyed revolutionary anarchist has faded from the picture, his place being taken by the Bolshevik, who believes in the most exact and forcible of laws.

The only anarchists, nowadays, are people like Silas Strawn, Chicago corporation attorney. Mr. Strawn is leading a division of Mr. Hartman's small army of United States Chambers of Commerce directors in a drive against the NRA and all its works. The NRA and its codes are law but Mr. Strawn declares them to be unenforceable.

"There is not money enough and there are not men enough," he defiantly shouts, "to put a strait jacket on American business!"

In other words, "Of what weight is the law when it conflicts with the ideas of Silas Strawn?"

That's what one John Most, bewhiskered violent anarchist leader, once thought. When President McKinley was shot he printed in his paper the opinion that it was no crime to kill a ruler because any ruler was usurping the power to control the action of other people. He was put in jail.

GRAFTED DIGIT TIPS.

Stories are beginning to circulate in police circles about crooks having skin-grafting operations on their fingertips to obliterate the living matrices of their prints, and surgeons admit that such operations would not be extremely difficult.

There is not much comfort in the reflection that no reputable surgeon would perform such an operation for the purpose indicated, because there are always some surgeons and physicians who, like the black sheep in every other profession, are not reputable. If skin-grafting the fingertips is at any time likely to save a criminal from the gallows or a long term in prison, and if the crook has the stamina to undergo a rather long and grueling operation, there need be little doubt that there will be some dope-demoralized doctor to do the work.

The Federal Division of Investigation has built up a finger print unit of four million records, the largest in the world. If the underworld should successfully counter this invaluable identification agency by the adoption of an effective technique of its own, crime prevention would have received a serious setback.

The forces of the law, however, are not likely to be helpless in the face of this new threat. Crooks may be able to smear their prints by grafting skin on the finger tips, but not the greatest surgeon in the world could hide the fact that such an operation had been performed. Conceivably there might arise some case in which a crook's fingerprints were necessary for the preservation of the member. But it would not be difficult to make ample provision for such cases and at the same time enact laws that would make the wearing of transplanted finger tips prima facie evidence of habitual criminalism and render the smeared individual subject to a sufficiently long term of imprisonment.

HARTFORD POLICE.

While the people of Hartford face the difficult task of raising \$366,000 for their Community Chest and while the federal government is pouring money into the city to help it take care of its unemployed, the Police Board of that city deems the time propitious to fatten the pay checks of eleven members of the department by the simple process of promoting them; creating, when necessary, new department offices into which the beneficiaries may be eased. Two more captains, one more lieutenant and several new detective-sergeants are created. Also thirteen detectives, whose pay was recently raised, have been moved up in grade.

We don't know enough about the highly-scented details of Hartford's local politics, perhaps, to gather the full significance of this proceeding of a lame duck administration; but we do know, from a sky view of the Capitol City's policing aspect, that is a fair question for debate whether the Police Board is expressing the city's appreciation of a wonderful police department or trying to bribe a rotten one into being reasonably good. Or, as a third proposition, whether this is just one of those last grabs that must be made while the grabbing is still possible and before the owner of the melon takes it away.

MEMBER CHAMBERS.

When the United States Chamber of Commerce can present an eco-

nomic program which to reasonable minds holds forth promise of something better than the experimental efforts at recovery now being made, with plenty of blundering, by the national government it need not be afraid to submit its proposals to its constituent Chambers for endorsement. The business men of the country are anxious enough, in all consciences, for solvency and stability. They are not committed to theories or isms; they are not committed to any partisan leadership; what they want is better times.

But so long as the United States Chamber and its chief, Mr. Hartman, have nothing to offer but criticism which lacks every element of constructiveness and have no more profound suggestion to make concerning fiscal policies than a return to the gold standard morass of 1929—and since these criticisms and this lonely monetary suggestion are being broadcast without reference back to the more than 1,800 Chambers, there grows up some wonderment as to how much longer this campaign of mere obstruction is to be tolerated by the member Chambers without outspoken protest.

There is no partisan politics in this. The situation has gone far beyond that. American industry and bona fide business belong on one side of the fence, the same side as the farmers and the factory workers—the super-bankers, the deflationists and the Hartmans on the other. The side for the member Chambers should be apparent enough.

HAVE A CARE.

Mary McCormick, Battling Mary, opera singer who the other day walloped a writing woman while the latter was trying to sell to a newspaper a story of Mary's divorce settlement, is coming to Connecticut to live on a farm, she says, after she marries Harry Bannister, former husband of Anne Harding, screen star. If she does, it is submitted that the village gossips—should there by any chance be such—would do extremely well to lay off Mary. According to all accounts she could have done quite well in the squared circle with her fisties if she hadn't been able to do still better on the stage with her voice.

Health and Diet Advice

By Dr. Frank McCoy

CAUSES AND TREATMENT OF HIGH BLOOD PRESSURE

The way you live determines your blood pressure and wrong habits of living must be considered the most important cause of high blood pressure. Whenever the blood pressure is too high, the first thing you are to do is to adopt those good habits of living which will bring about the most rapid recovery. This disease is not an incurable one, and in every case I have ever seen where the patient was willing to follow instructions exactly, the blood pressure has been reduced to safety. However, if the cure is to be permanent, the patient must continue to follow those good habits of living which alone maintain a normal blood pressure.

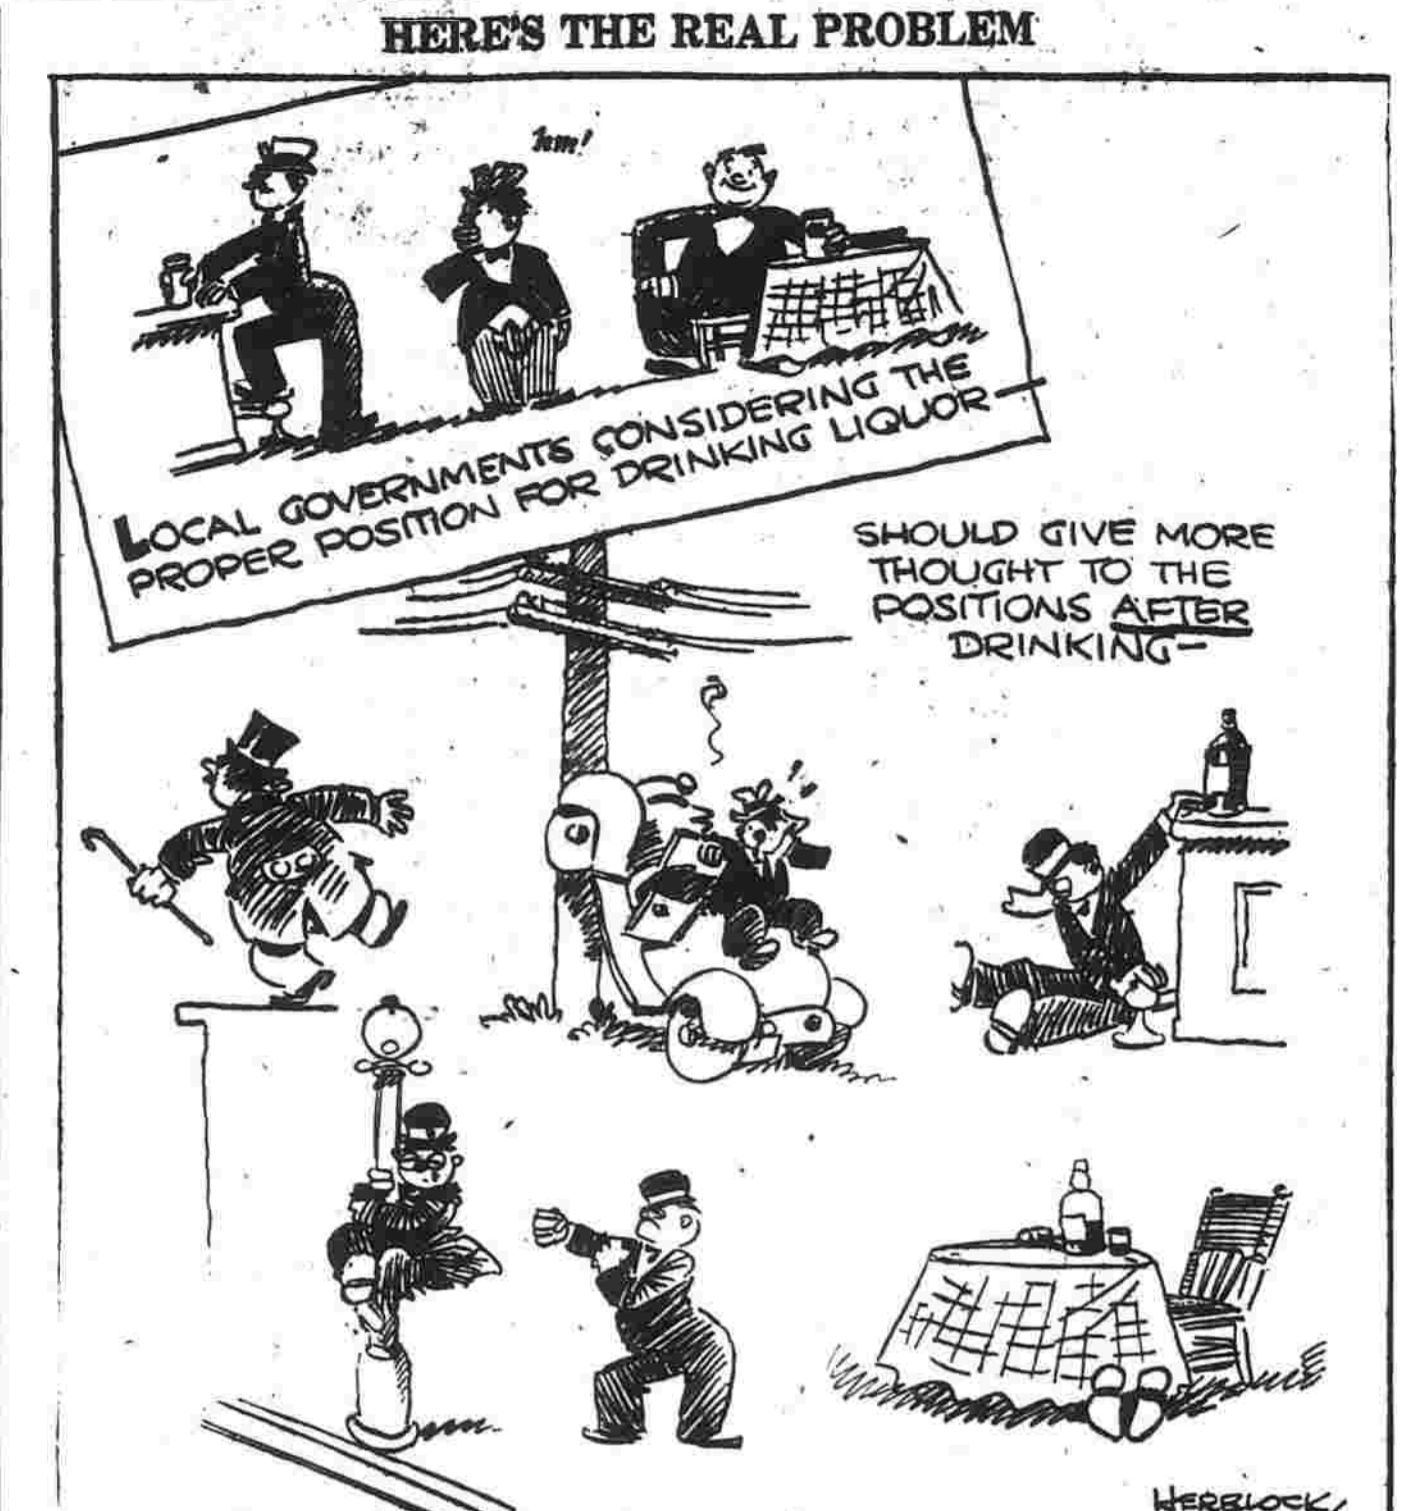

Wrong habits of diet come first in causing high blood pressure. These patients usually have good digestions and do not realize that the careless way they eat is harming their health. Upon closely questioning hundreds of patients with too high a pressure I have found they are great starch and sugar eaters. Their meals consist largely of meat, bread, pancakes, corn, macaroni, cakes, pies and puddings. This type of diet would tend to increase the weight and explains why the largest percentage of those who have high blood pressure are overweight. The care of both the elevation of pressure and the overweight must mainly depend upon dietetic changes.

At the beginning of the treatment for high blood pressure, you should take a fruit juice fast, and during this time you will be pleased to find the blood pressure is coming down. If you can place yourself under the direct supervision of a doctor experienced in fasting patients, you should take a long fast, it is not advisable to take a long fast at home without suitable direction. However it is safe for you to use the short fast of five days at home, and you will find this will yield some benefit.

After the fast, when the pressure has been reduced to nearer normal, you will get the best results if you will follow a diet similar to the one which I recommend, using a moderate amount of meat, and plenty of cooked and raw vegetables. If you are to keep the blood pressure down you will succeed better if you use only small amounts of sugar and starch.

Lack of exercise is another wrong habit of living which tends to bring on high blood pressure. Athletes who secure large amounts of exercise generally have normal blood pressure. After the blood pressure has been lowered sufficiently by the fast and diet, the patient is to start gentle exercises each day and is to supplement them with passive exercise such as massage. As tests have shown that patients with high blood pressure are frequently poor breathers, it is advisable to train yourself to breathe deeply and to make a determined effort to get more fresh air into the lungs. The elimination through the skin must be increased through 2 or 3 sponge baths taken each day.

To secure rapid elimination of

poisons from the large intestine, it is advisable to use the enema at least once a day until such time as the intestinal action becomes regular and 2 or 3 natural movements occur daily.

By the use of the fast, rigid diet, enemas, sponge baths, mild exercise and deep breathing you will be able to throw out any poisons which may be irritating the walls of the blood vessels and contributing to high blood pressure. You are now ready to add two more good habits which will be of great benefit to you. These are rest and right thinking.

Each night you are to secure from 8 to 10 hours of sound sleep. If possible, you are to rest, lying down, after the noon meal. Some of the good mental habits which you are to cultivate are calmness, peace and repose. Avoid hurry, worry, impatience and mental tension. You will find it will pay you in every way to establish a mental feeling that you have plenty of time to take things easy. It is also a good plan to build up an interest in some hobby or recreation which will take your mind completely away from everyday affairs and will leave you refreshed, rested and relaxed.

QUESTIONS AND ANSWERS (Meniere's Disease)

Question: Mrs. Barbara T. writes: "My history includes an abscess in the right inner ear about seven years ago. The eustachian tubes were opened, causing the abscess to drain and lancing was necessary. The mastoid became infected but was not operated on. For some years since, I have a "caving-in" sensation, and if I turn my head to the right side, I am having a feeling of falling from a great height. While walking, I sometimes experience the sensation of being drawn backward or an uncontrollable force pulling me to the right. I was partially deaf for some years but seem to be getting over chronic catarrhal condition and my hearing is somewhat improved."

Answer: It is quite likely that the infection in your ear spread up and involved the balancing organ in your ear, which causes a peculiar feeling of falling and being drawn backward. This is called Meniere's disease. It is more than probable that you still have some infection in your middle ear. Try to overcome the remaining catarrhal condition by using the right diet. If you have not read my article on Catarrhal Deafness, I will be pleased to send it to you if you will write me, enclosing a large self-addressed, stamped envelope with return address. Manipulative treatments or massage of the neck may also be beneficial.

(No Starch in Melba Toasts) Question: Mrs. K. asks: "Will you kindly state whether or not Melba toast contains starch and how the starch content compares with ordinary wholewheat toast?"

Answer: Melba toast is made from white bread toasted so thoroughly that all of the starch is converted into pure dextrin and, therefore, combines perfectly with any other kind of food. Melba toast combines well with any other kind of food.

(Blue Lips) Question: Lynn asks "What is the cause of blue lips and what would you advise to overcome them?"

Answer: I assume that the blue lips are caused by poor circulation which is doubtless due to some heart derangement. I would suggest that you send me a large, self-addressed, stamped envelope for my free leaflet called "Heart Derangements."

(Burning Feet) Question: Mr. William S. writes: "I have suffered over two years with sore burning feet; when I walk about two blocks, they begin to ache and burn and get so sore I cannot walk. I would appreciate it very much if you would let me know how to get some relief."

Behind the Scenes in WASHINGTON

Big Four Packers Refused to Heed Lesson, Back for One More Slap

Altair or The Ax for Italian Officials... Mr. Ickes Tells M. Ickes... What a Feed Mr. Skvirsky Handed Out!

BY RODNEY DUTCHER Evening Herald Washington Correspondent.

Washington, Nov. 20.—The big packers, spanked once, are back here for more of the same.

Their newly-proposed marketing agreement, contents of which are guarded closely, looks like the first one offered.

The first one was turned down by Secretary of Agriculture Wallace because it didn't assure better cattle, sheep and hog prices for farmers and didn't protect consumers. Independent packers didn't think it was so sweet, either.

Now the packers return as if to sing, like the Three Little Pigs, "Who's Afraid...?"

If this keeps on, and unless the AAA changes its policy, the packers are likely to find themselves threatened with impending federal license. Roosevelt has promised Wallace complete backing in any decision as to packers. Amount of the amount of purchased meat animals among packers still is provided by the revised code. Each packer would know the amount of the other bids.

Competitive bidding at Chicago now is the farmers' only price protection, according to the liberal group in AAA, and if packers knew another way would establish prices and differentials in various territories. Opponents say this would end price competition in selling.

The A. I. M. P. also still insists on allowing the NRA only partial access to its members' books, which is another point at issue.

TALCOTTVILLE

The Christian Endeavor Society met on Sunday evening at seven o'clock, the topic being "Avoiding Slip Trips" with Miss Ruth Bliss, leader.

Dudley Douglas of Springfield, Mass., spent the week-end at his home here.

Miss Ann Heyart of North Coventry was a week-end guest of Miss Helen Siebert.

Charles Blankenburg and George Johnston motored to Boston on business Friday.

Sunday visitors at the home of A. E. Finney were Mr. and Mrs. John Guinan and family of Windsor and Mr. and Mrs. Edward Filbig and family of Manchester.

John G. Talcott, Jr., and Henry Rider of New Haven were weekend guests of the former's parents Mr. and Mrs. John G. Talcott, Sr.

Miss Dorothy Wood was the guest of Mrs. M. W. Matthews at the Dartmouth House party at Dartmouth College this past week-end.

Mrs. Lester Meyer and infant son, William Richard, returned home from Manchester Memorial hospital on Friday afternoon.

Mrs. George Dawson has returned home from a visit at Laporte, Ind.

Miss Etta Wilson spent the week-end with friends at Wapping.

Frederick Wood attended the Veterans night of Aiden Skinner Camp of Rockville Saturday evening and entertained with violin selections.

On Saturday evening the Pioneer Juniors opened their basketball season in Talcott hall. The Juniors also scored their first victory over

the Manchester Tigers the score being 38-18. The game was fast. The referee was Franklin G. Welles, Jr.

Mr. and Mrs. Lawrence Hale and son, Newell, are visiting their parents, Mr. and Mrs. George Dawson.

A musical travelogue by the Misses Miriam Welles and Florence Pinney will be given under the auspices of the Golden Rule Club on Friday evening at 7:45 o'clock in the assembly room of the church. A silver collection will be taken. These young women will show pictures taken on their recent motor trip, which included 26 states, Mexico, Canada and Catalina Island, the home of the popular author, Zane Grey. Miss Margaret Welles will give several dramatic readings. Everest and George Guinan of Windsor will entertain with harmonica. There will also be other selections by home talent which will be the surprise of the evening. The musical program is under the direction of Mrs. Franklin G. Welles, Jr. Admission will be free and the members of the Golden Rule Club hope their many friends will avail themselves of this opportunity to enjoy an evening in Talcottville.

The Congregational church at Somerville invites the people of Talcottville to attend a missionary rally tomorrow evening at 7:30 o'clock. There will be addresses by Dr. Rockwell Harmon Potter, president of the American Board, and Dr. Ernest M. Halliday, general secretary of the Home Boards. The ladies of the church invite everyone to a social half hour following the addresses.

Detroit suffers a loss of \$12,000,000 a year due to destruction caused by fires.

IN NEW YORK

By JULIA BLANSHARD

New York.—The other evening in Miss Maxwell's charity "scavenger hunt," one of the 300 society couples seeking the prize, brought in Marilyn Miller's autographed pink satin slippers. These were among the 24 long negro-brown ones, Maxine's things that must be hunted for and produced at the party.

The day afterward, Marilyn got a note from Louis Bromfield (who had been one of the judges) and Mrs. Bromfield, saying that if she wanted her slippers back, she must come out to their house and hunt for them. "I'll be there?" Marilyn wrote in reply.

An Exciting Era, This is the most exciting time in history to be living in," 250-pound Dutch Hendrik Van Loon said at a lunch given in his honor aboard the Mauritania the other noon. He listed the fall of the Roman Empire and the Reformation when new worlds were being discovered as the other two most fascinating eras. And now, he maintains, just as in other times, nobody knows what to do about anything!

So saying, Van Loon plans to sail soon for a cruise around the world, to see if anybody, anywhere, really knows what everything is about. "Jimmy," who is both his second and fourth wife, goes with him.

Sticks to the Weed Mary Fenton Roberts, editor of Arts and Decorations, always packs her own cigarettes, wickered smoking accessories, and, imported from Puerto Rico. The other day at lunch she said they were the only kind that she had ever smoked, that she knew nothing about others and wouldn't experiment. Said it was sentiment!

That Strong Tea Party The most amusing tea of the week-end was held at the Park Lane by ladies of the press for Anna Louise Strong, managing editor of the Moscow News, only English-printed newspaper in Russia. A nice group of guests gathered about the chattering, waiting. Miss Strong never showed up. Finally one of the girls, with a terrible start, said: "My goodness, do you know that I completely forgot to tell Miss Strong that the tea was this afternoon?"

ANDOVER

Mrs. Eunice (Brown) Bishop, wife of Fred H. Bishop, died at Windham Community Memorial Hospital in Willimantic Saturday forenoon. Mrs. Bishop was born in Scotland, Conn., August 27, 1870, the daughter of George and Anna Brown. Besides her husband, she leaves one daughter, Mrs. Myrtice Mathewson, four sisters and one brother. The funeral was held in the Congregational church this afternoon. Rev. Wallace J. Woodin officiated.

The Ladies' Benevolent Society will meet at the Conference House Thursday at 10 o'clock for an all-day meeting. Members are to take sandwiches. Coffee will be furnished by the society.

Mr. and Mrs. Eugene W. Platt and two children if Wapping and Mrs. John T. Murphy of Boston spent Friday afternoon and night with Mr. Platt's parents, Mr. and Mrs. Addison E. Prink.

There was a large crowd Friday evening at the social and dance given by the Juvenile Grange at the town hall. Miss Mary Merritt won the prize for the prettiest costume. A Hebron party won the prize for best dancing set. Mrs. Elizabeth Covell won the turkey. Mr. Hendricks gave five gallons gas and one quart oil to be auctioned off, the society cleared \$12.75. The judges were Mrs. Norman Warner of Gilead, Mrs. Oliver Hill of Coventry and Howard Green of Andover.

Mrs. Gladys Durston of Hartford visited her parents and children at the parsonage Sunday afternoon.

WAPPING

The dedication of Wapping Community Church House will take place Sunday afternoon, November 26 at three o'clock. All interested are cordially invited to the building in front of story brick structure. In the front section are three rooms, one large one to the right of the entrance, and two to the left. These will be used for class rooms and social rooms. To the rear is a large room to be used as assembly room, dining room or gymnasium. Locker rooms and a kitchen open from the room.

Tuesday evening, November 28, the Community Players of Manchester will present a play "Peg of My Heart" for the benefit of the building fund. The play was very well received when given at the Whiton Memorial hall early this month and those in charge hope to see the new building well filled.

Mrs. John W. Graham of the northern part of the town spent the week-end at the home of her son and his wife, Mr. and Mrs. John W. Graham, Jr., of Pleasant Valley.

Mrs. Isaac G. Files, mother of the Boston, Mass., list Thursday where she spent the week-end.

Mrs. Harry W. Snow received the news of her sister-in-law's death last Saturday. Mrs. Fred Bishop of Andover. The funeral is to be held this afternoon at the Andover church with burial in the Andover cemetery.

Mr. and Mrs. George Nevers of Springfield, Mass., were the guests at the home of Mr. and Mrs. Walter S. Nevers on Sunday.

The Young People's society of Christian Endeavor of Wapping entertained the Christian Endeavor society of East Hartford at the Fed-

eration church last Sunday evening. There were 36 present. The subject was "Young People in the Church." There was a hymn sung and the local society furnished refreshments.

Instead of the regular Men's Bible class meeting at the Sudd Memorial library last Sunday the members motored to the Second Congregational church of Hartford where they heard a very interesting address by Rev. Frederick Allen, pastor of that church.

TO REPORT OF

Service... that Speaks of Experience

ROBERT K. ANDERSON
Funeral Director For

WATKINS BROTHERS, Inc.
Office 5171. House 7494.

IN NEW YORK

It seems that back in the Spanish American War, she knew the famous San Francisco, Edwin Emerson who, that time was one of Theodore Roosevelt's Rough Riders. When the war ended Emerson sent her his Rough Rider hat, filled with these Puerto Rican weeds. Though well as things that must be hunted for and produced at the party.

The day afterward, Marilyn got a note from Louis Bromfield (who had been one of the judges) and Mrs. Bromfield, saying that if she wanted her slippers back, she must come out to their house and hunt for them. "I'll be there?" Marilyn wrote in reply.

Every restaurant and speakeasy in town is planning some original way of celebrating the end of prohibition. One of the most unusual little gestures is that made by the "Entire Noun" in the East Fifties. As you enter the handsome hall-way, red-carpeted stairs wind up both sides to the main entrance and between them is a lovely little stone fountain with a beautiful sculptured figure holding an empty urn. But it won't be empty long! As the first flash comes of the arrival of a peal, a button will be pressed and on will go the water, with spotlights playing. It is even rumored that, for the first night, champagne may pour out of the urn.

That Strong Tea Party The most amusing tea of the week-end was held at the Park Lane by ladies of the press for Anna Louise Strong, managing editor of the Moscow News, only English-printed newspaper in Russia. A nice group of guests gathered about the chattering, waiting. Miss Strong never showed up. Finally one of the girls, with a terrible start, said: "My goodness, do you know that I completely forgot to tell Miss Strong that the tea was this afternoon?"

The Young People's society of Christian Endeavor of Wapping entertained the Christian Endeavor society of East Hartford at the Fed-

eration church last Sunday evening. There were 36 present. The subject was "Young People in the Church." There was a hymn sung and the local society furnished refreshments.

Instead of the regular Men's Bible class meeting at the Sudd Memorial library last Sunday the members motored to the Second Congregational church of Hartford where they heard a very interesting address by Rev. Frederick Allen, pastor of that church.

The Young people gave their play "Love a Carte" at Hebron, Friday evening for the benefit of the Hebron Athletic association.

The weekly choir rehearsal was held Saturday evening at the home of Mrs. Edith Isham. For the next few weeks they expect to be very busy, with the regular weekly anthems, and also with the seven Christmas numbers to be presented by the First-Country Union Chorus of five voices at the Hebron church the last Sunday evening in December. All of the members of the Columbia choir expect to sing with this chorus, and nine of them attended the rehearsal held at Hebron Sunday afternoon.

Several from here went to the Lebanon Congregational church Sunday evening to see motion pictures of the World's Fair, with an address by Prof. Jones of the Connecticut State College.

Severe colds are going the rounds here among the school children, and also among their elders, the extreme unseasonable cold being partly blamed for it.

STAR TO MARRY AGAIN

New York, Nov. 21.—(AP)—Mary McCormick, singer of operas, who was divorced November 14 in Los Angeles from Serge Mdivani, is planning another marriage and life on a Connecticut farm that has "cows and potato patches." Mrs. McCormick said last night she and Harry Bannister, film actor and former husband of Ann Harding of the screen, will be married January 29.

"We are going to live on a Connecticut farm," she said, "with cows and potato patches and things like that. I love to dig potatoes."

SCREEN STAR ILL

Hollywood, Nov. 21.—(AP)—Maureen O'Sullivan, headlined Irish film actress, was reported resting comfortably in a Hollywood hospital today after an emergency operation for acute appendicitis last night.

The distinction of owning and operating the largest system of municipal railroads in the world belongs to Detroit.

TO REPEAT CANTATA FOR THANKSGIVING

"Faith and Praise" to be Repeated by North Methodist Church Choir Next Sunday.

"Faith and Praise," the Thanksgiving cantata, successfully presented last season by the North Methodist church choir, will be repeated by them on Sunday evening, November 28, at the church. The singers were invited to render the cantata in several other churches in this vicinity, and it was well received and enjoyed by all who heard it.

SENSATION CREATED IN HOUSE OF LORDS

(Continued from Page One) weighted with gold braid, medals and decorations, but representatives of the American and other Republics were dressed either in evening dress or regular court attire.

BRITAIN FOR PEACE

London, Nov. 21.—(AP)—King George, in a scene of historic pageantry at the opening of Parliament today, pledged Britain's continued efforts toward a world disarmament agreement through the League of Nations.

"The central purpose of my government in international affairs," His Majesty declared in inaugurating the new session, "is to promote and sustain by every means in their power, peace in the world."

"With this object in view, my government will continue to cooperate with other governments endeavoring to reach a satisfactory solution of the complicated question of disarmament in order to achieve a settlement acceptable to all and to attain fruitful results from the prolonged labors of the disarmament conference."

Queen on Throne Beside the King as the speech was delivered from the throne at Queen Mary. Before them, in a setting of regal splendor, were peers in scarlet and ermine, peeresses in rich crowns and jewels, diplomats resplendent in their formal uniforms.

The royal procession, with their majesties in the golden coach, rolled along the Mall and thence through Whitehall for the ceremonial opening at noon.

There was a drizzle of rain in blue-gray mists as the royal groom, wearing the royal macintosh and a cocked hat, led the procession from Buckingham Palace.

Economic Situation "My government," continued His Majesty in a discussion of international relations, "will remain determined to uphold the work of international cooperation by collective action through the machinery of the League of Nations and in all other ways calculated to further good relations between all states and all peoples."

Dealing with Britain's economic situation, the King said: "The past year has been marked by a steady growth of confidence in the future prospects of British trade and industry."

"In the opinion of my government, it is of the first importance that this confidence should be maintained and increased, since it lies at the root of any lasting improvement in the conditions of the country."

"By careful attention to sound principles both in the control of expenditures and through measures calculated to encourage, my ministers will endeavor to promote a return of the nation step by step to conditions which will permit easing present burdens."

"My ministers will continue their efforts to create favorable conditions for export trade, especially by the negotiation of trade agreements."

"In this way it is hoped that opportunities will be afforded for the development of cotton, coal and exporting trades."

Lady Astor Nearby. One of those near McGovern as he protested was Lady Astor, American-born peeress, who attempted to quiet him, and urged him to cease his remarks inside the Chamber of Lords.

He was standing beside Mr. McGovern," said Lady Astor, "and saw her appeared to be considerably perturbed. When he burst out, I tried to restrain him."

5,000 ARE PRESENT AT SUB LAUNCHING

(Continued from Page One) tain was formerly in command of the submarine base.

Representatives from the Portsmouth Navy Yard, where the U. S. S. Cashelet, sister ship of the gresesed boat, were built, were headed by Rear Admiral C. S. Kemp, the commandant of the yard.

It was 11:55 o'clock when workmen sawed through restraining blocks and the Cuttlefish slid swiftly and silently down the greased ways. She took the water with a graceful plunge and moved steadily out into the harbor, as Coast Guard patrol boats and small craft swarmed around. Navy officers and enlisted men aboard the craft stood at attention as she went down the ways.

Whistles aboard the submarine, on other boats and at the plant, shrieked an accompaniment to the Cuttlefish's first dip into the water, and when she had levelled off in the harbor the tug Aquidneck went out to take her in tow to a wharf at the ship yard.

The Cuttlefish was bedecked with pennants and her new gray and red paint gleamed brightly. The careful workmanship which went into her construction was clearly evident as she stood in her cradle prior to the launching.

Before she was sent away, Divine blessing was invoked by Lieutenant Commander Reuben W. Shrum, U. S. N., chaplain at the Coast Guard Academy.

ELY TO VISIT SMITH New York, Nov. 21.—(AP)—Governor Joseph E. Ely of Massachusetts expected to see former Governor Alfred E. Smith today.

"It will be a personal call," he said. In an address last night before the New York State Economic Council, Governor Ely said that "every agency of the Federal government seems devoted to the spending of money."

length picture of Joseph Stalin, secretary of the Communist party, while he talked to the American newspapermen. The picture occupied a large space on one section of the wall.

On the same wall was a large map intersected with red and blue lines, charting the plans for foreign trade and transport of the second five-year plan—the two subjects with which Troyanovsky deals mainly as vice-chairman of the planning commission.

The new ambassador is a man of engaging personality, whose general manner of quiet dignity often is broken by an infectious, cordial laugh.

Oriental Appearance. A man of slightly less than average height, his swarthy complexion gives his features a suggestion of Oriental appearance accentuated by bushy, black eyebrows and thinning black hair, grey at the temples. His mustache is small and closely clipped. He wears well cut clothes of obviously foreign make.

Troyanovsky confessed a weakness for contract bridge, chess and tennis, but he has never tried to play golf. He does not like poker. He never smokes.

He said that he expects to leave for Washington in a few weeks but that he will see Maxim Litvinoff, commissar for foreign affairs who is now in Washington before he goes.

"My job," said Troyanovsky, "will be to continue the work Mr. Litvinoff started trying to promote mutual understanding and friendship and to develop economical and cultural relations between the Union of Soviet Socialist Republics and the United States of America."

Trade Problems. "Naturally, the question of trade is one of the most important before us and I hope our economic contact with America now will be much larger than ever before."

This man, who for five years was the ambassador to Tokyo, professed to be more optimistic than most people on the question of the Far East, declaring that recognition by the United States was a good augury for the stabilization of the world and peace.

Answering all interrogations in English, which he learned in Tokyo, Troyanovsky whimsically said that he did not know when he was asked if his wife would accompany him to Washington.

"You see," he explained, smiling, "she is torn between her husband and her son. My boy is 14 years old, but he still has got to learn Russian and the possibilities are that I may have to leave him here in school for a while."

"He speaks and knows English better than Russian because that is what was taught him in Tokyo schools. Now we feel we had better give him a chance to learn his own language properly."

MISS PIESCIK PLANS TO START ART CLUB

All Interested in Drawing or Sketching Invited to Enroll in New Group.

Miss Josephine Piescik, of 56 School street, announces on the theatrical page today the formation of an art club in town, which she hopes will interest both children and grownups adept in drawing, sketching and illustrating. Miss Piescik has held summer classes heretofore with good success, and by training and experience is well qualified to teach these subjects.

She has just returned from a visit to New York where she attended the Polish Art Exhibition and renewed friendship with one of her teachers at Warsaw Academy, Poland, where she studied last season. Miss Marya Werten, the instructor in question, directed her attention to the fact that in the exhibition were drawings by herself and her classmate, Miss Erskine, daughter of the British ambassador to Poland.

Miss Piescik states that the collection which was arranged in the

Brooklyn museum embraced a colorful group of peasant costumes, intricate examples of wood-carving, rug-making, graphic art and oil paintings, an eight-ton shipment in fact. Thousands of people were attracted to it.

had a last minute check up on affairs. An appeal from Decatur, Alabama, last night by Samuel S. Lebowitz, chief of counsel for the negro defendants in the "Scottboro case" was referred to Governor Miller of Alabama.

Mr. Roosevelt in a formal statement remarked the chief executive of the United States could not interfere with the jurisdiction of state courts. Mr. Early referred the telegram to Governor Miller.

Floating islands on the Mississippi and other rivers are portions of land held together by roots; the roots furnish the buoyancy.

CONFUSION ENDED ON BRAN

New Ruling Corrects All Labels

To protect the buying public, the United States Food and Drug Administration has advised that every package of cereal labeled "Bran" state on the label exactly what it contains.

Before this ruling, even part-bran products were sometimes mistakenly referred to as "Bran." It was not easy for the purchaser to distinguish between a cereal that was entirely bran, or all bran with flavoring, and another that was mostly wheat.

Kellogg's ALL-BRAN is labeled "ALL-BRAN Deliciously Flavored with Malt, Sugar and Salt," a statement which describes the product fairly and honestly.

Kellogg's ALL-BRAN has won millions of friends because it corrects most types of common constipation safely and pleasantly. It furnishes generous "bulk"—needed to promote normal elimination.

However, ALL-BRAN is not a "cure-all." Certain types of intestinal disorders should be treated only on a physician's advice.

When you buy a bran cereal, for the relief of constipation, read the wording on the package. The facts are there! Make sure by asking for Kellogg's ALL-BRAN. It furnishes "bulk" in concentrated form for satisfactory results.

At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

SALVATION ARMY BAND GETS 'TREAT' TONIGHT

Three Local Concerns to Give Refreshments Bandsmen Didn't Get During Summer.

At its regular meeting tonight, the Salvation Army Band will be treated to refreshments by three local concerns in appreciation of the Band's cooperation in presenting a series of band concerts at Center Park this summer under the auspices of the Chamber of Commerce.

The band was usually given refreshments after each concert but this, due to the cold weather.

The Manchester Dairy will furnish ice cream, The Tea Room will provide sandwiches and coffee and Mohr's Bakery will give pastry. The meeting will be held at the Salvation Army citadel.

EMERGENCY DOCTORS

Doctor E. C. Higgins, telephone 4648 and Dr. Le Verne Holmes, 7451 are the physicians who will respond to emergency calls tomorrow afternoon.

ABOUT TOWN

The Gleasons' Circle of the Wesleyan Guild will meet with Mrs. N. S. Cutler, 210 Keeney street, this evening at 7:30.

The regular meeting of Linne Lodge, Knights of Pythias, scheduled for tomorrow evening, has been postponed until Wednesday, November 22, at which time drawing on a turkey, two chickens, two rabbits and \$2.50 in cash will be held.

The Manchester Camp Fire Girls will hold their regular meeting today at 7:30 at the home of E. V. Woodward, of 421 Hollister street.

An improvement was noted today in the condition of Dr. David M. Caldwell, who has been seriously ill of pneumonia at his home.

St. Mary's Ladies Guild will hold its regular meeting Thursday afternoon in the Guild room.

The second sitting of the British-American Club setback tournament will be held tonight at 8 o'clock at the clubrooms.

Norman A. Roath, registered pharmacist, is now in charge of the prescription department of the Murphy drug store on Depot Square.

Maurice Ferris, in charge of the unemployed republic bureau at the old Knox homestead on Center street, said that at 2 o'clock this afternoon the total number of men enrolled was 321, of which 98 were new and 223 old.

"LITTLE WOMEN" PREMIERE HERE

Katherine Hepburn's New Picture to Have First N. E. Showing at State.

Signal honor has been conferred upon Manchester by reason of its selection by the distributors of the new motion picture play, "Little Women," adopted from the famous book of that name by Louisa May Alcott, as the town in which the New England premiere of the picture will be shown.

The premiere program will start at 6:30 o'clock on the evening of November 29, the night before Thanksgiving.

The premiere program will start at 6:30 o'clock on the evening of November 29, the night before Thanksgiving.

WOULD ABOLISH CONGRESS. Elytheville, Ark., Nov. 21.—(AP)—Clinton Caldwell, retired lawyer and planter, wants to go to Congress so he can work to abolish it.

Under his plans, the President would be subject to "suspension" by a vote of a majority of the 48 governors, who would then call a special National election to pick a successor.

Byron did not conceive the story of Atalanta's race; it is contained in Greek mythology and mentioned by Ovid in his Metamorphoses.

MURDER VICTIM NOT IDENTIFIED; FIND NO CLUES

(Continued from Page One)

tracted attention before they made a clean getaway. At the morgue a cursory examination of the body was made by Dr. C. Percival Bard, of Stafford Springs, medical examiner for that community.

Suspicious Not Aroused Mrs. Anna Molinsky, mother of Tony, who lives about 100 yards from the death scene, said she retired at 8:30 o'clock Sunday night but was not awakened by the sound of the death car.

Ready to automobiles use the road from which the body was pitched into the ditch, according to Mrs. Molinsky.

Necktie Bought in New York There was no identifying mark on the black, but the necktie of a New York retailer, the State Police said.

Everything pointed to the fact that the man was attacked with savage fury. In addition to the knife wounds and the fracture of the skull, the murderer had battered the head almost beyond recognition with some kind of a heavy instrument.

Although the State Police were at first inclined to believe the murdered man was a racketeer who had been taken for a one way ride by rival gangsters, the theory that jealousy involving a woman has not been discarded as a motive.

Only a maniac or one crazed by jealousy or some other real or fancied wrong would have vented his spite or taken revenge in such a bloodthirsty manner, the police report.

Murdered Man and Youth Who Found Body

Here is photograph of Somers murder victim which is being broadcast by police in effort to establish identity. Right above is Anthony Molinsky, Somers youth who discovered body just off Hall Hill road yesterday noon. Police said today they are "virtually up against a stonewall" in their investigation of the case.

executed elsewhere and the body brought in an automobile to Somers for disposal.

Near East Longmeadow The Springfield highway leads into the center of East Longmeadow, which has a large Italian population.

The sheer brutality of the murder gave rise to the possibility, investigators said, that the man was chosen by liquor gangsters or narcotic racketeers as an "object lesson."

Take Fingerprints Deputy Chief John H. Fleming, Lieutenant Raymond P. Gallagher and Sergeant John P. Cleary of the Springfield police department viewed the body in the morgue last night.

The State Police said the murderer purposely placed the body where it would be easily seen. If the killer wanted to hide the body, he could have dragged it about 50 feet further, over a pasture, and deposited it in a thicket of underbrush and small trees.

Not Dead Long When young Molinsky made his gruesome find warm blood still was spurting from the numerous knife wounds, which indicated that the victim could not have been dead very long.

Paris, Nov. 21.—(AP)—Former Premier Edouard Herriot, back once more in the political ring, received an ovation today upon entering the chamber of deputies for the first time since his illness.

Herriot, premier of France three times, was overthrown last December 14. In September he became seriously ill and for a time his life was despaired of.

INFORMATION TO PRESS BARRED BY MORGENTHAU

(Continued from Page One)

The Treasury Department shall be under the general control and direction of Mr. Herman Oliphant, general counsel to the secretary.

(3) All administrative matters, including personnel and budget, shall be handled by Mr. William H. McReynolds, administrative assistant to the secretary.

"H. MORGENTHAU, JR., Acting Secretary of the Treasury." Meanwhile, the ban against Treasury personnel giving out information to newspapers today caused the Internal Revenue Bureau to bar reporters from a conference there to which they had been invited by south n Congressmen.

The members of Congress, who had gone to the bureau to protest against levying the corn processing tax against small grist mills in the south which take a "toll" for payment for grinding the grain, held their conference behind closed doors.

Internal revenue officials said they were compelled to bar the newspapermen by Morgenthau's order.

Reporters Protest Newspaper correspondents who cover the Treasury regularly telegraphed President Roosevelt at Warm Springs protesting the restrictions imposed by Morgenthau and asserting that in their opinion relations between the Treasury and the press had been "seriously impaired."

The telegram follows: "The members of the Treasury Department, and representing the Treasury correspondents Association formally protest against the rigid restrictions imposed by Mr. Morgenthau which prohibit any Treasury official, with the exception of the acting secretary and his public relations representative, from giving any information of any character to newspapermen."

"The acting secretary's order includes factual or statistical information ordinarily available to the press through under-officials. All information must be obtained through the press representative, naturally causing considerable delay."

"It is our belief that the good-will between the Treasury and the press, built up in the last 15 years, has been seriously impaired by Mr. Morgenthau's action. Furthermore, we feel that the assistant secretaries and experts who have been available for information in the past have the interest of the administration and Treasury at heart and certainly can be relied upon to disclose no information of harmful character."

CALL WILLIAM FOX TO MARKET PROBE

(Continued from Page One)

mand Pecora, banking committee counsel, announced that William Fox, noted movie executive, had been subpoenaed to appear Thursday to testify about the loss of his vast holdings to General Theater Equipment, a giant holding company.

Murray Dodge, former vice president of the Chase Securities Corporation, testified a bankers group bought 350,000 shares of common stock for \$20 a share and sold them to the public within a few weeks at \$32.

The stock was bought he said, by a group composed of Pynchon and Company, West and Company, W. S. Hammons and Company, Halsey-Stuart, Chase Securities Corporation and Shermar Corporation, the latter the personal company of Albert H. Wiggin, the president of the Chase bank.

FINDS FIRE STARTING IN PALATIAL HOME

E. J. Holl Arrives at Bolton Residence Just in Time—Local Fire Company Helps.

Upon returning to his home in Bolton at midnight Sunday, Edward J. Holl found the living room of his palatial lake home filled with smoke, fire having eaten its way from the fireplace into the supporting timbers of the fireplace arch.

Mr. Holl tried to extinguish the blaze but was unsuccessful and was forced to call Chief Foy of the South Manchester Fire Department who responded with chemical tanks and succeeded in extinguishing the fire. Damage which was confined to the fireplace timbers was about \$300, Mr. Holl said, which is covered by insurance.

HORAN IS APPOINTED CHIEF HOME APPRAISER

Waterbury, Nov. 21.—(AP)—George B. Horan of Waterbury, who has been chief appraiser for the Waterbury district of the Home Owners' Loan Corporation, since the office was established here in August, was today notified of his appointment as chief appraiser for the state of Connecticut.

Mr. Horan's appointment was announced by Peter M. Kennedy, state manager of the Federal Corporation, with headquarters in New Haven.

Mr. Horan's policy has been one of very conservative appraisals, and has resulted in great reductions in many mortgages by compromise with mortgagees. He holds that many homes are overvalued with debt, beyond the true value of the property and it is his opinion that the sooner these debts are written down to a proper figure, the better for all concerned, including the Federal Corporation in issuing the bonds. It is stated that his policy will be adopted as the official policy of the Home Owners' Loan Corporation throughout Connecticut.

Suffered 30 Years With PILES

Now Is Well—Read Every Word. Read what this Buffalo man writes: "Have been troubled with bleeding and protruding piles for 30 years—was about to go to hospital when a friend told me about Hem-Roid. After the first week's treatment I have no signs of piles and feel like a different person."

Hem-Roid is the prescription of Dr. J. S. Leonhardt and is such a wonderful one that thousands who once suffered agony and distress are now free from torturing piles. You can get Hem-Roid tablets at J. W. Hale Co. Drug Dept. or any live druggist and if not joyfully satisfied with the help one bottle gives you—money back.

TRUCKING CODE ENDS TROUBLES
At Least That Is the Opinion of Head of Motor Truck Association.

Everett J. Arbour, chairman of the board of directors of the Motor Truck Association of Connecticut, Inc., who attended the code hearings in Washington, a member of the Central Committee of the American Trucking Associations, Inc., visions the end of labor troubles with equal basis for all New England truck owners through a regional control plan of trucking. The code in its present form will reduce labor differences and facilitate, greatly, settlement of disputes in the industry by outlining an exact procedure to be followed.

Immediately after the hearing was concluded Mr. Arbour declared "Now everything and every trucker will be on the same basis; as a result, operators can concede many things which it was impossible to concede before."

Praises Delegates
Mr. Arbour lauded the delegation from Connecticut to the code hearing and delegates from other New England states for "cleaning their own dirty linen and not hauling it out at the hearing."

"The first big step has been taken in stabilizing the trucking industry once and for all," said Mr. Arbour, who is heartily in favor of the code as presented. The code is in the main entirely satisfactory to me and my associates in Connecticut and Massachusetts. Under this code the industry will have an opportunity to clean house. A lot of cleaning has been done just by working together on a code. A great deal more will be done under the code," he stated.

The individual New England states will be exactly on the same level under the code, pointed out Mr. Arbour, explaining that truck operators in New England had agreed that the creation of a regional authority for this section is entirely acceptable. With the adoption of the code, the New England region will be administered by a code authority made up of three members selected by the government and four more elected by the members of the industry. Boston will be the only exception provided the city declares to take advantage of a provision in the code containing special regulations regarding a metropolitan area. Boston truckers do not, at the present time, stated Mr. Arbour, feel that such special regulations are necessary. Where necessary regional code authority of four members will be set up.

Dairy truckers, tobacco truckers, coal truckers, movers, dump truck operators, and others, are privileged to set up special rules and regulations of their own, under the general provisions of the code by virtue of an amendment sponsored by Mr. Arbour and immediately incorporated in the code. Under the code it will be compulsory for all truck operators with no exception to register within 3 days after its adoption. Mr. Arbour presented the amendment in behalf of the American Trucking Association.

TWO YOUTHS HOLD UP BACK BAY RESTAURANT

Boston, Nov. 21.—(AP)—A hold-up at Child's Old France restaurant in the Back Bay section today sent police on a search for two 18-year-old youths.

The youths, armed with revolvers, held up the manager and cashier at the restaurant shortly before midnight last night while more than 100 late diners sat at their tables unaware of what was taking place. The robbers escaped with \$50 in cash.

Richard Simmons was being relieved by Harry Reeves, late night cashier, as the hold-up men entered. The cashiers were standing at the left of the entrance with R. Keith Carpenter, manager of the restaurant.

Reeves had just placed \$175 in a safe below the counter. There was \$50 in cash in the cash drawer.

The first of the youths to enter carried a nickel-plated revolver. He ordered the men to stand quietly as his companion came in the entrance. As Carpenter reached for the first man's wrist, the second of the hold-up pair pulled a long-barreled blue revolver and struck the manager. Then, they scooped the money from the cash drawer and ran.

The manager, the head waiter and the cashiers chased the youths out the door but lost them as they dodged into an alleyway a short distance up the street.

MRS. KATHERINE COUGHLIN DEAD

Stamford, Nov. 21.—(AP)—Mrs. Katherine Maher Coughlin, wife of James L. Coughlin, a New York businessman, died in Norwich yesterday after a lingering illness. Mrs. Coughlin was a native of Norwich, and lived there for a number of years. She also resided in Fall River, Mass., moving to Stamford from that city in 1925. Her husband and six children survive. Mrs. Coughlin was a member of the Catholic Benevolent League.

The funeral will be held from the home of Mrs. William Coughlin, Norwich, Wednesday morning and requiem mass will be celebrated in St. Mary's R. C. church at 10 o'clock.

DR. EINSTEIN TO PLAY AT PUBLIC CONCERT

Famous Scientist to Take Part in Benefit for Persons Driven Out of Germany.

New York, Nov. 21.—(AP)—Dr. Albert Einstein, who has been reticent since coming to America as guest professor at Princeton University, will let his violin speak for him at a public concert here December 15.

The concert, to be held in the grand ballroom of the Waldorf Astoria, with tickets selling probably at \$25 each, is a benefit for persons driven into exile by the Hitler government of Germany. Dr. Einstein himself has suffered confiscation of his property in Germany.

The tentative program for the concert lists Toscha Seidel as first violin; Dr. Einstein, second violin; Leon Barzin, viola, and Ossip Glinkin, cello. Seidel and Dr. Einstein are to play a double concerto by Bach.

TOLLAND

Mr. and Mrs. A. Ward Spaulding of Suffield were guests Friday last at the home of Mr. and Mrs. Lathrop O. West.

The regular meeting of Tolland Grange will be held Tuesday evening at the Community House.

A business meeting of the Tolland Federated church committee was held at the parsonage Monday evening.

The third of a series of the Union Young People's Rally meetings was held at the Federated church Sunday evening when 220 people were present and listened to a most interesting service.

The speaker was Rev. Claude Allen McKay, pastor of the Faith Congregational church in Springfield, Mass. His subject ably presented was, "Building Up and Breaking Down Walls." The Gideon quartet of Hartford rendered several selections and Mrs. Libby Meyers Cranford of East Hartford the soloist.

A son George William was born November 2 to Otto and Mary Luce Barn of Mile Hill Road, Tolland. The November meeting of the Men's Community Club will be held in the social rooms of the Federated church at 8 o'clock Friday evening, November 24. The speaker will be Tilford W. Cox, 4-H club leader of Tolland county. Mr. Cox will speak on Boys' 4-H Club and will show moving pictures of his work. This lecture will be followed by a social hour. Refreshments will be served. The committee of arrangements are John H. Steele, Charles Leonard, Preston Meacham and I. Tilder Jewett.

There will be a dance at Chesio Ballroom Friday evening, November 24 for the benefit of the Tolland Fire Department, Inc. Four turkeys and four roasting chickens will be given away.

Mr. and Mrs. Abial Metcalf have been spending several days with Mr. and Mrs. Leslie Metcalf in Syracuse, N. Y.

Mr. and Mrs. Ivan Wilcox of Merrow were recent guests of relatives at Snipst. Lake.

Deaths Last Night

Chicago—Mrs. Mary Fogarty Walsh, one of the early exponents of the cake walk, a popular dance 30 years ago.

London—Mrs. Louise Jopling-Rowe, 90, a friend of the late King Edward and known as the first woman in England to smoke a cigarette.

Portland, Ore.—Dr. Howard D. Haskin, 62, professor of biochemistry at the University of Oregon Medical School here, and author of several medical books.

Men of Troy to Meet Ramblers--For What?

By ERSKINE JOHNSON
NEA Service Staff Correspondent

Los Angeles, Nov. 21.—The Irish Ramblers aren't rambling and the Trojan warhorse is an old gray mare who "ain't what she used to be." Which, brother football fanatics, is just another way of saying that the two teams which meet at South Bend Saturday, Nov. 26, aren't the same Notre Dame and Southern California teams we used to see.

For the first time since their inaugural and historic meeting, back in 1926, little or no significance can be attached to this year's annual clash. Formerly THE game of the year, with the national title usually at stake, the Trojan-Irish 1933 encounter is just another contest.

Under the leadership of Hunk Anderson, the Fighting Irish have gone from had to worse this year. Meanwhile, Coach Howard Jones' Trojans, 1931-32 national champs, have been crowded out of the running after a winning streak of 28 games.

Oddly enough, Notre Dame's poor showing so far this year is history repeating itself. In 1928 the Irish went through a season described as disastrous when they lost four games while winning five. In 1929, however, Notre Dame came back, defeated the four teams

it had lost to in 1928, won the rest of its games and brought home a national title. The teams it defeated included Carnegie Tech, Georgia Tech, Southern California and Wisconsin, who had taken the measure of the Irish in 1928.

While Notre Dame was losing its fourth straight game to Purdue, the Trojan warhorse was lassoed and branded by Stanford. The Indians sneaked down from their Palo Alto base and scalped El Trojano to the tune of a touchdown and two field goals. And to make matters even worse, the Indians crossed the goal stripe through the Trojan line, something which hadn't been done for nearly three years. Previously, eleven "Iron Men" from Oregon State held U. S. C. to a scoreless tie in one of the real upsets of the year.

All this brings us back to the coming Trojan-Irish game. Both outfits will be fighting to regain prestige lost during an erratic season.

But the title will be far from a gridiron affair. It will be a hollow victory if the Trojans, already heavy favorites, win, even if the victory does tie the Trojan-Irish series at four each.

On the other hand, if Notre Dame emerges on the long end of the score it will be the BIG upset of the year.

Two Gridiron Classics On Eastern Slate

HIGH STEPPERS IN SATURDAY'S GRID HEADLINERS

Army-Navy; Notre Dame-Southern California; Harvard-Yale; Georgia-Georgia Tech! That's just about the best bill of fare hand-ed grid fans so far this season. Here are five backs who are expected to furnish fireworks in these games—left, "Cotton" Warbur-can buck the line and run the ends and tackles, he can put and drop-kick, he can pass and, last but by no means least, he's one of the best blocking backs in the south.

NAVY FACES ARMY, YALE AT HARVARD

EAGLES TO OPPOSE PRISON GRID TEAM

Travel to Wethersfield Sunday to Meet Trojans; Can Bring Fans Along.

The Eagles football team will journey to Wethersfield Sunday to play the Connecticut State Prison Trojans at the State Prison. The local eleven was the only team to defeat the prisoners last season, by a score of 7-0.

Cadets Favored to Beat Mid-dies in Service Dual at Franklin Field, Pa.; Blue and Crimson Tangle in 52d Meeting at Cambridge This Saturday.

By HERBERT W. BARKER
The service dual at Franklin field, brings Army and Navy together in a regularly scheduled encounter for the first time since 1927 and their famous break-over eligibility rules. After a lapse of two years, the schools buried the hatchet to the extent of playing chess games in 1930-31-32 paying the way for the announcement in August last year that an agreement had been reached and that Army and Navy would resume athletic relations in all sports.

SORRELL OF RED WINGS LEADS HOCKEY SCORERS

Has Tallied Six Goals to Date; Detroit Also Places Five Men in First Six by Making 15 Goals in First Five Games.

The Associated Press 1933 All-America football scores, chosen by Allen Gull, sports editor, and expert observers throughout the country, will be announced.

Saturday, December 2

Special article by Mr. Gull, analyzing the selections, features and pictures.

THE HERALD

Herald a week ago they decided not to take any chances of losing to us. From Saturday's Herald may we quote a portion of an article which appeared on the sport page. Quote: "Fennis Callis, a 128 pound back, and when he hits 'em he hits 'em hard." This is just another one of those funny sayings. If Callis ever hit a line made up in part by Muscho and Illivano, he would never hit that line again.

If that line again. The previously made challenge to play the Thunderbolts, the latter team will claim the juvenile championship of Manchester. We have a number of competent referees who would be willing to referee the series.

THE THUNDERBOLTS.

PAWNEES HAVE CRUST
Sports Editor:
In looking in The Herald last night the Baldwin A. C.'s noticed a particular article in the Sport Chat-ter. It read: Game between the Baldwins and Pawnees called off on account of the condition of Mt. Nebu, Sunday morning.

Listen Pawnees, the Baldwins had about eighteen players on the field eager to play while the Pawnees had eight players. For two Sun-days the Pawnees have failed to play the Baldwins on account of a little snow. The Baldwins are claiming Sunday's game by forfeit but will play the Pawnees another game next Sunday morning, rain, snow, fog, sleet or a sunny day.

Can't the Pawnees take it? If you can, show up next Sunday at 10:30.

BAIRDWIN, A. C.

BOWLING

Y LEAGUE RESULTS

The Bon Ami got nothing better than an even break in the Y bowling league last night, splitting four points with Brunner's Market, while Mers' Goodyears took three points from Gibson's Garage. Kaminsky hit high single of 140 and high three string of 386 in the first match, while Twarntie hit high single of 141 and high three string of 378 in the second match.

Here's Your Big Chance To Coach a "Buff'ler"

Arizona to Choose Six Persons for Only Buffalo Hunt in the World; Must Buy License to Be Eligible for Round-Up.

By the Associated Press.
University, Va.—Tommy Johnson, Virginia backfield ace, is a handy sort of a fellow to have around. He can buck the line and run the ends and tackles, he can put and drop-kick, he can pass and, last but by no means least, he's one of the best blocking backs in the south.

Baton Rouge, La.—If you like a strong defensive team you might consider Louisiana State where Bill Jones, former Army coach, is head mentor. The Tigers permitted the opposition only 28 first downs in their first six games. And the opposition included Rice, Arkansas, Vanderbilt, Centenary, South Carolina and Millsaps.

Cambridge, Mass.—If Yale and Harvard should parade to battle to a tie this week it'll probably be a real treat to the local fans. The Eagles were not allowed to bring a following last year and they are this game only through special permission of the prison officials. The fans will have to go through the main part of the prison in order to reach the athletic field. The Manchester crowd will be seated in bleachers on the east side of the gridiron with the convicts on the west and north ends of the field.

Team Has Passes
The State Prison has a band which will parade up and down the field before the game, led by a bulldog "Buddy," their mascot. "Buddy" has a special blanket, made for him by the prisoners, which he wears at all big games. On this Thursday at noon. No ladies are allowed at the prison. A large crowd is expected to go from Manchester. All persons having passes will have to be at the prison at 1:15 p. m. sharp.

Many of the local fans will wonder why Eddie Dwyer has booked this game for Sunday. Dwyer gave that he had the town series games set for November 13 and 19, and the 30th, being Thanksgiving day. The West Sides cancelled the first game November 12, due to a snow storm and were defeated the 19th by the Eagles. The second game of the series will be played at Hickey's Grove Thanksgiving day (Thursday) at noon. Manager Dwyer admitted he refused to postpone the prison game for the town series. Dwyer said he had the prison game all set, before the series was brought up.

The Eagles will practice tonight at the rear of the Bon Ami plant. All members must be present.

Hamilton, N. Y.—It turned out all right but a snowball might have cost Colgate a touchdown and a possible victory over Syracuse last week. Syracuse was leading, 3-0, in the fourth quarter and Colgate had the ball on the Orange six yard line. As Glen Peters, Colgate center, bent over to pass a spigot threw an icy snowball which struck Peters' left arm and showered his face with a blinding spray of snow. He made a bad pass but Ike Kern recovered for Colgate. The Red Raiders scored their touchdown on the next play.

Chicago—Jackie Sharkey, Minneapolis, outpointed Harry Booker, Chicago, 8.

Fort Worth, Texas—Tommy Freeman, Hot Springs, Ark., outpointed Duke Trammel, Fortworth, Texas, 10.

Holyoke, Mass.—Frankie Carleton, Jersey City, outpointed Jackie Davis, Cleveland, 19.

Boston—Edward "Unknown" Winston, Hartford, outpointed Dick Madden, Boston, 12.

Beaumont, Texas—Manuel Quinte, Tampa, Fla., outpointed Tommy White, Texas City, 10.

Chicago—Jackie Sharkey, Minneapolis, outpointed Harry Booker, Chicago, 8.

Basketball

CUBS DEFEAT WEST HAVEN

The Cubs basketball team of the Manchester Y. M. C. A. took the fast West Haven junior champs into camp by the score of 39 to 28. West Haven team started the game so fast the Cubs didn't know what to do. At the end of the first half the score was 15 to 11 in favor of West Haven.

In the third quarter the Cubs started to click and brought the score up. With three minutes to play in the final quarter Custer sank his lone foul shot that put the Cubs ahead by one point and then Brasaukas came through and sank a neat scorer shot which put an end to the scoring in the game.

Although the game was very fast it was also very rough. Greer, stomach and was taken out of the game. The outstanding players for the Cubs were Custer and Brasaukas while Armour, West Haven's big center, showed his talent at sinking long shots when they needed them. Although both teams played a very good brand of basketball, the Cubs had a much better bunch of basketball players. The score:

Sport Forum

ARE TROJANS AFRAID?

Sports Editor:
It seems to the members of the Thunderbolt football team that the East Side Trojans are to play the Hilltops of the North End because they are afraid of us. Their only available excuse for not wanting to play us is to say that we have players over the age of 14. This is not true. If you don't take our word for it, bring us the information on which you base such a statement and we will prove that it is false. All players on the Thunderbolt team are 14 years of age or under. We have defeated the Hollywood Eagles 36-6 and the East Side Trojans are made up practically of members of the former team.

Avery Brundage Remains As President of A. A. U.

Pittsburgh, Nov. 21.—(AP)—The Amateur Athletic Union, facing what may prove to be the most critical year of its history, today called on Avery Brundage of Chicago to remain as President for another term. He accepted. Brundage had planned to retire after holding the post since 1929 but the acting president of the union, in voting to withhold its team from the 1936 Olympiad at Berlin unless Germany removes its restrictions on Jewish athletes raised a contentious international question which he felt he should aid in solving.

Wrestling

By ASSOCIATED PRESS

New York—Jim Browning, Verone, Mo., threw Gus Sonnenberg, Boston.

Camden, N. J.—George Zaharias, Pueblo, Colo., defeated Dick Raines, Texas, two falls to one.

Dr. D. A. Penick, veteran faculty member and tennis coach at the University of Texas, rides a bicycle about the campus.

Tom Ottey Captures IC4A Cross Country Title Run

New York, Nov. 21.—(AP)—Another young man has come out of the west to take the I.C.A.A.A. cross country title out beyond the Alleghenies for the second time in the 34 year history of the six miles chase.

He is 28 years old Tom Ottey, lanky blonde from Ardmore, Pa., who outstepped a field of 118 in the classic yesterday and paved the way for his school, Michigan State, to capture the team championship which never had gotten farther west than Pittsburgh before.

5,000-MEN IN STATE

OFF RELIEF ROLLS

Others Will Be Put to Work as Soon as Local Projects Are Approved.

Hartford, Nov. 21.—(AP)—The civil works administration for Connecticut expected to announce today the appointments of civil works chairmen in every city and town of the state with populations of at least 10,000. Miss Eleanor H. Little, executive director, said today. In the smaller towns, she declared the First Selectmen will serve in this capacity.

While quotas are being prepared for every community in order that 50 per cent of the state's quota of 35,000 may be absorbed from "work relief," July 5,000 able-bodied persons heretofore on "work relief" are now on the Federal pay roll under the civil works program.

Disbursing officers who will handle the Federal funds are, to be nominated soon by the state body. These, Miss Little said, will consist of the town treasurers in the towns and the comptrollers in the cities. In the smaller communities where there are "work relief" organizations, the persons in charge of the pay rolls will be named disbursing officers.

SEARCH FOR GANG THAT ROBBED BANK

Racine, Wis., Nov. 21.—(AP)—A widespread search was underway today for five bank robbers who fled from an unannounced amount of money from the American Bank and Trust Company after abducting three persons and wounding two others in a machine gun battle.

The five men entered the bank late yesterday, and sprayed bullets over the heads of persons in the street. They fired from a machine gun inside the bank. Wilbur Hansen, a police sergeant and Harold Graham, cashier of the bank, were wounded but are expected to recover.

Bank officials declined to reveal the amount of the loot. Estimates of the loss ranged from \$10,000 to \$50,000. It was covered by insurance.

DOMESTIC GOLD PRICE IS INCREASED AGAIN

Washington, Nov. 21.—(AP)—The administration again sent the domestic gold price upward today but it still remained at a point below world quotations.

A price of \$33.76 an ounce was established for RFC purchases of gold newly-mined in the United States and its territories, as compared with \$33.66 yesterday.

Meanwhile, the price of gold at the market for early a week the domestic price was permitted to remain unchanged at \$33.56, the administration yesterday resumed advancing it by easy stages.

LADY FAIRHAVEN IN U. S. FOR AN INDEFINITE VISIT

New York, Nov. 21.—(AP)—Lady Fairhaven, American born peeress, arrived from England today aboard the liner Mauretania for an indefinite visit in the United States, her first here since 1929.

The former Clara Leland Rogers, granddaughter of the late Henry Huddleston Rogers of Standard Oil riches, was said by her secretary to be too sick to see reporters. On crossing, her secretary said, was rough.

At some time during her visit, it is expected Lady Fairhaven will go to her old home of Fairhaven, Mass., the name of which she adopted for the peerage when the title was conferred upon her in 1929.

Her husband, the late Urvan H. Broughton, British railroad and financial leader, died two weeks before official elevation to the peerage and the title went to his widow.

DESPONDENT, KILLS SELF

Middletown, Nov. 21.—(AP)—On the even of an operation, Rufus A. Jones, 54, superintendent of mails at Middletown post office for more than 10 years, died at his home here late yesterday of a self-inflicted bullet wound.

Members of his family who found him lying in the bathroom, said Jones had been in ill health for some time. Friends said that it became apparent recently that Jones was despondent over his illness.

His survivors are his widow, his mother, one son and all of his city; a sister of Bloomfield, N. Y., and a brother of Brooklyn, N. Y.

Woman with \$40,000 in cash and securities was found wandering in a daze in New York. Probably from trying to find a safe place to put

Queer Twists

In Day's News

Los Angeles—J. O. Brooks, range master at the police pistol target range here, often wondered "what effect a bullet would have on a policeman's nerve." He found out. A stray bullet pierced his thigh and while he was waiting for the ambulance he tried out his aim, making a score of 49 out of a possible 50.

San Francisco—Things were a bit vice-versa in the Superior Court where Judge Walter Perry Johnson presided. It was the judge's turn to say "you see it was this way."

Pittsburgh—People began to wonder what was becoming of Pittsburgh's pigeons, the birds which eat the pigeons' seed out in front of the court house.

So Ray Sprigle, Allegheny county property and supplies director, looked into the matter and found somebody was breaking screens and windows in the court house tower.

The pigeons flew in through the windows and were captured—and killed—by the window breaking "hunters." So Sprigle has declared a "closed season" on pigeons—spending \$1,200 for new windows and screens and posting a guard to protect the birds.

Washington—Charles Swindler, rural mail carrier of Paulding, Ohio, lives the mail bag he has "toted for thirty years" and because he does Postmaster General Farley is permitting him to keep it when he retires this month.

San Francisco—Besides being director of San Francisco's Fish Market, George Bistany is noted as a wild game hunter—which was unfortunate for three men who attempted to hold him up. Bistany opened fire, the three fled to an automobile, one of them apparently wounded, and drove away.

Denver—Chickens may send Joe Martinez back to Mexico, land of his birth. Joe admitted in court he had been present for no good purpose in Fred Veeshlager's chicken coop.

Funds Frozen—Funds frozen, deputy district attorney, then pointed out Joe can be sent back to his native country if he is sentenced to a year or more in prison.

So now it is up to the trial judge to determine if Joe goes to Mexico or to the penitentiary.

SEVEN DIRECTORS NAMED FOR MEEA

Frank Cheney, Jr., Again at Head of the Employment Body, New Personnel.

Seven directors of the Manchester Emergency Employment Association instead of the 10 who served last year, were elected at the annual meeting of the association last night in the Municipal building.

Those elected last night were Frank Cheney Jr., last year's president; Edward J. McCabe, outgoing secretary; William C. Cheney, Selectman David Chambers, Herbert McCann, Harlowe Willis and Leland T. Wood. Last year the board of directors consisted of nine members.

An organization meeting will be held today at which meeting it is expected that Frank Cheney, Jr., and E. J. McCabe, president and secretary, respectively, will be re-elected.

The retiring members of the board are Fred A. Verplanck, vice-president; Edward J. Holl, William J. Shroy, Jay E. Rand, James Irvine, Aaron Cook and Arthur Knora. David Chambers, member of the Board of Selectmen will be endorsed by the governing body and their representatives on the M. E. E. A. board of directors.

Office Opened—Yesterday morning the association office opened with Maurice Ferris in charge, assisted by Miss Gladys Keith, secretary for the past two years. A total of 214 persons registered for jobs on the first day, Mr. Cheney said, of which number 155 were new applicants. Registration of the town's unemployed will continue until all are re-listed.

Although none but those registered on the charity list will be given work on the present projects, it is now expected that further developments in the CWA program will provide jobs for all those registered during the week. Several projects mentioned, which may place a large number of men on the Federal work payroll, are highway roadside improvement, town watershed clearing and improvement, and work on town road ditches, culverts and miscellaneous small undertakings.

Funds are unavailable to the association at this time, the annual report of the association showing \$21,211.44 "frozen" in the Manchester Trust & Safe Deposit Company.

Last year registrants of the association were listed in three classes, the first class including heads of families having unemployed dependents, with no income or an income insufficient to meet the needs of the family; second class, heads of families with some income; third class, single persons or those receiving an income sufficient to care for a family.

The first class registrants totaled 652 or 48 per cent of the whole; second class, 232 or 21 per cent; third class, 411 or 31 per cent. The total number registered during the year was 1345, of which 1092 were men and 253 women.

Over half of those registered last year had been registered in 1933-32. Citizens registered last year were 1,016 and 329 aliens. Of the total number of citizens, 563 were given work, as were 155 aliens. Two hundred and fifty property owners were listed, 813 renters, 432 boarders and 63 others.

Families of Five—Last year's registration indicated an average of five persons in each family aided and in giving jobs to both men and women, the association aided 2,881 persons. Adding to this figure the 157 single persons aided, relief was extended to a grand total of 2,831 persons.

From October 29, 1932 until August 12, 1933, the payrolls of the association by types of work were as follows: grading, \$53,773.75; trucks, \$4,544.88; teams, \$4,506.77; painters, \$4,710.46; housework, \$3,131.59; clerical, \$2,918.88; miscellaneous bills (including insurance), \$3,130.37; carpenters, \$337.55; and plumbers, \$164.40; total \$77,317.52.

BIGHTISTS VICTORIOUS

Madrid, Nov. 21.—(AP)—Alexander Lerroux, former radical Republican premier, said today that returns from the nation-wide election, indicating a victory for his and other parties of the right, was due largely to the vote of women.

CHAMBER SEEKS BIDS ON CHRISTMAS LIGHTS

Contractors to Be Given Chance to Figure on Erecting Street Decorations.

The Chamber of Commerce announced today that it would accept bids from local electrical contractors to erect and dismantle the equipment for the Christmas street lighting program and all desiring to submit bids are requested to contact Executive Vice President E. J. McCabe tomorrow morning.

It is planned to erect the lighting equipment along Main street from the Center to School street this week-end and it will be kept in use until New Year's. The Manchester Electric Company has promised to do all in its power to keep the expense of lighting at a minimum, providing current at bare cost.

It is estimated that \$800 will be necessary to underwrite the expense of the project and it has been announced that most of this amount has already been subscribed.

GROUP STARTS CAMPAIGN FOR 1934 CONVENTION

Hartford, Nov. 21.—(AP)—

SENSE and NONSENSE

We certainly hope this will be an open market for closed banks.

There was a young woman whose Grandmother—Helen, Helen, why do you insist upon using make-up—Helen (modestly and truthfully)—Because, Grandma, I haven't the face to do without it.

What's that? We're sure for the new nudist? We are satisfied with the translucent effect of the present styles. They have a tendency to soften the unlovely curves.

Plumber—I've come to fix that old tub in the kitchen. Young Man—Mother, here's the doctor to see the cook.

For five dollars a preacher can tie a knot that it takes two five thousand dollar lawyers six months to untie.

Wife—I had to marry you to find out how stupid you were. Husband—You ought to have known that when I asked you.

SHORTS AND FLATS . . . It's easier to appear dumb than to keep people from thinking you are . . . One thing that doesn't require any capital to start is a rumor . . . Flats may patter on the tin roof, but the mortgage is always in a dry place . . . Where is the boy of tomorrow who will boast that he married the banker's daughter? . . . When a man says he feels as young as he ever did it's a sign that he doesn't . . . We trust that present day codes will be more honestly followed than is the one laid down by Moses . . . Some girls show distinction in their clothes and others distinctly . . . Of all the males Adam was the only man created equal, and what a mess he turned out to be . . . No, we don't practice all we preach. We haven't enough time to do that.

Diner—Where's my waiter? Manager—He's serving, sir. Diner—Serving what—time?

Secrets that you tell your wife go right in one ear and then into another.

FIRST STREET CLEANER — I hear you made a big killing in the stock market. **SECOND STREET CLEANER** — Not exactly. I just cleaned up a little along the curb.

Barber—Would you like a bottle of my famous hair restorer, sir? We give a pair of rubber gloves free with each bottle, to prevent hair growing on the palms of the hands after applying it.

Youth—That girl you picked up at the dance last night was from Ireland, wasn't she? Chum—No. From Ireland.

The following speech was delivered recently before a jury by a promising young ambulance chasing lawyer on behalf of a client whose cow had been killed by a freight train:

"If the train had been run as it should have been run or if the bell had been rung as it should have been rung; or if the whistle had been blown as it should have been blown, both of which they did neither, the cow would not have been injured when she was killed!"

Boy—Yes, Daddy, I'm a big gun at school. Daddy—Then, why don't I hear better reports?

What has become of the old-fashioned man who carried a pocket knife with the picture of the President on one side of the handle and a girl in tights on the other?

"As long as you are a dumbbell, you might as well sit like one," said Miss Irma Marthoburg of Bruskville to her Pea Ridge lover, who poor chap, was doing his very level best.

Many a man is buried in oblivion long before the undertaker gets a crack at him.

Why don't some Tin-Pan Alley genius write a real nice fast and jazzy tune called "The Blue Eagle Blues?"

DID YOU KNOW THAT—

Thousands of Texas residents were disqualified from voting in the prohibition repeal election because of failure to pay poll taxes.

Patients and attendants at the Nebraska state hospital at Hastings consume cabbage at the rate of 2,000 pounds a day during summer.

A "zig-zag" steel grating road, costing about 15 cents a square foot and requiring no maintenance for 30 years, is claimed to have been perfected in Austria.

The autogyro was invented by Juan de la Cierva.

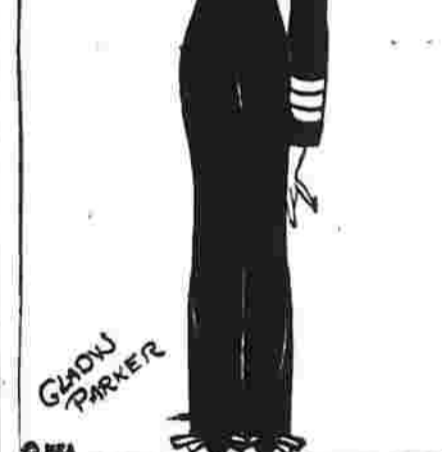

Since the recent opening of the Going-to-the-Sun highway through Glacier National Park, the number of visitors to the park has increased 28 per cent.

The San Francisco Bay Airplane acted as clearing house for more than 25 per cent of all air express flown in the United States in 1932.

Officials of any airline receiving government subsidy are limited to a salary of \$17,500.

A pair of pigeons at a London poultry, pigeon and rabbit show were priced at \$10,000.

FLAPPER FANNY SAYS:

At many a play the usherette as well as the heroine may have good lines.

"CRAZY TO REDUCE"

A Comedy by Manchester Grange, No. 81 Wednesday, Nov. 23, 8:15 p. m. Odd Fellows Hall Dancing, Joyner's Orchestra. Admission 25 Cents.

ABOUT TOWN

Thirty-three tables were in play at the weekly card party held in St. Bridget's Church last evening. Prizes in bridge were awarded to Miss Anne Scranton and Miss Madeline Smith. Winners in whist were Mrs. Agnes Dwyer and Miss Anne Walcowski. Newton Taggart and John McCann were awarded prizes in set-back.

Another of the popular setback parties will be held at the Washington Social club rooms in the rear of Orange Hall tomorrow night. The members are engaging in a setback series for which prizes will be awarded at the completion. The play tomorrow night will start at 7:30.

Mr. and Mrs. W. H. Dunstone, of 94 Strong street, entertained over the week end their son, W. H. Dunstone, Jr. Mr. Dunstone, who is in the sugar business in Mexico, has been in New York on a short business trip. Their daughter, Alice E. Dunstone, of Yonkers, N. Y., was also at home over the week end.

The Ladies' Sewing Circle of the Highland Park Community club will meet at the clubhouse tomorrow afternoon at 2 o'clock. Mrs. Catherine Sinnamon, directress, urges the members to attend as work will be on the bedquilt, to be raffled off later.

The Original Challengers will omit their meeting tonight, and hold it on Tuesday evening, November 28 at the home of Mrs. Lusier on Bissell street.

The regular weekly card party will be omitted this week at St. James's hall on account of the two-night bazaar of St. James's church which opens tonight.

The Emblem club will give a card party tomorrow afternoon at the Elks home in Rockville, to which all players will be welcome. The committee includes the president, Mrs. Mary Grazadio, Mrs. James W. Foley, Mrs. T. J. Dannaher and Mrs. Robert Dower, all of this town.

The one-act comedy, "Crazy to Reduce," which Manchester Grange will present tomorrow evening at 8:15 in Odd Fellows hall, will play for about 75 minutes. The remainder of the evening will be given over to dancing to music by Walter Joyner's orchestra. Miss Emily Kismann is coach for the play. The Grange Sewing club will make and sell home made candy.

The final neighborhood party in the series at Emanuel Lutheran church will take place tomorrow evening at 7:30. Groups No. 1 and 2 will meet together tomorrow evening and it is hoped there will be a large turnout of the church people in these neighborhoods.

The Professional Girls club will have its annual supper this evening at 8:30 at Center church parish hall. An open meeting will follow at 8 o'clock, when Miss Grenier of Steiger's Gift Shop will talk on interior decorating. All women will be welcome.

Past chief daughters of Helen Davidson Lodge, Daughters of Scotia will meet this evening at the home of Mrs. Selma Sommerville of Newman street. Officers installed at the last regular meeting held at the home of Mrs. Mary Thomson were Miss Margaret McLean, president and Mrs. Elizabeth Cone, secretary and treasurer.

Mystic Review, Woman's Benefit association will hold its regular meeting in Odd Fellows hall this evening.

Teachers and officers of the Second Congregational church school will have their monthly business meeting and supper this evening, followed by a short entertainment. The committee in charge includes Mrs. F. V. Williams, Miss Edna Christensen, Mrs. George Borst, Miss Helen and Miss Alma Bailey, Miss Helen and Miss Eleanor Heubner.

The Women's Foreign Missionary society of the Church of the Nazarene will meet tonight at 7:30 at the church.

At the regular meeting of American Legion Auxiliary last night it was voted to hold a grocery shower at both meetings in December to help in assembling Christmas baskets. Members having turkey ticket books were reminded that the drawing will take place Monday evening, November 27. Returns should be made before that date to any of the following: Mrs. Agnes Heas, Edna Keating, Mrs. Mildred Clark and Mrs. Christine Glenney.

The Epworth League of the North Methodist church will meet this evening at the parsonage for a business meeting and social.

The ladies' degree team of Manchester Grange has been invited to attend the meeting of Hebron Grange tonight and confer the degree on a class of candidates. The Grange Hall is located on Gilead street.
